SPECIAL FREE DELIVERY

While crossing on the ice is good at Campbellton, we will deliver at our regular prices, free on board cars at Cross Point Station, all the various kinds of goods we handle. This should be a material advantage to persons in the vicinity of the Quebec Oriental and Atlantic, Quebec and Western Railway.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

CAMPBELLTON SHOWS CHAMPIONSHIP FORM

Defeat Newcastle at Hockey in Double Header Last Friday Evening

Last Friday evening the skating rink was crowded by hockey fans eager to see the double header against Newcastle. The Princess Pats were pitted against Newcastle "Fair Sex", and the Vics were staged to try conclusions with the Newcastle Ramblers.

The local ladies line up showed one change from that which defeated Fredericton, Miss Muriel Mowat standing down, Miss Hattie MacDonald taking her place at front, and Miss Josephine Dickie coming into the forward line at Right Wing. The "Pats" had thus three High School girls in the team, the Misses Hattie MacDonald, Doreen Farrar and Joe Dickie.

Three fifteen minute periods were played and the teams lined up as follows:—

Campbellton	Newcastle
Miss E. McKenzie	Miss J. Robertson
Goal	Goal
Miss H. MacDonald	Mrs. W. Ferguson
Point	Point
Miss F. Fish	Miss C. Armstrong
Cover	Cover
Miss G. Kean	Miss L. Williston
Rover	Rover
Miss J. Dickie	Miss N. Creaghan
R. Wing	R. Wing
Miss M. E. Graham	Miss H. Morris
Centre	Centre
Miss D. Farrar	Miss P. Ingram
L. Wing	L. Wing
Referee, Mr. Jack Fraser.	
Goal Judges, G. Thomas and C. Morris.	
Time Keepers, G. Matthews and L. Jeffrey.	

The Newcastle Band was in attendance and played selections before the games and during the periods, the music being much enjoyed by the spectators.

The girls were promptly lined up by the referee, and the game set a-going. Play was scarcely two minutes old when Miss Graham scored No. 1 for the home team, and it was early seen that the Pats were too strong for the visitors. Miss Fish opened the penalty ledger by getting two minutes for accidentally tripping one of her own side. During her absence the Newcastle girls, ably led by Miss Williston, pressed strongly at the local nets, where Stelle, even without her mascot saved in brilliant style. Play soon veered round and Miss Kean, after some dodging, scored No. 2. The period finished with play in front of the Newcastle nets, and the score 2 to 0.

Newcastle had the best of the opening exchanges in the second period, but the defence proved equal to the occasion. Miss Dickie and an opponent then had a friendly bout, and were each given two minutes for using each other as cushions. Continuing to press, Newcastle had hard times in front of goal where they were dispossessed by Miss Kean, who after taking the puck up the ice, passed to Miss Graham who tallied No. 3. In this period Miss Kean was awarded a two minute respite. Miss Graham with an individual effort then scored No. 4 for Campbellton. In a scramble at the local goal Miss Fish accidentally brought down Miss Graham, once more for which she was decorated with a four minute rest in the seats of the mighty. Newcastle broke away on the left and from a pass Miss Williston scored the first goal for the visitors. Period ended with the score 4 to 1 for the "Pats."

The third period opened with end to end play, both goal keepers being tested in turn. Miss Graham added No. 5 for the locals, after which the visitors press but are well held. Penalties then fell thick and fast. Miss MacDonald, like a good Presbyterian got down on her knees on the ice and promptly given two minutes to finish her devotions in the penalty box. Miss Kean and Miss Fish followed hard after the worthy points heels, each decorated with an Iron Cross and a three minute appendage, and with three of the Pats in "durance vile" at one time, Miss Morris added No. 6 for the visitors.

Miss McKenzie followed the lead of Miss MacDonald and was given four minutes for mistaking the rink for the church. The ladies must remember that they go on the ice to play hockey not to say prayers. Miss Fish, during the absence of our esteemed goal tend went into goal, and succeeded in staving off further disaster, the period finishing with play at the Newcastle end.

The ice was soft, making the going heavy, and with the sticky surface combination was at a discount. The score 5 to 2 was a fair indication of the relative merits of the teams, although the Newcastle girls ought to feel proud at making such a good

PATRIOTIC PLAY AT THE OPERA HOUSE

The Sawdust Queen Will be Staged Next Wednesday by Amateur Players

Next Wednesday evening a grand Patriotic Concert will be given in the Opera House, the net proceeds of which will be given to the Patriotic Fund. The entertainment will take the form of a three act play entitled "The Sawdust Queen," by D. L. Stevens and there will be specialties introduced between the acts. The play will be staged under the direction of Miss Jean MacLachy, who will play the title role, the others in the cast being, Harold S. Conrad, Austin R. Murray, Austin W. MacDonald, B. O. Bates, Edmund Gallagher, Miss Hazel P. Lingley, Miss Gladys H. Gillis, Miss Helen M. Davidson, and Miss Ethel M. Hogan.

There is no doubt that many will be disappointed in not getting to this, owing to the fact that it is held on a Wednesday night, as they feel it their duty to go to prayer meeting, and unless some arrangement could be arrived at they will be debarred from taking part in this patriotic movement.

The play is being put on by a very strong caste and the tickets have been largely taken up. The box office will open on Tuesday, March 16th, at 10 a.m., where reserved seat holders can exchange their tickets for their reserved seat.

showing, their club being scarcely a month organized and consequently had little practise. Under the circumstances they did splendidly, all being good quick skaters, but lacking the inside points of the game. Miss Williston was the pick of the visitors and led her team out time and again. Miss Kean was usual starred for the locals, and the forwards were always prominent. Taken all over the game was most enjoyable and worth the price of admission alone.

BOYS MATCH

As in the ladies match three fifteen minute periods were played, and when the bell rang for the line up, the galleries were crowded, many of the younger spectators occupying seats on the cross beams above the rink.

Campbellton	Newcastle
S. McLean	E. Treadwell
G. E. Asker	D. Cormier
H. Wallace	Cover J. H. Drummond
R. Matthews	R. Wing
F. Thomas	C. Morris
H. Mowat	A. McInerney
L. Wing	B. Foley
Referee, Jack Fraser.	
Goal Judges, Gep. Myles, W. McGrand.	
Time Keepers, A. Koppel and L. Jeffrey.	

Right from the gong both teams started in full bang, and play had scarcely started when Hal Mowat got two minutes. Matthews broke away on the right and close in passed to Thomas, who tallied, but the whistler had gone for offside and play was brought back. Asker was aggressive and was brought down in front of the visitors net by Cormier who retired for two minutes. The Vics continued to press and Wallace scored No. 1. Newcastle broke away, but were pulled up by referee and play transferred. Matthews added No. 2 from a pass from the left wing, and Wallace with a characteristic dash tallied No. 3. The Vics at this stage were all over the Ramblers and Thomas scored No. 4 from a pass by Matthews.

In the second period, R. McLean substituted for Asker, Tris White going to centre. The period started with the Vics having the lions share of the game and only great work by the visiting goal tend kept them from counting. Foley scored No. 1 for the visitors and R. McLean added No. 5 for the locals. Mowat then received another two minutes rest. The period ended 5 to 1 for the Vics.

In the third period, Payne substituted at point, F. Thomas going to left wing in place of Mowat. This last period was but a repetition of the previous ones. Tris White scored No. 6, and from a scrimmage in front of their goal, one of the visitors put the puck in the net for No. 7, and Matthews, who was always in the thick of the fray added No. 8. From the face off, McInerney took the puck single-handed and scored No. 2, McLean making little effort to save. Thomas on the left wing scored No. 9, and Tris White No. 10. In a belated break away Morris scored No. 3 for the visitors and the game ended without further scoring. Score, Campbellton 10, Newcastle 3.

The game which started out at a great pace, soon slowed down, the visitors being hopelessly outclassed by the local team; the young forwards giving a high class exhibition.

Newcastle, who had the record of being undefeated this season, must

COUNCIL MEETING ON TUESDAY EVENING

Short Session of Town Council Held in Council Chambers. Routine Business

A meeting of the Town Council was held on Tuesday evening in the Council Chambers, His Worship Mayor Andrew presiding. There was also present Councillors Alexander, Miller, McLean, Quinn and Goss.

The minutes of the previous meeting were read and confirmed. Communication read from Town Auditor M. A. Kelly, certifying to the entries in the Treasurer's Books, and enclosing statement of receipts and disbursements. On motion the report was received and ordered to be printed in the town book.

Communication read from Mr. Geo. H. Sargeant with regard to refund of taxes paid. Referred to Assessment and Appeals Committee.

Communication read from F. W. Sumner, Agent General for New Brunswick in London, with regard to illustrations of the town and its industries for publicity in English newspapers. This letter was ordered to be acknowledged and filed.

Reports recommending payment of accounts were received from the following committees and on motion were adopted.

Public Charities	\$27.50
Finance	1992.85
Fire Protection	67.81
Water and Sewerage	459.12
Electric Light	253.65

Councillor Alexander read the Annual Report of the Electric Light department, which on motion was received and ordered printed in the town book.

Councillor McLean presented a report from the Special Committee appointed to look into the matter of tree-planting. He regretted the absence of Councillor Patterson, who perhaps would be better able to give information to the Council.

The report which was a lengthy one submitted recommendations to the Council for their discussion, and embodied among other things a recommendation that no trees be planted on Water Street, except on the town lot, which could be filled up and made quite a nice open space with trees, flower beds and seats. Also that no trees be planted on any streets which were not graded to a proper level or where the property adjoining was not improved to conform to the streets lines. Councillor McLean said that the committee had not been able to secure prices, but were of opinion that they could obtain about 150 or 175 trees, (Carolina Poplars), for the amount the ladies of the Women's Institute had in hand, the town to supply a like number of native trees to be planted under the direction and care of the Public Property and Streets committee.

He said the total cost was estimated about \$230, including small wooden guards around the young trees.

A most interesting discussion ensued on this report and in the end the committee were authorised to purchase the trees for the amount on hand and report back to Council.

Councillor Goss brought to the notice of the Council some requirements for the Fire Brigade, which were authorised some time ago, these being three Fire Alarm Boxes, 2 large tappers and 5 small tappers. The two large tappers had been purchased, but some complaints were being made with regard to the small tappers going out of order. He only desired to bring this matter before the Council, as he was not prepared to recommend that large tappers instead of small ones be purchased. The Council did not feel like taking any action in the matter, as the small tappers if properly looked after and adjusted, should be quite suitable according to representations made, and until further information was before them they did not consider the change advisable, considering the state of the town's finances.

On motion Mr. W. T. Cook was given permission to purchase stone from the town. Council then adjourned.

surely have been stacked up against very inferior teams as they were never in the hunt, and the result of the game was never in doubt. Foley was prominent for the visitors, as was Cormier in the penalty box. The locals were all in a class by themselves, their work being well known to all hockey lovers. McLean in goal was seldom tested and young Thomas was always prominent for the locals.

After the games the visitors were entertained to an informal dance in the Oddfellows Hall, where a large number of guests enjoyed the evening. The music was supplied by Newcastle Orchestra and was most highly commented on.

IMPORTANT MEETING OF BOARD OF TRADE

Bridge Matter Very Nearly Settled Engineer Now Making Survey Here

A meeting of the Board of Trade was held in the Council Chambers last evening, the President, Mr. F. E. Blackhall presiding over a good attendance.

Matters of great importance were before the meeting and full discussion on serious questions was taken part in by members of the Board.

The first matter dealt with was that of the Campbellton and Gaspe steamer service. All the correspondence regarding this was laid before the meeting and also the report of the delegation who saw the Minister of Trade and Commerce and this project. The minister stated that he could not see his way clear to increase this subsidy asked by the steamship company, as all the mail and much of the traffic was now carried by the railway, but he informed the Board through the Hon. Mr. Hazen, that a good offer had been made to the company to give a semi-weekly service, but it was understood the company was not anxious to accept this. The matter was laid over for further consideration and particulars.

A letter from F. W. Sumner, Agent General for New Brunswick in London, with regard to publicity was ordered filed.

Letter from the Imperial Year Book publishers was read, asking for information and soliciting a subscription. This was also filed.

The matter of a highway bridge across the Restigouche was then taken up. This was fully discussed by members present and some interesting information was given the Board. A letter was read from Mr. Thos. Busted telling of certain steps which had been taken and asking the Board the assurance of the Assistance of the Quebec Government to the proposal.

A report was received from Mr. D. A. Stewart, M. L. A., giving the result of the labors of the delegation to Ottawa with regard to this matter, where it was brought to the attention of the department of Public Works, and stating in his report that the building of a highway bridge for vehicular and pedestrian traffic was very close to an assured fact.

Mr. W. S. Montgomery of Dalhousie spoke of the work done at Ottawa. Premier Clarke of New Brunswick had been seen there and had promised the support of the New Brunswick Government. Mr. Montgomery stated that the Federal Government had given the assurance that the bridge would be built, and in order to start proceedings he was asked to write them regarding the matter so that it would come through the regular channel. This had been done, with the result that a government engineer was now on the spot, making surveys and taking soundings. An estimated cost of the project was to be made, and it would be their duty to then approach the New Brunswick and Quebec governments, to see what proportion they would give, the Dominion government to make up the balance.

The engineer, Mr. G. Stead, was present at the meeting and stated that the probable site of the approach to the bridge on the New Brunswick side would be somewhere near the Subway.

After further discussion and remarks from members, it was resolved that in the opinion of the Board of Trade, the proper place for the approach to the bridge on this side would be between the subway and the old Royal Hotel site, preferably the subway.

Vote of thanks to the delegation and especially to Mr. W. S. Montgomery were passed, after which the meeting adjourned.

CRUELTY TO ANIMALS Officer Mann on Saturday evening had his attention called to an old horse which he considered was too weak and old for the load being hauled. When the horse was stopped he fell down. The animal was lifted to its feet and assisted to a livery barn, where he had to be destroyed. The driver was reprimanded.

GAPE NURSE FOR FRONT The many friends of Miss Elora Mann of Shigawake, Que., will be pleased to hear that she has completed a three years training course at the Montreal General Hospital, and has joined the McGill General Hospital Unit for overseas service. Miss Mann will go to Quebec this week, where she will take a short military course before leaving for the front. Miss Mann is a sister of Officer Mann of the Campbellton Police Force.

A CORRECTION During a recent session of the Municipal Council the statement was made that Paul J. Doyle, Collector of Rates for Durham, was short in his remittance to the Secretary-Treasurer. Upon investigation it was found that this was incorrect, as Mr. Doyle had deposited the amount of reported shortage at the Bank of N. S., Jacques River, to be transferred to the Sec.-Treas. of the county at Dalhousie, but through some error in the Bank this had not been done. The matter was rectified by the Bank and we have been requested to make the above statement in justice to Mr. Doyle, who has always proved himself a careful collector.

TAKEN TO ASYLUM Moncton Times:—Two insane men, one from Campbellton and the other from Rogersville, were on the Maritime express Wednesday morning and taken through to the provincial lunatic asylum at St. John. The Campbellton man was very violent and was in charge of two men. Although he was handcuffed and had his feet tied together, he gave considerable trouble. The unfortunate man was in a rather pitiable state. His wrists were torn and bleeding as the result of his constant straining to free himself from the handcuffs. His keepers said the man had not tasted food for two weeks. A passenger on the train, seeing the injury caused by handcuffs, suggests that straps should be carried on express trains for use on violently insane people.

ANGLING SEASON SHORTENED
Two or three years ago a new re-
gulation was put into force, extending
the angling season for salmon in New
Brunswick and Quebec rivers from
Aug. 15 to Sept. 15th. This was done
upon request of anglers on the St.
John river, as their angling starts
late. The change was opposed by the
Reparian Association of the Restigou-
che, and last year a petition, largely
signed by the different anglers was
forwarded the Minister of Marine and
Fisheries, praying to have the season
close at the former date, Aug. 15th.
Mr. M. M. Mowat has been notified,
that in the new regulations adopted
by Order in Council on the 9th of Feb-
ruary, this change was made in so far
as it related to the Restigouche river
and its tributaries. The season for
salmon angling in the Restigouche will
in future be from April 1st to Aug.
15th, both inclusive.

**RUN-OFF ON THE

Accommodation Train From Gaspe
to Matapedia Leaves Track
Last Friday Evening

On the evening of Friday, March
5th, the A. Q. & W. R. Accommodation
train leaving Gaspe for Matapedia
jumped the track close to a place called
LeGresley's trestle. The train con-
sisted of engine, two box cars, a bag-
gage car and a second and first class
car. The second box car from the en-
gine left the rails for some reason or
other, taking with it the baggage car
and second class and first class cars.
The baggage and first class remained
on the track, the second class car was
turned over on its side and slid down
a 12 foot dump in the snow. There
were a number of passengers in this
car, but fortunately none were seri-
ously injured, three or four having
slight bruises, and one person having
his hand cut by glass, not severely
however. One man, an Italian com-
plained of pains in his side from fall-
ing over a seat and was taken to Dr.
Daniel and left under a doctor's care.
The doctor reported that there was
nothing serious the matter with him
except being bruised. The passengers
in the first class car had no injuries
of any sort. The reason for the acci-
dent cannot be found, as the track
was in good shape.

**GOOD SHOW AT OPERA
HOUSE NEXT WEEK**

**"The Master Key" Will be
Shown and Views of 26th
Battalion**

The first episode of the Master Key,
now running at the Imperial in St.
John will be shown at the Opera House
here on Monday and Tuesday evenings
of next week. On each of these nights
every patron to the Opera House will
be given a numbered ticket and before
the performance is concluded six num-
bers will be drawn from a hat. To the
parties holding the corresponding
numbers a complimentary ticket good
for the whole series of the Master Key
will be given. Each episode of the
Master Key, which is in two reels will
be shown here every Monday and
Tuesday evening until the serial is
completed.

Another good picture to be shown
here, also on Monday and Tuesday
evening next is that of the 26th Bat-
talion now stationed at St. John.
Parties who have seen this picture say
that all the officers and men are quite
distinct and patrons may reasonably
look forward to recognizing the Camp-
bellton boys now in the 26th Battalion.

This same bill will be shown at the
Dalhousie Opera House on Wednesday
evening next. The same system of
drawing lucky numbers will be observ-
ed at Dalhousie.

Tonight is the last chance to see the
solution of the Million Dollar Mystery.
Two shows every night, 7.30 and 9
o'clock.

ASSOCIATION FORMED**

**Branch of Dominion Organi-

A meeting of the merchants of
Campbellton was held in the Oddfel-
lows hall last Thursday evening and
was very largely attended.

Mr. McDonald, the provincial or-
ganizer of the Retail Merchants As-
sociation of Canada explained the ob-
jects of the Association very clearly,
and several of the merchants also
spoke, after which it was unanimously
decided to form a branch of the or-
ganization here.

Practically every merchant in the
meeting signed the constitution, and
those who were not present have since
joined.

The following officers were elected.
President—James P. Jardine.
Vice-Pres.—J. F. Gallagher, George
Vermette.

Treas.—A. A. Andrew.
Sec.—L. E. Renault.
The organization decided to get
eight to work and it was suggested
that the merchants hold a Dollar Day
during March. A meeting has been
called for this evening when the mat-
ter will be finally decided and the date
set.

**NARROW ESCAPE ON
I. C. R. NEAR BATHURST**

**Fast Freight Collides With
Sleigh Monday Night, Occu-
pant Slightly Injured**

(Transcript)
Shortly before midnight Monday
night, a head-on collision occurred on
the I.C.R. main line a mile or so south
of Bathurst, where the second section
of No. 75, north bound Fast Freight
collided head-on with a south-bound
horse and sleigh, which were being
driven down the middle of the track
by Frank Hachey, who is said to have
been intoxicated at the time. The
sleigh was smashed to kindling wood
and the horse was instantly killed and
cut to pieces, but strange to say,
Hachey escaped almost without injury.
The collision took place on a curve
and in the pitch darkness the engine
crew did not see the team until with-
in a few yards of it. When the train
had been brought to a stand-still, the
crew went back to look for the occu-
pant of the team, but he was nowhere
to be seen. After some time they
found him in a house, beside the track,
to which he had walked after the ac-
cident, and where he was sitting up in
an intoxicated condition, as someone
remarked, "singing little songs and as
happy as a boiled owl."
The services of a doctor were secur-
ed, but apart from a slight injury to
one knee, it is not thought that Hachey
is seriously damaged.

When the train pulled into Bath-
urst, portions of the sleigh were found

OPEN LETTER
The following letter from Art O'-
Keeffe has been received by Rev. Fr.
Wallace and by courtesy is given pub-
licity in our columns.
Candahar Barracks,
Tidworth, Eng.,
Feb. 15th, 1915.

Rev. E. P. Wallace,
Dear Father:
Just a few lines to let you know
that all the boys from Campbellton
are in the best of health. I had in-
tended writing you before, but kept
putting things off from one day to
another, but I suppose it is "better
late than never".
Our battalion is badly broken up
now. Arthur Poirier, Ernest Guinard
and O. Guidry are transferred to the
14th battalion and are either gone to
France or will go in a short time.
Harry Young is at Larkhill doing fati-
gue work. Dan and myself are draft-
ed to go to France with Princess Pat's
Canadian Light Infantry. We were
to leave two weeks ago, but orders
were changed, and now we leave on
Tuesday or Wednesday. A number of
Chatham boys are also going with the
P. P. C. L. I.; they are John J. Jar-
dine, Ed. May, Wm. Richardson and
George Cripps, Mrs. David Harquail's
brother.

We all went to confession and re-
ceived last Sunday, so you see we have
not neglected our church and duty.
One thing about the English army,
you must be either a Catholic or Prot-
estant, and church parades on Sunday
to either denomination is compulsory.

We are stationed here at Tidworth
one month. It is the second largest
barracks in England. We have two
Catholic churches here, St. Patrick's
and St. Georges. The Canadians have
two masses, one at 10 o'clock, the
other at 11 o'clock. Rev. Father Doe
of the 11th Battalion says our masses;
he is a very nice man. We went to
confession to Rev. Father Oddie; he
is stationed here and I guess has been
here for some time. Rev. Father O'-
Leary, the priest who went to South

Africa with the 1st Canadian Conting-
ent, has been in poor health ever since
we arrived in this country. He was
our priest in the 12th battalion, but
now he is stationed at Buffor Manor
hospital; some say he is going back to
Canada. He is a very old man for this
work, some of the boys say he is sixty-
four years old.

We landed at Plymouth on the 21st
Oct., embarked on the train for Pond
Farm, Salisbury Plains; we stayed
there in tents for five weeks then went
to Sling Plantation Barrack, both
places it rained mosty every day and
we were over our boot tops in mud.
Here we are in brick buildings, twelve
men in a room, lots of hot water to
have a bath, something we needed
very much.

I am very pleased to hear that the
people of your parish honored you on
your twenty five years of ordination,
here for some time. Rev. Father O'-
I am very sorry that I was not one of
them. Not giving you any "taffy".

dear Father, but if any priest should
receive recognition for his services,
you are the one.

We are getting a lot of hard drilling
here now, that is, the draft for the P.
P. C. L. I. We are hard at work from
8 a. m. until 4.30 p. m., and about two
nights a week we get night marches
and trench digging, so you see they
are putting us in the best of shape.

I just heard that the King, Queen
and Lord Kitchener are to review us
before we go to France. That will
likely take place on Tuesday and we
will leave that night.

Well Father, kindly remember me to
all, and tell them that we will try and
give a good account of ourselves when
we get to the front.

I remain,
Your humble servant
ARTHUR O'KEEFE,

boat some time in the future in order
to have it done thoroughly. My friend

MATTERS OF INTEREST IN HOUSE OF COMMONS

Hon. Chas. Marcell Interrogates the Minister of Marine Regarding the S. S. Canada

In the House of Commons last Monday, Hon. Chas. Marcell interrogated the Minister of Marine and Fisheries with regard to the S. S. Canada. The official report which follows makes interesting reading.

Mr. MARCELL: Following this inquiry into the disaster to the Empress of Ireland, have any changes been ordered by the department with regard to the dropping of pilots by steamers at Father Point?

Mr. HAZEN: Yes, we are carrying out the recommendations made in that respect. It may be necessary for us to obtain permission to build another boat some time in the future in order to have it done thoroughly. My hon. friend will understand that I have endeavoured to cut out of my estimates this year as much capital expenditure as possible; consequently they have been very considerably reduced. We are acting entirely in accord with the recommendations made by the commission especially constituted by this Parliament, of which Lord Mersey was chairman, and this year arrangements will be made which will obviate any danger previously arising from the source referred to.

Mr. MARCELL: Will the minister state briefly what was the result of the inquiry into the stranding of the steamer Canada at Ste. Anne de Monts?

Mr. HAZEN: I have here two lists of investigations. The first list is one of investigations into wrecks during the fiscal years 1913 and 1914. In this list I find: "Canada, stranding; no one to blame." The other list is one of investigations into wrecks during the period from April 1, 1914, to February 4, 1915, in which I find, under the heading "Canada, stranding," the following: "Master reprimanded, and mate suspended for three months."

Mr. MARCELL: Are any particulars given as to how the accident happened?

Mr. HAZEN: No. Mr. MARCELL: Has the Canada been in dry-dock this year?

Mr. HAZEN: The Canada is not a government boat; I do not know whether she has been in dry-dock or not.

Mr. MARCELL: The Canada in which I am interested is a boat subsidized by the Government, which is about to begin a new service. There has been a good deal of talk about this wreck, and I am anxious to know what position the matter is in at the present time.

Mr. HAZEN: This boat receives a subsidy from the Department of Trade and Commerce. Mr. MARCELL: Before a subsidized boat begins a season of navigation under contract with the Dominion Government, is it inspected by any officer of the department?

Mr. HAZEN: All boats are inspected by an inspector of hulls and an inspector of boilers and must obtain certificates from these inspectors before they are allowed to go on route.

Mr. MARCELL: Are the results of these examinations made public in any way? Are they accessible?

Mr. HAZEN: They are available in the department to any one who wishes to see them.

Mr. MARCELL: The Canada is a very old boat. She used to be known as the Copatriot, and belonged to a French company navigating between Baie des Chaleurs ports and St. Pierre Miquelon. Her name was changed and she engaged in service in Chaleurs Bay. She has met with several accidents, and the people want to know whether the boat is seaworthy or not. I was told that last year and the year before she should have gone into dry-dock.

Mr. HAZEN: The boat cannot go on route unless a certificate is obtained from the inspectors of hulls and boilers.

Mr. MARCELL: The certificate of the suspended mate is in force this year, then?

Mr. HAZEN: Yes, after the lapse of the three months.

Mr. MARCELL: We hear certain

strange stories from pilots, engineers, captains, etc., about the unseaworthy condition of such and such a boat. Is the minister certain that the inspections are properly and thoroughly made? I heard many stories in connection with the Canada that I do not care to repeat. Is the department in a position to know that the work of inspection is very thorough and full?

Mr. HAZEN: They make reports to us of their personal inspections of every single boat and these reports are in the department. Their instructions are to make most careful examinations, but in view of what has been said I think we shall send out a special circular letter to the inspectors calling their attention to the instructions received and pointing out that there is some alarm in the public mind that the inspection is not sufficiently thorough and telling them to see that the examination is as thorough as possible.

Expenses of schools of navigation, \$8,000.

Mr. HAZEN: This time is intended to cover the expenditure in connection with the department's free navigation schools already established and to provide any extension of the service that may be undertaken in the fiscal year 1915-16. Free navigation schools are now in operation during the whole year at Quebec, Halifax and St. John, and during the winter free navigation schools are operated at North Sydney, Collingwood, Vancouver and Carleton. The hon. member from Bonaventure (Mr. Marcell) brought the necessity of that part of the country to my attention last year, and we established a school at Carleton, in Bonaventure county.

Mr. MARCELL: Who is the instructor?

Mr. HAZEN: Captain Landry. Mr. MARCELL: Has the result been encouraging?

Mr. HAZEN: According to the report, the new school opened at Carleton, Bonaventure, on the 1st of December last, under Captain Landry has had an average attendance of six pupils and these will be ready for examination for certificates about the middle of February. There has been an average attendance of six pupils, and it cannot be said that the school is a failure.

Mr. MARCELL: For the first year that is very encouraging. Will the school be continued at Carleton or moved along the coast to other parishes, say Bonaventure?

Mr. HAZEN: Does the hon. member think there is a site better adapted for the school than Carleton.

Mr. MARCELL: Bonaventure has some three thousand people. It is further east than Carleton.

Mr. HAZEN: I shall consider the desirability of changing the location.

STRONG INDICTMENT AGAINST LICENSES

Records Show That Drunkenness Has Largely Increased Since April 1914

Two years ago, when the liquor dealers were waging the campaign, which resulted in Ward Three going wet, one of their favourite arguments was that no more liquor would be sold under license than was sold under them—of the truth. We regret that it should have cost the licensees a couple of hundred each to learn their mistake. It is impossible not to admire their delightful obstinacy in throwing away another two hundred this year. Perhaps they think what is given in a good cause is never lost.

Here are the figures, taken from the police court records:

During the year 1913, under local option, there were 271 arrests made. Of this number, 150 were for drunkenness. In 1914, one-third of which (till Apr. 30th), was under local option, and two-thirds under license, there were 389 arrests, and 247 were for drunkenness. In other words, the total number of arrests increased over 43 per cent, while the arrests for drunkenness increased 64.2-3 per cent.

The above figures speak for themselves. The reign of sobriety seems no nearer than before, although we have so many legally authorized saloons in the town. It is somewhat curious that any person should have professed belief in such an absurdity.

Another favourite cry with the liquor party was that the existence of the licensed places of business would soon put out of business the unlicensed places. Apparently it has not resulted quite this way. During 1913, sixty-four cases for violation of the Liquor License Act were tried, and forty-one convictions were obtained. In 1914, forty-four cases were tried, and thirty-four convictions have been obtained. The illegal sale has not stopped. Before license was introduced, the man who wished to sell liquor must procure it outside of the town. He must smuggle it in under constant risk of detection. He must keep a considerable stock on hand, and was liable at any time to have this stock discovered during a police raid. Also the presence of a drunken man on the street was prima facie evidence that someone had broken the law, and if his trail could be followed backwards, it led to the neighbourhood of the offender. But under the present state of affairs, any man may, as ten o'clock draws near, procure two, three, or six bottles of liquor, by merely paying down his money. It can readily be seen that this makes the work of the officers immeasurably more difficult.

The question of the expense involved is rather interesting. During 1913, 300 meals were supplied to prisoners; during 1914, 469 were provided, an increase of over one-third. The indictable cases were about the same, ten in one year, nine in the other. There must also be reckoned constables' costs, trips to Dalhousie in cases where the accused failed to pay up, which were increased so much with every case. Altogether, it would seem that the public-spirited endeavours of the tavern-keepers, and others, increased the cost of our police department considerably.

As for the objection that the fines collected from the prisoners should help to pay this increased cost, let us see. During 1913, the fines collected amounted to \$745.50. Despite the large increase in the number of arrests for drunkenness, 1914 only shows a record of \$889.50. In other words, the offences increased 64.2-3 per cent, while the fines paid increased only 19 per cent. Would not this seem to indicate that the liquor-seller is now getting far more of the drinker's money than before, since the poor fellows in many cases have no longer the wherewithal to pay?

We hope that the above figures, obtained from the certified reports of the Chief of Police for 1913 and 1914, will sufficiently explode the theory that more liquor can be sold under local option than under license. If further testimony were necessary, the presence on the streets of dozens of drunken men, where formerly only one or two were to be seen, would go far to furnish it. It is too true that we can do nothing to remedy this state of affairs until May, 1916. As the law now stands, that is the earliest date when local option can be re-established. It is a bitter reflection that the British Empire has fallen behind her Allies in this matter, and that, where France prohibits absinthe, Russia vodka, and Japan sake, Britain alone has allowed the curse to go on. May the rulers of our Empire soon awaken

DOLLAR DAY

It is now thought that it will not be possible to put on a Dollar Day here this month. The success of such a day would lie largely with the amount of advertising it would receive, and as the date first suggested is next week, it is felt that there is not sufficient time to get matters in order to properly advertise it, and the day will likely be set for some time in April.

About 26 local recruits are being drilled here, until orders are received for their removal to the point of mobilization at Amherst. The men are making a good showing and will no doubt give a good account of themselves when they have an opportunity to get at the Germans.

BLACK POINT The weather for the past few weeks has been very fine and the roads are in excellent condition. Miss McNeish of Point La Nim and Miss Miller of Dalhousie were the guests of Mr. and Mrs. Alpheus D. Ward last week. Mr. Samuel Laughan and Mr. Thomas McCurdy were in Dalhousie last week to attend the funeral of the late Mr. Montgomery. Mr. and Mrs. Robert McNair of Vancouver were visiting relatives in Black Point last week. Mr. John Murphy of Jacquet River was the guest of Mr. and Mrs. Jerry Collins last week. Miss Elsie Collins is visiting friends in Harcourt. Mr. John Ward was in Dalhousie last week. The people of Black Point wish the Dickie Bros. much success with their new store. The many friends of Mrs. A. Steward regret to hear of her illness. Miss Ida McCurdy and Mrs. A. A. Ward were in town last week. Mr. Lincoln Buchanan and Mr. Gordon Dickie were the guests of Mr. John Sheehan last Wednesday. Miss Teresa Collins and Miss Lillian Collins were visiting friends in Jacquet River. The many friends of Miss Edna Shea are glad to hear of her recovery. Mr. Duncan McCormick and little son Charles were the guest of Mr. and Mrs. Peter Hamilton Wednesday last. Miss Martha Dickie was the guest of relatives at New Mills last Wednesday.

ATHOL Mrs. Thibideau and family of Bathurst are the guests of Mrs. Boulet. Mr. Cameron Walker has enlisted for service in the Third Contingent. He will be greatly missed in Athol. Miss Harper spent the week end at her home in Oak Bay. Miss O'Leary of Richibucto visited Miss Francis Lanigan last week. Mr. Stan. Daley spent Sunday with friends here. Mrs. Dickison is spending a few weeks with friends, near Woodstock. A number of young people attended a skating party in Campbellton rink one evening last week, among those present from Athol were—Misses G. Hobart, O. Boulet, M. Murphy, F. Harper, H. Wilkins, H. Keeley, A. Hill, Messrs. W. Hill, A. Hill, W. Boulet, H. Daley. Mr. Lloyd Bryenton is visiting at his home in Millerton. Mr. N. Boulet spent Sunday at his home here. Mr. Clifford Ayles of Richards, was home for the week end. We regret to hear that Mrs. Savage is seriously ill. Rev. Mr. Jenner held a cottage prayer meeting at the home of Mr. Hill one evening last week, quite a number attended. You've all seen B. O. Bates as Jake Baxter, and the Minister. He makes the biggest hit as Pa, Hobbes, manager of the Great Forever Circus.

GASCONS The Episcopal service held here on Sunday last was conducted by the Rev. Mr. Buckland of New Carlisle. A splendid sermon from the text "Behold I stand at the door and knock" was appreciated by the congregation which filled the church. Mr. Buckland was accompanied by Mr. J. Camiot of Port Daniel and proceeded to Newport, where service was held on the same evening. Mr. P. Acteson's many friends will regret to learn that Mr. Acteson has been suffering from a lame back for some time past and is feeling but slight improvement. Mr. Geo. Le G. Acteson, of the Port Daniel Branch of the Bank of Nova Scotia, is now at home for his holidays. Among the commercial travellers who have passed through here during the past week were Messrs. Fleming, Renault, Morris, Scott and Stroud. The vehicle occupied by the former three occasioned a few remarks. Both sleigh and steed were undoubtedly "relics of auld decency". A Shilling Fund has been started at No. 1 School by the teacher, Miss Brien, in aid of the Belgian children. It is to be hoped that both parents and children will enter heartily into such a deserving cause. Splendid specialties between acts. Big surprises. Don't miss the overture, it begins at 7:15, Wednesday, March 17.

PASPEBIAC Rev. A. T. Love of Port Daniel exchanged pulpits with Rev. Buckland of Paspebiac last Sunday. Among the travellers in town last week were Messrs. Rochan, Renault, Fleming, Morris, Shroud and Smith. Mr. Earle C. LeQuenne left last Thursday for Port Daniel to relieve Mr. George Acteson for two weeks at the Bank of Nova Scotia. Miss Maida Acteson, who has been visiting her relations here left on Monday. Mr. J. E. Levesque returned last Saturday from a trip down the coast. Mr. and Mrs. F. M. Gibaut arrived here on Tuesday from Jersey. All pleased to welcome them back.

CAMPBELLTON FOLKS ASTONISH DRUGGIST We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-ika, is the best we ever sold. Campbellton folks astonish us daily by telling how QUICKLY Adler-ika relieves sour stomach, gas on the stomach and constipation. Many report that a SINGLE DOSE relieves these troubles almost IMMEDIATELY. We are glad we are Campbellton agents for Adler-ika. A. McG. McDonald, druggist.

NEW CARLISLE It is with very deep sorrow that we record the death of one of our best and most respected friends and citizens, Mrs. T. J. Caldwell, who passed away Saturday night at 12 o'clock. Mrs. Caldwell had undergone an operation in Montreal for cancer, returning about 5 months ago in a rather weak condition and never gained strength, but gradually weakened, although seemingly without pain until the end came quite peacefully. Much sympathy is felt for the family. Mr. Caldwell, one daughter, Miss Rena, two sons, Claud and Lee, are left to mourn the loss of a kind and loving wife and mother. The funeral took place Tuesday at 4 p.m. from her home to the Presbyterian church. Rev. J. F. McCurdy of Redbank, N. B., who has been here for the past two weeks, conducted the service. The rev. gentleman expects to leave this week for his field in N. B.

BLACK CAPE The many friends of Mrs. Archibald McRae will be sorry to learn that she has been confined to her room through illness, but we understand that she is now on the mend. We also regret to learn that Miss Wave Fairservice is suffering from nervous trouble and is under the care of the doctor. The friends of Mr. Philip Manger will learn with regret to hear that he is confined to the house through illness. Mr. James McKenzie, while working in the woods on Saturday, met with a bad accident by giving his leg a deep cut with an axe, which will lay him up for some time. A number of our young people went for a snow shoe tramp on Friday night, and after the tramp was over, all gathered at the home of Mr. and Mrs. Robert McNair, where a dainty lunch was served, and a gay time was reported by all. Mr. Fallu and Mr. Cyr of New Richmond were in Black Cape last week in the interest of the Massey-Harris Co. The Dr. Wardrop and McCurdy Mission Bands served cake and coffee on Saturday night at the house of Mrs. William Henderson. Mr. Thomas Howatson and Mr. Thomas Fairservice have returned from a trip to Dalhousie. Mr. Fred Belanger of Campbellton is visiting his brother Ernest here at present. Messrs. Leslie and Herbert Campbell left on Monday morning on a trip to Bonaventure River and New Carlisle.

GASPE BAY The roads here are very bad at present, owing to the heavy fall of snow and the weather has not settled yet. March is keeping up the style by coming in like a lion. The young people succeeded in clearing off their rink and a very successful and pretty carnival was held on Tuesday night, the 2nd. The costumes were very nicely got up and everything was very nice. Miss Gladys Becher-vaise took the prize. Mrs. Edwin Miller of Peninsula is spending a few days with her parents of this place. FREIGHT TRAFFIC

D. A. Story, General Freight Agent.

A well-known writer on Railway subjects has said that the freight business of Railroads overshadows all others. "It is the greatest single business ever carried on in the annals of the world: all others contribute to its volume, it is the greatest factor of our time; it has changed the conditions of supply and demand; its volume and character measure the wealth of nations, and indicates the limit of man's progress."

The careless observer sees in a passing freight train only a huge locomotive hauling behind it a long string of cars of exceptionally plain design, a few obtrusively bright to call attention to the nature of their contents either for protective or advertising purposes, but most of them of unassuming colour and differing from one another only in the names of their owners and in their distinguishing numbers, and yet this train and those of its kind are worthy of a second thought from the most indifferent, for from them the population of the country depends, in an ever increasing degree, for the food it eats, the clothes it wears, and the fuel it burns. They represent the freight traffic of the road, one of the two principal sources of the revenue which enables the road-bed to be kept up, the stations to be provided and maintained, the rolling stock to be built or purchased, and repaired when necessary and the staff required to operate the road, paid. On their number depends largely the amount of labor required, and on the result of their work the nature of the remuneration that can be given.

These engines that haul them are the laborers, the wage earners par excellence of the roundhouse; they are built not for speed nor for beauty, but for hard work, and day and night, regardless of weather conditions, they struggle along, up hill and down, dragging behind them all the weight that they can haul. These cars too are the wanderers of the railway world, who are not contented to remain tied to the apron strings of their owners, and to locate in their own country, but who are wayward from their youth up, hard to control, prone to leave their home at any time and on short notice and for stays of uncertain lengths. Some of them return home frequently, others stay away for long periods, and it requires a good deal of coaxing to get them back at all, others meet with accidents in foreign lands and never return. As a rule very little care is taken of their appearance, notwithstanding the fact that they have some pronounced virtues: they are faithful workers and are always sending money home.

The loads of these trains too, indicate, among other things, the nature of the country through which they pass; the principal occupations of its people; the skill of its manufacturers, and the enterprise of its merchants. They consist not only of the hay, grain, vegetables and cattle raised on our farms, the fruits from our orchards, the coal taken from our mines, and the harvest gathered by the toilers of the sea along our coasts but the natural and manufactured products of other parts of the Dominion, and of foreign Countries, moving to and from, as the necessities of trade demand, or the availability of the route makes possible.

Railroads are usually built more for the promotion of trade than for any other purpose and there is little doubt that the Legislators of the past had this object in view when building first the Nova Scotia and New Brunswick Railways and subsequently the Intercolonial; but it is open to question whether in their fondest dreams they could have anticipated the extent and nature of the development that has resulted, the volume of trade that has been created, the distribution that has been made possible.

To-day you will find not only in Quebec and Ontario, but west of the Great Lakes to the Rocky Mountains in British Columbia and the Yukon, stoves and ranges, enamelled sinks and bath tubs, boots and shoes, woollens, clothing and paper, furniture, mining tools, and many other things manufactured in these lower provinces. You will find the breakfast tables in the Justices for trial. The public seldom learns anything about the case until a brief despatch is given out stating that so and so accused of breaking and entering a station has been sent up for trial. Yet the reports that go into headquarters often reveal a tale that would be excellent newspaper "copy" if the railways were desirous of having such things made public. Railways prefer to keep such matters quiet however, being desirous only for the safety and welfare of their patrons, and their own protection from the lawlessness of those who would prey upon them to a much greater extent were it not for the efforts of their police.

The station policeman in the more populous centres has many duties to perform. He is supposed to be a fountain of information concerning all travel questions, and to answer promptly and pleasantly many enquiries that would make the ordinary person forget his Sunday School

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 5961 Teboupioula St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."—Miss ESTHER MAGUIRE, 110 Thwing St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

teaching. When some nervous person approaches him every five minutes and asks the same question regarding the departure of a train, he has to smile and give assurance that he will see personally to it that no mistake will occur. The big fellow in brass buttons is the visible head of the railway to the travellers waiting around the stations, and he is often held responsible for delays in train service, and condemned for not giving the right answer to a wrong question. He sometimes has to straighten out domestic tangles, find missing relatives, frustrate the plans of eloping couples, and see to it generally that the world moves as straight as possible—around his station, at all events. Very often apparent crimes are turned into trifling incidents by his sagacity. An excitable woman perhaps has lost her purse, and she frantically tells the officer that it has been stolen either on the train or in the station, and goes so far as to point out somebody of whom she is suspicious. "Let me see," the policeman will say, "where did you have it last, and what were you doing at the time?" A few leading questions such as these and the policeman is able to begin a search, which often results in the finding of the missing article. Lost children, too, have sometimes to be cared for, and sometimes the hungry have to be fed. It does not matter much what the duty of the hour is—the railway policeman is generally ready for it. Each day brings a repetition of much of his daily routine; but there is always the chance of the unexpected and every other day brings a new experience. Thus the policeman, becomes a very necessary part of the railway machinery.—Railway Employees Magazine.

**SPRING STYLE FOR 1915
TAILORED SUITS & COATS
*** SHEPARD'S *****

Never before have the fashion changes been so marked. In **SPRING SUITS** the most significant change in the style is the wider skirt with yoke effects, pleats or bands. The fuller skirt make necessary a short coat.

SEPARATE COATS are in medium length and are distinguished by flare and pleat effects at the sides together with belts, while putty and sand shades are novelty colors. Black, Navy and Belgian blue will be mostly worn, perfections of cut and tailoring are the deciding factors in the attainment of correct lines and smartness of effect. Our garments have all these features together with perfect fit and shape keeping qualities. Our prices will be found moderate in every instance. New spring goods constantly arriving.

I. C. R. STATION AT DERBY JCT. BURNED
Newcastle, N. B., Mar. 10—The Derby Junction Station on the main line of the Intercolonial, three miles from here, was totally destroyed by fire, this afternoon.
The freight shed is now in flames. The fire is thought to have come from the spark of a passing locomotive. Later—The Graphic has been informed that the fire caught inside the station, which was quickly destroyed. The flames spread to the freight shed, but the freight therein was removed to a place of safety.
The destruction of this station will enable the I. C. R. authorities to erect a suitable depot at this important junction point to handle the large volume of traffic which now passes through it.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD
Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.
Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need clearing at once. When nervous, irritable, restless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.
