## TIMBER DUES GO UP Province To Share in Increment of Value BIG CHANGES MADE

Hon. Mr. Cochrane Makes Announcement—Licenses To Pay Fire Ranging—For Next Ten Years.

### PRINCIPAL BURDEN ON THE SPECULATORS

An announcement of great importance was made last evening by Hon. Frank Cochrane, minister of crown lands, in an official statement of an increase in timber dues.

Taken in conjunction with the announcement early this week by Premier Gouin of a protectionist policy in pulpwood, it is thought that the "cat is out of the bag" as to the real meaning of the conference some weeks ago in Toronto between the members of the two provincial cabinets of Ontario and Quebec.

The province has decided, in view of the fact that there has been no increase in the dues on "old limits" for 23 years, to raise the dues on saw logs from \$1 to \$1.50 per thousand feet (board measure); square timber, from \$20 to \$50 per thousand cubic feet; and hemlock by 50 cents per thousand feet, board measure. Ground rent, which was raised from \$2 to \$3 per mile, twenty-three years ago, is now to be advanced to \$5. The transfer fee will be raised from \$1 to \$5 a mile.

These rates are fixed for ten years.

The licenses to cut the timber on the whole cost of fire ranging, instead of half, the government retains an authority over the men engaged.

The statement begins: "The government has had under consideration the question of sharing in the increment of value that has taken place in the stumpage value of timber on lands which have been under license for long periods.

"We have recognized that any increase made would be considered in all their bearings—that is their effect upon the trade as well as upon the revenue of the province—and after getting all the facts before us, and listening to the representations of those interested, we have determined upon certain increases which, while they will bring in a larger amount of revenue, will not, in our opinion, prove injurious to or embarrass the interests of the lumber trade."

HON. FRANK COCHRANE.

## GREAT WATERWAYS CO. IS A SHADY AFFAIR

Albertan Enquiry Discloses That Canada West Construction Co. Had Real Control.

EDMONTON, Alta., April 15.—(Special.)—It was announced to-day that H. A. Robson, K.C., of Winnipeg, counsel for Minty and Clarke, has retired from the Alberta and Great Waterways Railway for expenses. A. C. Fraser of the Merchants Bank, Edmonton, had been elected manager pro-tem, and it had been moved by B. R. Clarke, brother of W. R. Clarke, that W. R. should receive \$26,000 a year as president of the company. B. R. Clarke had announced that he contemplated the formation of a construction company to build the road, and had thereupon resigned as director. It was then moved that the contract be entered into with the construction company, which the railway company was to transfer them all the balance of the Guarantee Act, suggesting not more than \$12,000 a mile. Cornwall denied any intimate knowledge with this draft agreement, also he was shown by documents to be the man who was to receive \$54,000 worth of stock if he got the draft thru.

R. B. Bennett entangled Mr. Cornwall rather badly when he gained a statement to the effect that Cornwall knew nothing of the draft form of the Guarantee Act, suggesting not more than \$12,000 a mile. Cornwall denied any intimate knowledge with this draft agreement, also he was shown by documents to be the man who was to receive \$54,000 worth of stock if he got the draft thru.

Letters showed that Cornwall acted as intermediary between Premier Rutledge and Clarke in furnishing information as to the progress of the organization of the company.

## BALFOUR BRINGS OUT NEW FOOD POLICY

Wheat Grown Within the Limits of Empire Should Be Admitted Free—Churchill's New Campaign.

LONDON, April 15.—(C.A.P.)—Replying to a letter from a Unionist M. P., Mr. Balfour says: "Wheat grown within the limits of the empire should be imported free. This policy will, I believe, commend itself to the judgment of the British community and will certainly be received with favor by the colonies."

Mr. Balfour's announcement is regarded as likely to have an effect on the industrial constituencies in the next elections. The free trade view, however, is not a tax colonial corn and not to affect the price of bread, as three-fifths of the corn is imported from foreign sources, who would raise the price to pay the duty. Colonial and British farmers would do likewise to make extra profits, so the statement will not prevent the cry of the "little loaf."

The Morning Post, the organ of advanced tariff reforms, determinedly disagrees with the Unionist leader's new policy, and hopes the agricultural members and candidates will stick to their guns in the matter of pledging themselves to fight when the time comes for fair play to home agriculture.

Winston Churchill has received a large sum for the purpose of a free trade campaign and is arranging 2500 special lectures in the next twelve months by distinguished men, including Lords Avebury and Bessner.

The Standard publishes the views of leading tariff reformers expressing great satisfaction at Balfour's pronouncement.

The Political Crisis.

Premier Asquith's statement Thursday night has made the coalition very enthusiastic and the opposition very angry, and has bristled the political situation once more to an exciting point. Strong speeches were delivered tonight by Henry Law, and F. E. Smith. The former at Birmingham said that Asquith had paid the price of the degradation of his high office, and indignity, and that the Nationalist vote. The Premier had brought the sovereign into the mire of party politics.

The same points were made by Smith, who also declared that Asquith's master was Redmond, whose master was Patrick Ford.

Augustine Birrell, speaking at Reading, declared that as Irish Secretary, there was no bargain or understanding with the Irish. Asquith's pronouncement was absolutely necessary to fill with genuine encouragement and loyalty to his own supporters.

To the Unionist complaints, the Liberals reply that they are only pursuing a constitutional course, and, anyway, the lords never have been subservient to anything but force, and say they can only disregard the use of the national anthem as a war cry by their opponents.

UNCLE SAM: Waal, I swan! I thought Bill Taft and the Dook of Grey fixed that up

## REV. WM. PATTERSON WILL BECOME AN EVANGELIST

Announces Resignation From Philadelphia Church To Enter a Great Work in Canada.

PHILADELPHIA, Pa., April 15.—(Special.)—Having definitely decided to devote the remainder of his life to church work in an evangelistic effort, the Rev. Wm. Patterson, pastor of the Bethany Presbyterian Church, and formerly of Toronto, Ont., has notified the officials of the church organization that he will shortly resign from the pastorate.

Dr. Patterson's decision is taken after having continuously served the term of service which exceeds that of any previous pastor of the church. The first Sunday in June will mark the 10th anniversary of Dr. Patterson's acceptance of the charge. Dr. Miller, who was the pastor of Bethany thirty years ago, is the nearest approach to Dr. Patterson in point of service, with nine years as pastor.

Before Dr. Patterson accepted his present charge, he served as pastor of Cook's Church in Toronto, and two years ago he received a call to return but this he declined, preferring to remain in Philadelphia.

Altho the pastor has not yet tendered his resignation, he has turned 50 years of age, and desires to enter the evangelistic field in Canada, under the general assembly of the Presbyterian Church in Canada, and work along the same lines as Dr. Chapman, under the assembly here. His resignation will be handed in shortly, and his evangelistic work probably be taken up next October.

On his recent visit to Toronto, Dr. Patterson, altho not stating his intention, expressed a desire to return to Canada. He is a gifted Irishman, dearly beloved here.

## The Sunday World

Some of the biggest men of our day are the men who jumped into a young country and grew up with it.

The same holds good with institutions.

The Sunday World started growing when Toronto was shaking off her swaddling clothes.

And the big paper has kept growing with the big city's expansion.

Last Sunday's edition was 2500 larger than the edition of the week before.

To-morrow's edition will exceed last week's by 2500 copies, because last week's edition was not large enough to meet the demand.

Its table of contents will include: Live editorials and articles by finished writers.

All the latest in literary, musical, society, motoring, theatrical, and sporting news.

Pictures of the rugged mountains, valleys and waterfalls of the west, "Fishing Days" in the deep holes and creeks about Toronto; play time of the youngsters on park and street; happy days on the farm; three hundred Toronto teachers on spring vacation; the wilds of new Ontario, and many other pastoral and graphic scenes, will go to make the illustrated section the very best yet.

Many anecdotal stories of time interest, including "How the Newcomer is Prayed Upon by Land Sharks" and a hillman car story, dealing with the temptation for a reduction in the price of upper berth.

Many other interesting features, any of which is worth the price of the paper.

Buy it early.

## HOME OF FALLS' POWER GETS A REDUCED RATE

Hon. Adam Beck Offers Niagara Falls City Power at \$12.40—Is Heartily Cheered.

NIAGARA FALLS, Ont., April 15.—(Special.)—But little new on the hydro-electric commission's project was brought out in an address by Hon. Adam Beck before the board of trade to-night. Cheap power for the entire province was the keynote of the speech. He prophesied that the power beyond the industrial centre of the province. It would be a greater boon, including Welland and Chippewa.

That work would be begun in the near future upon the dredging of the Welland River to make it navigable was a promise by W. M. German, M.P., in discussing what the Dominion Government intended in securing for the Falls navigation facilities. He forecasted a great industrial boom for the frontier.

Mr. Beck offered the city power at \$12.40, but he did not criticize the Ontario Power Company. The offer was cheered for nearly 20 minutes. The city pays the Ontario Power Company approximately \$17 at present.

## GIVE M.H.C. MORE SCOPE

Academy of Medicine Also Proffers Further Advice to City Council.

The appointing of a special committee to urge upon the city council the advisability of passing a bylaw to enlarge the powers of the medical health officer so that he can deal effectively with overcrowding and congestion of dwellings and other buildings in small areas, has been decided upon by the Academy of Medicine. It is declared that "there is no bylaw in force in Toronto amending the meagre Ontario statute."

The academy urges that the city should choose for its medical health officer one who is fitted for the position by requisite scientific education and by special training, that the health officer should devote his entire time to that department.

Another resolution passed protests against the proposal to empty the old four foot steel conduit into the main water system of the city, thereby upholding the city engineer. The termination of the waterworks tunnel would necessitate the use of the conduit.

## TWO NEGROES LYNCHED

ASHURN, Va., April 15.—Two negroes were strung up and shot near here to-day by prominent men; an assault committed two weeks ago.

## REV. WILLIAM PATTERSON, D.D. REVIVAL OF GRIMSBY PARK

Cleveland Company Will Make It a Fine Pleasure Resort.

GRIMSBY, April 15.—(Special.)—The Beach Realty Co. of Cleveland are making great changes in Grimsby Beach (Grimsby Park). The park is being remodelled into a theatre and a company of New York players have been engaged for the season. The 4th Regiment Band, under F. M. Howard, will give two concerts a week. A dance hall, merry-go-round, miniature railway, moving picture theatre and other amusements are to be among the entertainment features. The Park House has been let to Jas. Stewart of Cleveland, and will be conducted on the European plan.

Over 20 picnics have been booked already.

## START ON HUDSON'S BAY RY.

Engineers at Work Near Prince Albert—Saskatoon Southern Terminus.

SASKATOON, Sask., April 15.—(Special.)—A well authenticated report says engineers left Prince Albert at 8 o'clock this morning and commenced work fifteen miles from that city on Hudson Bay Railway. It is determined that the southern terminus will be Saskatoon, and that the construction is to commence in six weeks. The Earl of Essex and Lord Tenterden, representing English capital, are behind the scheme, and are expected here within ten days.

## RIOTERS STILL CONTROL.

LONDON, April 15.—A special dispatch from Peking says that the rioters are masters of the situation at Changsha, China. Some accounts say the governor has been killed and that the consuls fled with the missionaries and other foreigners, taking refuge on board river craft.

## FIRSTWARD CONS. WANT TO REPEAL RIOT ACT

Consider Col. Hughes and E. A. Lancaster Have Betrayed Party Principles in Fight on Radial Bills.

"That the Central Conservative executive be asked to draw to the attention of R. L. Borden the conduct of Col. Sam Hughes and E. A. Lancaster, who, while claiming to be Conservatives, should so far forget themselves as to insult the Conservative party in the City of Toronto and district, and their representatives, by their attitude towards the H. W. & G., and Toronto and Eastern Ry. bills, when before the house of commons."

That is the substance of a resolution which Ex-Ald. W. J. Sanderson moved and a large gathering of the First Ward Conservative Association last evening endorsed to the limit. It was the result of a number of remarks by members of the association, which were far from complimentary to the members mentioned, who it will be remembered, fought tooth and nail against the City of Toronto's objections to the federal incorporation of the two radial companies. Col. Hughes, too, had referred to Toronto aldermen as in the same class with Montreal and Pittsburgh's bribe takers and graters; while Lancaster was constantly harping that Toronto was asking for more than any other city could expect to get.

Praised Local Members.

Another resolution, moved by George Stagg and H. Harang, was carried, congratulating Mr. Bristol, M.P., and Claude Macdonell, M.P., and the other Toronto and district members for their support of the city's contentions.

The meeting was held in the old Dingman's Hall. President Richard Greer presided in the early part of the meeting and Chas. Doughty, the rest of the time.

House Cleaning Necessary.

Controller Church was present by request to give an address. He spoke of the proposed redistribution bill as it might affect Toronto, and went on to talk of the Conservative party at Ottawa. He was sorry that the convention had been postponed. A house-cleaning was necessary, and the party should get together and formulate a progressive platform. He gave the history of the Liberal-Conservative party, but for whose policy of municipal and provincial rights there could have been no confederation. It was time for the party to emphatically reassert that doctrine.

At this point Ex-Ald. Sanderson asked what he thought of the conduct of Hughes and Lancaster. It was absolutely impossible for the party to make any headway encumbered with such a load of wood. He was surprised the city council had not made a protest.

Controller Church explained that the bills should have been presented to the legislature, but the promoters had expected better results at Ottawa. He regretted that there was an estimate in the party that disgraced it. There would have been no hydro-electric policy had not Premier Whitney been strong enough to support a similar element in the various bills.

Obstructionists Must Go!

Mr. Borden must now rid his party of such followers. He was sorry to have to refer in such a way to members of parliament who were his own personal friends, but they had proved themselves to be obstructionists, and had gone out of their way to insult the city's representatives. Mr. Lancaster had in the past sponsored a lot of useful railway legislation, and Col. Hughes had done fine work in the St. Lawrence power bill, but on the radial bills he had been false to the principles of the Conservative party.

He said that Liberals of the Mark time Provinces and far west, who usually did not take an interest in the affairs of the railway committee, had evoked an unusual interest in these two local bills.

Hughes a Renegade?

Thos. Whiteside, M.L.A. said that Col. Hughes was once a Liberal, and perhaps he had gone back. Other speakers went so far as to say that both the offending members should be "expelled" against at the next elections.

## TWO CHARGED WITH MURDER.

WINNIPEG, April 15.—John Rechart, butcher, and Thomas Grabowski, laborer, of Plum Coulee, Man., were arrested to-day at Morden, charged with the death of Alexander Phillips, a farmer of Morden, who was killed Monday night by a blow from a blunt instrument.

## BLIZZARD IN WINNIPEG.

WINNIPEG, April 15.—(Special.)—After six weeks' balmy weather, a storm, the worst since Christmas, and blizzard-like in character, broke over this section this morning and speedily tied up all city traffic.

## A RETROSPECT.

April 16, 1853.—The Toronto Locomotive Works completed the "Toronto," the first locomotive built in Canada.

The railway in June opened.

April 16, 1876.—Parliament expelled Riel from the house.

An agricultural college and experimental farm was established at Guelph.

## EVERY SATURDAY.

Rain or shine, Saturday is the only shopping day for men. And the wife shopper prepares for his visit with some tempting goods. Dress makes a specialty of hats for the male man. He has all the good things in either Europe or America, and some hat you can't buy beyond his door in Canada. Store open until ten o'clock Saturday night.

## Lumberman's Opinion.

Concerning the changes, John E. Miller, president of the Dominion Lumbermen's Association, said that the Parry Sound Lumber Company, when seen by The World last night, said that most of the lumbermen thought he would be satisfied with the conditions for the sake of getting the thing settled, and fixed for 10 years.

On logs as there was no stated period they never knew where they were at.

"There is no reason, however," said Mr. Miller, "why the government should charge anything for a transfer and fee of \$5 a mile is outrageous. Yet, it is a better place to put an excessive charge than on the manufacturer, because a man who simply buys and sells limits is doing no good to the country."

"I think there is a great injustice in raising the dues in old limits to \$1.50, because they have been cut over several times. The increased ground tax is a fair proposal to the man who secures a limit for really lumbering purposes. It is more of an assessment on standing timber than the ground. Five dollars a mile will be a pretty serious tax, though a speculator who is cutting only so much a year and holding the bills for an opportunity to sell at a big profit."

"It is the fairest phase of the measure, because it is taxing the increased value of the timber that is left standing. The only bad feature of the increased ground rent is that we who are in the business as extensive lumbermen have got to pay on dead areas areas that have been cut off clean."

The only bad feature of the increased ground rent is that we who are in the business as extensive lumbermen have got to pay on dead areas areas that have been cut off clean."

The government will not allow us to cancel these portions of our lots.

Manufacturer vs. Speculator.

The assessment is a direct tax on the manufacturer which is up against the speculator, which is commendable. There is no reason why the government should charge anything for a transfer, and to tax up \$5 a mile is outrageous; yet it is better here than on the persons on the Devonshire place side."

As to loading the responsibility of

## DIES FROM HYDROPHOBIA

Veterinary Surgeon Reaches Hospital Just Before He Was Seized.

NEW YORK, April 15.—C. E. Pierce, veterinary surgeon, of Wellsville, N.Y., who applied for admission at Bellevue Hospital to-day, saying that he feared he was about to be attacked by hydrophobia, died a few hours after his admission, with all the symptoms of rabies.

Pierce, early last winter, removed a bone from the throat of a dog that afterwards died of hydrophobia. His hand was badly scratched during the operation.

He had enjoyed his usual health until yesterday, when, noting alarming symptoms, he consulted his physician, who advised him to hurry here and consult specialists. He was near a collapse on his arrival here to-day.

He was taken to Bellevue, where the first paroxysms of hydrophobia attacked him within a few minutes after his arrival.

## VARSAVI ATHLETIC FIELD

Will Be Moved Up to Corner of Bloor Street and Devonshire Place.

The athletic grounds of the University of Toronto will be moved north from their present location to Bloor-street, and will occupy the ground between Devonshire-place and the grounds of McMaster University. A part of the present ground will be required for an entrance from Devonshire-place to Trinity College, in the event of the latter being moved to the site agreed upon, fronting on Bloor-street to the west of the university residences. The athletic grounds will have a grand stand accommodating a least two thousand persons on the Devonshire-place side.

The track will be constructed after the most approved methods.

## LIFE IN THE OLD HOME YET.

One of the street sights of Toronto for many years has been Mr. Lothar Reinhardt, the brewer, his horse "Tommy" and the buggy annexed. On Thursday the old horse lay down near the brewery in the shafts and the vet. was sent for. He pronounced him beyond recovery; they say called up the dead-horse movers. Later on in the day the vet. came, and Mr. Reinhardt, sorry to lose his old friend and driver, said to the man: "You mustn't start to move him until he is dead."

The man said: "All right; I will have to kill him; and went and got a slug hammer, and approached to kill the horse. Mr. Reinhardt could not stand to see that, and he said: "Good-bye, Tommy," and went to walk away; and then the horse—was it by instinct or spirit—raised his head and got his way up on his legs and Tommy then walked around to help him, and got him up on his legs and Tommy then walked off. In speaking of this, Mr. Reinhardt says: "We were all very sorry, but I shall spend the rest of his days in pension."

Continued on Page 7, Column 3.

# THE NEW SPRING LINE OF AN OLD HOUSE

If you are satisfied with cheap-tailored clothing as sold by some houses, we cannot hope to interest you. If you are *not* satisfied and are looking for Real Smart Well-tailored Clothing that will help build up your prestige among men, then we are sure we can interest you. Ours is not the ordinary line of clothing that a hundred houses have to show. The difference is marked; good judges see it at a glance. We would like you to see it.

## Clever Suit Effects

If our salesmen appear over enthusiastic, don't blame them, it's the merit of the goods and the handsome styles and patterns that make them so. Be sure and see those Handsome Shepherd Plaid Suits, at \$35.00, strictly *hand tailored* and on sale *nowhere* outside this store. *This* we positively guarantee. We have *aimed high* this season, but not as high as we expect to reach eventually in the clothing trade of Toronto.

Our Men's Suits from \$7.50 to \$40.00 are the best that can be had for the money and brimful of snap and character.

## GREY Overcoats

There are more grey shades in evidence this season than ever. Always popular, but *the rage* this year. Our showing is most comprehensive and embraces many new effects, the "District Check" being the very newest and quite classy.

Our price range is a broad one and starts at \$10.00, and up to \$35.00, the \$30.00 and \$35.00 Coats being full custom tailored by hand.

You won't have so far to come and see us when we move to our Yonge Street store; meanwhile you'll find us busy at the old stand.

# OAK HALL CLOTHIERS, - 115 to 121 King St. East

### HAMILTON HAPPENINGS

A SUDDEN DEATH

W. W. Scott Collapses at His Work and Expires Soon After.

HAMILTON, April 15.—(Special)—While working at his bench in the Heron Tool Company's plant this afternoon, W. W. Scott was seen to suddenly collapse. He was hurried to the hospital, but expired just as he got there. He suffered an apoplectic stroke.

Princess Viroqua, sister of the late Dr. Oronhyatekha, who was to have addressed the members of the I. O. F. this evening, was stricken with paralysis in Oakville to-day.

Frid Bros., the firm of contractors who were handled so roughly by certain members of the city council last Monday night, have written an open letter to the mayor demanding a retraction from him for saying to the two men out of the council chamber that their work on the beach pumping house was "simply rotten and disgraceful." The mayor, replying, states he had no intention of injuring the firm.

City Treasurer Leckie reports that in twenty years the city has paid \$23,705 in insurance premiums and has received only \$4233 in rebates and settlements.

**Workmen Strike.**

About a dozen of the workmen employed by the city engineer's department have refused to continue working because the city engineer said they would have to shovel 30 feet of red clay a day. A dozen more were fired for kicking.

Rural Dean and Mrs. Howitt are celebrating the 55th anniversary of their wedding to-day.

Arrangements are under way to build a burlesque house in Hamilton, probably on East King-street, at a cost of \$40,000.

The cast and chorus of Ermeline have declined to form a permanent operatic company, to produce one play a year.

### HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS.

#### HOTEL ROYAL

Every room completely renovated and newly carpeted during 1907.

22.50 and up per day. American Plan.

J. W. Lamoreaux and Thomas Fanning are said to be in with Ald. Ellis in the purchase of the half-mile track, which the Metropolitan Racing Association is said to be after. Ald. Ellis is also said to have bought 15 acres on Crosthwaite-street.

E. E. Fair, proprietor of the Horse-shoe Inn, was arrested to-day on advices from Cobalt, charged with stealing tools.

**Authorless Dead.**

News has reached here of the death of Mrs. Mitchell Keays, the authoress, in New Canaan, Conn.

#### HOW TO MAKE BABY SLEEP

The baby that cries half the night does not cry for nothing. It cries because it is not well, and has no other means of saying so. The chances are the trouble is due to some upsetting of the stomach or bowels, which would be speedily removed if the child were given a dose of Baby's Own Tablets. These Tablets make children sleep soundly and naturally because they remove the cause of the crossness and wakefulness. They are a blessing to children and a relief to worried mothers. Mrs. John Sickles, Douglastown, N.E., says: "If anything ails my little ones the first thing I give them is a dose of Baby's Own Tablets and they are soon well again." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

300 Yonge Street

INCORPORATED AT LAST

St. Lawrence Power Transmission Co. Bill Gets Final Reading.

OTTAWA, April 15.—(Special)—The St. Lawrence Power Transmission Co. Bill was given its third reading to-night, after a division upon an amendment by Major Sharpe (North Ontario) that it be referred back to committee to insert a clause that nothing in the bill should revive any powers which may have lapsed under the St. Lawrence Power Co. Act of 1901.

Major Currie rose to move the six months' hold, but the Speaker ruled that the bill had been given a third reading. The bill has been amended almost beyond recognition.

### MILLER BILL IS PASSED IS BETTER THAN NOTHING

That's the Way the Promoter Looks at It—No Further Resolutions Intended Now.

OTTAWA, April 15.—(Special)—The Miller anti-race track gambling bill was given its third reading in the commons this evening after amendment on the lines of the compromise announced.

Mr. Miller said that in accepting the modified bill a good deal was being gained. He was afraid that if a compromise had not been accepted people would have thought that the advocates of the bill were more anxious to win a fight than to place good legislation on the statute books. The compromise would do away with handbook making, pool rooms and the dissemination of racing tips, and would reduce the length of meetings to seven days, allowing associations to hold not more than two such meetings within twelve months.

Many of those who had opposed the bill were actuated by a sincere desire to make racing clean, and this had been a consideration in inclining him to accept the compromise. He did not accept the compromise offered previously because he did not like it. Much had been gained by not accepting it. The length of meetings had been cut down by one day. Then a clause in the first proposed compromise which permitted betting between individuals was drafted in such a way that the bookmaker might have been exempted. The advocates of the bill did not yet concede that it is right to allow the business of betting.

Mr. Miller denied that another bill would be introduced next year for more restrictions. There should be a reasonable time allowed to see how the new bill would work out in practice. Another bill would be introduced only when public opinion demanded it, and that would to a large extent depend on how the racing associations conducted their tracks.

Seconded by Mr. McCall, he then moved amendments to the original bill. R. L. Borden enquired if the amendments had been approved by the minister of justice, and Mr. Pardee, chief Liberal whip, said that they had.

Major Currie asked if the clause would prevent newspapers in Canada and elsewhere from publishing betting odds. Even the London Times published betting odds and came into Canada and was sold by newsdealers.

Hon. Jacques Bureau, solicitor-general, said it was not his business to advise the house.

Geo. H. Cowan (Vancouver) thought some inducement ought to be held out to racing associations to limit the number of meetings. One meeting of ten days' duration once a year would be better than two meetings of seven days. David Henderson (Halton) favored the original bill.

Mr. Miller deprecated any further amendments. If the bill was not passed to-night it might not go thru the senate this session, and he was anxious that it should become law.

rock here yesterday afternoon, which crashed down upon the camp of the He Ha Railway, and buried twenty men. Seven have been taken from the ruins, six were found alive, and it is feared the remaining seven are dead.

The dead are Stanislaus Gagne and David Gagne, of Toronto, the former being the chief engineer of the work; Cummings and O'Brien, his partners, also from Toronto; an unknown Swede and two unknown laborers. Four of those rescued are believed to be injured fatally, Mr. Peterson, a Dane and two Swedes.

The accident occurred in a cut that was being made on the farm of Simon Larouche, three miles from here. A gang was busy blasting while the night gang was in camp fifty barrels of dynamite and 200 of powder had been prepared for the explosion. So far as can be learned the man who worked the battery did not give any warning before setting the blast, and the mass of earth swept down the cliff without warning upon the men asleep in the camp.

Stanislaus Gagne was a member of the firm of Gagne & Jennings. He has two brothers in the city, Henry Gagne and Paul Gagne. He was only 31 years of age and graduated from the School of Practical Science in 1901. He was engineer for a time

# EATON'S DAILY STORE NEWS

## Preparing Time; Planting Time; Buying Time

This is the one season of the year that may be termed PREPARING AND PLANTING TIME. 'Tis now the rubbish is cleared away and the gardens and lawns are prepared for the summer's products. There is the RAKING, the PRUNING, the DIGGING, the BED MAKING, the PLANTING, all of which are harbingers of Summer beauty. As the season advances and the flowers and the foliage come, and the lawn takes on its carpet of green, all these will need a little attention, but the results are gratifying, for who does not appreciate well kept, beautiful grounds? For all this work we can supply every need, from the tiniest seed to the largest bulb, from the smallest shrub to the bay tree; and in GARDEN TOOLS, from the trowel to the barrow. We list a few tools and other gardening requisites on this page, from which you may select your needs for this interesting Spring-time employment.

### Gardening Gloves Cost Little

To the amateur gardener whose hands are not accustomed to hard, rough, outdoor work, gloves are a necessity. These are strong and loose fitting, protecting the hands without heating them.

**Women's Garden Gauntlet Gloves**, of heavy cloth, 3-inch bell cuff and leather made of heavy cloth, with small gauntlet cuff and continuous thumb. Pair, .10.

**Men's Garden Gauntlet Gloves**, made

of heavy cloth, 3-inch bell cuff and leather made of heavy cloth, with small gauntlet cuff and continuous thumb. Pair, .19.

**Men's Sarnac Leather Gloves**, with 4-inch cuff; pique sewn; continuous thumb and stitching on back. Pair, .39.

MAIN FLOOR—YONGE ST.

### Some Aprons For Gardening Wear

The All-Over Apron is almost indispensable in the garden. It affords perfect protection for whatever pretty dress you may have on, and looks neat. At 1.00 we offer an all-over apron of fine quality chambray, in plain shades of pink or blue. Mother Hubbard style. Long sleeves.

Others of fine quality gingham, without sleeves, .29 and .50. Still others of fine quality gingham, with long sleeves, .75.

SECOND FLOOR—CENTRE.

### Suggestions for Proper Gardening Tools

#### Pruning Shears

Possibly the first thing to do in preparing and beautifying your lawns at this season is to give attention to the shrubbery and small trees. These need dressing at once. For this you will need Pruning Shears. These are strong, easy-working shears, having malleable handles and good steel blades 2½ inches long, and strong brass spring. Nothing more convenient for twig trimming, .35.

#### Pruning Saws

For the larger limbs you will need one of our Pruning Saws. These are well made saws with teeth on both edges. The blades are 18 inches long, made of good saw steel, .40.

#### As the Flowers Begin

to shoot they will require water. We have Watering Cans nicely japanned; 1 quart, .15; 2 quart, .18; 3 quart, .22; 6 quart, .25; 10 quart, .35; 14 quart, .45. Galvanized Watering Cans—6 quart, .45; 10 quart, .50; 14 quart, .60.

#### The Trimmings

For trimming around the walks and trees, and places where the lawn mower cannot cut, you will need a pair of Grass or Sheep Shears. These are well-made steel shears with good spring. Price at .25, .35, and .45. Strong Grass Shears With Wood Handles, at .55, .65, .75, .85, 1.00.

#### After Cutting

the lawn needs sprinkling—we have hundreds of feet of Garden Hose to choose from. One brand, "Cable" hose, is suitable for medium pressure. Light and strong. It has cotton jacket with rubber inner tube; any quantity, ½ inch, .8 foot; ¾ inch, .10 foot. "King" hose for city water pressure. A better grade hose than cable; ½ inch, .11 foot; ¾ inch, .13 foot.

Hose Couplings, .10. Hose Nozzles, .35. Hose Clamps, 2 for .5. Hose reels, each, .75.

#### "Raindrop" Sprinkler

This is a beautiful Brass Ring Sprinkler which sits flat on the ground and throws a beautiful even spray. No trouble to attach and needs no attention. Special, .50.

We also have the "Zenith" Revolving Sprinkler. This sprinkler has 3 arms and has a beautiful effect when throwing the water. Each, 1.00. Cheaper Sprayers run in price at .15, .20, .25, .35.

#### Don't Pull the Weeds

Use a "Weeder." These are little Rake-Hoe tools; they have a double head with a 4-inch hoe on one side and a 4-toothed rake on the other. Long hardwood handle. A most useful tool, .35.

#### Shovels

A Round Point Shovel—solid steel blade; full polished; well finished; handle, medium, .59; heavy, .90.

### Nothing Like the Sunbonnet For Garden Millinery

For convenience and comfort the old-fashioned sunbonnet stands a prime favorite, and especially when gardening time arrives it is particularly desirable, being so comfortable on the head if you're stooping or bending over; aside from the fact of being a great sun protector. This special line of women's and misses' bonnets is of chambray; laundered and made with a pretty double frill around the face with draw string and ties at the back; also ties to go under the chin. Women's sizes in grey, light blue, light brown or deep pink. Misses' sizes only in deep pink, light brown or light blue. Price at .30.

Children's Garden Hats of pretty checked gingham with white muslin band around crown, pink or pale blue checks with white binding, sizes 19 to 21. Each, .59. SECOND FLOOR—YONGE ST.

### Seeds, Roots, Etc.

Virginia Creepers, the rapid growing, climbing vine of abundant foliage. Each, .25.

Peonies, double, in colors of white, pink and red; fine large roots. Each, .20.

Flowering Almond, a large flowering bush for a fence corner, (3 to 4 feet high). Each, .35. FIFTH FLOOR.

### Suggestions for Proper Gardening Tools

#### Lawn Mower

Early attention to cutting the grass insures a beautiful lawn. The "Woodyatt Lawn Mower" has a 4-knifed open cylinder; knives made of oil tempered steel; adjustable bearings; hardwood roller and handles; bed knife of tool steel; oil tempered and ground accurately. An excellent easy running machine; 14-inch cut, 5.00; 16-inch cut, 5.25.

#### "Daisy" Lawn Mower

Has 7-inch driving wheels. Gearing all enclosed to prevent dust and grit getting in. Has oil-tempered cast steel knives. This is a 3-knifed machine and a good cutter. 12-inch cut, 2.65; 14-inch, 3.00; 16-inch, 3.25.

#### Grass Hooks

or Sickles come in very handy for certain work. Ours are best English make. Light, saw edged, .20; heavy, smooth, .25.

#### A Spade, if You Dig

Our Square Point Spade is the tool you need. The blade and shank are all one piece, made of solid steel. Size of blade 7¼ inches x 12 inches. Good D handle; medium, .59; heavy, .90.

#### Garden Rakes

Garden Rakes Will Be Needed. We have these with 14 solid steel teeth and steel shank, long hardwood handle; a splendid tool, .30.

#### "Auto" Spray

This sprayer has proved a boon to the rose grower. It is designed for chemically spraying rose bushes, berry bushes, shrubs, etc., that are affected by insects. It is well made of galvanized iron—has compressed air hand pump attachment; shoulder strap hose; sprayer cock all complete. Special value, 4.50.

#### Handy Articles

For Spring work are the Wheel Barrows. We have a well-made barrow, nicely painted, made the right size for side entrances; with strong iron wheel, which we call our City Pattern and sell for 1.90.

#### When Planting

Use a Garden Trowel. The most convenient article for planting bulbs, up-rooting plants, repotting, resetting, etc. Made of good steel with long or short wood handle. Each, .15.

#### Trim the Edges

of your lawn with a Turf Edger, made of best cast steel; round edge knife; steel shank and long handle. Complete, .25.

#### A Lawn Enemy

The dandelion may be uprooted with Steel Spuds. These spuds are made of best cut steel with steel shank and long handles. Each, .25.

**ALL-CONQUERING LEAFS SHUT OUT NEW BEDFORD**

McGinley and Smith Are the Winning Pitchers—Play in Lynn Today.

NEW BEDFORD, Mass., April 15.—(Special.)—Toronto landed another of its practice games today, playing the New Bedford team of the New England League in a 3-0 game. The play of the Toronto was characterized by snappy work. The home team were completely outclassed in every department of the game. McGinley and Smith, who pitched for four scattered hits. On the other hand the Leafs showed their class and completely puzzled New Bedford, who secured only four scattered hits. On the other hand the Leafs showed their class and completely puzzled New Bedford, who secured only four scattered hits. On the other hand the Leafs showed their class and completely puzzled New Bedford, who secured only four scattered hits.

## THREE GREAT AUCTION SALES 750 HORSES

Tuesday, Wednesday and Friday

(Including a number of the very finest shipments made to us this season.)  
PRIVATE SALES EVERY DAY. SEVERAL IMPORTANT SPECIAL SALES, AS MENTIONED BENEATH.

First and finest selections of all classes of sound, fresh horses—Heavy Draughts, General Purpose, Express and Delivery, Drivers, Carriage and Saddle Horses.

TUESDAY, APRIL 19th AT 11 A.M.

## 350 Horses

Most of these horses are the best kind of sound, young horses, fully warranted in every way, and are consigned direct from the country. A grand choice will be on offer. A large number of serviceably sound City Horses, all for unreserved sale, are also included.

## SIX CARLOADS OF LUMBER HORSES

For Sale Without Reserve Tuesday the 19th,

TWO CARLOADS FROM THE HUNTSVILLE LUMBER COMPANY  
TWO CARLOADS FROM THE ANGLO-CANADIAN LEATHER COMPANY  
TWO CARLOADS FROM THE CAVENDISH LUMBER COMPANY

These are a real good class of Workers, which have been doing great service for their owners, but as the above companies have no further use for them at present we are instructed to sell them for the highest dollar. These horses have all been purchased for high prices, and are now being sold for the sole reason that their owners are through with them. They are all well seasoned and reliable, and the sale of these horses will prove a grand opportunity to secure the best class of Workers at your own price.

For Sale, Tuesday, the 19th

## W. J. GAGE, Esq.

## 200 Horses

OF ALL CLASSES.

Sales of Buggies, Carriages and all kinds of Horse Goods on Wednesday and Friday—all unreserved.

## IMPORTANT SALE OF PRIZE WINNING HACKNEY PONIES

Monday, April 25th, at 8 p.m.  
Imported from Scotland by DR. T. H. HASSARD

These Ponies are undoubtedly the best that ever offered for sale in Canada. Dr. Hassard has a great reputation as an importer of the highest class of stock, and has shipped many of the best horses that ever came to Canada, and this consignment of Ponies will show much style and quality. Mr. T. A. Crow pronounces one of them to be the equal of "Berkeley Bantam," for which Judge Moore of New York paid \$7000. These Ponies are entered for the coming Horse Show, and purchasers can exhibit them in their own names. Sale MONDAY EVENING, APRIL 25, AT 8 O'CLOCK.

All horses sold with a warranty are returnable by noon of the day following sale, if not fully as represented, when money will be at once refunded.

## "A HORSE DEPARTMENTAL STORE."

Horse Show Exhibitors should inspect our stock of Carriages, Harness and any other of those requisites that are so necessary to give a horse a finished appearance. Visit our Showrooms and we will give you a special discount during the period approaching the Horse Show.

We are Sole Canadian Agents for REDUCINE.

CHARLES A. BURNS, General Manager and Auctioneer. ISAAC WATSON, Assistant Manager. JOHN W. GRAHAM, Stable Superintendent.

## GRETNA GREEN AT 20 TO 1, WINS CARTER HANCOCK P.

Alfred Noble is Second and Far West Third—Jack Atkin, Favorite, Has Bad Start.

NEW YORK, April 15.—John W. Scharr's Gretna Green, carrying the hoodoo number 13, in a race of 15 starters, composed of many younger to-day in the fifteenth running of the Carter Handicap, beating James E. Gaffney's Alfred Noble to the wire by nearly two lengths. M. L. Schwartz's Far West was third.

The victory came as a big surprise to the experts, most of whom had picked B. Schreiber's Jack Atkin as a sure winner, but the Schreiber entry had the double handicap of a bad start and top weight.

The race marked the opening of the racing season in the east, but, contrary to expectations, it was attended by a much smaller crowd than has been seen on similar occasions in the past. The blight which has fallen on racing since the enactment of the betting laws has kept bettors and non-bettors alike away from the tracks. Nevertheless, there was a sprinkling of bookmakers in evidence to-day, who again took notice of the substantial hit upon last year of making and recording wagers by nod.

The course in front of the grand stand, filled with familiar faces, and, although money did not actually change hands, betting activity was evident on all sides. Pencilled notes on racing cards, more or less surreptitiously displayed, marked the layers of odds.

On Gretna Green most of these gave 15 to 1, and some as high as 20 to 1. The play on Jack Atkin varied from 4 to 5 to 7 to 5.

The start was fair, with all thirteen entries bunched in two divisions. Jack Atkin looked at first as if he had been pocketed among the horses of the second division, but under vigorous urging soon overtook the leaders. At the quarter pole he showed in front, and a great cheer went up in the grand stand. The pace was terrific until a furlong from the tape, where the favorite fell back, and Gretna Green, admirably ridden by Burns, jumped into the lead and kept it to the end.

All three horses to finish were practically outsiders. The odds on Alfred Noble being 7 to 1, and on Far West 5 to 1. The weather was ideal and helped bring out a large feminine contingent, a great number of whom motored to the track. Summary:

FIRST RACE—Selling, 5 furlongs, \$400 added:

- 1. Pajarito, 114 (Taplin), 3 to 1, even and 1 to 2.
- 2. Campion, 111 (Lanigan), 15 to 1, 6 to 1 and 4 to 1.
- 3. W. T. Overton, 302 (Garner), 20 to 1, 8 to 1 and 4 to 1.
- Time 1:02.5. Carroll, Dull Care, Woodlawn, Cobart, Our Hannah and Transform finished as named.

SECOND RACE—Two-year-olds, 4 furlongs:

- 1. Rous, 106 (Garner), 4 to 1, even and 1 to 2.
- 2. Whitewool, 105 (Pain), 20 to 1, 5 to 1 and 2 to 1.
- 3. Agawan, 105 (Creedy), 12 to 1, 4 to 1 and 2 to 1.
- Time 49.6. Scrimmage, Rusticans, Isabel Case, Hermecid and Lulu finished as named.

THIRD RACE—Selling, 7 furlongs, \$400 added:

- 1. Banbury, 104 (Page), 20 to 1, 7 to 1 and 3 to 1.
- 2. Emulator, 105 (S. Hyland), 12 to 1, 4 to 1 and 2 to 1.
- 3. Lead of Langdon, 101 (Benscote), 5 to 1, 2 to 1 and even.
- Time 1:27.5. Black Mate, Ed. Ball, Curly Locke, Sir Cigges and Campaigner finished as named.

- 3. Directo, 110 (Kedria), 4 to 1.
- 4. Whiskey Toddy, Dableren, New Capital, Green Dragon, India Star, Kleiner, Vogel, Rasel and Billy Saunders also ran.

## Here's a Pipe Worth \$1.50 For 69c

Saturday Only, April 16th

It's the pipe makes the smoke. Of course good tobacco is essential; but what's the use of good tobacco in a poor pipe? Pipes have been manufactured for hundreds of years, and the models have developed from the old Indian stone and clay pipes to the finest briars and meerschaums of today, and each of hundreds of makers is trying to evolve a better model, with more grace of line, more convenient size, lighter weight, sweeter taste, more general all round comfort and satisfaction. Right up to the minute of going to press with this ad., the pipe that has them all beaten—for sweetness, beauty, quality and all round value—is the

## Rudolf Patent Pipe

The Sweetest Smoking Pipe in the World

12 Different Shapes

The bowl is made of first quality French briar, beautifully hand finished; mouthpiece of solid hard rubber, with patent divided smoke exit, which throws smoke into mouth cavity without burning the tongue, and the tip is arranged to give a good grip and tongue rest. Pipe is tight in its single joint, is free from screw threads, does not work loose; is easily cleaned and kept sweet. Unlike many briars, the Rudolf Patent Pipe improves with age. The Rudolf Patent Pipe is made in England. It used to sell for \$2.50, and sold well at that price. Lately it has been selling at \$1.50, and even the "cut-price" stores do not sell it less than \$1.00. We imported 2,400 of these, and on March 16th we sold 700 at 59 cents each, a ridiculously low price, but offered to create interest in the United Cigar Stores. We stated at the time that these pipes were standard staples, and they would never be offered again at 59 cents. We have about 1,500 of these pipes on hand now. We wish to cater to good smokers, and are going to repeat the offer, but at a slightly higher price. Smokers who did not buy at 59 cents are sorry, and those who do not buy this time at 69 cents will be sorry, too, for it is not likely they will ever be offered at that price again. We will probably ask 79 cents if we ever cut the price again below our usual cut price of \$1.00.

## Buy a Rudolf Patent Pipe Saturday--Regular \$1 and \$1.50--Your Last Chance at

### Why?

We claim to be the cheapest tobacco retailers in Canada, BECAUSE we have ten stores. We buy direct and in such large quantities that we can give better values and a larger assortment. We carry all lines of imported and domestic cigars, cigarettes, smoking and chewing tobacco, pouches, pipes—(pipes galore; we're the pipe store)—and all other smokers' requirements. We ask you smokers to drop in and see how well we will treat you.

The Toronto World

FOUNDED 1884. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO. Corner James and Richmond Streets. TELEPHONE CALLS: Main 588-Private Exchanges Connecting all Departments.

SATURDAY MORNING, APRIL 16, 1910.

Men, Not Methods.

"Once the electors become thoroughly in earnest a better administration is certain."

"If the government of this year is inefficient, the electors will speak next January," declares The News.

"The best of our belief the electors have been thoroughly in earnest whenever they go to the polls."

"If the city street cleaning department is to be merged with another, then Property Commissioner Harris seems to be by far the best man in sight for the management."

"A majority of that half elect the successful candidates, who therefore represent perhaps one-third of the actual electoral population."

"There is no chance even to propose the candidates who might stir the electors to earnestness under the present system."

"The Liberal and Conservative papers alike of Toronto are strongly conservative as regards the present methods of government."

"The recommendation of the board of control to appoint Mr. H. L. Drayton corporation counsel will no doubt receive the approval of the council."

"The city is badly in need of legal advice on a large number of matters, but especially in connection with the street railway situation."

"The World does not forget that Mr. Johnston, the city solicitor, has been unflinching and indefatigable in the city service."

"The world is a more oppressive burden. With Mr. Drayton and Mr. Johnston Toronto will have as bright a combination as the city can command to look after its legal affairs."

"Literary excellence is a matter of the taste of each age. Shakespeare was once regarded as impossible, and there are bright young men to-day who will tell you he is 'rotten'."

"Mark Twain, the author of 'Joan of Arc,' and 'The Prince and the Pauper,' and 'Huckleberry Finn,' and 'Old Times on the Mississippi,' to mention only a few of the shelf of volumes of which he would say he has been guilty, is one of the great writers of the age."

"The point at issue was the submission of agreements made with independent companies to the Dominion Railway Board. It was stated that all these agreements had been submitted and ratified. This was denied, and evidence of the good grounds on which the denial was based is forthcoming."

"In reply to yours of the 5th inst.," says the chairman, "I beg to say that the contract between the Mount Pleasant Telephone Company and the Bell Telephone Company has never been submitted, nor approved of, by this board."

"The creation of the plant, the distribution and use of the power, will speedily convince even The Beacon of the absurdity of this contention."

"A man in Minnesota is to be let out of jail for writing poetry. He will be hard out."

"If the city street cleaning department is to be merged with another, then Property Commissioner Harris seems to be by far the best man in sight for the management."

"A majority of that half elect the successful candidates, who therefore represent perhaps one-third of the actual electoral population."

"There is no chance even to propose the candidates who might stir the electors to earnestness under the present system."

"The Liberal and Conservative papers alike of Toronto are strongly conservative as regards the present methods of government."

"The recommendation of the board of control to appoint Mr. H. L. Drayton corporation counsel will no doubt receive the approval of the council."

"The city is badly in need of legal advice on a large number of matters, but especially in connection with the street railway situation."

"The World does not forget that Mr. Johnston, the city solicitor, has been unflinching and indefatigable in the city service."

"The world is a more oppressive burden. With Mr. Drayton and Mr. Johnston Toronto will have as bright a combination as the city can command to look after its legal affairs."

POWER FOR STRATFORD.

In spite of the bitter opposition of the Stratford Beach power bylaw to raise \$85,000 for the erection of the local distribution plant, and the purchase of the whole or as much of the gas company's plant as could be utilized therewith, was carried by a majority of 192.

A stubborn fight has been made at Stratford at every stage of the movement to get cheap Niagara power for the citizens. Everything that misrepresentation and prejudice could do was done by the pro-corporation interests.

"It is a mill-stone round our necks," declared The Beacon, the day before the election.

The creation of the plant, the distribution and use of the power, will speedily convince even The Beacon of the absurdity of this contention.

A man in Minnesota is to be let out of jail for writing poetry. He will be hard out.

If the city street cleaning department is to be merged with another, then Property Commissioner Harris seems to be by far the best man in sight for the management.

A majority of that half elect the successful candidates, who therefore represent perhaps one-third of the actual electoral population.

There is no chance even to propose the candidates who might stir the electors to earnestness under the present system.

The Liberal and Conservative papers alike of Toronto are strongly conservative as regards the present methods of government.

The recommendation of the board of control to appoint Mr. H. L. Drayton corporation counsel will no doubt receive the approval of the council.

The city is badly in need of legal advice on a large number of matters, but especially in connection with the street railway situation.

The World does not forget that Mr. Johnston, the city solicitor, has been unflinching and indefatigable in the city service.

The world is a more oppressive burden. With Mr. Drayton and Mr. Johnston Toronto will have as bright a combination as the city can command to look after its legal affairs.

Literary excellence is a matter of the taste of each age. Shakespeare was once regarded as impossible, and there are bright young men to-day who will tell you he is 'rotten'.

Mark Twain, the author of 'Joan of Arc,' and 'The Prince and the Pauper,' and 'Huckleberry Finn,' and 'Old Times on the Mississippi,' to mention only a few of the shelf of volumes of which he would say he has been guilty, is one of the great writers of the age.

The point at issue was the submission of agreements made with independent companies to the Dominion Railway Board. It was stated that all these agreements had been submitted and ratified. This was denied, and evidence of the good grounds on which the denial was based is forthcoming.

In reply to yours of the 5th inst.," says the chairman, "I beg to say that the contract between the Mount Pleasant Telephone Company and the Bell Telephone Company has never been submitted, nor approved of, by this board."

The creation of the plant, the distribution and use of the power, will speedily convince even The Beacon of the absurdity of this contention.

A man in Minnesota is to be let out of jail for writing poetry. He will be hard out.

If the city street cleaning department is to be merged with another, then Property Commissioner Harris seems to be by far the best man in sight for the management.

A majority of that half elect the successful candidates, who therefore represent perhaps one-third of the actual electoral population.

There is no chance even to propose the candidates who might stir the electors to earnestness under the present system.

The Liberal and Conservative papers alike of Toronto are strongly conservative as regards the present methods of government.

The recommendation of the board of control to appoint Mr. H. L. Drayton corporation counsel will no doubt receive the approval of the council.

The city is badly in need of legal advice on a large number of matters, but especially in connection with the street railway situation.

The World does not forget that Mr. Johnston, the city solicitor, has been unflinching and indefatigable in the city service.

The world is a more oppressive burden. With Mr. Drayton and Mr. Johnston Toronto will have as bright a combination as the city can command to look after its legal affairs.

Literary excellence is a matter of the taste of each age. Shakespeare was once regarded as impossible, and there are bright young men to-day who will tell you he is 'rotten'.

"Nerviline" Cures Rheumatism

And Here is the Proof—A Solemn Statement From a Four-year Cripple Who Says "Nerviline" Did It.

"If I had lived through my sufferings another year it would have been a miracle." This is the opening sentence of the declaration made by Mr. J. Eccles Squires, member of one of the best-known families for twenty miles round Sydney.

Drawn out of shape, even my fingers were gnarled and crooked—my lameness, stiffness and inability to get about all showed the havoc Rheumatism made with my health.

It is all that I have heard of Nerviline, and now I am glad to see it in the hands of others who may get well, too. My system was so weakened that I had to build up with a good tonic, so I took Ferruzone at meals. But I never stopped rubbing on Nerviline—it had a powerful effect on my joints, and bottles after bottles of the painful parts. Nerviline cured me. I am well to-day—have been well for years.

You also can cure rheumatism, lumbago, sciatica, neuralgia or any pain or stiffness in the muscles or joints—do so use Nerviline. Don't let your druggist substitute. Get Nerviline only, large size bottle, 50 cents, or sample size, 25 cents; sold everywhere or The Catarthozone Co., Kingston, Ont.

Roche, for defendants. G. H. Kilmer, K.C., for plaintiff, contra. Motion by defendants to dismiss action as frivolous or vexatious, or for security or costs under C. R. 1198 (b). Motion dismissed. Costs in case to plaintiff in any event.

Booke Manufacturing Co. v. McBean. J. A. McEvoy, for lienholder. Motion by lienholder on consent of all parties for order dismissing action without costs and vacating certificates of lien and its pendens.

Pringle v. Dow. G. J. Holman, K.C., for defendant. R. McLaughlin, K.C., for plaintiff. Motion by defendant in a case for construction of will, for particulars of certain paragraphs of statement of account, to strike out paragraph three as irrelevant and embarrassing, and to amend style of cause. Judgment: Motion for particulars enlarged until after the examination of defendants for discovery, as counsel for plaintiff states they cannot give any not admitting claim, and to be made do, until the paragraphs three, merely historical and perhaps unnecessary, cannot be considered embarrassing. No further order made. Order of Mr. Dow's death, than the mention of the fact in the statement of account, is the cause of the action, being what it is, the costs of this case may properly be in the cause. Defendants may have a week to deliver their statement of account.

Judge's Chambers. Before Meredith, C.J.P. Re Clark. T. G. T. Corporation v. Bank of Montreal. W. Proudfoot, K.C., for all parties. Motion for order compelling report for distribution by trust corporation, and to disperse with payment into court. Reserved.

Re Emmett and A. O. U. W. A. G. Lawrence, for the society. E. G. Cattanach, for the infant. Motion by the society for leave to pay \$2500 insurance moneys into court less their costs, and to be thereby relieved from responsibility. Order made.

Re Manes. E. P. Brown, for executors. Motion by executors for leave to pay \$288.81 into court to credit of infant. Order made.

Re Emery. J. supposed lunatic. F. Aylesworth, for petitioner. Motion to declare lunacy enlarged at request of petitioner, until 29th inst. to supplement material.

Re Douglas and Toronto and Niagara Power Co. W. H. Hodges, for beneficiaries. E. C. Gattasach, for official guardian. Motion by beneficiaries for leave to apply for appointment for payment out of court. Reserved.

Lemesurier v. Quebec Contracting Co. Casey Wood, for defendant. Aylesworth, for plaintiff. An appeal by defendants from order of the master in chambers referring their motion to postpone trial to the trial judge. Motion enlarged before Latchford, J. Re Adams. G. G. P. Laurence, for Norman Foster. Motion by Norman Foster, for an order confirming agreement assigning 576 every six months from the money to which applicant is entitled to the Home Life. To be spoken to again.

Re Roseman Estate. W. R. Smyth, for all parties. Motion for order confirming report and for payment out in accordance therewith. Order made.

Re Fee and Mackey and Adams. C. A. Moss, for the landlords. Motion by tenant for an order directing Judge Vallin to certify proceedings before him under the overlying tenants act to the high court. Order made for writ that judge be served within three days and three days after return of writ notice of motion to be made. Either party may set down.

Re Maron Trusts. H. S. White, for Martha Howard. Motion by Martha Howard for payment out to her of interest which is payable to D. A. Howard, deceased. Order made for payment to her as executrix of husband's estate.

Checheto v. City of Guelph. F. Aylesworth, for defendants. Motion to compel plaintiffs to issue order. Direction by Mr. Aylesworth to write and bring upon plaintiff to issue order of Feb. 25, 1910.

Single Court. Before Meredith, C.J.P. Re Graham. G. C. Campbell, for petitioner. F. W. Harkourt, K.C., for children of devisee. An application of the trustees of will of late John Graham, deceased, under Settled Estates Act, for authority to sell the northerly 32 feet of lot No. 23, and the southerly 14 feet of lot No. 20, on the west side of Yonge-street in the City of Toronto.

Judgment: Under the special circumstances of this case, and having regard to the fact that the person presently entitled to the estate are desirous that the proposed sale be carried out, and the further fact that, as soon as August next arrive they will become absolutely entitled, I may, I think, properly determine that I so determine and authorize the proposed sale accordingly.

The order must provide for payment into court of the cash payment and the mortgage for the unpaid purchase money must be made to the accountant. The costs of all parties will be paid out of the purchase money, the costs of the petitioners as between solicitor and client.

Upper Ontario v. Cahill. H. W. A. Motion for plaintiff. No one contra. Motion for report of report of Judge Vallin, to whom action was referred for trial, under section 121 (b) of the Judicature Act.

Judgment: The course pursued by the plaintiff in moving for judgment appears to be in accordance with the practice and they will be judgment for the plaintiff accordingly for the amount found due to him with costs on the high court scale, including the costs of the order of reference and dismissing the defendant's counter claim.

Divisional Court. Before the Chancellor, Magee, J., Latchford, J. Thompson v. Court Harmony. E. F. Heyd, K.C., for defendants. H. E. Rees, K.C., for plaintiff. Appeal by defendants from the judgment of the County Court of York of Feb. 8, 1910.

Argument for the plaintiff commenced yesterday and concluded. Judgment reserved.

Before the Chancellor, Latchford, J., Middleton, J. Standard Construction Co. v. Wallberg. M. L. Gordon, for the appellant. G. P. McFarland, for respondent. An appeal by Wallberg from the order of Falconbridge, C.J., of March 20, 1910. The order dismissed an appeal from the master-in-chambers who refused leave to enter conditional appearance. Argued and reserved.

Before Mulock, J.; Magee, J.; Sutherland, J. McKnight v. Robertson. E. Week, K.C., for plaintiff. Lynch-Staunton, K.C., for defendant. The judgment on appeal already reported was varied by allowing the appeal with costs up to and including the date of the appeal, and the judgment varied so as to provide for reference to the master, to ascertain what sum of money should have been paid to the plaintiff as reasonable for his care during his illness for the period covered by the claims mentioned in the plaintiff's statement of claim, and that for such sums as may be found by the said master to be due to the plaintiff in judgment against the defendant inclusive of the costs of the reference.

MODERN ADVERTISING AN EDUCATIONAL CAMPAIGN

O. S. Perrault's Recent Address to the Advertising Men of Winnipeg.

One of the prominent visitors to a recent luncheon of the Winnipeg Advertising Men's Club was O. S. Perrault, advertising manager of the Imperial Tobacco Company, Montreal, and with him was P. K. Walters, vice-president and W. Miller, the Winnipeg manager of the company.

In addressing the members of the club Mr. Perrault spoke in part as follows:

"I always place great value on my visits to the west, as I regard them as a sort of mental tonic. Like all Canadians, I have faith in the future of the Dominion, but I find that I need to come into periodical contact with the optimism of the west to keep that faith bright. This is 'Canada's century' and words which can be spoken with much greater conviction after having seen for one's self that part of the Dominion wherein lies the greatest hope of the future of the prophesy, because, as Winnipeg and the west grows, the east is bound to grow also. Montreal might learn much from Winnipeg, and this very club is one of the features of your life which I should like to see reproduced there."

A Fascinating Study. "Advertising is a fascinating study and one which never loses interest. Some people are inclined to borrow the fact that advertising is not an exact science, but would not our occupations become somewhat dull if we knew exactly what would happen when we issued certain advertisements?"

"Have we not all seen what appeared to be in every way splendidly conducted campaigns which, and for some accidental reasons did not bring the desired results?"

"The advertising man who is in earnest and devoted to his calling is a strenuous life. It is a charm because it demands an alertness and resourcefulness which develops the best that is in him. At the same time we can, I think, realize that great progress has been made, and the reason is that the advertiser of to-day compels attention in a more direct and forcible manner than in those days."

"But is it not a fact that womenfolk now are far more interested in the newspaper advertisements of large department stores than they are in the so-called news, and the reason is that the departmental store people so prepare their advertising matter that it compels attention by its freshness and vitality. Then, again we find many people nowadays who get more enjoyment out of reading the advertising pages of the newspapers and the magazines than they do from the inside matter. If there is one thing more than any other that advertising men have to be thankful for it is the spread of education, which enables them to appeal to people's intelligence, with better proportionate results than was formerly possible. The Chambermen in Canada, for instance, are many of them, adopting the Canadian clothes and civilization, not forgetting the cigars (it was going to name the brand 'Sweet Caporal' cigars, but I won't)."

Government's Success. "I am told that, thanks to the Hon. Mr. Fisher, minister of agriculture, and to the provincial governments, scientific methods as applied to agriculture are giving increased results and new products in various parts of the North-west and by a careful study of the conditions of the climate and experimenting with seeds, the productiveness of the soil is marvellously increased. May we not hope that the application of such methods to the problems of publicity will bring similar successes?"

"We can trace the evolution of advertising from its crude beginning to the time when education began to be general, and advertisers took advantage of it by discarding the big drum and the bell and using instead the newspapers, magazines, bulletins, placards on walls and fences, bulletin boards in cities and villages. We can, however, notice a great contrast in the character of the billboards of today as compared with early efforts."

"Printing processes have vastly improved and the resources of the artist, the sign painter, the bill poster and the electrician are now made use of in a manner which would furnish any of the biggest surprises of all. These things are all more effective because of education, and the advertising of Canada which has done the most good has largely been in the nature of an educational campaign."

Western Optimism. Mr. Walters, the vice-president of the company, yesterday expressed himself as being most surprised at the optimism and the civilization in the west. This optimism he had met everywhere and in talking with the men in the cities, towns and villages, with the farmers and many others, he found that each told the same story of belief in Western Canada and each was satisfied with his own lot and prospects.

Everyone thought that Western Canada was the best place to be in and each thought his particular city or district was the best in Western Canada. In Banff he had met a man who spoke of the bathing ponds there. "I go up there and have my swim right in the middle of winter," this man had said. He admitted there were ledges on his hair when he came out, but these soon melted away. Mr. Walters thought this illustrated how optimistic the people of the west are.

Speaking of the civilization in the west, Mr. Walters said that he did not mean merely the matter of going to church, or education, or of wearing one's clothes decently, but the larger civilization of using the present rightly and of preparing rightly for the future. He was impressed especially by the cities, towns and villages of the west, by their wide streets and the breathing spaces around the homes. Mr. Walters believed that the west was trying to avoid the menace of slums, and his experience in European cities enabled him to speak with authority in this regard. He said that as far as he could judge, Western Canada was building to avoid that sort of thing.

AT OSGOOD HALL ANNOUNCEMENTS.

The Hon. William Edward Middleton, K.C., presents the patent of his excellency, the Governor-General of Canada, appointing him one of the judges of the supreme court of judicature for Ontario, and a justice of the high court of justice for Ontario, chancery division, and took the oath of allegiance and oath of office before the honorable, the chancellor, in the presence of the chief justice of the exchequer division, Mr. Justice Anglin of the supreme court of Canada, Justice Magee, Chief Justice of Ontario, and Sir A. B. Dickson, K.C., and Sir J. E. Jones, K.C., treasurer of the Law Society and G. P. Shepley, K.C.

Peremptory list for divisional court for Monday, 18th inst. at 11 a.m.: 1—Austin v. Rulick. Motion by plaintiff for leave to amend. 2—Lawrie v. C. N. O. Railway. 3—Windover v. Ennisfield. 4—Heintzman v. Bloomer. 5—Beattie v. Yandeleur. 6—Nesbitt v. Trustees.

Master's Chambers. Before Cartwright, K.C., Master. Farmers' Bank v. Wishart. W. H. Hunter for plaintiffs. Motion by plaintiffs for leave to amend. 2—Lawrie v. C. N. O. Railway. 3—Windover v. Ennisfield. 4—Heintzman v. Bloomer. 5—Beattie v. Yandeleur. 6—Nesbitt v. Trustees.

Re Canadian Order of Home Cities and Hicks. J. H. Spence, for the society. J. E. Jones, for claimant. No one contra. Motion by society for leave to pay \$2000 insurance moneys into court, less costs of motion and of payment in. Order to go for payment to Everett S. Hicks, less costs of motion. Order not to issue for a week and notice of setting to be given executors and widow, Mary Hicks.

Quigley v. Irwin. W. J. Clark, for defendant. Grayson Smith for plaintiff. Motion by defendant for particulars of third paragraph of statement of claim. Order made for particulars of acts of wrongdoing relied on, stating times and places within two weeks. Costs in the cause.

Absolutely Pure

Royal is the only Baking Powder made from Royal Grape Cream of Tartar

## AT THE THEATRES

"A Gentleman From Mississippi." Monday evening the stage of the Princess Theatre will be given up to "A Gentleman From Mississippi," a comedy written by Harrison Rhodes and Thomas A. Wise, and presented by William A. Brady and Joseph R. Grimmer. The story is woven with a number of ludicrous adventures of a newly-elected southern senator in Washington, three or four little love romances, and considerable intrigues and political graft, making one of the most interesting plots imaginable. A simple cotton planter from Mississippi has been elected by the people of a native state to represent them in the senate, and the play opens at the time of his arrival in Washington. Here he is met by a newspaper writer, Bud Haines, who impresses him so favorably that he makes the reporter his secretary. Bud is well versed in all the tricks of life in the national capital and saves the new senator from many pitfalls. A shady financial deal is engineered by some politicians and the senator is compromised by his son and daughter being induced to invest in it. He finds a way, however, to defeat the schemers and saves both his money and his honor.

"One of the Family." Charles Richman will be seen here in an ideal southern play, by C. L. Dazey, who, having been a resident of the south, has the advantage in setting the stage of familiar acquaintance with the scenes, types of characters, the coloring and the spirit he depicts in "One of the Family." The play that comes to the Royal Alexandra Theatre next Monday.

Charles Richman portrays the part of James Marshall, the unscrupulous lawyer who becomes a public charge, when a kind old planter, Jeff Washington, takes him from his almshouse and gives him a home. In the course of time he becomes a young man, proud and sensitive. He determines to leave the almshouse and disappears from Danville. He works his way north and after many hardships and adventures becomes general manager for a traction company. He returns to his former home with the object of discovering, if possible, the man who deserted his mother. Arriving in Danville he begins a quiet investigation, and discovers the name of his father. The dramatic incident of in-

terest is the unexpected meeting between the man and his father.

"The Newlyweds" at the Grand. "The Newlyweds and Their Baby," the latest addition to the class of musical shows, is the attraction at the Grand next week. The company is a large one, composed of 60-1-2 people, the "half," of course, being the baby. The credit for the book goes to Aaron Hoffman and Paul West, and the dialog, extra characters and situations they have applied to help make "The Newlyweds and Their Baby" into a play constitutes a combination which has proven satisfactory to theatregoers where the play has been seen. There are 15 musical numbers, counting the finale of the second act, all of which will obtain wholesale popularity, but the ones to attain distinction are "Boogie Woogie," "Love Time," "Switzer Bride," and "Can't You See I Love You?" "Boogie Woogie" is given by Mr. Newby, assisted by a party of young girls, who are a most entertaining variety of show. The scenic arrangements of both acts are entirely adequate, and the costumes of the company worthy of special mention. The songs of Mrs. Newby and the eight Newlyweds are of the stunning variety.

New Majestic Music Hall. In keeping with the policy of Mr. William Morris, the New Majestic Music Hall, who keeps his theatres through Canada and the United States in operation the year round, a season of summer vaudeville will be inaugurated on Monday afternoon next at the New Majestic Music Hall. Popular prices will prevail and the program will comprise eight high-class vaudeville acts and three reels of the latest and most modern pictures, which will be brought direct from New York and Chicago. As several of his European vaudeville stars have decided to remain in America this summer instead of returning to London to play the music halls, Mr. Morris promises that all the choicest fruit on the vaudeville amusement tree will be shaken down for the benefit of the patrons of the Majestic. A modern cooling plant will be installed in the Majestic in the course of a few weeks and every comfort will be afforded the patrons of summer vaudeville at this playhouse.

At Shea's. The headline act next week at Shea's Theatre will be that old-time favorite dancer, Dan Burke, assisted by his "Wonders of the East" Dainty Misses, Mollie Moller, in a scenic novelty, "At Lake Winnepesaukee." Special music and scenery are used in this miniature production. Maud and Gladys Finney, "The Mermaids," will be another feature. These young English girls are beautiful, and their swimming and feats shown under water in a mammoth glass tank, make their act one of the biggest novelties. The Farrell-Taylor Company have decided to remain in America this summer instead of returning to London to play the music halls. Mr. Morris promises that all the choicest fruit on the vaudeville amusement tree will be shaken down for the benefit of the patrons of the Majestic. A modern cooling plant will be installed in the Majestic in the course of a few weeks and every comfort will be afforded the patrons of summer vaudeville at this playhouse.

## RED ROUGH HANDS on Retiring

One night treatment for red, rough, chapped and bleeding hands, itching, burning palms and painful finger ends with

## CUTICURA

Works wonders. Soak them, on retiring, in hot water and Cuticura Soap, dry, anoint freely with Cuticura Ointment, and wear soft bandages or old loose gloves during the night.

## SOFT WHITE HANDS on Rising

The extra attraction at the Star next week is the Nelson-Wolfgang fight pictures. These give an exact reproduction of one of the most spectacular ring battles ever known, and should be greatly appreciated by all lovers of sport.

"The Jolly Girls" present one of the most laughable first parts ever given in a burlesque show in "The Two Buzzards."

The performance will conclude with the most entertaining skit entitled "A Young Turk" which is said to contain numerous laughable incidents and in which will be given a big Turkish number by the entire chorus, which will set the people talking.

"The Merry Whirl." One of the interesting features of the musical comedy, "The Merry Whirl," which will be seen at the Gayety next Monday, for one week, will be the girls. Battalions of girls. Girls decked out in stunning gowns, gorgeous frocks and cunningly devised frills and laces. Dainty hats, beautiful jewels and delicate footwear. A chorus full of pretty girls, and the costumes full of variety. The dialogue of this musical

## SOCIETY NOTES

An enjoyable patriotic concert was given under the auspices of the Girls' Friendly Society at St. Matthews' Church. The feature was Mrs. S. G. Wood's address on the "Life and Influence of General Besson. Little Miss Moody presented Mrs. Wood with a beautiful sheaf of American beauty roses (Gordon's roses, an affectionately called them), and with rosettes streamers, the branch color of the society.

Mr. and Mrs. Ira C. Olmstead, 21 Beatrix-street, gave an at-home when they entertained six tables at a cuche. The ladies' prizes were won by Mrs. Frank Grew, Mrs. John Costello, and Mrs. E. Van Blaricom, the gentlemen's prizes by Mr. Frank Verrey, Mr. Bart. Minahan, and Mr. Wm. Lynch. Those present were Mr. and Mrs. James Young, Mr. and Mrs. Fulton, Mr. and Mrs. Bart. Minahan, Mr. and Mrs. Sid. Simpson, Mr. and Mrs. Fred Verrey, Mr. and Mrs. Wm. Costello, Mr. and Mrs. E. Van Blaricom, Mr. and Mrs. Frank Grew, Mrs. F. J. Moore, Miss E. Macdonell, Miss L. Laidlaw, Miss M. Olinstead, Mr. J. B. Laidlaw, Mr. A. Gates, Mr. Chas. Dixon, Mr. M. Macdonell.

The A.M.C. will hold a dance at their club rooms, at the corner of Avenue-road and Roxborough-street, Thursday evening next.

Remember, the Social Club will hold their last dance of the season on Monday evening in St. George's Hall.

A very pretty wedding took place on Wednesday, when Miss Florence A. Wilson, eldest daughter of Mrs. J. A. Agar, was united in marriage to Mr. W. H. Bruce, both of Gormley, by the Rev. Mr. Bacher, at Stouffville parsonage, after which they returned to Mr. R. Agar's to partake of a dainty dinner, where the nearest relatives of the bride and groom were present. The bride wore a dainty dress of ecru embroidered net over ecru silk; her silk embroidered veil was caught with orange blossoms. She carried a bouquet of carnations and roses. Miss Vina Wilson, cousin of the bride, wore a beautiful blue silk trimmed with white embroidery and Valenciennes lace and insertion, and carried a bouquet of pink roses and carnations. Mr. James Mackenzie was best man. Later a happy couple left for their honeymoon, the bride's traveling suit being pearl grey Venetian cloth, and a large white hat trimmed with white ostrich plumes. She also wore a large white ostrich bonnet. On their return they will reside in Gormley.

The honorary governors who will visit the Toronto General Hospital during the week are Messrs. W. G. Goodenham and W. B. Brock.

## T. & N. O. GO AHEAD

Will Build System From North Bay to Nipissing Junction.

The attempt to secure an entrance independent of either the G. T. R. or C. P. R., the T. & N. O. will construct a line from Nipissing Junction to North Bay. Despite the fact that the G. T. R. has contracted for the use of the T. & N. O. terminals at North Bay, the T. & N. O. will not prevent the construction of the provincial railway from forming similar agreements with the C. P. R. The Algoma Steamship Company has contracted to supply the commission with 2000 tons of coal for their new section at \$23.25 a ton.

Good for Bert. Many members of the Q.O.R. will be pleased to hear of the approaching marriage of their old comrade, Colonel Bert, of the Nipissing Co., who takes place at Chathamworth on Monday. The bride-to-be is Miss Robertson. Bert will have the best wishes of all his old comrades and also the members of the fire department.

Muskoka Navigation. Grand trunk train leaving Toronto 8:05 a.m. connects with steamer at Muskoka Wharf. Return connection is made with train arriving Toronto 3 p.m.

Secure tickets at G.T.R. city ticket office, northwest corner King and Yonge-streets. Phone Main 1229.

Big Rush to Gold Fields. SEATTLE, Wash., April 15.—The rush of gold-seekers from the Yukon District to the recently located Itardor gold fields in Alaska is such an extent that the business men of Fairbanks to-day tried to Seattle for relief.

## HOW TO GET RID OF WRINKLES

A Simple, Safe, Reliable Way That Produces Marvellous Results Without Massage, Face Steaming or Masks of Any Kind.

CUT OUT FREE COUPON BELOW AND MAIL TO-DAY.

Those who have become prematurely wrinkled, whether from trouble, worry or ill-health, know full well the price less treasure they have lost. There is no need to despair of anyone. Chapter R.A.M., from Toronto, arrived at nine o'clock this morning. The party are distributed as follows: 12 at the Hotel Victoria, 8 at the Cumberland, 8 at the Arlington, 9 at the King Edward and 4 at the Grand Central. Local arrangements were made for their entertainment at the inability of John A. Cowan, who arranged the excursion, to come along.

## Billous Headache

COMES FROM LIVER DERANGEMENTS WHICH ARE THOROUGHLY OVERCOME BY DR. CHASE'S KIDNEY-LIVER PILLS

Headache is said to be the most useful pain in the world. It is a sort of fire alarm that warns you of something wrong with some organ of the body.

Most frequently the trouble is indigestion and torpid liver and the pain arises from the poisoned blood passing through the arteries of the brain and head.

There is no cure for billous headache, torpid liver and indigestion that can be compared with Dr. Chase's Kidney and Liver Pills for prompt and certain results. This has been proven by so many thousands of letters published from time to time that everybody should know it by this time.

Mr. Fred Hinz, Bradshaw, Perth County, Ont., writes: "I don't like to have my name in the paper, but feel out of justice to suffering humanity I should tell others of the good I obtained from Dr. Chase's Kidney and Liver Pills and Ointment.

Five years I was troubled a great deal with sick headache and was often so bad that I could not work. Being advised to try Dr. Chase's Kidney and Liver Pills, I did so and can say they have brought about a complete cure. From the first I found that one pill cured my headache quickly every day. It was also a victim of itching and found Dr. Chase's Ointment the most satisfactory treatment I ever used. It brought relief almost instantly.

You won't be satisfied with mere temporary relief when you know your headache can be completely cured by using Dr. Chase's Kidney and Liver Pills. One pill a dose, 25 cents a box, all dealers; or Edmanson, Bates & Co., Toronto.

## THIN OR WRINKLED

This coupon entitles the holder to free information concerning the marvelous discovery for removing wrinkles and making thin faces plump.

GOOD FOR FIVE DAYS ONLY.

DELLA ELLISON, 1288 Burr Building, Scranton, Pa.

It is easy to apply and is an entirely new method. It is also a completely harmless and so simple that it can be used without the knowledge of your most intimate friends. It is an excellent beautifier, and aside from removing wrinkles and making thin faces plump, it may be used to enlarge the breasts and greatly enrich your hair. People who are interested in my discovery, please address DELLA ELLISON, 1288 Burr Bldg., Scranton, Pa.

Just inclose the above coupon and state that you wish full particulars of my new discovery, and they will be sent to you in a sealed envelope, absolutely free of charge.

# A WELL KNOWN MAGISTRATE SAVED AS BY A MIRACLE

## REDUCED TO A SKELETON AND DOCTORS PRONOUNCED CASE INCURABLE SAYS HE OWES HIS LIFE TO "FRUIT-A-TIVES"

Magistrate Speers' signed statement illustrates the unfailing curative and tonic properties of "Fruit-a-tives," the marvelous fruit medicine that has brought health and strength to thousands in every part of the Dominion.

Moorefield, Ont., March 25th, 1909.

"I feel that my complete recovery from what seemed inevitable death is practically a miracle. I suffered from severe indigestion for nearly two years, and became almost a skeleton. I could not work—could not even walk. Two experienced doctors pronounced my case incurable. They could do nothing for me, as they said my heart was affected. I looked forward to death in a short time. I not only had the doctors, but tried many remedies and treatments, but got no better.

"My son asked me to try 'Fruit-a-tives,' and from the outset of taking these wonderful tablets, I was better and gradually this medicine completely cured me, and I have gained over thirty pounds in weight. I am well, thanks to 'Fruit-a-tives.' I am so well that I have sold my farm and bought 200 acres more land. I make this statement voluntarily for the sake of humanity, as I believe my recovery is a miracle, and I am convinced that 'Fruit-a-tives' is a wonderful cure for Stomach Trouble."

HENRY SPEERS, J.P.

"Fruit-a-tives" cured Mr. Speers because "Fruit-a-tives" is the most wonderful stomach, heart and nerve tonic in the world. "Fruit-a-tives" acts directly on the stomach, insures sound digestion, regulates bowels and kidneys, purifies the blood, and relieves the distressing irritation of the heart.

"Fruit-a-tives" is the only medicine in the world that is made of fruit juices. By the marvelous discovery of a well-known physician, fruit juices are combined with heart and nerve tonics in such a way that a new compound is formed. It is this new compound—"Fruit-a-tives"—that has saved thousands of lives. It is why "Fruit-a-tives" cures when all else fails—why "Fruit-a-tives" gives instant relief when even the doctors cannot relieve the trouble. We state it without hesitation, that "Fruit-a-tives" will positively cure every case of indigestion and Dyspepsia, if properly used.

Remember, there is nothing else "just as good" or "just the same" as "Fruit-a-tives." Insist on having "Fruit-a-tives" and see that you get the genuine. 50c a box, 6 for \$2.50, or trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

## EDUCATE THE PUBLIC IN PROPER USE OF GAS

### Consumers' Gas Company Give Interesting Demonstrations in Their New Showrooms.

To educate the public in the proper use of using gas and to help materially towards that end by giving daily demonstrations of their large and up-to-date gas ranges, is the object of the Consumers' Gas Company, which has opened a showroom at 45 East Adelaide.

These demonstrations show conclusively how to obtain the very best services from the range; how to cook in the best possible way; how to look after the burners properly and keep them regulated; and most important of all, how to get the greatest amount of heat possible from the least amount of gas.

The workman will be chiefly interested by this innovation, as it is the heavy expense involved in purchase and necessary connections has been debared the wear-and-tear from the use of a modern gas range.

## IMPROPERLY CONVICTED

### Hon. Mr. Aylesworth's Reasons for Releasing Two Men.

OTTAWA, April 15.—I recommended that they be summarily released because, in my judgment, speaking as a lawyer, they were not guilty of the offence which they were charged.

The minister of justice in the house this morning thus completed his promised explanation of the release from prison of L. J. Skill and J. C. King of the Toronto Antiquarian Book Co., sentenced for circulating obscene literature calculated to corrupt morals.

"The prisoners," said the minister, "were defended by two gentlemen, each of whom is a personal friend, quite as much so as Mr. Robinette. The gentlemen are George Tate Blackstock, K.C., of Toronto, and his partner, Hugh Ross."

Mr. Aylesworth said that he believed the men had been engaged in "the ordinary legitimate business of respectable book-selling, but in some of the translated French and Latin classics were passages which, if they were singled out or collected and published together, might properly be described by the word indecent."

The minister had been informed that the firm's stenographer had not, as was stated at the trial, resigned because of the improper character of work she was called upon to do. He had received letters asking for clearance from over 25 people, one of whom was a bank manager in Toronto, one a bishop of a Protestant church, three others prominent clergymen, one a leader in the Methodist church, and the others members of business concerns in Toronto.

He had also had the advantage of a personal discussion of the case with Hon. J. J. Foy, attorney-general for Ontario.

## GOES TO RAILWAY COMMITTEE.

OTTAWA, April 15.—(Special)—In the senate to-day, the bill providing for control of cable and telegraph rates, was referred to the railway committee, so that representatives of cable companies would have an opportunity of being heard.

No Change in Sight on G.T.R. MONTREAL, April 15.—(Special)—In reference to a Toronto report that the President of Fishermen is to become general manager of the G. T. R. with Wm. Mullins, now general manager of the Port Rico Railway, as assistant, it is pointed out that Mr. Hays announced at the time he assumed the presidency that there would be no change in the general management, and it is pointed out that no present indication here that this is incorrect.

Clark Duff Out of Danger. Word has been received by the Hon. J. S. Duff, minister of agriculture, that his son Clark is now out of danger.

## WALPOLES' IRISH LINENS

of Horses, Carriages, Harness, etc., Every Day

"THE HORSE MARKET OF CANADA."

## AUCTION SALES 500 Horses

A CHOICE SELECTION of all classes: — HEAVY DRAUGHTS, GENERAL PURPOSE, EXPRESS and DELIVERY HORSES, CARRIAGE COBS, SADDLE and ROAD HORSES, consigned to us by some of the best horsemen in Canada.

## Monday Next 300 Horses

At 11 a.m. we shall sell

of all classes. We would draw particular attention to the following, which will be sold on Monday next, at 11 a.m.:

**A PAIR OF BRIGHT BAY GELDINGS**, six years old, sound, weight about 2,950 lbs. This is a grand pair of geldings, full of quality. They have good heads and necks, the best of feet and legs and can stop like hackneys. A pair for any show ring.

**CONSIGNED BY MR. GEORGE CORMACK**, of Whitby, Ontario. **A WELSH PONY** and outfit; **A CHESTNUT GELDING** (Pony), 12 hands. He is thoroughly broke, single and double, and kind and quiet. **ALSO** his double-seated "Me-Laughlin" trap, as good as new, and brass-mounted harness in excellent condition. To be sold on Monday with reserve.

## Thursday Next 200 Horses

At 11 a.m. we shall sell

of all classes. **ALSO** on MONDAY and THURSDAY we shall sell a number of serviceable sound workers and drivers consigned to us by city people who have no further use for them.

## NOTICE

Owing to the sweeping away of Frederick House Bridge by ice, **MESSES. HAMER & O'KELLY** were unable to ship their horses for next Monday's sale, as per advertisement last week, but will ship this week for sale on **MONDAY, APRIL 25th**. Do not forget the date. **APRIL 25th**.

### WE SELL STRICTLY ON COMMISSION

COMMISSION, 5 Per Cent. **ENTRY FEE** (if not sold), \$1 per horse.

**ALL HORSES** sold with a guarantee are returnable by owner the day following sale, if not up to warranty.

**P. MAHER, Proprietor. GEORGE JACKSON, Auctioneer.**

### HORSE SHOW COLORS.

Prize Ribbons and Decorations in Good Old Blue and Yellow. Navy blue and primrose yellow are the colors.

### Liquor & Tobacco Habits

Dr. McLaughlin's vegetable remedies for the liquor and tobacco habits are healthy, safe, inexpensive home treatments. No hypodermic injections, no publicity, no time from business, and a certain cure. Consultation or correspondence free.

### Dr. Hamilton's Pills

Cure Kidneys, Liver, Stomach

## Weakens Digestion Harms the Lungs

The Effects of Catarrh are Ruinous to Almost Every Organ in the Body.

Catarrh is one of the most common. It is also one of the most deadly diseases of the American. A disease that pollutes the system, renders oneself offensive to others and should be driven out. Think how many people you know whose constitutions have been wrecked by Catarrh. Think how frequently it has been a source of other sicknesses. Catarrh is bad in itself, but dangerous also because it leads the way to bronchitis and consumption. Because you know that drugs, snuffs, washes, ointments, etc., do not close your eyes to the fact that Catarrh has proved itself to be an efficient and prompt remedy for Catarrh, you see, acts upon them, you take. It is rich fragrant essences and balsam that air breaks up into little "drops" of healing and disinfectant parts in itself, but the same way that an ointment would act upon a cut finger—cleanses, soothes, heals. If you are a sufferer from grippiness, cough or any of the symptoms, or have associated with catarrh, use Catarrh; root it out now. If you think of Catarrh as little drops of healing carried by air you cannot escape the conviction that here is a rational way of treating diseases of the air passages. You breathe healing to the sore places. Catarrh, you see, acts upon them and heals them. Complete outfit costs \$1.00, with hard rubber inhaler, and liquid enough to last three months. Smaller size for children. The Catarrh Co., Buffalo, N.Y., and Kingston, Canada.

### NAUGHTY KIDS

Broke Windows of Coroner's Residence and He Claims \$200.

Coroner W. A. Young may have to choose whether he would rather stand for having his windows broken by the pupils of the technical school, or have a \$24 fence erected alongside his house.

He sent a claim for \$200 to the property committee of the board of education yesterday for broken glass. The trustees didn't feel like paying, so they sent it on to their school inspector. The inspector suggested putting up the 24-foot fence, and instructed Superintendent Bishop to estimate its cost.

Trustees Hodgson and Leves, Superintendent Bishop and Chairman Simpson will consider a proposal of amalgamating all supplies into one department under Wm. Kerr.

### GUILTY OF USURY

Two Convictions, But Sentence Deferred Pending Appeal.

M. J. Luther and Norman Smith were found guilty by Judge Denton on the charge of usury yesterday. The decision will be appealed against and taken to the highest court.

His honor referred to the mysterious "Bernard Webster" as a man who did not exist, and said that he and A. H. Williams of Chicago, head of the Brokers' Agency, were one and the same man.

Luther was manager of the Toronto business, and Smith a clerk. The charge against them was that they loaned \$50 to Francis Loughhead at a greater interest than 12 per cent, as allowed by law. Sentence was deferred.

J. H. Roof, for Luther, argued that if Webster, Williams and the Brokers' Agency were not a continuing concern his client was not a money lender.

As Smith was only doing his duty as a clerk and bookkeeper, J. Walter Curry, K.C., questioned whether his client could be brought under the code.

Argument was also heard by his honor in the case against Herman C. Kehr, local manager of the Borrowers' Agency, but judgment was deferred. W. J. Tremont argued that Kehr was merely an agent.

### AUSTRIA RUSHING FOUR DREAD-NOUGHTS.

VIENNA, April 15.—In the Reichsrath to-day the finance minister admitted that the government was preparing to build four additional Dread-noughts. He added, however, that he had not yet advanced a farthing for such purposes. It is announced, however, that two shipbuilding firms are prepared to go ahead with the construction before the money is voted.

### A CALGARY TRAGEDY.

CALGARY, Alta., April 15.—The dead bodies of a man and woman were found in a house in the red light district this afternoon. There were bullet wounds in the head of each, and it is thought that the woman was shot by the man, who then committed suicide. Both were Italians.

### Kidney Disease Does It Threaten You?

The kidneys struggle hard to maintain purity of the blood and carry from the system the waste materials that liver and bowels should remove. The kidneys become over-worked in this effort and soon their activity is exhausted. Then follows a long train of evil consequences, among them Bright's Disease, languor, excessive blood pressure, poor color, heaviness and sleeplessness.

It is imperative to give the kidneys aid—give them relief from excessive work by using Dr. Hamilton's Pills. Under their beneficent action the liver and bowels will act splendidly, the kidneys will be rested and the entire system will give manifold evidence that at last robust, good health has returned.

For general family use in the rapid cure of stomach trouble, headache, backache, biliousness, constipation, kidney and liver ills, no medicine can possibly do more than Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box; all dealers or The Catarrh Co., Kingston, Canada.

## PLAN OF RAILWAY LINES STANDS TILL TUESDAY

Works Committee Cautious—Final Decision Not to Widen St. Clair Avenue.

A special meeting of the civic works committee will be held next Tuesday to deal with the recommendations of the city engineer respecting new street railway lines. This was decided upon by the committee yesterday, after some hesitation, as the sole right to make the recommendations is vested in Mr. Rust, Controller, speaking suggested, however, that the engineers might hear some suggestions which would cause him to alter his recommendations. Controller Foster caused surprise by proposing that Mr. Rust's suggestions be accepted without parley. The engineer himself was for losing no time, as the City Engineer had its application ready for the Ontario Railway Board. Ald. Maguire wanted the recommendations turned over to a special committee, a committee, as Mr. Rust's ideas might disagree altogether with those of the engineering expert it was proposed to appoint. He objected to tracks on Bay-street.

Won't Widen St. Clair Avenue. By the vote of seven to six, it was decided to make a foot roadway on St. Clair-avenue from Yonge-street to the ravine, just east of Bathurst-street, but not to widen the avenue. The issue was thus settled on a motion by Ald. McBride, after Ald. Baird's suggestion that the city pay two-thirds of the cost of widening had been rejected.

May Move Tracks. City Solicitor Johnston, reporting on the proposal that the Metropolitan Railway tracks on Yonge-street, north of the C.P.R. tracks, should be moved to the middle of the street, said that the city could enter into such an arrangement, provided it was not for a longer period than a year. The city would then effect a settlement, so as to be able to proceed with the paving of Yonge-street north of the tracks.

William Boland erected a store at Bloor-street and Brock-avenue. This city surveyor discovered that the building invaded the street line on Bloor-street by eighteen inches, owing to faulty work by Boland's surveyor. It was agreed to pass a by-law narrowing the street to that extent.

Shut for Public Stations. At the meeting of the property committee, two sites for additional police stations were approved. One is on Price-street, near the C.P.R. tracks on Yonge-street. It has a frontage of 128 feet by a depth of 35 feet, and the price is \$13,200. The other is at Markham-street, having a frontage on the former of 152 feet by a depth of 123 feet. In this case, Commissioner Harris recommended expropriation, the owners refusing to accept reasonable terms.

Mr. Harris reported that he had bought for \$250 a wind turbine blower for the city, and a section of gutter so as to permit the use of soft coal for heating purposes at a saving of \$2 a day. The free shower baths will be open from 7 p.m. to 10 p.m. until further notice.

There was a short discussion on conditions at the last meeting of the Executive Business Men's Association.

Ald. Chisholm suggested that the price be converted into a receipt to relieve crowding.

Rust and Foster Clash. A sharp exchange occurred between Controller Foster and the city engineer when the former complained that time was lost in placing buoys out in the lake to enable Dr. Sheard to take water samples, beyond the intake pipe. Mr. Rust said nothing could be done in rough weather, and that the controller should use common sense in the matter.

"We are almost driven to lose our common sense at times," Mr. Rust retorted that that fact couldn't be helped. He promised, however, to make what speed he could.

The board of control will wait until No. 7 pump is installed at the main pumping station before cleaning out the reservoir.

That Canadian engineers are competent to prepare plans for Toronto's tube system was decided yesterday.

Raised Mouth of Intake. Early yesterday twelve men, under the directions of Waterworks Engineer Pelletier and Engineer W. E. Randall succeeded in placing an eleven ton cylinder over the mouth of the intake pipe, 2900 feet out from the shore in the sand, to raise the mouth of the intake ten feet, so as to clear the reef of sand discovered some time ago.

Geary announced yesterday that the printing of the civic estimates would not be completed in time to allow the tax rate to be struck on Monday. A special meeting of council will probably be held about the middle of next week.

New York and Philadelphia, 4:32 and 6:10 p.m. Daily.

via Grand Trunk and Lehigh Valley, the only double-track route. The 4:32 p.m. carries Parlor-Library-Buffer car and elegant coaches to Buffalo, and Pullman sleeper Buffalo to Philadelphia and New York. The 6:10 p.m. train has through Pullman sleeper Toronto to New York and Parlor-Library-Buffer car and coaches to Buffalo, also Pullman sleeper Buffalo to Philadelphia. Make reservations and secure tickets at city office, northwest corner King and Yonge-streets. Phone Main 4209.

Bound to Keep Warm. Herbert C. Hughes, 612 West Queen-street, where his father keeps a gent's furnishing store, was called by Detective Tipton yesterday as he came out from Caution's Co.'s premises at 15 West Queen-street. On him were found three suits of underwear and six pairs of socks. He is charged with stealing them.

Can Be Evicted for Wearing Big Hat. LONDON, April 15.—Henry Curtis Bennett, a Bow-street magistrate, today rendered judgment that the management of a theatre has the right to eject women patrons who refused to remove their large hats.

The action had been instituted by Mrs. Blanche Eardley, authoress.

### Labor Notes

May Be Trouble at Fort William. FORT WILLIAM, Ont., April 15.—Monday will probably be a critical day in the situation at the C. P. R. freight docks, as the expected boats will begin to arrive and unload. There was considerable unrest yesterday when the Canadian Pacific took on 150 men, mostly English-speaking people.

A number of men have arrived from outside points and these are being housed in the Marine Hotel under the protection of C. P. R. police, and outside the danger zone. The Longshoremen's Union may take exception to some of the men thus brought in, as they have no cards.

The railway telegraphers have broken off negotiations with the officers of the C. P. R. and are on strike. The Hamilton Railroad, as the final offer of the road is less than half the amount asked for.

President Gompers of the American Federation of Labor, speaking of the voluntary 6 per cent increase of wages by the U. S. Steel Corporation, reviewing recent developments in the labor world, advances in wages and strikes, and particularly referring to the federation's charges against the Steel Trust, asks:

"I wonder whether all these factories have had no influence upon the Steel Trust, which has had a very infinitesimal increase upon this lowest wage standard."

### VETERINARY COLLEGE GRABS

Annual Convocation Addressed by President Falconer and Others.

The annual convocation of the Ontario Veterinary College was held in Convocation Hall yesterday afternoon. President Falconer of the University of Toronto, in addressing the graduates, urged that they should keep up with modern methods, which were continually springing up in their profession.

"Intelligence," said he, "is not merely a matter of natural endowment. A man of fifty should be much more intelligent than a youth of twenty and therefore I do not think that an ambitious young man is unduly pushing himself forward when he takes away the practice of an old doctor of the profession who has not kept up with the times."

Principal E. A. Grange of the O. V. C. was presented with a life membership certificate in the Science Association of the College, by the graduating class.

The diplomas were presented by the Hon. J. S. Duff, minister of agriculture. The graduating class is the first to graduate since the extension of the course to three years.

They are: E. A. Barker, W. Beall, B. A. Blessey, G. Biddle, E. M. Bigwood, W. G. Black, R. Blyth, J. F. D. Boursox, O. Brunet, E. H. Byrd, J. L. Carlaw, H. L. Cass, N. D. Christie, G. C. Cockerton, J. M. Coffin, A. B. Cole, G.

Chicago Live Stock. CHICAGO, April 15.—Cattle Receipts, 2000; market steady; steers, \$6.25 to \$7.00; cows, \$4.50 to \$7.25; heifers, \$4.25 to \$7.00; bulls, \$4.50 to \$5.50; calves, \$2 to \$7.25; stockers and feeders, \$4.20 to \$5.80.

Hogs—Receipts, 10,000; market strong to 2c higher; choice heavy, \$9.50 to \$10; butchers, \$2.50 to \$3.50; light mixed, \$8.50 to \$9.50; choice light, \$10 to \$10.75; bulk of sales, \$2.60 to \$3.00.

Sheep—Receipts, 10,000; market steady; sheep, \$2.75 to \$3; lambs, \$2 to \$3.25; yearlings, \$2.50 to \$3.25.

## WEAK MEN MADE STRONG

Prof. Fowler says: "Sufferers little realize how far they are restorable—yet they seek relief in the wrong direction. . . . Electricity is undoubtedly the basis of all life; it necessarily follows that this element constitutes Nature's own most potent remedy."

Great men of the medical profession have been talking that way for 50 years. But I do something more than talk; I am making cures with Electricity every day. I have been making strong and vigorous men and women out of human wrecks for several years with my Electric Belt.

It's the steady, continuous current poured into the body all night long that does the work, and when Electricity goes into the body, as I apply it, out go the devils of Rheumatism—Neuralgia! Away go the tormenting Headaches and Backaches! The exhausted nerve cells drink in the life current from my Belt just as a famished field drinks up the refreshing showers, and Sleeplessness (Insomnia), Nervousness, and all those distressing symptoms that denote loss of Vitality—a weakened and broken-down condition—quickly disappear.

Likewise, Indigestion and Constipation, Kidney and Liver Troubles can be cured completely with my Electric Belt. It overcomes all signs of nervous and physical breakdown in men and women; it sends new life to every weakened part, and builds up the Vital Power—the Energy of the whole constitution.

Then here's a remedy that is a remedy! It's Nature's medicine!

I'll give you all the proof you want if you will write to me and if you haven't confidence in Electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security, and I will take your case, and you can

### PAY WHEN YOU ARE CURED

Pick out the men who have worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you: "I am a Man!"

MR. SAMUEL J. HARNETT, North Gower, Ont., says: "I received a Belt from you some four years ago, and I wish to say that it was all that was represented to be, having cured me of Indigestion and other ailments, and I now feel like a new man, giving all the credit to your Belt. Anyone giving it a good trial, I know, will feel as I do."

# Oakville Ontario

Where the Elite of Toronto have Located their Finest Suburban and Country Homes

One year ago The World took occasion to refer to the development of the Town of Oakville as a suburban centre where the finest country homes in Ontario can be found and where bright summer cottages cluster within easy reach of the lake. The change that has taken place during the past twelve months is as surprising in its turn as that which attracted the attention of The World a year ago.

The view gained by a hurried glance out of the windows of a passing railway coach has long won for Oakville an indifferently reputation, for a barn, a freight shed and a station house present at best an unpromising outlook. On the other hand, by taking the route along the Lake Shore-road and turning into the main road of the town itself, the picturesque realities of the place will be realized. From Clarkson's on the east to Bronte on the west, most of the available farms overlooking the lake have been acquired by prominent business men of Toronto, who have established themselves in this health-giving locality.

But it is not only the men of wealth who may take advantage of the beauties and comforts of this delightful sun-kissed belt, where rest-seekers may live and enjoy life. Large tracts of property between the Lake Shore-road and the railway station have been secured by parties who are cutting them up into building lots and are erecting a number of substantial and beautiful homes on the property. The Bank of Hamilton have placed

Residence of Mr. James Ryrie, Oakville.

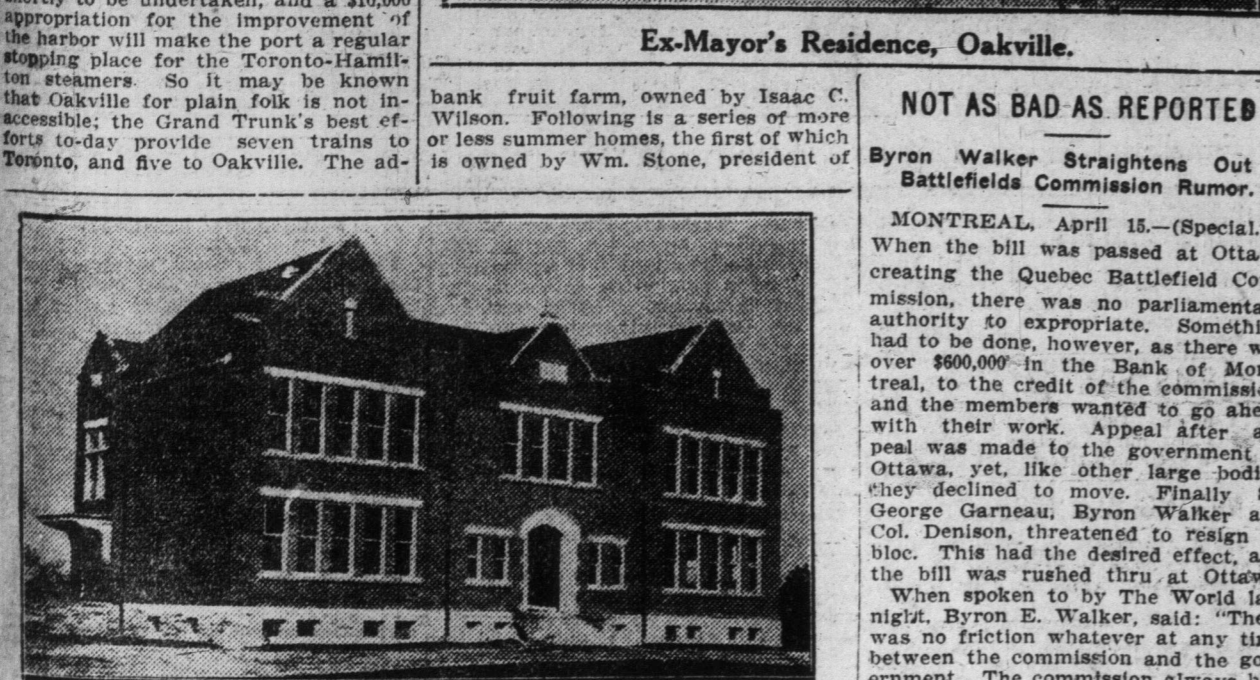

roads are not likely to submit to radical encroachments without a struggle. Approaching Oakville from the east one first passes the 200 acre farm of when speaking of The World expressed his enthusiastic regard for the place by saying, "It is one of the most delightful localities I have ever lived in. The natural advantages are all that one could desire. It brings to one health, happiness and comfort. What more could be asked?" J. J. Pollett, the Yonge-street tailor, has six acres overlooking the lake, which has lured him already this season. Still pushing westward the following places are met in the order named: James Ryrie's palatial residence, about which much has been said and written; H. C. Cox, of the Canada Life Assurance Co., who has a delightful place of 17 acres. Close by stands the Odfelloffs Home a refuge for the aged and decrepit members of the order. The property of W. H. Broome, a comfortable one of five acres, in the immediate neighborhood has been secured by Winnipeg and Buffalo parties.

Coming into Oakville itself one could mention a great number of prominent buyers of real estate recently, most of which is designed for suburban homes. The situation of the town is near enough to Toronto to have all the advantages of metropolitan life with all of the disadvantages removed with air, health and comfort added. To the west the most notable purchase made lately is that of Mr. Oster of the well-known McCabe farm near Bronte, which is undoubtedly one of the finest locations on this side of the lake.

The Watson Estate of 17 acres at Dixie, on the lake shore, just west of Long Branch, has been sold. F. J. Watson put the deal thru.

Another large and beautifully wooded section lies within five minutes' walk of the Grand Trunk station, and is about to be thrown open for settlement. This is a particularly desirable section, because the lots are laid out in what used to be an orchard, and on every one are a number of fruit trees or bushes in bearing. The varieties include apple, pear and plum trees, with all kinds of berry and currant bushes. L. P. Snider, Inspector of the Bank of Nova Scotia, when interviewed by The World, relative to Oakville as a place of residence, was very enthusiastic over the matter, and remarked that residence there was "a certificate of health and freedom."

That Oakville has growing pains, and the members of the local council are thoroly alive to the necessities of the occasion, is evidenced by the fact that a campaign for a thoro representation of the advantages of the town is shortly to be undertaken, and a \$10,000 appropriation for the improvement of the harbor will make the port a regular stopping place for the Toronto-Hamilton steamers. So it may be known that Oakville for plain folk is not impossible; the Grand Trunk's best efforts to-day provide seven trains to Toronto, and five to Oakville. The ad-

Ex-Mayor's Residence, Oakville.

**Little Girl Broke Her Leg.**  
While climbing into her father's wagon, yesterday afternoon, Mabel Blizoff, 2 Lippincott-street, aged 10 years, caught her foot in the spokes of one of the wheels, and fractured her leg. She was taken to the Sick Children's Hospital, but owing to the severity of the injury the leg cannot be set as yet.

**Pension for Female War Nurses.**  
WASHINGTON, April 15.—A pension of \$12 a month for each female nurse who served in the federal army during the civil war is provided in a bill to-day reported to the senate by Senator Scott from the committee on pensions. There are no fewer than 200 of these nurses now living.

**Kingston Old Boys.**  
An enthusiastic meeting of the Kingston Old Boys' Association was held last evening in the Yonge-street Arcade. It was decided to place on the files in the Toronto Public Library, the Kingston ally papers.

H. Y. Claxton on behalf of the association presented Mr. George B. Sweetman, the retiring president, with a handsome pass president's jewel.

Tornadoes did considerable damage in Tennessee and Kentucky Thursday night.

## FARMS FOR SALE.

**F. J. Watson & Co.**  
1275 Queen St. West

## GERMAN POLITICAL SURPRISE

National Liberals Carry Constituency for First Time in Forty Years.  
BERLIN, April 15.—The National Liberals won a remarkable victory in the election of a successor to the late Count Udo von Stolberg-Wernigerode, who was president of the reichstag at the time of his death on Feb. 19 last. This country district of East Prussia has been carried by the Conservatives practically without opposition in every election for forty years. In the election just held, Herr Kochan, the candidate of the National Liberals, was chosen with a majority of nearly 2000. The overturn is attributed to popu-

A General Demonstration of the Household Stocks on Monday

14 Sales Monday in the Housefurnishing Department

The Carpet and the Curtain Departments  
 Combine with One Idea on Monday—to  
 Convincingly Prove their Ability to Serve You

EACH section of our department is practically a shop in itself. Each of these fourteen sections offers a straight, definite inducement to Toronto housekeepers on Monday morning. We want to show you what we have here. We want to let you witness what we are, and become acquainted with the details of this great spring stock. We want your conception of good taste—we want your opinion. We have tried to bring home to Toronto those things which instinct and experience prompted us to feel positive you would like. Now we want you to see them. That is the purpose of this combined effort of attraction for Monday, April 18.

Fourteen Sales---One in Each Section of the Department

- No. 1.** 1800 yds. of Printed Linoleum matting, floral, tile, and block patterns, perfectly printed, thoroughly seasoned, regular 40c. Monday per yd., 27c.

It is Little Use Attempting to Tell You About Wall Papers When It's So Easy to SEE Them

If we were to go into the technical details of the production of wall paper it would give you some idea of wall paper manufacturing but no idea of wall paper beauty. We can only tell you about quantities and prices and such business like matter of fact.

We have an altogether praiseworthy display of wall paper here this spring. Our department is new and spacious. We have a flood of good daylight.

And we have the values!

- Imported Drawing Room Papers, in sories, silks, satins and flat effects, in rich colorings. Prices \$1.00, \$1.50, \$2.50, \$4.50, \$8.00.
- Imported Parlors and Sitting Rooms, in greens, blues, lawns, greys, creams and other rich shadings. Prices 25c, 50c, 75c, \$1.00, \$1.50.
- Dining Room and Hall Papers, in plain or figured, with cork background on plain effects, in browns, greens, reds, blues, imported stock. Prices 25c, 50c, 75c, \$1.00.
- MONDAY SPECIAL.
- Dens and Libraries, plain rich effects. Per roll 25c, 50c, 75c.
- Imported Bedroom Papers, in lawns, etc. Per roll 15c, 25c, 50c, 75c, \$1.00.
- 1,000 rolls High-class Paper, for best rooms, in good colors, rich designs. Regular to \$1.00 and \$1.25. Monday 37c.
- 1,750 rolls Imported English and German Papers, for general rooms, assorted colorings. Regular to 50c. Monday 18c.
- 3,400 rolls Sitting Room and Bedroom Papers, in good colorings, plain or floral effects. Regular to 25c. Monday 11c.
- Room Mouldings. Special Monday 1/4c.
- Chair Rail. Special Monday 3/4c.
- Plate Rail. Special Monday 7/4c.
- Hurlap Ends. Regular 25c and 35c. Monday, per yard 14c.

Worsted Suits Reduced

LADIES who shop Monday will have an early morning opportunity in the Cloak Department—a clearing lot of suits is to be offered.

36 only, up-to-date stylish suits, in stripe English worsted, in colors of navy, grey, brown and green; the coat long, semi-fitting, with deep roll collar, fastens down front with novelty buttons, lined throughout with colored silk or satin; skirt has panel front, pleated sides, finished with small buttons to match coat. Sizes 32 to 42. Regular price \$18.50. Special for Monday, \$12.75.

No phone or mail orders accepted.

Our C.B. a la Spirite Corsets at \$2.00

THE woman who would look her best on all occasions must give careful attention to her corset, but she doesn't have to pay an exorbitant price for it. Our C.B. at \$2 will give satisfaction in every way, and we earnestly advise you to consult us about it if you are in any quandary at all. We have arranged a special demonstration Monday and will expect you.

Made in finest batiste, high, medium and low bust, long front and back, four garters, guaranteed rustproof boning. Sizes 13 to 26 inches, \$2.00 a pair.

Black Silks Displayed

Black Mousseline Duchess, double width, heavy with newness and beauty; this silk is most fashionable, and very effective for smart dresses; no other silk gives the soft, rich draping effects that are obtainable in mousseline duchess, double width. Prices \$1.50, \$1.75 and \$2.00 per yard.

Black Shantung Silks and Ottoman Cordis have a prominent place for motor coats, suits and long dress coats; they keep their shape and style, and do not crush. Prices \$1.00 and \$1.50 per yard.

Black Japanese Summer Silks, the sheerest of silks from Japan, enough for a whole dress, weight less than 14 ounces, they make interest in the silk department; the Japanese have not learned how to put gum and other things into silk to make them appear better; every thread of these silks is as pure as the cocoon floss; they make the faintest yet the strongest of summer waists and dresses. Pieces one yard wide, 55c, 75c, \$1.00 per yard.

Boys' Underwearing

Three items that represent especially good buying for boys Monday.

BOYS' JERSEYS 25c.  
 500 Boys' Canoeing, Running and Athletic Jerseys, ribbed neck and shoulders, plain navy or white, also white with red, navy or pale blue trimmings. Sizes 20 to 32. These are especially good value at, each, Monday 25c.

SPRING UNDERWEAR 35c.  
 300 garments of Boys' Medium Weight Underwear, "Watson's" elastic ribbed, are garments of exceptional value. Come and share in the savings, at, per garment, Monday 35c.

EXTRA SPECIAL.  
 100 only Boys' Black and White Striped and Polka Dot Work Shirts, collar attached, strong drill. Sold regularly at 50c each; To clear at, each Monday 35c.
