Ontario Women Get the Vote Moslem Soldiers Surrender in Shoals War Declaration Up to U. S. Congress

VOTES FOR ONTARIO WOMEN ANNOUNCED IN LEGISLATURE

Premier Hearst Pledges Himself and His Government To Pass Legislation Extending Franchise to Women on Same Basis As Men.

The franchise is practically in the hands of Ontario women. Premier Hearst came out yesterday with an announcement that his government would support the principle of J. W. Johnson's bill "to grant women the right to vote at elections to the legislative assembly" on the same basis as men. He called upon his supporters to vote for it, and took responsibility for it, and for the vote upon it.

The government would bring down a measure incorporating the principle of the bill, and providing the machinery to give women the vote before the next general election, he said.

Mr. Rowell, leader of the opposition, supported the measure, pointing out that his party had long advocated it, and saying it was the most radical change in the basis of this province's government since confederation.

The member for West Hastings in introducing his bill asked the government to get behind it.

Stewart Lyon in London Soon to Cross to France

Montreal, Feb. 27.—Stewart Lyon, who has been appointed war correspondent for the Canadian Press, is expected to be in London and expects to cross to the front in a few days.

Any person who has made a study of the ground in the region of the Somme and the Ancre will disagree with the hypothesis that the Germans are solely retreating because they desire to occupy a more easily defensible position. They are retreating partly because, as was noted in the despatches at the time, they lost important key positions before the two Misraumont ten days ago. They had attached a high value to those positions and they had entrusted their defence to some of the best regiments in the French army. The loss of the ridge made the intervening valley untenable, and British artillery fire made staying there impossible.

Citizenship for Women

It is many years since The World proclaimed itself in favor of woman suffrage, and the we stood alone at the time, we felt confident that the principle of justice underlying the demand for the franchise must eventually lead to success. There has been a good deal of campaigning necessary to bring about the consummation to which Sir William Hearst set the seal of his approval yesterday. Sir William by this act of progressive statesmanship, and while we have differed with him on some matters, we are free to acknowledge his timely action now, and to recognize his adoption of the principle for which we have contended so long.

No details have come to hand as to the scope of the act, but it was stated that women would vote at the next provincial election. We trust that the vote will be on the same basis for both sexes, and that there will be no discrimination against one more than the other.

OVERT ACT RECOGNIZED IN ATTACK ON LACONIA

Washington Officials Admit Clear Cut Violation of American Rights and Consider Inquiry Unnecessary—Answer Must Come From Congress.

Washington, Feb. 27.—The sinking of the Cunarder Laconia by a German submarine was stated officially today to constitute a clear-cut violation of American rights. Conclusive official information at the state department shows that two American women lost their lives, that if four other Americans among the passengers and the 14 among the crew were saved it was only by good fortune, and that the vessel was sunk without warning in direct defiance of all the principles for which the United States has stood.

Consul Frost's reports from the survivors landed at Quezestown and Hanbury show that the vessel was struck by a first torpedo without warning at 10:30 Sunday night 150 miles off Fastnet, when the steamer was traveling at 17 to 18 knots on her voyage from New York to Liverpool. The engine was stopped, as the ship listed starboard, wireless calls were sent broadcast, and six large rockets were sent up. Thirteen boats with passengers and crew got away, and scattered over two or three miles to prevent collisions in a high sea rolling in 15-foot swells.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

ON both banks of the Ancre yesterday the British continued their advance from the previous day. They captured the Villages of Le Barque and Ligny and they established themselves in the western and northern defenses of Puisieux. Continuing their raiding policy on the sector between Arras and Ypres, they carried out raids south of Lens and east of Armentieres. The attacking parties did a great deal of damage to the German dugouts, machine gun emplacements and other defences. They conducted the operation near Armentieres on a front of half a mile and they entered three lines of German defences. In last night's official communication Field Marshal Haig gives the first official hint of the extending of the British lines south of the Somme by his saying that artillery activity has continued on both sides north and south of the Somme.

If the Germans continue their retreat up the Ancre Valley and further eastward they will soon have to withdraw on sectors north and south of the sector of retreat to make their lines conform. They made sharper resistance to the British advance yesterday, according to correspondents at the front. Before withdrawing they completely wrecked their elaborate dugouts and other shelters and defences. The British pushed forward all day along the eleven-mile front, and their present objective is a crest which overlooks the high ground running between Achiet-le-Petit and Bapaume.

UNITED STATES BRITAIN'S TOOL SAYS HOLLWEG

Severing of Relations Inspires Bitter Taunt in the Reichstag.

NO "GOING BACKWARD"

Success of U-Boat Warfare is Said to Be Surpassing Hopes.

Berlin, Feb. 27.—Chancellor von Bethmann-Hollweg's address to the Reichstag, postponed from last week, was delivered today. In speaking of relations with the United States toward the close of his address, he said: "I would fully understand it if the United States, as a protector of international law, should have bartered for its re-establishment in equal fashion with all the belligerents, and if, desiring to restore peace to the world, she had taken measures to enforce the end of the bloodshed. But I cannot possibly consider it a vital question for the American nation to protect inhuman beings."

First photograph of the departure from Toronto of the 188th (Buffs) Battalion, taken at the Union Station. A motion picture operator was just starting to take some "action" pictures when everybody looked his way.

BRITISH ROUT FLEEING TURKS TAKE THOUSANDS PRISONER

Operations in Mesopotamia Move Up Tigris River—Capture of Kut-el-Amara Removes Slur on British Arms.

London, Feb. 27.—Turkish troops taken prisoner by the British at Kut-el-Amara now number several thousand, stated in the house of lords today.

Premier Borden and Party Will Pay Visit to Front

Now Busily Engaged on Imperial Problems Pending Opening of Conference.

Canadian Associated Press Cable. London, Feb. 27.—Premier Borden had an interview today with the colonial secretary. Subjects to be considered at the war conference were discussed. Premier Borden also visited the officers of the war cabinet and inspected a mass of documents relating to the prosecution of the war.

Col. Marlow's Report

Ottawa, Ont., Feb. 27.—Recommendations designed to eliminate conditions which he considers justify criticism, are contained in the report made by Lieut.-Col. F. W. Marlow, assistant director of medical services for the Toronto district, following an inspection of the military medical services in Canada generally, and of those of the Canadian expeditionary force particularly, which was obtained for publication tonight. Col. Marlow's report contains almost no criticism of the administration of the military hospitals commission, but he does find some conditions which he considers unsatisfactory in the medical services generally. The report was based upon an inspection made last autumn and attached to it is a memorandum in reply from Col. Potter, acting director-general of medical services.

Positions Also Established West and North of Puisieux, While Successful Raid is Carried Out East of Armentieres.

London, Feb. 27.—Additional progress has been made by the British forces north and south of the Ancre region in France and also south of Lens. In the Ancre district the Village of Ligny, southwest of Bapaume, has been occupied and north of the stream the western and northern defenses of Puisieux have been taken from the Germans, according to the British official communication issued tonight.

The communication says: "We have made further progress north and south of the Ancre. During the night we captured the village of Le Barque. Today we have occupied Ligny and established ourselves in the western and northern defenses of Puisieux. "We raided the enemy's positions this morning southward of Lens and destroyed a number of dugouts, machine gun emplacements, and took a few prisoners. Another successful raid was carried out by our troops during the night east of Armentieres, on a front of a half mile. Three lines of hostile trenches were entered and considerable damage was done to the enemy's defences. We captured sixteen prisoners and brought back searchlights and a machine gun. "Artillery activity has continued on both sides north and south of the Somme. "There was sharper resistance all along the line of the German retreat today than at any time since the movement began. There is no indication as yet of a fixed purpose by the Germans to make a definite stand, but they are doing everything possible to hold up and interfere with the British advance. The rear outposts were immensely strengthened, and this led to stiff fighting with the British forward patrols. "The Germans prepared carefully for their retirement, apart from choosing the moment when spring was just beginning, bringing with it new depths of clinging mud. Belt after belt of barbed wire marks the German retreat. Always great belief was given to the Germans to make a definite stand, but they are doing everything possible to hold up and interfere with the British advance. The rear outposts were immensely strengthened, and this led to stiff fighting with the British forward patrols. How the Railways Want to Deal With the Canadian Railway Situation

When the prime minister gets back from Europe, the public will learn what has been recommended by the commission appointed to examine into the Canadian railway situation.

Mr. Tye says there are three or four ways of settling the railway situation in Canada, and he enumerates them as follows: 1. Transferring the Canadian Northern, the Grand Trunk Pacific, and the Transcontinental to the Canadian Pacific.

2. Government ownership of some, or all, of these lines. 3. Selling the Canadian Northern and the Grand Trunk Pacific railways until such time as they become profitable.

4. Consolidation of the Grand Trunk Pacific, the Canadian Northern, the Grand Trunk Pacific, the Transcontinental, and the Canadian Northern into one system, under a new company to be formed.

The proposal to turn over the National Transcontinental, the Canadian Northern and the Canadian Pacific, Mr. Tye neither endorses nor condemns, beyond suggesting that it would put an end to competition.

Who is to control this gigantic company and how the stock is to be distributed, Mr. Tye does not explain.

From this standpoint he makes out a fairly good case for his proposed cure of the railway situation. He compares eastern and western Canada to the Siamese twins, commercially united by a narrow ligature—the railways.

Canada may be compared with the Siamese twins—two bodies, the east and the west, commercially united by a narrow ligature—the railways.

Mr. Tye says that the Grand Trunk had a good system in the east, but having no railways in the west should never have built a long trunk line to the Pacific.

Mr. Tye says that the Grand Trunk had a good system in the east, but having no railways in the west should never have built a long trunk line to the Pacific.

Such of this may be sound. We agree with Mr. Tye in the National Transcontinental (including the Grand Trunk

Pacific) is doomed to failure if you wrench it away from the old Grand Trunk. We may even go further and say that the National Transcontinental, the Intercolonial, the old Grand Trunk, and the Grand Trunk Pacific as a unified system under either government or private control will scarcely pay its way unless and until branches and feeders are constructed in the west.

But we must not forget that the Canadian Northern and the Canadian Northern are already, in fact, constructed across what Mr. Tye is pleased to call a desert, but which we prefer to designate as the clay belt of Ontario.

For who, after all, is behind this movement to quickly settle the railway situation out of hand and kill off public ownership? Was it an accident that Mr. S. O. Dunne, editor of The Railway Gazette, Dunne, came to the attention of the public ownership and condemn public ownership of railways? Did he, off his own bat, publish articles after articles, denouncing the management of the Intercolonial as wasteful and incompetent? Did Mr. Tye just happen to send his voluminous article to The Railway Gazette, which Mr. Dunne so ably edits?

We think there is some team work going on, and some powerful Bunty pulling the strings. Perhaps this powerful person or corporation, as the case may be, has been administering the Intercolonial and the Canadian Northern and public journals to sleep.

For a little while we can journey with Mr. Tye, because we quite agree with him that the National Transcontinental and the Grand Trunk Pacific must be coordinated with the old Grand Trunk, and of course with the Intercolonial. A trunk line thirty-five hundred miles long with only twelve hundred miles of branch lines, all told, is an absurdity, especially when it runs far north of Montreal, Toronto and all the industrial centres of Ontario.

And what will the people think of it? Are they prepared to take their backs upon government ownership and operation of railways? Do they feel putting another one hundred million dollars into the coffers of the Grand Trunk and losing for ever the chance of national railways? Will Canada never learn anything?

HAMILTON REFUSES TO BE COMMITTED

City Council Not So Sure It Wants Canadian Northern Railway.

Hamilton, Ont., Wednesday, Feb. 28.—The city council last evening, after an hour's debate, threw out the board of control's recommendation that the report of the works committee respecting the Canadian Northern Railway be referred back and modified, so that "it did not commit the city in any way."

"I'm not certain that we are in favor of having the G.N.R. come through Hamilton," said Ald. Langs. "I have no hesitancy in saying that such a recommendation would commit this city."

The city solicitor, called upon for an expression of opinion, backed up Ald. Langs. He thought the striking effect of the phrase mentioned was improvement, and the recommendation carried. It was that a competent consulting engineer be appointed, to report upon the feasibility of a common entrance, to include the Grand Trunk Railway System.

Mr. M. B. McCarron, baker, 28 Church street, Brockville, Ont., writes: "About five years ago I was troubled

WAR SUMMARY THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

for them, and, as in the case of other local defeats, the Germans had to beat retreat to reform their front. This time deep mud made it impossible for either army to move, but as soon as the fog and the roads permitted the enemy began to carry out his retrograde. Field Marshal Haig, in other words, had forced on the Germans a salient too acute for them to hold, and they had to evacuate it.

Americans reaching Switzerland on their way out of Germany say that the Germans are probably retreating on the Ancre front in order to regroup their forces in the west for the coming offensive.

British troops are pursuing the retreating Turks from Kut-el-Amara and they have already taken several thousand prisoners and large quantities of munitions, equipment and stores.

The United States has completed its arrangements to sever diplomatic relations with Austria-Hungary because the German submarine policy, the German it appears, dominates the government at Vienna.

Baker Had Long Hours And Only Broken Rest

Became Much Run Down and Could Not Sleep When Opportunity Came—Found Cure in Dr. Chase's Nerve Food.

Brockville, Ont., Feb. 13.—At this time many people are working long hours with little time for rest and sleep. Sooner or later the nerves give way, for it is during sleep that the body is recharged with the activities of living and working is replenished.

WAR'S CLIMAX IS FAST APPROACHING

Premier Borden Wires Statement to Hamilton Canadian Club From England.

NO CONSCRIPTION YET

Right. Hon. George E. Foster Says Government Would Have to Be Sure.

Hamilton, Ont., Wednesday, Feb. 28.—That the government is going to continue on with voluntary enlistment for the present, and that it will only adopt conscription as a last resource, and then only after the people have endorsed the use of it at the polls, was the statement made by Rt. Hon. Sir George E. Foster, minister of trade and commerce, in speaking before the members of the Hamilton Club and the Hamilton Board of Trade at the Royal Cananought Hotel last night.

"I know that I am a member of the government and also know that I cannot avoid my responsibilities. The question for which you ask can only be given by the government as a whole. My own personal opinion is that if you are able to go to the front and are hanging back it would give me great pleasure in taking you by the scruff of the neck and giving you a gentle impulse to the front."

Here Major Counsel interrupted by saying: "I guess all we have got to do is to wait and see." "No," the minister of trade and commerce, "will take up a question of that size on the request of an individual. The government has got to look the whole question over, and not take any steps that the people will not endorse. I can safely state that the government has given the question of enlistment very serious consideration, and that in its determination to carry the war to a successful conclusion, nothing will be left undone. If that victorious end cannot be brought about by the voluntary system, then the next best step will be taken."

"The government is working hard on the problem at the present time," continued Sir George, "but what the results will be, can only be guessed at present. There is nothing to do but await the decision of the government."

Secretary, Canadian Club, Hamilton, Ontario.—The war's climax is fast approaching, and it may be reached at any moment. I strongly commend and support the efforts of the Canadian Club in its campaign for the most vigorous effort is vitally necessary, and I hope for a splendid result from your efforts.

A doctrine of thrift was advocated by the distinguished speaker, who urged every man and woman to save surplus earnings. We have been lulled into a sense of security because we have very favorable trade balance at present, nothing exports last year were over a billion dollars we must not forget that munitions and bread stuffs were the principal exports after the war. It means that we will have to get busy and make our imports and exports pay our bills."

Sir George painted a rosy picture of Canada's share of the foreign trade that would follow after the war. With the markets that would exist for the construction of materials and the better traffic and trade relations between the allies, there was no reason why Canada should not go to the front as an exporting nation. He urged the manufacturers to get together and prepare for after-the-war conditions, so as to be in a position to get foreign trade. "As the war goes on the women must be drafted to take the place of the men, so that they will become co-workers in winning the war," he concluded, amid cheers.

LIVELY FIGHTS PROCEED UPON WESTERN FRONT

Berlin, Feb. 27.—The supplementary communication, issued tonight, says: "As the war goes on the women must be drafted to take the place of the men, so that they will become co-workers in winning the war," he concluded, amid cheers.

STEAMERS SUNK

Vessels yesterday reported sunk were: Hamilton (French) steamer, 3780; Hannah Crossfield (British) sailing ship, 151; Thonia (British) steamer, 445; Headley (British) steamer, 4953; Arles (British) steamer, 3071; Sea Gull (British) steamer, 144. Vessels sunk since Feb. (trawlers not included) 168; total tonnage (estimated) 876,660.

More Power at Less Cost

Both Series "18" Studebaker FOUR and Series "18" Studebaker SIX are noted for their great power, and especially their great power in ratio to their very low consumption of gasoline.

It has taken Studebaker four years to improve, refine and perfect the wonderful Studebaker motor. It has been solved through the experience of 250,000 cars in the hands of owners. It is only through an evolution like this, that perfection of power in ratio to fuel consumption can possibly be developed.

There are no secret processes; no basic patents; no features of design that are unknown or prohibited by patents. The Engineer can use what he wishes, but he can only know how to use the best features by continually improving, refining and perfecting—through the experience of a motor in actual service.

This is why Studebaker can truthfully claim that the design of its motor is unsurpassed in simplicity, accessibility and power. By the refinement of reciprocating parts, vibration has been reduced to an almost unobscure minimum.

The bearing areas of the motor have been enlarged and increased, giving greater durability, more strength, still further insuring smooth, vibrationless operation. But you cannot appreciate the splendid POWER of the Studebaker car until you TRY it.

END OF RELATIONS WITH VIENNA NEAR

U. S. Has Made Preparations to Withdraw Diplomatic Representatives.

BREAK IS INEVITABLE

Austria-Hungary's Adherence to German Policy Leaves No Choice.

Washington, Feb. 27.—Complete arrangements for the withdrawal of American diplomatic and consular officers from Austria-Hungary have been made by Ambassador Penfield on instructions from the state department.

It was learned today that the ambassador had been directed to take this step, the belief at the department being that a break in relations is inevitable. The Spanish government has been asked to take over American interests, and plans have been made to expedite the withdrawal of Americans if the break occurs.

The last report from Ambassador Penfield, a brief cable received after these instructions were sent, suggested a slight possibility that Austria's reply to this government's aide memoire, asking a definition of her attitude in the submarine situation, might be favorable. No real hope was raised here, however, and no change in instructions followed.

The state department recently notified Count Tarnow of Tarnowki, the new Austrian ambassador, who landed in New York the day the German proclamation was received, could not present his credentials to President Wilson until the issue between the two countries was cleared up.

The feeling prevails here that while both this country and Austria are seeking to avoid a break, Germany is determined that her ally shall support to her utmost the submarine campaign against England.

Glasses With Double Sight

If you have been using separate glasses for reading or sewing, and another pair for general use, you have probably found it an inconvenience keeping tabs on both pairs. A solution is the glasses which have two sights in one glass. The lenses are ground together so that the joint is invisible, yet they have the requirements of two pairs in one. These lenses will be made according to your prescription and fitted into a gold-filled frame or rimless mount, for a special price of 5.00. All oculists' prescriptions filled at this price. —Optical Department—Third Floor, Albert Street.

Popular Songs at 15c

A few of the song hits that are so much in demand at the present time: "Where the Black-Eyed Susans Grow," "Hawaian Sunshin," "What Do You Want to Make Those Eyes at Me For?" "Twas Only an Irishman's Dream," "Way Down in Iowa," "Rolling Stones," "My Lonely Lola," "My Hawaiian Sunshine," "Mammy's Little Coal Black Rose." Per copy .15. —Main Floor, Albert St.

Reminding You of the Extraordinarily Good Value of the Lyra Piano at \$225.00

A Beautifully Finished, Richly-Toned Instrument, That Compares With High-Grade Pianos, Yet is Priced Considerably Lower

THE Lyra Pianos are the most reasonably priced pianos in this country. This is rather a strong statement to make, but it's proven by the facts. Their price is so much less than is usually asked for this grade of piano that it could not be used as a basis for comparison. This low price is made possible on account of selling all pianos for spot cash, without agents' fees, etc., enabling us to effect a great saving and price the Lyra at the low price of 225.00

As well as the artistic design and rich mirror-like finish on the Lyra, is the real character of the instrument. The Otto Higel action, with which all Lyras are equipped, assures mechanical efficiency and durability for years of service. Other standard equipments in the Lyra are—copper around bass strings, full metal plate, bushed tuning pins and ivory keys.

See these Pianos in the showroom, 5th Floor. Hear the Lyra played, or play it yourself and get acquainted with its many excellent features. Every Piano sold comes direct from factory perfectly tuned and with the EATON ten-year guarantee of absolute satisfaction. Delivered to nearest railway station in Ontario or Maritime Provinces, freight prepaid. The EATON price, \$225.00. —Fifth Floor.

The Acme Cabinet Gas Range is Very Good Value at \$36.50

It's a Modern, Efficient Cooker, Suitable for Ordinary Sized Family.

WITH manufacturing conditions as they are, this Acme Gas Range is extra good value. Perhaps the most outstanding feature of this range is its four ovens—one for baking, one for broiling, one for boiling, and the other for plate-warming. The spacious table top is equipped with four powerful star dilled burners and a simmerer, each controlled by a separate needle-point valve and air-mixer, under all of which is a removable enamel dirt tray. The Acme is also equipped with a canopy top, which, when connected to chimney, carries away all fumes of cooking. The body of the range is made of steel, baked enamel finish. Handsome nickel-plated trimmings. Piping and connections extra. Excellent value at 36.50. —Basement.

Let the EATON Repair Shop Fix Up Your Bicycle For Spring

Bicycles Called for and Returned Ready for Service, Workmanship Guaranteed and Charges Very Moderate

THE Disappearance of winter snows, longer, brighter and warmer days remind us of spring and the need of getting the bicycle cleaned, overhauled and repaired ready for the long enjoyable cycling season.

The efficient EATON repair shop, with its staff of expert workmen, will put your bicycle in perfect running order at a very moderate rate of charges. Phone Ad. 5000 and ask for Sporting Goods Department and leave orders to have man call for your bicycle. If you can do the repairing or overhauling yourself we call your attention to the extremely low prices of the following bicycle accessories on display in Sporting Goods Department, Fifth Floor.

- Dunlop Traction Tread Covers, each .325. Dunlop Tubes, each .150. 20 in. x 1 1/2 in. Studded Covers, 25 x 1 1/2, each .175. Dunlop Guaranteed Tubes, each .125. Special Inner Tubes, each .75. A very comfortable Saddle, has coil spring and leather top, each \$1.00. The "Bon Ton" Motorcycle Saddle, has heavy coil spring, with plunger seat, with special screw for keeping seat tight, each \$2.00. Front Wheels, in standard size, with normal wood rim, concave hub, nickel spokes, 28-inch x 1 1/2, each \$1.95. Rear Wheels, with Hercules Cosette Brake, standard rim, 28-inch, nickel spokes, 28-inch x 1 1/2, each \$1.95. Plain Rim, 28 x 1 1/2, front or rear, 25 hole, each .75. Spokes, 1 1/2, with nipples, doz. .30. Patching Rubber, each .5. 2-inch Bell, with strong rim, each .15. 2 1/2-inch Bell, with strong rim, each .25. Electric Stroke Bell, each .35. Double Electric Bell, each .50. Tool Bags, made of leather, with straps, each .50. Leather Tool Bags, double stitched, each .60. Leather Wound Grips for handlebars, 15 per pair. —Fifth Floor.

HERE AND THERE IN THE STORE

In the spring of the year the body is most susceptible to sickness and it is especially important that one pay particular attention to the physical being. A few minutes' exercise each morning on a Whittier exerciser keeps a person fit, puts vim and enthusiasm into the body and tones up the system for the day. They can be used by almost every member of the family and are adjustable to three tensions—Light, for the children; medium, for beginners or poorly-developed people, and heavy, for those who have developed a degree of strength. Easily fastened to wall and made with strong, easily-running pulleys that do not jam. Prices, \$2.50, \$3.50 and \$4.00 per set.

At Yonge, Queen and James Street doors are order boxes, where orders or instructions may be placed. These boxes are emptied at 8.20, 9, 10 a.m., 1, 4, 4.40 p.m. A proper protection of the skin against the ravages of the weather will result in an exquisite complexion, such as every woman desires. Almond and witch hazel cream affords this protection and is a splendid preventive for chapping, sunburn, etc. The knowledge of its ingredients (the cream being made in our own laboratory) causes us to unhesitatingly recommend this preparation for the skin. In Drug Dept., Main Floor. 3-ounce bottle for .32.

ZILLEBEKE LIST INCREASES DAILY

Many More Local Soldiers Are Believed to Have Been Killed.

LOCATE PTE. JARDINE

Thirty-One Men, Known in Toronto, Maimed in Latest Reports.

Another long list of Toronto names appear in the latest casualty reports, and again those missing since last June are reported as presumed to have been killed. In the last list 18 were reported killed, three as having died from various causes, two ill, one suffering from shell shock, six wounded and one a prisoner in Germany. Capt. John H. Symons, eldest son of Capt. William Symons, a well-known Toronto architect, now with the hospital commission, is officially reported as having been killed June 5. Lieut. Harvey W. Cockshutt, director of the Cockshutt Flow Co., Brantford, reported missing since Zillebeke, is now reported as believed killed. He was 33 years old. His mother is at present with Mrs. George A. Baker, 44 Nanton avenue. Mrs. J. J. Gibbons is a sister. Sgt. G. H. Schramm of Welland enlisted in Toronto, and is believed to have been killed in action. Acting Sgt. Patrick Hunt, missing since June last, is believed to have been killed. He was 19 years old and unmarried. He enlisted with a Toronto...

to C.M.R. unit. His kin live at Stratford, Ont. Pte. R. G. Smith, in the employ of the Stanton Wallpaper Manufacturing Co. before enlisting with the C.M.R., has been killed in action. He was 22 years old and lived at 8 Belmont street. His kin live in England. Pte. J. A. Gaudin, 962 Shaw street, was killed at Zillebeke. He went overseas with the C.M.R. in 1915 and was 27 years old. Pte. Charles Webb, whose sister lived at 47 Carlton street, was evidently killed at Zillebeke. He enlisted at Ottawa with the C.M.R. Pte. Ernest Thompson, whose sister-in-law lives at 22 Penches street, was killed at Zillebeke, June 2, the first anniversary of his wedding. His wife is now at her home in Glasgow, Scotland. Pte. Henry Foster, 11 Teigmouth street, is reported killed. He was with the 84th Battalion. Pte. G. Brake, a Hamilton man who enlisted with a C.M.R. unit in Toronto, is reported killed. Pte. T. J. Stamp of Logford enlisted in Toronto with the C.M.R. and has not been heard of since the battle of Zillebeke. Pte. Joseph A. Budd, whose next of kin lives in England, is believed killed in action. He was 22 years old, can join a C.M.R. unit in Toronto early in the war. Pte. James McVittie, whose home is in Dumfries, Scotland, enlisted in Toronto with the Mounted Infantry, and has been missing since last June. Pte. Walter Bullock enlisted with the 35th Battalion, but no relatives can be located in Toronto. He is presumed to have been killed at Zillebeke. Pte. H. A. Green enlisted with the C.M.R. in Toronto and was another victim at Zillebeke. His kin live in Brampton, England. Pte. S. R. Smith of Mohawk, Ont., enlisted in Toronto with a C.M.R. unit and is believed killed. Pte. J. Thompson, whose relatives live in England, enlisted in Toronto early in the war, and is believed to have been killed. He left with the 84th Battalion, and his kin are in England.

ingent man, who enlisted in Toronto, is believed killed. His kin live in Scotland. Pte. W. Nicholson, whose sister, Mrs. Fred Wright, lives in Wood street, has died of wounds in Mesopotamia. He was with the 9th Battalion L.N.L., 38th Brigade. Pte. A. F. Livingstone, whose brother, Walter Livingstone, lives at 440 Broadview avenue, has died of pneumonia in England. He was with the 180th (Sportsmen's) Battalion. He came from Scotland. Illness Causes Death. Pte. Robert Duke, formerly living at 34 River street, reported previously as seriously ill, is now reported as having died. He went overseas with the 81st Battalion. He had been in Canada eleven years, and was with the Toronto Electric Light Company. Company Sgt.-Major Edward G. Brock, 248 Shaw street, is suffering from shell shock. He has been in France for two years. Pte. Charles Dies, who went overseas with the divisional cyclists, is ill in England. A brother, Pte. Wm. Dies, 116 Kenilworth avenue, is in the hospital with wounds. Pte. J. C. O'Donoghue, whose sister, Mrs. Penny, lives at 561 Bathurst street, is in a French hospital with pneumonia. He enlisted at Niagara with the 98th Battalion. Lieut. R. P. Thompson, reported wounded two weeks ago, is listed as in the first contingent. He is in the chest. He enlisted as a private in the 35th Battalion. His father is a well-known prospector. Pte. R. Black, whose next of kin, Mrs. S. P. Stratton, formerly lived at 555 Church street, is reported as wounded. He enlisted at Valcartier in the first contingent. Lance-Corp. James T. Dawes, whose mother, Mrs. Caroline Dawes, lives at 15 Thompson street, has been wounded in an accident. He is 38 years old, and went overseas with the 38th Battalion. His wife is in England. Pte. B. Simicks, who trained at the Exhibition camp, is listed with the wounded. He left with the 84th Battalion, and his kin are in England. Pte. Robert J. Smith, a second con-

Pte. J. F. Shavlin, a native of Scotland, whose kin live at Chatham, Ont., is among the wounded. He left Toronto with the 92nd Battalion. Pte. John McLean, 56 Osborne street, East Toronto, is in a rest station in France suffering with injuries to the hip. He is a native of Glasgow, Scotland, and enlisted with the 22nd Highlanders. He was on an employ at the city hall. Pte. William Arthur Jardine, son of Mrs. Clara Jardine, 394 Hallam street, is a prisoner in Germany. He has been missing since Jan. 12. He went overseas last August. Gunner F. R. Hill, War Hero, Dies in Toronto Hospital. Gunner Frederick Richard Hill, 47 Brookfield street, a returned soldier, who has served 16 months at the front with a Toronto battery, died in the General Hospital yesterday from heart trouble. On Wednesday last his father, Thomas Richard Hill, died in the same ward from the same complaint. Gunner Hill was married and leaves a widow and two small children. Three of his brothers went overseas with the second contingent. John N. Hill returned, but he is at the front and Victor is seriously wounded in a London hospital. The funeral will be a military one. The body will be taken to Sunderland for interment. General Fotheringham May Direct Care of Returned Men. It is said that General J. T. Fotheringham will be brought back from England to take control of the treatment of invalided soldiers in the military hospitals and homes throughout Canada. General Fotheringham was director of medical services for the Toronto military area before going overseas with the second contingent. He was on the staff of Major-General Steele.

GOOD ROADS MEN IN CONVENTION

Hear Addresses on Need for Extension of County and National Roads. EMPLOYING SOLDIERS Building of Vast Road Systems Will Give Work to Returned Men.

The opinion was expressed by a number of speakers at the annual convention of the Good Roads Association, which opened in the municipal building yesterday, that the counties and municipalities of the province would have a great opportunity to assist in the readjustment period after the war by employing returned men to build up the great highways of the province. The question had the attention of President S. L. Squire and W. A. McLean, deputy minister of highways, who emphatically stated that it would be for each community to take care of the men who return from overseas when peace is declared. The members were admonished as to the future, and told that their most urgent duty was to make provision for peace times and not be caught unprepared as they were for war. Mayor Church welcomed the delegates to the convention, and praised them warmly for the conduct of the work with which they were identified. It was his belief that the main reason for the inability to produce foodstuffs and other articles to meet the requirements of the people was the lack of main thoroughfares throughout the province. Good roads were the great essential to the production of these necessities. The inauguration of a federal system of thoroughfares after the war would provide the principal means of solving the unemployment problem. The president declared that the need for conventions of this kind was becoming more evident, and he was satisfied that when society had been educated and organized along the lines of better roads it would mean a great development of the country in general. Ontario was never more in need of such facilities than at present. The general prosperity with which the province had been favored, and the increasing use of motor vehicles, necessitated better roads, as also did the demand by the cities for a cheaper and better class of produce. That the roads were the property of the municipality there was no question, and it was undoubtedly true that mistakes had been made in administration. For the latter reason it was the duty of the government to encourage and educate the municipalities to an ideal condition of roads and to carry out experiments pertaining to their development. Unprepared for Peace. Regarding after the war conditions, he said they were no better prepared to meet peace than they were to engage in the war when it broke. He wondered whose duty it would be to take care of the returned men. Some might want to shirk the responsibility and say that it should be assumed by the governments, but he thought it should be assumed by the people as a whole. There was nothing which gave them a better opportunity to help the returned men than the building of a good roads system, and the municipalities must be used as the spillways of labor in the readjustment period. W. A. McLean was well satisfied with the progress being made by the good roads movement. When the minds of the people, he said, were set on a certain purpose, it was exceedingly hard to change them. When the movement was started there were about two counties interested in the

WASHED RAGS IN CLOTH. Ad. 760

LEADERS ELATED BY THEIR VICTORY

Those Who Fought for Women Suffrage Are Fully Satisfied.

WHAT WILL FOLLOW

Mrs. Kantel Says Benefit to Country Will Depend on Use Made of It.

Something of what the women thought when the premier made his memorable address on the Johnson suffrage bill yesterday afternoon may be judged from the following brief interviews.

"We thought our breath was taken away," said Mrs. A. M. Ormsby, president of the provincial suffrage campaign committee. "We had been told by the premier for the 6th and had been told that the bill would be introduced before that. We knew something was coming, but did not know what."

"Speaking for the districts covered by London, Brantford, Rainy River, Huron, Perth, William and Ottawa," continued Mrs. Ormsby, "I can say that we feel that we now have come into our own. We are very grateful that no strings have been tied to the measure. We feel that women will do equally as well as men—I won't say better," was the smiling conclusion.

Mrs. Ormsby hoped, too, that the petition with the 100,000 or so names which the Ontario franchise committee have been so busy upon for some months past will be registered.

"I am delighted that the franchise is being given," said Mrs. A. C. Courtice of the board of education. "Of course," she continued, "it is the only reasonable thing to expect. But then we have long expected and still did not get it. So let us give all credit to those who are giving it to us at this time."

"The premier and Mr. Rowell both made very statesmanlike addresses," was the comment of Mrs. A. M. Huestis, president of the Toronto Council of Women. "We must look at the responsibility and view the situation very thoughtfully. The future holds much and we must all have a serious purpose and understand it together."

"Mothers' pensions important," Mrs. Huestis was more than pleased at the reference made by Mr. Rowell when he said that the solution for the upbuilding of the homes would be through the medium of mothers' pensions.

"Hip! hip! hurrah! Three cheers for the premier," was the way in which Dr. Caroline Brown received the news. Dr. Brown was not in the house when the bill was introduced, and the first intimation she had was when she was spoken to by The World.

"The men have been pretty good after the bill," was the consensus of her estimate of the action of the government.

"Of course we are delighted," said Mrs. L. A. Hamilton. "This is what we have been working for. I thought the premier did beautifully. He put the subject in such a dignified way."

"What about the petition; will it be presented?" she was asked.

"I don't know," was all Mrs. Hamilton could say at this point. "But I suppose we will show some kind of gratitude," which perhaps might be taken to mean that of the present generally. The giving of the franchise to women will have a wonderful effect upon the country, and I feel it will be a remedy for many of the evils now in the homes due to the inferior place in which women have hitherto been placed."

"The benefit to the country as a result of the franchise will greatly depend upon the use we make of it," was the opinion of Mrs. E. A. Kantel. "The getting of the vote is far from being as important as the use to which it is put."

There will be a meeting of the franchise campaign committee today, and if funds will permit the women will begin at once an educational campaign as to the best methods of using the ballot.

PUBLIC HEALTH ACT.

L. F. Hilliard (Dundas) introduced a bill yesterday to amend the Public Health Act, so that on dispute the salary of a public health officer may be referred to a county judge for settlement.

EVERY MAN intends to make his will, and knows just how he wishes to distribute his estate. Delay may mean an arbitrary division, according to the Inheritance Acts, and the consequent inconvenience or actual hardship of some relative or dear friend.

Our booklet, "I Give, Devise and Bequeath," explains in a matter-of-fact way the chances you are taking. We will gladly send it to you on request.

THE UNION TRUST COMPANY, LIMITED

TEMPLE BUILDING, TORONTO. Henry F. Goodwin, Pres. J. M. McWhinney, Gen. Mgr.

BILL TO REDEEM BONDS HELD IN GREAT BRITAIN

McGarry Introduces Measure to Provide for Loans to Aid War Financing.

Hon. T. W. McGarry yesterday introduced his bill to provide for the redemption of the Ontario securities held in Great Britain, thus assisting the country in her war financing.

Six million of this at 3 1/2 per cent. comes due in 1946, eight million at 4 1/2 per cent. in 1947 and three million at 4 1/2 per cent. in 1948.

The bill provides for the raising of \$17,000,000 by loans to be borrowed for terms not exceeding 20 years and bearing interest to be fixed by order-in-council on the credit of the consolidated revenue fund.

Securities issued for these loans are to be freed from provincial taxes, succession duties, etc. The council may provide, according to the act, for a special sinking fund with respect to the issue authorized at a greater rate than the usually legal rate of one-half of one per cent.

The provincial treasurer intimated that some at least of the loans might be issued in Ontario, and expressed the hope that such loans would be largely subscribed for.

LINK THREE DEPARTMENTS TO DISSEMINATE HELP

Employment Bureaus to Co-operate With District Representatives for Greater Production.

To ameliorate the scarcity of farm laborers in the province this summer the government has arranged to link the government employment bureaus with the branch offices of the department of agriculture.

"Zone offices" will be established at first at Toronto, Ottawa, London, Hamilton, Fort William and Sudbury or Sault Ste. Marie. These offices will report daily to the central labor-exchange here, the zone offices will be in constant touch with the 45 branch stations of the department of agriculture. Sub-bureaus will be maintained in smaller cities of the province in connection with the zone offices.

Thru this new departure in the use of district agricultural representatives the government hopes to be able to disseminate the labor available to the best possible advantage and with the least possible cost to the province. The best possible cost of the line will work in conjunction with the offices of the colonization branch of the department of forests and mines in the United States.

Every facility afforded by the bureaus is at the service of every citizen without charge.

NO FIXED ASSESSMENT FOR CONNAUGHT HOTEL

Private Bills Committee Rejects Proposal Recommended by City Council.

Fixed assessment for the Royal Connaught Hotel, Hamilton, at \$25,000, as recommended by the city council, was defeated after a strenuous fight in the first meeting of the private bills committee yesterday.

Strong opposition was developed from the labor men and board of education. This action sets a strong precedent that may materially affect action in the same direction with regard to the proposed York Hotel on the site of the Yonge street arcade.

Lieut.-Col. Dinlick was present yesterday. The only way out for the council appears to be yearly remission of taxes under the Martyn bill of last session.

The committee favored the Barton Township bill for the appointment of an assessment commissioner, but declined to allow the treasurer to collect taxes, providing for the appointment of a permanent tax collector.

Residents on the outskirts of Crystal Beach who objected to being included in the village and paying taxes for improvements, which they claimed they did not enjoy, were defeated by the village council, who claimed that conditions were no different now than what they were when these same residents applied for inclusion in the village.

SUCCESSFUL SALESMEN ARE BORN, NOT MADE

W. J. Irvine Gives a Few Pointers at Advertising Club Meeting.

Honesty, truth, simplicity and courtesy are the great essentials for a successful salesman, according to W. J. Irvine, who delivered an address on "The Personality of a Salesman" before the Toronto Advertising Club in the St. Charles Hotel at noon yesterday.

And in order to overcome the obstacles on the road to success, determination and a willingness to serve must co-operate with those four virtues which are the required positives in the character of the salesman. Many men failed in making sales just because they did not appreciate that the prospective purchaser was not as well acquainted with the article as they were themselves.

"They presented that article from their own knowledge and standpoint rather than from the view of the man approached."

It was Mr. Irvine's opinion that the day of the traveling salesman was over. He had never been regarded as a means of building up a great business, but was more or less of a good fellow well met. His methods employed to make sales were of a temporary nature, and did not have the lasting and beneficial effect that spelled success. The successful salesman, he said, was born, not made. The science and art of selling came in the character of the man at birth, and were not cultivated in after life.

R. S. Coryell presided.

Want a Colonization Road From Orillia to North Bay

Asking for a colonization road from Orillia to North Bay, a deputation introduced by J. Edgar, Parry Sound, G. W. Ecclestone, Muskoka, and J. L. Hart, East Simcoe, waited on Hon. Finlay Macdonald and Hon. G. Howard Ferguson yesterday. They pointed out that the road would run thru a

VOTES FOR WOMEN

(Continued from Page 1)

influence for good? The result of injecting the sex element into politics was problematic. He would review the arguments for and against, and then give his own opinion, he said. He then spoke of the effect of the measure in Australia, New Zealand and Norway, where the death rate had been reduced. If it would do that, it was ample justification, said he. He then reviewed the history of the suffrage struggle in England, Canada and other countries.

There was no argument that legislation was delayed; since last year the spokesman of a deputation of women had suggested that a referendum should be taken on the matter. The question was, were they ahead of a public opinion? Were the women of Ontario sufficiently aroused on the question? It was a fact worth considering, that perhaps one-third of the women of Ontario were wage-earners. He might argue that they had no mandate from the people. A petition was being circulated, he understood. He would like to have had the advantage of its presentation before the bill came up for consideration, he said.

But for the war, he would have taken some means of placing the subject before the people; but he did not believe in dividing the people in time of war if it could possibly be avoided. "So I intend to take on my own responsibility the stand which I think the government ought to take, without reference to the people," said he.

There was one great consideration which weighed heavily with him. They had asked women to take a part in the war work, and the women had responded. War had broken down pre-judices. Had not women the right to make the laws they were doing so much to defend? The time had come to give women the great part in public affairs by giving them the ballot. Applause from both sides of the house greeted this announcement.

Asks For Support

Sir William said he did not feel that they should leave the bill, introduced by a private member, to the discretion of the members individually. "The government endorses the principle of the bill, and assumes full responsibility for it. I call upon my supporters to vote for it, and take full responsibility for what that vote may be," he announced.

Women should have the vote by the next election. The government would bring down a bill incorporating the principle of the Johnson bill, and providing the necessary machinery for giving them the vote as early as possible. He believed that the result would be more beneficial to the province than had been anticipated.

N. W. Rowell, who followed, pointed out that the action just announced by the government constituted the greatest constitutional change in the basis of government since confederation. It was one of the most radical measures in this respect that the house had ever seen. Because it was a democratic measure, it was timely since the country was fighting the battle of democracy.

It was the only way out for the franchise in the history of British parliaments which had not been brought down by the government in a carefully thought-out government measure, said he.

The government had previously opposed the change, he said. He congratulated the Conservative party on its change of heart, and expressed approval for the position taken by the premier.

For Better Government

Mr. Rowell spoke at length and in glowing terms of the work in war, church and home, which had entitled the women to vote. He forebode that the extension of the franchise would have a great effect in securing honest and sincere candidates for political office. The votes of women would be needed for the social community and industrial legislation which would necessarily follow the war. He intimated "mothers' pensions," as a problem which needed the assistance of the women.

A. E. Donovan (Brookville) produced figures to show that there was a dark side also to women's suffrage. Six states that had woman's suffrage had not by 1914 passed prohibition, California, which had woman's suffrage, rejected prohibition by 200,000, Wyoming, which had had woman's suffrage for 46 years, was the wettest in the union, said he.

Referring to Mr. Rowell's bill, to enable women to sit in provincial parliament, Mr. Donovan said that when women entered parliament, between nursing their babies and attending to the household, they would have their hands full.

No More Licenses

Wm. McDonald, North Bruce, said when the women got the vote there would be an end to any hope of the license system coming back in Ontario. There would be an end to graft in Canada, too, said he.

Incidentally he pointed out that the McGarry bill to enfranchise soldiers removed the disability on Indians who had enlisted if they were white enough to fight for the empire, they were white enough to vote.

C. S. Cameron (N. Grey) and J. G. Elliott (W. Middlesex) also spoke in favor of votes for women. After Allan Studholme (E. Hamilton) had spoken, the second reading of the bill was carried unanimously, and it was referred to a committee of the whole house. The second readings of Mr. Johnson's bill and Mr. Elliott's bill to extend the legislative franchise to women and Mr. McDonald's bill to extend the legislative franchise to women were given their second reading and referred to the proper committees. By agreement, Mr. Rowell's bill to allow women to run as candidates for the legislature was not discussed.

Enfranchisement of Women

Termed Enlightened Selfishness

A capacity audience greeted Father Minahan's address to the Political

YOU WERE RIGHT!

YOU TORONTO MEN!

YOU MEN BETWEEN 18 AND 44!

We know why you are at home. We respect your decision. We know it takes courage to stay at home. We BELIEVE that you — like Archimedes — didn't make your choice without thinking about it.

It's easy for busy-bodies to sneer, "Why isn't that man in khaki?" They don't know your private business. We don't. A mortgage—a mother whose health is uncertain — sisters or parents dependent on you! Maybe you are only just beginning to earn after all the years of sacrifice by which your parents gave you your education! Perhaps your business is only now beginning to stand on its feet!

You were wise. It was like deciding whether you'd go to help fight a fire or not. You deliberated. On the ONE side you saw the fire and apparently plenty of neighbors fighting it. On the OTHER side you saw your private engagements. You made sure there seemed plenty of men to fight the fire—men whose engagements were not as pressing as yours. Then you decided—unwillingly, we believe—to mind your own affairs.

But if that fire lasted day after day—if your neighbors, becoming exhausted, shouted back at you, "For God's sake come and hold a hose"—you'd change your decision. You'd go to the fire.

Will you do that in the case of the great "fire" in Europe? Will you be as fair to THAT fire as you are in all the affairs of your ordinary life? If this advertisement has been fair to you—will you be fair to the advertisement, and the others that are to follow this one? The soldier killed Archimedes when he refused to obey the summons of the General. That was barbarism. But will you let US have an unbiased hearing? And if we can convince you, WITHOUT ABUSE, WITHOUT BULLYING, WITHOUT ANY INSINCERITY, that it is in YOUR OWN PERSONAL INTEREST to go—will you?

large number of towns and settlements and would form a link between Toronto and Sault Ste. Marie. They were promised sympathetic consideration.

Equality League last evening when he spoke of "Equal Franchise and its Responsibility, From a Man's Standpoint." The speaker dealt with the question of the enfranchisement of women from a viewpoint of "enlightened selfishness," as he called the desire to saddle on women the full responsibility of their acts as thinking citizens.

Mrs. Prenter, the president of the league, followed with a few remarks

on the necessity of continuing the educational work of the league, as now with the road cleared, women must be taught how to make an intelligent use of the ballot in the attaining of the ideals aimed for in home and educational matters.

Mr. S. Wood moved the vote of thanks, seconded by Mr. T. J. Connors, for the pleasure and instruction the speaker had given the large and intensely interested audience.

CARLTON G. BEAL. 17

ABSOLUTELY!

YOU TORONTO MEN! YOU MEN BETWEEN 18 AND 44!

We know why you are at home. We respect your decision. We know it takes courage to stay at home. We BELIEVE that you — like Archimedes — didn't make your choice without thinking about it.

It's easy for busy-bodies to sneer, "Why isn't that man in khaki?" They don't know your private business. We don't. A mortgage—a mother whose health is uncertain — sisters or parents dependent on you! Maybe you are only just beginning to earn after all the years of sacrifice by which your parents gave you your education! Perhaps your business is only now beginning to stand on its feet!

You were wise. It was like deciding whether you'd go to help fight a fire or not. You deliberated. On the ONE side you saw the fire and apparently plenty of neighbors fighting it. On the OTHER side you saw your private engagements. You made sure there seemed plenty of men to fight the fire—men whose engagements were not as pressing as yours. Then you decided—unwillingly, we believe—to mind your own affairs.

But if that fire lasted day after day—if your neighbors, becoming exhausted, shouted back at you, "For God's sake come and hold a hose"—you'd change your decision. You'd go to the fire.

Will you do that in the case of the great "fire" in Europe? Will you be as fair to THAT fire as you are in all the affairs of your ordinary life? If this advertisement has been fair to you—will you be fair to the advertisement, and the others that are to follow this one? The soldier killed Archimedes when he refused to obey the summons of the General. That was barbarism. But will you let US have an unbiased hearing? And if we can convince you, WITHOUT ABUSE, WITHOUT BULLYING, WITHOUT ANY INSINCERITY, that it is in YOUR OWN PERSONAL INTEREST to go—will you?

Men's Furnishings and

Haberdashery Departments:

These departments are always well assorted with goods for daily use. Novelties and seasonable goods of superior value.

JOHN MACDONALD & CO., LIMITED TORONTO

UNITED FARMERS OPEN CONVENTION

Many Important National Questions Will Be Discussed at This Gathering.

RAILWAYS AND TARIFF

Prominent Leaders of Agriculturists' Movement Will Address Those Present.

So much attention has been directed to the grain growers' associations in the west, and their big successful co-operative enterprises, that we are apt to overlook similar farmers' organizations in our own province. The United Farmers of Ontario are, however, making rapid progress, and hold their third annual convention in Toronto this morning at St. James' Parish Hall, 65 Church street; and along with the convention will be held the annual meeting of the shareholders of the United Farmers' Co-operative Co. Limited. A number of distinguished visitors are scheduled to address the convention during the week, including T. A. Cramer, president of the Grain Growers' Company of Canada; R. C. Henders, president Manitoba Grain Growers' Association; J. A. Maxwell, president of the Saskatchewan Grain Growers' Association; H. W. Wood, president of the United Farmers of Alberta; and Cecil Rice-Jones, president and general manager of the Alberta Farmers' Co-operative Elevator Company, Limited.

Will Receive Reports. The convention will be called to order by President R. H. Halbert, who, at 2.30 p.m., will deliver his annual address. After some routine business a report of the delegates who attended the meeting of the Canadian Council of Agriculture at Winnipeg last December will be received, and the platform of political principles adopted by the Canadian Council of Agriculture will come up for discussion and approval by the Ontario farmers. Among other economic subjects which will be discussed today and this evening will be the tariff, the nationalization of railways, and direct legislation. The discussion on the tariff will be opened by C. J. Z. Frazer, of Burford, and will be participated in by President Wood of the United Farmers of Alberta, and President Maxwell of the Saskatchewan Grain Growers' Association. Mr. H. J. Petty-piece will lead the discussion on the nationalization of railways. The convention will be in session for three days, and its proceedings promise to be of unusual interest.

MOTOR DRIVER IN COURT.

On a charge of failing to return to the scene of an accident at the corner of Queen street and Close avenue last Thursday, when seven-year-old John Markey was knocked down and fatally injured by a motor truck, James Foster appeared in the police court yesterday and was remanded till March 8.

HELD UP BY FOOTPADS.

Last night two footpads are alleged to have held up and robbed Arthur Murchison, 21 Starr avenue, on Dunn avenue, of a small sum of money. According to the story told the police of Cowan avenue police station by Murchison, the two men sprang upon him, one threatening him with a revolver while the other went thru his pockets.

TO LOCATE SISTER.

The local detective department has received word from the Rochester police authorities that a Mrs. Bertha Howard has just died there, and that she has a sister here. The police are trying to locate her.

Need of "Smokes" for Boys in France is Still Very Great

Mrs. R. S. Wilson, on behalf of the officers and members of Toronto Municipal Chapter, acknowledges the receipt of 458 packages of tobacco and cigars, contributed during the past month to the Daughters of the Empire tobacco fund for overseas soldiers. In every branch of the United Cigar Store every man buying smokes has a reminder of the need of the boys at the front in the shape of a collecting box or basket, in which he may put an extra packet. Adhesive coupons are given for each packet donated, a space for the name and address of the sender. Once a month all packages are collected and sent to the Municipal Chapter, where they are immediately shipped to France. The need for smokes is still very great.

WILLS PROBATED

Two sisters, Mrs. V. E. Henderson, 111 Admiral road, Toronto, and Mrs. G. Lewiston Ridout, London, England, will divide the estate of \$6552 left by Capt. W. H. Victor Vander Smissen of the 3rd Battalion, C. E. F., who was killed in action in France, June 13, 1916. His will was written on the page of his paybook. Minnie Kearns, wife of Stephen J. Kearns, will receive the major part of the estate of \$5028 left by her husband, who died in St. Catharines, Oct. 12 last. Bequests of \$1000 each are given to two nieces, Margaret I. Sullivan and Mary A. E. Sullivan, and a nephew, Charles E. Sullivan of Toronto. One son and seven daughters will divide the estate of \$4298 left by Mrs. Elizabeth Dunn, who died in the Township of Etobicoke, Feb. 18, 1916. Their names are Robert Dunn, Jennie Hogg, Catharine Eford, Sarah Eford of Humber Bay, Lillie Duck, Dixie, Annie Pell, Palmero; Adeline Chapman, Trafalgar; and Alice Dunn, Mimico.

Wounded Soldiers Invited to See Performance at Alexandra

Lawrence Solman and Manager Sheehy of "The Cinderella Man" company, which is playing at the Alexandra this week, extended an invitation to about three hundred returned soldiers at the Stedina Military Convalescent Hospital, to attend the performance of "The Cinderella Man." The invitation will be extended over three nights, starting tonight, when it is expected that nearly one hundred men will accept.

HOME GARDEN MOVEMENT.

A report has just been received by Chief Inspector Cowley from the various principals of the schools, giving the result of last year's work in connection with the home garden movement. The report states that the plots cultivated numbered 2254, and 2088 pupils took part. The estimated area of the gardens was 92,301 square feet, and the value of the produce \$364.30. Twenty-one schools took part.

CHARGED WITH BIGAMY.

Bondfiglio Frantagelo, alias Lawrence B. Frantagelo, 576 Jarvis street, was arrested yesterday afternoon by Acting Detective Koster and Morality Officer Kerr on a charge of bigamy. Frantagelo, who is employed as a foreman at a local munition plant, is alleged to have married a Miss Mary Emerson in Toronto on Jan. 9 of this year, knowing at the time that he had a wife living at Glace Bay, N.S.

ERECT PORTABLE SCHOOL.

Another portable school is to be placed at the Dewson School, which will be ready for use next Thursday. Queen Alexandra School was also to have one to help relieve the congestion at Morse street, but this has been struck out, and in consequence Morse street will be compelled to seek other accommodation.

BARKING OF DOG SAVES LIVES OF SEVEN PEOPLE

Early Morning Fire Trapped Chas. Hearndon and Family in Upper Rooms.

Charles Hearndon, his wife and four children and a boarder, Joseph Drury, of 66 Florence street, all undoubtedly owe their lives to the barking of a dog, which, the half awakened by smoke from a fire which is believed to have originated in a clothes closet from an unknown cause, gave the alarm and aroused the occupants of the house from their slumbers at 4 o'clock yesterday morning. Joseph Drury, who sleeps above the kitchen, was first awakened by the dog, which slept in the kitchen. Half awake, he detected the odor of smoke and aroused Charles Hearndon, who was asleep in the front room. The two descended to the ground floor to find that the flames had made great headway. They found the dog moaning in the kitchen. Arthur Hearndon, then came downstairs and helped to fight the flames. Escape cut off from the ground floor by the smoke, Hearndon jumped from the second floor window and sent in an alarm to fire headquarters. He sustained a badly sprained ankle. Mrs. Hearndon and her children were rescued by the firemen of Cowan avenue fire hall.

HEIRS RECEIVE MONEY LEFT FOR PARSONAGE

Will of A. McMillan Left Sum for Benefit of Congregation Now Dissolved.

Justice Middleton at Osgoode Hall yesterday granted the application of Allen McMillan to have \$1000, part of the estate of Henry McMillan now in the hands of the executor, distributed among the heirs. The late Henry McMillan lived in the Township of Day, in the Algoma district, and by his will left \$1000 for the erection of a parsonage for the Baptist church at Sowerby, which is twelve miles from the township. The services in the church have been discontinued for the past three years, and for twelve years previous had been conducted by a theological student. It was proposed by the minister of the Baptist church at Thessalon to have the money paid over to his church, but Justice Middleton remarked that owing to there being no general intent and the purpose indicated being now impracticable, the fund should be divided among the heirs. Daniel McMillan, Thomas Buchanan and Charles A. Batson are the executors. In another judgment his lordship states that the lane running from King street, lying immediately west of the North American Life Building east of York street, is not a private lane and should remain open. The Baldwin estate had many old residents of Toronto as witnesses at the trial, and is appealing the decision of the justice in the appellate court. Following is today's list for the second divisional appellate court: Baldwin v. O'Brien; D. Lepante v. Cochran; Harward (two cases); Morrison v. Morrison; Dental Manufacturing Corp. v. Dental Manufacturing Co.; German v. Ottawa.

COMFORTS FOR SOLDIERS.

Women's Patriotic League Send Many Supplies Overseas. Mrs. Arthur VanKoughnet, convener soldiers' comforts department of the Toronto Women's Patriotic League, reported that the shipment overseas and to military convalescent hospitals, Whiteby, contained the following supplies: 512 pairs socks, 118 quilts, 104 gaus suits, 112 gauze shirts, 96 scarfs, 250 towels, 20 wash cloths, 70 covered stories, 34 cakes soap, 66 dressing gowns, 118 quantity shirts, 65 suits pyjamas, and a quantity of wristlets, caps and housewives, and 85 personal property bags. The convener further reported that during the present embargo parcels or cases addressed to individuals will be shipped from the department.

Police Commissioners Consider The Proposed Salary Increases

Chief of Police Grasett, following the regular meeting of the police commissioners in the city hall yesterday afternoon, stated that a draft of the estimates for the new scale of pay of police officers had been presented, but that final consideration would take place later. He added that the increase would date from the first of the year.

For capturing Gordon Langridge, who escaped from Mimico Reformatory, Policeman Boyd was granted a merit mark, as were also Policemen Weiland and McLellan for rendering first aid to two men overcome by gas. The father of a policeman, who recently died of wounds, will be paid the half pay of the officer from the date of his enlistment to the day of his death.

ARRANGE FOR CONFERENCES.

A meeting of the sub-committee of the Ontario Advisory Committee for co-operation in boys work was held at noon yesterday, presided over by W. R. Cook of the national council of the Y. M. C. A. Final arrangements were made for the holding of conferences at Perth on March 9, 10 and 11; Collingwood, March 16, 17 and 18; and at Hamilton, March 23, 24 and 25. These conferences will be co-operative with the various denominations.

These Eyes Made Philip Remember

Philip was seemingly just an ordinary American ranch boy. Little did he know that a nation mourned for him—that it hoped some day he might return to become its ruler—that a cruel usurper held that which belonged to him by right and law.

But these eyes made Philip remember. They told him that somewhere, sometime, he had known them—in

The King and Queen, With Their Retinue, Photographed Just Before the Start of the Fatal Hunt

This week's episode, "Royalty at Red Wing," pictures for you Philip, naive, unconscious of his royal right, meeting for the first time in years, Julia, the girl, and Ramon, bent on Philip's destruction. The Greater Vitagraph has produced the motion pictures, has given to the story all the charm and vigor of Mr. Vance's narrative, and in addition a delicacy and freshness which marks this film as truly distinctive and different from the ordinary run of dramas. In order to make your film pleasure doubly delightful, and to know Philip and Julia doubly well, read the story by Mr. Vance running in The Toronto Sunday World

STOCKS FALL DOWN DEALERS NERVOUS

Fear of War With Germany Depresses New York Exchange.

METAL ISSUES YIELD

Shipping Shares Lose Two to Three Points After Early Gains.

New York, Feb. 27.—Apprehension arising from the further strain of relations between Washington and Berlin was again the overshadowing feature of the stock market today. Lowest prices prevailed in the later dealings, when it became known that the government at Washington considered the sinking of the Laconia as "the overt act."

Trading was narrow and moderate at all periods of the session, except on a temporary rebound of prices in the first hour, when the usual speculative favoring was displayed to a fair degree of animation.

U. S. Steel was absorbed in round amounts during the forenoon and was sold with equal freedom later, fluctuating between 109 1/2 and 108, closing at 108 1/2, a net loss of 1/2 of a point.

Coppers were steady at the outset on an active demand for the metal, but they yielded 1 to 2 points with Central Leather, oils, motors and their accessories and various miscellaneous stocks on comparative small offerings.

Shipping lost 2 to 3 points after early gains, and Industrial Alcohol made an extreme reversal of 3 1/2.

Strength of sugar and fertilizer stocks was dispelled in the general setback of the last hour.

Bulls were more active, but almost wholly at the expense of quoted values, New Haven losing 2 1/2 points on reports of an approaching change of executive management, with 1 to almost 2 points for colliers, the leading Pacific and Chicago and Northwest.

A break in lines to 7 1/2 featured the foreign exchange market, remittances to other continental points showing no material change.

Real weakness in international issues induced an irregular tone to the bond issue. Total sales, par value, \$3,255,000.

NEWS OF MINING IN BROKER'S LETTER

Messrs. F. C. Sutherland & Co., in their weekly market letter, discuss the position of Apex, Davidson, Hollinger Consolidated, Kirtland Lake, McIntyre, Moneta, Nipissing, Peterson Lake, Timiskaming, West Dome, Shamrock and Aladdin.

With reference to the Timiskaming-Kirtland Lake deal, they state that the notice sent out is purely formal and the terms are not set out. They recommend that nothing be done until an independent mining engineer has reported on the Kirtland Lake property.

The letter states that the raise put up from the 255-foot level of the Peterson Lake did not disclose the existence of an ore body. The board of directors has offered to resign in a body, and negotiations are now proceeding, so that it has not been necessary to call a special meeting.

The letter states that negotiations are under way for the reopening of the Moneta, Peterson, and that active development will be resumed shortly. The company has \$15,000 cash on hand and a considerable block of treasury stock is available.

On the basis of 75 cents for silver and operating costs of 25 cents an ounce, January profits of the Nipissing would be \$100,000, or equal to 25 per cent. per annum on the issued capitalization. Recent months, however, have shown profits on a basis of better than 30 per cent.

RAND GOLD OUTPUT.

The production of gold in Rhodesia, South Africa, in February, was 70,344 fine ounces, valued at \$256,113. In December the output was 72,269 fine ounces, valued at \$260,205.

NEW INSURANCE DIRECTOR.

Mr. E. Hay, general manager of the Imperial Bank of Canada, has been elected a director of the Western Assurance Co. and the British American Assurance Co.

LONDON WOOL SALES.

London, Feb. 27.—There were 4000 bales of government wool sold at auction here today. It was a fine selection, and the demand was keen at firm prices. New South Wales greasy sold as high as 3s 1/2 and Queensland scored at 4s 1 1/2.

MONTRÉAL STOCKS HEAVY.

Heron & Co. report: Montreal.—Today's New York market was a disappointment, and yesterday's advance retarded out. As was natural, the local market was to the heavy side, with N. S. Steel the weakest stock. Dominion Steel held well and was in good demand. Dumping of this stock today has been the feature of an otherwise uninteresting market.

DULUTH-SUPERIOR EARNINGS.

Duluth-Superior Traction earnings for the third week of February were \$123,684.33, an increase of \$3,875.32, or 3.15 per cent. For the year to date earnings are \$214,852.57, an increase of \$34,533.78, or 19.2 per cent.

PRICE OF SILVER

London, Feb. 27.—Bar silver, 37 1/2.
New York, Feb. 27.—Bar silver, 37.

A TRADERS' MARKET IN LOCAL STOCKS

Scalping Operations All That is Taking Place in Speculative Issues.

A traders' market comprised the operations in the speculative stocks on the Toronto Stock Exchange yesterday. In these issues it is the present time scalping operations are being conducted on the floor, and outside deals, either buying or selling, will fit in on the high or low spots according to the transaction. New York traders tried a little bulling yesterday, but the effort fell flat and the market was not active.

DIVIDEND DECLARED ON ALADDIN STOCK

The announcement that an interim dividend of 2 per cent. has been declared, payable Feb. 28, on the outstanding capital stock of the Aladdin-Cobalt Limited, recalls the long legal scrap over the securing of control of Chambers-Perland by the Aladdin company. The minority interests who opposed the deal have apparently dropped the fight.

The dividend in Aladdin, of course, comes out of Perland earnings, but Perland shareholders who have not exchanged into Aladdin do not participate. If they want to get dividends they will have to exchange their stock.

Mr. A. A. Amos, who led the minority fight for a while, said yesterday that he understood that about 600,000 shares of Perland still remained to be exchanged.

A dividend of 2 per cent. in Aladdin means a disbursement of \$50,000.

TWIN CITY'S BIG GAIN.

For the second week of February the earnings of the Twin City Rapid Transit Co. amounted to \$206,748, a gain of \$18,415, or 9.78 per cent. over the corresponding period last year.

ITALIANS REPULSE FOE IN ATTEMPTED RAIDS

Ally's Troops Make Successful Surprise Attack at San Marco.

Rome, Feb. 27.—A successful surprise attack was made by the Italians yesterday on the Austrians at San Marco, Austrian raiding operations were broken up, says today's war office statement, which follows: "The artillery duel was intense yesterday in the zone east of Gorizia. Some shells fell on the town."

"At the confluence of the Verotolizza and Frigido we repulsed enemy detachments that were attempting to approach our lines."

"On the northern slopes of San Marco one of our detachments made a surprise attack and penetrated into the enemy trenches, which were destroyed and the occupants driven out."

"Enemy aviators dropped bombs on Vallone, on the Carso. A few persons were injured."

AEROPLANES BOMBARD ZEEBRUGGE SEAPORT

Enemy Pours Heavy Defensive Fire on Allied Machines.

Amsterdam, Feb. 27, via London.—Zeebrugge was bombarded on Monday by aeroplanes, which were subjected to a heavy defensive fire, according to frontier advices by The Telegram. Gunfire was heard from the sea, the advices add.

FAMOUS NEUROLOGIST DEAD.

Paris, Feb. 27.—Jules de Jerine, well-known as a neurologist, is dead. He was born in 1849. Dr. de Jerine was a member of the academy of medicine and the author of numerous medical works.

FRENCH TAKE PRISONERS.

Paris, Feb. 27.—"Southeast of Valluy we entered the German lines and returned with prisoners," says today's official announcement. "The German patrol engagements in the region of Bezonvaux and in the Vosges. Elsewhere calm prevails."

BRITISH ATTACK ENEMY FOE ADMITS RECOIL

Fighting Becomes Livelier in Eastern Theatre of War.

Berlin, Feb. 27.—British troops yesterday many times attacked the German positions on the front between Ypres and the Somme, and the River Somme, says the official statement issued today by the German army headquarters staff, which follows: "Western theatre: Of the numerous advances made by the English against our front between Ypres and the Somme, only one arrived in our trenches. The enemy that had entered to the east of Arras was ejected by a counter-thrust."

"Only in a few sectors did the artillery fire exceed its usual intensity. Eastern war theatre: The cold weather, not being so severe, fighting activity repeatedly became livelier than since the last report. Macedonia front: There was nothing to report."

WOUNDED CANADIANS.

Lieut. White is Wounded in Right Leg and Lower Body.

London, Feb. 27.—Lieut. C. H. White is at Le Touquet, wounded in right leg and lower body, severe; Lieut. G. A. Fitzrandolph is at Hyde Park, shot in the arm; Lieut. A. N. Morning has returned to duty; the contents in all directions left Gray's Inn Hospital: Lieuts. A. F. Watts, F. F. Woodcock, W. R. Elliott, D. L. McCauley, V. G. Morris, Major H. F. Fearney, Capt. R. H. Shillington, Major W. T. Lawless, Capt. J. E. Read, Lieuts. W. F. Annis, G. G. Trimble, R. McG. Cockburn and S. J. McClune.

ACCIDENT PROVES FATAL.

Special to The Toronto World. Chatham, Ont., Feb. 27.—Mrs. D. M. McKay, aunt of Capt. R. W. Annis of the 18th Battalion, who was thrown beneath a train with the result that one leg was severed and the other so badly bruised that amputation was necessary, died shortly after the accident.

WEAKNESS SHOWN IN MINE STOCKS

Volume of Trading Small With Generally Soft Tendency.

After a very dull and uninteresting morning session trading in the mine stocks yesterday assumed a more active appearance in the afternoon when the bulk of the day's trading was done. The tone of the market generally was easier, although losses were not material. Trading was again of a professional flavor, with the public element a rather negligible factor. There was no real news of consequence to influence prices one way or the other.

Hollinger was one of the soft spots, being offered down again to \$5.25. Apparently the monthly statement published yesterday was not viewed with general satisfaction, judging by the action of the stock. McIntyre held very quiet at 185 and Elation Creek was unchanged at 124. Apex met with some liquidation, which brought the price down to 10, a new low record for the time. The close, however, was fractionally improved at 10 1/4. Davidson held around \$3 to \$3 1/2 and Dome Extension was quiet at 7 1/2 to 7 3/4. Dome Lake eased off to 27 1/2. Kirkland Lake weakened, selling off two points from the opening to 48. West Dome Consolidated displayed considerable activity, opening lower at 27 1/2 for a broken lot and holding around 28. Newray was quiet at 113.

In the silver stocks, Timiskaming opened at 55 1/2, went up to 56, but lost the gain in the close. Peterson Lake was heavy following its recent strength, selling back to 12 1/2. McKinley-Barragh was firm, opening a couple of points lower at 5 1/2, but recovering smartly in the afternoon to 5 1/4. Hargraves met a lot of liquidation in the afternoon session, causing a recession to 15, a loss of over a point. Beaver softened also, going back from 45 on the opening to 43. Adanac was firmer but quiet at 25.

Buffalo-Detroit, the only copper issue on the list, was steady at 132 to 133.

RECOMMENDED FOR D.S.O.

Lieut. Elliott, Peterboro, Displays conspicuous Bravery in Trench Warfare on Somme.

Special to The Toronto World. Madoc, Ont., Feb. 27.—Lieut. William R. Elliott, son of Mr. William Elliott, Peterboro, formerly of Madoc, has been recommended by Sir Douglas Haig for the D.S.O. for work in the Somme fighting. Lieut. Elliott and his company with another company were given a special duty, and in the attack his fellow-officers were shot down. Lieut. Elliott jumped into the breach, carried out the work and brought the men back to their lines.

MUNICIPALITIES ASK.

Special to The Toronto World. Brantford, Ont., Feb. 27.—A petition has been sent to Ottawa in behalf of the townships of Brantford and South Dumfries and the City of Brantford, directed against the G.T.R. in the matter of the St. Paul's ave. subway. The Dominion Railway Commission has been asked to fix a time for hearing the application.

A petition has also been sent to Ottawa in behalf of the City of Brantford and against the G.T.R. In reference to the crossings on clearance and Market streets, asking that the rate of speed for trains at these crossings be confined to not more than six miles an hour, or such other measures as will give adequate protection to life and property.

RECRUITING IN WOODS.

Special to The Toronto World. Galt, Ont., Feb. 27.—Capt. Marshall chairman of the 12th (Muskoka) Battalion, and in charge of recruiting, returned today from a recruiting mission in Parry Sound and Muskoka districts and reports that the recruiting staff has gone into the woods and has already signed up 40 lumbermen in the battalion's forestry company. The campaign will be launched now in military district No. 1 for bushmen.

FORMING POTATO CLUBS.

Special to The Toronto World. Brantford, Ont., Feb. 27.—It has been proposed here to take over vacant lots, prepare them for seeding with potatoes, place them in charge of boys' clubs and offer prizes for the greatest yield.

TWO HEROES RETURN.

Special to The Toronto World. Belleville, Ont., Feb. 27.—Corporal Carr and Private John Fleming, two Belleville heroes, arrived home today and were cordially received. They were wounded in both feet at the battle of the Somme. Both are popular young men of this city.

CARS BEING ROBBERED.

Special to The Toronto World. Chatham, Ont., Feb. 27.—For the third time within a month freight cars of the Pere Marquette were broken into on Sunday night and a quantity of goods stolen. Five cars were entered by the thieves, who scattered the contents in all directions, apparently in search for liquor.

A young man and his future

Not only the dollar he saves, but many more, will be the portion of the young man who applies in good time for the New Twenty-year Capital Return Policy

A Young Man and His Future

Events in the life of the average man

No. 1—He takes his first step in business affairs, is examined by the doctor, and creates an estate of \$2,000.

No. 2—His pride receives an impetus from appreciation expressed by his mother.

No. 3—Which makes him self-reliant when applying for his first position.

No. 4—He improves the shining hour and impresses upon an important person that he is in possession of an "estate."

No. 5—His tendency to save and invest is noted by his superior officers.

No. 6—Increased responsibilities of married life make him more than ever anxious to hold and increase his "estate."

No. 7—He finds his enforced savings of great assistance in buying a home.

No. 8—The proceeds of his "estate" enable him later on to enjoy a well-earned vacation.

Remember:

It is the doubtful issues of the future that life insurance dispels; it means the turning point in the lives of many—the dawn of brighter days.

Many young men begin to practise thrift only when they apply for a Canada Life policy.

Usually it is the first step in the direction of real systematic saving.

Eighty-seven per cent. of those who leave any estate whatever have only life insurance to show for their years of effort; the rest of their earnings have gone!

To all men we say:

A policy on your life may do much that you had intended to do if you had lived long enough.

It may pay off the mortgage with which you have struggled so long; it may supply food and clothing for your family; it may keep the children at school; it may save you from poverty in your own old age; it may avoid a forced sale of that other part of your estate; it may prove to be all that is left of your life work; it may make life worth living for you and your family at some time which neither you nor we know of now.

The New Twenty-year Capital Return Policy

It absolutely guarantees the return at the end of twenty years of all annual premiums paid, and is also one of our best dividend-paying policies. Suppose you are just thirty. See what we can do for you:

1. Deposit with the Canada Life \$85.80 a year (about \$7.00 a month). That is what you are saving, and at the end of 20 years the return of every dollar is absolutely guaranteed; also substantial profits will be paid. Your Estate, immediately you make your first deposit, is increased by \$2,000.00.
2. During the twenty years you have a valuable asset. Not only does it represent an Estate of \$2,000, but its cash value increases every time you make a deposit and the dividends come to you regularly.
3. The best of the proposition, however, is:

At the end of twenty years

You have saved in twenty years \$85.80 x 20 — \$1,716.00
The Canada Life guarantees in cash 1,716.00
So that you may, if you wish, have all your premiums returned in full. In addition to this, profits are paid.

But see what else you can do with the policy at the end of twenty years:

FIRST: You can take a special guarantee in cash of \$590.00, leaving policy to remain as an ordinary 20-payment life for \$2,000, now fully paid-up and continuing to earn profits.

The cash value of the policy would be \$1,126.00 (this increases each year).

SECOND: If you have allowed your profits to accumulate at compound interest you may draw them along with the \$590.00 mentioned above. By doing this you would have built up a considerable savings fund.

And in addition

Your Policy would continue as a fully paid-up 20-payment life policy worth \$1,126.00 in cash or more whenever you wished to draw it. While it remained the policy would be earning dividends, to be paid as long as you lived.

Ask for Particulars at Your Age

Canada Life Assurance Company

Motor Cars For Sale.
BREAKEY SELLS THEM—Reliable used cars, all makes, all types. See Mar- ket, 46 Carlton street.

IN MY GARAGE at the present time, counting those arranged for, together with those left for sale by owners, I have about \$20,000 (twenty thousand dollars) worth of used cars; \$6,000 (six thousand dollars) worth of new cars, which, if you wish to sell, I have stored free for spring delivery; of the balance, I have Ford of every type and year to the extent of \$12,000 (twelve thousand one hundred and twenty dollars) worth, with others in view for immediate delivery if required. Now you have read of February and August furniture sales, but February is past, and I do not sell furniture. However, March is coming, and I do sell automobiles; so here goes for a "March automobile clearing sale," with a stock such as I have never had before. Last year I sold pretty well on to \$100,000 (one hundred thousand dollars) worth of used cars, which, if you figure out at a very low average, owing to the number of very cheap readers and cars of early date, which do not sell for much, amounted to "some cars." These figures are worth given in a boastful way; but rather to give you an honest idea of the real growth of my business, which was started in a comparatively short time ago in a small garage, which held but five cars. You have read my conditions of sale. I aim to give you value for your money, with a view to coming, before, last year's 1917, and making my business among your friends. Percy A. Breakey, Toronto's First Exclusive Used Car Dealer, 44 Carlton, near Yonge.
