You owe it to yourself to invest in a couple of pairs of larrigans for the present and future.

**A. D. FARRAH & COMPANY**

### Purchase Would Make the Frasers Largest Firm

The rumor is in circulation that Fraser Companies Limited are about to purchase the properties of Stetson Cutler & Co. in New Brunswick. If such a purchase is made the Fraser interests would be the lessees of about one-fifth of the Crown Lands of New Brunswick, adding considerably to their already large holdings of them and granted lands also. They also would be the largest lumbering and pulp and paper firm in Eastern Canada.

The Department of Lands and Mines has no intimation of such a purchase. If such becomes a fact the licenses held by the Stetson-Cutler interests would have to be transferred.

### A Happy Childhood is a Matter of Health

Little children quickly get out of sorts but by prompt treatment they can just as quickly be set right again. Most of their troubles arise in the first place from the stomach and bowels; that is why a good clearing out is the first thing the doctor prescribes. Mothers, why not let Baby's Own Tablets keep your children well. Unlike that ill-smelling, rank tasting castor oil so dreaded by most children the Tablets are pleasant to take and their action, though thorough is gentle and causes no discomfort to either the baby or the growing child. Baby's Own Tablets are a never failing remedy for relieving constipation and indigestion; thus they break up colds and simple fevers, expel worms and make the teething period painless.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

### Campbellton Trimmed Chatham to the tune of 11 to 3

Campbellton gave Chatham a real good old fashioned drubbing in Campbellton Friday night the final score being 11 to 3 in favor of Campbellton. The winners played with Lavolette, star all round man who has moved to Fredericton.

### Civil Service Appointment

G. P. Stewart has received word from the Civil Service Department at Ottawa that he has been successful in being appointed to the position of Special Customs Officer Grade 1; for Chatham and district. The examination for this position was held before Mr. Harrison at the Grammar school on January 8th. Mr. Stewart has been doing the work as Customs Excise Officer for three years and by now has a good knowledge of the work.

### Seeking Funds On London Market

The recovery of sterling exchange will re-open the London market, to Canadian financing, and it is probable that the Dominion will try to obtain more of its money in the British capital, from the time on; Prior to the war, Canada did practically all her outside financing on the London market.

With the depreciation of sterling however, it became necessary to seek money on this side of the water and consequently the Dominion went to New York.

Canada is now making arrangements of the London market to replace a loan of five million pounds maturing at the middle of this month with six months sterling treasury bills. It is understood that the desire is to return to the London market for future buying.

### Premier Veniot to Take a Rest, Health not Good

The session of the provincial legislature which was expected to open March 5th will probably be postponed a week to Thursday March 12th thus allowing opportunity for Premier Veniot whose health has not been good, to rest after the bye-election campaign in Gloucester before entering upon the activities of a session.

### Father Spratt Is Still Hockey Star

Rev. Father Spratt, who when a member of the St. Michael's College team, was one of Canada's foremost amateur hockey stars and later an outstanding figure among New Brunswick hockeyists, while a member of the Chatham team, is now playing with the Assumption College team at Sandwich, Ontario.

The other night Father Spratt led his college team to a 2 to 1 victory over the Ann Harbor, Michigan sextette handling the latter club its initial defeat of the season. Father Spratt was responsible for all three goals scored in the match since the Ann Arbor tally came when the puck glanced off his stick into the collegians' net.

Press accounts of the game say that Father Spratt and his team mate Martin on the Assumption College defence proved too much for the Ann Arbor team and the former New Brunswick and St. Michael's star scintillated with many brilliant rushes through the Michigan sextette. On two of these end to end trips Father Spratt scored. Assumption's final tally came near the end of the contest. Spratt took the puck down the ice and when he was checked by a Michigan defence he executed a neat about face and scooped the puck between his legs into the net though facing the opposite direction while he did it.

### FIRE AT LOWER DERBY

Fire destroyed the Russell homestead at Lower Derby last night about 6:30, which was occupied by Mr. William Russell. It is thought that the fire originated from a defective flue, as when the fire was first noticed the upper story was a complete mass of flames. The building was completely destroyed as well as all the furniture contained upstairs, while some of the downstairs furniture was saved. The flames did not spread to the outbuildings but the loss sustained is a heavy one. As far as we can understand there was no insurance carried on either the furniture or the building. Mr. Russell is postmaster at Lower Derby, holding the position for the past four years and conducted the post office at the building that was burned last evening.

### Debating Team Of U. N. B. Was Chosen

Newcastle, Edmundston and Fredericton Represented to Meet Dalhousie University at Halifax in March

The selection of the University of New Brunswick debating team to meet Dalhousie University at Halifax in March has resulted in the choice of the following team:—H. J. Atkinson, Newcastle; Thomas Poulkes, Edmundston; D. H. Fulton, Fredericton. The manager is G. W. Mersereau of Fredericton.

The judges in the final trial debate were Dr. C. C. Jones, Dr. H. V. B. Bridges and Prof. Paul Klimpe. In addition to those selected as the team and manager those who competed were: E. C. Coughy, St. Andrew's; D. H. Sheldrick, Kingston; B. S. Kierstead, Fredericton.

The final trial debate took place Saturday night in the University Library in the presence of a large gathering of students. A dance followed the debate.

The judges announced that the decision in selecting the team was close.

The subject is "Resolved that the C.N.R. should operate on a business basis if operated by a private company."

### Smelt Season to be Extended

Halifax Feb. 5—The smelt fishing season is to be extended for this year from the 15th of February to the end of the month, according to word received here today by Premier Armstrong from Hon. Arthur Cardin, Minister of Marine and Fisheries at Ottawa; unless before the fifteenth the Department receives word that conditions have improved.

### ATTY. GENERAL RAND ELECTED IN GLOUCESTER

Bathurst, Feb. 5—The local government candidate in the Gloucester by-election, Hon. Ivan C. Rand Attorney General was elected today over the opposing candidate, J. L. Ryan, barrister by a majority of over 1800 after one of the warmest contests ever staged in this county. long considered as the Liberal stronghold in the Province. The fact that the opposition candidate, Mr. Ryan was able to reduce a previous majority of over 2800 to 1800 is significant evidence of the tide which is running against the present provincial administration. Mr. Ryan, the opposition candidate put up one of the gamiest fights in the history of the county and the opposition forces, especially during the last week of the contest were faced by one of the most formidable arrays of speakers ever aligned in the government in power. Until nomination day a week ago the prospects indicated an opposition win but since then every influence at the command of the government forces were thrown in the fight in behalf of the administration. Prospects and promises of great expenditures in the county the Provincial Government went a long way towards stemming the tide against the government.

Both candidates in the contest stood at the polls at the Court House in Bathurst town while Premier Veniot stood at the polls in East Bathurst. The day was clear and the weather not severe and a heavy vote was polled.

With the exception of one poll to be heard from the returns by polls are as follows:—

South Tetagouche .....	66	41
West Bathurst .....	315	222
Salmon Beach .....	40	48
Bathurst Mines .....	5	9
East Bathurst .....	252	206
Bathurst .....	586	401

Island River .....	107	54
St. Raphael .....	160	143

### LOCAL CURLERS WERE ELIMINATED

In the Provincial Curling Bonspiel for the Fair Trophy held in Moncton on Wednesday and Thursday, eight clubs competed with the result that Newcastle, St. John Thistles, St. Andrew's and Chatham were eliminated leaving Carleton Sackville, Campbellton and Moncton clubs to play the semi-finals and finals. In the morning Fredericton defaulted to Moncton. In the afternoon play Carleton defeated Newcastle 28 to 17; Campbellton defeated the Thistles 23 to 20; Sackville defeated Chatham 25 to 13 and Moncton defeated St. Andrew's 26 to 16.

The Carleton Curlers won the Blair Cup after a close and exciting contest with Moncton in the final game. The concluding match was perhaps the hardest fought most evenly contested and the most exciting of the two days bonspiel. It took the last end to definitely settle the argument between the rinks playing in the finals. Carleton won the silverware by a margin of five shots.

In the morning play in the semi-finals Carleton eliminated Campbellton from the contest by a total score of 32 to 26.

In the afternoon Moncton eliminated Sackville by a total score of 34 to 24.

### Newcastle Won Royal Caledonia Society Medal

#### An Interesting Curling Event at Moncton Rink Thursday

A very keen and interesting curling match took place Thursday on Moncton ice between two rinks, two representing the St. Andrews Curling Club of St. John and two rinks representing the Newcastle Curling Club for a medal donated by the Royal Caledonia Curling Association of Scotland.

The skips for St. Andrews were J. U. Thomas and S. A. Jones, and for Newcastle John Russell and R. K. Galloway.

The Newcastle Curlers were victorious in this event the final score standing Newcastle 31; St. Andrews 21. This match between these two clubs, the only clubs affiliated in New Brunswick directly with the Royal Caledonia Curling Association of Scotland was for the ownership of a very pretty medal donated by the Parent Curling Branch.

After the match a very pleasant event took place in the clubrooms when Mr. R. A. Snowball, President of the New Brunswick Branch of the Royal Caledonia Club in a very pleasing address presented to Mr. John Russell, President of the Newcastle Club, the medal.

Mr. Russell replied thanking the President in a very fitting manner. The rinks playing for the medal were the same that played for the Blair trophy. The score by skips was: Russell 16; Jones 9; Galloway 15; Thomas 12.

Vol. 6 No 6 NEWCASTLE, N. B. Feb. 10 1925 FREE

### Dear Mr. Crease

I thank you for the box of chocolates which reached me a few days ago. Really I take off my hat to the manufacturers. The chocolates are as good as I have ever tasted and my wife, who is a better judge than I, says they are

the best she has eaten. I am no longer from Missouri, but am ready to concede that you Canadians DO know how to make candy. (From a letter written by Mr. A. C. Shaffer of the Insurance Company of North American, Philadelphia)

Needless to say the chocolates referred to were made by Motra.

# Parish Officers For Year 1925

## SOUTH ESK

**Assessors of Rates** — Arthur Burns, Fred Chambers, Thomas Lorraine.

**Collectors of Rates** — Joseph Ferguson, William Sauntry, Daniel Siliker.

**Parish Clerk** — Harry Bryenton.

**Timber Drivers** — Wallace Johnston, Elisha Somers, William Holan, John Hamilton.

**Surveyors of Lumber** — Wm. Somers, James Parks, Mark M. Taylor, Lee Johnston, Wm. Power, Wm. Mullin, R. P. Hubbard, Jas. Gillis, Chas. Hubbard, James Johnston, Wilbur Somers, Andrew Hickey, Fred Hamilton, Arthur Burns, Wm. J. Parks, Sydney Parks, Jeremiah Kelly, Elmore Parks.

**Surveyors of Bark** — James Johnston, Jas. Gillis, Wilbur Somers, Lee Johnston.

**Overseers of the Poor** — Everett Goodfellow, Wallace Johnston, Ernest Tozer.

**Revisors of Votes** — James Johnston, J. D. Sutherland.

**Constables** — John A. Goodfellow, Milton Taylor, John McLeer, Adam Hill, C. E. Parks, Chas. Hubbard, Jos. Hubbard, Jos. Blackmore, James Walsh.

**Hogs Reeves** — Albert Gillis, Arthur Burns, Wm. Myland, Isaac Blackmore, Milton Taylor, Joseph Hubbard.

**Inspectors of Fish** — John D. Goodfellow, John A. Goodfellow.

**Game Wardens** — Daniel Matchett, Wm. O'Shea.

**Pound Keepers** — Wm. Tozer, Alan Matchett, John Hamilton, Milton Taylor, Robert Chaplin, John A. Goodfellow.

**Field Drivers** — Robert Chaplin, John Jardine, Chas. Hubbard.

**Fence Viewers** — Wm. Mathew, W. D. Goodfellow, Everett Goodfellow, John Somers, Thomas Lawlor, District Clerks — Wm. Matthew, John D. Goodfellow.

**Inspectors of Shingles** — Joseph A. Gillis, John Sullivan.

**Ferryman** — Thomas Lawlor, Sr. Sanford Travis.

## BLACKVILLE

**Assessors of Rates** — Jas. E. Duffy, George Barry, Victor Dumphy.

**Collectors of Rates** — Frank Dunn Stanley Crawford, Percy Davidson.

**Collectors of Dog Tax** — Frank Dunn, Stanley Crawford, Percy Davidson.

**Clerk of the Market** — James Gerrish.

To avoid imitations, always look for the signature of *Chas. H. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.

## Canada's New Link With Alaska

It is not many years since Alaska was one of those countries whose geographical location was indicated with a grandiloquent sweep of the arm northwards. It has always been a land of mystery, romance and adventure. It has provided the theme for the thrilling tales of novelists and the stirring poems of northern bards. But even though the day of the chechako and the soughing is done, the brief but active span of the Dangerous Dan Magraws and the Lady Lou's, matters of historical reference, the lure of Alaska has not waned, but is as appealing as ever to the hearts of men and women wherein a bit of romance lurks, and that means to everyone.

Alaska is no longer a far off country. It is a very near neighbor to Canada. It will be even nearer this summer. Mr. J. E. D'Ample, Traffic Vice-President of the Canadian National Railways, has announced that commencing on June 22nd, the company will inaugurate a weekly steamship service between Prince Rupert and Alaska and that the old burning steamships, "Prince George" and "Prince Rupert," which have already established a reputation as being among the best-appointed vessels on the Pacific Coast, will be engaged in this new service.

In addition to the Alaska trip, the tri-weekly service between Vancouver and Prince Rupert will be maintained and also a semi-weekly service to Anyox and Stewart on the Portland Canal, which service has been in effect for some time past. The establishment by the Canadian National Railways of this Alaska steam-boat service will meet the demands of most tourists, and will be a fitting climax to the famous Triangle Tour, comprising Jasper National Park, the Rockies, the Coast Range and the water voyage through the "Norway of America."

The photographs show some of the magnificent scenery: (1) The Taku Glacier, one mile wide and ninety miles long, one of the largest and most beautiful glaciers in the world. (2) West Taku Arm, a stretch of water from which rise great ranges of snow covered mountains that, seen in the sunshine, present a sight never to be forgotten. (3) The "Prince Rupert" which with the "Prince George" will be used in the Vancouver — Prince Rupert — Alaska service by the Canadian National Railways this summer. These boats are oil-burners and are among the best-appointed vessels on the Pacific Coast. (4) Juneau, the capital of Alaska, a thriving city, up-to-date in every respect with many sights to interest the visitor and with fine motor roads extending into the mountains to famous mines and other points of interest. (Top centre). An Aboriginal of Alaska in full ceremonial regalia and (lower centre) one of the many curious and striking totem poles to be seen in the business section of Wrangell.

## NERVES AND FAINTING SPELLS

Sent Woman to Bed. Great Change After Taking Lydia E. Pinkham's Vegetable Compound

Sarnia, Ontario. — "After my girlie was born I was a wreck. My nerves were too terrible for words and I simply could not stand or walk without pain. I suffered with fainting spells until I was no longer any good for my household duties and had to take to my bed. The doctor said I should have an operation, but I was not in a fit condition at that time. My neighbor said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' I am sure it will do you good and will save those doctor's bills. So I was advised by my husband to try it after I told him about it. I am very thankful to say that I was soon able to take a few boarders for a while as rooms were scarce at that time. My baby is 17 months old now and I have not yet had an operation, thanks to your medicine. I have recommended the Vegetable Compound to a few people I know and have told them the good it has done me. I know I feel and look a different woman these last few months and I certainly would not be without a bottle of your medicine in the house. You can use this letter as you see fit, as I should be only too glad for those suffering as I have to know what it has done for me." — Mrs. ROBERT G. MAC-GASSON, R. R. No. 2, Sarnia, Ontario.

A recent canvass of women users of the Vegetable Compound report 99 out of 100 received beneficial results. This is a remarkable proof of its merit. ©

The Economy of Fine Quality

# "SALADA" TEA

is always fresh and of full strength. It therefore draws more richly in the teapot. Try it.

## Fire Destroys Blackville Home

About 7.30 Thursday evening fire broke out in the home of Charles Schaffer Blackville burning it to ashes. The building was a new one having been built during the past summer. The only furniture saved was the piano, kitchen cabinet and part of the dining room set. All their bedding and clothes were burned. Mrs. Schaffer is at present in Montreal visiting her mother.

Apply Minard's every day and rub it in with the finger tip. It penetrates and heals. Removes inflammation.

A remedy for every pain.

## "Child's Eyelids Inflamed Stuck Together and Bled"

Mr. E. P. Kimball, Entwhistle, Alta., writes: "Our little girl from birth was troubled with inflamed eyelids and in spite of several remedies, grew worse until at the age of sixteen months her eyes could not be opened after sleep without bleeding, a waxy discharge sticking the lids together and adhering with great tenacity. The child's grandmothers were consulted by mail, and both responded with a little sample box of Dr. Chase's Ointment. These were used as directed, and lasted until we could obtain a further supply from Edmonton. Improvement was very marked from the first application. The waxy discharge was easier removed and did not reappear. Inflammation subsided and has not returned."

## ANNUAL MEETING OF CHATHAM HOSPITAL AID

The annual meeting of the Chatham Branch of the Miramichi Hospital Aid was held in the Town Hall on Tuesday, Jan. 20th.

Reports of the year's work were read and showed the Society to be in a flourishing condition. In addition to supplying articles necessary for the maintenance of the Baby's Room and the Emergency Operating Room, for both of which this Branch has assumed responsibility some articles were provided for use in other departments of the Hospital and a cash donation of \$500 was made to the Nurses Home.

The Society has suffered the loss of three valued members during the year—Mrs. J.B. Snowball, Miss Snowball, and Mrs. W.H. Snowball. Another matter for regret is the retirement from office after six years of efficient service of our President, Mrs. F.M. Tweedie. As a token of appreciation of her work she was unanimously elected Honorary President and member of the Executive.

The offerings received during the Week of Prayer were handed to the Treasurer by Rev. J.H.A. Anderson and amounted to \$23.74. The Society is grateful to those who thus made contribution to the work. The day and hour of the society's regular meeting was changed from the first Friday of each month at 3 o'clock to the second Friday at 3:30 o'clock.

Officers for this year are:— Honorary President—Mrs. F. M. Tweedie

President—Mrs. F.E. Jordan  
1st Vice Pres.—Mrs. G.B. Fraser.  
2nd Vice Pres.—Mrs. A.J. Loggie  
Secretary—Miss Muriel Ellis  
Treasurer—Miss Alice Logie  
Auditor—Mr. R.A. Logie  
Buying Committee—Mrs. F.M. Tweedie (convenor) Mrs. A.J. Loggie Miss Pierce.

Work and Cutting Committee— Mds. D. Sadler (convenor) Mrs. H. Major, Mrs. Wm. Scott; Mrs. J.C. Godfrey, Mrs. A. W. Waiters

## COLD AND HUNGRY PEASANTS OF ERIN / FACE PESTILENCE

Dublin; Jan 30—Eye witnesses to the distress and suffering in Ireland due to the failure of the potato crop brought word to Dublin today that underlying conditions in the blighted areas were indeed worse than in the black year of 1847 when thousands eventually died by the roadside, of starvation.

Conditions in the present famine have not yet advanced to that extreme but those who saw friends in Connemara and Donegal this week

## After Every Meal

Pass it around after every meal. Give the family the benefit of its aid to digestion. Cleans teeth too. Keep it always in the house.

Costs little - helps much. WRIGLEY'S

declare fatalities of 1847 will be exceeded unless relief measures are immediately augmented.

Ill clad women and children deprived of warmth and food through excessive rainfall of the last few weeks, are living in distress hovels with practically nothing to eat. Their men are in despair with the potato crop blighted and fuel well nigh unattainable.

On the western and northwestern coast, housing conditions are normally exceedingly poor; they are now appalling. Besides the ravages of heavy rains, fierce gales have whipped the roofs from many cottages in Connemara.

As one passes from town to town along the western seaboard signs of genuine famine are very apparent. Children with sunken cheeks, lie in sodden beds of clay huddled together for warmth and crying for food.

Nurses are busy throughout the stricken areas, fighting first signs of pestilence, while an army of male volunteers in trying to get fuel to the sufferers. The Free State Government is co-operating in an attempt to organize coal distribution.

In normal times the peat-bogs furnished fuel to the west, but now the cut peat still lies in the bogs, rain-soaked unfit for fuel, while the people pick up what wood they can find. In Kerry they are burning rail road ties, which are cut up and distributed; hoarded and burned to the last ember.

County Athlone where farmers normally are self sustaining was laid by eye witnesses to be in frightful condition, unparalleled within the memory of the oldest inhabitants. Here, where the land is normally dry, the continuous rain fall has soaked everything. At that conditions are far better than in Connemara where even in the best of seasons the land yields only a bare living.

To make matters worse the River Shannon famed in song was flooded and devastated farms along its banks carrying away hay mows and forcing many farmers to leave their submerged houses.

## N. B. Potatoes are Wanted in Ontario

New Brunswick potatoes find a ready market in Ontario and many more could be handled there if properly advertised according to C. D. Devlin.

He was eating potatoes from this province this winter because he had become acquainted with the quality and went after them and got them in the Toronto market.

Why the potato growers did not insert a small ad in the Toronto papers advertising their wares as the best produced in Canada he could not understand. The price was 10 or 15 cents a bag higher than the Ontario potato but the difference in the quality more than made up for the difference in the outlay, was his idea.

## JANUARY WAS COLDEST MONTH IN FIFTY-TWO YEARS

January of 1925 passed away one of the most severe winter months experienced in many years. The statistics of the weather prepared by Dr. C.C. Jones at the Dominion Meteorological Station show that the month was marked by fine weather but very cold with more bright sunshine than usual, no rain and not much snow. The coldness of the weather is indicated that the mean temperature was 8 degrees below the average for fifty two years.

The statistics follow:— Mean temperature, five degrees below zero; mean temperature for preceding January thirteen degrees above; average mean temperature for fifty two years, thirteen degrees above.

Highest temperature was 33 degrees above on the 4th and 5th; in January 1924, 49 above on the 11th. Lowest temperature 35 degrees below zero on 19th; in January 1924 21 degrees below on 27th.

No rainfall was recorded in the month. Snowfall totaled 24.5 inches. Total precipitation 2.5 inches. Total precipitation for January 1924, 3.2 inches. Average total precipitation, 3.9 inches.

Hours of bright sunshine were 125 compared with 120 for January 1924 and an average of 111 for 52 years. Wind mileage for the month was 6,013.

## RAIN BADLY NEEDED

Drought conditions which have caused trouble in rural sections for some months past are still aggravated and heavy rains would be a great boon. Precipitation has been below the average for the past summer and autumn with result that springs and streams have been reduced to a minimum. During the winter conditions have been made worse by the extremely cold weather and absence of thaw. The fall of snow has been about the average but as there has been no opportunity for it to melt those depending upon springs and streams for water for domestic and stock purposes have not been aided.

It is reported that in the higher sections of Central New Brunswick farmers have been hauling water for five miles for their cattle and for use at home. Any stream with sufficient water and any lake within reach is a centre of attraction.

Remarkably low level in streams which ordinarily have a considerable flow at this season of the year is reported.

## NEW BOOK MAKES ROMANCE OF HISTORY

Tells Story of Canadian Pacific Railway and Building of Dominion

A facetious American once referred to the Canadian Pacific Railway as "Canada on Wheels." Great as it is, the Canadian Pacific would be the last to appropriate such an appellation. It can be truthfully said, however, that to understand the recent history of the Dominion one

R. G. MacBeth must know that of the Canadian Pacific. Now at last comes a volume, well illustrated with photographs, which presents that history in its most palatable form—that is, in a form emphasizing the human factor. "The Romance of the Canadian Pacific Railway," by R. G. MacBeth (the Ryerson Press, Toronto, \$2.50).

The author, who has a number of historical works to his credit, is singularly well equipped. Apart from his literary skill, he has the advantage of having lived in the Canadian West all his life. He has always been in close touch with the Canadian Pacific, though he is careful to point out that he has never been connected with it and has written and published his book independently.

Mr. MacBeth here traces the amazing story of the company's development into the world's greatest transportation system; of the steamships, of the telegraph and express; colonization; irrigation; hotels and bungalow camps; of its war services and of all its activities, with a wealth of interesting detail which illustrates the brilliant administrative and organizational ability of its executive. Canadians should be proud, as Mr. MacBeth reminds them, that their country approved the construction of this pioneer transcontinental when the population was only 4,000,000, though the United States had not dared to undertake a similar road till she had ten times that number. The frightful difficulties, political, technical and financial, through which the company's sponsors and founders fought their way to victory are well summarized. For instance, it is recalled that sections of the line north of Lake Superior cost \$500,000 a mile to build, and a muskig east of Winnipeg swallowed seven tracks before it was conquered. The author shows that the triumphant accomplishment of the work was especially creditable because it took place in a period of immense depression.

Sir William Van Horne, general manager and later president, that man of tireless energy, vision and determination, is the central figure in the volume and there are many anecdotes illustrating his versatile character. But all the other great men of the company—Mount Stephen, Shaughnessy, Beatty, Angus and a host of others—receive their due. Lord Shaughnessy's fine words: "The shareholders and directors of the company have always been impressed with the idea that the interests of the company are intimately connected with those of the Dominion and no effort or expense has been spared to help in promoting the development of the whole country" are amply backed by the company's deeds. And the author makes a statement which is very a propos when he says: "The country and the railway, in such a case as this, must stand or fall together. Each is necessary to the prosperity of the other. Hence for one to attempt the destruction of the other is practically a roundabout but effective way for that one to commit suicide."

## Zam-Buk

"A fiery irritable rash on my hands turned to eczema," says Mrs. H. McDonald, of Oyster Ponds, N.S. "After medical treatment failed, I tried different salves and blood-purifiers. But my skin got steadily worse, and became one dreadful mass of eczema."

## Quickly Ends

"After a year's suffering I was persuaded to get Zam-Buk. I shall never forget how it soothed the fiery pain and itching. Day by day, as I persevered with Zam-Buk, the sores lessened and died away, until in time my skin was thoroughly purified and healed."

Of druggists everywhere see box. Proved best for all skin troubles.

RADIO FANS

Fair Warning to Disturber

Dear Sir:—

Please allow me space in order to see if I can do something to draw attention once again to the unnecessary noisica caused in the air by ignorant people operating radio sets or allowing their friends and their children to do so.

I noticed that you drew attention to this disturbance in your last week's edition asking people to endeavor to operate their sets in a reasonable manner, but it seems as though some of the less intelligent ones have deliberately set out to make matters worse since they have found it causes a public nuisance to allow their set to oscillate too freely.

Recently I have been working on a set in Newcastle and I have found it practically an impossibility at times to keep a set of head phones on through the howls received from a regenerative set somewhere in the neighborhood. If anyone in this town, who is responsible for this interference, should read this letter, I want him to understand that an improperly operated regenerative set has been known to cover a distance of twenty five miles with its howls.

Regeneration is a splendid thing, in a radio set because it permits extra amplification of signals through the feeding back of some of the energy in the plate circuit into the grid circuit thus saving tubes, but when regeneration is used in a careless manner, it causes very great annoyance to the neighbors by making howls, grinding and growling noises in their sets, which can only be avoided by tuning out that station and bringing in another.

The offending person referred to in the third paragraph of this letter, evidently does all the tuning of his set on the dial of the tuning unit only. He rotates the dial until he comes across a whistle. This he proceeds to tune from a high squeal down to inaudibility by having it set dead on the wave length. Then he moves his hand away from the dial and immediately the set howls through the body capacity being removed from it. He then has to go back to his dial to move it slightly to right or left, so that when his hand is moved away the next time it won't howl. While all this is being done the neighborhood has to sit back and listen to the effects of his ignorance.

I wish to inform this fellow that tuning is done by the arranging of the various parts of the set; by tuning them to the desired wave length and not by leaving everything out of tune and trying to bring your station in on your

dial only, which can't be done.

I am making diligent enquiries nightly regarding this man and I intend to find out where the interference is coming from if it takes me a month. I then intend to show him how to tune his set and, if after that I hear him again, I will report and have his set removed. I am using a direction-finding set, so the more he makes his set howl the better, my chances are of locating him.

W. G. Y.

CHURCH UNION

Editor "Union Advocate"

One aspect of the above that has not received the consideration in the several local legislatures to which it is entitled (namely, the equitable distribution of the general property of the Presbyterian Church such as its mission fields, superannuation funds, endowments of colleges etc) will come very prominently to the front in the course of the next few weeks. The British Columbia legislature in fact is the only one that took cognizance of the far-reaching effect of the decision of the Lords of the Privy Council in the case of the appeal of the (so-called) Wee Frees on the vote of the Free Churches of Scotland to unite under the name of the United Free Church. Only some 25 churches stayed out of the Union (and these were treated as cavalierly as the Unionists of today would like to treat those remaining loyal to the Presbyterian Church in Canada) but they appealed to the courts of law and the case went from court to court until it ended in that final court of appeal, the Privy Council. That body decided that the Wee Frees were the body entitled to possession of the general property of the Church and that the other congregations had voted themselves out of their denomination, although joining up with other Presbyterian bodies; and not as in the present Union joining with two outside denominations. As the burden imposed upon the Wee Frees was utterly beyond their ability to sustain, in the maintenance of the missions, colleges etc; a compromise was effected and approved by the British parliament bringing about equitable division of the general property.

It was this principle laid down by the Privy Council that British Columbia had in mind when in passing the Bill authorizing a vote by Presbyterian churches on union in that Province a proviso was attached for further legislation and appointment of a committee for an equitable division of the Presbyterian Church property.

Doubtless it was also that decision that influenced the Parliament of Canada to state that the powers granted were granted in so far as so far only as Parliament has the power.

What British Columbia has done the other provinces will have to do and that this is recognized in Ontario was evident a few days ago when two enthusiastic unionists offered to pay off their congregation's debt if they could be guaranteed that the property would belong to the United Church and they were told that no such guarantee could be given. The decision of the Privy Council may be just as applicable where the congregation is not unanimous in the vote to join the United Church; and a minority for remaining Presbyterian should not vacate the property until a test case and appeal to the Privy Council decides the matter. W.

MR. BARNJUM ISSUES A CHALLENGE

To the Editor:—

My attention has been called to the fact that some of the organized opposers of an amicable and palatable settlement of the long-standing public question in the seriousness of our present situation

Anti-Unionists Still Lead in Church Vote

Montreal, Jan. 31.—The Presbyterian Church Association Committee issued the following statements on Church Union figures showing a majority opposed:—

Votes cast to date in all Canada for Union; 64,175.  
Votes cast to date in all Canada against Union 65,566.

Majority against Union 1,390.  
Total membership of the Presbyterian Church in Canada; 374,951.

In the Province of Quebec and Ontario; which contains three-fifths of the membership; there is a strong majority against Union. In every case that has been reported to us where the adherents have been allowed to vote; they have been practically unanimous against. There are one million of these in Canada who are deprived of a vote by the Act.

In the Province of Saskatchewan; there are 192 Presbyterian congregations; yet the Union Committees today announce 341 congregations as voting for Union in Saskatchewan. Nearly all their strength in that Province is among churches that were already Union; and where these have voted; Methodists and all other denominations have been allowed to vote as well. There are 1,250 of these congregations in Canada with preaching stations.

As far as our figures go; about 270 self sustaining Presbyterian congregations in all Canada have voted to go into Union. The Union Committee have the complete returns from the church offices and the situation would be cleared up if they published them. The figures published from day to day are quite misleading. Four congregations in the Synod of Montreal and Ottawa reported as going in unannouncedly are now arranging to take the vote. Others may do so later.

Forty-two churches in Toronto have voted; 19 for Union and 23 against. The last eleven churches to report from Toronto have gone against Union.

Glengarry Presbytery; the figures of which have been questioned by Union Committee; voted nine churches for Union and nine against with a majority of 581 of the total vote in the Presbytery against Union. The last congregation to report is Dunvegan; 55 for and 166 against.

The Union Committee reports 700,000 members in the United Church. Sixty-four thousand Presbyterians have voted to enter.

DAILY STRENGTH

Nature has admirably fitted the body to fight against weakness but there is need for a daily renewal of strength, which comes easiest through nourishment.

Scott's Emulsion

is a practical aid to health and strength. If you are pale, underweight or weak, Scott's is the restorative that builds you up Nature's way—through nourishment.

Scott & Bowne, Toronto, Ont.

I am acting for certain interests and for a selfish purpose.

In reply, let me say that I will pay Five Thousand Dollars apiece to the Provinces of Quebec and Ontario, to be used in the cause of forest fire prevention, upon presentation of any proof that my campaign has not been conducted solely by myself or that it has been actuated by any other motive than that of the public welfare.

If my detractors are sincere and want to do some good for the cause of forestry let them accept this challenge; otherwise the public will know what to think.

FRANK J. D. BARNJUM

Montreal, February 5th 1925

Church Union Reports From Rev. Dr. Pidgeon

We have been requested to publish the following reports on the Church Union situation, as it is seen and known by the Union Committee at Toronto.

"The Presbyteries of Ottawa and Lanark and Renfrew, situated mainly in Ottawa City and Valley, contain 159 congregations or preaching stations, of which only 17 out of 91 which have already voted have decided not to enter the United Church. Of the 19,180 members in full communion in these Presbyteries 4,770 have cast their ballots against Union. More than half of these belong to congregations that gave a majority for Union and it is not likely that many of them will withdraw from their congregations.

Preaching stations to the number of 25 in Ottawa and 43 in Lanark and Renfrew have not yet taken the vote. These are for the most part small congregations or mission stations. Many of these will doubtless enter Union without a vote. As they contain about 3000 communicants their decision in any case will not greatly change the present result.

The Sunday School enrolment of the non-concurring congregations is less than 20% of the total enrolment in the Presbyteries and 25% of the enrolment of the congregations which have voted. The young life of the Church is to be found most largely with the Unionists.

The Methodists and Congregationalists have in this region 119 preaching stations. It is, therefore, a reasonable forecast that in Ottawa City and Valley the United Church of Canada will have 250 congregations or preaching stations, as compared with 25 or 30 in any Presbyterian Denomination that may yet be organized.

The Presbytery of Paris, out of a total membership of 8017 has recorded only 1518 votes against entering the United Church of Canada. Nine congregations have not yet reported but in all of these the Union sentiment is strong; some hoping to enter the United Church without taking a vote.

In the Presbytery of Huron the determination on the part of congregations to enter the United Church is even more pronounced. Out of a total membership of 4741 only 920 have voted not to go with the Presbyterian Church into Union. Three charges and one mission field are yet to declare themselves, but it is confidently expected that all these will favor the United Church.

These two Presbyteries gave a total of \$436.94 toward the Missionary and Benevolent work of the Church, while the amount contributed by those intending to remain outside of the Union movement is \$5,982.

Total Congregations Voting Out to Feb. 4.  
Paris Presbytery 31 5  
Huron Presbytery 26 9

Forward into the United Church of Canada is the prevailing note in that broad district stretching from north of Brampton to Georgian Bay and covered by Orangeville and Owen Sound Presbyteries. Of the 90 congregations

YOUR COAL TROUBLES  
Would it not be a good plan to place your orders for Old Mine Sydney or other Coals for the fall and winter months now? I am in a position to make immediate delivery of your wants in Coal and Wood.  
ALSO A CHOICE LINE OF Groceries, Hay, Feeds and Flour  
E. E. BENSON, - Newcastle, N. B.

In these Presbyteries five only have voted not to enter the Union. These five have a membership of \$89 while the membership of the two Presbyteries totals 9844.

The three Presbyterian congregations in the City of Owen Sound, and St. Andrews Church, Orangeville with a combined membership of 2406 have voted to enter with their mother Church into Union and equally emphatic is the decision of a couple of dozen of congregations in the rural districts.

In this same broad belt of country the Methodist and Congregational Churches have more than 100 preaching appointments and nearly 10,000 members. It is a practical certainty that the United Church will have here eight times as many congregations and members as the non-concurring body.

Following the action of the Assembly in 191 Union swept New Ontario. Now there are only 3 congregations in 4 Presbyteries that are not already working on a Union basis, while the ministers stand 44 to 2 in favor of the policy of the Church.

As may be seen from the following statement Church Union has been widely approved by the congregations that have given it a fair trial over a period of nearly ten years.

Of the 184 congregations in these 4 Presbyteries only 3 to date have voted non-concurrence. Those which do not take a vote enter the Union automatically.

Table with 3 columns: Presbytery, Total Congregations, No. voted to Feb. 2.

Nova Scotia Presbyterians have pronounced with no uncertain sound in favor of the United Church. The historic Presbytery of Truro where the earliest permanent Presbytery in Canada was formed in 1786 has already decided to bring all its congregations into the Union.

St. Matthews Church, Halifax founded as a union congregation in 1749 and later becoming a Presbyterian Church has honored its splendid tradition by voting Union. Halifax Presbytery has but one non-concurring congregation.

In Cape Breton only two congregations have voted out. As in 1875 the chief opposition is in parts of Pictou County. The Anti-Union charges of 1875, after forming separate synodical and presbyterial organizations one by one joined the United Church. The last to surrender entered in 1908. How long the present schismatics will remain out is a matter of conjecture.

The vote February 2, in Nova Scotia is as follows:

Table with 3 columns: Presbytery, Total Congregations, No. voted out to Feb 2.

TOTAL 370.....26

To the Members of the Presbyterian Church in Canada:— The Presbyterian Church in Canada is CONTINUING IN THE UNITED CHURCH in accordance with its historic doctrine of Unity, and by the action of its constituted Courts.

This is recognized by:

- 1. The Council of the Alliance of Reformed Churches holding the Presbyterian System (representing world-wide Presbyterianism.)
- 2. The United Free Church of Scotland.
- 3. The Moderator of the General Assembly of the Church of Scotland

**PERSONALS**

Miss Doris Atkinson is visiting friends and relatives in Montreal.  
Miss Bertie Ferguson is visiting friends in Moncton.  
Miss Margaret McGrath spent the week end with relatives in Campbellton.  
Mr. and Mrs. Frank White and family spent Sunday in Whitneyville.  
George Gremley Jr. was in Campbellton on Friday attending the hockey game.  
Miss Annie Gilker of Campbellton who visited Newcastle friends has returned home.  
Chas. J. Morrissy, M.L.A. was in Bathurst on Thursday evening attending the hockey match.

A number of young ladies went to Loggieville on Friday night to enjoy a skating party in the rink there.  
Mrs. Wm. Sinclair, Mrs. John Russell and Mrs. E.A. McMillan were visitors to Loggieville on Friday.

Misses Maude Keating, Annie Stewart and Margaret McGrath attended the hockey game in Bathurst Thursday night.

Messrs. A.E. Quartermain, Ed. Dalton; Wilfrid Roman attended the hockey game in Bathurst last Friday night.

Misses Corinne and Agnes Law-very pleasantly entertained the Bridge Club at their home on Thursday evening.

Mr. J.W. Sparden of Fredericton is at present engaged at the Town Clerk's Office making an audit of the Town books.

Miss Audrey Parker of Derby has left for Rhode Island Hospital where she has been accepted as a probationer. Her many friends wish her much success.

Among those who attended the two hockey games in Bathurst and Campbellton last week were Charlie McDonald; George Salome; Mark Murphy; Byron Taylor; and Mike Coughlan.

Messrs. W. Gifford, L. Jeffrey; H.B. Cassidy, Chas. McCullum; P. Brown; Chas. Sargeant, Roy Dickison, and George Dunn left yesterday for Campbellton to compete for the Archer Trophy.

As a result of slipping on the icy sidewalk, one day last week Mrs. R. H. Armstrong sustained a broken bone in one of her feet and will be confined to her home for some weeks.

Messrs. A. Astle, V. Bagle; H. Crocker, John Russell; Jas Stables W. Nicholson, A.J. Ritchie R. Galloway and L. Brooks were in Moncton last week taking part in the Curling matches for the Blair Trophy and Caledonia Medal.

Messrs. Thos. Clarke, Alex. H. McKay; G.P. Burchill; and F.D. Dunn left yesterday for Halifax; N.S. as the representative rink of the Newcastle Curling Club to take part in the Centennial games which will be played this week in that city.

**WEDDINGS**

**McMANUS—CREAGHAN**  
The wedding took place Thursday morning in St. Mary's Church of Mr. John William McManus of Moncton and Miss Clare Creaghan second daughter of Mr. and Mrs. J.D. Creaghan, Rev. P.W. Dixon officiating. The couple were attended by Miss Marion Doyle of Douglastown and Mr Edward McManus of Moncton.  
Mr. and Mrs. McManus left on the Maritime for St. John from which place they sailed Friday for Europe.

**Resolution of Condolence**

On Wednesday evening the members of Derby Lodge No. 112 I.O.O.F. passed a vote of sympathy for Brother W. Cluston of Lower Derby, whose precious wife was buried on Monday. Also that a letter be sent to him which is as follows:  
To Brother W. Cluston, Lower Derby Dear Brother,

The heartfelt sympathy of Derby Lodge No. 112 I.O.O.F. is extended to you on this sad occasion. You have been called upon to part with your dearest earthly friend, who at the time was but in the midst of life, though now silent in death. The loss a home sustains when a kind and loving wife and mother leaves her chair forever vacant can not be imagined. We realize your sorrow is hard to bear but you have some consolation in knowing she has gone to her heavenly home, where await friendships that death cannot sever. To that world we shall go, sooner or later and it is there we shall meet our loved ones. We trust therefore that while your heart is heavy in longing for the sound of a voice that is stilled you may look to Him, who is too good to err and too wise to be unkind. To you and your dear motherless children we extend our sincere sympathy in this, your great hour of trial. Signed in the principles of Friendship, Love and Truth.

**REV. ROBT. M. BRODIE.**  
On behalf of Derby Lodge No. 112 I. O. O. F.

**Good Concert Heard From Local Broadcasting Station**

**Concert Party From Chatham Gave Splendid Program Last Friday Night**

A concert party from Chatham gave a splendid program over the air from the Moncton station of the C.N.R. radio system last Friday night. The party was under the direction of Rev. F.H. Littlejohns and the program consisted of instrumental solos, and trios by members of the orchestra which was composed of the following:  
Violins—Mrs. M. Searle; Miss Viola McKendry, Miss Cecilia Babiniau, Mr. H.B. McDonald; Rev. F. H. Littlejohns  
Cellos—Mrs. Frances Miller, Mr. W. Chubb MacLoon  
Bass Violin—Miss Cora P. MacLoon  
Piano—Mrs. H.B. McDonald  
Accompanist—Mrs. H.B. MacLoon, and Miss Cora MacLoon

During the evening Capt. O. S. Beyer of Washington gave a talk on "Co-operation in Shop Management on the C.N.R." and a final part of the evenings entertainment was given by Joe Mazzeo's Rainbow Melody Boys Orchestra in popular dance numbers. During a short interval in the Melody Boys Program, Mr. Archie Lyons sang several selections.

**OBITUARY**

**MRS. MARY JANE PARKS**  
Mr. James Parks of Red Bank received word on January 18th of the death of his sister-in-law, Mrs. Mary Jane Parks aged 69 years of Tacoma, Wash. Deceased had been ailing for several months. She was formerly Mary Jane Bartlett of Red Bank and her husband Joseph Parks predeceased her eight years ago. She is survived by two daughters and three sons, Mrs. T.C. Rummel and Mrs. Fred L. Griffin both of Tacoma; Girford B. of Tacoma; Walter E. of Seattle and Vivian L. of Sacramento; nine grandchildren and one great grand-child also survive.

**MARTIN LYONS**

The death of Martin Lyons occurred at the Hotel Hospital Thursday morning after an illness of six weeks. Deceased was 75 years of age and was resident of Millbank. He is survived by a wife and four children living in the west and two brothers, Alexander and Michael of Millbank. The funeral was held Saturday morning and interment was made in St. Michael's Catholic Cemetery.

**ISABELLA J. MCKAY**

The death of Miss Isabella J. McKay former resident of Chapin Island Road, New Brunswick took place at St. Francis Hospital, San Francisco, California, January 5th after an illness of 5 hours caused by acute kidney trouble.  
The late Miss McKay was 61 years of age. She leaves three brothers to mourn her loss; John in Vancouver, B. C.; George and William of Newcastle N.B. and her niece Mrs. J.P. Laursen with whom she made her home in San Francisco.

**ST. VITUS DANCE**

**Shows Through a Twitching of the Muscles of Face and Limbs**

Chorea or as it is more generally known, St. Vitus dance, is a trouble that usually attacks young children though older people may be afflicted with it. Its most common symptoms are a twitching of the muscles of the face and limbs. As the disease progresses the twitching takes the form of spasms in which the jerking motion may be confined to the head, or all the limbs may be affected. Frequently the patient is unable to hold anything in the hands or to walk steadily. In severe cases the speech is often affected. The disease is due to debility of the nerves and relief comes through an enriched blood supply, which feeds and strengthens the nerves. Dr. Williams Pink Pills have been most successful in reaching this trouble through their specific action on the blood which it enriches and purifies. The following instance will show what Dr. Williams Pink Pills can do in this trouble.  
Mrs. S. E. Makins, Parry Harbor, Ont., says:—"As a young girl I was badly stricken with St. Vitus dance. My parents tried several medicines but without avail. I was steadily growing worse and could scarcely walk without falling. I had to quit school and had no control of my nerves or actions. Finally a neighbor advised the use of Dr. Williams Pink Pills, and the use of these for a couple of months restored me, and I have had no attack of the trouble since. I have however, taken the pills at different times since, when I felt out of sorts, and find them all you claim for them if given a fair trial."  
You can get Dr. Williams Pink Pills through any dealer in medicine, or by mail at 50 cents a box from the Dr. Williams Medicine Co., Brockville, Ontario.

**REXALL Peptonized IRON TONIC**

-WITH-  
**Cod Liver Oil Extract**

Recommended by us as a Blood and General Tonic, combining Iron in a form which is nonirritating to the Stomach, with Cod Liver Oil.

For adults who are below normal weight, especially if pale or anaemic.

For children who are weak, pale & puny & who though no cause is apparent, do not gain weight and strength.

For those who are subject to Chronic Coughs or contract a cough easily.

## Assuring Your Business

A policy of advertising is a policy of life assurance, and the protection thus secured is well worth its annual cost.

Old customers die or move away—they must be replaced.

Old customers are subject to the influence of temptation—they may be induced to divide their custom—to do some of their shopping at a competitor's.

New comers to this community will shop with you—become regular customers—if they are invited to do so.

Your competitor's advertising is an influence which must be offset if you are to maintain your trace.

Not to advertise regularly to the readers of the UNION ADVOCATE is to leave your business unprotected.

### A WORD TO THE PUBLIC

It is no sign of weakness to follow the lead of advertising. You owe it to yourself to get the most for your money, the best goods and the best service. And if you find that your inclination is to shop where you are invited to shop rather than to continue to be a customer of the shop which never solicits your good-will you need have no compunctions of conscience.

## BATHURST SCORES ANOTHER VICTORY

The Bathurst stick-handlers handed Chatham another slap when Thursday night they defeated them to the tune of 8-3. The game saw the return of a well-known Bathurst star—Roe McKenna. Roe proved that his absence from Bathurst ice has not impaired his playing.

At the opening of the first period Chatham carried the game to the home goal and kept the play there for 15 minutes. The suspense was finally broken by Lawlor at 15 minutes. Three minutes later McKenna slammed in a tally and the period ended 2-0 for the locals. Penalties were equal. Carrol and Kerr of Chatham each spent 2 minutes in the box. In the final 15 seconds the Chatham goal was carried away.

Frame the second was a heart-breaker. Steller hockey of the most perfect brand was furnished by both sides. Near the opening Lawlor caught the butt end of a stick in the right optic and went off for the period. McKenna made a beautiful end to end rush but failed to score. Two minutes later when the hands showed 12 minutes he slammed in a counter for Bathurst. Shortly after Finnegan made a save that warmed the hearts of all. At 16 mins. Bathurst scored a goal which was ruled out being offside. At 17 mins. Carrol rushed and shot from left ice. The rubber hit the front posts and rebounded. The rebound was caught by McKenna and turned to a score.

At 19 1-2 Duncan of Chatham sunk another beauty. Period closed 4-1. Riordon Cripps drew the only penalty. A doubtful goal was netted by Chatham in this period. The Chatham goal-judge declared it no good. However between periods the gentleman upon persuasion changed his mind. Although his team and followers protested greatly, McLeod made the first decision hold.

The first spasm was slower, The hard playing showed on both side, Lawlor came back. Carrol tallied at 5 mins. Finn made a lovely save at 6 mins. Dannie Cribbs scored at 10 mins, on a beautiful rush and one minute later Chatham retaliated. Offside McMahon then took a journey to the box where he had been asking to go as night. Carrol lined up another score on a pass from Lawlor at 15 mins. and again on a rush at 15 1-2 mins. Chatham scored the final goal at 17 mins. To show how good he was feeling Ken. Carrol obliged the spectators with a lovely somersault in the closing minutes of the game.

The largest crowd of the year was out to witness game and no one was sorry for coming. McLeod furnished selections on the penny whistle to the complete satisfaction of all.

## Protection in Great Britain

Industries in Britain may henceforth secure protection if they prove to the satisfaction of the board of Trade that they are suffering unfair abnormal competition and also demonstrate that the industry is managed efficiently and economically, but the period for protection will be limited by a finance bill wherein such protection is made legal. Moreover, no application will be considered relating to food and drink. The foregoing summarize a long white paper detailing the government's safeguarding of industries policy and which has received a mixed reception in the press. Conservative organs welcome "eminently reasonable" proposals which satisfy all but "most hide-bound free traders", the exception being the Morning Post, which claims that many industries will suffer for conscience's sake. The Liberal papers, however, angrily denounce "tariff by the back door" and they accuse the government of breach of pledge by failing to embody the proposals in a regular parliamentary bill.

## GET INSULIN FROM COD AND POLLOCK

Cod and pollock will be a profitable source of insulin in the Maritime Provinces. This is the conclusion of two members of the department of physiology of Toronto University, who have investigated the preparation of insulin on a large scale from the so-called "principal islets of bony fishes." Their conclusions are referred to in the annual report of the department of physiology, under the direction of Prof. J. J. MacLeod which is contained in the annual report of President Falconer, for 1924.

"Their work," says the report "was done largely at the fishing grounds and at the biological station at Saint Andrew's, N. B. and they have worked out in detail methods by which satisfactory yields can be obtained from such fishes as the cod and pollock."

The report of the director of Connaught Laboratories states: "The success which has attended the production of insulin has been most encouraging. The operation of the new plant has made possible a series of price reductions so that at present the cost of insulin is about one-fifth of what it was in 1923. Insulin is distributed throughout Canada, Newfoundland, British West Indies, New Zealand, South Africa, Irish Free State, Uruguay, Spain, Palestine and Japan. Its cost to the average patient is less than 20 cents a day.

The report of the dean of the faculty of medicine, Dr. A. Primrose is the most lengthy of all the faculty reports. It includes Professor J. C. McLennan's paper on "Liquidation of Hydrogen and Helium" and Professor W. Lash Miller's studies of Bios.

All this scientific research costs money and it is gratifying to note that the university received many gifts and bequests from sources other than the Ontario Government. It received \$400,000 by the will of E. C. Whitney an offer of \$656,000 from the International Health Board of the Rockefeller Foundation, payment in full of \$1,148,901 from the same source for the faculty of medicine and about \$60,000 from numerous other benefactors.

## REFUSES TO ARBITRATE AT THE HAGUE

Athens, Feb. 4—Expulsion of the Ecumenical Patriarch of the Greek Catholic Church from Turkey is an internal question of the Turkish government and does not infringe on the terms of treaty of Lausanne. The Angora government asserted today in reply to Greece's note protesting the expulsion. Turkey flatly rejected the Greek proposal that the question be submitted to arbitration of the Hague Court. Meanwhile Greece continues to see with the agitation against what a majority of the population and the government consider the high handed attitude of the Turks. Talk of war and a mobilization stirred the communists to new efforts, and many of them were arrested when "war demonstrations" were attempted throughout the nation.

Special anti-communist legislation will be introduced forthwith to prevent embarrassment of the government. Turkish naval manoeuvres are continued in the sea of Marmora. The Athenian press says today, and some of the news papers print an unconfirmed report that Turkey has started a secret transfer of troops from Asia Minor to Thrace.

Antis' Manitoba Advertising**

Paid Newspaper Space Marks Opening of Campaign in Win-  
nipeg on Behalf of Continuing Church--Presbyterians  
Warned--People Urged to Beware of Deceiving Figures  
From Unionists--Ad. Declares Vote to Eate Disappointing  
to United Church

Winnipeg, Feb. 2-- With  
a half page bristling with  
black face type the Church  
Union opposition disclosed a  
new phase to-day in the an-  
imated fight with a paid ad-  
vertisement space in local  
dailies.

It is said to be the opening  
of an intensive campaign in  
the West, where newspaper  
space paid for at current rat-  
es will tell the story of the  
Presbyterian Church in Can-  
ada and why it will survive,  
as the advertisement says,  
stronger and more vital in  
Canada. This advertisement  
is signed, "The Manitoba  
Presbyterian Church."

The heading in full face  
seventy two point type an-  
nounces that "Presbyterians,  
the Presbyterian Church in  
Canada will continue." And  
urges that Presbyterians be-  
ware of deceiving figures by  
Unionists. It adds that "The  
Unionists rushed on at the  
earliest possible moment in  
Saskatchewan and Alberta in  
winter a vote by open voting  
in prairie missions and aug-  
mented charges which are  
under the direction of Union

officialdom. They did this to  
get an accumulation of figures  
to parade for effect in the  
east."

**Causes Big Sensation**  
Continuing the big adver-  
tisement, which to-night has  
proven the most sensationa  
news story in the daily pap-  
ers, says: "To make their fig-  
ure of 844, claimed by them  
up till 24th instant, they ad-  
mit 327 in Saskatchewan  
alone and 56 in Alberta. This  
is nearly half of their total  
vote. The preponderance of  
these places are, as everyone  
knows, small points and do  
not represent in the aggre-  
gate a great number of per-  
sons. The 186 non-concurr-  
ing congregations in Ontario  
alone represent, in persons  
and property many times  
over the 327 congregations,  
claimed by Unionists from  
Saskatchewan. Unionists  
rolled up figures from new  
parts of other provinces in  
the same way. The Presby-  
terian congregations that  
have voted against the Union  
up to the date mentioned, re-  
ported as 267, are substantial  
congregations, and they ex-  
tend from coast to coast.  
Many of these 267 old and  
steady Presbyterian congreg-  
ations have been fountain  
heads for the support of  
Home Missions. They will  
continue to maintain their  
work in our West. Mere cat-  
ch votes picked off by Union  
propagandists, will not deter  
them; no Presbyterian in our  
West need fear that his church  
is going to be lost. And re-  
member, that the Continuing  
Church gets its full share of  
the general property of the  
church. That is to be divided  
up by a commission. Those  
fine old churches that have  
stood out are assured of am-  
ple equipment, out of the  
church's general property to  
go on with in full vigor, im-  
mediately. Those churches  
were founded and are now  
headed by eminent men who  
have been delights of the  
church, and their missionary  
and educational work will go  
on with all the determination,  
zeal and self-sacrifice which  
has always characterized them

as against foreign ports, Making known first-  
hand the important place the Maritimes occupy  
in the grand scheme of Canadian federation.

A. M. Belding, of the Editorial Staff of The  
Telegraph-Journal, Special Lecturing Repre-  
sentative, is telling this story to our Western  
fellow Canadians and sending back, day by day,

**EXCLUSIVE REPORTS**

for the readers of

**THE TELEGRAPH-JOURNAL  
ST. JOHN**

powerful Unionist propagan-  
da publicity department had  
the people here, as elsewhere  
hoodwinked into thinking the  
opponents to be a negligible  
disgruntled handful. But 267  
strong, healthy congregations  
from the very sinew of Can-  
ada have shattered all that  
false pretension and come up  
emphatically for the old  
church. And there are many  
more big congregations to  
follow. You will not vote on  
an abstract question now.  
You will vote whether you  
will stay with a vital, strong  
continuing Presbyterian  
Church in Canada or become  
lost in a big parliament-made  
ecclesiastical machine. The  
choice is easy. Better at here  
to the tried and true than ex-  
periment with a mere novelty  
in the world's church experi-  
ence. This so-called Union  
measure means to Presbyter-  
ians the loss of everything  
distinctive in their creed,  
system and traditions. It  
means the surrender of their  
doctrine, their operations and  
their property, to be in con-  
trol of a different body, im-  
mensely larger.

Unionists have got a wrong  
notion if they think Mani-  
toba is going to be allowed to  
go by default. Congregations  
rose en mass in Ontario a-  
gainst clerical domination;  
they will do the same here  
Meanwhile, maintain Presby-  
terian firmness and reserve  
Insist on public discussion of  
the question and a hearing  
for each side so that the facts  
can be known. Public discus-

ion and free voting have al-  
ways resulted in an anti-  
union vote. Remember, that  
nothing now is surer than  
that the Presbyterian Church  
in Canada will continue."

**CANADA'S LOWEST  
DEATH RATE**

That the general death rate for  
the year 1924 will be the lowest on  
record is forecasted in the Statist-  
cal Bulletin of a Life Insurance  
Company doing business in Canada

as well as in the United States.  
The prediction is based on the  
cumulative death rate of more than  
fifteen million Industrial policy-  
holders calculated up to December  
15th, 1924.

The principal causes of death, in  
order of magnitude, were; organic  
diseases of the heart, 123 per 100,  
000 population; tuberculosis 101;  
cancer 89; pneumonia 89; chronic  
nephritis 65; cerebral hemorrhage  
59. As compared with the preced-  
ing year, there has been a remark-  
able decline in the death rate from  
diphtheria, measles and scarlet  
fever.

FOR  
**Neuralgia**

**ASPIRIN**

Proved safe by millions and prescribed by physicians for

- Neuralgia
- Colds
- Headache
- Pain
- Lumbago
- Toothache
- Rheumatism
- Neuritis

**Safe** Accept only "Bayer" package  
which contains proven directions.  
Handy "Bayer" boxes of 12 tablets.  
Also bottles of 24 and 100—Druggists.  
Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic-  
acidester of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known  
that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets  
of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## Local and General News.

### SNOW SHOVELLING

The recent snowstorms have provided work for a number of local men on the C.N.R.

### YOUR RIGHTS

Remember every man is entitled to his own religious and political belief and it's not up to you to change it either.

### WATCH YOUR STEP

Watch your step. There are three Fridays the 13th this year. They come in February, May and November and at those times it might be well to watch out for cross-eyed oil-stock salesmen or cross-word puzzles.

### DERRY METHODIST CHURCH

On Sunday evening the Methodist Church at Derby had one of the largest congregations since the pastor took charge. In connection with the service Miss Frances Parker sweetly sang a solo entitled "Alone." The pastor's subject was based upon the sneer of Satan "Doth Job fear God for naught or does the Christian serve God from a selfish motive."

### WORLD DID NOT COME TO END

Although Friday, February 6th was the day on which the world was to come to an end, according to the beliefs of certain religious sects, no particular change in mundane affairs was noticed. The Seventh Day Adventists' Church through its central organization in the United States, some weeks ago issued an official denial that that church was connected in any manner with the belief.

### THE ARCHER TROPHY

Campbellton defeated the Newcastle curlers in the Archer Trophy contest last night in Campbellton by 3 points. It was a "battle royal" from start to finish; Newcastle at one period of the game leading their opponents by 6 points but a streak of hard luck for one of the local rinks soon overcame this lead with the result that when the game finished Campbellton held the trophy by a margin of 3 points.

### HEARD BY RADIO

Local radio fans Tuesday night had the pleasure of listening in on a very interesting account of the hockey game in the Boston Arena between the Ottawa Senators and the Bruins. The game was a fast and clean one and was won by the Senators by a score of 3 to 1. The Bruins secured their only goal during the first period of the game. The excitement during the latter part of the game was intense and the cheering of the fans could be distinctly heard. When it comes to playing hockey our Yankee cousins have to take a back seat to the boys from this side of the line.

### Head and Chest Colds Relieved in a New Way

A Salve which Releases Medicated Vapors when Applied Over Throat and Chest. Inhaled as a vapor and, at the same time absorbed through the skin like a liniment, Vicks VapoRub reaches immediately inflamed, congested air passages. This is the modern direct treatment for all cold troubles that is proving so popular in Canada and the States where over 17 million jars are now used yearly. Splendid for sore throat, tonsillitis, bronchitis, croup, head and chest colds, catarrh, asthma or hay fever. Just rub Vicks over throat and chest and inhale the medicated vapors. It quickly loosens up a cold.

### CARNIVAL

The Carnival held in the local rink last Friday evening was well patronized and the costumes worn were varied and beautiful.

### LOOK OUT FOR THIS FELLOW

When you have pointed out to you "a man who always has a good word for everybody," you don't have to look any farther in your search for one of the world's most hypocritical liars.

### TO MOVE ADDRESS

The address in reply to the speech from the Throne will be moved in the Senate today by Senator Robinson of New Brunswick and seconded by Senator Tessier of Quebec.

### CANNOT ACCEPT

Rt. Hon. Arthur Meighen, Conservative leader, denies a report published by an Ottawa newspaper that he had been offered a \$30,000 salary with the Metropolitan Life Insurance Company. "I am sorry remarked he Opposition leader "the salary is not enough."

### FURTHER STEP

The purchase is regarded as a further step in rounding out the chain of branches maintained by the Royal Bank in South America. Branches are already located at Rio de Janeiro; Santos and Sao Paulo; in Brazil; Buenos Aires; in Argentina; Montevideo; in Uruguay Caracas, Maracaibo and Ciudad Bolivar, in Venezuela; and in Georgetown and New Amsterdam, in British Guiana.

### McKinleyville School Standing

Grade 1—Lorna Clark 1; Dorothy McGregor 2; Edna Clark 3.  
Grade 4—Hannah Brennan 1; Clara Clark 2; Margaret McKinley Kathleen Duthie 3.  
Grade 3—James Brennan 1; Martha Clark 2; Katherine Clark 3.  
Grade 1—Della Clark 1; David Brennan, Billy Lawson 2; Ruth Clark 3.  
Those making an average of 60 and upwards—Lorna Clark; Dorothy McGregor, James Brennan, Hannah Brennan, Martha Clark; Katherine Clark, Ethel Clark; Della Clark, David Brennan; Billy Lawson; Boyd McGregor; Helen McGregor, Archie Clark.

### Cross Word and Radio Run up Light Bills

Increased electric light bills confronted many householders last week. If members of the family are cross word puzzle fans, don't blame the Electric Light Department. Persons who complain of increases should bear in mind that longer hours with lights going for puzzle and radio fans, is sure to show an increase in the consumption of electric light energy. Pay up and look pleasant is the proper spirit in cases of this kind. It is useless to think that enjoyment of this kind can be had without in some way paying for it.

### Royal Bank Buys Another in South

Montreal, Feb. 3.—Announcement was made here today of the purchase by the Royal Bank of Canada of the capital stock of the Bank of Central and South America; which has paid up capital of \$5,000,000 and reserves of \$2,500,000. It has a total of 17 branches and operates through subsidiaries in Costa Rica; Colombia; Peru and Venezuela. The purchase was made for cash from prominent New York banking interests.

### THE RECORD COLD DAY

Last Sunday, 8th inst. was the sixty fourth anniversary of the record Cold Friday in 1861, in New Brunswick.

### FLOUR DROPPING.

Flour, after having stealthily climbed in price until the peak since the war was reached is now on the decline. A drop of 60 cents a barrel, wholesale occurred last week and a further reduction this week is looked for.

### C.N.R.A. Program Was Heard In Great Britain

Success attended the first attempt of a Canadian Radio Station to broadcast a programme to the British Isles, cables received announcing reception at Liverpool and Manchester of the music and addresses sent out from CNRA; the Canadian National Railways broadcasting center for the Maritimes. The message received by W. D. Robb; vice-president; Canadian National; stated that the first reports in England were received at eleven forty o'clock Greenwich time Station PL at Liverpool sent signals at eleven o'clock Greenwich time on three meters so that owners of sets in British Isles could tune in on the wave length of CNRA at Moncton. There were cables from Newfoundland at the early stages of the broadcast which indicated that the broadcast was receiving a good "cut on its journey across the Atlantic. A great success in every way" commented Mr. Robb when viewing the great flood of messages which had been wired to the Moncton studio.

### Notice of Application For Legislation

Notice is hereby given that application will be made to the Legislative Assembly of the Province of New Brunswick, at the next session thereof, for an Amendment to the Act "THE UNITED CHURCH OF CANADA ACT". Chapter fifty nine of the Acts of the Legislature of New Brunswick 1924, making provision for the time of the vote to be taken between the first day of January, 1925; and the tenth day of June, 1925 ALSO with reference to the qualifications of those qualified to vote.

Dated this second day of February A. D. 1925.

KENNETH J. MACRAE,  
Pugsley Building  
St. John, N. B.  
6-4 On behalf of the Applicants

### Throne Speech Causes Conjecture at Ottawa

Announcement in the Speech from the Throne that the government proposes calling a Conference of Federal and Provincial representatives to consider the advisability of amending the British North America Act with respect to the constitution and powers of the Senate and in other important particulars, has led to some conjecture. While it has been expected that the government would undertake some measure of Senate reform and to this end might seek amendment to the B.N.A. Act there has been no definite indication that further amendments would be sought. It is considered likely however, that one of the matters which may be brought before the Federal and Provincial Conference when it as-

sembles, is the situation arising from the recent action of the Judicial Committee of the Privy Council in upsetting the Lemieux Act. A conference of Federal and Provincial representatives might be thought result in an agreement which would be acceptable to all parties concerned. If the provinces and Dominion could reach an agreement as to their respective jurisdiction in the matter of industrial disputes an amendment to the constitution based on the agreement might be sought. An announcement in regard to the matters which will be brought before the proposed conference is expected during the debate on the address.
