FISHING TACKLE

This is the season of the year when every angler begins to get excited—wants to get after them.

Don't trust any tackle that is the least bit worn. If it should happen to break at a critical moment you might get some bad marks opposite your name. Our FISHING TACKLE stock includes—

FORRESTS CELEBRATED SCOTCH TROUT AND SALMON FLIES.
BIRKBECK'S STEEL TROUT RODS.
DALZELL'S SPICE TROUT RODS.
LANDING NETS, BASKETS, REELS.
GUT IN HANKS, LEADERS.

A most complete line of Tackle to select from. Be sure and see what we have whether you wish to purchase or not.

W. H. THORNE & Co. Ltd.
Market Square, St. John, N. B.

REFRIGERATORS

We are headquarters for these goods. Can supply any size for any purpose.

Past experience has proven that the best alone give satisfaction.

Refrigerators thoroughly made from hardwood, insulated with mineral wool, and lined with either galvanized iron or white porcelain—are acknowledged to be the best.

Galvanized Ice Chests, \$4.75 to \$7.50
Refrigerators, Galvanized Lined, \$8.00 to \$25.00
Refrigerators, White Porcelain Lined, \$26.50 to \$40.00

EMERSON & FISHER Ltd., 25 Germain St.

ALSO, BOYS' 2 AND 3-PIECE SUITS AT VERY ATTRACTIVE PRICES.

J. N. HARVEY, Tailoring and Clothing, Opera House Block

NAVAL REVIEW ARRANGED FOR COLONIAL DELEGATES.

Big Fleet Assembled at Portsmouth—The Delegates Were Particularly Interested in the Dreadnought—A Good Report of Her Trials

PORTSMOUTH, Eng., May 3.—The colonial premiers were all brought here today as guests of the admiralty to get a glimpse of the empire's navy. Ten battleships, including the Dreadnought, cruisers and thirty torpedo boat destroyers, all belonging to the home fleet, assembled in these waters, were reviewed by the visiting statesmen, who were especially interested in the newest battleship.

MEXICAN TROOPS SENT TO GUATEMALAN BORDER

Government Says It Is Not Well Qualified, But Great Activity is Manifested.

CITY OF MEXICO, May 3.—There were few developments in the Guatemalan affair yesterday. At the state department it was held that the army had yet been received to the note requesting the extradition of General Lugo, who is being held in the United States. The government admitted that troops are being sent to the border but denied that this can be construed as a mobilization. Nevertheless, great activity prevails in that similar conditions exist in the military district at Chapala on the Guatemalan border.

KUROKI WAS WARMLY WELCOMED AT SEATTLE

SEATTLE, Wn., May 3.—General Kuroki and his staff, representatives of the Japanese government, arrived here yesterday after being delayed by a fog on Puget Sound. They received a royal and picturesque welcome by local Japanese and Americans who crowded every dock on the waterfront and lined the streets through Elliott Bay as the party landed from the Ad Maru. A hundred Japanese girls sang the National Anthem and the General's carriage was almost covered with flowers presented by school children. The reception at the wharf was in charge of the Chamber of Commerce, the Asiatic Society and the Japanese Association of Seattle. With General Kuroki are 15 army officers.

THREE WERE KILLED AND SIX OTHERS INJURED

JOHNSTOWN, Pa., May 3.—Three men were killed and six others injured, three fatally, yesterday in an accident in an ore mine at Ridgeway, Bedford County. The men were all foreigners. A shifting crew placed a car on which the men had been unloading ore, on a trestle, while other cars were being placed. When the engine backed to the main track it struck the car which was there and it fell 30 feet to the floor below.

Henry Baker, the Englishman, who has for some weeks been held at the Central Police Station, supposed to be insane, was this morning taken to Sand Point and handed over to the immigration officers. Baker will be deported on the steamer Empress of Britain tomorrow. Baker had been in England and was confined for a year in an asylum.

SAYS HE BOUGHT THE BOTTLE OF LIQUOR

There Has Been a Great Deal of Stealing Lately

According to Evidence Given by Members of Steamer's Crews—Hearing in Police Court Today.

The charge of stealing liquor from the C. P. R. steamer Montreal preferred against Samuel Barton, a ship laborer, was resumed in the police court this morning, and from the evidence given it appears that a considerable quantity of cargo was broached on board the Montreal while at Sand Point on Monday last.

THOUGHT HIMSELF A MURDERER, JOHN WAGNER SUICIDED

NEW YORK, May 3.—Thinking that he had killed his wife at whom he had fired a shot inflicting a slight wound, John Wagner rushed from his home in Ridgewood and sent a bullet into his head. He died instantly. Mrs. Wagner was more frightened than hurt and will recover.

MR. KENNY WAS MUCH BETTER THIS MORNING

MONTREAL, May 3.—Thomas Kenny, President of the Royal Bank of Canada, who is lying ill at Place Viger Hotel, spent a good night. Dr. Lemieux who called on Dr. Hamilton in consultation, announces this morning that his patient is very much better and will recover within a short time.

STOLEN BONDS WERE SENT BACK BY MAIL

BALTIMORE, Md., May 3.—Bonds to the amount of \$25,000 which were consigned to Townsend, Scott and Son, Bankers and Brokers, of this city, from Switzerland, and which were supposed to have been stolen from the bank in transit, were restored in a mysterious manner yesterday. The package containing them was received by Townsend, Scott and Son through the mail. They had come from abroad, for the package had been opened at the Custom House in New York. The securities which were chiefly local industrial bonds were mailed in Switzerland February 28. Their failure to reach here was reported to the police on March 29. The theory is that they were returned, because they are not negotiable outside of Baltimore.

PROPERTY DESTROYED IN INDIA IN SERIOUS NATIVE REVOLT.

A City in the Punjab the Scene of an Uprising Which Was, However, Quelled by the Police—Troops are Now Maintaining Order.

ALLAHABAD, British India, May 3.—Serious anti-European riots have occurred at Rawalpindi, Punjab. A Hindu mob burned two bungalows, pillaged the Mission church, looted the post office, burned a garage and all the motor cars in it, destroyed the plant of a power house and smashed the windows of the residences of many Europeans.

THE SCOURGE OF DEATH IN RUSSIA TODAY

Hundreds Executed by Field Court Martial

ST. PETERSBURG, May 3.—Newspaper statistics published today give the number of sentences imposed under the drum-head courts martial law, which expired today. From these figures it appears that 1,144 persons were executed, 79 were sent to the mines for life, 719 were condemned to minor terms of imprisonment and 71 were acquitted. Thirty-nine persons have been executed in the Baltic province, 312 in Poland, 193 in the Caucasus and 108 in Yekaterinoslav province.

AMERICANS CHARGED WITH ATTEMPTED ASSASSINATION

In the House of One of Them the Police Found Apparatus for Use in Exploding Dynamite

GUATEMALA CITY, Guatemala, May 3.—Among the persons arrested on suspicion of having been connected with the attempt on the life of President Estrada, Cabrera, while he was driving through the streets of this city, were two Americans named Cooke and Wilkinson, a railroad contractor. The latter occupied a house adjoining the scene of the explosion and in it the police found an electric apparatus for use in exploding dynamite, a quantity of that explosive and other articles used in blasting. It is expected, however, that Wilkinson and his companion will soon be freed.

BIG BUILDING STRIKE IN PHILADELPHIA

4,400 Men are Out—Dispute Among the Labor Unions is the Cause.

PHILADELPHIA, May 3.—As a result of a dispute among the labor union, representing the bricklayers, masons and granite cutters of this city, work on many building operations was suspended today by an order of the master bricklayers who last night decided to stop until the unions can come to an agreement. About 4,400 workmen are affected but if the dispute continues many workmen of other trades will be forced into idleness. The dispute concerns the laying of stone masonry. It has been made ready because the granite cutters supported by the builders claim they should not only cut the stone but lay it. The builders and the granite cutters have an agreement to this effect, which has two years to run. The bricklayers recently called strikes on several building operations on which granite workers were laying stone and the union refused to renew the wage agreement between the organizations and the builders which expired on May 1, unless the intention of the stone-masons was agreed to. The master builders last night requested the union to call these strikes which affect about 300 men until matters could be settled. The request was refused and the master bricklayers decided to inaugurate a lockout until the unions could agree.

ST. JOHN STAR.

ST. JOHN, N. B., MAY 3, 1907.

THE LONG WAY AROUND.

The Portland Oregonian, discussing the freight congestion and car shortage on railways, suggests that if the different roads would mind their own business, instead of attempting to do that of others, there would be less cause for complaint on the part of the shippers. This paper goes on to state that in the effort to get business, railways carry freight hundreds of miles farther than competing roads, and all for the same price. For instance, the C. P. R. will take consignments from as far south as Tennessee and carry them north across half the United States to Winnipeg, thence west to the coast and south to San Francisco, though the same freight could have gone due west by direct routes. The Illinois Central carries freight from Chicago to New Orleans when its destination is San Francisco, rather than see a direct competing line get the business. In this way freight is carried a thousand miles farther than necessary and the prevailing car shortage may be partially explained by this. Freight traffic is slow in any circumstances, but the delays are greatly increased when cars are sent a thousand miles out of their course and also tracked or forgotten at some place along the line. Train men are naturally induced to believe that there can be no greater hurry when shippers are willing to send their consignments by such a circuitous route. While these cars are going that extra thousand miles, other shippers are put to serious inconvenience because of the fact that there are no cars available. The Oregonian argues that if one of a thousand miles, another route a thousand miles shorter should be able to carry freight for a smaller sum. Such would be the view of an outsider, but railway experts are no doubt able to find some method of proving that the opposite is true.

NO OPPOSITION.

A few members of the Conservative Party—how few they will not fully realize until after the election—have heard with interest that Mayor Sears will oppose Dr. Pugsley for the St. John vacancy. They have also discussed local questions of some interest with a wealthy North Shore lumberman in Britain. As a result, it has been decided to place a candidate in the field to contest the seat against the man who has been given such hearty support by the great majority of the electors. St. John doesn't want a contest. The electors see no reason for it, but they are not in the least alarmed over the prospect, for there is not a shadow of doubt as to the Liberal candidate's success. Dr. Pugsley may go in, if opposed, with such a majority that the others now spoken of will not know they have been running.

CONSUMPTION AT HOME.

Dr. Smith L. Walker, secretary of the Anti-Tuberculosis Association of Colchester county, N. S., addressing the municipal council of that county recently made a statement that there now exist in Colchester 375 cases of consumption, and in Cumberland 470 cases, the total deaths during the past year being 159 in the two counties. Dr. Walker also estimates that there now exist in Nova Scotia 6,750 cases with 1,350 deaths yearly, in New Brunswick 5,250 cases, with 1,050 deaths, and in Prince Edward Island 1,100 cases with 220 deaths, a total of 13,100 cases existing and 2,620 deaths annually in the three provinces. While these figures, of course, cannot be verified, owing to the imperfect system of registration prevalent here, it is safe to say that Dr. Walker has not over-estimated conditions.

NO NEED TO BE ALARMED.

Captain Walsh, of the C. P. R., has by a few minutes' talk created grave doubts in the mind of some aldermen as to the wisdom of their decision in the plans for the new West Side wharf, yet in spite of the worthy captain's remarks there is no cause for any anxiety. The Star ventures to disagree with this marine expert as to the conditions which will be created by the angle in the new wharf, and is inclined to the opinion that there will be plenty of room for vessels to move in and out without scraping the paint off each other. Nor is it absolutely true that the 400 foot berth will be altogether useless. The Clark berth, known hereafter as No. 5, is 527 feet long, and at the outer end is 200 feet distant from Sand Point. The Clark and Adams berths and the other which is to be built beyond it to the harbor line, will have a total frontage of 988 feet, which will afford ample room for two steamers. It is only on rare occasions that three or four of the very largest

boats are here at the one time, nor are such conditions likely to arise for some years, and by then there will be other and larger berths ready in St. John. It has been suggested, and the idea seems to be a good one, that in order to overcome any difficulty which may arise, jugs could be made in the new wharf, that is, the inner end of the Clarke and Adams crib might be placed 30 feet to the north of the southern corner of the Clarke crib, and in this angle the bow of a steamer lying at No. 6 would come inside the stern of the vessel at No. 5. The same plan could be adopted for the outer berth, but in reality there is no need for all this. In spite of Captain Walsh's pessimistic views, there will be plenty of room for all the steamers to move about if the Sand Point basin is properly dredged.

The Toronto Star says: "One reason why Nova Scotia produces fine university presidents is the salt air, which operates to give men a thirst—some for knowledge and others for Scotch whiskey." The Star neglects to indicate which thirst is regarded as the qualification for Upper Canadian college positions.

I LOVE YOU.

I love you,
Was by refrain when the nights were sweet with light,
When the lullaby of the towering hills o'er the mystic hills delight,
Made echoes that brought from the deepest soul,
The want for a heart to love,
And joyous responses were mingled there,
In the silent air;
Free from all care;
When heart to heart we breathed pure love,
And I said as I looked at the stars above,
I love you.

I love you,
So my sweetest joy said, when the nights were dark and damp,
When the plaintive sigh of the wailing wind, made us long to find a lamp
That'd lead from those stifling depths,
But her heart was true,
As she loved me through
The darkness, with hopeful eyes;
And though the skies
Made angry replies
Her fervent love kept pure and strong,
And she lovingly sang her trusted song,
I love you.

We love true,
And we jointly blend when we touch the sacred chords,
The music pure makes our glad hearts ring, as we happy sing to a ward
That await us in starry heights unscanned,
So we upward climb,
In peace sublime,
Our love ties leading higher
To a glow of cherubic fire,
We love true.

LADY HENRY SOMERSET

RETIRE FROM PUBLIC LIFE

LONDON, May 3.—Lady Henry Somerset, who is retiring from public life in order to devote herself to private charities, made her final appearance as a public speaker this afternoon before a fashionable audience in the picture gallery of Earl Elmsford's residence, Bridgewater House, giving an interesting lecture on Joan of Arc.

JAPAN AND RUSSIA IN

A COMMERCIAL TREATY

ST. PETERSBURG, May 3.—At a meeting of Russian and Japanese delegates with the foreign ministry yesterday the text of a commercial treaty and a protocol and diplomatic notes concerning mutual concessions were agreed to. Formal signature of the papers is expected soon.

STROMBOLI SENDING OUT

MANY FOOT WARMERS

NEW YORK, May 3.—A Naples despatch says the volcano on Stromboli Island is still very active and is throwing up large quantities of red hot stones. Prolonged subterranean rumblings are frequently heard. The lava is now taking its former course to the sea down the north side of the mountain. Showers of stones began again yesterday morning, but the inhabitants show no alarm.

THE PEACE CHIEFS OF THE BRITISH.

(Mail and Empire.)

Great Britain treats the coming peace conference at the Hague with all respect, as is indicated by the position and influence of the four delegates who have been appointed to represent her there. Indeed, it is probable that no British statesman has a wider acquaintance with European diplomats than Lord Reay, whose wife's season is the favorite of distinguished visitors from abroad. As remarked by the Marquis de Portenoy in the New York Tribune, Lord Reay's selection is peculiarly appropriate, because His Lordship was born a Dutchman, and was twenty years in the diplomatic service of Holland.

CHIEF OF THE MACKAY CLAN.

Lord Reay is chief of the Mackay clan, the founder of his house being Odo Mackay, who fell at Flodden. The first Lord Reay was a devoted follower of Charles I., and in the crash of the Stuart fortunes he was swept to the Continent, thenceforth the Scotch Mackays were soldiers of fortune, their headquarters being in the Lowlands, although the Scottish collection was kept up each generation furnishing officers to the army and navy of the British crown.

A FRIEND OF GLADSTONE.

The present Lord Reay succeeded to the Scottish title of Baron Mackay many years before moving to England. This he did eventually on the solicitation of his English wife, and struck up a notable friendship with the Gladstones. Through Gladstone's influence he was made an English peer, with the title of Baron Mackay. His heir is at present Minister of State in Holland, and until lately was president of the Lower Chamber of the National Legislature of the Netherlands.

OF THE CHOCOLATE FAMILY.

Lord Justice Sir Edward Fry, is known to the school schoolboys as "Coco," because of the manufacture of cocoa and chocolate with which he is connected. He is a Quaker, and a permanent member of the Hague Court, some years ago he was selected by the United States as arbitrator in the claims against Mexico arising out of the "Pius Fund" of California. He is a learned and kindly old gentleman whose hobby is the gathering of mooses, on which subject he is a very high authority.

THE QUAKER BARONS.

Sir Theodore Fry, the head of the family and chief proprietor of the cocoa business, provoked the Quakers when

he accepted the title some years ago, for baronets and likewise knight-hoods carry with them the expressed obligation of military service. This obligation is typified by the blood-stained hand which is the distinctive heraldic badge of every baron, and by the visored helmet that surmounts the shield of both baron and knight. Moreover, every baron and knight promises to bring a certain number of men-at-arms into the field, although modern usage prescribes a money payment instead. Notwithstanding these objections, Sir Theodore took the baronetcy, and remains a good Quaker too. It is a coincidence that another great cocoa manufacturer—Cadbury—is also a Quaker.

AN ORIENTAL ENGLISHMAN.

Sir Ernest Satow retired last year from the post of British envoy at Peking, which he had held from the time of the Boxer uprising. Sir Ernest is conceded to be one of the most remarkable men in his deep and wide knowledge of the Chinese, Japanese and Malay mind. To such an extent has Sir Robert Hart, carried this acquired habit, that he is, intellectually, a Chinaman. As for Satow, he is extremely popular. Lady Howard is regarded by the high dignitaries of the creed as one of its most profound interpreters. At Peking he deeply impressed the authorities by his acquaintance with Chinese literature. Like Hart, his long sojourn in the East has implanted in him several Oriental traits, one of them being an elaborate courtesy in the perfect control and reserve. Sir Ernest is said to be one of the most brilliant conversationists in diplomacy when he chooses to talk.

A PEACEFUL QUARTER.

Sir Henry Howard, the fourth member of the British delegation, has long been the accredited plenipotentiary to the Court of Queen Wilhelmina, where he is extremely popular. Lady Howard was an American, the daughter of Geo. W. Riggs, of Washington. There can be no doubt that Britain's representatives at the forthcoming conference represent anything but the "imperial element." Personally, they will be inclined to strain any point in favor of a proposal that has peace for its end. As the present Government, with the honorable exception of Sir Edward Grey, is also supposed to be of the "peace at any price" type, they will be in a great Britain will not be outdone by any country represented at the Hague in an earnest effort to restore war as far as many be from our day and generation.

THE POPULAR SPORT.

"Johnny," asked teacher, "what is the most popular sport at this season?"
"Horse hunting," said Johnny promptly.

CUT OUT HIS TONGUE

WITH PAIR OF SCISSORS

Italian Singer, Having Lost His Voice,
Attempted Suicide

MILAN, May 3.—Arcangelo Rossi, the tenor who was with the Conried Opera company in San Francisco during the earthquake and San Francisco, has not since been well, endeavored to commit suicide here yesterday. Recently he lost his voice. This calamity weighed so deeply on his mind that he went crazy and yesterday he cut his tongue with a pair of scissors. He was taken to a hospital in a critical condition.

LAST WINTER IN NEW YORK HOUSE, during a performance at the Metropolitan Opera House broke down and afterwards did not sing there.

SOCIETY MAN, DRINKING

HEAVILY, SHOT HIMSELF

Charles J. Steedman, a Suicide in Paris—
Was on a Visit With His Wife

PARIS, May 3.—Chas. J. Steedman, New York Philanthropist, son of the late Rear-Admiral Steedman, committed suicide by shooting last night at Hotel d'Orleans.

Mr. Steedman and his wife, who is a daughter of a former governor of Rhode Island, reached Paris April 29, accompanied by a child. They had been touring in an automobile with Senator Aldrich of Rhode Island and Mrs. Aldrich. Since his arrival here Mr. Steedman had been drinking heavily, which induced despondency. He was left temporarily alone in his room last night and when the apartment was re-entered he was found sitting bolt upright in a chair with a revolver at his feet. He had shot himself in the mouth, the bullet traversing the brain and passing out at the back of the skull. Death was instantaneous. The body will be embalmed and shipped to the United States.

DEATHS.

HIPWELL—In this city on the 2nd inst. Lillian L., eldest daughter of John E. and Emma Hipwell, aged 7 years and 10 months.

Funeral from her father's residence, 55 Kenmouth street, on Saturday at 2.30.

Two Eccentric Burglars

The pictures which are being shown at the Nickel formerly Keltis, for the last three days of this week, are all laughable ones, in which the very laws of nature itself seem to be defied with impunity and with the most startling results of offence.

One of the three is entitled "The Eccentric Burglars" and they are eccentric indeed. They are first seen climbing over a wall surrounding a big stone building. Then they approach the building and climb up to the second story.

The other pictures are entitled "Who's Who" and "The Villain Still Pursued her." Both are excellent and draw forth much applause.

BOYS' AND GIRLS' FOOTWEAR.

Our Spring stock embraces everything the boys or girls will want for the season's wear. "FIGHTING MAC"
LIVES, NOT SUICIDE

Traveler Denies That Sir Hector
Macdonald is Dead.

Asserts He Saw Soldier Who Was
Believed to Have Killed Himself
in Paris

LONDON, May 2.—A singular story that has both astonished and amused England and Scotland was published in the Manchester Sunday Chronicle. It relates to the late renowned soldier, Major-General Sir Hector Macdonald.

The General, it will be remembered, was reported to have committed suicide in an obscure Paris hotel, March 23, 1902, while en route from Ceylon, where he had been in command. He fought with distinction in Afghanistan, in the Boer war of 1881 and also in the "Highland Brigade, and he was also reported to have been conspicuous in the fighting against Arabi Pasha in Egypt and the Mahdi in the Sudan.

CLAIMS HE STILL LIVES.

The publication in the Manchester paper is to the effect that "Fighting Mac," as Sir Hector was known in military and Scottish circles, is still very much alive, and is now organizing a powerful army for China.

The most circumstantial story bearing on Sir Hector's alleged survival emanates from Johannesburg from a man who recently arrived there from the Far East. He asserts that he saw "Fighting Mac" at Nanking, China, last year, putting his astonishing declaration in the following form:—

"I knew Hector Macdonald very well both in Egypt and South Africa. I was in Nanking in December last. I saw a battalion of Chinese soldiers, best-dressed in European style on a

space in the centre of the city, and, feeling curious I walked up to where three officers were standing. One of them was Sir Hector Macdonald. He was clean shaven, but otherwise he had altered very little since the occasion of my last meeting him in Pretoria.

"I was almost breathless with astonishment. I was about to speak to him when his eyes met mine. He turned rapidly around to one of the other officers and said something quickly in Chinese.

ORDERED TO LEAVE AT ONCE.

"The officer, almost springing at me, shouted, 'Leave this ground at once, or we will put you where your friends won't find you in a hurry.' I left Nanking that day for Shanghai, and I found that the fact that Sir Hector Macdonald was in that country was believed by a great many English people.

As strengthening the story, it is pointed out that no notice was held on the body alleged to be that of Sir Hector Macdonald; but in official and other quarters little attention has been paid to the matter. The paper's Johannesburg informant, officials believe, was mistaken in his man.

Need not ask if you want your hair to look rich, healthy, and luxuriant. We know you do! Ayer's Hair Vigor, new improved formula, will give it just that appearance. An ideal hair dressing. Ask your doctor about it.

LOCAL NEWS.

The Scots Companies boys' brigade will meet this evening in uniform. A slight flurry of snow fell here this morning at about 8.30 o'clock. The sun soon appeared from behind the clouds, however, and melted it. The police were called into Robert Clark's house, Victoria street, last night to quell a disturbance and eject a man named Scribner. A meeting of the subscribers to the Champlain Monument fund will be held in the Mayor's office at 4 o'clock this afternoon. Hamilton McCarthy, the sculptor, is now in the city. President A. O. Skinner will call a meeting of the Exhibition Association for some night next week. The subscribers to the exhibition fund will be invited to attend. After the meeting, the city will be asked to make a grant.

The annual Victoria church parade of the Sons of England will be held on Sunday morning, May 26, when the members of Marlborough and Portland Lodges, headed by St. Mary's Band, church, on Wednesday evening Marlborough Lodge will move into their new quarters in O'Connell hall, corner of Union and Prince William streets, and will hold a house warming and social.

The harbor committee met in the board of trade rooms this morning. Those present were: Francis Gage, W. H. Thorne, T. H. Estabrook, Ald. Baxter and John E. Moore. It was expected that M. J. Butler, deputy minister of railways, would arrive here on the noon train and would attend the meeting. As he did not arrive the meeting adjourned. Before adjourning John E. Moore was elected chairman of the committee. The committee will meet again when Mr. Butler arrives.

Rev. Thomas Marshall, president of the N. B. Temperance Federation, announced last night that preparations were being made in various places in the province to take part in the general election in the interests of the temperance movement. There is some talk in the county of Queens of bringing out L. E. Hetherington as a federation candidate, unless conditions are made more satisfactory to the temperance people. The advisability of bringing out a temperance candidate to contest the county of Kings is also being considered.

AND HE SWALLOWED ONLY ONE MOUTHFUL OF WATER

Chief Officer Davies, of the Manchester Commerce, Tells of His Hour on the Broad Atlantic.

Floating serenely up and down on the long waves in the Atlantic without any attempt at grace of motion but not in the least excited, Chief Officer Davies, of the steamer Manchester Commerce on Saturday last tried to take off his coat. He never before had so much difficulty in such a simple operation. It would not come off but on the contrary would get caught over his shoulders, and held him firmly with his powerful arms waving above his head. Mr. Davies in conversation with the Star today chattered about his thrilling experience in mid-ocean. "I was on the bridge of the boat last Saturday afternoon," he said, "there was a long swell, and I felt that you could not say that the weather was rough. A sudden lurch of the steamer made me lose my balance and over I went head foremost. The water was cold enough, but after the first chill I managed to keep my head. The steamer continued on her way and you can scarcely imagine how nervous I felt when I saw that one on board had missed me. The distance between us quickly widened, and when at last the Commerce was so far away that I could not read the name on the hull you can imagine that I was not any too cheerful. But you cannot realize just how tickled I was when I saw the steamer swing around and point back in my direction. Then I had no more anxiety, for I could swim all day and knew I would be no difficulty in keeping afloat until they reached me. Did I swallow much water? Just one mouthful. It was when I tried to take off my coat. The garment was made very soggy with the water and I worked with it for some time till I finally got it up over my head. But there it stuck, and there was I with my arms waving gracefully in the air, and the soaked coat flapping about my head. I got only one mouthful of water and then succeeded in getting the coat back to its proper place on my back. I did not make a second attempt to undress, and I was not in any way tired out when the small boat came along and picked me up. Could have swum and floated about until I got hungry, but of course I was not eager to do anything of the kind. There was another steamer which we had passed earlier in the afternoon and when she saw the Commerce stop, she stopped too, but did not leave what the trouble was. I was on the bridge at 4.30 and was picked up at five o'clock, so you see that left me in the water for less than an hour, and many a man stays in longer than that when he goes swimming, though of course few men go with their clothes on or without knowing when they can come out."

ENGINEER PETER'S VIEWS ON CAPT. WALSH'S IDEAS

Keep the Angle in the Wharf, He Says, and Save the Berth on the North Side.

It is not probable that any change will be made in the site for the new wharf now contracted for by Clark and Adams, as was stated in a morning paper of today's issue. Capt. Walsh, marine superintendent of the C. P. R., yesterday made statements concerning the construction of the new wharf which went to show that he was dissatisfied with the plans. He stated that if an angle in the new wharf is made, a steamer lying at No. 4 berth will be prevented from being towed out into the harbor without bumping the steamer opposite. At Capt. Walsh's request a conference was held yesterday afternoon. Those present were: Ald. McGoldrick, Bullock, Baxter, Christie and Director Cushing. Capt. Walsh also pointed out at the meeting that by making a straight wharf from Union street to the harbor line, 150 feet of frontage would be available.

City Engineer Hurd Peters was seen by the Star this morning regarding the statements made. Mr. Peters said that Capt. Walsh was altogether wrong in stating that the angle could be obtained with a straight wharf. "The distance from the harbor line to Union street is only 150 feet, and how are you going to get 1650 feet of wharf in that?" asked the engineer. Mr. Peters went on to state that 1000 feet of the wharf will be found on the north side from the harbor line to the city if the angle is done away with. The present plan gives room for a fourth berth on the north side and it costs no more than three. "The angle was placed there to widen the mouth of the northern slip, and at the same time to increase the wharf accommodation." Mr. Peters stated that the Dominion Line had never experienced any trouble at No. 4 berth, which is 400 feet long. They have always applied for this berth. "If Captain Walsh's advice is accepted and the angle in the wharf taken away, John will lose one of its most valuable berths," said Mr. Peters.

NEW SEAMEN'S MISSION ON PRINCE WM. ST.

Institute Has Received a Thousand Dollars This Winter From Different Steamship Lines.

The local Seamen's Institute has received nearly \$1,000 from the different steamship lines this winter. Manager Gorbell states that a collection has been taken for the mission on nearly every steamer sailing to this port. Until two years ago, the collections taken on the passage out were sent to the Institute in England, but since then a share of the funds have been handed to the local mission. Mr. Gorbell states that the site for the new building will probably be decided on at a meeting next week. Two lots of land are in view, both of which are on Prince Wm. Street, one opposite the Custom House and the other next to the Globe office. Both of these lots are near the waterfront and are considered to be desirable places for the location of the new building.

ST. ANDREWS SOCIETY DOES NOT PLAY WHIST

Proposal to Celebrate the Parliamentary Union Has Been Dropped—Other Business Done.

A largely attended meeting of St. Andrew's Society was held last evening with the president, C. K. Cameron, in the chair. Five new members were elected and applications were received from eight others who desire to unite themselves with the society. The committee appointed to prepare a suitable resolution on the death of Hon. A. G. Blair reported having done so and that a copy had been forwarded to the family of the late member. In March last the suggestion was made that some notice should be taken of the 20th anniversary of the union of the English and Scotch parliaments, which was observed on May 1st. In accordance with this suggestion, committees were appointed by the St. George's Society and the St. Andrew's Society, but after several meetings it was decided that in view of the fact that St. George's day came about the same time, it would not be advisable to arrange any other gathering which might conflict with the former. The proposal has thus been dropped. An acknowledgment was received from the treasurer of the Big of Ayr committee in Scotland of the receipt of a contribution of \$17 subscribed by members of the local society towards preserving the bridge. A lengthy and highly interesting discussion took place over a challenge received from St. George's Society for a whist tournament, which it was suggested might be held on Thursday of next week. The majority of the members present expressed their views on the matter, and at this time it was decided that whist did not come within the sphere of activity of St. Andrew's Society. It is, however, understood that the suggested tournament will be arranged.

THIS EVENING. Continuous performance at The Nickel. R. Company, 62nd Fusiliers meets. No. 2 Co., C. A., meets in their armory. Concert in Canterbury church.

INTERFERED WITH POLICE WHILE MAKING AN ARREST

One Man Now in Jail for This Offence and Another Has Been Reported.

In the police court this morning six drunks were fined \$4 each. Gilbert Lauckner was charged with being drunk, assaulting Minnie Nairn in view of the police and with resisting Policeman Scott. Lauckner was an old friend of Mrs. Nairn who is colored and has done time in Dorchester for theft. Last evening he called on Mrs. Nairn in her house in Harrigan's Alley and commenced to show his respects by breaking up the house. The woman ran from the house to the street, Lauckner followed her and struck her. While the policeman was having a hard time with his prisoner Policeman Crawford put in an appearance, just as Wm. McArthur, who was one of a large crowd, swore at the police and interfered with them. He was also placed under arrest. The two were remanded to jail. Carl G. Schmidt has been reported by the officers for also interfering with them while arresting Lauckner.
