THE FIFTY-THIRD ANNUAL REPORT OF THE MONTREAL GENERAL HOSPITAL.

The Annual Meeting of the Society of the Montreal General Hospital was held on the 18th May, the Vice-President, Charles Alexander, Esq., M.P.P., occupied the chair, and the Secretary read the following Report :

GENTLEMEN OF THE CORPORATION OF THE MONTREAL GENERAL HOSPITAL.

I have the pleasure of presenting you with the Annual Report of the proceedings of the Governors, during the year which terminated on the 28th April last.

The financial year, although usually ending with April, has been this year also prolonged to the 15th May, for the purpose of including all the subscriptions, many of which have been very late in coming in.

The " Ordinary Income" during the year has been.....\$40,746 70
and the " Ordinary Expenditure"..... 34,073 35

Showing an excess of income of.....\$ 6,673 35

Part of this apparent excess arises from the circumstance that the Government grant for 1873-74 was not received till after the close of the accounts for that year, and, when the excess of expenditure over income of last year, \$2,880 64, is deducted from it there remain but \$2,792 71.

The " Extraordinary Expenditure" of the year has
been.....\$25,151 18
and the " Extraordinary Income". 35,86 66

Shewing an excess of " Extraordinary Expenditure"
of.....\$21,564 52

The number of patients treated in the Wards during the year was one thousand nine hundred and sixty-five, (1,965), and there were fifteen thousand seven hundred and twenty-six, (15,726), out-door patients, an increase of forty-seven (47) in-door, and two thousand five hundred and eighty-nine (2,589) out-door patients respectively, over last year. Of the in-door 168 died, 1,413 were discharged cured, 189 improved and 46 unimproved, 149 remaining in Hospital at the end of the year.

CLASSIFICATION.

Protestants.....	3,131	Sailors.....	390
		Strangers.....	75
		Emigrants.....	76
	15,726		15,726

Perhaps during no year in the history of the institution have so many important measures intended to increase its usefulness been discussed and actually undertaken as in the past year.

A lady instructed at one of the English training schools for nurses, originated by Florence Nightingale, and who has for some time past held office in St. Thomas' Hospital, has been engaged to take charge of our institution as Lady Superintendent or Matron, and has been authorized to bring with her four trained nurses. It is confidently expected that much benefit to the patients, as well as to the resources of the charity, will attend the employment of persons practically conversant with the duties of nursing as now taught in European institutions.

With the view of providing accommodation for the yearly increasing number of sick persons seeking admission, it has been deemed advisable to acquire additional property adjoining that on which this building stands, for the purpose of erecting thereon buildings, on the most approved principles of hospital construction. It is proposed to undertake the erection of one pavillion, which will form part of a general plan that can be carried out gradually as circumstances permit or require.

An effort is being made to procure the necessary plans, and it is hoped that the result will be an institution containing all the best features of the most approved modern hospitals; but it will take years to complete the design now contemplated. It is not intended to crowd a very large number of patients into one locality, but to provide for a moderate number in the best possible way.

When we reflect that the body of the present hospital was erected 54 years ago, and the Richardson wing 43 years ago, and that it

hospitals a

has been chiefly since the Crimean war that very much attention has been paid to the scientific principles upon which hospitals should be constructed, it will be at once evident that the citizens of this large city are bound by the highest considerations—the value of human life, the sanctity of human suffering—to provide for the sick an hospital as free from defects as can be constructed.

Intimately connected with the last-mentioned, is another project, which, indeed, had received the attention of the Board during the past three years, but which, at the quarterly meeting in February last, it was resolved immediately to undertake, viz., the establishing of a convalescent home, or hospital, in connection with this institution.

The importance of providing such establishments has been much advocated of late years in Great Britain by philanthropists, clergymen, physicians, and others interested in sanitary and other matters of social science, and the medical and secular journals have taken up the subject and lent it their support.

The editor of the London *Lancet*, the widest-known medical periodical in our language, wrote in 1871, the following: “We have for some time consistently maintained the opinion, that, on the score of utility, efficiency, and economy, it is generally better to spend money in establishing rural convalescent homes in connection with urban hospitals, than to enlarge the latter. We believe that this opinion is now very generally subscribed to by those best informed on questions of hospital hygiene, &c., &c.”

Lord Derby delivered an admirable address on “Convalescent Hospitals,” in Manchester in 1873, and in 1869, when the working-classes and others in Lancashire communicated to the Hon. Mr. Gladstone their intention of subscribing towards a testimonial, as an evidence of their appreciation of his services, that distinguished statesman expressed the wish that any funds so raised should be appropriated to the building or support of a Convalescent Home in Lancashire.

Our medical staff informs us that there are many forms of disease which require the pure air and surroundings of the country, that many patients would recover under such influences who now die in the city hospitals, and that many more would recover more rapidly and more completely in such homes than they do in urban hospitals and houses. The establishment of a convalescent hospital

within a short distance of the city where land could be purchased upon comparatively reasonable terms, is not alone desirable for the higher reasons just mentioned—the interests of the sick, etc.—but for the additional reason that it would at once indirectly enlarge our present hospital, inasmuch as that into it, if large enough, might be at once drafted almost one third of the patients now occupying beds in the institution. It need hardly be added that the cost of maintaining patients in a rural hospital would be considerably less than it is in an urban one. It is confidently expected that the Provincial Legislature will donate to this corporation some land suitable for the purposes of a convalescent hospital, and it is earnestly urged upon the citizens to contribute at once funds necessary to erect such a building. The late president generously gave \$2,000 towards the enterprise.

The Governors are not unmindful of the considerable outlay of money involved in the important undertakings they are now contemplating, and not a little anxious about the possibility of obtaining annual subscriptions from the citizens to maintain the enlarged hospital and convalescent home, but they rely upon their fellow-citizens to sustain them in an effort to provide for the sick in a manner which, in their judgment, will prove more economical and successful than any other that can be accomplished. Some alterations have been effected in the internal economy of the hospital that have long been desired. The out-door service has been transferred from the main building, where it had not sufficient space, to the new apartments in the Morland wing, constructed for the dispensary patients and the apothecary shop. This has permitted the conversion of the room formerly occupied as the Surgery, into a reception room for strangers, as well as a waiting room for the attending physicians, while the old out-door consulting room has been converted into the Steward's office.

The fourth floor of the Morland wing has been furnished as a servant's dormitory; the third has been temporarily occupied by female patients; and the seven private wards therein have been opened, and have proved invaluable to a class of patients that must always exist in large cities, and whose claims for such accommodation cannot be neglected in a Christian community.

Some changes have also taken place in the medical staff. Dr. Scott and Dr. Howard having resigned the office of Attending Physicians, have been placed on the consulting staff of the hospital,

and Drs. posts. The nomination of the out-Major have appointments alteration submitted.

The chairman, Osler, in conjunction with Mr. Forbes, for the year, vacant positions management advisable to

One hundred during the forty-five of suffering from as well as union that t suitably is. The existing hospital is open patients to multiplies the city; it renders difficult, and these reasons *masse* should pox hospitals ing to Mon

The institution one of the many occasions its active management or as and they are and Mr. Ar removed two

and Drs. Godfrey and Roddick have been elected to their vacant posts. The medical staff has been increased to twelve by the nomination of four physicians, whose duty it is to take sole charge of the out-door patients, and Drs. Wilkins, Simpson, Girdwood and Major have been provisionally appointed to that duty. These last appointments, however, were made temporarily, pending the alteration of the by-laws relating to the medical staff, herewith submitted.

The charge of the small-pox hospital has been entrusted to Dr. Osler, in consequence of the resignation of Dr. Simpson. Miss Forbes, for several years the matron of the institution, died during the year, and Miss Armstrong was temporarily appointed to the vacant post. In view of the proposed changes in the internal management of the hospital indicated above, it was not deemed advisable to make a permanent appointment.

One hundred and seventy cases of small-pox have been admitted during the year to the building devoted to that disease, of whom forty-five died. Persons still continue to apply for admission suffering from that disease, although in less numbers, and your Board as well as the Medical Staff of the hospital are unanimous in opinion that the Corporation of the city should immediately erect a suitably isolated hospital for the reception of small-pox patients. The existing provision for these cases in this and the sister hospital is open to several grave objections. It exposes the other patients to an unjustifiable risk of contracting the disease; it multiplies the opportunities for propagating the malady through the city; it renders efficient supervision of the small pox patients very difficult, and adds greatly to the cost of providing for them. For these reasons and for the good name of the city, the citizens *en masse* should petition the City Council to provide forthwith a small-pox hospital sufficiently large to accommodate all persons belonging to Montreal, suffering from that disease.

The institution has lost during the year Mr. William Molson, one of the founders of the hospital; its President since 1869; on many occasions a munificent contributor to its funds, and always its active and interested friend, whether on its board of management or as a collector for it. Two only of the founders remain, and they are still members of its executive committee, Mr. Lunn and Mr. Archibald Ferguson. In the same period, death has also removed two other life governors, Dr. Sutherland and Mr. E. At-

water. Dr. Sutherland was for several years first an attending and afterwards a consulting physician of the hospital. He was duly appreciated for the ability and regularity with which he performed the onerous duties of the first office, and for the judgment and modesty with which he discharged those of the second. The late Mr. Atwater was also a sincere and judicious friend of this charity.

While old friends have been taken away, the institution has had several new ones added to its roll. The following gentlemen have been constituted life governors during the year. Messrs. T. K. Alexander, Wm. Angus, James Benning, C. J. Brown, John Duncan, J. M. Douglass, R. T. Godfrey, R. T. Godfrey, jun., Charles Hagar, A. C. Hooper, W. F. Lewis, W. F. Lighthall, D. L. Macdougall, Alex. Murray, Fred. Nelson, William O'Brien, William Simpson, J. W. Skelton, Brackley Shaw, David Shaw, G. F. C. Smith, and Homer Taylor.

It is gratifying to be able to state that the ordinary expenses of this year fall short of those of last year by \$894, although 47 more in-door patients have been treated this year than last.

While the annual subscriptions have been about the same as those of last year, the subscriptions from the employees of the manufacturing and business establishments, which had fallen off greatly last year, have very considerably exceeded this year those of any previous year. The lists of all subscribers and subscribing establishments, churches, &c., will be found appended to the report.

The following legacies have been received during the year :

Executors of late Wm. Murray, Esq., being the first annual payment upon \$4,000, per A. Murray, Esq	\$1,000 00
Executors of late Arthur McMaster, Esq.....	800 00
Executors of late Mrs. Everetta Denny, per Col. Denny, 71st Regiment, £100 stg.....	436 66
Executors of late Eliza Ross, per D. R. McCord, Esq., and Dr. Ross.....	100 00
	\$2,386,66

The institution is much indebted for the liberal contributions of the citizens, to the warm interest shown by the following gentlemen who have so kindly acted as collectors :

Messrs. W. B. Cumming, John Stirling, Nathan Mercer, Wm. Stephen, A. Ewan, John Phelan, Jas. Moore, N. B. Corse, George Graham, Wm. Whinfield, W. L. Haldimand, F. X. Brazeau, Jas

R. P. HOWARD,
Secretary.

MONTREAL, 18th May, 1875.

The following gentlemen were then elected by ballot :

Governors for two years, N. S. Whitney, John McLennan, John Stirling, David Law, David Robertson, Esquires, and the Hon. M. Laframboise; Governor for one year, Jackson Rae, Esq.

The annual meeting of the Governors was held on Thursday, the 20th May, in the Governors' Hall, Chas. Alexander, Esq., M.P.P., Vice-President, in the chair.

The Meeting proceeded to elect officers for the year, Messrs. Arnton and R. Campbell acting as Scrutineers. On the report of those gentlemen the Chairman declared the following officers to be duly elected :

PETER REDPATH, Esq., President.

CHAS. ALEXANDER, Esq., M.P.P., Vice-President.

R. P. HOWARD, Esq., M.D., Secretary.

ANDREW ROBERTSON, Esq., Treasurer.

The following resolutions were then severally passed :

Resolved, on the motion of Mr. Arnton, seconded by Mr. John Molson :

That the following gentlemen be elected the Committee of Management for the year : Messrs. Arch. Ferguson, William Lunn, Hon. Justice Torrance, Wm. Clendinneng, T. M. Bryson, John Rankin, John Stirling, J. J. Arnton, G. H. Frothingham and T. J. Claxton. The President, Vice-President and Treasurer are members of the Committee ex-officio.

Resolved, on the motion of Mr. Redpath, seconded by Mr. A. Robertson :

That the following gentlemen be elected in-door Attending Physicians for the year : Drs. Wright, D. C. McCallum, Reddy, Fenwick, Drake, Ross, Godfrey and Roddick.

Resolved, on the motion of Mr. Redpath, seconded by Mr. Plimsoll :

That in accordance with the amended by-law finally passed at the meeting of the Corporation of this Institution on the 18th inst., four out-door Attending Physicians be now appointed, and that Drs. Girdwood, Wilkins, Simpson and Major be the out-door Physicians for the ensuing year.

After votes of thanks to the Committee of Management and Attending Physicians had been unanimously passed, the following resolutions were severally passed :—

Moved by Mr. R. Muir, seconded by Mr. Hooper, and resolved :

That the thanks of the Governors of the Montreal General Hospital be presented to the employees in the various manufacturing and business establishments of the city for their generous subscriptions to the Hospital during the past year.

Moved by J. G. Day, Esq., Q.C., seconded by Mr. Lunn, and resolved :

That the thanks of the Governors of the Hospital be conveyed by the Secretary to the ministers of the several churches that have taken up collections for the Institution during the past year.

Moved by Mr. Kemp, seconded by Mr. D. Sinclair, and resolved :

That as this Hospital depends mainly upon the voluntary contributions of the citizens for its support, the Governors feel specially indebted to the several gentlemen who have shewn so much interest in the Institution as to have waited on the citizens for their subscriptions, and by this resolution beg to tender them their thanks, and, further, that a copy of the resolution be sent to them.

Moved by Mr. Frothingham, seconded by Mr. A. Robertson, and resolved :

That the following gentlemen having each subscribed one hundred dollars to the Hospital be constituted Life Governors thereof: J. H. Stearnes, T. W. Ritchie, Q. C., Henry Hogan, J. E. Mullin, G. W. Eadie, and David McFarlane, Esqs.
