"The Man Who Disappeared."

CHAPTER XI.
Florence Declares Her Allegiance. (Continued.)
Neither do I, but for the sake of your society—
All right, I'll get the Kenbys first, and pick you up here on the way to the park. You can take Mr. Kenby off our hands, and leave me free to cheer up Florence.

"Well, what? What do you remember?"
"OH, nothing—only that appearances are sometimes deceptive, and that sort of thing."
"Is assuming that Bagley's advent on the scene would make Florence more appreciative of Turi's society, Edna was right. Such, indeed, was the immediate effect. Mr. Kenby himself, though his first impression that Turi was a young man of assured fortune had been removed by the young man's own story, still encouraged his visits on the brilliant theory that Bagley, if he had intentions, would be stimulated by the presence of a rival. As Bagley's visits continued, it fell out that he and Turi eventually met in the drawing-room of the Kenby's some days after the Hills' last cordial talk with Larcher. But, though they met, few words were wasted between them. Bagley, after a searching stare dismissed the younger man as of no consequence, because lacking the signs of money-grubbery; and the younger man, having shown a moment's curiosity, dropped Bagley as beneath interest for possessing those signs. Bagley tried to outstay Turi; but Turi had the advantage of later arrival and of perfect control of temper. Bagley took his departure, therefore, with the dry voice and set face of one who has difficulty in holding his wrath! Perceiving that something was amiss Mr. Kenby made a pretext to accompany Bagley a part of his way, with the design of leaving him in a ray Davenport of absconding with his newly discovered Bagley. Mr. Kenby committed the blunder of taking too little account of Turi; and thus Turi found himself suddenly alone with Florence.

have got rid of him, I suppose. But Edna's look was so imperative.
"I didn't know who he was, then," put in Edna. "But after all, there was no harm in using his automobile."
"Why, he as much as says 'I'm going to have my automobile'—merely Florence, with a reproachful look at Edna.
"Oh, well, he couldn't understand dear. He only knew that the money and the man were missing. He could think of only one explanation—merely Florence, with a reproachful look at Edna.

Thrilling Ten Minutes' Hardship.
The hardest ten minutes work that any person will do will be to row down to Quidi Vidi Lake on Regatta Day. The Evening
A society called the "Gildons" which is composed of "Christians Commercial Travellers has recently started a crusade to place Bibles in the hands of a million of the laboring men in the country. Many thousands have been gladly accepted by the managers of all classes of hotels from the most fashionable and expensive hosteries to the quaint night lodgings.
In New York the Hotel Savoy received a hundred Bibles, the Plaza Hotel and the Hotel Astor 500. Now, when they get all the Bibles in the country supplied, I have no other suggestion for the Gildons but that is that they start a crusade to place Bibles in our homes.
I really think that everyone would be astonished if a census could be taken showing how many homes, houses I would say—are absolutely without a Bible.
You see, the furniture dealers, who advertise to fit out our young people for housekeeping at the rate of forty-nine or fifty-eight dollars for the room, probably don't include Bibles in that furnishing. And as for the huge family Bible which used to be such a common wedding present, well how long since you've seen one at a wedding?
But not all of the houses that have a Bible are of the four-room-

Girl Sprints Her Way to \$70,000 Fortune.
Vassar Student Beat Five Other Girls in a Foot Race and Won 100 Shares of Mining Stock.
Chicago, Ills., July 15.—That it is to be a good sprinter, even for a day, when Miss Caroline Dunlop, Chicago girl, learned that a little foot race she won three years ago paid five girls in Calgary, Alberta, had been the means of making her the owner of mining stock valued at \$70,000.
Miss Dunlop, when in college, avoided more time to a student than study. Before graduating from Vassar she had become the fastest runner in the college.
This year, after leaving school, she went to Calgary to visit some of her college chums. The provincial fair was being held at that time, and one of the big events was a half mile race for girls.
Miss Dunlop and two of her school girl chums entered the race against three other Calgary girls.
Just before the race was called, young Calgary millionaire called down.

HEALTH RESTORED TO THIS FAMILY
Wife's experience with Dr. Chase's Nerve Food led to husband's cure.
"Since childhood I was afflicted with biliousness and sick headaches writes Mr. A. K. Van Wyck, Park Hill, Ont., 'and as all the doctors' medicines and prescriptions failed, I do me any permanent good. I had lost faith in all medicines. It was by accident that I came to use Dr. Chase's Nerve Food. It has been recommended for Mrs. Van Wyck and she felt so much good that she wished me to try it.
'I did so, and was surprised at the results. It is now three years since I discontinued the medicine and I have not had an attack of the old trouble. I hope that others may benefit by my experience.'
The cure effected by Dr. Chase's Nerve Food is lasting because it builds up the system and removes the cause of trouble. 50 cents a box, \$2.50; at all druggists, or Edmondson Bros. & Co., Toronto.

The Evening Chit-Chat

By RUTH CARLSON

A society called the "Gideons" which is composed of Christian Travellers has recently started a crusade to place Bibles in the guest-rooms of all the hotels in the country. Many thousands have been accepted by the managers of all classes of hotels from the most fashionable and expensive hostries to the one night lodging houses.

In New York the Hotel Savoy received a hundred Bibles, the Plaza 700, and the Hotel Astor 800. Now, when they get all the hotels in the country supplied, I have another suggestion for the Gideons and that is that they start a crusade to place Bibles in our homes.

I really think that everyone would be astonished if a census could be taken showing how many homes—houses I would say—are absolutely without a Bible. You see, the furniture dealers, who advertise to fit out our young people for housekeeping at the rate of forty-nine or ninety-eight dollars for four rooms, probably don't include Bibles in that furnishing. And as for the huge family Bible which used to be such a common wedding present—well how long since you've seen one at a wedding?

But not all of the houses that lack a Bible are of the "four-rooms-for-

marriage exhortation which describes the first cause for which marriage was ordained. A committee recommended that the clause should be:

"It was ordained for the increase of mankind" instead of "It was ordained for the procreation of children."

The Archbishop of Birmingham said he did not think the inclusion of the word "procreation" was at all effective. To a large number of persons it was widely offensive, and as a priest argued it with hesitation and blurted over it, a great deal of the effect of the teaching which the exhortation was meant to convey, and which he regarded as extremely valuable, was lost.

WIRE WOUNDS

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores were healed, and best of all, the hair is growing, and is NOT white as is most always the case in horse wounds.

Household Notes

I know a woman who always keeps a small piece of whetstone in her machine drawer for sharpening needles when they become blunted. It is a great scheme and saves a lot of needles, as I have proved to my own satisfaction.

Here is a suggestion for easily ironing a bonnet with a drawing: by it, clip the string or tape at one side and fasten a small safety pin in it. Smooth out the fullness, letting the pin and string slip back in the casing. When ironed take hold of the pin and run it out.

An excellent treatment for shoes that have been rubbed to the nub is to rub vasoline well into the leather when nearly dry. This will do wonders toward removing the bad effects of the wearing, and prevent the shoes from cracking or becoming hard and uncomfortable to the feet.

I have many a headache during the summer, and have at last found the reason for them: the strong sunlight hurts my eyes. I have learned to wear dark blue glasses while doing many tasks out of doors, such as hanging up the clothes, sprinkling the lawn, etc., and have secured relief from the practice.

Many rust spots on clothes are caused by bits of soap adhering to the fabric when they come in contact with the bluing water. The discovery has been of great help to me because I can now easily avoid having these unsightly marks. I merely cut the soap into small pieces and tie them in a salt bag I keep for the purpose.

People who wear eyeglasses find it very annoying when the glass steams up and gets frosted. To prevent this, take any good glycerine soap rub a little on each side of the glass (use no water), then polish with tissue paper or a soft cloth.

It removes grease and grime, also stays polished much longer than with ordinary cleaning.

Before putting my cover over the wash I tie a piece of ordinary white tape as long as the ribbon to one end and pull out the ribbon at the other; that leaves the tape in while the cover is laundered. When the ribbon is ready to put on, just tie the ribbon to one end of the tape and pull out the tape. You will find that your ribbon is in smoother and quicker.

The following is a fine lustrous polish for furniture: Half-pint of linseed oil, half-pint of olive oil, the white of an egg, one ounce spirits of salts. Shake well before using. A little to be applied to face of soft linen pad and lightly rubbed for a minute or two over the article to be restored, which should first be rubbed with an old silk handkerchief. If well worked it will keep any length of time.

Clergy Change Marriage Form

Objections Raised to Certain Phrases in Ceremony—Keen Debates. London, July 22.—It has long been suggested that the form of marriage service of the Church of England is unsuitable to the present day decorum in speech, and at last action has been taken by the Lower House of Convocation at a meeting held in the Church House at Westminster.

"It was suggested that one clause should be altered to read: "It is not by any to be taken in hand inadvisedly, lightly, or wantonly, but reverently, discreetly, advisedly, soberly and in the fear of God."

"There is a great deal too much prudery about in the twentieth century," said Canon Rhodes, Trinity in proposing the proposed alteration.

Canon Henson, supporting the proposal, said prudery was a bad thing, and the sixteenth century, from which this particular exhortation came, was a coarse age. After discussion, the alteration was agreed to.

Special Evening Telegram. LONDON, July 27. Premier Asquith made a statement in the House of Commons to-day which fully bore out the description of the situation as one of real anxiety.

The critical deadlock between France and Germany continues, but France expects a way will be found for a peaceful solution, and to this end she is prepared to go to the limit of conciliation, but cannot agree to either evacuate Morocco or hand over huge blocks of African territory merely in return for Germany's reiterated assurance that France will not be bothered in future in Morocco.

St. Thomas's Picnic

The St. Thomas's Sunday School held their picnic at Smithville yesterday. The weather conditions were excellent, which made the outing more enjoyable. At 12.30 the St. Thomas's, Virginia and Quidi Vidi Sunday Schools met at Canon Wood Hall. Motor cars, vans and express-cars were waiting to take the smaller children to the grounds, the senior children all marching, headed by Frfr. Power's band. On reaching the grounds various games were formed, and at 3 o'clock the following sports programme for the senior boys were run off:

100 Yards Dash—1st, A. Coen; 2nd, A. Hammond. 1/4 Mile—1st, F. Murphy; 2nd, W. Short. 3 Legged Race—1st, S. Edney and L. Carter. Walking Match—1st, A. Hennebury; 2nd, H. Rendell. Wheelbarrow Race—1st, G. Vokey and W. Sheppard. Long Jump—1st, A. Hammond; 2nd, W. Roberts. Relay Race—Won by 1st Class St. Thomas's. Marathon Race—1st, A. Hennebury; 2nd, A. Hammond. About 600 children set down to tea. After tea, races, rings, football and other sports were carried on until 8 o'clock, when the smaller children drove home. The senior Sunday School remained until a later hour enjoying themselves. Among the visitors present were His Lordship the Bishop, Hon. M. G. Winter, Mrs. Harvey and Rev. H. Uphill. The Rev. G. R. Godden, Rector, spared no pains to make the children enjoy themselves. Messrs. W. F. Rendell, H. McNeil, W. D. Edwards and Rev. G. Hewitt looked after the sports and are to be congratulated for bringing them off so successful. The outing was one of the best that St. Thomas's Sunday School ever held, and the teachers and superintendents are to be highly congratulated.

Have You a Bad Sore?

If so, remember these facts—Zam-Buk is by far the most widely used ointment in Canada. Why has it become so popular? Because it heals sores, furuncles, skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is altogether different to the ordinary ointments. Most of these consist of animal fats. Zam-Buk contains no trace of any animal fat, or any mineral matter. It is absolutely herbal.

Remember that Zam-Buk is at the same time healing, soothing, and antiseptic. Kills poison instantly, and all harmful germs. It is suitable alike for recent injuries and diseases, and for chronic sores, ulcers, etc.

Test how different Zam-Buk is from Zam-Buk really is. All druggists and stores at 50c. a box. Use also Zam-Buk Soap. Relieves sunburn and prevents freckles. Best for baby's bath. 25c. tablet.

Six bottles of Stafford's Liment will cure Rheumatism. Regatta Ripples.

The time is getting short and the collectors report that they have not yet collected enough funds. They hope, however, to-day to secure all that is necessary to ensure for all a pleasant holiday.

The labourers' race will be a keenly contested one this year. The crews are well fitted, and the addition of a Broad Cove crew will make it all the more interesting.

The past four evenings and mornings the stop watch men was in evidence and he timed the boats, having an eye to business on Regatta Day.

The Red Lion made her appearance on the Lake yesterday and rows well. She is an excellent boat and given good crews will be in the front rank of winners.

The four Brigade crews are hard at work training, and judging from the time made by each boat this will be one of the prettiest races for the day.

To-night at the Regatta Committee's meeting the crews will enter for the various races. Heretofore many crews left this important act for the Monday preceding the races and by so doing gave much trouble. This year the committee will see to it that all will enter to-night.

Motor and other boats will be debarred this year from crossing the Lake when a race has started or is about to start. Last year they proved to be a danger to the crews and a nuisance to sightseers.

Moscow, July 15.—A terrible  
tragedy is reported from the village of  
Poboyanka, in the Akkman district.  
Five children who were playing at  
home, in the absence of their parents,  
climbed into a big iron safe with a  
massive lid, held up by a prop of  
wood. One of the children must

have accidentally knocked the prop  
away, for the lid fell and owing to  
the automatic catch became immov-  
able from the inside.  
The parents, on the return, were  
alarmed at the disappearance of the  
children and searched for them in  
every place, but in vain.

It was only after a long delay that  
they thought of the safe. When they  
opened it they found the dead bodies  
of the children, their little faces dis-  
torted with their sufferings. All had  
been suffocated.

**Harbor Grace Notes.**

Picnic and berry-picking parties  
are now the order of the day, and each  
day crowds of people visit the South  
Side hills and other places where  
wild fruit abound.  
The schr. Antoinette, Capt. Webber,  
arrived here on Tuesday evening with  
a load of coal to Mr. Andrew Ruther-  
ford.  
Mrs. Johanna Connors, widow of the  
late Michael Connors, and one of our  
oldest citizens, passed away yesterday  
after a short illness. Mrs. Connors  
returned from Boston last summer  
accompanied by her daughter, Mrs.  
M. Daley, with whom she lived while  
there. She leaves one son, Patrick,  
now at Labrador, and one daughter,  
Mrs. Daley, in Boston. Born at the  
south side of this town 86 years ago  
here whole life was spent here. The  
funeral takes place to-morrow morn-  
ing.

Mischiefous boys who delight to  
worry dumb animals should be look-  
ed up and punished. A number of  
horses (about 26) were grazing on the  
barrens near the race-course one  
evening this week, when several boys  
with the assistance of a dog, sent  
them madly scampering over the hill.  
After the stampede we noticed that  
one very fine looking animal was  
very lame, possibly the result of a  
stone thrown, or a twist of the hoof  
while galloping over the rocky road.  
It may be amusement for the small  
boy, but horses are likely to be in-  
jured in this way.

Our South Side friends are arrang-  
ing for a strawberry festival on  
Thursday next, August 3rd, which  
will no doubt be a pleasant time.

Flags are flying to-day from a large  
number of residences as a welcome  
to His Excellency Monsignor Stagni,  
who will arrive by the S. S. Fife from  
Bull Island about 5 o'clock this after-  
noon. Citizens will meet His Excel-  
lency on arrival and after forming in  
procession will proceed to the Cathed-  
ral.

Those of our citizens who like a day  
in the country are somewhat handi-  
capped this season on account of no  
excursion rates being allowed for  
Wednesdays. Last summer at the re-  
quest of those responsible for the  
holiday, our obliging station master,  
Mr. Ford, represented the matter to  
the Reid Ntd. Co. with the result that  
we were allowed the benefits of ex-  
cursion rates for the season. Had  
these people asked Mr. Ford he would  
have sent the request on and probably  
secured the same for this season.  
More than double the usual number  
took advantage of this year. "Give us  
the same again, please," is quite a  
common saying.

**Avondale Church.**

The Avondale Church Re-building  
Committee regrets that the item in the  
"Chronicle" of the 26th inst., which  
says that "the work of building the  
new church at Avondale has already  
begun and the basement was finished  
last week. Men are now employed  
on the foundation and already a good  
ly amount of money has been received  
by the Parish Priest, Rev. Father  
Shan," is unfortunately untrue.  
Without some generous assistance  
from the outside public it will be  
some time before even the foundation  
of a new church can be laid.  
Within a few days acknowledg-  
ments will be made in the Press of  
the amounts so far contributed to the  
re-building fund.

The banker Hispanolla, Capt. John  
Lewis, arrived at Harbor Breton re-  
cently with a full load of cod on  
board, and up to the present has 1-  
700 qts. to her credit. She has a re-  
cord catch at this season; has secured  
another bating and is now on the  
Banks for her last cabin bating.  
The Gertrude, Capt. Walter Kra-  
nady, got to Holyrood, Wednesday for  
a cabin supply and will sail to the  
Banks shortly. She did not do much  
in the early part of the season, but  
since has greatly improved in her  
work and she now has 1,200 kils. to  
her credit. Capt. Kennedy is upholding  
his reputation as a first-class bank-  
ing skipper and we congratulate him.

THE POET PHILOSOPHER.

When first chautauquas made their bid for public favor and support,  
I liked the sort of work they did, and to their meetings would cavort.  
Then there were helpful talk and song, a cultured sport  
CHAUTAQUAS would make a speech, and some old chap with whiskers  
long-lariat a text and preach. No freaks had jumped  
into the game, and fakirs then were rightly spurned; the speakers of  
were men of fame—the sort of fame that's fairly earned. But now I  
have some weary sighs, when to chautauquas tents I go, for circus features  
twe the eyes; it's like a dog and pony show. A dame returned from Brit-  
ish jalls where she put in a bunch of years, stands up before the crowd  
and wails, and gets applause that should be jeers. The fake explor-  
er stands and hores the crowd with stories of the Pole; the windy poli-  
tician roars a long and useless rignarole. The latter day Chautauquas  
plans embrace the has beens of all shores; ex-governors and also rans,  
and all varieties of boxes. The program of next year, no-thinks, will play  
up all the standard freaks; the jug-  
gors and glass-eating ginks, and  
beared dance and tattooed Greeks.

Man Gored by Bull May Die of In-  
juries.  
Weathersfield, Vt., July 13.—Led  
by the peculiar actions of a pet house  
dog to follow it two miles through  
the fields, the family of Myron Eaton  
came upon his mangled body lying  
in the brush of a bull pasture late  
last night.  
It was late to-day before Mr. Eaton  
was able to give any intimation as to  
what had happened to him, although  
it was apparent that he had been gored  
by a bull. Mr. Eaton said he was  
attacked by the bull as he went into  
the pasture late in the afternoon.  
He was trampled upon and tossed  
into the air repeatedly until finally  
he landed in the bushes out of reach  
of the infuriated animal.  
The dog, which had accompanied  
him, accompanied home and succeeded  
in enticing the family back to the  
scene.  
Mr. Eaton, who is 35 years old,  
has several ribs broken and his  
lungs were punctured by the bull's  
horns. There is little hope of his  
recovery.

**Lost His Faculties.**

After Going Through the Cave of the  
Winds at Niagara.  
Niagara Falls, Ont., July 17.—Lo-  
cal physicians have been unable to  
diagnose the case of W. H. Shaw, a  
tourist from Carrollton, Ga., who yester-  
day entered the Cave of the Winds  
in full possession of his faculties and  
emerged with his memory gone and  
his mind a blank. He is a patient at  
the Memorial Hospital.  
The man is a planter, 45 years of  
age, and was on his way to Montreal  
with his daughter. When he emerged  
from the cave he was as helpless  
as a child and stared about him,  
seeming not to comprehend anything  
his daughter or the guide said to him.  
I have made a large cheesecloth  
bag that will hold as much fruit as  
my preserving kettle. When making  
jelly I clean and prepare the fruit,  
putting it into the bag instead of the  
kettle and add the required amount  
of water. By moving the bag occasi-  
onally I keep the fruit from burn-  
ing. After the required length of  
time for boiling I lift the bag out and  
let the juices drain from it over night  
into the kettle. In the morning I  
make the jelly as usual. This meth-  
od will save more time and burned  
fingers than one who has never tried  
it can imagine.

Trip of the Fife.

The S. S. Fife returned from Harbor Grace last midnight, having conveyed the Papal Delegate and party to Bell Island and Harbor Grace. The ship left here at 4 o'clock yesterday morning for Portugal Cove. Captain Delaney was in command and Mr. R. Allison, chief steward. The ship decorated with flags arrived at Portugal Cove at 9 o'clock a.m. and at Bell Island about 11. The people of Bell Island turned out in their thousands and crowded the D. I. S. Co's pier where the Delegate landed. Work all over the island was suspended. Flags were flying on most of the buildings, and salutes of musketry greeted the visitors. The trip across from Portugal Cove was very enjoyable. The day was fine and the water smooth as oil. His Excellency and party containing 12 clergymen remained on deck all the time. Rev. Fr. McGrath had a pair of horses and brought down to the wharf to convey the Delegate and Bishops to the Presbytery where luncheon was served. The afternoon up to 5 o'clock was spent visiting the mines.

Police Court.

Today a drunk was discharged. Quite a civil docket was disposed of. Miss Walsh, summoned Mrs. Flynn for \$197.67, monies drawn from the Bank. Plaintiff went to live with defendant, and after a period of seven weeks her mind became affected and she went to the Lunatic Asylum, and on coming out went again to live with defendant and transferred the balance of her money in Bank to defray her support, burial, etc., retaining \$40 herself. She left, some time ago and sued for the return of her money, the balance \$1000 which was left in the Bank. The Court ordered the return to plaintiff of her money; defendant getting the sum of \$40 for plaintiff's keep while in her home. Mr. Hunt, for plaintiff; Mr. M. P. Gibbs, for defendant.

The Police Complain.

Now that the hot weather is with us, the uniform which men who do their heat suffers terribly from the heat. It is bound up in a heavy and close-fitting tunic and pants of coarse black cloth, the same uniform which he wears in winter. He deserves lighter clothing, and should get it. If the Government gave the order to give the men lighter apparel, I. G. Sullivan would soon relieve the men of the punishment they now undergo by getting them a change of clothing quickly.

Little Girl Injured.

A little girl named McGrath, of Brien Street, fell on a broken bottle on New Gower Street last night and her face was cut so badly that she had to be taken to a doctor and three stitches inserted. The girl was walking along the street with her mother. Another girl had dropped the bottle on the sidewalk and it broke. The little girl who was injured picked up a piece of the bottle unknown to her mother and when running to catch up with her fell on the fragment, with the result referred to above.

THE ARNOLD HERE.—The Schr. Arnold, Capt. Randall, arrived here this morning to Jas. Baird Ltd., with 2,700 qts. of fish. The vessel had a splendid run down with a gale of wind behind her and made a splendid run.

M.G.B. to Camp.

The Methodist Guards will leave for camp to Carbonear Thursday morning next by train. The brigade anticipates this year having a more enjoyable time than formerly. Inasmuch as the residents of Carbonear are making every effort to render their visit to that town a success. The camping ground has been secured a short distance west of the beach and is provided with all necessaries. On the south side it is bounded by the river, which flows into the harbor, and on the north by a public road, in addition to which assistance by the Carbonear folk there is the erection of a cook house and mess tent. The camp is being furnished with a water service from the pipes supplying the town, and also with electric light. The lads will remain there 10 days. The pioneer squad will leave here Wednesday evening by train.

Took New Photos.

This morning the firemen and fire apparatus of the Central Fire Hall, where photographed by Mr. James B. Allan of New York city, who is on a visit here. He is one of the passengers of the Florizel. Superintendent Dunn and Captain Winsor kindly had everything in readiness for Mr. Allan who took them in three snapshots of "everything" in the fire-fighting line. He is going to send down photos of the Fire Hall and other places of interest in the city on his arrival home. Mr. James Murphy showed him around the city and suburbs.

Missing Man Found.

The man Samuels who went astray on Tuesday last in the woods at Red Indian Lake broke out yesterday at Badger Brook and was taken in charge by the people there. Inspector General Sullivan had a message to that effect, and it also stated that the man suffered from mental aberration, and it was perhaps fortunate that he was found. He is a native of Bonne Bay and will be sent to his home.

Moroccan Question in Parliament.

Special Evening Telegram. LONDON, To-day. The worst pessimistic views regarding the acuteness of the Moroccan crisis were largely confirmed by the Prime Minister yesterday in the House of Commons, when with a manner as impressive as his words, he read from a manuscript, which had been carefully prepared, a warning that Britain proposed to stand for what she considered her rights to maintain the balance of power in Europe. Further testimony as to the gravity of the situation is given by the fact that the Prime Minister had obviously taken the leader of the opposition into the confidence of the Government, and Balfour's declaration was no less firm than Asquith's. The Prime Minister's statement was couched in diplomatic though not in reassuring language. In promising the support of the opposition to the action of the Government, Balfour said: "If there were any who supposed that we would be wiped off the map of Europe, because we have our difficulties at home, it may be worth while saying that they radically mistake the temper of the British people and the patriotism of the Opposition." Such plain speaking on a question fraught with the possibility of war on a great European scale has not been heard in the British Parliament for many years. The outcome of the situation appears to rest almost wholly on Germany's shoulders. McDonald, the leader of the Laborites, remarked that the gravity of the Premier's statement could not elude any one. The Labor members were utterly opposed to war, but he hoped no European nation would affect the national spirit. Laborites in Germany, France and England would co-operate to the last moment to seek peace and prevent two professedly Christian countries from resorting to the arbitration of the sword over a difficulty that could easily be settled at the Hague. The Ambassadors and Ministers at London of Germany, France, Russia, Spain, Japan, Sweden and Belgium were present to hear Asquith's statement, which made a profound impression.

Press Comments in Berlin.

Special to Evening Telegram. BERLIN, To-day. Asquith's declaration is generally favorably received here. It is believed in most quarters that it will immediately relieve the tension of the Moroccan question. All the newspapers publish Asquith's statement verbatim. Some leading journals make no editorial comment. These are chiefly Conservative Pan-German organs. Others refer briefly to passages in the British Premier's statement that are considered here unnecessarily sharp. Liberal papers acclaim the Premier's speech as one tending towards peace.

Press Comments in Paris.

Special to Evening Telegram. PARIS, To-day. Asquith's statement in the House of Commons is greeted here with the greatest satisfaction. Optimism is beginning to manifest itself. The opinion expressed is one of confidence that the deadlock between France and Germany over Morocco will be broken and a settlement acceptable to all reached.

Press Comments in London.

Special Evening Telegram. LONDON, To-day. The London morning papers give prominence to the statements of Asquith and Balfour on the Moroccan difficulty and believe that the attitude of Britain is revealed in Balfour's endorsement of the policy of the Government and will assist in a peaceful solution.

The Delegate at Bell Island.

The Delegate's party arrived here yesterday at one p.m. and sailed at five for St. John's. There was a most enthusiastic reception. The party was escorted to Bell Island, where an address was presented. Benediction followed, then luncheon at Rev. J. J. McGrath's Palace. In the afternoon the party visited mines. Six arches were erected and the C.C.C. Band played. There was a great send off. With numerous guns, the whistles of D.I. and S. and N. S. plants continually blowing, band playing and amidst loud cheers the party sailed for Harbor Grace. The procession was largest ever seen on Bell Island.

Salmonier.

The pupils of St. Joseph's, Salmonier, on July 21st presented their teacher, Miss May Nugent, with an address and a sum of money. Miss Nugent, after three years of faithful work at St. Joseph's, has resigned her position. On the eve of her departure the children of her school and also those of the Primary Department assembled in the school hall to have the address read by one of the senior girls. The address is as follows:— To Our Teacher, Miss Nugent. Dear Miss Nugent—It is with feelings of regret that we, the pupils of St. Joseph's, assemble here this evening. The last you will spend amongst us as our teacher. Regret for the loss of one whose work and interest on our behalf we cannot sufficiently appreciate, yet the pang of parting is lessened by having the privilege of addressing you on this occasion and offering you this little gift. (The purse presented.) It is but a small return for all you have done for us, yet we know you fully understand that it is but a token of esteem for and gratitude to you, our devoted and energetic teacher, and it is our earnest wish that you regard it as such. We know that in the past we have been the cause of much worry to you, and perhaps sometimes you have been discouraged at our seeming carelessness and lack of interest in school work; but we trust now to your generosity to overlook our faults, which were due only to a lack of appreciation regarding the responsibility of a school teacher. For we think it only proper to tell you now that in all your efforts we have recognized only one object, your anxiety to form some method which would enable us to easily overcome the difficulties of school life. Your unselfishness in your every undertaking, your sympathy and readiness to render assistance in every difficulty were apparent to us since first we had the privilege of being your pupils. And now we ask you to think of us only as your devoted pupils, whose most heartfelt wish is that your future career may be as bright and happy as the past has been, and that God's choicest blessing may be showered abundantly on you. Signed on behalf of the pupils.— BERTHA CURTIS, CHRISTIANA CARROLL, CLARA McDONNELL.

### Meeting of Firemen.

A meeting of about 100 firemen took place last night at their rooms in the Star Hall to discuss the trouble between the Union and the Red Cross Steamship Agents here. Firemen who had been paid off on the s.s. Stephano the last trip submitted their complaint against the captain. It was also reported to the meeting that a new gang of stokers that had been taken on in New York were to be paid off from the Florizel this morning at Harvey's. The men who were discharged from the Stephano said that they were unfairly treated and that they had performed their duties well and faithfully. The shipping of the foreign stokers was caused by a false telegram sent to New York to the effect that the St. John's Union intended to bang up steamers here. There was never any intention to do this. The meeting grew incensed as the discussion proceeded and the majority wanted to record a vote and call out all the firemen on the Red Cross line. Hon. M. P. Gibbs, the solicitor of the Union, who was present, threw oil on the troubled waters and dissuaded the firemen from their intention. Finally it was agreed to adjourn the meeting till 8 o'clock to-night in order that the Red Cross Agent here may have time to reply. The men are firm in saying that they will "go out if the affair is not arranged satisfactorily, and that they will be backed up by the Longshoremen's Union, who will refuse to handle the cargoes of the

Red Cross boats." The firm of Crosbie & Co. was placed on the Union "black list." No Union men will engage on their ships. The Channel branch is in their opinion.

### Bankers Arrive.

The Lunenburg banker Parona arrived here yesterday afternoon with her canvas considerably torn in recent stormy weather on the Banks. She left Lunenburg on June 12th, S. W. coast looking for a caplin bait, but could obtain none. She will get her damaged canvas repaired here. She is now on her third trip, has done poorly, and yesterday came here from Fermeuse to get supplies. The Lunenburg banker Calavera arrived here also yesterday for bait and supplies. She is fishing since the latter part of June and has to date 700 qts of fish, 500 qts of which she has landed, and which was caught in the spring. The vessel has Carbonar and other places looking for bait, but was unsuccessful. Captain is reported at Torbay and she will go there for a supply. The Lunenburg banker Alma Nelson arrived off the Banks yesterday afternoon for bait and supplies. While on the Banks she found fish very scarce. When she secures bait she will leave here for another trial. Job Bros. are outfitting her.

### Grand Bruit Notes.

The S. S. Glencoe on her last trip landed quite a large freight for R. Moulton's firm; she also brought some passengers, amongst whom was Mr. Louis Anderson, of West Point. Mr. Anderson left West Point for the States some years ago and has been successful in Uncle Sam's country. He looks well and with his wife is spending a few weeks with his parents, Mr. and Mrs. George Anderson, before visiting the home of his wife in P. E. I. We wish him a happy stay. A large number of sportsmen have been fishing in Bay de Nord River this month, and everything goes to show that we are going to have a large number in years to come. And we fall to see why we shouldn't as our rivers on this coast offer splendid sport to the one who enjoys salmon or trout fishing.

A few weeks ago Mrs. A. Parsons came back from Gloucester where she had been spending the winter with her daughter, Mrs. Smurriage. Mrs. Parsons enjoyed the trip and had the pleasure of meeting lots of old friends who left our shores long years ago. She speaks in glowing terms of all she saw, and says that our boys are doing well in that country, but to Mrs. Parsons there is no place like home.

Mr. J. P. Chetwynd made a short visit to his home a few days ago. He has been a very busy man during the past few months, as he does a large business in exporting fresh salmon, etc. Since he left Mrs. Chetwynd has gone to Sydney for a visit. We wish her a happy stay in Cape Breton and trust that the little baby boy that has come to make home even more brighter may be made strong by the aid of medical skill.

The home of Mr. and Mrs. Fred. Parsons has been made sorrowful by the death of their little baby, Bessie May, who was only a few months old, but showed signs of being a bright, intelligent child. Her little smile seemed to cheer the home, and when sickness came and it was seen that the child was to be taken from earthly care, the parents seemed to be distracted with grief. On Sunday we laid her little corpse in the dust to await the final call which we hope to see her again. May the God of Heaven comfort the lonely parents.

We were very sorry to see by the papers that death had claimed the beloved wife of the Editor of the Evening Telegram, and although not personally acquainted with Dr. Lloyd, we sing our sincere sympathy with him in this great sorrow that has fallen upon him.

Grand Bruit, July 18, 1911.

### FALSE HUNGER

A Symptom of Stomach Trouble Corrected by Good Food.

There is, with some forms of stomach trouble, an abnormal craving for food which is frequently mistaken for a "good appetite." A lady teacher writes from Carthage, Mo., to explain how with good food she dealt with this sort of hurtful hunger.

"I have taught school for fifteen years, and up to nine years ago had good, average health. Nine years ago, however, my health began to fail, and continued to grow worse steadily in spite of doctor's prescriptions, and everything I could do. During all this time my appetite continued good, only the more I ate the more I wanted to eat—I was always hungry.

"The first symptoms of my break down were a distressing nervousness and a loss of flesh. The nervousness grew so bad that finally it amounted to actual prostration. Then came stomach troubles, which were very painful, constipation which brought on piles, dyspepsia and severe nervous headaches.

"The doctors seemed powerless to help me, and I was overworked, and at last urged me to give up teaching, if I wished to save my life.

"But this I could not do. I kept on at it as well as I could, each day growing more wretched, my will-power alone keeping me up, till at last a good angel suggested that I try a diet of Grape-Nuts food, and from that day to this I have found it delicious always appetizing and satisfying.

"I owe my restoration to health to Grape-Nuts. My weight has returned and for more than two years I have been free from the nervousness, constipation, piles, headaches, and all the ailments that used to punish me so, and have been able to work freely and easily." Name given by Canadian Postum Co., Windsor, Ontario.

Johnson's Foot Soap—of Borax, Iodine, and Bran is a splendid substitute for ordinary soap during the hot weather, for the purpose of keeping the feet clean and easy. It removes all tenderness, burning and itching and makes a long tramp a much easier proposition. Price 30c. a bar.

A HANDSOME CUP.—In Mr. Mark Chaplin's window to-day there is an exhibition of a handsome and massive silver cup, imported by Hon. J. D. Ryan, to be awarded to the winner of the Marathon race, which will be held in connection with the Star-C. C. sports. It will indeed be worth competing for.

### Bankers Doing Fairly.

The banker Victoria, owned by Geo. Bartlett, of Burin, arrived there a few days ago with 300 qts. of fish, and has now 700 qts. for 7 dorles. Ambrose Bennett's vessel also got there with 200 qts., and has 400 qts. to date for 4 dorles. The Grace Day arrived with 250 qts., and has 450 to date. They report fish not as plentiful as it was on the Banks. The traps have been all taken in and the fishery about Burin was a total failure. At Grand Bank the schr. Edith Pardy arrived with 800 qts. after a three weeks' trip, and has 1,400 qts. to her credit. The Bessie McDonald got in with 700 qts., and also has 1,400 qts. to date; and a few smaller vessels arrived with between 200 and 300 qts. each.

### War Risks Heavy.

Special to Evening Telegram  
LONDON, This Afternoon.  
The necessity of insuring thousands of vessels against the risk of capture, should a European war break out, is putting both the British and Continental shipowners and shippers to heavy expense. German shipowners and merchants are the heaviest sufferers. Hamburg underwriters yesterday were charging ten per cent. for war risks on steamers and cargoes making the voyage between America and North German ports.

# BEAVER FLOUR

combines the rich gluten of Manitoba Spring wheat and the lighter, but equally important, properties of Ontario Fall wheat. The two combined form a perfectly blended flour that makes bread light, white, nutritious and extremely palatable, while pastry made with Beaver Flour has a crisp, flaky texture that brings many a compliment to the cook.

You don't need to be an expert in baking to attain the best results with BEAVER FLOUR. But if you are an expert, you will readily recognize its incomparable qualities.
