PRICE—TWO CENTS.

BOLSHEVIK ARMY HAS REACHED BRODY CITY

GOVERNMENT FISH TO BE SOLD BY TWO OF THE LOCAL DEALERS

CITY COUNCIL WILL GUARANTEE ACCOUNTS AS REQUIRED BY THE LEGISLATURE—WARM DEBATE OVER THE CIVIC ROSE GARDEN AT LAST NIGHT'S MEETING OF THE CITY FATHERS

The regular meeting of the City Council was held at the City Hall last night, all the members being present with the exception of Ald. Nash, who is in England on a short visit.

Before the general business came up for transaction, His Worship Mayor Elson stated that a special meeting of the City Council would be held tonight for the purpose of discussing the estimates and in all probability striking the tax rate.

From G. P. Peterson on behalf of W. W. Walker, filing a claim for \$16.80 for damages caused to his car by a depression in the sewer trench in front of the McKinnon Industries, Ontario street.

From L. P. Cunningham for the Great War Veterans' Association, submitting the names of forty St. Catharines soldiers killed in the war, and asking that \$250 in cash each be paid to the next-of-kin and whose dependents did participate in the early part of the war.

From the Trades and Labor Council, asking that the Council petition the Government to amend the Municipal Act to abolish property qualifications for municipal officers.

From Stuart E. Watt, presenting the detailed statement of amounts required to be raised by tax levies to meet Council Sinking Fund requirements for the year 1919, on present debt of \$3,588,620.43.

Amount required to be levied on supporters of public schools \$ 287.82

Amount required to be levied on general ratepayers of the city \$ 28,124.488

Total \$ 28,392.30

Ald. Eagle, chairman of the Finance Committee, submitted the seventh report of the Committee recommending payment of payrolls and accounts totaling \$5,800.77, and that the sum of \$2,500 be advanced to the Separate School Board, and that the City Treasurer be authorized to call for tenders for the printing of the tax bills for the year 1919.

Moved by Ald. Eagle, seconded by Ald. Westwood, that the seventh report of the Finance Committee be accepted and adopted.

Ald. Dakers—"I would like to ask you a long period that account of the Sanitary Dairy for \$81.94 for milk for the Children's Shelter is for?"

Ald. Westwood—"The account covers the supply from November to February."

Ald. Dakers—"I would also like to ask what the item contingencies is for?"

Ald. Eagle—"For repairing the Club House at Martindale. The building is in a badly dilapidated condition, and the City and Mr. Seixas had it fixed up. The City owns a share in the building."

Ald. Rose—"My reason for not signing the report is that it contains three items of paid accounts that were not audited before the members of the Committee. I think that these accounts should be given to the Committee the same as the unpaid ones."

Ald. Riffer—"This is not the first time that there have been accounts placed in the report that were not given to the Committee."

Ald. Eagle—"I think Ald. Rose was present when these accounts were before the Committee."

Ald. Rose—"I was present, but these bills were not passed around to the members of the Committee at the last meeting."

Ald. Eagle—"That is a reflection on me. I have never placed any accounts in the report that were not passed on to the members of the Committee."

MINERS ON STRIKE

6,000 Men in Rhondda Valley Region Walk Out in Protest

London, March 25.—While representatives of the "triple alliance" and the government were continuing their negotiations today, 6,000 miners went on strike in the Rhondda Valley region. They announced the Government's failure to grant the miner's full demands.

MANY MOTIONS COME BEFORE THE COMMONS

Members to Hear Many Resolutions Within the Next Few Days—Have Been Delayed.

Ottawa, March 25.—Resolutions by private members will engage the attention of Parliament this afternoon, Monday being set apart for the business of members for several weeks' subsequent to the conclusion of the debate on the address. Private members have a long list of resolutions and motions for returns on the order paper, and several of them are likely to be considered to-day.

There is a possibility that the estimates may be reached for the first time before the House adjourns, and if they are the civil Government votes will be taken up. The fiscal year expires in another week and nothing has yet been voted of the estimates tabled to cover the cost of conducting the business of the country during the fiscal year commencing April 1. An interim supply bill covering probably one-sixth of the whole estimates will likely be agreed upon by the Government, and Opposition, at the end of the week. This would provide the Government with all the funds required until the end of June.

Consideration of the \$350,000,000 war appropriation resolution will also be moved by the Minister of Finance at an early date. It is likely to be debated at some length.

A PANIC PREVAILS IN BUDAPEST

(Special To The Journal.)

Copenhagen, March 25.—The claims of the Hungarian Soviet Government to power, as set forth in its wireless communications are largely untrue, according to a Vienna despatch. A panic prevails in Budapest, but the country, it is declared, has not yet resolved upon a Soviet republic.

MEN RETURN HOME

Many of Brideburg's Fighting Men Arriving Back From Overseas—Other News.

Brideburg, Ont., March 25.—Brideburg's soldier lads are beginning to return home from France. Captain John McClelland, who went overseas with the 76th battalion and saw considerable service in France, is back. Privates James Hildreth and William Hart also returned yesterday. Private Bud, who went overseas in July, 1916, with the 98th and was wounded at Bullegaden in January, 1917, and again at Arras in February, 1918, has returned. He spent 23 months in the trenches.

The Venerable Archdeacon Perry will speak in the Crown Theater here tonight, taking as his topic Lloyd George.

That baby which was left at a Jarvis street boarding house with a boarder, while the mistress of the home was absent, and who has had three homes, only to lose them, has been sent to Welland, where it will be turned over to the Children's Aid Society of Welland County.

gave a most instructive address on Old Niagara, which was very much enjoyed. Mrs. J. S. Campbell, Mrs. M. Lock, Mrs. Ireland and Mrs. Bixby all gave short addresses and a social half-hour was spent, while Mrs. Smith and her assistants served tea. Mrs. W. Campbell and Mrs. Coyne led in singing "Oh Canada" and the guests returned home with the feeling that all had spent a pleasant afternoon.

Served Tea Mrs. Smith, the Regent of the Newark Chapter then presented Mrs. Thair's with a most beautiful bunch of violets and white Celis and Miss Janet Carnochan, Hon. Regent, thanked Mrs. Thair on behalf of the Chapter for her beautiful gift and

LIGHT DEBATE TAKES PLACE OVER MOTION

Spectators Hear Some Funny Remarks When Civic Rose Garden Was Discussed by the City Council in Committee.

When the City Council went into Committee of the Whole last night to discuss Ald. Dakers' motion to stop all work on the Civic Rose Garden until the site is selected and the work authorized, a light debate took place which caused considerable amusement to the occupants of the visitors benches.

Ald. Eagle took the chair and the debate was opened by Ald. Dakers who said: "I want to state my position in moving this resolution for I do not approve of a one-man committee which the Parks Committee seems to be and I will prove it before I am through. The site that is being prepared for the Civic Rose garden is not the site authorized by the Council and my objection to placing the garden there is proposed to put it in that which is taking away from the children the only playground they have. It will do away with the lawn tennis court and the baseball diamond. Before election day nearly every member was in favor of more playgrounds and we were guaranteed by Ald. Nash that he would not interfere with the playing space in the park by the establishment of the rose garden. I wish to establish my words by the minutes of the Council meeting."

What Was Agreed Upon. Ald. Riffer: "The members of the Board of Works were present at the meeting held in the City Hall when Mr. Moore, who designed the rose garden, was in attendance and at that time it was unanimously decided that the site authorized by the Council, namely, the corner of Midland and Queen streets, was the only site available. But instead of that they have commenced ploughing up the middle of the park."

Ald. Eagle: "I would like to know how far the work has advanced?"

Ald. Westwood: "The spot that is being ploughed up is not the site authorized which was the spot the least used for play by the children."

Proud of Location. Ald. Hill: As a member of the Parks Committee I wish to take my share of the blame for the site chosen. It is an ideal one and I am proud of it. I don't wish to see all the blame shouldered upon Ald. Nash. If it had been any other citizen who donated money for this purpose there would not have been a word said against it."

Ald. Dakers: I am not driving at Mr. Burgoyne, as I have as high a regard for him as a citizen as anyone. But I am opposed to the fact that it is apparently a one man committee in charge. A man has been appointed to look after this rose garden at a salary of \$90 a month. This was done by the Chairman. There was also a horse drawn lawn mower ordered but I found out about it in time and stopped it. If this work is gone on with it will take away the children's playground and I am opposed to that."

Will Cost a Lot. Ald. Riffer: By the time they get through preparing the ground there will not be much of that \$90 left. It will probably cost more."

"I would like to go and see the site" declared Ald. Smith.

The Mayor then rose and created some merriment.

Mayor Causes Laughter. "Many years ago" he said, "a trivial difference grew till it ended in the war of the Roses. I hope we are not going to have a repetition of history. (Laughter) I had been hoping that everything would be peaceful, for on looking around I see one Rose blooming here in this Council (more laughter) and, too, it is blooming on the right of the Hill" (Laughter and cries of Oh! Oh! "And over all" continued the Mayor humorously "the Eagle looks down with benign eye."

The Council again broke into laughter but His Worship wasn't through, for he added: "And then this same Eagle flies away to the Westwood." More cries of Oh! Oh! and "That'll do, Mr. Mayor."

The laughter and fun over, the (Continued on Page 8.)

FIRE DESTROYS PARK

Sohmer Amphitheatre at Montreal Burned to the Ground Yesterday.

Montreal, March 25.—Sohmer Park, Montreal's great amphitheatre, and the scene of many important wrestling and boxing matches, caught fire this afternoon.

The structure, which was of steel frame construction, was valued at \$75,000.

WILL PROBE THE DEWART ALLEGATIONS

Sir William Meredith Will Head Royal Commission to Investigate Ayeast's Charges

Sir William Meredith has consented at the request of the Government to probe Mr. Hartley Dewart's charges against Chief License Inspector Ayeast, Premier Hearst announced shortly after the opening of the Legislature yesterday afternoon. He stated that Mr. Peter White, K.C., had been engaged to assist the commission. Pending investigation, Mr. J. E. Ayeast has been suspended by the Government, and George A. Morrison an inspector of the department has tendered his resignation. The accounts of the License Department for the last six years will be referred to the public accounts committee, and Sir William guaranteed that the fullest latitude will be exercised in conducting the examination.

Mr. Proudfoot inquired whether Mr. Ayeast had resigned.

"I do not know anything about that," replied the Prime Minister.

TO DEPORT ALIENS

South African Government Will Deport all Undesirables.

Capetown, March 25.—The Assembly has given a first reading to the bill empowering the Government to repatriate enemy subjects and naturalized British subjects of enemy origin who express wish to that effect, and to deport those of both classes who are deemed by a specially constituted board to be "a danger to the peace and welfare of the State."

SMOTHERED BY GRAIN

Three Men Killed at Saskatoon When Train Hits Elevator and Contents Engulf Cars

Saskatoon, March 25.—Three men were smothered under several tons of grain here yesterday, when a Canadian National railway train rashed into an elevator, which burst and engulfed the engine, baggage and express cars, with its contents.

The dead are: W. F. McCallie, fireman, and E. Armstrong, fireman, both of Saskatoon, and a discharged soldier from Wiseton. The passengers escaped injury.

The accident was due to a faulty switch, which diverted the train from the main track. The engine left the rails in taking the sharp turn and struck the base of the elevator structure, which toppled over.

TEN ARMORED CARS LANDED AT DUBLIN

(Special To The Journal.)

London, March 25.—In reporting the issuance of the proclamation at Dublin forbidding any meetings and processions in that city on the date of Professor Edward DeValera's arrival and reception, the Mail says there was some military activity in Dublin on Monday. The newspaper states that ten armored cars were landed from a steamer during the day and that their passage through the streets of Dublin attracted much attention.

Ad Wolgast, former lightweight champion of the world, who is appearing at the Grand Opera House this week will refer to the main bout at the G. W. V. A. show in the Armory tonight between Irish Kennedy of Hamilton and H. Man Smith of Buffalo.

The late Lieut. Edward Fox Thair, in whose memory the Standard was presented to Newark Chapter, I. O. D. E. by his parents Col. and Mrs. Thair.

DISTRIBUTE MILK BY PNEUMATIC TUBES

New York, March 25.—Distribution of New York city's milk supply through underground pneumatic tubes formerly used for mail service, as a means of lowering the cost of milk was suggested at the continuation here yesterday of the John Doe inquiry into the high cost of milk.

Carriers with a capacity of six quart or ten pint bottles could be sent at the rate of one every six seconds through tubes covering a great portion of the city, it was said.

HON. W. J. HANNA LAID TO REST TO-DAY

(Special To The Journal.)

Sarnia, March 25.—Business in this city was suspended by the noise of traffic hushed while the remains of Hon. W. J. Hanna, one of her prominent sons, were interred this afternoon. Thousands viewed the body as it lay in state at the Methodist Church here today.

FARMERS WIN

Government Will Accord to Their Wish and Discontinue Daylight Saving.

(Special To The Journal.)

Ottawa, March 25.—Despite protests from cities it is understood that the Government is determined to accede to the demands of the farmers and discontinue daylight saving this summer. It is expected that an announcement along these lines will be made this afternoon.

BUDGET TONIGHT

The City Council will meet tonight in adjourned session to take up the year's budget and to strike the tax rate. A fairly full analysis and explanation of the whole city revenue and expenditures will be given by the Mayor. Chairmen of Committees will speak on the estimates of their various departments. Citizens are invited to be present.

TWENTY-THREE KNOT GALE HOLDS UP THE DOCKING

(Special To The Journal.)

Halifax, March 25.—After an unsuccessful attempt to dock the Olympic in the teeth of a twenty-three knot northwest blow this morning, the giant liner returned to her anchorage in the stream and prepared to disembark the civilian passengers by tender. An attempt is now being made to dock the Royal George.

BOLSHEVIK ARMY HAS REACHED BRODY

(Special To The Journal.)

Berne, March 25.—The Bolsheviki army, which is on its way to Hungary, has reached Brody, according to latest news received here.

Brody is a city in Northeastern Galicia, about 50 miles east of Lemberg. During the first two years of the war Brody was frequently the scene of hard fighting between Russians and Germans and Austrians.

WORKS BOARD RECOMMENDS A NEW SYSTEM

Municipal Collection of Garbage Authorized by the City Council Last Night—The Report Presented

At last night's meeting of the City Council the following report of the Board of Works Committee was read and adopted. The report was presented and later on in the evening a by-law was introduced by Ald. Smith to authorize the establishment of a municipal garbage collection system. The by-law was passed without much discussion.

The seventh report of the Board of Works was presented by Ald. Smith, chairman of the committee and recommended that the application of the Bell Telephone Co. to erect poles on the following streets be and is hereby granted without prejudice to the City's interests.

West side Woodland Ave. from Maple St. to Russell Ave. West side Lake St. from Queen to Welland Ave. St. Patrick St. from Geneva St. to Wiley Street. Gibson Place from Fitzgerald St. to Niagara St. St. George St. south off Facer St., and that the City Engineer be and is hereby instructed to supervise location of same.

Your committee further recommend that the application of A. J. Desand to erect a sign on a pole in front of his store at 157 St. Paul St. to project over the sidewalk be and is hereby refused.

Your committee would report having held a meeting with Reeve Westwood and a committee from Grahams Township re an agreement for the construction and assessing of a concrete sidewalk on the northern side of Carleton St. from Lake St. to Ontario St. The City Solicitor is preparing an agreement decided upon at the meeting and this will be submitted to Council for approval at a later meeting.

Your committee report that in answer to advertisements for teams for the Municipal Garbage System tenders were received and your committee would recommend that the tenders of the following be and is hereby accepted:

Thos. L. Grant, William Burger, L. Penoe, providing they agree to accept the average tender of the three namely \$6.50 per day, and also that the tender of Howard Hodgkins to provide two motor trucks of two ton capacity at the rate of \$14.00 per day be and is hereby accepted, provided a suitable agreement to be drawn by the City Solicitor is signed and guaranteed by the United Motor Sales Co. to the effect that each truck will do at least the work of two teams, and if the trucks are not satisfactory, Mr. Hodgkins shall supply four suitable teams and wagons at the rate of \$7.00 per day for each team as per Garbage Collection regulations.

Your committee have given careful consideration to the paving requirements of the City and are impressed with the necessity of pavement extensions to the Industrial Plants to supply them with means of transportation, other payments to connect up circuits already mostly completed, other short sections and lines to be paved and to assist in keeping the heart of the City clean as well as affording proper roadways and other extensions into the residential districts to afford better facilities for delivery, etc. The open winter and its bad effect on unimproved roads have been an object lesson to impress the value of pavements to the community and your committee would therefore recommend that the following list of streets be paved proceeding under Section 9 of the Local Improvement Act and that the City Engineer be and is hereby instructed to prepare a report on same with estimates and recommendations as to widths and classification.

Ontario St. from Welland Ave. to N. S. & T. tracks (previously authorized). Ontario St. from N. S. & T. tracks to Carlton St. Welland Ave. from Geneva St. to

A HEAVY PROGRAMME

As will be noticed by the reports of proceedings, the City Council has approved of a report from the Committee on Works which proposes a rather extensive programme of construction of pavements in the city.

In undertaking this work, the committee recognizes that many pavements which have been petitioned for have been held up owing to the war and the uncertainty that prevailed as a result. Improvements that were more or less urgent were laid over.

Now a double purpose is to be served in undertaking an active season, one is to put the streets in a good condition to meet the traffic of the city, the other is to furnish as much employment as practicable during the period of reconstruction.

It is considered wise policy, if these pavements are needed and it is pointed out that they are, to carry on as much construction as possible this year and thereby help to make times as good as they can be made and thus minimize unemployment.

Pavements are demanded by the public today on all streets where traffic is at all heavy. The motor car has come into such general use that it is running not only in the summer but practically all winter, and mud streets through which a horse and vehicle could pass a few years ago are next to impossible today with the automobile and its quick travel.

A LOSING BUSINESS

As will be shown by statements and figures produced at tonight's meeting of the City Council, the city gas plant has been a losing proposition practically ever since the corporation took it over from the company which originally owned it. There is no reason why the business should be continued as a going concern, though we believe it should be kept, in case a change in conditions might arise in a few years which would bring it into usefulness.

What suggests itself is rather remarkable, is that the financial phases of the enterprise were not made more clear to the members prior to the time that the plant was turned over to the Public Utilities Board. That body has found out definitely just what the cost of the plant has been, how much the loss has been and has reported definitely on what should be done. The annual interest and sinking fund charges have rightfully been taken into account in calculating the fixed charges that have to be met. These items are charges against the operation of the business just as much as the wages or supplies.

The public should not spring to the idea that the failure of this plant to pay its way is a reflection on civil ownership of public utilities. All kinds of private concerns fail also, and some of them under conditions more favorable than those surrounding the gas plant. Circumstances such as the entrance into the field of natural gas with its greater heat units and its much less cost, the coming of electricity and the greatly increased cost of producing artificial gas have been causes over which the management of the plant could exercise no control. They explain the situation.

SPRING PLANTING

At this season when lovers of good flowers are getting their plots ready an old gardener suggests the following as the very best to plant: Sweet Peas, Nasturtiums, Sweet, Sultan, Sweet Scabious, Snapdragons, Everlasting Zinnias, Pot Marigold or Calendula.

Other good annuals are:
 Low Growing: Pansies, California

KILL THE GERMS OF CATARRH

By Acting To-day You Can Quickly Cure Catarrh and Avoid Bronchitis, Perhaps Consumption

Most Agreeable and Surest Cure Is Catarrhzone, Which Cures Every Curable Case

Catarrhzone proves especially good in those chronic cases where mucous drops down the throat, sickness of the stomach, and pollutes the breath. When the nostrils are stuffed only a few inches through the inhaler are needed to clear the passages and where there is coughing and sore bronchial tubes the soothing healing properties of Catarrhzone act almost at once.

Once you stop taking medicine into the stomach and get the healing oils and pure balsams of Catarrhzone at work you can be sure of quick and lasting cure for nose colds, catarrh, weak lungs, bronchitis and speaker's sore throat.

The complete \$1.00 Outfit of Catarrhzone is sufficient for two months' treatment, and is guaranteed. Smaller size, 50 cents, at all dealers, or the Catarrhzone Co., Kingston, Ont.

The funeral of Aura Beila, two years and two months old daughter of Mr. and Mrs. Richard Rymer, was held from the family home 33 Dacotah St. on Monday afternoon at Victoria Lawn Cemetery. Rev. J. J. Liddy conducted the service at the house and graveside. The bearers were Norman W. Rymer, Lloyd R. Rymer, Roy A. Rymer and Fred R. Rymer. The many beautiful floral pieces bore silent testimony to the sympathy of many friends.

An excellent entertainment was provided by the Ladies Auxiliary of the C. W. V. A. for the members last night when a first class vocal and instrumental programme was rendered at the Club House in conjunction with a pie social. As pie eaters the returned men showed their class and although it was a hard task a very delicious piece of pastry was disposed of.

The juvenile lodge of the Sons of England made arrangements for the celebration of St. George's Day at their meeting last night.

TYPHUS, STARVATION AND SMALLPOX RAGING THROUGHOUT RUSSIA
 Paris, March 25.—During February more than 113,000 persons or more than 11 per cent of the entire population, died in Petrograd, according to Russian police statistics just received in Paris.

American relief workers who left Moscow on February 12th say that deaths in that city early in February averaged 4,000 daily. Conditions there were similar to those in Petrograd where smallpox, typhus, starvation and the hunger plague were raging unchecked.

Coffins are no longer sold in Moscow, but only rented for use at funerals.

An English aviator has flown the long distance of 1,285 miles in 41-1/2 hours.

ONTARIO'S BIG CROPS

Ensure Equal Crops Next Year by Attention to Seed Grain.

Larger Profits From Live Stock Made When Stables Are Given Thorough Clean-up—Live Stock Thrive Better In Dry, Well-Ventilated Stables.

(Contributed by Ontario Department of Agriculture, Toronto.)

ONTARIO is fortunate this year in having a good supply of grain in almost all classes of crops. The more grain there is to select from, the better chance there is to get the very best seed for sowing in the spring. Too many farmers forget the seed supply for next year's crop until most of their grain is fed or sold.

If the best of this grain was set aside for seed at threshing time or taken from the grain bins before any of it was fed or sold, there would be less work of seed preparation in the spring and a foundation provided for better seed than is often sown.

Small, shrunken or broken seed has a feeding value nearly equal to that of large plump seed. The following results of seed selection experiments conducted at the Ontario Agricultural College at Guelph will show, however, that there is very great difference in the value of these for seed purposes:

Selections.	Weight per Bushel Measured (lbs.)	Tons of Seed per Acre.	Bushels per Acre.
Large Plump Seed.....	33.2	1.9	52.6
Medium-sized Seed.....	32.2	1.8	54.1
Small Seed.....	28.8	1.6	46.4

Barley—
 Large Plump Seed..... 49.5 1.5 53.8
 Small Plump Seed..... 48.8 1.4 54.4
 Shrunken Seed..... 43.1 1.4 46.0
 Broken Seed..... 48.6 1.3 43.2

Spring Wheat—
 Large Plump Seed..... 59.1 1.8 21.7
 Small Plump Seed..... 58.3 1.3 18.0
 Shrunken Seed..... 56.9 1.2 16.7

(Oats were tested seven years barley six, and spring wheat eight.)
 Selecting the best seed from that which the farmer has available will not only provide large plump seed for sowing which will produce the most vigorous plants and the largest field of best quality, but it will very largely eliminate any weed seeds which may be in the grain.—Dr. C. A. Zavits, Ontario Agricultural College, Guelph.

Clean, Dry and Ventilated Stables. Cleanliness, dryness and good ventilation are hygienic conditions very desirable in the housing of all kinds of live stock. Horses, cattle, sheep, hogs and poultry all thrive better and are less liable to contract infectious and contagious diseases when kept under such conditions than when dirt, dampness and poor ventilation are the rules in the stables in which they are housed. Undoubtedly, outbreaks of infectious and contagious diseases do occasionally occur in the best built and best kept stables, but the danger of these spreading is much less than where unhygienic conditions prevail.

Without doubt good stock has been produced under conditions that were not of the best, but the chances of producing and maintaining good healthy stock are much greater where cleanliness, dryness and good ventilation in the stables are the order of the day.

Dirt of all kinds, whilst it does not itself produce disease, is liable to harbor and foster the bacteria or germs that do cause infectious disease, hence, so long as it is lying around inside the stables it is a source of danger to the stock.

If these germs are able to more than the action of these bacteria is desirable if it is the dairy stable. Milk is an ideal food for many varieties of bacteria as well as for human beings, and many varieties of bacteria are always present in stable dirt. Consequently, when dirt or stable dust gets into milk, many contaminating bacteria get in with it.

The danger of these bacteria in the milk that causes it to spoil either by souring or putrefaction. Consequently, one step in the production of good clean milk is to have it produced under conditions in which the danger of these spreading is much less than where unhygienic conditions prevail.

Dampness is a great agent in the spreading and fostering of disease. Perhaps the one disease that is most liable to induce is pneumonia. Many hogs are lost annually as a result of contracting pneumonia through being kept in low-lying, damp quarters. Dampness due to bad ventilation is very conducive to the development of various lung troubles with all kinds of stock. The damp stagnant air in badly-ventilated stables lowers the vitality, depresses the blood circulation and so puts the animals kept under these conditions in such a state as to make them ready subjects for the development of such diseases as influenza, pneumonia, tuberculosis and others.—Prof. D. H. Jones, Ontario Agricultural College, Guelph.

Binder for Stone Road.
 If a broken stone road gets very heavy auto traffic then it must be laid with a tar or asphalt binder to keep the pieces of stone from grinding on each other and finally powdering up under traffic.

Time to Use Road Drag.
 If the roadway is full of holes or badly rutted the drag should be used once when the road is soft and slushy.

An English aviator has flown the long distance of 1,285 miles in 41-1/2 hours.

THE WEEK IN THE LEGISLATURE

(Special to The Journal)

The Budget Debate was concluded late on Thursday evening after the presentation of an amendment by the Opposition protesting against the character of the financial statements of the Government. The Liberals objected to the huge maintenance charges on the Government House and specifically mentioned this matter in their amendment. Over \$24,000 was paid out for repairs and maintenance during the last financial year. The building, site and furnishings cost almost \$1,000,000. If the cost for maintenance is going to continue yearly at about \$24,000 the Liberals consider that their protest is timely and well taken. Other matters which the Liberals disapproved of in their amendment were the concealment of receipts under the heading of "Casual Revenue" as illustrated by the entries made in respect of revenue received from the sale of tractors, seed wheat, etc., which should have come under the receipts of the Department of Agriculture. They also protested against the treatment of receipts from the disposal of capital assets, such as timber, as current receipts, while at the same time treating the payments as on capital account, it being apparent that those expenditures should be paid out of current revenue. The cost of Civil Government was also depreciated. In 1907 it amounted to only \$428,000 whilst during the year 1917-18 it reached the huge sum of \$1,013,000.

A number of members on both sides of the House contributed to the general discussion on the Budget during the week. Amongst the Liberal speakers were F. W. Hay of North Perth, Major Tomlin of Windsor, Z. Mageau of Sturgeon Falls, S. Ducharme of North Essex and Mr. H. H. Dewar of Southwest Toronto.

Mr. Hay advised a thorough audit of the finances of all chartered banks as a protection to investors. He criticized the Government's receipts in regard to seed wheat, claiming that a bushel had been lost on the Government's venture in purchasing this wheat for re-sale.

Government Congratulated.
 Major Tomlin of Windsor congratulated the Government on adopting the Liberal Party's policy in regard to prohibition and woman suffrage. Major Tomlin is particularly interested in education and hoped that now the Government had secured a Minister from outside of the House the Department of Education would receive the attention it deserves. Major Tomlin strongly advocated the establishment of a Ministry of Labor. He said: "You will agree with me that every man is entitled to life, to a little leisure, a little treasure and a little pleasure in life, and it is up to us to see that the laboring man gets justice."

Mr. Z. Mageau, Liberal Member for Sturgeon Falls, urged the Government to collect \$1,500,000 still due in taxes from the nickel companies, and suggested that fuller provision should be made for agricultural schools throughout the province and less money expended on the O. A. C. at Guelph. He maintained that the sale of liquor under the present system is nothing but graft.

Another Liberal member who is always sympathetically heard by the House is Mr. S. Ducharme of North Essex. Mr. Ducharme is of French extraction but speaks remarkably good English, and he used his considerable ability in defending the farmers from the charge of profiteering.

For Investigation.
 Some fire works were let off in the House during the closing hours of the debate when Mr. Hartley Dewar of Southwest Toronto introduced an amendment requesting the appointment of a committee of the House to investigate the accounts from 1913 down to date, relating to the enforcement of the liquor law in Ontario. Mr. Dewar's motion was the sequel to an attack upon the Government in reference to the recent Homer liquor case where liquor was placed in the riding of St. Catharines during the recent by-election there. The Hon. Mr. Lucas repudiated the allegations of the member from Southwest Toronto and challenged him to make a formal charge upon his responsibility as a member of the House. The amendment was lost upon a division of the House, but the Prime Minister has since announced that a Judicial Committee will be appointed to investigate the charges.

The Housing Legislation.
 Upon the proposal for the third reading of the bill which would permit Mr. J. A. Ellis of the Railway and Municipal Board to act as Director of Municipal Affairs for the purpose of controlling the new housing legislation, Mr. Proudfoot, the Leader of the Opposition, reiterated the protests he had made upon the prior readings of this bill and moved an amendment to give the bill a six months' hoist. Mr. Proudfoot's stand is against the principle of allowing a man holding a \$4,000 position to net a further \$2,000 by holding down two jobs. The Government, however, forced the bill through.

The Housing Bill itself has now passed through all three stages and, together with the above mentioned bill, creating a Director of Municipal Affairs, received royal assent. It now takes available something like \$10,000,000 of which the Province loans \$2,000,000 and the Federal Government about \$8,000,000 for the building of houses costing not more than \$3,500 each including land. Major Tomlin, a Liberal member who has been at the front, proposed a Government grant of \$200 to a returned soldier or a widow or widowed mother, or a returned soldier to enable either of them to purchase a lot and so be able to avail themselves of a clause which authorizes the advance of the full cost of the house to such a party. The Government rules the motion out of order and did not adopt it, and in consequence the soldier will have to find the price of his lot before he can take advantage of the Government housing scheme.

House Pays Tribute to Hanna.
 The death of Hon. W. J. Hanna elicited expressions of profound regret from both the Leader of the Government and the Opposition. The House adjourned over Friday until Monday out of respect to the decease of the late Minister.

Notes.
 The Liberal Leader has moved for a return showing the expenses of the recent by-elections, particularly the expenditures for the services of enumerators in each by-election. He also desires information as to the number of Crown Land Agents in the districts of Muskoka and Parry Sound, their duties and what they are paid.

Mr. Sam Carter of Guelph is inquiring as to the number of separate

RED CROSS NOTES

The Red Cross Society is finishing the making and packing of supplies this week. First transportation ceases on April first, so it is necessary that all goods be well on the way before the end of the present week. In addition as much of the unused material as possible is being disposed of. Flannel, flannelette, wool, Turkish towelling, batting and other goods by the bolt and by the yard, may be obtained at reasonable prices. The rooms are open each day from ten to twelve and from four to six.

WM. HOHNZOLLERN AGAIN THREATENED

Amersongen, March 24.—There was a state of extreme alertness around the Von Bentinck castle throughout the night and this morning in consequence of the former German emperor having received last evening two violently threatening letters, one emanating from Amsterdam and the other from the Belgian frontier, and also a telegram from a friend warning him of menacing peril.

All the Dutch gendarmes watching over the former emperor's welfare were kept on duty instead of half their number being allowed their accustomed rest. This morning all of the garden paths in the neighborhood of the shed where William Hohenzollern was engaged in sawing wood were constantly patrolled by armed guards, while even outside the walls of the castle, gendarmes were carrying loaded carbines.

One man was watching each of the four sides of the castle and other precautions were taken to insure safety.

PACKED BUTTER KEEPS

Seed Corn Situation Is Critical—Select Own Seed Now.

Selections From Field for Height, Strength, Leafiness and Earliness.

(Contributed by Ontario Department of Agriculture, Toronto.)

THE first point to observe in the packing of butter, in order to have it keep well for winter use is to have good butter. The best butter packing is usually made in the months of June and September. It is preferably made from comparatively sweet cream which has been pasteurized. However, on the farm pasteurization is not commonly followed, hence the butter should be made when the weather is comparatively cool and the cream should be churned before it becomes very sour—fact, the sweeter the cream the more likely it is to produce good keeping quality in the butter, so long as the cream is sufficient acid in the cream to a good churning results. The cream should be churned the usual way, except that the butter may be washed once with brine which is made by dissolving salt in water, instead of using water at both washings. Salt at the usual rate, but not over one ounce of salt per pound of butter, because salt does not preserve butter as is commonly supposed, except in a minor degree for unpasteurized cream butter. It is a mistake, however, to add so much salt that the salt flavor of the butter is covered up.

Having packed the butter as usual, pack it firmly into crocks, tubs or boxes. If unpasteurized wood packages are used, these should be soaked several days in salt water, the brine favoring in the butter. A better plan is to coat the inside of the tub or box with hot wax, the line with heavy parchment paper, before packing the butter. Glass crocks which are clean, need no lining.

When the package is full, preferably all from one churning, smooth the top of the butter, cover with parchment paper or a clean cotton cloth, tie the brown paper over the top and place in a cool cellar or in cold storage. Sometimes a salt paste is put on top of the cloth or paper and this is kept moist by sprinkling on water from time to time. This excludes the air and helps to keep the butter.

We recommend packing the butter in solid form which is to be kept for some time, rather than holding the butter in prints, even though these may be submerged in brine.—Prof. H. H. Dean, O. A. College, Guelph.

Select Seed Corn Now.
 Unless every precaution is taken this autumn the supply of good seed corn of the desirable varieties will be inadequate for the requirements of 1919. The autumn of 1917 was the corn crop harvested with an excess of moisture. Wet cold weather followed, during which time the corn did not cure, consequently, when the very cold weather of December set in the corn was frozen and germination was reduced to a very low percentage. This situation which caused the agricultural authorities of North America so much anxiety during the winter and spring of 1918, all of which was described by them as "national calamity," is not yet averted. The problem which that committee had to face was one of supplying North America with seed which would give a fair germination.

To secure this seed was no easy task and recourse was made to districts in the United States, hundreds of miles to the south of Ontario which grow large late maturing varieties. In bringing this seed into the country there was little expectation that it would produce much grain, but it was hoped it would produce fodder. The situation in Ontario was so acute that an embargo was placed on the seed grown in Kent and Essex counties prohibiting the exportation from those counties to other districts in Ontario. Some seed of fair germination was available but not sufficient for all their local needs, and as those counties located in southern and western Ontario furnish the chief source of seed for the remainder of the province it was felt that such action was justified in order to conserve those varieties for seed purposes which had proven themselves adapted to Ontario conditions.

There was never a time in Ontario's history when it was more necessary to take every precaution in the selection of seed corn than at the present time. The most satisfactory method of seed selection is that of selecting in the field. The grower sets up and down his rows and selects those ears which are early, well developed and possess all the various characteristics. When selecting in the field the grower has before him the standing plant. He can select from those plants which possess the height, strength, leafiness and earliness desired. When once the desired type is established in the grower's mind good progress can be made in selecting the ears. This method offers many advantages over that of selecting from the shock or from the crib. The crib is the least desirable in that it offers only husked ears to select from. With the shock, when husking, the grower has the widest selection from the shock or from the crib. The crib is the least desirable in that it offers only husked ears to select from. With the shock, when husking, the grower has the widest selection from the shock or from the crib. The crib is the least desirable in that it offers only husked ears to select from.

FARMERS

For Forty Years We Have Been Allies

Do you remember what farming was like in Canada forty years ago? We remember very well what manufacturing was like, what there was of it. The farmers were struggling on farms and getting low prices for their produce. The few manufacturers were also struggling, for the most part unsuccessfully. For forty years we have worked together. Have we not both prospered? We buy from you most of what you grow. You buy from us most of what we make. That has been and is the basis of our alliance.

The manufacturing establishments in Canada employ nearly 700,000 people. Their wage-roll is about \$700,000,000 a year. Moreover, they buy annually nearly \$2,000,000,000 worth of raw material, mostly in Canada. Around these factories are congregated a hundred other forms of business. All these are your customers, and statistics show that this home market is four times as valuable to you as your entire foreign market. Decrease its buying powers, and your sales lessen and your prices drop.

How A Minority Seek to Sever Our Alliance

The Prairie Grain Growers are urging the Government to throw down the tariff wall between Canada and the United States because they want to save a little money (mainly on freight rates) by buying from the United States manufacturers just south of them. They, who constitute about 20 per cent. of the agricultural population of Canada, ask all the other farmers, who constitute the remaining 80 per cent., to change the policy which they have supported for forty years.

Furthermore, to raise the Dominion Government revenue, they would substitute for the tariff, which collected last year about 60 per cent. of that revenue, an increase of income taxes, inheritance taxes, corporation taxes and taxes on unimproved land values. As it is quite obvious that such taxes would affect the farmer but little, this is the inducement they are using to get you to forsake us and follow the free trade prophets no one knows where.

We think this appeal will fail. First, because it seems to be founded on the assumption that the farmers of Canada want to slip out of paying any increased taxes that may be needed for soldiers' pensions, gratuities and

re-establishment. We have found in all our experience that the farmers of Canada are not this class of men. Second, because the argument is unsound. It requires little reflection to see that if our market is thrown open and flooded, many of our manufacturers, caught in the struggle to re-adjust themselves from war to peace conditions, will not be able to keep going. Would this not result in many of our people, unless they were able and willing to take up farming, leaving for the United States? Would not the rest of the population then, which might consist chiefly of farmers, have to pay all the taxes?

The Grain Growers do not represent the entire population of the Prairie Provinces. They do not represent the business population; they do not by any means represent all the farmers. The Prairie Grain Growers' Associations are dominated by a group of free traders whose one idea seems to be to get free trade all over the world. Unfortunately for their theories, just at the present time all the rest of the world seems desirous of getting protection.

Tariff Policy of Other Nations

GREAT BRITAIN is shutting out the goods of other countries (except the Dominions). FRANCE and ITALY are shutting out the goods of other countries by import restrictions.

THE DEMOCRATIC PARTY in the United States, which advocates low tariffs, seems to be going out of power, and the Republicans, who always support high tariffs, have now a majority in both Senate and Congress. Do you think that this means that the United States' tariff is going up or down?

In opposing the demands of the Grain Growers, we do not in any sense intend, as they sometimes say, to show hostility to them. They are our customers. Is not our prosperity affected by theirs? Beyond all this, if the farmers do not prosper, neither we nor the country can prosper. Agriculture and industry are the basis of the country's strength. But we feel that these demands of the Grain Growers aim a deadly blow, not only at industry but at the whole farming community.

What justifies the Grain Growers in demanding that their personal grievances be cured at the expense of the rest of the country? Are they in a desperate position? Have they been losing heavily? Are they suffering from too much adversity or too much success? Are they in any danger comparable to the one great danger in Canada now?

THE DANGER OF UNEMPLOYMENT

the danger which may place thousands in need of shelter, food and clothing? Most Canadians feel strongly that until this danger is avoided, and the country safely restored to a peace basis, the nation should not be disturbed by any tariff controversy at all.

When this danger is passed, and the country knows where it stands, and what other countries of the world are going to do, then the tariff question should be taken up and such a tariff should be framed as will suit, not the manufacturers merely, but the farmers merely, but the country as a whole, and by adding to the prosperity of the nation, add to the prosperity of each and every class—the only safe path to prosperity for any country or any class in that country.

THE WEATHER
Toronto, March 25.—Pressure is high over the Northwestern and eastern portion of the Continent while a trough of low extends from the western end of Lake Superior to the southwest States. The weather has turned colder in the western provin-

ces, but continues mild from Ontario eastward.
The City Council at 1 o'clock today paid visit to Montebello Park to look at the place which has been torn up for the rose-garden. Discussion arose last night over the change of site, made evidently without the approval of the Council or even of the Park Cemetery and Civic Improvement Committee. The question will probably come up again tonight.

CARD OF THANKS.

Mr. James Wallace and family of Thorold, desire to thank their many friends for the kind expressions of sympathy which were shown them in their recent sad bereavement, also for the floral tributes which were many and beautiful, and to the Maids and Daughters of England, and the Montrose Paper Mill for the magnificent wreaths.

A citizen who has been enjoying the fun reports the dip net fishing at the waste waters and in the creek the best yet. The class caught are principally suckers, perch, sunfish and pickers, with an occasional catfish and other delicacies too numerous to mention.

Friends will regret to hear that Mr. W. Kergan who is in the G. and M. hospital, suffering with vocal paralysis is not improving.

Owing to the illness of Mr. Llewelyn Mr. Norman Colvin of Galt, nephew of Mr. Dr. Buchanan of this city is taking his place in the musicale to be given in Knox Church this evening.

Musical in Knox Church March 25, 1919, under the auspices of the Clar Innis Club Tuesday evening. Program by Miss Reed, Mr. Norman Colvin, of Galt, Mrs. (Dr.) Pincock, Mrs. Johnson, Mrs. (Dr.) Maclean and Mr. Chas. Allison.

Rev. Dyson Hague of Toronto will speak to the A. Y. P. A. of St. Thomas Church on Wednesday evening in the Sunday School room.

His Honor Judge Campbell is presiding over a session of the Division Court today at the County Buildings.

"If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Druggists sell it in liquid or tablets. Send 10 cents to the Invalids' Hotel, Buffalo, N. Y., for trial package. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloë, root of jalap—things that Nature grows in the ground.

CHATHAM, ONT.—"As a girl I was wonderfully helped by taking Dr. Pierce's Favorite Prescription. I had become all run-down, weak and nervous. I suffered with terrific backaches. I also suffered from suppression and pain. My mother gave me 'Favorite Prescription,' and it so completely regulated my condition that I have never had any trouble since. There is nothing so good for girls or women who suffer as Doctor Pierce's Favorite Prescription."—MRS. Wm. MASON, 106 Wellington Street, E.

NO MORE NERVOUS HEADACHES

Since She Tried "FRUIT-A-TIVES", The Famous Fruit Medicine.

MISS ANNIE WARD
112 Hazen St., St. John, N.B.
"It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine, 'Fruit-a-tives'. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-tives'.

After I had taken several boxes, I was completely relieved of these troubles and have been unusually well ever since."
Miss ANNIE WARD.
'Fruit-a-tives' is fresh fruit juices, concentrated and increased in strength, combined with finest tonics, and is a positive and reliable remedy for Headaches and Constipation.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or Fruit-a-tives Limited, Ottawa.

Triffin's Theatre, Wednesday. Special program opened by the Mayor. Popular choruses thrown on the screen, by Mr. Sidney English. Solos taken by Mrs. Elson, Mr. Inksater, Mr. Swiezer. Special slides of I.O.D.E. educational work being done throughout Canada will be shown and explained. Picture program as advertised.

Milling skill, special machinery plus all the old time care gives PURITY FLOUR (Government Standard) the same superiority enjoyed in the old days.

"More Bread and Better Bread and Better Pastry."

PURITY OATS makes better porridge.

Come Mother, This Castor Oil Is What You Need---Don't Cry!

If you, mother, had to swallow the awful dose--- Think back to your childhood days---Ugh! Give your children Cascarets instead. Cascarets taste like candy. Every child loves to take a Cascaret. Besides Cascarets act better on the little liver and bowels when the child is bilious, constipated, feverish and sick. Cascarets are delightful---harmless---cheap!

Each 10 cent box of Cascarets, the pleasant candy cathartic, contains directions and dosage for children aged one year old and upwards. When the little one's tongue turns white, breath feverish, stomach sour, there is nothing better to "work" the nasty bile, souring food and constipating poison from the child's system. Give Cascarets, then never worry

SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Man feels bad all over---feels weak---feels nervous, irritable, gloomy---gets angry at little things that ordinarily would not be noticed. You feel tired mornings. Your sleep does not rest you. You feel nervous. You dream at night. Your memory is poor. You can't concentrate your mind. No appetite. You lose flesh---all run down. You can't understand why.

DR. WARD, SPECIALIST

OF INTEREST TO THE AILING MAN

28 years' experience and learning, 28 years doing one thing and doing it well. Experimenting days long past, I know! My success is due to system and direct methods. I go after the cause. No delays---no waiting---no wondering. No weary months and years dragging along waiting for expected results. I make a fee for treating the patient as long as treatment is necessary. If I make you a fee of \$10.00 or \$25.00 it means that I will treat you rise until you are dismissed. Consultation and examination free.

DIED.
HACK—In the Township of Grantham on Sunday evening, March 23, 1919, Charles Hack, in the 77th year of his age.
The funeral will be held from the family residence to-morrow (Wednesday) at 2 o'clock, to Victoria Lawn Cemetery.

EMPRESS OF BRITAIN SAILS

(Special to The Journal)
Ottawa, March 24.—The Empress of Britain has sailed and will arrive at St. John, it is expected, about April first. Nearly three thousand soldiers are aboard, including eleven hundred from Ontario points.

FOR SALE—Touring car, Overland, in A1 running order, 4 nearly new tires and spare. Cheap for cash. Has to be sold this week. Apply C. Schwartz, 21 Duke. m 25 26 27 28

The 73rd Anniversary of Union Lodge I. O. O. F. No. 16 was celebrated last night, and the event in every regard was a huge success and a pleasant time spent. The 1st degree of Friendship under the able direction of Henry Roder was conferred, after which interesting speeches were made by the following gentlemen: Brothers Morath, Roder, Buckley, Fitch, Johnson of Niagara Falls Lodge No. 81; Etherington of Empire Lodge No. 87; Scanlon of Pelham Lodge No. 454; Mayor Hastings of Livingstone Lodge 130 and Messrs Walker and Frieman of Union Lodge No. 16. A splendid programme of readings, vocal and instrumental music was rendered by the following and were much enjoyed: Address, Chairman; solo, S. Richardson; Reading, R. Cunningham Solo, S. H. Switzer; Monologue, Bert Harris; Quartette, Flowers, Chinn, Izon and Waite, Solo, Stanley Ker; piano solo, Bert Grant; Solo, Leonard Bullock; Solo, Percy Bradshaw.

Messrs McSloy, who own the beautiful and fertile farm at Martindale have decided to convert it into a fine dairy farm. It will be conducted along modern and approved lines.

Any application not necessarily accepted.

WILL OPPOSE THE LEAGUE OF NATIONS

Irish People Say Article 10 Would Make America Help Subjugate Ireland.

New York, March 24.—The adoption of article ten of the proposed constitution of the league of nations would compel the United States to aid Great Britain in holding Ireland in subjugation and its ramifications would be the most shameful betrayal of a people in history, said a resolution adopted today at a mass meeting of the Friends of Irish Freedom, which called upon President Wilson to insist upon the freedom of Ireland before approving this article.

If Ireland does not gain its liberty before the adoption of the league of nations constitution, the resolution asserted, article ten which guarantees the territorial integrity of the signatory powers, forever, would make Irish freedom impossible.

"Irish blood so freely poured out for America in this war," continues the resolution, "will have been shed to preserve the British Empire and rivet the chains of Ireland."

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and issued with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

AN IMPORTANT OFFICIAL

In an article relating to health and sanitary matters in cities and towns The Municipal Journal thus refers to the officials known as Public Health Officers:

"We wonder sometimes how many public health officers earn their salary. While some men are doing excellent work, the average health officer does not seem to realize what his duties really are, or if he does he neglects them. The fact of the matter is that in many respects the Public Health Officer is the most important man in the municipality, and should be the most useful. Public health is the keynote to the welfare of the community, and requires the vigilance of the keenest medical minds to keep up the standard, but when the test came in the visitation of the awful scourge of the 'flu' the health departments, with a few splendid exceptions, of municipal Canada fell down. And so we ask again, 'What do we pay our medical health officers for?' Surely for something more than writing out reports."

The St. Catharines Journal has, too, pointed out the shortcomings of medical health authorities in times of epidemic. It was to get more efficiency that it advocated a change here a few weeks ago.

ADMIRAL SIMS RETURNS

London, March 25.—Vice Admiral S. Sims, the retiring commander of the American naval forces in European waters, who will return to the United States soon, had lunch yesterday at Buckingham Palace with King George and members of the royal family.

GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save your hair! Double its beauty in a few moments—try this!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Dandruff.

Just one application doubles the dandruff; you cannot have nice, healthy hair if you have dandruff. This destructive scourge robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fatten, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Dandruff at any drug store or toilet counter for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Dandruff. It eventually—why not now.

OLYMPIC AND CRETIC HAVE REACHED HALIFAX

(Special to The Journal) Halifax, N. S., March 24.—The Cretic with 1,800, and the Olympic with 5,000 returning Canadian war veterans entered the harbor this morning.

The Cretic proceeding immediately to the dock and the Olympic anchoring in the stream. The clearing depot of officials hope to clear both steamers today.

About 3,000 are from Ontario points

KARL HAUTSUY GOES TO CITY OF MOSCOW

(Special to The Journal) Paris, March 24.—Count von Brockdorff-Rantzau, German Foreign Minister, has sent Karl Hautsuy, one of the under secretaries in the Foreign Ministry, to Moscow to see the chiefs of the Soviet Government and furnish an accurate report on the situation in which will allow the foreign minister to study the methods as to bring up, about of closer political and economic relations between Germany and the Russian Bolshevik Government.

CAVALRY PURSUED THE MEXICAN BANDITS

Marfa, Tex., March 24.—Troops of the eighth United States cavalry under Captain Kloeffer, returned here early today from a pursuit across the border of Mexican bandits, bringing with them 35 cattle and 2 horses which had been driven from Nunez by the raiders yesterday. Captain Kloeffer reported that he had overtaken the Mexicans eighteen miles south of Ruidosa and that five of them had been killed in the resulting skirmish. None of the Americans was hurt.

A WORD FOR THE HUN

Beyond totally disarming Germany and keeping her that way, making her resolute, repair, rehabilitate and cough until she is hanging over the ropes, to say nothing of cramping her in a disciplinary strait jacket for two generations, we believe the allies should be conciliatory and generous with Germany. — Houston Post.

Maple Syrup makers are a king the modest sum of \$3 per gallon for their products.

WOULD MAKE DANZIG A FREE PORT OF ENTRY

Germany Cannot and Will Not Sign Peace Terms Which Involve Annexation of That Place by Poland States Ebert.

(Special to The Journal) Copenhagen, March 24.—Germany cannot and will not sign peace which involves the annexation of Danzig by Poland. President Ebert declared in a speech Sunday, a despatch from Berlin says. He added that Germany could not give up west Prussia or part of Upper Silesia. Ebert declared that Germany was prepared to agree to neutralization of Vistula which would include Danzig as a free port.

SITUATION AS SERIOUS AS IN NAPOLEON'S DAY

(Special to The Journal) Paris, March 24.—"The situation is as serious as that which arose when the Congress of Vienna learned of Napoleon's return from Elba. Today, as a hundred years ago, negotiators have provoked and have been surprised by destiny," writes St. Brices in the Journal referring to the Hungarian situation.

ADMIRAL SIMS BANQUETED.

Presented With Block of Oak From Nelson's Flagship. London, March 24.—Admiral W. S. Sims was the guest of the Pilgrims Club at a dinner Friday night, and as a souvenir of the occasion was presented with a large block of oak from Nelson's flagship Victory, with an inscription on a silver plate.

AGAINST HUNGARY

Czecho-Slovak Army Has Been Sent Out to Battle According to Official Despatch. Copenhagen, March 24.—The Czecho-Slovak army has been sent against Hungary according to an official report received in Vienna. J. C. Masaryk, President of the Czecho-Slovak Republic.

APPOINTED SHERIFF.

Lieutenant Colonel D. H. McLaren, who was in charge of Niagara camp at Niagara on the Lake for several months during the war, has been appointed sheriff of the county of Simcoe, Ontario.

Wright's Home-Made Bread

Now that the restrictions are off regarding the use of substitutes, our Bread is back to the high Standard we set previous to the war. Our genuine Home-made Bread is scarcely touched by hand having in our equipment the most sanitary system of handling it. This machine costs a lot of money, but we believe it is hygienic and more sanitary than by hand. Therefore it pays in these days when germs are so easily spread, the handling of food stuffs should be carefully done. We believe the public will appreciate our system of doing this.

Wright's Genuine Home-Made Bread Costs No More Than the Poorer Kind—11 Cents the Loaf

LATE SPORT NEWS

Frank Shaughnessy Has Signed As Manager Of The Hamilton Team

Former Ottawa Pilot Will Have Charge of Mountain Town Team in Newly Formed Michigan-Ontario League.

If there is professional baseball in Hamilton this year, Frank Shaughnessy will lead the team. That was the announcement made by the directors of the Hamilton Baseball club yesterday after a conference with Shaughnessy who arrived in the city from Ottawa and who met the directors at a special meeting at the Commercial club. It was thought securing a manager would solve all the local club's problems, but now a new trouble has cropped up in the matter of the grounds. The directors feel that the rental asked for the H.A.A.A. grounds is altogether too high, and that they could not possibly pay the figure and make ends meet.

The meeting of the directors of the Michigan-Ontario Baseball league held at London did not adopt the 1919 playing schedule as submitted by the committee, but revisions were pointed out to be the basis for another draft. The Spalding ball was adopted as the official baseball for the league. It was decided to fix the salary at \$700 per month for managers in order to keep within the salary limit.

POOR ATTENDANCE AT HAVANA TRACK

Many Owners of Horses Will Not Make Expenses Unless the Attendance at Races is Larger.

With the coming of the fall end of the Havana race meeting it becomes more and more apparent that unless some sort of a miracle is performed many owners and race followers will be left there in desperate straits, half of the owners being indebted to the track for feed. Armed sentries are now employed by the track owners to guard the entrances, no owner or trainer being allowed to take a horse from the track without first obtaining a written permit from Curly Brown. The daily attendance has been almost nil.

MORE PUBLICITY?

Preserved as a close secret for nearly three weeks, it leaked out at Reno today, following the receipt of a telegram by one of the most prominent men in sporting circles of the western city, and confirming what has been anticipated ever since the passage of the bill legalizing boxing in this state, over Governor Emmett D. Boyle's signature, that the Jess Willard-Jack Dempsey heavy-weight championship battle will be staged in the city of divorces. The absence of any official announcement is due, many think, to a desire on Promoter Rickard's part to get as much publicity as possible out of the bidding for the site.

RUSH JOHNSON OUT OF CUBA.

New York, March 25.—Word comes from Havana that Jack Johnson was ordered to leave Cuban soil by the police authorities after he had announced that his battle with Willard was not on the level. Johnson was compelled to make a hurried getaway to Mexico the other day or go to jail for "defrauding" the Cuban sporting public.

The discredited ex-champion evidently made a bad break in Havana, where the natives will not stand for sharp practice by foreigners. Johnson while in Cuba engaged a manager, who is blamed for the negro's statements concerning the Willard bout. But when the Havana police got busy Johnson's manager deserted him.

MRS. HURD LOSES SOUTHERN TITLE

Former Canadian Golfer Is Surprise Of The Pinehurst Season.

Pinehurst, March 25.—The biggest surprise that has occurred at Pinehurst this season came along yesterday, when Mrs. Dorothy Campbell Hurd, the North and South champion, formerly of Hamilton, Ont., was defeated by Miss Sarah Fownes, of the Oakmont Club, in the first match round of the North and South championship tournament for women. Miss Fownes won by 1 up, by evading a

POPULAR DECISION.

Jack Loney, the local welterweight boxer, earned the popular decision over fighting Zinner of Black Rock in their bout at Buffalo last night. Loney had the better of the argument in a majority of the rounds.

Hamilton Boxers Have Very Busy Week Ahead; Will Box Here Tonight

Akron, Belleville and Guelph Will See Ambitious City Boxers in Action—Tonight's Show an Inter-City Affair Between Hamilton and Buffalo.

Great is the fame of Hank Woodal. The latest place to make demands for the boxers under the care of the Hamilton barber is Akron, Ohio, where they want both Kennedy and Eber to fight on April 1. On Saturday evening Woodal received a telegram from the matchmaker of the Akron A. C. in which he offered \$300 and three round-trip tickets for the boys, and there is no doubt that the offer will be accepted, for it is by far the most money that has yet been offered for the pair. While no mention was made as to who they wished the boys to go against, the message stipulated that the weights must be 128 pounds and 117 pounds, which would suit the Woods pair to a tee.

It is going to be a busy week for both Eber and Kennedy. The former boxes six rounds with Joe Thomas at Buffalo last night and tonight both boys appear on the veterans' card at the Armory, where Eber will figure in the main bout of ten rounds with Dickie Dundee as his opponent. Kennedy's opponent for tonight's fray will be Herman Smith. Young McMillen and Crowley will also be on the bill so that it promises to be an inter-city affair between Buffalo and Hamilton.

On Thursday night Woods will take Kennedy and Eber to Belleville, where they will box at the Great War Veterans' show, and next week they will box in Guelph. The Knights of Columbus will stage another show here on April 7, at which all the local cracks will be in action.

CALL ON LENIN.

Copenhagen, March 25.—The Hungarian Soviet Republic, according to a Budapest despatch, has sent a wireless message to Premier Lenine, asking him to come to Budapest and personally take charge of the situation. Lenine was greeted as the "international leader" and was assured of Hungary's "solidarity." He is said to have replied, asking that he be kept constantly advised of the "military situation."

Unanimous approval was given to the daylight saving plan by the Montreal Trades and Labor Council. The famous Sixties Choir from Rome will make a concert tour of the United States under the auspices of high dignitaries of the Roman Catholic Church this Spring.

Your committee further recommend that whereas in the Spring of 1917 the Minister of Railways and Canals was memorialized re the paving of the southerly approach to the Niagara Street Bridge at the Welland Canal and a deputation from the City Council waited upon the Minister later re this matter and was informed that the Department would do nothing of this nature until the war was over, therefore the present is considered an opportune time for impressing upon the Department of Railways and Canals the dangerous condition in which this section of roadway is permitted to exist and for urging upon them the necessity of paving this approach during the present season.

Moved by Ald. Smith, seconded by Ald. Dakers, that the seventh report of the Board of Works just read be received and adopted. Carried.

Fire and Light

The following report of the Fire and Light Committee was presented

as the retail price is fixed by the Government.

From the Municipalities of which we made enquiries, we had reports that the system was a great success and meeting an increasing demand. In no case has any loss been caused to the Municipality.

Having regard to these facts, your committee thought that if arrangements could be made with local dealers to handle the fish, the scheme could be proceeded with, and a conference was held between your committee and the dealers on March 17, 1919, when the proposals were discussed with the result that two dealers viz: W. P. Brey and McClelland Brothers agreed to handle the fish. Your committee therefore recommends that advantage of the scheme be taken, and the names of the two dealers mentioned be submitted to the department with the necessary guarantee of the Municipality.

Signed: H. E. Rose, J. E. Riffer, Jas. Dakers.

Moved by Ald. Rose, seconded by Ald. Riffer, that the fourth report of the Conservation Committee just read be received and adopted. Carried.

By-Laws

Ald. Eagle and Westwood introduced a by-law to declare that the Ontario Housing Act 1919 shall apply to the City of St. Catharines and that the head of the City Council, Frank Hoare, J. N. McBride, Thomas Nicholson and F. Greenlaw be a commission to carry out the terms of the Act and that Thomas Nicholson hold office for one year and that J. N. McBride and Frank Hoare hold office for a term of two years.

The by-law received the customary three readings and was declared carried.

Ald. Smith and Riffer introduced a by-law to provide for the establishment of a system of public scavenging and to impose a special rate to defray the expense thereof.

The second and third reading was left over until later in the evening.

Ald. Eagle and Westwood introduced the third by-law of the evening relating to the period of taking the assessment for the year 1919.

The by-law received three readings and was declared passed.

The fourth by-law was also introduced by Ald. Eagle and Ald. Westwood and provided for the enlarging of the time for the return of the collectors roll for 1919. The by-law was passed by the Council.

Ald. Eagle and Westwood also introduced a by-law relating to the assessment on which the rate of taxation for the year 1919 shall be fixed and levied. The by-law carried.

Motions

Moved by Ald. Eagle, seconded by Ald. Westwood that this Council endorse the Bill introduced at the present session of the Legislature by Mr. E. W. J. Owens, K.C. (South East Toronto) to amend the Municipal Act subsection 2 of section 69 by providing for candidates for municipal office filing declarations or resignations before 5 p.m. of day succeeding nomination in lieu of a.p.m. and to amend sub-section 4 of same section to the same effect and to amend section 73 of the same act by providing that the nomination day (23rd of December) falls on a Saturday or Sunday the nomination be held on the preceding Friday.

Moved by Ald. Dakers, seconded by Ald. Riffer, that all the work on the Civic Rose garden in Montebello Park be and is hereby suspended until such time as the site is selected and the work authorized.

The Council went into committee of the whole to discuss the motion with Ald. Eagle in the chair.

A Deputation

Before the Mayor vacated the chair a deputation from the Trades and Labor Council consisting of Messrs. Peter Grant, W. J. Cheevers and Mr. Peart waited on the Council in support of the resolution asking the City Fathers to petition the Government to amend the Municipal Act so as to do away with the property qualifications for municipal office.

Mr. Peter Grant was the first member of the deputation to address the Council and in a brief statement said that he came from a country where this property qualification was not in vogue and he was at a loss to understand why it was necessary to have so much property in order to stand for municipal office when an English subject could stand for parliament without any qualification. He was of the opinion that a man who had three or four children which he was bringing up and educating had just as much interest in the welfare of the city as the man who owns three or four lots.

Mr. W. J. Cheevers also spoke in support of the resolution, saying that he hardly knew what to say in favor of it as he did not know what arguments could be brought forward to oppose it. The members of the Public School Board who are responsible for a large expenditure of monies are not required to have property qualifications and they are perhaps more intelligent business men than some of the members of the City Council (laughter).

When the war was on there were many fine speeches made in this city

to aid recruiting and in all that time he had never seen where property qualifications were necessary in order to do the King's uniform and he was of the opinion that these men who fought for a better form of democracy should have a chance to sit on the City Council now that they are back. If they were good enough men to go out and fight for the City of St. Catharines and the rest of the Dominion surely they are good enough men to represent the citizens on the Council Board.

The Housing Scheme

Mr. Cummings at the request of the Mayor briefly outlined the legal aspects of the Ontario Housing Act namely that it is for the benefit of those who wish to build homes for their own occupation. The first class who are eligible to obtain a loan are returned soldiers, the widow of a deceased soldier, or the father of a deceased soldier. The second class is made up of workmen and a housing company. Returned soldiers are not required to pay any cash down and do not have to furnish any security. The applications for loans have to be made to the Housing Commission and are then passed on to the director for sanction. But every one must provide their own plans and specifications. The cost of any house shall not exceed \$2,500 and the cost of the house and the land on which it is erected shall not exceed \$3,000. The money is advanced according to progress of the building with the interest at five per cent being charged. A housing company is not allowed to charge over six per cent.

The Mayor thanked Mr. Cummings for explaining the clauses of the bill and said he would call a meeting of the Housing Commission at an early date.

COMING TO GRAND.

When the manuscript of "The Bride Shop" which plays at the Grand on Friday evening was submitted to Geo. Choos, the producer, he was warned that it would take a large sum of money to properly present it. Manager Choos liked the book, lyrics and the music, and although estimates showed that it would cost about twenty thousand dollars to produce, he did not pause for an instant, but laconically said: "Go to it." So scenic artists, costumers, modistes, etc. were given carte blanche, with the result that "The Bride Shop" has established a record all its own in musical comedies by furnishing a wonderful Broadway show.

AT THE GRAND

The wonderful educated ponies with Boraz's Mammoth Indoor Circus which comes to the Grand today, Tuesday and Wednesday are over twelve of the best trained ponies before the public today. They are presented in three distinct groups. Each displaying a cleverness unusual to the animal mind. Ponies, dogs, goats, mules and monkeys, all doing their specialty as presented by their trainers have always been a joy to the heart of old and young and with Boraz's Indoor Circus these delightful pets perform unusual feats with a celerity that is astounding.

THINKS SWEARING ALL RIGHT

Providing the provocation equals the offence of Jones stepping on Smith's corns. Far better to use Putnam's Corn Extractor—it does cure corns and warts in one day without pain. Try "Putnam's" free from acids, and painless, price 25c, at all dealers.

THOROLD

Messrs Grenville and Turner have the contract for the painting and decorating of the building on Front street which is to be occupied by the Bank of Montreal in the near future.

The Epworth League of the Methodist Church was withdrawn last night owing to the orchestra concert being held.

Miss Vera Harrison or Windle Village, is confined to her room suffering from a severe cold.

The concert in the Methodist Church last night given by the orchestra under the leadership of Mr. McCarthy was in every way a huge success. Each number was well given and great credit was reflected upon the committees who had charge of the program.

Miss Florence Madwesley, Ormond street, has resumed her duties at the Marille Butcher Shop, after being confined to her room for the past two weeks through illness.

Messrs. L. I. Hunt and son have the contract for the tinning, etc. of the houses recently built on Linden street by Theodor Thompson. A number of men are on the job under the supervision of John McLaughlin.

Mr. and Mrs. D. Holland, Mr. and Mrs. James Wallace and Mr. and Mrs. H. Cox, all of Galt, are in town attending the funeral of the late Mrs. James Wallace, West street, which took place on Monday afternoon.

The Jury empanelled by Dr. Colbeck to investigate the death of a foreigner named Gentilora who was instantly killed at the Coniags Reduction Plant on Saturday of last week sat last night in the Library building. It was decided that deceased met his death accidentally, but just how cannot be ascertained as there was no person present at the time of the accident. The jury recommended that the Inspector of factories make more frequent inspections of the shafts, elevators, etc., and thus avoid any more accidents that are occurring recently.

The funeral of the late Mrs. James Wallace, was held from the family residence, West street, on Monday afternoon, and was largely attended by sympathizing friends who came to show their last respect to one who was universally loved. Rev. R. S. E. Large, Pastor of the Methodist Church was the officiating clergyman at both house and graveside while the remains were tenderly laid in their last resting place. Those who acted as bearers were John Black, William Comerford, Harry Carter, Harry Lambert, Guy Dale and Richard Richards. The flowers upon and around the casket were many and beautiful.

The Thorold Board of Trade will meet in the Library Buildings on Wednesday night at 8 o'clock.

The two stores on Albert street underneath the trestle have been leased by Mr. Frada, who will carry on his grocery, which has been run heretofore on Front street, Mr. Frada expects to move into these stores in the early part of next week.

Toronto's population is now 547,371, according to the estimates of the Night Directories, Limited.

LIGHT

(Continued from page 1)

Mayor turned to more serious discussion and said he thought the objections raised were well taken and legitimate, but in the absence of the chairman, Ald. Nash, who was on his way to England it would be rather an indelicacy thing to be too severe in criticism or too reactionary in proceeding. Ald. Nash was a man of the best intentions. He was also sensitive of disposition and would be the last, the Mayor thought, to exceed his authority if he understood just what formalities surround Councilors. Furthermore Mr. Moore, the superintendent of Queen Victoria Park has generously given his services to lay out the plan and to secure the best place to grow roses and unless some grave injury to the park or to the public were done, which he doubted, he did not think it would be wise to press the motion to a vote. The discussion had served the required purpose.

Question of Wages.

Ald. Hill: "I objected to paying a man \$90 per month as I thought we could get along without him."

Ald. Eagle: "Has this man's wages to be paid out of the donation?"

Ald. McDowell: "I believe that is the case. I also objected to a salary of \$90 but as regards the site I don't believe I ever saw any children playing on that spot. The gardener thought the site at Midland street was too shady for growing roses. Mr. Nash made a mistake but I am sure not intentionally."

Mayor Elson: "I would like to enquire if Ald. McDowell has read the new baseball rules and if he is familiar as to where the foul balls go?"

Ald. McDowell: "I don't know anything about baseball but I should think that according to Ald. Dakers all the foul balls would go into the rose garden. (Laughter.)"

Ald. Dakers then read a copy of a letter that Ald. Nash had written to Mr. Near saying that everything was in readiness to start work on the Rose garden. "I am surprised" said the Alderman that they did not come back to the Council when the gardener turned down the location authorized. As far as I am concerned the motion will go to a vote."

Ald. McDowell: "It seems strange that all these complaints should be made behind our backs."

Mistake of Policy.

Mayor Elson: I am of the opinion that Mr. Moore would feel humiliated if this work were to be held up and I think it would be a mistake of policy and would be embarrassing to the whole situation to force this motion through. If the work were held up it will mean the loss of that money already spent and perhaps the abandonment of the whole scheme.

Ald. Westwood: The site selected will do away with the corner path but there is no doubt that the garden would be very beautiful. But I feel that if we lay this matter over until tomorrow night it would give the members of the Council a chance to

LATEST PARIS FASHION. From Paris comes this child's dress of cloth trimmed with cloth buttons of the same color. The pockets and sleeves are trimmed with black embroidery.

ANALYSIS OF MUNICIPAL BUDGET FOR THE YEAR 1919 WAS MADE BY MAYOR SHOWS THAT EXPENDITURE BOARD AND BY LOCAL BOARDERS.

The following address on the budget for the year 1919 was made by His Worship Mayor Elson at the meeting of the City Council last night.

Mr. Chairman:

Since the Council has gone to the Committee of the Whole we will discuss this budget for the year 1919. This is the largest budget has ever been presented to the Council. To analyze it is a task which requires a mind trained to figures, a man reluctant to undertake a task which it would be in the interest of the Municipality if, when a budget such as this is presented, some discussion were to take place for the payers to hear the best phases on once explained in such a way that become intelligible and interest. Before I begin this discussion I to express a very warm appreciation to all the members of the Council the close attention they have paid this work during the last week. I have spent many hours sitting at this Board without receiving any remuneration. I also desire to the Treasurer for the excellent which he has done and for the efficiency in his department. It seems to me that credit should be given officials where credit is due. We found every courtesy and attention also that his department is highly organized, and excellent results are being obtained.

In saying that this is the largest budget which has been submitted to the public, I might explain that over four years this country and countries have been engaged in hostilities and many projects have been delayed. There has been such a uncertainty as to the financial matters and as to the outcome of hostilities that municipalities were advised to be careful in their expenditure. Things are starting now which have been held over during the war. Each department there has been advanced cost, and I would like gentlemen to bear this in mind. Years ago the cost of maintaining establishments, either private or public were less than to-day. The price has entered into the municipal just as it has entered into the private life, and we find that some of the side Boards have increased their rates. Some of these increases have no control over as a council. One Board (the Collegiate Institute) has not increased, and, gentlemen, if I make any error I hope Treasurer will correct me, but in departments such as the Public School Board, the Police Commission, the Board and the Police Commission, the Board have increased very materially shall read them a little later on.

The Gas Plant.

There is also a very unusual circumstance in the operation of the plant. This is a municipal plant which was bought in 1912 for the purpose of being a public utility for service of the people. It was bought in the best of hope, but during its operation it has been found to have somewhat similar to a sieve through which money has been sifting. So far we are faced in that department with a loss totalling \$38,548.91. It is a known loss. I am not in a position to say what the unknown loss. The loss is made up as follows: The loss in 1912 to 1916 inclusive was..... \$12,000 For the year 1917..... 5,200 For the year 1918 which has just closed..... 16,300 And for the period of this year, namely from January 1st to June 30th, when it is proposed to discontinue the operation of the plant estimated at..... 5,000

Which makes a total of..... \$38,548.91

Some years ago the plant had tracts with the Welland Canal lost, and then the natural gas into use, which had double the units, and it could also be produced very much cheaper, and people regardless of any sentiment that had for the public institution. The purpose whatever in such a failure of this gas plant to be held up as a reflection on me
