GERMAN WAR COUNCIL RESETS ARMISTICE TERMS Laurier Liberals Frame Party Platform

WILSON'S POINTS FOR LEAGUE BASIS

Theodore Roosevelt, in Post-humous Editorial, Criticizes Stand of the President.

NO CLUE TO INTENTIONS

Recommends Present Alliance Should Be Continued—Admit Others Later.

Kansas City, Mo., Jan. 13.—An article on the League of Nations, the last contribution that Col. Theodore Roosevelt prepared for The Kansas City Star, appeared in that newspaper today. The editorial was dictated Friday, January 3. The article follows: It is, of course, a serious misfortune that our people are not getting a clearer idea of what is happening on the other side. For the moment the point is as to which we are foggy is the League of Nations. We all of us earnestly desire such a league, only we wish to be sure that it will help and not hinder the cause of world peace and justice. There is not a young man in this country who has fought, or an old man who has seen those dear to his heart, who does not wish to minimize the chance of a future war. But there is not a man of sense who does not know that in any such movement the chance of a future war is either failure or worse than failure.

IN STAGE OF RHETORIC

The trouble with Mr. Wilson's utterances, so far as they are reported, and the utterances of acquiescence in them by European statesmen, is that they are still absolutely in the stage of rhetoric precisely like the fourteen points. Some of the fourteen points will probably have to be constructed by the Canadian Associated Press. Dealing with the League of Nations, the representative of the allied nations, will greatly expedite the proceedings of the conference whenever the formal sessions begin.

USE EXISTING LEAGUE

Would it not be well to begin with the league which we actually have in existence, the League of the Four Big Nations? Let us at the peace table see that real justice is done as among these allies, and that while the terms of the peace are being demanded from our foes for such horrors as those committed in Belgium, northern France, Armenia and the sinking of the Lusitania, that something should be done in the spirit of mere vengeance. Then let us agree to extend the privileges of the league as rapidly as their conduct warrants it to other nations, doubtless discriminating between those who would have a guiding part in the league and the weak nations who would be entitled to the privileges of membership but who would not be entitled to a guiding voice in the councils. Let each nation reserve to itself and for its own decision, and let it clearly set forth questions which are non-negotiable. Let nothing be done that will interfere with our preparing for our own defence by introducing a system of universal obligatory military training modeled on the Swiss plan.

FINALLY MAKE IT CLEAR

Finally make it perfectly clear that we do not intend to take a position of an international Medesiasse. The American people do not wish to go into an overseas war unless for a very great cause, and where the issue is absolutely plain. Therefore, we do not wish to undertake the responsibility of sending our gallant young men to die in obscure fights in the Balkans or in central Europe or in the American people do not intend to give up the Monroe Doctrine. Let civilized Europe and Asia introduce some kind of orderly council of nations. Let the United States intervene with our power to assist in the maintenance of a semi-permanent possession. Everyone of our allies will with delight grant this request if President Wilson chooses to make it. It will be a great misfortune if it is not.

POLISH CLAIMS PROVE A PROBLEM

Entente Divided Between De Facto Government at Warsaw and National Council.

Paris, Jan. 13.—In undertaking to place upon the program of business for the inter-allied peace conference the subject of plans for the protection of Poland from the invasion of the Bolshevik, the supreme council finds itself embarrassed by the conflicting claims for recognition of the Polish national council in Paris, headed by R. V. Dmowski, on the one hand, and the present de facto government of Poland, headed by J. Pilsudski, on the other.

Supreme War Council Will Demand Immediate Restitution of Material and Machinery Stolen by Germans From France and Belgium.

Paris, Jan. 13.—The supreme council of the peace congress resumed its sessions at 3 o'clock this afternoon at the French foreign office, with the distinguished gathering of yesterday augmented by the presence of Japan among the great powers represented, and a notable gathering of military, naval, economic and financial representatives of the various powers.

Two Distinct Stages

The proceedings today were divided into two distinct stages. The first, the morning meeting, was presided over by Marshal Foch, when the military, naval and economic authorities reached an agreement on new terms for the armistice expiring on Jan. 17. The United States was represented by Major-General Bliss, Admiral Benson and Herbert C. Hoover; Great Britain by Gen. Sir Henry Wilson; France by Marshal Foch, Gen. Weygand, his chief of staff, M. Klotz, minister of finance, and M. Leygues, minister of marine, and Italy by Gen. Robilant.

Section Was Protracted

The British forces were similarly increased by Andrew Bonar Law and Gen. Wilson, while France, besides Premier Clemenceau and Foreign Minister Pichon had its ministers of marine, commerce, finance and reconstruction and Admiral de Bon, chief of the French naval staff.

Official Statement

An official communication issued after the adjournment of the supreme war council today says: "The meeting reached an agreement as to the terms on which the armistice is to be renewed on January 17. This included naval clauses, financial clauses, conditions of supply and provision for the restitution of material and machinery stolen from France and Belgium by the Germans."

A Difficult Question

The armistice question, as taken up by the supreme council yesterday, proved a more difficult one than anticipated, and as this was the pres-

Demobilizing Canada's Army

THE actual work of bringing back our soldiers to Canada and getting them out of khaki is in the hands of the Department of Militia and Defence.

Peace is not yet signed. The victorious Canadian Corps is still a fighting unit...

The remainder of the Canadian forces overseas will be returned in drafts of 500 men for each area.

Canada has been divided into 22 dispersal areas for demobilization...

1. The province of Prince Edward Island—Charlottetown.

2. The province of Nova Scotia—Halifax.

3. One half of New Brunswick—Moncton.

4. One half of New Brunswick—St. John.

5. The north country of Quebec down to Three Rivers—Quebec.

6. The remainder of Quebec—Montreal.

7. The Ottawa Valley and Ontario down to the Thousand Islands—Ottawa.

8. The Kingston district west to Oshawa and north to the Madawaska River—Kingston.

9. The Toronto district north to the French River and the north mining country—Toronto.

10. The Niagara Peninsula—Hamilton.

11. Southern Ontario—London.

12. From White River to the Lake of the Woods—Port Arthur.

13. All of Manitoba except the Brandon territory—Winnipeg.

14. The Brandon territory—Brandon.

15. Southern Saskatchewan—Regina.

16. Northern Saskatchewan—Saskatoon.

17. Southern Alberta—Medicine Hat.

18. From Calgary north to Nordegg—Calgary.

19. Northern Alberta—Edmonton.

20. All of British Columbia except 21 and 22—Vancouver.

21. Vancouver Island and the immediate mainland—Victoria.

22. Cariboo, Kootenay and Gale—Revelstoke.

Each soldier overseas chooses the dispersal area in Canada to which he wishes to go.

A report of the number of men for each dispersal area is cabled to Militia Headquarters.

As fast as they can be absorbed by the dispersal areas—a cable is sent to England for drafts.

Prior to sailing, a cable is sent from England stating how many men are coming and giving their occupations.

In this way arrangements are made to handle the men, to care for them, and to find employment for them.

Before a man leaves England he is medically examined, his discharge papers and other documents are made out. All delay in Canada over these details is avoided.

On the Ship.

The transport staff check the medical and pay documents. The Y.M.C.A. provides recreation and entertainment.

LIBERALS COME OUT FOR LOWER TARIFF

(Continued From Page 1)

that date, and reiterates tariff reform demands moved in the house and incorporated Sir Wilfrid Laurier's manifesto of 1917.

The resolution continues, "the tariff increases of 7 1/2 per cent. and repeated, but that there should also be an immediate downward revision of the tariff in accordance with the omnibus resolution moved by the Liberal opposition in the house of commons on May 22, 1917, in these terms:

(1) That wheat, wheat flour, and all other products of wheat be placed upon the free list.

(2) That farm implements and machinery, farm tractors, mining, flour and sawmill machinery, and repairs for same, rough and partly dressed lumber, illuminating, lubricating and fuel oils, cement and fertilizers, be added to the free list.

(3) That staple food and food products (other than wheat flour), domestic animals and food, therefore, be admitted into Canada free of duty when coming from and being the product of any country admitting like Canadian articles into such country free of duty.

(4) That substantial reductions be made in the general tariff on all articles imported into Canada, excepting luxuries.

(5) That the British preference be increased to 50 per cent. of the general tariff.

The convention further affirms that the aristocratic, autocratic and high Tory method of order-in-council designed to destroy the birthright of a free democracy must give way before legislation passed by the representatives of the people in parliament assembled, that in particular militarism must be sternly repressed.

The committee is further of the opinion that "one of the most pressing needs of the hour is the restoration to the Canadian people of a public press free from the interests and the smothering control of a Prussian paternalism."

The last resolution deals with expenditure in connection with the appointments of commissions, etc., and with the prices paid for rails and ship planes, and believes that a thorough and searching investigation into all government expenditures should be made by a parliamentary committee, which should be appointed without delay.

Death of J. P. Rupert, Justice of the Peace

An old and respected citizen passed away yesterday in the person of J. P. Rupert at his residence, 22 Major street. He resided in this city for thirty years, coming from Maple Village. For twenty-five years he was a faithful employee of the Bank of Commerce, a justice of the peace for York County, a good Methodist, attending Broadway Tabernacle, and a staunch reformer.

He leaves a widow, two sons and two daughters (by a former marriage) to mourn his loss. Mrs. C. E. and G. H. Rupert, 30 Borden street; Mrs. W. J. Tresselt, of London, Ont., and Mrs. J. S. Lovell, 52 Major street. The interment will be in the family plot at Maple Cemetery on Thursday afternoon.

MEN FROM ARAGUAYA ARRIVE IN TORONTO

Soldiers to the number of 159, together with 12 officers and 7 nursing sisters, arrived at North Toronto station yesterday morning at 9 o'clock.

They were mostly convalescent cases from the hospital troopship "Araguaya," which docked at Halifax last week. With the exception of ten or twelve who were cot cases, the 85 for Toronto were able to proceed to their homes with their friends, the others were taken to the Red Trifling Club.

Miss M. Robinson of Brantford, Miss E. A. Robinson of Bobcaygeon, Miss M. Ward of Newmarket, and Miss Wylie were among the nursing sisters. Miss M. Robinson went overseas in the early days of the war, and was in France for nearly three and one-half years. She has been in various hospitals which were bombed by the enemy, but was fortunate never to have been wounded.

Everyone on board agreed that the treatment on the Araguaya had been the very best, although it had taken them eleven days to cross from Liverpool and the voyage had been rough all the way.

Sergt. Ames, who has been overseas three years, was royally welcomed by a squad of firemen from the Portland street fire hall, where he was attached prior to the war.

Civil and military authorities were on the platform when the train arrived to greet the men.

KILLED BY TRUCK.

Johnny Chalkin, six years old, of 59 Yorkville avenue, was run over by a R. A. F. truck, driven by Second Mechanic C. E. McCoy, on Davenport road yesterday morning, and as a result of his injuries died almost immediately.

He had been riding on the seat of a bob-sleigh, traveling along Davenport, and as it came opposite the Jesse Ketchum School, the boy jumped off and attempted to cross the road in front of the accident had been reported had been following closely behind. The accident was immediately reported to the police by several witnesses of the fatality and the body was hurried to the General Hospital, but life was extinct before anything could be done.

The body was removed to the morgue. After the accident had been investigated by central office detectives, the driver of the car was not held, as all the witnesses agreed that the fatality was purely accidental.

Former Police Constable Chalkin, the boy's father, is now serving overseas.

Steamships Preferred Under Some Pressure—Local Trading Well Distributed.

The odd-lot buyer regained his position of prominence in the Toronto market yesterday. It might be said that the feature of the dealings was their lack of feature, the total of 1155 shares, exclusive of mining stocks, being well scattered among 23 issues, in only two of which, namely, Consolidated Smelters and Steamships preferred, did transactions reach the hundred-share mark.

VICTORY BONDS STRONG IN MONTREAL MARKET

Montreal, Jan. 13.—Bonds presented more features in total trading today, with a new high record of 102 1/2 for the 1937 Victory issue on the stock exchange, and an advance of a point to 102 1/4 on the buying price for the 1933 Victory issue, thru the special committee notable features. The 1937 issue proved scarce, as the price was bid up, from 102 to 102 1/2, with a couple of broken lots selling 1/4 higher during the afternoon.

CROWN RESERVE'S VEIN MAKES FINE SHOWING

A wire report from Hamilton B. Wills yesterday afternoon, stated that the Crown Reserve vein is better than ever. The miners report that in the round of shot put in on Saturday night almost pure silver was blown out. A new vein was contacted in the cross-cut of the new workings on the 200-foot level, and development of this already has revealed a vein width of three inches, with values averaging about 1000 ounces to the ton, with excellent milling values in the wall rock. The mine management claim these two new veins will add at least another three years of life to Crown Reserve. It is also rumored in the camp that a five per cent. dividend is coming shortly.

FLURRY IN ADANAC ON NEWS OF FIND

Stock Advances Quickly on Heavy Transactions Just Before Close.

A flurry in Adanac in the closing minutes of trading in the afternoon session of the Standard Exchange yesterday injected considerable ginger into an otherwise rather staid and steady market. Adanac, which had closed heavy at 1 1/2, opened strong at 2 1/2, but displayed no particular animation in the morning, and the bulk of the big turnover of 26,500 shares is to be credited to a brief period preceding the sounding of the gong at the afternoon board. Adanac not only sold at 10 1/2-officially at the close, but a sale is reported to have been put thru too late to be regularly recorded as high as 11. It is stated also that there was a bid at the close for 25,000 shares at 10 1/2, so that a firm string opening tomorrow is anticipated. There have been numerous reports of finds on the Adanac of late, but the intimation of yesterday that some of the samples from the new find will run 3000 to 5000 ounces to the ton, appears to have reawakened interest in Adanac to a quite pronounced degree. Also, it is definitely bullish import was the news on Crown Reserve, since latest indications point to the recent discovery being of the same moment at first appeared, and it is calculated in some quarters that the life of the mine may be prolonged several years. Crown Reserve sold yesterday at 85, an advance of a point. Others of the silver group did little to attract attention, although National continued its rise to 12 3/4, a gain of another point.

EXTREMELY RICH ORE IS STRUCK ON ADANAC

Eleven samples of ore from the Adanac are very high grade. One sample, about three inches in width, assays from 2000 to 5000 ounces, said Hamilton B. Wills' office in Cobalt yesterday, adding: "A prominent engineer who has made an examination of the Adanac ore body, reports to me that he believes that they have been drifting along the 310-foot level, just below their ore body, as the two last rounds of shots put in the roof, clearly indicated. I am sending you tonight a sample of the ore."
