ENGINEER AND CONDUCTOR CHARGED
CORONER'S JURY SAYS CRIMINAL NEGLIGENCE
WITH CAUSING THE CALEDON WRECK

Warrants Issued and Hodge and Grimes Will Have to Face Trial
-Coroner Johnson's Strong Summing of Evidence.

Warrants were issued last night, following the verdict of Coroner Johnson's jury, for the arrest of George Hodge, engineer, and Matthew Grimes, conductor, who had charge of the ill-fated train, in the derailment of which at the Caledon horseshoe curve seven lives were lost and scores of passengers were injured.

The Verdict.

That Richard Bell came to his death from injuries received in a wreck, which occurred on the third day of September, 1907, on the C. P. R., at a point known as the Horseshoe Curve, in the Township of Caledon, in the County of Peel.

BRIDGE SHOOK AS RIVETTER POUNDED

Victims of Quebec Disaster Tell Graphic Stories in Hospital—They Saw Many Defects.

QUEBEC, Sept. 17.—(Special).—Four witnesses were heard to-day in the hospital, by the royal commission on the bridge collapse. J. Delph Lajeunesse was on the shore side of chord No. 9 when the bridge fell. It seemed to him at first that the traveler was falling, and after feeling the shock he had time to see that the traveler was still on the bridge before it fell, and he fell with it.

Who Announces His Candidature for the Mayoralty of 1908.

WARNED OF RAID SHE BOUGHT REVOLVER

Three Warton Rioters Pleaded Guilty—Mrs. Thomas Will Know Her Fate To-day.

WALKERTON, Sept. 17.—The evidence in the Warton rioting case came to a close this afternoon. Robert Lancaster was discharged, the other three withdrew their pleas of not guilty and pleaded guilty. They were remanded for sentence till tomorrow. Detective Reburn worked up the evidence and had the case in good shape. They were defended by H. G. Tucker of Owen Sound.

GREETING FROM A DUTCH SOUTH AFRICA SOON

Crowds Hear Eloquent Words of Bishop of London at Jubilee Services at Forest City.

LONDON, Ont., Sept. 17.—Never in the history of St. Paul's Cathedral have there been more impressive services than marked the celebration of the jubilee services of the diocese, at which the Right Rev. A. F. W. Ingram, Lord Bishop of London, England, was the guest of honor and preacher for the occasion.

Politically Dutch From Rhodesia to Table Bay

LONDON, Sept. 17.—(C.A.P. Cable).—The Capetown parliament will be dissolved to-morrow. A continuance of the council's blocking of supplies creating a constitutional crisis.

LABOR CONGRESS WANTS ABROGATION OF TREATY

WINNIPEG, Sept. 17.—(Special).—The Labor Congress of Canada passed a formal resolution this morning, asking that the Dominion Government memorialize the British Government, asking that the existing treaty between Great Britain and Japan be abrogated in order that oriental immigration into Canada may be treated in the best interests of the country.

LABOR CONGRESS WANTS ABROGATION OF TREATY

"The subjects of each of the two contracting parties—Great Britain and Japan—shall have full liberty to enter, travel or reside in any part of the Dominion or possessions of the other contracting party, and shall enjoy full and perfect protection for their persons and property."

The men had left the city hall before the verdict was returned at midnight after two hours deliberation by the jury. T. C. Robinson, K.C., counsel for the men, however, undertook with Inspector of Provincial Detectives Joseph Rogers that the men would be in hand when wanted.

Several witnesses were heard last night, tending to prove that the track on the curve was safe enough under ordinary observation of the rules, that the trainmen had been under notice to observe safety rules, and that excessive speed had caused the wreck.

Question of Speed. The whole question is narrowed down to one of speed. And who is responsible for the speed? We have seen that there was no necessity ever for hurry. The train was a hour late at Orangeville and got an order then to continue to run an hour late all the way.

Question of Speed. The whole question is narrowed down to one of speed. And who is responsible for the speed? We have seen that there was no necessity ever for hurry. The train was a hour late at Orangeville and got an order then to continue to run an hour late all the way.

MILLIONS UPON MILLIONS MADE BY STANDARD OIL

NEW YORK, Sept. 17.—Delving into the financial workings of the Standard Oil Company of New Jersey, Frank B. Kellogg, conducting the federal court for the dissolution of the company, brought forth to-day to public view for the first time an uncensored statement of the Standard Oil Company.

FIRST DAY'S WORK FATAL

Robert Dunn, a laborer, at the C. P. R. coal yard, was the victim of a fatal accident about 3:40 yesterday afternoon. He was engaged as carpenter's helper on the coal elevator and was replacing the plating on the shaft. It is supposed that he stood on one of the buckets as he worked.

SCALP TORN FROM HEAD

CHATHAM, Sept. 12.—(Special).—Ada Shaw, 15 years of age, met with a terrible accident while at work at the Kent Canning Works to-day.

MILES VOKES IS OUT FOR MAYOR

FRUIT MEN ANGERED BY THE EXPRESS COS.

Claim That the Facilities for Unloading Are Quite Inadequate.

The relations between the Canadian Express Co. and the wholesale fruit men of this city are considerably strained, and while the trouble is not altogether a new one, it seems to have been accentuated within the last week or two.

The whole difficulty lies in the fact that the fruit-growers of the Niagara district and their representatives in this city are naturally animated by a mutual desire to secure the most rapid and satisfactory connection between the grower and the general public, and in this they are a unit, declaring that the Canadian Express Co., operating over the lines of the G.T.R., are not a helpful factor.

It is stated that cars which are supposed to do arrive in the city before 7 o'clock, and that the Montreal Express, are not unloaded in some cases until 5 and 6 o'clock in the evening. In every case there is said to be delay, not so much in the sorting of the fruit cars down to the Scott-street market as in the unloading.

Where from 25 to 30 men ought to be actively engaged in unloading thousands of packages of fruit, one foreman, assisted by only three assistants, was yesterday engaged in the work.

"Do you see that?" said a leading commission man at 5:30 last night, as he watched three men wrestling with a huge truck load, "that car should have been unloaded at 10 o'clock this morning, so that the fruit dealers and grocers all over the city, who have had a chance to see this big city and bright and early in as fresh condition as possible."

"It is no part of the business of the commission men or their employes to go in to unload the cars," said a member of one of the leading firms in the city, "but if we did not do so we would never get it."

It is charged also that the fruit is not properly sorted and great difficulty sometimes is experienced in sorting it out, while not a little is injured in transmission.

"But they do not forget to present their bills of charges," said another, "often before the cars are unloaded, and the contents checked off."

"We have complained until we are tired," said a big Church-street dealer, "but the company has always treated our representations with disdain."

Only One "BROMO QUININE." That is LAXATIVE BROMO QUININE. Similarly named remedies sometimes deceive. The first and original Cold Relief is a WHITE PACKAGE with black and red lettering, and bears the signature of E. W. GROVE '26.

Speaker Sutherland's Solution. WINDSOR, Sept. 17.—Hon. R. F. Sutherland has returned from his trip to the Pacific coast. He advocates the restriction of Asiatic immigration.

What Many Men Need.

Dr. Hamilton Has a Prescription That "Sets" You Right Up.

When a man has lost ambition to "dig in" and stay at things when he complains of headache, fullness in the right side, pains in the shoulder-blade—it's purely a case of "liver." These symptoms invariably indicate a clogged, inactive liver. The body can't get rid of its wastes, and the whole system is half paralyzed.

Dr. Hamilton's Pills stimulate the liver into activity in one night. Being a mild vegetable laxative they produce results in a few hours. The bilious headache and constipation are cured, spirits rise, complexion clears, animation returns. Nothing in the calendar so efficient for that tired feeling as Dr. Hamilton's Pills. Very mild, don't interfere with work; invariably do lots of good. Try a 25 cent box—all dealers.

Hamilton Happenings

BUSY BOARD OF WORKS ON TRAIL OF STREET RY.

Change to Be Made in Paying Day Laborers—Cataract Company's Refusal.

HAMILTON, Sept. 17.—(Special.)—This evening the board of works decided to call upon the street railway to restore its tracks on Herkimer-street, as ordered by the Ontario Railway Board. If the company has any proposition as to paying part of the cost of the pavement of the street for the privilege of having the wider strip, it will be considered. It was stated that the company had imported a 5 foot diamond for the corner of Market and James-streets, without going to the formality of getting the city's consent to increase the width of the strip. The company will not be allowed to lay the diamond until it gets the council's permission.

An investigation was held into the fact that a pay envelope had been made out for J. O'Neill for 27 hours' work, which he did not perform. Ward Foreman Neilligan, who put in the time for O'Neill, explained that he was absent from the city for a few days, and had ordered O'Neill to report for work. Thinking that O'Neill had reported, he put in the time. The board found that it was simply an error, but to avoid a repetition the men will have to draw their pay envelope personally, and the foremen will have to send in a daily, as well as a weekly, pay sheet. An official may be appointed to check the time.

The Cataract Company has refused to pay the cost of installing Nestlé lamps in some places chosen by a board, and the city solicitor will be asked if the city has power to force the company to do so. Ald. Baird referred to Mayor Stewart as a czar, because his worship stopped some repairs on West King-street until the matter was dealt with by the board. The work ordered by the council and necessary repairs, will be proceeded with.

Present to Detective. This evening T. H. & B. Detective Johnson, who recently resigned from the police force, was presented by the force with a locket and Masonic ring. Sgt. Moore made the presentation. A reward was held this evening on the death of Samuel L. Joyce, who was killed a week ago last Monday by falling off a Radical car near the Erie Hotel. The evidence was to the effect that he was under the influence of liquor, and the verdict was accidental death.

The reported marriage of George Stroud and Miss Lena McDonald is denied authoritatively. A notice was tendered this evening by the members of the I.O.F. to R. M. Foster, high vice-chief ranger, William McAndrew, high senior warden, and George Clark, Stony Creek, high junior woodward, H. T. Drope and James Lawrie had charge of the affair, which was a great success. The banquet was held at the Montague, Fred Darch, London, high chief ranger, and Charles Merrifield, London.

No More Lickens. Owing to the fact that they are fined heavily very frequently for not moving on, the markets committee has decided not to issue any more licenses to peanut peddlers. The peddlers were before the magistrate this morning and fined \$10 each for not moving on.

Stewart McPhie is preparing the plans for a public park on the beach. It is the intention of the commissioners to ask the government to give a revetment wall on each side of the canal in the bay 2000 feet long, the falls to be about 200 feet from the shore.

Edmund Barrie Smith, Hartford, Conn., and Miss Olive Grace, daughter of Edwin B. Freeman, Freeman, Ont., were married today. The G.T.R. has offered to put in a diamond and derailing apparatus at the corner of Barton-street and Ferguson-avenue, and it is likely that the street railway will consent to the dissolving of the junction.

Alce Johnson, 37 North John-street, was painfully burned today by the explosion of a coal oil stove. E. D. Echlin and Miss Annie A. Plain were married today. The members of the Canadian Manufacturers' Association will visit Hamilton Friday morning.

179 AT NORMAL SCHOOL.

And Only Five of the Students Are Men.

Principal Scott of the normal school yesterday enrolled 179 students of whom five are men, out of 181 admitted by the department of education, and states that in point of number this is a remarkable enrollment. The school will be organized this morning, and the work of the term will be begun this afternoon. The schoolrooms are not at present quite ready for occupation, but they are being fitted up as rapidly as possible. Five at the present time appears to be about the limit of the attendance of men students at this school, for the number last year was also five. Rev. T. R. O'Meara, the principal of Wycliffe College, states that this institution is making very satisfactory progress, altho some difficulty will be ex-

Hard wheat is much more nourishing than soft wheat, as it contains more nerve and body-building elements (phosphates and vegetable fats).

TOMLIN'S TEA LOAF

42c-43c Bathurst St., Phone P. 588

APARTMENTHOUSE DRUGSTORE

H. A. Rowland Will Open Pharmacy at Sherbourne St. and Wilton Ave.

The apartment house drug store has now been introduced into Canada by a Toronto druggist.

The public will be interested to know that H. A. Rowland is about to open up a new store at the corner of Sherbourne-street and Wilton-avenue.

Both as regards location and interior arrangement the store follows closely the up-to-date New York drug stores.

It will be situated on the ground floor of the large apartment building and right in the centre of the high-class apartment house district.

Mr. Rowland will have this new store open for business to-night, when 100 sample bottles of Colgate's best perfumes will be given away as an introduction to this new idea in an up-to-date drug store.

SUDDEN DEATH AT STRATFORD

Mrs. Crowe Victim of Heart Disease—Milverton Masonic Lodge.

STRATFORD, Sept. 17.—Miss Crowe, who had been living with Mrs. M. Reardon, Front-street, dropped dead to-day from heart disease.

When Mrs. Reardon left the house at 9 o'clock, Miss Crowe was in good health. Returning at 10 o'clock, she found her lying on the floor dead.

Mr. Henry Crowe of Toronto is a brother of deceased.

At the fall session to-day, Daniel Dempsey was given \$350 damages in the suit against William Richardson for injuries received in a sunbath.

Milverton Masonic Lodge was last night dedicated and consecrated by Deputy Grand Master Judge McWatt of Sarnia.

PASTOR LEAVES FOR WEST.

PORT BEGIN, Sept. 17.—At a meeting of the Bruce Presbytery here to-day the resignation of Rev. A. Mahaffy, B.A., for eight years pastor of the Port Elgin Church, was accepted.

Mr. Mahaffy has been called to St. Andrew's Church, Calgary, and leaves for the west next week.

The Toronto World CHILDREN'S HUMANE LEAGUE

Among the letters received in last week's competition, one decidedly and immediately took first place. It is a very creditable letter, indeed, and should please those who are mentioned as contributing to the success of the recent exhibition.

The prize will be awarded next week to the best story about a cat, sent in to us, plainly written on one side of the paper, and signed with the name and address of the writer, on or before September 28.

WHAT I SAW AT THE FAIR.

I have had the pleasure of visiting the fair twice, and if all the patrons were as pleased with the extensive improvements as I, the directors will have good cause to be satisfied with the results of this year's Industrial Exhibition.

The woman's building is certainly a work of art, and the president, Mrs. W. K. George, is to be congratulated, for her efforts this year were, as upon all previous occasions, crowned with success.

And not only the president of the woman's building but all the directors of the fair are to be congratulated, for the exhibition this year was a great national success, and not only Toronto, but all Canada, may point proudly to the fair recently held in the Queen City.

Wishing The Toronto World all success, I remain, yours sincerely, Daisy Finagin, 106 Shuter-street, Toronto, Ont.

Age 14 years.

I wish to become a member of The Toronto World Humane League.

THE COCKTAIL IN POLITICS.

Canada, true to British traditions, has never adopted the mixed drink, to any great extent. The mint-julep, the sherry cobbler, the gin fizzle and the whiskey sling have made little headway north of the great lakes.

Now Hon. Charles W. Fairbanks is not only vice-president of the United States, but he is also ambitious to be called by his fellow citizens, as the first place. He is credited with the friendship of the great corporations, a rather embarrassing asset just now, and also with commanding a large support among many good people on account of his moral and religious life.

Not long ago Mr. Fairbanks announced himself as a candidate for election as a lay delegate to the conference of his church, and was startled to learn that he was charged with having served cocktails at a banquet in Indianapolis, where the president was his guest.

As a matter of fact, it appears that Mr. Roosevelt ordered the offending drink, and that the caterer served it without consulting the vice-president. The latter protests that he did not even see, or seeing, did not recognize, his undesirable namesake.

Needless to say the newspapers are making merry over the incident, and the Fairbank cocktail is more than ever in demand.

FISCAL REFORM AND THE IMPERIAL IDEA.

Not the least curious and instructive incident of the tariff reform movement in Britain is the educative effect it has had in connection with the inter-relationship of the empire and the inter-relationship of the imperial states.

When British tariff reformers regarded their propaganda from the imperial side they found the self-governing states seized of the right to settle their own economic policies and to protect their national industries.

with any jot or tittle of its powers, was determined to pursue the course, which in its judgment, was best fitted to further its own development.

Writing editorially on the subject of the Franco-Canadian commercial agreement, which, by the way, it describes as a "treaty," The London Morning Post observes that "it is now recognized on all hands that each self-governing country of the empire must adapt its fiscal arrangements primarily to the interests of its own people."

THE SCIENTIFIC SPIRIT.

Professor Macallum's address at McGill College was a notable contribution to the literature of Canada. Nowhere can be found a more inspiring plea for the true scientific spirit, without which all progress is impossible, and nowhere can be found less tolerance of the pretense which masquerades as science.

The past century has been notable for discovery and invention. The triumphs in physics, chemistry and the like have largely contributed to the wealth of the world. Hence in some quarters, "science" has been personified, and is worshipped as blindly as was ever an Egyptian idol, and worshipped in much the same way, as a mysterious force capable of giving the good cult of earth to her worshippers.

As Prof. Macallum points out, mere facts are of no value, unless they are related and made harmonious by discovering the underlying principle which transforms mere knowledge into organized knowledge or science.

Opposed to all true science is the tyranny of tradition. Men believe in things because it has been told them. How many men ever examine into the foundations of their beliefs? They inherit their religion, politics, national and race antipathies, their taste in music, painting, literature and dress.

Physical science, especially medicine, suffered much from tradition, for tradition, tho' sometimes useful, too often rests upon defective observation. Politicians are applied and they are useful, but not because, as the saying goes, they "draw out the pain."

So far as the physician's training goes, it must be observed that Prof. Macallum's standard is high, perhaps too high, to be universal. We need students, bacteriologists, surgeons, medical experts, undoubtedly, but, after all, the old-fashioned family doctor, armed with camelline, quinine and opium salts, has still his unvalued usefulness.

Political Intelligence

A despatch from Ottawa announces that parliament will be opened "for despatch of business" on Nov. 14. By arrangement made at the last session, to facilitate the prorogation, the public accounts committee will begin work at once on matters not disposed of at that session.

The Brockville Recorder recalls that Premier Whitney "turned down every legislative follower of his from New Ontario and selected Mr. Cochrane as minister of lands and mines. Further, Mr. Cochrane had never been a member of any house and consequently was totally without parliamentary experience of any kind."

If there is any truth in the report that the Bell Telephone Company will stop all further construction work in Canada until after the next general elections, it will be a characteristic example of how corporations stand in their own light.

The statement having been made that Dr. Coughlin, superintendent of the Deaf and Dumb Institute at Belleville, was on Mr. Borden's platform at Peterboro, that gentleman came up for some sharp criticism from some of the Liberal papers, who however, it turns out that Dr. Coughlin was not on the platform; and that he was not in Peterboro.

The Quebec Courier (Con.), commenting upon the Aylesworth-Borden meeting, refers to the minister of Justice as follows: "As reckless in his words as he is in his ministerial deeds, and whose recalcitrant friends are compelled to apologize for him by attributing to him his political youth, and rawness in statesmanship."

At Woodstock last week, W. H. Bennett, M.P., was inclined to believe that the all-red line was a scheme to enable the G. N. R. to get into the shipping and ocean passenger service at the expense of the government.

The subsidy that is now being paid to your favorite railway, the G. N. R., with a distinct intention of the G. N. R. to get into the shipping and ocean passenger service at the expense of the government.

The query is prompt to arise, how will this affect the traditional friendship supposed to exist between the Conservative Party and the G. N. R.?

It is unfortunate that any one should endeavor to play politics with the province, the north and the empire are confronted by a problem so serious and so delicate as that presented by the proposed railway to British Columbia. In a way, the mob made itself ridiculous by burning the lieutenant-governor in effigy.

It cannot be made too clear that the reasons given by Mr. Dunsinuir for disallowing the bill were those of his own mind. The governor himself has no discretionary power which he can exercise without consulting the leader of the government.

President Going to Canton. CANTON, Ohio, Sept. 17.—At a meeting of the McKinley national memorial trustees here to-day, it was announced that President Roosevelt, upon his arrival in Canton, will be escorted to the Central High School, where the public and parochial school children are to be massed in front of "America" and "The Star Spangled Banner."

Removed Theft of Bonds. MADRID, Sept. 17.—All transactions in \$ per cent. rentes were suspended on the bourse to-day. It is rumored that the Hamilton Presbytery and arrangements for Mr. Paton's induction were made.

WINDSOR TABLE SALT is prepared, packed and shipped with every care. It travels straight to your table in absolute purity.

AT OSGOOD HALL

ANNOUNCEMENTS FOR TO-DAY.

Chambers. Cartwright, in chambers, 11 a.m. Single Court. The Hon. Mr. Justice Clute at 11 a.m. Cases set down for hearing: 1. Hartley v. Barton Land Co. 2. Egbert v. Brooks. 3. Buffalo Mines v. Cobalt Mines. 4. Buffalo Mines v. Cobalt Mines. 5. Buffalo Mines v. Cobalt Mines. 6. Henderson v. Standard Bearings. 7. Manley v. Manley.

Divisional Court. Peremptory list for 11 a.m.: Burns v. People's B. & L. Ass. Scanlon v. Marsh. Application for writ of Habeas Corpus. Cummings v. Maidens. Barnes v. Goiding. Halliday v. Ottawa.

Court of Appeal. Peremptory list for 11 a.m.: Bowman v. Silver (continued). Thompson v. Ontario Sewer Pipe Co. Barbeau v. Piggett. Bartemes v. Condie.

Recovered Judgment. The Trusts and Guarantee Co., Limited, as administrators of the estate of J. M. Stubbins, has obtained judgment against Isaac E. Weber for \$999, the amount of two promissory notes made by him in favor of A. O. Boehmer.

Roman Against Corinthian. The Roman Stone Co. has an action pending against the Corinthian Stone Co. The latter moved before Justice Cartwright to set aside the Roman Stone Co. statement of claim on the ground that it was not in accordance with the writ. The master allowed the writ to be amended.

Hurt by a Wagon. Frederick W. Carter is asking \$2000 damages from Elizabeth Bowman, wife of J. Bowman, for injuries sustained from being struck by a wagon belonging to Mrs. Bowman.

Endorsed a Note. A promissory note for \$577.74 is the basis of an action by R. C. Clarkson against J. Billings, Jr., who is alleged to have endorsed the note.

Steam Hammer Transaction. The Canadian Patents Co. have instituted an action against the London Machine Tool Co. of Hamilton for damages for the breach of an agreement over the sale of a steam hammer.

Judgment Signed. Charles J. Kammer, on application to Justice Cartwright, obtained a judgment for \$318.38 against C. A. Hull, without costs.

Getting the Money Back. The action brought by Hugh Bell against the Ontario Lumber Co. to recover \$84.94 on a promissory note. One Action Less.

The action brought by Hugh Bell against the Ontario Lumber Co. to recover \$84.94 on a promissory note. One Action Less.

The boundaries between the properties of Sarah Williams and William Mulock are in dispute. As it is necessary to have original title deeds produced a subpoena has been issued to the registrar of the eastern division of Toronto to produce them at the trial at the Toronto non-jury sittings.

Balance of Account. J. A. Lake of the Village of Portage Bay ordered to pay twenty days' interest of twenty days to appear to the writ of summons issued against him by the Latchford Hardware Co. to recover \$303.40, the balance of an account.

Wanted More Money. William Charles Whiston joined the common law creditors at Algonquin Mills in September, 1898, taking out a policy for \$1000, payable to his next of kin. Upon his death in April of this year the order proceeded to distribute it according to law. Abigail Whiston, his widow, objecting to the amount paid to her, applied to the court to pay the money into court. A direction was made to pay in \$400 less the costs of so doing.

Court of Appeal Judgment. The Court of Appeal has given judgment in the action of Gavanagh against Glendinning and others to recover a commission of \$25,000 on the sale of certain mining lands. At the trial Chancellor Boyd held the plaintiffs were entitled to \$1500 and costs. Not being satisfied with that amount the appellants appealed to the divisional court, who directed a new trial. The judgment now is that the divisional court judgment be set aside and judgment entered for payment to the plaintiffs of a commission of 5 per cent on \$200,000 received or to be received in respect of the sale of the property, in addition to the \$30,000 in respect of which the sum of \$1500 has been awarded by the judgment at the trial. The defendants are to pay the plaintiffs the costs of appeal to the Divisional Court. Justice Meredith and Justice Riddell dissented.

Must Answer. Judge Clute in chambers directed that Elias P. Cornell should attend again for examination for discovery and answer certain questions he refused to answer on a prior examination. He has also to pay the costs of the motion and the re-examination of Henry E. McKee, the plaintiff, had asked that Cornell be committed to jail.

Master's Order Restored. Judge Riddell in chambers in June last allowed an appeal from the master in chambers allowing the Euclid-avenue Trust Co. to sign summary judgment against one Hobbs to recover \$1000. From appeal to the divisional court the judgment of Riddell, J. has been set aside, and the order of the

EATON'S DAILY STORE NEWS

Very Low Price for Men's Fur-lined Coats

Just about what you would expect to pay for a good overcoat. The SHELL is of English beaver cloth, heavy, thick, smooth-faced woolen material, indigo dyed to stay; LINING of mink marmot, good thick furs that look like mink. High STORM COLLAR of German otter-whole, full furred skins. And all are expertly made. To offer these at Thursday's price should certainly bring the liveliest kind of buying 27.00

STORE CLOSES DAILY AT 5 P.M.

master restored. The coats are to the successful party. Divisional Court Appeal. The divisional court dismissed with costs the appeals in each of the actions of Duncombe v. Duncombe, Clappe v. St. Thomas, and Hodgson v. Bible.

DAY OF ATONEMENT.

Hebrews of City Unite in Solemn Services To-Day. The Jewish fast of Yom Kippur, or Day of Atonement, commenced last night. Every synagogue was crowded to its fullest capacity, and to provide accommodation for all worshippers, St. George's Hall, Victoria Hall and the assembly hall in the "Labor Temple" were requisitioned.

The majority of the congregations were robed in the shrouds of praying shawls which they are to be buried when they quit this sphere, and on bended knees started their continuous prayers, which will last until to-night at sunset.

The time is spent in fasting and is the outward symbol of repentance and atonement for the misdeeds they may have committed during the past year.

The "Shofar" was blown to usher in the new year ten days ago and will again be sounded and the Book of Life will be sealed for the year and the fates of all members of the race settled.

DEATHS IN THE CITY. Deaths registered at the city hall yesterday were: William D. Sills, 16 years, typhoid. William Nassau Church McMahon, 31 years, chronic alcoholism. John H. Clarke, 65 years, hemiplegia. Christina Froulx, 6 months, acute indigestion. Lei Yu, 52 years, pulmonary tuberculosis. Edward Hamilton, 63 years, intestinal obstruction.

McCullough, stillborn. Daisy Wannamaker, 7 months, ileocolitis. Joseph Spenceley, 7 weeks, malnutrition. George C. Tomlin, 86 years, hemiplegia. William Henry Penny, 50 years, gas poisoning (suicide). Samuel Weinstein, 27 years, acute rheumatism. Dunlop, 1 day, heart failure. Horatio Nelson Hegman, 30 years, typhoid fever.

NOT YET CONSIDERED. Dr. John Hoskin, chairman of the board of governors of the University of Toronto, said last night, with reference to the report that a new schedule of salaries was to be adopted for members of the staff, that the matter of rearranging the stipends had not yet been given consideration by the board.

Appeal for Telegraphers. WASHINGTON, Sept. 17.—The appeal of President Spaul of the Telegraphers' Union and President Gompers of the American Federation of Labor to organized labor throughout the country for financial assistance to the striking telegraphers was issued to-day.

CONVOCAION ON SATURDAY. On Saturday, at 4 o'clock, a special convocation will be held at Trinity College to confer the degree of D.D. on the Right Rev. Charles Scadding, Bishop of Oregon.

ONTARIO HEALTH BOARD NEEDS GREATER POWER

Municipalities Ignore Suggestions—Word of Warning as to Water Services.

"I feel it a duty," stated Dr. Hodgets, chief health officer of the province, in the report he submitted yesterday afternoon at the quarterly meeting of the provincial board of health, "to direct your attention to several matters which in my opinion are of public importance from the standpoint of the health of the people."

"For some time I have felt the need which is some nations, and which is taken by this board, in the promulgation of standards, not only as regards the milk itself, in respect to butter-fat and lactin, but also as regards the health of the cows, the cleanliness of the cowsheds, the purity of the water used, the collection, storage, transportation and delivery of the milk, and generally of this province is by continued inertia on the part of this board to allow the agricultural department to take a lead which is in other portions of the civilized world, where the health authorities have taken steps to safeguard the public interest in respect to the housing of cattle, the collection, storage, transportation and delivery of the milk."

"If for no other reason than for the protection of the lives of infants and of children, this board should take some firm and decisive stand in this matter."

The continuance of smallpox during the past summer had emphasized the fact that the province is not a civilized population, and so long as this continued little hope of the cessation of this disease could be entertained.

"The smallpox epidemic must be regarded as a small coterie opposed to vaccination have lured a small portion of the public into a hypocrite state, from which they may be rudely awakened by a virulent outbreak of variola similar to the epidemic at Montreal in 1885-86," declared the report.

Ignore the Board. The custom was becoming more general to ignore the decisions and recommendations of the board in regard to the installation of water systems.

This was illustrated in two instances. A town submitted plans for a supply which, at certain seasons, must be contaminated, an increasing, not a diminishing, danger.

The board approved with the proviso that the water be filtered, but this system was not installed without this safeguard.

The board, too, had approved of a town council's plans, but instead of taking these plans into consideration, another source, which was contaminated, and which had already been condemned, had been selected.

Legislation, however, impossible for bonds to be floated unless the entire scheme had been approved by the board, or possibly by individual municipalities, and individually liable for damages.

Similar remarks were held to apply to the construction and installation of sewerage systems. The water from the approved source, instead of being treated, was discharged into the sea, and the matter ended, although lives were lost, health was endangered, and nuisances continued.

The remedy must be sought in more stringent legislation, with heavy and increasing fines for continuance," said Dr. Hodgets.

He also sounded a note of warning to municipal authorities regarding the doubtful quality of many of the pure food supplies, and the demand for guaranteed pure water. This would in many instances, he said, be prohibitive. Personally he knew of but few public water supplies in the province which were of a high standard.

"Moreover," he asked, "how many cities and towns in Ontario possess an adequate supply of water as required for all purposes? Investigation leads me to think that there will be many cases of shortage."

Dealing with Cholera. A strong report, he said, should be made by county and city authorities for the cure of consumption—either by dispensaries with nurses, day camps, or by the use of houses for advanced cases.

What had been done in Ontario, chiefly through charity, had been entirely inadequate, and the outside of the work, but the results obtained had been very encouraging.

"The municipal authorities must also be urged to hold a meeting to discuss the work must be not only generally undertaken but also be conducted under the advice and possibly the supervision of the health authorities," he declared.

The cost must be heavy, but the calculation, that a provincial contribution of \$50,000 annually for 20 years to any one institution would result in total suppression, is a wild statement. The great cost is the one great difficulty, and is perhaps the chief reason for the failure of the conclusion that governments—municipal, insurance and benefit companies, church and charity, must wait before great results can be anticipated.

In conclusion Dr. Hodgets touched upon indications of incompetency by local boards of health dealing with nuisances, on the decision of the attorney-general in a Brantford case, permitting a child to be isolated and treated at home instead of being taken to the hospital, virtually nullifying the scarlet fever and diphtheria regulations of 1903, as rendering advisable the completion of practical rules, as a guide to the health authorities in such cases, and on the need of education at schools, etc., in lectures in "first aid," particularly in cases of drowning.

The Day's Business. The following reports were submitted by Dr. R. W. Bay. On smallpox (throat) the province; on the inspection of lumber camps, with particular reference to the outbreak of typhoid fever at Napanee and Canada; and on the outbreak of anthrax at Bracebridge.

The application of East Sandwich for permission to deposit raw sewage in the Detroit River, some 1500 feet above the intake pipe of Walkerville water-supply, refused.

The complaint of J. D. Bartlett of Orillia, touching a nuisance said to be created on his property thru a neighbor's domestic sewage, was referred to the local board.

The application of the Township of Yarmouth regarding the pollution of the Kettle Creek by sewage from St. Thomas, was referred to the local board.

Action upon a petition by certain residents of Ottawa, regarding a nuisance created by the Young rendering by the local board, which has full power in the matter.

FINED FOR SUBSTITUTION

Interesting Proceedings in the High Court of Justice Against Toronto Druggist.

A case of interest recently came before the Honorable Sir William Mulock, Chief Justice of the Exchequer Division of the High Court of Justice, in which C. B. Graham, druggist, Toronto, was perpetually restrained, and fined \$50.00 and all court costs, for substituting a mixture of his own manufacture for the well-known and meritorious preparation, Compound Salutate.

Compound Salutate is an article of merit, the formula of a well-known Physician, put up in one-ounce bottles only, the contents of which is to be added to one ounce Fluid Extract Dandelion, and four ounces Compound Syrup Sarsaparilla, and taken in teaspoonful doses after meals and at bedtime.

This valuable preparation has proven to be most beneficial in the treatment of Kidney and Bladder troubles, and Rheumatism.

It is of course the large demand for this prescription which caused the druggist mentioned to substitute the preparation, but we trust there will be no repetition of this nature in Canada.

WOMAN SLAYS CHILDREN WITH HAMMER AND KNIFE Shows Remorse for Mad Act Which She Calls a Blood Sacrifice.

MIDALE, Sask., Sept. 17.—On Saturday afternoon Mrs. John Anderson, wife of a farmer residing near here, took her three children, all boys, to a field, and there knooped them on the head with a hammer, after which she cut them up in a horrible manner with a draw knife.

It is supposed the murder is due to religious mania. She is 45 years of age. Her husband, Jack Anderson, was not at home at the time the crime, was committed. She believes it was some kind of blood sacrifice.

JAMIESON'S BODY FOUND. All Doubt Removed as to Fate of Young Missionary.

PARRY SOUND, Sept. 17.—A tug arrived here this morning, from French River, bringing the news of the finding of the body of Cyril Reginald Jamieson, the brilliant young Presbyterian missionary, who was drowned in the Bad River on Saturday, the 7th instant.

He had been on his way to a conference, and was on the river when the accident occurred. The body was found in a small boat, and was in a state of decomposition.

NEW USE FOR SEPTIC TANKS Will Be Tried to Obliviate Cheese Factory Nuisance.

Complaint is frequently made of nuisances being created from the waste of cheese factories and creameries, but chiefly from the former, and the health department has decided to treat such waste in a new way.

The use of septic tanks, as an experiment, for this method has never been tested elsewhere in these cases. Although these tanks have been used for the treatment of town and domestic sewage, and of certain kinds of factory waste, tanneries for the most part, they have not been used for the treatment of cheese waste.

CENTRAL CANADA FAIR OPENED Live Stock Display is Feature of the Exhibition at Ottawa.

OTTAWA, Sept. 17.—The Central Canada Fair was opened yesterday by Sir Wilfrid Laurier with ideal weather conditions and fair crowds. People have been coming into the city to-day from all parts, while the exhibits completely occupy the spaces set apart for them.

The live stock display is a feature of the fair. Messrs. Smith and Richardson of Columbus, Graham Bros. of Claremont, D. Dunn & Son of Beaverton, and Thomas Hayward of Millbrook have good stables of heavy horses and hackneys. Smith and Richardson won two firsts to-day in Canadian-bred horses. Light horses are well represented.

There is a big display of Ayreshires from Quebec, Holsteins from Nova Scotia, and French-Canadian halloways from Guelph, Angus, shorthorns, Jerseys and Guernseys. W. C. Edwards' bull, Bertie's Hero, won first and second prizes in the aged class. A hopeful feature is the individual efforts of local men in Quebec and Eastern Ontario in showing a few good animals in the various classes.

Quebec Hay Crop Light. In sheep and swine there is a full list. The Chester White swine are largest in point of numbers. Featherstone in Yorkshires and Durham in Berkshires are carrying off the honors.

The committee working upon the next winter's fat stock sale met to-night to further the work. It is the intention of the government to make this sale of unusual interest.

Homeless Excursions on C.P.R. Sixty-day return tickets to all northwest points at very low rates, good going on excursions leaving Sept. 18, Oct. 3 and 22. Comfortable berths in tourist sleepers at small extra cost. Full information from all C.P.R. Agents.

Hotel Strathcona, Niagara-on-the-Lake, will remain open during September. Special low rates from now. Maurice G. Thompson, Customs Broker, 60 Yonge-street.

TOO TRIVIAL FOR SESSIONS. GIFT TO NEW-CHURCH. Jury Loses No Time in Discharging Three Thousand Dollars for St. Mary Magdalene's.

William White, an Orangeman, appeared in the sessions yesterday, charged with obstructing the police at the corner of Queen and Jarvis on July 12. He was acquitted.

Referring to the above, a prominent court barrister remarked that such cases as the above should never reach the court.

It is foolish to send such cases over to the sessions when they should be finished in the police court.

James Richards, a Pullman porter, accused of stealing \$1 from Henry Porter, who was in a sleeping car coming from Montreal, was acquitted in the sessions yesterday. T. C. Robinson defended.

The following true bills were returned by the grand jury: Angus Cameron, Samuel Henry, Robert Allen, assault; Douglas, indecent assault; Frank Shipman, assault.

Will Talk on Housing Problem. John C. White of Chicago, an expert on the housing problem, in big cities, will address a meeting of aldermen and those interested in the problem in the council chamber, city hall, next Wednesday night.

Meaford Operators Strike. MEAFORD, Ont. 17.—There is a strike on in the Bell telephone office here, all the operators having walked out, for higher wages.

The trouble is strictly local, however. "But this is not the case. The evidence of the engineers and the conductor stand by themselves, unsupported by any other testimony, nor has any suggestion been made that might have been of use to them."

No one has suggested that the train was running away, for instance, or that thru any defect in construction, it was unmanageable. The engineer and the conductor were contradicted by that of Mossop and Henry then, perhaps there might be reason for a doubt in your minds as to who was telling the truth.

Unsupported. "But this is not the case. The evidence of the engineer and the conductor stand by themselves, unsupported by any other testimony, nor has any suggestion been made that might have been of use to them."

Walkerton--The Picturesque

The Indomitable Old Joe Walker, Who Made It--Events in Its History--Its Industries and Prospects.

One bright day in the month of May, two men stood upon the summit of a long, circling hill, and looked down upon a valley. Opposite to them, a river, winding its way sweeping round to the west to join that upon which they stood, and form a woodland amphitheatre that challenged the eye. The foot of the hill upon which they stood ran the River Sauguenay with its waters surging about its green-islets, and if they knew the name's significance they could well understand why the aborigine named it The Beautiful. These men, prospecting for a "fine location," were Joe Walker, Adair and Kenneth Kemp, a contemplative Scot. It was late in the afternoon and they were no doubt weary from their tramp over the dark ground and pushed thru the dense underbrush all day with heavy packs on their backs containing their blankets, provisions and other necessities for cooking. It must have been a lovely scene that, under such conditions, drew from the unromantic Scotchman the exclamation: "Eden was anything like this, what a fool Adam was to eat the apple!"

The valley beneath them was rich with the bloom of wild cherry and plum trees, and its atmosphere was loaded with the perfume of myriads of flowers. They were probably the first white men to look down upon the site of the future town of Walkerton. The woodman's ax had never yet disturbed its silence, nor, perchance, the canoe of the Indian or of some white trapper and hunter, had gone down the Sauguenay. The mapmakers have failed, and not remaining to hint that the valley was once a magnificent forest, yet its glory has not departed, for the town of over 2000 inhabitants that now partly fills the amphitheatre nestles, save its chief business street, among lines of shading maples, a chequer work of foliage. But one of these slaughtered monarchs ever sought revenge. That was at a later day, when the Durham road ran over the hill on the west. It was then that Walter Nelles was bringing it down upon James in winter. The tongue parted from the sled, the bear stood on its hind legs, and the monarch arch as it started down the hill. With its tail it swept Mr. Hill, with his horse and buggy, from the road, and tumbled them down the incline. Alex. Shaw, Q.C., and Col. Sprout leapt from the road not a moment too soon, and saved the lives of the two men like a cannon ball, leaving untouched a woman of 80 and three cats on one side, and a young woman and two children on the other. Mr. Hill is said never entirely recovered from his injuries. The incident serves to give the reader an idea of the hill wall which the river, in its course, has enclosed. Imagine, in the midst of the trees, artistic homes of red and white brick, with well-kept lawns bordered by flower beds, and a park among them, the more pretentious public buildings, including the house of refuge and the hospital, and the more picturesque sketchy likeness of a town whose picturesque blends with its utilitarian features.

RUSSIAN GIRL PLANNED TO BECOME WALKING BOMB

Hoped to Blow Himself Up Along With Staff of the Political Police.

ST. PETERSBURG, Sept. 17.—The police to-day arrested a young girl, nicknamed Wanda, who is accused of participation in a plot to blow up the headquarters of the secret police, situated on the Malika Canal, whose torture chambers have aroused most bitter feelings on the part of the revolutionists.

The police claim that Wanda planned to become a "walking bomb" and enter the headquarters building in the middle of the day, when it is generally full of police, wearing the uniform of a general officer, lined with wads of gun-cotton and carrying powerful bombs. Wanda, the police add, hoped, by blowing herself up to reduce the entire building to ruins and kill all the officers composing the staff of the political police. The plot was betrayed, and the police, in addition to taking Wanda into custody, arrested a Jewish tailor, in whose shop they seized a few ready-made uniforms, which was intended for the female prisoner.

In consequence of the murderous designs of the revolutionists, the secret police have decided to give up their present headquarters, removing to an isolated stone building on Kamenyaya Island, where an elaborate electric fire-alarm system will be installed in order to prevent undermining.

An Old Conductor Laid to Rest.

The funeral of the late James Carter took place yesterday afternoon from 221 Crawford-street, in this city, at Mount Pleasant Cemetery. The funeral was in charge of the Order of Railway Conductors, and the services were conducted by the Rev. C. G. Johnson, pastor of Queen-street Methodist Church, and Chief Conductor Bro. W. J. O'Byrne. The following brethren acted as pall-bearers: Alfred Johns, A. Campbell, R. Norton, W. Hassard, D. White and J. Guthrie. Mr. Carter leaves a widow, three sons and three daughters, to mourn his loss—James and Alfred of the Pullman Company of Chicago, and Joseph of the commercial department of the C.P.R. at Cagary, Alta.; Mrs. Charles Barrett of London, Ont.; Mrs. Bradshaw and Miss Carter of Kaslo, B.C.

The late Mr. Carter was in his 72nd year. He left the Great Western Railway in England for this country forty years ago, and engaged with the Great Western Railway in Canada, and continued in their employ until the amalgamation with the Grand Trunk Railway, and retired from the latter on account of failing health in 1902. Many friends called during the day and paid their last tribute of respect, and quite a number accompanied the remains to the last resting-place.

Suggests Get Together.

NEW YORK, Sept. 17.—The board of aldermen to-day adopted a resolution recommending that both sides "make every possible effort, for the benefit of the public, to reach a settlement in order that normal telegraphic conditions may be promptly restored."

Reduced Coast Rates.

Second-class one-way tickets to British Columbia and Pacific Coast points are now on sale at special low rates, daily, until Oct. 31. Enquire at nearest C. P. R. ticket office.

Export of Niagara Power.

OTTAWA, Sept. 17.—Gen. Greene of Buffalo, representing the Niagara and Ontario Power Co., had an interview this morning relative to the regulations which are being drawn up by the Dominion Government to govern the export of electric power to the United States.

Cut in Cabin Rate.

LIVERPOOL, Sept. 17.—The American Line has notified its agents here that on and after Jan. 1, 1908, the minimum westward cabin rates will be reduced to \$52.50, which is \$22.50 below the ordinary winter rates.

If you think you need a tonic, ask your doctor. If you think you need something for your blood, ask your doctor. If you think you would like to try Ayer's non-alcoholic Sarsaparilla, ask your doctor.

We publish the formulae of J. C. Ayer & Co., Lowell, Mass.

JAP VILLAGE FLOODED.

Fire Starts in Mine and Water Reservoir Breaks.

TOKIO, Sept. 17.—Thirty persons were drowned and 100 houses burned early this morning at the Kosakabi Mine, near Kotaro.

A fire started in the mining works, and while attempts were being made to save the mine the water reservoir was broken, flooding a portion of the village.

Many women and children were among the victims.

Has New Job.

Rev. Elliott S. Rowe, formerly Methodist minister at Victoria, has been appointed secretary of the Vancouver Tourist Association.

Employee Gets Damages.

A county court jury returned a verdict for \$50 damages against Holby Bros., contractors, in favor of James Brown, who was injured by the collapse of a well at the Canada Foundry in April last.

THE MODUS VIVENDI.

Comment on Premier's Bond's Expression of Disgust.

(Canadian Associated Press Cable.)

LONDON, Sept. 17.—The Birmingham Daily Post says: "If Bond had not described the modus vivendi as a 'disgrace to British diplomacy' we should not think it worth while to repeat the subject. It is obviously his purpose to cause as much ill-feeling as he can both locally and imperially."

The Pall Mall Gazette falls to see any convincing evidence of disgraceful betrayal of Newfoundland's interests by the imperial government.

MANY BARNs STRUCK.

Severe Electric Storm Passes Over Western Ontario.

ALVINGTON, Sept. 17.—During an electric storm last evening, Leslie Lovell had his barn, with season's crop and farm implements, burned. Loss about \$2500; insurance \$900.

The barn of John McIntyre was also burned.

FOREST. Sept. 17.—During the storm last night, Robert Watson of Bosanquet had his barns and contents burned. Loss \$2000; insurance \$1150.

Hubbard of Plympton lost three barns and their contents. Loss \$6000; insurance \$1200.

SANDWICH. Sept. 17.—The barn of Alexander O'Neill of Sandwich South was struck by lightning last night and burned, with all of the season's crop and machinery. Damage \$6000.

Expedition Lost.

BERLIN, Sept. 17.—A telegram from Advent Bay, via Hammerfest, states that nothing has been heard from the William Bruce expedition, which left the base of supply about one month ago.

position, had the poorest outlook. But Joe Walker had to reckon with a resolute and resourceful man. On one occasion in the night, which lasted for years, Joe, on his way from Goderich, dropped into a hotel at Kincardine, where a delegation of that town and vicinity were in session, discussing a move that they assured themselves would give Kincardine the benefit. They looked at Joe with suspicion, but their dread opponent seemed to be very drunk. In fact, he staggered into a seat, and almost immediately went to sleep, while they formulated their plan to carry the matter thru the legislature in Toronto on the quiet. When the session adjourned, Joe suddenly awoke, mounted his horse, stopped only for food at his home in Walkerton for himself and his black horse, Nig, and was away without sleep or rest to Toronto. Joe's acquaintance with many of the legislators enabled him to "fix things," and the astonished delegation found the legislature unwilling to do anything definite because the man who played drunk had been there. He turned all his property, which had become considerable, over to an agent to administer it as he saw fit, and devoted his energies to the interests of his town, whose citizens were accustomed to light up their houses to welcome him home from his numerous trips to Toronto, as he pronounced it. It is sufficient to say that the indomitable pluck succeeded at last. It is sad to reflect that his wealth slipped easily thru his fingers, and he died a poor man, away from the scenes of his patriotic labors and triumphs, in the Manitoulin Islands.

And what now is the status of the town he made? A roster of its industries and the outlook for its future will tell.

Here the Knechtel Furniture Company has a large plant, producing a variety of bedroom sets, sideboards, office desks, etc., employing 100 hands; the Canada Furniture Company, producing a great variety of rattan goods, baby carriages, go-carts, settees and chairs, employing 120 hands; the Canadian Bobbin & Spool Co., producing a variety of novelties and employing some thirty hands; the Vogan & Son grain mill, run by water-power, on the site of the original mill; the Electric Light & Power Co., which lights the town, run by water power; the Trux & Son planing and sash and door and general house-furnishing mill—they are contractors and importers of sycamore, oak, cypress, and other woods, and employ 60 hands and run with water-power; the Walkerton Binder and Twine company, with a capacity of six tons a day, and employing 30 hands, also run by water power; the A. Hampson Foundry and Machine Shop; the Thomas Rello, the Samuel Arscott and the John Arscott tanneries, all three run by water-power and producing sole, harness and leather; the Walkerton Hosiery Company, with 30 hands, producing socks, stockings and mitts, both cotton and woolen; the Louis and Sons, producing three-fourths of a million yearly; the Adamson Tile & Drain Tube Co., producing three-fourths of a million yearly; the Slipp & Son, and E. E. Scott & Sons, with their wholesale agents all over the Dominion; the Walkerton Brewery, owned by Parquharson & Granzer, and the Walkerton Dairy Co., consuming the milk from the surrounding country and gathering eggs over three counties.

Again it is to be said that one of the great needs of this section of Ontario is a large and complete foundry and machine shop in the woods and making a hole in the woods and there is room and advantage here for many industries, and now that the facilities for transportation are ample in all directions. Its local commercial business is extensive, and its stocks large. As stated in other articles, the town is a city in its region, and if another Walker should appear for Walkerton it would be to the city probably.

The town of 25 acres of a park in the bend of the river, and it has exhibition grounds and buildings which the town is willing to have utilized by industries.

For most of the foregoing information I am indebted to Mayor R. E. Trux, Mr. Norman Robertson, county treasurer, author of "The History of the County of Bruce," the most complete history of the kind the writer has ever seen, and of Mr. A. W. Robb, editor of The Telescope.

The courtesy of W. Wesley & Son of the Times and of citizens too numerous to mention is acknowledged with pleasure.

Special Boat, Niagara Navigation Co.

Special Boat, Niagara Navigation Co., steamer from Lewiston, 8:15 p.m. Saturday, Sept. 17, will enable one to leave Toronto 2 p.m. and visit Niagara Falls, or allow a sail across the lake at 5:15 p.m., returning to town that night. Four trip service all this week.

Dundee Released.

Two tug boats managed to pull the schooner Dundee off the sandbank at the mouth of the Humber River, and she was towed to the foot of Frederick-street.

Killed by Fly Wheel.

MEAFORD, Sept. 17.—J. C. Rows, son of Rev. Row, of St. Vincent Township, was killed this morning in the Searan Kent factory. It is supposed that in oiling the engine he went too close to the flywheel which struck him on the side of the head.

PIMPLES

"I tried all kinds of blood remedies which failed to do me any good but I have found the right thing in the present, prepared one to join with him and build one at Walkerton. He was ready with the ways and means, and I used the cream and recommended them to my friends. I feel fine when I rise in the morning. I have a chance to recommend."

Fred C. Wilton, 76 Elm St., Newark, N. J.

Successes last year: 2 University Scholarships; 10 first-class honors; 45 passes; 6 passes into the Royal Military College.

H. W. AUDEN, M.A. (Cambridge), Principal.

AGED WOMAN LEADS MOB.

Desperate Struggle to Secure Murderer of Becker Brothers.

NEW YORK, Sept. 17.—After Harry Becker had been killed, and Samuel Becker, his brother, had been mortally wounded by Francesco Slica, a young Italian bootblack, last night, at the Becker Bros. hardware store, on Upper Second-avenue, two detectives had a desperate fight with a mob led by the young man's mother, and bent on lynching the assailant, and it was only after the detectives' clothing had been torn to shreds and their prisoner badly beaten that the three were rescued by police reserves.

MILLIONS TO MASONS.

Entire Fortune Left to Grand Lodge of Pennsylvania.

PHILADELPHIA, Sept. 17.—Under the will of the late Thomas R. Patton, treasurer of the Grand Lodge of Masons of Pennsylvania, his entire estate, valued between \$2,000,000 and \$3,000,000, is devised to the Grand Lodge of Pennsylvania for the education and support of male orphans of Master Masons.

King of Siam's Feast.

BERLIN, Sept. 17.—The King of Siam intended to give a grand treat to the whole of Homburg on his birthday, Sept. 21.

Beer will flow from three fountains in the casino garden. Each foreign guest in the casino will receive a bottle of champagne and a bottle of red and white wine. A magnificent supper will be laid for 600 persons.

Drowned at Walkerville.

WINDSOR, Sept. 17.—Darius Menard, a sailor on the Merchants' Montreal Life steamer "City of Ottawa," was drowned off that boat at Walkerville yesterday. Menard was climbing out of a window to reach some stajins, when he lost his footing and fell. His home is supposed to be in Montreal. The body was recovered by Fire Chief Drury.

EDUCATIONAL.

The One Opportunity Of a Lifetime.

Once in a lifetime "OPPORTUNITY" knocks at the door of every human being, and if not at once grasped, passes on. Some with commendable foresight open the door and seize that opportunity to their future advancement and delight; others, carelessly, thoughtlessly or indifferently, allow it to pass by, and it becomes a life-long regret.

Business Systems Commercial School, strictly the FIRST school, decidedly the ONLY school giving a complete course of Modern Loose Leaf Accounting, now opens the door of Opportunity to you. Loose Leaf Accounting is the system of to-day, and those who master it, and take advantage of its advantages. Every young man, every young woman, of business, should, therefore, have a thorough knowledge of it.

Business Systems Commercial School has outlined a superior course in both Business and Shorthand Departments. We want this fact to become known. Newspaper advertising, while good in its place, is not the only kind. We want to send out within a year a large number of walking and talking advertisements in the person of graduates whose success during their course and in their subsequent positions, will commend this school to their brothers, their sisters, their relatives and friends.

OUR PROPOSITION.

In our new rooms in the new Systems Building we can at once accommodate two hundred energetic, ambitious students. Ours is a new school; we know it. We are human beings, and know how suspiciously new things are looked upon until they have been tested. Our testing time has come. We do not fear results. We will meet you halfway. To the next two hundred who register we will give a bonus as follows:

To those who register for six months' day classes, paying fees in full therefor, according to our regular schedule, we will give as a bonus three months' tuition extra, or nine months in all. To those who register for three months' day classes, paying fees therefor, we will give as a bonus one month tuition extra, or four months in all.

If you would be one of the two hundred, start now.

BUSINESS SYSTEMS COMMERCIAL SCHOOL Limited

46-52 Spadina Ave., Toronto, Canada.

63636 T. F. WRIGHT, Principal.

OUR NIGHT SCHOOL

WILL OPEN MONDAY, SEPTEMBER 23

Commence on this date and take advantage of our offer to give one month FREE to those who register for the complete term.

Seven months, \$20; six months, \$18; three months, \$10; one month, \$4.

Don't take any chances. Attend a school with a good reputation.

FIND ON TEMISKAMING. Vein Discovered in Creating Interest in Cobalt.

On Monday morning last a valuable find was made on the Temiskaming and Hudson Bay property at Cobalt. The find was made by Messrs. Foster and Hamilton. Mr. Foster was until recently superintendent of the Glipin Cobalt Mine. The newly discovered vein, 4 feet wide, lies 250 feet northwest of the present working shaft, and runs heavily in cobalt and silver. It is proposed to work this new vein by drifting from the old shaft. The vein lies in the conglomerate, east and west, at a varying width of about 20 inches. The new bonanza is creating a great deal of talk in Cobalt, and Messrs. Foster and Hamilton are kept busy showing the new find to crowds of interested people.

Cobalt Mining Expert. Frank Loring, the well-known mining engineer, who has had such a varied and honorable career in the Cobalt mining country, has opened an office in the Home Bank Building, West King-street, and will devote his time to examining and reporting on mines and mining claims. Mr. Loring will spend about one-third of the year in the Cobalt and Larder Lake countries.

NEWS IS ENCOURAGING. Broker Reports Market Undertone Firm, But Quiet.

James A. Mollwain, in his weekly market report, says: Cobalt stocks remain firm with a healthy undertone. There is no activity, however, as there is no news of any importance to report. We continue to receive very satisfactory reports from the north regarding new discoveries. Some of these are: the great influence of the new vein discovered in the Larder Lake property; the discovery of a new vein in the Larder Lake property; the discovery of a new vein in the Larder Lake property.

GOVERNMENT MINES. Are Being Slowly Developed Under Strike Conditions.

Prof. Miller, provincial geologist, during the past two weeks has been engaged in work on the mine, which is being developed under the auspices of the government, on the Gilles Limit. So far the only work which has been attempted upon this extensive limit has been on a very small portion of the northern angle, upon the vein which varies in width from a couple of inches to nine inches about 150 feet from the boundary of Nipissing. The shaft has at present reached a depth of about 100 feet, and an air compressor has been on the ground for about a month.

Prof. Miller spent some three weeks in the Lake Abitibi region investigating the accuracy of the reports that gold deposits worthy of attention had been found there; but the nature of his conclusions has not yet been communicated to the department. Mr. R. W. Brock, professor of geology in Queen's University, will publish in a couple of months in The Mining Record a report on the general character of the strike, which varies in width from a couple of inches to nine inches about 150 feet from the boundary of Nipissing.

Strike conditions are advanced as the reason accounting for the comparatively slow progress made upon the mineralized portion of the Gilles Limit, and little hope is held out that the golden ore perhaps it would be more correct in the circumstances to say the silver expectations, which some months ago were in certain quarters entertained in respect to this exploitation will be realized.

GOVERNMENT MAP. Prof. Miller's new map of the Cobalt district, which will be a great improvement upon the present map, issued by the provincial department of mines, will probably be ready for free distribution in about a month.

COBALT ORE SHIPMENTS. Following are the weekly shipments from Cobalt camp, and those from January 1 to date:

Table with columns: Week ending, Ore in pounds, and various mine names like Buffalo, Coniagas, Cobalt Central, etc.

The total shipments for the week were 236,750 pounds, or 143 tons. The total shipments since Jan. 1, 1907, are now 17,628,210 pounds, or 884 tons. In 1904 the camp produced 158 tons, valued at \$136,217. In 1905, 2144 tons, valued at \$1,473,196; in 1906, 5129 tons, valued at \$3,900,000.

BUY HIGHLAND MARY

Several months ago we offered Two Million Five Hundred Thousand shares of Blue Bell at 10 cents per share. It was quickly over-subscribed, and thousands of dollars were returned to disappointed applicants. Soon after we placed Lucky Boys upon the market, and offered One Million Shares at 6 cents per share. Applications were received for three times the amount offered, and we were again compelled to disappoint many clients.

God Mines Limited Larder Lake AT 10 Cents Per Share

Why have the investing public so eagerly subscribed for the flotations recommended by Law & Co., Limited? The answer is this: Law & Co., Limited, have established themselves with the investing public as their Responsibility, Reliability and Trustworthiness. They have not abused the confidence placed in them by investors. They will not offer a single share to the public unless they have first made exhaustive and thorough examinations of the properties involved, through their own engineers and assayers. The properties must be first-class mining properties—not prospects. The titles must be perfect and clear of indebtedness. They do not mislead the public by misleading statements. The public appreciate Truth, Frankness and Fairness.

APPLICATION The Highland Mary Gold Mines, Limited, is capitalized at \$3,000,000, with shares of the par value of \$1.00 each. There are 1,000,000 shares in the treasury for development purposes.

BRUCE MAY HAVE PERISHED. Arctic Explorer Not Found by Searching Parties. EDINBURGH, Sept. 17.—Some anxiety for the safety of William Bruce, the Arctic explorer, was caused to-day by the receipt of a telegram from the office of the Scottish Oceanographical Laboratory, from Aagaard, Norway, stating that the steamers sent in search of Mr. Bruce had failed to find him. Mr. Bruce started on an exploring trip along the north coast of Greenland for next year's expedition.

Japanese Ambassador Resigns. TOKIO, Sept. 17.—Count Inoue, Japanese ambassador to Germany, having resigned that post to return to Japan, Viscount Aoki, now ambassador at Washington, has been mentioned as his successor. Should Aoki desire a change, it is possible that Baron Kaneko may be appointed ambassador at Washington.

SAVE SAFELY

Having decided to spend less than you earn and to save the surplus, the next step is to deposit the surplus in a strong, safe financial institution, where it will be absolutely safe and earn a fair rate of interest. This should be done regularly and systematically. Whatever you can spare from your weekly or monthly income, if only a dollar, should be immediately deposited to your credit. Open an account with us and we will add to it at regular intervals. Starting with \$100 a year, in 10 years you will have \$1,000 and growing. There are 311-1111 St. Clair. Interest will be credited to the account FOUR TIMES A YEAR.

WALL STREET IMPROVES NEW YORK IS STRONG

General Improvement Occurs on Wall Street — Local Market Steady on Speculative Issues.

World Office, Tuesday Evening, Sept. 17. The decision in the Steel-Coal suit was the sole topic of gossip at the Toronto market to-day, but it was not the matter of influence on either of the two securities, speculative sentiment being practically dead regarding both at the present time. The market as a whole showed some slight improvement, presumably because of the betterment on Wall-street. The Rio Grande was the most active in the market, but at the price of the common stock had been up a fraction, either realizing or manipulation caused a reaction of an equal amount. The market as a whole showed more apparent activity, but the outside dealings to-day certainly made no increase. The investment market held steady, but considerable realizing is transpiring in this department from those in want of funds for other issues.

On Wall Street.
Charles Head & Co. to R. R. Bondgard, the stock market to-day displayed a firm tone in all departments, although the railroad list continued foremost in this respect. The opening was strong and higher, influenced by the advances in London, where the American department was reported to have been considerably over-sold, and although the bear campaign continued its pressure against the metal shares, the sales were readily absorbed, and when short covering was attempted a real scarcity of stocks developed. This was particularly true of the railroad list, where a moderate amount of buying was sufficient to cause material advances in the leading issues. An advance in the price of copper metal in London encouraged some buying of the copper shares, but the demand was mainly to cover shorts, and no change for the better in the copper metal position was reported on this side. The steel and iron issues were favorably affected by the optimistic views expressed by President Gary of the United States Steel Corporation, who, in his address, declared that the company was in a position to meet any particular news to account for it. The opening of the Standard Oil hearing attracted but little attention. Wheat created the impression that the investigation into the affairs of the corporation had lost its influence as a market factor. In the afternoon a report that H. H. Rogers had suffered a severe relapse and was very low caused a moderate setback, but it was only momentary and was followed by a recovery. The lead of Northern Pacific, which advanced four points for the day. The closing was strong, at about best prices.

Three months' bills, 4 1/2 per cent.
Six months' bills, 4 1/2 per cent.
Demand, 5 1/2 per cent.
Call money, 5 1/2 per cent.
Last loan, 5 1/2 per cent.
Call money, 5 1/2 per cent.

London Steel Shares.
London Steel shares show gains of 1-2 a point, and other improvements of 1-4 to 3-4 per cent. Copper stocks also have hardened with the metal. Rio Tinto have recovered to 7 1/2-1 1/2, other securities' markets are heavy, with a dearth of speculative as well as investment enquiry. Consols have declined 5-15, the drop being due to yesterday's continual competition for the gold arrivals. British home falls are disposed to advance.

Chas. Head to R. R. Bondgard.
For a trader who is in and out for one point or so, I should advise waiting for drives, but for an investor who is willing to wait for a profit and wouldn't mind if his stocks went off a little, I think stocks are cheap and would buy now.

Joseph says:
For the first time in many weeks, excellent buying of Hill issues appears. Directors of New York Central will meet to-morrow to declare the regular dividend. There is no doubt that both Union Pacific and Southern Pacific will work higher. Each is a good purchase at the current price level for big profits. Speculators—Take on some Amalgamated for a turn and buy Steel preferred.

NEW YORK, Sept. 17.
Railroad special operations seem to us likely with the resumption of bullish operations. The completion of liquidation, although the news of the illness of H. H. Rogers may sentimentally affect the market adversely to-day, and temporarily check the tendencies noted toward specialization. If Northern Pacific takes the 130 to 131 stock, much higher prices can be attained. Its sup-

port level seems to be 125. Amalgamated is held between 53 and 62 at present. Rio Grande is very well bought, with information favorable to purchases on recessions. The steel stocks continue to display reactionary tendencies, and are sold on rallies for turns by professional—Financial News.

The buying of Northern Pacific has been very good this morning, such covering was attempted a real scarcity of stocks developed. This was particularly true of the railroad list, where a moderate amount of buying was sufficient to cause material advances in the leading issues. An advance in the price of copper metal in London encouraged some buying of the copper shares, but the demand was mainly to cover shorts, and no change for the better in the copper metal position was reported on this side. The steel and iron issues were favorably affected by the optimistic views expressed by President Gary of the United States Steel Corporation, who, in his address, declared that the company was in a position to meet any particular news to account for it. The opening of the Standard Oil hearing attracted but little attention. Wheat created the impression that the investigation into the affairs of the corporation had lost its influence as a market factor. In the afternoon a report that H. H. Rogers had suffered a severe relapse and was very low caused a moderate setback, but it was only momentary and was followed by a recovery. The lead of Northern Pacific, which advanced four points for the day. The closing was strong, at about best prices.

On Wall Street.
Charles Head & Co. to R. R. Bondgard, the stock market to-day displayed a firm tone in all departments, although the railroad list continued foremost in this respect. The opening was strong and higher, influenced by the advances in London, where the American department was reported to have been considerably over-sold, and although the bear campaign continued its pressure against the metal shares, the sales were readily absorbed, and when short covering was attempted a real scarcity of stocks developed. This was particularly true of the railroad list, where a moderate amount of buying was sufficient to cause material advances in the leading issues. An advance in the price of copper metal in London encouraged some buying of the copper shares, but the demand was mainly to cover shorts, and no change for the better in the copper metal position was reported on this side. The steel and iron issues were favorably affected by the optimistic views expressed by President Gary of the United States Steel Corporation, who, in his address, declared that the company was in a position to meet any particular news to account for it. The opening of the Standard Oil hearing attracted but little attention. Wheat created the impression that the investigation into the affairs of the corporation had lost its influence as a market factor. In the afternoon a report that H. H. Rogers had suffered a severe relapse and was very low caused a moderate setback, but it was only momentary and was followed by a recovery. The lead of Northern Pacific, which advanced four points for the day. The closing was strong, at about best prices.

Last loan, 5 1/2 per cent.
Call money, 5 1/2 per cent.

London Steel Shares.
London Steel shares show gains of 1-2 a point, and other improvements of 1-4 to 3-4 per cent. Copper stocks also have hardened with the metal. Rio Tinto have recovered to 7 1/2-1 1/2, other securities' markets are heavy, with a dearth of speculative as well as investment enquiry. Consols have declined 5-15, the drop being due to yesterday's continual competition for the gold arrivals. British home falls are disposed to advance.

Chas. Head to R. R. Bondgard.
For a trader who is in and out for one point or so, I should advise waiting for drives, but for an investor who is willing to wait for a profit and wouldn't mind if his stocks went off a little, I think stocks are cheap and would buy now.

Joseph says:
For the first time in many weeks, excellent buying of Hill issues appears. Directors of New York Central will meet to-morrow to declare the regular dividend. There is no doubt that both Union Pacific and Southern Pacific will work higher. Each is a good purchase at the current price level for big profits. Speculators—Take on some Amalgamated for a turn and buy Steel preferred.

NEW YORK, Sept. 17.
Railroad special operations seem to us likely with the resumption of bullish operations. The completion of liquidation, although the news of the illness of H. H. Rogers may sentimentally affect the market adversely to-day, and temporarily check the tendencies noted toward specialization. If Northern Pacific takes the 130 to 131 stock, much higher prices can be attained. Its sup-

NEWMARKET COUNTY FAIR LOOKS GOOD

Weston Council Wants Good Walks - Thresher Acts With Promptness - County News.

TORONTO JUNCTION, Sept. 17.—In police court today Albert Newman was charged with assaulting Walter Toad in a lane off Hook-avenue. Mr. Anderson appeared for the defendant, and Mayor Baird for the complainant. The defendant was fined \$1 and costs.

Frank and Edward Standby and Richard Rodgers were charged with assaulting Wm. Grant of Brantford. Mr. Anderson appeared for the defendants and got the case adjourned for a week.

Joseph Flinn and about ten other boys from Brantford were accused of pelting stones at Toronto Suburban Railway cars on Davenport-road. The case was remanded for a week, and the boys will be charged under the Railway Act for destroying property.

Dr. Fred Hazelwood of 177 High Park-avenue left this morning for the Erie County Hospital in Buffalo, where he has been appointed house surgeon for 15 months.

Work on the new Methodist Church, which is being built at the corner of Annette-street and High Park-avenue, is progressing rapidly. The stone work on the basement is all completed, and on the north side the brick work is in position nearly as high as the lower windows. The corner stone will be laid a week from next Saturday, Sept. 28. The ceremony will be performed by Rev. Mr. Shore of Toronto, a former pastor of the Annette-street Methodist Church.

F. Sullivan, who resides at 60 Wood-lawn-avenue, lost a valuable Eton bicycle on St. Clair-avenue, where he was driving this afternoon. The search was made for the missing article on the 18th, but it has not yet been discovered and Mr. Sullivan has notified the police.

If any Junction people want their names added to this morning for the Erie County Hospital in Buffalo, where he has been appointed house surgeon for 15 months.

the society, will be a feature of the fair.

The horses are said to have trotted half mile in 1.12 1/2, and Collins in 1.13 1/4. The farmer's trot is also exciting great interest.

The display of live stock on Thursday will be large, and Secretary "Bully" Keith is a busy man looking after the details. All the railways, steam and electric cars are giving special service and rates.

NORTH TORONTO. St. Clement's Will Undertake Big Work—Horses Sell Well.

NORTH TORONTO, Sept. 17.—At the vestry meeting of St. Clement's Church last night the work of the building committee was highly commended, and they were instructed to raise money by mortgage not to exceed \$2750, which is considered sufficient with that already on hand.

The committee appointed to secure a suitable location for the erection of the new skating rink have their task about completed.

J. Wice, who lost his thrashing machine and cutting box in the fire at J. Grainger's on Saturday, has purchased a new machine, and will be at work again this week.

Quite a substantial sum of money has been raised to be presented to J. Wice on account of his loss on Saturday last.

B. Ainsworth, who got his face and arm severely burned while endeavoring to save the thrashing machine, is progressing favorably.

A. R. Hall has completed the erection of a coal shed at the Canadian Northern Railway yard here. The first of coal arrived on Saturday.

W. Riddell is purchasing material for the erection of a brick residence on Yonge-street.

David James is grading his lot recently purchased from Mr. Francis, and will commence the erection of a brick residence as soon as material can be secured.

Natural gas is still the hope of this vicinity, a test well is shortly to be bored on the property of L. Page, which has been using it for some time.

The gas is being secured from a pipe originally intended for a well.

The members of the Union Lodge, A. F. and A. M., Markham, will attend divine service at Grace Church on Sunday afternoon next.

The members of St. Patricks Lodge have been requested to attend also.

EAST TORONTO. Popular Young Citizen Offered Military Advancement.

EAST TORONTO, Sept. 17.—Dr. and Mrs. Walters, who returned on Saturday evening from Montreal, where the doctor was in attendance at the medical convention, report a most enjoyable trip.

Jimmie Paterson has been offered a lieutenantcy in the Toronto Light Horse, which has the matter under consideration.

Architect Ellis paid a visit to some of the public school buildings in town today.

WESTON. Members of Council Were Conspicuous by Absence.

WESTON, Sept. 17.—Council this year are inaugurating a forward movement in the carrying on of public works—the putting down of sidewalks and other necessary improvements. The latest action is to enter upon the preliminary work of putting down a cement sidewalk on the north side of King-street, from Main to George-street, a distance of 400 feet.

From this point it will be continued as a 4-foot walk to North Toronto Station-street.

The Weston Agricultural Society will this year give the annual grant of \$400 to the farmers in the city and York County, died yesterday at the General Hospital. For 49 years deceased had conducted a sales stable on Duke-street, and was personally well-known to a majority of the farmers in the county. He was in his 88th year, a native of Cecil County, Maryland, U.S.A., coming to the city in 1856. He was stricken with apoplexy on Dec. 6, since which time he has been in the General Hospital.

The funeral will take place from the undertaking rooms of Washington and Annis, Broadview-avenue, and Queen-street, at 2 o'clock Wednesday afternoon to Norway Cemetery.

WALKED FROM BRANTFORD. Husband Arrested at Chatham for Abusing Wife.

CHATHAM, Sept. 17.—Mr. and Mrs. Chas. Kashner of Brantford arrived in the city this morning after walking from Brantford. They started with a dollar between them, and when six miles from there the woman was tired out, and could go no further. She alleges her husband abused her in an attempt to force her to continue. He was arrested.

Garrison Church Parade. The garrison will hold the semi-annual church parade on the second Sunday of October.

WERE ENGLISH AND DISCHARGED

Englishmen Say That Nationality Prejudiced Them in the Eyes of Captain.

ST. CATHARINES, Sept. 17.—(Special.)—The steamer Advance was held up in Welland Canal at Thorold today by High Constable Boyle, who compelled Purser MacFarland to return to the city to show cause why four English sailors, discharged without seven days' pay, should not be settled with. The case was heard by Police Magistrate Coffey, and the men told a story of seven days' wretchedness inflicted upon them by Capt. Doust, who finally discharged them because they were English.

When evidence was taken MacFarland settled with the men, paid the costs and the boat proceeded.

ONLY FIVE ARE MALES. OTTAWA, Sept. 17.—(Special.)—At the opening of the Ottawa Normal School today there were only five male students out of 125.

A HINT IN ADVANCE. To men who are turning over in their minds the Fall Suit question, we announce that we are showing this season's smartest and most exclusive fabrics and suit models in a variety of browns, greys, heather mixtures, shadow-plaids and stripes. Prices \$18.00 to \$30.00.

Also—The new Burberry Fall Overcoats, in medium and full length; half silk lined. Prices \$18.00 to \$30.00.

The clothing we sell represents the highest class of Ready-to-Wear garments for men, and is always equal—and in some cases superior—to custom-made clothing.

Fairweather 84-86 YONGE STREET

AMUSEMENTS

Musical comedy like charity covers a multitude of sins, and the extremes of its gamut are wide apart. But come in what manner and with what apparel it may, the resultant continues to appeal to the public, whose demand in matters theatrical has all the force of the categorical imperative. And as it would be unreasonable to expect the popular predilection to be ignored, it is all the more creditable that so much of this essentially light form of entertainment can be so brightly without vulgarly and provocatively of nothing worse than care-destroying hilarity.

"The Blue Moon" played on Monday night at the Royal Alexandra, for the first time in Toronto, may be taken as a typical example of the average of its class. Originally produced in England, it has a romance and a melodrama, but the obviously it has been considerably worked over in accordance with present day American ideas. These acquire the presence of a spectacular star, about whom the other characters revolve at greater or less distance, but whose central position suffers not even passing eclipse.

This spells destruction to all artistic completeness; in musical comedy it has its own special appeal, and in this realm the interpreter is in his own way a creator, responsible as he is largely for the stage business that is the real north-point.

Of plot, "The Blue Moon" has little, and that is lacking enough. But the thread is worn, what is strong upon it is lively and fresh, even judged theatre-goers. James T. Powers is a comedian with a genuine sense of humor, and he has a knack of making his natural qualifications serve the purposes of his art. But it would be unfair to ignore the excellent support he receives, particularly from Miss Jennie Palmer, whose arch vivacity was greatly appreciated. Miss Marion Jacques as Chandra Nil, the Blue Moon, proved herself a redoubtable rival of the vocalist. Other features of a well-balanced company are the Major Callibone of Frank Farrington, the character sketch of a renegade soldier, and the Indian fakir of Phil H. Ryley, and the Prince of Kharikar of Robert Broderick.

Excellent acting is supplemented by musical numbers which, if not strikingly novel are bright and catchy, and plenty of clever dancing. Miss Jennie Palmer's part de seul in particular eliciting special approval.

"Happyland," the new De Koven-Rankin opera, in which the Shuberts are presenting De Wolf Hopper, and one of the best singing companies ever organized, will be at the Royal Alexandra next week. Mr. Hopper can justly claim to have thousands of admirers in most of the cities and has for years been a favorite with the public. He was especially written for him, his part allows him abundant opportunity for the display of his dramatic talents. "Happyland" has been given a gorgeous production, and the original company, which, by the way, will be heard here, contains the names of a few theatrical celebrities, including Marguerite Clark.

"Since Nellie Went Away," a drama in four acts and twelve scenes, by Mr. Owen Davis, will be presented for the first time in his city at the Majestic next week. The views of the Soldiers' and Sailors' Monument on Riverside Drive, the Five Points (once noted as a nest of every sort of crime), and the residence of a millionaire are marvellous, even in this age of realistic stage-settings. The view of the life-saving station, the representation of a rescue from a stranded vessel exceed anything of the sort heretofore attempted.

Billy B. Van, the little comedian of the eccentric methods, who made a hit here in previous seasons, brings his new and elaborated edition of musical comedy to the Grand next week. The play is called "Patsy in Politics," and everything is new except the last. The company is in a good way constituted of youthful, pretty, active girls, who can sing and dance.

Marie Cahill, a comedienne particularly acceptable to the present generation of theatre-goers, will be seen at the Princess next week in her musical play "Marrying Mary," by Edwin Milton Royle, after a two months' run at Daly's Theatre, New York. Eugene Cowles

N. S. Lost Marathon Race. They explain that their favorite had a bad cold. He needed was Putnam's Corn Extractor. It removes the worst corn in 24 hours—no pain—results guaranteed.—Putnam's.

These goods are from the best manufacturers of linoleum, thoroughly painted and extra well seasoned, guaranteed for hard wear, linoleum sale price 36c per square yard

STEEL COMPANY'S VICTORY SOME OPINIONS OF IT

Toronto Market Not Affected, But Sympathy Seems With the Coal Company.

The decision of the Dominion Coal-Dominion Steel suit, which was handed out on Monday night, was the sole topic of comment among Toronto financiers yesterday. The securities of both companies were heavily dealt in on the Toronto market during 1902, but the slump in 1903, which followed the wild speculation, weeded out most of the Toronto people, the decision had no immediate effect upon the market values of either stock. Only sixty shares of Dominion Steel common are in the hands of Toronto people, while there was not a single transaction in the coal shares.

The prevailing opinion locally is that the verdict may be justified according to legal interpretation, the Dominion Steel Company is simply a parasite on the people of Canada and its sister industry—Dominion Coal.

One investor in Dominion Coal stock said: "It is preposterous that a steel company bolstered up by subsidies from the government and supplied with coal at less than cost price cannot pay dividends on its preferred stock. I think the sooner the company goes into liquidation the better the country will be off."

On the Toronto Stock Market yesterday the verdict was taken of the verdict. None of the coal stock was dealt in, and only sixty shares of the Dominion Steel Company changed hands.

Views of Directors. Of the Toronto directors The World was unable to interview Senator Cox, E. R. Wood or Frederic Nicholls, these gentlemen being out of town, but J. Kerr Osborne, director of the Dominion Coal Company, when asked his opinion concerning the verdict given against the company, said laconically: "I would rather not say anything at present."

W. D. Matthews, also a director, was more communicative. He said: "At the moment I have no personal opinion for publication. Indeed, I have had no time as yet to think the matter over. The directors of the Dominion Coal Company will undoubtedly be called together at an early date. What the decision of such a meeting will be is a matter of conjecture, but whatever they decide is certain they will act collectively and in the best interests of the Coal Company."

Henry Pellatt, a director of the Dominion Iron & Steel Co., when spoken to by The World, said that, being so far away from the scene of action he had really no opinion to offer concerning the decision handed out yesterday against the Dominion Coal Company. "I have been too busy to follow the case closely," he concluded.

Pleasant Mr. Rogers. The World then saw Elias Rogers with reference to the decision of Judge Longley. He said that it was what he had expected, and he was naturally pleased with the result, although he had no desire to discuss the matter, as he had many friends among the coal people, as well as among the steel.

"I was on the Steel board when the

DR. SOPER DR. WHITE

Notice is hereby given that a quarterly dividend of \$100,000, at the rate of 5% on the capital stock of the Dominion Coal Company, has been declared.

Warrants will be issued and mailed to the address of each shareholder and are payable at the Union Bank of Halifax, Halifax, N.S., and Bank of Toronto, on and after Oct. 10, 1907.

The Transfer Books of the Company will be closed from the 1st to the 10th of October, both days inclusive.

By order of the Board. FRED H. OXLEY, Secretary.

ESTATE NOTICES. IN THE MATTER OF THE ESTATE OF Anna Maria Clark, late of the City of Toronto, married woman, deceased.

Notice is hereby given, pursuant to R.S.O. 1887, chapter 129, that all creditors and others having claims against the estate of Anna Maria Clark, late of the City of Toronto, married woman, deceased, should present the same to the undersigned, at his office, 25 Toronto Street, Toronto, Ontario, on or before the 10th day of October, 1907, at 10 o'clock a.m. on that day, or to deliver to G. M. Gardner, Quebec Bank Chambers, 2 Toronto Street, Toronto, Ontario, a statement of their claims, and the nature of the security, if any, held by them.

And further take notice that after such last-mentioned date the said Administrator will proceed to distribute the assets of the deceased, among the parties entitled thereto, having regard only to the claims of which he shall then have notice, and that he will not be liable for the said assets or any part thereof to any person of whose claim notice shall not have been received by him at the time of such distribution.

Dated Toronto, 17th September, 1907. G. M. GARDNER, Quebec Bank Chambers, 2 Toronto Street, Toronto, Ontario, Solicitor for William Clark, Administrator.
