

BELLIGERENT ATTITUDE OF CRESCENT HEIGHTS STIRS UP CITY HALLOM

Commissioners and Engineer Make Cautious Reconnaissance in Armoured Motor Car; Commissioner Samis Gives Out Statement to the Effect That Work is to Commence

FIGHTING TALK OF NORTH HILL MEN HAS THE DESIRED EFFECT

THE airing of grievances by Crescent Heights ratepayers at the public meeting on Wednesday night in Wright hall, stirred things up around the city hall on Thursday and sent the commissioners and city engineer hurrying swiftly up the north hill in a motor car last night after dinner.

COMMISSIONERS AND ENGINEER MAKE CAUTIOUS RECONNAISSANCE IN ARMORED MOTOR CAR

The city chauffeur drove the party up in some fear and trembling, bricks and sticks have been the weapons of aggrieved British people before now, and the idea appears to have percolated the city and is ready for a fray.

THE COMMISSIONERS MADE A RATHER THOROUGH SURVEY OF THE CRESCENT HEIGHTS TRACT

The commissioners made a rather thorough survey of the Crescent Heights tract, drove cautiously over recently filled sewer extensions and water mains, and did the hair-raising chute-chute over the Morley trail hill, the various ruts, gorges, and bumps of which are the bane of existence to north hill teamsters.

8,000 PEOPLE VISIT THE MANUFACTURERS' TRAIN Made-In-Canada Visitors Attract Great Crowds of Sight-seers at Medicine Hat

Medicine Hat, June 4.—It is estimated by those in charge, that something over 8,000 persons went through the 10 bars of exhibits in the "Made in Canada" train, which was in Medicine Hat yesterday from noon until midnight.

Early this morning the train left Medicine Hat for various points on the Crow's Nest line and will be on the road 29 days more, going north and east from the Crow's Nest and finally ending the trip at Winnipeg.

The exhibit will be taken out by the various companies and the cars placed in regular service. About 400 men are employed in caring for the exhibits. It is not unlikely that in another year, a special car will be placed at the disposal of the manufacturers of Medicine Hat so that the people of the east as well as of the middle west can learn of first hand of the large variety of products turned out by the factories of this city.

CARELESS MORTGAGE INVOLVES LOSS OF REAL PROPERTY

Judge Winter Gives Judgment In Interesting Case Finding For the Plaintiff

Judge Winter yesterday gave judgment for the plaintiff in the case of B. Simon against Thomas Ross.

When Simon entered into possession of the property it was seized by a bailiff on behalf of the defendant whose mortgage was not filed in accordance with the statute.

J. J. McDonald appeared for the plaintiff, and C. M. Wright for the defendant. The judgment is as follows: "The chattel mortgage as filed with the clerk of the court purports to be made by Joseph Fleury, hereinafter called the mortgagor of the first part, and the defendant, hereinafter called the mortgagee of the second part.

The mortgage was executed in duplicate, the originals being handed back to the mortgagor's solicitor, marked by the clerk, and is made between Joseph Fleury and Marion Mason as mortgagors. It is attested by the same witnesses, who in the affidavit of execution repeats the mistake in both of Fleury's names.

The mortgaged property appeared to have belonged to Fleury and Marion Mason. Fleury absconded and Mason seems to have obtained possession of the property, and subsequently sold it to the plaintiff who was in possession when it was seized by the defendant's sheriff under the chattel mortgage.

Careless Preparation.—The chattel mortgage was not carefully drawn and the affidavit of execution was carelessly prepared. As a result of this want of care Marion Mason's name was not entered in the index of names and mortgages which the ordinance prescribes shall be kept, so that the public would have no notice whatever that Marion Mason had mortgaged any property. As a fact, her name does not appear in any way in the index.

In this case, the part of the chattel mortgage filed and the duplicate cannot be accepted for the purposes of registration as one document. Moreover, in each instance the affidavit of execution is defective in that it does not truly state the right names of the mortgagors, and on this ground I hold the registration of the mortgage to be irregular and that it cannot be held good against the plaintiff, who was a purchaser in good faith and without notice of this chattel mortgage.

Judgment will be for the plaintiff in the terms of the charge, the damages being fixed at \$30.00 for the seizure. The costs to be on the D. C. scale in cases above \$100.00.

BIG CLAIM IS LAID AGAINST RAILWAY FOR LAND VALUE

Appeal Heard Against Award of Arbitrators in Expropriation of Gravel Pits

Long argument is being held before the supreme court on appeal from the award of the arbitrators in the case of the gravel pits at Blackfalds on the Calgary and Edmonton railway.

The land was originally held by the Saskatchewan Land and Homestead company and the railway took proceedings to expropriate, and to which an objection was laid by the land company. An arbitration as to the value of the land was made in 1912.

It is against this award that the appeal is now made. The counsel for the appellants yesterday afternoon stated that the more north of the land at the time should be considered but the potential value which would arise from the gravel, sand or other deposits. Recent decisions from Montreal and Toronto, where such potential value was recognized, were quoted in favor of the appellants.

Lethbridge, June 5.—The wool clip of Southern Alberta this year will probably exceed \$25,000,000, a record breaker in this line, and a pointer to the great quantities that will in future be shipped out of this section of the province.

Most of the shearing will be done this month, commencing today, and the wool growers have commencing to erect a shearing plant on the new Lethbridge-Weyburn line near Chin Coulee, where 50,000 or more sheep will be shorn.

Switchman Gets Verdict. Saskatoon, June 5.—The jury in the case of Staats versus C. P. R. awarded the plaintiff \$2,000 special and \$15,000 general damages. Staats was a switchman, and in September last was badly injured while on duty. He lost his left leg, all the fingers on his right hand, and his right leg was also injured. Negligence of other members of the train crew were alleged to be responsible for the accident.

NORTH HILL NEGLECTED

Residents of the north hill have a grievance and are justified in making it known. The north hill residents have taken the little end of things ever since this district was taken into the city and with the exception of the inadequate systems of sewers, water mains and street lights and the street car loop which have been established there, when pressing need commanded an extension of these revenue producing municipal utilities, the Heights have been neglected. The city has spent no money on transportation facilities for this district. Not a single bridge has ever been built across the Bow river by the city of Calgary, the structures built years ago by the province and by enterprising real estate firms still serving for the population of approximately 20,000 people on the north side of the Bow.

Water, light and street cars which bring a revenue to the city, have extended to the north hill in proportion as it has been good business for the city to make the extensions. But pavements, sidewalks, parks and even schools have been withheld. The general tax contributed by the citizens of the north heights has gone to build up every other new district except this.

It is true that the city has grown too fast for public improvements to keep pace, but there is evidence that there has been unfair discrimination against this district.

It costs from \$500 to \$800 more to build an ordinary seven-roomed house on the north hill, than on Mount Royal, or any other hill subdivision equidistant from the source of supply; and this difference represents the cost of hauling materials up the almost impassable hill roads which were not even cut down until the street railway was built. To have made even one of these roads passable would have cost a comparatively small amount of money; and it would have saved several hundred thousand dollars to Crescent Heights residents—not to mention horse flesh and exasperation.

The city administration has been hampered this year by lack of funds, but that should not prevent Crescent Heights from sharing public improvements equally with other portions of the city.

Early in the year Commissioner Samis announced that the policy of the administration this year would be to give all north hill paving contracts to private companies and to keep both units

of the city's paving plants at work south of the Bow. While this might be satisfactory under favorable conditions, it is not altogether a hopeful outlook when contracts with private companies are delayed for lack of funds. Unless these contracts can be let and work started immediately, the north hill should be accommodated by the city's paving plant, Mount Royal and Elbow Park can do with portable wooden sidewalks quite as well as Crescent Heights. There should be a fairer distribution of expenditure of public money than in the past.

CONSISTENT TORYISM

Your ancient and consistent high tariff man is a Tory of the oldest school. The principle of tariff, which is sacrificing one class of people to enrich another class—small, but, for the time being, influential—is founded upon the caste system which is at the base of Toryism.

How closely high tariff is associated with the system of class distinction is shown plainly in the speech made by Mr. Cocksbutt, the leader of the ultra-high tariff wing of the Conservative party in the house of commons. The Albertan publishes below the Hansard report of his speech. It reads as follows:

"Living is not so much higher now than it used to be, if people will only live as they used to do. Men are not content to live now as they used to do, when they walked to church on the Sabbath and thought if they got a new suit of clothes once in two years, they were doing well, even if it did not happen to be cut by a high class tailor. If we could only simplify our habits and come back to what our forefathers lived upon, we would find a vast shrinkage of the bills. That is only one item of a hundred that might be named when we consider what living is costing. My hon. friend from Maissonnette (Mr. Yerville) gave figures showing that it costs a man about \$900 a year to live and to bring up his family. I know of families that are living almost in affluence on not much over half that amount; they have comfortable homes of their own; they have well dressed wives and children, and they are able to give their children a first-class education in the public schools costing ten to fifteen cents a month for each child, so that the workingman of today has practically got what the rich man of twenty years ago could not get at any price."

The creed of the high tariff man could not be expressed in clearer language. Mr. Cocksbutt holds it up against the laboring man that he cannot, or will not, live on \$450 a year. Some of the most economical, thrifty and virtuous of them are living on that small wage. It is to their shame, he believes, that all of them are not living on such a remuneration and supporting their families. But Mr. Cocksbutt is not living and keeping his family on \$450 a year. It is right, however, that people of another class should live, be content and happy on that miserable pittance.

Mr. Cocksbutt believes that the masses should sacrifice themselves in this way that the classes, of which he is one, may become multi-millionaires.

It is a good thing for the world and for Canada in particular, that there are men, and many of them, who have ambition enough to revolt against the \$450 a year wages. The man who sits down contented and satisfied on such a wage is no good for the world, for his family, or for himself. If our forefathers had been of that stamp, Mr. Cocksbutt and the rest of us would have been serfs, grovelling out a miserable and useless existence.

And Mr. Cocksbutt is the logical expression of Toryism.

Editorial Notes

If proof were needed to show that the country is handing over to Mackenzie and Mann \$15,000,000 of the money of the people as a free-will offering to those noble railway publicans, the Calgary Herald has no comment to make upon it editorially.

The suffragette who made a playful assault upon the King's entry in the Derby, with the result that she was held trampled on by the spirited animal, cannot be credited with any too much horse sense.

The Edmonton Journal takes the sane view, and declares that the Conservatives would do well at the present stage not to enter a candidate in the Bow Valley riding, but might better conserve their energies.

The city has never built a bridge across the Bow river; it has not built a school on the North Hill which has been in pupile yet. It has built no sidewalk and laid no pavement. It has one road up the hills which is not dangerous to travel. Under the circumstances the complaints of the North Hill people are quite justified.

The high level bridge crossing the Saskatchewan river from Strathcona to Edmonton will be completed in a week or two, and then Edmonton will be decidedly upon the map with a firm and solid hold of the civilized world.

The moving pictures of the McCarty-Palmer fight were popped by the police. As no moving pictures were shown, the police cannot well be criticised for their action.

Previous to the last election in Saskatchewan, Hon. Robert Rogers, in a charge that were to be made in the House of Commons, much to the advantage of the homesteader. In the recent contest in Alberta the same language was used. A few days ago, in parliament, the government announced that there had been no change

in the regulations, and there was no intention of making any changes.

As the C. N. R. common stock amounts to seventy millions, and the government is to hand over ten millions, the partnership that the country has in the concern is not worth consideration.

Calgary people are getting strawberries occasionally, but more often are getting none. They are paying two bits a box for them. And then we find people waving the high tariff flag and saying, "We are weary critics, and we need some small delight." But the wise man keeps a croaking: "Temperance is fine as silk, and I'll spend the time communing with a jug of buttermilk." For the cheery midnight wassail make you feel next day like death, splits your head and puts a tassel and a fringe upon your forehead, and it takes away your guides which should buy the kidlets cake; flowing bows are trouble builders, flagons make your innards ache, and the wise man shuns the whisky and all spirit of that ilk and the morning finds him frisky, with his jug of buttermilk. When the panlo times come closer (and they'll come, no, all suppose), you can't work the corns, grower, if you have a bulbous nose; and you'll wish with frantic ardor that you had the coin you blew, to fill up the empty larder with some things the kids can chew. But the wise man for provision need not beg and need not hulk. He to him a thing Elysian, with his jug of buttermilk.

"Calgary won three to two," is not a task without its compensations.

The Buffalo Express has this unkind jab for the Calgary fifth rib: "A field of oats near Calgary is reported to have grown two inches in 24 hours. The recent fatal prize-fight must have convinced Calgary that publicity is worth while."

The Poet Philosopher

By Walt Mason

He who quaffs the brimming flagon when his dally tale is done, and goes homeward with a jag on, thinks he's having lots of fun. Tens of thousands take their bittern in this fashion every night, saying, "We are weary critics, and we need some small delight." But the wise man keeps a croaking: "Temperance is fine as silk, and I'll spend the time communing with a jug of buttermilk." For the cheery midnight wassail make you feel next day like death, splits your head and puts a tassel and a fringe upon your forehead, and it takes away your guides which should buy the kidlets cake; flowing bows are trouble builders, flagons make your innards ache, and the wise man shuns the whisky and all spirit of that ilk and the morning finds him frisky, with his jug of buttermilk. ### MUCH INTEREST IS BEING TAKEN BY FARMERS IN THE FORTHCOMING CALGARY INDUSTRIAL EXHIBITION

Judging from items which are appearing in the provincial papers there is considerable interest being taken in the district exhibits which will be made at the Calgary fair. The up-to-date Alberta towns evidently realize very fully the amount of advertising which they can derive by having nicely arranged exhibits of the products of their section of the country shown before the thousands of interested spectators who will be here in July. The exhibition company offers \$400 in prizes for the winners of this competition and in addition donate \$75 towards the expenses of each district which makes a display. Carstairs is taking hold of the question of an exhibit with promptness, as shown by the following item which appeared in the last number of The Carstairs Journal: "Frank Peterson was a caller at the Journal office this week and told us that he was now making the final arrangements for the Carstairs exhibit at the Calgary Exhibition. He would be pleased to receive samples of all kinds of vegetables, the best will be none too good. He would use six of each kind but do not wash them. Last season was a very good one for vegetables and we are looking for some excellent samples to be sent in. In the grain line, Mr. Peterson would like peck samples of all kinds of grain. We have a reputation to uphold and it is only by the co-operation of all that a success can be made of this year's exhibit. "Other towns are putting forth very strenuous efforts in order to carry off the first prize. Large sums of money are already being spent on these exhibits, so it is up to Carstairs to maintain and uphold the reputation that we already have."

**Saskatchewan Methodists**  
Saskatoon, June 5.—The missionary and educational activities of the Methodist church were forcefully placed before the delegates to the Methodist conference last night. Dr. Endicott and Prof. Dobson of Regina were the principal speakers. The former, who is field secretary of the missionary society, gave a resume of the work being done. He reviewed fully the work accomplished in the foreign field. Prof. Dobson spoke of educational work, and pointed out the importance of education shown in connection with missionary work in China and Japan.

### TODAY THE YOUNG MEN'S CHRISTIAN ASSOCIATION CELEBRATES ITS BIRTHDAY

TODAY the Young Men's Christian Association month celebrates its 49th birthday, having been organized in London, England, on June 8, 1844. The Y. M. C. A. had a very humble beginning, its first meeting being held in a small room in one of the upper floors of Hitchcock & Co's drapery establishment in St. Paul's Church-yard. At this first meeting 12 young clerks were present, the leading spirit of whom was George Williams, a young man of 23 years of age. The object of the meeting was to form an organization for the promotion of the religious life among the clerks of that and other drapery establishments. The methods adopted at this meeting were those of the prayer meeting, coupled with personal work among the employees in the different establishments. For the first few months these men, with others whom they persuaded to join the association, met weekly, and only members of Protestant churches were allowed to attend the meetings. The association grew rapidly, however, from the very first, and after a few weeks a total membership of 80 appeared on the minute books, 16 different drapery establishments being represented. During the second year a reading room was established, and men, who were not professing Christians were allowed to become associate members. Men not engaged in the drapery business were also allowed the use of the Reading Room. The next step of development in the Association was the formation of a Mutual Improvement Society, which club carried on for some years scientific and educational lectures in Exeter and largely attended. They did much to develop the association so that it spread not only throughout the British Isles but also overseas to Adelaide, Australia, in 1850, to Montreal, Canada, in 1851, and a month later to Boston, Mass. While the Y.M.C.A. owes its birth to conditions in the city of London, its great development has been the result of Canadian and American enterprise and organization.

**Start in Physical Work**  
In 1863 the association began its first activities in physical work, the Boston Association being in the lead and Mr. J. Roberts the first physical director. It is worth noticing that Mr. Roberts is still in active service in the Boston association. The association is at the present time recognized as the greatest factor in physical training in North America. It supplies leaders for every field of physical work. Early in the eighties the Educational work of the Y.M.C.A. was organized and many classes for young men were held. This phase of the work grew until at the present time some of the American associations are handling educational work which has the value of a college education. During 1912 the weekly attendance at educational

### BALKAN OFFICIALS THROW UP SPONGE IN DESPAIR

Cabinets All Retire as Result of Tangled State of Politics in Peninsula

London, June 5. Instead of making for peace, the new cabinet of Bulgaria may be more bellicose than the previous one, for late reports indicate that Premier Queschoff resigned because of friction shown in military and political circles over his concessions to Greece and Serbia. Another threatening feature is growing indication that Roumania is backing Bulgaria and diplomats believe that Roumania has already offered to join with Bulgaria in case of war. Greece and Bulgaria have agreed in principle to submit their conflicting claims to arbitration. Bulgaria desires to submit her claim to Salonica to the six great powers, but Greece wants the Triple Entente—Great Britain, France and Russia—to settle the dispute. A despatch to The Daily Telegraph from Bucharest says that the cabinets of all the Balkan States are preparing to resign, leaving the tangled affairs in the hands of the new governments.

### STREET CAR MEN FOR SUPERINTENDENT

Edmonton, June 5.—Edmonton street railway employees believe that there is a plot on foot at the city hall to force the resignation of Superintendent Woodroffe, and at a meeting of the union last night they passed a resolution declaring their faith in the executive ability of their chief. The Edmonton street railway system has been running up a big deficit, and many explanations for the leakage have been advanced. In spite of a recent dispute between the union and Superintendent Woodroffe, in which the latter was accused of endeavoring to shift the blame for the deficit from his own shoulders by questioning the honesty of the conductors, the union now express the opinion that the remedy for the trouble does not lie in the removing of the head of the department, but in giving him more scope and liberty for putting his executive ability into force. The resolution has been forwarded to the city council.

### EMINENT SALVATION ARMY OFFICER COMING HERE

Commissioner Lamb, International Secretary, On World's Tour

Commissioner Lamb, of London, England, chief immigration officer of the Salvation Army and international secretary, will be visiting Calgary as part of his present tour of duty, conducting special services at the Salvation Army Citadel, Sunday. The commissioner is a great traveler and is now on his way to Australia in connection with an important Salvation Army work. He is an authority on immigration matters, having supplied information before the Royal Commission, London. All old friends of the commissioner in this city are cordially invited to attend the various local of various units of the Salvation Army, which will be held at the city hall, next to the street east. The commissioner will be accompanied by Major McLean of Winnipeg.

### LOCAL PRINTERS FORWARD CALGARY'S CANDIDACY

President J. C. Blecken of the Calgary Typographical union, who with L. T. English, editor of the Federationist and Secretary Andy Davidson, comprising the local union's delegation at the Moose Jaw Typographical conference, returned to the city yesterday. At this meeting, which was attended by various local of various units of the Moose Jaw Typographical conference, probably 50 unions, gave assurance of support of Calgary's candidacy. The local delegates say they were delightfully entertained by Moose Jaw printers. The next meeting of the association will be held at Medicine Hat and will be called by the executive committee.

### MAINLY ABOUT WOMEN

**Dramatic Recital by Students**  
A most creditable performance was given last night in Unity Hall by the Mount Royal students under the direction of Miss E. L. Cline. "Little Miss Van Winkle" was played by the junior class with Miss Barbara Burbank in the title role. Others in the cast were Genevieve Strong, Marie Lionens, Mabel Gladys, Gladys Wayne Palmer, Harold Young, Gladys Townner. This sleepy little girl in the middle of a geography preparation falls asleep, and her school fellows, finding her, conceive the notion of making her believe that she has slept for ten years. They don grown-up clothes, mustaches, etc. and tell her that while she slept the U. S. ceased to be bordered on the north by Canada, and now boasts South America in its stead. The arrival of the governess stops the fun and Miss Van Winkle falls fainting on finding that Canada is still where it always was. All the characters were very good and deserve great praise. "His Model Wife" by the senior class, was presented in a manner that would not have shamed some professional actors. Arthur Everett was splendid, handsome, restrained and entirely the part of a very nice, loveable young artist. His friend, who in real life is Varlen Green, was impetuous, sincere and honestly shabby. As the artist's model, Miss Elsie McCormack deserves all kinds of praise. Her prettiness, her personality and her natural manner of moving and speaking made her altogether lovable. The other characters were all good, though Miss Gladys Townner as "Patsy" the daughter of the wash-lady was absolutely splendid. Her manner of chewing gum and ignoring the use of a pocket handkerchief being so easy and unobtrusive that one could not forbear smiling. Other members of the company were, Miss Pearl Christie, Miss Helen McCormack, Miss Eva Gray, Mr. John Wilder, Miss Annie Stocks, Miss Gladys Strong. A scene from Romeo and Juliet was given by Miss Rippe and Miss Frye, with Miss Cline as Juliet and Miss Frye as the nurse. They both understand Shakespeare and do that is to be able to interpret his plays. The whole performance was a great success and it is hoped that it will be but one of many such.

# HOW TO GET TO Lake View Heights

Either come to our office and let us take you out, or if you want to go by yourself in a car you cross the bridge on Fourth Street East, follow the Crescent car line north, then keep on the Edmonton trail north, passing the Ree Heights Gravel Co. until you come to the North Calgary school; you then go north-east across the Edmonton branch of the C. P. R. about one-fourth of a mile, then go direct east about three blocks, then back south one mile to the lake; this is the route until we secure the R. R. crossing on Thirty-second Avenue which you will then use, leaving the Edmonton Trail and go direct East one half mile to Lake View Heights or one mile to the lake and this road you now use if you go on the street car, leaving it as it turns into Tuxedo Park you follow the telephone line direct East across our bridge on Thirty-second Avenue.

You may keep this for reference, or phone or call on us for any further information you may desire

### In the Highest Degree Profitable

Some men figure that as the mercury climbs upsales will fall down. And figuring that way, fate is kind and does not disappoint them. So there has grown up a commercial superstition that Summer is a dull season. No greater fallacy has ever gone so long unchallenged. Summer is a dull season for many lines—but there is no fundamental reason why it should be. For instance, take a typical case—that of the Canadian wallpaper manufacturers. They wished to secure their placing orders from the retailers before the early Fall—when American lines are offered. Through education by Advertising, they advanced the season to start the middle of June, instead of the end of August, and they now beat their foreign competitors to the market by nearly three months. Perhaps you face a selling problem that education by Advertising will solve. Perhaps your Summer business needs the tonic of Summer Advertising.

As the mercury climbs up to its highest degree, increase, rather than slacken, your Advertising and selling efforts. You will find it profitable—in the highest degree.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 506 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

Yesterday's Results

Calgary, 3; Moose Jaw, 2. Edmonton, 3; Medicine Hat, 3. Regina-Saskatoon-Rain.

MOOSE JAW, June 5.—With a cold raw wind blowing and rain threatening throughout the game, the Calgary Bronchos played the first game of the series with the Robin Hoods here today by a score of 3 to 2. In spite of the poor weather conditions the game was a hotly contested one from start to finish. The locals were very unlucky to lose, two bad infield errors accounting for the loss of the game. Northrup clearly outpitched Reese, striking out nine Calgary batters and allowing only six hits. In the eighth inning he got out of a bad hole with one out the Bronchos filled the bases, but Northrup struck out both Meyers and Streib. Reese was touched up for nine safeties but the locals only got one hit which was accounted for by a big flinger was spotted. Calgary's big flinger was appreciated except for support by his team mates. The victory of the visitors was a surprise and place and the locals back to third.

DARKNESS SAVED AN EXTRA SESSION AT HAT Eskimos and Hatters Battle Nine Innings to Three All Tie

Medicine Hat, June 5.—Darkness prevented the first game of the Hat-Grey Birds going for extra session, and it was called at the end of the ninth with the score standing three and three. Neither team scored in the last five innings. The hits were well scattered and not of much value. Practically all the runs were scored on passed balls.

WELSH WILL STOP OVER IN CALGARY A WHILE

Has No Doubt Here But Is Anxious to Look Over City

According to a letter received in Calgary yesterday from Harry Pollock, manager of the Welsh, they will stop over in Calgary for a few days to their return east from Vancouver. Welsh is now in Vancouver where he is matched to fight on May 12. Immediately after the return to Calgary, Welsh will start east and stop off at Calgary where Welsh will spend his time in looking over the country. Pollock who is a New York newspaper man, will also take a look at Calgary, as he anticipates settling in the West after the coming season. He will probably probably Welsh will be matched to fight in Vancouver on Labor Day and in the event of getting into the Northwest he is starting for California to train. Welsh is the only one who ever decisively defeated Willie Ritchie, the present champion, having won a clear-cut decision over Ritchie in 20 rounds a year ago. Welsh is the holder of the world's title from Ad. Wolgan on a foul.

LADY CHAMPION GOLFER GOES DOWN TO DEFEAT

London, June 5.—Miss Ravenscroft, the holder, was beaten in the fourth round for the women's golf championship yesterday by Miss Pooley of Wallington Heath by the score of 2 to 1. Miss Ravenscroft was the only one who ever decisively defeated Willie Ritchie, the present champion, having won a clear-cut decision over Ritchie in 20 rounds a year ago. Welsh is the holder of the world's title from Ad. Wolgan on a foul.

LIGHTWEIGHT GOES BACK INTO FEATHER CLASS

Jack White Falls to Make Good at 133 and Returns to 122 Pound Class

Nearly every lightweight started as a feather, but Jack White is the first to return to the feather class. He has had a near 133-pound scrapper since Joe Rivers knocked him out of the featherweight division. Now he has had a close fight with Tom McCarey to give him a battle with Johnny Kilbane at Vernon, 122 pounds, ring-side. White did very well in the featherweight division, but he has never been a howling success. He has had three straight fights, an those in which he participated did not do very well. Part of his trouble was due to the fact that he never weighed more than 127 pounds. He thinks that now he could easily make 133.

RED DEER TO CHALLENGE FOR BREWERY TROPHY

Central Alberta Town Going After Old Trophy Which Preceded Pro Ball

Red Deer, June 6.—At a very enthusiastic meeting of the Red Deer Baseball club, held last night, the club was organized for the season, and a challenge sent to the A.L.K. club for a series of games for the Brewery trophy, now held by the latter club.

FOOTBALL NEWS, NOTES AND GOSSIP

163rd Draw in Last Moment of Game Against Parkhill. Last night at Mewata Park, a large crowd saw the 163rd Regiment score a goal in the last minute of the Inter-Mediate Soccer League game against Parkhill, which tied the game. Parkhill scored in the first half when they were playing a fine game, and it was not until the very last kick that the soldiers were able to put on the equalizer. Although having a good share of the game in the first half, the Parkhill team were lucky to keep out the Regiment, and it was only the timely kicking of McLaugh and Suttle that saved the situation. McLaugh scored for Parkhill with a good shot, and after that the game became more interesting than ever. Lindop and Nash tried hard to get the equaliser all through, and it was only a mixup between Suttle and Bodman, that led to Lindop being able to head the ball goalwards. Indeed, it had only enough momentum to reach the net, and immediately after the referee's whistle blew, Bodman ought to have saved easily. Best for Parkhill were McLeay, Johnston and McLaugh; and for the Regiment, Roberts and Lindop started. The following were the teams: Regiment—Miler, Adams and A. Roughton; Manley, Roberts and T. Nash; C. Roughton, Lindop, Nash, Vaughan and Jacobs. Parkhill—Bodman, McLaugh and Suttle; Bush, Johnston and Nicol; McGregor, McLeay, Sallis, Roth and Richmond. Referee—H. E. Shelton.

NATIONAL LEAGUE

Table with columns: Philadelphia, New York, Brooklyn, Chicago, St. Louis, Boston, Cincinnati. Rows: Won, Lost, Pct.

Pirates Beat Phillies Pittsburgh, June 5.—Rixey filled the bases in the first inning today with passes and Wilson's three-bagger to right field. This drive really won the game for Pittsburgh. Earl Moore supplanted Rixey in the third. Adams pitched good ball, though a bit wild.

Dodgers Blank Cinc Cincinnati, June 5.—Rucker pitched brilliant ball for Brooklyn today, and the visitors easily defeated Cincinnati, 4 to 0. Two hits was the sum total of Cincinnati's hitting ability. Rucker allowed only one run and struck out 11.

Braves Beat Cubs Chicago, June 5.—Pitcher Hees allowed one hit up to the ninth inning today, while Boston bunched hits off Cheney and Humphries and won the second game of the series, 5 to 4. Cincinnati's defeat enabled the visitors to step out of last place.

AMERICAN ASSOCIATION Kansas City, June 5.—Minnesota pitched well today and defeated St. Paul, 4 to 2. Chicago, June 5.—Chicago pitched well today and defeated St. Paul, 4 to 2.

AMERICAN LEAGUE Philadelphia, June 5.—Cleveland, Chicago, Washington, Boston, St. Louis, New York.

Naps Still Win New York, June 5.—Although New York put up a game fight against Cleveland today they lost in the tenth inning by 5 to 2. Walter of the Highlanders hit two home runs, the second with Hartzel on base. Mitchell pitched well for Cleveland. He retained the lead in the fourth. McConnell also pitched a fairly effective game, though he was hit freely in the first three innings.

White Sox Shut Out Red Sox Boston, June 5.—Detroit led Boston to four singles by Hooper and Ball, two being of a scratch nature, and Chicago shut out the locals 5 to 0. The visitors hit Leonard and did some very good base running. Errors by Boston were costly.

Athletic De Usual Stunt Philadelphia, June 5.—Detroit led their third straight game of the series with the Philadelphia club today by 18 to 6. Willett pitched for the visitors and the Mack men got to him hard and often. Connie Mack sent in a youngster, Cottrell, formerly of the

BRITT PICKS ANDERSON AS COMING CHAMPION Portland, Ore., June 5.—Jimmy Britt, the California boxer, who gave Battling Nelson the fight of his life several years ago and who at one time was considered one of the most scientific boxers in the ring, is today of the opinion that Bud Anderson is the legitimate lightweight contender and is near apparent to the throne now occupied by Willie Ritchie.

Junior League Meeting Tonight The junior societies will meet this evening in the Y.M.C.A., to consider a protest from Western Canada College in connection with the game against Calles at Hillhurst on Monday evening. The basis of the protest is that the game was not marked out, and that consequently some fouls inside the penalty area which were given, could not be punished by the maximum penalty, which would have been the College's game. A full attendance of members of the League is requested at nine o'clock for which hour the meeting is set.

BIG INSURANCE PLACED ON BROOKLYN TEAM

New York, June 6.—One of the largest straight accident insurance policies in force was recorded in favor of the Brooklyn Baseball club yesterday. The total amount is \$205,000, covering thirty-one persons for ordinary accidents, and \$410,000 when injuries are sustained in public conveyances. In addition to the players, the policy insures President Ebbets, his son, Charles, Jr., who is secretary of the club; the McKee brothers, who are directors; Treasurer H. W. Medicus, and Assistant Secretary Fred Hanlon. Edmund H. Driggs, of the Fidelity and Casualty company, of Brooklyn, was the broker. The largest individual baseball policy was written for John McGrath of the Giants, last winter. It amounts to \$100,000.

### VANCOUVER HORSES CLEANED UP WINNIPEG

Winnipeg, June 5.—The A. D. McRae stable, Regina, swept clean the back at the Winnipeg horse show last night in the finest classes as to entries that have ever been seen in the show since its inception. In the star event of the evening the heavy harness class, J. D. McRae's magnificent Sir Hector led the finest entry yet placed before any judges. L. V. Kerr, with Lady Scotland, caught second and the Hon. Governor's Flourish, last year's grand champion, was placed behind the both. The jumping class brought out J. M. McMillan's Vancouver horse, Bo Boy, who carried all before him. J. A. Culwell, Vancouver, secured second with Munkrat and P. Welsh, Calgary, third, with Galloway last. Truly a clean sweep against the pick of Winnipeg horses! L. V. Kerr's Lady Penryn again caught the blue in the large middle horses, open entry. The same stable swept the Fendern Park clean and the last Suberland and her mate, law Sundrand, Col. A. D. McRae's, Nebel, Dreams and Sunrise second, Flourish and Fireworks third. The show made a great clean-up in the best classes of the show.

### AMERICAN POLO TEAM IS VASTLY CHANGED

New York, June 5.—The American Polo Association announced yesterday the following line-up of the American team which will defend the international cup at Meadow Brook next Tuesday. No. 1, L. B. Stoddard; No. 2, Devereux Milburn; 3, Foxhall Keene; back, Malcolm Stevenson.

A more sweeping change in the line-up of the cup defenders could hardly have been made. Not only have three members of the crack team of 1911 been entirely eliminated from this year's team, but Milburn has shifted from back to No. 3, Harry Payne Whitney's resignation as captain is implied by the announcement that Foxhall Keene will succeed him both as captain and at No. 3. Both these Waterbury brothers have gone by the board.

### New Permanent Baseball Park Will be Built at Once

Agreement Reached With Exhibition Board for Decent Ball Yard  
WILL BE READY JULY 17

WHAT do you think of it, fans? We are going to have a real ball park here in Calgary, with a real grand stand, real bleachers and a real diamond. Sounds sort of fishy doesn't it, after these many years of leaky shacks which were called grandstands; but it's a fact, an honest goodness fact. And all this is going to happen in the very near future and the place of operation will be Victoria park.

Arrangements were practically completed yesterday with the exhibition board by President Savage of the local ball club, and while there may be some difficulty about the term of lease, etc., the negotiations are so near to a close that they may be taken as completed.

Fully Modern Plant.

The new ball park will be up-to-date in every respect. Steam heat, hot and cold water, illuminated key holes and everything fully modern, as our real estate agent friends would say. Work will be commenced upon the park just as soon as the Calgary fair is finished and will be rushed to completion so that the Bronchos may receive their July guests in somewhat appropriate style. Medicine Hat will have the honor of being the first visiting team to play on the new grounds and the date for the grand opening has been set for July 17. It is altogether probable that pennant raising day will be set for the same date and altogether a very pleasant time will be had.

Amateurs Must Move.

The new ball park will be located just west of the present football pitch at Victoria park, where the amateur diamond is at present. There will be plenty of room for a game and also plenty of room for the spectators.

The plans under consideration call for a fence south of the present race track. This fence will be about 25 feet from the track and the distance between will be used as a walk for the football spectators. The grandstand will be placed directly back of the home plate and will be built to accommodate 2,000 spectators.

Part is Badly Needed.

The lack of a decent ball park has been the bane of local baseball promoters ever since the professional game was first introduced here in 1907. Until last year the games were all played at Victoria park inside the horse track. The Exhibition Co. required that the bleachers and grandstand be torn down during fair week. This made it impossible for a permanent structure to be built. Last year the experiment was tried of playing the

games at Hillhurst park, but the distance from the center of the city and the poor street car service made this impracticable. This season it was decided to go back to Victoria park, but from erecting the old grandstand the promoters were provoked and permanent field since the opening of the season.

The new park will be nearer the car line than the old one and being a permanent one will be more satisfactory than the excuses of the past.

### AUSTRALIAN CRICKETERS WILL BE BUSY

The three test matches of the Australian cricketers will be played at Philadelphia on July 4, 5 and 7, August 1 and 2, and Toronto on August 21, 22 and 23 when the Kangaroos will meet a combined team representing Canada and the United States. The match with All Canada will take place at Winnipeg in the first week in September.

The following is the schedule so far as it has been arranged. Places which have not been included as yet are asking for the Australians to visit them and other matches will probably be arranged.

Prince Albert, June 6 and 7; Toronto, June 11 and 12; Montreal, June 13 and 14; Ottawa (double), June 16 and 17; Philadelphia, June 21, 22 and 23; Schenectady, June 24 and 25; Philadelphia, June 27, 28, 29; Providence, July 1, 2; test match, United States and Canada vs. Australians at Philadelphia, July 4, 5, 7; Philadelphia, July 8, 9; Pittsburgh, July 11, 12; Bermuda, July 19, 20; New Bedford, July 29, 30; second test, United States and Canada at Philadelphia, August 1, 2; New York, August 7, 8, 9; Montreal, August 14, 15, 16; third test, United States and Canada at Toronto, August 21, 22, 23; Chicago, August 29, 30; Winnipeg, Sept. 1, 2, 3, or 4, 5, 6; Edmonton, September 19, 20; Calgary, Sept. 22, 23, 24; Victoria (final match), October 1. Matches in addition to the above will probably be arranged for Regina, Yorkton, Saskatoon, Vancouver and Duncan.

### POP DAVIDSON RELEASED BY REGINA RED SOX

Veteran, W. C. L. Catcher Politely Given the Bounce; Hulén Strengthening

Regina, June 5.—Up to last night only one Red Sox player had been released, that being "Pop" Davidson, the veteran Western Canada league catcher, who has been with the Sox since the season opened.

Davidson's release is hardly in the nature of "letting" "Pop" has received an offer to play with the Baker City club and as he considers that he would be better off playing in that league than he is here he asked Billy Hulén to release him and his request was granted. While the Sox manager considers that Davidson is a good catcher he thinks that Baker is better and had, even before "Pop" asked for his release, decided to work the young receiver for the biggest part of the season.

One of the men who should report today is a catcher and outfielder and Hulén intends working him alternately with Baker. Up to a late hour last night he had not yet reported and the other three men who are on the way had reported but Hulén is quite confident that they will arrive this morning and be in the game today.

Once these players do get here Hulén will begin to wield the axe in earnest, at least five of the present Sox being booked for the trip back home or the bush, or both. Just who they will be cannot be stated at present but watch out for surprises.

### BOXING STILL IN FAVOR IN EDMONTON

Joe Harris Won On Foul Over Eddie Franks; Reform Forces Unsuccessful

Edmonton, June 5.—Joe Harris, claimant of the featherweight championship of the north of England, won the decision on a foul at the Empire stadium tonight over Eddie Franks, for what was scheduled to be a 15-round contest for the lightweight championship of Western Canada. For the first six rounds Harris had the advantage, but it was all Franks' for the remaining four. After a fierce mixup at the ropes in the tenth, Harris dropped and while the referee was counting over him Franks struck him again on the chest. Referee Green thereupon awarded the contest to Harris. There was some talk several days ago of the bout being stopped, but the city council on Tuesday night filed the request of the Temperance and Moral league and decided to take no action to stop boxing in Edmonton.

### NEW BRITISH CHAMPION

Digger Stanley Beaten By Bill Benyon for Bantam Title of Great Britain

London, June 5.—Bill Benyon won the English bantam championship from "Digger" Stanley, holder of the title, last night. The fight, which was before the National Sporting Club, went twenty rounds, Benyon winning the decision.

Eddie Morgan, the fast little champion of Wales, was scheduled to fight Stanley, but illness prevented him from appearing, and Benyon took his place.

The contest was for a purse of £2,500 and the Lord Londale belt.

Dundee Versus Ryan  
Kansas City, Mo., June 5.—Johnny Dundee of New York and Tommy Ryan of this city, featherweights, have been matched for a ten-round fight at Albuquerque, N. M., July 4.

R. B. Bennett Organized to Interrupt Meeting is Statement of Mr. Oliver

(Continued from Page 1). The amendments which had been made in the upper chamber. He could not see why the government desired to put in the wording of the bill that which insisted to put in the name of the division of the appropriation for good roads should be on the same question as last year. There was the same difficulty of opinion. It was a question of the commonsense give way to the commonsense of the commonsense. The commonsense of the commonsense would decide it. In this case the commonsense of the commonsense would decide it. In this case the commonsense of the commonsense would decide it.

Pressure on Government. Mr. Bennett dealt at length with the commonsense of the commonsense. He dealt with the commonsense of the commonsense. He dealt with the commonsense of the commonsense. He dealt with the commonsense of the commonsense. He dealt with the commonsense of the commonsense.

Encroaching on Provinces. Section six of the bill had been re-opened by the commonsense. The commonsense of the commonsense. The commonsense of the commonsense. The commonsense of the commonsense. The commonsense of the commonsense.

Mr. Bennett's Defence. Mr. Bennett, in reply, said that the commonsense of the commonsense. He said that the commonsense of the commonsense. He said that the commonsense of the commonsense. He said that the commonsense of the commonsense.

TRIED TO SHOOT HIS MISTRESS WHO DID NOT MARRY HIM

Eyebrow, Sask. June 5.—Coming off the train last night and finding a team to drive out to his former employer, Mrs. M. Greenman, Pat Kelly attempted to shoot her because she would not go driving with him. He was only prevented from shooting a second time by the lady's father, who pointed a shotgun at him and forced him to leave. Kelly was telephoned into town and a posse was sent out to capture him, and after an hour's chase and an exchange of gunfire he was finally captured, brought into Eyebrow, and placed in the jail. Kelly is charged with a preliminary hearing on a charge of attempted murder.

DRUNK HAS \$386.50 WHEN LANDED BY POLICE. The John D. Rockefeller of the law yesterday at the C. P. R. station, and protesting loudly, was taken to a cell in Central police headquarters. When searched all the requisites of a good time, from his own standpoint, were found on his person. From every pocket he exuded money. When a grand count-up was made the following articles were laid on the counter: One bank roll of \$386.50, silver totalling \$60.00, one pint of champagne, one pint of whiskey, cigars and a gold watch. The man gave the name of William J. G. Galbraith, his address Vancouver, and said he was visiting friends in this city. After the effects of his libations wore off he deposited \$100.00 in the bank, and took the balance of his effects out of the station. Betting is even that he does not appear to claim the bail money this morning.

DECISION IS GIVEN IN CEMENT WALL CASE

Judge Winter yesterday afternoon gave judgment for the defendant in the case of Thomas Adair against Robert Young. The case, which was heard some time ago, was one in which the plaintiff sued for the contract price of the construction of a concrete foundation. The defendant entered a plea that the wall was defective and entered a counter claim.
