### Orange Lodge Unveils Banner

On Friday evening, June 15, the local Orange Lodge celebrated the arrival of their new Orange Banner by holding a route parade in the village. The parade was marshalled by Wor. Bro. F. Burt, County Director of Ceremonies, and music was furnished by Porter's life and drum corp. After the parade the brethren gathered at the Orange Hall where County Officers put on the Orange Degree, seven candidates being taken into the local Lodge. The chair was occupied by Wor. Bro. Peall, County Master, who called upon the Right Wor. Bro. James Harper, Secretary of the Provincial Orange Lodge for Ontario West, to perform the ceremony of unveiling the new banner. This he did in a most befitting manner, and also gave a very instructive address. The County Master, Wor. Bro. A. A. Peall, addressed those present in an appropriate manner, as also did several others. Waterdown L. O. L. members were congratulated on the beautiful new Lodge Banner they have procured, which certainly is a credit to them.

After the closing ceremonies were performed a generous lunch was served by the local brethren, after which all departed for their respective homes, satisfied that Waterdown is still on the map. Visitors were present from Hamilton, Toronto, Ancaster, Dundas, Carlisle and Burlington.

### Millgrove

Mr. and Mrs. Ferguson of London are visiting at the home of Mr. Roland Cummins.

The annual picnic of the Delta Alpha class will be held at the home of Wesley Pepper next Tuesday afternoon.

The Epworth League held a social evening at the home of J. H. Drummond last Monday, at which a very enjoyable evening was spent.

The next meeting of the Ladies Aid will be held at the Parsonage on Tuesday evening, July 3rd.

Miss Eileen Pepper and Miss Ruth Platt have been appointed delegates to represent Millgrove Sunday School at the summer school to be held at Simcoe the first week in July.

Mr. Frank Mason and Mr. John Drummond have installed radios in their homes.

Our annual Sunday School picnic will take place in the near future.

Owing to a misunderstanding the names of four Waterdown electors appear on the Proclamation issued regarding elections as Deputy Returning Officers for Waterdown.

The Deputy Returning Officers for Waterdown Village will be J. C. Medlar and Wm. A. Drummond, and there will be but two polling booths both of which will be held in the Memorial Hall.

BAKER MCGREGOR—At 'Clunea' Waterdown, on Saturday, June 9, 1923, by Rev. James Anthony, Elizabeth Muriel, second daughter of Dr. and Mrs. J. O. McGregor, to Orrin Hugh Baker, son of Mrs. Geo. Baker, of Chicago.

### Fire Again Visits Waterdown

At an early hour last Sunday morning Waterdown residents had visions of a repetition of the disastrous fire which destroyed the centre of the town last summer. About 4 o'clock fire was discovered in the barn owned by Mrs. A. M. Slater on Mill street, and when first seen was beyond control of a few. An alarm was immediately sent in and the prompt response to the call no doubt prevented another burned district in the village. Sparks from the burning building set fire to the roof of Knox Sunday School and did several hundred dollars damage. Chief Copp realizing the danger called on Hamilton and Burlington for assistance, and placing men on all roofs in the vicinity with pails of water and a number in and around Slater's lumber yards prevented the fire from spreading as several times sparks ignited some roof or lumber pile but was quickly extinguished by those on guard.

The Burlington Brigade made a record run and arrived shortly after the fire was under control. Upon arrival of Chief James of the Hamilton department and seeing no more danger sent word to his men and they returned to the city before reaching the village. He highly complimented our Chief and his men on the splendid work done in handling the fire and remarked that Waterdown had the best lot of fire fighter he knew of.

The fire is supposed to have been caused by defective wiring in an automobile which was in the barn, the building, ear and other contents were completely destroyed. William Carson suffered a broken ankle caused by the breaking of a ladder while he was in the act of carrying a hose to the roof of Knox church. The others on the ladder at the time escaped injury.

The ringing of every phone in the village and vicinity by Manager Burns of the Bell Telephone Co. added greatly in arousing people to the danger and proved very effective in night alarms.

Chief Copp reports that about 30 of the fire pails are still out and requests that they be returned to the fire hall. These pails have red bands and are all stamped W. F. D. which makes them easily recognized.

Here and There

48,000,000 bushels of grain awaited the opening of navigation at Fort William and Fort Arthur this spring.

Flood conditions in New Brunswick and Maine this spring were the worst since 1887.

Damage to Canadian Pacific property in Western Canada by floods this spring amounted to approximately \$200,000.

Calgary is the leading telephone city on the continent with one instrument to every 4.10 persons. The phones in this city are automatic.

The per capita debt of Canada is approximately \$165, as compared with \$230 for the United States, \$750 for Great Britain, \$850 for France and \$250 for Australia.

Canadian Pacific steamers "Marloch" and "Metagama" docked at St. John with over 600 Hebridean immigrants to Red Deer, Alberta, and various parts of Ontario.

The 1923 camp of the Alpine Club of Canada will be pitched in Larch Valley, near Moraine Lake, nine miles from Lake Louise in the Canadian Pacific Rockies.

Travelling 572 knots in twenty-four hours, an average of from 23 to 24 knots per hour, the Canadian Pacific liner "Empress of Canada" recently established a record for commercial vessels on the Pacific.

The last link in the great 6,500 mile scenic tour through Western Canada and the United States will be thrown open to traffic on June 30th when the Banff-Windermere Motor Highway will be officially opened.

A car of timothy and grass seed arrived in Vancouver via Canada Pacific Railway from Toronto ten days after an order had been wired to the Ontario Capital. This constitutes a record in service.

In architectural style the new Basilica at St. Anne de Beaupre will be a combination of the Roman and the Gothic. The steeples in front will be 225 feet high and including those in the chapels the new Basilica will contain twenty-six altars.

The honor of running the first ship into Montreal harbor from the ocean fell this year to Captain Edmund Aikman, commander of the Canadian Pacific steamer "Bolingbroke," a freighter. The "Montrose" of the same line was the first vessel to carry trans-Atlantic passengers into the port in 1923.

The number of strikes and lock-outs in Canada during 1922 was 85. The number of working men involved in the strikes was 41,050 and the number of working days lost 1,975,278. Approximately fifty per cent of the time lost was in connection with the strikes of the coal miners in Alberta and British Columbia which lasted from April till the end of August.

Topping the grain shipments from St. John of the 1921-22 winter season by almost four million bushels and establishing a record for the port for volume in a single shipment for one vessel, the 1922-23 grain business through the Canadian Pacific elevators up to May 1st totalled 15,249,261 bushels. The single shipments' record was made on an all-wheat cargo of 359,793 bushels.

## What Did You Do with That Match?

The suffering and loss caused by forest fires are common knowledge and, yet, carelessness with fire in the forest continues. These forest fires are practically all preventable.

### Save Ontario's Forests They're Yours

Every individual who steps inside the woods should remember he is in the midst of highly inflammable property, for the upper layer of ground in the forest consists of partially rotted wood, which will burn. Lack of consideration for this gave rise to the strenuous situation in Ontario the last week of May and the anxiety for days in some settlements.

Thoughtlessness or bad judgment or carelessness cause practically all forest fires. Your co-operation, as a citizen, is needed to prevent these fires by taking the same care in the woods as in your own home.

### WORKING THE MOWER

Practical Instructions on Running This Useful Machine.

Give the Cutting Bar and Steel Plate Attention—Keep the Knife Sharp—Go Over the Machine Daily—Returns From Bees.

(Contributed by Ontario Department of Agriculture, Toronto.)

This machine has given splendid service to the farmers of the past and present generations. Fifty years ago the mower was a perfected machine, and the improvements since that date have not been of a revolutionary nature.

#### Watch the Cutting Bar.

This machine is subjected to a number of abuses, traceable to the carelessness of the average farm hand, lack of attention in oiling, dull ledger plates and knife operated over rough or stony ground. With the knife running close to the soil surface, injury from contact with gravel, sand and small stones is frequent. The watchfulness of the operator to avoid subjecting the cutter bar to injury is the best protection when the mower is in use on rough ground. The cutter bar with its numerous guards can be elevated or tilted quickly by an experienced operator and obstructions avoided. The guards should be kept tight and in perfect alignment.

#### Give the Steel Plate Attention.

The small steel plate that is riveted to the guard at the point where

the knife edge performs the scissor movement should be kept sharp or at least not permitted to wear round. These plates, commonly known as ledger plates, become dull with use, a condition that greatly reduces the efficiency of the mower and increases the draft. A mower with dull or rounded ledger plates will stick in heavy cutting or damp grass. A sharp knife and sharp edged ledger plates means light draft for the team and clean, free cutting of the crop.

#### The Knife Must Be Kept Sharp.

Too much attention cannot be given to the cutter bar with its attached guards and quick moving knife. If the mower sticks at every mouse-nest or tuft of grass, the place to look for the trouble is in the dull knife, the ledger plates, the worn guards, or the keepers that hold the knife down in place. With the new mower it will be noted that the cutting edges are sharp, that there is but little play for the knife other than as intended. In the past too little attention has been given to keeping the ledger plates sharp. With these dull, no matter how good the knife is, tough material will be drawn beneath the knife instead of being cut, forcing the blade up against the guard causing wear that gives a loose fitting knife, poor work and greatly increased draft.

#### Why the New Mower Cuts Best.

The experience of all is that the mower cuts better the first season than ever after. This experience is largely due to the fact that too little attention is paid to the parts that are responsible for the cutting. The wear on the section points of the mower knife is greatest near the point. This wear, together with the grinding necessary to keep the knife sharp,

changes the shape of the section considerably, and in such a way as to reduce its efficiency as a cutting implement. The man doing the grinding should endeavor to keep the original shape of the section in so far as possible. Many of the emery grinders used in sharpening mower knives grind away the points of the section to a serious extent without doing very much sharpening. A specially shaped emery or carborundum stone or file should be used and the work done in the farm shop. A spare knife should always be at hand in the field.

#### Go Over the Machine Daily.

The mower should be gone over carefully twice each day and all bolts tightened. The main bearings should be oiled at least once each hour, and the pitman bearings at least every half hour. When the mower is not in use the knife should be removed. The cutter bar should be elevated to the vertical position when the machine is not in use. A little heavy mineral oil should be brushed over all parts that are likely to rust. Don't use paint oils. The mower, like the binder, to give its best service, should be given good care.—L. Stevenson, Sec., Dept. of Agriculture.
