DEAD AS RESULT OF AN ACCIDENT

The death of Michael O'Shaughnessy took place at his home on 10th Island Road Sunday evening. Deceased was one of the best known citizens of Northern New Brunswick. For many years he was a locomotive engineer on the Canadian Nat. Rys. and for the last five years was driver of the Limited and Maritime Express between Moncton and Campbellton. He retired on pension about a year ago and has since devoted his time to farming. On Thursday last while driving a team repairing the road near his home his horses frightened and ran away. Mr. O'Shaughnessy was thrown off, striking on his shoulders and injuring himself so badly that he never recovered from his injuries. He was an active member of Agricultural Society No. 122 and has been a member of the board of directors for many years. He was for some time a member of the county council representing North Esk parish for two terms. Besides his wife he is survived by one son Patrick L. at home and one daughter Mary Mrs. McKinnon Buffalo, N.Y. The funeral will leave the home Wednesday morning at 8:30 o'clock. Mass at 10 o'clock at St. Mary's Church; Newcastle.

WHY THE FIREMEN ARE HOLDING A DANCE

On Circus night, Thursday, July 7th the Newcastle Fire Dept. is putting on a dance in the Town Hall. This dance is to be something out of the ordinary as both the upstairs and downstairs floor will be fitted up for the occasion. Upstairs the square dancing will be indulged in; while downstairs nothing but Patrons will be allowed to enjoy either floor for the one admission. The Firemen are putting this big double dance on to procure funds for themselves, but for the town as it is the intention of the Fire Dept. to purchase with the proceeds a motor truck for the town. Men who have such an interest in the welfare of their town should show their appreciation by patronizing their efforts. When you attend the dance or not you should purchase a ticket and there by assist the firemen in their public spirited work. The purchase of a ticket will benefit yourself by enabling the Firemen to get to your property quickly by means of this motor truck, when you are threatened by fire.

BURGLAR WAS CAUGHT IN THE ACT

Frank McLean alias Butler; alias Doyle was arrested early Thursday morning by Officer Hill on the charge of attempting to break and enter. Mrs. Wary McBride heard some one trying to gain entrance into the store of Joseph Salome. She called her brother; William Gifford; and he with William Gifford Jr.; went out and caught McLean trying to force an entrance through the rear window. While one man held McLean prisoner; the other went for the police; McLean is 47 years of age; and a native of Prince Edward Island. He has served time in Dorchester; having been sentenced by the late Police Magistrate Connors; of Chatham; for breaking and entering the A. & R. Logg's store at Loggville; in 1919. It is suspected that McLean is also wanted in other parts of the province.

HARKIN'S ACADEMY HIGH SCHOOL ENTRANCE EXAMS

Div. 1 in order of merit:—
Mary Sountry 809; Frank Park 771, Louise Allison 709, Iva Mulin 707; Herman Murphy 705, Mary Crocker 699; Helen Jarvis 669.
Div. 2 in order of merit:—
Mary Lawlor 641, Everett Russell 615; Huntley Ferguson 600, Millie Sheagreen 586, failed in Arithmetic and Algebra; Hazel Maltby 582, failed in Arithmetic and Algebra; Florence Hjertihy 579; Theresa Sherard 568; Rita Amos 568, failed in Arithmetic; Maude Quarterman 567; Patrick Lawlor 562; Byron Petrie 537, failed in Algebra. Doreen Melzies 513 failed in Arithmetic and History. The following who have made Division 3 which is not recognized as a pass mark, will probably be admitted to High School but must report to the Principal when school opens for the Fall term:—Elsie Cassidy, Elizabeth Matchett; Gertrude Maltby; Florence Fitzpatrick, Dorothy Harris; Catherine Stables, Ruby Whitney; James Bowling; Kathleen Menzies; Marguerite Wilson; Lillian Copp; Lillian Gough, Josephine Sullivan; Alice Russell; Annie Matchett, Anna Blackmore, Jean Weldon; Frank Campbell, Ethelwynne Ferguson; Archie McLeod.
A few others made a Div. 3 total but either the total was too small or the Arithmetic and Algebra had no value at all. For that reason they cannot be even considered for admission to High School.
J. H. Barnett, Principal.
I have discovered that in copying marks from the papers to the report, the following mistakes were made:
No. 5—Florence Fitzpatrick was credited with a Latin mark of 35 which makes her total 514 instead of 479; the arithmetic marks of Nos. 35 and 36 became interchanged, a correction of this changes the arithmetic mark of No. 36—Agilla Mutch from 0 to 30 and the total from 470 to 500 and the total of No. 35 from 361 to 331.
A thorough re-checking of the marks by both teachers who marked the papers shows no further changes in the standing of the pupils.
J. H. Barnett, Principal.

ELECTRIC TO RUN TO LOGGIEVILLE

New Service from Newcastle to Start Middle of July

An electric car will be placed on the Loggieville sub-division of the Canadian National Railways. The car, which will operate between Newcastle and Loggieville will be put in service about the middle of July. Power for charging the battery will be obtained at Newcastle. Regular trains will carry the freight and they will also do the shunting about the yards.

REDUCTION IN EMPLOYEES AND HOURS IN C. N. R.

Some ninety-five employees of the Moncton C.N.R. shops were laid off on Monday having received but a short notice that their services were no longer required. Most of the men let go were employed in the second class car shops.

The reduction in the employees at Moncton is in line with the report of a general reduction all over the system sent out from Montreal a few days ago.

The hours of work are also to be reduced, the works being closed on Saturday for the present.

Montreal, June 30—Following a conference at Toronto between the committee representing the mechanical and equipment crafts and the Canadian National Railways it was announced today by W.V. King, assistant general manager of the Central Region; Canadian National Railways that the men accepted a reduction in working hours and that it would not be necessary therefore to bring into effect the proposed reduction in staffs.

DOMINION TO BORROW THREE HUND. MILLION

Ottawa, Ont. July 1—A resolution authorizing the Dominion Government to borrow a total of three hundred millions to meet maturing obligations, was passed after prolonged debate in the House of Commons tonight. Acting Finance Minister Robb said he expected to float the loan at less than 5 per cent. He said maturing obligations, victory loans, treasury bills and so forth up to the end of 1927 as totalling \$382,000,000. The advantages of New York money market were urged during the discussion one member remarking that money was going begging there at three and a half per cent. Mr. Robb replied that authorities varied between a domestic and an external loan "in the best market possible." A suggestion was made that the Dominion should issue Dominion bonds to its own treasury and issue necessary credits thereon. To this Mr. Robb replied that he did not propose to "Russianize Canadian Security."

"I Suffered Terribly With Sore, Aching Back"

Mrs. Roland Ferguson, 194 Lake St., Peterboro, Ont., writes:

"For over two years I suffered terribly with sore back. I was almost mad with the pain, and had doctored with it until I was discouraged. Then my father, who is a firm believer in Dr. Chase's Medicines, advised me to try Dr. Chase's Kidney-Liver Pills. I followed his advice, and am glad to say I was completely relieved of that torturing pain in my back. It is over a year since I used these pills, and I have had no return of the trouble, but always keep them in the house."

WHAT IS WRONG?

Elsewhere in this issue will be found the results of Harkins Academy High School Entrance Examinations and a perusal will show that something is wrong somewhere. That somewhere is the question which today is uppermost in the minds of many of the citizens.

Out of a total of 36 pupils to write the High School Entrance examinations only five pupils passed in Division 1 which necessitated a mark of 666 out of a possible 1050; 10 pupils made a D.V. 2 mark—that is 500 or more; 9 pupils in Division 3 have a possibility of being admitted while 6 others of this division were too low to be considered and 6 pupils failed absolutely.

Division 3 is not recognized as a pass mark—thus out of a total of 96 only 15 pupils were successful in passing and 21 pupils failed or in other words 41% passed and 58 1/3% failed.

We do not know where the fault lies but it is obvious that something is wrong somewhere. There is no good reason in the world why Newcastle should make such a showing as that. There is every reason why it should do just the opposite and instead of 21 failing in the exams, at least 75% of those writing the exams should pass. It is impossible to say that good; clean athletics is a serious contributing cause of failure; because never in the history of the town was the activity of healthful sports at such a low ebb as it is at the present time. This fact is a highly regrettable one and activity in this line should be encouraged rather than discouraged or curtailed. Athletics lead to better health and the boy or girl properly developed and in good condition should make and will make a much better student than one who does not indulge in such pastimes.

The teaching staff of the Newcastle schools unquestionably includes capable, hardworking and sincere instructors who no doubt feel that they should not be blamed for a condition that is causing many parents more than a little anxiety. Such a state of affairs is most discouraging to those teachers who are anxious to see the standard of the pupils raised to a high degree. It is also discouraging to those parents who have the welfare of their children at heart and who, through many weary evenings assist their children in their studies. Many of these children by no means should be classed as below the average of intelligence—nevertheless they fail in their examinations and there must be a reason; and what that reason is, is what the citizens want to know.

One thing is plain:—The situation calls for a thorough and vigorous investigation. This is as much in the interest of the teachers and the entire management of the schools as it is in the interest of the parents and the pupils. There should be a determined effort to fix the responsibility and find a remedy. This is no time for specious arguments. This town, where a very large proportion of the taxes are devoted to the schools has a splendid school building and equipment and the ratepayers expect a much better showing than has been made. It should not be difficult if the matter is approached in the right spirit and with a sincere desire to get at the bottom of things, to find out what is wrong. The citizens expect this to be done and they are entitled to some consideration.

PRINCE OF WALES COMING TO CANADA

The Prince of Wales will again visit his ranch in Alberta this fall according to his announcement made at the Dominion dinner... "Canada always has been a real tonic to me" said the prince. "I don't know what it is exactly, whether it is the air or the great spaces but the fact remains, I first realized that when I went there a few months after the close of the great war. I went straight from four years of horror and confusion to a great open country full of hope and confidence in the future. I am sure there will be the same tonic this fall.

PLEASANT OUTING ON DOMINION DAY

On Dominion Day the members of the Miramichi Presbyterian Ministers' Association, with their wives and families were the guests of Rev. Dr. and Mrs. Harrison of Black River, with whom were associated a committee of the Ladies Aid Society of St Stephen's Church. The outing was held on the beautiful grounds of St. Stephen's church, while lunch was served with characteristic generosity in the basement of the church. The day's picnic included a run by car in the afternoon through Bay du Vin and Hardwicke, while several members of the group remained over to enjoy the splendid concert in Carmel Church in the evening, given by members of St. James' Church, Newcastle.

Dry, dull hair takes new softness, sheen

You, too, can have the beauty of lustrous, silky hair. Even if your hair is brittle, dull, lifeless today.

It can be done by using this correct shampoo — which authorities recommend.

This offers you a test, free. Pay attention to this fact which hair specialists know:

The correct shampoo contains olive oil. It cleanses hair and scalp thoroughly, clear down into the tiny pores at the base of each hair.

Yet it cleanses gently, mildly. Leaves hair soft as a child's, pliant, richly gleaming with natural color and beauty.

This olive oil treatment is given to you in a modern, dainty form in Palmolive Shampoo. Pleasant to use. Not a bit oily. Quickly beneficial. And economical.

Try it—at our expense. Send coupon for 15c trial bottle free.

After using it the first time you will notice encouraging results.

LOCAL RED CROSS WILL MAKE DRIVE TO HELP THE BLIND

The local Red Cross Society will put on a drive for funds for the Halifax Blind School commencing next Monday, July 14th. This is the first appeal made for this worthy institution and has been inaugurated for a two fold purpose:—First to augment the funds of the Halifax School for the Blind and second to provide money for the work of the Maritime Division of the Canadian National Institute for the Blind. It is confidently expected that the people of Newcastle will respond generously to the call of this great work.

Mr. Jas. F. Down official organizer for the blind visited Newcastle some time ago and held a Mass Meeting in the Opera House, in the interest of this campaign and the co-operation and generous assistance of all citizens is earnestly solicited. No more worthy cause has ever been presented to the public and no appeal could be calculated more to arouse the interest, the sympathy and the generosity of our people. The Canadian National Institute for the Blind was established in 1913 for the purpose of providing training for all adult blind men and women. The Maritime Division of the Institute was organized some two years ago with a large Industrial centre in operation in the city of Halifax. Other similar centres will be developed as facilities permit.

The money necessary for the carrying on of the work will have to be raised in public subscription. In the Maritime Provinces there are about 600 blind persons of all ages. To these fellow citizens of ours, blindness would indeed be a terrible misfortune, were it not for the special efforts that are being made to educate, train and equip them for the battle of life. The people of the Maritime Provinces are being appealed to today as never before to help place within their reach of our sightless citizens great facilities and increased advantages that will enable them to take their places as happy, useful members of the community. The Blind, of school age are being educated and trained at the Halifax School for the Blind, which for fifty years has stood at the very front in methods of work and results obtained. This School is free to all blind children in Nova Scotia; New Brunswick, Prince Edward Island and Newfoundland. Its income is derived from grants made by the various Governments and Municipalities together with interest from an Endowment Fund which has been provided by generous benefactors of the Institution. Under ordinary circumstances the income of the School would be sufficient to meet the current expenditure. The abnormal increase in the cost of maintenance in the past eight years however, and the necessity for an unusually large outlay on buildings and equipment, have been responsible for a floating debt of over \$30,000. To pay off debts; to maintain high standard of efficiency and to provide for further development and expansion; the School for the Blind relies at this time on your generous assistance. Our first desire is that the youthful blind of these Provinces shall have every opportunity; and that they shall lack nothing that modern scientific educational methods can provide.

WEDDINGS

WAYE-HARE
The marriage took place at the Methodist Church, Newcastle; June 18th of Miss Florence May daughter of Murdock Hare; Curventon and George Wm. Waye of Trout Brook. The church was very prettily decorated for the occasion and the wedding march was played by Miss Florence Waye.
The bride wore a suit of sand color with hat trimmed with old lace and wore a grey choker. She was assisted by Miss Blanche Waye as bridesmaid, the latter wearing a brown wool crepe suit with hat to match. John Hare was the groomsmen. The ceremony was performed by Rev. A.W. Brown in the presence of the immediate friends of the contracting parties. After the ceremony the bridal party motored to the home of the bride where a reception was held. The happy couple will make their home at Trout Brook.
SMALLWOOD-MCLEOD
A wedding of much local interest took place at the home of Mr. and Mrs. W.M. McLeod at Port Elgin on Wednesday, July 2 when their daughter, Miss Christine Elizabeth Wallace Smallwood, of the firm of Smallwood & Stears, druggists of Moncton and son of Mr. Cameron Smallwood of Newcastle. The ceremony was performed by Rev. A.E. Chapman in the presence of the immediate relatives of the contracting parties.
The bride charmingly gowned in a dress of powder blue georgette with ostrich trimmings, and carrying a bouquet of roses and carnations entered the drawing room through an aisle of daisies, on the arm of her father.
Mendelssohn Wedding March was rendered very acceptably by Mrs. A.R. Fraser, accompanied on the violin by Miss Smith of Mount Allison Ladies' College, Sackville.
After a dainty luncheon was served Mr. and Mrs. Smallwood left by motor for a three week's honeymoon trip to the headwaters of the Miramichi and from there to Boston and New York.

WOMEN'S HANDICAPS

Headaches and Backaches Often Make Life Miserable.

A woman's health handicaps her almost always. She has pains and disabilities which do not afflict men. Nature does not give her a fair chance. Her blood is more often thin and poor, than a man's and she often neglects the first beginnings of ill-health. Many women who seemed destined to a life of frequent suffering have been freed entirely from their suffering through the wonderful blood-making qualities of Dr. Williams' Pink Pills. Many a woman toils all day with a pain in her back and side a burning headache, and a sense of having no spine left. What a pity women will not listen to their friends whom Dr. Williams' Pink Pills have saved from their misery. Whenever a woman suffers they will help her—in youth, middle-age and after-life. Mrs. John Mitchell, of Middleville, Ont., gives her experience for the benefit of other women sufferers. She says:— "Some years ago I was so badly run down I could hardly walk around the house. I tried to do a few chores but was able to do very little. My boys and husband had to do the rest. If I started up stairs I had to go very slow or I would fall, and I was just played out when I got at the top of the stairs. My head ached terribly, and my hear would beat violently. In this deplorable condition I began taking Dr. Williams' Pink Pills. When I had finished six boxes I felt much better. Then I got a further supply, and by the time I had taken these I could walk anywhere with out being exhausted, the headaches had disappeared and I am now perfectly well. Any woman who is run down should not hesitate to begin Dr Williams' Pink Pills at once, as I am sure from my own experience they will build her up.

PRESENTATION MADE AT BLACKVILLE

On Saturday evening, June 14th a large number of the people of Trinity Church, Blackville gathered at the residence of Mrs. Mille Underhill to do honour to one to whom honour is richly due—Miss Lottie Underhill organist of the church. During the evening an address was read by the Rector, paying tribute to Miss Underhill's years of service to the cause of education and expressing particular appreciation of her service as the church organist. A handsome club by g was then presented to Miss Underhill, who thanked the people feelingly, after which supper and music occupied the rest of the evening.

The Lord Bishop of the Diocese visited Blackville on the 22nd. The Sacrament of holy Confirmation was administered to a fine class and the Bishop celebrated the holy Communion, Simpers service in G being sung. Earlier in the day, a large class were Confirmed in St. Agnes Church, Grev Rapids.

Remarkable Lady Elephant Trainer with Sparks Circus

Frances Widner of the Sparks trampled upon; maimed or otherwise circus has perhaps been justly called the most daring woman in the world; because she is the only woman who has ever successfully trained a large herd of elephants about the aid of a man. Added to this she possesses all of the control of the masters of this strange and curious art. The Sparks Circus, which is to exhibit in Newcastle on Sparks Circus for the season Mgr.

Francis Widner—Beauty and Beast Handling one of her pets from the Sparks Circus Elephant Herd Coming to Newcastle, Thursday, July 17th

Thursday, July 17th, has always boasted possessing the most marvelous wild animal acts—for instance Maudusly trained elephants on the face of the globe; it being conceded by all show-men that they work faster than any ever before the public and they are handled, educated and introduced by this dainty little woman, who, as before stated, is in a class by herself in a small 40 ft. ring with half a dozen of these tremendous animals capering about you; executing impossible stunts; never allowing any of them to miss their cues and making each one perform at an appropriate moment and at the same time seeing to it that you are not

Agents Wanted To Sell "Magic Gas"

In Counties of Northumberland and Gloucester

"Magic Gas" has proven a mileage increase of 5 miles per gallon of gasoline used. \$1.00 box is sufficient to treat 100 gallons of gasoline, thereby giving 100 times 5 or 500 miles. Figure the average car mileage at 15 miles per gallon, and at this rate you will find that it would take 331-3 gallons of gasoline to go 500 miles. Therefore, are we not right, in saying that "Magic Gas" equals a gallon of gasoline at 3 cents? Certainly we are. If one box gives mileage, equal to 331-3 gallons of gasoline and costs only \$1.00, it is equal to gasoline at 3 cents a gallon. If you were not using this "Magic Gas", you would have to buy 331-3 gallons of gasoline more.

Agents receive good commission and "Magic Gas" is a good seller. Apply to John W. McKAY, District Distributor Millerton, N. B.

SAVED FROM AN OPERATION

Restored to Health By Taking "Fruit-a-tives"

Made of Fruit Juices and Tonics

The most convincing proof of the true worth of "Fruit-a-tives" as a medicine for women is found in the letters written by them to "Fruit-a-tives". For instance:
"I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation and constant headache. A doctor advised an operation. I started taking "Fruit-a-tives" and this fruit medicine completely relieved me of all my misery".

Here and There

In response to the appeal of the University of Bishop's College, Lennoxville, Que., for \$500,000, to meet present needs, the Canadian Pacific Railway has supported the plea by subscribing \$15,000 to the fund.

Canada will soon be the mecca of many moving picture directors, according to Herbert Brenon, producer for Thomas Meighan, who recently arrived at Banff to film the big outdoor scenes for James Oliver Curwood's "The Alaskan."

The fish catch of the world approximates \$1,000,000,000 a year in its cost to the consumer, of which \$780,000,000 goes to those who harvest it, statistics furnished by the United States Fish Commission declare.

The value of the tourist traffic to Canada is proved by figures supplied by the Parks Department of the Dominion Government, which show that the enormous sum of \$136,000,000 was spent by tourists in this country in 1923. This represents the Dominion's fourth largest source of foreign cash income.

On her arrival at Quebec, June 14, the Canadian Pacific steamship "Empress of France" broke the record for the fastest time made between that port and Southampton, England, from which she sailed, having maintained an average speed of over 19 knots. This vessel also holds the record for the run between Quebec and Liverpool.

Arrangements for the Pageant of Empire, to be held at the British Empire Exhibition July 21-August 30, are now rapidly completing. Episodes showing the history of Canada and the other Dominions as well as of the Mother Country from the earliest times to the present day are being organized with the assistance of prominent residents of the Dominion now in London.

Hon. J. E. Perrault, Minister of Colonization, Mines and Fisheries for the Province of Quebec, on his return from a recent extensive trip to the Temiscaming district of that province, stated that there were over 2,000 prospectors exploring the gold-fields of Quebec and at least a million dollars would be expended in development work in the region during the course of the season.

According to figures prepared by the freight department of the Canadian Pacific Railway, the export grain movement via Vancouver reached a total of 48,971,930 bushels on May 31, 1924, compared with a total of 17,387,715 bushels as on May 31, 1923. In each instance the figures cover the crop year commencing September 1st. The increase is therefore 31,584,215 bushels or 181.5 per cent.

Enthusiastic celebrations took place at Vancouver and Victoria, B.C., when the special service squadron of the Royal Navy, headed by H.M.S. Hood, the largest warship in the world and flagship of the squadron, visited those places recently. The squadron is expected on the Atlantic seaboard in August, when efforts will be made by Canadians on that coast to outdo the Pacific cities in the warmth of the welcome they extend. The anticipations are that thousands of visitors will gather at Quebec and elsewhere to demonstrate their affection for the officers and men of the fleet.

"You may say that Canada is becoming more and more interesting to Englishmen and before long additional English capital will be used here in the development of industries. I am very optimistic and I believe that we are now progressing towards an era of unprecedented prosperity. What we need more than all now is the immigration of good men who will become an asset to this country," declared Sir John Aird, President of the Canadian Bank of Commerce, on his return, from Europe recently aboard the Canadian Pacific steamship "Empress of France."

THE DECLINE IN CHURCH-GOING

Many explanations are given to account for the decline in church-going in recent years. Some assure us with great emphasis on the sermon and not enough on worship. The first question that is asked of a prospective pastor is "can he preach? If not, all his other desirable qualities may be overshadowed. The people go to hear the new minister; not to worship God, not to hear the Bible read and explained, not to join in praise and prayer. The shrine is eclipsed and sermon idolatry is established. When the service is over the minister's voice delivery, dress, enunciation and appearance are made the subject of the talk, of criticism or approval. This attitude, in turn, is the mother of sensationalism. If the sermon is the end-all of the service, the minister comes to feel that by hook or crook he must make the ears of everybody hearing him engage. He must out-do the minister across the street and hold his congregation. Other activities go by the board, the Sunday School cannot be allowed to drag him of his strength; visiting must be curtailed; the young people's meeting left to run itself. The people come to talk of the "preliminary service"—the prayers; reading of Scripture; singing of hymns meant to soothe; inspire and uplift the soul; all come to be regarded as preliminary to the sermon. For the sermon the minister explores every avenue; ranges every path for some new thing to pickle the palates of jaded sermon-tasters.

Added a recent writer in the Atlantic Monthly has gone so far as to speak of the preliminary period of involuntary detention before the sermon is reached as a serious handicap to the preacher that to arouse the people from the listlessness thereby induced the preacher is often tempted to attempt a more sensational style than is wholesome. It is generally conceded that week end excursions to the country districts are the main cause of sparse attendance at the present time—Exchange.

YOUR BOY and HIS FUTURE

NO one starting out in life ever expects to fail. Youth is always hopeful, but hope alone cannot bring success. If your hope is to see your boy a success in the world, securing independence and comfort—the vision of so many, yet the attainment of so few—adopt a regular savings plan for him now, and teach him in his tender years the value of saving something out of every dollar.

THAT WAY LIES HIS SUCCESS.

SENT TO PRISON FOR 5 YEARS.

Frank McLean who was arrested on the charge of breaking and entering the store of Joseph Salome of having burglar tools in his possession after dark, appeared before Magistrate Demers Saturday morning and pleaded guilty to both charges. He was sentenced to 5 yrs. in Dorchester Penitentiary on first charge and 3 yrs. on the second to run concurrently.

Many an "afternoon" party is remembered not because of the interesting people who were there; or the fine clothes they wore; but because of the most excellent cup of tea which the hostess served. The most successful "afternoon" teas are given in this part of the world are those at which MORSE'S SELECTED ORANGE PEKOE Tea is used. This tea is really the finest flavored tea that can be obtained in the Canadian market.

G. O. K.
Norman H. Johnson speaking before the American Cotton Manufacturers Association at Atlantic City contributed to the humor of the occasion by telling the story of a young wife, operating on a budget who entered in the account book the following notations: Ham \$5.40; Dress \$41.50; G.O.K. \$1.80; G.O.K. \$10.21; G.O.K. \$7.30. "What is this G.O.K. inquired friend husband. "Oh that means God only knows - I spent the money."

LIONS ARE SHOCKED
Lion taming is still a task accompanied by considerable risk and danger, but the risks taken in bygone days are now largely eliminated. The usual weapon of the trainer is a whip or club; but when he turns his back a lion may jump on him before he can bring his weapon in to play. In order to circumvent any such move on the part of the tawny fellow, a live wire is now stretched across the cage and the trainer directs his charges from one side or the other. Should an animal spring it will receive such a shock that it will not care to repeat the experiment. After a few such lessons the wire may be dispensed with and the lions will keep to their own territory no matter what the trainer may be doing.

PAY YOUR SUBSCRIPTION
An editor once needed \$100; he looked over the subscription list and noted that some subscriptions were in arrears for two years, a few three years and one or two five years, in all amounting to \$500. He sent out some duns and one man went to raise a row with the editor, who showed him duns he had received himself, one for paper; one for type; one for ink and several others. "Now" said the patient editor "I did not get mad when these came I knew I owed for them, and I relied on you and others who owed me to pay for them. You see, we all depend on somebody." The subscriber saw the force of the argument and said he was sorry he had let the bill run so long.

ORIGIN OF ROAD RULES
The origin of the rule for pedestrians to keep to the right dates back to a period when such things as roads were unknown. Before the road as we know it existed progress from place to place was accomplished by means of tracks or paths, used in common by mounted and foot-wayfarers. As in early days every traveller carried his life in his hands and saw in every approaching stranger a potential enemy, so the unarmed man either retreated from the path or was beaten from it by an advancing stranger if the latter were armed. When two armed met, with shield on left arm and sword in right hand, they of necessity passed each other on the right so as to bring shield to shield, thus completely sheltered, but with the sword arm ready to strike if needed.

RED HOT JULY DAYS HARD ON THE BABY
July - The month of oppressive heat; red hot days and sweltering nights; is extremely hard on little ones. Diarrhoea; dysentery; colic and acute cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly be dispensed with and the lions will keep to their own territory no matter what the trainer may be doing.

SATURDAY EXCURSIONS
Saturday afternoon Excursions to Redbank on the Str. "Max Aitken" began last Saturday afternoon and a good number took advantage of the opportunity to enjoy a sail on the river. The steamer leaves Chatham at 2 p.m.; Newcastle at 3 p.m. and returning leaves Redbank at Newcastle at 7.15 and Chatham at 8 p.m. The sail is a delightful one and is becoming very popular. The management and crew of the Str. "Max Aitken" are anxious to make these excursions an enjoyable weekly occurrence and patrons may be assured of courtesy and comfort while on board. These excursions afford a delightful week end pleasure trip and should meet with a generous response from the residents along the river.

\$25,000,000 COACH MERGER COMPLETED

New York, June 28 - John Hertz, who began as a copy boy in a Chicago newspaper office at the age of 11; yesterday at the age of 45 put through a \$25,000,000 merger of the Fifth Avenue Coach Company. The plans for the merger were completed at a conference in the banking office of J & W. Seligman & Co., 54 Wall Street. As a result of the deal the Interborough Rapid Transit Company which controlled 51 per cent of the voting stock of the Fifth Avenue Coach Company agreed to step out and arrangements were made for organization of the Omnibus Company of America as a holding company for the interests involved. These are the Fifth Avenue Coach Company, the New York Transportation Co. and the Chicago Motor Coach Company.

While on the face of things the matter appears to be in the hands of nationally known banking houses actually it is a one-man transaction and the man is Hertz, the former newspaper copy boy. For Hertz conceived the plan and put it through.

Hertz left the newspaper business to sell automobiles. He gave that up to try the transportation game. He bought three taxicabs and borrowed seven more. On that was the beginning of the Yellow Taxi Company in Chicago which grew to such enormous proportions that Hertz became wealthy in a few months. He decided to cash out. He absorbed the Chicago motor buses and now he has 335 of them operating over 110 miles of streets. He reached out and took Ritchie from the Fifth Avenue Coach Co. 18 months ago. Now he has reached out and taken the coach company itself.
