HOW THE ONTARIO BRIGADE STORMED STONY MOUNTAIN

—INDIVIDUAL ACTS OF BRAVERY RECORDED—

German Trenches Carried in Face of Galling Fire—Many Officers Killed and Bomb Party and Machine Section Almost Shot Down.

Ottawa, July 14.—An account of the exploits of the first Ontario battalion of the Canadian expeditionary force is given in the eye-witness narrative compiled by Sir Max Aitken, the Canadian record officer at the front. Individual instances of splendid heroism and gallantry are noted by the observer. The narrative, which is a continuation of the story of the orchard battle, begins with the fighting in the middle of June. The narrative follows:—

On the Canadian Battle Front, July 14, via London.—About this time (the middle of June) a British division was directed to make a frontal attack on a fortified place in the enemy's trench line, known to our intelligence staff as "Stony Mountain." The first Canadian Ontario Regiment, commanded by Lieut. Col. Hill, of the first brigade, was detailed to secure the right flank of the British division by seizing two lines of German trenches between Stony Mountain and another fortified place known as "Dorchester." Which was 500 yards to the south. The defensive flank to be thrown back to the night, if our men got through would depend upon the advance made by the British division.

Working parties of the second and third battalions of the first brigade were told off to secure the lines of trenches and to connect them with our trenches and finally to make the defensive flank.

After a few days of preparation the first Canadian battalion, Ontario Regiment, moved up and at 3 o'clock in the afternoon the battalion reached our line of trenches opposite the position to be attacked, when the second Canadian battalion, under Lieut. Col. Watson, which was holding the trench position, withdrew to the right to make room for them.

The French line on the right of the attacking battalion was held by the second and fourth Canadian battalions as far as the La Basse Canal with the third Canadian (Toronto) regiment in support. The left was held by the East Yorks.

AN ARTILLERY DUEL

From three o'clock until six in the evening the Ontario Regiment waited the command to charge and sang their chosen songs. The enemy bombarded our position heartily, though our artillery had the better of them. Fifteen minutes before the attack was timed to take place two 18-pounder guns which had been placed in the trench under cover of darkness on the instruction of Brig. Gen. Burstall, commander of the Canadian Artillery, opened fire upon the parapet of the enemy's trenches.

One gun under Lt. C. S. Craig fired over 100 rounds sweeping the ground clear of wire and destroying two machine guns. Lieut. Craig, who was wounded at Ypres early in May and again while observing near Guinchy was seriously wounded after completing his task here.

Lieut. Kelly, who was in command of the other gun, succeeded in destroying a machine gun when his own gun was wrecked by an enemy shell and he was wounded. The gun shields were tattered and twisted like paper by the mere force of musketry fire.

Just before six o'clock a mine, which had been previously prepared by the sappers, was exploded. Owing to the discovery of water under the German trenches its tunnel could not be carried far enough forward and the Canadian troops had accordingly been withdrawn from a salient in the Canadian line known as "Duck's Bill"

LORD LANSDOWNE DELIVERS FRANK SPEECH ON THE NECESSITY FOR CONSCRIPTION

Need to Organize the War—Great Unnecessary Losses Through Lack of System in the Past.

London, July 14.—The general session of munitions came up for another grilling yesterday, this time in the House of Lords with the Marquis of Lansdowne, minister without portfolio, as the chief spokesman. His remarks were made in moving the second reading of the Registration Bill by which it is hoped to classify the workers of the country so that they can be pressed into the making of munitions if they show a disposition to shirk their duty.

"This measure," said the Marquis of Lansdowne, "lays the only foundation on which any country can organize its resources in a crisis similar to the one through which we are passing at present. We have suffered severely for want of proper organization. But no one will deny that if there have been confusions, misdirected energies, great disappointments, and if these things have resulted in disastrous consequences, this cannot be due to a lack of patriotism or good-will or skillfulness on the part of the people, but to the defective machinery of our national organization, to our failure to collect in good time the necessary knowledge of the facts, to take stock of them to classify. It is because of that failure in these things that the state has found itself unable to supply that confidence to our allies which the community can be sure that he is supplying his zeal and energy to the greatest advantage."

THE LACK OF EFFICIENCY We have been convicted as a nation. We have been found guilty by foreign critics—a friendly criticism of our inefficiency in our national organization. As to the lesson to be learned, surely it is this, that the country should not tolerate a recurrence of the kind of incidents of which we have had recent experience, and that no Government, however constituted, will command or retain the confidence of its people unless it takes steps to render such miscarriages of effort and energy and goodwill impossible in the future. There has been a great awakening in the public opinion. It was the main conception of our responsibilities in war up to a year or six months ago

that we should have a strong navy, a home army of sufficient strength to defend our shores, and an expeditionary force of six divisions ready to be thrown into any struggle on the continent in which we might be interested. We believed that recruits could be taken from any source, and that the markets of the world would be open to supply us with all necessary munitions in the meantime. We left the civil population to itself. It was free to sell its labor as it pleased and when it pleased, or not to work at all.

We have now realized that the safety of the Empire. We have realized that the old go-ahead-as-you-please system has broken down completely. 22 DIVISIONS IN FLANDERS. "The six divisions fighting with realities have been followed by others, until now, unless I am mistaken, there are 22 or 23 divisions (about 420,000 to 440,000 men) in the European theatre of war. New armies had to be created. The volume of men necessary was surprising. We had not paused to consider whether or not we were taking the right men. The stream of equipment did not flow so satisfactorily; our own factories were unequal to the strain; our great contractors left us in the lurch; in the foreign markets we found ourselves competing with our allies. There was a pitiable scramble for munitions, and all knew how grievous and unsatisfactory the result had been.

Protrudious efforts had been made to overtake the arrears, and they had been attended with a considerable measure of success. But we shall never know what these defects in the organization of our government have cost the nation in money, in anxiety, in lives and in the prolongation of this war. Even now, are we not as far as ever from our ideals, which are that every member of the community should take part in the great national task in the direction of which he is fired. For many useful men have been taken from the arduous work of eminently useful agricultural laborers have been coaxed away, and perhaps

BORDEN IS HONORED Worthy of Great Nation Which He Represents.

London, July 14.—"An admirable and most moving speech," was the phrase used by the Right Hon. Arthur Balfour respecting Sir Robert Borden's utterance as the guest of honor at the luncheon given yesterday at the House of Commons by the Empire Parliamentary Association. The function, though brief in character, was a historic one, bringing together the Imperial and the overseas legislators for the first time since the outbreak of the war.

The duty of proposing the toast to "Sir Robert Borden and Canada," fell to Mr. Bonar Law, who in a quiet but effective speech, showed how Canada had dissipated all doubts as to her ability or her readiness to help the Empire in its hour of need, with the result that, in the words of a record officer after the battle of Ypres, "It meant more to be a Canadian to-day than it did a week ago."

"I am proud of having been born in Canada," declared the Colonial Secretary, amid applause. In the closing portion of his speech he showed how present events were amply fulfilling Sir Robert Borden's prophecy of three years ago, when, forshadowing a critical decade, he had pledged the Dominion's readiness to take a legitimate share in the defence of the Empire if a crisis arose. "Respected by friend and foe, and worthy of the great nation which he represents," was Mr. Law's tribute to the Canadian Premier.

Among the guests were Lord Curzon, Lord Selborne, Lord Emmott, Sir George Perley, Lewis Harcourt, Major-General Hughes, General Carson, Col. J. J. Carrick, M. P., R. B. Bennett, M. P., Hon. Dr. Pyne, Acting Premier of Ontario, T. P. O'Connor and Will Crooks.

COURIER COMFORT BOX ARRIVES AT THE BATTLE FRONT

The first Courier Soldiers Comfort box, it is now evident has arrived at its destination. The following brief cable was received in the city from Major Colquhoun: "Field P O. Received your box. All well. Write later. MAC"

Other boxes are following that first one hot foot and the Courier is always open for further contributions. The letters from the front will tell of the pleasure it gives, and you will find how good it has been to give. "FILL THE BOX."

ALIEN ENEMIES EMPLOYED BY ONTARIO FIRMS?

Question Raised in the Commons Over Toronto and Hamilton Concerns.

London, July 14.—In the House of Commons to-night Mr. Wilson asked the Minister of Munitions if he was aware that the National Coal Company of Hamilton and the Canadian Car Company of Toronto, who had contracts to manufacture munitions for the British Government, were employing Austrians and Germans and paying the workmen less than the standard rate. Would he take steps to prevent the employment of alien enemies on the manufacture of munitions?

Mr. Maitland, replying said: "We have no information in the particular cases referred to. The Minister of Munitions has full confidence that the Canadian Government will take steps to deal with the matter."

F. W. Sumner, Agent-General of New Brunswick, has just left Montreal to take up his duties in Britain.

NO FURTHER DEVELOPMENTS FOR PRESENT

Expected Till Pres. Wilson Returns—He Feels Situation is Not Serious.

By Special Wire to the Courier. Washington, July 14.—Pending the return of President Wilson from Cornish, N.H., it was believed there would be no more developments in the situation, which has arisen between Germany and the United States over German submarine warfare. Just when the president would return to take up with his cabinet the latest German note, was not definitely known, but the president in a despatch to his private secretary, Mr. Tamm, said that he would be here soon. The supposition is that he will be in Washington the last of the week and that the subject will be considered at Tuesday's cabinet meeting.

ENDED RUMORS

The president's telegram was given out as a White House statement and ended rumors concerning his attitude towards the German reply. It indicated that the president had reached no decision as to the policy of the government and it is believed to have been called forth by statements that he already had made up his mind, and that he did not view the situation as seriously as some of his advisers. The statement said that president was giving the German note his closest attention, keeping constantly in touch with Secretary Lansing and that as soon as both had maturely considered the situation the president would return personally to confer with Mr. Lansing and the cabinet after which there would be as prompt an announcement as possible of the purposes of the government.

SHARP PROTEST

By Special Wire to the Courier. Berlin, July 14.—A despatch from Stockholm to the Overseas News Agency says that the Swedish minister in London has delivered to the British Government a sharp protest against the perpetual molestation of Swedish commerce. Norway and Denmark, the message adds, supports the protest.

GERMAN PRESS HAPPY OVER 'THE SITUATION

By Special Wire to the Courier. London, July 14.—The Times surveying the recent German press comment, says: "The newspapers display greater confidence and satisfaction than at any time since the outbreak of the war. The military situation on all the fronts is represented to be very favorable; the diplomatic situation as regards especially both the United States and the Balkans is described as records of the assured foundation of its old glory and civilization. The press maintains that Great Britain owing to military disappointments and her lack of preparation is involved in difficulties for which no remedy can be found, and which are practically destroys all hope of victory."

ALLIED REVERSE.

By Special Wire to the Courier. Berlin, July 14, via London.—The German official statement issued to-day announces that the Germans yesterday captured French positions in the forest of the Argonne for a width of three kilometers (1.8 miles) and for a depth of one kilometer, and that they also stormed Hill 2885. The Germans claim they made 2,581 prisoners, took two field cannon and rendered eight cannon useless.

PRINCESS PATS BEING AGAIN REINFORCED

Pte. F. Wade, writing to his mother, says:—"I have arrived at Shorncliffe quite safely after a nice pleasant journey. We had a great reception everywhere we stopped. Crowds of people rushed from all parts to cheer us. We have been placed as reinforcements for Princess Pats so we will not be in England for many weeks. Shorncliffe is a pretty place and we are just outside the city limits. We have three times and succeeded for this one. Nothing can exceed the keenness or the efficiency shown by the Duff's quota at present after their short period of training. "They're super—fine fellows," was the comment of one of the other way, whose life has lain here soldiers have died and fought daily, and is spending his days apart from it all by reason of infirmity to-day. "England has this unique occasion in her history—soldiers are drilling on the Terrace and on the market square.—MEN ARE NEEDED—and Canada's hour is coming, the crucifixion of all that held home and self is best, will come—must it be awaited, or will it be accepted now?"

GERMAN PRESS CANNOT SEE THAT IT IS SO

That a Storm of Indignation Has Swept U. S. Over the Reply.

By Special Wire to the Courier. Berlin, via London, July 14.—The conflicting reports of the reception of Germany's note to the United States Government concerning Germany's submarine warfare still keeps a majority of the afternoon newspapers from commenting on it. Exceptions to the rule are the Kreuzzeitung, The Tages Zeitung, and the Boerschen Zeitung, which express the belief that British and French news agencies have purposely selected unfavorable editorial expressions from the American newspapers for the sake of the effect they will have in Great Britain and France.

HOPELESS IF SO

The Kreuze Zeitung says: "Regarding the reception of the German note in America, several additional reports from British sources are now at hand. Reuter's Telegram Company presents about a dozen short sentences from as many American papers. Were these really approximately a faithful picture of the thought of the American press as a unit we should have to discard every hope of a possibility of an understanding. The conception of a great majority of the German-people is that we showed in our note an earnest desire to meet as far as possible justified American interests."

RAZORS NEEDED

Kitchener recently issued an appeal for razors to be sent to the men at the front. In this regard the local Board of Trade has taken hold of the matter and anyone having such implements which they can spare are requested to leave them at either of the two newspaper offices or at the hardware stores. A representative of the Board of Trade will collect them on Monday.

UNIQUE PHASE IN BRANTFORD'S HISTORY TO-DAY

Much interest is manifested locally in the recruiting and drill of the "red coats" of the 25th Brant Dragoons and indeed it would seem that the "glamor of days that were" surrounds the glitter of steel and clink of silver spurs. Allied as the 25th are with the famous Essexkilen Dragoons regiment, there is a traditional feeling of regimental association that cannot be disregarded, and is an undoubted factor in the psychology of enlistment. Soldiering has preserved some traits of its old glory and gained many stronger ideals than ever before since the Crusaders, martyred for their ideals, and gave to die for principle, sailed on their old argosies for the Holy Land.

Wars have been fought and won under every flag, wars of wrong, oppression and of hate, but it remained for the twentieth century to have a war in which the "best" should face the "dregs" of the centuries refining and purifying of life and civilization. When one surveys the ready offer of life for this, it is easier to believe that right has not vanished wholly from the scheme of things, and that to-day there are men willing to die, or give all that righteousness may not be trodden upon.

THE INFANTRY

The khaki-clad soldiery have gained greatly, and more recruits are being added. They too feel the touch of other days, and knowing the brilliant records of their comrades in arms, are building on the assured foundation that emulation is the only way in which they can live or die. Few regiments are given to honor as the Dufferin Rifles, and none have the equal distinction of courage and ready response. Tales of men who have tried each time, of men who pleaded that they might be allowed to leave all they hold dear and go out to die, are common to this corps—and the present unit contains one who has tried three times and succeeded for this one. Nothing can exceed the keenness or the efficiency shown by the Duff's quota at present after their short period of training. "They're super—fine fellows," was the comment of one of the other way, whose life has lain here soldiers have died and fought daily, and is spending his days apart from it all by reason of infirmity to-day. "England has this unique occasion in her history—soldiers are drilling on the Terrace and on the market square.—MEN ARE NEEDED—and Canada's hour is coming, the crucifixion of all that held home and self is best, will come—must it be awaited, or will it be accepted now?"

VON LIMAN RECALLED

Berlin Orders the Return of German Commander From Gallipoli

LONDON, JULY 14.—THE CORRESPONDENT OF THE DAILY NEWS TELEGRAPHS FROM ATHENS:

"GENERAL LIMAN VON CANDERS, GERMAN COMMANDER ON GALLIOLI, HAS BEEN RECALLED TO BERLIN."

PARIS MAN WOUNDED

Word was conveyed to many friends of Napoleon Larion, of Paris, by this morning's casualty list that he had been wounded in action. No other details are to hand as yet of the nature of his wounds. He is a married man and worked in the knitting mills at Paris before enlisting with Capt. Colquhoun in the first contingent.

SECOND CONTINGENT MAY GO TO FRANCE EARLY IN THE MONTH OF AUGUST

Busy Days Being Passed at Shorncliffe--Holding a Great Number of Parades--Canadian Officers on Sick Leave May Return Home.

London, July 14.—The statement which appeared in the Canadian papers under date of June 11, to the effect that every battalion of the Canadian division had safely arrived in France, conflicts strangely with facts, derived from actual observations. The Mail and Empire correspondent visited Shorncliffe camp 2 days ago and saw several units which are included in the second contingent, and moreover conversed with officers with whom the subject of the transfer to France within the next few weeks was discussed. From all that can be gathered it is highly probable that the second contingent will not cross the Channel until early in August. As a matter of fact the contingent has only just been completed by the arrival this week-end of the 26th battalion, with various details. The administrative staff of the Training Depot is now engaged not only in attending to all the duties connected with the reserve battalions, but it is responsible for some very heavy work in connection with regular muster parades.

The following is the official list of officers on this staff: C. S. O., Col. V. A. S. Williams; A. A. and Q. M. G. Lt.-Col. W. W. P. Gibson, Halifax, N. S.; D. A. A. G., Lt. Col. Frank A. Reid, London, Ontario; Staff Captain Capt. J. C. K. Carson (assisting D. A. A. G.); Capt. W. G. MacFarlane, Saskatoon (reinforcements); Capt. J. McLaughy, Saskatoon (discipline etc.); D. A. Q. M. G., Major D. W. B. Spry (remounts, conveyance of stores etc.); Staff Captain, Capt. Marshall, Montreal (R. T. O.); A. D. M. S., Lt.-Col. G. S. Rennie, Hamilton (administration, medical services); A. D. V. S., Major J. E. Wilson, London, Ont. (veterinary service); A.D.O.S., Major B. C. White, Quebec (supply of clothing, munitions, etc.)

The following are also attached to the staff for special duty: Col. Skinner (loaned by War Office, first grade officer); Col. Burnett, Winnipeg (general staff officer, second grade); Capt. Kirkby, Winnipeg (discharges); Maj. Marriot, Strathcona (muster); Major Saunders, Edmonton; Capt. P. M. Anderson, Regina (orderly rooms); Lt. Warren, Toronto; Lt. Stewart, Hamilton, Lt. Hollister, Toronto.

NEW REGULATIONS Several changes and new regulations have been introduced by Brig.-General Carson, entailing a great deal of work for the D. A. A. G., of which Col. Reid is chief. A system of muster parades has been ordered, which

means that two hundred of these parades take place each month. A thorough record is taken of every individual in every unit. Every man whether absent or in hospital, has to be accounted for, and if a hospital the probable length of absence, nature of complaint, is entered up. Every man has to be thoroughly acquainted with his regimental number, and in this way the exact record is available as to the whereabouts of any man. The strictness of this arrangement has tended to reduce absence and avoid confusion. Brig.-General Carson has also decided to permit officers under certain conditions to return home. If they have 3 months' sick leave it is considered better for them to return to Canada for most of that period. Under this arrangement a group of officers together with a number of men sailed on the Metagama a few days ago. Officers who have returned in this way are first dealt with by the War Office Medical Board and on the expiration of their leave, they report to the C. O. C. Canadians, and then the medical board at Moore Barracks Shorncliffe, examines them.

The orderly rooms throughout the camp have also been thoroughly reorganized and a card index system introduced by which full details concerning every unit can be turned up any moment. The result of this reorganization is that the D. A. A. G. is kept working continuously, the staff being as busy on Sunday morning and on holidays when other men are generally away to go into town. General MacDougall has surrounded himself with a group of capable officers and assistants, and it is safe to say that at no time has there been better order discipline, and effective carrying out of regulations.

FIVE KILLED. By Special Wire to the Courier. London, July 14.—The captain and four members of the crew of the Swedish schooner Daisy were killed when the vessel was sunk by a mine off Flocjants light-house, according to a Reuter despatch from Stockholm.

TENNIS.
Last Friday, Echo Place defeated Bell View in the City Tennis League and now are heading Group A of this league. This is very satisfactory for Echo Place, as formerly they were far down in the standing. The score: Singles—G. L. Edmondson defeated Kew, 6-2; 6-0. Doubles—G. Berry and Edmondson defeated J. Moyer and MacLeod, 6-4; 6-3.

SILK SOX DEFEATED
The Junior Stars defeated the Echo Place Silk Sox 10-1 in a good game of ball at Turle Park last evening. Leonard, who pitched for the Stars, pitched good ball, they getting but three hits off his delivery. He also had 7 strikeouts. Second, for the Silk Sox, was hit hard after the second inning. The batteries were: Stars, Leonard and Lammer; Silk Sox, Second and House; umpire R. Brown.

LAWN BOWLING
Two out of the three Brantford rinks of Lawn Bowlers came to grief yesterday in the bowling tournament at Burlington. Dr. Wiley's rink from the Heathers won from Chambers of Hamilton by 20-16, but Dowling (Dufferin) and McPhail (Pastime) lost to Toronto rinks by 13-11 and 11-10 respectively. The losers have still a chance to win the consolation, while Dr. Wiley is in the running for the Trophy.

RECEIVED CONSIGNMENT
Miss L. Jones, secretary of the Brantford Women's Patriotic League, received the following acknowledgment this morning from the National Committee of Women for Patriotic Service: "The committee begs to acknowledge, with many thanks, your consignment of goods for soldiers' comforts which will be forwarded to the care of the Canadian war contingent association in England, which undertakes to distribute all such articles among the Canadian troops." (Signed) Adelaide M. Plumpton, secretary.

BRANT AVE. PICNIC
"We couldn't have had a better time" is what everybody said when they returned home at 9:30 last night from the Brant Ave. church picnic held at Hamilton beach. Over two hundred people attended, leaving Brantford early in the afternoon. A heavy rain came on just as the party arrived at the beach but all went into the pavilion and no one got wet. The rain passed away in a few minutes and the weather for the remainder of the afternoon was ideal. Boating, swimming, baseball, races and games of all sorts was the order of the afternoon. The races were particularly enjoyable and some handsome prizes were awarded to the winners. A tasty and appetizing lunch was done justice to, and tired and happy, all returned home.

GOOD RIFLE RANGE
The Home Guard Rifle Range was completed to-day. Everything desired for a range has been furnished by the members. The facilities arranged by this club will make this range among the first in Ontario. The Home Guards of this city deserve a most hearty response in enrolling new members. No excuse can be made by any one desirous of learning how to shoot. The opening day is set for Saturday at 2.30. Further announcement will be made later.

SOME GAME PLAYED
For the first time in the history of the Bell Telephone Company the outside men met and administered defeat to the inside men to the tune of 11-6, thanks largely to the stellar battery of Kelly and Drescher and the brilliant fielding and base-running of Local Plant Chief Leitch. His base-running is not to be compared with even Cobb. Local Manager Dixon was worthy of especial mention, his coaching and covering of first base making him one of the most valuable men on the inside team. Matthews also played a very heady game, accepting without an error several difficult chances. The inside battery of Robins and Ions deserved to win and no doubt would have done so but for the poor showing of their outfield. District Plant Chief Byers started to handle the indicator, but only lasted a few innings when his decisions became so rank he was ejected from the field, his place being taken by Mr. M. J. Clark, who was considerable improvement on his predecessor, and will no doubt in time make a good man for President Fitzgerald in the Canadian League.

Teutons Made an Attack on the British Lines

By Special Wire to the Courier.
Paris, July 14.—The French War Department to-day gave out the following official statement:

"In Belgium, after the bombardment reported in the official statement last night, the Germans attacked the trenches, captured by the British troops on the east bank of the canal to the southwest of Pihen on the night of July 5. They were easily repulsed."

"In the region to the north of Arras, north of the Chateau de Carleul and on the 'Labyrinth' there occurred during the night trench-trench combats with hand grenades."

"Arras and Soissons were bombarded by shells of large calibre. In the region of Somme at Frise and at Fay (west of Peronne) as well as in the Champagne district near Perthes, mine battles occurred."

"In the Argonne German attacks which were concentrated in the region included between Marie Therese and the Chevauchee Heights have been definitely stopped."

"Between the Meuse and Moselle in the forest of Apremont there was artillery cannonading, but no infantry action."

"On the rest of the front there is nothing to report."

By Special Wire to the Courier.
London, July 14.—The Daily Chronicle quotes the Berliner Tageblatt, which publishes an article by Fritz Mautner, headed "Honorable peace," in which the writer, a well-known publicist, pleads for a "peace which will satisfy the sense of honor of the German soldiers."

"If, in spite of their clear superiority over their enemies, a peace is made which does not recognize this superiority, the German soldiers will be deeply chagrined. Honor to whom honor is due."

"The German army is the noblest army in the world, and it would be a deep and irreparable wrong were this not considered, or were it in any way limited by an unsatisfactory peace. The army is the honor of the nation."

"The Socialist party is now in a state of apparently hopeless confusion and the executive committee has just published in Vorwarts, the official organ of the party, a pitiful appeal to the leaders not to continue a policy which must conduce to the disintegration of the party. The party leaders are now quarrelling among themselves about the significance of their manifesto published by Vorwarts, themselves to produce the desired effect on neutrals and those against which Germany is fighting, the German government has depreciated such declarations in the ground that the enemy may regard them as an indication that it is modifying its attitude."

"Some leading Socialists consider it advisable to support the government's view, the most significant pronouncement having been made a few days ago by Dr. David Thier, very able Socialist leader, declares that there is only one way to obtain peace, namely Germany must inflict such a crushing defeat on its enemies that they will be glad to sue for peace and accept German terms."

ADDITION OF SOUTHERN LEAGUE PLAYERS WILL ENSURE BETTER BALL

The breaking up of the South Michigan league last week has resulted in the personnel of all of the Canadian league teams, with the possible exception of Guelph, being considerably changed. There was a scurrying of Canadian league managers when the word came over the wires that the Fourth of July marked the demise of the Michigan organization and the result is that the cream of the players were secured for President Fitzgerald's circuit. Manager Cristall appears to have made a ten strike in grabbing Hernandez and King, a very nifty pair of outfielders, who showed their class in Saturday's game at Brantford, and much is also expected of Jones, the new pitcher signed. These players should round the local team out nicely and put it in a position to set sail after Guelph and the league championship. Brantford also succeeded in picking up a couple of good players. Pitcher Walker, a former South Michigan star looked very sweet in a Brant uniform Saturday, and Manager Warner has also landed another good man in pitcher Rynerson, who reported to the team at Ottawa yesterday. This fellow belongs to the Detroit Tigers and the Brants will have his services for this season only. Cristall was after him, but Manager Warner beat him to it, having more than a speaking acquaintance with President Navin of Detroit. Rynerson was considered to be the best pitcher in the Michigan league and both King and Hernandez say he is a real hurler, they having been playing against him all season. Tom Nelson has also landed a good outfielder in Grove Barry, who last year fielded .977 and hit for .299. He will join the Brants in London next Thursday, having remained behind to visit with friends in Michigan. The Brants' management has not yet decided which will be dropped to make room for the newcomers, but after his exhibition on Saturday it would not be surprising if Creswell were handed his passports after the Brants' Ottawa series, while it looks as though Joe Dunn might be the outfielder to walk the plank, the little fellow not having shown the form this year that he displayed in former years. Shaughnessy has also been doing some strengthening, with Michigan league players, having corralled a catcher to take the place of Artie Lage and an outfielder to succeed Carion. He also was after Pitcher Ryerson, secured by the Brants, but failed to land him. St. Thomas went after a couple of infielders, and though their names have not yet been announced is said to have secured the men required to keep the team in the running. The Saints have taken a spurt during the past couple of weeks and will make things interesting for the leaders from now on. London has strengthened up by the addition of Barger, the first-acker secured from Brantford when Gably Ivers was returned by Hamilton to the Telephone City club, and according to the London papers several other players who are expected to quickly pull the Cocksney out of the cellar position, into which they dropped on Saturday when they lost a double-header to St. Thomas. Guelph Herald: The batting of the Maple Leafs during the past week has not been up to the high standard previously set, but they have maintained a steady clip, and there are still five members of the team over the .300 mark. Brown has had a decided slump, and had dropped .50 points, going below the .400 mark for the first time. The same can be said of O'Brien, who had not made

a single hit all week. Isaacs is hitting consistently, and has only lost two points. Auld was in but one game, and his average is seven points down, while Dorbeck also dropped 19 points during the week. Fisher has not yet hit his stride at the bat, and dropped nine points, while Kirley went down 34 points. Hunt lost 17 points, but Murphy and Grieves both showed some improvement. The following are the figures up to and including Thursday night, only four games being played during the week.

SENATORS TRIMMED THE BRANTFORD TEAM LAST NIGHT

Both Creswell and Walker Pitch—Guelph Again Beat St. Thomas. OTTAWA 10, BRANTFORD 7. Ottawa, July 14.—Ottawa turned the tables on the Brants yesterday, winning by 10 to 7. Creswell was batted out of the box in the second inning, and Walker was found for five hits and six runs in the fifth. Score:— Brantford . . . . . 012 030 100—7 11 4 Ottawa . . . . . 040 060 000—10 10 4 Batteries—Creswell, Walker and Dunn; Ross and Lage. GUELPH 5, ST. THOMAS 1. St. Thomas, July 14.—The Guelph Leafs retaliated for Monday's defeat by beating the locals by 5 to 1. Dorbeck, hurting for the visitors, held the locals to nine well scattered hits, while the Leafs combined their ten bingles with more effect. Hughey and Auld relieved the pitchers who started the game in the 6th and 9th respectively. Score:— R. H. E. EVERS IMPUGNS THE HONESTY OF THE GAME

Braves' Captain Assails the Integrity of the National League. Boston, Mass., July 14.—The Boston American prints the following: "They're trying to get the crowds out; they've ordered a close race." So loudly shouted John Evers, captain of the Boston Braves, from the ball field at Fenway Park this afternoon. Evers made his "speech" at the end of the seventh inning in the closing contest with the St. Louis Cardinals after Chief Umpire Kidler declared Bob Beshar safe at the plate on a close decision. The verdict cost the Braves the game. "They're trying to get the crowds out; they've ordered a close race," Trojan John shouted, not only once but three or four times. "Leave 'em alone, boys; they're only following out instructions." Umpires Rigler and Hart glared at Evers, but allowed him to express his opinion of current happenings in the National League without "calling" or running him out of the game. Several hundred fans plainly heard Evers' remarks, and a handful or more forcibly applauded him as he strutted down into the Braves' dug-out.

PHILLIES BACK IN FIRST PLACE

Alexander Shut out Cardinals, While Cubs Lost to the Giants. Philadelphia, July 14.—By winning yesterday's game from St. Louis by 8 to 0, while Chicago was being defeated by New York, Philadelphia yesterday went into first place in the National League race. The home team hit the deliveries of Griner and Niehaus very hard, while Alexander kept the six safeties of his opponents scattered. Score:— R. H. E. St. Louis . . . . . 0 0 3 Philadelphia . . . . . 8 14 0 Batteries—Griner, Niehaus and Snyder, Rochie; Alexander and Killifer, Adams. At New York—New York won an uphill fight against Chicago, and pulled the Cubs out of the lead by beating them 4 to 3. The Giants made only three hits off Humphries until the eighth inning, when they reduced a three-run lead to one run. In the ninth inning the visitors failed badly and with bases full Brainerd, a pinch hitter, drove in two runs, winning the game. Score:— R. H. E. Chicago . . . . . 3 9 2 New York . . . . . 4 7 2 Batteries—Humphries and Archer; Marquard, Ritter and Dooin, Meyers, Wendell. At Brooklyn—Cincinnati broke Brooklyn's winning streak yesterday, winning a pitchers' battle between Schneider and Pfeffer by 5 to 1. The Brooklyn defence went to smash at a critical period, errors helping the Reds. T. J. BOLES.

Ralph K. Spotts, the Boy Expert With a Shotgun.

**WINS MANY PRIZES OVER MEN**

Smashing Clay Pigeons of the Wing Easy For This Youthful Marksman. Boy Scouts of America Growing Rapidly—Indians Join Movement.

When it comes to breaking clay pigeons with a shotgun Ralph K. Spotts can beat any boy living and is more than a match for many men who have been shooting since before Ralph was born. He is but fourteen years old and

is the son of Ralph H. Spotts, champion wing shot. He has been shooting for several years and doubtless owes his skill to the teachings of his father, combined with constant practice. Shooting recently at the Larchmont (N. Y.) Yacht club, Ralph competed against thirteen others, including his father. He won four prizes out of seven matches. In the match for the accumulation cup there were eight ties of full scores of twenty-five "birds," and in the shoot off Ralph won. In the 100 bird match he was again a winner, breaking eighty-one clay birds out of 100.

**Troop of Indian Boy Scouts.**  
The first troop of Indian boy scouts organized in America has been formed at Carlisle, Pa., and twenty-six stalwart red skinned boy students at the Carlisle Indian school have been invested with badges of the great boys' national organization by S. K. Bryson, acting scout commissioner for Carlisle. The ceremonies of inducting these first Americans were elaborate and included a parade composed of the natives and delegations of boy troopers of a large number of surrounding towns in the afternoon and appropriate exercises on the Indian school campus. Red Fox James, the enthusiastic young Indian, who has about consummated plans for the establishment of a national holiday, to be known as "Indian day," to be observed on the first Monday of May, and who himself is a scoutmaster for boy scouts at Billings, Mont., formulated the plans which led to the entrance of the Indians into scout activities.

**Growth of the Boy Scouts.**  
The Boy Scouts of America recently celebrated the seventh anniversary of the birth of the organization. Today there are more than 2,000,000 boy scouts in the world, and America stands at the head of the list. It was in 1910 that General Baden-Powell came to the United States and Mr. Thompson Seton marched his 100,000 "Woodcraft Indian Brotherhood" boys under the banner of the Boy Scouts of America. Boys all over the country began to shower letters for application for membership on the heads of the organization, and today the boy scouts in this country number 250,000. Over these are about 6,000 scout masters. Thousands of the boys in crowded cities have learned to ride, skate, swim, run, use tools and to know the woods and their ways. Many in their new scout uniforms have acquired self reliance and resourcefulness for every occasion.

**Europe, Asia, Africa—A Game.**  
This is a game which will require quick thought and provoke many fore-felts. One player takes a handkerchief and, unexpectedly throwing it at another, calls out, "Europe," "Asia" or "Africa," whichever he chooses, then counting ten as rapidly as possible. The person at whom the handkerchief is thrown must name some person or thing in or from the country called before ten is counted or must pay a forfeit. The players will often find it difficult to get their answers out in time, especially if the person with the handkerchief looks at one and throws at another.

Rev. Fred T. Bertram, of Oromocto, N. B., was married in Boston to Miss Vera Lander.

## WHAT TO SERVE.

With clear soups bread or bread sticks should be passed. With soups of oysters or clams crisp crackers should go. Croutons are the proper accompaniment of thick soups of the more type.

With chowders large croutons may be served. Celery, olives and radishes should be passed with the soup course.

With broiled fish serve creamed potatoes and cucumbers with French dressing.

With baked fish serve fried potato balls and cucumbers.

With boiled fish serve hollandaise sauce and boiled potato balls dressed with melted butter and minced parsley and cucumbers.

Small fried fish should be served with sauce tartare and crisp bread.

With creamed codfish plain boiled potatoes are best. Currant jelly and green or canned peas are served with lamb.

With pork boiled or baked onions and apple sauce should be served, and they are served also with goose.

With beefsteak French fried potatoes and brussels sprouts, cauliflower or string beans are appropriate.

With roast beef mashed and brussels sprouts, cauliflower or string beans are appropriate.

Scalloped or French fried or baked potatoes are good with lamb chops. And baked potatoes are also good with chops or steak.

Wafers and cheese are served with salad. Creamed chipped beef is for another meal than breakfast is best served with baked potatoes.

## SPRING LINGERIE GOWN.

Cotton This Season Comes in Charming Weaves. Never has there been a season when cotton has been used so much as this year. War conditions in Europe have thrown us upon our own resources to a great extent, which has resulted in some wonderful results along the fabric lines.

This charming afternoon frock of white cotton voile is embroidered in

rose design in pale blue-gray. The collar is of plaited net, with a band of black velvet. A wide ruffle of net finishes the long, tight sleeves. The bodice falls in deep, embroidered points over a girde of black velvet. The straight skirt is tucked around the hips.

## SPRING SHOE STYLES.

Surely the spring modes of 1915 were not designed for a climate where warm weather comes early in spite of the fact that most of them are supposed to have been designed in America. Choker collars, floating veils, long sleeves and high boots, is there a more alluring list of winter wear only advancing instead of fading into spring? But, to return to the subject of footwear, there is no question but that high boots are vastly becoming and suitable for street wear, and it is high time that some one came to the rescue of the long suffering woman who for many seasons has been buying silk stockings by the hundred in order to appear decently neat about the feet in many coverings that scarcely allow of more than one wearing.

There are, of course, plenty of smart low shoes and pumps for those who prefer them and for dressy wear, and the half shoe with turned upper of colored suede or cloth covering the instep follows the general lines of the taller boot.

## STADIUM NEWS

### BRAND NEW OUTFIELD SIGNED FOR TORONTO

Cather and Gilbert of Braves and Daley of the Highlanders.

Within the past 24 hours an entire new outfield has been signed by the Toronto team. The newcomers are Cather and Gilbert of the world's champion Boston Braves and Daley of the New York Americans. The new will report to Manager Clymer at Providence to-day.

The Leaf outfield has been weak all season. O'Hara failed to round to the brilliant form he showed last season and retired from the game. Clymer experimented with Brackett of the Northern League; Messenger, secured from Rochester; Bert Wilson, who like Messenger, sustained a broken leg last season; Demmitt, who is hobbling on a very sore leg; Trout, the former Canadian Leaguer; Brown of the Washington Americans, now a Canadian Leaguer, and others. Of late Demmitt, Trout and Williams, the latter secured from the St. Louis Browns, have been doing the "garden- ing." Evidently Clymer is dissatisfied with their showing. Williams has demonstrated that he has class and will doubtless be retained.

Cathers is a former Toronto player. He was secured by the Leafs in 1911 from the Wilkes-Barre team of the New York State League as a pitcher. He was afterwards turned back to that club and converted into an outfielder. His hitting attracted the attention of the St. Louis Nationals, who secured him. Cather made good at once in the National League and was traded to Boston.

Gilbert was secured by Boston from the Southern League. He is a right-handed thrower and batsman, while Cather throws right-handed and bats left. Both men were used in the world's series last fall. Cather is from Chester, Pa., and Gilbert from New Orleans. They were part of Stallings' famous reversible outfield, which did its utmost toward winning the championship of the National League and of the world. The Boston "Miracle Man" used a trio of left-handed hitters against right-handed pitching, and sent in right-handed batsmen against the southpaws. The scheme worked wonders.

Daley is a graduate of the Pacific Coast League. He is a right-handed thrower and batsman, who is noted for his speed. Clymer has been endeavoring all season to get a couple of outfielders with a "punch." He wants hitters. Cathers and Gilbert ought to fill the bill.

### YOUNG TORONTO FOR WEST.

Jimmy Murphy is Coaching the O.A.L.A. Champions. Young Torontos, champions of the senior O.A.L.A., are making preparations for their trip to Calgary after the Allan Cup, Calgary having again won the championship of their association. However, in order to make the trip the Young Torontos need financial assistance, and therefore with this in mind they are getting out lists asking for one dollar subscriptions.

Jimmy Murphy last night took hold of the team, and will coach them until they leave for the West. Perhaps no senior organization ever had so much good material as the Young Torontos have this season. They have both quantity and quality, and are strong in all departments. If ever a team stood a chance of bringing back the Mann Cup to Toronto it is this year's Young Torontos.

### FAMOUS GOLFER IS WOUNDED IN BATTLE AND TAKEN CAPTIVE

New York, July 14.—Word was received here to-day that Lieut. Norman F. Hunter, the Scotch golf player, who made many friends in this country during two visits, has been seen as wounded and missing by the British army authorities. He was acting as a captain in a charge which resulted in the capture of two German trenches in France, and was wounded in the thigh. Soon afterward the British were driven out by a counter attack so hurriedly that Lieut. Hunter was left in a trench and is believed to have been captured by the Germans.

Lieut. Hunter came to America with Harold H. Hilton and played in the amateur championship at Wheaton. His first visit here was made several years ago.

THE PROBS

Toronto, July 14.-A widespread
and rather pronounced area of low
pressure now covers the west and
northwest states, and is moving slowly
towards the Great Lakes. Rain
has been general and heavy in Al-
berta and thunderstorms have occur-
red in Ontario. Elsewhere the weath-
er has been fine and warm.

Forecasts
Light to moderate winds, fine and
warm. Thursday-Warm and becom-
ing showery.

Defied the Law and Paid Penalty

In the Police Court this morning,
at least one offender learned that the
law cannot be defied. This was one
Henry Harp, who appeared on a
negligence charge. After Magistrate
Livingston had briefly heard the case,
which was that Harp had left his girl
in charge of some people on Terrace
Hill since April, and had not paid
the slightest attention to her, he told
the defendant that he had to take
care of his child and take her to his
home.

"I refuse to do it!" was Harp's re-
ply.
"What is that? Do you mean to
say that you refuse to obey the law?"
asked His Worship.

"Yes I do!" was the immediate re-
ply.
"Then the case will be proceeded
with," said the Magistrate.

Another rather interesting case was
that of Allan Lucas and Thomas Keen-
nan. Two charges were made against
them, the first was that of trespassing
on the G.T.R. property and the second,
for breaking into the Dufferin
Bowling and Tennis Club and steal-
ing several things. Sufficient evi-
dence could not be obtained, so the
case was remanded until next Tues-
day. The theft charge against Matt
Munch again came up and was again
adjudged for week.

THAW WILL KNOW HIS FATE TO-DAY

Whether He is to be Let
Free or Go Back
to Asylum.

By Special Wire to the Courier.

New York, July 14.-Harry K. Thaw
may know to-night whether he is to
be set free as the outcome of his nine
years' fight to prove that he is sane
or whether he is to be sent back to
Matawan asylum as insane. Apparent-
ly confident that his long fight for
liberty was about to end in success,
Thaw was jubilant to-day.

The state had closed its case and
there remained only the submission
of rebuttal evidence which it was
announced would occupy only a few
minutes, the arguments of the attor-
neys and Justice Hendricks charge to
the jury. Counsel believed that the
case would be in the hands of the
jury by afternoon and that a verdict
would be rendered before night.

As the jury is acting really in an
advisory capacity the real verdict will
be rendered by Justice Hendricks. His
decision may be rendered immediat-
ely after receiving the jury's verdict
or may be withheld for deliberation.
The justice has the power to dis-
regard any verdict the jury may ren-
der.

It was reported to-day that if
Justice Hendricks decided that Thaw
is sane the state would at once take
an appeal. Application would then
be made in behalf of Thaw for bail
pending decision of the higher courts.

ITALIAN PREMIER

Glasses Are Not A Luxury

On June and the Prime Minister
of Italy, Signor Salandra, made a
notable reply to the speech of Von
Reichmann-Holtzner delivered on
May 28th in the German Reichstag,
and reported in the Daily News of
July 3rd. Signor Salandra's speech
was made in the hall of the Horatii
and Curatii on the Capitoline, be-
fore the Roman committee of Civil
Organization During the War. Ac-
cording to The Corriere della Sera
the speech made a profound im-
pression on the distinguished audi-
ence present. It is of interest to us
to compare the calm, dignified, argu-
mentative tone of the Italian
Prime Minister with the sneering
and abusive manner of the German
Imperial Chancellor, not that we
reason to be ashamed of our ally.

ITALY'S JUSTIFICATION
Signor Salandra spoke substantial-
ly as follows: "We have entered this
war to safeguard the most an-
cient and elevated aspirations of our
country as well as its most vital in-
terests. It is a prodigious war from
which none of us can escape. He
who does not give his arm to fight
must give his mind, his heart, his
goods and his sacrifices.

"Those who stay at home must
busy themselves to prevent the in-
terruption of the national life. Our
hearts must be brave because our
cause is just and our war a holy
war. (Applause). Italians of all
ranks must feel not only spontaneous
and instructive persuasion, but also
persuasion which is reasoned and
based on justice. The whole world
must be persuaded of it also. (Hear,
hear.)

"I speak to Italy and to the whole
civilized world in order to show
them, not by violent words, but by
definite facts and documents, how
the rage of our enemies essayed
in vain to diminish the high moral
and political dignity of the cause
which our arms will bring to victory.
I shall speak with the calm of
which the King of Italy gave me an
example when he called his soldiers
and sailors to arms. (Applause and
cheers for the King.) I speak, not forget-
ting the place I hold in the nation, and
the sacred ground upon which we are
met to-day.

IMPERIAL INSULTS

"But one cannot ignore the in-
sults written in Imperial, Royal and
Archiducal proclamations. Since I
speak from the Capital and repre-
sent in this solemn moment the
Italian people and Government, al-
though but a plain citizen, I feel
that I am more noble than the head
of the House of Hapsburg-Lorraine
and the mediocre statesmen who, in
a spirit of ill-concealed temerity
and wrong in their provisions, set
all Europe in a flame. Now, vexed
at their last and egregious mis-
takes, they express themselves in
their Parliaments at Budapest and
Berlin, in coarse language against
Italy and its Government, for the
purpose of being exacting to their
fellow citizens when these latter are
intoxicated by cruel visions of blood
and hatred. (Applause.)

"The German Chancellor has said
that he was filled, if not with hate,
at least with anger, and he said the
truth, for his words were wide like
those of a man crazy with anger.
(Laughter). Even if I would, I could
not imitate their language, which is
but an atavistic return to primitive
barbarism, from which we Italians
are separated by twenty centuries
of civilization. Their whole argu-
ment is summed up in the words
treachery and steal on the part
of Italy towards her faithful allies.

"The general situation remains un-
changed on the entire front. At day-
break yesterday, Italian aeroplanes
successfully bombed a large Aus-
trian camp in the vicinity of Gorizia."

DISCHARGED

New York, July 14.-A cable to the
Tribune from London says: Numer-
ous parents in America have evidently
suddenly discovered that war appeals
to youth. The American embassy has
received from the state department
names of nine youngsters who ran
away to join Canadian contingents.
The ambassador has been asked that
they be discharged.

SITUATION UNCHANGED.

Rome, July 13, via Paris, July 14.-
The official statement issued to-night
at the headquarters of the Italian gen-
eral staff was as follows:

"The general situation remains un-
changed on the entire front. At day-
break yesterday, Italian aeroplanes
successfully bombed a large Aus-
trian camp in the vicinity of Gorizia."

TEXT OF BILL.

Halls Catarrh Cure is taken internally
acting directly upon the blood and mu-
cous surfaces of the system. Testimonials
sent free. Price 75 cents per bottle. Sold
by all Druggists.

London, July 14.-The text of the
bill of coal limitations bill, which
was issued to-day, specified that coal
may not be sold at the pit mouth at a
price exceeding four shillings (\$1.00)
a ton more than the price at which
the same kind of coal was sold during
the twelve months ending June 30,
1914. The measure was introduced in
the House of Commons yesterday by
Walter Runciman, the president of
the Board of Trade. Violators of the
act are liable to a fine not exceeding
\$500.

WOMEN TO DEMONSTRATE

London, July 14.-Women are com-
ing from every quarter of the United
Kingdom to take part in a great pa-
triotic procession through the west
end on Saturday to demonstrate to
London and to the ministers of munitions
how strong is the determina-
tion of the women of England to
take a share in defeating the Ger-
mans. The promise of the early
days of the organization that it was
to be the biggest thing of the kind
ever seen is being maintained. Miss
Annie Kenney estimates that there
will be at least thirty bands and a
hundred banners as well as thousands
of pennants. Mrs. Pankhurst will
lead the procession.
