French Troops Take Bulgarian Town and Gain Twenty Miles of Territory in Three Days' Fight in Which Enemy Lost Heavily.

LONDON, Oct. 29.—(10.30 p.m.)—A despatch to the Exchange Telegraph Company from Athens says: "It is learned from a good source that the French, after a three days' fight, have occupied Strumitza and advanced 32 kilometres (about 20 miles) into Bulgarian territory. The Bulgarians lost heavily."

MAIN SERBIAN ARMY HOLDING ENEMY AT BAY

Every Effort Will Be Made to Defend Great Kraguyevatz Arsenal.

MONTENEGRINS FIRM

All Austrian Attacks Have Been Repulsed by Little Army.

LONDON, Oct. 30, 2.56 a.m.—The Bulgarians have recaptured Velez (Kopriva), Serbia, according to the Athens correspondent of The Times.

Velez is 23 miles southeast of Ustupa and is on the railroad line between Ustupa and Saleniki.

LONDON, Oct. 29.—The Germans with their Austrian and Bulgarian allies are still making an attempt to cut off the retreat of the main Serbian army which is offering such spirited resistance to the invaders. While Von Mackensen's force advances slowly from the north, the Austrians have crossed the western border of Serbia south of Vlasovo and are moving eastward and the Bulgarians are marching westward on a wide front from Pirovt, which lies southeast of Nish, to Zajecar, to the northeast of Nish.

It is, of course, a long way across and the country is a difficult one to traverse, but the Serbians are bound to defend it as long as possible, as their great arsenal at Kraguyevatz is situated in this area, and they will doubtless hold on with the hope of making an eventual retirement in the mountains along the Montenegrin frontier and in that country. To forestall this, the Austrians are attacking also in Montenegro, but have made little progress as the Montenegrins under their veteran fighting king Brand Whitlock.

DEMAND FOR RECALL OF BRAND WHITLOCK

Vossische Zeitung Urges Cavell Case as Excuse for Ending Activities.

LONDON, Oct. 29.—The Vossische Zeitung, says a despatch to the Exchange Telegraph Company from Amsterdam, challenges the German Government to ask Washington to recall the American minister at Brussels, Brand Whitlock.

"The recent Cavell case," says The Vossische Zeitung, "must be utilized as an occasion to put an end to Mr. Whitlock's activities in Belgium, a man accredited to Havre (the present seat of the Belgian Government), and not to Brussels. If America desires a representative in Brussels she must send someone agreeable to the German Government."

FRANCE IS STRENGTHENED BY CHANGE IN MINISTRY

"Good Omen for Day in Which Victorious Peace Will Be Concluded" is Comment of Newspaper in Rome.

ROME, Oct. 30.—General satisfaction is expressed here over the solution of the French Cabinet crisis. The Tribuna says: "After the mistakes made, the quadruple entente needs above all, determined men with clear heads, like M. Briand."

The Giornale d'Italia says in an editorial: "M. Briand finds the nation perfectly organized, and all parties in concord, which is a good omen for the day in which a victorious peace will be concluded."

GERMAN MUNITION SHORTAGE

LONDON, Oct. 29.—The failure of the Germans to take Dvinsk and Riga is attributed in Petrograd, according to a Reuter despatch from that city, not only to the difficult nature of the heavily wooded country, which prohibits mass movements of troops, but to a German shortage of ammunition, which is said to be becoming critical.

WHEAT TARIFF STILL IN FORCE

Government Will Make No Definite Announcement This Week.

MILLERS OPPOSE IT

Matter Rests With Hon. W. T. White, Minister of Finance.

By a Staff Reporter.

OTTAWA, Ont., Oct. 29.—The demand from the west for free wheat continues to be insistent. Deputations have waited upon the government, but as yet have not received satisfactory answers. The principal objection comes from the Ontario millers as free wheat also involves free flour and they fear the competition of the big mills in Minneapolis.

While the western members of the cabinet are said to be in favor of immediate action, the question cannot come before the government in the regular way except upon the recommendation of the finance minister. Mr. White is non-committal as he quite properly makes an inflexible rule not to discuss tariff changes until they are decided upon by the government. It appears to be understood that under the legislation, passed at the war session of 1914, wheat, flour and semolina can be admitted free of duty from the United States by order-in-council.

Hon. Robert Rogers arrived here from Winnipeg unexpectedly this afternoon and it was supposed that he had been summoned here to take part in a cabinet meeting on the free wheat question. At a later hour this evening, however, it was learned that the subject was still under consideration and that no definite announcement of policy was likely to be made this week.

ENEMY LURED TO DEATH ON ISLAND IN DWINA

German BombarDED From Both Sides—River Choked With Corpses.

LONDON, Oct. 29.—"Accounts have reached here," says a Reuter despatch from Petrograd, "of a spectacular fight on the Island of Dalen, on the Dwina River, a few miles southeast of Riga, whither the Russians lured the Germans, allowing them time to install themselves before beginning a bombardment from both sides."

"Spectators from Riga who witnessed the cannonade from a bridge across the Dwina, saw the river choked with German corpses floating down stream, and stated that the German forces had been almost wiped out."

EVERY FACTION IS INCLUDED IN NEW MINISTRY

Briand Ministry Will Be Without Parallel in Republic's History.

MEANS UNITED ACTION

Opposing Factions Welded Together to Ensure Success in War.

PARIS, Oct. 29.—A new French cabinet, headed by Aristide Briand as premier and minister of foreign affairs, came into existence tonight.

This is the first time in the history of the French republic that there is a coalition ministry of all the opposing parties and factions. It follows closely on the recent innovation of forming a British coalition cabinet of Conservatives and Liberals.

The Cabinet:

The cabinet will be composed as follows:

Premier and minister of foreign affairs, Aristide Briand.

Vice-president of the cabinet and minister of state, Charles de Freycinet.

Minister of war, Gen. J. S. Gallieni.

Minister of justice, Rene Viviani.

Minister of the interior, Louis J. Malvy.

Minister of marine, Rear-Admiral Lacaze.

Minister of finance, Alexandre Ribot.

Minister of public instruction and inventions, Prof. Paul Painleve.

Minister of public works, Marcel Sembler.

Minister of commerce, Etienne Clementel.

Minister of colonies, Gaston Doumergue.

Minister of agriculture, Jules Melme.

Minister of labor, Albert Metin.

Ministers without portfolio, Emile Combes, Leon Bourgeois, Denys Cochin and Jules Guesde.

Under-secretary of state, war and munitions, Albert Thomas.

Under-secretary of state for subsistence, Rene Besnard.

Under-secretary of state for aviation, Rene Besnard.

Under-secretary of state for marine, Louis Naud.

General secretary of the ministry of foreign affairs, Jules Cambon.

Under-secretary for fine arts, Albert Dalquier.

The under-secretaries of the ministries of the interior and foreign affairs were not made public.

The action taken today in forming the cabinet was the culmination of the government's efforts to meet the supreme crisis of the war party divisions.

WEST DEMANDS FREE WHEAT YET

"Annoying That Action is Not Taken Towards This," Says Farmer.

American Millers Desire Supplies to Keep Mills in Operation.

TOUGH GRAIN MARKET

Special to The Toronto World.

CALGARY, Oct. 29.—The longer the government delays the granting of free wheat, the less advantage it will be. It is very annoying that no action tending toward this has been taken before this.

This was the statement of James Speakman, president of the United Farmers of Alberta, today. "For many years there has never been such a time as there has been for the past five or six weeks when accessibility to American markets would mean so much to the Canadian grain grower."

Asked why the United States markets would have been of so great an advantage during the past few weeks, Mr. Speakman replied that threshing operations in the United States had been very much delayed this year and, on the other hand, the big northern mills, running day and night, demanded an enormous amount of wheat.

"That would have been the time for the Canadian farmer to sell his wheat in the American markets and to the best advantage," Mr. Speakman said.

United States Want Tough Wheat.

"There is a great demand in the United States markets for tough wheat," Mr. Speakman continued. "At least they take that grade which is slightly moist, from the Canadian shipper direct and before it goes thru the drying and treating process. That saves space and time in Canada, if the American market is available, as probably 40 per cent. of the Canadian wheat is what is known as 'tough,' you can readily see the advantage of having such a great market."

Of course there is a demand in the American markets for any grade of Canadian wheat; but it is to a large extent particularly advantageous in the fact that we can dispose of 'tough' grades there.

"It is certainly annoying that wheat is not allowed to go freely to United States centres. It should be allowed to go at once."

CANADA'S SYMPATHY.

OTTAWA, Oct. 29.—The Duke of Connaught cabled today to King George a message in the name of the government and the people of Canada, expressing deep regret at the accident sustained by His Majesty while visiting the battlefield in France. The Duke referred in the message to the fact that the King was with his armies in the field of battle when he received his injuries.

LONDON, Oct. 29.—The King, in the course of his visit at the front, spent half an hour amongst the troops of the Dominion. Representative parties were drawn from the different battalions for his majesty's inspection, the parties being specially selected, and comprising the men who had been fighting since the Canadians first went to France. The day was rather wet, but the ardor of the Canadians on beholding their sovereign was not damped in the slightest. His majesty was accompanied by Brigadier-General Lowther, former military secretary to the Duke of Connaught.

CZAR TO SMITE FOE IN GALICIA

Weakening of German Forces on Russian Front Gives Opportunity.

RIGA YET HOLDS OUT

Two Months' Battle Continues With Germans as Far Off as Ever.

LONDON, Oct. 29.—In the east the battle is continuing for Riga and Dvinsk which for nearly two months Von Hindenburg has been endeavoring to reach, first from one point, and then from another. During the past week the Germans have poured a perfect rain of shells on the Russian positions along a front of 150 miles from the mouth of the Dwina to the south of Dvinsk, but also the Russians fell back a little in the north, they have generally held firm and returned shot for shot which is taken here to indicate that their supply of ammunition is now satisfactory.

This intense contest between Dvinsk and Sventseyan the Russians are steadily advancing and are making a near approach to the Vilna-Dvinsk Railway.

In the south they also continue harrying the Austro-Germans by frequent thrusts. Emperor Nicholas and his son are now visiting General Ivanoff in this region.

Important Events Looked For.

As the Germans are reported to have sent a part of General Von Lindingen's army from the region to the Rumanian frontier to guard against a Rumanian attack on Von Mackensen's forces in Serbia, important events are looked for along the Styr and in Galicia.

An official communication issued by the war office tonight says:

"Over the entire western front (Russia) there is no change in the situation. On the left bank of the Styr to the west of Rafalovka the enemy assumed an offensive which was repulsed near the Village of Kostusovka."

There have been some stubborn engagements to the west of Czartokovsk, near the Villages of Guts Lisovskio and Rudnik, at some points the bayonet being used.

These combats, however, have not caused any modification of the situation.

PROOF THAT GERMAN FINANCED FAY'S PLOT

No Connection Traced to Any Official in Europe, However.

NEW YORK, Oct. 29.—Federal officials made it known today that the government was in possession of information that Robert Fay, under arrest in connection with the bomb conspiracy, received financial aid from Germany, but it was stated that no connection had been traced to any official in Europe. Fay had already confessed that he had been supplied with funds before coming to America.

United States Attorney Marshall reiterated a previous statement that the government contemplated no further arrests at present, altho he was convinced that the five men already arrested were not all those implicated.

ANOTHER BIG MEETING TOMORROW NIGHT, ARENA

Number of Fine Speakers to Be Heard—Band in Attendance and Adnan Quartet.

Final arrangements have been completed for another big recruiting meeting, under the direction of the Citizens' Recruiting League tomorrow night at the Arena.

A number of excellent speakers have accepted invitations to give addresses. These include George Tait Blackstock, K.C.; E. A. Donovan, M.L.A., and Rev. W. A. Cameron. No tickets are required. The band of the 109th Regiment and the Adnan Quartet will supply the music.

Number of Men Under Arms Will Be Raised to Quarter of Million, and Government Will Guarantee Equipment for All.

By a Staff Reporter.

OTTAWA, Ont., Oct. 29.—Canada's answer to the King's appeal for more men from all classes and parts of the empire is the decision to increase the number of men under arms to a quarter of a million. The forces actually authorized heretofore were 150,000. The cabinet this afternoon passed an order-in-council increasing the authorized forces by another 100,000 men.

It is believed the prime minister, on his return from England two months ago, fully intended to increase the number of the Canadian troops to a very considerable extent, but that before the government took any action, such as that announced tonight, he desired an assurance that public opinion throughout the Dominion would support such a course and also that the equipment of the proposed additional troops could be guaranteed. There has been evidence of late that the country will most heartily endorse the increasing of the Canadian army to 250,000 men, and it is believed that the arms and equipment can be provided in time. Active recruiting will be undertaken at once, to enlist the additional number of men to help secure victory and an enduring peace.

However, it is believed that in the course of a few months another authorization will be issued.

A Big Achievement.

Altho many Canadians will still feel that this Dominion will be doing no more than her duty or her share in the titanic struggle, it will be a great achievement to raise and equip 250,000 officers and men.

In the Spanish-American war, the United States called for only 215,000 men and those who actually took part in the war were only 60,000.

Canada has already sent 161,500 men overseas. This includes small garrisons at Bermuda and St. Lucia. There are also 71,500 men under training and on guard and outpost duty in Canada. This leaves 77,000 more men to be enlisted. New battalions that have been authorized in the last few weeks will provide about one-third of this number, and it is confidently believed here that there will be no difficulty in securing the rest.

TAKE TRENCHES IN CHAMPAGNE

French Make Progress on Front of Hundred and Fifty Yards.

FOE'S TRAIN SHELLED

Short Bombardments by Enemy on Sections of Belgian Front.

PARIS, Oct. 29.—The following official statement was issued by the French war office tonight:

In the course of the continuous combats that are going on in Champagne for the possession of those portions of "La Couronne" work, which are still occupied by the Germans, we realized today very perceptible progress by taking from the enemy, on a front of about 150 metres, several trenches which the Germans defended up to the last moment with the greatest tenacity. We have taken a company commander and two other officers, the Germans having besides lost nearly 400 men, killed or wounded.

"On the Lorraine front, a German bombardment, especially violent, is reported between the forest of Farroy and La Vesouze River. Our artillery replied by shelling effectively the batteries and works of the enemy. Our artillery hit a military train in the station of Burtheourt."

Tonight's Belgian official statement follows:

"Some short bombardments occurred on the front of Rykenhook, Pervyse, the Maison de Bourg, St. Jacques Cappellet and the ferryman's house."

PERSIAN GOVERNMENT HAS RESTORED ORDER

British Troops Have Been Withdrawn From Bushire as Consequence.

LONDON, Oct. 29.—The Indian Government announces the termination of the occupation of Bushire, Persia, the Persian Government having taken steps to ensure order and the security of British interests, says a Calcutta despatch.

The foreign office has received a despatch from British Consul Shipley at Tabriz, Persia, which says that 25,000 Syrian mountaineers from the Tyari and adjacent districts have taken refuge in Salmas and that 10,000 more are expected there. All are destitute and unless help is received many of them will inevitably perish, as winter is close at hand.

Consul Shipley adds that the American relief committee, under the presidency of the United States consul, is endeavoring to do all that is possible, but that its funds are entirely inadequate to meet the requirements of the situation, which justifies an urgent appeal to the charity of Great Britain.

Mr. Shipley suggests that all funds be sent to him for distribution to the American relief committee, which he believes, is the best agency for giving effective relief.

RECRUITING APPEAL STIRS UP HAMILTON

Hon. T. W. McGarry and N.
W. Rowell, K.C., Make
Pleas.

DO DUTY TO EMPIRE

Canadians Cannot Repay Sac-
rifices of Mother Country
for Dominion.

By a Staff Reporter.
HAMILTON, Saturday, Oct. 30.—N. W.
Rowell, K.C., and Hon. T. W. McGarry,
provincial treasurer, delivered stirring
addresses last night before a large audi-
ence in the I.O.O.F. Temple, under the
auspices of the Hamilton Recruiting
League.
Never before has the great necessity
for greater recruiting been emphasized
since the war started than last evening,
and, judging from the enthusiasm shown
by those present, the rate of enlisting
from now on is expected to be greatly
accelerated in Hamilton.
Major Hatch, who presided, in intro-
ducing the speakers, referred to them as
distinguished members working in uni-
son for the interests of the empire. He said
that the war should not be utilized as a
money-making scheme, as is being done
in many cases. He explained that the
people can make money at any time, but
that the empire can be saved only once,
and now is that time.
Tribute to Hamilton.
In opening his address, Hon. Mr. Mc-
Garry paid tribute to the fine manner in
which Hamilton citizens had responded
to the many calls for financial assistance,
and the way in which the men had en-
listed willingly and in great numbers. He
said the people of Hamilton and of all
Canada are today realising more
and more the great necessity of
making sacrifices in order to
secure the empire in its enormous strug-
gle for freedom, righteousness, honor and
the overthrowing of Prussian militarism.
He explained that despite the fact that
Britain had not yet made any appeal to
any of the Dominions, they had
voluntarily offered their assistance, both
with men and money, and he hoped that
when an appeal is made the same re-
sponse will be forthcoming.
Owe Debt to Mother Country.
Referring to Canada, the speaker stated
that the country was indebted to the
motherland to the extent of billions of
dollars, and that Canadians are only do-
ing their duty by assisting her now in
this great time of need. "No matter what
we do we cannot repay the great sacri-
fices which the people of the other
countries have made in order that this young
country could become one of the most
successful of her dominions," said he.
In his opinion Canada has so far done
nothing, having sent 45,000 men into
battle and being now prepared to
send another 100,000 and then more if
necessary. He explained that Canada is
perfecting the training of her soldiers
before sending them overseas, as it is
considered better to send one trained
soldier than six untrained men. This
latter course would be fair treat-
ment to the mothers and fathers of the
soldiers who go to Canada or the empire.
Concluding, the speaker said that the
war has been responsible for uniting all
classes and bringing political parties
together in the effort to bring about
greater democracy, and that after the war,
the best results will be seen in all the
countries of the allies. They will sur-
round militarism and the rule of the
British Empire, which will mean in-
creased justice, liberty and rights.
Mr. Rowell also paid tribute to the
splendid work of our recruiting
leagues throughout the Dominion, and he
responded to the call for men has also
been responsive to. The press was also
praised for presenting to the public the
necessity of assisting the empire in order
to protect their own future interests.
If we are to win, and in order to ob-
tain the best results, it is only humanly,
Rowell said, and if we are prepared to make
the necessary sacrifices, we need not
fear the ultimate outcome, but if we are
not prepared to make these sacrifices, we
are unworthy of our forefathers' herit-
age.

In referring to the armies, the speaker
explained that also every case the
casualties have amounted to one-half
of the entire number of men sent
to the battle lines. He spoke
of the gallantry of Belgium, Serbia
and the gallantry of Britain and Italy, and
had obtained from men in close touch
with the Russian situation, the Russians
are now satisfied that they have stopped
the onrush of the Teutons.
Splendid Response of U. K.
He explained that estimates of war ex-
perts place the number of men who can
be placed in actual fighting as ten per
cent of the total population, and empha-
sized the splendid response which men of
the United Kingdom have made. It now
being estimated that already eight per
cent of the population have enlisted. To
the last of September Canada had re-
sponded with 150,000 men, of which number
and a similar number have met with
accidents so that up to that time, Can-
ada still had 130,000 ready to enter the
fighting. Mr. Rowell said that this was
a splendid showing, but, as it was only
two per cent of the population, it was
very small compared with the United
Kingdom, and in the consideration that
of our obligations are even heavier than
that of Canada, if required, could raise an-
other 150,000 in a short time.
New Time to do Duty.
"The people now realize this need, and
willing to do their duty, and all that is
needed is for the government to take the
lead, and the people will follow," he
said. "If we had to respond by compul-
sion, as is the case in Russia, and did
not do so, we would not be worthy of the
flag that gives us the freedom to choose
for every Canadian to do his duty,
and I hope the people of
Hamilton will live up to their past
record," said Mr. Rowell to their past
record.

Addressed Women.
In the afternoon Mr. Rowell addressed
a meeting of the Women's Liberal Asso-
ciation. He praised the action of the
government and license committee in
closing the bars of the province at the
eleven o'clock each evening during the war,
and the order forbidding the sale of liquor to
soldiers in uniform, but he thought that
the citizens should be placed on the same
level as the soldiers, and said that those
who should be taken along those lines.
He also addressed representatives of
the Westworth Liberal Federation,
which met here to discuss the future
work of the federation in connection with
patriotic work.
Patriotic Fund Campaign.
Already plans are being discussed for
a campaign to augment the patriotic
fund in Hamilton. It is proposed to carry
out an indefinite whirlwind campaign,
which will give everyone the chance to
either fight or give. One of the schemes
suggested is the formation of a club to
raise \$20,000 per month. Many other
plans have been suggested and nearer
plans will be held shortly to formulate
required money for patriotic purposes
during the coming winter.

KING'S EXPERT HORSEMANSHIP PREVENTED SERIOUS ACCIDENT

Arrival of Prince of Wales at Buckingham Palace is
Reassuring—His Majesty's Horse, Frightened by
Cheering of Troops, Threw Rider.

LONDON, Oct. 29.—Belief that only
minor injuries were sustained by
King George, who fell from his horse
while reviewing troops at the front on
Thursday, was strengthened by the
arrival of the Prince of Wales at
Buckingham Palace this afternoon. The
prince was in close attendance on his
father during the King's inspection of
his troops at the front. It is believed
the prince has returned for the pur-
pose of reassuring Queen Mary as to
the King's condition.
A Reuter despatch from British
headquarters, describing the accident
to the King, says he had just com-
pleted an inspection of one corps and
was on his way to inspect another
when cheers from the troops, who
threw their caps in the air, caused his
horse to rear. The King managed to
regain control of the horse which,
however, reared again and fell over
backwards throwing the King to the
ground.
King Expert Horseman.
He was immediately assisted to a
motor car, and while driving away
was able to return the salutes of the
troops as he sat in the corner of the
car. That the King was not more
seriously injured was doubtless due

The King was bruised severely and
will be confined to bed for the present.

eral condition has improved and no
complications have arisen."

WELCOME AWAITS TROOPS' ARRIVAL

Thirty-Seventh Two Hours Ahead of Schedule, Heading Gaily for Toronto.

A REAR-GUARD ACTION

Fighting Took Place When Enemy Attempted to Hinder Progress.

PORT CREDIT, Oct. 29.—Features of today's 16-mile trek by Col. C. F. Bick's 37th Battalion were the spirited, light-footed way the soldiers marched gaily into this town over two hours ahead of schedule time and the big encounter which took place with the enemy.

The scouts and advance guard of the 37th reached the fine electric-lighted camp here exactly at 2 o'clock. Twenty minutes later the main column arrived. The soldiers were singing "Here we are Again," and declared that if given permission they could have "marched right on" and been in Toronto by supper-time.

Today's tramp made a total of 78 miles, covered by the 37th since noon on Monday. The casualties en route have been comparatively few. Only about five men have had to be sent ahead by train to Toronto.

Col. Bick stated that Mayor Church had phoned him from Toronto that the 37th Battalion would be met at Humber Bridge at 1.30 on Saturday

afternoon by the city council and the band of the Queen's Own Rifles. As the 37th has brass and bugle bands of its own there will be plenty of music when it marches along King street and down Dufferin street into the Exhibition Grounds. The battalion is lined to reach Toronto at 2 o'clock. Major F. R. Spence will be in charge of the advance company and Lieut. C. C. Green in command of the scouts. In a rear-guard action near Clarkson's at noon today the 37th captured three of the enemy cyclist's bicycles and also some equipment.

Had to Make Detour. The transports of the 37th were forced to detour to the north just before reaching Port Credit, and the enemy seized upon the opportunity and made an "attack in force." The hostile soldiers, variously estimated at from 75 to 200 in number, attempted to capture the rear-guard of the transports' escort. The transport was accompanied by two platoons of the scouts and two machine-gun sections. Several hundred shots were fired during the encounter. After the battle both sides stood on the roadway and argued for half an hour. They finally decided to call it a draw. The scouts preceding the transport sighted the enemy cyclists and forced them to retreat into cover. When the rear guard came along the enemy sprang out of the shrubbery and the main attack took place. The battle was featured by two machine guns being brought into play and by various flanking movements, which the enemy executed.

Colonel H. C. Bickford, general staff officer, arrived at the Port Credit camp an hour after the 37th had come in. He was greatly surprised to find it already there, and so much ahead of time. Five Thousand Marching. Five thousand active service soldiers are now marching Toronto-ward from Niagara camp. By noon on Saturday the 83rd Battalion will also be on the way. The 58th Battalion will arrive at Port Credit from Bromont on Saturday. The 74th reached Hamilton to-

day and received a great ovation. It starts for Toronto in the morning. The 7th reached Grimsby tonight and reaches Hamilton on Saturday afternoon. The three batteries of artillery, the 20th, 31st and 40th, with 250 members of the 92nd Highlanders, the draft which will precede the battalions overseas, started out from Niagara today. They reached St. Catharines at 3.25 in the afternoon in a drizzling rain. The arrival of the artillery and Highlanders at St. Catharines created much interest. A big welcome was given them.

The 92nd Highlanders are to start from Niagara for St. Catharines on Monday; the 81st leave camp on Tuesday; the 84th leave on Wednesday; the 78th, Thursday, and the 83rd Friday.

Corporal Louis Fontaine of the 15th Battalion, a bandsman, who marched with his regiment to St. Catharines on Thursday, died at the St. Catharines General and Marine Hospital on Friday. The cause of his death was uremia. He was a bandsman, enlisted at Hamilton and had seen service with the United States militia.

REPAIRS TO SCHOOLS REQUIRE ATTENTION

Superintendent Bishop of the board of education school buildings department was instructed by the property committee yesterday afternoon to give immediate attention to a long list of repairs reported to be necessary by Chief Inspector Cowley.

The chief inspector has received reports from the district inspectors giving a total of 541 pupils from outside the city limits who are attending the public schools without paying fees. This is estimated to cost \$115 a year. The board of inspectors will make a report on the best course to be taken by the board in relation to outsiders.

HALLOWEEN PARTY OF SENIOR PUPILS

Humberside Collegiate Auditorium Prettily Decorated for Special Occasion.

NEW CLUB ROOMS OPEN West Toronto Young Women's Association Have Homelike Apartments.

A unique hallowe'en masquerade party was held by the senior pupils of Humberside Collegiate Institute in the auditorium of the school last evening. The room was suitably decorated with autumn leaves and pumpkins, giving an spacious hall a merry appearance. The splendid musical program provided by the pupils was well received. At the conclusion of the musical program many interesting and pleasant-making interviews were enjoyed, after which refreshments were served by the girls. D. Morrow of the school staff was in chair.

Opened Club Rooms. The inaugural opening of the club rooms of the Young Women's Association took place last evening at the Humberside Collegiate Institute. Rev. R. J. Trevelyan presided at the meeting. Mrs. McDonald, president of the whole association, presided over the proceedings and made a few introductory remarks on the club members created considerable laughter. The special feature of the program, W. F. Holliday, grand trustee of the order, delivered an address. The countess created his twenty-third anniversary by receiving new members in to the order. W. J. Armstrong occupied the chair.

Batchelor, Duke of Wellington, who is a prisoner in Heespe, Westphalia, Germany, in which he requests his brother to send him underwear and boots. "I was the second man to fall to the great retreat from Mons," says Pte. Batchelor, "and I received a number of shrapnel wounds in the head and spine. I received good medical treatment from the Germans. My boots have been removed to three different camps, and am now in need near Berlin."

OBJECT TO VOTING DAY. Several Associations Go on Record as Opposed to First Monday.

Birch Cliff, Birch Cliff Heights, Danforth and Victoria Park Associations, etc., have all gone on record as being opposed to the first Monday date of holding municipal elections on the first Monday of the year. The resolution was passed by the Scarborough council at its next meeting that the date be made Jan. 1 as in Toronto. The council was also advised by an enormously increased vote of many of the voters in the King's ward. This plan has been adopted in York Township, special legislation having been secured several years ago.

UXBRIDGE IS AROUSED.

Uxbridge is aroused over the plan to increase the local rate of taxation on Oct. 1. On Tuesday a petition will be submitted to the council. It is said, by 25 per cent more people than required by law for a vote. Opinion is divided over the proposed increase. The town has a liquor store and three hotels.

HORSE BROKE ITS LEG. A Mackay Loses Valuable Animal, Which Was Destroyed Following Accident.

A valuable horse belonging to A. Mackay, 184 Avenue Avenue and Bathurst street, had to be destroyed yesterday following an accident in which one of its legs was broken. It was being driven by Mr. Mackay at the time and slipped owing, it is supposed, to the greasy condition of the road. The affair happened on St. Clair avenue, near Avenue road. The animal was valued at \$150.

NEWS OF SPECIAL INTEREST TO WOMEN

BERLIN BY STORM NEXT CONVENTION

Will Be Peaceful Attack by Western Delegates From Sunday Schools.

ALSO AT SMITH'S FALLS

Places Decided on at Golden Jubilee for Next Meeting.

Hundreds of Canadians will take Berlin by storm next October. It will, however, be a peaceful attack, and the storming party will be composed of delegates to the Western Ontario Sunday School Convention. The golden jubilee convention year-

terday decided to hold dual conventions again next year, that for the east at Smith's Falls and the west at Berlin. A. L. Brethaupt, of Berlin, was elected president of the provincial association for the coming year. H. E. Irwin, K.C., was elected treasurer, and Rev. E. W. Halpenny general secretary. A representative executive, with a general committee of 100 was appointed. The credential committee reported that over 1500 delegates from associations outside of Toronto had registered. Great enthusiasm marked the Methodist denominational conference of delegates to the convention, held yesterday morning at the Metropolitan Methodist Church. Rev. Dr. C. C. Stephenson, superintendent of the Ontario Sunday School Convention, extended a welcome to the visiting delegates. Missionary Effort. A great world-wide map, four by thirty feet, was stretched over the platform. It had a straight road marked to link Europe and Asia, which passed thru Canada. Rev. Dr. F. C. Stephenson, superintendent of the Methodist Young People's Forward Movement for Missions, said that the world-map showed the territory to be covered by missionary efforts. It should be realized that the work of Sunday schools was not for the benefit of the particular schools, where the classes were taught, and the aim of the Ontario Sunday School Convention was not provincial but intended to reach thru their missionary agencies the most needy parts of the world. The Methodist Sunday Schools had proved that their interest in missions had been stimulated rather than relaxed under the stimulus of the stirring events of the war year for the contributions showed an increase of over \$4000. To encourage missionary interest two Toronto laymen had donated \$3600, to be awarded by an addition of \$100 to each of their missionary contributions to the Ontario Sunday Schools, which gave the largest sums in their annual conferences to missions during the coming year to the mission funds. Dominion Organization. At the afternoon session of the golden jubilee convention at the Massey Hall, President Wm. Hamilton said that it was not generally known that Canada had a Dominion Sunday School organization. It was true that the old form of organization had been that of provincial associations in Canada, with representation in the International and at the World's Sunday School Association. This had sufficed for general purposes and would be continued, but for some requirements it was necessary to form a Canadian Sunday School Council of representatives of provincial associations. Written greetings from the members of the Canadian Council in the other provinces were read to the convention by the general secretary. The convention closed last night with a praise and consecration service at which the retiring president introduced the president-elect, A. L. Brethaupt. An address on the "Teen Age" was given by Mrs. M. Lamoreaux, and a foreword by Marion Lamoreaux, international general secretary.

SERVICES IN HONOR OF MARTYRED NURSE

Many Wounded Soldiers, Were in Attendance at St. Paul's.

LONDON, Oct. 29.—A service at St. Paul's Cathedral today in memory of Miss Edith Cavell, the British nurse, who was executed in Brussels, was attended by a throng which recalled the funeral of Lord Roberts at the cathedral almost a year ago. Conspicuous among the crowd which waited patiently in the gloomy fog until the doors were opened was a large number of wounded soldiers attending the service. The service was begun with the "Dead March," played on the organ. Then came "Abide With Me," by the First Life Guards Band. Except for one lesson, the service was entirely musical, no sermon being delivered. Altho represented by Earl Howe, Queen Mother Alexandra attended the service in person.

How to Look Less Than Your Age

There are three golden rules that every woman who would ward off signs of advancing age should follow: 1. Cultivate cheerfulness. Those who wrorry more seriously than it usually is, let in the know this advice should be taken more seriously than it usually is. 2. Whenever the complexion begins to look worn or weary, use ordinary mercurials with water, and apply a colloid wax for a week or two. Apply nightly like cold cream, erasing it morning with water. This gradually absorbs the thin film of surface skin, renews the fresher and younger skin underneath. An ounce of this is obtainable at any drug store, is enough to last a year. 3. When the tell-tale wrinkles appear, or cheek and chin muscles begin to sag, bathe the face once for a while in a solution of powdered sassafras, 1 oz. dissolved in 1/2-pint of witch hazel. This has remarkable effect in 'firming up' and smoothing out the skin.

WRAPS ARE WIRED TO ENSURE SHAPE

Voluminous Lines Accentuated in New Fur Coats Thus Supported. WHERE SIZE MATTERS Immense Cuffs and Very Little Muffs Are the Features.

A very chic coat in mole skin for frequent wear was quite long and belted at the normal waist line. Blue fox was used for the collar and immense cuffs, while a ridiculously small muff of mole was carried. Notable for their richness and elegant appearance are the models in seal for the approaching season. One very beautiful, fairly long afternoon wrap has the hem wired, and finished with a six-inch band of natural lynx, which also formed the smartly cut cuffs and chin-chin collar.

Small Fur Toques. With all these chic new coats are worn diminutive fur toques, or fairly large brimmed velvet shapes with graceful panache mounts. Much attention must be paid to the accompanying footwear, which often displays elaborate trimmings or "uppers" bounded with the fur, which is used in combination with the coat.

EACH AND EVERY MAN TO RECEIVE PRESENT

Eighty Thousand Christmas Gifts for as Many Canadian Soldiers is Task Set.

To secure 80,000 Christmas gifts for the 80,000 Canadian soldiers now on active service abroad is the work which Mrs. Henshaw, lately appointed commissioner of the patriotic service committee, has set herself. Mrs. Henshaw is already known to the flora in high studies and books on the flora in high into another line of work, and until the war ends it is her intention to remain with it. The amount required will be about \$20,000, or 80,000 quarters, a quarter being the amount it is the intention to send in the gift. No one is limited to sending in a quarter, but this amount or even less will be gratefully received.

CLAIM THAT MARKET IS PUBLIC ABATTOIR

Killing of Chickens at St. Patrick's Strongly Objected to by Nearby Residents.

Killing of chickens by Jewish rabbis at St. Patrick's Market has been the cause of many complaints from people in the vicinity, and a petition is being prepared asking that the nuisance be discontinued. A merchant on West Queen street referred to the market as a public abattoir, and pictured the place as being most unsanitary. He had seen as many as 4000 fowl killed in one day. Dr. Hastings, M.O.H., issued a warning to those doing the killing, but the residents are not satisfied, and an appeal is to be made to the aldermen and the board of health. It so happens that the board of control dealt with the chicken-killing question on Wednesday, the matter coming up in the form of a recommendation from Dr. Hastings, that no of animals or fowl without the approval of the health department, and cited not to recommend the new regulation to council, believing that it would make it an offence for a house-

THEATRES

THE WHITE FEATHER.
The biggest success of last season in Toronto, "The White Feather," comes back to town on Monday for week's engagement at the Alexandra Theatre. Under the title of "The Man Who Stayed at Home," this play has already reached its second year of popularity at the Royalty Theatre, London, and played for one solid year in New York. William A. Brady has provided a cast of all English players picked from the leading theatres of London and Manchester. In the company are Lionel Pope, Arthur Elliott, stage hunter, Howard Hastings, Stapleton Kent, Philip Hall, Geraldine Beckwith, Louise Hudson, Justice Cutting, Clemence Randolph, Olive Tompkins, Vera Rial and others. Matinees will be given on Wednesday and Saturday.

"BRINGING UP FATHER" AT THE GRAND.
The latest edition of George McManus' famous cartoons in stage form will be the attraction at the Grand Opera House next week under the title of "Bringing Up Father." This is one of the few popular period offerings to be seen at the Grand this season. It is a musical comedy in three acts, and is said to contain plenty of clever characterization, wholesome humor and a number of ringing melodies with stage surprises and novelties out of the beaten path. The company presenting this popular comedy is a large and capable one, the principals being selected for their particular talents as funmakers, while the chorus is said to be an exceptionally good one in dancing and singing. During the week the regular Wednesday and Saturday matinees will be given at popular prices.

AT SHEA'S.
Lulu Glaser, the popular light opera and musical comedy star, who made such an impression in Toronto in "The Madcap Princess," "Sweet Ann Page," "Dolly Varden," and other musical comedy successes, will headline the bill at Shea's next week. Miss Glaser, assisted by Tom Richards, will offer a famous playlet entitled "First Love," a sketch that contains many tuneful melodies. William and Margaret Cuty, of the "Six Master," will be a delightful musical offering. Howard and North, famous for their "Those Were Happy Days" sketch, will present a delightful amusing sketch entitled "Back to Wellington." Eva Taylor and her clever company will present an amusing comedy playlet entitled "Suspicious of Blue." Harry and Maudie will present a comedy with some quaint songs and dances. Smith and Kaufman in "Hello, Hello!" who will be very amusing, and with Paul Levane and Brother, artistic acrobats, and feature film attractions complete an excellent all-round bill.

EMPIRE CLUB'S DEMONSTRATION
Recruiting Rally in Massey Hall With Sir Sam Hughes and National Chorus.

Recruiting will be given a great stimulus in Toronto on Tuesday, Nov. 9, the anniversary of the birth of the late King Edward. It will be tag day for the Recruiting League, and in the evening a great patriotic gathering in Massey Hall will hear the returns of the collections. The Empire Club has arranged the demonstration and services of the National Chorus to assist. The chief speaker of the evening will be Sir Sam Hughes, M.P., who will be supported by Hon. W. H. Hearst, prime minister of Ontario. The vocal numbers will be accompanied by a special orchestra of thirty pieces under Mr. Frank Blatchford and the musical program will be of a patriotic character. Dr. Albert Ham, president of the Empire Club, will preside and a collection will be presented in aid and added to the recruiting fund. A few seats will be reserved at Massey Hall.

RECRUITING MEETING MUSIC.
The musical program to be given at the recruiting meeting under the auspices of the Empire Club at Massey Hall on Tuesday, Nov. 9, will be most attractive. The National Chorus of Toronto has prepared a highly patriotic program, including two of Elgar's compositions, "It Comes From the Misty Ages" and the new marching song, "Follow the Colors," which was written for the Worshipful Company of Musicians of London. These will be accompanied by a special orchestra of thirty members under the baton of Frank Blatchford. A novelty will be presented in a recruiting song, "Canadians Follow the Drum," written by Edward Wodson, secretary-treasurer of the Empire Club, and set to music by Dr. Albert Ham. The part song, "Call All Hands," by Needham, will be given, and also the national anthems of the allies. Several orchestral numbers will complete the bill.

SONS OF SCOTLAND CONCERT.
Theodore Martin, famous tenor, from New York, should prove a decided attraction at the S.O.S. concert at Massey Hall, Thursday, Nov. 4. Miss Nettie M. Roberts also comes here for the first time. Jean Anderson Thirle and R. Cowan also are on the program. The 48th Highlanders' Band will render patriotic and national music during the evening.

GIFTS TO RED CROSS.
BROCKVILLE, Ont., Oct. 29.—The township council of Yonge, in Leeds County, voted \$400 to the Patriotic and Red Cross Funds. To the latter Reeve Ferguson and his councillors and clerk, donated their year's salaries, amounting to \$110.

THE KISSING GIRLS.
When Sam Howe brings his well-known Kissing Girls company to the Gaiety Theatre next week, it will be the feature act at Loew's Theatre next week. "Dugan's Money" is the headline. Popular and catchy songs are used by Harry Gerrard and "The Best of the Best" act called "A Breeze and Robinson." Crumbly, Bush comedy and song; Bob Tip & Co., a ballet, and other acts are in the same bill. The second story of the Wallingford series, called "Three Rings and a Clock," will be shown, besides the usual first run variety of other photo plays.

MEREDITH WANTED TO GET POSITION
Asked People to Use Their Influence With Captain Crawford.
INVESTIGATION CLOSES
All Evidence Taken, But Arguments by Counsel to Be Heard.

Last night's sitting before Judge Denton brought to a conclusion the taking of evidence in the Hodgson-Meredith-Roden investigation, and the argument of counsel for the parties concerned will take place at a date to be set. The outstanding feature of the session was that during the early part of this year Aid. Meredith had been making considerable effort to obtain a position of some sort. In this connection he denied the statement of Thomas Self in regard to his having promised to help Self obtain the incinerator contract if the latter would assist him in getting a government position. He admitted, however, having asked Self to come to his office and asking him to use his influence with Capt. William Crawford in getting him placed in a government position. The alderman also admitted having applied for the position of assistant accountant in the city treasurer's office. He thought that in this instance Capt. William Crawford might have some influence as both called on the city treasurer in connection with the position.

A. E. Hacker was again called to the stand and a smile went round the court when he again referred to himself as Liberal organizer. He denied the statement made by Isaac Brody that Aid. Meredith had sent him to see Hacker, stating that Brody had come to him of his own accord because he knew of him as a Liberal organizer and thought that such he would be able to help him sell the Bathurst street property to the city as a library site. Hacker then stated that Brody was a joke, but could not remember whether he said so. Brody was again called and confirmed what he had already sworn to, that Meredith had sent him to Hacker. When asked what "peep" he sat in witness stand he said he was a Conservative and very little in politics. To this Mr. Lennox remarked, "I don't think any less of you now, Brody."

"I don't think the charge is proved, your honor," was the statement of M. E. Ludwig, K. C., counsel for the city, when the evidence had been taken in regard to the charge that Aid. Meredith had offered to use his position as an alderman to help Brody get a job in the construction of the Bloor street viaduct. Leonard Wooley, a representative of the Canada Cement Company, was called as a witness in this connection. He told of a visit to Aid. Meredith, also to other aldermen and to Mr. Hacker, at the time the city was considering the question of asking for alternative tenders (steel and concrete) for the viaduct. He denied the charge against Aid. Meredith as far as he was concerned, and characterized it as being absolutely untrue.

Met at Banquet.
When examined by Mr. Lennox, Aid. Meredith stated that he met Thos. Self at a banquet of the Orange Order, when Capt. Wm. Crawford was present, and that he had offered to help him get a position in the customs house, which was then open, as they were brother officers. The alderman denied that there had been any conversation about the incinerator contract when Mr. Self called on him, but stated that if he could reciprocate at any time he would be only too glad to do so.

In connection with his application for a position in the city treasurer's department Aid. Meredith stated that he had not been recommended, but later learning that there was a "hitch" in the recommendation he spoke to Capt. Wm. Crawford, thinking that he would have some influence with Mr. Patterson, the treasurer, and could help him in securing the position.

SEVEN MEN CAUGHT IN GAMBLING RAID
Police Rush West Queen Street Premises and Make Arrests.
PLAYING POKER GAME

Number of Officers Too Great and All Submitted Quietly.
Seven men were caught gambling at 261 West Queen street at 10 o'clock last night when Sergeant McKinney of the morality department, and officers Jackson, Massey, Koster, Amis and the others, rushed in and arrested and placed the gamblers under arrest. When the officers rushed in a number of the card players, thought to make a fight of it, and the sergeant and his men, using the strength of the police they decided to submit quietly to arrest.

David March is keeping a gaming house, and the police are charged with the case. The case was heard in court at 9 o'clock. The premises received a call at 9 o'clock last night to the rear of 375 Lippincott street, where a fire started from a stove on fire. The blaze, which was extinguished in twenty minutes, caused a loss of \$200 to the building and \$75 to the contents.

TO PLACE IN JEOPARDY DOMINION GOVERNMENT
Claim of D'Arcy Hinds Regarding Certain Canadians, at Recruiting League Meeting.

Certain sections of the press in Great Britain have brought about a crisis in that country and certain men in Canada are trying to imitate them and place in jeopardy the Dominion Government," declared D'Arcy Hinds, when addressing the meeting of the Citizens' Recruiting League yesterday, in an effort to have rescinded a resolution passed at a former meeting in which the government was invited to send Canadian overseas forces.

At 9:30 last night fire broke out in the cellar at Barber's candy works, 16 Francis street, and caused damage of \$500 to the building and \$200 to the contents. When the firemen arrived the cellar was a mass of flames, but having easy access to the building and getting good hose connections they were able to prevent the fire from spreading to the upper stories. Most of the damage to the stock was caused by water.

The Whole Study of Medicine

In the current issue of the Canadian Journal of Medicine and Surgery the position of the regular professional men is set forth in their relation to the claims of the new schools which desire to be licensed or to practice without license if licenses are refused.

We suspect, however, that the allusion is to the osteopaths, who are mentioned elsewhere in the article, and to other quack healers belonging to various religious bodies.

The contention is in another part of the article is that osteopaths should be placed on the same level as nurses, who, while they are thoroughly acquainted with the mechanical means of cure, never use them on their own responsibility, but rely on the advice of a diplomated physician to do what he thinks necessary or perhaps what the nurse thinks necessary if the doctor is young and the nurse has the experience.

There is one conclusion, however, which The Journal voices, to which there should be no dissent, since it embodies the contentions of the intelligent men of all schools and is sufficiently wide to cover all contingencies, perhaps even a little wider than The Journal is prepared to sanction, for if it applies to one school it must apply to all.

With the aim of The Journal and of the practitioners generally, an aim which is the assumed basis of the whole agitation, the protection of the public, we have the fullest sympathy.

Grand old Hippocrates and his disciples established the rule of taking no fees at all, and it is still a professional fiction in some countries that the true physician accepts no fees, but relies on the gratitude and generosity of his surviving patients.

"Shooting the Bull" There will be hearty agreement with Sir Sam Hughes by all who understand the situation on his advice about

talking to men who are wanted for the army. The abusive, humiliating tone of many speakers, he said, drove men away rather than attracted them to the colors.

At the same time we cannot conceive of anything more necessary than to keep the urgent need of more men before the general public. There are always men at leisure who would be better in the army at this time serving their country and their own best interests than anywhere else.

The young men, the sports, are not to be found at meetings of this kind. They have a grievous objection to what they call "bull," which may be interpreted as palaver, and men like the parsons, who live by palaver, place an undue value upon it.

It is clear to everybody but those chiefly concerned, that palaver does not reach the heart of the masses. It is a lesson in human character to hear soldiers talk to their chums about the war. There is no bitterness in the soldier's heart. He takes a different point of view altogether, and that point of view weighs with the potential recruit as no amount of palaver ever will.

One good omen can enlist a company. A leader in sport anywhere can gather in his following in the most astonishing way. A University battery was made up in this fashion, but recruiting was retarded afterwards because the promise that the men would be kept together was not observed.

Property More Important Another protest has been sent by President Wilson to Great Britain. It is, like former ones, a protest against the grievous treatment that property is receiving at the hands of the British. We may trust that as Mr. Wilson shows no signs of going to war with Germany over the Lusitania, or the Arabic and the death of American citizens at the hands of the Kaiser, he will not go to war with Britain over the shipping regulations.

He appears to be imbued with the spirit of British common law, which in practice visits offences against property with great severity, but in the case of offences against the person is willing to leave vengeance to the Lord. A man may kick his wife to death and only get six months in jail at the hands of a British magistrate, but if he steals fifty cents worth he is likely to get five years penitentiary.

The Men Who Are Still Needed If peace were in prospect for next month, or next week, or for tomorrow, it would be no excuse for slackening upon the preparations for war. The enemy is not beaten and will not be beaten until he lays down his arms and sues for peace. He is not at that stage nor anywhere near that stage yet, but he is headed in that direction.

OTTAWA IS MYSTIFIED. OTTAWA, Oct. 29.—Nothing is known in official circles here of the contribution which, according to an announcement by Right Hon. Walter Lume Long, in the British commons last night, was made by Canada to relieve distress among people of the east coast of England, owing to the Zeppelin raids. Canada sent no such funds.

INDISCREET SPEAKERS BLAMED BY HUGHES

Unwise Attacks on Men for Not Recruiting Do Great Harm. For many the duty is at home in the factory or the office. But for the men in the first class of the Canadian militia, which includes all eligible men from eighteen to thirty, unmarried, the place is in the ranks. The government has not passed an order in council, or called the militia out in any formal way, but the moral obligation exists just the same.

Today they served notice on the city to the effect that they would ask the Ontario Railway Board for an order reversing the recent judgment.

WISHART APPEAL WAS NOT ALLOWED

Argued Against Award for Commission Thru Sale of Property. TO WIND UP COMPANY Interim Liquidator Appointed for Canadian Rector Gas Heating Company. The appeal of George Y. Wishart from the decision of Chief Justice Meredith, who awarded the Doverscourt Land, Building and Savings Co. judgment for \$750 commission and \$150 costs for the sale of Wishart's property, the Tusco Private Hotel, 235 Jarvis street, to E. S. Edmondson for \$20,000, was dismissed by the appellate division. The defendant claimed that Edmondson was introduced as a tenant, not as a purchaser, and that he never employed the plaintiff as agent for the sale of the property.

HOTELMEN TO REFUSE ALL SOLDIER GUESTS?

Solicitor Says They Are Not Inclined to Take "Any Chances" in Future. J. P. Haverson, K.C., says now that soldiers will be practically prohibited from entering hotels even as guests. When asked if any officer coming in from an outside point would meet with the same reception in the hotels, Mr. Haverson said he would have to show a note from his commanding officer, because the liquor men were not going to take any chances. It is rumored in military circles that the militia authorities will keep in force all winter the order prohibiting soldiers from drinking in hotels.

COMPLIMENTS GRAND TRUNK PACIFIC

Mr. Arthur J. Selfridge, attorney at law, of Boston, writes to the superintendent of the Grand Trunk Pacific dining and sleeping car service as follows: "I desire to compliment you upon the excellence of your dining car service. Both the service and the meals were better than that of any dining cars on which I traveled from Boston to Boston, although I used the best known limited trains in America on my outward trip to the Pacific coast. While I was on the dining car from Prince Rupert to Jasper I felt I never before had so much attention and excellent service. When I got on the dining car at Edmonton I found that, if possible, the steward in charge was even more attentive and careful."

APPEAL TO LAWN BOWLERS OF CANADA

Eleven Associations Draw Members' Attention to Needs of Patriotic Fund.

The lawn bowlers of Canada are raising a patriotic fund. The letter is signed by the officers of the various provincial associations, including the International and Dominion Associations, and is as follows:

To the bowlers of Canada: Gentlemen—It has been felt for a long time that it was incumbent on the lawn bowling fraternity to take a more distinctive part in some of the various patriotic movements which have been launched in Canada, for the purpose of assisting the Government in the execution of its noble and selfless policy. The D.L.B.A. has been asked to bring the matter formally before the various provincial associations, and it is hoped that the movement may be truly national in character and in every way worthy of the devotion of this historic pastime.

It is cheerfully recognized that lawn bowlers, composed of men of all ages, are not only patriotic citizens but also must also be franky recognized that we are not truly contributing and that the last can do—who have not yet done the least in support to the limit of our resources. We are asked to sacrifice not only our prospects, but in many cases their lives as well.

We who have enjoyed our sports this summer—our pleasure marred only by the recurring thought of close friends and near relatives who, while we were playing, were awaiting blood somewhere in France—should be particularly responsive to an appeal which is largely for a purpose which is sacred and noble. That these men—our representatives at the front—should have some recreation, some comfort, some as many comforts as is possible under the circumstances.

The undersigned have solemnly pledged themselves to do their part, and we feel confident that an appeal to the lawn bowlers will not be made in vain.

The committees in charge of the Toronto end of the fund have set \$15,000 as the sum which should be raised by the bowlers in the Queen City, the estimated bowling population of the city being approximately 200,000. Every bowling club affiliated with the O.B.A., the W.O.B.A. and the E.O.B.A. will be invited to participate and to contribute in proportion to their numerical and financial strength. It is confidently hoped that every club recognized by the provincial associations will at once represent its members in the movement.

Can you spare \$5 to make life a little more comfortable for the boys in the trenches? Will you do your part, and do it quick!

GOODYEAR'S TOURNAIMENT

One of the features of the annual conference of the sales organization of the Goodyear Tire and Rubber Company, held at the Athenaeum Bowling Club last night.

The entire club was leased for the evening by the Goodyear Company, and turned over to the field force.

The feature of the evening was a bowling contest between teams from the eastern and western branches of the organization. A cup, to be held by the winner for one year and contested annually, was put up by the management of the Goodyear company.

The cup was won by the eastern team, after a hot contest, which was not decided until the last ball had been rolled. The scores follow:

WOMEN'S PRAYERS ASKED BY CANADIAN SOLDIER

Annie Swan Tells of Conversation With Highlander in Camp in France.

LONDON, Oct. 23.—Mrs. Annie Swan, the well-known writer, in a letter to The Times says: "I was surprised to find that the chaplain-general's appeal for more faithful prayers for the troops recalls to my remembrance what a Canadian Highlander just down from the trenches said to me one evening in a camp in France—'Go home and tell the women to pray for us, and never to leave off. We are helped more than you know by the prayers of those at home, and in the trenches we know when they have had a slack day.'"

"Everywhere over there," adds Mrs. Swan, "one is astounded and uplifted by the reverent perception in our fighting men of the spiritual forces, which are necessary at the material ones to the conduct of the war."

D. GRAHAM SCORES MOST IN THE PLUNGE

Central School Boys Hold the First of Their Monthly Galas.

Central Y. school boys had an interesting time yesterday afternoon in the plunge, when the future Canadian champions got together in the first of the regular monthly galas.

Donc Graham was top cover, getting three firsts, altho in the 50 yards handicap he had to do 30 seconds in order to qualify, incidentally making a new plunge record for school boys. At that distance George Lindsay and H. Devitt were close contestants for second place, the former winning by half a point.

An amusing incident happened in the final of the 50 yards race. Harold Kerr and Jack Freid had a head-on collision, with the result that both quit dead, the joint evidently taking all the pep out of them. Summary:

—25 Yards Speed—
Heat 1.—1, H. Kerr; 2, Geo. Lindsay.
Time 14.1.

Heat 2.—1, D. Graham; 2, H. Devitt. Time 14.1.

Heat 3.—1, D. Graham; H. Kerr and H. Devitt tied for second. Time 14.

—50 Yards Buck Race—
Heat 1.—1, F. Ward; 2, G. Lindsay. Time 21.2.

Heat 2.—1, C. Sheridan; 2, R. Thompson. Time 25.4.

Heat 3.—1, F. Ward; 2, G. Lindsay; 3, C. Sheridan. Time 25.

—50 Yards Handicap—
Heat 1.—1, R. Thompson; 2, J. Fred. Handicap time .46.2.

Heat 2.—1, D. Graham; 2, H. Kerr. Handicap time .52.2.

RUSHOLME HOLDS THREE TROPHIES

Lawn Bowling Club Elect Officers After Most Successful Season.

The annual meeting of the Rusholme Lawn Bowling Club was held last week with an enthusiastic turnout of members present. The secretary, Mr. J. W. Rogers, in retiring from the position he has held for six years, referred to the success of the club, not only in membership, there being over 170 active bowlers on the roll, but in bowling prowess. Rusholme this year has won three trophies, the Royal, the Royal Reserve and the Birdland; they are holders of the Heגיע-Plaeker Trophy, having defeated Parkdale three games to one, and in addition a Rusholme rink were runners-up in the International, the Ken Beach and the Toronto Cup Trophies. The club has 614 members, and the home and converted into a winter club and will be opened very shortly. The new green will be in steady use next year.

The following officers were elected: President, W. J. Richardson; vice-president, W. K. Cook; treasurer, W. O. McGarratt; secretary, E. A. Breckenridge; executive board, Messrs. T. A. Easton, F. W. Tisdale, D. R. Courtney, D. A. R. Jordan and E. W. Miller.

Thirty-three handsome prizes were awarded, sixteen being won by new men, which are necessary at the moment. The prize winners are as follows:

CALEDONIAN CLUB, GALT HAS FINE WAR RECORD

Two-Thirds of Members Have Enlisted for Overseas Service.

Special to The Toronto World. GALT, Ont., Oct. 29.—It can be truly said that the war has "shot to pieces" the Caledonian Club of this city. This organization was previous to the war in a flourishing condition with a membership of 47, but when the call to arms came, no less than 31 members of the club volunteered their services and as a result the club has ceased to exist. Of the 16 men, 17 enlisted with the Canadian contingents and the other four were reservists. Four of the members with the 1st battalion have been killed in action and a fifth died while on active service. Seven have been wounded and one is suffering from shock.

It was a Caledonian Club boy who won the greatest honor that has yet been conferred on a Galt man, William Whittia, who received the distinguished conduct medal for bravery on the battle field.

LOOKING OLD TOO SOON

The Condition of Too Many Women and Too Many Girls.

Too many women and too many girls look old long before they should. Their faces become pale and drawn; wrinkles appear and their eyes lack brightness. Can this be wondered at when they so frequently have headaches, backaches and a general feeling of wretchedness and weakness? In most cases it is the blood that is to blame. From one cause or another the blood has become thin and watery and it is a fact that anaemia (bloodlessness) more than any other cause gives women this premature aged appearance. It is important that the blood supply of girls and women be regularly replenished—important not only on the score of looks, but to restore robust health, which is of greater value. Dr. Williams' Pink Pills actually make new blood and restore the system shattered by overwork or worry. These pills give a glow of health to pale faces and make tired, weary women and girls feel bright and happy. With Dr. Williams' Pink Pills at hand there is no need for any woman or any girl to look ill or feel ill. Mrs. J. McDonald, Jr., Hay, Ont., says: "I honestly believe I never would have been as well as I am now if it were not for Dr. Williams' Pink Pills. I suffered almost constantly from a full headache, and when swooping I would stoop to pick up anything to catch hold of something to keep from falling. At times my heart would beat so fast that I would have a smothering sensation. My eyes were swollen and my hands and limbs would several kinds of medicine without benefit and my friends thought I would never recover. Then I began taking Dr. Williams' Pink Pills, and before long could see and feel that they were helping me. I gladly continued the use of the pills until I was completely cured, and I cannot say enough in their praise, and I strongly recommend them to all rundown girls and women."

You can get Dr. Williams' Pink Pills from any dealer in medicines or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

have had a long time to prepare for just such an event and thus far have put off all attempts to throw them back. In fact the Montenegrins hold some strong positions in Austrian territory out of which they will have to be driven before their own country is invaded.

Can Threaten Uskup These are changes in the southern section of Serbia so far as is known. The report that Uskup had been recaptured is not confirmed. The French, however, claim to have cleared the Bulgarians out of the Veles district. This, if true, would render Uskup an unsafe place for the invaders in the opinion of military men.

In what other way Serbia is to be assisted has not yet been disclosed. Some British troops are co-operating with the French in the south and others are on the way, but where they will be used remains a secret. Russia's plans also have not yet been disclosed, although from German sources it is reported that Roumania is about to throw in her lot with the entente allies and will allow the passage of half a million Russian troops thru her territory to attack Bulgaria from the north.

Greece has assured the entente powers that her neutrality remains friendly to them and has pointed out that she already has given them assistance by permitting the landing of their troops at Saloniki.

J. P. MORGAN RALLIES AFTER AN OPERATION

Financier's Recovery From Attack of Appendicitis Fully Expected.

NEW YORK, Oct. 29.—J. P. Morgan, who has been at his desk a little over two months since recovering from bullet wounds inflicted by Erich Muentzer, the mad professor of languages, who attempted to take his life last July, is again confined to his bed and under the care of specialists, this time from an attack of appendicitis. Mr. Morgan went under the knife three days ago in an operation which three attendants afterwards referred to as successful in every way. The appendix was removed at noon by Drs. Markoe, Lyle and Smith and the official bulletin, issued by them shortly thereafter, said Mr. Morgan was resting comfortably. Continued progress was reported, unofficially, during the afternoon.

The attack of appendicitis which necessitated an operation was mild in character. It was said and was in no way attributed to the attempted assassination of Mr. Morgan by Muentzer. "The operation was performed at noon today by Drs. Markoe, Lyle and Smith, who report that it was successful in every way and that Mr. Morgan is now resting comfortably," the statement. "Mr. Morgan's general condition is so excellent that his prompt recovery is looked for."

Upon the stock exchange the effect of this announcement was almost imperceptible. Mr. Morgan is 48 years of age.

CITIZENS WILL CHEER "ATTACKING" SOLDIERS

Mayor Arranges Escort for Thirty-Seventh Battalion Which Reaches Toronto Today.

Col. Bick, commanding officer of the 27th Battalion, phoned Mayor Church yesterday afternoon, that his regiment has reached Port Credit in good shape and everything had been going fine. He is now going to capture the city today, arriving at the Humber bridge at 1:30 and at the Exhibition grounds at 2:00 o'clock.

The mayor will meet them at the border of the city and has arranged for a military band to be present to give the first battalion a welcome. He requests all people on the route of march, along the Lake Shore road, King and Dufferin streets, to decorate and give the boys a cheer as they enter the city.

Property Commissioner Chisholm has been instructed to have the finest on all public buildings at top mast in honor of the arrival.

AMERICANS SEEK INTEREST IN CANADIAN STEEL COS.

Nova Scotia and Dominion Steel Corporation Shares Are Attracting Attention.

The first real movement in the big steel stocks started on the Canadian exchanges yesterday. It has been known for some time past that the Nova Scotia Steel and Dominion Steel Corporation have been working at high pressure on regular business, to which has been incidentally added some war equipment. These companies now have tenders in at Ottawa for munitions, and expect to get the awards made in a few days. There is a rumor that Americans are endeavoring to secure a big interest in both companies, and are trying to get their holdings without recourse to buying on the Canadian exchanges.

BRADSTREET'S TRADE REVIEW.

Material evidences come bank clearings and in the enormous increase in railway earnings. Fearful effect on sorting orders in many lines, but this must improve with the near advent of colder weather. Meanwhile deliberate preparation for a heavy spring trade is under way, as

FOURTH OF CITY WAS DESTROYED

Shelling of Dedegahatch by Warships Caused Great Damage.

VARNA SUFFERED TOO

Sofia Claims That Many Civilians Were Killed or Injured.

SOPIA, Oct. 27.—(Via London, Oct. 26, 3.30 a.m.)—The damage done by the bombardment of Aegian Sea towns and villages by the allied fleet recently was greater than at first reported. One-fourth of the entire city of Dedegahatch was razed by the shells of the warships.

The Russian fleet was sighted at 8 o'clock in the morning rapidly approaching the city and opened fire while still at a great distance. It approached to within a little over three miles, but withdrew before the Bulgarian batteries could make their fire effective.

According to officials here the Russians never searched over and over the city, especially the harbor sections, where Greeks form the majority of the population. The people are greatly excited over the bombardments of Bulgarian cities on the Aegean and Black Seas.

RATEPAYERS TO FORM A CENTRAL EXECUTIVE

Proposal Discussed at Meeting Held in Clinton School by Delegates Last Night.

A move to start a central ratepayers association was heard and discussed at a meeting held in Clinton School last evening. The object is to form an executive committee, with a view to representing the various ratepayers' associations throughout the city, thus making a central body with which to deal with larger problems of municipal government.

Some of the delegates at last night's meeting favored the organization, while others held back on the grounds that their associations had not sufficient power to vote. It was decided that those present be considered a committee to prepare the association's constitution, and to report to the association at its next meeting.

A resolution, "That the various delegates present report the minutes of the meeting to their respective associations, and that they have full power to organize at the next meeting, was passed." Mr. J. B. Bain was chairman, E. C. Hart, secretary, and the following delegates attended: G. Sara, High Park; D. Munro, Humber; W. B. Bullock, East End; E. O'Brien, Rosedale; G. O'Brien, Thorn; North Toronto; D. D. Reed, North Toronto; A. N. Wooten, North Toronto; S. E. Stoker, Rosedale; W. E. Bradley, Catholic Municipal; J. P. Loughlin, Catholic Municipal; G. O'Brien, Catholic Municipal; J. Nelson, Moore Park; and Vanwater, Oakwood.

MRS. WILLIAM HAGERMAN DIED EARLY YESTERDAY

The death occurred at an early hour yesterday morning at 37 Winchester street, of Mrs. Elizabeth Hagerman, widow of William Hagerman, a well-known resident of Whitelore, where many of the friends of the deceased family resided.

Mrs. Hagerman, who had been somewhat indisposed, was taken suddenly ill at about six o'clock yesterday morning, and expired in less than an hour. She was 80 years of age. Her husband, another brother, Arthur, resides in Toronto.

JUDGE JOHNSTON DEAD.

VANKLEEK HILL, Ont., Oct. 26.—Adam Johnston, a jurist and Ontario's United Counties' Prescott and Russell, died here tonight in his 62nd year. He was the unsuccessful Liberal candidate for Dundas constituency in the 1891, 1896 and 1906. He was appointed a justice of the peace in 1904, and was a native of Dundas County.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt, which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of "Fas Salts": take a tablespoonful in a glass of water before breakfast each morning, and take another before retiring.

When the acid wastes are removed from the system of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate the kidneys, and also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

"Fas Salts" is inexpensive; cannot injure; makes a delightful beverage; lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try 239 Victoria street. He is assessed for \$10,500, but would sell the property for \$10,000. The court confirmed the figure set against Mrs. Mary Col-

SEVERAL REDUCTIONS MADE IN ASSESSMENT

Court of Revision Allows Cut in Some Cases When Property Owners Present Objections.

A number of reductions were made by the court of revision yesterday in answer to objections to assessments made by several owners. G. H. Day, owner at 94 Bond street, was assessed \$13,362. This was lowered to \$12,500.

William J. Craig, who sells Austrian rugs at 215-17 Victoria street, appealed against a business assessment of \$38.10. It was reduced one-half.

Judgment was reserved after hearing the appeal of Joseph Freudenstein, 239 Victoria street. He is assessed for \$10,500, but would sell the property for \$10,000. The court confirmed the figure set against Mrs. Mary Col-

STEEL PRICES LIFTED Great Number of Shares Changed Hand on New York Exchange.

NEW YORK, Oct. 29.—Greater strength, breadth and activity characterized today's operations than any session of recent date.

Dealings aggregated 1,350,000 shares and comprehended every part of the stock list, railways again assuming unusual prominence.

Steel led the market, except during the forenoon, when Reading and Erie dominated the trading.

All the war shares participated in today's rise, except Bethlehem Steel, which was extremely inactive and closed at 54, a decline of 12 points.

Canadian Pacific led the rails, opening at a substantial gain and steadily rising 9 1/2 points to 185 1/2.

Further strength was shown by foreign exchange, demand showing firm and well over yesterday's close.

Table with columns: Bid, Ask, and various stock symbols like Atchafalpa, Atchafalpa, etc.

CHICAGO, Oct. 29.—Official announcement that Great Britain was not engaged in any peace negotiations helped to give decided strength most of the time today to the wheat market here.

Corn finished 1-8c to 1-4c up, oats with gains of 1-8c to 1-2c and provisions at an advance of 5c to 5 1/2c.

Dental office openings had substantial backing in foreign buying of wheat futures here and of cash wheat in Omaha.

Notable sustaining influence was the fact that the Winnipeg market had gone to a good premium over the December contract offerings tended to lower the October delivery.

Active export demand lifted oats. Sales to the southeast aggregated 1,000,000 bushels.

Packers buying brought about the rise in provisions. It was said that shipping here in the northwest coast few days included 10,000,000 pounds of meat and 5,000,000 pounds of lard.

An Overcoat Opportunity at Simpson's Today

THE SIMPSON STORE FOR MEN is "shelling out" these fine Overcoats for a great Hallowe'en Sale \$9.90

The old cry of "Shell Out" on Hallowe'en never had a more liberal response than in this great Overcoat Sale for Saturday. They are made up of materials bought six months ago, all wool, fast in color, and of a quality that is simply unobtainable today.

Only one piece of these fine materials has been used in each pattern, so that the selection and variety is very wide.

There are 267 coats all told, and at close regular prices they would be marked at \$13.50, \$15.00, \$18.00 and \$20.00, medium and heavy weight, all the most desirable shades---plenty of young men's styles, single and double-breasted, some velvet collars, some regular ulsters with belts, sizes 34 to 44. This is the greatest overcoat buy of the season at Today's price of.
