CANNOT UNDO FOWLER INSINUATIONS TOO SEVERE TO PASS PREMIER MUST ENQUIRE

It is Expected That Sir Wilfrid Laurier Will Insist on the Charges Being Ventilated to Maintain the Self-Respect of Parliament and of the Government.

COMMENT OF THE PRESS CALLS FOR CLEANING UP

Ottawa, Feb. 20.—(Special).—The political pot is boiling over, the Sir Wilfrid Laurier looked unconcerned over the Fowler incident of yesterday, the most disgraceful occurrence in the Canadian parliament in its history. "What Mr. Fowler said was this: 'If he were attacked as to his private life and he held this term to include his land transaction in the northwest, as brought out in the insurance investigation, he would retaliate against ministers.' Here are his words: 'We will give you the true inside of the Hyman story, too,' and later on: 'If matters in connection with my private business are to be discussed in this house, I shall take an opportunity to discuss the private character of members of this administration and members on the government side; and when I speak of the indisposition of an hon. member, which keeps him out of this house, what it was and how it was brought about, I shall discuss the characters of hon. members opposite, whether they be ministers or private members, and their connection with women, wine and girls.' And further on: 'If you are going to begin that kind of thing I do not propose to be slighted out for such kinds of attack. There are gentlemen opposite living in very thin glass houses. I have taken a little trouble and pains to gather together in my private respect to some of them; and if I am attacked I do not propose to allow any such gentleman to get away with the member for Yale and Cariboo (Ross) to pass without retaliation. Let them attack me as quickly as they like. I am prepared to defend myself, and I am prepared to defend my friends. The only thing I want to do is to get the truth out of this matter, not to get into a quarrel with any of these gentlemen. I am not a quarrelsome man, but I am not a coward. I shall defend myself, and not only defend myself but lead an attack.' The Meaning of It. This means as the Ottawa Journal of to-night and the Montreal Star of to-morrow point out, that Sir Wilfrid Laurier is open to attack, and that the true story of his absence is known to Mr. Fowler, and that it is because of something disgraceful in his private life; next, that other ministers and others on the government side are in the same boat; but that—and this is the remarkable and most unusual parliamentary situation—that Mr. Fowler will only disclose these things if he is attacked. He coolly tells or rather in great heat tells the house he knows them, but that the truth will only come out if he is further attacked. Now this is the thing that creates the situation, and which must compel Sir Wilfrid Laurier to bring the matter up again in the house, and force him to insist on Mr. Fowler making good his charges. Far be it from Sir Wilfrid Laurier to still more serious side of the situation, the public will believe more than ever that a practice has long been not forgotten in parliament of saving off scandal for scandal—that this business has been going on for years. Conclusion. R. L. Borden was out of the house both yesterday and to-day, owing to indisposition, and it is supposed that Sir Wilfrid had back to-day on that account. Sir Wilfrid can challenge Mr. Fowler and can ask for an investigation by a committee or by a commission. Mr. Shepley and Mr. Tilley are here right along in connection with the insurance commission. Outside of parliament affairs there would seem to be quite a squad of members who would like to see "the will" lifted and their seniors move out of their path. It is the most peculiar situation after a long line of strange incidents in parliamentary government in Canada. One keen observer went so far to-night to say it would result in a great house cleaning, another actually keen observer said it would end in nothing. But the end of it is with the people and not with parliament.

ROSS ELECTED MAJORITY 145

West Middlesex Sends Son to take Father's Place in the Ontario Legislature.

Strathroy, Feb. 20.—(Special).—Duncan C. Ross, the Liberal candidate in West Middlesex, and son of Senator G. W. Ross, was today elected over George Stewart (Cons.) by a majority of 145. Contrary to expectations, Strathroy gave Ross a majority of nearly forty.

NOT A SURPRISE

"There is nothing surprising about the result," said Premier Wilfrid Laurier, "and he was not surprised that there were only two years to serve, and the government having to go to a majority did not seem any more."

MINING MEN PROTESTING AGAINST PROPOSED BILL

Suggest as Final Alternative the Appointment of Royal Commission.

A meeting of the Toronto branch of the Canadian Mining Institute, held last night, a resolution was passed, moved by R. A. Craig and seconded by Mr. J. A. Currie, to the effect that the mining taxation bill, now before the legislature, is directly opposed to the interests of Ontario, but also to the general interests of the province. Millions, it is stated, have been invested, from which no profit has been obtained, and the act would prevent further investments, thus affecting farmers and manufacturers, as well as restricting mining operations. The resolution concludes: "The members further believe that at present there is a mining excitement, and that before taking action the legislature should be advised of the facts of the case, which followed the last two Ontario mining booms. In any case, the members would respectfully submit that no action be taken until the mining industry of Ontario has been established on a stable basis, if such legislation as that proposed is considered advisable, the members believe that a royal commission should first be appointed to enquire into the whole question raised by the present bill."

FAMILY FROZEN TO DEATH.

Woman and Three Children in House and Man on Prairie.

Estevan, Sask., Feb. 20.—(Special).—A man named David Trapper has arrived here with news that a farmer named Radcliffe, his wife and three children were frozen to death. Mrs. Radcliffe and the children were frozen stiff with no fuel in the house. Radcliffe and his team of oxen were found frozen to death on the ice in the creek with a sleigh loaded with coal. Radcliffe arrived from England last May.

Winter Ills and Accidents.

Our accident insurance policy covers all the accidents, and all the ills that are likely to afflict suffering humanity in the severe weather. Prevalent illnesses such as typhoid, diphtheria and pneumonia, as well as all the minor ones, are on our list. Also accidents provided for—injuries by falling on slippery walks—and every form of accident, whether sustained in traveling on the city streets, or at home. Small premiums and ample indemnity. A booklet will bring full particulars and terms. Address London Guarantee and Accident Co., 46 King Street West, Phone M. 1642.

Empress Hotel, Yonge and Gould Sts., Sisseton, Prop. \$1.50 and \$2.25 per day. Harper, Customs Broker Melina

GENERAL FUND FOR PENSIONS

Interesting Discussion in Parliament as to the Practicability of Caring for the Degrading Aged.

Ottawa, Feb. 20.—(Special).—Mr. Pringle (Cornwall and Stormont) today spoke to his resolution declaring "that, in the opinion of this house, the subject of improving the condition of the aged, deserving poor and of providing for those of them who are helpless and infirm, is worthy of and should receive the early and careful attention of the government and parliament." Pension schemes were by no means novel in Great Britain and the colonies, he said. Mr. Chamberlain was heartily in favor of the old-age pension. Various royal commissions had examined the subject; one was presided over by the present King. The houses of commons had adopted the principle. That this resolution was popular among the people of Canada was evident, Mr. Pringle submitted, from the various resolutions passed by labor organizations throughout the country. The soldiers of labor deserve a pension, no less than the soldiers of war. The old-age pension had been successfully applied in New Zealand, Australia, Germany, Denmark and other countries. A resolution in favor of the principle was unanimously adopted last year by the parliament of Newfoundland. The average wage for an artisan in Canada was \$29 a year. How could a man rear a large family and accumulate a fortune on that income? Surrounded by Difficulties. Sir Wilfrid Laurier, sympathized with the purpose of the resolution, but the problem was surrounded by many practical difficulties. Would it not be better for the government to pension those who contributed to a pension fund, even though the government should furnish the greater portion of the annuity to be paid? He suggested that the subject stand over until it could be discussed throughout the country. W. F. Maclean (South York) said that the sooner the government took up the subject of state insurance and annuities for the aged the better. This should be undertaken as a business proposition, asking the contributions from the beneficiaries of the pension. Sudden Respect for Rights. Mr. Laurier stated that Mr. Pringle's scheme would run up against the B. N. A. Act. Charity was a provincial matter. Could this parliament deal with it? Mr. Verville (Labor, Montreal) favored the resolution. Having investigated the matter, he said that in Montreal, he announced that a working man, with a wife and family of three, could not live properly for less than \$40 a year. He had seen a man who earned 300 days of the year, he must earn at least \$180 a year. Mr. Jerome questioned her as to how she spent nearly the entire afternoon trying to make Mrs. Thaw reply that this was true and in as many ways as she put the question to her, she gave the answer, "Don't remember." Mrs. Thaw's inability to remember a number of other things about which Mr. Jerome questioned her was far the most material element in the cross-examination. The district attorney delivered into the witness' past life with a familiarity as to details and general knowledge that at times seemed to amaze all who heard it—not excepting the defendant's counsel. In his questioning that he had no disposition to spare Mrs. Thaw's feelings in any way whatsoever. He interrogated her most pointedly as to her male acquaintances of the past. He laid special stress upon her acquaintance with James A. Garland, who figured for the first time in the case. Mrs. Thaw said she knew Garland before she met White. "Weren't you named as co-respondent in the Garland divorce case?" asked Mr. Jerome. Mrs. Thaw was shaking her head when Mr. Delmas sprang to his feet with an objection. He demanded that the record of the divorce case be brought into court that it might speak for itself. Justice Fitzgerald overruled the objection, but Mr. Jerome withdrew the question. The Posee. Mr. Jerome questioned the witness about her manner of posing for artists, and brought from her a denial that she ever posed in the nude. Mr. Jerome insisted on details on the subject, and she said she had no photographs of Mrs. Thaw were in evidence. "Was there any exposure of the per-

JEROME SPRINGS SURPRISE MENTIONS A DIVORCE CASE

Wants to Know if Mrs. Thaw Was Not a Co-Respondent—Payments of Stanford White Enquired Into, But the Witness Doesn't Remember.

New York, Feb. 20.—In continuing to-day his cross-examination of Mrs. Evelyn Nesbit Thaw, at the trial of her husband, District Attorney Jerome brought out that in 1902 Stanford White deposited the sum of \$1800 with a New York trust company, with instructions that it be paid to the Nesbits at the rate of \$25 a week. Mrs. Thaw frankly admitted receiving a number of cheques from the trust company, but she would not admit that there was a provision that she should receive the money only when out of employment. The prosecutor spent nearly the entire afternoon trying to make Mrs. Thaw reply that this was true and in as many ways as she put the question to her, she gave the answer, "Don't remember." Mrs. Thaw's inability to remember a number of other things about which Mr. Jerome questioned her was far the most material element in the cross-examination. The district attorney delivered into the witness' past life with a familiarity as to details and general knowledge that at times seemed to amaze all who heard it—not excepting the defendant's counsel. TRAIN WRECK NEAR WINDSOR

Passenger Train Stalled in Snow—Is Crashed Into by Another—Several Passengers Injured.

Windsor, Feb. 20.—(Special).—In a blinding snowstorm, Wabash passenger train No. 13, bound from Buffalo to Chicago, crashed into another passenger train one and a half miles west of Belle River, 16 miles east of Windsor, about 4 o'clock this afternoon. Neither train was much damaged. No. 3 was "stalled" in the snow and the crew of No. 13 saw there were no signals displayed at the rear of the snowbound train. Engineer George H. Elvey, 15 Aylmer-avenue, Windsor, in charge of No. 13, was jammed against the side of his cab, but escaped with slight injuries. His freeman was also lucky, escaping with a few cuts and bruises. Upwards of a dozen passengers on both trains were more or less injured, but none fatally; some sustained broken ribs and dislocated shoulders. Dr. J. A. Ashbaugh, Wabash surgeon at Windsor, went to the scene of the wreck on an auxiliary train, which left Windsor at 6 p.m. He was able to give temporary aid to all.

PROVINCIAL RIGHTS

Ottawa, Feb. 20.—Seen in reference to the bill by Hon. J. S. Hendrie in the Ontario legislature in regard to the control of companies chartered in the Dominion government to keep within its constitutional limitations as it is for the provincial governments to do so. Provinces should not incorporate companies intending to carry on a business beyond the limits of the province and the Dominion should not incorporate companies whose business will be purely provincial. The line between the two is clearly drawn by the British North America Act. Oscar Hudson & Company, Chartered Accountants, 5 King West, M. 4768

Mr. Jerome insisted on details on the subject, and she said she had no photographs of Mrs. Thaw were in evidence. "Was there any exposure of the per-

WHY ANDREW MARTIN PARTED WITH HIS CASH AND WHAT A TRIO DID TO EARN THE MONEY.

That Thomas Jones, contractor, of Manning-avenue, and F. P. Brazill, got \$500 from Andrew Martin, former proprietor of the Parkdale Hotel, to use, as he believed, in influencing the license commissioners to let him the hotel transferred back, was admitted yesterday. Some weeks ago Martin entered suit for a recovery of the \$500. At that time Both Jones and Brazill emphatically stated that they knew nothing whatever of the \$500, and said they would sue Martin for libel. To Commissioners Starny, Andrew Martin yesterday told his story. He had been proprietor of the Parkdale Hotel for 10 years. In the last five years Wm. A. Ball had been his manager at \$30 a week, and in active charge of the hotel. During the last year Martin had made \$15,000 profit, and had a surplus of \$10,000 for many years. Witnesses decided to retire, and offered the hotel to Ball for \$25,000. His own brother had offered him \$33,000. The board cut his price down to \$18,000, demanding \$11,000 to be spent in repairs. Finally he was allowed \$20,000. Ball was to pay \$12,000 in cash and \$17,000 in a mortgage. The money was to come from Reibman's, a well-known Dominion Brewery. Ultimately he took \$30,000 in cash. Mr. Starny: "Did you any talk with Jones and Brazill? Who are they?" "Jones is a brick contractor and Brazill is an agent for \$5000. I told them of the trouble with the hotel. He thought they could fix things. Jones said he had been a partner with License Inspector Purvis." Give Them \$500. A sum of money was mentioned, and Martin gave them \$500 down and a promise of \$1500 when the "influence" succeeded. "Did you learn where the money was to go?" "To the commissioners." "He didn't know an 'awful lot' about Jones and Brazill, and he didn't question them?" "Continued on Page 5"

RANCHERS' LOSSES NORMAL.

Winnipeg, Feb. 20.—Martin Woolf, one of the best known ranchers of Gardston, Alberta, was in the city today on the way to Ottawa, where he is to interview several of the ministers in reference to matters which concern ranchers and others in Southern Alberta. Speaking of the condition of the ranchers in his district, Mr. Woolf stated that the losses of the ranchers had not been in the least degree above the normal. The average loss thru the district would not reach five per cent, a loss which the ranchers in Southern Alberta figures on in each year.

FOR THE RAILWAY.

The site on the corner of Front and York-streets that was purchased for a hotel, may be taken over by one of the railroads for offices for themselves and some of their allied interests. This is the latest news in real estate circles.

WOMAN'S WORLD.

Women in the Canadian West. This is the age when women all over the world are striking out for themselves in the desire to earn their own living and acquire a comfortable independence.

A new publication of the Canadian Pacific Railway called "Home Life of Women in Western Canada," gives truly marvellous accounts of the wonderful things accomplished by women with no capital, except brains and energy.

The book, quite apart from its value as a source of information, and may be obtained by sending a two-cent stamp to W. T. Robson, C. P. R. offices, Montreal.

Adverse weather conditions prevented the customary large attendance at the Nurses' Club last evening, and those who did not attend missed some very instructive discourses.

Miss McIntosh of the Toronto City Mission dilated on municipal affairs in a very masterly style. She recommended as a solution of the housing problem, the building of houses on all vacant city property, either by the city or a reliable syndicate.

Miss Carsons of the Evangelical House gave an address on "Settlement House, its Aims, Purposes and Ideals," dealing with the importance of instructing girls in the art of sewing and domestic science, as well as developing their social and religious tendencies.

The regular meeting of the Rosedale Travel Club will be held this evening at the residence of Mrs. Walker, 12 Pine Hill-road.

Mrs. Frank Weisman has arranged a program of French composers for the meeting of the Women's Musical Club to-day, in which Miss Florence Turner, the Misses Lena and Nora...

The following gentlemen were invited to dinner by Hon. Speaker St. John Wednesday night: Sir William, Merrett, Hon. Chief Justice Moxe, Sir William Mulock, Hon. Justice MacLaren, Hon. Justice MacMahon, Hon. Justice Garrow, Hon. Justice Teetzel, Hon. Justice Anglin, Justice Edward Morgan, Rev. Vicar General McCann, Rev. Canon Cody, Rev. Dr. Briggs, Rev. Dr. Fotts, Hon. W. A. Charrton, Hon. Geo. E. Foster, M. P., B. Osler, M. P., and Miss Lillian Allan on Saturday from Montreal.

WOMAN'S WORLD.

Miss Edith Cochran leaves in March for Boston and Providence to say some visits before starting on a Mediterranean trip with her father and mother and Mr. and Mrs. Muldrew. The party will sail on March 16.

Miss Nora Denison of Winnipeg is the guest of her fiancée's mother, Mrs. McCurray, in Brunswick-avenue.

The engagement is announced of Miss Ella Troughton of Brampton to Mr. R. James Speers of Battleford, Sask. The marriage will take place on Feb. 27.

Mrs. Robert Carter will leave on Thursday for England, to spend Easter with her mother.

The officers and members of the Girl Old Boys' Association of Toronto have issued invitations for their at-home, to be held in the Temple Building, this evening.

Lodge Bristol No. 90, S.O.E.B.S., held an at-home Tuesday evening. Refreshments were served and the evening enjoyed by 150 members and friends.

The annual ladies' social of the Toronto Yorkshire Society took place in the Sons of England Hall Tuesday evening. J. Carter presided. A commendable program was rendered by the following talent: The Yorkshire Musical Union, conducted by Charles Fisher, W. H. Warrington, J. Scott, J. Wheeler, Mr. and Mrs. Nicholson, Master Becker, C. Fisher, I. Quinton, H. Lant, Master Clark, G. Cadman, H. Young and E. Green of Walsall, England.

Mr. L. H. Bowerman sailed by the Canadian steamer Calumna, on Saturday, 18th, for New York, for a trip to Europe.

Mrs. J. O. Miller of St. Catharines is the guest of Mrs. Murray Alexander in the St. George.

WOMAN'S WORLD.

Mrs. Bernard Hughes has returned from Montreal.

Mr. Roy Wood of the Royal Warwickshire leaves for England this week to rejoin his regiment.

Miss Wilson, who has been the guest of Mrs. Sidney Small, has returned to her home in Washington.

Mrs. Eaton and Mrs. E. Y. Eaton leave on Monday for Atlantic City.

Mrs. James Gordon Keenan of 38 Madison-avenue, who has recently returned from the south, will receive on Thursday of the week.

Mrs. J. W. Leonard will receive on Thursday for the last time this season.

Mrs. G. W. Parsons of 43 Howland-avenue, will receive on Thursday the Fourth Friday in March.

Mrs. Edward Wheeler of 462 Bathurst-street will not receive again this season.

Miss Edith Macarthur, London, is visiting Mr. and Mrs. Huntley-Rosedale, and will receive with her Monday, 25th inst.

WOMAN'S WORLD.

Owing to her serious illness Mrs. E. S. Cummer of 38 Givens-street will not receive again this season.

Mrs. A. T. Gilbert, 1131 Brunswick-avenue, is spending two weeks at the Welland, and will not receive again until the third Thursday in March.

DECLINE OF THE ZENANA. At the very moment when the loudest clamor is being made not only for the revival of Indian arts and industries, but for the preservation of all the Indian social customs, the most deep-rooted custom of all the zenanas, is, says The Calcutta Englishman, rapidly disappearing.

Is Disease a Crime? Not very long ago a popular magazine published an editorial article in which the writer asserted, in substance, that all disease is a crime.

It would be harsh, unympathetic, cruel, yes, criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weakness, various displacements of pelvic organs and other derangements peculiar to her sex.

Fatal Stabbing in Prison. Plattburgh, N.Y., Feb. 20.—Francisco Ruffo of Westchester County last night was stabbed fatally by Michael Yocov of New York in the Danmore Prison hospital. Both were serving sentences for murder. Ruffo for 20 years and Yocov for life. No cause for the killing is known.

Single Fare to Ottawa. Regular tickets from all Ontario stations east of Toronto will be sale over the Canadian Pacific Railway to Ottawa, at one-way fare, account the Live Stock and Poultry Show to be held there early next month. Going dates on tickets, March 5 and 6, return limited March 9. Obtainable at all C.P.R. ticket offices and stations.

French Cruiser Ashore. Paris, Feb. 20.—The French cruiser Jean Bart is ashore off Galla Point on the western coast of Morocco, and will be a total loss. Her crew got ashore safely.

RECOMMENDS HIGHER SALARIES. In submitting his report to the Victorian Board of Education on Monday, Superintendent Ferrier said there was a great need for securing the best obtainable officers for the schools. He recommended increased salaries at once.

THE RAILWAYS AND THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

Sixty-fourth Article. One of the weakest editorials we have yet read in connection with the shortage of cars is that published in The Globe yesterday and which was evidently written in an attempt to defend which would have the effect of relieving the stringency.

It does not seem at all clear from the terms of the Railway Act that the commissioners have, in dealing with the shortage of rolling stock, including engines as well as cars, all the power it is desirable they should have.

The notice served upon the railways by the chairman of the board of railway commissioners undoubtedly due to the demand of the press through the country for immediate action with regard to the car shortage.

Animals Killed. James Yeates, a farmer of Lambton County, in September last had three cows and a horse killed on the G.T.R. Co's tracks.

Must Answer. W. Wallace Morency has an action pending against Arthur T. Wilgess, proprietor of The Brockville Times, for libel.

of a dual or competitive telephone system?

A.—Affirmative, 51; negative, 3.

Q. 2.—If one telephone system would give low rates, excellent service, a development of the general usage of the telephone, and fair treatment, would you advocate dual systems?

A.—No, 49; yes, 5.

Q. 3.—Do you believe that a monopolistic, private-owned corporation would do this without the prod of competition?

A.—No, 51; yes, 2.

Q. 4.—Which system of telephone do you use the most?

A.—About equal.

Q. 5.—Did the Bell Company give a poor service, charge exorbitant rates and allow the industry to stagnate prior to competition?

A.—Affirmative, 48; negative, 6.

Q. 6.—Do you believe that the Cuyahoga Company, since their advent in 1906, has improved the conditions in general?

A.—Affirmative, 53; negative, 1.

Q. 7.—Do you believe that by competing with the Bell Company, they have developed the industry and promoted the general usage of the telephone?

A.—Affirmative, 59; negative, 4.

Q. 8.—Do you believe that a business or professional man having two systems of telephones increases his possibilities of business?

A.—Affirmative, 45; negative, 9.

Q. 9.—As far as you know, did the Bell Company, prior to competition, have developed the industry and promoted the general usage of the telephone as a public-service utility?

A.—No, 43; yes, 0; 11 could not answer.

Q. 10.—Do you believe that the rural population of the telephone is a factor in the national civilization and the prosperity of the country at large?

A.—Affirmative, 54; negative, 0.

Q. 11.—Do you believe that competition will promote the usage of the telephone pro-rata to the population of a city?

A.—Affirmative, 52; negative, 2.

In Nashville.

In harmony with the thought suggested in question 12, it is interesting to make a comparison between this city and one other where the trust has a monopoly.

Nashville, Tenn., with a population of approximately 90,000, where the trust has a monopoly, has about 4,000 instruments in use.

The Bell Company is about \$30,000 from a standpoint of telephone usage, this is a ratio of about 1 to 20.

Cleveland, with a population of more than 400,000, has 50,000 telephones in use, and allowing for a 15 per cent. duplication, there is a ratio of about 1 to 10.

rate comparisons between the two cities, one with competition and the other with a monopoly, are absurd. A remarkable comparison in rates actually paid, as before competition and after, was called to the attention of The World correspondent during his canvass thru the office building above mentioned.

THE LICENSE ENQUIRY.

Continued From Page 1.

tion them any about what they did with the money.

"Did you ask Jones to return the money?"

"But he said over the phone one day that Brazil had not returned the money."

"What was to prevent them using the money themselves?"

"I guess that was what they did."

He said he had paid the money over to Jones, who turned it over to Brazil.

Jones wanted to give him a receipt, but Brazil thought it was not wise.

He had issued a writ to recover the money, but had called the suit off, concluding it was throwing good money after bad.

"In the afternoon he produced his bankbook and cheques, but the \$500 cheque was missing."

Underwood

Are you using an Underwood or only an imitation? There are several of them on the market. Occasionally they find purchasers, in the course of a month these purchasers ask us to take over their machines, mechanically crude and generally unsatisfactory, and replace them with Underwoods.

We could not afford to do it. This Company has built up an annual business of nearly half a million dollars by selling to Canadians the best typewriter made. It is a Canadian Company—not a branch office—backed by Canadian Capital.

It is for your interests even more than for our own that we say "Don't buy an imitation."

BAD LEG FOR A YEAR. CURED IN A FEW WEEKS. Mrs. Geo. C. Taylor of Goodwood (Ont.) says: "My little boy eight years old had a bad leg. It was all broken out and very painful."

SEVERE BURNS HEALED. Mr. Alf. J. Clark, of London (Ont.), whose photo we give, was cured of burns so deep that the blood ran from them, by Zam-Buk.

ZAM-BUK WILL CURE eczema, face rashes, ulcers, abscesses, cuts, bruises, chapped places, running sores, pointed wounds, chronic sores, etc.

Vertical text on the right edge of the page, including "First Day's Classes at the" and "The Ontario exhibition" and other fragments.

HORSE SHOW OPENED COMPETITION IS KEEN

First Day's Awards in Several Classes at the Exhibition at the New Market.

The Ontario Horse Breeders' Association exhibition, which opened yesterday in the St. Lawrence Market buildings, did so under circumstances the most auspicious.

At a o'clock Hon. Nelson Monteth, minister of agriculture, declared the fair formally opened.

In the imported Clydesdale stallion class there were five entries and the competition for the coveted red ticket was keen.

The first-award went to "Prince of Gladstone," a splendid bay stallion bred by John Lewis of Malvern, Ontario.

The prize winners were: Smith and Richardson, "Columbus," 2; Hamilton and Hawthorne, "Simcoe," 3; "Castle King," 3; E. G. Boag, "Barrie," 4; T. H. Hoad, "Milkbrook," 4; "Caldwell Prince," 5; Ambrose Lewis, "Ringwood," "Adam Bede," 6; O. Sorby, "Guelph," "Prince Victor," 7; J. D. Elliot, "Galt," "Gallant Barrie," 8; J. W. Loyes, "Bethany," "King Alfred," 9.

In the Canadian bred Clydesdale and Shire stallions there were thirteen entries. The type of animals shown was among the best ever seen in the city.

The Hackneys were a fine lot, and the probably the greatest interest of the day. As in other years Graham Bros. of Clearmont were the largest exhibitors.

The Hackney stallions, 15 hands, 2 inches and over, foaled previous to Jan. 1, 1904—O. Sorby, "Guelph," "Scotch Hazel," 3; J. B. Hodge, "Weston," "Samuel Smiles," 4; Graham Bros., "Baltimore," 1; Guelph Bros., "Baltimore," 2; O. Sorby, "Guelph," "Scotch Hazel," 3; J. B. Hodge, "Weston," "Samuel Smiles," 4; Graham Bros., "Baltimore," 1; Guelph Bros., "Baltimore," 2.

In the standard bred stallions, "Arley A," owned by Crow and Murray of Toronto, took first honors, and "Fritz Elgin," owned by Hugh Scott, second.

As the agreement not to use Adamson backed out, Cosgrave was recalled by Mitchell. He said you were to endorse "the cheque" and he had the cheque in my pocket. You never arrange or agree to a memorandum.

How much longer will the traveling public of Ontario submit to the overcharge at present imposed?

The Canadian Pacific Railway advertising department has issued a booklet on "Western Canada," which contains a lot of valuable information on that great and growing country.

A section of the book is devoted to New Ontario, in which are described its wonderful possibilities.

A readable portion is devoted to letters from settlers who have made a success of it in the boundaries and fertile west.

The booklet will be mailed free to anyone on request to the C.P.R. Advertising Dept., Montreal.

THE TORONTO GENERAL TRUSTS CORPORATION.

Twenty-fifth Annual Meeting

The Twenty-fifth Annual Meeting of the Shareholders of The Toronto General Trusts Corporation was held in the Board Room of the Corporation on Wednesday, the 20th February, 1907.

There were present: W. R. Brock, John Hoskin, K.C.; Sir Aemilius Irving, E. T. Malone, Robert McKay, Hon. S. C. Wood, Alex. Nairn, Richard Foster, Frederick Wyld, W. G. Gooderham, W. D. Matthews, Alex. Smith, J. W. Langmuir, Peter Freyseng, D. R. Wilkie, D. Merritt, Samuel Nordheimer, J. F. MacLaren, A. S. Hardy, A. L. Malone, Frank Maclean, A. D. Langmuir, A. E. Gooderham, E. Galley, Hon. J. J. Foy, Hon. Senator Jaffray, Col. Stimson, J. G. Scott, Henry Gooderham, H. J. Wright, William G. Watson, F. W. Harcourt, Britton Osler, John Paton, Ernest Argles, C. E. Robin, H. Forbes, T. J. Maguire, H. B. Hodgins, J. H. Moss, R. C. Hewetson, N. T. Kelly.

The President, Dr. Hoskin, took the Chair, and Mr. A. D. Langmuir, the Assistant Manager of the Corporation, was appointed to act as secretary.

The Directors of the Corporation were pleased to have the pleasure in submitting their Twenty-fifth Annual Report, to which is appended the usual financial statements giving the result of the Corporation's transactions for the year ended 31st December, 1906.

The new business assumed during the past year is the largest in amount of any one year in the history of the Corporation, with the exception of 1905, which was abnormally increased by the taking over of one estate exceeding five million dollars.

The revenues of the Corporation and the sources from which they were derived, together with the charges against the same, are plainly set out in the Profit and Loss Statement herewith submitted.

The net profits for the year, after making provision for every ascertained or estimated loss, are \$156,988.85, which includes a balance brought forward of \$5,660.76, as compared with \$119,732.31 (including a balance brought forward of \$11,271.20) in the preceding year.

Your Directors announce with much regret the death of two of their colleagues during the past year, viz. Dr. J. W. Digby of Brantford, and Mr. William Hendrie of Hamilton.

All which is respectfully submitted.

ASSETS AND LIABILITIES STATEMENT. 31st December, 1906.

Table with columns for Assets and Liabilities. Assets include Mortgages on Real Estate, Bonds and Debentures, Loans on Stocks and Bonds, Real Estate, Office Premises and Safe Deposit Vaults, Sundry Assets, Cash on hand and in Banks, Trust, Guarantee and Agency Accounts, Trust Estates and Agencies, Capital Account, and Western Canada. Liabilities include Capital Stock fully paid, Reserve Fund, Dividend No. 50, Profit and Loss, Sundry, Trust, Guarantee and Agency Funds, Trust Estates and Agencies, and Profit and Loss.

Year Ended the 31st December, 1906.

Table with columns for To and By. To includes Salaries, rents, Provincial tax, all office expenses, Toronto, Ottawa, and Winnipeg, To Fees paid, To Commission earned, To Net Profits, To Balance carried down. By includes Balance brought forward, Less amount voted by shareholders, By Commission earned, By Net Profits, By Balance carried down.

Table with columns for To and By. To includes Dividends Nos. 49 and 50, To amount written on safe deposit vaults, To amount of office furniture account, To amount of office building at Toronto, To amount carried to Reserve Fund, To Balance carried forward. By includes Balance brought down.

We, the undersigned, beg to report that we have made a full examination of the books, accounts and vouchers of The Toronto General Trusts Corporation to the 31st December, 1906, and find same to be correct and agree with the books of the Corporation and the books of Profit and Loss.

We have also examined the Reports of the Auditors of the Winnipeg and Ottawa Branches, and find that they agree with the Head Office books.

The President, Dr. Hoskin, in moving the adoption of the Report, said: It gives me a great deal of pleasure to move the adoption of the Report which has just been read (first), because it is a most satisfactory one in every respect and (secondly), because this meeting marks the close of a quarter of a century in the history of the Corporation.

The Corporation was established on the 3rd February, 1882, and of the nineteen charter Directors then appointed ten have died, four have resigned and only five of the nineteen now remain on the list.

With the immense mass of business in our hands it would not have been at all surprising if the Corporation had to meet a great deal of litigation, including actions against the Corporation itself.

Need I again say to the shareholders, and through them to the public, that I am proud to have been associated with the Corporation from its establishment, to transact only business coming within the duties of an executor, administrator, trustee, investor and work of a kindred character, as well as agents of persons holding these fiduciary positions.

I have therefore pleasure in moving the adoption of the Report, seconded by the Honorable Mr. Wood, leaving it to the Managing Director to address you on general matters connected with the Corporation.

MANAGING DIRECTOR'S ADDRESS. Mr. J. W. Langmuir, the Managing Director, being called on, said: As the Annual Meeting of the Shareholders on this occasion marks the twenty-fifth anniversary in the history of The Toronto General Trusts Corporation, I may be permitted as one of its founders, as well as Managing Director, to very briefly review its career for the past quarter of a century.

The Corporation was called into existence in 1882 to provide a much-needed and important link in the chain of our monetary institutions in Canada.

In its initial efforts to educate the public to adopt the corporate instead of the individual system of estate and trust management the Corporation had to contend against not a few old established methods, both of a legal and fiduciary nature, which had prevailed in estate management from time immemorial.

It has been truly said that confidence is a plant of slow growth, and the trite saying is peculiarly applicable to the growth and progress of a trust company.

The Corporation has entered the wide field of banking, promotion, underwriting and general financial work, as is done by nearly every trust company in the United States and not a few in Canada.

It should be stated that the abnormally large increase in the quinquennial period ending in 1901 was due to the taking over of about \$4,000,000 assets by the absorption of the Trust Corporation of Ontario.

The foregoing only includes the actual assets dealt with. If to this the interest and revenue derived from these assets be added, which properly may be done, the aggregate dealt with for the twenty-five years would amount to \$69,787,762.88.

Another evidence of the growth and progress of the Corporation is exhibited by the large increase in the interest and rents derived from all

assets, and also in the net profits of the Corporation in both cases shown in quinquennial periods as follows.

Table with columns for Interest and Rents, and Net Profits. Rows show data for first five years, second five years, third five years, fourth five years, and fifth five years.

When these figures and statements are carefully examined I think you will agree with me that I am fully warranted in making the statement that the Corporation has acquired, and now holds, the confidence and appreciation of the public in fulfilling the duties for which it was brought into existence.

It is sometimes stated that the Corporation has already more business than it can properly attend to. There is not the slightest foundation for such a statement. Never in our history has the Corporation been better equipped for the prompt and effective management of every interest, whether large or small, that may be committed to its care.

With respect to the operations of the Corporation for the past year, they are set out with so much detail in the annual report and statements which have just been read that I need not take up your time with any extended comments.

Before closing I desire to express my thanks to the staff of the Corporation, both at the Head Office and the Branches, for the zealous and efficient manner in which they have performed their respective duties.

The following Shareholders were elected Directors: John Hoskin, K.C., L.L.D., Hon. S. C. Wood, W. H. Beatty, John L. Blakie, W. R. Brock, Hon. J. J. Foy, K.C., M.P., E. G. Boag, D. Merritt, Thomas J. Lons, W. D. Matthews, Hon. W. C. Edwards, Hon. Peter McLellan, E. B. Oler, M.P., J. G. Scott, K.C., Sir Aemilius Irving, K.C., Hon. Robert Jaffray, N. E. Walker, D. R. Wilkie, Albert E. Gooderham, Frederick Wyld, Samuel Nordheimer, Arthur C. Hardy.

BUSINESS DIFFICULTIES. Toronto Casket Co. Have Assigned After 15 Years in Business. The Toronto Casket Co. have assigned to Clarkson & Cross. The firm have been in business for 15 years, during which time the prices of raw materials has advanced 40 per cent with no advance in prices to the trade.

The stock of P. M. Anderson & Co. tallies and general furnishings has been sold at 65 1/2 cents on the dollar. The value of the stock was \$384,913. The liabilities are about \$200,000, with a few more accounts to come in.

One of the most singular recorded instances of the apparent fulfillment of the prophecy of the Bible, the story of the Earl of Egmont, the original possessor of the Cowdray property, belonged in the days of the Reformation to the Catholic Church.

The tragic fulfillment of the double curse of "fire and water" was such a severe blow that no effort appears to have been made to preserve the ruined mansion from further damage, or to restore it in any way.

Methods of advertising was next taken up and the general conclusion was that in a district having a number of fall fairs all the societies should act in concert, having their shows in rotation and advertising all the shows with their respective dates on one common poster.

William Laidlaw of Guelph advocated that the secretary of the societies should carry out the details of his executive plan. In a large organization there should be a superintendent of each department.

Some delegates from the societies could not have carried on their exhibitions successfully and kept out of debt except by the attractions they offered in the way of horse racing, but the general consensus of the meeting seemed to favor the elimination of the latter practice.

Most of the delegates in each particular district, and in addition, shows of the kind mentioned would bring buyer and seller together.

Result of Fairs. Philadelphian, Feb. 27. As the result, it is alleged, of a feed of long standing, Dewson (Hoop) secured the first shot and killed wounded Charles W. Hall, the well-known German town cricket player, at Amble, a snook.

PROF. WINGREN'S ELECTRIC INSOLE. They wear the Feet and Legs, cure Rheumatism, Sciatica, and all other ailments of the feet and legs, and all other ailments of the feet and legs, and all other ailments of the feet and legs.

BETTER MAIL DELIVERY WANTED AT COBALT

Revenue From Mining P.O. Now Running \$180,000 a Year, But No Sunday Mail.

Cobalt, Feb. 20. (Special.)—The monthly revenue of the Cobalt post-office amounts to \$15,000, or \$180,000 a year.

Latchford, Halleybury, New Liskeard, and particularly New Liskeard, are also important distributing points for mail matter.

The boom in the north means urgent demand for better postal facilities.

Thousands of dollars' worth of business is done every week north of North Bay, but from Saturday at noon until Monday at a similar hour business at the postoffice is at a standstill.

No mail matter goes out from all these towns. Little towns in Old Ontario have a Sunday mail, and possibly a dozen times a week.

Cobalt 2000 letters are received daily and the number of papers and magazines is enormous.

If there were a mail on Sunday coming in and going out the congestion in the postoffice on Monday would be avoided and the public would also benefit.

The attention of the Dominion authorities should be directed to this subject in view of the fact that the demands of a great and prosperous community, The Temagami can no longer be neglected.

Strike on Nova Scotia. The recent strike on the Nova Scotia occurred at the lower level in the drift from Shaft No. 1 to Shaft No. 2.

They ran into a vein at this depth that had been worked on the surface and the same rich values were found.

A consolidation of the B. & C. Central, Colonial and one or two other properties is being talked of. In the absence of a more satisfactory information is obtainable.

A strike of gold is reported from Boston Township near Shaft No. 1 to Shaft No. 2.

ESTABLISHES A RECORD ON THE DEVELOPMENT

Manager of the Cobalt Central Mines is Doing Things on the Various Claims.

Cobalt, Feb. 20. (Special.)—If the ordinary Torontonian wishes to be astonished, he should visit the Cobalt Central properties, which lie two or three miles east of the Town of Cobalt, and witness the activity that daily transpires under the direction of the wizard, J. H. Elmer, the mine's manager.

Already Mr. Elmer has established a record that will probably never be broken in the Cobalt district. It is only two months since his advent into the country, and in that time he has equipped and developed a property and shipped to market a quantity of silver worth \$100,000.

Two Cars of Rich Ore. At the moment of writing the shaft on the Big Pete is down 12 feet and from this level drifts 80 to 100 feet long into 12-inch diabase, carrying a very high percentage of silver.

The new shaft is just the two carloads of rich ore have been taken for shipment to market and it goes on these drifts will gradually eat their way into the great diabase mountain, which is situated on the west side of Cobalt, and west from the hands of which a treasure which she has held and hoarded so long.

The new shaft is just the two carloads of rich ore have been taken for shipment to market and it goes on these drifts will gradually eat their way into the great diabase mountain, which is situated on the west side of Cobalt, and west from the hands of which a treasure which she has held and hoarded so long.

SMOOT HOLDS HIS SEAT.

After Three Years of Fighting Utah Senator Can Stay.
Washington, Feb. 20.—The committee resolution to unseat Senator Smoot as amended, was defeated by a vote of 28 to 42. The vote ended a contest against the Utah senator of three years' standing.

Every available seat in the senate gallery was occupied during the voting and the floor was crowded with members of the house of representatives and employees of the senate. At the conclusion of the voting, Senator Smoot was given a reception in the Republican cloak room.

KINGSTON CONSERVATIVES.

Kingston, Feb. 20.—(Special.)—The annual meeting of the Kingston Conservative Association took place this evening. The following officers were elected: President, Dr. A. Ross; first vice-president, Ald. L. Henderson; second vice-president, Ald. T. J. Rigney; third vice-president, George Hentig; fourth vice-president, John Sedley; secretary, H. H. Thompson; treasurer, Geo. Groves; and D. A. Shaw, treasurer, Geo. Sears.

Resolutions expressive of confidence in R. L. Borden and Premier Whitney were passed.

"THE HOUSE THAT QUALITY BUILT."

Notionate Neckwear Needs—Nice, Natty and New

That's what a gentleman may read into our collection every day in the year.

We don't buy haphazard—we have the silks spun and woven to our own exclusive patterns—and no matter when you come or how often you come you find just such a complete stock as gives you pleasure to select from.

50c—75c—\$1.00—\$1.25—\$1.50—\$2.00.

A hint—We are making an early display of new spring suitings and overcoats—next month is Easter month.

YORK COUNTY AND SUBURBS CLIMBS FENCE WITH RIFLE MEETS AN UNTIMELY DEATH

Robert McKnight, Aged 18, of Downsview, Instantly Killed—Strike at Saw Mills.

Downsview, Feb. 20.—Robert McKnight, the 18-year-old son of J. McKnight, was instantly killed shortly after noon today by the accidental discharge of a 22-calibre rifle, which he had taken out with him to practice at a target. Deceased, who worked at Moffatt's Stove Foundry at Weston, went to work as usual this morning but as the works were closed down owing to the death of a member of the firm, he purchased some cartridges and went home, where he secured the rifle. In passing over the road from the Downsview general store, he was warned to be careful of the rifle by a passerby. Shortly after a shot was heard and those within hearing ran out and saw McKnight lying on the ground, dead. In getting over a fence the rifle had been discharged, no doubt having been allowed to drop rather heavily on the butt.

The bullet had entered the breast at the level of the heart, and struck the lungs and liver, and was subsequently removed. An examination, decided that an inquest was unnecessary. The remains were subsequently removed to the family residence by Undertaker Speers of Toronto Junction.

York Mills.
When driving north on George-street in the city yesterday afternoon, the hay wagon of John Moriarty of York Mills was struck by an east-bound Broadway car. Moriarty was thrown out, but sustained no serious injury. The horse ran away, but was afterwards caught.

Mississauga.
Miss Behan "Norfolk Lodge, has returned home after visiting her sister, Mrs. A. L. Gordon, "Knobby," Cooksville.

Mrs. Hassard, widow of Thos. Hassard, who was superintendent of the industrial school some years ago, has given up her house in Toronto and gone to make her home with her daughter, Mrs. Alex. Reid of Detroit.

Mississauga.
Mrs. Hassard, widow of Thos. Hassard, who was superintendent of the industrial school some years ago, has given up her house in Toronto and gone to make her home with her daughter, Mrs. Alex. Reid of Detroit.

Toronto Junction.
Toronto Junction, Feb. 20.—There was a complaint from number of passengers on a Dundas-street car this morning when they got to the Junction that they had to transfer at the sheds.

Another case of where a sprinkling of sand on the icy sidewalks would have diverted an accident was when Mrs. Kelley fractured her arm by a fall on Maria-street.

The death occurred last night of Mrs. Clara Martin of 229 West Dundas-street. She was 23 years of age and was of a delicate constitution. Her funeral will take place on Thursday afternoon at 2:30 o'clock to Prospect Cemetery.

The Toronto Junction Gun Club held their regular fortnightly shoot, on the Lambton Grounds today, the scores being as follows:

Vivian	10	10	20	10	15
Giles	8	8	22	8	12
Shelley	7	6	13	7	9
Thompson	6	6	12	6	8

Roberts	7	7	14	7	9
Hardy	19	19	38	19	28

The Collegiate Institute met to-night to consider an act to amend the High School Act, by which 80 per cent. of the maintenance of the high school is appointed a committee to propose the amendment: Capt. Ross, J. Patterson, Dr. Clendenan, R. L. McCormick, H. E. Irwin, P. Leighton, with power to add. A communication was received from St. Mary's asking the board to assist with them in opposing the amendment.

The snow-to-night was the cause of considerable trouble to the street railway service. Hundreds of passengers were waiting at the corners, and six cars were stalled between Humber-street and Keele-streets.

Summerville.
Summerville, Feb. 20.—A strike occurred in the Lamb and Harris saw-mill at Summerville on the right bank of the Etobicoke Creek. There are seven men employed in this mill, which is cutting in the neighborhood of 8000 feet of lumber per day. The strike was of an impulsive nature. After the employees deliberated for an hour or two on Saturday night, a work was over they concluded to strike. The proprietors did not know morning, and since then have been trying to engage strikebreakers, but at present all they can possibly do is a little edging. The cause of the strike was the employees did not think they were receiving a sufficient remuneration, and on Monday morning they asked for more and they were told to go somewhere else and get it.

North Toronto.
The discussion of the town's assessment at the last council meeting seems to have done some good, as some property owners are doing a little thinking, at least those who are not overloaded with vacant property. It is generally conceded that improved property is assessed at its full value, while land speculators hold vacant lots at exorbitant prices, with a minimum

of assessment on same. One gentleman pointed out yesterday that the owner of a vacant land, Davisville-avenue asks \$3000 for it, while his assessment is only \$700.

Archie's valuable dog, the property of Ralph Smith of Beilton, met with a tragic death yesterday. Mr. Smith had sold the canine for a good figure and was on his way to deliver the dog, when the canine was run over by a Metropolitan car on the Davisville switch. Chief Constable Morris put an end to the dog's suffering with a bullet.

Mr. and Mrs. James Armstrong of Forest Hill-road and Mr. and Mrs. Cook of Clinton-avenue, Deer park, are leaving on a month's trip to Cuba today.

TODMORROW FRED BALDWIN, GAMBLE-AVENUE, IS LAID UP WITH A BADLY SPRAINED ANKLE, CAUSE BY FALLING OFF THE VERANDAH OF A NEW BUILDING.

The question of the northerly extension of Greenwood-avenue to Plains-road is raising considerable discussion among Greenwood-avenue to Plains-road. This question has been before York Township Council for some time now. This question has been before for several years, and has always been sidetracked. The candidates at the last municipal contest, at a meeting of ratepayers of the township, pledged themselves to take the matter up, if elected, early this year, and a decision made will in 1922, appointing his wife sole executrix. She died last month. The estate is valued at \$1500, and under the will to be equally divided among the widow, three sons and four daughters.

Stouffville.
George A. MacCallum, M.D., of London, Ont., has been appointed as a surrogate court for administration of the estate of George Hodgson, a citizen of Stouffville, who died on July 6, 1905. The estate is valued at \$1500, and under the will to be equally divided among the widow, three sons and four daughters.

East Toronto.
The "Hard Times" carnival at the E. T. A. A. rink, has been postponed until to-night, owing to to-night's inclemency.

Musicians.
The musical evening, given Tuesday, in honor of A. J. D. Company, R. G. Jones and the members of the Victoria Industrial School at Mimico Tuesday night. They were not located at a late hour last night. Their names are Hill, Courtney and Harland.

The Collegiate Institute met to-night to consider an act to amend the High School Act, by which 80 per cent. of the maintenance of the high school is appointed a committee to propose the amendment: Capt. Ross, J. Patterson, Dr. Clendenan, R. L. McCormick, H. E. Irwin, P. Leighton, with power to add. A communication was received from St. Mary's asking the board to assist with them in opposing the amendment.

The snow-to-night was the cause of considerable trouble to the street railway service. Hundreds of passengers were waiting at the corners, and six cars were stalled between Humber-street and Keele-streets.

Summerville.
Summerville, Feb. 20.—A strike occurred in the Lamb and Harris saw-mill at Summerville on the right bank of the Etobicoke Creek. There are seven men employed in this mill, which is cutting in the neighborhood of 8000 feet of lumber per day. The strike was of an impulsive nature. After the employees deliberated for an hour or two on Saturday night, a work was over they concluded to strike. The proprietors did not know morning, and since then have been trying to engage strikebreakers, but at present all they can possibly do is a little edging. The cause of the strike was the employees did not think they were receiving a sufficient remuneration, and on Monday morning they asked for more and they were told to go somewhere else and get it.

North Toronto.
The discussion of the town's assessment at the last council meeting seems to have done some good, as some property owners are doing a little thinking, at least those who are not overloaded with vacant property. It is generally conceded that improved property is assessed at its full value, while land speculators hold vacant lots at exorbitant prices, with a minimum

of assessment on same. One gentleman pointed out yesterday that the owner of a vacant land, Davisville-avenue asks \$3000 for it, while his assessment is only \$700.

Archie's valuable dog, the property of Ralph Smith of Beilton, met with a tragic death yesterday. Mr. Smith had sold the canine for a good figure and was on his way to deliver the dog, when the canine was run over by a Metropolitan car on the Davisville switch. Chief Constable Morris put an end to the dog's suffering with a bullet.

Mr. and Mrs. James Armstrong of Forest Hill-road and Mr. and Mrs. Cook of Clinton-avenue, Deer park, are leaving on a month's trip to Cuba today.

Todmorden.
Fred Baldwin, Gamble-avenue, is laid up with a badly sprained ankle, cause by falling off the verandah of a new building.

BUY IT QUICKLY WHEN IT'S OFFERED

Every day our ads offer fresh pickings from stock. The closer we get to stock-taking day the more we are determined to make buying attractive. So well do we succeed that articles are picked up at once—almost as soon as advertised. The values we offer are so exceptionally great that it is wise to order an article at once, if you see what you want. We guarantee satisfaction with everything we sell, regardless of what you pay for it.

GARRISON BASEBALL LEAGUE

G. Co., Q.O.R., H. Co., Highlanders, Wm. Win Final Games.

Two good games were played in the Garrison Baseball League semi-finals last night. The first, between the Maxim Gun and C. Company, Q.O.R., resulted in a win for C. Company, 3 to 2. The second, between the Maxim Gun and C. Company, Q.O.R., resulted in a win for C. Company, 3 to 2.

England Had Slight Advantage.
Philadelphia, Pa., Feb. 20.—Spike Hobson of England had a slight advantage over Tommy Murphy of New York in their second round fight before the New York Athletic Club today. The bout was fast from start to finish, but there was very little damage done. The reason for the win was the more clever, but his blows lacked force.

Sporting Miscellany.
The Philadelphia cricket team to tour the West Indies will leave this city Feb. 25. The team will include J. R. King, R. G. Mason, J. C. Dorman, C. C. Morris, P. H. Clark, W. P. O'Neill and Walter Zwyer.

The Tommy Ryan-Hugo Kelley bout will take place in Rochester on March 4. Jones only allowing them a slight advantage over Tommy Murphy of New York in their second round fight before the New York Athletic Club today. The bout was fast from start to finish, but there was very little damage done. The reason for the win was the more clever, but his blows lacked force.

Ralph Rose, a giant shot putter, has abandoned field sports for the roped arena. He will make his debut as a boxer in a 20-round bout with Bob Ward, an amateur heavyweight, in San Francisco early in April.

North Pole Canada's SHOULD ASSERT CLAIM
Senators Debate on the Propriety of the Ownership of the Polar Region.

Ottawa, Feb. 20.—(Special.)—The senate, this afternoon avoided party politics by discussing the probable value of the north pole a thousand years from now.

Senator Forster asked the senate to declare that "the time had come for Canada to make formal declaration of the possession of all lands and islands situated in the north of the Dominion and extending to the north pole."

He said it was irritating to see in the press announcements from time to time that American whalers or explorers had hoisted the American flag on an island in the north, which was undoubtedly a British possession, and that the British government, in a part of Canada. The time had come, in his opinion, to make a formal declaration of permanent Canadian ownership of these lands.

Senator Forster reviewed the history of exploration in North America, and said that the voyages of the Cabots, Frobenius, Davis, Baffin, Fox, Franklin and McClure, and many other mariners, who had explored the Arctic north, secured a passage to Asia, and had taken possession of the lands in the name of the British crown, made the present claim rest on an assumed foundation.

He did not agree with the view of Hon. David Mills, that continuous occupation was necessary to retain possession of the territory. He said that the only country that had ever disputed the British title to the northern part of North America, the English King, presented the taking of trading company forts on Hudson Bay by the French. He had then declared that the British title to the northern part of the continent, Canada had been acquired by purchase from the Hudson Bay Company.

The Arctic Club of New York had declared the principle that Arctic lands should belong to the country adjoining them to the south, and the rights of each such country should be extended throughout the arctic made by drawing a line from the pole to the eastern and western boundaries.

Senator Forster thought the time was ripe when the senate should make a declaration that the north pole was found valuable. There had been clear indications that there had been no less than four glacial periods in Canada, and that in the intervals temperate climatic conditions extended to what is now the absolute Arctic.

It might be that a thousand years hence the climate would have so changed that the possession of the north pole would be of no value to Canada, and that the ownership of the north pole might be of great value to some other country.

Senator Forster thought the time was ripe when the senate should make a declaration that the north pole was found valuable. There had been clear indications that there had been no less than four glacial periods in Canada, and that in the intervals temperate climatic conditions extended to what is now the absolute Arctic.

Convado Port
No dinner wine equals Port—but port is much imitated and adulterated. Convado Port defies imitation—is rich, fragrant, grapey flavor is it because it's honest Port, made from the best grapes in Portugal. Bottled where it is made—no nothing can happen to it. Much happens to imitations. Established 1870.

DR. W. H. GRAHAM
