Coote, Mr. G. G. (Macleod)

Address in reply, 90. Condition of western wheat-growers; prices received today by grain-growers; wrong relationship of prices; result of low prices is low morale of western farmers; total amount owing to retail merchants on farmers' accounts; decreased seeding acreage because farmers cannot get credit to proceed with farming operations, 91; currency problem; abandoning gold basis; Viscount d'Abernon on gold standard; guaranteeing seventy cents a bushel to wheat-producer; case of Russia; Canadian farmer in competition with Russian wheat-producer; pegging the price of wheat; proportion of wheat in our export figures; suspension of payment

Coote, Mr. G. G.—Con.

Address in reply—*Con.*

in gold in Argentine; advance in exchange in Australia; Argentine and Australian favourable exchange situation; imports of Danish bacon; wheat sold at dumping prices; Mr. Stevens speech on depreciated currency in 1922, 93; competition of wheat-growers with depreciated currency countries; keeping the dollar at par; falling behind in our trade balance; drop in price of wheat responsible for drop in export trade; depreciation in currency would increase price of wheat, 94; Mr. Arthur Greenwood on depreciated currency; retention in United States of forty per cent of world's gold supply; Professor B. K. Sandwell on "Shall We Abandon the Gold Basis", 95; going outside Canada to secure our loans, 96

Amendment to amendment, 769; conditions in Bellevue and Blairmore coal-mining districts, 769; subamendment of Mr. Gardiner, 770; amendment of Mr. Mackenzie King entirely negative in character, 771

Budget, 2340. Outstanding feature of budget the deficit; budget holds out no cure for unemployment; necessity for monetary reform if we are to continue under capitalistic system; increasing taxation; low price level of commodities cause of the present depression; farmer suffering from fall in prices of agricultural products; inflation of Canadian prices of manufactured articles; compensating adjustments to farmer; Mr. Meighen on our medium of exchange, 2341; no measures of monetary reform contained in budget; effect of gold and bank credit in relation to price levels; no over-production of commodities sufficient to

Coote, Mr. G. G.—Con.Budget—*Con.*

justify price levels; effects of deflation in gold standard countries; following policy of United States federal reserve banks, 2342; effect of abandoning gold standard; competition in wheat-producing from depreciated currency countries such as Australia and the Argentine; purchasing price of wheat lowest since 1797; effect of depreciation of currency would be to produce a premium on our exports, 2343; speech of Mr. Stevens in 1922 on depreciated currency; report of tariff committee of Canadian Manufacturers Association in 1926 on depreciated currency; condition of wheat-growers; beneficial results would follow from suspension of gold standard, 2345; lower price levels will increase debt; effect of maintaining gold standard on country; depreciation would do more to increase employment in industries than all the changes in tariff; establishing in Canada a bureau of economic research, 2346

Address in reply, 320. Congratulations to Mr. Sauvé; woman suffrage in Quebec province; report of Department of Trade and Commerce on trade conditions; turning a national misfortune into a sideshow for enraged partisans; hoisting Tory flag to catch every passing breeze; proposal of Sir Oswald Moseley to appoint emergency cabinet of five members; one-man super cabinet in Conservative administration; protection would mean nothing if it did not increase prices; high tariff duties and unemployment in Australia and United States; League of Nations Journal on causes of unemployment; Financial Times on policy of government; Imperial economic conference, 321; Mr. Cahan and the Shipping Act and maritime laws; Mr. Guthrie and "British Commonwealth of Nations"; trying to force protection on Britain, 322; empire cannot be built on dollars and cents; no better method of discord and friction in empire could be introduced than imperial customs tariff; economic imperialism, 323; free will and co-operation only way to keep empire together; Sir Wilfrid Laurier and Imperial conferences of 1902 and 1907; casting upon Sir Wilfrid Laurier the burden of the protectionist policy, 324

Spencer, Mr. H. E. (Battle River)

Address in reply, 127. Disadvantages of time limit on speeches; slight reference to agriculture in speech from throne; bankrupt conditions of western Canada, 127; Mr. Turnbull's optimism as to conditions in west; drop in prices of agricultural products; prices of western wheat, 128; cost of wheat production per bushel; low prices of oats and rye make it unprofitable for farmers to cut harvest; suggestion that western farmers go into mixed farming; advice of "arm-chair" farmers; prices of cattle and sheep; failure of private banking system and criticism by Minister of Agriculture; recommendation of Mr. Beatty for the formation of an agricultural loan corporation; comparison of prices between industry and agriculture; no legislation at special session to help agriculture, 129; Mr. Bennett and wheat marketing; increasing the supply of money, 130; lack of service given by private banking corporations to farmers; indebtedness of Alberta farmers to storekeepers; Right Hon. Mr. McKenna on forced deflation; resolution passed at convention of
