Italians Take 7500 Prisoners ELEVEN-MILE ADVANCE MADE CANADIAN PATROLS PUSH FURTHER INTO LENS

HON. ROBT. ROGERS RESIGNS BY YOUTHFUL SOL

Minister of Public Works Leaves Cabinet After Difficulty Over Union Government, Which Now is Probable, With Hon. Arthur Sifton, T. A. Crerar, J. A. Calder and J. G. Turriff as Members.

By a Staff Reporter.

Ottawa, Aug. 20 .- The event of the day has been the resignation of Hon. Robt. Rogers as minister of public works. Mr. Rogers had no statement to make to the press today and the prime minister was equally reticent. It is presumed that a statement will be made in the house tomorrow and that the correspondence will

It is learned, however, that the resignation was delivered to the prime minister Saturday morning and that it was contained in a lengthy letter, which arraigned the government's delay in passing and enforcing the conscription law.

The first effect of the letter was the final passing of the conscription bill in the house on Saturday afternoon; and this was followed by a lengthy conference between Sir Robert Borden and Mr. Rogers, in which the former, it is said, requested the minister of public works to withdraw his resignation.

Late Saturday night word was given out that the difficulty between Sir Robert and Mr. Rogers had been Alberta, Hon. J. A. Calder of Saskatchewan, T. patched up. The latter attended a cabinet meeting this morning, but during his absence a number of clerks and effects from the public works department. The Bone of Contention.

The real bone of contention is said to have been union government. Mr. Rogers favored the proposal for a coalition with Sir Wilfrid Laurier, but opposed the subsequent overtures to, conscription Liberals, government.

which, it is said, in his letter of resignation, he char-

In the negotiations that followed, it is said the prime minister assured Mr. Rogers that unless some negotiations he had under way came to a head within 48 hours he would abandon any further attempt to unite with the conscription Liberals, and prepare for a straight party fight in the coming campaign. This Thursday was complete; and this was suspended the resignation in the air over Sunday, but early this morning, it is said, Mr. Rogers received a note from the first minister accepting Saturday's resignored from the first minister acceptance from the first ministe

THREE COMPANIONS ARE UNDER CLOUD

Death of Dr. Douglas G. Mac-Robbie, Hamilton, is Suspiciously Mysterious.

TWO INTOXICATED

Statement of Caretaker of Office Indicates Party Had Been Drinking.

Hamilton, Tuesday, Aug. 21.-With his skull crushed and his right eye bruised as if from a blow. Dr Douglas G. MacRobbie, a prominent local physician, residing on Hess street. was found in a dying condition on the floor of a storeroom on the second floor of the Crescent Oil Company, West Cannon street, shortly after 10.30 Sunday evening, but for some reason the case was not reported to the police until about 1.30 Monday morning. Death followed immed-

As a result of the investigation which followed Detective Harry Sayers, a few hours later, took into custody Harry Smith, 187 West Jackson street, manager of the Crescent Oil Company; Joseph J. McAuliffe, 320 Aberdeen avenue, real estate agent; and Walter Scott, architect, 419 North Bay street. The three men, who were found asleep by Herbert Asselstine, 114 North Caroline street, an employe the company, in the same room with the dying man, are being held as material witnesses. They appeared before Magistrate Jelfs yesterday morning on a nominal charge of vag-rancy and were remanded for one

rancy and were remanded for one week without bail.

All Were Asiesp.

Dr. MacRobbie, who died before medical attention could be rendered, was believed to have spent the evening with the three suspects. When Asselstine went into the room about 10.30 he found Scott asiesp in the office and Smith and McAuliffe asleep on a pile of iron valves. The injured man was lying on the floor, his head in a pool of his own blood.

Explaining the space of two and a half hours between the finding of the body and reporting the case to the police Asselstine stated that he had summoned Harry Bell, who lives at Smith's residence.

Asselstine stated that he had noned Harry Bell, who lives at h's residence; who in turn woke senjamin Fowler, a salesman of that is what makes company, living at 267 West King Smith's residence; who in turn woke up Benjamin Fowler, a salesman of the company, living at 267 West King that is what makes street. Dr. Lange and Coroner Nichol this month-end one of the huslest times. were then summoned and a call was then put in to the police, Intoxicated When Arrested.

When, McAuliffe was arrested in the company's backyard he was under the influence of liquor and his collar and one shoe were missing. These were later found in the room where the tragedy occurred. Scott where the tragedy occurred. Scott & Son, Limited, Tailors and and Smith were placed under arrest dashers, 77 West King street.

of Hamilton, who was found office in Hamilton on Sunday night. An inquest will be opened on Thursday. His death has created a sensation in Hamilton.

in an intoxicated condition.
"I do not know whether it is a murder or an accident," said Dr. Nichol, coroner, "but there is no doubt, however, that the wound in the back of the head was caused by a severe blow," he continued, when asked to

Up to the present the three men in custody have made no statements except one, who said to Detective Sayers last night, "I don't know anything

* WAR SUMMARY *

THE DAY'S EVENTS REVIEWED

HE French and the Italians, in their new offensives yesterday, piled

anything has taxed it since the battle of the Marne. The French have chosen to resume the battle of Verdun, instead of extending their ag-

gressive policy to the Vosges or Lorraine, as the enemy evidently be-

and the moving of their line forward on an eleven-mile front to a depth of

about a mile and a quarter. They have captured the following: Avocourt

of Louvemont, and besides, they have moved out on their right flank for a considerable distance in two woods, Bois des Fosses and Bois de Chaume.

launched against the left flank of the French. They assailed Avocourt

It took the French just 80 min tes to reach their goals, showing a great

ing home simultaneously with his left and his right. The toll of 7500

prisoners counted for the initial operations represents a really great effort.

of guns to strengthen this front, while he proceeded on a foraging expedition against the Rumaian wheat fields. His efforts to make his line im-

pregnable to massed artillery and infantry attacks have been unavailing,

for early news shows that the Italian artillery, strengthened by large contingents of allied artillerists and guns, has again outclassed the foe.

As a rule the plowed up ground prevents a rapid advance of artillery

after a modern battle, but the rocky roads to Trieste may make smoother

going, even tho these suffer from the smashing, pulverizing effects of the

treme skill in the throwing of pontoons across the turgid river, while their

allies have captured the first defensive line of the enemy and they have ad-

vanced and engaged the Austrian reserves massed in the next line. The

and these men are making a brave resistance, partly because they are

naturally brave and partly because the Austrian Government, for purposes

of political repression, has long fomented strife and hatred between the

Slavs and Italians. Altho Trieste has been an Italian city from time almost

immemorial, the Vienna government has been planting Slav colonies in the

city and has been placing the Slavs in a dominant position. This and other

the northwestern outskirts of Lens. The British dispersed a counter-attack-

ing force near their new positions north of Epehy. Their aircraft went out

and did some useful photographing, while their bombarding machines

wrecked a German train and did much damage to German aerodromes,

pumps and stations. German aircraft worked in large formations well be-

hind their own lines, Sir Douglas Haig reports, but they did not succeed in

six British machines are missing. The success against the German positions

southeast of Ypres on Sunday, it appears, was exclusively the work of the

tanks. They cleared up a rectangle a mile wide and a thousand yards deep,

from ther new-fangled defences.

The Canadians, in patrol encounters, made some additional progress in

things have created and intensified the bad blood between the two races.

Other Novelties Play Part in Struggle Allies Outrun Goals.

Grand Headquarters of the French Armies in France, Aug. 20.—(By the Associated Press).—The correspondent passed the night on the battlefield in the midst of the artillery preparation and can testify to its intensity. During two famous Franch victories on ing two famous French victories, on October 24, and December 15, 1916 before Verdun, the correspondent was present on both occasions, and this time reached the conclusion from the flerceness of the fire that the French employed at least an equal number of guns. The night preceding this battle was fairy-like in beauty. There was no moon, but the stars were brilwas no moon, but the liant and the natural effects enhanced by the constant succession of flashes from bursting shells, while all along both French and German positions, flares almost incessantly arose,

making the surrounding area brighter than day.

The only disturbing sounds were the terrifying screeches and the whistling of smaller shells and the train-like roar of larger projectiles as they tore thru the air, while the dull thuds of trench torpedoes reverberat-

ed along the ground.

Advance as Intended. The French troops, awaiting the order to advance, were not in the slightest dismayed by the difficulties of the task confronting them. They knew that this was unsuitable terrain for attacking forces, but the fullest confidence reigned among them. Facing them were German divisions which had been massed for resistance to any effort the French might make to extend the circle of territory. to extend the circle of territory around Verdun, which the Germans call the door to the heart of France. The confidence of the French proved justified, for they not only pushed the German intruders back as far as they intended, but took many prisoners from chosen German regiments All thru the night the German artillery had poured thousands of shells of every calibre into the roads and communicating trenches leading to the ront. They introduced a novelty in the shape of 15-inch shells, contain

the world. We shall have justice, independence. Pherty and enduring peace after a little while. But these aims are not possible by arbitration. We shall gain them only by fighting to the end."

HOGANSBURG INDIANS **ENGAGE IN FIGHT**

Cornwall. Aug. 20.—An Indian named Louis Casey, known by the nickname of "Court." aged about 40 years, a farmer near Hogansburg, an Indian reservation across the river from here, is in the general bospital in a precarious condition as the result of an altercation last night with his wrother-in-law, another Indian, named Lorne Swamp. From the meagre details available it would appear that some one told Casey, who was near McKinnon's general store, that he was wanted down by the bridge. Casey went to the bridge and soon a racket was on, and when it was over Casey had been seriously wounded in the left lung, as well as having several gashes about his head, face, neck and arm, one gash being almost as large as if made with an ax. So far as could be ascertained there was no motive for the assault. A number of villagers soon gathered and a physician dressed Casey's wounds sufficiently to allow him to be brought to the general hospital here. A statement was taken from Casey by a daputy sweriff, as it was not anticipated that he would be alive when Cornwall was reached. However, tonight he is still-holding his own and his physician has hopes that he will recover, unless comreached. However, tonight he is still-holding his own and his physician has hopes that he will recover, unless com-plications develop. Swamp has not yet been arrested, but the authorities are af-

FRANCHISE BILL **ALLOWED TO STAND**

Contentious Clause Will Be Altered on Account of Conscription,

GIVEN SECOND READING

Consideration of Measure Probably Will Be Resumed Today.

Ottawa. Aug. 20.—The house of commons spent practically the entire day discussing a clause in section two of the bill entitled the Military Voters' Act of 1917. This clause de-clares "military elector" means and includes every person, male or female, who, being a British subject whether or not ordinarily resident in Canada and whether or not a minor or an Indian, who has been enrolled either within or without Canada in Canadian expeditionary force, Canadian navy, the Canadian naval reserve or certain branches of the imperial service. The objection to the clause rested mainly upon the fact that it gave a vote to non-residents of Canada including many persons who had never even visited this coun-

important because by section three it is provided that the non-resident elector may cast his vote or have it counted in any riding that he may select. The Liberals therefore argued that the government intended to "hive" or colonize military voters in close constituencies, and thereby win the election.

The clause finally stood over because upon examination it was found broad enough to place in the military voter class all the men of Canada be-tween 20 and 35 who will be called cut by the proclamation of the gov-ernor-general under the Conscription

III—J. E. Swackhammer, Beamsville, Ont.; C. H. McKillop, Pine Ridge, N.B.; Lance-Corp. C. M. Campbell, Warman, Sask.; H. P. McArthur, Mossomin, Sask.; E. Gavilk, Russia; J. Busby, Guelph; E. A. Lawrence, Mexico. 82 Queen N.

on account of the higher pay. All these were brave men, but they had the right to vote in other countries and should not also vote in this country.

Mr. Morphy (North Perth) and Colonel Taylor (New Westminster) defended the section, which they said was principally intended to apply to Canadians living in the United States at the outbreak of the war, but who afterwards returned to Canada to enlist. If these men had come back to Canada to live for no better purpose than to make money they would have been repatriated and enfranchised in three months time. Surely they were entitled to again be considered Canadians and given the franchise after they had spent two or three years in Died of wounds—H. McDougall, Regina.

Wounded and gassed—T. Everson, West Calgary.

Wounded—W. G. Bates, South Africa;
J. Charlesworth, Vancouver; A. J.

Green. England; L. Stump, Pikeville,

Ky; F. J. Massey. Edmonton; P. Timmoney, Montreal; P. Garceau, Fitchburg, in the country, but Judge Doherty said in reply that there were thousands of naturalized voters living in this country, who probably knew absolutely notry who probably knew absolutely no-thing about the public life of Canada, or had the faintest idea in what elec-

toral district they resided.
Only One Issue.
Mr. Davidson (Annapolis) said it was not a new thing for non-residents of Canada to take part in general ejections. In Nova Scotia any British subject who owned real estate could vote for members of the legis-lature and members of parliament even those who lived in the United

States. The only issue in the coming election, he said, was conscription and the men at the front were the men best qualified to decide that question.

Hon. C. J. Doherty said that until quite recently non-resident voting had prevailed in Quebec. If a non-resident landowner could vote, why not a non-resident soldier?

Hon. Wm. Pugsley severely assailed section 3 of the act which permitted the non-resident military elector to vote in any constituency he might

Address:

Editor,

vote in any constituency he might select. He thought the bill was de-liberately framed to carry the election for the government.

Judge Doherty said the provisi was as fair for one party as other. No doubt the soldier would

canvassed not only for his vote but to place the vote where it would do the most good. The Liberals had as much chance to do this sort of canwassing as the Conservatives.

Mr. Lapointe (Montreal), brought out the startling fact that under the terms of the bill every man in Canada between the ages of 20 and 35 would become a military cleater. ecome a military elector. The gov

ernor-general's proclamation under the conscription law would give them all the status of soldiers. A. K. MacLean (Halifax) pointed out that 65,000 soldiers had been discharged in Canada and 4000 in England. None of the 65,000 discharged in Canada had ever left the country. As to the 4000 discharged in England they were probably residents of England who never expected to see Canada again.

Mr. German (Welland) thought the clause making military electors all members of the Canadian naval reserve would open the door wide fraud. The men who had joined service were not expected to do military duty, and just before election in the service was a service with the service were not expected to do military duty.

denied that the government was tempting any sharp practice. It somewhere, and he could think of no better plan than to allow them to see lect the ridings in which they des their votes to be recorded. It would not be fair to dump them all into cer-Act. Practically no progress was therefore made with the bill beyond giving it a second reading and a long discussion in committee, but consideration of it may be resumed tomorvote in Quebec County merely cause that county happened to in-clude the Valcartier Camp.

Buys Wheat at World-Market Figure, But Sets Price to ON BELGIAN POINTS the Miller.

the following statement today:

Naval Airplanes Do Great Service Against German Defences. Ottawa. Aug. 20 .- Discussing prices of food commodities in Great Britain London, Aug. 20. - An admiralty which, in some cases, are quoted at ower figures than in Canada, Hon. "Many tons of bombs were dropped W. J. Hanna, food controller, issued

naval air service on the following "It should be borne in mind that when prices of foodstuffs, such as military objectives: St. Pierre stabread, are under discussion and re-ferences are made to the fixing of tion and sidings at Ghent Thourout prices which has resulted in lower "A raid was also carried out yescost of living to the British public that in Great Britain the government terday morning on the Snellegham airdrome, where a direct hit was is paying the difference. That is to say, world prices for food commodi-"On their return our machines were ties are set by the world supply and world demand as modified by war conditions. Wheat enters Great Britattacked by hostile aircraft, which were beaten off with the aid of a Royal Flying Corps patrol. One enemy machine was shot down out of gin under those conditions. The government pays for it at world market prices, but sets the price to the mill-er, paying cut of public funds the difference between market prices such as would pertain were there no artificial interference with the law of London, Aug. 20 .- A despatch to The supply and demand, and the prices as fixed, so that the government bears the burden and the consumer tem-porarily, gets the benefit, of cheaper

"Baron Rhondda, British food con troller, in his speech in the house o lords on July 27 explains the method

under which food control is managed, as follows: "Imported wheat will be supplied to the mills at a price corresponding with the price determined on for linitish wheat. Under these propos-

als the price charged to millers for both British and imported wheat will be lower than that at which the goverument purchases. The difference in each case will be met by a subsidy from the exchequer. It is a policy that can only be justified by the conditions in which we are living and the impossibility of otherwise reducing the price of the loaf, the chief food of the poor. I accept the fullest re-sponsibility for the policy, and, in-deed, urged it upon the cabinet. Four-fifths of our wheat supplies come

from overseas; without those supplies we would starve, and we are not ourselves in a position to determine the price to be paid to the producer "This statement is an answer to the many who inquire why the price of the loaf is less in England than in

No One Hurt at Third Smash Of Barriefield Camp Airplanes

Special to The Toronto World.

Kingston, Aug. 20. — Barriefield Camp landing appears to be a Jonah for the airplanes. The third accident occurred today when two planes crashed together, but luckily the aviators escaped injury. One machine touched the ground, sprang into the air, and then came to a stop on its nose. The propellor and engine were badly smashed. The other plane was so badly damaged that it had to be dismantled and taken back to Desermantled and taken back to Deseronto in parts.

FIRE ON YORK ROAD.

Special to The Terente World,
Kingston, Aug. 20. — Fire from
some unknown cause started in the
barn of David McRow, York road, and it was totally destroyed with 55 loads of hav a large quantity of rye and farm implements.

HIGHER OFFICERS

Lieutenant-Colonels, Majors and Captains on Their Way Back to Canada.

TRIAL OF ESKIMOS **MOVED TO CALGARY**

Crown Prosecutor Finds Prejudice in Edmonton Against Prosecution.

Edmonton, Alta., Aug. 20.—The two Eskimos, Sinnisiak and Uluksuk, will be tried in Calgary for the murder of attack of the enemy in an attempt to break up our sea front in Flanders had been successfully repelled, I have today, by a visit to my fleet and the island fortress of Heligoland, been enabled to convince myself of the strength and security of this front, too. I express my warm appreciation to all the high sea forces on the water, under water and in the air, and to the fortress of Heligoland, for their untiring, self-sacrificing and successful labor by means of which they have kept firmly in view and attained this aim. May the fleet remain conscious that the confidence of myself and the fatherland reposes firmly on it."

The emperor distributed a number of iron crosses. His visit is reported to have been caused by the threat of strikes at the Wilhelmshaven arsenal.

Eskimos, Sinnisiak and Uluksuk, will be tried in Calgary for the murder of Father Leroux. An application was made this morning before the chief justice in chambers, by C. C. McCaul, K.C., prosecutor, in a lengthy affidavit, in the course of which he says:

"On account of widespread prejudice among the community in the City of Edmonton against the prosecution and the alleged or rumored conduct of the prisoners are charged, and on account of the widespread sympathy and sentiment that has developed in the said community by (as verily believe, from information received by me) interested persons, is my opinion a fair trial of the prisoners, or either of them, on the charge of murder cannot be obtained in, or in the neighborhood of the City of Edmonton."

After hearing the argument of Mr.

After hearing the argument of Mr. McCaul and J. E. Wallbridge, K.C., Chief Justice Harvey changed the Chief Justice Harvey changed the venue of the trial to Calgary, and wil instruct the sheriff of Calgary to empanel a jury for Wednesday morn-

Mr. McCaul announced that the two
Eskimos, Uluksuk and Sinnislak,
will be jointly charged with the murder of Father Leroux.

NEW HOG RECORD.

Special to The Toronto World.

Woodstock, Aug. 20.— It was a satisfied lot of farmers who were for tunate enough to market their hogs here today when a record price for Oxford County and possibly Ontario. was established. The price paid was \$17.25 per cwt. The previous record for Oxford was \$16.75, made several months ago.

WON'T PAY WAGES; **CROPS WASTING**

Many Volunteers Unplaced . Owing to Farmers' Reluctance to Pay.

BRAMPTON LEADING

Two Hundred and Twenty Men Placed There Since August First.

That the harvest help situation is being fairly well met was the information received by Dr. W. A. Riddell yesterday from 30 of the 63 district representatives of the province. In several centres it has been reowing to the unwillingness of the farmer to pay the \$2.50 per day and board that the men are asking. At Brockville, where 74 men offered, 14 were not placed because they asked an average wage of \$65 per month, and the farmers would not meet this. and the farmers would not meet this price, even under the present condi-

Outside of Toronto Brampton leads the province, having placed 220 men since August 1. The farmers around Galt would rather let the crop waste than pay \$2.50 per day, and as a re-sult 18 of the 28 men secured in Galt

have not been placed. ing of manufacturers and business

around Hamilton the same deplorable condition is found. Of 238 who have offered their services at the minimum wage, only 130 have been

Of the 7000 boy scouts in the province over fifty per cent. of them are at present engaged in some sort of production, according to Provin-Secretary Hammond of the Boy boys have not had the opportunity of going on the farms the local patrols patrol gardens that are from a half

The scout headquarters does not dictate to the patrols, but suggests various ways in which the boys can do their bit. This has resulted in the boys, with the result that they are all engaged in some sort of productive or patriotic service.

One of the scouts who hired out to heip a farmer was asked if he liked the work, and his reply was charac-teristic of the type of boy the scouts develop: "No, sir, but I am going to stick to it."

WELL-KNOWN PRIEST SUMMONED BY DEATH

Rev. Dr. Grant, Professor of Theology at St. Augustine's Seminary, Died Yesterday.

Rev. Dr. Grant of St. Augustine's Seminary, Kingston Road, passed away unexpectedly yesterday morning while in the act of reaching his

ffice.
Father Grant was very highly esteemed at the seminary by all who came in touch with him. He has been professor of theology and moral phil osophy at the centre since its open ing in 1913, and his sudden death came as a great shock to all. Born in Deseronto, the late pries was in his fiftieth year. At the annual retreat of the priests

held in the seminary last evening the Keenan Woodenware Manufacturspecial prayers were recited for the repose of the soul of Dr. Grant.

GEORGE W. MONK DIES AT HIS SUMMER HOME

Had Been Conservative Whip in Provincial House and Outstanding Figure in Public Life.

Death came Saturday to George William Monk, retired capitalist, farmer and legislator, at his summer residence, "Oaklands," South March Carleton County, Ont. He was born in March Township in 1838, and for many years owned and operated a thousand acre farm in March. Mr. onk was a direct descendant of the mous George Monk of Cromwell Albemarie. He was the youngest son of the late Captain John Benning Monk and one of the first British army officers to settle in Ottawa. The deceased was a director of the Canada Permanent Mortgage Corporation. He was also president of the Refining and Smelting Co., and other industrial concerns. He was at one time a prominent figure in the provincial assembly, having represented Carleton in the Collingwood, Algonquin Park, etc., Conservative interest from 1871 to 1894. At one time he was the party 18th. Passengers will take 10.30 a.m. He was also a staunch member of the Anglican Church. The late Mr. Monk was twice married, first to Emily Blanche, daughter of the late Lt.- Muskoka Navigation Co. steamers Col. Dwyer, Ottawa, by whom he had after Saturday, August 18th.

Train leaving North Bay 5 and were present at his bedside. His second wife, who was Miss Rosamond run after Saturday, August 18th. P. Mulock, is a sister of Sir Wm. Mulock and Mrs. Wm. Boultbee. The one son by this marriage, Carlton Monk, is start from Scotia Junction 9.30 a.m.,

WATER TRIPS

Of all the delightful summer trips on the water, there are none more charming than a trip down the St. Lawrence. The beauty of the Thou. ands and the excitement of the Rapids adds a charm to a good boat service, which is hard to excel. Tickets, reservations and all information can be had from A. F. Webster & Son, General Steamship Agents, 53 Yonge

WILLS PROBATED

Rose, an engineer who died at his home, 576 Dovercourt road, recently, is beneficiary of his estate of \$5,580. He made ho bequests.

Mrs. Frances Farrell, wife of James Farrell, is named beneficiary under the terms of her husband's will, which disposes of an estate valued at \$3440. Mr. Farrell died July 14.

Farrell died July 14.
Mrs. Jessie Allardice, of Overtown

cotland, will receive \$2291, represent scottand, will receive \$2231, representing the estate of her son, Pte. George St. Allardice, who was killed in action, Sept. 26, 1916. He was formerly a shipper in the employ of the William Rennie Company.

SCORES STATEMENT

West Toronto Sewed Up Before it Was Annexed, Mayor Says.

Mayor Church strongly resents the peared in The World yesterday morning that he was indifferent to the deing that he was indifferent to the demands made by the residents of West Toronto for the elimination of the smells in the district, and declares that he never made the promises attributed to him. In a statement issued yesterday he said that when Ward Seven was annexed it was At Collingwood, where only three men offered, 33 have been placed, the &t being zecured ir other centres. At Brantford, where 97 men offered, 20 have not been placed owing to the lack of patriotism on the part of the farmers in not meeting the wage that was set as a minimum by the meeting of manufacturers and business.

Ward Seven was annexed it was sewed up with all kinds of franchises, abattoirs and nuisances, and the city was endeavoring to get rid of them. "I made no such statement that I would close up the abattoirs in thirty days, nor did I address the Ward Seven ratepayers prior to my election making such a statement," he tion making such a statement," he declared. "What I said was that I would take civil and criminal pro

ceedings to close the abattoirs in thirty days, which I did." Action was taken he said, on January 20. 1915, and an application was made for an injunction, but the judge declined to close the abattoirs on the grounds that they were engaged in war contracts. The criminal court was also closed because the city had a case pending before Mr. Justice Riddell. Application will be renewed Scout Council for Ontario. In many of the cities and towns where the that could be done was to get legislation which would enable Dr. Hastings to appear to close them. The powers are looking after back-lot gardens and at present held by the provincial board of health should be transferred

to Dr. Hastings.

Was Not Supported.

When he brought the bill before the legislature not one person from Ward great individuality being shown by and it was defeated in the municipal committee, he said. He pointed to the fact that the city had been successful in eliminating the Toronto Suburban franchise, south of Dundas street, and announced that the officials were considering legislation to expropriate the company in Ward

Application would be renewed in the courts in September, he stated, and the city would ask for the same legislation as last year. He hoped ne people would support it.

WIFE SUES FOR ALIMONY AND CUSTODY OF CHILD

Mrs. Alice Elizabeth Fitzpatrick Enters Action Against Her Hus-

band at Osgoode Hall. An action has been entered at Osgoode Hall by Mrs. Alice Elizabeth Fitzpatrick against her husband. Thomas Fitzpatrick of Grimsby

South, to recover alimony at the rate

of \$15 a week. She also requires the custody of her two children. To recover possession of part of the premises at 27 and 31 Brock avenue and \$1050 rent. William Long is suing ing Co., Limited.

A writ has been issued against the Cleanall Soap Manufacturing Co., Ltd., by Albert E. Collins, who claims 15 per cent, commission on the total sales of the company's goods in Canada and for an injunction preventing the company from appointing any

p.m., for Toronto, will run from North Bay, leaving 10.00 a.m. daily, except Sunday, commencing Monday, August 20th.

LAKE SHIPS MAY BE COMMANDEERED

Report That U. S. Shipping Board is Taking Over Freighters.

on the great lakes are busily dis cussing a report to the effect tha be commandeered for ocean service According to the report which was circulated around the harbor yesterday, a representative of the United States Shipping Board arrived in the city from Cleveland and initiated plans for the taking over of lake freighters for coastwise and war

Epeaking in connection with the re Speaking in connection with the report. Capt. J. B. Foote stated that a good deal of reconstruction was necessary to adapt lake boats for sea service. He pointed out that most of the vessels have to be fitted out with sea condensers and stern frames.

"Most of the Canadian vessels that have some days to the seafourd were have gone down to the seaboard were originally built for ocean or coast-wise trade, and needed little change

But it would be different with those

said.
"In all parts of the Dominion the shipbuilding yards are working over-time, and most of the orders have work is being done for the British Admiralty thru the department of shipping. They have had surveys made and have the facts at their finger ends. On the American side, too, they are watching the situation closely, and know all that is going on."

Turbinia Equipped. When interviewed, local sailors were of the opinion that the Turbinia was the only passenger steamer likely to be used for ocean trade. At the outbreak of the war an offer made to the owners of this boat, but nothing definite was done. It would not come as a surprise, however, if the Turbinia was in salt water service before autum

During the last few years about 80.000 tons of strictly Canadian shipping has moved eastward mainly for the trade between ports in Quebec and Nova Scotia.

NAVAL SHOW IMPORTANT AT CANADIAN NATIONAL

Visitors to Have Opportunity of Seeing Something of Life on British Battleship.

Two real deep sea dogs from the Canadian navy are the latest to be in the service of the Canadian National Exhibition, and they promise to give to the army and navy equip ment building such an atmosphere of the briny that spectators will be grasping life preservers in preparation for a submarine attack. Chief Petty for a submarine attack. Chief Petty Officer Jeal, of H.M.C.S. Rainbow, in Toronto on leave, has a staff at work mess deck of a modern battleship showing the bunks and sleeping quar-ters, the kitchen and pantry. It is a revelation in the economical utilization of space and such a model of sanita. ion, cleanliness and convenience that

any housewife might envy.

Petty Officer H. J. Butters, from H.M.C.S. Niobe, will demonstrate a deep sea life-saving outfit in the same

The remainder of the structure will be filled with army and navy equip-ment; some seven thousand different articles are required for the equipment of overseas forces and the more important of these are being assembled or the exhibition. One very interesting exhibit will be

a collection of military badges repre-senting many years of work on the part of the exhibitors. There will be part of the exhibitors. There will be included nearly 60 German helmet ornaments, including ones worn by Death's Head Hussars, 17th Brunswick Hussars (Black Brunswickers) Royal Body Guard, 9th Celberg Grenadiers ("My brave Colbergers who never surrender"), but who forgot the kaiser's brave boast recently when they came in contact with some of the

Welsh troops.
One large frame entitled "Some of the Lion's Cubs," contains over 100 badges from India, Australia, New Zealand, South Africa and the West Indies. Another smaller one labeled "Soldiers menagerie," contains some 50 badges, representing metal animals and birds from all parts of the amount of the residents of Niagrara-on-the-Lake to the Military 50 badges representing metal animals and birds from all parts of the empire. Another has a number of old badges used 50 years or so ago. Every badge is labeled so as to make the display as interesting as possible. Despite the heavy rain early in the evening, there was a full turnout last night of the actors who will take part n the "March of the Provinces" in the jubilee spectacle before the grand stand. They went thru their intricate drills with speed and precision and are ready for the dress reheares which will be held on the big stage later in the week.

TWO TEACHERS APPLY

H. N. Shepard of Morse Street and J. T. Norris of Lansdowne Going to War.

Friday will be a busy day at the card of education, three meetings being planned between 4 and 5 p.m. H. N. Shepard of Morse Street School and J. T. Norris of Lansdowne are two teachers who have applied fo leave of absence with part salary for

overseas service. It is expected that over 100 public school teachers will arrive in Toronto in search of occasional work with the opening of the fall term. The number of new permanent /appointments to the staff is not more than 12.

MANY SOLDIERS APPLYING FOR NORTH ONTARIO FARMS

About Four Hundred Applications in So Far, While Fifty Have Gone Up.

The Returned Soldiers' and Sailors' Land Settlement Board meeting at Land Settlement Board meeting at the parliament buildings yesterday considered 30 applications from returned soldiers for farms in Northern Ontario as provided by the provincial government. The plan of land settlement is popular with the returned men, nearly 400 applications having already been received. At the present time fifty soldiers have gone north from Toronto and are leceiving training in agriculture. As receiving training in agriculture. As soon as more commodious quarters are completed a larger number will be taken on for training at one time.

LEE AVENUE WASH-OUT.

The rainstorm yesterday caused such a wash-out on Lee avenue, Kew Beach, that the residents were forced to use the lawns to walk on, the water being ankle deep on the sidewalks.

ACID STOMACHS ARE DANGEROUS

Said to Be Due to Acidity.

A fanious physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach which in turn was due nine times out of ten of excessive acidity, commonly termed sour stomach or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of patent medicines as well as of medical treatment for the stomach, stating that he and his colleagues have secured remarkable results by the use of ordinary bisurated magnesia, which, by neutralizing the acidity of the food, removes the source of the trouble. He contends that it is as foolish to treat the stomach tiself as it would be for a man who stepped on a tack to ruly liniment on the foot without first removing the tack. Remove the tack and the foot will heal itself—neutralize the acid and the stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remain acid; remove the acidity and there will be no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of bisurated magnesia from their druggist, and take a teaspoonful in a quarter of a glass of hot or cold water after meals, repeating in fifteen minutes, if necessary, this being the doee which the doctor has found most efficacious in all cases. A Physician's Advice un Cause and Cure.

TUESDAY MORNING, AUG. 21.

Conscription Will Vivify Us. It is stated on good authority that

the Conscription Act. otherwise the Military Service Act, will go into force immediately it has been signed by his excellency, and that it is all ready for his signature. Nothing will clear up the whole situation so thoroly as definite and firm action on Increasing Self-Control for Indiaof bluff will lift and a clear light will shine upon the actions of friends and foes alike of the real aims for which the war is being fought, liberty, truth and justice, the fortune of

should realize that greater be they that are with them than they that be against them, and also that any hesitation or indecision only encourages opposition. The machinery for the operation of the act should be all ready for instant action, and there should be no interval for wondering what is going to happen pext, or for the rallying of the forces of bluffdom, the shirkers and the idle-minded, who work neither in peace nor war if they can manage to evade activity of a

A splendid example is being set in the United States not merely in the matter of the Conscription Act, but in all departments of government. In Carada things have been running loose. As a nation we lack discipline. and an army that lacks discipline never does much, and its excuses do and general stiffening. The Conscription Act. if it is properly handled, will put new life into us, will make us understand the war and ourselves better. We are not really the kind of mongrels the anti-conscriptionists and pro-Germans think we ought to We have a splendid heritage, our sons are as brave as any in the world As a nation we must take up the cross of the world like other full-

In capturing Belgium, and in her attempt on Calais, repelled by the Canadians, the had anticipated obtaining control of the English Chanpel. It has not been so easy as they thought, in spite of a ravaged Belgium and a fortified Heligoland. which Queen Victoria relinquished in a foolish policy of consolidation. It is impossible to conciliate mad men or mad dogs.

Failing with Heligoland, the Kiel Canal and with Belgium, the next thing to do is to get Holland. Why do we impute the evil desire of possessing Holland to Germany? Because Germany has herself confessed it. General Liebert is one of many possible without the Flanders coast for Germany.

in view of the next war."

The Vorwaerts is highly indignant at General Liebert for "spilling the beans." He eught to have been more tactful and diplomatic, but we ought to thank him for his bluntness, which is to be commended to all the I. W. W. Freedom League, and other pro-German, pacifist, anti-conscription and anti-war groups, who believe in their hearts that whatever we do is Havelock-Peterboro line, also wrong and whatever Germany does is

A few days ago another German suthority lassured us that nobody expected Belgium to be given up by Germany. No doubt the kaiser hopes to remain in possession, but in this he reckoned without his host. Germany has refused to give up

Belgium to be turned over to France and Britain. That is the pretext, Of course, France and Britain do not want Belgium, nor do they want Holland. But Germany always accuses her enemies of doing what she wishes to do herself. She tells the Dutch that England wants to gobble her up, and Holland is not quite sure. She sits down with her ships in her ports and is neutral. That is, she does nothing against Germany. That is because she is in a loose sox with a mad bull and is afraid of being gored. Holland knows that Germany can gore, and she would save her hide. She knows that Britain has no designs upon her, but only good intentions. Germany sends her flying machines over Dutch territory and her submarines into Dutch territorial waters, and threatens Holland in other ways commercially. What is the

answer? Lord Robert Cecil stated it explicitly in the British Parliament yesterday. After the war, he said.

neutrals will be treated on the same FRESHWATER FISH nothing more hostile for the allies at present than the refusal of neutrals to trade with Britain, So Lord Robert declares that neutral ships that lie in port in consequence of German threats would certainly be considered as helping the beiligerent objects of Germany.

There are many ways of waging war, and passive submission to the enemy is a domestic form of war, or in other words, rank treason in the state, and veiled hostility in neutrals. It is unfortunate for Holland To other Foreign Countries, postage extra. that she is between the devil and the deep sea, but it is as much as the lives and property of her citizens are worth to take the risk from which Belgium suffered. Belgium did not lose her soul. It is a danger that Holland incurs and Germany encourages. Perhaps Holland may follow the example of the United States, which was a long time getting away from the neutrality position

taking a stand on principle. There is an element in most democracies which permits a natural impatience in the desire for immediate reis assured in future a prominent place

W. was the proposed provincial legistation in the bill-of-fare. people who want things done in, a large proportion of this supply would be diverted to Canadian markets. The question that troubled was "What effect will this increased supply have on the price of fish?" once again to the firing line, and so far no deaths have been reported.

HELD LODGE PICNIC.

Members of Northern Star With Large Party of Friends Spent Day at Island

Northern Star L. O. L. No. 778 held its annual picnic last Saturday to Centre Island, when over 150 members and friends, accor nearly 200 children, were present.

There was an excellent program of sporting events that occupied nearly the whole afternoon, sixteen events being keenly contested, two of the contested two of the most interesting being the tug-of-war between the married and the single members, which resulted in an easy win for the married members, and a baseball game between married and single, in which the single men proved the winners. The official starter was J. Laidlaw, and the judges were James Maclaren, J. Forbes, E. Groves, W. White and J. Teedle. At the close the valuable prizes were distributed by Alderman Ramsden.

HELD DEGREE MEETING.

Salisbury Lodge No. 36, L. T. B., held a degree meeting last evening in Victoria Hall. The chair was taken by Mrs. Sutherland, worshipful mistress, and a large number of members were present. Six new candidates were advanced to the blue degree and five standing members were advanced to the scarter degree. The ladies of this lodge are very busy now preparing parcels to send to the mem-bers now overseas, these being sent off every two months.

LOOKING FORWARD.

Optimistic opinions were expressed concerning the ending of the war at last night's meeting of Lodge Bristol, No. 90, S. O. E. B. S., in the S. O. E. Itall, when it was decided, following considerable discussion, that plans should be formulated immediately for the extending of a suitable reception to those members now overseas, when they return home, Several of the members gave as their everal of the members gave as their opinion this might he by Christmas r at least next spring, and a move will be made inimediately.

BURNS CAMP PROSPERS.

Burns Camp. No. 1 S. O. S., met last evening in the Foresters' Hall. presided over by A Mair, chief. The half-yearly report for the six months ending June 30 was submitted, which showed the camp to be in a satisfac-tory condition, and the membership also shows a great increase. A report was also submitted of the recent ticnic held at Kew Beach, when over 200 were present. It was one of the most successful that the camp has ever held, and a fine program of sporting events was held. The prizes were distributed by Controller Cam-

HAVOC WROUGHT BY STORM IN BAY

Lifesaving Crew Had Busy Time Rescuing Capsized Boaters.

No drownings were reported in Toronto resterday during the storm which swept over the city so quickly. The warm weather attracted many people to go out on the water yesterday in cances and dinghies, and it was probably due to the quick response of the life saving crew that a number of drownings were avoided, for no less than four different boats were capsized by the wind. At 2.30 the life saving crew picked up three brothers, P. Thompson, W. Thompson and H. Thompson of 108 Lake Shore road. Centre Island, hanging on to an overturned sailboat in the bay. The occupants of the boat were returning to the Royal Canadian Yacht Club from a week-end trip. When the boat turned over they managed to hang on and hold up a trunk containing clothing and cooking utensils.

J. McIntyre, a member of the Toronto Cance Club, whose craft capsized near the eastern gap, was brought to safety by the police boat. Shortly after o'clock the police boat. Shortly after o'clock the police boat and capsized.

A man and woman, whose names the police did not obtain, were rescued from the water a short distance out from shore. Two other men had a narrow eacape from being drowned in the bay when a cance in which they were paddling upset. They were both exhausted when picked up and were taken to the life saving station. After receiving medical attention and having their clothing dried they were able to go to their home. They refused to give their names to the police.

STREET RAILWAYMEN TO HOLD MASS MEETING

Will Consider Finding of Board of Conciliation Saturday Midnight.

At midnight Saturday the street railwaymen will meet in the Star Theatre to hear the result of the findings of the board of conciliation which conducted an investigation at the city hall to arbitrate the case between the men and the company for an increase in salary. The evidence has been concluded and Judge Snider of Hamilton, who presided at the arbitration, will likely hand the findaroutation, will inkery hand the little ings of the board over to Aldermen Robbins and Gibbons who are chief factors in handling the men's case. The nature of the findings in the report will decide what further action is likely to be taken and it is generally known that both sides are de-sirous of having the matter settled by the opening of the Exhibition.

Proves One of the Season

Proves Bright and Proves One of the Proves Bright and Attractive. Best.

There has never been a stock company is Toronto before that so thoroty carrenched itself in the affections of done in their eventeen weeks at the Regal Alexandra. Least intell they open and the standard in Shea's reopened for the winter season yesterday afternoon to a crowded house, the management having been successful in bringing as the head-line attraction of of vaudeville's most popular teams, Elizabeth Brices and Charles King, in one of their bright musical comedy offerings abbreviated for vaudeville. Miss Brice, in unusually pretty costumes and armed with that same captivating personality, presented a group of catchy new song hits in which she shared honors with Mr. King. Sydney Franklin proved himself indispensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of this pensable at the plane, and contributed to the attractiveness of the perfection of her English diction was as most remarkable.

Browning and Denny proved themself indispensable at the plane of the pensable at the plane of the plan

WITH "MILITARY MAIDS"

George Clark's Comic Stuff Fea-

George Clark, the funniest tramp comedian, that comes to the Star Theatre, is in Toronto this week with the ever-popular show, the "Military Maids." Clark has earned for himself an enviable reputation during the past few seasons, and with his tramp make-up and eccentric ways, never fails to keep the audience in an uproar of laughter and good humor. Several singing specialties are given by Clark and his co-partner. Charles Fagan. Clark is clever with a violin and is backed by a big company of attractive chorus girls.
Songs of the whistling kind are

tendered for the boys in the upper gallery by Caroline Warner, Leona Fox and Myrtle Franks. Caroline Warner has been over this circuit before, and the songs given by Miss Fox and herself are the latest hits on Broadway. There are no less than twelve singing and dancing tunes by the chorus in both acts. "Hotel de Crook" is the first burlesque, while "A Day in Camp," a burlesque on a military camp, is the title of the closing act. This act is brimful with fun, and is featured by a patriotic drill number.

"DAUGHTER OF THE GODS."

The picture beautiful, "A Daughte A pleasing program of diversified of the Gods," with Annette Keller-mann, conceded to be one of the most numbers comprises one of the best bills that have appeared at Loew's Theatre. Zelaya, a Nivaraguan pianist, artistic of action pictures, will be pre-sented at the Grand Opera House during the period of the Fair, com-mencing on Saturday, August 25. with charmed the audience with his de-lightful rendering of selections from Spanish composers and his own med-ley of popular songs. a matinee every day. Triumphant reincarnation, mythological and fairy Jenks and Allen open the vaudeville with a rube skit that is replete with quaint comedy and finishes with a lively clog dance. Mumford and Jenks and Allen open the vaudeville with a rube skit that is replete with quaint comedy and finishes with a battles all figure in the tale. The actively clog dance. RESIGNS PASTORATE

REV. BYRON STAUFFER

Theb urlesque wheel was set rolling a merry pace at the Gayety Theatre yesterday afternoon when this popular burlesque theatre opened for the reg-ular season. As an opening week at-traction Manager Bussey is offering the great "Star and Garter Show," one of the oldest productions on the of the best. The building has been newly decorated and the warm weather did not keep a large crowd of regulars from turning out to witness the open-ing performance. Bert Rose, James Coughlin and Don Clark are featured by the show manager, but the audience seemed to be of the opinion, judging by the amount of applause. songs are well selected and with the assistance of the large chorus the show will no doubt prove a big favorite. Mae De Lisle sings a couple of songs and makes good when given the opportunity to bring the chorus before the footlights. Rose takes a Jewish part well and with the added efforts of Coughlin the crowd is handed several good laughs.

The performance is probably at its songs are well selected and with the

The performance is probably at its best in the last half of the show. There are many bright oriental scenes and the songs are catchy. One scene that adds a military touch to the performance is the showing of a torpedo boat shelling a big liner. It is a well put-on scene and the liner is shown on fire and sinking below the surface. Don Clark feeds the come-diens and is the author of the book from which the show was staged. lever dancers in it.

oquist and leaves his audience puzzled by closing his act with the "dummy" by singing a duet. Stewart and Olive offer dances and songs which win applause, and the comedian of Guy Bartlett & Co.'s act makes a quick impression. Songs are featured by the trio. Margaret Shannon is a soloist who sings old and new songs, winning particular applause in her rendition of Irish numbers.

The photoplay presented entitled "Wolf Lowry," is one of the most interesting which have been offered to patrons of the Hippodrome. It appeals as a particular source of entertainment to spectators who find interest in western pictures. William S. hemian sort of life, and consequently is not looked upon seriously by the very men she seeks to interest. She thinks all men regard their wives as playthings, and are all unfaithful after marriage. How she finally comes to the conclusion that this is not the case is shown in a manner

GREAT SUCCESS

Nearly Six Thousand Men Placed on Farms Since Beginning of August.

TORONTO STANDS ALONE

Only Provincial Centre Failing to Supply Allotment of Men.

S. R. Parsons, president of the Can-adian Manufacturers' Association, and chairman of the special committee of employers which undertook the securthat Florence Darley was the shining employers which undertook the secur-light of the entertainment. Miss Dar-ley is billed as the "prima donna" and the crops of the province, and J. W lived up to the advance notices by rendering her ballads and operatic medleys with a rich, clear voice. Her Riddell and others regarding the farm labor situation.

According to the reports from the district representatives, provincial la-bor bureaus and other sources, Dr. ing that the estimated number of men required had been found to be correc Since August 1, nearly 6000 men had been placed on farms and, in consequence, the acute labor situation which existed at the beginning of the campaign has been greatly relieved. Men who have offered their services in the smaller places and have not been plac-ed, have been unwilling to leave their section, and in some centres there is a demand for men which could be met locally if the farmers were willing to

pay the wages asked.

It was stated that on the whole the diens and is the author of the book from which the show was staged. There are the usual number of girls in the chorus. The front line is es-pecially good, there being several with the increase of wages in other industries.

The response of manufacturers and other employers of the province has been splendid, and much credit was due them for the way in which they rose to the occasion and met the need as soon as they were made acquainted

tres secured their quota, Toronto stands almost alone in not having secured the number of men that it was thought the city could supply. Not quite 2000 men have offered their services thru the local labor bureau, and several hundred more could be placed at once if they could be secured. It is hoped that the men still needed will be secured from manufacturers and other employers who have not as yet given men.

After hearing the reports, Messrs.

Parsons and Woods said that the need had been correctly estimated, and in

cessful road trip and they arrived amid much excitement. They were billed to stage a double bill with Tom Needham's Newark Bruins. A heavy rainstorm and a cyclone stepped in while the Leafs were at bat in the 7th inning of the first game and baseball was over for the day. Newark had scored three runs in their half of this eventful session to the the score. The rain and wind put a stop to it, and the game reverted to even innings, giving the Leafs the verdict, 3 to 0.

It was the biggest Monday crowd of the season, something over \$400 paid admissions, and they certainly got some thrills for their money. There was a scurry to get back into the stand when the rain came down, and while the storm was at its height a cyclone came straight into the stand from the northwest and lifted a section of the roof at the east end of the structure and hurled it to the board walk outside. The flag pole in left field was bent down like a plece of paper, and the big scoreboard in centre field, that was in operation for the first time in many weeks, was leveled. It will take \$500 to put things in ship-shape again.

time in many weeks, was leveled. It will take \$500 to put things in ship-shape again.

Hats by the dozens were lifted off the fans' heads and hurled away with the wind. When the roof lifted off the fans rushed in all directions and hundreds rushed out on the field in spite of the heavy downpour. It gave everybody a bad scare, but only one slight injury resulted when two beams fell and hemmed in a lady fan. She was able to go to her home after a short rest.

The game itself was thrilling enough, Bunny Hearne was on the rubber for our leaders, and he held the visitors to one hit in six innings. Three hits, coupled with an error, gave Newark three runs in the 7th and tied it up. Truesdale walked in our half and then Jacobson rolled out. Three balls had been called one Whiteman when the deluge arrived. The game was called and the regulation thirty minutes was waited. The game tren reverted to even innings and we were returned winners, 3 to 0.

In the first six innings the visitors were helpless before Hearne. He moved them down in great style and Larry's boys fielded in good fashion behind him. Pennington had one bad inning and it was here that we got all our runs. The third was the session and it was lively while it lasted. Bunny Hearne fanned, but Truesdale hit over third for a base, and then Jacobson laid down a bunt and was safe when Egan drew Russell off the bag with his wide throw. Truesdale romped in on Whiteman's base, smash. Jacobson moved up to third and Whiteman made second on the throw-in to the plate. Larry Lajole heeded the call of the fans and laced one over second that scored the two base warmers. Schultz flied out, and Blackburne offered at three.

Newark got three in the seventh that didn't count after the story got in its

Newark got three in the seventh that didn't count after the storm got in its work. Callahan and Haas singled and then Murray booted Eldred's bounder to let the first run score. Russell popped to Hearne, and the runners advanced a base on Egan's outfield out. Pennington's single accounted for the other two. Our seventh has been given above. Double-

Murray and Jacobson Are
Here Under Optional
Agreement—The List.

Cincinnati, Aug. 20.—The National
Baseball Commission today issued its annual lists of options exercised by major league clubs upon players with the International League clubs. The list follows:

American League:

By Boston—From Providence, Gress, Gill.

By Chicago—From Navasta.

Murray and Jacobson Are Howe stole home. In the Osler-Carlton Park game the out-fielders had only three putouts. Hughes, Osler, in the third innings made a brilliant bare-hand stop of Mackie's wide throw to get Howe. It saved the game, as Lee was across the plate before the putout.

The Elizabeth intermediate team played a fast game, stealing six bases. Sansone hit the first pitched ball for three bases. Ginsler struck out seven men, allowed four hits, walked six, had eight assists and had no runs scored on him. Sansone's speedy relay throw to Mocallium to Casciato caught Simons ten feet from the plate on what looked like a sure four-base hit.

PIRATES WINNERS

At Boston (National)—St. Louis took the first game of its last series here yesterday. 7 to 6. A double-steal in the last of the ninth, Cruise scoring, gave the visitors the winning run, after Cruise and Paulette had singled, with two out. Score:

St. Louis 0 3 0 3 0 0 0 1—7 14 2 Boston 4 0 0 0 0 0 0 2 0—6 11 3 Batteries—Meadows Horstman, Packard, Doak and Gonzales; Alien, Nehf, Barnes and Tragesser, Rico.

New York-Cincinnati game played

At Brooklyn—Brooklyn lost the first game of the series to Pittsburg, 0 to 1. in ten innings. Miller and Marquard each allowed three hits in the first nine innings. Hans Wagner opened the tenth with a double to left; Pitler laid down a safe bunt to O'Rourks, who threw widely to first, Wagner scoring on the error. Score: Score: R.H.:

of course, the features of baseball. But its ball used is more easily held than a pricket ball—especially if you wear the single capacious mitt, very like a boxing clove, which gives to American players in the field the appearance of agile isoters who have lost one claw fighting. There was no very big hitting on Saturday afternoon. The hit which enables a brisman to make a "nome run." as well as bringing in all the men on bases, is a great and glorious rarity. One likes to believe the legend that Dr. W. G. Grace made a hit of this kind on the first—and last—occasion he ever wielded the baseball bat, that strange super-truncheon, against an American pitcher on an American ground. A "tw-bagger"—snough to take the batsman to second—was the best seen in that line on Saturday afternoon. Stanley, the Canadian pitcher, gave an admirable demonstration of his terrific art. He was very accurate, and so fast that spectators complained they could not see the ball, much has foilow his curves, which requires, of course, the trained eye. If he and Vannais had changed sides the countless Canadians present might not have had so many exportunities for their scoring chant: "One—two—three the chronicler suddenly found himself on the practice ground where soldiers were playing cricket, and a Life guardsman nitting hefty fours. The genius loci of Lord's had transferred him there, willy-nilly, by some strange subterfuge. After all baseball is not cricket—tho a fine and exuberant pastime, which gives one an opportunity of indulging in free open-air humor and making a merry hullabalco.

FARMERS SUFFER LOSS. Fire in Prince Edward Spreads From One Farm to Another.

Special to The Toronto World.

Belleville, Aug. 20. — A serious loss by fire occurred in Prince Edward, not far from Rossmore, where the barns and outbuildings of Theodore Roblin and F. Pitcher were destroyed in a confiagration which threatened many dwellings and buildings in that farming community. The blaze started, in the Roblin barns and spread half a mile away to Frank New York. haif a mile away to Frank Pitcher's. Mr. Roblin's loss includes barn, drive house and pigpen. His loss is about \$5000, partly insured; and Mr. Pitchers \$2500 to \$2000. Herbert Hall and Edward Moy also suffered losses in buildings. Some damage was done to fields;

CANADIA'S MINED WAY FOR FAMOUS VICTORY

Craters Mark Spot Where Dominion Engineers Tunneled Avenues to Lead to Undoing of Strongest German Defences.

Columbia showed me a crumpled, twisted mixture of earth and concrete, wrecked entanglements, parts of splintered facings and dugout—under which hundreds of Huns were buried —and turned his professional eye to the depth of the crater in the cen-

"It should have been much desper," he said. "I wanted them to put an-other five thousand pounds of am-monal down there, but they said it was enough."
"They" were the staff of explosive

"They" were the staff of explosive experts who think, perhaps eat, drink, and sleep, on plans of explosively indigestible destruction for the Germans. On the right was the shattered rumble of brick that had been Wytschaete, from whilh the Huns once could see all over the line from this could see all over the line from this section. Canadians knew it to their cost in the spring of 1916. To the left, now forever in British possession, were the Ypres-Comines Canal, and The Bluff, where our fifth, seventh, twenty-eighth and other fine battalions fought bitterly. Further still, were the unrecognizable Chateau of Hooge, Hill 60, and Mount Sowel, one of Canada's few black spots, and just ahead were the craters of St. Eloi, which, when Canadians were there, used to change hands times beyond ccunt. All of it ground of bitter memory for the Dominion corps; almost every yard of it filled with bright spots for the unadvertised, hardworkspots for the unadvertised, hardwork-ing officers of the three Canadian tunneling companies who were in it among the first, and stayed with it until the glad news was flashed their comrades, soon after glorious Vimy, that they had taken full measure of revenge for the grilling days which Canadians spent on the southern end of the Ypres salient and in front of Messines. The major was one of those "ground hogs" who stayed behind and were lost to Canada and the enemy. He had worked

eighteen months.

Ottawa, Aug. 20.—The following article on the work of the Canadian tunneling companies in France, written by Major Roland Hill, is issued by the militia department:

War Correspondents' Headquarters in France—The major from British work?" He had come from home, I Columbia showed me a grumpled believe in one of the drafts from the contract of the drafts from the contract of the drafts from the contract of the co adian. "Do you think I was going to let them destroy two months of our hard work?" He had come from home, I believe, in one of the drafts from Mc-Gill. Now he is a captain with a bar to his military cross.

Another of these Canadian tunnel-

Another of these Canadian tunneling companies started the offensive mining in the neighborhood of Hill 60.

Two narrow shafts had afready been sunk, but the ground was so bad it was difficult to drive a tunnel in the direction of the Germans main workings. Steel casings were obtained and 900 yards of main tunnel was constructed in this way.

"We could often hear the Hun sappers working over us," said the Canadian captain who had charge of this working, "and when they got too near we due upwards and blew him up."

Famous Fortress.

Famous Fortress.

This tunnel was responsible for a famous fortress near Hill 60, now almost unrecognizable, then a menacing thing bristling with machine guns which could have held any attack at bay.

"The main offensive galleries," the report goes, "were started for ____, a high mound to the south of the railway cutting. After many vicissitudes, including enemy opposition un-derground, the charge of 70,000 pounds

derground, the charge of 70,000 pounds of ammonal was placed in a most advantageous position, right under—and in October, 1916, the charge was loaded and exploded.

"In plain English this meant that the Hun garrison of a certain place near Hill 60, often mentioned in British communiques, had been sitting over a first-class volcano for nine months and the skilful and energetic counter-mining of this Canadian company kept him in blissful ignorance until he 'went up in the air,' listerally, on the famous Messines push.

Greatest Honor Roll. For their numerical strength these tunneling companies probably have the greatest number of honors in any of the Canadian overseas forces. One company I visited, while at rest, in their little bungalows among the fields, can count seven officers with the M.C., and 27 men with other

With a pre-war days turo is in a bond house in Toronto and asks the mayor's assistance in disposing of it and sending the money commercial traveler All their sav-ings had been applied to furnishing their home and their purchases were shipped to Toronto. But the outbreak of the war shattered their hopes, and when a bride of three

disposing of it and sending the money to France.

Her effects are full of bitter-sweet

Sue L.: I always recommend quinzoin to put vitality and luxuriance into anyone's hair. It will promptly remedy the dandruff and itching scalp; it costs little, and you can prepare it at home. From your druggist get one ounce quinzoin and one-half pint alcohol. Mix and add one half pint cold water. This makes enough nic to last a long time, Apply to your alp twice a week. This is fine to preent falling of the hair and premature loss of color.

Garoline: Yes, if the tissues of your face are inclined to sag, beware, or you will soon nave writineles! Here is a good massage cream, which tones and braces complexion: Mix an ounce of almozoin (from your druggist) in one-half pint of cold water. Add two teaspoonfuls glysold to meet charges amounting to \$74.25. The mayor will take the mat-

ter up immediately.

Caroline: Yes. if the tissues of your face are inclined to sag, beware, or you will soon nave wrinkles! Here is a good massage cream, which tones and braces the tissues, while also beartifying the complexion: Mix an ounce of almozoin (from your driggist) in one-half pint of cold water. Add two teaspoonfuls glycerine. Apply freely. At the first application you will feel the skin contract, and you will soon get back the firm contour and a velvety skin. For a good blood purifier, see answer to Maurice. 1917-18 of the Jewish Girls' Club was they will return to their home in held at the clubhouse, 254 McCaul fornia. street, when arrangements were made for all departments of work to be done during the coming winter.

PICKERING COLLEGE HOSPITAL

ounces of parnotis from your druggist, and mix it in one and one-half pints hot water. Take a tablespoonful before meals. This is harmless and inexpensive, and I think you will find a beneficial change within a week.

Leonora: There is no virtue in an egg shampoo. The cilimy animal matter clings to the strands and clogs the pores of the scalp. Try this simple shampoo: Get some canthrox from your druggist and dissolve a level teaspoonful in a cup of hot water. It leaves the scalp stimulated and cleaned, and the hair beautifully soft and fluffy.

Maurice: The skin eruptions of which you speak are caused by impure blood, and you must eliminate the poisons from the system before you can hope to enjoy complete health. Into one-half pint alcohol (whisky must not be used) pour one ounce kardene, then add one-half full quart. Take one tablespoonful of this old-fashioned blood cleanser and not complete health. Into one-half of the strands and to get the some canthrox from your druggist and dissolve a level teaspoonful in a cup of hot water. It leaves the scalp stimulated and cleaned, and the hair beautifully soft and fluffy. Pickering-Newmarket College has been renove ted and is now on the list of buildings taken over by the military hospitals commission. The nurses are now installed and things generally in order for the first lot of returned soldiers who are expected to arrive today.

Polly: You do not need to send abroad for the new, perfect substitute for face powder. Make it yourself at home, by dissolving four ounces spurmax in one-half pint hot water. This is the simplest, purest lotion for making the skin soft and naturally fair. It stays on closely and gives a youthful freshness. When on it seems part of the skin and cannot be

SOCIETY:

Conducted by Mrs. Edmand Phillip

M. Painieve, French minister erday in honor of Brig.-General Lord Brooke and the members of the Canadian Mission. M. Ribot, the prime minister, was also present.

worship the mayor on his inspection trip to Detroit, Last Friday they also inspected the Royal Flying Corps at Leaside and Armour Heights and visited the Davisville Military Hospital for Wounded Soldiers.

Lord Leconfield some time ago placed his beautiful London house, 9 Chesterfield Gardens, Mayfair, W., at the disposal of the government. This is to be fitted up as a club for American military and naval officers now that the United States has entered the war.

Col. Levesconte has returned from Rochester, where he was assisting the officers of the New York staff with its mobilization. He has now left for Huntsville to join his family.

Mrs. R. S. Wilson returned last week from a holiday spent at the Caledon Club.

Mr. and Mrs. Ian Bond and their family are spending the summer in Muskoka, having taken a house there.

Miss Margarita Da Costa is visit-ing Mrs. Turner at her house on Lake

The engagement is announced in England of Mr. W. E. Ord, Lieut. R.A. M.C., son of Mr. and Mrs. Craven Ord, Toronto, to Miss Vera De Ferrinti, daughter of Dr. and Mrs. De Ferrinti, Baslow, Derby.

Mr. R. McEwen, Lanark, Ont. (recently City View), announces the engagement of his youngest daughter, Olive Sinkler, to Mr. Victor S. Livingston, Toronto, second son of Mr. and Mrs. John Livingston, Ottawa. The marriage will take place in September.

Bandmaster and Composer John Philip Sousa has, it is announced, received permission to take the famous United States Marine Ban dof Washington to the French front. The marine band is one of the country's cherished traditional institutions. It is quite as much a belonging of the chief magistrate, during his term of office, as the White House or the steam yacht Mayflower. It has long been regarded as the president's band.

Miss Mildred MacMorine is visiting her sister, Mrs. J. H. Coleman, in Nap-ance, and later will be the guest of Mrs. S. F. Kirkpatrick in Kingston. Lady Ross and her sister, Miss Daisy

A party composed of Mr. and Mrs. Lorne Becher, Mr. and Mrs. James Bain, Miss Bain and Miss MacDonald, have been in Ottawa and have left for the Nikobo Club, near Pembroke.

memories to her, he says, but she can neither afford to pay the cost of the freight back to France, nor go on paying for the storage. She had determined that she must sell most of the things af she could. He attached the list of the articles in storage and marked those she did not wish to part with.

The mayor was informed that officials of the warehouse had stated that only the young widow could release the furniture, and that unless it was cleared before October 13 it would be the more than the furniture, and that unless it was cleared before October 13 it would be the more than the furniture of the cost of the scottish Women's Hospitals.

Miss Kathleen Burke, representative of the Scottish Women's Hospitals, returned to Ottawa yesterday after a successful campaign thru western Canada. She is accompanied by Miss Florence Harvey, secretary of the Ladies' Gold Union of Canada, who assisted her on her recent trip. It is expected that Miss Burke will return to Ottawa this autumn and address the furniture, and that unless it was cleared before October 13 it would be

WINNIPEG GRAIN MARKET.

winnipeg, Aug. 20.—With the usual in the market today the demand in wheat showed no slackening.

'As some improvement in price for the various grades, but of filtere dout lightly. Cash oats fair demand, with offerings bequirements. Some lots of No. 2 cold at the October price. Cash ries, and flax dealers are evidently siting for the new crop, as they are active in the market, and today's wation in these cereals was little anged from Saturday. October and becomber oats and October flax were only futures in which any busies was done. Prices were some better an Saturday's close. Winnipeg, Aug. 20.—With the usual in the market today the demand

October wheat and barley were entirely neglected. October wheat closed unchanged. October oats were ¼c higher, December closed one cent higher, May one cent higher. Barley closed unchanged. October flax closed 4¼c up, November 5c up, and December 5½c up.

NEW YORK COTTON. P. Bickell & Co., 802-7 Standard & Building, report New York Cotton hange fluctuations as follows:

Open. High. Low. Close. Close.

TUESDAY MORNING AUGUST 21 1917 CANTALOUPES California
Turlocks Finest on Earth Car Lot Receivers CHAS. S. SIMPSON Fruit Market

> WHOLESALE FRUIT AND VEGETABLES

Tomatoes were the feature on the wholesale fruit market yesterday. They were shipped in heavily and declined, and it was not a slight decline, either, the bottom simply falling out of the market. the morning they were rather a slow sale at 75c to \$1 per 11-quart basket, but in the afternoon they dropped still lower, selling at 50c to 75c per 11-quart basket. Raspberries.

Raspberries were quite scarce, only one or two crates being shipped in in the morning, and only a very few in the afternoon. They advanced in price, selling at 20c to 22c per box.

Thimbleberries.
Thimbleberries were only shipped in lightly also, and they, too, were quite firm, at 20c per box.

Cherries.
The supply of cherries was also quite small, so the price was firm at \$1.40 to \$1.50 per 11-quart basket, and 75c to 80c per six-quart basket.

Currants.

per six-quart basket.

Currants.

Black currants mostly sold at \$2 per 11-quart basket, a few of rather poor quality selling at \$1.75.

The red ones were very scarce, and sold at 75c per 11-quart basket, and \$1 to \$1.25 per 11-quart basket.

Blueberries.

Blueberries were more plentiful, and kept about stationary in price at \$1.25 to \$1.75 per 11-quart basket, an odd one of extra choice quality bringing \$2.

Plums.

Plums also sold at practically unchanged prices, bringing from 75c to 90c per 11-quart flat basket, and 90c to \$1.10 per 11-quart leno basket, some extra choice ones in well-filled 11-quart lenos bringing \$1.25; also 65c to 75c per six-quart leno.

Cantaloupes.

bringing \$1.25; also 65c to 75c per sixquart leno.

Cantaloupes.

Canadian cantaloupe shipments are
generally increasing, and they now sell
at 75c to \$1 per 11-quart basket.

Peaches.

Peaches brought from 20c per sixquart flat basket to 50c to 75c per sixquart leno, and 50c to \$1 per 11-quart
leno, according to quality, none of them
being especially choice.

Apples.

Apples sold well, the 11-quart flats
bringing from 60c to 30c, and 11-quart
lenos from 30c to \$1, while the six-quarts
sold at 40c to 45c.

Pears were only shipped in in very
small lots, and principally sold at 75c per
11-quart basket, and 45c per six-quart
basket.

Cucumbers.

Cucumbers.

Cucumbers.

basket.

Cucumbers.

Cucumbers.

Cucumber shipments were light, the outside-grown selling at 20c to 25c per i1-quart basket and hothouse at 40c to 50c per 11-quart basket.

Corn.

Corn.

Corn was a little higher in price, choice quality Golden Bantam selling at 25c to 30c per dozen, the bulk going at 20c per dozen, and a few poor quality going at 15c per lozen.

Eggplant is beginning to come in a little more freely and sold at \$1.40 to \$1.50 per 11-quart basket yesterday.

Chas. S. Sompson had a car of California peaches, selling at \$1.75 per case; a car of California pears, at \$3.75 per case; a car of California cantaloupes

a car of California pears, at \$8.75 per case; a car of California cantaloupes (Tubocks), selling at \$4.75 per case for standards and \$2.25 for flats; a car of mixed California fruits, plums selling at \$2 to \$2.75 per case.

McWilliam & Everist had a car of Georgia peaches, selling at \$4.50 per bushel hamper, and a car of Arkansas cantaloupes, selling at \$5 per case for standards. standards.

A. A. McKinnon had a car of Ontario potatoes, selling at \$2 per bag; also Leamington onions, selling at \$3 per 75-lb.

bag.

H. Peter's had a car of apples, selling at \$2.75 to \$3 per hamper; a car of pears, selling at \$3.50 per case.

White & Cb. had a car of late Valencia oranges, selling at \$4.50 to \$4.75 per case; a car of Indiana cantaloupes, selling at \$4.25 per case for standards, and \$1.55 for flats; a car of halibut; a car of government fish, haddock and cod.

The Union Fruit & Produce Limited.

Canada were the stocks used for the The Union Fruit & Produce, Limited, had a car of late Valencia oranges, selling at \$4.25 per case.

D. Spence had a car of especially fine cantaloupes, from New Mexico, selling at \$2.25 per flat case.

Wholesale Fruits.

Two steels, Dominion and Steel of the purpose. Dominion Steel met little opposition and some following in its rise to 64½. Steel of Canada has lost its grip on this market, but may still have friends in Montreal. It has now become common property that

Synopsis of Canadian North-West Land Regulations

The sole head of a family, or any male over 18 years eld, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on cartain conditions.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required, except where residence is performed in the vicinity.

Live stock may be substituted for cultivation under certain conditions.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price, \$3.00 per acre.

Duties.—Six months' residence in each of three years after earning homestead patent, also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as a homestead patent, on certain conditions.

A settler who has exhausted his

conditions.

A settler who has exhausted his nomestead right may take a purchased nomestead in certain districts. Price \$3.00 per acre.
Duties.—Must reside six months in each of three wars, cultivate 50 acres and erect a house worth \$300.

AT WHELPDALE CLAIMS

It is reported that the Whelpdale Mines are making very satisfactory progress, with gratifying results. Active development was commenced or this property about June 1, when four veins had been located. Trenching was commenced sunk, with the result that eight more promising veins were discovered averaging in width from three fourteen feet and giving assays of sufficient value to warrant the most aggressive development. Four of these veins have been traced for nearly half a mile on the property.

A suitable plant has recently been installed to meet all requirements for the present, and with a night and day crew working a shaft is being rapidly sunk to the hundred-foot level. The formation of these weens is said to be identical in appearance to that of the Hollinger and the McIntyre, and on account of its close prox-

Whelpdale development will watched for results.

TELEPHONE INVENTOR.

Brantford, Aug. 20.—With the exception of the grading around the immediate site, the Bell Memorial here has been completed. W. S. Allward, the sculptor, has returned to Toronto. The date for the unveiling of the handsome monument has not been set, but W. F. Cockshutt, M.P., has written the governor-general, sir R. L. Borden, Sir Wilfrid Laurier and other leading men of Canada requesting there presence. Alexander Graham Bell, the inventor, who now des at Boston, will be present on that occasion as per his promise some time ago. The date of the unveiling will depend largely on the engage-ments of the governor-general.

the Toronto stock market of late. This company has paid

ment \$12,000 to \$15,000 a month, is sinking its No.

000 in dividends and have \$1,000,000 in ore reserves.

good news, hints of which have leaked out from time to time. The stock
yesterday met a good demand, and
broke thru its recent high going to
19, with the close right up near the
high for the day.

Nipissing was being bought for New
York account, which caused a gain
in price to \$8.15. There was a story
on the street to the effect that a
pool had been formed to put this
stock well over the ten dollar mark,
but the accuracy of this is not vouch-

stock well over the ten dollar mark, but the accuracy of this is not vouched for
Kerr Lake attracted New York buying also, which was responsible for a gain in price to \$5.50. Beaver held at 36% to 37. Chambers-Feriand was slightly firmer at 14, and Hargraves made a jump to 18%, but failed to hold. Timiskaming and Mc-Kinley were steady, while Trethewey went up 2 points to 15.

In the gold group McIntyre made a

In the gold group McIntyre made a further move to discount the next dividend declaration, which has been assured. The stock went up to 158. the outstanding feature in the with Nipissing, Kerr Lake and or two others also stronger.

was predicted last week, the ial quotation on bar silver folding the upward trend, making a official high record of 87%. This afficial high record of 87%. This constitution of the upward trend, making a constitution of the stock went up to 158. Dome was wanted around 10%, several large buying orders being in the market at this figure. Holling-er went up again to \$4.60. Newray went up again to

mere official high record of 87%. This sturnling strokes in the liver stocks.

The turning of New York towards the mining stocks is taken by those in well-informed circles to prosage more widespread interest by the influence investors and speculators in the mines. With the trading in the mines. With the trading in the mines focks after outlet than the mine stocks infich will commend themselves, to boughtful people because of the admining stocks are essentially peace suges.

LONDON STOCK MARKET.

LONDO

FACTS AND FIGURES

Since the early part of 1917 a remarkable situation has developed at the Kirkland Lake gold camp.

This situation invites the attention of investors and capitalists throughout Canada and the United

The Northern Ontario Light & Power Co. has expended some \$400,000 to \$500,000 in entering the district from Cobalt with hydro-electric power and in acquiring the existing power which was serv-

The Timiskaming & Northern Ontario Railway is to be extended into the camp, the Provincial

egislature having voted for an appropriation of \$125,000 to build a branch line into the camp, with

And that is the keynote of the whole situation—THE MONEY IS GOING INTO THE GROUND FOR DEVELOPMENT—FOR THE MAKING OF MINES—FOR THE MAKING OF PRODUCERS,

PRICE OF SILVER London, Aug. 20 .- Bar silver, New York, Aug. 20.-Bar silver,

Limited, the management of which is establishing

camp and has let a contract for sinking a shaft to

100 feet. This work is expected to reach the ex-

ings of any group operating in Kirkland Lake. These interests developed the Beaver-McKane properties to a depth of around 70 feet and sold the mines to the Beaver-Consolidated interests for \$300,000. They sold the Elliott-Kirkland ter-

ritory to the Seneca-Superior people for a round sum. Since then the Elliott-Kirkland and Beaver-

McKane properties have enhanced in value, and this enhancement has been reflected also in the

values of ground adjoining and surrounding these properties. United Kirkland interests have retain-

properties. United Kirkland interests have retained the 140 acres of the United Kirkland group,

the largest compact group of the Kirkland Lake camp lying on the porphyry-conglomerate con-

tact, which has been the source of the production of the camp down to a depth of approximately 700 feet and across a length of two miles.

pany is offered at 30c a share net, without com-mission, through your own broker or through my office. The present offering price is limited as to time and allotment, as application will be made to list the steck on the Teronto Standard Stock Ex-

change, where it is confidently anticipated that a

broad market at much higher quotations will

The president of the United Kirkland is Mr. R. T. Shillington, one of the most representative and successful mining men of the north country, who has been identified with the property and

opment of the properties in accordance with their

brilliant surface indications.

100 feet. This work is expected to reach the extension of the main vein system of Kirkland Lake, which has not yet produced a single failure, and from 8 to 10 brilliant successes. It is believed by some that United Kirkland carries the mother lode of the camp. The surface exposure of the United Kirkland is the biggest and most brilliant in the camp, with the possible exception of Wright-Hargraves, the discovery mine of the camp, and probably destined to be the biggest gold mine in the north. Wright-Hargraves is closely controlled by English, Canadian, American capital.

The interests back of the United Kirkland are the ploneers of the Kirkland Lake camp, and early in the game corralled the biggest territorial holdings of any group operating in Kirkland Lake.

COTTON LETTER.

I. P. Bickell & Co. report:

New York, Aug. 20.—Good rains
thru north, east and extending inte a
portion of West Texas, caused furth-Reservations of United Kirkland stock should be made at once by mail, or wire at my expense, letting remittance follow by check, draft or money er liquidation and a further substan-tial decline in values. We can see nothing at the moment to warrant any important change in technical condi-Juportant change in technical cenditions which necessarily result from a drastic decline such as we have experienced. Considerable liquidation has taken place, short interest has been built us and for that reason we anticipate a good raily from this break. On merit, cotton should ultimately sell lower,

RAILS ALONE SHOW AN ACTIVE MARKET

Signs That U. S. Government Will Control Coal Traffic Causes Trade Flurry.

New York, Aug. 20.—Ralls were the only important stocks to register more than negligible changes in the course of today's listless market. Cumulative signs of approaching federal control over the coal roads resulted in further depreciation, Reading making an extreme decline of three points.

Delaware and Hudson scored a new minimum at 102% and New Haven repeated its recent low record of 32%. Other transportation shares were under firegular pressure, New York Central's setback of slightly more than a point to 33% representing the lowest quotation in two years. Grangers and cottom carriers were not exempt from the general declining tendency.

Among the representative industrials and equipments with few exceptions, variations rarely exceeded a point. U.S. Steel moved sluggishly between 123% and a point higher, closing at 124%, unchanged from last week's final price. Bethelehem Steel reacted almost two points, but rallied in part later, while Crucible Steel was more responsive to belated support.

Shippings held their moderate gains and metals yielded slightly when quoted at all. Dealings in some of the conspicuous pool issues were restrained by the more stringent attitude of the exchange authorities.

Sinclair Oil, Ohio Fuel, Industrial Alsohol, Sugars and Tobaccos comprised the more active specialties against which short selling proved most effective. Total sales amounted to 280,000 shares.

Bonds were irregular, the liberty issue selling at the wider range of \$99.84 to \$99.96. Total sales, par value, aggregated \$2.870,000.

United States registered 4's declined quarter per cent, on call, the registered 2's rising two per cent. on a single sale.

KIRKLAND LAKE--

ore reserves in the past few months, and are now planning large mills and

During the past year hydro-slectric power has been introduced into the district at a cost of from \$400,000 to \$500,000, and the first new railroad to be built in Canada will undoubtedly connect up United Kirkland, which is only three miles distant from the main line of the T. & N. O. The Provincial Legislature has appropriated \$125,000 for this extension and \$20,000 additional for the building of sidings and stations.

We offer and recommend the purchase of stock of the United Kirkland Gold Mines, Limited, at 30 cents pershare.

All signs point to Kirkland Lake becoming a serious competitor of Porcupine in volume of gold production, and to United Kirkland sharing the honors of leadership in the Kirkland Lake camp with two or three properties along the same line of contact in the two-mile section which reaches from Tough-Oakes to United Kirkland interests have been ploneers of the district, have already made a large amount of money in disposing of a portion of their well chosen ground along the proven veln system of the camp and have retained United Kirkland Laxe. It is virtually a camp without failures and with eight or 10 distinct successes, two of which are on a producing basis, one of which is paying dividends, and at least two more of which have added more than \$1,000,000 in ore reserves in the past few months, and are now planning large mills and

United Kirkland spells "Opportunity". The stock is now 30 cents per share and the shares have been rapidly absorbed by the public in the past two weeks.

Application will be made to list the stock on the Toronto and New York markets and we expect the issue to immediately sell in these markets at higher

N. O. The Provincial Legislature has appropriated \$125,000 for this extension and \$20,000 additional for the building of sidings and stations.

The ore tonnage aiready developed in Kirkland Lake and the proving up of the strength, depth and uniformity of the voin system are now attracting more new money into Kirkland Lake than any other camp in the north country. The years 1917 and 1918 will undoubtedly witness the expenditure of at least \$1,000,000 in actual development work and equipment in Kirkland Lake.

We invite and accept all subscriptions to United Kirkland stock, subject to examination and checking up of the camp and mine by a distinguished and able engineer and geologist who is joining our organization in a permanent responsible consulting capacity. Should this engineer prochance submit an unfavorable report upon United Kirkland Mines we will promptly return all moneys and orders responsible to examination and checking up of the camp and mine by a distinguished and able engineer and geologist who is joining our organization in a permanent responsible consulting capacity. Should this engineer prochance submit an unfavorable report upon United Kirkland Mines we will promptly return all moneys and orders related to the camp and mine by a distinguished and able engineer and geologist who is joining our organization in a permanent responsible consulting capacity. Should this engineer prochance submit an unfavorable report upon United Kirkland Mines we will promptly return all moneys and orders re-
