

Love Finds the Way

CHAPTER XI.

There was one excuse for Sir Ralph's extraordinary love for his daughter, Lily. There might have been, doubtless there were, hundreds of girls as beautiful and as graceful, but she stood alone for that rare combination of intellect and beauty, gentleness and pride, that strange commingling of reserve and deep feeling that goes to make a woman more than lovely—charming.

He shrank from her gaze with a gesture of pain. It was a hard thought for him that even a tutor should come between them, who had never stood apart yet. Besides, if she learned this one new lamb of his with the golden hair and clear, guileless eyes—all that the world could find in her—she would escape learning of that one thing he would keep from her—love.

EDITORIAL NOTES.

What a row the Hydro fanatics and their organ would have made had "the Cataract alderman" delayed the power inquiry!

Have a good time at the races, boys, but don't put all your money on the "good thing." Keep enough change to pay your car fare home.

The Census Bureau estimate of the population of the three prairie Provinces in 1906 was 800,000. Its estimate of May 1, this year, is 1,100,000.

That big horseshoe presented by Mr. Adam Brown to the Mayor may come handy as a desk weapon of defence when his enemies become too vigorous in their attacks.

As Judge Monk interprets the law any rowdy or objectionable person may be excluded from a place of public entertainment. It seems to be a reasonable view and in the interests of decency and good order.

This delay in dealing with the power question is not chargeable to Mayor McLaren. It is the Hydro people's move. And what assurance can they give that special privileges will be given to this city under the law on the provincial statute books?

Canada manufactured 3,495,961 bbls. of cement in 1908, an increase of 1,004,448 over that of the preceding year, or 40.3 per cent. This quantity was produced by 23 operating plants with a total capacity of 8,250,000 bbls.

**Gossip and Comment**

The Spectator was "in error" last night when it stated that F. C. Mills accompanied the sheriff's officer to Britannia Park on Saturday afternoon to "attack the gate receipts." The officer went there to collect a bill of \$1 for law costs, which the court has ordered M. M. Robinson to pay to the Times, and an execution has been issued against him. The officer made no seizure, Robinson promising to pay the bill this week. The officer did not go there to get money from any person but Robinson.

**TOM LONGBOAT WON IT**

**Made Fast Time in Match Race.**

**Nebrich Had No Show With Indian.**

**Toronto Beat Newark Yesterday, 2-1.**

Buffalo, N. Y., June 22.—Tom Longboat, the Onondaga, easily won a ten-mile match race from Frank Nebrich, the local runner, at the Midsummer Exposition Grounds last night before a crowd of 5,000 people, doing the distance over a wretched track in the good time of 53:11.4-5.

The Indian bore out the good stories that had been sent out regarding his condition, and appeared in fine shape. The local boy, who has twice before engaged the Indian in races at shorter distances, had prepared especially for this encounter, and besides had the advantage of trackside coaching from Alfred Strub, but it was of no use. He thought by his early speed to kill off the redskin, but Longboat lunged to the pace Nebrich set, including the local man with all the credit he might gain by being pacemaker, but was never far enough away from the leader to make his backers feel the slightest uneasiness.

Longboat tried Nebrich out in the first mile by a series of sprints, and the men went the distance in 43:13.5. Then Tom fell in behind his fair-skinned opponent and followed any pace he set. In the seventh mile he took the lead, seemingly just to show he could step up in front whenever he desired, as he dropped back again. Nebrich fell in the tenth mile, unable to pass him, but Frank was unhurt, and bore half a lap had regained his loss. At the crack of the gun announcing the beginning of the tenth mile Longboat sprinted past the tape in the lead and from then on set a corking pace, which Nebrich was unable to hold. He increased his lead steadily, and won by half a lap. Nebrich's time was 33:24.2-5. The time for five miles was 26:13.2-5. The track was a cinder affair, eight laps to the mile, and was in poor shape, being soft and very unsteady. Nebrich broke onto the track before the race began, filled the infield, crowded close to the lines and embarrassed the runners greatly. Longboat finished without any pronounced signs of distress.

**POUL TIPS.**  
The games in the National League today have been called off on account of the funeral of the late President Covey. Jimmy Mullen must get some of the credit for the victory. Parkins fell for Mullen's foxy coaching.

Bill Phyle's knee is not mending as rapidly as he would like and his surgeon advises him that he will be out of the game for a week or two longer.  
The Eastern League race was never so close as it is now. Buffalo displaced Newark in second place, and Jersey City has overhauled Montreal. Rochester has a comfortable lead, and Providence is stringing in the rear, but the others are only "heads apart."

There was only one game in the National yesterday. Pittsburgh defeated Philadelphia 5 to 3.  
Pfeffer looks like a handy man to have around. Baltimore kept him in right field on account of his hitting, and his performance yesterday both on the slab and at the bat was great. He won his game with a hit, and the way in which he pulled himself out of a bad hole in the ninth was sensational.  
Reports of an invasion of Chicago by the American Association were squelched by Charles E. Havenor, owner of the Milwaukee Club, who recently bought a tract of land available for baseball purposes in Chicago. Havenor declared that he made what he thought was a profitable real estate deal, and that the American Association had nothing to do with the purchase.

**H. H. P. C. HELD 200 MILE RACE.**

The Hamilton Homing Pigeon Club held its fifth race on Saturday from Oxford, Mich., a distance of 200 miles. The birds were liberated at 8 a. m., central standard time, and the first bird was heard from at 3:38 p. m. As the previous race was from Petrolia, the jump was 125 miles, and the time made was good. The velocity in yards per minute made by the first four birds was as follows:

Yds. per m.
1—J. Davis .....
2—Robshaw .....
3—Robshaw .....
4—Somerville .....

The next race will be held from Howell, Mich., a distance of 250 miles, on next Saturday, June 26.

**RACING STARTS AT H. J. C. TRACK TO-DAY.**

The spring meeting of the Hamilton Jockey Club opens this afternoon at the picturesque course on Barton street east. The feature of the card of seven races is the Hamilton Derby and the event promises to be a lively betting event. In view of the heavy rain this morning, the mud larks will have an in-coming and the chances are that the talent's calculations will be upset.

Following are the London Free Press expert's comment on today's events:

1st—Well, they are off at Hamilton to-day. Red River for the opener. This one has not started for the new owner and should gallop here to-day. King Cobalt is the contender, he is fit and ready. Won a nice race in New York last week. Simoes should beat Brady to-day at these weights.

2nd—Little Osage is the one I am taking to catch the judge's eye first. This one is extra good at this distance. Minot showed her hand, have a care, she is always coming. Grace Kimball can hold Brown Tony and Gold Front safe.

3rd—John Dillon for the suicide event.

Dr. Keith for the place is an excellent fencer. Gault should stall Marksman off the first start.  
Hamilton Derby—For the feature event on the card I am taking Topsy Glass. This is a three-year-old wonder. He has shipped well I look for her to win reg. a mile of company. McLaughlin entry has had plenty to do lately. Second is the best I can make them. Detective has been well prepared for this event, in fact, I believe he has been saved for it. It is worth a show bet any time.

4th—This is a pretty well-balanced race, and if Plaudmore can run back to that last race it will pretty nearly do here. Smoker is not fond of a load. Cloisteress is extra good just now, as is also Osorine.

5th—Dredger for the turf event. Oberon should be close up. King of the Mist will have to show something pretty soon. Prefers a route.

6th—This I find the hardest race on the card. Topsy Robinson is the one I like. Fulford is in rare form just now. Stroneland will stand for no mistakes. He has saved for something. St. Elwood has an outside chance.

Hamilton track records were changed frequently last year, nine new ones being made over the main course, while a complete set of records was established over the turf course for runners of the future to challenge. Three new ones were made at jumping, and the records of the track were as follows:

1 1/2 mile, Brown Tony, 2:11, June 11, 1908, 48.
1 1/4 mile, Gridiron, 3:26, Oct. 10, 1908, 267.
1 1/2 mile, Cave Adsum, 4:11, Oct. 2, 1908, 232.4-5.
1 1/4 mile, Millstone, 3:38, June 11, 1908, 152.4-5.
1 1/8 mile, Cave Adsum, 4:13, June 10, 1908, 153.1-5.
1 1/4 mile, Gridiron, 3:26, Oct. 10, 1908, 267.
1 1/2 mile, Cave Adsum, 4:11, Oct. 2, 1908, 232.4-5.

The following records were made on the turf course:

1 mile, John Carroll, 6:10, Sept. 30, 1908, 139.4-5.
1 1/16 mile, St. Hario, 3:10, Oct. 2, 1908, 145.4-5.
1 1/4 miles, Chalfonte, 5:10, Oct. 5, 1908, 204.2-5.
2 miles, Seamous, 4:26, Oct. 7, 1908, 328.
1 1/8 miles, Millstone, 3:38, June 11, 1908, 152.4-5.
1 1/4 miles, Chalfonte, 5:11, Oct. 10, 1908, 233.1-4.

The steeplechase records are:

About 13/4 miles, Kara, 4:14, Oct. 3, 1907, 3:17.
About 2 miles, Moongold, 4:13, June 13, 1908, 4:10.3-5.
About 2 1/4 miles, Bilberry, 6:13, June 16, 1908, 4:27.4-5.
About 2 1/2 miles, Bird Brook, 7:15, June 13, 1908, 4:56.

**Winnipeg, June 22.—**

ACCOSE, SELLEN AND MEADOWS.  
Winnipeg, June 22.—Still another Marathon is in prospect for Winnipeg. Percy Sellen, of Toronto, Fred Meadows, of Guelph, and Paul Accose, the Grenfell Indian, having been matched for a fifteen-mile encounter for Friday evening next. The lanky redskin is being backed to show his heels here to both of them.

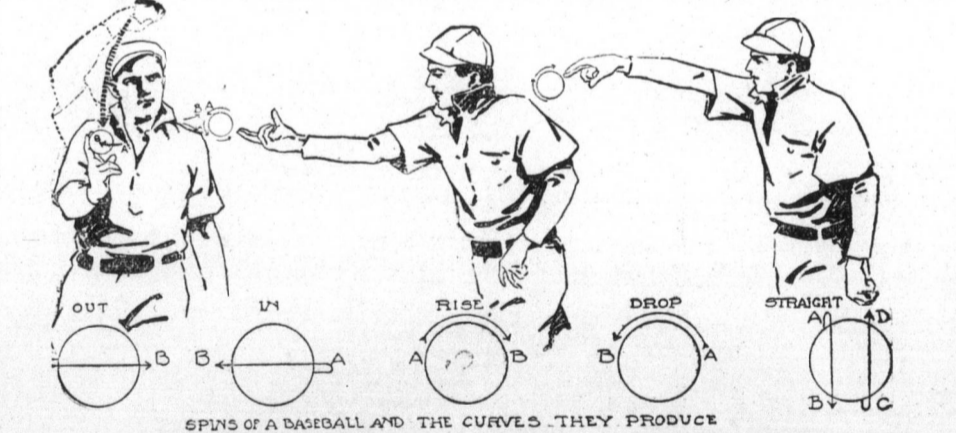

**WOOD BEATS HOLMER.**  
Halifax, N. S., June 22.—Before a crowd numbering 1,000 people Abba Wood, the plucky little Montreal runner, defeated Hans Holmer, formerly of Halifax, in a grueling contest at the Arena Rink this evening.

Lieut. Governor Fraser fired the pistol at 9 o'clock, which started the men on their long journey of 15 miles.  
Wood immediately forged to the front and set a heart-breaking pace, finishing the first mile in the phenomenal time of 4:57. He continued to slowly increase his lead and at the end of the fourth mile lapped his opponent. From then on he dodged along behind Holmer until the last lap, when with a magnificent spurt he jumped into the lead and beat his opponent out by a little over two laps in the fast time of 1:26:39. The track was a little over 10 laps to the mile, being 155 laps. The winner took 60 per cent. of the receipts.

**TORONTOS WON.**

Leafs Defeated the Newark by 2 to 1.  
At Newark—Why Jack Dunn allowed one Pfeffer to flit from the Oriole nest is a mystery to Newark baseball followers. The big German pitched the best game of baseball seen here on the part of an opposing twirler this season, and as a result the Tigers' long string of consecutive victories was broken, score 2 runs to 1. Of course there were nicely bunched hits back of him to tally those runs, but he made two of them himself, drove in one of the runs, and struck out three batters when a hit meant a run.

**Supple Wrist and Fast Spin Make Ball Take Strange Curves, Slants and Jumps**

What makes a baseball curve? The spin given it by the pitcher.

What makes a baseball curve? The spin given it by the pitcher. How many curves can a ball be made to take?  
That question is open to discussion. Some say one, others declare four or five curves are possible.  
Why does the ball curve after being spun by the pitcher?  
It curves as the result of friction caused by revolving against the air. When a ball pitched by a right-handed man is delivered with a twist from right to left, one side constantly spins into the air, the other away from it. The side spinning against the air gets the greatest friction, and as moving bodies follow the line of least resistance, the ball edges away from the friction. In brief, the air pushes the ball in the direction of its spin, resulting in what is known as an "out curve."  
Every time a ball is thrown it spins, but ordinarily the thrower does not spin it rapidly enough to cause it to curve perceptibly.  
Six spinning motions are possible. Tow of them, the vertical spins to the right and left, do not curve the ball. Instead they hold it to its course as rifling in a gun barrel holds a bullet true.

hand with the same motion they use in throwing the straight ball or out curve, fall off rapidly to the right as it nears the plate.  
This break, or curve, or shoot, is obtained by jerking the fingers from left to right behind the ball as it is released.  
Then there is the jump ball, a straight ball of tremendous speed, given a quick rise as it reaches the plate, after the way the "fadeaway" is produced. The pitcher, as he releases the ball, whips his fingers downward, producing a fast backward spin which "takes" as the ball travels, causing a rise or "jump" of a couple of inches.  
A curve that is wonderfully effective is the "out drop," which is, in fact, a two-way curve, the ball breaking down and out near the plate. This ball is delivered after the fashion of the out curve, save that instead of a horizontal spin the pitcher spins the ball on an angle which is about half way between the vertical and horizontal.  
And still pitchers claim they have nothing but the curve ball and the fast one. They refuse to distinguish between the different curves and slants which are apparent to those who sit back of the catcher and study what they see.

**Score Cards Given Away**

Captains and managers of local amateur baseball teams will be supplied with free score cards by applying at the business office of THE TIMES.

**ONE PROBABILITY.**

"What will happen," demanded the suffragette, "when a woman sits in the Presidential chair?"

"I s'pose we'll find chewing gum stuck under it," answered the mere man.—Louisville Courier-Journal.

**HER ARITHMETIC.**

"But why, my love, are you burning gas so recklessly?"

"Because, John, dear," said Mrs. Newlywed, "for every dollar's worth I burn you'll get 20 cents."—Harper's Bazar.

**SCRAPS OF SPORT**

A big bicycle race was held at the Exhibition Grounds, Toronto, on Saturday, July 24th.

Ogden, Utah, June 22.—At 10 o'clock yesterday morning Edw. Parson Weston, the cross-country pedestrian, left Ogden traveling westward along the Southern Pacific right-of-way. He expected to reach the great Salt Lake at daylight, and hopes to reach Lucin, 40 miles westward, during the night. Weston is in good condition, having recovered from the effects of heat and the slight injury which he suffered in a fall.

New York, June 22.—A six-round match has been arranged between Jack Johnson and Tony Ross, the Italian heavyweight, to take place in Pittsburgh on June 30th at the Duquesne.

In the Newspaper Soft Ball League at Victoria Park yesterday afternoon, the Herald won from the Times by a score of 11 to 5. Batteries: Wilkes and Graham for winners; Jamieson and Lithgow for losers.

**Too Good to Be True.**  
"Why, I declare!" exclaims the trusting wife, "I won't have to buy any new dresses or hats at all this spring!"  
"You won't?" asks the crafty husband. "Surely you will need something."  
"Not a thing. I've been looking through this month's fashion magazine that you brought home for me, and I find that there isn't the slightest change in style from last spring. And the crafty husband, inwardly gloating over the success of his scheme to paste a this year's cover on a last year's magazine, leans back in his chair and smokes and smokes and smokes.—Judge.
