KEPT MONEY PAID BY BANK IN MISTAKE

John McDermid Got Six Hundred Dollars More Than Cheque Called For in Salaries and Did Not Return It With the Result That He Was Arrested For Theft.

The temptation to keep \$600 over-money, which was paid out to him thru an error on the part of the Dominion Bank, proved too strong for John McDermid of 715 Dufferin street.

McDermid, who is a young Englishman, with a wife living in England, was a bookkeeper in the employe of the T. A. Lytle Company, Limited, 106 Sterling road, manufacturers of jams and pickles.

On presenting the pay cheque to the bank last Saturday morning he was handed out seventy ten-dollar bills in place of seventy two-dollar bills, called for in the cheque.

When the money was discovered over that night it was discovered that there was a \$600 shortage and Detectives Cronin and Mitchell were put on the case.

McDermid was suspected, and his arrest last night was the result. He had given notice of leaving the Lytle Company previous to Saturday.

When arrested by the detectives last night McDermid had \$560 of the money still in his possession. The other \$40 he had sent to his young wife in England.

LINA CAVALIERI TO MARRY MURATORE

Divorced Grand Opera Singer Will Soon Be Wed in Detroit.

SPECIAL TO THE TORONTO WORLD. DETROIT, March 14.—Lina Cavalieri, the grand opera singer, who wed and divorced Robert Winthrop Chandler of New York, will be married to Lucien Muratore, leading tenor of the Paris Grand Opera, in this city on March 28.

Mrs. Pankhurst's Defi.

LONDON, March 14.—(Can. Press.)—Mrs. Emmeline Pankhurst addressed a large, orderly meeting in Edinburgh tonight. She said she was certain to be convicted at her trial on April 1, because she would make no legal defence, but that she would immediately begin a hunger strike, and as a result of this confidently expected to address the suffrage meeting to be held in Albert Hall April 10.

Mrs. Pankhurst asked her audience if it was not a far-fetched situation which was bringing the administration of justice into contempt when the authorities were compelled to face the dilemma of allowing imprisoned suffragettes to die or liberating them.

TORONTO PEOPLE TREATED BY FRIEDMANN

German Doctor Injected the Serum With Which He Hopes to Cure Consumption in Men and Children Before Prominent Medical and Scientific Authorities.

Dr. Friedrich Frans Friedmann was known as "the man in the gray vest" at his clinic in the city yesterday. A thousand times was the question asked: "Which is Dr. Friedmann?" and the answer invariably was: "The man in the grey vest."

A large number of Toronto doctors and medical students, and many practitioners of medicine from many places represented by dots on the map of Ontario witnessed the "T.B." clinics of the German experimenter yesterday.

The New York papers, which were unfriendly to Dr. Friedmann, declared that the doctor did not empty his syringe when he made an injection, but that, as much fluid remained in the syringe after the injection as before. They also said that there was no blood on the patient to show that a puncture had been made.

Not all those afflicted with the terrible "T.B." who waited for the Friedmann serum treatment yesterday in the corridors of two Toronto hospitals received the hypodermic injection from the tiny cylinder of glass and steel.

PLACE COUNTRY BEFORE PARTY IN OFFERING AID TO EMPIRE APPEAL OF MANY CANADIANS

Montreal Papers Strongly Support Position Taken by South York Member—Would Eliminate Bitter Political Controversy and Win Approval of Great Body of Public Opinion.

MONTREAL, March 14.—(Special.)—Speaking of Mr. W. F. Maclean's speech of Thursday The Herald (Labour), says: "Mr. W. F. Maclean's remarks in the house yesterday were both timely and sensible. He urged that the interest of Canada, and of the empire called for unanimity of parliament on the naval question. He spoke as a Canadian autonomist, wholly opposed to the Borden resolutions becoming the basis of a policy of contribution, but willing to support them in order to strengthen the imperial navy at this time. In order to attain harmony of action he suggested a compromise, under which Mr. Borden would modify his proposals, but two Dreadsoughts instead of three, and put the rest of the money into a fleet unit for the Pacific coast. By this plan the advantages of the policies of the two parties would be preserved and consolidated, the decision of the country could be left until the next general election, the unseemly wrangling in the commons would cease, and the spectacle would be presented to the world of a united Canada.

Avoid Unpleasant Course. "In addition to these advantages, as Mr. Maclean pointed out, the exceedingly objectionable course of forcing the government's resolutions thru the house under closure would be avoided. It will be of little satisfaction to any believer in imperial unity in defence to reflect that Canada's contribution toward that end was obtained under duress. The case is essentially one for compromise, in order that harmony be attained, and Mr. Maclean's word, we believe, expressed the sentiment of a very large body of our citizenship which has not to this time found representation in the debate of the house."

Represents Large Section. The witness says: "Mr. Maclean's desire for a compromise on the naval question that will please, not the Liberals or Conservatives, but Canada, is a most laudable one. In his attempt at a solution there is a very large and earnest section of the people whose sentiment will have to be taken into account, if the parties wish to face a satisfied country. A large proportion of the people grieve at seeing their

EXPLOITERS ARE FOUND GUILTY OF FRAUD

Albert Freeman Given Five Years' Sentence and Julian Hawthorne and Dr. Morton, Associates in Cobalt Promotions, One Year Each—Was Notable Trial.

NEW YORK, March 14.—(Can. Press.)—The Hawthorne mining trial, which has dragged along nearly four months before a jury in the federal court here, came to a close today with the conviction of the three defendants, Julian Hawthorne, Dr. Wm. J. Morton and Albert Freeman, and the acquittal of Josiah Quincy, twice mayor of Boston, and assistant secretary of state during the Cleveland administration.

Hawthorne, Morton and Freeman were found guilty of making fraudulent use of the mails in selling stock in the exploitation of Canadian ore claims. Quincy, exonerated by U. S. Judge Mayer on all counts of five indictments before the case reached the jury, was held not guilty on the one remaining indictment of conspiracy in allowing his name to be used in promoting the stock. The jury was out 27 hours.

Sentences Pronounced. Judge Mayer pronounced sentence on the three men, whom the jury had found guilty, and paroled Quincy until next October, when he is directed to appear in answer to two indictments still pending against him. Freeman, a New York business man for 26 years, was sentenced to five years in the federal penitentiary at Atlanta. Hawthorne, son of Nathaniel Hawthorne, the novelist, and himself an author, and Dr. Wm. J. Morton, son of Dr. W. T. G. Morton, the first surgeon of ether in surgical operations, were sentenced each to one year and one day at Atlanta. Freeman's prison term date from the first of the present year, and the terms of Hawthorne and Morton from Nov. 25, the day the trial began.

Of twenty-seven counts against the three men found guilty, Freeman was acquitted of four and Hawthorne and Morton of seven each. Judge Mayer granted a ten day stay to allow counsel for the defence to appeal the cases. Pleaded for Hawthorne.

Counsel for Hawthorne pleaded for suspension of sentence for the author.

Dawn of Peace Not Yet

LONDON, March 14.—(Can. Press.)—The ambassadorial conference will meet here tomorrow to consider the reply of the allies to the offer of the European powers to mediate in the war in south-eastern Europe. The reply, it is believed, will fall to supply a reasonable basis for successful mediation. It is assumed that the allies have presented impracticable terms in the belief that Europe is divided into two hostile groups and will be unable to agree to employ coercion against them. There is little doubt also that the allies expect the early fall of both Adrianople and Scutari. It is stated in Belgrade that the Serbian siege army now preparing to bombard Scutari numbers 42,000 men.

WIFE OF KHEDIVÉ HAS DISAPPEARED

Austrian Consort of Egypt's Ruler Causes Sensation by Vanishing.

SPECIAL CABLE TO THE WORLD. LONDON, March 14.—(Copyright.)—A story is published in the newspapers here today saying an extraordinary sensation has been created in Cairo society by the sudden disappearance of the Khedive's consort.

The lady, who is Austrian by birth, unexpectedly vanished several days ago, and no trace of her has been found.

Owing to the reluctance of the Khedive's court to say more about the affair than is necessary, the exact date when the lady disappeared cannot be ascertained, but of the main facts there is no doubt whatever.

Cairo is in the full swing of the season at the present time, and it has been impossible to keep the matter altogether secret, despite the Moslem traditions of the country. The present Khedive's wife is well known in general society.

TERRIBLE STORY OF IMMORALITY WAS TOLD

Amy Steyn, Eighteen Years Old, Was Taken to Downtown Offices, Hidden in a Large Safe, Housed With Foreigners and Finally Died in Jail.

"I cannot believe that you were not shocked by the revelations produced in the witness-box tonight," said Coroner Dr. Young at the inquest at the Morgue last night into the death of Amy Steyn. "This, the worst kind of immorality, is going on in the City of Toronto—this, the city of churches—and to think that this condition of affairs exists. If the mother's story is true, a girl not more than a child was procured by a woman, nothing more than a fend, and taken down town on a pretence of going to one of the larger stores, and was landed in an office on King street and ruined by some man, for whose back the lash is not made too hard. This young girl was arrested in a place on St. David's place, where she was living with a number of foreigners. This place was described by officers as unfit for man or woman. She was taken to No. 1 Police Station, and later to the jail.

"Regarding marriage licences. Do you not think that some law should be introduced regarding marriage of foreigners? What is this country going to come to, if any foreigner can marry our Canadian girls? There is a law which prevents white girls from working and living with Chinese men. Don't you think a law should be passed applying to all foreigners?"

Amy Steyn was the 14-year-old girl who was arrested in a house on St. David's place, where she had been living with a number of foreigners. She was taken to the jail, where she was developed and she was moved to the General Hospital and operated on, but she died almost as soon as being moved from the operating table.

Locked in an Office. The mother, Mrs. J. C. Steyn, testified that the girl had been living at home on and off, and from time to time the girl went out to work. The mother stated that when they were living on Carlton street the girl was invited downtown, to Eaton's, by a lady who was also staying at the same house. Her daughter did not come home till late that night, and told her mother, when questioned, that they had gone to the Woodbine in an auto, but on the way she had been taken to an office on King street and the door was locked and she found herself in the office with a middle-aged man.

Hidden in a Safe. After losing track of her two daughters for some time last fall the mother

CROTHERS AND PUGSLEY CLASH PERSONALITIES ROUSE HOUSE TO HIGH PITCH OF FEELING

Closure Threatened

OTTAWA, March 14.—(Special.)—Hon. Robert Rogers announced to the house tonight that hereafter the debate on the naval bill would be kept within strict bounds, and that the rules of the house would be enforced against dilatory discussion.

"If these rules are not sufficient," he continued, "the government will bring in amendments which will make them sufficient. Representing as we do the majority of the people, we intend to pass this bill, believing it to be in the best interests of Canada and the empire."

There was a violent scene in the house this afternoon, and for nearly an hour complete pandemonium. Hon. T. W. Crothers, minister of labor, and Hon. William Pugsley, ex-minister of public works, were the two principal figures in the wordsy encounter, but members on both sides by loud cries and constant interruptions threw the house into great disorder.

Mr. Armstrong of East Lambton, who was in the chair, did his best to preserve the peace, in which laudable effort he was assisted by Finance Minister White. Both Mr. Crothers and Mr. Pugsley were quite belligerent, and their supporters urged them on.

Mr. Melgoin, the Conservative member for Portage la Prairie, and Mr. Boyce (W. Algoma) took an active part, and the unprecedented spectacle was presented of government supporters appealing from a decision of the chair. Only the entrance of the prime minister brought the members back to their senses, the disorder ending as quickly as it began, with neither side victorious.

How it Started. It appears that night before last when Hon. George P. Graham was speaking on the naval bill, he made the statement that a shipyard suitable for the construction of dreadnaughts could be established at a cost of \$4,000,000. Being asked what authority he had for this statement, he referred to the big shipbuilding plant at Fall River, Mass. Now with the president of this firm Mr. Pugsley has had considerable correspondence with which he has favored the house upon many occasions. The government supporters, seeing that Mr. Graham was simply following in the wake of his colleague from New Brunswick, called out, "Your authority is Pugsley."

Whereupon Mr. Crothers, the minister of labor, smilingly added, "Slippery Bill," "Slippery Bill" being a sobriquet applied by his enemies in the past to Mr. Pugsley.

Unparliamentary Remarks. That gentleman today rose to a question of privilege. He explained that he was not in the house on Wednesday night when Mr. Crothers used the expression, and the offence had not been dealt with at the time because at the time if Mr. Pugsley was correctly informed, his hon. friend, the minister of labor, was somewhat intoxicated.

This brought Mr. Crothers to his feet with an indignant denial, and the Conservative members shouted, "Take it back." "Order," etc.

Chairman Armstrong called Mr. Pugsley to order and the latter admitted that he might have been misinformed. He had been told that the expression had been overlooked on Wednesday night because of the minister's condition. He was delighted to learn that the information was not correct and therefore withdrew the charge of intoxication. He desired, however, to say that the expression used by Mr. Crothers had been "dastardly" and "ungentlemanly."

War of Words. This led to another scene of wild disorder. Mr. Crothers, backed by his friends, demanded that Mr. Pugsley should withdraw the words "dastardly" and "ungentlemanly" while Mr. Pugsley and his supporters no less vehemently insisted that Mr. Crothers must withdraw and apologize for his reference to "Slippery Bill."

Chairman Armstrong, whose voice could scarcely be heard thru the incessant din and confusion, appealed to both gentlemen to withdraw their statements, and after some semblance of order had been restored, Mr. Crothers explained that he had only used the phrase "Slippery Bill" in a general way, having no particular person in mind, but if Mr. Pugsley was of the

Dinsen's Dollar Hats. Saturday night is the time for dollar hats at Dinsen's. The regular weekly sale begins at 6 o'clock and stores close at 10 o'clock. It is called the basement sale, because these dollar hats are sold in the basement. This Saturday night sale of men's hats for one dollar is put on at Dinsen's for advertising purposes, and every person who gets one of these hats for one dollar at this sale remembers Dinsen's with a good deal of satisfaction. Come on in with the crowd. W. & D. Dinsen Company, Limited, 140 Yonge street corner Temperance.

The Play of the Century. The dramatic sensation, "The Play of the Century," which was received by crowded houses here early in the theatrical season and which will be at the Princess next week, has been called by the critics "the play of the century." The advance sale of seats for the week is now open at the theatre.

AT IT AGAIN

SNOW PREDICTED TO FALL TODAY

Lightning-Like Change From Remarkable Spring-Like Weather to Winter Again.

For March 14, the temperature yesterday was remarkable. The mercury rose 25 degrees higher than the average for spring, the highest reached being 64. The lowest was 48.

With the rain last night the air became even warmer. The downfall was accompanied by the first thunderstorm of the year and per usual on such occasions the power supplied by the Toronto Electric Light Company went off, but fortunately for only a short time.

The spring break-up occurred on the Humber River during the rain-storm and the accumulation of ice swept to the lake with a mighty force, lifting logs from the shores and carrying them down the river. Very little damage was done to property, although the residents along the river banks were caught unawares.

According to the weatherman winter is returning, snow flurries being prophesied today. The rain came from the east, striking Quebec at 3 o'clock in the afternoon and reaching here about ten last night. Western Ontario was also given a good soaking. It is not thought that the wet weather will continue.

That spring has come is proven by the fact that a number of canoeists ventured out on the lake off the Beaches and on the Humber River.

SCARBORO OLD BOYS' BANQUET MOST SUCCESSFUL YET HELD

Lights Went Out, But Fun Went On — Floods in County Cause Damage to Bridges—Davisville Methodists Have New Minister—General County News.

The Clyde Hotel, Toronto, was the hub of Scarboro Township last night when the Scarboro Old Boys met for their annual reunion. There were young old boys and old young boys from the highways byways and far back concessions in Scarboro. City men, too—bankers, bakers, farmers and lawyers. Almost every business was represented. Some of them were real old boys, but what is age when one can sweep the wings of memory and the heart is young?

Alexander McCowan, M.L.A., was there. James Cornell, reeve of Scarboro; T. C. Irving, David Beldam, Robert Burns, Thomas Jackson, D. Morrison, A. J. C. Clark, Henry Swan, Alex. Baird, R. Newell, Geo. Liddle, John Nelson, James Wilson and a host of others whose hearts are true to Scarboro.

The banquet was a real banquet from the blue points to the cheese, and the old boys showed their appreciation in the most practical manner. "Dixie" was in the air. How the singing when of old war power and "Dixie" withered in the darkness. A stable lamp was swung from the candelier. It was another source of reminiscences and the fun swung on.

Edward Jackson, the president, warmed everyone's heart with a speech of welcome, and Reeve Cornell said a number of things about Scarboro, old and new, that delighted everybody. T. C. Irving was introduced as the champion story-teller. There is no doubt about it he gets a laugh every minute by the clock. There wasn't an old boy present as young as T. C. last night.

J. Leckie Wilson, president of the Scarboro Old Boys, said something to be a Scarboro Old Boy when the annual banquet comes round.

BRAMPTON.

The Copeland-Chatterton Co. are giving a class of thirty of their employees a course in first aid to be conducted under the auspices of the St. John's Ambulance Corps. All necessary appliances for giving aid in time of accident have been put in by the company. Five lectures are being given by Drs. Sharp and Lawson, with an examination and diploma at the close.

Brampton is in a fair way to secure another industrial plant in the Downing Shoe Company, Limited, a company composed of western men and former travelers of the Williams Shoe Company. Mr. Kneisel, the local representative, has presented the facts before the council and board of trade. They ask for a loan of \$15,000 with exemption from the ratemakers. The company is capitalized at \$200,000 and will build a \$20,000 factory, employing not less than 65 hands, turning out 600 pairs of shoes per day. London, St. Thomas, St. Catharines and Stratford have given the company inducements and there is a concern the ratemakers of the town should not let go by.

There was a fairly good attendance at the meeting of the board of trade on Monday evening, when a special program will be given, consisting of Irish songs, duets, and recitations. An address will be given by the Rev. Dr. Craw of Bolton by B. F. W. Vegenast. That the board of trade be urged to work out some principle to bring further industries by advertising and otherwise, and was unanimously carried. It has been the desire of some to see Brampton a residential suburb, as was voiced by Messrs. Wegenast and C. S. McDonald, but they were of the opinion that what was best for the majority of the ratemakers could not be overridden by them, and they were willing to sacrifice their interests for the well-being of the community. Messrs. R. Pringle, B. F. W. Vegenast, J. S. Beck and A. H. Milner spoke in favor of advertising, and advocated the bonus system of securing new concerns. Mr. Kirkwood of Toronto, an old Brampton boy, suggested that the town conduct an advertising campaign through the medium of the six Toronto daily papers at a cost of \$15 per year. The board of trade will immediately take action in locating new industries.

SCARBORO TOWNSHIP.

There will be a special meeting held in Agincourt hall on Monday night to discuss the possibility of starting a continuation class in the new school, which is to be built in Agincourt. The meeting will get down to business at 8 p.m. sharp, and G. K. Mills, inspector of continuation schools in Ontario, will be present to give expert information regarding the annual cost of a continuation class and the amount of grants which may be received from the education department. When the proposal was first made to establish a public school in Agincourt there was a good deal of discussion, and some residents in school sections 1, 2, 5 and 6 were very much opposed to it, but if in the new school at Agincourt provision is made for continuation class pupils from other schools can continue their education at Agincourt. It will be necessary, of

course, to make the new school a little larger than originally contemplated. Trustee W. H. Patterson worked very hard to get a school at Agincourt, and he is particularly anxious that there should be a good representation on Monday night from school sections 1, 2, 5 and 6. With Mr. Mills present there will be no dearth of information and the meeting promises to be very interesting.

TODMORDEN.

A farm on the north shore of Hudson Bay may probably be the first prize, which Jack Byers won at the euchre party following the regular meeting of the Todmorden District Conservative Club, which was held last night at the home of Mrs. J. J. Knowlton. The prizes were won by the following: Best euchre player, J. J. Knowlton; best card player, J. J. Knowlton; best card player, J. J. Knowlton; best card player, J. J. Knowlton.

DAVISVILLE.

Owing to continued illness, Rev. Mr. Locke, pastor of Davisville Methodist Church, has decided to vacate his pulpit. A call has been extended to and accepted by Rev. A. A. Wall, who is now closing a successful four-years' pastorate at Saint Ste. Marie. The congregation is very fortunate in securing the services of Mr. Wall, who is an able preacher and is very popular.

THORNHILL.

The Literary Circle will hold an "Irish Night" at the home of Mr. D. James on Monday evening. Everyone will be expected to give a selection of Irish prose; poetry or humor. Appropriate musical selections will be rendered, and the Rev. Mr. Findlay will give an address in keeping with the occasion.

BRADFORD.

It is reported that the Mickle Advisory Co. are considering the advisability of removing their factory from Bradford to Toronto and that they may probably close down at an early date. This will be a considerable loss to the town, as it will necessitate the removal of some families who have lived in Bradford for years.

WOODBRIDGE.

One of the worst icejams seen for years occurred last night when the ice got packed south of Abel's shops, backing the water over the road leading to Pine Grove and making it impossible for traffic. The water was a perfect sea on the old fair ground, threatening to wash away the new filled wall back of the Toronto Suburban Railway. The Levi Kaiser, with the use of dynamite, was able to let it loose at 4 p.m., when it carried away the footbridge over Wallace Brook's dam.

The young people of the Presbyterian Church will give an Irish night on Monday evening, when a special program will be given, consisting of Irish songs, duets, and recitations. An address will be given by the Rev. Dr. Craw of Bolton by B. F. W. Vegenast. That the board of trade be urged to work out some principle to bring further industries by advertising and otherwise, and was unanimously carried. It has been the desire of some to see Brampton a residential suburb, as was voiced by Messrs. Wegenast and C. S. McDonald, but they were of the opinion that what was best for the majority of the ratemakers could not be overridden by them, and they were willing to sacrifice their interests for the well-being of the community. Messrs. R. Pringle, B. F. W. Vegenast, J. S. Beck and A. H. Milner spoke in favor of advertising, and advocated the bonus system of securing new concerns. Mr. Kirkwood of Toronto, an old Brampton boy, suggested that the town conduct an advertising campaign through the medium of the six Toronto daily papers at a cost of \$15 per year. The board of trade will immediately take action in locating new industries.

WARD SEVEN.

About 5.35 yesterday afternoon some passersby noticed smoke issuing from a house at 149 St. John's road, and in a still alarm to the Keele street fire station. The house was a two-story frame structure owned and occupied by Wm. Wylie, and family, who were all out at the time. During their absence a blaze broke out in the kitchen through an unknown cause, and when the fire departments arrived the house was in flames. Fortunately there was no wind at the time and the fire was soon under control. The damage will amount to about \$700, all of which is covered by insurance.

Building prospects in Ward Seven look bright for the spring months, and March, which is always one of the slackest months in this department, bids fair to be a record-breaking month. The Gurney Foundry yesterday took out permits for a one-story brick and concrete core shop at their present plant on Junction road, which will cost \$40,000, and also a permit for an addition to their factory, costing \$40,000. These, with others, made a total of \$72,000 worth of Ward Seven permits for Friday alone. So far this month the permits issued have a total value of \$107,670.

Toronto Junction Council No. 269 held their annual Irish Night in St. James' Hall last night. An excellent program consisting entirely of Irish selections, musical and otherwise, was rendered by the S. C. Miss Grace Brooks presiding in the chair. Rev. Prof. Pidgeon, D.D., of Vancouver, B.C., a former pastor of the Victoria Presbyterian Church, is spending a few days here with his family on his return home from Coolah, where he has been taking a post graduate course at Edinburgh University, and will occupy his old pulpit on Sunday evening.

found out that they were keeping company with a jeweler by the name of Smith, who had an office on Adelaide street. She went there and demanded that her daughters be given her, but Smith replied that they were not there. Mrs. Steyn gave Smith a few hours to produce her daughter and when she went back she found Amy, but her other daughter Lillian did not come home till late that night. Amy told her mother that Smith had a large safe where he hid the girls when the police came around. She insisted that they be represented and that a percentage of the sum shall be put into active work in the promotion of international good will. There ought to be a world organization for the promotion of peace and it ought to secure subsidies from the wealthy nations in proportion to their burden. If it is replied that Canada has no business so to interfere in world politics, then she has no business to build a navy. Let us have a compromise proposition, with a good peace grant. How far will Sir Wilfrid Laurier go? How far will Mr. Borden go, towards such a compromise?

CROTHERS AND PUGSLEY CLASH

Continued From Page 1.

opinion that he was the only member of the house to whom the phrase could be appropriately applied, then he (Mr. Crothers) would withdraw it.

Crothers Obstinat.

These sarcastic observations threw the opposition camp into an uproar and once again confusion reigned. Several times Mr. Crothers was urged to withdraw or apologize, but it cannot be said that he did either. Chairman Armstrong, however, finally ruled that the minister had tried to make a withdrawal, and let it go at that.

Then Mr. Boyce of West Algoma, who is keen on parliamentary points, insisted that Mr. Pugsley must be disciplined. He called upon the chairman to direct the ex-minister to withdraw the words "dastardly" and "ungentlemanly."

Mr. Armstrong ruled that these terms were unparliamentary when applied by one member to another, and Mr. Pugsley then said that he did not apply them to the minister of labor, but to the language which he had used.

The chairman, glad to close the session in any way, accepted this as sufficient, but many of the Conservative members strongly objected, especially Mr. Boyce and Mr. Meighen, the latter formally appealing to the ruling of the chair.

Wild Disorder.

No one yet knows what became of this appeal, because in the din and uproar it was not acted upon. The discussion continued as well as it could, several members addressing the chair at the same time. No sooner did a Liberal arise than the Conservatives howled him down, and the Liberals to the extent of their lung power and speaking abilities, prevented any Conservative from being heard.

Finance Minister White, however, got a hearing and stated to his personal knowledge that his colleague, Crothers, was a thoroughly respectable man at the time of the "Slippery Bill" incident.

Goaded by his friends on the government side, Mr. Armstrong suddenly changed his ruling, and declared that Mr. Pugsley must withdraw his charge that the language used by Mr. Crothers was "dastardly" and "ungentlemanly."

"That," said Mr. Pugsley, "is absolutely refuse to do. If you can suggest any stronger words in which to characterize the language of the minister of labor I will be glad to use them also."

"Make him obey," shouted the Conservatives, to which the Liberals responded, "Shut up," and "Sit down."

Messrs. Boyce and Meighen again got into the fray, and pointed out to Chairman Armstrong that his ruling was being disregarded by the ex-minister of public works.

Mr. Armstrong was quite aware of this fact, but was uncertain how to proceed. Indeed, his voice could scarcely be heard for the shouting on both sides of the chamber. At this juncture Mr. Borden entered the house, and there was comparative quiet. Mr. Pugsley obtained leave to re-state his position, and climbed down to some extent. He said that he would bow to the ruling of the chair, and admit that he was wrong in characterizing any language used in the house as "dastardly" and "ungentlemanly." If the minister of labor would repeat the language of Wednesday night in any other place, however, Mr. Pugsley would lose no time in characterizing it by the same way.

This closed the incident, and Judge McKenzie of Cape Breton resumed the naval debate.

Within five minutes the gallery, which had become crowded, was again deserted, and only a corporal's guard of members detailed for duty remained upon the floor.

DIED WHILE AT WORK.

John Bell Had Sudden Seizure of Heart Trouble.

John Bell, of 7 Rhodes avenue, an employee of the Tyndale Iron Works Fittings Company, Limited, 19 Temperance street, was taken suddenly ill while at work yesterday afternoon, and died shortly afterwards. Drs. Wharton and Rice, of 167 Bay street, who were called, pronounced death to have been due to heart trouble. Bell was 55 years of age, and married. His body was removed to the morgue,

DR. CLARK SPOKE BY CANDLE LIGHT

Power Went Off and Association Hall Was in Darkness.

THROUGH TURNED AWAY

Liberals Heard Good Address on the Present Navy Issue.

While Dr. Michael Clark, M.P., of Red Deer, Alberta, was speaking to nearly two thousand good Liberals on the naval question last night at Association Hall, the lights went out. For the rest of the Liberal orator's address the hall was in almost absolute darkness, but the good Liberals kept their seats while Dr. Clark, by the feeble rays of one candle, two inches long, read quotations from speeches delivered by Mr. Borden and other Tories when they were in favor of a Canadian-built navy.

Dr. Clark did not say anything about the naval question that he has not said before by copious public speakers and by the members of the Liberal opposition at Ottawa in the debate on the naval aid bill, and in the pursuit of the appointment as entered the hall, which will seat 1800 persons. Hundreds stood up and the platform was crowded with as many people as could possibly find room on it.

The eloquence of the man from Red Deer justified the attendance. He attacked the government with a power and vigor that probably his hearers had not heard him speak before. He repeated the things which the Liberal speakers have said about the naval question, but he added clever satire and sharp wit of his own.

HIGHER SALARIES GIVEN TEACHERS

Board of Education Unanimous in Adopting New Pay Schedule.

After four night and three afternoon conferences the finance committee unanimously adopted a salary list, which was adopted without a single alteration by the board of education at a special meeting last night. (Toronto) Trustee Brown in presenting the report, pointed out that 120 additional teachers were added last year. The new schedule raised the minimum to \$600 for public school teachers. This was the lowest living wage which could properly be offered.

Last year's figures were: For public school teachers \$1,189,000, high schools \$172,000, technical \$45,000, commercial \$21,800. Total, \$1,426,800.

In accordance with the new schedule last year \$60000 was added to the \$38,788, high schools, etc. \$28,058, a net increase of \$128,766.

The salary list will also include a natural increase for length of service, totaling \$66,250.

The salary of Principal McKay of the Technical School was raised from \$5000 last year to \$6000.

Chief Inspector Hughes, who is continuing in office at the request of the board, pending a reorganization, remains at \$4000.

Sanitary Engineer Doughty, who a year ago offered to take the position at \$1800, was given the most significant raise. He was appointed at \$2000, and is now offered a reasonable figure to start with. His services have proven so valuable that the board was unanimous to give him \$2000 this year.

CITY WRESTLING FEELS TONIGHT

Mat Artists Have One Semifinal For Decision Tonight

Finals Will Provide Great Sport.

Last night at Central Y.M.C.A., the city wrestling championships were pretty well concluded, and only one semi-final bout and the finals are on the card for tonight. Clever, aggressive wrestling was the feature of the evening's exhibition, and nearly every bout was keenly contested to the bitter end. Lapponen of the Finnish Club was the only man to survive in two classes, and he is slated for the finals of the 168-pound and the heavyweight class. Three Buffalo mat artists entered, but only two reached the finals. Kelso School and Central are also fairly well represented. Baker, the ex-Canadian 135-pound champion, tackled the 145-pound class with only three weeks' training, but succumbed in the semi-finals after the first bout, when his stomach went back on his heels. Heads, ex-150-pound Canadian champion, of Varsity, was the referee. The lights went out about half-way thru the evening, and the wrestlers had to work in semi-darkness, as the gaslight was very poor.

The results: Summary.

105-pound class—Kaiser (Central) received the decision from Rymal (Kelso), who won after 2 1/2 minutes, complaining of sickness.

115-pound class—Duguid (Central) won from West (Evangella) after six minutes of tame wrestling. Received decision.

125-pound class—Durnan (Kelso) had Callum (untested) on the defensive for all of the six minutes before he received a decision.

135-pound class—Thompson (Central) wrestled six minutes with Bette (Brantford) without any advantage, and another bout was ordered. After a rest Thompson received a decision in three minutes.

145-pound class—Thompson (Central) in 2:10 with a half-Nealon and body hold.

160-pound class—Thompson (Central) in 3:30 with an arm lock.

165-pound class—Brown (Brantford) secured a fall from Harpley (Central) with a near roll, coupled by an arm and neck hold.

175-pound class—Haynes (Varsity) made short work of Cranboro (Brantford), throwing him in 1:02, with a head and body hold.

185-pound class—Adams (West End) secured decision over Stolt (Finnish).

Gibson (Kelso) secured a fall from Harvey (Central) in 1:45, with an arm lock.

Baker (Central) threw Kuhry (Central) in 2:25.

Semi-finals—Haines (Varsity) received a decision over Adams (West End), in nine minutes of wrestling. Gibson (Kelso) won from Baker (Central), who was unable to continue, in elimination three-minute bout.

155-pound class—Lapponen (Finnish) and Brown (Brantford) went six minutes without a decision being rendered, and another bout was ordered. Lapponen, however, only took 54 seconds to throw his man.

Rice (Buffalo) got decision from Nakenen (Finnish) in six minutes.

Ball (Central) received a decision over Smith (Brantford) in six minutes of wrestling in semi-darkness.

Semi-final—Reese (Buffalo) won by default from Ball (Central).

Heavyweight—Sherwood (Buffalo) threw Salo (Finnish) with an arm and neck hold in 2:40.

Lapponen (Finnish) threw Gibson (Kelso) in 2:45, with an arm lock.

Semi-final—Lapponen (Finnish) received decision over Brown (Brantford) in six minutes.

Semi-final—Sherwood (Buffalo) secured a fall from Virovi (Finnish) with a rear arm lock in 3:20.

Draw For Tonight.

The final draw for tonight is as follows:

105-pound class—Kaiser (Buffalo) v. McIntyre (West End).

115-pound class—Duguid (Central) v. Hoos (Central).

125-pound class—Durnan (Kelso) v. Snelgrove (Kelso).

135-pound class—Jacobson (Central) v. Walsh (Central).

145-pound class (semi-final)—Brown (Brantford) v. Gibson (Kelso); Haines, bye.

155-pound class—Rees (Buffalo) v. Lapponen (Finnish).

Heavyweight—Sherwood (Buffalo) v. Lapponen (Finnish).

GRAY FADED HAIR, OR BEAUTIFUL, DARK, ATTRACTIVE—CHOOSE, MADAM!

Says Sage Tea Mixed With Sulphur Restores Natural Color and Lustre.

Gray, faded hair turned beautifully dark and lustrous almost over night. In reality, if you'll take the trouble to mix sage tea and sulphur, but what the use, you get a large bottle of the ready-to-use tonic called Weyth's Sage and Sulphur Hair Remedy at the drug stores here for about 50 cents. Millions of bottles of "Weyth's" are sold annually, says a well-known druggist, because the hair so treated is naturally and evenly dark, no one can tell it has been applied.

You just dampen a sponge or soft brush with Weyth's Sage and Sulphur

O. H. A. Picked Team Win at Orillia on Watery Ice by Four Goals.

(By D. L. Snedon.) ORILLIA, March 14.—(Special.)—The All-Star Juniors came into their own here tonight. They turned a trick that many teams have tried for three years and failed to do.

The picked team of the year, with the Stars showing a wonderful reversal of form. The picked team that kept them from stage fright and went right after the titleholders from the first bell.

The swimming was all to the merry when they waded in for the last set. Smith and Fair rushed to the Orillia end from the side that was poor under the Stars the lead when he butted in a pass from Tobin in the corner.

All-Stars (4)—Goal, Laird; point, Whitty; cover, Sanderson; rover, Fair; centre, Smith; right, Tobin; left, Moroz.

ONTARIO JOCKEY CLUB STAKES

King's Plate Has 42 Entries, Including Hearts of Oak, Ondramida, Battle Song, and Others.

The probability of Harry Giddings' superb colt, Hearts of Oak, starting in the King's Plate this year did not deter owners of other eligibles in entering for the great turf classic of the month. For when entries closed March 1 for this event, no less than forty-two nominations had been mailed to secretary Fraser of the O. J. C. and the list of nominations is the most representative that we have ever had, including as it does the names of twenty-nine different owners.

Naturally the big stables such as Seagram's, Hendrie's, Giddings' and Brookdale and Davies, have a number of strings to their bows. The O. J. C. President nominates four, all three-year-olds, including Battle Song, a bay filly by Havoc-Rose Madrigal, and Maid of Frome, a bay filly by Havoc-Frome, that won last year as two-year-olds.

Harry Giddings has also entered four, including Hearts of Oak, the Canadian champion two-year-old of 1912 and Ondramida, the latter a half-sister to Ondramon, the latter's entries are all by Basewell and one of the four, Venus Urania, is a three-year-old own sister to the 1911 King's Plate winner, St. Bass. Of the Brookdale stable's four, two are by the King of Edwards Hotel Cup and Toronto Cup winner, Tongoro, one by Port Hunter, Canadian Derby winner, Toronto Cup winner, and one by Sain, sire of Hecsey, last year's Plate winner.

Two of the three nominations of Robert Davies, are by Orme Shore and the other by A. J. Or. Among Col. John S. Handrie's entries is that of Rockspring, a four-year-old gelding by Martimus, (Futurity winner) out of Springwells. Mrs. Livingston, whose colors are popular on the big tracks, has no entries for the Plate as the O. J. C. ruled that horses owned by her were not eligible as she is not a bona-fide resident of Ontario, but several that were foaled on her Pontiac farm at Cobourg, are nominated by other parties who bought them as yearlings or as two-year-olds.

The filly Auster, by Stanhope II—Athleen, owned by J. S. Flynn, of Prescott, is entered and this one is a product of the Pontiac Farm, and Auster carries the distinction of being the only Province-bred to take the measure of Hearts of Oak last year. The Maple Leaf Stakes to be run in 1914 and the Breeders' Stakes are so to be run next year, closed March 1, the former with 47 entries and the latter with 19.

No less than 81 nominations were made in the Stanley Produce Stakes, which is for foals of 1913, and which will be run in 1914. The excellent list of nominations for the different early closing events promoted by the O. J. C. is most encouraging and exceedingly large number of entries for the King's Plate we may reasonably expect the usual big field of starters.

The local authorities at La Praz, Canton of Valais, have passed a law ordering all school children under the age of ten years to remain at home after 7 p.m. If they are found in the streets after this hour the parents will be fined two shillings for each child.

POLICE OFFICERS ADMIT GRAFTING

Wahs Tells of Fund Raised by Officials to Protect Policemen.

Witness Was Bribed

Hartigan to Give Version of Affair on Stand Today.

NEW YORK, March 14.—(Can. Press.)—The "system" described as an alliance between the police and underworld, was attacked by the state today through John J. Hartigan, a patrolman, who was placed on trial in the supreme court.

He gave false testimony, it is alleged, in an attempt to aid "men who were in the department to escape punishment."

He was prepared by District Attorney Whitman for the first move in his prosecution in which he hopes to send to prison police officials and politicians who have been accused before the grand jury.

The state's principal witness was Thomas W. Walsh, a suspended police captain, who has confessed himself a briber. In a state of collapse Walsh was assisted to the witness stand almost inaudible. After his examination he was placed under the care of physicians.

Fund to Defend Policemen.—Walsh told of a fund raised by police officials as counsel fee for Eugene Fox, a policeman who later pleaded guilty to bribing a witness against the "system" to leave the state.

The specific charge against Hartigan is that he did not act as messenger to get this fund into Fox's hands. Walsh testified today, however, that Hartigan came to his home direct from the witness stand, carrying an envelope containing money.

Fox's wife, Walsh said he obtained the money already in the envelope, bearing \$500 in all, and told Hartigan to take it to Fox at police headquarters and to instruct her to count it.

Walsh testified as to handing her \$150 and \$150 and of overhearing his conversation with Hartigan.

Hartigan came in and started to count the witness. "I was very angry and tried to stop him. After he had counted him, he said Mrs. Walsh had

Don't Neglect CATARRH.

Take it in hand at once! Drive it out of your system before it ruins your health—your happiness—your very life's welfare itself!

Don't be blind to its dangers, because it works so quietly. Catarrh wrecks more lives than we realize.

Are you making that common, dangerous mistake of thinking Catarrh a trifling ailment? Are you fooling yourself with the idea it's only a stubborn, obstinate head-cold that in time will "cure itself"?

Don't deceive yourself any longer! Catarrh can't cure itself. With your head-ache, sneezing, watery eyes, itching, burning, splitting, four-breathed nuisance—an object of disgust to every one you meet. Worse still—Catarrh may get down to your lungs.

Once Catarrh settles on the lungs it's no longer Catarrh—It's Consumption. Consumption comes from neglected Catarrh, and over two million people die every year from Consumption.

CURE YOUR CATARRH NOW—don't let it run on another day. Write to me at once and let me give you the most helpful and valuable

ST. CLAIR METHOD WAS DISTASTEFUL

Judge Fined Social Reformer Twenty-Five Dollars—Will Appeal.

WOULDN'T GIVE A BOND Declined to Refrain from Publishing Literature in the Future.

Convicted in the court of general sessions last fall of publishing indecent literature, R. B. St. Clair appeared in court yesterday morning and was fined \$25 for having refused to leave the court on suspension of sentence. His honor declined to grant the conviction despite the able argument offered by W. E. Raney, K.C.

In passing sentence, Judge Denton mentioned the fact that St. Clair had taken into consideration the treatment Mr. St. Clair received at the hands of the police. Although this fact had no effect on the conviction, the judge believed the accused had suffered greatly and accordingly he had decided to impose a lighter penalty than would otherwise have been the case.

When asked to furnish a bond that he would in future refrain from the publication of all such literature, counsel for Mr. St. Clair refused to do so. He described the suspended sentence as a "life-blasting stigma and one which the defendant did not care to bear."

Mr. Raney's plea was very forceful. He attempted to convince his honor that there were many reasons why his client should be discharged. When one learned justice of the court of appeal had taken a different view of the case from that of the trial judge, it was ample evidence that the conviction should be quashed, he said.

Judge Denton pointed out that four other judges of the court of appeal had sustained the conviction. He therefore, could do nothing but pass sentence. Before doing so, his honor declared in the favor of social reform, but the methods applied by Mr. St. Clair were distasteful.

Mr. Raney asked for a stay in the payment of the fine for a month, when he would appeal to the governor-general-in-council. The stay was granted.

\$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, fading memory and lame back, brought on by excesses, unnatural diet, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and verity, quickly and permanently, should have a copy of it. I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of the quickest acting restorative, upbuilding, "SPOT-TOUCHING" remedy ever devised, and so cure himself at home quickly. Just drop me a line like this: Dr. A. S. Robinson, 333 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain, ordinary envelope free of charge. A great many doctors would charge \$2.00 to \$5.00 for merely to send it entirely free.

W. F. ROBERTSON DEAD.

He Lived in Toronto for 63 of His 84 Years.

William F. Robertson, who recently died of pneumonia in his 84th year, was a resident of Toronto for sixty-three years, and was the eldest son of Maj. W. F. Robertson of Toronto, and father of the late chief of police of Winnipeg, is survived by four daughters, Mrs. Fawcett, Mrs. Frank Unser of College street, Mrs. D. W. Fraser, Mrs. E. J. McChesney, and one son, Edmund E. Robertson. The funeral will take place Monday at 3 o'clock, to St. James' Cemetery.

TO BOOM KENT COUNTY.

CHATHAM, March 14.—(Special.)—A meeting of the Kent Publicity Association was held in this city today and arrangements were made to conduct a campaign of advertising in the old county. An exhibit will also be placed in the Toronto Exhibition.

Most of the municipalities of the county were made to contribute to the success of the association. An exhibit will also be placed in the Toronto Exhibition.

SHAW ST. DUMP TO DISAPPEAR

No More Garbage Will Be Deposited and Nuisance Disappears.

TERAULAY ST. WIDENING Work Soon Starts on Improvement North of College Street.

About one hundred men and women from Shaw street occupied upon the civic works committee yesterday afternoon and demanded prompt relief from the stench of the Shaw street dump north of Bloor street. Each of the complainants told a tale of misery, one declaring that garbage collected at back doors is dumped at front doors. "A seething mass of maggots, flies and rats," was one description of the dump.

Al McBride said he had visited the Shaw dump recently and it was awful. He moved that the dump be covered with earth at once, and no more garbage taken there.

Commissioner Harris said until incinerators are established there must be dumps such as at Shaw street. He admitted that it would take two or three years to build incinerators.

"There'll be no more dumping of garbage of the Shaw street dump," Chairman Dumais declared to the deputations when Al McBride's motion was unanimously adopted.

Another motion was put thru to have Commissioner Harris report upon the condition of all the garbage dumps in the city.

A deputation of the East End Ratepayers' Association asked that gates at back doors be closed, and that instead of an electric bell, the bell not working in bad weather. Evidence is given by the Dominion Railway Board of the failure of the bell to protect the crossing.

Teraulay Widening. Discussing the widening of Teraulay street, Al Weston declared emphatically against an 86 foot width and insisted that the people should first vote upon so large an expenditure of money as would be required.

Ald. Weston said that within five years Yonge street will not carry the traffic that will develop thru North Toronto, the new union station, the Yonge street, and another union station for radial lines. He favored opening up a widening Teraulay street to 86 feet, and adopting the homologated line plan.

Ald. McBride explained that Teraulay street line, by extending the city had the necessary fund and legislation, that there is no fund or legislation, and that what should be done now is to pass a by-law establishing an homologated line. Until that by-law is passed, anyone may build up to the present street line.

Ald. May said that the mayor and others were in conference at that moment, arranging for a by-law for the homologated line, and for the necessary legislation.

Mayor Hocken said Hon. Mr. Hanna most assured legislation by which Teraulay street be widened, in 86 foot width, north of College street, by means of an homologated line. This would leave the city free to widen the street from them. The authority soon as is convenient. The authority to issue the bonds is the security upon which the city procures the money for widening the street. It is never widened Teraulay street, we certainly should extend the street.

Ald. Walton moved that the proposition of widening Teraulay street, 50 and 50, between the city and the property owners, but had small support.

It was decided that 70 per cent of the cost be paid by the city and 30 by the owners of frontage and rear property.

The committee will meet again on Tuesday at 10 a.m.

RECORD SALE OF PAINTINGS.

Among Canadian collectors of paintings in oil and water colors, none can be more enthusiastic than Mr. J. S. Williams. This renders the sale of his very valuable collection announced by Messrs. Chas. M. Henderson & Co. for Tuesday, Wednesday, March 18 and 19, all the more important.

As regards the quality of the paintings, it is of the very highest order and includes many masterpieces of the best modern artists as ever been offered in Toronto, or for that matter in Canada.

A glance over the catalog shows its thoroughly representative character and Mr. Williams has made it plain, in his preliminary remarks, that it is not his intention to make another disposal in this way. Among the artists represented are Edwin and Claude Hayes, Jacob John A. Fraser, J. H. Thomas Smith, O'Brien, Curtis Williamson Mead and many other Canadian and European masters. Conspicuous in the collection is Claude Hayes' salon picture, "Looking Across the South Downs," with its magnificent perspective, and Edwin Hayes' gold-molded canvas, "Entering Genoa Harbor." Altogether this collection is unrivaled as affording an opportunity to acquire paintings originally selected with fine artistic skill and judgment. The pictures will be on view on Monday, March 17, and until noon of the following Tuesday.

SALE OF DESIRABLE LOTS.

On Saturday, March 22, C. M. Henderson & Co. will offer for public sale, 50 lots in the north section of College Heights. The section has a frontage of 500 feet on Bloor street, and is only three blocks north of St. Clair avenue from the proposed Eglinton and Forest Hill car line.

The sale of lots by public auction is unusual in Toronto, but the vendors have resolved to do this in the interest of home builders and investors. College Heights will be a desirable residential district owing to its elevation and attractive surroundings, and those wanting desirable locations or investments are invited to take advantage of this opportunity.

PROTEST AGAINST THE COST OF LINE SHOULD PROHIBIT JAPANESE LABOR

Hydro Commission Paid Too Much to McGuigan Company, Says Opposition. Rev. John MacKay Strong in Denunciation of Oriental Immigration.

At the first meeting of the public accounts committee, held yesterday morning, the Liberals protested the item of expenditure of \$458,158.15 in 1912 by the Hydro-Electric Power Commission to the F. H. McGuigan Construction Company in settlement of an agreement signed November 6, 1908, for the construction of the Niagara transmission line.

To clear up the details of the settlement Sam Clarke, West Northumberland, moved, seconded by W. E. N. Sinclair, South Ontario, that Major W. W. Pope, secretary of the Hydro-Electric Power Commission, be summoned to appear before the committee at its meeting next Wednesday to give evidence regarding the expenditure of the amount in question.

The item appears on page 549 of the public accounts. The contract made with the construction company called for the complete work for high-tension transmission lines. The order also called for a return of all copies of correspondence, plans, blue prints, tenders and advertisements.

Rev. John MacKay, of the Presbyterian foreign mission board, has issued a vigorous denunciation of the settlement in British Columbia of laborers from Japan and China. In his statement he says: "I believe that the time has come for Canada to revise her regulations in regard to Oriental immigration. Japan should be asked to prohibit the emigration of her laboring classes to Canada. China should be recognized as a modern republic, and she, too, should be asked to prohibit the coming of her laborers to our shores, and we should rid ourselves of the shameful stigma of treating our fellow men like cattle or hales of merchandise, to be peddled on them. It was a mistake to admit Hindoo laborers in the first place. They are incapable of self-government and are a menace to our Canadian citizenship. We should at once get rid of the miserable pretext that no one of them will be admitted who does not come in one vessel direct from India, and say frankly that we will not have any more laborers from India. Those who are here should be given a reasonable time in which they may return to their homes; but if they insist on remaining permanently, they should be permitted to bring their wives, on the condition that they will be admitted. They should apply to all classes of Oriental laborers now here; and no others of any Oriental race should be admitted. These people can work out their own economic, social and spiritual destiny far better in their own home lands."

The trial was that of George Young, a member of the Long Tons and after five minutes' deliberation the jury acquitted him of being responsible for the death of Wung Fong of the Hip Sing Tong in a battle last October.

The Daily Hint From Paris

AN EMBROIDERED VOILE.

Delicate blue and white are daintily combined, as shown by the sketch. The voile is of the crepe variety and a thinner, smoother weave is used for the lining, which has a pleated flounce and three-quarter sleeves. The scalloped edges are buttonhole stitched in blue lines.

The two ornaments at the side of the skirt are made with the linen over canvas, and applied so carefully that they appear to be worked on the drapery itself. White crocheted buttons and a blue velvet ribbon girton ornament the waist.

fragrant with hot house flowers, and the polished tea table was covered with red lace and centered with daffodils and violets. Mrs. Pellatt looked her best in a gown of pearl satin, with antique topaz ornaments and was assisted by her sister, Mrs. Canfield, Mrs. Ruper Brune, Misses Suckling, Ethel Taylor, Lena Coady, K. Caulfield, Jessie Peuchen and Sybil Boomer.

Mrs. James Warnock has issued invitations to the marriage of her daughter, Annie Gertrude, to Mr. Edward Sternes Dimock (formerly of Halifax). The ceremony will take place at New St. Andrew's Church, West King street, on Saturday, March 22, at 11 o'clock.

LIBERALS' EFFORT TO FORCE HYDRO COMMISSION TO GIVE DETAILED OUTLAY DEFEATED

Government Refused to Bring Down in Detail All the Expenditures Made During Last Year Similar to the Department—'We Have to Swallow Every Statement Holus Bolus,' Complained Sam Clarke.

Should the detailed expenditures of the Hydro-Electric Power Commission be placed in the public accounts of the province? This question was answered by Sir James Whitney in the legislature yesterday, with an emphatic "No," and consequently an order for a return showing the detailed expenditures during the last year was presented by the opposition, was voted out. It is very rarely that the "aye" and "nay" are called for on a Friday afternoon...

Sam Clarke, Liberal for Northumberland, it was, who made the order for a return. Sir James Whitney said that it was an improper one. All the books of the commission were open for examination at the offices, and if any member wanted a detailed account of expenditures he could move to that effect in the public accounts committee. He believed, however, that the return could not be made within a year, owing to the great work involved.

Couldn't Get Details. Mr. Clarke complained that no details of expenditures were brought down, despite the fact that the government had over \$4,000,000 invested in the public ownership scheme. It was "blank delivery," and the Hydro Commission, in his opinion, should be called upon to show how the money had been expended, as well as any department in government. He showed that a similar request had been made by the government, then in opposition, in 1894, when the Roscoe administration was in power. He showed the detailed receipts and expenditures of the T. and N.O. Commission.

Swallow Everything. "We have got to swallow every statement or information the government is willing to give, and we seem to have to do it holus bolus," said Mr. Clarke. "We can always get the detailed expenditures from other departments down to what was expended for a dozen of eggs, or a quarter of beef, for an asylum, but when it comes to getting any details of what the Hydro-Electric Commission is doing with the people's money the government says 'No.' Hyde is Different.

Hon. I. B. Lucas, acting provincial treasurer, said that the hydro was in a different position than any department of the government. Of course, every member had a right to examine the books. "But it is not the money of the province," he said. "The Hydro-Electric Commission is doing with the people's money the government says 'No.' Hyde is Different.

Mr. Speaker, the order should not go," said Sir James. "There are people in this building now working in an effort to bring down returns to satisfy the opposition. There isn't a shadow of an obstacle in the way of getting what information they require at the office of the hydro-electric, or by moving for details in the public accounts committee. The vote was then taken and another effort of the Liberals was frustrated.

Unjust, They Said. T. Marshall took up a few minutes of the time of the house in giving the place in Gore Bay, Manitoulin, last fall. Mr. Marshall said that he had been informed that many of the ratepayers in Gore Bay considered the government's action in granting Miss Jean McGregor a temporary certificate unjust. When she began teaching she had no certificate of any kind, but there were others in the town who were qualified. A meeting of protest was called and an injunction restraining the school board from paying any more salary was granted by a judge.

AMERICAN FIRMS COME TO CANADA

Toronto and Hamilton Each Have Secured United States Industries.

Wilson Administration Will Cause No Change, Says Wm. Fitzsimons.

That the Wilson administration in the United States will affect the steady stream of American concerns who are establishing branch plants in Canada, was the statement made by William P. Fitzsimons of Montreal, commissioner of industries, Grand Rapids, Mich., yesterday afternoon. He pointed out the establishment of more American firms in Canada this year than ever.

Commissioner Fitzsimons, who is closely in touch with industrial conditions in the United States, said that, relatively speaking, the Wilson administration would cause no change in the business conditions of that country. One of the most important of the factors in the eastern part of the country, he said, will be the establishment in Toronto of a Canadian branch of the American Telephone and Telegraph Company of Detroit, Mich., of which George Ogilvie is president. This firm is to build a Canadian plant erecting at the corner of Broad and Eastern avenues, Toronto, and this will be rushed to completion in order to avoid its operation within three months.

Hamilton is securing a malleable castings company. This is to be erected in the eastern part of the city, on a site adjoining the Dominion Steel Testing Company, and will employ about 200 men.

Company Shuffles Officials. The following changes were announced by the Northern Navigation Company yesterday: E. W. Holton, heretofore eastern passenger agent, is appointed general passenger agent with headquarters at Sarnia, Ont. R. V. Robinson, heretofore eastern freight agent, is appointed general freight agent in charge of freight traffic and claims, also with headquarters at Sarnia, Ont.

WESTERN FARMERS AND CAPITALIZATION

The Member For South York Commended by the Grain Growers.

From the Grain Growers' Guide, March 5. Editor, Guide: The discussion of W. F. Maclean's amendment to the Richieu and Ontario Navigation Company's bill to increase its capital stock, which took place in the house of commons on February 17, shows a flood of light on the manner in which the interests of the people are sacrificed by their representatives in parliament when these interests interfere with the exploiting schemes of corporations and mergers.

Mr. Maclean's amendment was introduced to safeguard against over-capitalization, and the consequent economic evils of high rates to pay dividends on such inflated capital—the greatest economic evil oppressing the people of Canada today. There is absolutely no control over the capitalization of our industrial and public utility corporations in Canada, and everyone knows it has given the matter serious consideration that there are hundreds of millions of wasted stock in the capitalization of these concerns.

One of the most important of the factors in the eastern part of the country, he said, will be the establishment in Toronto of a Canadian branch of the American Telephone and Telegraph Company of Detroit, Mich., of which George Ogilvie is president. This firm is to build a Canadian plant erecting at the corner of Broad and Eastern avenues, Toronto, and this will be rushed to completion in order to avoid its operation within three months.

EXTRA MATINEES ON FRIDAY AT ALL TORONTO THEATRES

Cyril Scott Has Strong Play in "Value Received," and "Milestones" Returns to Princess—"Juveniles" at the Grand—MacCormack's Concert Dates Announced.

The attraction at the Alexandra Theatre next Monday night and for the balance of the week with the usual matinee on Thursday and Saturday, and a special matinee on Good Friday, will be "Value Received," a new play of today by Augustine MacLaughlin, who wrote "Oscar" and "Wanda" and will return to the stage here as a star.

Mr. MacLaughlin deives rather deeply into the problem of living, his story having to do with middle-class people who try to ape the rich. Herbert Hostage is a bank clerk, respected and admired by his firm. His wife, Alice, has social ambitions which she cannot satisfy on his salary, so she persuades him to accept a job from Howard Simons, a millionaire operator, and play the stock market. His first speculation is successful and they move into elegant apartments, bridge, debts and entertainments, is too much for him, and he soon finds himself involved. In this plight his embezzlement in the bank certain securities, and when the market goes against him, he is about to commit suicide. He is saved by his cynical friend Robert Jenkins, who has replaced the money and without discovery, and he decides that he cannot keep it. Jenkins tells him to explain the circumstances to his wife and offer her the money, as he does not believe she is proof against the temptation. Hostage finds her in a compromising position with his millionaire patron and also finds that Jenkins' opinion of her is justified. She does take the money and leaves her husband, with the way clear to a contemplated marriage with Smote, but later she discovers that she cannot be as bad as they think her, and returns to her husband, penitent and humble. The money is used to found a home for crippled children, as it has been won in the market and belongs to no one in particular.

Throughout the story there is the blip of Jenkins' courtship of Amy Hostage's sister, and the efforts of a designing mother to marry her daughter to a millionaire.

Mr. Scott plays Robert Jenkins, the family friend, and it is said to give him better opportunities for humor than any part he has ever had. Smote, Patton and Ruth Shepley are the Hostages, brother and sister, and Mabel Mortimer plays the ambitious wife. Others in the large cast are Norman Hammond, as the millionaire, Fred Sullivan, as his chauffeur, Wallace Perkins, as a doctor, and Jennie Dickerson and Frances Carson as the fortune hunters.

The settings are elaborate, showing

different apartments in New York City, and a farm in Jersey.

"Milestones" Returns. "Milestones" the famous comedy by Arnold Bennett, author of "Clayhanger," "The Matador of the Five Towns," "How to Live on Twenty-Four Hours a Day," and other novels and essays, and Edward Knobloch, author of "Kismet," returns to the Princess Theatre next week with the same company of splendid English actors that fairly captured the theatregoers last December by their marvelous work. "Milestones" was the literary and dramatic sensation of the year and its return should be royally welcomed.

Historically as well as dramatically "Milestones" is of unusual interest, for the three scenes all take place in the same room, the first in 1860, the second in 1885, and the third in 1912—and as the play progresses we witness the marked change in dress, furniture, decorations, as well as sentiments and manners. Several of the characters are carried along by the same players thru youth, maturity and finally old age, and the selection of artists who could do justice to such a task was a matter of infinite care on the part of the management.

The story shows the life of two families thru three generations.

John Rhead, shipbuilder, defies his own and partner's family, dissolves partnership and even risks losing his fiancée because he will go in for building ships of iron instead of wood. Twenty-five years later the same John Rhead, prosperous, prevents his daughter from marrying the choice of her heart and making her marry an old peer. Another generation passes and Rhead, on his golden wedding day, endeavors to frustrate the proposed match between his granddaughter and a poor but clever young engineer. This time the system of efforts are frustrated by his wife who pleads for the girl's happiness. Of course everything ends happily, after three acts of mingled laughs and tears and the final curtain falls upon one of the most beautiful and touching scenes ever witnessed on the stage.

The original cast of London actors including Malcolm Chery, Cathleen Doyle, Gwendolen Floyd, Sybil Walsh, Cronin Wilson, Clayton Greene and Marie Hassell will be seen.

Owing to the great demand for seats a special matinee will be given on Good Friday.

Novelty invariably has the tendency to attract, especially in the theatrical field, but even novelty must be backed up with real merit in order to remain a standard attraction and bring home returns year after year. The Pollard Australian Juvenile Opera Company seems to possess both the qualities of novelty and merit in sufficient quantities to keep on bringing home the results continually, and when this clever organization of youthful mummets appears at the Grand next week it will be a part of the fifth world tour. The Pollards are positive in their belief, and without a doubt may be hailed as the criterion for companies of their class. Many attempts have been made

GRATITUDE PROMPTED THIS LETTER

PROMINENT PEOPLE PROUD TO TESTIFY FOR "FRUIT-A-TIVES"

MR. TIMOTHY McGRATH.

180 Atlantic Avenue, Montreal, March 1st, 1912.

"For years I suffered from Rheumatism, being unable to work for weeks at a time and spent hundreds of dollars on doctor's medicines, besides receiving treatment at Notre Dame Hospital, where I was informed that I was incurable. I was discouraged when a friend advised me to try 'Fruit-a-tives.' After using three packages I felt relieved and continued until I had used five packages, when a complete cure was the result after years of doctoring failed. I consider 'Fruit-a-tives' a wonderful remedy. You are at liberty to use this testimonial to prove to others the good that 'Fruit-a-tives' has done me."

tion of desirable vaudeville at opportune moments.

At the Gayety.
The coming week will bring back the old favorite Bob Manchester's Famous Cracker Jacks. The show is headed by the two best in burlesque without question, Ruby Leon, the model Venus, and Beatrice Harlowe, the lyric queen. The closing burlesque brings out the entire cast of the company, with more than a score of pretty girls.

The "Musical News" of London, England, has the following in its issue of March 1, with reference to the proposed visit of the National Chorus to England:

"One of the attractions to be looked for in the coming summer musical season is a visit here of the 'Canadian National Chorus,' a notable body of singers that has won much renown in the Dominion, under the direction of their zealous conductor, Dr. Albert Ham, who is organist of St. James' Cathedral and Examiner at the University of Toronto. According to some American and Canadian journals just received, the association has achieved great success on a recent touring visit to the States. At Buffalo surprise seems to have been felt that Canada could send across the border 'so fine an organization with an unusually large representation of fresh and beautiful voices in all its sections.' 'It was the consensus of opinion that Coleridge-Taylor's 'Sea Drift' was sung with a clearness and beauty of phrasing that thrilled the appreciative listener.' 'The singing of Sir Hubert Parry's 'Best Pair of Sirens' spoke volumes for the skill of Dr. Ham as a trainer of voices. The splendid volume and brilliancy of tone displayed in the inspiring finale stirred the Buffalo audience to the most demonstrative enthusiasm.' Another journal says: 'The rendering of Dr. Ham's madrigal, 'Who is Sylvia?' which is happily treated by the composer both in spirit and in its characteristic English flavor, was indeed impressive.' 'The Toronto News, in a lengthy criticism of a performance in Massey Hall, compliments the conductor for training his choir according to the English ideal, purity of tone, dramatic expressiveness, dynamic attack, and expressive responsiveness to the baton. Dr. Ham went from Taunton in 1893, so he has been settled in Canada for some time; indeed, he now occupies probably the chief place in musical life in the vast Dominion.'

"The Red Petticoat" at the Alexandra Theatre.
The Messrs. Schubert announced that a quick-shift has been made in the bookings in Toronto, whereby "The Red Petticoat," with Helen Lowell as the featured player, will come to the Alexandra Theatre, Easter week, instead of Gertrude Hoffman. "The Red Petticoat" is described as the musical comedy novelty of the year, and is the work of Rida Johnson Young, who wrote "The Lottery Man," and other successful plays, and Paul West, who is well-known as one of the best jingle-writers in New York. The music is the latest output from the hand of the composer, Jerome D. Kern, and it is full of catchy tunes and pleasing dancing numbers. "The Red Petticoat" was first produced at the States. At Buffalo surprise seems to have been felt that Canada could send across the border "so fine an organization with an unusually

Spring Styles IN Men's Hats

There is just as much style and variety in hats for men as there is in hats for ladies. All the American styles are broadly different from the English styles, and each English or American hat in Dineen's stock is a little different from any other similar hat.

In the American hat, besides having the full line that is available to any well-established hatter, the Dineen Company are the sole agents for the famous "Dunlap" hat — and also sole agents for the "Heath" English hat.

Then besides the different styles and shades in the hard felt hat, there is the same variety extending through the soft felts — and another great variety in the cloth hats.

Dineens have been hatters for men in Toronto since 1864, and in that time they have become representatives for the best makers of hats the world over.

such a success there that it was played in three other New York theatres before it was sent on tour. It has weeks in Chicago, and there can be no question about its fitness as a just finished engagement of five weeks attraction for Toronto. In the company there are a number of Toronto favorites, headed by Helen Lowell, who is well-remembered here from her comedy impersonations in "Mrs. Wiggs of the Cabbage Patch" and "The Lottery Man." Joe Phillips, a well-known Toronto tenor, Donald McDonald, and Grace Fields are other members who have a strong local following.

A popular-priced matinee will be given on Thursday. Arrangements are being made by the Messrs. Schubert for a presentation of "The Red Petticoat" in London, England, and in all probability the company will sail directly after the Toronto engagement, headed for the English capital. Would You Like To Be a Real Man Again?

Here is a new method by which you (like thousands of men all over the world) are doing away with all the troubles of youth that you may get but your complete, vigorous, vital health and strength. Everything is explained in this illustrated booklet for men, which I will gladly send to you free, by mail, just as soon as you write for it. Please use the free coupon below.

As to your own present physical condition, let me say from a close personal observation of thousands of cases of lost vitality in young, middle-aged and elderly men covering an experience of over 30 years, I honestly believe that all the "Australian" as we term it, is actually no real disease at all, but a condition that under certain favorable circumstances, any man, anywhere, can easily and permanently restore his own full strength and nerve force. If he will make an honest, conscientious effort along certain common sense lines, which I am able to suggest, and which include absolutely no medicines or drugs of any kind, you can simply use a little vitalizing application of my invention, the Health Belt, which you wear comfortably around your waist during sleep for 10 to 20 days. That is absolutely all there is to the whole treatment, excepting, of course, you are expected to lead a decent, manly life, free

from debilitating excesses and dissipation. This Health Belt in itself is a marvelous power, and sends a great, soft, even flow of vitality into your blood, organs and nerves. Wearers the world over say it takes all pain and weakness out of the back, often from one application, and builds up the strength, thus giving back the full force of youth, so you soon find yourself answering, "Never felt better in my life" to your friends' greetings; while they secretly marvel at the great change for the better which has come over you. With special attachments the Health Belt is also a wonderful treatment for rheumatism, kidney liver, stomach, bladder, disorders, etc.

I have compiled (and will send you free) a little 88-page illustrated book (pocket size) which is meant as a complete private guide for men, young or elderly, single or married. You can size yourself up exactly from a careful reading of the book. It reveals certain truths and gives a clear, wholesome idea of those great vital subjects which should be familiar to every man who wants to see the restoration of his own strength. As soon as I receive from you the book by mail in plain, sealed envelope. There is absolutely no obligation involved in writing for this free book, as over a million have been sent all over the world. If in or near this city it will pay you to call and test the Health Belt. Hours: 9 to 6. Entrance: Temperance Street.

to emulate the success of the Pollards, but there seems to be something lacking, and that something, in all probability, is the system. For 28 years or more the Pollard management have been training children for successful careers on the operatic stage, and something of an idea of their success may be gleaned from the statement of Mrs. Nellie Chester, who has been the business enterprise, that over 800 little folks have been placed into the paying profession of comic opera stars thru the training of the system of which she is the exponent and the representative. The repertoire presented will include "The Toy Maker," "The Mikado," and "Sergeant Brue."

Joseph M. Hart's Comedy at Shea's
A bigger and better show each week is the rule at Shea's Theatre. Manager Shea has selected a great bill of acts for his patrons at the big vaudeville house next week. As headline attraction, "Dinkelspiel's Christmas" will prove a favorite. This dramatic offering, a play with a tear and a laugh, a story full of human interest and human nature, and with a clever company cast, for Mr. and Mrs. Dinkelspiel, Dinkelspiel, Jr., and the young wife, will give a delightful performance of the comedy.

The special extra attraction on the bill is Edward Gillette's wonderful after-act, featuring as it does Adam and Eve, original bowlers as well as comedians. Another feature of the bill is John P. Wade, with his own company of selected players, and who is a classic of southern life and character. "Mars Shelby's Chicken Dinner" is Wade, and is full of tender pathos and delightful humor. The scene is laid in Washington, in the year 1863. Lewis and Body, the "Two Sams," are newcomers at Shea's, and have an up-to-date talking act that is original and laughs.

Fred St. Onge, "the whimsical whistler," has not been in Toronto many seasons, and is introducing in his act the only woman in the world who turns 20 Arabian somersaults in 20 seconds.

Henry Devine and Belle Williams, "the traveling salesman and the female drummer," are bound to be favorites with their merry comedy offering, and a hilarious and hilarious performance. Mr. Carl, who is considered one of the most entertaining and whimsical of American comedians, has a new and hilarious French doctor, who gets himself in no end of trouble thru a flirtation with a girl who is a Montmartre cafe. Miss Williams, who is a novel feature of the production is the presentation of J. M. Barrie's burlesque circles, due not only to Mr. Carl, Miss Williams, and Mr. William Lydecker, but also to the fact that he is in such great demand in larger cities, it is really to be given as a compliment to Toronto's culture and well-known appreciation of what is really good. Mr. Lydecker will be assisted by Miss Ida Devine, violinist, and Edwin Schenckel, accompanist. An entirely different program will be given at each recital. A popular scale of prices has been arranged, so that the choicest seats are secured for \$2 when the seat sale opens on April 14.

At the Star.
Howell and Webster, presenting a clever vaudeville offering, are one of the attractive features in the "specialty" portion of "The Merry Maltese" program, heralded by their appearance at the Star next week. No distinct title is included in the routine of the offering, presented, but the two-act musical burlesque, entitled "New York in Two Reels," affords many opportunities for the introduc-

JUDGE AND JURY DIVIDED MONEY

Breach of Promise Action Was Quickly and Effectively Settled.

IN A GOOD MOCK TRIAL

Prominent Citizens Took Part in Entertainment at Y. M. C. A.

The mock court trial, attracted 1500 people to the Y.M.C.A. Association Hall Thursday night, and they spent most of the time in laughter. As an entertainment the mock trial was as successful as any comedy. Not only did its witty and satirical references and allusions to persons in the public eye in Toronto cause, but the genuine merit of the thing itself won the appreciation of the audience and tickled its sense of humor. The mock court trial is not a flimsy thing of the parlor play character, but has a vigorous and spirited framework which has been suffused by its author, Col. A. V. Newton, with real dramatic feeling. Of course the audience enjoyed it all the more abundantly because the parts were taken by well-known Toronto people who played their parts capably.

Prominent People.

Hon. Mr. Hanna, who had been announced to appear in the part of judge, found it necessary to leave the city last night, and his place was filled by Dr. H. W. McKee, Controller McCarthy was court clerk, Corporation Counsel Geary was the defendant's lawyer, and Col. Newton himself, the author of the play, was prosecuting attorney. The jury was made up of twelve Toronto citizens of graded eminence. R. J. Fleming, R. C. Harris, Fred Chapman, Thomas Findlay, Albert Chamberlain, Dr. Frawley, George Kingston, J. B. Jameson and R. C. Gavin were jurors.

Breach of Promise.

The case was a breach of promise action, and the defendant was George F. Hayden, and the plaintiff, whose deepest affections having been trampled under foot by the hard-hearted defendant, was exposed to the light of publicity by the trial, was Miss Winifred Parkin. Dr. O. C. Withrow, James Buchanan, V. H. Edwards, Miss Tena Crawford and Miss Lulu Foxley were witnesses. The evidence, the cross-examinations and the addresses of counsel to the jury were witty and amusing. The mock trial exactly reproduced the solemn procedure of a real court, and in reproducing it, satirized it.

Money Divided.

The verdict of the jury was that the defendant pay the damages asked for by the plaintiff. The amount was the reasonable valuation she placed upon the injury to her affections. The jury, however, decided that she should be "divided between the judge and herself, the share of the judge being six and the jury's portion \$5. All those who took speaking parts in the mock trial showed considerable dramatic ability and careful preparation for their public appearance. The insight and cleverness shown by them was not that of the ordinary amateur, but something that approached the art of the professional, which indicated how seriously they had taken their work and how thoroughly they had studied their parts.

THE SUNDAY WORLD

The Sunday World has the edge on all the week-end newspapers, and "there's a reason." It's because the pictures, the special articles, the news are what the people want.

We print 80,000 copies of The Sunday World. Very often the output of the presses is not sufficient to satisfy the demand. This week we have many features that are bound to interest.

The women will be pleased with the page of exclusive pictures from Washington. Sunday World photographers secured several excellent pictures of the Toronto delegation in the suffragette parade, including two groups and individual portraits of Mrs. Flora MacD. Denison and little Flora MacDonald Lapham. There are also pictures of Inez Mulholland, the suffragette leader, the new president and the retiring president. Other picture features are: McCaul Street School classes, S.O.S. dance, English and foreign pictures, snow scenes in Toronto, china wedding of Mr. and Mrs. T. J. Sutcliffe, triple wedding at Earlscourt, Dunlop Tire staff, Graduate Nurses' Club party.

In the Magazine Section there is a four-color front of Hellen's portraits of interesting New Yorkers. Some specials: A court in wax, by Margaret Bell; Old Ideals and New, by Dr. Gordon Bates; Kit's Column; the oldest living Canadian poet, Rev. W. Wye Smith; The Book of the Week, by A. S. M. Hutchinson; Musical Notes, by Fraulein Van; A Talk on Equal Suffrage, by Mrs. Flora MacD. Denison.

The Editorial Section contains a four-color cartoon especially for Irish readers, by Lou Skuce, with poem on St. Patrick; News of Horses in General and Turf Topics; past week in Toronto theatres; reminiscences of David Livingstone, and words and music of "If You Can't Sing, Dance."

APARTMENT HOUSES NOW UNDER SMOKE BYLAWS

Amendment to Municipal Act Gives Councils Power to Collect Fines.

Hundreds of apartment houses in the city are affected by an amendment to the new Municipal Act introduced by Geo. H. Gooderham, South Toronto, last night when the act was being adopted by the legislature. Clause 409 gives urban municipalities the right to pass bylaws for smoke prevention if they so desire. Clause 45 provides that bylaws could be passed to prevent the emission of dense smoke from factories, mines, etc., for a period of more than six minutes in any one hour, with the stipulation that dwellings and apartment houses lower than four storeys from the pavement should be omitted. Mr. Gooderham objected to the clause making the act inapplicable to apartment

U. E. LOYALISTS' ANNUAL MEETING

Col. Ryerson Again Elected President of the Association in Canada.

DR. CAMPBELL SPEAKS

Authority on Canadian History Gave Address on Early Days in Canada.

"Who are the United Empire Loyalists?" This question was the subject of an address delivered to the United Empire Loyalists Friday night by Dr. Wilfred Campbell, of Ottawa, at the annual meeting of the association in the Military Institute. Dr. Campbell ranks as an authority on Canadian history, and his address was both interesting and educative. He traced the development of the association from its inauguration, and emphasized the necessity for such an organization to preserve the imperial spirit in a country growing more cosmopolitan from day to day. The hall was filled to capacity, and applause was frequent. The president of the association, Col. G. Sterling Ryerson, occupied the chair. In tendering Dr. Campbell a vote of thanks for his address, the chairman advocated a vigorous campaign of education in the west. Improper and misleading history books were a source of danger, and he thought the association would be well advised to memorialize the education department regarding the same.

New Officers.

The following officers for the year were elected: President, Col. G. Sterling Ryerson; vice-presidents, Lieut.-Col. W. Hamilton Merritt, R. S. Neville, K.C.; hon. secretary, Miss Helen M. Merrill; hon. treasurer, Mr. A. R. Davis; hon. chaplain, Rev. Canon Macnab; hon. genealogist, E. M. Chadwick, K.C.; executive committee, Mr. C. Macdonald, W. Denison, Keefe, E. A. MacLaurin, Capt. V. A. Hall, J. Stewart Carstairs, F. O. Loft, R. E. Land, Miss Catherine Merritt, Mrs. R. Starns Hicks, Mrs. Phillips; ladies' committee, Mrs. Forsyth Grant, Miss Laura Ryerson, Miss Emily Merrill, Mrs. J. D. Tyndal, Miss L. W. Clarke, Miss Carey, Mrs. Hicks, Mrs. Loft, Dr. Amelia Johnston, Miss Strath, Miss Dickson, Mrs. Law; central council, Rev. Canon Macdonald, Halifax; Col. A. H. COUNTY COUNCILS MUST NOW DECIDE

In Cases Where Villages Are Situated in Two Counties.

According to the terms of the new Municipal Act, a village lying between two counties will have incorporated, the right to decide in which county the village will in future work out its civic life, rests with the county councils of the two counties, and in the event of their inability to arrive at a decision, the provincial government has the final say. This clause caused a great deal of discussion last night while it was being adopted by the house and finally led to a division. The Liberals, headed by William Proudfoot contested the clause. They spoke of the "rule of the people" and of "democracy" and finally offered an amendment stating that when a village decided to become incorporated, a vote of the ratepayers living in the area to be taken within the corporation should be taken. "Just a majority vote, not a three-fifths one," suggested Samuel Clarke. "Where's your machinery?" asked Mr. Hanna. "How can a vote be taken before the place is incorporated?" "Oh, if the amendment carries, we can then go on and decide on the means to be taken for the taking of the vote," said J. C. Elliott. Mr. Hanna and Mr. Lucas both contended that the proposal instead of working for peace would work for ill-feeling and the village would begin its life divided into two factions. Mr. Proudfoot: "I regret to say that I can't see eye to eye with the provincial secretary. The people who live in a territory to be annexed should have the right to say where they are going to go to transact their county business. It's all nonsense to talk of county councils having the right to decide. They will not do so and the result will be the arbitrary decision of the government."

SPRING FRESHETS CAUSE OF ALARM

GALT, March 14.—(Special.)—Following the breaking of the ice jam at Freeport at midnight, the water rose this morning until it broke portions of Main street bridge, flooded all the factory basements along its route, besides smashing hundreds of windows and destroying retaining walls. At 8:30 a.m. a fire alarm was turned in, but the brigade had not much to do. As quickly as it had risen the flood subsided and by 9:30 a.m. danger was over. The damage, however, is considerable, and includes the flooding of store cellars, containing perishable goods. The local boat houses suffered. Factories and foundries affected have shut down. As the inquiry is instigated, will the provincial government, already virtually pledged to an investigation into the cause of the annual floods on the Grand River and consideration of means to avert the menace, get to work and do something?

I have the grandest remedy of the age—electricity as applied by Dr. McLaughlin's Electric Belt. I can show you people who had suffered for years with rheumatism, kidney and liver complaints, debility, weakness and other chronic disorders, who never received any permanent relief until they used my Electric Belt.

If you want to get well and stay well, you must help Nature remove the cause of your ailment. Doping the nerves and vitals with poison will fool Nature for a while, but that doesn't cure the trouble. Nature must have strength, vitality, new life and energy for the weak, inactive organs of the body. Electricity supplies this strength and life, and that is how it helps Nature cure.

Dr. McLaughlin's Electric Belt is the most successful as well as the best electric belt made. It does not shock or burn, and the current can be regulated to any degree of strength.

You may have tried so-called electric belts and found them worthless, but my appliance must not be classed with those flimsy, fraudulent contrivances that were made only to sell. If my Electric Belt did not cure I would have been forced to get out of business long ago, as have the makers of fake belts. But the fact that my appliance has been constantly before the public for 30 years is pretty good proof that it has merit.

No matter how far away you live, I can assure you the same careful attention that you would receive were you here in my office. Write me about your case to-day.

MORE THAN SATISFIED

Belleville, Ont., Sept. 10, 1912.

Dear Sir,—You will think I have forgotten you, but such is not the case, for I know my case was a severe one and it took some time to get fixed up. I am very thankful to you for what your Belt has done for me, and it will do the same for others if they would give it a trial. I have been all right for some time, but have not written to you until I could give you a satisfactory report. Kindly accept this, with my best wishes for your every success, for I am cured of what I thought was impossible and my back does not trouble me in the least. You are at liberty to use this if it will help others to get within reach of your wonderful Belt. Believe me to remain, yours truly,

A. Stevens.

Neurasthenia

THIS is the fancy name which scientists give to the disease commonly known as nervous prostration or nervous exhaustion. It is an ailment peculiar to this age and this continent.

The placid, contented life of our ancestors has been left behind, and everywhere there is rush and strain, whether on business or pleasure bent. Sometimes it is the cares and worries of business, but oftener the strain of attending the round of society and amusement, which brings on collapse of the nervous system. It may be the lady in high society who is the victim of it, or it may be the girl in the factory.

You lose interest in life, feel tired and languid, find your daily duties a burden, cannot get proper rest and sleep, have headaches and indigestion, are nervous and irritable over little things, some of the vital organs fail in their functions, and you become down-hearted and discouraged.

Any treatment to afford you more than mere temporary relief must increase the nerve force in the human system. The food you eat has failed to do this, so Nature must receive help from outside, just such help as is supplied

TOSELLI'S BOOK ENRAGES LOUISE

Ex-Crown Princess Is Furious Over Action of Former Husband.

SHE VISITED HER BABY

Wept as Child Turned From Her to Play With Toys.

Special Cable to The World. ROME, March 14.—(Copyright).—Ex-Crown Princess Louise is furious at the publication of Toselli's book. "There are things in life which should always remain a delicate secret, between two minds," she says. "The man or woman who reveals those secrets cannot know love. If he who called himself my husband has written a book to justify himself before his son he has committed a grave error. The boy will judge him severely when he reaches years of discretion."

The ex-princess' meeting with her baby as legally sanctioned was arranged only with the greatest difficulty today. Her mother refused to return to her home, and he is to go to Toselli's home, and he is to turn to enter her hotel. The meeting was finally arranged at the residence of Francesco Giannattasio, a close friend of Toselli's.

During the interview of the mother and the child, in the presence of a friend, the mother, who is a friend of the child, appeared to be shy and uneasy in her presence. After an hour together the baby ran with a box of soldiers brought by the mother, without turning around, while Louise stood at the threshold of the door with streaming eyes.

TORONTO PEOPLE ARE TREATED BY FRIEDMANN

Continued From Page 1.

metal which they hoped was filled with the very fluid of life itself. There were some unhappy ones, whose faces and bodies were anatomical charts from the wolfish feeding of the horrible disease whom the specialist who may become the greatest benefactor of the human race who has ever lived, declined to treat because their cases had gone too far.

Few instruments.

Yesterday morning the clean, white-plastered corridors of the pathological department of the university, in the west wing of the new hospital, stirred with more people than they had seen before. In the clinical theatre and in other fresh, apparatus-filled rooms, and in the corridors there were several hundred men and women, doctors, students of medicine, and nurses chiefly. At one end of the theatre three men stood behind a long table. On the table were two porcelain evaporating dishes and vessels and some antiseptic cotton. The evaporating dishes contained a bi-chloride of mercury antiseptic solution, for sterilizing the hypodermic needles. In the solution were many of the little detachable syringe needles. These were all the instruments of this simple clinic.

The men behind the table were usual-looking men of the ordinary kind, in dress well, shave every day and get a hair cut once every three weeks. There is nothing extraordinary looking about Dr. Friedmann. He is a German, either professional or business man. The men were Dr. Friedmann, the demonstrator, his assistant, Dr. Benjamin, and his secretary, Dr. Hundt. German words passed between the three men. Dr. Friedmann speaks English very fluently.

Quick Operation.

From the corridor Dr. Allan Adams brings a patient under the blue and white nurse and the group of students in the doorway. The patient is a young workingman. He is in his shirt and trousers. His "fungus-colored" face shows that he is "a bad case." Dr. Adams sketches the history of the case in rapid outlines for the benefit of the crowded theatre seats. Dr. Benjamin dips a little ball of antiseptic cotton in iodine and brushes a thigh, which the patient has bared. Dr. Friedmann delicately fingers a needle out of one of the evaporating dishes, clips it to the barrel of a syringe, fills the syringe with fluid from a vial of brown glass, takes a brisk step toward the patient, makes a deep subcutaneous injection, steps back, and that is all. The operation, which may save life, is accomplished in less than a minute.

The injection for pulmonary "T.B." is made in the thigh, where there are thick muscles, which make the needle prick less painful, and big blood vessels to carry away the serum.

Delicate Germ.

This is a colorless fluid. To obtain it the human tuberculosis bacillus is injected into a turtle, or some other cold-blooded animal. When the turtle has developed tuberculosis serum is drawn from it and injected back into the human, perhaps the same bacilli, but now altered in character, so that the toxin which it now throws off is toxic to the human "T.B." bacillus. This germ is very easily destroyed. Of such delicacy is it that it can hardly be grown in cultures. Dr. Friedmann carries his serum in his suit case and cultures it in the laboratory just before he uses it. If the treatment is successful some slight improvement may be apparent within a few days. Within two months improvement will be rapid and obvious if the treatment is a success.

The demonstration at the pathological department took place before the medical faculty of the university, Dr. Falconer, president of the university, having invited Dr. Friedmann to use the pathological department for his tests.

Children Treated.

Yesterday afternoon the German scientist treated twenty children from two years of age to fourteen. Five of the children were inoculated with the vaccine as a pre-caution, because they lived in an infected home. Many visitors and students, as well as a number of city doctors and the hospital staff, watched the clinic.

Dr. Friedmann reached the city yes-

BELLEVUE HOSPITAL OPEN TO FRIEDMANN

NEW YORK, March 14.—Bellevue Hospital, a city institution, will be placed at the disposal of the United States Government surgeons who are investigating Dr. Friedmann's tuberculosis treatment, it is announced today.

The German physician, who is now demonstrating his treatment in Canada, is expected to return here on Saturday. He will be asked to hold a clinic at Bellevue Hospital on any day of next week that he may choose. From twenty to sixty tuberculosis sufferers, patients at the institution, will be waiting from whom Dr. Friedmann may make his own selections.

The clinic will be in furtherance of the official test which the United States Government is making to determine whether it will recognize the Friedmann treatment as a cure. The Berlin specialist will be requested to administer it to at least a score of persons. The results of the demonstration will be observed by Dr. John F. Anderson and Dr. Arthur M. Stimson, the government physicians making the United States public health and marine hospital service officials in Washington.

ARE THERE "BLIND PIGS" IN TORONTO?

Clergymen Asked Government to "Clean Up Pool Rooms and Movies."

LAW IS NOT ENFORCED

Stated That Pool Room Licenses Were Got by a Clever Ruse.

The Ontario Government was asked to make a general clean-up of the pool rooms and moving picture houses in the city by a deputation of clergymen who waited upon Hon. W. J. Hanson and Hon. J. B. Lee. Certain members of the deputation went so far as to say that some of the pool rooms in the city were being run by "blind pigs" and at this statement Mr. Hanna's ire rose up in righteous indignation. "The city is paying for a rigid inspection of pool rooms," he declared. "Yes, but we don't get it," replied Rev. L. Skey. The ministers declared that proprietors of pool rooms have adopted a ruse in order to get licenses after they have been turned down by the police commissioners in their request for a straight license. It is stated that in these cases they form a club and get a charter from the provincial government, charge a nominal fee for membership and then go ahead and rack up the balls. "Are you sure of your facts?" asked Mr. Hanna. "We have never hesitated to cancel a club license which has been obtained in the manner you indicate and which is run for those purposes."

The deputation were firm in their belief that such was the custom and cited a case on Bloor street where a pool room license had been opposed by the residents in the district four times and still was granted. With regard to the moving picture shows, Rev. Mr. Skey urged that two more film inspectors should be appointed. In one week an average of 150 films passed the inspector and many were declared to be improper. It was also alleged that loafers on the streets had become accustomed to taking children under fifteen years of age into the shows, and the suggestion was made that this should be made a punishable offence. Rev. John Coburn and Rev. Bartley were in the deputation.

EDISON FLEES THEATRE AT TALKING-MOVIE SHOW

Escapes When Enthusiastic Crowd at First Performance Clammers for Speech.

The long heralded talking picture, or kinetophone, the invention of Thomas A. Edison, had its premiere public presentation in the Colonial Theatre, New York, this week, and 200 persons who saw told it all in one word, "Great." The big crowd sat in absolute silence as they saw the pictures flashed upon the screen and heard the voice of each character with almost as much clearness as if the players on the screen were actually talking. Only two screens and cylinders were used—one of a man making an introductory speech concerning the invention and illustrating its adaptability by the reproduction of sounds of different instruments, and another of a band of minstrels—but they were sufficient to show the crowd that wonderful possibilities lay in Edison's marvelous new invention. Frequently the audience showed its approval by spontaneous applause.

But it was not until the interlocutor of the minstrels gave a sweeping wave of his hand, the film was ended and light flashed on the screen, and the house was lighted up, that the people fully realized what they had seen. Then occurred a demonstration such as Broadway seldom hears. Every hand clapped, and the applause echoed and re-echoed thru the theatre. Hundreds shouted for a speech from Edison. The audience would not be denied, not even when representative appeared before the footlights and stated that Mr. Edison refused to make a speech, but thanked all for the generous reception accorded his invention, and hoped it would help amuse the American people.

The applause became more insistent. Then Mr. Edison realized that the audience would have its way if he remained in the theatre. "Never a speech," said "The Wizard." He threw off his jumper and overalls, which he had been wearing while working the machine, put on his street clothes and ran up the steps out of the stage door and into an automobile. He was speeding up Broadway for several minutes while the applause continued. Not until the audience was informed of Mr. Edison's flight did the applause cease. In the first picture, after making a few remarks about the invention, the man on the screen said he would give an illustration of its range. A plain tin horn, the kind that is used on New Year's night, won the honor of making the first noise. The photographic man picked up the horn, put it to his lips, and lo! there came a tremendous blast. The man in the movies then playfully picked up a china plate and threw it on the floor. There was a crash that could plainly be heard everywhere, and re-echoed with the faintest sound of the smaller pieces of plate bouncing on the floor. It was painfully realistic to many housekeepers present.

Then a whistle was blown, and its shrill tone penetrated thru the building. Wonderful Effect. A pianist played to the evident enjoyment of all. Then a beautifully owned woman appeared with a violin and played the "Last Rose of Summer." With the close of the woman's playing as she played, and the dulcet tones sounding in unison with her bowing it was almost as tho the play were over in flesh and blood before the audience. As the boy cut the strings, the music ceased. A woman appeared and sang, accompanied by the violinist and pianist. The resonant tone of the piano,

Lawrence Park

The increasing demand for Suburban Homes was the raison d'être of Lawrence Park, that picturesque district so beautifully laid out for semi-rural residences. Most people who love living in the country have not the time, or the means, to purchase acres of unimproved land and develop it into a suburban home-site. Only a Company with ideals, experience, and resources can do these things, and do them properly. That is why lovers of suburban homes should welcome the development of Lawrence Park, as it provides them with a ready-made opportunity. It gives them all the conveniences of city life in the midst of rural landscape and pure air. Lawrence Park is where the "lure of the out-of-doors" may be enjoyed at will, in addition to every comfort possessed by those living on a city street.

the bell-like notes of the singer, and the sweeping violin reverberated, and the audience cheered again. A bugler played several calls, and then a man was shown with two dogs. The animals playfully jumped around, lifted their heads and barked.

The second reel, showing a miniature troupe, only emphasized the success. The interlocutor made a few remarks, and Bones, one of the end men, ventured to say that he felt like the Sahara Desert. "How is that?" was the question, and the answer came, "Dry." Bones laughed and bowed, and then Sambo interrupted by saying that he felt like a bundle of kindling wood. "How is that?" came the voice from the screen; and Sambo dolorously replied that he was "all broken up." Realizing his apparent sorrow, depicted on his face, fully substantiated his allegation. Other members of the troupe sang and Sambo and Bones sang some negro songs, ending with a medley of national airs.

The opening productions were of a purely literary character. Real plays are to be given. Clary Loftus, Gus Edwards, Ethel Barrymore and many others have already appeared before the masses, while contracts are in course of preparation with Sarah Bernhardt and other prominent actors.

March Weather

Rheumatic Weather
Victims Can Cure Themselves With Dr. Williams' Pink Pills.

With the coming of March people who are afflicted with rheumatism begin to have unpleasant reminders of their trouble. The weather is changeable—balmy and springlike one day, raw, cold and piercing the next. It is such sudden changes of weather that set the pangs and tortures of rheumatism, lumbago and sciatica going. But it must be borne in mind that although weather conditions start the pains, the trouble is deeply rooted in the blood, and can only be cured through the blood. All the lotions and liniments in the world can't cure rheumatism. Rubbing may seem to ease the pain while you are rubbing, but there its value ends. Only through the blood can you cure rheumatism. That's why Dr. Williams' Pink Pills have so many thousands of cures of this trouble to their credit. The new, rich blood which they actually make drives out the poisonous acid and rheumatism is vanquished. Among many sufferers from rheumatism who have been cured by this medicine is Miss Mary B. Kelly, South Dummer, Ont. Miss Kelly says: "Some time ago I had a very bad attack of rheumatism. I would be confined to bed for a couple of days and would seem almost paralyzed with the intense pain in my back and legs. At such times I could not walk and my joints were stiff and swollen. I consulted different doctors and took their medicine, but did not get more than temporary relief. At this time a neighbor advised me to try Dr. Williams' Pink Pills and I got a supply. After taking a few boxes I found they were greatly helping me, and I continued their use until the trouble completely disappeared. I can strongly recommend this medicine to others who suffer as I did from the pangs and tortures of rheumatism."

If you suffer from rheumatism, or any other disease of the blood, begin to cure yourself today with Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

FREEMAN FOUND GUILTY OF ARSON

Member of So-Called "Arson Trust" Faints When Verdict Is Returned.

NEW YORK, March 14.—(Canadian Press).—Henry C. Freeman, accused as a member of the "arson trust" that was revealed thru the confession of a Sing Sing prison convict, was found guilty of arson in the second degree by a jury late today. The jury deliberated only half an hour. Freeman fainted when the verdict was read.

PUBLIC HOSPITAL IN THE WEST END

Committee of Physicians Have Decided on a Plan of Action.

WILL APPROACH CITY

Want to Secure Site on Dundas Street to Erect Building.

Several west end doctors met again yesterday afternoon to discuss the means of securing a public hospital for the western section of the city. At the previous meeting a committee was appointed to prepare a plan of action to be taken, and yesterday they brought in the following recommendations, which were adopted: That steps be taken to form a corporation. Efforts be put forth to interest public citizens in the support of the hospital. As soon as financial support is secured a new hospital building be erected on a suitable site. In the meantime a dispensary for the poor be opened up in a neighboring district. A minimum contribution of \$100 be required to become a member of the corporation. A board of governors be elected from the contributors and shall consist of not less in number of laymen than representatives of medical men. Staff of hospital be elected from medical contributors. Eight doctors are giving in their contributions of \$100, and no doubt more will follow suit shortly. So far nothing definite has been decided about the site, but it is suggested that the civic officials will be approached regarding the possibility of securing some property on Dundas street which is owned by the city.

LAKE RATES REDUCED TO FRUIT GROWERS

SARNIA, March 14.—(Special).—The fruit growers of Lambton County and the Northern Navigation Co. have come to terms over the proposal by the company to raise the rates to the west. The growers had to make some concessions to the company, and in return the company allowed them the same rate practically as they enjoyed during the past season. The farmers are delighted that they will not have to pay a higher rate and so will be able to offer good competition to the farmers of the western states that have been working in on their territory in the west.

MOUNT ROYAL ONCE AN ACTIVE VOLCANO

MONTREAL, March 13.—(Can. Press).—In the course of the work being done on the Canadian Northern Railway tunnel the engineers have found that Mount Royal, under which the line will pass, was at one time either an active volcano or was made by lava being forced up thru the ground. An interesting proof of the fact that at one time a great glacier flowed from the Laurentian mountains to the St. Lawrence was found in the small heading on St. Monique street. This was a piece of Laurentian gneiss, a rock peculiar to the Laurentian mountains, and it is believed that in the past this rock was carried down by a glacier which probably emptied into the St. Lawrence River not far from the present harbor.

Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. ANSLEY GARDENS

In acquiring this beautifully situated property in the north end of the city, we had in mind the requirements of homeseekers who desire an exclusive district where building lots could be had at reasonable figures and on reasonable terms. In the accessible districts of Rosedale and Avenue Road Hill nothing can be had at prices less than about \$125 to \$150 per foot. Ansley Gardens, both from its situation and the general lay-out of the property, is more desirable, and at prices from \$65 to \$75 per foot. A large number of lots have already been taken up. Let us show you the property.

PATRICIA PARK

THE CLOSEST-IN LOW-PRICED PROPERTY ON BATHURST STREET HILL. ACT NOW

This subdivision is directly in the line of Toronto's most successful growth and development. "In January last," said a well-known citizen, "I bought a property over the hill, just outside the limits, making my first payment of ten per cent, amounting to \$108.00. It was a chance shot, I thought. Here is a cheque for \$360.00"—showing the cheque to the writer—"representing my equity in the property six weeks later—a margin of \$252.00." This is a present illustration of how money is being made by those who only invest small amounts. But we feature Patricia Park specially for the benefit of the man who would

The new Hill Home District for people of moderate means ---if you buy now

BUILD HIS OWN HOME

He takes no chances as an investment. His money will grow from the day of the first payment. That's sure. Best of all, having bought his lot in one of the most attractive spots in Toronto, he is on the road to build his own home. Toronto's population is growing at a rate that says to every man with a thought of his future interests—"Buy now." And knowing the Toronto real estate situation as few do, we say, "Buy in Patricia Park at the prices we quote to-day."

Study the map and you will appreciate the advantageous position of Patricia Park. It is the finest near-by hillside offered purchasers to-day. Property up the hill calls for fifty to sixty dollars a foot, and then is hard to buy. While it lasts you can buy Patricia Park at \$14.00 to \$21.00. But that is only now.

The new Forest Hill Electric Railway will run along Forest Hill Rd., up Bathurst, past Patricia Park, making it only a few minutes' run beyond Forest Hill road and Dunvegan road, now closely built up with costly residences, though but vacant fields a year or two ago. Patricia Park is ideally situated as a home district. Make your selection now

BRANTFORD POLICE WILL NOT STRIKE
 Court Officials Blamed For Inciting Men to Take Action.
 BRANTFORD, March 14.—(Special)—There will be no strike of the Brantford police force. Such was the decision today when Mayor Hartman presided over a meeting of the council in which an intimation was received from the men that they would take no action pending action of the city council. In all likelihood the council will grant the increases to the men, but not to the officers of the force. The situation is cleared up, and Mayor Hartman tonight, "and we all know they have been badly advised." It is further stated that the provincial government will be asked to investigate the alleged act of officers at the police court, and the men have been charged by the mayor and aldermen with inciting the men to strike. The council is a unit in refusing demands of the police, made with an implied threat to strike in the ultimatum.

WHEAT IS LOWER ON CROP OUTLOOK
 Prospects For Winter Grains Are Reported Best in Years.
 CHICAGO, March 14.—Extremely favorable crop advices today tended to put wheat on the down grade. Closing prices, the steady, were 1-8c to 3-8c under last night. Corn showed a net decline of 5-8c to 7-8c, oats 1-4c to 1-2c down, and provisions a setback of 2-12c to 20c.
 According to a high authority the outlook for wheat is the best in years. In many localities in the winter crop belt the plant was said to be in almost perfect condition. Moreover, the weather map showed abundant moisture in all directions. Under the circumstances, bears took control of the market early and held their advantage throughout. Notwithstanding less favorable crop reports from Russia foreign buyers as a whole was not of a kind to encourage any active buying. Disappearance of the recent export demand acted as a bearish influence. On the other hand, it held their advantage a substantial renewal of foreign purchasing at the present level served to check enthusiasm on the part of the short sellers.
 Liquidation by speculative holders was the feature in corn and influenced to a greater extent the selling of other cereals. Absence of shipping demand had much to do with bringing about the bearish feeling that prevailed. Oats eased off in sympathy with corn.
 Heavy realizing by outside holders weakened provisions.

 AUCTION SALES EVERY MONDAY AND THURSDAY
 PRIVATE SALES EVERY DAY
 "CANADA'S LEADING HORSE MARKET"

AUCTION SALES NEXT WEEK

MONDAY MARCH 17th AT 11 A.M.
 Numbers will be on hand for sale on this day. All classes will be well represented, and the quality of all offerings will be up to a very high standard. The market having been a little off color for the past couple of weeks, prices are considerably lower, and, considering the number and quality of horses offered, we would advise all prospective purchasers to make their selections now. In addition to our regular shipments we shall have the following special lots:

THE FIRST OF THE SEASON!!
 ONE CARLOAD OF
LUMBER HORSES
 FROM
McFADDEN & MALLOY
 WEBBWOOD, ONT.

When buying these horses the owners scoured the country for the very best they could find, and they got them. The horses in this consignment are all young, and in the very pink of working condition, and being sold only because of their work being finished. A number of these are fine mares, and anyone needing first-class workers at their own price should not miss these. As usual, these horses, regardless of cost, will be sold without the slightest reserve.

A PROMINENT FIRM is sending us a number of BIG, YOUNG HORSES, which have been used for grading land out on the Kingston Road and East Gerrard Street. These horses are in good shape, and are consigned to us for absolute and unreserved sale.

GREY WAGGON HORSE, 6 years old, 1,250 lbs., and perfectly city broken, is also being consigned to us. This is an exceptionally fine gelding, and will merit the closest attention of anyone needing a horse of his class. To be sold for the high dollar.

REGISTERED CLYDESDALE MARE—"Bettie Ann," 28359 (26384), 4 years old, and, though low in flesh, weighs over 1,700 lbs. She is royally bred, her pedigree tracing back to "Baron's Pride," "Prince of Wales" and other famous horses. This is a really high-class mare, and is consigned for absolute sale by Mr. John Ryan, Bloor St. West, City.

THURSDAY MARCH 20th AT 11 A.M.
 Fresh shipments of horses will be on hand for this sale, and our stock, therefore, will be the very best to be seen anywhere. In addition to our regular shipments we shall also sell a number of serviceably sound workers and drivers consigned to us by city people who have no further use for them, also a number of sets of new and second-hand harness and the quieter demand for Canadian and American parcels. The forecast is for smaller world's shipments other than American, and unfavorable weather reports received from Russia. The political situation in Europe is also unfavorable, and the market is generally favorable, and these helped in a bearish way.
 Corn was dull at the opening, unchanged, but later there was a decline on the liberal Argentine shipments, favorable weather in Argentine, uneasiness in spot markets and lower American offers.

WE SELL STRICTLY ON COMMISSION
 ALL HORSES sold with a warranty are returnable by noon the day following day of sale, if not as represented.
P. MAHER, Proprietor. GEO. JACKSON, Auctioneer.

HEREFORD NOTES.
 Cyrus A. Tow, Norway, Iowa, was a 100 lb. lot of choice things at the Shade sale.
 The late Mr. McCray's phenomenal sale, averaging \$500 on 76 head, he sold at private sale: Beau Perfection 14th for \$150 to Simon Dowling's Sons, Carstairs, Alberta, Can.; Real Fairfax, a senior bull calf, for \$2000 to A. L. Weston, Golden, Colo.; a phenomenal thirty-day-old calf from Armour Donald, sired by Perfection Fairfax, and a full-brother to the \$2400 Byron Fairfax, for \$1800. Truly the highest-priced thirty-day calf ever sold going to L. O. Clifford, Oshawa, Ont.

Stock Markets Show Firm Tone --- C.F.R. Crosses 225 Again

ANOTHER FLURRY IN B. C. PACKERS

Ten-Point Jump in Inactive Issue Feature of Toronto Market.

GENERAL LIST IS FIRM Splendid Opportunity Afforded For Remunerative Investment at Present Levels.

The Toronto Stock Market has evidently recovered fully from its recent flight for the security list is maintaining an appearance of firmness which is highly satisfactory to say the least. Speculation, however, has been reduced to very small volume, so that any material movement toward a higher range of values has been almost out of the question. The technical condition has been such that, were the money stringency to ease to any appreciable extent, the favorite stocks would improve their position to a considerable extent, since prices have been depressed to bargain-day levels in a great many instances.

A sharp upturn in B. C. Packers, inspired by anticipations of a meliorating at the annual meeting, which will be held in the west this month, was the feature yesterday. The shares mounted 10 points to 158, their highest since February, but the close was below that, the stock being on offer at 153 1/2. Brazilian showed a tendency to sag early in the day, but turned firmer in the last hour, and wound up at 95 1/2, a gain of an eighth for the day. Burt preferred was ex-dividend at 94 3/4, which was the lowest price recorded since January, 1910. It sold at 122 1/4 in April, 1911. General Electric at 113, Toronto Paper at 79 1/2, Maple Leaf preferred at 97, and Mackay at 90 1/2, all showed advances. Winnipeg dropped to a new low for the month at 207. The purely investment issues were irregular, with Dominion Bank shares down another fraction to 226, a loss of 2 1/4 for the month to date. Standard was also lower, Canada Permanent Loan sold at 195, the lowest level since January. Spanish River bonds were at a new low for the year at 94.

MONEY WAS EASIER IN LONDON AGAIN

But Stock Market Was in Dol-drum—General List Sagged at the Close.

LONDON, March 14.—Money was in fair supply and discount rates were easier today. Beyond small investment buying in home rails, the Grand Trunk shares, the stock market was dull, the Berlin situation and the approach of the London day checking activity. Consols eased off a fraction, and some war stocks declined, while Australian copper shares were fast features in the mining section.

American securities opened quiet and unchanged. Trading was light, and prices moved irregularly until the afternoon, when Southern Pacific declined sharply on Wall Street selling. The rest of the list sagged in sympathy, and the market closed easy.

ANOTHER COLLAPSE IN SILVER MARKET

Silver broke to a new low level for the year, and in fact to its lowest since January, 1912, yesterday, a collapse in the speculative position in London bringing about another sharp decline. In New York the quotation fell to 56 7/8 an ounce, a loss of a full cent for the day. This compared with 58 5/8 at the beginning of the week. Liquidation of the metal by China is held responsible for the acute depression. The price was up to 64 1/8 only last December.

C. P. R. WAS HIGHER IN BERLIN BOURSE

BERLIN, March 14.—The bourse was firmer today on reports that the Balkan states are more disposed to make peace and the improvement in New York yesterday. Canadian Pacific advanced two points, and small gains were general throughout the list. Trading was light, as dealers are still very reserved on account of the stringency in the money market.

CURRENCY MOVEMENTS.

NEW YORK, March 14.—The reported currency movements this week indicate a less than with the New York banks of \$1,000,000.

BERLIN BANKERS ARE PESSIMISTIC

Banking Situation in Germany Severely Strained—Outlook is Not Encouraging.

NEW YORK STOCKS ALMOST STAGNANT

Market Showed Little Rallying Power Until Late in Afternoon.

NEW YORK, March 14.—Trading was all but suspended on the stock exchange today after a drive at prices in the forenoon had forced down some of the leading issues a point or so. Speculative interest lagged, and periods of several minutes elapsed without a transaction. In the noon hour only 12,000 shares of stocks changed hands. The market dragged along in this fashion until the last hour when a spirited rally eliminated the earlier losses in most cases. Prices advanced in the afternoon to allow the market to close at a profit. The market dragged along in this fashion until the last hour when a spirited rally eliminated the earlier losses in most cases. Prices advanced in the afternoon to allow the market to close at a profit.

STANDARD OIL SUBS ON THE DOWNGRADE

Heavy Losses in Recent Favorites on New York Curb—Fear More Litigation.

The Standard Oil "subs" have developed considerable irregularity, and in many instances the unresolvable weakness of late. The Standard Oil of California, which was the most prominent of the group, has been sold at a loss of 10 points per share. The following table showing the price level of some of the principal subs. on Jan. 2 and yesterday, and giving the decline since the first of the year, should prove of interest.

Sub	Jan. 2	Mar. 14	Change
Standard Oil of California	110	100	-10
Standard Oil of Indiana	100	90	-10
Standard Oil of Kentucky	90	80	-10

GT. NORTHERN BUYS GOLD MINING CLAIM

Cobalt Company Has Acquired Holding in Kirkland-Lake District.

COBALT, March 14.—The Great Northern Silver Mines, Limited, have purchased the Hughes, sometimes known as the Reamsbottom, claims in the Kirkland Lake District, the first payment of \$5000 being made about a month ago. Next to the Foster-Tough-Oakes holdings, this property has more work done on it than any other lot in the camp. Four tons of ore have been sacked from a hundred-foot open cut, at the bottom of which the vein is about twelve inches wide. While the ore is not as rich as that from the Foster-Tough-Oakes, it runs high in value.

PLATINUM FOUND IN SUDBURY ORES

COBALT, Mar. 14.—Practically 3000 ounces of platinum, and nearly 5000 ounces of palladium were recovered in refining the copper matrix of Sudbury in the six years ending 1912. As platinum now varies between \$45 and \$52 an ounce, it will be seen that even 3000 ounces is no mean asset. In addition silver and gold were found in these ores and the total production from these products in six years amounted to little short of a million dollars.

NEW YORK CURB.

Quotations and transactions on the New York curb, reported by Erickson Perkins & Co. (John G. Beatty):

Commodity	Price
Buffalo	2 1/2

La Roca	3 1/2
McKinley	1 1/2
Rea	8 1/2
Truway	40
Yukon Gold	2 1/2

MONTREAL LIST DULL BUT FIRM

Rally in C. P. R. Gave Some Encouragement to Halting Market.

MONTREAL, March 14.—Local stocks inclined to even more pronounced inactivity, but the movement received further encouragement in the afternoon by a sharp uptick in C. P. R. resulting in that stock closing 1/2 net gain. There was an advance from 22 1/2 at 2 o'clock to 22 3/4 just before the close and the local market closed at the highest with a net gain of 1 point.

M'INTYRE AND CITY IN THE LIMELIGHT

Spirited Advances in the Leaders But Elsewhere Some Weakness Develops. MARKET IS APATHETIC Turn in City of Cobalt Affairs—Pearl Lake Goes Lower.

While the market failed on the whole to develop any initiative, the speculative movement in the mining exchanges broadened out to a slight extent yesterday, and a most interesting series of events transpired. McIntyre continued its advance reaching par for the first time in its history. City of Cobalt came in for a spirited demand late in the day on a report that the proceedings to stop the sale of the property had been called off. Elsewhere the list moved dully, with weakness in certain spots offset by the underlying firmness in others.

MONTREAL GRAIN AND PRODUCE

MONTREAL, March 14.—Cables on Manitoba spring wheat were quiet and soft, with bids 1/4 lower. The demand was fair, but the volume of business done was small. The demand for Manitoba barley was fair at a decline of 3d, but as prices were firmer in the west, no sales were made. Cables on oats reported the markets dull, with an easier under tone. The local trade in coarse grains was dull.

43 ASSAYS AVERAGE OVER \$70 PER TON

In the forty-three assays were made from the ore taken out between 17 and 40 feet, and the averages ran over \$70 per ton. The price of this stock will shortly advance. There is a large body of ore ready to treat, which will average \$50.00 per ton, and enough ore to keep a stamp mill running for some time. No cash was asked for the property, and the vendors accepted stock in payment, thus showing their faith in the properties. Assay papers can be seen at this office and samples of ore, also the buttons produced from the assay made by The Canada Metal Company, Limited, taken out claim No. 16, 353 1/2, and showing \$552 per ton. Several assays were made by J. Wearing, Toronto, giving values as high as \$87.50 per ton, \$53.80, \$49.00, \$41.00, \$22.00 and \$15.80.

Just as the great silver camp of Cobalt and the Porcupine Gold Camp have come into prominence, so will the Pain Killer Lake district prove to be a great gold camp, and we advise investing to secure at once some stock in this well-known property.

MARKET UNSTEADY

The European situation is somewhat of a factor even in the mining securities, and will serve for a time to keep these shares irregular. Many opportunities to purchase will be presented as stocks are pressed for sale. We shall be pleased to book your orders at stated prices for your selections.

Plain Facts About Millinery

For the benefit of our patrons we make this statement, knowing they will appreciate plain facts.

Our workrooms are so busy at the present that we cannot promise to execute any orders for Good Friday taken later than Wednesday, March 19th.

Every section of the department is now crowded with a wealth of novelties such as cannot be obtained at all times.

Judging from our huge early business we anticipate an unusual rush during the next week, and for this reason would strongly advise you to place your orders at once.

Special values in trimmed and untrimmed hats, and mounts of many kinds are continuously shown in the section.

Featured By Spring Mantels

The present season—particularly the Easter season—calls for an entire change in the cut, material and ornamentation of your Spring Suit and Coat.

Long, sweeping lines to coat, smart pleats and gathers in the skirt, corded textures and rich colors, in trimming and lining, buttons galore, and even laces printed in colors—all these and more are new features of the new suits. The following short descriptions are merely suggestions of the multitude of excellent garments, all priced very cheaply, that are ready for your buying.

Coats for Spring Wear—Now is the Time to Buy Your Easter Apparel

Women and Misses will find all the featured styles for this season's wear, including all the newest materials and cut on smart lines. Coats in Bedford Cords, Eponge, Tweeds, Serges and black and white checks, that show the new colored linings or Bulgarian trimmings. Distinctive apparel 16.50 to 39.50

An Extra Offering of Suits in Misses' and Women's Sizes

We have just received for our Easter rush a line of Whipcoords, Serges, Cheviot and Fancy Tweeds, with touches of self and contrasting shades; beautifully tailored throughout and lined with silk. Worth \$18.50 to \$25.00. Saturday special 14.50

The Prevailing Modes in Tailored Suits

New lines, new fabrics, new trimming features combine to give the Spring Suits even more than the usual interest, for the mode today is a decided departure from all previous styles. Suits in Bedford Cords, Serges, Wool Poplins, Eponge and Whipcoords, in grays, blue, black, brown, tans and other light and dark shades, 21.50 to 39.50
