BRITISH CAPTURE OF TWO GERMAN WARSHIPS IN THE NORTH SEA IS REPORTED; BIG NAVAL BATTLE THERE SOON IS THE EXPECTATION

GOOD NEWS COMES FROM THE NORTH SEA; FRENCH, TOO, SAID TO HAVE CAPTURED ANOTHER OF GERMANY'S CRUISERS

Despatches today say that the third torpedo flotilla of the British fleet captured two German warships in the fighting which took place in the North Sea yesterday when the mine-laying ship Konigsberg was sunk.

Harwich has been turned into an armed camp, and it is reported that a big naval engagement is anticipated in the North Sea, shortly.

The French fleet in the Mediterranean has captured another German cruiser.

Two German Cruisers Sunk? New York, Aug. 6.—The liner Uranium reported on her arrival here today that she had intercepted a wireless message from a British cruiser to the liner Lusitania saying that two German cruisers that had been pursuing the Lusitania had been sunk by the British warship.

GERMANS BOMBARDING A FINNISH STRONGHOLD Sveaborg Should be Able, With 900 Guns and 12,000 Men, to Make Effective Reply--Nothing of Big Battle in North Sea So Far

London.—The Daily Mail publishes a despatch from Copenhagen stating that a German squadron is bombarding Sveaborg, Finland. Sveaborg is known as the " Gibraltar of the Baltic."

The fortifications, armed with 900 heavy cannon and defended by a garrison of about 12,000 men, are spread over a chain of seven small islands connected with bridges. They command the entrance to the bay of Bellingfors, the capital of Finland, from which there is direct railroad communication with St. Petersburg.

TEN GERMAN STEAMERS TAKEN London, Aug. 6.—A despatch to the Times from St. Petersburg, says that ten German steamers with coal and timber, were seized at Archangel.

FIVE GERMAN CRUISERS IN WEST INDIAN AND MEXICAN WATERS Paris, Aug. 6.—It was officially announced this afternoon that five German cruisers are known to be in Mexican and West Indian waters. French warships are to be sent to locate and destroy them.

BRITAIN TAKES THE OCEANIC London, Aug. 6.—The government today commandeered several British merchantmen including the Oceanic, which they are to be used as troop carriers to carry the army to Belgium or are to be used as scout cruisers in a military service.

FIGHTING IN MEDITERRANEAN Paris, Aug. 6.—The admiralty has advised that a German warship which attempted a hostile movement against the French coast on the Mediterranean had been engaged by the French fleet. No details are obtainable.

London, Aug. 6.—The French embassy learns that the French fleet has captured a German cruiser. (This may be the one reported in last night's cables).

London, Aug. 6.—French torpedo craft from Bizerta today captured the German tank steamer Cesar Nicholas II, with 2,000 tons of oil. She was on the voyage from Batoum to St. Louis-Du-Rhone, France.

Bombarding Finnish Town London, Aug. 6.—England waited today with anxiety for reports of the movements of the British fleet, of which nothing had been heard since its departure, some days ago, under sealed orders. All eyes were turned toward the North Sea, whither it was generally assumed the war vessels had gone to encounter the German battleship squadron.

From Rome came a report that the German cruisers Goeben and Breslau had escaped the pursuit of French and British warships, after bombarding the Algerian coast, and had safely reached a Sicilian port.

Capture of German Steamers London, Aug. 6.—It is estimated that when England declared war on Germany there were 2,000 German steamships and 8,000 German sailing ships on the high seas. Englishmen feel that a good inroad on these vessels was made on the first day of the war by England. In addition to the German steamer Belgia, more than 20 German vessels were seized or captured outside British ports. These included three steamers at Gibraltar, which had valuable cargoes.

Malta.—(Via London, Aug. 6)—British torpedo boat destroyers have captured and brought here, a German Levant liner.

LEAVES MONTREAL WITH A GRAIN CARGO FOR ENGLAND

Montreal, Aug. 6.—With the Yellow Cross of Sweden flying at her masthead, the grain tramp steamer, Otta cleared from Montreal for Liverpool this morning, her holds full of Canadian grain for the British market. The Otta is the first of the grain steamers to risk a trans-Atlantic passage. She is depending on the neutrality of her flag, Marine insurance experts have stated that her cargo is contraband.

Today the docks are busy, while the cargoes for the steamers due to sail tomorrow and Saturday are being put aboard. At the customs house there is no change in the situation. The collector of customs, R. S. White, said that so far as the authorities were concerned, business would be permitted to proceed in the usual way.

Australian Navy To Help Britain

London, Aug. 6.—England officially announced tonight that she had accepted the Australian offer to furnish her navy and pay for its maintenance.

arms between England and Germany. Japan would send a fleet of 10,000 men to attack Tsing-Tau and 10,000 more to relieve the British garrisons at Tientsin and Peking. Preparations for such action were now under way, he said.

The Victorian Quebec, Aug. 6.—The Allan liner Victorian with 600 French convicts on board was expected to leave for France last night at ten o'clock but she is still here today awaiting orders. It is understood she will only leave in about ten days when the deadline of the General French Transatlantic Line will leave with a large detachment of French reservists.

The Canine will go to Montreal for French reservists who are waiting for transportation.

GERMAN CRUISERS NOT CAPTURED? Rome, Aug. 6.—(Via London)—The Tribune publishes a report today that the German cruisers Goeben and Breslau, reported captured by the French have arrived at San Salvatore near Messina, Sicily.

One of the German officers in an interview said that while the Breslau was shelling the French naval station at Bona, Algeria, sinking ships in the harbor and destroying the cable and some houses, the Goeben bombarded Philippeville further along the coast. He added that the two cruisers were subsequently pursued by a British squadron.

Action by United States Washington, D. C., Aug. 6.—Secretary Daniels of the navy department, announced after a call at the White House, that a very careful watch would be kept on all ships of the warring nations which come to American ports to make certain that they do not violate the neutrality proclamation. In case any merchant ships are found fitting for way they will be held.

New York, N. Y., Aug. 6.—A guard on the Hamburg-American line pier, where the German liners are being taken to government post alongside the steamship and that men from her board were being taken to the pier by the officers to make known the nature of her cargo in the proper way if they were to be taken to the pier.

It was said by government officials here that boats from the Brooklyn yard have been taken to the pier in the last few days of warning foreign-registered vessels in port not to sail without formal notice to the naval authorities, this notice to include an invoice of the cargo.

CORRESPONDENT IS ARRESTED London, Aug. 6.—Dr. Hans Pich, London correspondent of Wolff's Telegraphic Bureau, the German semi-official news agency, was arrested here this morning.

Canadians Abroad Ottawa, Aug. 6.—A few cases but extremely few, have been brought to the attention of the government in which Canadian citizens abroad were being unable to cash letters of credit. As yet no action has been taken. The opinion expressed here, however, was that there will be no difficulty affecting tourists in the British Isles. Canadians in Paris with letters of credit from Canadian banks are, according to advice here, being looked after by the correspondents of such banks or the Cooks Tourist Agencies. In some cases, however, it is only where the Canadian banks have a balance with their bank correspondents.

A Canadian stranded in Germany or Austria from which British consuls have been withdrawn, will have to apply to the American embassy, which already has afforded relief in a number of cases.

Travelers' checks or credits on international express companies are being honored by such companies abroad without difficulty.

The I. C. R. and the War. Moncton, N. B., Aug. 6.—It is said there are signs which indicate that the I. C. R. in certain contingencies will be called upon to handle an enormous volume of traffic. A week ago freight was slack, but it is reported today that twelve additional Moncton engineers are to be promoted to supply engine men enough to handle the expected rush of freight.

If the St. Lawrence route is closed, as intimated, it will mean increased traffic over the I. C. R.

WAR NOTES Five priests in the Diocese of Regina, reservists of the French army, will obey the mobilization order and will leave for France this week.

Prince Decoy, a former officer of the Guards, has been arrested in Brussels for espionage.

Neither Great Britain nor Austria has declared war on the other as yet, and the Austrian ambassador has received no instructions to leave London.

GERMANY MAY PROCEED AGAINST ITALY; LATTER MAY DECLARE WAR AGAINST THE AUSTRILIANS

London, Aug. 6.—War against Italy is today expected to be the next declaration of the Kaiser. An ultimatum has been sent to King Emanuel in which Italy is called upon to live up to her obligations under the alliance.

The Telegraph in a late edition today, says it is believed in diplomatic circles that Italy is on the eve of declaring war on Austria. Italy's alliance with Austria was never popular with Italians. The Telegraph says that the two peoples in their aims and aspirations as regards Asiatic affairs and the Balkans are notoriously irreconcilable.

Paris, Aug. 6.—Italy has replied to Germany's ultimatum, with a statement that Germany was the aggressor in the conflict with England and France, and sees no necessity for altering her decision to remain neutral. This is according to a Rome despatch received by a news agency here today.

Stirring Scenes in London As War on Germany Was Declared Thousands Thronged Downing Street and There Was Patriotic Demonstration

(Special to Times) London, Aug. 6.—There was a tremendous patriotic demonstration on Tuesday night at Whitehall. Ten thousand people were massed at the entrance of Downing street patiently awaiting the cabinet sitting to end. Other thousands were massed in front of the Horse Guards at the Admiralty and at the War Office, and great sound the night in Trafalgar Square.

As Big Ben tolled midnight, when the ultimatum to Germany expired, the cheering became spontaneous and deafening. There was intense enthusiasm over "Rule Britannia" and "God Save the King." Impromptu processions were quickly organized and marched up and down Whitehall, frantically waving Union Jacks and cheering for war.

There was intense enthusiasm over a picture of the Kaiser, and a motor car flying the Stars and Stripes and the Union Jack, which forced a passage through the crowds. The most picturesque touch was a handsome limousine with three women in evening dress perched on the roof. Among the sight-seers who ran man and woman of the crowd was Ambassador Page, Commander Symington and Harold Bowler, in the latter's touring car.

When the cabinet sitting ended a little after midnight, there was a concerted rush of the crowd in Downing street. The police whistles resounded and mounted police charged and tried to open lanes for the departing ministers' cars some of which got stuck in the throng.

Many hundreds moved on to Downing street where their loyal demonstrations made sleep for the household impossible.

Lord Kitchener is dealing with all Great Britain and acting as the real military head.

The Times' attitude in regard to the cabinet sitting was one of approval that its position toward Lord Haldane's resignation was one of approval. It says: "We regret Viscount Morley's decision, which invests with a certain amount of pathos, the close of a great public career. We appreciate his motive just as we appreciate the motives of John Burns. Both are actuated by a desire not to embarrass the government by retaining an office about which they have misgivings."

Refugees Tell Harrowing Tales About Ill Treatment Party of Girls in Sorry Plight—Woman and Two Children Thrown Out of Germany

London, Aug. 6.—Some American refugees tell harrowing tales of cruel treatment of men, women and children by soldiers in foreign countries, particularly Germany.

One story of misery concerns fifteen girls, who were taken to Brussels. They reached London at ten o'clock Tuesday morning, hungry, penniless and friendless.

Forced to leave Brussels on Monday, the girls were eleven hours reaching Ostend. They had no food and sat on the dock on Tuesday until 8 p. m. waiting for a steamer to Dover and London. Finding no accommodation there they wandered through the streets. Three of the girls, Gertrude Olds, aged seventeen; Kate Talbot Olds, aged fifteen; and Sara Olds, aged eleven, daughters of Mrs. Stewart McNabb of Wilkesbarry, Pa., were in the party, and had a cousin, Hayden Talbot, in London. They were in London in taking charge of the destitute and stranded American women and children in London.

Many frightful tales of suffering and hunger are told. One woman was thrown out of Germany with two small children. She arrived here and was picked up by Graham Olds, an English brewer. She told a story of applying to the German embassy for aid but as her husband is an American citizen aid was refused. Mr. Olds took the woman and children to a restaurant and fed them. They ate bread and milk and ham like famished wolves. They are being housed and cared for by American women.

BIG LINERS DODGING WARSHIPS

New York, Aug. 6.—Further word of the big British liner Lusitania, now dodging German cruisers in a race for England, was brought to New York today by the tank steamer Tonawanda from London and Antwerp. Captain Hart said that yesterday he heard the Lusitania in wireless communication with the British cruiser Essex, saying that a foreign cruiser was following her and asking the Essex to stand by. Later the Essex went in search of the foreigner.

During three days, said Captain Hart, the wireless brought news of the presence of British, French, and German cruisers, but none was sighted.

The French liner Loraine bearing nearly 1,000 reservists, bound for France, was seen seventy miles east of Fire Island. The British steamer Kansas City, which sailed yesterday for Bristol, turned about today and made for Perth Amboy, N. J.

The West Star liner Cedric, bound for Liverpool, was seen yesterday and Liverpool, has put into Halifax, presumably fearing capture.

The brief announcement that the vessel had stopped at Halifax was received by the White Star Line here.

BANK OF ENGLAND LOWERS RATE TO 6 PER CENT

London, Aug. 6.—The Bank of England today reduced its discount rate to six per cent.

ANOTHER REPULSE IN THE ATTACK ON LIEGE

Germany Have Lost Heavily in Attempt to Capture Belgian City--France Holds Them in Check on Frontier--Servians Attack Austrians

Today's despatches relating to land fighting say that the Germans suffered another repulse this morning when they renewed their attack upon Liege, Belgium. Germany lost 8,000 men in the battle around Liege yesterday.

The French troops defending the frontier held the Germans in check all along the line from Luxembourg to Belfort today.

Belgian aviators instructed the Belgian forces fighting around Liege yesterday as to the movements and location of the German invading army.

SERVIANS ATTACK The Servians have assumed the offensive against Austria and have established a military base at Delatino in Austrian territory.

Denmark is mobilizing in preparation for eventualities. French women of all classes in Paris are doing the work of the citizens who have gone to the front.

ANOTHER DEFEAT FOR GERMANS Brussels, Aug. 6.—German arms sustained another defeat early today. Two regiments of cavalry attempted a night surprise of the Belgian position at Liege. The Belgian artillery, entrenched behind the strong fortifications at Fort Liege, repulsed the invaders with heavy losses.

Liege is a strongly fortified city, about ten miles southwest of Vise, where the German army has established a base.

TOLD MEN THEY WERE FIGHTING FRENCH Brussels, Aug. 6.—Germany has already lost 3,500 men in the fighting around Vise and Liege. Today the assault is continued on the Liege fortifications. The Belgian army has taken hundreds of prisoners. All say they are unaware of encirclement on Belgian soil, and were told by their officers that they were fighting Frenchmen.

Belgian officers declared, upon learning they were in Belgium, that many of the Germans deserted. The German commanders have posted detachments of infantry along the Dutch frontier and are shooting down deserters attempting to cross the border.

Servians as a result of their defeat, the Germans, so the Belgians declared, are shooting all civilians found carrying arms. Citizens in many villages have been shot down in the streets. At Vise an eighteen year old girl was executed, she was shot by a German officer.

TWO TO ONE Brussels, Aug. 6.—(By way of London)—General Liner, in a further official report of his operations in the Liege district, states that in Wednesday's battle 25,000 Belgians were engaged against 50,000 Germans. The success of the Belgians was complete. Every attack of the Germans along their extended front was repulsed, the German Seventh army corps retreated into Dutch territory.

The Belgians collected 600 wounded in the German lines. It is believed that the German tenth army corps will attack tonight.

London.—An Amsterdam despatch to the Chronicle says: "The German crown prince, with 30,000 fresh troops, is hourly expected before Liege. The German army has 3,500 men killed or wounded in the fighting at Vise, Belgium. He says the postmaster of the town was shot because he refused to send telegrams for the Germans."

GERMAN AIRPLANE SHATTERED Liege, Belgium, Aug. 6.—In full view of King Albert, who was in conference with Belgian army generals today, a German aeroplane carrying six German officers was shattered by Belgian anti-air guns today. Its occupants were killed.

It is reported here that a squadron of Belgian cavalry surprised General Von Luttwig and his staff and that the German commander narrowly escaped capture. Seven of his officers were killed.

TO COMMAND ENGLAND'S HOME ARMY London, Aug. 6.—According to the Telegraph, General Sir Ian Hamilton, Inspector General of the over sea forces will command the home army.

The Duke of Devonshire has offered his historic town house as offices for the Red Cross Society.

UHLANS DEFEATED Paris.—(Via London, Aug. 6)—The Matin today publishes a report that the Belgian army has destroyed two regiments of German Uhlans at Spa in the province of Liege. It is reported that the Belgian army has severed all communication between Belgium and Luxembourg.

Paris, Aug. 6.—The French cavalry surprised German dragoons at Nory Le Bourg in the vicinity of Belfort today, killing five, wounding two and capturing three. The Germans retreated at top speed. There were no French casualties.

Brussels, Aug. 6.—French aviators have arrived in Belgium to assist the home forces.

Dutch Neutral The Hague.—(Via London)—An official Gazette today proclaims strict Dutch neutrality in the Anglo-German and Belgio-German wars.

Bombardment of Belgrade Belgrade.—(Via London, Aug. 6)—The Austrians renewed the bombardment of this city today. They seriously damaged the royal palace, the National Theatre, the British legation and many private houses. The Servians did not reply to the fire. Three persons were killed and many injured.

Watch Germans in England London, Aug. 6.—While most of the papers today counsel the courteous treatment of Germans who are compelled to remain in England the Daily Mail urges a vigorous application of the law controlling aliens, saying: "There are too many Germans in England, and unless they are kept under close observation, their presence may be a source of great danger. Now that Europe is in arms, we must not shrink from any measure necessary to preserve our national existence. These unwanted guests will consume food needed for the British poor, and their maintenance will absorb funds that cannot be spared."

GERMAN SPIES TO BE SHOT Brussels, Aug. 6.—Two disguised German officers today at Ostend, had in their possession extensive military notes and plans of great value. They are to be shot.

Skirmish Today Paris, Aug. 6.—A slight skirmish occurred between German and French troops today at Noyelle-sec in Meurthe-et-Moselle. The Germans suffered

few casualties, but there was no loss on the French side.

CRUISER MILWAUKEE IS SENT TO SEA Bremerton, Wash., Aug. 6.—Hurried preparations were being made aboard the cruiser Milwaukee at the Puget Sound navy yard to take the vessel to sea and it was reported that she would sail for British Columbia waters. Officers at the navy yard would give no information, but it is understood the cruiser is being sent north to protect American interests and to enforce American neutrality in the waters adjacent to the boundary.

AMBASSADOR LEAVES LONDON London, Aug. 6.—The German ambassador, Prince Charles Max Lichnowsky with the Princess and his suite, left London today by special train for Harwich, en route to the continent. A large crowd assembled at the railway station but there was no demonstration.

The German ambassador and his wife stood on the steps of the embassy and saw all the embassy staff and several privileged Germans, who had been given special permission to accompany them, safely on board seven waiting omnibuses, before they left. They themselves were the last to quit the embassy building. Prince Lichnowsky, who is known to have felt deep chagrin at the turn of events, looked a broken man as he stood for a few moments on the doorstep and gave a last look round.

Half an hour before her departure, Princess Lichnowsky, bareheaded and unaccompanied except by her favorite dog, went for a stroll in the neighborhood of St. James Park. (Continued on page 7, sixth column)

Rasputin Might Have Changed the European Situation But For Attempt to Assassinate Him

(Copyright, 1914, by the Brentwood Company)

Had the Muscovite priest, Gregory Rasputin, been at St. Petersburg during the last fortnight, instead of being confined to his bed, many thousand miles away at Irkutsk, the capital of Siberia, recovering from the two grave stab wounds inflicted upon him by his would-be assassin, a woman named Guseva, it is possible the war situation might have never differed.

This may sound an extravagant statement. But Count Sergius Witte, the former premier and minister of finance asserts in a very positive manner that at the time of the Balkan war, two years ago, it was Rasputin who prevented Russia from taking part in the conflict. According to Count Witte, the Russian government was thoroughly decided to take part in the fray, and the orders for the mobilization of the army and navy had actually been signed by the Emperor, and his ministers, when suddenly Rasputin appeared at Tsarskoe-Selo, and expostulated with the Emperor, that the latter, against the advice of his ministers and military advisers, had cancelled the orders, and drew his consent to the participation of Russia in the conflict—a participation which would naturally have involved Austria, Germany and the other Great Powers, and would have precipitated at that time the great war which has now been inaugurated.

Why did the Emperor listen to Rasputin? Count Witte writes in a very interesting and so widely accepted abroad that the priest exercises an hypnotic influence over the Emperor and the Czarina, or that they are the prey to a mysticism of which he is the chief exponent. Witte regards him as a kindly, good humored Siberian peasant, altogether averse to the superstition which one is wont to associate with influential divines, and exceedingly fond of life, personifying the common sense, patience and cheerfulness of the typical Muscovite peasant. Witte admits that Rasputin is gifted, but adds that nobody can be more gifted than a gifted Russian peasant, and his originality, his independence, and his absolute honesty, insuring that he is always anxious to do good, and levishes every keeple that he receives, upon the poor and suffering.

If Rasputin had been on hand at St. Petersburg, instead of at Irkutsk, recovering from his wounds, he would have alluringly offered to the Emperor, the Czar and Czarina, in the name of the peasantry of Russia, for the sake of peace, his influence would assuredly have been exercised in behalf of peace.

Witte declares that he has seen Rasputin a few times to talk to, but that he has received many written communications from him, always for the purpose of recommending some poor man or some widow and children in trouble, and cites a characteristic note brought to him on one occasion by a Jew, quite recently. In it Rasputin had written: "Count: Please help this Jewish fellow, so that his son may secure admission to the Polytechnical College. These Jewish fellows, after all, are human beings. Why should they be persecuted?"

On the last occasion of Witte's seeing Rasputin, the latter was brought to his house in St. Petersburg by a mutual friend, and spent two hours talking, according to the count, most interestingly. "The populace," said he, "is always clamoring for miracles. It always wants miracles. And yet it pays no attention whatsoever to the greatest miracle of all, which is taking place every day and every hour before their eyes, namely, the miracle of birth."

At the close of the conversation Witte said to him, "Why do you come here, Rasputin? If people learn about it, they will say that I wish to use your influence to further my alleged designs upon the premiership, while you will be blamed for your association with a harmful, nefarious person, which so many declare me to be."

Rasputin gazed at Witte very earnestly and then replied, slowly, "Perhaps you are right, brother." "Look his leave, and never come back again. But he continued to send people in trouble and in want to the station, with written requests that he would interest himself in their behalf."

Called Out and Shot.

New York Man Says He Knows Who His Assassin Is, but Will Not Tell The Authorities.

New York, Aug. 5.—Sitting at a table in a rear room of the Harmony cafe, 508 East 6th street, just before midnight

Charles Gunderstorf, twenty-eight, a clerk, better known as "Lefty," was drinking with Annie Morrissey, a nine-year-old girl. A swinging door at the side of the room was pushed open and a man stood in the entrance and called to Gunderstorf, who arose and went through the door with the man.

The door had scarcely swung back when three shots sounded. Some of the drinkers were startled, but the majority of them were not disturbed by the noise, who had been with Gunderstorf got up to see what was the matter.

Five minutes later a policeman found Gunderstorf in a heap on the sidewalk, in the rain. The girl appeared to be wiping his face with a handkerchief. The wounded man was taken to Bellevue Hospital, where physicians said he was dying of three bullet wounds—one in the stomach, another in the shoulder, and the third in the wrist.

Just before he was wheeled to the operating table, Gunderstorf was told he would better make the statement that probably would be his last. He refused. "I know who did it; that's enough," was his full for every question. "If I live, I'll kill him; if I die, I'll forgive him."

Could take WRIGLEYS' SPEARMINT

to his children—for every package is now wrapped in waxed paper and sealed, to keep out all dampness, as well as all impurities!

Each piece, too, is folded in a waxed wrapper. All the original goodness, the spicy mint flavor, is doubly protected and preserved. It comes to you as fresh and clean as when made.

Five big sticks of this most delicious, long-lasting, beneficial confection for five cents—the BIGGEST money's worth of enjoyment you can buy.

Nearing Completion Of Railway Inquiry
Counsel Hurrying To Complete Data To Ascertain Cost of Road—Mr. Thompson Tells of Arrangements With I.C.R.—Possibilities of Traffic

Ross Thompson, managing director of the construction company, was on the stand for the entire session of the Dugal inquiry into the Valley railway yesterday afternoon. He was examined at length by F. R. Carvell regarding items entering into the cost of the road and also regarding plans for connection with the I. C. R.

Ross Thompson was called when the afternoon session opened. Mr. Carvell asked for copies of the contracts for water tanks and stations, and the witness promised to supply them. He added that Bell, McLaggan & McBean had the two contracts covering all this work except Fredericton and Woodstock. The stations were constructed for in three classes. From Fredericton to Gagetown, the prices for A class stations, complete, were \$2,187; B, \$1,734, and C, \$600.

The contracts included the erection of water tanks. The tubs for these were purchased by the company at \$400 each, vouchers for which and for the fixtures were produced. The estimate for the water stations complete was \$6,000 each. They are, or are to be located at Gagetown, Oromocto, Fredericton, Long's Creek, Balmouth, Cove's Brooks, Woodstock and Lakeville.

On the northern section the contract prices of the stations are: A, \$2,500; B, \$2,000, and C, \$500.

The location of the stations and their prices are as follows: Gagetown, A; Upper Gagetown, B; Oromocto, B; Burton, C; L'Anson, C; Springhill, C; French Village, C; Kingsdale, C; Long's Creek, C; Rosbury, B; Barony, C; Pokok, C; Alandale, C; Temple, C; Meductic, B; Flemming, C; Belleville, C; Lindsay, C; Avondale, C; Lakeville, B, and Centreville, A.

Transcontinental Again.

Mr. Carter interrupted the evidence to make another of his remarks about the Transcontinental. Mr. Carvell mildly suggested that it be allowed to drop while they completed the inquiry into the Valley railway, adding: "If there is one thing on which Mr. Carter and I can agree, it is that the location of the Transcontinental through our section of the country is not where it should be."

This was greeted with laughter, and when Mr. Carter started to reply, the commissioners and other counsel begged him to allow the matter to drop at such an auspicious point.

The witness, continuing, said that Mr. Brown's estimate for station grounds in his division is \$5,000, and Mr. Hill's \$2,500. Mr. Carvell thought that these full amounts could not be included as part of the cost already included in the right of way estimate.

Mr. Thompson started to tell of payments to be made on that account mentioned a purchase from John Connor. "You bought this land," Mr. Carvell

AN EXPERT LAUNDRY MAN
Having secured the services of an expert laundry man, who personally supervises the work, and having recently added new and up-to-date machinery, we are in a better position than ever before to do the best work at the lowest prices.
Work—Ungar's Laundry, phone M. 28. 1-1.

ABSOLUTELY A SCREAM!
"Goodness Gracious," the Vitagraph three-reel comedy, "Deadly," is the funniest farce the screen has ever known. Sidney Drew, a famous Vitagraph comedian, plays the comical college lad to perfection. Clara Kimball Young, as the love-lorn lass who devours Laura Jean Libby, is exceedingly funny. This is a terrible melo-drama played for comedy. Just as it had its 250 consecutive performances at the Vitagraph Theatre, New York City, it comes to Imperial Theatre next Monday and Tuesday.
Michael Franciscus was painfully injured yesterday afternoon at his home. He was chopping wood when the axe slipped in his hands, and cutting through his boot painfully injured his foot.

19 WATERLOO STREET

ALLEGED WHITE SLAYER IDENTIFIED BY SYDNEY MAN
(Sydney Record)
Max Wax, a resident of the State of New York, who had for the last seven years been alleged to have been operating in the white slave smuggling traffic between Newfoundland, Canada and the United States, and who, though often suspected, has been able to evade the lynx-eyed immigration sleuths of this continent, has been rounded up and mainly through the instrumentality of John G. Young, immigration agent at the port of Sydney.
Max Wax, who is a Polish Jew, was recently charged with smuggling four undesirable from Newfoundland into the States through the port of Sydney. The objectionable were Polo-Jewish women and were said to be destined for the white slave traffic in New York. These people, accompanied by Wax, came from Newfoundland on the City of Sydney in November of last year, and describing themselves as tourists were reason they were admitted into the port of Sydney, saying their destination was St. John, N. B. They went from Sydney to Woodstock, N. B., remaining there a short time and traveled across the border into Houlton, Me., where they proceeded to New York.
On Saturday John G. Young, immigration agent here, received a hurry call from the department at Ottawa to proceed at once to New York, where his services were required as a witness to identify Max Wax and his lady friends. Leaving Sydney on Sunday night Mr. Young arrived at New York on Tuesday afternoon and was hurried to the court room, where it transpired the lawyers for the prosecution had been sparing time by recalling witnesses and practicing other devices well known to the profession while awaiting his appearance. The case was adjourned after Mr. Young had given his evidence, and on the following day the jury rendered a verdict for the state after twelve minutes' deliberation.
It transpired at the trial that on the City of Sydney Max registered with one of the women as man and wife. Max's own wife and daughter were present at the trial but claimed they knew nothing of the husband and father's excursion into the domain of white slavery. The case created quite a sensation among the Jewish people of New York.

HOME FOX COMPANY INVITES INSPECTION OF RENFORTH RANCH
Numerous advertisements of Fox Companies offering their stock for sale, will no doubt attract investors. Why not invest in a home company? Here you can see the foxes, the ranches, etc. The directors and manager are well known citizens of standing and worth. The Imperial Silver Black Fox Company, Limited, 96 Princess street, St. John (N. B.), invite you to inspect their ranch, and the foxes, and would be pleased to take you to Renforth by auto. This inspection trip implies no obligation upon you to purchase their stock. This company wish to demonstrate to St. John people that there is no need of sending money out of the city when better and safer investments can be made at home.

M. MONT JONES, Vice-Pres.
A. C. CURRIE, Sec. and Mgr.
H. F. BAKER, Director.
Apply at the office, 96 Princess street, if you wish to visit the fox ranches at Renforth and see some of the best foxes in the world. Phone 821. 1-1.

USE THE WANT AD WAY
INVESTORS' OPPORTUNITY
The City Land and Investment Company, Limited, are offering for subscription a very limited amount of Preference Stock. The sale of this Stock was withdrawn from the market in anticipation of the sale of sufficient lots to pay all the outstanding liabilities, and an option has been given for the sale of One Hundred Lots in Moncton (out of nearly 600 owned in that City) for \$70,000. The Company has deemed it advisable, pending the option, to offer for sale 400 shares of Preference Stock at the par value of \$50.00 each.
This stock has preference both as to principal and dividends at 6% over all the Common Stock of the Company, and no Stock on the market can compare with this in absolute safety and certainty of profits.
Call and investigate the affairs of the Company, or write for further information.

Where Shall I Invest My Money?

This is a question that often bothers us when we have any surplus money. Some people are born rich and do not have to provide for independence, others are looking for investments that will bring them in good dividends.

St. Lawrence Silver Black Fox Co, Ltd.

Head Office—Charlottetown, P. E. Island

Foxes Capitalized at \$17,000 PER PAIR

This capitalization included all expenses for the first year up to September 1, 1914. In other words, the breeding stock will be reached, cared for, fed and all expenses paid for the first year without any cost whatever to the shareholders.

Your Investment is Protected

Each director is placing practically all his fox investments in this enterprise and the directors have their interests so involved in this ranch that they cannot afford to let their interest and watchful care lapse for a moment.

The History of The Industry

If you inquire, you will find that the majority of rich men in P. E. Island have made their money in the Fox industry, which, while yet in its infancy, shows the probability of making a great many more rich men.

Directors ARE ALL Reliable Men

This is a most important feature when you consider that these are the men that you must look to for a square deal. Read the list over carefully and you will certainly conclude that an investment here is as safe with better prospects than money in the bank.

Wm Moran, Secretary-Treasurer. St. Lawrence Silver Black Fox Company Ltd. I hereby make application for shares of the capital stock of the St. Lawrence Silver Black Fox Co. Ltd. Char. Lot. 100, P. E. Island, and agree to pay the balance of my share before the 1st of August, 1914.

John P. Barrett, City and Provincial Representative, St. John, N. B. 13 WATERLOO STREET

GENERAL LESSARD.

General Lessard is of French and Scottish descent, and has had a notable military career. He served in the North-west rebellion in 1885, and commanded the Royal Canadian Dragoons in the South African war in 1899 to 1900.

He was present at the relief of Kimberley, and took part in operations in the Orange Free State, including actions at the Orange River and Zand River, as well as in the Transvaal, including actions near Johannesburg, Pretoria, Diamond Hill, and other places.

He was mentioned in despatches, received the Queen's Medal with five clasps, and other distinctions. General Lessard was presented to Their Majesties King Edward and Queen Alexandra at Windsor Castle in 1907, and later His Majesty King George.

He was chief staff officer at the Quebec Ter-Centenary celebration. He was created brigadier-general in 1911. It is pointed out that General Lessard's knowledge of the French language would be of great advantage to him in foreign service.

Universal satisfaction will be expressed that Lord Kitchener is to have the direction of the British military campaign in Europe.

The announcement is made that the Canadian government has bought two submarines from Chile. These will be a substantial addition to the defence forces of the Pacific Coast.

The St. John army presented an inspiring scene last evening, with scores of young men in uniform and others waiting the recruiting offices to tender their services for the defence of the Empire.

While the United States is neutral in the great war its trade will be seriously affected. The results of the war will be felt throughout the world, because of the disastrous effect upon European business.

The formal announcement is made that a Canadian army division approximately 210,000 men will be mobilized at Quebec, ready for foreign service. Col. Hughes will have no difficulty in selecting this number, since he announces that he has already received offers from more than 100,000 men.

It will be most unfortunate if this city cannot be provided with an efficient street car service at the time of the exhibition. The city council must see to it that the streets are put in such condition as will make a rapid service possible.

The government is right in its contention that Col. the Hon. Sam Hughes should remain at the head of his department. No one doubts the courage of Canada's war minister, or that he would serve with distinction in the field, but he can best serve the interests of the Empire at this time by remaining at his post to direct the affairs of his department.

Until the war is over the St. John Standard may be assured that it will have a monopoly of political partisanship. No Liberal and no self-respecting Conservative newspaper will for one moment think of trenching upon its preserve. They will be too busy telling their readers of the splendid unanimity and enthusiasm of Canadians in the face of a common peril, and in the willing task of proving their common devotion to the Empire.

Col. the Hon. Sam Hughes appreciates better than the St. John Standard the importance of political harmony and unity of action in Canada at the present time. He invites the Liberal, as well as the Conservative press to exercise prudence in publishing statements relating to Canada's military forces, and other facts bearing upon the prosecution of war. The wishes of Col. Hughes will be respected, since partisanship has no place whatever among right thinking people in this crisis.

The great need of Britain at this time is men. No one, outside of Germany at least, doubts that the German fleet will be taken care of, perhaps at great cost, but otherwise in a thoroughly satisfactory manner. The land forces of Germany, however, are a different proposition. Even when attacked on three sides by the armies of France, Belgium, England and Russia, her resources are so vast that the struggle will be terrific in its character, and the victory dearly won. It seems a foregone conclusion that Britain will throw troops into Belgium, to effect a junction with the army of that country and press across the German frontier. The disposition of the forces sent from Canada and other dominions cannot of course be indicated at this time, but it is highly probable they also will be given an opportunity to prove their mettle in the field.

GERMANY'S TASK.

If the Germans anticipated in this war a repetition of their success in the Franco-Prussian war of 1870, they have been disappointed at the very outset. Perhaps the wonderful success of their arms from the very beginning in that war has led them to believe themselves invincible. In the war of 1870, however, the French plans miscarried at the beginning, and the Germans were able to secure an immediate advantage which proved disastrous to France. One also gathers from the history of that war that the French suffered greatly from bad generalship, especially on the part of Marshal Bazaine; and, moreover, there was no unanimity in Paris, where the imperial and republican factions were in constant disagreement, and the country was thus without a firm directing hand at the helm. The conditions are now completely changed. There is a strong government in Paris, and all France is united in a determination to prove that what occurred in 1870 cannot occur again, and that the Paris road is not to be trodden in this year of grace by the armies of the Kaiser.

The unexpected check given to them by the Belgians appears to have come with the force of a great surprise to the German generals. Apparently they expected to be able without difficulty to launch their armies through Belgium into France, but the cables tell us that they have not only failed, but have been defeated with considerable loss in the attack on Liege. The pompous proclamation of the German general, demanding an open road through Belgium, received such an answer as must have been a serious blow to his vanity. His squadrons were driven back with heavy loss. In the meantime French forces are said to have effected a junction with the Belgians. The Belgian road into France will therefore prove hard travelling for General Von Emmich and the army of the Meuse.

In 1870 Germany had but one foe to reckon with. Now she has at least four. Instead of being able to continue the aggressive steadily in one direction along a line only a few hundred miles in width, she must defend her borders both east and west. Her plan of war of 1870 was comparatively simple and easily carried out. In that war, however, she taught her enemy a lesson which the latter will not fail to turn to advantage in the present conflict.

Let us hope the report, that the Germans committed outrages against the people of the town of Vise in retaliation for their defeat at Liege, is not well founded.

MOOSE CHARGES AUTO PARTY IN MAINE STATE

Big Bull, Attracted by Headlights, Attacks Car in Danforth Woods

Fort Fairfield, Aug. 6.—Mr. and Mrs. George S. Osborne of Limestone and Mrs. Frank O. Osborne of this town, who were returning from Waterville by automobile, were attacked by an infuriated bull moose in a stretch of thick woods near Danforth the other night. The animal was attracted by the glare of the headlights and made a savage rush for the car. It was only by opening the lever and turning on all his power suddenly, that Mr. Osborne managed to avoid the on-rushing forest giant.

Mr. Osborne and the two ladies had a pleasant trip through central Maine from Waterville and, as dusk approached in the evening, the headlights on the front of the car were turned on. They were driving at a moderate rate of speed through the thick woods near Danforth when, suddenly, there was a crashing sound in the bushes beside the road. Looking up they saw the towering, shaggy form of a large moose who was enraged by the strong glare of the lights which were full upon him.

He stood for an instant and then launched himself forward, toward the front of the automobile where the lights were shining, with the speed of an express train and nearly its weight. Realizing their danger, Mr. Osborne reached down and turned on his power—all the power the car had in reserve. It responded with a suddenness which saved them from the impact, and the side of the automobile grazed the charging moose by a few inches. Not slackening speed for an instant, Mr. Osborne shot through the woods road and out into the open again as though the car had been projected from a cannon.

Mr. Osborne considers it exceedingly unsafe to travel through the woods in that section of the state by automobile at night without being armed. The headlights of a car act on a moose and

THE TEXT OF THE NEW BRUNSWICK HOUSING ACT

Under Which This City May Guarantee Bonds of Building Co. up to 85 Per Cent

HOUSES TO RENT

The Ontario Act Provides That Houses May Also be Sold Outright—Company Cannot Pay More Than Six Per Cent Dividends—Provision Made to Eliminate the Speculative Element

The following is a copy of the New Brunswick Housing Act, under which it would be possible to organize a housing company whose bonds could be guaranteed to the extent of eighty-five per cent by the city council. Practically the only difference between the Ontario Act is that the latter has been so amended that houses erected by the company may be sold as well as rented.

CAP. 23.

An Act to encourage Housing Accommodation in Cities and Towns.

Enacted by the Lieutenant Governor and Legislative Assembly, as follows:

1.—In this Act "Lands" shall include leaseholds; "Securities" shall mean stocks, debentures, debenture stocks or other securities; "Municipality" shall mean any City or Incorporated Town.

2.—A company incorporated under "The New Brunswick Companies Act," with a share capital, whose main purpose for incorporation are the acquisition of lands in or near a city or town in New Brunswick, and the building and making thereof of dwelling houses of moderate size and improvements and conveniences, to be rented at moderate rents, may petition the council of such municipality to guarantee its securities, to enable or assist it to raise money to carry out such main purposes.

3.—If the council is satisfied that additional housing accommodation for those living or working in such city or town is urgently needed, and that the main purpose of the company is to help, bond, in supplying such need, and is not to make profits, and that the company, without borrowing the money required, over and above the proceeds of the guaranteed securities for the housing accommodation in contemplation, will be able to provide the same, the council may, with the assent of a majority of the electors entitled to vote at an election in such municipality, and actually voting at any election held for the purpose of determining the same, pass a by-law, authorizing and providing for the giving by the council of such guarantee, to the amount and upon the terms and conditions hereinafter contained.

4.—A vote of the electors for the said purpose may be taken at a special meeting of the council, by resolution, and such resolution shall be passed at any regular monthly meeting of the council, and such provisions as may be deemed necessary for an expression of the will of the electors on the question submitted.

5.—The council, or a committee thereof, shall, before the passing of the by-law, approve of the location of the lands to be acquired, and the terms and conditions of the general accommodation, and of the general plan of the housing accommodation, and the terms and conditions of the securities to be guaranteed, and the forms and terms thereof, and of the forms and terms of the deed or deeds of trust securing them, and the trustee or trustees, and the manner and mode of the issue of securities, and the disposition of the money to be raised thereon by sale, pledge or otherwise, pending the expenditure of such moneys, and the forms and manner of guarantee, and the conditions and provisions, and shall cause the same to be approved of, and such terms, provisions and conditions may be included in such deed or deeds of trust, the council or committee deem expedient or necessary.

6.—The guarantee shall be signed by the Mayor and Treasurer of the municipality, and upon being so signed, the municipality shall become liable for the payment of the principal and interest of the securities guaranteed, according to the tenor thereof.

7.—If the municipality becomes liable to pay any of such guaranteed securities, it may provide for the payment of the same out of the general funds of the municipality or by the issue of debentures payable within a term not exceeding ten years from the issue thereof, and it shall not be necessary to obtain the assent of the electors to any by-law providing for the issue of such debentures.

8.—The total amount of securities to be guaranteed shall not exceed 85 per cent of an amount to be fixed in the deed or deeds of trust as representing the value of the lands and housing accommodation, and improvements to be built and made thereon, and the said deed or deeds may make all convenient provisions for the expenditure of said moneys on the said lands and housing accommodation and improvements.

9.—The council of the municipality which guarantees securities of the company, as provided for in this act, may, from time to time, appoint and remove one member of the board of directors of such company.

10.—It shall not be necessary for the appointee of the council to hold stock in the capital of the company or to be otherwise qualified as a director.

11.—The books of a company, whose securities have been guaranteed by a municipality shall, at all times be open to inspection by any person named in that behalf by the council.

12.—(1)—No dividend upon the capital stock of the company or other distribution of profits among the shareholders, shall be declared or paid, exceeding six per centum per annum in any one year on the then paid-up capital.

(2) Such dividend may be payable in instalments during the year.

(3) If the sums paid in any year do not amount to six per centum, the def-

TORTURED BY CONSTIPATION

"Fruit-a-tives" Cured Paralyzed Bowels and Digestion

St. Boniface de Shawinigan, Que. Feb. 2nd, 1914.

"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2 1/2 years, I have been cured by 'Fruit-a-tives.' While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-tives' and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-tives' for they are the medicine that cures."

MAGLOIRE PAQUIN.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, and 25c for 'Fruit-a-tives' Limited, Ottawa.

ALL DARK ROOMS MAY BE PLACARDED

Windowless Apartments Unfit For Human Habitation, Says Board

List Declared by Law Increased—Burlings in Churches Scored—Protection For Transients

(Montreal Gazette.)

The list of infectious diseases notification of which must be made to the municipal authorities has been increased by the Provincial Board of Health, so as to include whooping cough, rubella, parulis ophthalmia neonatorum and infantile paralysis. This list of such diseases has been changed so as to include sixteen in all—viz., smallpox and varioloid, chicken-pox, Asiatic cholera, typhoid fever, epidemic typhus, leprosy, diphtheria, crup, scarlet fever, typhoid fever, measles, rubella, whooping cough, cerebro-spinal meningitis, infantile paralysis, tuberculosis, and parulis ophthalmia neonatorum.

By an amendment to the provincial health laws, the head of an institution or other establishment is made responsible for the breaking of quarantines by minors. Cases suspected of being contagious are now, according to law, subjected to the same measures as positively diagnosed cases.

Travellers Satisfied.

Of interest to the travelling public are a few additions to the law governing the responsibilities of the head of a boarding-house keepers in the matter of providing hygienic accommodation for transients or boarders.

"The law, as amended, reads:—

"Cleanliness in hotels, boarding houses and restaurants is regulated as follows:—

"4pp.—In hotels and boarding houses beds-sheets, pillow-slips and towels which have been used shall be washed before being put at the disposal of another person, and bedrooms put at the disposal of the public or boarders shall be kept free from any insects.

"In the dining rooms of the said hotels and boarding houses, as well as in any restaurant, it is forbidden to put the disposal of the clients napkins which have not been washed after they have been used by a previous person."

Placard Dark Rooms.

Tenants and owners of houses having dark rooms may be interested in knowing that all such rooms may be placarded as being unsuitable for human habitation, and bedrooms put at the disposal of the public or boarders shall be kept free from any insects.

"In the dining rooms of the said hotels and boarding houses, as well as in any restaurant, it is forbidden to put the disposal of the clients napkins which have not been washed after they have been used by a previous person."

Placard Dark Rooms.

Tenants and owners of houses having dark rooms may be interested in knowing that all such rooms may be placarded as being unsuitable for human habitation, and bedrooms put at the disposal of the public or boarders shall be kept free from any insects.

THIRTY EIGHT KILLED;

TWENTY FIVE INJURED
IN RAILWAY DISASTER

Joplin, Mo., Aug. 5.—Thirty-eight persons were killed and twenty-five injured in a collision between north-bound passenger train No. 2 on the Kansas City Southern Railway and a Missouri and North Arkansas railroad gasoline motor car, running on the Kansas City Southern tracks, near Tipton Ford, ten miles south of here tonight. Mistaken orders are said to have caused the accident.

A relief train, carrying physicians and nurses, brought the injured to Joplin. Most of the dead and injured were Missourians.

STOLEN

from opposite Bishop's Farm, Coryburn, on Tuesday, green Centennial Sift, about 14 feet, piece out of stern board. Reward for return or location. K. A. Barber, Custom House 14898-8-10

Local Food Prices

The local provision market was greatly strengthened today. There was a further advance in different staples and a noticeable stiffening on other stocks. Sugar jumped thirty cents. The prices were that it would probably be still higher.

Flour remained unchanged, but millers have withdrawn their quotations. A general advance has been made in spices, chocolate cocoa and other lines, of three or four cents. There is really no price adjustment on staple provisions in the market, but the supply of most lines, excepting flour, is well up to the standard. Beginning tomorrow local biscuit houses will make an advance of half a cent on soda and fancy stock. Molasses has gone up two cents a gallon. No advance in the price of bread is contemplated for a few days at least.

HONOR PAID TO

F. E. HANINGTON

A mark of recognition in honor of a highly and faithful career in the service of the I. C. R. was bestowed upon Frederick E. Hanington, in the office of the terminal agent, J. R. Ross, this morning. The superintendent, J. T. Halley, of Truro, presented to him, in behalf of the road which he had served in various capacities with commendable diligence and efficiency for thirty-four years, a long service medal, making a brief speech of appreciation to which Mr. Hanington replied.

The recipient has for a long term of years in the Union Depot for a ticket agent and his retirement, following a year of a half ago, was the subject of much regret amongst many friends.

STILL A GAIN

The St. John bank clearings for the week ending today were \$1,815,208; for the corresponding week last year, \$1,765,977, an increase of \$49,230.

DEATHS

WISHED—In this city today, Aug. 5, Mrs. E. Wished, the wife of Thomas Wished, aged 40 years, leaving husband, two sons and three daughters to mourn bereaved.

Funeral at 2.30 p. m. on Friday, August 7th from her late residence, 5 St. David street, to the Cathedral. Burial in the New Catholic cemetery, Friends invited to attend.

Regular meeting of journeymen barbers, Oddfellows building, Friday evening. Full attendance is requested. - 8-3

RECENT DEATHS

The death took place yesterday, at the age of eighty-five, of Mrs. Frances C. Hamlyn, widow of Captain William Hamlyn. She had lived for some years at the home of her only daughter, Mrs. Frank B. Carter, Lancaster Heights. Mrs. Carter is the sole survivor of the family. The funeral will take place on Friday at 2.30 o'clock.

FREDERICTON VOLUNTEERS

Lt.-Col. H. F. McLeod, M. P., officer commanding the 71st York Regiment, yesterday issued regimental orders which constitute the first step toward mobilization of the corps. The officer commanding companies has been instructed to call for volunteers for active service and officers who desire to go on such service are to communicate with the officer commanding.

Lieut. E. Lounsbury, of the 28th New Brunswick Dragoons, acting on orders from Col. H. H. McLean, officer commanding the regiment, has called for volunteers and has arranged to cover York county with posters calling for recruits. The 28th Dragoons is to be brought to a strength of 140.

Orders to the 11st Regiment were issued only yesterday, volunteers from the local companies reported for service.

"D" Company, commanded by Capt. H. F. G. Woodbridge; Serg. J. E. Wilson, Serg. J. B. Kesteven, Serg. W. E. Masters, Private E. J. Welch, Private J. P. Belyea.

"G" Company commanded by Capt. W. J. Osborne. Private Lee King.

The following members of the 28th Dragoons named:—Squadron Sergeant, Lieut. Lounsbury; Squadron Sergeant, Major Karl Walker, Serg. J. E. Wilson, Serg. J. B. Kesteven, Serg. W. E. Masters, Serg. Belcher, Serg. Clark, Trooper H. McDonald, Trooper J. Hornum, Trooper Edgett.

CANADIAN WHEAT CROP

(Montreal Gazette.)
 W. A. Black, vice-president of the Ogilvie Flour Mills Company, returned Monday morning after a trip throughout Manitoba, Saskatchewan and Alberta, and reports: "While there is a considerable area where the crop is very poor to only fair, there is a very large acreage where the crop will run from a bumper crop to a very good one. The provincial government reports of the increase this year give over a million acres increase to what which, of course, will materially help out on the total quantity as compared with last year. As near as can be arrived at now, last year's crop ran about 182,000,000 bushels, and on summing up the crop after my inspection, I considered that there was a possibility of there being within a few million bushels of last year's crop."

Since that time, however, there has been further trying weather in some parts of the country, but notwithstanding this, under favorable conditions, I think there is a fair prospect of our having within fifteen or twenty million bushels of last year's total crop. In some districts I found the crops could hardly be better and the difference between well-tilled soil and that which was poorly prepared is quite marked. In this connection, I may say that better farming methods are plainly visible from one end of the country to the other. A very large area of summer fallow has been completed this year, and this system is clearly on the increase.

"I was greatly impressed with the unmistakable increase in mixed farming which has been going on steadily and cannot but feel that the combined returns from the field crops, dairying, cattle, sheep, poultry and hog raising should bring into our northwest, if anything, rather more money than was obtained last year from these same sources."

IMPERIAL THEATRE

IS CIVIC CENTRE

Big House of Entertainment is Also the News Distribution Point—Scotchmen Organizing in Manager's Offices.

The Imperial Theatre is at once a place in which to soothe one's overworked nerves and to become fully acquainted with the latest moves of the opposing forces in Europe. The latter privilege comes through the courtesy of the newspaper offices. Large crowds filled the big auditorium again yesterday afternoon and evening and immense throngs swarmed about the bulletin boards, war maps and picture boards.

The show the Imperials are putting on is splendid. It includes a Mary Pickford comedy entitled "Rich Revenge," and a heart-breaking Vitaphone in two reels, "The Right of Way" in which Norma Talmage and Leo Delaney play the leads. There is still another good feature, a George Ade fable in slang, pictured. Miss Blaisdell is continuing to please the Imperials in her role of the Visconti boys with their organette accompaniment as a continuous hit. New songs are a continuous hit.

Another activity was added the Imperials' list last night. The country's patriotic Scotchmen in town who are organizing a company of Scottish infantry with a view to permanent establishment. There were numerous applications.

LOCAL MILITARY ACTIVITIES

The utmost secrecy was manifested today in all the plans of the local militia, except as regards recruiting. Just where the local batteries of artillery which are to be placed by the 3rd Regt. C. A. would be located for the defence of the port can not be said today, and in deference to the wishes of Col. the Hon. Sam Hughes and the militia authorities at Ottawa, the press respecting the desire for secrecy. It is understood that additional heavy guns are to be brought here for the garrison artillery. The army is the headquarters of the local militia and from there all local orders will be issued.

For Imperial Force.

The New Brunswick division of the imperial force to be raised in Canada will be organized immediately. Volunteers will be called for at once in all the city and rural regiments throughout the province and after a sufficient number have been enrolled, the wedding out process will begin. Special attention will be given to military qualifications, physique, age and whether a man is married or single. In a week or ten days it is expected, will have been completed.

Local Recruiting.

Besides this, there will be the organization of the home defence. All present members of the militia can be called upon; already the force of volunteers will be organized immediately. Volunteers, however, will be called in the thousands, and other applications continue to pour in and recruits are being signed steadily. The recruiting offices established by the 62nd Regiment, Lieut. John Fulliers have received a very large number of names, and many requests have been added to the strength of the 8th Regiment, the only unit thus far to be mobilized.

As regards the cavalry, applications for enrollment are heavy. Major C. H. McLean, who has assumed command of the 28th N. B. Dragoons, during the absence of Colonel H. H. McLean, reported that he had received a large number of applications for enrollment.

This Needs Attention At Once

Cable Situation a Pivotal One—Need for British Owned Lines to Canada and the Protection of Newfoundland

London, Aug. 6.—The resignation of Viscount Morley and John Burns from the cabinet has provoked no hostility, as both have followed their policy of holding aloof as they did during the Boer African war. The action of John Burns has commanded respect because of the fact that he is a comparatively young man and has sacrificed a salary of \$25,000 to his convictions.

The recruiting offices of the War Office had long lines of volunteers before their doors today. Several thousand applied for estimates from the War Office, living in London, has offered to recruit a foreign legion. More than a hundred members of the legion have been recruited. Emergency coast parties have been organized by the navy.

Business men have organized the Imperial Patriotic Association. They pledged themselves to continue to pay the wages of the men who enlist and care for their families. Sir George Prendergast, who presided over the meeting, said:

"The experience of the South African war, and the horrible things then done, should lead us to determine in the present crisis to do our best to help our African war. The action of John Burns has commanded respect because of the fact that he is a comparatively young man and has sacrificed a salary of \$25,000 to his convictions."

The recruiting offices of the War Office had long lines of volunteers before their doors today. Several thousand applied for estimates from the War Office, living in London, has offered to recruit a foreign legion. More than a hundred members of the legion have been recruited. Emergency coast parties have been organized by the navy.

TRANSFER THEM TO AMERICAN REGISTER

Fourteen Big Steamers of Other Nations to Fly Stars and Stripes

New York, Aug. 6.—Fourteen steamers belonging to the International Mercantile Marine Company, it is expected in shipping circles, will be placed under the American flag, when congress has passed the amendment to the Panama Canal act, repealing the six months' notice of change and the five years' age limit of steamships.

The steamers that will probably be changed from the Belgian and British flags next week when the amendment becomes law, and which will have a passenger carrying capacity roughly estimated at 17,000, are: apland, Zealand and Vadeland of the Red Star; Arabic, Cymric and Teutonic of the White Star; Havford and Merion of the Dominion Line; Manitou, Marquette, Menominee and Mecuba, of the Atlantic Transport.

The subsidiary companies, White Star, Red Star, American Dominion, Atlantic Transport and Leyland lines are controlled by the International Mercantile Marine Company organized in 1902 by the late J. P. Morgan, with a capital of \$120,000,000. The majority of stock is owned in this country. Therefore, it was said, there would be no difficulty in regard to the transfer to American registry which requires that the steamships shall be owned in this country.

The Foolishness of "A Wise Saying"

You've often been told "What you don't know won't hurt you." But thousands of persons have seriously impaired their sight because they didn't know until too late that there was anything wrong with their eyes.

One of the greatest dangers of Eye Strain is that so often the eyes are not suspected as the cause of nervousness, headaches and other drains on health, because apparently vision is perfect. Through long practice one involuntarily forces accommodation and sees well—but does so only at the cost of over-taxed nerves.

Knowledge is protection. An examination of your eyes by our optometrists gives you absolute knowledge concerning your eyes. If glasses are needed you can secure, at a reasonable price, exactly the lenses required properly fitted to your face.

THE WAR

(Continued from page 2)

P. E. Island Men.

Charlottetown, P. E. I., Aug. 6.—The whole city turned out to witness the departure of the two half batteries of the Fourth Regiment P. E. I. heavy brigade by the steamer Cacoma yesterday afternoon. About 140 men embarked with guns for service in Cape Breton.

The Army Medical Corps received orders to be ready to mobilize in twenty-four hours. The corps will be 240 strong under command of Major Yeo.

In China

Shanghai, Aug. 6.—Two British regiments, the Gloucestershires and the South Wales Borderers, stationed at "Tientsin" have been ordered south. They are awaiting the arrival of transports. An Indian regiment of Punjab will remain at Tien Tsin.

Quebec Soldiers

Quebec, Aug. 6.—The ninth regiment infantry has received orders to mobilize.

THE PRESIDENT'S WIFE NEAR END

Feared Mrs. Woodrow Wilson Will Not Live Many Hours

Washington, D.C., Aug. 6.—Mrs. Woodrow Wilson, the president's wife, hovered between life and death today. Although physicians said she passed a fairly comfortable night and had some rest, they were no more optimistic than last yesterday when they pronounced her condition so extremely grave that artificial respirators were necessary. Members of the family were constantly at her bedside. The president has been with her every moment in which he was not absolutely demanded elsewhere by his official duties. The resulting situation in the United States, he cancelled all engagements today and recommended that all of the nation should observe a day of mourning.

Months of constant illness, which began with a nervous breakdown, aggravated by the fall on the White House floor with an injury to her spine and Bright's disease, have so weakened the patient and sapped her vitality that the White House physicians reluctantly admitted they had little hope, and feared it was but a question of days and probably hours.

PRUSSIANS FLEE FROM BELGIANS

Brussels—(Via London, Aug. 6)—The "Gazette" publishes today what it says are the facts so far known regarding the repulse of the German forces by the Belgian army yesterday.

The German losses are estimated at 8,000 men, while the Belgians suffered 4,000.

The alleged rout of the German Seventh Army Corps is not confirmed in its entirety, however, says the Gazette, and the facts are as follows:

The Eleventh Belgian brigade after successfully resisting the German attack yesterday, was obliged to order their units to take back, as they were getting into the range of the guns of the Belgian forts. The enthusiasm of the Belgian army was magnificent.

"A number of wounded Germans fled to Dutch territory, and this gave rise to the belief that the enemy had been completely routed. They suffered, however, considerable losses, which are estimated at 8,000. Our losses were relatively small.

"At four o'clock in the morning the German Tenth Army Corps attacked the Chateaufontaine and Boucleries forts in the southeast, while their artillery bombarded the fort at Flenalle, on the opposite bank of the river Meuse, five miles southwest of Liege. The Belgians captured seven guns and several prisoners.

"Proposals for the surrender of Liege have been again firmly refused."

London, Aug. 6.—A despatch to the "Standard" from Brussels says that between 800 and 600 wounded Germans are being brought to the Belgian capital. Herve, Peltinier and Renoumques are occupied by Germans, but a large Belgian force is advancing against them.

A message to the "Standard" from Namur, Belgium, reports that twenty or thirty German soldiers were killed during the German bombardment of that place.

The "Standards" correspondent at Liege says that the night to pick up a Belgian aviator, named Formas, and a German aviator. The two exchanged red crosses and were taken to a Belgian post. Finally both planned to the ground.

IS AT HALIFAX

A wire to the Wm. Thomson Co. this afternoon said that the Furness liner Iapahannock had arrived today at Halifax.

GLENWOODS WON

The Glenwoods, of the East End League, and the Royals from the Fairville league, played a hard-fought four-inning game on the East End diamond last evening. The Glenwoods coming out victorious, 2 to 1. This was the first of a three-game series, the next game to be played in Fairville.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stapleton, director of meteorological service.

MAY COME HERE

R. E. Armstrong, secretary of the board of trade, yesterday received a message from F. C. O'Hara, deputy minister of trade, advising that arrangements had been made for a stenographer to come to St. John from Ottawa to report the proceedings of the Dominion Royal Commission. Mr. Armstrong interprets this message as an assurance that the commission will visit this city, contrary to reports published yesterday that they would suspend their operations, pending the present European trouble.

SETTLED IT

A peculiar case came before Hon. R. J. Ritchie in city court this morning when R. H. Cotter brought suit for \$1 against a young man for damages to his delivery wagon on New Year's Day, 1913. Mr. Cotter contended that the boy had backed another wagon into his at the Union Station and by so doing had damaged the wagon. The principals finally came to an agreement and the case was dismissed.

WHEATHER BULLETIN

Mr. Armstrong interprets this message as an assurance that the commission will visit this city, contrary to reports published yesterday that they would suspend their operations, pending the present European trouble.

SETTLED IT

A peculiar case came before Hon. R. J. Ritchie in city court this morning when R. H. Cotter brought suit for \$1 against a young man for damages to his delivery wagon on New Year's Day, 1913. Mr. Cotter contended that the boy had backed another wagon into his at the Union Station and by so doing had damaged the wagon. The principals finally came to an agreement and the case was dismissed.

WHEATHER BULLETIN

Synopsis—The western low area is now passing across Northern Ontario, and has caused showers near Lake Superior. The drought continues in the western provinces and over the larger portion of Ontario and Quebec.

Fair; The Showers.

Maritime—Light to moderate winds, fair and warm; Friday, fresh southwesterly wind; rain, fair at first, showery by night.

New England Forecasts—Partly cloudy tonight and Friday; moderate winds, mostly south and southwest.

KITCHENER IN CABINET AS WAR SECRETARY

Victor of Khartoum and Great Organizing Genius to Relieve Premier Asquith From Active Participation as Head of His Majesty's Forces.

FIELD MARSHAL KITCHENER

London, Aug. 5.—Field Marshal Lord Kitchener has been appointed secretary of state for war, succeeding Premier Asquith as head of his Majesty's forces. Britain is proving to the world that she has the man for the occasion. Viscount Kitchener of Khartoum, the man with the iron will, has been appointed secretary of state for war. A better choice could not be made at a time of crisis. It will reassure the British people in a way that perhaps no other individual appointment could, for he carries the unbounded faith of every man in the Empire. His record in Egypt is equalled only by that of General Gordon, for he had between 1882 and 1898 held every post of importance there was there. He commanded the Egyptian cavalry in 1882, was in the Nile expedition in 1884, was governor of Sudan, adjutant general and Sirdar in turn before he commanded the Dongola expedition in 1898. It was two years after that that he took charge of the Khartoum expedition that won for him a name that commands confidence all over the world and a peculiar place in the hearts of the British people. That it was that he overthrew finally the foundation of that wonderful property that Egypt has been free to enjoy in peace ever since. Before that, however, the spade work had to be done in the form of re-making the Egyptian soldier out of the fellah, and it was Kitchener who was one of the factors in that re-making. That work it was that brought out

Heavy Losses Sustained By Germans Belgiums Defeat Them at Liege; They Lose More at Sea—Kitchener Enters British Cabinet

Germany, in pushing its advance through Belgium, has met with strong opposition around Liege, where the Belgian forces, according to official advices reaching Brussels, have repulsed the German army of the Meuse under General Von Emmich. The Germans are reported to have lost several thousand in killed and wounded. Field Marshal Kitchener has been appointed Secretary of State for War in the British cabinet, and will have under his direction the military campaign against Germany. The capture of a number of German steamers by the British is reported, and the British cruiser Amphion has sunk the Hamburg-American line steamer Koenigin Luise, recently converted into a mine layer.

London, Aug. 6.—Germany has sent an ultimatum to Italy. Brussels, Aug. 5.—Several thousand dead and wounded is the toll paid by the German army for its attack on Liege. The Belgians made a heroic defence repulsing the Germans after heavy and continuous fighting. The fortified position of Liege had to support on Wednesday the general shock of the German attack. The Belgian forts resisted the advance effectively and did not suffer. One Belgian squadron attacked and drove back six German squadrons. The Germans committed outrages against the civil population of the town of Vis, eight miles northeast of Liege, burning the city and shooting many of the residents.

GERMAN CRUISER TAKEN IN NORTH SEA. London, Aug. 5.—(Special Cable)—The French embassy tonight announced that France has captured another German cruiser. It is believed that the French fleet cut off one of the German North Sea scout cruisers and forced it to surrender. TWO REGIMENTS ANNIHILATED. Paris, Aug. 5.—Two regiments of German Uhlans have been destroyed by the Belgian army, according to an official announcement given out by the French war office this evening.

WHOLE PLATOON WIPED OUT. Brussels, Aug. 5. (via London)—Le Peuple asserts that in the fighting between Germans and Belgians near Vise, a platoon of Prussian cavalry was almost annihilated by the enfilading fire of the Belgians from a building on the bank of the river.

RUSSIANS DRIVE INTO GERMANY. Warsaw, Aug. 5.—(via London)—Russian frontier patrols, driving the enemy's cavalry before them, have crossed the frontier at Lykbia, penetrating ten miles into Germany.

GERMAN STEAMER CAPTURED. London, Aug. 5.—Confirmation has been received of the report that a French warship has captured the German steamer Porto of Guernsey, channel island. The Porto, which belongs to the Oldenburg Portuguese Steamship Company, is a vessel of 1,800 tons, and sails between Hamburg and Portuguese ports.

OFFICIAL REPORTS TELL OF GERMAN DEFEATS. Brussels, Aug. 5.—(via London)—Official despatches report that the Belgians have repulsed all attacks by the Germans in the neighborhood of Liege. The Belgians delivered a vigorous counter attack on the Germans, who had passed the forts, killing all of them. The fortification works afforded admirable resistance to the German shells. The Belgian aviators proved themselves every whit as good as the Germans. Several civilians have been shot at Vise, and the town has been burnt.

GERMAN WARSHIPS ACTIVE ON COAST. Berlin, Aug. 5.—(via London)—German warships have destroyed some fishing boats and places for the embarkation of French troops on the coast of Algeria.

BELGIUM CO-OPERATING WITH FRENCH TROOPS. London, Aug. 5.—Premier Asquith, after giving a summary of the war news already published, said that the Belgian government had invited the co-operation of the French troops with the Belgian army, and had given orders to the Belgian provincial government not to regard the movements of the French troops as a violation of the frontier.

NAVAL ACTION NOT OF DECISIVE IMPORTANCE. London, Aug. 5.—A naval action was in progress in the North Sea this afternoon, according to the Evening Standard, which adds that this news was confirmed by a high authority, who, however, said the action was not of decisive importance.

IN A VERY SHORT TIME after mobilization is ordered. The peace strength is 810. This unit is established in Kings St. John and Westminster counties.

CANADA REPLIES TO KING'S MESSAGE. Ottawa, Aug. 5.—"In the name of the Dominion of Canada I humbly thank Your Majesty for your gracious message of approval. Canada stands united from the Pacific to the Atlantic in her determination to uphold the honor and tradition of our Empire."

Several of the officers of the 8th Princess Louise Hussars met yesterday at Montreal at the order of the commanding officer, Colonel J. A. MacDougall. There were present from the city, Major A. J. Mackinnon and William Campbell, and from the 8th, Captains Wm. Simson, I. P. D. Tilley, Percy Fairweather and W. J. Brown. The services of the commanding officers have already been volunteered to the department of militia, and according to the officers who returned yesterday was the last day for submitting the tenders.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When the tube is inflamed, it causes a running sound or imperfect hearing, and when the inflammation is not removed, and unless the inflammation can be taken out of the tube, it will result in permanent deafness. Hearing will be destroyed forever, unless cases out of the ordinary are treated, which is not done until an inflexible condition of the mucous surface. We will give one hundred dollars for a cure of deafness caused by catarrh that cannot be cured by any other means. Send for circular free.

A CANADIAN FORCE OF 21,000

Enlistment At Once; Mobilization at Quebec

PART OF BRITISH ARMY

How Officers Will Be Selected—Two Submarines Bought by Canada—Colonel Hughes To The Canadian Newspapers

Ottawa, Aug. 5.—Orders were issued this afternoon for the enlistment and mobilization at Quebec of a Canadian army division, numbering approximately 21,000 men of whom about 18,000 will be infantry and the rest artillery, engineering corps, signalling corps and the other branches of the militia service connected with active service regulations for a British army division. The enlistment will be strictly voluntary for all ranks, although it is provided that in the case of whole regiments or companies calling their unit will be preserved as far as possible.

Enlistment will start at once at the various military centres throughout Canada and will be in charge of the district officer commanding. In view of the fact that it has been decided not to call the men out by the regiments, the enlistment will take at least a week or so, and the force is not likely to be mobilized at Quebec much before the meeting of parliament a week from next Tuesday. What will be the disposition of the force after that is not yet determined pending the action of parliament and word from the war office as to whether or not the Canadian troops will be needed for service outside of an Imperial Force.

The force will be imperial and will have the same status as the British regulars, inasmuch as the offers received from volunteers already total two or three times the number actually required at the present time by the military department. The enlistment will be in the nature of a general call, and every man will have to submit to a rigorous medical examination, and his ability to bear arms will also be a determining factor.

Other considerations being equal, officers and non-commissioned ranks will be given priority in regard to the enlistment. Unmarried men, second married men without families, third and fourth married men, and widowers, will be given preference. The age limit will be 18 to 45 years. Men who are now in the militia and who are not actively engaged in the militia, but who have had military experience are eligible to enlist. The enlistment will be strictly voluntary. The senior officers in each military unit will receive the names of the volunteers. Each officer will tabulate the names in full, giving rank, age, etc. The names will be sent to the representative of Canada as possible, and all sections of the dominion will give opportunity in regard to the enlistment, but only consideration will be given to the raising of a second army division if it is required, but it is little doubt if the war actually breaks and a further force is needed it can be readily raised. Application from volunteers from all ranks and classes continues to pour into the department.

The list of telegrams received today including messages of service of the following: Hon. Clifford Sifton, Justice Meredith, Lady Drummond and other people all over the country.

Lesard Likely to Command. Ottawa, Aug. 5.—Although it has not been definitely decided as yet who will command the Canadian troops to be mobilized at Quebec it is considered in militia circles here that General Lesard, of Toronto, will be given the position.

He is a most capable and experienced officer and has knowledge of French which is a very necessary qualification. Col. Steele, of Winnipeg, who commanded the Strathcona Horse in the South African war, is also mentioned at headquarters here as a third choice but he may be required for organization and administrative purposes.

Prisoners to Canada. Ottawa, Aug. 5.—(Special)—One of the war duties which Canada will probably have to assume is that of taking care of Great Britain's prisoners of war. There will undoubtedly be thousands of these and Great Britain is not anxious to keep them where food supplies will be more or less limited and where the nearest to the continent would lead to numerous attempts to escape.

Ottawa, Aug. 5.—Colonel the Hon. Mr. Hughes has addressed the following open letter to the press of Canada concerning the publication of news in war time: "I earnestly entreat you to abstain from publishing unauthorized statements as to military happenings in Canada, such as the assembling of regiments, the purchase of munitions, stores or supplies, the erection of fortifications, etc. We may be certain that the agents of hostile powers are searching your pages eagerly for statements as to the movements of our military forces, the nature and disposition of our defenses and other facts of military interest. Such information as is supplied to the government department concerned, which will bear in mind the restraint to which these will be subjected."

Two Submarines Bought by Canada—Colonel Hughes To The Canadian Newspapers. Ottawa, Aug. 5.—Orders were issued this afternoon for the enlistment and mobilization at Quebec of a Canadian army division, numbering approximately 21,000 men of whom about 18,000 will be infantry and the rest artillery, engineering corps, signalling corps and the other branches of the militia service connected with active service regulations for a British army division.

PREPONDERANCE OF NAVAL STRENGTH IN ALLIES' FAVOR

London, Aug. 5.—Naval experts today declared that the overwhelming strength of the combined fleets of France, England and Russia, would insure the defeat of Austria and Germany in a contest for supremacy on the sea. They prepared the following table to prove their assertions:

Table with columns: First Class Battleships, Second Class Battleships, Cruisers, Monitors, Submarines, Etc. Rows: Germany, Austria, England, Russia, France, Totals.

Italy has eight first-class battleships, and eight second-class, 30 cruisers and 128 small boats. If their fleet was added to that of Austria and Germany, it would make the total strength 31 modern battleships, 44 old battleships, 86 cruisers and 439 small ships.

Lumber Trade Falls Off

Perhaps Never Before Has This Business in Maine Been So Utterly Hopeless

But for the war the world's crop outlook for this year was excellent. In Europe, however, much of it will not be harvested, and there will be instead the grim harvest of death. The July Bulletin of Agricultural and Commercial Statistics of the International Institute of Agriculture publishes data on areas cultivated, crop conditions and, for some countries, forecasts or reports of yield of the cereal harvest in 1913-14.

Table with columns: Country, Rye Quintals, Wheat Quintals, Barley Quintals, Oats Quintals. Rows: United States, Canada, India, Japan, etc.

There is no estimate here for Canada, but all the predictions from the west have indicated a crop better than that of last year, while in eastern Canada the general crop outlook is also very favorable.

The percentage of wheat for this year is greater than last year in England and Wales, Luxembourg, Russia and the other countries except Italy, where it is only 90.2 per cent, and in India 88 per cent.

Italy shows an increased percentage in Belgium, Spain and Switzerland. The following are the percentages in Italy, Hungary, Russia and Prussia.

Barley shows an increased percentage in Belgium, Spain and Switzerland. The following are the percentages in Italy, Hungary, Russia and Prussia.

Oats shows an increase in Belgium, Spain, Russia, and 88 per cent in England and Wales, and 88 per cent in Hungary, and 88 per cent in Hungary.

WAR POSTPONES BUILDING PLANS

School Trustees Return Tenders For Erection of New School in Bentley Street—Difficulty of Floating Bond Issue the Barrier

The present war crisis in Europe was the cause of the decision of the board of school trustees at a meeting last night to decline of the building of a new school in Douglas avenue, and to return the ten or twelve sealed tenders which have been submitted without opening them.

There was a full meeting of the board with the chairman, H. B. Emerson presiding. All of the members expressed themselves in favor of this action. The chairman announced that he had a lengthy interview with bankers, who said it would be impossible to secure any extensive overdraft owing to the critical situation. Moreover, it would be impossible to dispose of bonds if they were issued, and at any rate the city is in no condition now in mobilizing for war to expend \$50,000 or \$100,000 on a new school.

The motion to let the matter drop was received with enthusiasm and the vote was unanimous, as was also the motion which followed to return the ten or twelve tenders submitted without opening them.

Much time and money has been expended by the board in securing plans and making preparations for the new school. Committees have been drawn up for selection. Only a week ago a debate plan was chosen and yesterday was the last day for submitting the tenders.

THE LOCAL ACTIVITY AMONG THE MILITIA

Officers of the three battalions of the 8th Regiment, R. C. A., were enrolling volunteers last night, and the captain of the various companies of the 82nd Regiment, St. John Fusiliers, were also enrolling in preparation for the expected call for mobilization. Captains Peters, Dumfield and Morgan were at the armory last night, and many signed with them.

The officers of the artillery report that each battery has secured between 80 and 90 volunteers, far more than are required at present. The applicants have been most eager, and many of them informed the officers that they had given up their positions to go to the front. Many of the number were re-enlisted soldiers, and these were given the preference in the selection of the composite battery. This is in command of the following staff: Major Magee, in command; Captain J. E. Soyer, Lieutenants C. F. Inches, R. C. Hayes, L. St. C. Kelley, and Colin McKay.

The signalling section of the 82nd Regiment assembled last night for inspection by Major Dawson, and Major T. Powers. This was postponed until tonight, however. The men were engaged in practice during the evening, and it is expected that recruits will be called for in this branch. Orders for the entire regiment are expected at any minute from Ottawa and decisive arrangements regarding this action cannot be made until then.

Several of the officers of the 8th Princess Louise Hussars met yesterday at Montreal at the order of the commanding officer, Colonel J. A. MacDougall. There were present from the city, Major A. J. Mackinnon and William Campbell, and from the 8th, Captains Wm. Simson, I. P. D. Tilley, Percy Fairweather and W. J. Brown. The services of the commanding officers have already been volunteered to the department of militia, and according to the officers who returned yesterday was the last day for submitting the tenders.

DR. SIMON F. COX FOR NEW HAVEN

The following news from a Boston newspaper will be read with great interest in St. John, as Dr. Cox was the expert called in consultation by the St. John Society for the Prevention of Tuberculosis.

"Dr. Simon F. Cox, superintendent of the City Consumers' Hospital, has been appointed to the position of general superintendent of hospitals at New Haven, and the announcement was made by Mayor Curley yesterday."

"Yale University, according to the mayor, has decided to take over the various hospitals in New Haven and it is to the position of chief of the entire hospital service that Dr. Cox has been chosen. He ranks as one of the foremost men on tuberculosis institutional work in the United States."

"Dr. Cox was appointed superintendent here at a salary of \$3,500 a year, Dec. 7, 1900. The salary at New Haven will be about \$10,000."

LEAPS INTO CAR WITH THIEVES. Worcester, Aug. 6.—By quick action Mrs. Henry F. Rice, of Sutton, frustrated the attempt of two men to steal her husband's automobile. Mr. and Mrs. Rice came to Worcester to do some shopping and left the auto standing in Commercial street. Mrs. Rice was on the second floor of a Main street department store when she looked out of a window just in time to see her husband's car being driven through Main street by two strangers.

She ran to the street and gave chase after the thieves, who were held up momentarily by traffic congestion. Before she could catch up with the machine, the thieves worked their way out of the tangle and started down Main street. Mrs. Rice gave chase and saw the machine turn into Mechanic street and then into Mercantile street.

She started along after the automobile and reached Mercantile street just in time to see the two men emerge from a drug store and enter the car. As they

driven away from the curbstone she opened the rear door of the car and jumped into the rear seat without their knowledge. When they got under way Mrs. Rice began to shout for help and the thieves stopped the car and ran away before they could be intercepted. Policeman Hugh F. Bulger was attracted by the woman's cries, but was too late to intercept the thieves.

In the meantime Mr. Rice had finished his shopping and returned when he had left his automobile to find it gone. He went to police headquarters to report the loss of his machine, and was making his complaint when patrolman Bulger reported how Mrs. Rice had saved the machine.

HOW TO STOP STOMACH TORMENT

Sound Advice From a Well Known Physician. Men and women who suffer from what they call dyspepsia, indigestion or just plain "stomach-trouble" usually seek regular relief in the form of some peppermint pill or tablet, or other artificial digestant. This experience teaches me, is a serious error. In nine cases out of ten, the distress is caused by the development of acids in the stomach—formed by the fermenting of the food. Instead of a digestant being required, something should be taken to dissolve or neutralize this acidity, when normal digestion will follow as a matter of course. This acid matter is distinctly poisonous and unless it is dissolved, digestion merely carries the mass of fermenting food from the stomach to the intestines, where its poison is absorbed by the blood and carried all over the body.

If all the great army of people who suffer after nearly every meal would make it a point to take a teaspoonful of Bismuth Magnesia in a quarter glass of water after each meal, there would be no formation of acidity and consequently no distress or discomfort. Some acid, gassy stomach, heartburn, belching, bloating, etc., would then be a thing of the past. Bismuth Magnesia is a physician's prescription. It is inexpensive and can be obtained at any drug store. It is prepared for just such trouble and the best proof of its efficiency is that it will stop the sharpest, biting stomach distress in five minutes from the time it enters the stomach, simply by dissolving the acids that have been formed there. Its action is absolutely barnable.

INCORPORATION IS ABANDONED

Residents of Beaconfield, Lancaster and Fairville Decline Against Proposed Plan—Plea For Union With City

The project for the incorporation of Beaconfield, Lancaster and Fairville into one incorporated town is for the time at least dropped as a result of the meeting of the ratepayers of these three districts last night, held in the Temperance hall, Fairville, at which a resolution submitted by G. S. Mayes, chairman of the committee appointed to consider the matter, was defeated by a vote of twenty-six to eleven.

The question of incorporation with the city of St. John was brought up by one speaker, who made a very strong case, but as the bulk of the opinion of the meeting seemed to be against incorporation of any kind this phase of the matter received no further attention. Those who voted against the resolution as presented, expressed themselves as not being fully satisfied with the amount of information regarding the matter which was presented by the chairman in support of his resolution.

A significant fact which occurred after the resolution had been voted on and defeated, was brought out by the announcement by Captain James Kenneally that according to the present law, on a petition presented and signed by at least ten of the ratepayers of the municipality, that a plebiscite could be called on this matter and hinted that such action might be followed.

Chairman's Report.

There were about one hundred persons present when the meeting was called to order, and on motion Dr. J. V. Anglin was elected chairman and R. J. Donovan secretary of the meeting. After the chairman had explained the object of the meeting he called on G. S. Mayes, chairman of the incorporation committee, to make a report of the work done by his committee. He explained that the committee had gone over a mass of figures of facts and statistics of towns similar in size and condition as that of Fairville and Lancaster. Mr. Mayes presented the following resolution which was submitted to the meeting:

"Your committee recommend that the parish of Lancaster, which will include all lands west, beginning from the City line, Carleton, to a line at Saint's Rest, and extending in a direct line north across the marsh to the New Brunswick southern railway, thence west along said railway to a point opposite the South Bay road, and thence following the South Bay bridge, be incorporated into a town and that a plebiscite be held at a date in the near future to determine as to the adoption of incorporation.

G. S. MAYES, chairman.
 D. C. CLARK,
 G. E. ARMSTRONG,
 H. GOLBY SMITH,
 JOSEPH O'BRIEN,
 G. H. KENNEALLY,
 E. STEWART,
 GEORGE MAXWELL.

Greater St. John.

The forces in opposition to the motion were led by W. A. Nelson, Frank Hiam and others. In his remarks, Mr. Nelson stated that he was not altogether in favor of the resolution as read, but that if there was any union or incorporation he thought it would be the best thing to incorporate with the city and make a greater St. John. It had been his experience in the case of incorporation of small towns that there was an increase to the taxpayers of between five and ten per cent, and unless it could be shown by the committee that this incorporation would mean a lessening rather than an increase on the taxpayer he would certainly not be at all in favor of the motion.

The discussion after this became more general and at times quite sharp, and a little bit personal, there being some idea on the part of several of the speakers that the committee was keeping back information received from some of the towns which might have not been in favor of incorporation. Mr. Mayes assured the speakers that such was and had not been the case. Those taking part were Adam Campbell, D. C. Clark, G. S. Mayes, W. A. Nelson, Frank Hiam, George Maxwell, John Montgomery, James McIntyre, C. P. Baker, E. J. Donovan and Committee James Bryant.

The motion was finally put to vote and lost, with eleven voting for and twenty-six against. It was noticeable

At Grand Rapids a new world's record was established today at the Grand Circuit meet when William, winning second heat in 2:04 pace, finished in two minutes flat, and averaged for the three heats 2:01.

The summary:
 2:04 Pace, Purse \$1,000; Three in Five.
 William, b. c., by Abe J. (Mass.) .. 1 1
 Burns, Jr., b. h., (Whitney) .. 2 2
 Walter Cochato, blk. h., (Cunphy) .. 3 3
 Pickles, b. m., (Jackson) .. 4 4
 Evelyn W., b. m., (Snow) .. 5 5
 Time—2:00%, 2:04, 2:07%.

Other winners were Lassie McGregor in the 2:15 trot, and Frank Gogah in the free-for-all.

The finest, purest and most nutritious animal jelly known is that made from elephants' tusks.

The state of Hyderabad, India, has seventy-nine towns, 20,010 villages and a total population of 1,129,109.

That fully half of those present did not vote either way.

It was then Captain James Kenneally arose to his feet and said: "I would like to give notice that according to law a plebiscite signed by at least ten of the ratepayers in the district and presented to the county secretary on call for a plebiscite on this matter."

"Then this whole meeting has been a farce," said W. A. Nelson.
 On motion the meeting adjourned.

ARTILLERY ON DUTY IN ST. JOHN FOR 121 YEARS

Local Corps for War Duty at Fort Dufferin Continuation of Body Formed in 1793

MANY WAR SCARES

Preparations Made in the Time of Napoleonic Wars and During the War of 1812—Plans Made Before Fortification of Partridge Island But Ship With Guns Aboard Went Ashore—One of Oldest in Empire.

Outside the Royal Horse Artillery of England there is, it is believed, no artillery corps older than the 8th Regiment, Canadian Garrison Artillery. The history of the regiment is interesting for the men from which it was originally formed were the old Loyalists themselves.

It was on May 4, 1793, ten years after the establishment of the city of St. John, that there was enrolled the Loyal Company of Artillery with the following officers: Captain John Corville, First Lieutenant Thomas Gilbert, Second Lieutenant John Ward, and Sergeants Oliver Boudette and John Chubb, and ninety men. In the historical records of the regiment it is stated:

"The muster roll was completed not a day too soon. On May 6 news was received in St. John that a French privateer of ten guns and forty-five men was cruising in the Bay of Fundy. A night patrol was formed, and a double guard was placed at Lower Cove. The expected vessel never came."

There were two other scares in August and October. It was these alarms of the French revolution that led to the establishment of the artillery company that was, so to speak, the forerunner of the company that was selected for active service at the St. John Armory yesterday morning.

The old company continued to be so called until 1862 and until 1888 it was a single company. On June 18, 1812, the United States declared war on Britain and on the intelligence being received at St. John the common council decided to cooperate in the defence of the city from the sea and agreed to compensate the owners of lots around the ruins of Fort Frederick (Fort La Tour) in the work of erecting the contemplated fortifications. But the inhabitants of Maine wrote to the people of St. John that they would abstain from depredations so far as was consistent with the duty they owed to their country, and the city decided to reciprocate and the record of the fortification ends there.

Early in 1818 ten 24-pounders were sent to St. John for use on Partridge Island by the artillery, but the vessel that conveyed them went ashore and the guns never came.

In 1858 the Portland company was formed, under Captain T. L. Nicholson as captain. In the year after a "kid" battery was formed with William Parker Ranney as captain.

The New Brunswick Regiment of Artillery proper was formed on Feb. 28, 1858, with two companies each at Fredericton and St. John, and one each at St. Andrew, St. Stephen and in the counties of Westmorland, Northumberland, Kent and Carleton.

The regiment turned out for the Aroostook war as it was called, and though a company of eight-five men were ready, there was no fighting. They were their nearest approach to real active service.

GERMAN EMPEROR REALIZED TOO LATE THAT HE HAD MADE DREADFUL MISCALCULATION

(Special Cable to New York Herald From London Correspondent.)
 No one for a moment believes the German Emperor had any thought that the consequences would develop into such terrific, heartrending and paralyzing proportions. He certainly could not have foreseen that within a week after war was declared on Serbia, Russia would have defied him, and the Triple Alliance; that the Triple Alliance itself would have fallen into ruins; that Germany would be forced to the expedient of fighting practically all of Europe alone, and that not only his dynasty but his empire would be staked on the doubtful outcome of the war.

The Kaiser, of course, realizes by this time that the Hapsburgs are a slender reed to lean upon. Austria may be of some service in harassing Russia, but the Austrian army for a week has been hammering at Serbia and so far has been unable to set a foot on Serbian soil.

The dreadful miscalculation that was made was with regard to the proper weighing of the underlying sentiments of Europe.

For instance, no one could have foreseen that Italy was going to drop out. No one could have foreseen that Russia would absolutely refuse to obey the advice of England and would set in motion the machinery which called into being her great army of five million men. No one could have foreseen that France, valiant and optimistic, would be willing to challenge the Kaiser, and that not only his empire but his empire would be staked on the doubtful outcome of the war.

The Kaiser up to the very last moment almost went down on his knees to Russia to induce her to desist from her mobilization. The dramatic story of the final interview between the German ambassador and the Russian minister of foreign affairs shows that again and again the request was made, and it was made at the very time that King George was urging the same thing. Thus two royal coronas up to the fifty-ninth minute of the twelfth hour used every influence at their command to put out the fire, but it had gone too far.

Nothing then remained for the emperor but to do literally the best he could. Since then the Imperial William, true to the traditions of his race, proceeded on the principle that the race is to the swift and the battle to the strong. The remarkable elasticity with which the German army has been mobilized, so that perhaps by this time one million and a half men are in the field, is one of the marvels of military operations.

The regiment turned out for the Aroostook war as it was called, and though a company of eight-five men were ready, there was no fighting. They were their nearest approach to real active service.

NO DANGER TO BAY OF FUNDY PORTS, SAYS OTTAWA

(Special to Times) Ottawa, Aug. 6.—Since England has decided to assign cruisers for the protection of the Atlantic seaboard, it is felt here that all danger to Bay of Fundy ports has disappeared.

Mr. McLeod's Version Of The \$1,500 Payment

Says Money Was Paid as Retainer and Denies Arrangement to Split Extra \$3,000—Says Scott Promised The Money Many Times Before He Got The Contract—Also Denies The Holland Interview—Mr. Baxter This Afternoon

Hon. H. F. McLeod, M. P., gave his version of the \$1,500 transaction between himself and Scott & Kelly, contractors on the Valley Railway, at the session of the Dugald Inquiry this morning. Mr. McLeod did not deny receiving the money for services in connection with the contract, but he denied that he had paid the contractors for this amount as the price of securing a contract for them.

Col. H. F. McLeod, M. P., Frederickton, former provincial secretary in the New Brunswick government, took the stand when the court opened.

Questioned by Mr. Carter, he said that he never had any conversation with James Holland regarding arbitration, until the other evening after he saw the matter mentioned in the newspapers when he called up Mr. Holland to ask him about it.

Mr. Carter quoted E. L. Kelly's statement that, in a discussion of prices the witness had said that if he got the extra price there should be something in it for him, Mr. McLeod said that the conversation never took place.

Regarding another conversation Mr. McLeod said that Kelly was in his office only twice, both visits on the same day, and that nothing like a statement that "there should be something in it for me" ever was made.

Again dealing with Mr. Kelly's evidence the witness denied the statement about not signing the bonds, that the men who got the first contract would make no money on it or that Scott & Kelly would make \$10,000 on theirs.

Regarding his relations with Mr. Scott the witness said that Scott was in his office about every time he was in Frederickton for several years. He did not charge up anything and never received Scott an account. Scott paid him \$50 on account but not for endorsing a note.

On some occasions when he was renewing notes for Scott and Scott gave him money to meet the interest he sometimes returned the difference and sometimes Mr. Scott told him he need not mind.

When the railway work came along Scott suggested that he might get a contract and told the witness that if he did contract one he would need a regular solicitor and would like to give him a decent retaining fee.

The witness spoke to his brother about Scott as he did about other friends in his country. When the contract was signed Scott said that he would like to give him a retainer of \$1,500 but the witness did not get the money at that time and did not expect to get it. He never told Scott that he did not want his name mentioned in connection with the payment as he regarded it as a perfectly honorable transaction.

He did not even know that the money was paid until along in July when he found it had been deposited to his credit in the bank.

Mr. Carvell Questions Him To Mr. Carvell the witness said that at the time he was a member of the legislature and the government.

Q.—There was a piece of work they wanted to get, at Kingsbridge? A.—Yes, they wanted the one that Smith & Merrithew got.

Q.—Who were the contractors in York county? A.—The Hibbard Company had the contract from Frederickton to Woodstock and subject to Mr. Steeves, then Smith & Merrithew, composed of Luther B. Smith of West St. John and Sunbury county; then Young & Pray; Young & McNutt, Pierpoint Dexter and Connor Brothers.

Q.—Did they all come to you to get you to endorse your influence? A.—That is true regarding Young & Pray and Young and McNutt and Jim Forbes.

Q.—Not about Smith & Merrithew? A.—No. Q.—Did you have anything to do with securing the main contract for the Hibbards? A.—No, not a thing.

Q.—Was there not a Mr. Hibbard in Frederickton in 1910 when the contract was made? A.—Yes, but it is my belief he had nothing to do with it.

LOCAL NEWS

CONCERT TONIGHT In King square this evening the Temple Band will give a concert.

A WAR JOKE The story is told today that a man somewhat under the influence of ardent spirits turned up at the recruiting office of the Scottish Infantry last night and when asked if he were Scotch replied—"Y' (hic) half Scotch, and (hic) half sober."

THE LATE MRS. WISTED Besides her four sons and three daughters, Mrs. Mary L. Wisted, whose death was announced yesterday, is survived by her husband, Thomas Wisted. The funeral will be held Friday afternoon at 2:30 from her late residence, 5 St. David street to the Cathedral.

HOUSEWIVES' LEAGUE TAKING STEPS TO GUARD FOOD PRICES New York, Aug. 6.—The National Housewives' League today sent this notice to members throughout the United States:

"Call a meeting to consider the price of foodstuffs in your city. Investigate from every angle. Honest merchants will not take advantage of the present war crisis to advance prices, but we must have the subject well in hand to protect the pocket of our country. Watch prices and report any advance to the national executive committee."

land. You know that after his name came up you went to him and since then he would not come to give evidence.

A.—I called him up and he refused to come to St. John. I never mentioned arbitration to him, and I believe you know that I did not.

Mr. Carvell—So you want my opinion? Witness—Yes. Mr. Carvell—Well, it is that you did go. Moreover I know that the member of the government who went to Judge Carleton, mentioned Mr. Holland's name.

Mr. Carter started to make an impassioned oration, when the chairman stopped him. Mr. Carter tried to continue, but was subdued with a sharply spoken order, "sit down, Mr. Carter."

Mr. Carvell asked if the witness made any entries of his services to Mr. Scott? The witness said that he had entered a few matters, but had not brought the book with him, as he thought it of no value.

Q.—Then the \$1,500 was largely as a retainer? A.—Yes, he said specifically that he wanted me as his solicitor all through the case.

Q.—Did you not know that he had Mr. Jones as his counsel all through the case? A.—I learned of it; he told me.

Q.—But he told you before he got his contract that he wanted to give you a retainer of \$1,000 or \$1,500? A.—Yes.

Q.—Mentioned the retainer and the work in the same conversation many times? A.—Yes.

Q.—Did you see any connection between the retainer and the contract? A.—That is the question of opinion.

Q.—But you got the retainer, and he got the contract? A.—Yes.

Q.—First he mentioned \$1,000 and later \$1,500? A.—Yes.

Q.—It is your evidence, then, that Scott & Kelly have perjured themselves? A.—Absolutely not.

Q.—Do you now feel that you gave services of a purely legal nature to Mr. Scott, after he got his contract, to the value of \$1,500? A.—That would depend on how the charges were made up, certainly before and after.

Q.—What was the nature of the services? Solicitor for Others Also A.—Consulting about the contract work, taking up matters with the Hibbards, and so on.

Q.—You were solicitor for the Hibbards, also? A.—I did some work for them.

Q.—And for the railway company and the construction company? A.—Yes.

Q.—And you could set for and charge parties on both sides of a contract without a conflict of interests? A.—Not necessarily; I took up the various matters in a friendly way.

Q.—But in view of this situation, you still feel that you gave services to the value of \$1,500? A.—Yes, I have thought it out in every way, shape and form and I cannot say that it was anything but a fair price.

Q.—Did you ask Wm. Scott to get his brother to leave the country? A.—No, when Wm. Scott came to me and asked if I wanted John to leave the country I said, No, I wanted him to stay and make his statement in court.

Q.—Why did not the money pass through your bank account? A.—It did, my bank book shows it, although I know you were inquiring of the manager of the bank.

RIFLE MATCHES

OFF FOR PRESENT War Has Made Indefinite Postponement of These Events Necessary

The warring of the nations, with Great Britain involved, has been responsible for disappointment to members of the Dominion Rifle Association, and also to those of provincial rifle associations in New Brunswick and Nova Scotia, in that each shooting event has been called off.

A wire received by Major J. S. Frost, secretary of the N. B. P. R. A. last night from Major R. J. Birdwhistell, secretary of the D. R. A. at Ottawa, informed that the dates having been cancelled. This big meet was to have been from the 24th to the 29th of August.

The N. B. Association was to have shot at Sussex from August 18 to 21. Major Frost wired Colonel W. M. Humphrey, at Halifax, D. A. A. G. 6th Militia District, and was advised against the holding of this year's shoot on the dates arranged. It has therefore, been indefinitely postponed.

Colonel Humphrey also replied that the Nova Scotia Rifle Association had postponed their matches for this year.

LOCAL NEWS

OF STEAMERS Steamer sailings from Montreal and Quebec have been delayed this week on account of the war scare, but it is expected that all sailings scheduled for this week will be made before Sunday.

Two C. P. R. liners, the Empress of Britain and the Empress of Canada, are to get away at daybreak on Saturday and the Cunard liner Albatross for London and the Empress of the Dominion for Glasgow, are expected to sail at the same time.

All these steamers are at Montreal. The Allan liner Victorian, which was held yesterday at Quebec, is scheduled to sail tomorrow.

The Tunisian, of the Allan line, scheduled to sail from Liverpool on Wednesday, will be held waiting a report that the sea is clear.

The Albatross, which sailed from Montreal on July 30, is due at Liverpool at noon today.

Owing to the government control of the wireless stations, it is impossible to ascertain the location of the Canadian liner, which sailed from Liverpool on July 31, but she was expected at Rimouski and Quebec today.

The Rappahannock of the Furness line, sailed from St. John's, Nfld., on Tuesday at 4 p. m. for Halifax. This steamer will come to St. John.

The C. P. R. have but two steamers on the Pacific service, the Empress of India and Montague, following the admiralty's taking possession of the Empress of the Dominion on Monday and the Empress of Russia and Empress of Japan yesterday.

A CLOSE CALL

Leonard Phillips Falls Down Elevator Shaft

Leonard J. Phillips, of 18 Richey street a leaner in the employ of the Canadian Drug Co., narrowly escaped death this morning when he fell down the elevator shaft in the O'Keefe building.

Phillips went to the Brayley Drug Co. this morning on business and drove his horse around by the rear entrance in Drury Lane. He took the elevator up to the second floor.

Returning to it he was an awful of parcels he thought the lift was up and stepped through the door. The next moment he landed at the foot of the shaft. It is thought that while he was away getting the goods, some of the other occupants of the building desiring to use the elevator, had caused it to be drawn up, without giving any signal.

FREDERICTON GIRL IS SAFE IN LONDON

Frederickton, N. B., Aug. 6, 1914.—A. H. Vanwart received word this morning that his daughter, Helen, who has been studying in Germany, has arrived safely in London and will sail for home on occupancy.

No word has yet been received from Mrs. and Mrs. Howard W. Shaw, and daughter, Erma, who have been in Germany for the last year. Mrs. Shaw is the sister of Leabron Bull of this city, a native of Woodstock. Her daughter has been studying in Germany.

GOOD NEWS

Good news was received in a cable yesterday by Mr. and Mrs. George Dick of Queen street, it told of the safe arrival of their daughter Miss Florrie in London. She had been on a European tour when the war broke out and they were naturally anxious. They were relieved at the receipt of the news, which will be received with pleasure by many friends throughout the city.

Miss Edith McCreary, who has been on a tour of Europe, arrived at Boston today on the S. S. Arabic.
