Believed That Germany Had Been Fostering Rebellion in Ireland for Months Past, and Using Ireland as Espionage Base; German Money Thought to Have Backed Sinn Fein Movement

London, May 19.—Via Reuter's Limited—The Times says it understands the government will publish immediately, part of the evidence against the Sinn Feiners arrested in Ireland, and that its authenticity is unquestionable.
'It is very necessary that this be done,' The Times continues, 'if only to dispel the clouds of sensational rumors which gathered last week. The arrests are only the preliminary steps, and the Government will be well advised to disclose at the earliest time the substance of the evidence on which they were made, and to follow them up with formal processes.'

SECREC Y A MISFORTUNE
'Unnecessary secrecy will be a real misfortune. Thousands of Irish dupes should know by unquestionable proofs that they are unwitting instruments of a movement supported by German gold. It is natural to suppose that men who find they had been duped will be eager to wipe out the stain on Ireland's fair name. The empire will look with confidence to the leaders of Irish opinion, political or other to show that they share this view of their obligation.'

FOLLOWED LINCOLN'S PRECEDENT.
'We understand the government has conclusive evidence,' says The Daily Mail in regard to the Irish arrests. 'The danger to the Allied cause should not be under-estimated. The Germans clearly hoped that at the supreme moment of the gigantic offensive which they are now preparing, the Sinn Fein would hamper our forces and distract our efforts by a great insurrection in Ireland. The new executive in Ireland has moved so quickly and courageously that we may hope the conspiracy has been paralyzed. In the measures taken the Irish executive has followed—though on a smaller scale—the precedent set by Abraham Lincoln, who, when dealing with sedition, swiftly and resolutely answered many hundreds of dangerous persons, and kept them in prison without trial so long as the peril continued. He was much denounced at the time for his muscular and determined action. Posterity holds that by it he saved the United States. Viscount French, who is a convinced home ruler and a devoted son of Ireland, has shown that he is a man of action.'

EVIDENCE OF GERMAN INTRIGUE
According to The Mail, it has been clear for some months past that Germany has been using every artifice not only to foster rebellion in Ireland, but also to use Ireland as a base of organized espionage and submarine operations against the Atlantic mercantile marine. It asserts Germany sent money to the Sinn Feiners, that important information was conveyed to Germany, and that German submarines received fuel oil from Sinn Feiners.

NO FRESH DEVELOPMENTS

By Courier Leased Wire.
London, May 20.—No fresh developments Sunday, in the Sinn Fein affair have been reported. Very few telegrams are arriving from Dublin, but they report everything quiet, at least outwardly.
With the arrest of Count Plunkett, four of the six Sinn Fein members of parliament are under arrest. The other two are Dr. McGarrett, who is in Washington and Laurence Ginnell, who is serving a six months sentence in Mountjoy prison. Among others under arrest are Charles Collins and Christopher Mullins, who are charged with the unlawful possession of explosives at Brittas, a few miles outside Dublin. Fearadair O'Brian, editor and manager of the Skibbereen Southern Star also are in custody.
Vice President Morris and the remaining heads of the Sinn Fein organization have issued a reply to the proclamation which the British Government published Saturday. The reply says that 'anticipating such action, the standing committee of the Sinn Fein nominated substitutes to carry on the movement during the enforced and what must be temporary exile of our leaders.'
'The country may rest assured,' it adds, 'that no matter how many of the leaders may be arrested there will be men and women to take their places. All that we need is to continue to follow the last advice of Prof. De Valera, namely, to remain calm and confident.'
The Sinn Feiners have nominated Prof. John McNeill and Alderman Kelly, a well known member of the Dublin corporation to the place in the organization made vacant

FOUR RAIDERS BROUGHT DOWN IN OLD LAND

Air Attack Attempted by Foe Planes Last Night Was a Failure
FIRING WAS SEVERE
Four of Raiders Were Brought Down by London Guns

London, May 20.—The latest aerial attack of the Germans on London and its environs probably was the most ambitious ever undertaken. Never before was there such a continued volley of firing, in the British anti-aircraft batteries.
Thousands of people had their first experience in a raid. There were persons from many points of England, Scotland and Wales, who took advantage of the Whit Sunday holidays, which run from Saturday night to Tuesday, to visit the Metropolis. On the other hand, the countryside and seashore resorts for brief vacations. They cut short these visits and hurried back to London to learn the fate of their homes and relatives.

Except for a few brief pauses, the gunners blazed away with a terrific concentration of fire. The raiding Gothas flew at a great height, the majority of them keeping level to 12,000 feet in a very clear sky.
London, May 20.—A calm summer-like night, however, the German raiders last night to make the first air raid on England since March 1917, and four of the raiders fell before the defenses of London. The main was shining brightly when the raiders crossed the southeastern point and headed for the Metropolis.
The usual warnings were given promptly and the people had time to reach shelters before the guns in the neighborhood of London were heard. The firing was almost continuous for more than two hours and was unusually severe. Several bombs were dropped by the raiders. The number of enemy aircraft is not known, but they seem to have been more numerous than usual.

London, May 20.—The German artillery developed in activity last night along the front between Albert and Bucquoy, the war office announces.
The statement follows: 'Enemy surprise attacks against our positions on the lower Aisne in the Argonne and in the Woivre were broken up by our fire. We brought back prisoners in raids east of Rheims. There is nothing to report on the rear of the front.'

Vienna, May 19.—Via London.—The official statement from Austria-Hungarian General headquarters today, reads:
'Reciprocal reconnoitering activity on the Tyrolean west front and the Vinzenzen mountains led to fighting favorable to us. East of Mount Pertica the enemy was repulsed twice in hand to hand fighting.'

STRUCK BY AUTOMOBILE

Regina Swartout, 77, Mythenborough street, was struck by an automobile in front of the store shortly after one o'clock, this afternoon, and sustained injuries which may prove serious. Dr. Hicks, who is attending the injured man, stated that his skull might be fractured, although it could not be definitely ascertained as yet. There were also bad abrasions on the legs, although no bones are believed broken. Miss Swartout, who was riding a bicycle at the time of the accident, is a builder by trade.
Lieut.-Col. F. D. Boeg, who was wounded in 1915 with the 5th Canadian Division, has returned and has assumed his position of police magistrate of Cobourg.

MOTOR TRUCKS SECURE BIG SHELL CONTRACT

Seven Million Dollar Order Obtained From U.S.; New Million Dollar Plant Will Be Erected by Company

Announcement that they have secured a seven million dollar contract for American shells, which will necessitate the erection of a new million dollar plant and will provide employment for eight hundred people, was made by the Motor Trucks Limited this morning. The work on the construction of the new plant was commenced today, and will be rushed day and night, it being expected that the construction will be complete in forty-five days, and that within three months the necessary machinery will have been installed to commence active operations.
The contract which the company has received is for the machining of 9.5 American high explosive shells, and carries the firm up to January 1, 1920. The present plant of the Motor Trucks is at work on 4.7 American shells, and will continue on that work until the end of the present year, at least. In the meantime, the construction of the new plant will be rushed day and night, Sundays and week days alike. The entire plant will cover 30,000 square feet of ground, and will be composed of four buildings; the main building, 90 by 700 feet, the tool room and tool tempering building, the housing and heat treating building and the boiler house and transformer building. The total cost of buildings and equipment will reach the sum of one million dollars.

The office, located in the main building of the new plant, will face on Murray street, and the plant itself will be located directly in the rear of the present factory. Fifty men started work on the new site this morning. The general contract has been let to P. H. Secord and Sons, and the field operations are in charge of Superintendent Matthew Purvis. It is estimated that the main building and the tool rooms will be completed in forty-five days, but the installation of machinery will consume an equal period of time. The entire plant is to be built of concrete, steel and brick, modern factory construction in every way.
Employment of eight hundred persons, in addition to those now on the company's pay roll, will be afforded as a result of the new plant. It is in full operation, and the monthly pay roll is expected to average \$60,000. The plant will be in operation both day and night until the completion of its contract. It is planned to employ a large number of women as operators, and special arrangements are being made for accommodation in the way of rest rooms and dining rooms. While a number of skilled mechanics will be required, there will be opportunities for all, whether with previous experience on munition work or not.

OFFENSIVE RESUMED BY TURKS IN CAUCASUS

Caucasian Diet Breaks Off Peace Negotiations Because of Exorbitant Demands by Ottoman Government—Turks Occupy Van

London, May 20.—The Turks have resumed the offensive all along the Van, says a dispatch from Tiflis, dated May 12. Another Armenian massacre has been begun. The negotiations for a separate peace between the Caucasian diet and the Ottoman Government have been broken off on account of the exorbitant demands of the Turks.

SIXTY THREE KILLED IN AN EXPLOSION

By Courier Leased Wire.
Pittsburgh, May 20.—Sixty-three charred and blackened bodies lay to-day in the temporary morgue at Oakland, near here, where on Saturday the high explosive plant of the Actna Chemical Company was destroyed by a series of explosions. Ninety-four injured were being cared for by Pittsburgh hospitals and officials of the company said that 212 of the total working force of the factory had not yet been accounted for. Many of these, it was expected, would register during the day at the office which the company opened in the stricken town on Saturday night.
Investigation of the disaster by federal, state, county and village authorities was in progress, while the search for the ruins went on.

The Morning Post says the arrests constitute an excellent step, if only a step, toward re-establishment of firm Government in Ireland. It complains that the Nationalist

## OTHER SIMCOE NEWS

Simcoe, May 20.—(From Our Own Correspondent) Col. Wayland and Lieut-Col. Pratt returned to town on Saturday. Mr. C. E. Innes took the visitors and Dr. Burt on an auto tour of inspection of flax and they were much pleased with the way in which the ground has been chosen and prepared and with the appearance of the flax, now "just up," as it were. Col. Wayland leaves for the East to-day. Col. Pratt will spend a week in the county. Both of them will return to the scene of conflict, their mission in connection with the flax crop having been performed.

Dr. Richardson to Leave Simcoe. Dr. S. A. Richardson has disposed of his practice, good will and real estate to Dr. F. McGiverny of Tillsonburg. The deal went through on Saturday and the transfer will take place on June 15th.

Dr. Richardson purchased the business three years ago from Dr. Stanton, and had soon acquired a heavy practice, which he has continued to enjoy up to the present. He has won exceptional distinction as a successful surgeon. We understand that he will take a couple of months' well earned vacation on his farm down west and then take a post-graduate course in surgery.

Dr. McGiverny is a son of our townsman and merchant, Mr. Chas. McGiverny. He was born at Pt. Rowan and matriculated from the High School there. Graduating from Toronto University, he has been associated with Dr. Bennett of the emergency hospital, Tillsonburg, and comes to Simcoe well recommended.

In answer to several inquiries, the word "heardhead" does not appear in any of our dictionaries. The geological works and is recognized equally as applied to any lump of metamorphic rock, other than sandstone, or quartz and smooth off through being carried in glacial detritus. Larger rocks or bowlders resembling these are found rarely in these parts, but they are quite common and increasingly so as one proceeds towards the Muskoka district. Occasionally one is seen quite as large as a load of hay. The Campbell memorial stone should be of interest to students of science in the High School. In composition, it is approximately the same as the red monuments, but it carries splendid examples of the outstanding points of distinction between "granite" and "gneiss" in the definite, more coarse crystalline, dykes—as one has through it on different planes. The chief constituent mineral in its composition is feldspar. We leave it to the science students to determine whether "orthoclase" or "plagioclase." Miller's text will make this an easy task.

## Mrs. Langford So Nervous Least Noise Would Startle Her

"Another remarkable statement to be added to the thousands already given, testifying to the benefits derived from Tanlac is that made the other day by Mrs. Florence Langford, of 2436 St. Clair Ave., Toronto, who in telling her experience with Tanlac said:

"I have been a sufferer from chronic indigestion for over ten years and was in such a frail condition that I just can't describe the agony I endured.

"Long ago," she continued, "my appetite left me and the little I forced down seemed to settle right in the pit of my stomach and formed a hard lump and I would bloat up with gas till I felt as tight as a drum. Do what I would I just couldn't get rid of this gas, and dull gripping pain would start in my stomach and extend through my side, all around to my back and make me so miserable I could hardly stand it. My nerves were in such a wretched shape that I could hardly get up and get into bed and the floor for hours. The least little noise would startle me so I would tremble like a leaf and I felt as limp as a rag. I used to weigh a hundred and forty pounds, but my trouble bore on me until I got down to only ninety-eight pounds, and I became so weak and listless that I was simply torture for me to try to do any kind of work.

"This was just the fix I was in when one of my neighbors told me about how much Tanlac had helped her. But, I had taken so many kinds of medicines, and even tried specialists without getting any help, that I didn't have much faith left. However, on her advice I got a bottle, and before I finished it I felt so much better that I ordered another one. I have taken only three bottles so far, and have such a fine appetite now that I can eat anything I want and all that indigestion and pain and gas and bloating have completely passed away. My nerves are steady as a clock and I sleep all night like a baby, and when I get up in the mornings I feel so well and strong that I can do all my housework without the least bit of trouble. I haven't weighed yet, but I know I have gained several pounds and have just written to my husband over in France to tell him all about the wonderful relief Tanlac has brought me."

Tanlac is sold in Brantford by Robertson's Drug Store, in Paris by Apes' Ltd. and in Toronto by McPhadden's, in Oronoquia by Neil McPhadden.

**Lemon Juice is Skin Beautifier, Also a Whitener**

Many women use just the juice of lemons to bleach or whiten the skin, but pure lemon juice is acid therefore irritating, and should be mixed with orchard white.

At the cost of a small jar of ordinary cold cream one can prepare a full quart jar of the most wonderful lemon skin softener and beautifier by adding to the cream the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in. Then the lotion will keep fresh for months. Every woman using this lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smotherer and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to bring back to any skin the whiteness, the sweet freshness and flexibility of which it has been robbed by carelessness or trying-atmospheric conditions.

## Required, However, to Report on Amount Which They Are Holding

This Order is being printed in the Canadian Gazette.

Whereas to require farmers at present to retain any surplus flour as directed in Order of the Canada Food Board number 31, may incur loss of time and interfere with production of other goods;

In exercise of the powers conferred upon it by Orders of His Excellency, the Governor General in Council, dated the 12th day of March, 1918, P.O. 596 and P.O. 597, and of all other powers enabling it in that behalf; and

Section 1 of Order number 31 of the Canada Food Board dated the 25th day of April, 1918, is amended by adding the following sub-sections:

(c) A bona fide farmer shall be permitted to hold, subject to the order of the Canada Food Board, the amount of flour, made wholly or in part from wheat, he may have in his possession in excess of the amount prescribed by the above Order if, on or before the 15th day of June, 1918, he reports to the miller or dealer from whom it was purchased or by whom it was manufactured, the excess amount held by him. It shall then be the duty of such miller or dealer to report all such holdings to the Canada Food Board on forms to be supplied and at such times as he is directed.

(d) Any person holding or having in his possession more than 25 pounds of flour made wholly or in part from wheat, or who holds or has in his possession at the date hereof part only of one original package in which such flour was purchased, though the amount exceed 25 pounds, shall be permitted to hold the same.

Dated at Ottawa this 17th day of May, 1918.

Canada Food Board,  
HENRY B. ROWEON,  
Chairman.

## WATERFORD

**Mr. James Ross, Wm. Woodley and Walter Blaylock** were delegated to Ottawa this week to see about the exemption for farmer's sons.

Miss Mildred Buslaugh, of Alma College, St. Thomas, was home for the weekend.

Mr. L. E. Kidder's car was taken from Smith's barn on Sunday night and after a joy ride through Windham, left the car in the Baptist church shed. It was found to have been a young lad, but owing to his age, was not prosecuted, but was secured & returned which will long be remembered.

Mr. and Mrs. Lorn Shaw of Paris spent the weekend with relatives here.

Mr. and Mrs. E. G. Christie, of Seattle, Wash., arrived rather unexpectedly on Saturday to visit his daughter, Mrs. T. C. Savage and Mr. Savage. It has been some years since they have been here. Mr. James Christie of Brantford spent Monday here also with them.

Miss Lillian Marchand of Paris, returned Saturday with friends and relatives here.

About 75 hens were stolen from Martha Collier, near Bloomsburg, one night last week. The tracks of four men were seen across the field and it could be seen that they had left in a car.

Dr. W. S. Savage of Windsor, spent Sunday with his brother, Postmaster Savage.

A number of young men in this vicinity reported for military service at Brantford last Monday. The father's sons were given leave of absence until June 1st to help on the farm.

Mrs. R. J. Penhall of Villa Nova has donated a beautiful bed of tulips and some other spring flowers to the Patriotic League. These are being sold at the stores here, and many are taking advantage to give to the Patriotic cause in this way.

Mrs. W. C. Carter went to her new home in Toronto this week after spending a couple of weeks here with her sister, Mrs. W. H. Trustdale.

**Taylor-Woodley**  
A very pretty wedding was celebrated on Wednesday, May 15th at 2 p.m. at Sunnyside Farm, the home of Mr. and Mrs. Bert Woodley, when their eldest daughter, Adelia, was united in the holy bonds of matrimony to Mr. William H. Taylor of Scotland. The bride entered the bridal veil and carried a bouquet of roses and lilies of the valley. Miss Rhoda McMichael of Hamilton, and Miss Marion Woodley made very pretty bridesmaids. Rev. E. R. Fitch, M.A., performed the ceremony. About seventy relations and close friends of the bride and groom witnessed the ceremony.

The house was beautifully decorated with ferns and apple blossoms. Mrs. George Pearce played Lohengrin's bridal song as the bridal party entered the parlor in the afternoon ceremony. Mandelstam's wedding march. During the signing of the register, Miss Leta Woodley, sister of the bride, sang "A Birthday" and Guests were present from Brantford, Hamilton, Lockport, N.Y., Orton, Mich. and Saskatchewan. Mr. and Mrs. Taylor left later in the afternoon for a short trip. The bride's going away suit was a navy serge with white Milan hat. Mrs. Taylor

will be greatly missed from the Baptist choir, where she has used her beautiful contralto voice for some years.

Unusually beautiful and numerous were the wedding gifts, which testified to the best wishes of a host of friends. A shower was given her the Saturday night before the ceremony at the home of Mrs. George Pearce, where she received a number of pretty and useful gifts.

A sad accident occurred at the Main St. bridge on Thursday afternoon about half past five. Mr. Howard Young of Wilsonville had just left Terrace Hill school, which he attended, and had crossed the railway tracks on his way home on his motor cycle, when the front wheel became loose from the rest of the machine, throwing him to the ground on his face. He was unconscious when picked up, and it was necessary to take him home in an ambulance, and it is not known if his skull is fractured or if he will develop convulsion of the brain. A speedy recovery is hoped for him by his many friends.

## Rippling Rhymes

They tell us not to hate the put, but rather pity the galoot. And when this grisly war was young, some rhymes along that line I sprung. I said that hatred is a crime, and boomed a charity sublime. I fear I'm not so saintly now; I have no halo on my brow. There's so much evidence that Teuts are hearty and humane brutes who butcher children with their blades, and strike down dotards, wives and maids, that I can't love them as I should, if I were really, truly good. I cannot say, "Their hearts are right," though like the cheapest sports they fight." That was the line I took at first, ere I swore off on liverwurst: I said the poor chaps were misled, by all the military hordes who strut around with clanking swords. "The Teut himself," I used to say, "is but a sentimental jay, who's fond of music, art and song, and dreams mild dreams the whole day long." Now, don'terblitzen and gee whiz, we've seen the Teuton as he is, the Visigoth of ancient time, come back to wage in lust and crime. I cannot bid my doubts depart, and take the ruffian to my heart. I hate him quite as much as he, in his cheap way, is hating me. Perhaps I'll see his people again when he gets done with slaying men, but now I loathe the bloody skate, so please excuse me while I hate.

**SUNLIGHT SOAP**

**WOMEN who want to be economical should use SUNLIGHT SOAP freely in the house. First, because it is all pure soap—there are no cheap "fillers" so it goes farther and you get more real soap for the money. Second, because clothes last longer when washed with SUNLIGHT. Isn't this important? There are no injurious chemicals to harm the finest cloths—\$5,000 guarantee of this.**

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weakness. I had heard of Lydia E. Pinkham's Vegetable Compound and I decided to try it. I took it for a week and felt a little better. I fine and can eat anything now without distress or nervousness."

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop.

NEW TURN TO IRISH ISSUE

Leaders of Unrest and Sedition in Country Placed Under Arrest

HUNDREDS IN CHARGE Comprehensive Dragnet Drawn by Soldiers and Police for Sinn Feiners

LONDON, May 20.—The Government has adopted the policy of the Sinn Fein organization who were taken in charge were: Prof. De Valera, President of the Sinn Fein; Arthur Griffith, Vice-President; Daniel Glavin, one of the Secretaries; Dr. Thomas Dillon; Countess Markievicz, and George Gerochy, members of the Executive Committee; Joseph McGuinness, M. P. for South Longford; J. M. McGrath, Walter Scoles, John M. Centros, Denis McCallough; Peter Hughes, Chairman of Dundalk Urban Council; P. J. Bourke, recently out of jail; Thomas Hunter, Joseph McGrath, Patrick O'Keefe; Sean Milroy, defeated candidate for East Tyrone; and Charles O'Connell, M. P. for Kilkenny; Dr. McNabb of Belfast, taken while enroute in East Cavan; Peter Bourke, Editor of Southern Star, of Skibbereen; Tadgo Barry.

A despatch from Dublin states that 23 arrests have already been made there and that reports of arrests in the provinces came from Galway, Cork, Sligo, Athlone, Dundalk, Cashel, Ennis, Skibbereen, Kilkenny, Tullamore, Drogheda, Athlone, Westport, Loughrea and Roscommon. Men employed in the East Cavan election campaign have also been arrested.

Prisoners have been brought to Dublin and put on a steamer in Kingston Harbour. They are mostly men who were formerly imprisoned in connection with the 1916 rebellion. No disturbances are recorded. Much activity was displayed about the Lower Castle during the early part of Saturday morning. High officials, under-secretaries and the Chief Commissioner, while army motor lorries were busily engaged between the Castle and Arbor Hill Barracks and other parts of the city and suburbs.

Orator of Organization. Of the prisoners rounded up, De Valera was the practical soul of the Sinn Fein; Arthur Griffith, through his newspaper, organized the society fourteen years ago; Countess Markievicz figured dramatically in the Easter insurrection in 1916, and the small group of Sinn Feiners who recently won their Parliamentary election from the Nationalists, and had refused to take their seats at Westminster, with various leaders of the local branches. A large proportion of those arrested figured in the East Cavan election, which was afterward pardoned by Premier Asquith's Government.

Offered Resistance. Teddo Driscoll of Skibbereen and five other Sinn Feiners who were in his house, offered stout resistance to arrest. Driscoll was wounded in the arm by a revolver bullet. Pierce McGann, son of Francis McGann, Justice of the Peace for Ballyowen House, Cashel, and President of the East Tipperary Sinn Fein Executive Committee, was arrested Saturday morning. Patrick Hogan, local leader of the Irish Volunteers, succeeded in eluding the police at Cashel by jumping through a window and entering the ground of a convent, from which he made his escape.

Wanted Pet Dog. Countess Markievicz protested bitterly against her arrest and insisted on taking a pet dog, which wore the Republican colors, along with her. Tadgo Barry, who has twice been imprisoned already in connection with the revolutionary movement, was arrested and conveyed to Dublin by a strong escort.

Prof. De Valera was in the office late last night for a few hours conferring with some of his lieutenants. He left shortly after ten o'clock, taking a train to his home at Greystones where he was arrested. He made no attempt to conceal his surprise.

Surprise Complete. Some rumors had been in circulation relative to a contemplated swoop by the authorities, but apparently the surprise caused by the arrests was complete. Some of the men were arrested while in their beds and inmates of their houses were aroused by the rummings of the military searchers. The police were made immediately and it was soon ascertained that the authorities were active.

The standing committee of the Dublin Mansion House Anti-Conscription Conference met Saturday morning, but adjourned all business pending a special meeting of the Conference to be held on Monday. The Irish Parliamentary party will be summoned to discuss the situation.

Told by Sinn Feiners. A daring raid for arms was carried out by Sinn Feiners at Barncourt Castle, County Tyrone, the seat of the Duke of Abercorn. The raiders, who were masked, drove to the estate in considerable force by motor cars. They temporarily detained the gamekeeper and proceeded to the Castle Hill, where they previously cut the telephone and telegraph wires so that help could not be summoned.

Britain Surprised. The latest turn of the kaleidoscope of the complicated Irish situation has surprised the whole of Britain as completely as it did its victims. Only a few weeks ago Lloyd George's War Cabinet proposed to settle the Irish question by oupling Home Rule with conscription. It seemed for a time that both factions would be placated by that plan, but after a short agitation it appeared that both were excited to greater antagonism than had existed before.

The Nationalists questioned whether the Home Rule offer was not a screen for conscription; the Ulsterites insisted that conscription was only a device for thrusting Home Rule on the Irish and the quarrel among Irishmen settled back into the old time-worn rut.

Position of Nationalists. The general interpretation of the Government's new plans read from the Viceroy's proclamation is that conscription will be sidetracked for a time, while a drive for voluntary enlistment is tried.

The latest development places the Nationalist party in an embarrassing position. John Dillon and his followers have withdrawn from Parliament and joined the Sinn Feiners and the Clauses in strike action. If the Sinn Fein is proved to be in conspiracy with the Germans the Nationalists must drop their new alliance, because the Nationalists never have been pro-Germans, nor even anti-British, but only Home Rulers.

FARMERS ARE PERSISTENT

Will Camp in Capitals and Continue Campaign for Exemption

ESTABLISH A LOBBY

By George Lensed Wire. Ottawa, May 18.—The farmers have decided to establish a lobby at the capital. They think that if they can keep a committee at Ottawa which will watch legislation and use their influence with the members they will get more concessions.

Three of the leaders of the agitation which waited on the government this week, have been detailed to camp in the capital and will continue the campaign for a secure exemption of agriculturists from military service. They are Mr. J. J. Morrison, secretary of the United Farmers of Ontario; G. W. Guertney, Paris, and J. H. Kornighan, Goderich.

They are proposing to place every member on record as to his position on the exemption of farmers, and where answers are unsatisfactory they will circulate petitions asking for their resignation.

THE SITUATION

The Australians have again been heard from to good advantage. This time they have captured the village of Villers-Sous-Corbie, north of Morlancourt, taking nearly four hundred prisoners in the operation and also several machine guns.

German troops have occupied the island of Bvorko in the Gulf of Finland. The chief significance of the incident is that it is situated only thirty miles northwest of Petrograd and the move is evidently part of a plan to ultimately occupy the city named.

The Italians still continue to hold Monte Corvo, despite a third attempt of the Austrians to take it from them. British airmen continue to do good work. They made a successful daylight raid upon Cologne, bombing railway stations, barracks and factories.

During a speech which he made at the week-end, President Wilson declared that to help win the war the United States is determined to set no restrictions on the number of men to be sent to France.

Two towns in Persia have been taken by the Turks, assisted by the Kurds. The Irish trouble has taken on a new phase in connection with the wholesale arrest of Sinn Fein leaders.

The greatest secrecy was maintained with regard to the proposed course, so that the drag net was operated without any untoward incidents. The proclamation issued by the new Lord Lieutenant states that action was taken because of the disclosure of a conspiracy with the Hun.

Our neighbors, now that they are in the world struggle themselves, fully realize that nothing matters except the winning of the war, and they are very properly resentful with regard to any element which at such a period would seek to weaken the striking arm of John Bull.

CHAPTER LXIX

A Dubious Reception.

All that day I considered what was best to do about telling Bob I had followed him to Chicago. I decided not to, there was no need to mention it to mother and Della. I hated to take a servant into my confidence unless it was necessary, yet in some way I hated to have Bob know I had made that bootless journey to Chicago.

Finally I decided that I would wait until he returned. I would see him before anyone else, and I would be guided by what he said and did. Elsie came in during the day, and I told her the whole miserable experience and asked her advice.

"What would you do?" I queried after I had told her my story. "I'd never let a man know I had made a fool of myself if I could help it," she answered critically, then, a thimble of mine she believed I would have dared start off alone that way.

"You see, I never dreamed that Bob wouldn't be in Chicago, and in the hotel I replied, 'It was awful, Elsie, perfectly awful. Why I never had been in a big hotel in my life before unless someone was with me. That clerk looked so sorry for me, it made me ashamed.'"

"I saw a look of annoyance cross his face, but he answered gently, 'You will see plenty of me, Margaret. I attended to some business for John, and naturally he is anxious to hear about it.'"

GOVERNMENT EXPECTED

Continued from page one

To allow British authority and British law to fall into contempt. "We congratulate the Government," it continues, "that, having at length determined to end open treason in Ireland, they cast their net wide. We hope there will be no more pitiful surrender to clamor for the release of the conspirators as political prisoners."

London, May 20.—A Dublin despatch to The Daily News says: "Comment here is apt to centre on the fact that the prisoners—if such they can be called, for it is believed interest will be the more accurate word—have not been called to answer to any charge. I have the best reason for stating they will not be brought before any tribunal, civil or military. The Government intends to exercise fully their unlimited, undefined powers under the Defence of the Realm Act, which apparently will allow them to keep the arrestees in custody, upon suspicion during the King's pleasure, according to the legal phrase."

Word was received in the city this morning that H. Catterall, C. E. P., had arrived in Halifax and could be expected home shortly. Catterall lives at 2 Water Street.

DREW UP PROGRAM.

A meeting will be held in the Y. M. C. A. to-night of the boys of the Massey-Harris, Verity, Cockshutt, Waterous, Patersons, Watsons and Slingsby factories to draw up a summer program.

NUPTIAL NOTES.

A quiet wedding took place Saturday afternoon at Calvary Baptist parsonage, when the Rev. W. E. Bowyer united in marriage Sydney Cudmore of this city and Reta Purdy of Jerseyville.

WOUNDED IN LEG.

Pte. Hubert General, of Oshweken, was admitted to hospital on May 14th last, suffering from gunshot wounds in the right leg, according to word received on Saturday. Pte. General is unmarried, and went overseas with the 107th battalion.

ILL IN FRANCE.

Major and Mrs. Smith received a wire on Saturday that their son, Lieut. Morson Smith, is seriously ill at a base hospital in France, suffering from pneumonia. Many friends will hope that more encouraging news will soon be received.

MADE FIRST COMMUNION.

A touching religious devotion was observed at St. Basil's church yesterday morning, when a class of some forty children made their first communion at the nine o'clock mass. Rev. Dean Brady, speaking from the text "Take this child and nurse it for me," made reference to the manner in which the infant Moses had been saved from death, that he might lead the chosen people to freedom and went on to exhort his hearers to frequent communion as the safest means of remaining in the grace of God. In the afternoon, the children of the communion class were enrolled in the scalptar.

SOLDIERS HONORED.

A farewell party was held on the evening of Friday, May 17, at the home of Mr. and Mrs. Charles Matthews, Oronago, in honor of their eldest son, Joseph Matthews, and Fred Ireland, two school boy chums who have recently donned the khaki. About one hundred and fifty friends and relatives of the boys gathered to bid them farewell and to wish them a speedy return. Showing the high esteem in which the boys are held, an appropriate address was read by Mr. T. Hiley, after which each was presented with a wrist watch, a fountain pen and ten dollars. The rest of the evening was pleasantly spent in music and dancing.

BOARD OF TRADE.

At the meeting of the Board of Trade to-morrow night the special subject for discussion will be the raising of a larger portion of Brantford taxes from ground assessment.

POPULATIONS.

England is informed that according to the last official figures the population of Great Britain is 46,249,249, Germany 64,925,993, United States 91,722,266.

CONDUCTED SERVICE.

A. W. Geddes, Boys' Secretary of the Y. M. C. A. was in Paris yesterday. Mr. Geddes took charge of the service at St. James Church, Paris, last night.

WEDDING BELLS.

The marriage took place quietly on Saturday afternoon of Harold Foster Smith and Florence Campbell, both of Scotland, Ont. The ceremony was performed by Rev. Clarke Logan at Colborne Street Methodist Church Parsonage.

FEW FIRES.

It is three weeks since the firemen were last called out to a fire. This the authorities consider a record for the time of year. In other years the springtime season has brought with it numerous fires but this year there have been few serious outbreaks.

TOWNSHIP COUNCIL.

The Brantford Township Council met in the Court House on Saturday afternoon to discuss complications of country school matters. The meeting was largely attended as outside of the councillors there were a number of ratepayers interested. No definite action was decided upon.

PROMINENT BRANTFORD MAN.

The death occurred in the village of Burford on Sunday morning of Mr. Andrew Miller, one of the most prominent residents of that village. He got up yesterday morning for breakfast when he was seized with a stroke and quickly passed away. He was 79 years of age and leaves the widow and two daughters to mourn the loss of a loving father. Mrs. Miller predeceased him about a year ago.

S. S. ANNIVERSARY.

Sunday school anniversary services were observed at Colborne Street Methodist Church yesterday afternoon when Mr. Russell Treleaven of Hamilton addressed the school. Willie Steppard of Toronto, famed boy singer, sang at all three services. Mr. Fred Mann, secretary of the Sunday School, read the financial report, showing that altogether during the past year \$1,174 had been raised. A feature of the service was the graduation from the Cradle Roll of a dozen children who are now in the Beginners' Class.

PATRIOTIC CONCERT.

Saturday afternoon a very successful concert was given by the King Edward School League and children of the school. There was a large attendance and "Homemade Cooking, the candy and ice-cream booths and the Fish Pond were kept busy with the result that over \$90 was realized for the purchase of comforts for wounded soldiers in the hospitals. In addition to the bazaar a good program was given by the children who rendered a number of pleasing choruses of a patriotic nature.

KITH AND KIN.

A very pleasant time was spent at the Terrace Hill Kith and Kin meeting, Thursday afternoon, at the home of Mrs. Wallis, House Ave. The sincere sympathy of the members was extended to Mrs. J. Thompson, North Park St., in the death of her father. When the business meeting was concluded, tea was served by the hostess, assisted by Mesdames Hamilton and Greig. Owing to the number of members who are busily engaged in gardening, etc., it was decided to hold the next meeting at the home of Mrs. Greig, North Park St., in the evening.

EXPECTED HOME.

Mrs. W. J. Sweetman, 39 Centenna Ave., who had been expected to be the only Canadian lady delegate in the American Federation of Musicians, is expected from Chicago after attending the convention there.

NEWS FROM THE FRONT.

Mrs. J. Mathewson has just received word from her son, Pte. Joe Mathewson, from England. Pte. Mathewson writes in his usual cheerful tone, saying he is in the best of health, and expects to sail for France very soon. He reports having seen Pte. S. Crumback, formerly proprietor of the Tea Pot Inn, who had just been examined for service in France, and also Mr. Fred Kelly.

DELIVERING WOOD.

The motor truck recently purchased by the Board of Works arrived in the city this morning, and was at once put into use delivering wood from the civic yards, where more than a thousand cords are now stored. "With the truck we can deliver more rapidly and more economically than before," Mayor MacBride pointed out, "and we want the people to get busy and help the civic fuel business by buying their wood now. We have coal here also, but we can't sell that until November, so will be well advised to lay in a good stock of wood."

POLICE COURT.

Two drunks, Spyros Davies, Greek, and Arthur Ingleby, were arrested last night by Constables Dimond and Tyrell. Davies was found in the G.T. Ry. station. Both appeared in the police court this morning and were fined \$10 and costs.

Stanley Grady was charged with cruelty to animals. The charge was withdrawn. The case of Louise Collette, a French girl charged with vagrancy, was adjourned till Wednesday. The charge against Alexander Currie, Joseph Watson, and George Woodley of not working was withdrawn. John Cahill on a similar charge was remanded. Sarkis Agopian, an Armenian, appeared on a charge of using abusive language. He was found guilty and paid \$50 and costs.

DISCUSS TOLL ROADS.

The warm weather may have some effect in speeding up the city council at its meeting to-night, but there is likely to be more or less heated discussion on one subject at least, the purchase of toll roads, in the interests of which a deputation will wait upon the council.

**CONCRETE SHIP "FAITH" BEATS EXPECTATIONS ON TRIAL.**  
The concrete ship "Faith" first of her kind to be built at San Francisco is speeding over the waters of the Golden Gate. Her test was a signal victory for the advocates of the stone ships, for she exceeded all expectations on her trial trip. She averaged more than 10 knots without difficulty, and it is expected will do better than 11 later on. Another welcome disclosure on the trip was the surprising lack of vibration found by the experts who were on board.

**SACRIFICE KEYNOTE OF PROGRESS**

**Chancellor McCrimmon of McMaster University Spoke in City**

"The church of Christ stands out as the supreme embodiment of sacrifice of our dead on the battlefield," declared Chancellor McCrimmon, of McMaster University, Toronto, speaking at Park Baptist church last night when with his usual eloquence he delivered a powerful sermon on "Sacrifice."  
"The mission of all the ages," declared Chancellor McCrimmon, "is the oath of personal sacrifice of the Church. Oh, you men who have been thinking lightly of Christ in relation to the history of the world you must place Him in the center, and in your perspective. The footprints of the bleeding Christ everywhere are a dynamic influence for the regeneration of man and the establishment on earth of the kingdom of heaven."  
The speaker touched upon the manner in which Paul went forth to preach the gospel of Christ, with the oath of allegiance on his lips. Throughout all the ages, it had been the spirit of sacrifice and patriotism which had resisted the tyranny of autocracy. It was democratic Greece alone which has resisted the oppression of Persia, and to-day the powers of Central Europe were striving to repeat the Oriental despotism of Cyrus. "My word is law, and my mandate unquestionable." The spirit of violence was still abroad and striving to thrust its bidding upon the world. Britain herself had not been a militant nation, we had been peaceful in our projects, but with the integrity of character and conscience at stake we had taken up the gauntlet, and must carry on for the sake of those who died.  
"The world is saved with the graves of men who gave their lives for the advancement of principle," declared the speaker, "and their honored memories are woven into the warp and woof of the world."  
"Come and suffer for Poland," Kossuth, the great Polish patriot, had said, "and come and suffer" had said an Italian leader, in appealing for aid to resist oppression. Suffering in the cause of national integrity was the keynote of the world's progress. The United States to-day had found her soul through the command which rang out in the words of Lincoln, "This nation cannot be half slave and half free" today the world could not be half Prussian and half free. The U. S. had gradually awakened to the necessity of sacrifice and investment of human life.  
Sacrifice was exemplified in the glorious records of Canada's soldiers at Ypres, Courtrai, Vimy and Passchendaele. Yet mighty as had been wars of the past, mighty as was the present conflict, they were mere eddies in the onward progress of the mighty purpose of God, and it would be fortunate indeed if through the chastening ordeal of the present crisis we were able to find our souls individual and national.

**MISSIONS TO LUMBERMEN**

**Rev. Thos. Joplin Told of Work of Shantymen's Christian Association**

Mr. Thos. Joplin, field secretary of the Shantymen's Christian Association, who is in the city engaged in campaign work, yesterday morning took charge of the Brotherhood service at Brant Avenue Church. Mr. Joplin spoke at Farrington Church in the afternoon. To day, Mr. Joplin reports a fair response to the call for funds, but many of the old subscribers have since the last campaign been removed, and there is a need for more donations. It has been suggested that enough men from Brantford to send one man to the lumber camps this winter for association work, then winter Mr. O'Connor, of Calgary Baptist Church did some splendid work in the North. Five hundred donations are asked to make "small donations" and this would make the total sufficient.  
Special association services will be held in First Baptist Church Wednesday night and at Park Church on Sunday evening. Mr. J. H. Williamson has been assisting with the work here since the commencement of the campaign.

**OBITUARY**

**J. J. CUNNINGHAM**  
The death occurred yesterday of John J. Cunningham, prominent for many years in North American railway circles, and since his recent removal a resident of this city. Mr. Cunningham, who was a member of St. James' Church, attended the morning services as usual and returned home after, in apparently good health. He was suddenly taken with an attack of angina pectoris and though medical aid was summoned hurriedly, Mr. Cunningham expired at 12.30 o'clock. He had reached the mature age of 74 years. Cunningham was a well-known railway man, having been assistant general freight manager for the G. T. Railway until a few years ago, when he retired and came to Brantford to live. He was well known to all railway men in America and was prominent at all conventions and railway meetings all over the continent. Mr. Cunningham came from Ireland in 1872. Previous to that time he was engaged with the Great North-Western Railway, soon after reaching Canada he became attached to the Grand Trunk and with this company worked his way up to the position of Asst. General Freight Manager.  
He was a prominent Mason, and was a member of Mont Albert Lodge, Montreal. He was also a prominent Anglican. He leaves to mourn his loss three children, Frank, of Hamilton, Captain, R. B. of the Canadian Army Dental Corps Shorncliffe, England, and Margaret at home. Mrs. Cunningham predeceased her husband seven months ago.  
The funeral (private) takes place from his late residence, 106 Strathmore street, to-morrow.

**DEATH ROLL FROM TORNAO.**  
By Courier Leased Wire  
Hornfield, Neb., May 20—Twelve persons killed, mostly children and 25 injured, some dangerously, is the toll of a tornado that swept this portion of Nebraska Saturday night. Among the killed were Mrs. August Fredericksen and one child, My. Fredericksen and a baby, seven months old, died Saturday afternoon. One child, seven years old, is the only survivor of the family. Five children of Jolin Spliner were instantly killed. The storm left scores of demolished homes, barns and other buildings in its wake. It is feared later details will swell the death list.

**I.O.O.F. CHURCH PARADE HELD**

**Local Oddfellows Attend Special Service in Zion Church Yesterday**

On the occasion of their annual church parade, members of the I. O. O. F. lodges of this city yesterday afternoon attended in large numbers the special services held at Zion Church, Rev. G. A. Woodside preaching an inspiring sermon and Mr. Walter Carpenter gave his usual vocal renditions, accompanied by Mrs. Jex on the cello.  
Rev. Woodside preached on "The Good Samaritan" adapting the characteristics of the good man to the creed of modern fraternities and giving an outline of the religious life of humanity and opportunities for good Samaritans so little observed—the financial burdens upon the men to day, men broken and undone in the struggle of life, and homes destroyed and lives blighted.  
All this, Mr. Woodside claimed, provided vast fields for good work among the fraternal societies of the world.

**Supplementary ESTIMATES ARE TABLED IN HOUSE**

**Total is Over \$46,000,000—Vote to Cover Government Railways**

By Courier Leased Wire  
Ottawa, May 12.—Hon. A. K. MacLean, acting minister of finance in the House of Commons this morning, tabled supplementary estimates totalling \$46,957,312. The total is an unusually large one because it includes a vote of \$37,000,000 to cover the working expenses of the Canadian Government Railways. This large item is almost invariably included in the main estimates brought down earlier in the session. Of the amount asked for only \$5,170,313 is chargeable to capital expenditure. The vote of most general interest is one providing the sum of \$3,000,000 to assist Government employees in the outside service who are in receipt of small or comparatively small salaries. Provision is made for temporary assistance (except in the case of light housekeepers) for married men and for widows and widowers with children in the outside service who are employed permanently and are giving their entire time to the public service for an allowance on the following basis:  
(a) To each person in receipt of a salary at the rate of \$1,200 per annum or less an allowance of \$150, less any permanent increase in salary given to such persons since January 1st, 1917, provided, however, the total salary and allowance shall not in any case exceed \$1,300.  
(b) To each person in receipt of a salary at the rate of more than \$1,200, but not more than \$1,550 per annum an allowance of \$100 less any permanent increase in salary since January 1, 1917, provided the total salary and allowance shall not exceed \$1,600.  
Railway estimates include the sum of \$3,489,313. To acquire free title to the property, in circumstances or claims at any public sale, the Quebec and Saguenay Railway, extending from its junction with the Quebec, Montmorency and Charlebois Railway to Notre Falls, about 62.5 miles, at a price not exceeding the amount named.  
Provision is made for the payment of a number of short-term loans located in the Maritime Province, at a total cost of \$518,000.  
\$200,000 is provided to provide payment of the full seasonal indemnities of members of the Commons, absent on account of illness or death or because they have been engaged in necessary farming operations. This sum includes full seasonal indemnities for Hon. H. Beland, recently released from Germany.

**SUB THAT SUNK LUSTANIA.**  
By Courier Leased Wire.  
Madrid, Sunday, May 19.—The German submarine, U-39, says an official despatch from Cartagena, entered that port last night in a damaged condition. The U-39 according to German advices is the submarine that torpedoed the Lusitania off Kinsale on May 7, 1915. A despatch from Munich received in Switzerland on May 8, said it was the U-39 that sank the British liner.

On March 11, 1916, it was reported in Washington that it was U-39 which attacked the American tanker *Petrolite* off the coast of Essex, in December, 1915. It is possible that the old U-39 may be out of service by this time and that her number has been taken by a new boat.
