YORK COUNTY AND SUBURBS

ASSESSMENTS TOO LOW IN COUNTY

Committee of York Council Agreed That Assessors Must Make Increases.

A large part of yesterday afternoon's session of the county council was taken up with a meeting of the equalization committee. It was the general feeling of this committee that assessment of county property is too low and a resolution was drawn up to the effect that the equalization committee had agreed to instruct assessors to increase assessment twenty per cent. in each and every municipality throughout the county. This will be carried out during 1920 and the members of the council will urge the ratepayers to endorse this increase.

A sub-committee was appointed to go more fully into the question of equalization. Its members include: J. G. Whitmore, Jas. F. Stewart, J. McCall, Geo. B. Padgett, Wm. Jackson, A. E. Pugsley, Wm. Graham.

News of the sudden death yesterday morning of R. P. Coulson, chief inspector of the York County Children's Aid Society, came as a great shock to members of the council as well as to friends and relatives. Mr. Coulson complained of illness on Saturday, January 24, and the malady was diagnosed as influenza. On Tuesday, although he had not regained his normal health, he went down to his office in the county building and worked for a few hours. On Wednesday and Thursday his condition gradually grew worse, the death taking place early yesterday morning at his Toronto address, 15 Maitland street.

The late Mr. Coulson was in his 58th year and had lived at Stouffville nearly all his life. During the period from 1907-1912 he represented Stouffville in the county council, occupying nearly every office except warden. In October, 1915, he was appointed chief inspector of the York County C. A. S. and has been the moving spirit in that organization ever since. His widow, two sons and one daughter survive. A message of condolence and a wreath have been sent to the family by county officials.

Two Appointments Made. The county council, at the afternoon session, passed a bylaw appointing two representatives for the Canadian National Exhibition board. The members appointed are T. A. C. Tier and Robert McCowan.

Trustees appointed for the various high schools through the county are as follows: Markham, G. W. Reesor; Richmond Hill, Rev. Edward Kelly; Newmarket, Ed. Dilalin; Aurora, H. E. Proctor. Two members were also elected to form a Weston board of education. They are: William Banks, who will act for three years, and Nelson Clark, whose term is for two years.

The report of the Industrial Home commissioners showed that the home has now 72 inmates, as against 66 at the end of 1919. Twenty-seven were admitted during 1919, and there were ten deaths. The gross income from the farm was \$2,284.29 during 1919.

NO ROOM FOR PUPILS.

Application for further accommodation for kindergarten pupils has been made by the Frankland School, Logan avenue, officials to the board of education. At present there are 157 pupils of whom 59 are between the ages of 6-12 and 7 years, and who are over age for this class. It is suggested that owing to the overcrowded condition of the school building a store on Danforth avenue should be rented as a temporary measure.

WRECKING FIRMS FORWARD TENDERS

United States Munition Plant at Leaside Awaits Destruction.

According to reliable information, two local firms have submitted tenders for the wrecking of the big building at Leaside, known as "C" plant erected, it is stated, at a cost of over \$2,500,000, towards the close of the war as a munition factory for the United States government on the land owned by the Canada Wire and Cable Company. One of the tendering firms is stated to have already pulled down two of the smaller buildings and is completing the removal of the bricks and other material from the wrecked building.

"What are our federal government and financial magnates doing to prevent the criminal destruction of valuable property?" was the question asked by a prominent resident of the district yesterday, who pointed out that there are so many manufacturers and other businesses in the district and unable to locate or erect owing to the high cost of building material. Nothing, however, in the way of carrying out the work planned for the building can be done until the early spring, owing to the present severe weather, and in the meantime an assessor should be made to save the property from destruction.

AUXILIARY GETS THEATRE.

W. H. R. Edward, manager of the Allen St. Theatre, has consented to the wish of the ladies' auxiliary of the Earlscoil branch of the G. W. V. A., for the use of the theatre one day next week, when the orphans of the district, chiefly of soldier families, will be entertained and presented with useful gifts. Mrs. James Stockley is the president of the auxiliary.

CONSERVATIVES TO MEET.

Earlscoil, which is generally first in political and local affairs, is planning to hold a big meeting next Monday night at the Earlscoil Public School under the auspices of Ward Six North End Liberal-Conservative Association. Civic business is down on the agenda for discussion and Mayor Church and ward six aldermen will be on deck to speak. W. F. Maclean, M.P., has also been asked to give an address the same evening. W. H. Jeeves is president, W. G. Sanderson, vice-president, and R. C. Cadmore secretary of the association.

FLU RAMPANT IN EARLScoil.

The Earlscoil district has caught its share of the dreaded influenza. Hundreds of citizens being down with the disease, most of the doctors working early and late. Brillinger's big drug store on St. Clair has had the fullest working late into the night, all this week, preparing doses and prescriptions for flu patients. So far the present epidemic has not reached anything like the proportions of last year, said Dr. F. E. Thornton, of North Cliff boulevard, speaking to the World, but this week has been a busy one in this district, the attack not being confined to adults, but the children in a large number of cases having contracted it.

S. A. CONTINUE DRIVE.

The local building committee of the Earlscoil branch of the Salvation Army will meet next week to arrange for another publicity campaign in the benefit of the building fund for the erection of a new clinic, the land for which has already been purchased on South Dufferin street, Earlscoil, C. P. Johnson, manager of the Canadian Bank of Commerce, Earlscoil branch, is the treasurer, and authorized to receive donations from the public.

B. I. A. TO FOLLOW BIER.

The British Imperial Association will attend in a body the funeral service of their late member, R. Macdonald Russell, to Prospect Park cemetery, today, and members are asked to meet at the cemetery gates at 1:30 p.m. Members are also asked to wear their B. I. A. badges out of respect to the memory of the deceased.

HAMILTON

Hamilton, Jan. 30.—The city council has despatched an invitation to Chief Engineer Gaby of the Ontario Hydro Commission to address an open meeting of the council. Until he explains some doubtful points the council will not up the third reading of the hydro radials bylaw. The annual board has decided to request the city to appropriate \$445,290 for the ensuing year. This is an increase of \$20,000 over last year. No new cases of influenza were reported in Hamilton today. The annual ball of the Commercial Travelers' Association was held tonight in the Royal Connaught. St. Paul's Sunday school children attended the annual entertainment tonight.

Scandalous to Attribute Such Nonsense to Marconi, Says Italian Scientist. Rome, Jan. 30.—Father Alfrangi, director of the Ximian observatory at Florence, said today that "spread rumors relative to interchange of messages between planets was absolutely scandalous." "What has been observed at wireless stations at London and New York," he declared, "has been caused by atmospheric disturbances which have always interfered with radio communication."

He added that Marconi should "use for libel" the man who interviewed him recently and quoted him as believing that faint signals picked up by wireless stations might come from some source outside the earth. Inter-planetary communication, as suggested by mysterious waves recently caught by wireless plants throughout the world, is not a subject for ridicule, says Domenico Argenterii, a widely known scientist. He asserts it is possible to send messages from the earth to other members of the sun's family because ether will convey electric waves as readily as air.

Woodstock.—The death took place yesterday of Margaret Ellen Munn, wife of L. E. Edwards. She was born near Toronto 66 years ago.

Beekeeping Profitable, Says Provincial Apiarist. F. Eric Millen, the provincial apiarist, addressed a meeting of the Toronto Beekeepers in Foresters' Hall last evening. His talk was interesting and encouraging to the city beekeeper, who looked forward to beekeeping in a larger way. He said that there were still many desirable locations throughout the province, where an earnest worker who was well equipped could make a good living, provided that he followed standard business principles. A real liking for the work was, however, essential, for the bees were quick to resent any but careful manipulation, and responded best when the season's work was carefully planned and carried out. The practical demonstration given was extremely helpful. A vote of thanks was extended to the retiring officers, especially to R. A. Fletcher, who has presided over the meetings for the last two years.

EXTEND TERAULAY TO DAVENPORT RD.

Works Committee Recommend That the Work Be Undertaken.

The Teraulay street extension scheme, recommended by the commissioner of works, received the endorsement of the committee on works yesterday and will be passed along to the board of control next week. The commissioner's plan calls for an 86-foot street from College to Davenport road, making use of St. Vincent street, Chapel street, North street, and Ketchum avenue. The cost of the work is estimated at \$1,250,000, of which \$100,000 is to be assessed locally.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in the head or catarrh will be gone. Your clogged nostrils will be clear, and you can breathe freely. No more dullness, headaches; no yawning, sneezing, mucous discharges or dryness; no struggling for breath at night.

More Room for Cars. The committee approved of the recommendation that sufficient land be purchased from the Dominion Bank at the southwest corner of Queen and Bay streets to afford more room for cars to turn. The motion calls for the widening of Bay, on the west side, by 5 feet for a distance of 75 feet 5 inches from the present south limit of Queen street, and the widening of Queen street a distance of five feet from the present west limit of Bay street to a point 68 feet 5 1/2 inches further west, and the creation of a 24-foot splay at the corner. The whole improvement will cost about \$32,250.

Application was made on behalf of the John Catto & Sons Company for the right to erect a fire-escape over Shuter street on the building which they are remodeling at the corner of Yonge and Shuter streets, but on the recommendation of the commissioner of works the application was refused.

Neville Park Fill-in. The city solicitor will be asked to report on the question of the liability of the city in connection with the fill on Queen street at Neville Park boulevard. The question of placing street names on posts at street cor-

ners was referred to the works commissioner for a report. Ald. Maher spoke in support of Ald. Ryding's motion that a subway be constructed from the stock yards, under St. Clair to the abattoirs, for the safety of the public. He had seen persons knocked down on St. Clair by cattle running wild. The commissioner will report on the proposition.

ROBBERS RIFLE DRUG STORE
 Hold-up men entered the drug store of Charles E. Crawley, 1773 West Bloor street, on Thursday night, and covering the clerk with a revolver, rifled the till, getting \$40. Harry Merson, the clerk, dropped down behind the counter when the guns were pointed at him and crawled on his hands and knees to the rear of the store for a gun. When he returned the three robbers had fled. They are believed by the police to be youths about 19 years of age.

HOW TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

Mr. Frank Harbaugh of Cincinnati, Ohio, who has been a barber for more than forty years, recently made the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce bay rum, a small box of Orlex Compound, and 1/4 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the most delicate scalp, is not sticky or greasy, and does not rub off."

VISITING NURSES DO SPLENDID WORK

Annual Gathering of St. Elizabeth Association Hears Year's Report.

An overflow gathering of members and nurses of the St. Elizabeth Visiting Nurses Association marked the annual meeting of the organization held at St. Michael's Palace yesterday, Mrs. MacLean French, president, in the chair.

Great Work Done. Mrs. Emma O'Sullivan told of the gratitude shown for services of the nurse. Mrs. W. A. Kavanagh made a strong plea for more conveniences, the number at present being fewer than the number nine years ago. That the work of the nurses deserved far more publicity than was given it was the statement of Rev. L. Minehan.

NEEDLES. "I wouldn't have my boy taught grammar at all, if I had my way." "That's a strange idea. Why not?" "I intend that he shall be a writer of popular songs."

ITALIAN CHURCH BAZAAR.

The annual bazaar of Our Lady of Mount Carmel Italian Church is being held this week in St. Patrick's auditorium, McCaul street. It has been a great success so far, and there has been a very large crowd each evening. The main attraction is the 40-piece band of the Colombo Italian Club. This band has only been organized about five months and the majority of musicians have only handled an instrument that length of time. It has achieved a wonderful success and the credit is due to their talented teacher and director, Professor Michael Angelo.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

COMMISSION INVESTIGATES PORTERS' DISMISSAL

The commission consisting of Judge Snider of Hamilton, U. E. Gillen, representing the C.P.R., and Fred Bancroft, representing the men, which was appointed to consider the demands of the C.P.R. train porters for the betterment of their conditions and an increase of wages, sat again yesterday. The question under discussion during most of the sitting was wages question without justification according to the men's case, of seven of the porters. The men are demanding a strict investigation into the dismissals. In regard to the wages question the porters are demanding \$75 per month without tips, while the C.P.R. claim that the rate of wage was fixed by adjustment board No. 1, and that until that board changes them they should not be increased.

ERIC WHALEY LAID TO REST.

The late Eric Whaley, 74 Roxborough street, was laid to rest in Mount Pleasant Cemetery yesterday afternoon. The funeral service, both at the house and the graveside, was conducted by Rev. Dr. Tovell, of Trinity Methodist Church.

MRS. M. MOFFAT'S DEATH.

On Thursday morning at her home, 88 South Drive, Toronto, Margaret Moffat, wife of William Moffat, general manager, Imperial Bank of Canada, passed away after a lingering illness. Mrs. Moffat was a daughter of the late John Bell of Pembroke, pioneer Upper Ottawa lumberman. She is survived by her husband, a son, Dr. Ambrose Moffat, and a daughter, Mary, the wife of Dr. Ray Hodge, both of Toronto. There are also three brothers and a sister, Dr. Gordon Bell and Wilson Bell of Winnipeg, Dr. David Bell of Ponoka, and Mrs. David A. Dunlap of Toronto.

NEW JUDGE VISITS OSGOODE

J. F. Orde, K.C., recently appointed to the Ontario bench, was a visitor at Osgoode Hall yesterday. He was warmly welcomed by his fellow judges, and received the congratulations of many members of the profession. The date when he will take up his judicial duties is not yet determined.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is Sign You Have Been Eating Too Much Meat.

When you wake up with backache and dull misery in the kidney region, it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog, you must relieve them like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges; the urine is cloudy, full of sediment, channels often get sore, water scalds, and you are obliged to seek relief two or three times during the night.

BOARD OF COMMERCE AND MANUFACTURERS

C.M.A. Appeal to Governor General Against Board's Questionnaires

The following statement was issued yesterday from the Canadian Manufacturers' Association, Toronto: "It appears from press reports that the board of commerce denies the jurisdiction of the several government councils to entertain an appeal from the boards questionnaires as to the operations, costs and profits of the textile industry for the past eleven years, and urge that if manufacturers, whether or not represented by any manufacturers' association, may appeal to council from this board's questionnaires, then any one person may similarly appeal.

How Much is the Teaching of Patriotism Worth?

Canada is one of the world's melting pots. To us has come in the past—and will come again—a great tide of emigration from all over the world. Children of oppression, governed for centuries by might, not right—looking down, not up, thousands of them—where can they better learn the ideals of Canadian freedom and brotherhood than in Canada's schools? The child of the alien, the foreign born, must and can be made a loyal, patriotic, useful Canadian in our schools.

ROBBED BY PICKPOCKETS

Joseph Watts, Rhodes avenue, a returned soldier, had his pay envelope containing \$50 taken from his pocket while travelling on a crowded King car between the corner of King and Yonge streets and his destination, recently. Mr. Watts, who is a married man with a small family, had just returned from working in London, Ont., and had his pay envelope in his pocket unopened when he boarded the car.

RUSH TO EUROPE

The spring and summer of 1919 will be long remembered as one of the busiest in the history of the steamship companies, due to shortage of passenger-carrying ships and increased travel. This spring and summer promises to be a repetition of last year's great number of people who are now booking for the old country in an indication. A. F. Webster & Sons, the oldest established steamship office in Canada, at 58 Yonge street, report a great demand on all lines for accommodation, both eastbound and westbound, and are having much difficulty at this early date in securing berths desired. Whether this condition will keep up indefinitely, it is hard to say, but Websters are urging their many agents to book immediately.

NO DECORATIONS YET

Many returned soldiers in the Riverdale district are wondering when they will receive the 1914-15 stars. Some have received the decoration as far back as two and even three months ago, according to the statement of D. P. Giesse, past president of local branch G. W. V. A., who attributes the delay to lack of system at military headquarters.

MINERAL OUTPUT BREAKS RECORD

(Continued From Page 1)

Colborne works is treated a considerable proportion of the nickel-copper matte, into which Sudbury ores are converted by the International Nickel Company at Copper Cliff. The matte contains about 24 per cent. of nickel and 25 per cent. of copper, the remainder being mostly sulphur and a little iron. The precious metals, gold, silver, platinum and palladium, and also constituents of the matte in small quantities, Nickel is produced in shot and ingot form, and copper as blister, the latter being sent to New Jersey for refining.

Table with 3 columns: Mineral Name, Quantity, Value. Includes Gold, Silver, Copper, Cop. in matte, Nickel in matte, Iron ore ex-ported, Iron pig, Cobalt matte, Cobalt oxide, Nickel oxide, Nickel matte, Other nickel and cobalt compound, Lead pig, Molybdenite concentrates.

THE STERLING BANK OF CANADA

SAVE, Because He who can save one dollar has the will to save one hundred.

Central Canada, which includes Ontario, is without coal mines, while the Atlantic and Pacific coasts, as well as the flanks of the Rocky Mountains, are rich in them. Notwithstanding this, the mineral production of Ontario per annum is now much more than double that of any of the other provinces, and in 1918 comprised 44.76 per cent. of the entire production of Canada. Of her whole output 82 per cent. is metallic in character, and 18 per cent. non-metallic.

THE HOME IS THE SHRINE

The home may be the shrine of the personal virtues, but the school is the "bulwark of the State"; and it is to the schools we must look for the development of those ideals and qualities which make for national life, prosperity and stability.

IT IS THE CHILD'S FIRST CONTACT WITH THE WORLD

It is the place where the child comes first in contact with constituted authority, and if it is properly administered he will have a confidence in it and a respect for it that makes for the stability of the State.

IT IS HERE HE LEARNS, FOR THE FIRST TIME, THAT HE MUST CONFORM TO CERTAIN WELL-DEFINED LAWS

It is here he learns, for the first time, that he must conform to certain well-defined laws—laws which protect him in his rights and inclinations, so long as he does not infringe on the rights of his associates.

IT IS IN THE SCHOOL-YARD THAT HE LEARNS THE NECESSITY OF ADHERING TO THE RULES OF THE GAME

It is in the school-yard that he learns the necessity of adhering to the rules of the game if he would enjoy the privilege of participating—that he learns the necessity of co-operating with his associates to attain a common objective—that he feels the pleasure of exerting his skill so as to become a valued member of the team, even becoming, for the time being, the hero of the play, and ready even for a sacrifice hit.

CITY HALL NOTES

According to Mayor Church, the old registry office may be fixed up for quarters for the city relief offices, and the old Bay street fire hall may be turned into offices for the industrial department. Mayor Church announces that the question of appointing a transportation commissioner will be taken up at the next meeting of the city council.

HYDRO CLUB DANCE

The Toronto Hydro-Electric Club held another successful evening last evening in the Oddfellows' Temple, about 200 of the employees and their friends being present. P. W. Ellis and H. H. Couzens were interested on-lookers. The competition was the event of the evening, a large number of good dancers taking part, giving the judges difficulty by the progress of elimination to decide upon the winners. Mr. Ellis presented the prizes in a fitting manner to the successful lady and gentleman.

KIDNEYS NEVER CAUSE BACKACHE

Rub Pain, Soreness and Stiffness Right Out With Old "St. Jacobs Liniment." Kidneys cause backache? No! They have no nerves, therefore cannot cause pain. Later! Your backache is caused by lumbago, sciatica or strain, and the quickest relief is soothing, penetrating "St. Jacobs Liniment." Rub it right on the ache or tender spot, and instantly the pain, soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Liniment" from your druggist or lumber shop. A moment after it is applied you will wonder what became of the backache, sciatica or lumbago pain. "St. Jacobs Liniment" stops any pain at once. It is harmless and doesn't burn or discolor the skin. It's the only application to rub on a weak, lame or painful back, or for lumbago, sciatica, neuralgia, rheumatism, sprains or a strain.

Let us Reason Together on the Furniture Question

Assuming that you're planning to buy furniture this Spring, suppose we place a few facts before you. These may be helpful—indeed they're bound to be so if you'll adjust your buying to conform with the conditions as they exist.

Chiefest of the furniture problems is the scarcity of good furniture, the sort that's made to stand the test of years—such furniture as was sold to a customer in a distant city years ago, and who wrote us a few days ago!

"The chairs of the dining suite you sold me about nineteen years ago are as rigid to-day as they were the day you sent them to me."

A scarcity of good furniture was anticipated by this store many months ago, and we planned on a big scale so as not to be caught. We think we are in the bounds of strictest truth when we say that we have bought more good furniture during the past year than could be successfully handled by any two other furniture dealers in the Dominion.

Now, what is the natural deduction?

Is it not that Murray-Kay Company are in a position to offer the highest quality of furniture at prices that are far less than to-day's cost of production?

To impress upon you the tremendous rise in the cost of raw materials, suppose we quote you some of the advances on materials required in the making of furniture:

All lumbars are up 150 to 200 per cent.

Mahogany has advanced over 200 per cent.

Glass used in mirrors advanced over 300 per cent.

Leather for upholstering and upholstering materials advanced over 150 per cent.

Wages, as you know, are double, and production is 50 per cent. less.

With these facts before you you will be in a position to make your furniture selection with some knowledge of conditions, and you will therefore be able to analyze the merits of what is offered to you.

For many years Murray-Kay Company have been distributors of artistic, high-grade furniture, and it is with a considerable degree of personal satisfaction that we look over what we have assembled for our 1920 February Furniture Sale, for we find the collection to be in all respects up to the highest standard, notwithstanding the difficulties which we have set forth.

And now a word or two as to when you should buy—make it as early in the month as you can. The replacement of any piece of furniture on our floor February 1st would cost 30% to 40% more than the price you'll be asked to pay.

Anti-Toxin for U.F.O. and I.L.P. Two items in the news, added together, make one big pointer. The British Labor party has called a conference with the black-coated tollers—now called the salaried—to strengthen the case for a new social and economic order.

Mr. McDiarmid has said more of reconstructive statesmanship than all the U. F. O. leaders have uttered since the twentieth of October. Premier Drury, soon after his accession, said the government was not that of a Farmers' party, but of a People's party.

Mr. McDiarmid first suggests that board of trade men be added to U. F. O. political executive. This can only partially fill the bill. In hundreds of towns and villages there is no board of trade to form a companion society to the U. F. O.

A Job That Can Wait. A newspaper correspondent, who is a member of the British parliament, and a round table, cables The Montreal Star from London:

The impression prevails here that the Canadian ministers are not now keen upon the imperial conference meeting being held at Ottawa this summer, especially in view of Premier Borden's illness.

Indeed, it is generally thought that the evolution of after-war problems makes it desirable to wait further progress of reconstruction, and meanwhile, while this work of internal reconstruction is still in progress, to attempt to impose upon it a discussion of what, by the desire of the dominions themselves, was to be the big question of this year's conference, namely, the development of the ideas which both Lloyd George and Sir Robert Borden have elaborated for closer relations between the cabinets of all self-governing parts of the empire, culminating in a periodic assembly of an empire cabinet of these self-governing cabinets.

To the old-time imperial or colonial conferences there could be no objection. They were easily dovetailed into some big empire function like the jubilee of the Queen, or the coronation of the King, and gave the various prime ministers of the overseas states, who happened to be in London anyhow, a chance to exchange views, and confer about the common defence and general welfare of the empire.

The World has maintained that no one in Canada has authority to commit this country, in any conference,

HAS A FAMILIAR SOUND

THE OLD MAN: Well, mebbly you've changed 'em, but that sounds mighty like one of the old party records.

to any change in her constitutional relations with the mother country and the sister states of the empire. The Winnipeg Free Press contends that no such conference should be held, or delegates appointed, until after the general election in Canada.

The Brockville Recorder and Times, which quotes from, and comments at length upon, a recent editorial in The World, admits that there is undoubtedly a movement on foot to bring about something in the nature of an imperial federation. In this connection it says:

In London there exists a thoroughly equipped combination of men having for its object the promulgation of some scheme of federation for all parts of the empire. The men who have joined for the accomplishment of this dream are loath to say just what they want, but every person who has come in touch with Lord Northcliffe or has read his newspapers for any length of time can readily recognize what his coterie has in view.

True, the Canadian statesmen anxious for this constitutional conference tell us that the object is to make Canada more free, more independent, and indeed, a sovereign state. But that is beside the point. Whether the goal of this constitutional change be a federated nation, in which Canada will be a mere state, or whether it be something like national independence, the fact remains that no person or government in Canada is authorized to make or consent to any radical change in our relations with the mother country and the empire.

Other People's Opinions. The World will gladly print under this head letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

Choosing a Premier. Editor World: Does it matter whether Mr. Drury gets a seat? He is not premier, anyway. It is not our system to have a premier appointed; he must be elected by the people as their leader.

DOGS WHO TEASHED IN SENIOR CONTEST

Kitchener Had No Trouble With the Scullers—Scored Eight Times.

As was expected Kitchener had no trouble in downing Dons in a senior O. R. A. fixture at the Arena last night.

Kitchener in eight goals and kept the cast and scullers from getting one past Hainsworth.

At that Dons showed their best team of the year. They made several changes and they were all for the better.

Hills was back at centre and turned in a nice article. McInnes again showed that he knows considerable about the game.

Dons' weakest spot was the defence. Hedges was a newcomer doing duty here, but is green. The main fault was that the pair of Smiths were not drilled for the one man each time and checked with their sticks at all times.

Don't expect any change in the defence. D'Arcy Smith was the defence.

Dons scored three in the first period, four in the second, and only one in the final twenty minutes of play.

NEED ALL CLASSES FOR A NEW PARTY

Hon. A. Meighen, in Kingston Address, Outlines Views—Extremists Hurtful.

Kingston, Jan. 30.—In addressing the Canadian Club this evening, Hon. Arthur Meighen declared that it was essential that the modern men of every class should get together and form a party that could hold the ship of state steady and steer it safely. He had been talking of the plethora of extremists from which the country was suffering. There were, he said, the extreme labor man, who demanded the One Big Union; the extreme protectionist, who wanted a high and still higher tariff; the extreme free trader, who demanded no tariff at all; the extreme Socialist, who wanted nationalization everything; the extreme individual who thought there was too much nationalization already, and the extreme farmer who would establish an agricultural dynasty. But there were thousands of men of modern views and of patriotic impulses, and these should form an aggregation to save their country from the extremists.

Emphasize Three Needs. The dangers which threatened the country demanded the reflection of every thinking citizen. The time had come for the modern people to get together. The minister in the opening part of his address emphasized three things: The need of all working to produce the things that the world needs; the selling of those things in the best markets and the saving of as large a proportion as possible of the money paid for them.

Stating that Canada required annually three hundred and twenty-five millions, the speaker told of the various ways in which this revenue is made up and touched upon the business profits tax, which, he said, yielded about thirty-five millions a year. This tax had been subjected to much objection on the ground that it impeded the development of business, but if it were wiped out something else would have to be substituted in its place. In regard to the income tax, which brought in about twenty millions, the opinion was expressed in some quarters that the tax was not high enough, but it must be borne in mind that Canada was competing with other countries for population, capital and trade, and must so organize its internal economy as to distribute its taxes that it would not be handicapped in the race.

London Labor Party Chairman Declines Offer of Title

London, Jan. 30.—Thomas Naylor, chairman of the London Labor party and secretary of the Compositors' Society, in declining the proposal to appoint him an officer of the Order of the British Empire, writes today, thanking Premier Lloyd George for his kind offer, but stating that he felt that distinctions of that kind were out of date in this democratic age and obligations with them political and social obligations for which it would be unable to assume responsibility.

CHILDHOOD CONSTIPATION

Constipation—that disordered state of the digestive tract which is nearly always caused by improper feeding—can be readily regulated by the use of Baby's Own Tablets, and now there are a mild but thorough laxative. They are easy to take and are absolutely free from injurious drugs. Concerning them, Dr. Joseph Dion, St. Perpetue, Que., writes: "I have nothing but praise for Baby's Own Tablets. When my baby was three months old he was terribly constipated, but the Tablets soon set him right, and now at the age of fifteen months he is a healthy boy and this good health is attributable entirely to the use of the Tablets." They are sold by the best dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

COMMUNITY DRIVE BEHIND OBJECTIVE

(Continued From Page 1). Yonge street, corner of Shuter street. An interesting Race.

Through the three days of the campaign there has been a very interesting race between districts B and C, captained by Mr. S. B. Playfair and Mr. A. R. Auld, respectively. Their objective was \$100,000, and Mr. Playfair's workers achieved their objective Thursday night and turned in a little more on Friday for good measure. Handicapped by illness among his canvassers, Mr. Auld turned in a total of \$92,000. The next best record was made by division E, which had a total of \$48,548.

People were still calling at headquarters on King street late last evening, and there are still a number of special subscriptions still to be received which should considerably increase the returns so far announced. The following special subscriptions were received yesterday: Harris Abattir Co. \$3,000; Harris Abattir employees 1,500; Wm. Davies Co. 1,500; Wm. SOCIETY

Conducted by Mrs. Edmund Phillips. J.H.H. the Duke of Connaught left London for Canada, and intended to go away until the spring. Although during the past three months his royal highness has been unable to attend to his duties, he is now in the best of health and his health is otherwise entirely satisfactory.

The board of management of the Samaritan Club gave a very successful home at Holmwood yesterday afternoon thru the courtesy of Lady Flavell, who very kindly provided the tea, when the table was lavishly with a low decoration of Roman hyacinths, freesias, pale pink carnations and snapdragons. The sun room off the drawing room was filled with flowers, poinsettias, and other magnificent scarlet amaryllis. There were nearly 200 people present, and Mrs. Harold Towell was in the chair looking very well in black with white fox and a beautiful corsage bouquet of white sweet peas and maiden-hair fern. Lady Flavell, who received, was in black with a pearl necklace. Mrs. McEachern assisted her. Miss Julia Stewart operated the pictures. Dr. Elliott spoke and Mrs. Thomas Knowlton sang to the accompaniment of Mrs. Alexander Davies, and Master Caster Davidson played the violin very acceptably. A few of those present included Sir William and Lady Gage, Mrs. Gladys Gage, Mrs. Sidney Small, Mrs. Norman Towell, Mrs. McCann, Mrs. Crofton Kelly, Mrs. Radcliffe, Mrs. Pat Brown, Mrs. Langmuir, Mrs. Herman Hughes, Mrs. Charles Becker, Mrs. Hart, Jr., Mrs. Willey, Mrs. E. Boone, Mrs. E. W. (Mrs. E. Palm, Mrs. Gerhard Heintzman, Mrs. Fasco, Mrs. R. C. Donald, Mrs. Kathleen Jenkins, Mrs. Thornhill, Mrs. W. J. Elliott, Mrs. Trounce, Mrs. McDonagh, Mrs. Northway, Mrs. Love, Mrs. Gilbert, Rev. Dr. Towell, Mrs. F. Allen, Mrs. Ward, Mrs. Hart, Mrs. Beardmore and Lady Kingsmill are leaving shortly for California.

Among the later arrivals at the Highland Inn, Algonquin Park, are Mrs. C. M. G. Christie and Mr. E. C. Christie, Toronto; Mr. R. M. Barrow, Birmingham, England; Dr. and Mrs. Evans and Mater C. Evans, Ottawa. Weather conditions ideal and excellent for all winter sports.

KEEP HEALTHY DURING WINTER

Colds and Diseases May Be Avoided if the Blood is Kept Pure.

Do not let your blood get thin this winter. For people who have a tendency towards anaemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, and the more restricted diet are among the many things that combine to lower the tone of the body and deplete the blood. As soon as you notice the tired feeling, lack of appetite and shortness of breath that are warning symptoms of thin blood, take a short course of treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white and your eyes dull. It is so much easier to correct thinning of the blood in the earlier stages than later. This is well illustrated in the case of Mrs. E. Williams, Elk Lake, Ont., who says: "I take great pleasure in letting you know the benefit I have found in the use of Dr. Williams' Pink Pills. I was in an anaemic condition, and was very weak and run down. The least exertion would leave me breathless, and it was with difficulty that I did household work. I was advised to try Dr. Williams' Pink Pills, and after the use of four boxes I feel like a new person. In fact, my system seemed filled with new energy and new life. I strongly recommend this medicine to all who feel weak or run down." The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuralgia, after-effects of the grip or fevers. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system. You can procure Dr. Williams' Pink Pills through any dealer in medicine. They will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams Medicine Co., Brockville, Ont.

"What Shall I Do Then With Jesus, Who Is Called Christ?"

Pilate's Question Is Yours To-day

THE Church is not impersonal. It is a company of individuals, each of whom has expressed determination to acknowledge Jesus as Lord and God, to accept His teachings and follow His example.

The Active Christians Those who persist in the Way find their lives radiant with hope. They have an object in living. They are not plunged into hopeless misery by bereavement. They develop character. They learn contentment. Being themselves men of hope and good-will, they are centres of hope and good-will in the world.

The Inactive Christians Not all continue faithful. Many neglect to keep the Pattern before them. They cease to pray. They forego public worship. They become only nominal Christians. Their sympathies are on the side of Right, but they miss the full-orbed peace that comes from being obedient to the Heavenly vision.

Aiding the Enemy Apart from their own loss, lukewarm Christians do positive harm to the Faith. Enemies never cite the lives of notable Christians as a proof of the inefficiency of the Church, or of the Gospel it proclaims. If, therefore, all lukewarmness should disappear the critics of Christianity would be confounded.

Where Do You Stand? You are a Christian. Are you ardent or careless? Are you whole-hearted or half-hearted? Do you realize that the Church in Canada faces unprecedented responsibilities? You believe that the Gospel of Christ is a perfect solvent of selfishness and class-hostility. Will you do your part to give it free course?

A Great Possibility "Righteousness exalteth a nation, but sin is the reproach of any people." If all the Church Members of Canada would begin today to follow earnestly the principles enunciated by their Divine Master; if they would acknowledge their stewardship in full measure, the name of Canada would ring around the world. Therefore, the Question is to you:

National Peace Thank-Offering Simultaneous Every-Person Canvass by Each Communion February 9 to 14

What shall I do then with who is called Christ?"

A United Appeal

FIVE Christian Communions—Anglican, Baptist, Congregational, Methodist and Presbyterian—have in Canada ten thousand congregations, over one million communicants, and represent more than half of the population of the Dominion. Under the stimulus of five great Forward Movements, it is in the power of these people to root out the evils of materialism in Canada, and to conserve the spiritual values revealed by the chastisement of War. Are you ready for active service?

The Decision Is Yours

LET Christianity have a fair trial in your own life. Make Jesus Christ master in your home. Test the reality of prayer. It will give your life direction, purpose and power. You can help to cure the ills of Canada and the world. Be prepared to serve. Begin NOW.

CANADA PERMANENT IN STRONG POSITION

Reserve Fund Will Soon Equal Amount of Paid-Up Capital Stock.

In reviewing the progress made by the Canada Permanent Mortgage Corporation at the annual meeting of shareholders, held yesterday, the president, W. G. Gooderham, expressed the opinion that, before the end of 1920, the company would attain the goal long aimed at, namely, the possession of a reserve fund equal to the paid-up capital. He pointed out that last year \$250,000 was added to reserve, and that at the close of 1919 the fund amounted to \$7,700,000, in addition to unappropriated profits of \$1,600,000, making a combined surplus of \$9,300,000. This was only about \$100,000 less than the amount of capital stock. Mr. Gooderham drew attention to the fact that in 1905 the reserve fund and unappropriated profits totaled \$2,244,708, and, while dividends had been increased from 6 per cent. to 10 per cent., the latter rate having prevailed for the past seven years, the corporation's surplus had been steadily piling up.

Mr. Gooderham commented upon other salient features of the annual report, a summary of which has already appeared in The World. He remarked that not only had there been gratifying increases in the amount of the corporation's deposits and debentures payable in Canada, but that the money obtained in Great Britain on the security of its sterling debentures did not show any decrease. So long as exchange conditions remained adverse, no considerable increase in the sterling debentures could be expected, and it was necessary to look to Canada for funds with which to supply the demand for loans.

Also, the amount of high-class negotiable securities actually owned by the corporation was considerably greater than at the end of 1918, the corporation's mortgages on real estate amounted to the large sum of \$28,211,000, and the total assets had increased from \$31,461,000 to more than \$53,000,000.

R. S. Hudson, vice-president, emphasized the point that the profits would have been even more satisfactory but for provision for special reserves. The corporation in the last three years having set aside for new taxes and for patriotic purposes \$1,242,000. This was in addition to the taxation imposed by the various provinces.

A strong reserve was of the most vital interest to a financial institution which obtained money from the public, but he believed that when the reserve fund equaled the paid-up capital a smaller proportion of the net profits would suffice for augmenting the special reserves.

The directors were unanimously re-elected, and subsequently Mr. Gooderham was re-elected president and Mr. Hudson vice-president.

CONTINUOUS SESSION FAVORED BY BROKERS

A meeting of members of the Toronto Stock Exchange was held yesterday afternoon to discuss the proposal of a continuous session, which would run from 10 a. m. to 2 p. m., thereby cutting out the recess from 12:30 to 2 p. m. The suggestion was favored by a majority of the members, and it was agreed that the committee of the exchange should introduce the innovation whenever they deemed the step advisable.

COLONIAL WILL NOT TAKE OVER IMPERIAL

The proposal to consolidate the Colonial Investment Company and the Colonial Trusts Company has been abandoned. A month ago shareholders of the Colonial Investment Company decided to obtain a fuller report on the projected merger, and yesterday a decision was reached not to proceed on the basis outlined whereby the Colonial would have paid \$150 a share for two-thirds of the shares of the Imperial, or 2,833 shares in all. The feeling was that terms more advantageous to the Colonial should be offered.

PRICES OF CORN AVERAGE HIGHER

Absence of Offerings Noted—Prospect of Fresh Loan Also Bullish Factor.

Chicago, Jan. 30.—Corn averaged higher in price today owing mainly to the lack of an adequate supply here and to month end demand from shorts who found difficulty finding January contracts. The close was unsettled, ranging from 3 cents net decline to an advance of 2 cents, with May 135½ to 135½ and July 122½ to 122½. Oats finished unchanged to ½ higher, and provisions advanced to 12 cents to 12 cents up.

Absence of offerings in the corn market was so evident during the early part of the day that shorts in nearby deliveries became somewhat anxious. Hasty efforts to cover which resulted in the carrying of the market to the highest price yet this season. A little bullish sentiment arose, too, from predictions that the proposed \$25,000,000 loan to provide for food for Austria, Poland and Armenia would be voted by congress. In the last hour, the prices underwent considerable setback owing to reports of a Canadian embargo on eastbound shipments of grain. Contention that the embargo ought to be lifted here were ignored.

Oats developed independent strength, based chiefly on talk of export demand at the seaboard.

ON CHICAGO MARKET

Hughes, Harcourt and Co., 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday: Corn—Lack of selling pressure and an improved commission house demand caused copious short covering, January strength and higher cash prices were the features, January corn making a new high record. Receipts were somewhat larger than heretofore. While they are not large, they seem sufficient to supply the cash demand, which is only fair. It is believed by good people that the advance in discount rates was made for the purpose of dislodging holdings of grain and other food products by speculators. Large amounts of commodities are being carried on national and state loans. Previous agitation in this respect caused quite a break in prices.

ALLEN THEATRE DIVIDENDS.

Temple Theatre Corporation, Ltd., which owns the Allen Theatre at the corner of Richmond and Victoria streets, has just declared a monthly dividend of 1 per cent. on its common stock, payable Feb. 1. A similar dividend has been declared by Allen's Danforth Theatre, Ltd., and by Allen's Edmonton Theatre, Ltd.

FOR HOUSEHOLD ECONOMY

Every householder wants to know the facts about A.B.C. Coal Briquettes, the fuel which is cheaper and cleaner and at the same time produces more heat than the best anthracite coal.

A.B.C. Coal Briquettes are made of genuine coal, scientifically treated. Though new in Canada, briquettes have stood the test of half a century in thrifty European countries.

Superior to Coal in Every Way

In preparing A.B.C. Coal Briquettes the coal is pulverized and then mixed with a patent binder. This substance is then forced into moulds and subjected to a heavy pressure. They are thus concentrated fuel with practically no smoke, no clinkers, nor cinders, and with heating value greater than ordinary coal.

A.B.C. Coal Briquettes burn as well in the kitchen range as in the furnace, and there is no dust to annoy the housekeeper.

Many Government scientific experiments have proved in comparative tests that briquettes are superior to coal in every respect, providing greater heat with less labor and expense.

A.B.C. Coal Briquettes make, in fact, the ideal fuel, and the public needs only to realize its advantages to use it for every purpose, whether domestic or industrial.

Order a ton and prove to your own satisfaction that this is the fuel for next winter.

CALL MONEY AT TWENTY PER CENT.

New York Market's Steadiness Indicates a Sold-Out Position.

New York, Jan. 30.—A 20 per cent. call money rate, the highest so far this year, and continued weakness of foreign exchange, were the dominant factors of today's extremely dull stock market.

These developments exerted only a negative influence, however. Gains in several instances of substantial proportions exceeded losses at the market's firm close, despite renewed pressure upon speculative issues.

The 20 per cent. rate did not become operative until about 11 o'clock, when the demand of borrowers to carry over the week-end were especially urgent. Most of the day's money was placed at 12 per cent., a 14 per cent. quotation ruling at the close.

In the stock market, the net result seemed to establish further proof of a "sold out" condition, and the tenuous position of the shorts in several of the closely-held, high-priced industrial United States Steel again fluctuated within fractional limits, but kindred shares and their equivalent registered steady, if moderate, accumulation.

Lower tendencies again prevailed in the bond market, underlying interest among rails, industrials and utilities reacting an average of a point. Liberty bonds and associated foreign issues also yielded moderately. Total sales (par value) aggregated \$15,250,000.

PROSPEROUS YEAR FOR TRUSTS AND GUARANTEE

Company is Reaping Benefit of Constructive Policies.

The annual report of the Trusts and Guarantee Company, Limited, presented at the annual meeting of shareholders yesterday, indicated that the company is now reaping the benefits of the constructive policies followed during the past few years, in which the organization has been considerably enlarged.

New Spring Millinery

Styles Portraying the Mode, Yet Moderately Priced
Now on Display in the French Room

To a select little group of high-class tailored models from New York our designers have added a charming collection of unusually smart hats, forming an advance showing of exceptional attractiveness.

Gleaming straws and trimmings give evidence that hats are destined to "shine" this season. Lisere, lacquered until it glitters, and bright porcupine braids combine with circled satins or lustrous taffetas.

A Celluloid Sheen

Then, as if such brightness were not sufficient, almost every hat is adorned with glistening strands of cellophane, the new braid with a celluloid sheen. So pliable is this wonderful new material that it is worked up into the most striking ornaments and knots imaginable, as well as being shown in all-over effects on the silk or in cunning brim-edges.

Black Shares Exceptional Favor

—but many smart models are seen in nigger, navy and taupe. A few lovely designs are also carried out in the new "Maeterlinck" blue, named for the famous author who inspired it through his beautiful drama, "The Bluebird."

The modest prices range from \$16.50 to \$22.50.

The Best of Blankets

Including Our Special
Scottish Importations

Rupert Brooke spoke of the "rough kiss of blankets" as one of the chief delights life held. But blankets now are of a soft, fleecy texture, that induce slumber through their comfort qualities, as well as through the warmth they generate.

Simpson's blankets have long been recognized because of the sterling quality incorporated in them. There are blankets of wool, direct from Scotland, pure Scottish wool with a fine, smooth finish. The standard Canadian and American weaves of cotton and wool are found here also, high-grade and popular as to price and material. You should become acquainted with our Blanket Department.

Scotch Wool Blankets, per pair, **\$22.50 to \$38.50.**
Cotton and Wool weave, per pair, **\$10.95 to \$26.00.**
Baby Blankets, from **\$1.65 to \$5.00** each.
