GENERAL ANNOUNCEMENTS.

QUEEN'S COLLEGE was incorporated with the style and privileges of a University by a Royal Charter dated 16th October, 1841.

The twenty-seventh Session will be opened on the first Wednesday, (7th of) October, 1868, at 3 o'clock P.M., when an address will be delivered by Professor Mowat.

By its central situation Kingston is easily accessible. Suitable boarding can be obtained at moderate expense.

Students are particularly requested to give careful attention to all intimations in the following pages affecting them, as no allowance can be made for oversight or misunderstanding with respect to matters explicitly announced.

REGISTRATION.—All Students are required to have their names and other particulars inserted in the College Register.

Production to the Registrar of the Treasurer's receipt for fees is absolutely necessary.

The following declaration must be signed at the time of Registration—no other subscription is exacted:—

"I, ———, being now admitted a Student of Queen's College, do hereby sincerely and solemnly declare and promise that I shall at all times render due respect and obedience to the Principal, Professors, and other authorities of the University, and strictly observe the Laws and Statutes thereof; that I shall give a regular attendance at my classes, and shall apply myself carefully and diligently to the studies in which I am engaged, and perform to the utmost of my power the exercises prescribed; that I shall conduct myself in a courteous and peaceable manner towards my fellow Students; and that I shall always maintain and defend the rights and privileges of the University, and never seek in any way or manner the hurt or prejudice thereof."

MATRICULATION.—All intending Graduates must pass annually the University Examination at the commencement of the Session. Every Student, before matriculating for the first time, must produce a certificate of character from his Minister or other competent person.

MORNING PRAYERS.—All Students are required to attend prayers. In special cases absence is allowed by the Principal or Senate. The attendance is marked in the University certificates. Students are also required to attend on Sabbath the churches to which they belong, and at the close of the Session to produce certificates of regular attendance from their Clergymen.

THE LIBRARY.—Students may borrow books subject to the By-Laws, on producing their Registration Tickets to the Librarian. The Library contains over 8000 volumes.

THE OBSERVATORY.—In 1855 subscribers, aided by the City Corporation, founded an Astronomical Observatory, which was transferred by deed to the University in 1861. It contains valuable instruments. A variety of additional apparatus, particularly a large Transit Circle, with two Sidereal Clocks, and the means of Galvanic Registration of Transits, is much required. Numerous important observations are taken and carefully recorded. Barometer and Thermometer indications are observed twice a day, and the results supplied weekly to the Press. Local time is regularly given to the city clock-keeper. A course of free lectures on Astronomy is given annually.

THE MUSEUM.—The Mineralogical and Palæontological collections are extensive and valuable. Occasional demonstrations are given to Students. Friendly services towards the furnishing and enlargement of the Museum are solicited.

FEES.—The following fees are payable strictly in advance—
Class fees on University day (16th October); Graduation fees on or before 27th April.

† *Open* Scholarships may be competed for by all Students of the years for which they are tenable. *Close* Scholarships are, by the express wish of the donors, open only to Students going forward to the Ministry in connection with the Church of Scotland. Members of other Churches may find Scholarships for Students in Arts belonging to their Churches. In all cases open Scholarships are considered the most useful.

Candidates are examined by the Head Master and an Examiner appointed by the College. The examination may be written or oral, or both. The best candidate must acquit himself satisfactorily, otherwise the Scholarship is given by the College Senate to the most deserving Freshman of the year.

§ Tenable for three successive years, subject to annual matriculation, except when the gainer takes the option of spending the third session of the course at a Scottish University. Competitors must have the Degree of B.A. (which may be *ad eundem*) of this University. The first triennial com-petition takes place this session.

¶ Tenable—subject to Matriculation—during the second and third years of the course, and for another year should the gainer spend an additional session at a Scottish University.

BURSARIES are awarded for the assistance of Students preparing for the Ministry in connection with the Church of Scotland, but only after Scholarships given by the Bursary Committee are paid. Recipients must be matriculated Students, and must sign a written obligation to repay the money should they change their intention with regard to the Ministry. In other respects recommendations accompanying particular contributions are duly observed, as in the case of the following Bursaries: Kingston Presbytery, \$60; London Presbytery, \$60; Portsmouth, \$40.
