JUBILEE TRACT. (Concluded.)

PROCEEDINGS OF THE SOCIETY.

The Society has two Catalogues :-1. The Permanent Catalogue, consisting of Bibles New Testaments, Common Prayer Books, and Reliious Books and Tracts; new Tracts being added from time to time by the Tract Committee, with the anction of five of the Bishops nominated by his Grace the President, as Episcopal Referees. This commitee, consisting of seven Members of the Society, was first appointed in 1834. The annual election is in May, a list of Members having been presented to the Board by the Standing Committee in April,

2. The Supplemental Catalogue, comprising books of education, and those which combine amusement with instruction, is under the superintendance of the Committee of General Literature and Education .-This Committee, consisting of twelve Members of the Society, was originally appointed in 1832. The election is in February each year; the Members having powers. been proposed by the Standing Committee in January. Some estimate of the operations of the Society in its book department may be formed from the following

account of its issues. The total number of Book and Tracts, issued between April 1847, and April 1848, amounted to FOUR MILLION ONE HUNDRED AND FIFTY THOUSAND FOUR HUNDRED AND TWENTY-EIGHT: namely, Bibles, 129,242; New Testaments, 90,880; and Prayer Books, 287,372: other Books and Tracts, 3,646,934

The sale of Books and Tracts in the retail departnent of the Depositories, in Great Queen-street and the Royal Exchange, has amounted during the year to upwards of £16,062.

From the year 1733, when the Society first began to report its annual issues of publications, to the present year, 1849, it has distributed upwards of Ninety four Millions of publications, comprising large quantitres of Bibles, Common Prayer Books, and religious Books and Tracts.

There are in the kingdom 360 Diocesan District Committees, whose object it is to promote the interests and usefulness of the parent Society; by increasing its funds; by enlarging the sphere of its operations: by facilitating its communications with Members resident in the country; and affording to the districts in which Committees are established a more easy and extensive supply of its publications.

The Board and Officers of the Society are well aware of the importance of these local branches, and are thankful for their services.

The income by means of which the institution is enabled to carry on its designs, has been chiefly derived from the Annual Subscriptions of its Members, and the donations and legacies of many pious and charitable benefactors.

Very soon after its foundation, the Society became own base, vile ingratitude to Him, who suffered all indebted to its Treasurer, and was obliged to borrow

ety's efforts were more urgently needed, in behalf of that of assisting to give our English poor a sound scriptural education; of rendering spiritual aid to the British colonies, especially those to which emigrants are hastening by thousands; or of meeting the demand for books with cheap publications of a good and useful kind. If the Society has so long endeavoured to spread, in these ways, the knowledge of saving truth, it is surely called upon to make still greater exertions now. Looking back a century and a half, we thankfully acknowledge the goodness of the Almighty, in putting left? it into the hearts of his servants to found the Society, and preserving it to this day. On the present ground seen such persons as are described—publicans and of Christian usefulness, we call upon its friends to cherish and advance it by their liberality and their prayers. And looking onward we earnestly implore a blessing upon its labours, that it may continue to bear fruit acceptable to God, through Jesus Christ.

LAST HOURS OF EX-PRESIDENT POLK. There is matter for serious thought in the following narrative, which we commend to the attentive perusal

"LAST HOURS OF EX-PRESIDENT POLK. "A correspondent, in the New York Herald, writing from Nashville, gives the following account of the last hours of Mr. Polk. We take it for granted that this account, from its circumstantial character, is correct. We President, while he left a noble and manly illustration on record of the importance of a prompt attention to religious duties, also gave a strong testimony against the system which could permit a Christian man to live without baptism, and then to be disturbed in his dying moments with mere personal questions about the ministerial agent to be

ANNEXATION.

With regret and astonishment we perceive that a respectable journal like the Montreal Herald has come forth as an advocate for the annexation of Canada to the United States of America. Earnestly do we trust Rev. William Leeming, of Drummondville, and a most that our contemporary will stand alone in the position able and appropriate funeral sermon was preached which his over-excited feelings have led him to assume; by the Rev. Dr. Shelton, of Buffalo. or rather let us hope, that he will be led ere long to abandon it, as one altogether at variance with the minister of the Cross, and a warm-hearted, single-

The Herald's estimate of what constitutes loyalty, we must remark is singularly mean and defective-He says: "It is now useless to deny, that the insults offered to loyalists have gone far to destroy loyalty in that he had been several times stongly inclined to be bap-tized during his administration, but that the cares and long habit had made loyalty natural." But surely Canadian loyalty is him to be then baptized, it was postponed, to take place the next evening; but in the interval, the ex-President something nobler than such a marrowless epnemeral cles. We would recommend the editor, however, to be more careful as to the quality of the verse which is not "such an unsubstantial skin-deep thing, that it tain the following unmitigated rant:must needs fade away, because the Imperial sun ceases for a moment to shine upon it.

Downing Street, June 13, 1849. Sir,—I am directed by Earl Grey to inform you that he has duly laid before the Queen the petitions to her Majesty, which you delivered to him for that purpose on Saturday last. Petitioners pray for the recall of the present Governor-General of Canada, for the dissolution of the Parliament of that Province, and for the disallowance by her Majesty of the Act lately

Lord Grey directs me to express his hope that this official declaration of the views of the Governor-General Canada, which is entirely approved by the advisers of her Majesty, will remove the alarm and calm the indignation which from a misapprehen-sion as to its true character and objects, this measure has tree ted, and he appeals with confidence to the feelings of loyalty which animate the petitioners, and to your own well known devotion to the British Crown, and desire to promote the wel fare of Canada, in calling upon you and upon them to assist her Majesty's Government in endeavouring to maintain the public peace and the authority of the law, and to allay the existing agitation which is producing so much injury to commerce, the public credit, and all the most important interests of the Pro

Coroner. THE LATE COLONEL GRAHAM.—A passing tribute of respect is due to his memory as an Officer, a Magistrate, and a loyal subject of our gracious Queen. He entered the navy as a first class volunteer Midshipman in 1803, passed Lieutenant in 1825, and Commander in 1825. He was present, and slightly wounded, at the seige of Copenbagen, under Lord Nelson. He was actively engaged under our great-est naval men to the end of the war. His ardour and truly British courage were displayed on various occasions, in the Scheldt, in the Tagus as commanding the Flotilla of Gun boats, repulsing a Reconnaissance under Marshal Massena; during which the French Gen. From Jamaica and our West India colonies generally the accounts are of a gloomy nature. It is ascertained that the field of sugar in Jamaica will be greatly below an average, the estimate being 35,000 hhds. This diminution is to be attributed in buted in a great degree, to the number of estates that have gone out of Cultivation, and to the inability of those who still retain a hope of doing better, to apply the means necessary to keep the soil in a proper condition.

SOCIETY FOR THE DISTRIBUTION OF RELIGIOUS PRINTS THE MIDDLE CLASSES, THE POOR, AND CHARITY SCHOOLS. On the Principle of the Parker Society.

"I was brought up in the early knowledge of religion by my pious parents, and I well remember that my mother taught me the history of the Old and New Testament before I could read, by the assistance of some blue Dutch tiles in the chimney-place of the room where we commonly sat; and the wise and pious reflections she made upon these stories were the means of enforcing such good impressions on my heart, as never afterwards wore Patrons:

*THE MOST NOBLE THE MARQUIS OF LANSDOWNE, K.G.

*THE RIGHT HON. LORD JOHN RUSSELL.

*THE RIGHT HON. THE EARL OF AUCKLAND.

*THE RIGHT HON. VISCOUNT MORPETH.

*THE RIGHT HON. SIR CHARLES WOOD, BART.

*THE RIGHT HON, SIR GEO. GREY, BART.

THE RIGHT REV. THE LORD BISHOP OF OXFORD,
THE RIGHT REV. THE LORD BISHOP OF NORWICH.

THE NOBILITY, CLERGY, AND GENTRY OF GREAT BRITAIN. OFFICE OF THE SOCIETY, 137, REGENT STREET, LONDON. Managers.— Mr. HENRY HERING.
Mr. HENRY REMINGTON.

It is the desire of the Projectors of this undertaking to give the middle and poorer classes an opportunity of possessing works of a pious and instructive tendency, calculated to improve the taste and elevate the mind, replacing those which have hitherto tended to demoralize, and render it less susceptible of religious impression; at the same time, the expenses attendant on the production of subjects of great importance, by Artists of the highest talent, being very considerable, the most liberal support is absolutely necessary, and it is hoped that the Nobility, Clergy, and Gentry will render every assistance towards the promotion of such an object, the want of which has been so long felt.

The price of each Subscription will be, Plain Prints £1. 1s., Coloured £1. 11s. 6d., Proofs £2. 2s., (being the lowest which the cost of production will admit of,) to be paid in advance, which will entitle the Member to Twelve Original and highly-finished Lithographs, from Drawings made expressly in the style of the well-known and muchadmired Prints, viz.: Overbeck's "Christ Blessing Little Children;" Bendemann's "Captive Israelites;" Bega's "Christ Predicting the Ruin of Jeusalem;" Hubner's "Consider the Lilies of the Fleid;" Scheffer's, "Christus Consolator;" Veit's, "Two Marys at the Tomb:" Steinle's, "Raising the Daughter of Jairus;" and others of this School, which have been sold hitherto from 10s. to 15s. each plate. It is the desire of the Projectors of this undertaking to give th

Society for the Distribution of Religious Prints.—We have at different times received various communications respecting the "Society for the Distribution of Religious Prints." We have hitherto refrained from taking any notice of its objects till we were better acquainted with the arrangements. Now, however, we have great placsure in recommending the Society to the attention of our readers, eas we understruct the selection of engravings is under the managements of a committee containing names that afford every safeguard for the orthodoxy of the object in view. With this guarantee we may safely treat of the Society on a lower ground, namely, its encouragement of art. We have received a specimen print, "The Scourging," which will at once obtain a presence in the higher walk of art. It is a highly-finished German lithograph, fully equal to the many beautiful devotional prints we have lately received from that school. We may also take a still lower view, and treat of their cost. Those who have been in the habit of laying out a guinea at the Art Union, receiving in return (we allude more particularly to the past year) two wretched prints and a few outlines for their money, will here acknowledge that they receive for the same amount twelve engravings, any one of which will in value surpass the whole of the inferior productions of the Trafalgar-square Society. For these three reasons, then, we cordially recommend the Society to the care of our readers: for its orthodox object; for display of artistic talent; and for its reasonable prices; placing a series of good religious prints within the attainment of the middle classes, and affording every opportunity of offering superior presents for the adornment of the cottage or charity school.
