PRAYED FOR RAIN UNTIL GIANTS GOT AHEAD

De Wolf Hopper, Who Had to Play a Matinee, Then Let Out a War Whoop That Nearly Made the Audience Jump From Their Seats, and Some Probably Wanted to See Him

By De Wolf Hopper—Copyrighted.
NEW YORK, Oct. 8.—Matty old?
Bats! If he's like this now, what will
be when he grows up?
Brother fans, I am simply bubbling
with delicious joy. It's mighty hard
to sit down and write in a cold, judi-
cial, practical way when one's innards
are practically all of the federal
arms and artillery. The battle
lasted four days with heavy
losses to both sides.

A lot of money shifted hands in
Philadelphia today. I can see a good
many Philadelphia fans who owned
motor cars this morning going to the
game tomorrow in the pay-as-you-
come class. The attendance was about
half what it was in New York the
first game. It will be larger at next
game, for by that time it will be gen-
erally known that the world series is
on and that their team is among
those present.

Dear old Larry McLean made good
today. He can reach the widest pitch
ever delivered by an erratic pitcher.
What a sky-scaper he is! He makes
the Woolworth Building look like a
flat car.

He Wasn't There.
Kind readers, I didn't see today's
game. I couldn't. No boy ever pray-
ed so hard for it to rain on circus day
as I prayed for it to rain today. I
wanted the game to be postponed so
I wouldn't miss it. The only real
mean thing the Shuberts ever did to
me was to ring in this mid-week matinee.
I had bulletins brought me every
two seconds, but they were like the
sight of steaming buttercakes on the
window griddle of a Les Infantes res-
taurant to a starving man outside.

In consequence my performance was
as uneven as a Brooklyn side street
pavement. Old Man Tartarus' pres-
entment was as the case of a duplex
apartment compared to my position.
The fragmentary bulletins transport-

UNITED STATES BANKERS SAY THAT THEY, NOT GOVERNMENT SHOULD CONTROL CURRENCY

Executions in Mexico

LAREDO, Texas, Oct. 8.—
(Can. Press.)—Federal Gen-
eral Alvarez and his staff and
125 federal soldiers were exe-
cuted yesterday at Torreon,
Mexico, under orders of Gen.
Francisco Villa of the Con-
stitutionalist forces, accord-
ing to information from re-
liable sources brought here
today. With the City of Tor-
reon the rebels captured prac-
tically all of the federal
arms and artillery. The battle
lasted four days with heavy
losses to both sides.

Boston Convention Declared Its Opposition to Proposed Federal Reserve Plan of Re- form in Currency and Bank- ing System.

BOSTON, Oct. 8.—(Can. Press.)
—The bankers of the United States
again today declared their oppo-
sition to the proposed federal reserve
plan of reform in the currency and
banking system.

With only one dissenting voice on
the final vote, more than two thou-
sand bankers from all sections of
the country, gathered at the first
day's sessions of the annual conven-
tion of the American Bankers' As-
sociation, ratified the action of the
conference of bankers in demanding
amendments to the Federal Reserve
Act, now pending in congress. The
financiers approved the work of
their own currency commission,
which earlier in the day had re-
ported the system of governmental
control proposed in the Glass-Steagall
Bill to be socialistic and imposing
"unwise hardships" on the banks,
and equally unwise hardships on
the general public.

The resolutions, in which this
ratification and approval were con-
tained, included commendation of
"the president, the secretary of the
treasury and congress for their ef-
forts to create in this country an
elastic as well as safe currency,"
and pledges them "heartly support
for the enactment of proper legisla-
tion to that end."

Rooted From The Floor.
The addition of this paragraph
as an amendment to the resolutions
was proposed at the afternoon ses-
sion by former Congressman Joseph
H. O'Neill of Boston. Mr. O'Neill
was one of several speakers whose
remarks had been audibly booed
from the floor during the forenoon.

He and former Congressman Thos.
C. MacRae of Arkansas, together
with H. A. Moehlepan of Brewster,
Wis., president of the Wisconsin
Bankers' Association, had rallied to
the defence of the administration,
which had been attacked by most
of the previous speakers.

Acting President Arthur Rey-
nolds of Des Moines in his annual
report had criticized the currency
bill, and former Congressman E. J.
Hill of Newark, Conn., had attacked
the good faith of the administra-

DR. G. H. KENNEDY DIED WEDNESDAY

One of the Most Distinguished Medical Men in Western Canada Has Passed Away.

WINNIPEG, Oct. 8.—(Can. Press.)
—Dr. G. H. Kennedy, one of the most
distinguished members of the medical
profession in western Canada, sur-
geon captain in the R.N.W.M.P. and
the official doctor of the Canadian
Pacific Railroad for many years, died
in the general hospital this morning.
Dr. Kennedy was born at Dundas,
Ont., in 1857 and came to the north-
west in 1878. In 1883 he married Miss
Alice Maude Allen, who survives him.
One son and one daughter also sur-
vive. The son, Dr. A. Kennedy, lives
in MacLeod, Alta., and the daughter,
Mrs. Ward, resides in British Colum-
bia.

TO STAMP OUT TUBERCULOSIS

Alberta Legislature Will Memorialize Federal Minis- ter of Agriculture Re- garding Diseased Cattle.

EDMONTON, Oct. 8.—(Can. Press.)
—The Alberta legislature this after-
noon passed a resolution authorizing
the government to memorialize the
federal minister of agriculture to take
steps towards the eradication of tuber-
culosis in cattle.
"There have been many complaints,"
said Hon. Duncan Marshall, in presen-
ting the resolution, "and up to the pres-
ent no action has been taken to pre-
vent the spread of the disease. Far
ther than supplying the farmers who
make requests with tuberculin."

BAKER SCORING HIS THIRTEENTH HOME RUN.
In the fifth inning of Tuesday's game Collins walked to first on the first pass of the
game. Then Baker went to bat and lined out the longest clout seen on the field, scoring Collins,
and making his 13th home run of the season. The picture shows Baker scoring the run. Photo

SHELL EXPLODES SEAMEN INJURED

Mistake Made in Handling Empty on United States Revenue Cutter Results Disastrously.

MILWAUKEE, Wis., Oct. 8.—(Can.
Press.)—A mistake in handling a
loaded shell, which it was believed
contained no powder, resulted in an
explosion aboard the U. S. revenue
cutter Tuscarora today, seriously in-
juring two men.

The injured are F. Diebold, seaman,
Muskegon, Mich., left arm lacerated,
necessitating amputation, wounded in
thigh and feet burned. Olaf Foss,
gunner, right leg badly mangled, nec-
essitating amputation, wound in
neck. Both probably will recover.

The explosion occurred off Port
Washington, while the cutter was on
route to Manitowish to engage in tar-
get practice. After the explosion the
vessel returned to Milwaukee.

Foss and Diebold were stationed on
the deck, knocking primers out of
shells which had been discharged,
preparatory to reloading for practice.
Diebold was holding an iron bar
against the primers of the shells while
Foss was striking the end of a bar
with a heavy lead mallet.

Neither noticed that a shell which
Foss picked from the box had never
been discharged. The explosion fol-
lowed, blowing both men ten feet in
the air.

CHAS. W. GEDDES GETS DIVORCE

Mining Engineer Who is Well Known in Toronto, Grant- ed a Decree at Reno.

(Special to The Toronto World.)
RENO, Nev., Oct. 8.—Charles Wal-
ter Geddes, mining engineer of note,
whose home for years has been in
New York City, was granted a decree
of divorce today upon his uncontro-
verted testimony that his wife, Agnes,
persistently refused to give up her
New York City home for district
mining camps, where his profession
demanded his presence.

Geddes' work has carried him to
remote parts of Mexico, Central
America and Canada, as well as to all
the big mining districts in the United
States. His wife has refused to ac-
company him, and has remained in
New York since their marriage. She
visited him for six weeks while he
was in Mexico and lived for a short
time at Goldfield. For the last twenty
years he has engaged in mining en-
gineering activity. In the spring of
1907 he came to Goldfield to make a
report on the Goldfield Consolidated
property. He remained eighteen
months and spent the next three
years in Mexico and Central America.
In 1911 Geddes went to Canada—Por-
cupine, Cobalt and Toronto—return-
ing to New York, where he remained
until May, 1912, when he left for Ne-
vada, his wife saying she would not
leave New York.

The Deadly Crossing

UTICA, N. Y., Oct. 8.—
(Can. Press.)—Dr. C. F. Wood,
president of the Village of
West Winfield, and H. D.
Wheeler, a prominent resi-
dent of that place, were to-
night killed by a Delaware
Lackawanna and Western
train at Clayville. They
were in Dr. Wood's automobile
and going home from the city
when they drove in front of
a milk train. The machine
was demolished and both men
were instantly killed.

GOVERNMENT TO SEE BILL THRU

Will Uphold Law and Sup- press Disorder by Whom- soever Fomented, Says Churchill.

DUNDEE, Scotland, Oct. 8.—
(Can. Press.)—Winston Spencer
Churchill, first lord of the admiralty,
addressing his constituents to-
night, reaffirmed that nothing would
deter the government from carrying
through the home rule bill as planned
and doing its utmost in upholding the
law suppressing disorders, by whom-
soever fomented.

Mr. Churchill, whose speech was
keenly anticipated as a declaration
of the government's policy, added
that in the natural course of events
a general election would occur be-
fore any legislation could be passed
by the Irish Parliament, and in the
event of the transference of power,
it would be open to the opponents of
the bill to repeal it. That was their
only constitutional remedy so long
as they opposed settlement by agree-
ment.

In the latter part of his speech
Mr. Churchill made what is regarded
as an overture to Ulster. He said:
"The claim of Northeast Ulster
for special consideration is a claim,
which, if advanced with sincerity
and not as a wrecking manoeuvre,
cannot be ignored without full con-
sideration by any government de-
pendent upon the present house of
commons."

CONGRESS WILL BE ASKED TO REPEAL REBATE CLAUSE

Relates to Goods Going Into
United States in American-
Owned Ships—Foreign
Countries Have Made
Strong Protests to Depart-
ment Against the Objec-
tionable Feature.

WASHINGTON, Oct. 8.—(Can.
Press.)—If the consent of Representa-
tive Underwood and other house
leaders can be secured tomorrow a
joint resolution will be passed this
congress within a few days repealing
that portion of the new tariff law au-
thorizing a 5 per cent tariff rebate
on goods brought to this country in
American-owned ships.

The decision to ask for the repeal
of the clause was reached by adminis-
tration officials today after experts
of the state and treasury departments
had decided that to carry out its
exact terms would mean a reduction
of 5 per cent in tariff on goods from

SHIPPING CORPS FOR U. S. ARMY

Volunteer Battalion Has Been Formed to Become a Part of the National Guard.

NEW YORK, Oct. 8.—Through the
activities of the Aero Club of America,
a volunteer military aviation battalion
has been formed to become a part of
the National Guard. Application to
that end, endorsed by some of the high-
est military authorities, has been made
to Washington and thru official chan-
nels to Albany.

Up to the present time aviation in
the regular army has been con-
ducted as a part of the signal corps,
but under plans that have been pro-
posed, the aviation corps will be or-
ganized on an independent basis and
the proposed state battalion conforms
to the new plan.

"The Second in Command" a Success.
When the curtain was rung down on
the last act of "The Second in Com-
mand" at the Princess last night, the
unanimous verdict was that Mr. Cyril
Maude and his distinguished London
company had scored a distinct triumph,
and that this play will be enthusi-
astically received wherever presented in
Canada.

SISTER OR NIECE?

VANCOUVER, B.C., Oct. 8.—
(Can. Press.)—A dispute between
heirs as to whether Mrs. Caroline
Amelis Waller of Vancouver, is the
sister or the niece of the late Ald.
Wallace McRae of North Van-
couver, is to be settled by the ap-
pointment of a commission to take
evidence at the old home in Ontario
of the McRae family. Mrs. Waller
was recently appointed administratrix
of the estate on the representa-
tion that she was a sister of the
deceased.

CHANGES COMING IN THE CABINET?

Le Devoir of Montreal Says Hon. Mr. Coderre and Hon. W. B. Nantel Intend to Resign.

MONTREAL, Que., Oct. 8.—(Spe-
cial.)—Le Devoir has a story to the
effect that Conservative workers in
Quebec have been instructed to pre-
pare for an election and that the Hon.
Mr. Coderre, secretary of state, would
reign his position in favor of Mr. L.
T. Marschal, K. C. of this city.

No reason for the resignation is
given, but it is further stated that Mr.
Coderre will step down, that Hochelaga
may be thrown open for a contest
if Chateaugay returns the govern-
ment candidate, so that a further proof
can be given the country of the senti-
ment of Quebec towards the naval pol-
icy of the government. Le Devoir also
says that Mr. W. B. Nantel will re-
sign his position in the cabinet to ac-
cept an important government position,
but Mr. Nantel this evening refused
either to deny or confirm the report.

DENTIST IS SUED BY ANGRY HUSBAND

CHICAGO, Oct. 8.—To the majority
of people a visit to a dentist hasn't
a single agreeable or attractive fea-
ture, but to Mrs. Dora E. Levy it was
the acme of pleasure, according to
Harry Levy, her husband, who today
brought suit against Dr. M. B. Levy,
a Wabash avenue dentist, for \$10,000
damages for alienating the affections
of Mrs. Levy. According to the com-
plaint, it took Dr. Levy three
months constant treatment to get
Mrs. Levy's teeth in proper condition,
and in that time, Levy says, the den-
tist literally ground himself into the
affections of the former's wife thru
her teeth.

KIDNEY DISEASE

KILLED G. F. BEARD

Autopsy Report Shows No Evidence of Death by Poisoning.

DEATH CERTIFICATE

Should Accompany Bodies Shipped to Ontario for Burial Say Jury.

Coroner Singer's jury, which has been sitting in the death of George F. Beard, who died in New York on Sept. 11 and whose body was sent here for burial in Mount Pleasant cemetery, returned a verdict of death from natural causes last night.

When A. G. Beard, 2400 East Queen street, of this city, heard of the death of his brother he immediately went to New York, and from conditions which he found there he suspected that the man had not died of Bright's disease as was alleged, but that he had been poisoned.

HAMILTON, Oct. 8.—(Special.)—It was announced in civic circles today that at least three important changes will be brought about by reason of Hamilton's population having reached the 100,000 mark, and that they will go into effect about the first of next year.

The first change mentioned was in reference to the liquor licenses. James Sturdy today received from the city clerk a copy of the latest census taken, which fixed the population at 100,000, and he will make return of this to the department at Toronto.

CONTROLLER CHURCH, NEWSPAPER BOSS.

It is clear from last night's Telegram, as we surmised yesterday, that Controller Church is dictating the policy of that paper in connection with the proposed purchase of the street railway.

Last night five columns of The Telegram were occupied with Controller Church's pipe-dream of the kind of agreement he would like Mayor Hocken to make so as to bring about his undoing.

Controller Church was really as smart as The Telegram appears to think, he ought to have been corporation counsel instead of ex-Mayor Geary. However, Controller Church is not really smart except as a pipe dreamer.

On Tuesday evening The Telegram attacked Mayor Hocken in a double-column article. The first column abused the mayor for not consulting experts to help him in the negotiation.

At any rate, Mayor Hocken was authorized by the aldermen in council to appoint experts and did so, whether The Telegram likes it or not. Availing himself of their services, he asked, as we learned yesterday, for a statement from them of what they considered necessary for the city to get in its purchase.

HOW THE TARIFF IS WORKING OUT

The duty on wheat and flour is the live question.

Under the new tariff of the United States, wheat and flour go in free, except from countries that impose a duty on American wheat and flour.

Canada imposes a duty of 43 cents a bushel on wheat and 60 cents a barrel on flour.

That is the question now up. Two proposals have been made: The first, to call parliament and repeal the clause imposing the duty on wheat and flour; and the other is to take advantage of the law to suspend or remit the duty on wheat and flour, or to place them on the free list.

The World does not doubt that the government, in some way, support the duty if it chooses to; the crown can remit any penalty or duty that a person has to perform; it does the same thing when it pardons an offence.

Mail Special: By section 92 of the Consolidated Revenue and Audit Act the governor in council may remit any duty or toll or such remission may be total or partial.

Couldn't wheat come in as set out in the last paragraph for manufacture into flour, and flour for the manufacture of bread?

But the government may do what The Mail advises in its editorial columns, do nothing—keep our duty where it is.

The Ottawa Citizen and The Toronto News have joined The World in suggesting that the duty be suspended, so as to give the farmers what they want—access to the American market—and secure what The World wants—competition in freights.

A despatch from Ottawa says that the new American tariff is read there as meaning that the countervailing duties on wheat and flour go together, and that we must repeal our duty on both wheat and flour if we want America to let our wheat and flour, or both, into their country free.

Mail editorial: Canadian farmers would gain more than the Canadian duty on wheat if it were abolished. There would be an influx from the congested market near door, and Canadian millers would have an opportunity to settle it at the lowest competitive prices.

The Globe's Ottawa special says: The belief in government circles is that the arguments used during the reciprocity campaign by the Conservatives against free trade, coupled with the influence of the transportation companies, action being taken, during the coming session at least, to take advantage of the standing offer in the United States for a free exchange of wheat.

The News of last night published a signed article "against premature re-duty on wheat." The writer quoted an interview given out by Mr. W. D. Matthews, a prominent local grain dealer.

If the United States should take any great quantity of wheat from Canada for use in the United States it would have a larger quantity of the home-grown grain for export and would practically throw the export trade into the hands of the United States.

All very fine, Mr. Matthews. But we prefer to give you credit for speaking as a prominent director of the Canadian Pacific. The way to keep the trade in Canadian channels and to Canadian ports is for the C.P. to reduce its freights. Free trade in wheat will force this to come about.

W. F. Maclean, M.P.—I join many of our manufacturers and business men who say "Free trade is in reference to your leading article in today's (Oct. 7) World, which handles the freight question as it is, without gloves, yours, A. W.

ANNOUNCEMENTS.

October 8, 1913. An important rule of court was passed on Sept. 15, amending rules of court, as follows: "It is ordered that the following amendments be made in the consolidated rules and tariff of costs:

The prefatory note to tariff B, p. 208, is amended so as to read as follows, payable in stamps, except where the officer is not paid by salary or has not commuted his fees, or unless otherwise expressly provided; and by adding thereto the following items: "On renewal of writ, one dollar, and "to special examiners marking exhibits, twenty cents;" these amendments to be retroactive and to take effect on the date of the statement of claim.

And that the form for the endorsement of specially endorsed writs (No. 1) be amended by adding thereto, following the specific claim, the words "and the plaintiff further claims \$ for costs," and that to each rule after the words "and the plaintiff" be added the following note: "The date of the writ should be given at the head of the statement of claim." Writ issued 1st September, 1913.

And that form No. 60 be amended by striking out the figures 385 to 393 and substituting the figures 380 to 390. And that rules 609 and 615, subsection 3, be amended by inserting in each rule after the words "or lunatic who has no committee, except the inspector of prisons and public charities," and by adding to each of the said rules the words "notice of such application shall, unless otherwise ordered, also be given to such lunatic."

Chapman v. Investment Trust Co.—M. L. Gordon, for defendant Co. B. Osler, for plaintiff, Motion by defendant for order to set aside order for service out of jurisdiction and service of same. Motion adjourned before a judge in chambers. Steele v. Deacon—Langstaff, for defendant, obtained leave to serve notice of motion to postpone trial, returnable on 10th inst. Judge's Chambers. Before Middleton, J. High School Board of Athens v. Township in rear of Yonge and Barton—G. H. Kilmer, K.C., and H. E. Steward, K.C., for school board. J. E. Hutcheson, K.C., for township. Motion by the school board for judgment to compel the township to levy and collect its proportion of the amount required by the board for the maintenance of the high school, in pursuance of requisition made by the school board. Judgment: The whole dispute is as to a deficit from last year of \$315.20. There is no room on the material to suggest main idea. The fault of the board, if any, is that it would be a most serious reflection upon the legislation if by any such reasoning the taxpayers could be relieved from paying for services incurred on their behalf by their duly elected representatives, and it would be equally unfortunate if the failure of the board to demand a sum sufficient to cover the necessary outgoings imposed personal liability upon the members of the board. I think this money may be regarded during this year as a sum required for the running of the school for the ensuing twelve months. The mandamus will therefore go with costs.

Single Court. Before Falconbridge, C.J. Casey v. Ottawa Free Press—H. M. Mowat, K.C., for plaintiff, obtained on consent order dismissing action until 9th inst. from making, using or selling bulletin boards for baseball and other games covered by letters patent No. 150,288 issued to Patrick Casey on Oct. 7th inst. Wright v. Russell—W. Proudfoot, K.C., for plaintiff, on motion for judgment for receiver, for which that case settled. Struck from list as cording. Re Briton Estate—W. H. Bourdon, for executor, moved for order under Settled Estates Act approving of sale, J. H. Campbell (London) for wife of testator, W. K. Fraser for purchaser. F. W. Harcourt, K.C., for infant. Order made approving sale. The purchase money to be paid into court, the official guardian to execute the conveyance on behalf of infant. Ellis v. Evansville—T. W. McGarry, K.C., and J. T. White, for plaintiff, on motion for order continuing injunction, asked enlargement and that motion be argued with motion to quash the bylaw under which work is to be done on 15th inst. F. Aylesworth for the town. Motion enlarged until 15th inst. peremptory and then to be argued with motion to quash bylaw. Re Standard Cobalt Mines—G. H. Watson, K.C., and J. G. Smith, for Bailey Cobalt Mines—appealed from order of referee. W. R. Smyth, K.C., for liquidator, H. E. Rose, K.C., and J. A. McEvoy, for Security Transfer and Register Co. Reserved. Before Middleton, J. Re Boyle and City of Toronto—H. Dewar, K.C., for Boyle. J. S. Fairly for city. Motion by Boyle for order quashing bylaw No. 838, entitled a bylaw to acquire additional lands for the Industrial Farm. Judgment: The bona fides of the application of the city council in taking this land is

Magistrate Kingsford, on a charge against the applicant, I am satisfied that there is no reason to suppose that the bylaw is not an absolutely bona fide exercise by the municipality of power which it thinks it possesses. The necessity and the desirability of the purchase are questions entirely for the municipal council and cannot be the subject of a writ of certiorari in my view falls and must be dismissed with costs.

Re Ames Trusts—J. Harley, K.C., for Margaret Ames, W. S. Brewster, K.C., for Thomas Ames, J. G. Smith for Myron Ames, J. R. Layton (Paris) for John Ames, et al. J. R. Meredith for infants and appointed to represent unborn issue. Motion by a beneficiary for order constraining will of late Myron Ames and for payment of her \$500 legacy. Judgment: The legacies are charged upon and payable out of the land. Thomas Ames himself takes a life estate only. The gift over relates to the death of Thomas. The order sought should go for raising the money under the Settled Estates Act. Costs of all parties should be paid out of the money so raised. Myron Ames was properly notified as one of those interested in the gift over. The application does not concern in any way the parcel devised to him.

Appellate Division. Before Meredith, C.J., Garrow, J.A., MacLaren, J.A., Magee, J.A.; and Hodgins, J.A. Town of Arnprior v. U. S. Fidelity and Guarantee Co.—G. H. Watson, K.C., and R. J. Slattery (Arnprior), for defendants; W. M. Douglas, K.C., and E. Thompson (Arnprior), for plaintiffs. Appeal by the defendants from judgment of Britton, J., of June 11, 1913. Argument of appeal resumed from yesterday and concluded. Judgment: The action and the defendants' costs. Hicks v. Smith's Falls Electric Co.—D. L. McCarthy, K.C., for defendant; J. A. Hutcheson, K.C., for plaintiff. Appeal by defendants from judgment of Latchford, J., of May 4, 1913. Action by Elizabeth Hicks, widow of Richard Hicks, to recover \$10,000 damages for death of her husband, alleged to have been caused by negligence of defendants. At trial judgment was awarded plaintiff for \$4000 and costs. Appeal argued. Judgment reserved.

Watford v. G. T. R. Co.—J. P. MacGregor, for plaintiff; D. L. McCarthy, K.C., for defendant. Appeal by plaintiff from judgment of Latchford, J., of May 12, 1913. Action by plaintiff for damages from being struck by engine of defendant at Mimico. At trial action was dismissed. Appeal dismissed without costs. Haines v. G. T. R. Co.—D. L. McCarthy, K.C., for defendant; G. H. Watson, K.C., for plaintiff. Appeal by defendants from judgment of county court of Stormont, D. and G. of June 11, 1913. Not concluded.

Before Meredith, C.J., Garrow, J.A.; Magee, J.A.; Hodgins, J.A.; and Rex v. Russell—T. N. Davidson, K.C., for the crown. T. N. Phelan, for defendant. A case reserved by Police

Yokema v. Collett—J. T. White, for plaintiff; W. C. Macfarlane, for defendant. Appeal by plaintiff from judgment of Dutton, J., of County of York, of June 16, 1913. Action by James Yokema to recover \$237 from Charles Collett and Norman Collett, directors of the Jules Motor Co., alleged to be due plaintiff for wages as secretary to said company, in which position he claims he was engaged and employed by defendants. At the trial judgment was granted a non-suit. Appeal argued and ordered that upon payment of the costs of former trial and this appeal within 60 days after taxation, the judgment be set aside. On default of such payment appeal dismissed with costs.

Reeves v. Toronto Railway Co.—J. W. Bain, K.C., for defendant; J. A. McEvoy, for plaintiff. Appeal by defendants from judgment of Dutton, J., of County of York, of June 8, 1913. Plaintiff, a married woman, brought action to recover \$300 damages for injuries from being thrown violently from steps of a car at corner of Harbour and Borden streets, Toronto, on Dec. 25, 1911. At trial plaintiff recovered judgment for \$200 and costs. Appeal dismissed with costs.

Ellis v. Ellis—W. M. Douglas, K.C., for appellant; J. Rowe (Norwich), for respondent. Case adjourned until 9th inst., upon payment by applicant to respondent of costs of day, fixed at \$30.

CUT DOWN WASTE AND PRICES FALL

High Cost of Living Traceable to General Desire for Dear Meat Cuts.

POOR MILCH CATTLE

Also Responsible - Ontario Winter Fair at Guelph Will Help Matters.

It is the opinion of every man engaged in the cattle or meat trade, that the high cost of living is due largely to the fact that people will not buy the cheaper cuts of meat, and to the low producing power of the average dairy cow.

The prizes offered by the Ontario Provincial Winter Fair, are intended to exert an influence which will help to overcome these conditions. By giving prizes for the best animals, which will have the smallest possible proportion of their carcasses classed as cheap cuts, it is hoped to increase the price received by the producer and reduce the price charged the consumer.

By encouraging the breeding of heavy producing dairy cows the cost of producing butter, cheese, etc., will be lowered and the consequent price to the consumer lowered.

The cattle from a thousand farms, each doing his or her part to reduce the high cost of living, will be at the Ontario Provincial Winter Fair, Guelph, December 9th to 13th, 1913. Prize lists may be obtained from R. W. Wade, secretary, Parliament buildings, Toronto.

REMAINING FAUNA OF THE DOMINION

Nobler Forms of Animal Life Becoming More Open to Attack.

It may not be generally known that Northern Canada is still teeming with animal life. From some notes in the United Empire, The Washington Gazette learns that the musk ox still lingers among the Arctic fastnesses of the far north. The polar bear, on August 8, was still comparatively common on the coast of Arctic shores. Geese, ducks, curlews and a host of birds were yet to be seen in the comparative isolation of the frozen wastes.

Both were acquitted.

MELUN, France, Oct. 8.—(Can. Press.)—The criminal court here today tried and acquitted on a charge of running over and killing a young girl, on August 8, Baron Hans von Bielechrod and Walter Palmer, the chauffeur of Princess Bona of Saxony.

are becoming more and more open to the attacks of irresponsible individuals who have no care for the future, and who still less believe that this wealth of animal life is worth preserving. The depletion of the forest is in itself of small moment compared with the destruction of the animals that are going on.

Moreover, trees may be grown again in depleted areas, but the indigenous fauna, once destroyed, and the balance of nature certainly so far as a bird life is concerned, once overturned, no one can predict what the result will be. In order to prevent the ultimate extinction of many noble species it has been proposed that animal manufactures should be established in Labrador—a country eleven times the size of England—where, so far as superstition and prejudice are concerned, the animals and birds may be protected from the ruthless operations of irresponsible individuals who consider that man was made for the slaughter of game.

The bride will be given away by her brother, Sodon English, and will be attended by Miss Elsie May as maid of honor. Mr. Gerald Forbes, Ottawa, will act as best man and Mr. Talbot Papeineau, Mr. E. E. Kenyon and Mr. Gerald Holland will be the ushers. The reception will be held afterwards at the home of the bride's mother, 353 Tupper street.

Miss Nan Goeh gave a kitchen shower on Wednesday afternoon in honor of Miss Mariel Buknel, whose marriage takes place next week. Mrs. Goeh was wearing old rose satin and chiffon. Miss Goeh was in white with yellow girdle, and the guest of honor was in cerise chamoisee with gray chiffon. The rooms were decorated with wedding rings, ribbons and pumpkin lights. A great many useful kitchen articles were showered upon the bride-to-be.

The bride and groom were the same, with the exception that they were of the plain silk crepe meter. Mrs. Rough's was of the pale mauve with pink and Miss Ellis' was entirely of fawn green. Their flowers falling in a shower from their muffs were roses and lilies of the valley. After the ceremony, which was lovely in her exquisite wedding gown of ivory satin, shadow lace and velvet pearls. The skirt had a drape of the pearl studded lace, caught at one side with a spray of orange blossom. The crown was of the velvet broaded chiffon lined with ivory chiffon and hemmed with dead pearls. She wore a same orange blossoms from the wedding. Her hat was of the velvet broaded chiffon with a diamond pendant the gift of the groom.

At 4 o'clock Wednesday afternoon, in the Church of St. Stephen, the marriage took place of Anabel (Beale) Robert Wesley Allen, only son of Mrs. R. Allen. The ceremony was performed by the Rev. T. G. Wallace, in the presence of only the immediate relations. The bride, who was given away by her brother, Mr. J. Beale, wore a tailor-made of Copenhagen blue and black plush hat with white plumes and a corsage bouquet of pink roses and lilies of the valley, also the groom's gift, an amethyst and pearl pendant. There were no attendants. Immediately after the ceremony Mr. and Mrs. Allen left for New York. On their return they will reside in their new house on Dearbourne avenue.

Mr. and Mrs. Fred Giles and Mr. S. Palmer are in Dundas for the Brown-McNichol wedding.

CUBAN CONGRESS FAILS OF QUORUM

Consideration of New Loan Will Have to Abide Regular Session.

HAVANA, Oct. 8.—(Can. Press.)—When the roll call for the extraordinary session of congress was made this afternoon only seven members and forty representatives responded, all of whom were adherents of President Menocal.

An attempt will be made tomorrow to secure a quorum, but probably it will not be successful. This result was fore-shadowed by the attitude of the Zayas and Albert supporters and the independent Menocalists, who are all for leaving the question to the regular session, which convenes November 1.

In view of the declaration of Alfredo Zayas that he is unalterably opposed to the burdening of Cuba with an additional congressional session, it is believed that the administration can obtain no session, unless a great change occurs in the attitude of the various political factions.

CYRIL MAUDE IN A MASTERPIECE

"The Second in Command" Rightly Named a Comedy—Tense Climaxes.

WELL ACTED THROUGH

Robert Marshall's Piece Provided a Better Vehicle Than Monday's Play.

It was a distinct error of judgment by which Cyril Maude and his fine company were introduced to Toronto on Monday night in the farcical comedy, "Teddies," and this was particularly evident last night at the Princess, when Robert Marshall's comedy, "The Second in Command," a masterpiece of dramatic writing, played with all the charm and finish of a first-class London comedy, swept the capacity audience with enthusiasm and laughter. Not in years has such a triumphant climax been achieved as the close of the third act, when nine curtain calls were given by the persistently applauding audience. It was a most fashionable gathering, too, which filled the house, such as is rarely moved to such an extent.

Mr. Maude portrays the part of the major in a cavalry regiment, who has constantly been superseded because he is a duffer," as he admits. At the time when he is introduced, his old friend has just been appointed colonel over his head. Major Bingham has consistently won the approval of the audience, and proposed to her assistant, who always refused, but now accepts him on the condition that she is dependent on her regiment, has gambled and lost, and must leave her home to raise £2000. Col. Anstruther would help him, but she cannot directly, but asks the major to do so for him, giving him a check for the amount. Then he meets Muriel, who has the portrait, and they fall in love. She rejects him, breaks with the major, and then accepts the colonel, after hearing of her brother's necessity for money. All this comes out without explanation on the eve of the South African war. The major agrees that she has acted as she did for her brother's sake, and leaves her in silence. A telegram comes at the last moment ordering the major to stay at home on barracks duty, and she has a more tragic situation developed out of this act. The military situation is so marvellously well managed, and not since Tom Robertson's "Ours" has the department of the troops been so dramatically sketched upon the stage. Hon. Richard Carrivick, excellent as usual, Arthur Curtis, follows the humorous example of Hugh Chalotte, and enlists in the Imperial Yeomanry.

The curtain falls after the order has brought his sword to the major. "I shan't wait it, I'm not one of those left!" The dramatic instinct that touches the heights and depths of the military consciousness in this play is the highest order, and the audience was attracted accordingly. The major "sat on the steps of the war," and he actually sent him to Africa, and a year later "got rid of him" the major's regiment returned, and he was wounded and returned to the major. Anstruther in possession of all the facts of the Duke of Bull (or was it York?) bestowing the V.C. on the major for his gallantry, while he lies in a hospital, is a more tragic situation developed out of this act. The military situation is so marvellously well managed, and not since Tom Robertson's "Ours" has the department of the troops been so dramatically sketched upon the stage. Hon. Richard Carrivick, excellent as usual, Arthur Curtis, follows the humorous example of Hugh Chalotte, and enlists in the Imperial Yeomanry.

The brilliant acting of Mr. Maude is one of the things to remember in the history of the play. The major may be a duffer, but he is always a gentleman. This singular note of elevation of tone and refinement of feeling differentiates the character from most modern comedies, and it is a reflection of one or two of Thackeray's heroes, it is brave, shining, and a quiet but not a noisy hero. Bingham is of the same breed. "The Victoria Cross," he mutters after his decoration. "I wish it were superfluous." The setting of the play is superb. In the second act with the singing on, the love scenes are on the stage, and we were lost for eight hours. Over the war, the play has an unobtainable "fit of observation." "This better to have and lose," he is reminded. "That was a quiet but not a noisy hero. Bingham is of the same breed. "The Victoria Cross," he mutters after his decoration. RUGBY STALWARTS DOWN TO WORK FOR SATURDAY'S UNION GAMES

Keeping Tab on the Trip From Hamilton to Ottawa and Return—School Boys Play the Game—Rugby Notes and Gossip.

In the opening game yesterday of the new High School Rugby League, Jarvis defeated Humberside by the score of 20 to 5. The J.C.I. boys had far better condition and team play, hence the large score. The winners lined up as follows: Halves, Muirgrave, Urquhart, Burns; flying wing, Brodie; quarter, Nevitt; scrum-mage, Houston, Mackenzie and G. Brown; wings, Samuel, Sagar, N. Brown, Dymond, Prendergast, Borook.

Becker will come in handy for that Buffalo-Alert game Saturday. The Buffalo coach has been in Hamilton for a week, coaching the Alerts in the fine points of the American game. Fisher may also return to Hamilton, as his father sent him a telegram yesterday, and he is expected home today.

Johnny McKelvey will hardly line up with the Tigers Saturday. Eddie Smith will fill the gap.

McGill whitewashed M.A.A.A. in a practice game, 15 to 0.

All roads will lead to Rosedale on Saturday, when the Big Four season will open in Toronto between Argos and Montreal.

If the paddlers were to turn the trick on T.R. & A.A. Saturday there would be a good many surprised fans who would watch their way home. Parkdale has been practicing assiduously, and they have just reached the point where a little polishing off is all that is needed. Coach Corryell has that line working overtime, and every man looks to be in the pink of condition. Galt and Zinn, however, are easily the pick of the back division, and with these two leading the attack the Toronto will have no chance.

Argonauts held another hard work-out last night, and the players are rapidly reaching the high level state. Instead of winded men finishing up the practices, most of them are now feeling fit at the end, and they will not lack spirit when they tackle the winged wheelers Saturday. Jack O'Connor is booting nicely these nights, and also running the well. Leckie and Ginter are certainly slugging the night away, and if they keep booting that way the peacocks will have a sad tale to tell. It would be a good idea to get the peacocks' numbers right now for the program.

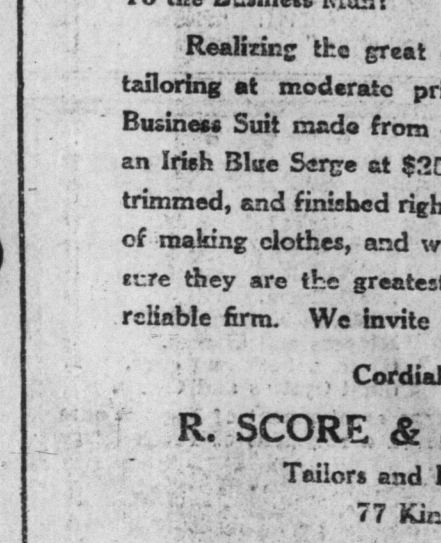

Varsity returned to real hard work yesterday afternoon when Capt. Maynard lined the seniors up against the seconds. All the boys enjoyed the match, and there was considerable finger displayed in getting the ball out. Mackenzie, Gage and Carr did the booting last night, and the line was given lots of work trying to cover the seconds. There are several positions on the line that are not secure, as yet, and those that are trying for them never let an opportunity get by. They will leave Friday night for Kingston, where they play R.M.C. on Saturday afternoon the first game of the season.

Keen and Riverdale will play an intermediate City League game Saturday afternoon on the Don Flats at 2 o'clock.

OK Agin, Home Agin, Gone Agin Becker. That seems to be the latest state of affairs in Ontario. Rugby. After casting covetous eyes on the great Alter kicking back, they finally persuaded him to make Bytown his home by adding a nice little job.

In the printing department on Parliament Hill, all went well for the first two days, and he started for the red, black and white against Montreal. On returning to work on Monday morning, he found, much to his disgust, that he had to work just the same as he had to when he fed a press at The Herald in Hamilton. The yearning of his nature called for something that was not so plebeian-like, and he promptly packed his grip yesterday for home. While he was returning home, Red Fisher, another Alard, had heard the call of the Ottawa, and had started for there. The climax of the whole thing will most likely be an investigation by the Big Four officials.

Balmly Beach Rugby teams practise tonight at Scarborough Beach, and the following intermediates and City League players are requested to be on hand next Saturday at 6:15: E. Corcoran, T. Bernes, Sid Cochran, R. Grant, Spicer, Trebilcock, Casner, Jackson, J. Whalen, F.

An Ottawa despatch says: Mr. Walter Curran, acting on behalf of a number of Toronto men, has arranged a game for Thanksgiving Day, October 30, between the Carlisle Indians and the local amalgamated clubs. The game will be played under the Canadian rules at Scarborough Beach, the Ottawa fourteen remaining over in Toronto from the Saturday preceding for the game with the Indians. At the same time it was also arranged that the local clubs would play a return game with Carlisle at New York on November 20, in order to once again demonstrate Canadian rugby to the American rugby men. The game at Toronto, while handled by private parties, will be in the nature of a benefit for the Canadian president of the Canadian Rugby Football Union, who has been in poor health for some time past. Mr. Curran completed all arrangements for the combine to put in an appearance last night, and he has already been in consultation with the Carlisle Indians and signed up their team for the game. Last season the Indians walked thru the Varsity Old Boys team, playing under the American rules, but it was not until the Canadian rules were developed as a game well worth seeing, and not as one sided as the game in which the Carlisle team participated last fall.

UPSET PLANK

The next game in the Greer Cup series will be played on Saturday at Dufferin Park at 3 p.m. The Park Nine are not cast down over their defeat last Saturday, and hope to turn the tables. Manager Tolley of the Capitals feels confident that his team will take the next game, making a third game not necessary.

PANDORINA WINS BY A HUNDRED LENGTHS

Mrs. Livingstone Again Lands Rich Endurance Stake at Louisville—Four Start.

LOUISVILLE, Oct. 7.—Pandorina, the three-year-old filly owned by Mrs. L. A. Livingstone of Cobourg, Ont., today won the four-mile Kentucky Endurance Stake on Churchill Downs, course 1, 7:27 1-5. Flora Fina was second and Prince Eugene third. Flora Fina, after making up a quarter of a mile in the last mile, dropped 50 feet beyond the finish.

Pandorina, ridden by Jockey Green, took the lead from Prince Eugene in the third mile and finished nearly 100 lengths ahead of Flora Fina. The estimated value of the Endurance Stake is \$15,000, of which \$10,000 goes to the winner, \$2,500 to the second and \$1,500 to the third horse. In addition to the winner's portion of this rich cash stake Mrs. Livingstone received a gold cup valued at \$1,000.

MINERS' BIG LOSS THRU SHUTDOWNS

That the coal miners of Illinois are probably better organized than those of any other Illinois coal-mining state is stated by Edward W. Parker, coal statistician of the United States Geological Survey. One result of this has been the establishment through the coal-mining regions of the eight-hour day. But the Illinois miners' strike has resulted in long periods of idleness and loss of income, both to consumers and to employees. Practically all the important mines were shut down, and 43,700 men out of a total of 61,685 were idle an average of 58 days each. This was equivalent to an average of 48 days of idleness for each of the 61,685 employees and was equal to 25 per cent of the total time made.

Are You Afraid of Serge Suits?

A good many men are afraid that the color will fade. Afraid it will pucker at the seams. Afraid it will shrink.

Now, let's be confidential. Do you know that fifty per cent. of the men who come here for their tailoring ask straight off the bat for "UNIVERSITY Serge"? That is because this serge has been fully tested, and we are able to guarantee these vital points, namely:

It will not fade! It is pure wool! It will not shrink! It will not pucker! You have our legal bond to hand back every dollar if we fail in any of these statements.

Suit to Measure \$22 Medium fine and rough twills, blues and blacks.

R. DAVIES SECOND OF WINNING OWNERS

H. P. Whitney Heads the List—Giddings, Mackenzie and Hendrie Well Up.

H. P. Whitney is leading the list of winning owners this year by an almost conclusive interval and is likely to add considerably to his total before sending his horses into winter quarters. His strikingly high stable earnings of \$7500 last year, R. Davies of Thorncliffe Farm second, and will soon be passed by J. L. Holland and other prosperous year, for much of which the remarkably well-preserved and consistent R. T. Wilson has done something better already than he did in all of 1912, and is greater measure of success. A. Turney and J. N. Camden are two western turf-earners over last year but in comparison, John W. Schorr has fallen far behind his good stable record of 1912, and thirty leading owners of the year and their stable accounts to October 1 are as follows:

WORLD SERIES BY BLANKING THE GIANTS, 3-0

OLD MAN C. MCGRAW BEAT ATHLETICS ALL BY THE BAT

Giants' Star Flinger Pitched One of the Greatest Games of His Great Career—Matty's Single Drove in the First World Series Game From Beginning to End.

By Canadian Press. PHILADELPHIA, Oct. 8.—Christy Mathewson, master manipulator of the baseball, led the New York Giants to victory at Shibe Park today when he shut out the Philadelphia Athletics in a ten-inning battle by a 3 to 0 score in the second game of the world's series. Hero of a decade of league and world championship play, the famous veteran rose to the highest pinnacle of his diamond career by putting up an exhibition of the round play that wrung volleys of applause from the 20,000 Athletic supporters, who were massed in the stands of the bleachers, expecting to witness a second triumph for the standard-bearer of the American League. Box score experts will point to their figures to prove that eleven runs could not have been scored by the Philadelphia Athletics in the ten-inning battle by a 3 to 0 score in the second game of the world's series. Hero of a decade of league and world championship play, the famous veteran rose to the highest pinnacle of his diamond career by putting up an exhibition of the round play that wrung volleys of applause from the 20,000 Athletic supporters, who were massed in the stands of the bleachers, expecting to witness a second triumph for the standard-bearer of the American League. Box score experts will point to their figures to prove that eleven runs could not have been scored by the Philadelphia Athletics in the ten-inning battle by a 3 to 0 score in the second game of the world's series.

For a trifle over 2 hours and 20 minutes the man whose reputation was sung by thousands of fans in the world's stadium of 1911, turned the hard-hitting Athletics back with a semblance of a break. Then when he saw that his team mates could not break through from Plank he took his bat and sprang from Plank to the pitcher's box. He was credited with two hits each, a total of six out of the ten, and he pitched a masterpiece of work, and the climax came in the ninth, when he cut two Athletics down at first for the third out.

As a result of Mathewson's prowess, the Giants went back to New York to fight an even tamer with the Athletics, and the struggle will be witnessed at the Polo Grounds tomorrow if the weather will be so kind. The weather was comparatively the same position, they were before they crossed bats for the first time.

Regardless of the disappointment over the outcome of the game, as viewed from a Philadelphia standpoint, the single one of the thousands of spectators who witnessed the play regretted the hours spent in stands or bleachers. An exhibition of high-class baseball and an ideal world's championship contest were in fact in fiction or reality.

For nine minutes the club battled without advantage, brilliant fielding and thrilling coups shutting out runs that appeared assured in the tenth, with the shades of darkness settling over the park, the hero of the game terminated the contest just as the second set of bats were staged the final scene. The Athletics had a chance to win in the ninth, and many thought poor rather than good, the bench and coaching lines threw away the one opportunity that the fortunes of baseball cast their way.

A Great Pitching Duel. Both Mathewson and Plank had pitched a game that was little short of a masterpiece to this point, and Plank was beginning to feel under the strain. His team mates, too, were tremulous with responsibilities that each pitcher was heaped on their shoulders. In the Athletics at bat in the last half of the ninth, and a solitary run needed to close the contest. Mathewson pitched the next second. Barry bunted towards the right, and Strunk and Doyle, who ran in and scooped up the ball, threw it to the pitcher's box. Plank was first in an attempt to catch the Athletic shortstop. The ball sailed clear, and the Athletics were on their feet. Strunk and Barry rushed around the bases. Strunk was held at third, when the Athletics made a quick throw to the Athletics' lone chance, for Wiltsie and Mathewson cut down three Athletics in a row. Immediately after the Athletics' hubbub of infolding, and then came the Giants' rush to victory.

Larry McLean, who substituted for Meyers when the Indian spit his finger in practice, singled to right field in the tenth inning. Grant and Doyle sacrificed to second on Wiltsie's sacrifice. His clean swing then clinched the game with Mathewson. Here he hit the Athletics' Grant scored. Right here the Athletics cracked. Here he hit the Athletics' Grant scored. Right here the Athletics cracked. Here he hit the Athletics' Grant scored. Right here the Athletics cracked.

Where Big Six Did His Very Finest Pitching

The home rooster cheered Eddie Murphy as he faced the old reliable Mathewson. His next pitch, unusual for him, was a ball, but the second was a strike, and then Murphy sent a slow grounder into the Athletics' hands. The New York captain in his anxiety to make a quick throw to the head of the first runner let the ball go. Reuben Oldring waited for what he wanted, and slung a single to left field, sending Murphy down to second base. Then Collins did what everybody expected him to do, sacrificed Snodgrass to Doyle, advancing both team-mates. "Hit 'em out, Baker," shouted the Athletic rooters as the home-run hero stepped to the plate, picked up some dirt and rubbed it on his hands. Mathewson, unperturbed, pitched a wide out-throw for Baker to hit at, but the slugger let go by for a ball. The crowd shouted, but the "old masters" quickly had two strikes on him by Baker fouling the ball. On the next pitch the hard-hitting third-baseman went out on strike. "You didn't do it that time," shouted someone from the stand behind the Giants' bench. McLean tried to burn, leaving Murphy and Oldring stranded on the bases.

In the Athletics' half of the fourth, Collins hit to Mathewson, and was out at first. Baker brought the fans to their feet by driving a hot single to right field. Doyle got his fingers on it as it shot past him, but he did not touch it. He deflected the ball, but only to the out on Malins' out. Doyle to Wiltsie, when he lost his sense of location for a moment, and the Athletic batter got to first base on the first of the game. With two smart runners on the bases and a brainy man at the bat, the crowd cheered as the Athletics' first baseman, who was made by Burns when he had not struck a ball, was out on strike. Mathewson's next pitch, a fast ball, was a home run, which was made by Burns when he had not struck a ball, was out on strike. Mathewson's next pitch, a fast ball, was a home run, which was made by Burns when he had not struck a ball, was out on strike.

LABOR FEDERATION

MAKING HEADWAY

Spreading and Deepening Canadian Sentiment and Canadian Patriotism.

GOVERNMENTS PRAISED

Bakers Ask That Sunday Law Regarding Bakeries Be Enforced.

BROCKVILLE, Oct. 8.—(Special.)—Delegates from points east as far as Gloucester, N.S., and west to Toronto were present at the fifth annual convention of the Canadian Federation of Labor, which opened in Brockville today.

After a civic welcome from Mayor Mackenzie and a deputation of the town council, the convention was opened by the president's address, which recommended the consideration of such questions as the old age pension act, the Canadian industrial Dispersal Act, British immigration, the W. W. and matters from different districts.

Review of the Year. A year ago, he said, the note of the convention was that of spreading and deepening Canadian sentiment and Canadian patriotism for the purpose of infusing into the industrial life of this country new, strong, healthy blood, which would build up her institutions, industries and trade.

Had Held Its Own. Touching every condition in Nova Scotia where the fight was waged with all the fury and mob violence lately witnessed in British Columbia, President Moffat said that the Canadian Federation had held its own, while their opponents were thoroughly demoralized, and in the large mining districts of the province the only thing left them being a bad name.

Finances Healthy. The report of Secretary-Treasurer Mercer of Ottawa covered the work of the federation through the year. The financial statement showed a healthy balance. The Canadian Brotherhood of Bootmakers and Ship Builders of Toronto had joined the federation, and the Canadian Engineers and Toronto engineers also had received charters.

FEARS AT HOME ARE NOW ALLAYED. NOME, Alaska, Oct. 8.—(Canadian Press.)—The waves are still high and the wind is blowing about thirty miles an hour, fears of further destruction from fire or storm are over and the work of repair and of helping the hundreds of needy is under way.

More Men Available. With the additional men whom the C. N. E. have been able to secure through the completion of the Toronto-Ottawa line, the work on the Port Arthur-Sudbury connection, which when completed will link up Toronto with the west, being rushed at a greater rate than ever.

QUARTET COMMITTED. NIAGARA FALLS, Ont., Oct. 8.—Mrs. Clara Knapp, charged with attempt to defraud, and W. E. Walker and Alfred Allen, who today gave the name of Kinky, and his wife, charged with conspiracy, were held by Magistrate Fraser for the assizes, Nov. 4, at Welland. They are charged with attempting to swindle the Imperial Bank by means of a bogus cheque.

COLLEGEIANS WARS

BY NO MEANS THROUGH

Science Men Had Their Session Yesterday—Med. Fight Yet to Come.

Freshmen and sophomores of the "school" met in deadly conflict yesterday morning on the back campus of the University to the great delight of many hundreds of students who looked on at the labors of the science men.

Stretched out in a long line the sophomores awaited the onset, with a plentiful supply of aniplex, flour and a mixture of lampblack and water. Soon the ripping of clothing could be plainly heard above cries of "Go to it, fresh."

October "Marr" Effect. A short respite allowed the contestants time to admire the effect of the grease as a cosmetic, but after the renewal of the fight, a feast for the admirer of nude statuary, the admiral of most of their clothing the first and second year men fought on until the football field was strewn with shirts, sweaters, trousers, and in fact everything which the male collegian wears.

Med Hustle Today. The annual medical college hustle is expected this morning. The freshman class has organized into battalions of ten men, each under a leader, and will use all approved modern methods of bloodless war.

DR. AMYOT LECTURED. On "Prevention of Diseases" to West Hill Citizens.

West Hill Progressive Association held a meeting Tuesday night, open to the citizens of the district. Dr. John Amyot of the provincial board of health delivered a lecture on "The Prevention of Diseases."

TORONTO BRIGADE SECOND. The results of the field artillery competition of the Canadian Artillery Association are announced. In the brigade competition for the Shaughnessy cup the sixth brigade of Montreal was first with a score of 1938; the second brigade of Toronto second, score 1749, and the eighth brigade of Ottawa third, score 1723.

CONVICTED OF ARSON. Frederick Gabriel and Alexander C. Maw, former members of the Royal Canadian Dragoons, Toronto, were found guilty of arson by a jury at the fall assizes this afternoon. The paralytic crime related to a car fire at the riding stables of the Royal Military College, on June 10. Mr. Justice Britton remanded the prisoners until tomorrow morning for sentence.

DEATH OF A MACPHERSON. Advice was received here yesterday of the sudden death in Northern Ontario of Alexander Macpherson of St. George street, Toronto. Mr. Macpherson had not been in the best of health lately, but it was expected that improvement would be effected by his trip to the north.

CRASHED THRU WALL. GUELPH, Ont., Oct. 8.—(Special.)—An accident, which fortunately resulted in no loss of life or injuries to anyone, occurred this morning at the Dominion plant in Guelph, when a temporary closing down of the plant, a fly-wheel on a high speed engine, which supplies the power, flew off, striking a man at a terrific speed, crashed thru the wall of the building and out forty yards into the swamp.

PRINCE ERNEST A. REJOINS HIS WIFE. BERLIN, Oct. 8.—(Can. Press.)—Prince Ernest August of Cumberland rejoined his wife today and rejoined his wife, the Princess Victoria Louise, who has been staying with the emperor at the prince, while recovering from her recent indisposition. The reunion of the prince and princess is regarded here as a definite sign that the recent hopes of the Duchess of Brunswick were a controversy. Dr. Von Bethmann-Hollweg, and his advisers, than between the Hohenzollern and the Guelph families.

ALBERTA CONTAINS MANY COAL MINES. OTTAWA, Oct. 8.—Figures received at the mine department here today show that the Province of Alberta has the greatest number of coal mines in the Dominion. The total number at present opened up is 355, while Nova Scotia, which is first in value of output, has only 18. The reason offered is that the coal lies so close to the surface in the Province of Alberta that the farmers can dig up the coal on their farms, and these are classified as coal mines. However, a rapid increase is being made in the value also of the output in the Province of Alberta.

ALBERTA CONTAINS MANY COAL MINES. While in 1905 the value was \$580,000, in 1912 it was \$3,465,949. But the Province of Nova Scotia is not far behind, having a value for 1912 of \$4,892,000.

OPPORTUNITY POINTS TO PORT WELER

The new port to be built by the Dominion Government at the Lake Ontario entrance to the New Welland Ship Canal.

We will consider applications from leading firms or responsible agents throughout the Dominion to act as our agents for the sale of lots in the official and original townsite of Port Weller. Only once in a lifetime is the opportunity given to Eastern Canada to witness the birth of a new town which gives promise of becoming a city in a short time.

An expenditure by the Government of \$50,000,000 on the new canal, and of \$3,500,000 on Port Weller Harbour (contract for which has been let), guarantees the immediate growth of the town. Opening prices are low and terms are easy. Liberal commission contract to right parties. Give full information and references by first letter.

LET CONTRACTS IN NOVEMBER

For Big Commercial High School in Ossington Ave. District.

Rush orders for the two hundred thousand dollar commercial high school were given by the property committee of the board of education yesterday afternoon.

Supt. Bishop agreed to have a completed plan ready for the next meeting. The school is to be erected on a 65,000 site between Rexton road and Shaw street.

The excavating will be done this fall. Contracts will be let as early as possible in November.

General Pessimism Pervades the Market and Trading is Quiet.

Continued liquidation in Brazilian brought a further recession in the price of two points to 87 1/4. It is now definitely known that most of the recent selling has come from outside Canada...

The local market is still held in check by the difficulty of getting money. The banks, while not calling loans, have not rigidly set their faces against any further extensions of these.

C.P.R. had its daily movement in the New York market. With the greatest regularity this issue rises and falls about two points every other day.

General Pessimism Pervades the Market and Trading is Quiet.

Continued liquidation in Brazilian brought a further recession in the price of two points to 87 1/4. It is now definitely known that most of the recent selling has come from outside Canada...

The local market is still held in check by the difficulty of getting money. The banks, while not calling loans, have not rigidly set their faces against any further extensions of these.

C.P.R. had its daily movement in the New York market. With the greatest regularity this issue rises and falls about two points every other day.
