THE U.S. TO GET WHAT BRITAIN MIGHT HAVE

ST. PAUL, July 23.—(Special.)—The first real grass-roots find was reported to-day by returning searching parties, when the bodies of Nelson Peterson and an unidentified man, supposed to be Rosquist, were found one mile south of Goose Lake, in Shaw Township. Bears had scattered the remains over acres of ground, and proper burial was almost impossible. Two deaths from Liskard Hospital were reported to the committee, as follows: John Bilo and Thos. Cooper, Dome Mine employees. The death list now stands at 30.

Several cartons of provisions arrived to-day, and the camp is now well supplied. Those who employ help have also received a good supply of provisions. The first work of the camp is road building and construction of houses. Within one week normal conditions will prevail.

LAKE OF WOODS GOLD FIELDS SHOW PROMISE
World Man Finds on Investigation That Claims of District Are Substantiated.

Exceptionally glowing accounts of new developments in the gold fields of the Lake of the Woods have caused the World to send a special man up to investigate the whole district. He finds the reports well substantiated, and the Kenora country giving strong promise of "coming back." The first of his letters appears herewith.

KEENOR, July 20.—(From Our Special Representative.)—A revival of activity in gold mining in the Lake of the Woods is now under way. New interest has been awakened in this one-time busy field, and every sign points to a reappearance of the prosperity that years ago pervaded this profitable district.

Mines that have remained idle for years have been pumped out for new companies and re-opened. Claims that were allowed to revert to the province have been re-staked, new finds have just lately been made, and there is plenty of evidence that the district is about to spring into new life.

CLEARS THE WAY FOR THE FINAL OTTAWA STRUGGLE

Laurier Has Now No Excuse For Prolonging Session—Opposition Will Not Budge.

OTTAWA, July 23.—(Special.)—Saturday's Taft victory in the United States Senate clears the way for the final stages of the fight in Ottawa. Beyond the removal of the government's last excuse for keeping the house in session, the passage of the bill at Washington does not affect the situation here. For the last two weeks the success of the White House influence has been a foregone conclusion. Both parties here expected it, and neither has shown any sign of giving ground because of it. With this formal passage out of the way, there is no longer any show of reason why Sir Wilfrid Laurier should persist in putting off a protracted summer session. The opposition will not budge. The government must go on whether it wants to or not, and the only way out is by the election for which nearly every necessary preparation has been already made. The final orders will be given in caucus on Tuesday, and after that the deluge. The proclamation ordering the prorogation of the session is a cause for satisfaction in the minds of the prime minister and the minister of finance. Other ministers, who cling to the faint hope that Washington would save them from an election, are not so glad. This is particularly true of the toboggan now without hurting themselves.

T. L. Borden to-night had no comment to make on the action of the United States Senate. The proclamation ordering preparation of the lists in the unorganized districts of Ontario between July 15 and Sept. 15, instead of between Aug. 15 and Oct. 15, appears in the Canada Gazette, as signed on the 17th. When A. C. Boyce asked the prime minister about this proclamation on Friday, Sir Wilfrid said he couldn't give an answer.

ADVISE LEADERS TO SUBMIT TO ASQUITH

Lesser of Two Evils, Say Majority of Conservatives—Extremists Will Hold "No Surrender" Meeting—Asquith May Make More Explicit Statement To-day.

LONDON, July 22.—The past 24 hours have brought small change in the political situation. The Unionists and the partisans have joined in a chorus of hot denunciation against Premier Asquith for what they term his violation of parliamentary decencies. The majority of the Conservatives in London and the provinces advise the leaders to submit to Mr. Asquith's ultimatum, as the lesser of two great evils.

The only uncertain factor in affairs is how many of the lords will follow the Earl of Halsbury in the fight to the death.

The prime minister yesterday notified the peers that he would not send back the veto bill from the house of commons to them unless assured that they would accept it. If Lord Halsbury can muster enough followers to out-vote the small Liberal contingent in the upper house—which may not be impossible, because there seems to be somewhat of a stop in the fighting—Lansdowne must induce his followers to vote for the government bill to save off the degradation of the peerage. While he has not said so, the general belief is that he will do it, if forced to it.

PREMIER OF AUSTRALIA ON THE FUTURE OF THE BRITISH EMPIRE

THE CO-OPERATIVE FRATERNITY OF FREE NATIONS—REJECT NO RECRUIT TO THE BROTHERHOOD OF NATIONS.

A recent despatch from London tells of a remarkable interview on the future of the British Empire, given by Andrew Fisher, premier of Australia, to The Review of Reviews. As the despatch gave only a partial and perhaps misleading impression of the substance of the interview it is of interest to reproduce it in its entirety, as follows:

Among the many remarkable men who have been amongst us in London during the past few days, the most notable is Andrew Fisher, premier of Australia. He has done more than he should to shape the destinies of the British Empire in an anti-imperial direction. Mr. Fisher is a man of a high order of intellect and position of a prime minister as the head of a labor cabinet. A spare, alert figure, with a youthful look in his iron-grey hair, Mr. Fisher is as simple and kindly and courteous as any man I have met in Kilmarnock. I had an interesting talk with him on the subject of the future of the empire.

"Don't talk to me of empire," he said, "we are not an empire. No end of mischief has come from the use of that word. We are a very loose association of free nations, each independent, each for the time being trying to remain in fraternal co-operation with each other, and with five union with Great Britain and with five union with the United States. If at any time for any cause we decide to terminate that connection no one can say us nay."

"No less an authority on the other side than Mr. Joseph Chamberlain had said the same thing," I remarked. "But he was always trying to convert you into an empire, whereas your trend is in the opposite direction."

"Certainly it is," replied Mr. Fisher. "We are independent, self-governing communities who are absolutely untrammelled by any laws, treaties or daily bread as a result of our own constitution. We are free to take our own course, according to what we believe to be our interests, without any one being able to prevent us. There is no necessity for us to say that we will do what we think England should do in the right, to haul down the Union Jack and hold our own flag aloft on our own soil. We do not contemplate a declaration of independence, because, except as a residence of the risk of Nova Scotia and Dr. John J. McPherson, who came originally from Prince Edward Island.

R. Smith showed them around the city to-day. On being asked what they would do in December, if Sir Wilfrid were not then prime minister, they stated that they wished to honor him as a public man and not as a party leader.

NEW YORK CANADIANS TO INVITE LAURIER

It is Expected That Taft and Bryce Will Also Be Present at Annual Dinner.

MONTREAL, July 23.—A deputation from the Canadian Society of New York, en route for Ottawa to present to the premier an invitation to be present at the annual dinner of that institution on December 8, passed thru this city to-day. It is expected that President Taft and Ambassador Bryce will also be present on this occasion. The Canadian society this spring had the honor to entertain the president at one of their banquets.

The delegation consisted of T. N. Jarvis, president of the Lehigh Valley Railroad, formerly of Ontario; Dr. J. A. MacIsaac, surgeon in the New York Eye and Ear Hospital, formerly of Nova Scotia; F. McLaughlin, real estate broker, born in Quebec; W. W. Johnston, commission merchant, born in Ontario; C. R. Fletcher, D.D.S., also in Ontario; and Dr. John J. McPherson, who came originally from Prince Edward Island.

R. Smith showed them around the city to-day. On being asked what they would do in December, if Sir Wilfrid were not then prime minister, they stated that they wished to honor him as a public man and not as a party leader.

Carloads of Provisions Arrived Saturday and Sunday—Work of Relief Committee is Warmly Commended by R. S. Gourlay and J. L. Englehart—Help for Settlers

Craft, Half Submerged, Found Two Hours After Being Rented by Edward Toby and Harry Hughes, Two Young Englishmen—Cause of Accident Not Known.

Edward Goby, aged 32 years, of 1123 Dundas-street, and Harry Hughes, aged 35 years, of 1421 West Bloor-street, were apparently drowned in Humber Bay about half a mile off Sunnyside-avenue shortly after 6 o'clock on Saturday evening.

Porcupine Has No Famine Panic

The people of Porcupine are not in the remotest danger of starvation. It is true that some carloads of provisions were rather delayed, but the crucial point, if there was one, has been passed.

J. L. Englehart and R. S. Gourlay, who have been doing good service up north, are back. Each tells of earnest work by the relief committee. Thus far \$25,000 of the \$50,000 raised has been spent.

Mr. Englehart got a wire yesterday that a car of supplies and cooking utensils reached Porcupine on Saturday and another on Sunday. There is no reason why anyone should go short, he declares emphatically. Moreover, he intimates that the Ontario Government will give implements and other necessities to needy settlers.

The famine wolf has been chased away from Porcupine's back-yard, and the era of reconstruction is starting.

\$5,000,000 MORE STOCK FOR TORONTO POWER CO.

Street Railway Shareholders Asked to Sanction Capital Increase of Subsidiary Enterprise.

When the shareholders of the Toronto Railway Company meet on August 14, they will be called upon not only to increase the company's capital stock to \$1,000,000, but also to sanction an increase in the capital stock of Toronto Power Co. from \$1,000,000 to \$2,000,000, and also to sanction purchase of any or all shares of the latter company.

The Toronto Power Company has an authorized capital stock of \$3,000,000, all issued and paid-up, and a 4-1-2 per cent. debenture stock issue of \$500,000, less \$50,150 redeemed. This stock is guaranteed unconditionally both as to principal and interest by the Toronto Railway Co. The stock is secured by a trust deed constituting it a specific mortgage on \$2,000,000 of 5 per cent. gold bonds and over four-fifths of the common shares of the Electrical Development Company of Ontario.

THROWN UNDER THE WHEELS

PRESTON, July 23.—This afternoon about 10 o'clock several small boys were playing in the yard of the Preston Car and Coach Co. Little Johnnie Drake, the five-year-old son of John Drake, was sitting on one of the trucks that are used for putting up and down passenger cars, when his little brother started to play with the fellow under the wheels, crushing his arm and shoulder blade. Little hope is held out for his recovery.

GETTING MOBBY IN ANTI-BLAW ARGUMENTS

Catarract Organ Begins to Crawlfish Regarding Frontage Tax Bogey—Company Repeats Threat That No Street Car Extensions Will Be Made.

HAMILTON, July 23.—(Special.)—Monday, the last day of the campaign on the municipal power and light bill, will see both parties to the contest extending themselves to the utmost in their efforts to win. Fresh evidences of the lavish expenditures being made by the Cataract interests to defeat the people's bylaw continue to appear. While having apparently reached the end of their rope in their daily interviews, the Cataract people have by no means come to the end of their resources in the matter of printing public Bill posters were busy Saturday putting up advertisements for the company, containing the oft-repeated threats that if the bylaw is defeated the street car extensions which the city have asked for will not be made. The posters also reiterate the hackneyed warning in regard to the fearful increase in the taxes. The street cars of the company have been utilized and on the front and back of each one is displayed a flaming "danger" sign concerning the hydro.

While a survey of the situation at present leads to the conclusion that the bylaw will carry by a big majority, the supporters of the measure have no intention of ceasing their labors until the final result is known. In order to make assurance doubly sure, three big public meetings will be held to-morrow night in different sections of the city. Victoria Park will be the scene of one meeting, another will be held in Crown Point, while the third will take place in the yacht club pavilion at the foot of Wellington-street. Hon. J. S. Hendrie, Mayor, Les T. J. Stewart, Controllers Cooper and Bailey, Allan Studholme, M.L.A.; Gordon Wilson, M.L.A., and others, will address voters.

Getting Voters to Polls.

While no doubt now exists among the friends of the bylaw as to the desirability of the measure, it is recognized that the problem of getting voters to the polls will be a serious one. The Cataract long ago arranged for the use of the Tuesday of every automobile and other vehicle which they could secure. Lack of funds has prevented any similar activity on the part of the hydro supporters, and the result is that the street cars, and "shank's mare" are practically the only means of transportation for those who desire to vote for the bylaw. As a very large percentage of the ratepayers who are in favor of the bylaw are working men, with little time to spare, transportation is a matter of great importance.

T. J. Stewart, speaking to The World to-night, expressed his confidence in the success of the bylaw. "The Cataract people are getting mobby in their arguments," said Mr. Stewart, "and everybody knows the frontage tax for condites has been one of the biggest bogeys held up to the ratepayers by the knackers of the municipal scheme. Now that they have been cornered, they are beginning to back up on this question, and the time comes out on Saturday and close it now, or you will have to face a frontage tax for the plant covered by the bylaw. It certainly is amusing to see them crawlfish."

Mr. Stewart then referred to his \$1000 wager, which he posted with the Bank of Hamilton Saturday morning, under the following conditions: "If the bylaw is carried, I will carry and the system referred to in Mr. Sifton's report be installed, the revenue derived will be sufficient to pay the amount called for by the bylaw, and no ratepayer will be called upon to pay any special tax, as the amount derived from the sale of power will be sufficient to pay the tax on the debentures." If that statement is not correct, Mr. Stewart offers to forfeit his wager to any one who will cover it and to donate to charity the \$1000. He wins if the statement is correct.

Mr. Beckett limited the actions of a busy man Saturday morning in his pretended desire to come to Mr. Stewart's wager. When it came to paying up his money, however, he wanted to substitute the following conditions: "And no ratepayer will be called upon at any time to pay in his tax bill directly or indirectly any portion of the amount of civic funds proposed to be raised for this purpose, either principal or interest."

Crawlfishing.

"Now, as a pure, unadulterated case of crawlfishing this certainly takes the cake," said Mr. Stewart. "Of course the ratepayer pays in his tax bill, but all of the funds to be raised by this bylaw. But he gets every cent of it, and more, back from the sale of power and light. It's just the same as if you buy a business, say for \$500, and you meet your payment out of the profits of the business, exactly the same. Mr. Beckett knows this power and light plant won't cost the taxpayer a cent, and that's just the reason he's backed down," concluded Mr. Stewart.

Something of a sensation was sprung on a group of hydro electric advocates after the meeting Saturday night when one of the salaried officials of the Cataract Company openly admitted that he favored the passing of the bylaw on Tuesday, and was going to vote for it.

"I know it would be a good thing

MONDAY MORNING

RUSTY, AT 6 TO 1, WINS THE BELLE ISLE STAKE

Big Crowd on Closing Day of Windsor's Most Successful Meet.

WINDSOR, July 22.—With the running of today's program the most successful meeting ever held at the Windsor race track came to a close. The card was made up of seven races, with the Belle Isle Stake of one mile, the feature of the day. This race furnished a stirring and fast race, in which Rusty just won by a head. Col. Ashmeade out by a neck. The latter met with a lot of interference, but he was able to round the first turn with Royal Meteor and Coburn, which were heavily backed at short odds, finishing last and next to the last. Summary:

FIRST RACE—Purse \$500, three-year-olds and up, six furlongs:

CIRCUIT FREE-FOR-ALL GOES TO PENISA MIND

Fast Time in Closing Day at Kalamazoo—Plenty of Surprises.

KALAMAZOO, Mich., July 22.—The Grand Circuit races ended here today with the final day marked by exceptional racing and the fastest time of the week. There were surprises, and plenty of them. Earl Jr. (20%) furnished one sensation when he defeated Hodgwood Boy and Wood (McMahon) in the championship pacing sweepstakes. It required four heats for him to score one of the most routing victories of the season. Penisa Maid trotted an excellent race and easily won the championship trotting sweepstakes. Earl Jr. had no difficulty in taking the 2 1/2 mile race for trotters, and Mark Knight furnished the last sensation of the day when he won the 2 1/2 mile race. Annie Laurie had been picked as an easy winner, but she never had a chance. Summary:

Eatons Finish Strong and Beat Royals 8-5. First Game in Beaches Senior League a Corker—One Pitcher Pounded Out of the Box.

A large crowd was on hand to witness the games in the Beaches League on Saturday afternoon. Eatons tried hard to shake the hoodoo. Perry replaced Hickey in the box, Hickey going to right field. The Royals touched Perry up for four runs in the first three innings before he was replaced by the old reliable of big league fame, Fred Hickey. But his legs make no difference, as the Royals went to Hickey when his meat run. The crowd boistered to take him out, but Manager Whitney thought him their only chance. Allward for the Royals, pitched the first inning, but was out of the box in the fifth inning, when Eatons went to him for four runs. Chandler, standing in for Hickey, was out of the box in the sixth inning, when Eatons went to him for four runs. Chandler, standing in for Hickey, was out of the box in the sixth inning, when Eatons went to him for four runs.
