GIVE A NAME TO U.S. POLITICS

Primary Elections in Several States Today

Spirited Contests for Nomination for Senatorships in Four Places—Republicans Victorious in Maine, But Vote is Reduced.

Chicago, Sept. 12—Primaries in several states today include four in which contests for the nominations for U. S. senators are expected to indicate to some extent the trend of public opinion on national political principles.

Massachusetts, Michigan, Washington and Vermont today are to choose senatorial candidates, with, in the first three states, vigorous opposition to the present incumbents expressed by opposing candidates.

Senator Pollock of Washington has five opponents, one a woman, who has received endorsement of some labor organizations.

Senator Townsend of Michigan has two opponents, who have attacked him for his defense of his colleague, Senator Newberry.

Senator Lodge of Massachusetts has done but little speaking in his campaign, while his opponent, Joseph Walker, has stamped the state vigorously.

Four Democrats seek that senatorial nomination.

Boston, Sept. 12—There is keen interest in the primary elections here today.

Well-Known Names. Fifteen Republicans are contending for five places on the state ticket, with no opposition to the reelection of the secretary of State Frederic W. Cook. There are also Republican contests for the nomination for United States senator and three congressional districts.

There are four candidates for the Democratic nomination for governor, and three for lieutenant-governor, with the other places on the state ticket uncontested.

Four men seek the party nomination for U. S. senator, and there are contests in eight congressional districts.

Joseph C. Pelletier, removed as district attorney of Suffolk county for malfeasance and later discharged, is a candidate for the Democratic nomination for that office in spite of the passage, by the last legislature, of an act requiring that all district attorneys shall be members of the bar.

Senator Henry Cabot Lodge is opposed for re-nomination by Joseph Walker, former speaker of the State House of Representatives and one-time Progressive.

The Tariff Bill Is Presented In House

Means Roughly Revenue of \$400,000,000 Rate Level a Little Below Payne-Aldrich, But Good Deal Above Present Tariff—Broad Authority Conferred on President.

(Canadian Press.) Washington, Sept. 12—The administration tariff bill as finally perfected in conference was presented today in the house, and the conference report on it, bearing the signatures of the Republican managers, will be called up tomorrow, with the expectation that it will be disposed of not later than Thursday.

As now framed, the bill is estimated roughly by the experts to raise approximately \$400,000,000 in revenue on the basis of the present volume of import trade of the U. S. The level of its rates, according to the experts, is slightly below the level in the Payne-Aldrich bill, the last Republican protective tariff, but is considerably above the level of the Democratic Underwood law now in force.

The bill will become effective immediately after President Harding signs it, replacing both the Underwood and emergency tariff acts. It was designed, its framers have said, to meet the unusual world economic situation. It confers on the president of the U. S. broad authority to decrease or increase rates on foreign valuations and to declare American valuation, that is the wholesale selling price in the U. S. as a basis for assessing duties.

(Continued on page 2, second column.)

THORNTON-YOUNG. A pretty wedding was solemnized today at noon when Miss Grace Margaret Young, daughter of Mr. and Mrs. F. A. Young, was united in marriage with Robert W. Thornton, son of Commissioner John Thornton and Mrs. Thornton of this city.

The ceremony was performed at the summer home of the bride's parents, Golden Grove, and was attended by only the immediate families. Rev. R. G. Fulton, pastor of the Centenary Methodist church, officiated.

The bride was becomingly gowned in blue and grey tulle and wore a corsage bouquet of Opheelia roses to correspond. Mr. and Mrs. Thornton left on a three weeks' motor trip through the province. They are followed by the best wishes of many friends for a long and happy married life.

FREDERICK NEWS. Frederick, N. B., Sept. 12—Claude Avery died this morning at his residence in North Devon, aged thirty-two years. He was a druggist for the last three years, and was very popular. He was overcast in the Medical Corps.

At her home in Durham last night, Mrs. Elizabeth Barry, wife of John Barry, died after an illness of several months. She was aged seventy, and is survived by her husband, two sons, six daughters, two sisters and three brothers.

Police Magistrate Emerick today imposed a fine of \$100 and costs upon the North American Antimony and Smelting Company, and American Company operating mines at Lake George. The charge was that of improperly storing explosives.

Chicago Grain Market. Chicago, Sept. 12—Opening: Wheat—Sept. 100-8-4; Dec. 102-1-8. Corn—Sept. 62-1-4; Dec. 57-3-8. Oats—Sept. 35-1-4; Dec. 32-3-8.

ORDER-IN-COUNCIL TO LESSEN APPEALS IN CIVIL SERVICE

Also Strengthens Hands of Civil Service Commission in Dealing With Appeals from Board of Hearing.

(Special to The Times.) Ottawa, Sept. 12—A small bomb was dropped into the civil service yesterday in the form of a modification that an order-in-council had been passed providing that hereafter any civil servant dissatisfied with his or her classification and seeking either promotion or increased salary or both, if the board of hearing's decision in the case proved unsatisfactory, have to take the next step through the minister of the deputy minister of the department in which he or she is employed.

Failure to do this would bring discipline in the form of dismissal. Any complaint or any appeal must be made to the Civil Service Commission through the minister or deputy minister. This move amounts to "playing both ends against the middle," that is, it strengthens the hand of the commission in dealing with appeals from the board of hearing and will tend also to lessen the number of appeals to go before the commission.

On the other hand it will also strengthen the hands of the ministers and deputy ministers by giving them a closer grip on the personnel of their departments. There are 16,000 in the civil service here and it is known that 8,000 would represent the number of appeals of one kind or another that have had to be dealt with in an astonishingly short period of time.

Any more tending to reduce this would obviously confer a benefit upon those charged with carrying on the country's business effectively and economically. More than once last session there were protests from members of the commonsense and an earnest and amicable phase of the work of the civil service commission.

Both Hon. W. B. Peadar Kirby, minister of finance, and Hon. W. B. Mather, minister of agriculture, made memorable speeches on this subject. The latter declared that the Civil Service Commission was an instance of the care being given much worse than the disease.

The present government has had many conferences with the commission since the session and an earnest and amicable effort has been made to iron out many difficulties and promote co-operation. The purpose of the recent order-in-council, it is understood, is to give the heads of departments more control of their work and their staffs and get a larger measure of efficiency.

One remarkable instance of the lack of harmony that may exist between the commission and a department of government was given recently. A certain minister made an appointment to the commission and a department of government. The appointee failed to observe instructions and was dismissed. A little later, much to the dismay of the minister and his deputy, was the person in question had referred his case to the Civil Service Commission and had obtained reappointment. Neither the minister nor the deputy knew anything of this until it had become an accomplished fact. Both argue that they are in the best position to know how certain work should be done and who is the best person to appoint to that work.

A BASIS FOR SETTLEMENT Railway Shopmen's General Policy Committee Considers It.

(Canadian Press.) Chicago, Sept. 12—A basis for a settlement of the strike of the railway shopmen was considered today by the general policy committee of the shopcrafts. B. M. Jewell, head of the railway employees department of the A. F. of L., announced at the conclusion of the morning session that an agreement probably would be reached late today.

Chicago, Sept. 12—With the U. S. government's temporary injunction against striking railway shopmen extended for another ten days' period beginning today, hearing on Attorney-General Daugherty's application for a permanent restraining order continued before Judge Wilkerson today with a vigorous effort on the part of counsel for the strikers to obtain modification of the edict.

Meanwhile as the injunction proceedings continued in Judge Wilkerson's court, Mr. Jewell, with his policy committee of ninety, resumed conference in a downtown building. Neither Mr. Jewell nor members of the shopcrafts executive committee would discuss what had transpired in their meetings.

New York, Sept. 12—The chief eastern railroads yesterday declared a sweeping embargo on freight competing with coal shipments, the New York Central, Erie, Lackawanna, and Lehigh Valley issuing orders stopping practically all freight competing with coal.

This announcement, together with a threatened strike of freight handlers and station employees of the Pennsylvania system, were the most important developments of the day in the eastern railroad situation.

THE NORTHCLIFFE ESTATE IS FOUR MILLION POUNDS

London, Sept. 12—The will of the late Lord Northcliffe, which was sworn to today for provisional probate purposes, leaves a gross estate valued at £2,000,000, with net personality of the same amount.

BORDER FAIR AWAY TODAY TO GOOD START

Attendance Large at St. Stephen Exhibition and Display Best Yet Made.

(Special to The Times.) St. Stephen, N. B., Sept. 12—The St. Stephen exhibition got away in a good start today. Big crowds are arriving by autos from all over the country and it is estimated that when the gates close tonight it will be the largest first day attendance ever since this exhibition was started. Every thing points to the biggest and best exhibition ever held here.

The entries in all departments are by far the greatest number of all years. More buildings are being put up to accommodate the large number of cattle, sheep, pigs and fow.

Among the exhibitors of live stock here are Horn Bros. and Messrs. Saunders of Prince Edward Island, Corning, Yarmouth, Boswell and Eber, Amherst, Melnyre, Sussex and others with Jerseys, Holsteins, Ayrshires, Short Horns, Jerseys, Pole Angus, Herefords and others. The poultry department is overcrowded with stock and more than 800 extra pens had to be utilized.

The main building is most attractive with its decorations and prettily trimmed booths which are occupied by Walter J. McWha, pianos and phonographs; Orange Pekoe, King Cole tea in charge of E. J. McKim, St. John; J. W. Scott, Co., Ltd., ladies coats and dresses. Dominion Fertilizer Co., with a beautiful display of farm produce with F. F. Hunter in charge; Gregory and Bessemer pianos and phonographs and musical instruments; J. H. Dale, Blackville, N. B., showing a new Canadian industry in the making of flag for the fishermen; Kittle McKay, displaying Kittie's candies; Mrs. Jennie E. Johnson, Fredericton, showing a new Canadian industry in the making of flag for the fishermen; St. John, provincial secretary, for the purpose of demonstrating first aid, etc.

On the second floor of the main building is the fancy work, floral art, cooking, the old spinning wheel, and cottage craft department, each one carrying the largest number of entries ever here.

The racing this afternoon will consist of the 280 mixed with starters including Jimmie Mack and T. J. Devlin, two Fredericton entries.

The 214 mixed will have Mr. Dell, Lou Miller, Zelma Strong, Peter Verde, and Miss Talbot.

The 214 mixed will have eight starters. Much interest is being taken in the free for all here on Thursday, the favorites being Calgary Earl, Bud Hal and Roy Volo, and these three will undoubtedly be sold in the pools at even money.

QUEBEC TOWN ABSOLUTELY DRY

Serious Condition of Drought at Loretteville, Not a Drop in Water Pipes.

Quebec, Sept. 12—The drought which has lasted for weeks in the district is becoming a menace to some towns. Should an outbreak of fire occur in Loretteville, about nine miles from Quebec, today, there is great fear that it would turn into a conflagration, as there is not a drop of water in the pipes of the waterworks. Loretteville gets its water from the same source as Quebec city, in Lake St. Charles, and the intake today is about one foot above the water level. The dam built by the City of Quebec is a little lower down the river, but even there the water has fallen down fully one foot and is still going down.

If a big fire started in Quebec that would demand a large quantity of water, it is feared that the supply would soon become inadequate for ordinary use.

OLD TIMERS IN GAME IN BOSTON

Cy Young and Kid Nichols in Pitcher's Box

Contest to Raise Money for Children's Hospital—Babe Ruth Brings Home Run Mark Up to 31, Six Behind Williams.

(Canadian Press.) Boston, Sept. 12—Twenty thousand fans of the Red Sox and American League team of old timers defeat a similar team recruited from old National League stars, 28 to 7, at Braves Field yesterday afternoon. The game was sponsored by "the Boston Post" and the net receipts are to go to the children's hospital.

Jimmy Collins, one-time brilliant third baseman for the Red Sox, was captain of the American League team, and Fred Tenney, Boston National first sacker of fifteen years ago, was director of the other team.

Cy Young pitched the first two innings for the Collins team against Charley "Kid" Nichols, and honors were with Young. The play and the hitting of Freddie Parent, shortstop for the winners, was a feature, as was the leading of Captain Collins, Bill Bradley and Larry Lajoie. Comedy was supplied by Nick Altrock, who played first base and pitched.

Two More For Ruth. New York, Sept. 12—Four games are scheduled for today in the major leagues. The Tigers clash with the Browns in St. Louis and Cleveland meets the White Sox in Chicago in the American League. In the National League Pittsburgh plays in Boston, while the Cardinals play in Philadelphia with the Phillies.

With Babe Ruth hitting two homers and two doubles yesterday, the Yankees had no difficulty in defeating the Athletics, 9 to 4, the Babe's clout accounting for six of the tallies. St. Louis maintained its position one and one half games in the rear of the Yankees by winning from Detroit, 5 to 4.

The Giants increased their lead over Pittsburgh to five and one half games, by taking a double-header yesterday from Boston. The score in each game accounting for six of the tallies. St. Louis maintained its position one and one half games in the rear of the Yankees by winning from Detroit, 5 to 4.

Ruth's two homers brought his total for the season to 31, just six behind Ken Williams, the 1922 leader for home run honors.

A WARNING TO LAND-OWNERS

May be Nationalized in the Old Country—Question of Pay for Woman's Work.

London, Sept. 12—(Canadian Press Cable)—Lowthion, secretary of the ministry of food in 1916-17, addressing the British Association for the Advancement of Science, in a session on the subject of "waged land-owners that their ignorance and incapacity would lead to the nationalization of land. Under the land-owners in the same sense as the demand his extinction and parliament would endorse the demand.

Professor Edgeworth, in his presidential address before the economic section of the association, declared that equal pay for equal work for men and women engaged in the same work was unfair to men, thus challenging the opinion of trades unionists as expressed at the trades Union Congress at Southampton last week without discussion affirmed the principle of equal pay for men and women.

NEW COAL SUPPLY IN NOVA SCOTIA FOUND

Windsor, N. S., Sept. 12—The Gore Coal Company has announced the discovery of a new seam of coal five feet across at a depth of 400 feet. This is the second seam to be located through the drilling operations at Gore and is expected that shafts will be sunk soon.

HOOKS A SALMON TROUT, 35 POUNDS

Parry Sound, Ont., Sept. 12—Alfred Ryder, a butcher, is the proud possessor of the largest salmon trout caught by hook and line this season. While trailing near Seven Mile Narrows, he hooked the monster and after half an hour's battle he was obliged to row ashore and draw his fish from the water on a sand bar. The trout measured in length three feet and eleven inches, its girth was two feet, eleven inches and its weight thirty-five pounds.

LONG LIFE OF PAVING BLOCK

Those in Prince William St. Eleven Years Hardly Show Wear—Street Work About the City.

The long life of wood paving blocks is demonstrated by some of the old pieces taken from Prince William street during the work which is now progressing there. The blocks were laid in 1911 and were of four-inch hard pine, creosoted. When removed it was found that they were still in good order and the eleven years' wear had reduced them by less than one-sixteenth of an inch in depth. In the opinion of the road engineer, this form of pavement with a good solid base would outlive many of the "permanent" forms of surfacing. The cost at present, however, is about three times that of asphalt.

The granite blockings of the eastern track in Prince William street has been completed and excavation of the roadway on that side of the street will be commenced tomorrow.

The pavement in Horsfield street has been completed and that thoroughfare is now open again for traffic.

The public works department this morning started laying the surface in South Ward and expect to have it completed tomorrow. The wearing surface on the asphalt Macadam pavement in Dufferin avenue was also commenced today.

At Haymarket Square. The Stephen Construction Co. this morning started laying the top surface on the south eastern side of the car tracks in Haymarket Square and it is expected that traffic will be allowed on this side of the square before the end of the week. Through traffic has been taken around the other side of the square for the last week. A start has also been made in the excavation for the base of the other side of the car tracks and the granite pavers are well along with the track section. When this piece of work is completed there will be a continuous line of paving from Robesay right through the heart of the city either by King street or Pond street as far as the falls bridge.

TREASURER IS UNDER ARREST

Theft of \$161 from Loyal True Blue Association is Charged.

Dartmouth, N. S., Sept. 12—Charged with theft of \$161 from the local branch of the Loyal True Blue Association, of which he is treasurer, Stanley Elliott of this town was arrested at his home early today.

He was arraigned before Judge Foster today and remanded.

The loss was discovered some time ago, the police say, and an auditor reported that the money had disappeared in small sums since August, 1921. Members of the association then reported the case to the police.

STRIKE AT THE TORONTO MINE IN CAPE BRETON

Sydney, N. S., Sept. 12—Sydney miners employed at the Toronto mine went on strike this morning.

George Burchell, managing director of the company operating the Toronto pit, declares the miners have broken a clause in the Montreal agreement, under which the mine has been operated while the miners declare they have a right to place the men in the workings of the pit. More than 250 men are employed in the Toronto mine, which is situated at Little Bras D'Or.

HAS AMUNDSEN FLOWN OVER POLE?

That is the Belief Held in Copenhagen

Relief Expedition Being Prepared to Pick Up Intrepid Explorer—Fellow Adventurer Declares the Airplane Flight Very Hazardous.

(Canadian Press Cable.) Copenhagen, Sept. 12—It is generally believed here that Captain Raold Amundsen, Norwegian explorer, has already undertaken his daring flight across the North Pole from Northern Alaska. This belief is further strengthened by the fact that the Norwegian government has asked a Danish explorer, Captain Gotfrid Hansen, to undertake a relief expedition.

Captain Hensen, who is busy working out a scheme for the exploration of Western Greenland next spring, is unable to accede to the request, but emphasized the necessity of sending an urgent relief expedition to pick up Amundsen, whose airplane crossing in his opinion, is extraordinarily dangerous, it being virtually impossible to land anywhere on the rough polar ice without serious accident.

He believes that Amundsen is likely to land in the vicinity of one of the food depots which Hansen established in Grant's Land and northernmost Greenland, but nevertheless fears he will be unable to reach Thule—the northernmost colony in Greenland—should he meet with the least accident.

It is reported that a relief expedition under the leadership of an explorer friend of Captain Hensen, will leave this port on October 1 on the steamer Hans Egede.

Advices from Nome, Alaska, on August 29 to the Associated Press were to the effect that Captain Amundsen had definitely abandoned his plan to fly over the pole, believing that season was too far advanced to permit of success. He was said to have landed his plane and equipment at Wainwright, 100 miles southwest of Point Barrow, intending to make that place the base for his flight.

Ice conditions in the Arctic off the northern Alaskan coast, were declared to be the worst in many years. Captain Amundsen's ship, the Maud, was last reported to be frozen in the ice near Wrangell Island.

QUEBEC FORESTS ARE AFIRE IN MANY PLACES

Quebec, Sept. 12—Considerable alarm is felt here by officials of the forestry branch of the Crown Lands Department owing to the recurrence of forest fires at many places. It is estimated that from Montreal eastward throughout the province there are at least 100 forest fires burning at present, and only a heavy downpour of rain can now save the situation.

The fires are said to be raging chiefly in the St. Maurice, the Saguenay and the Rimouski districts.

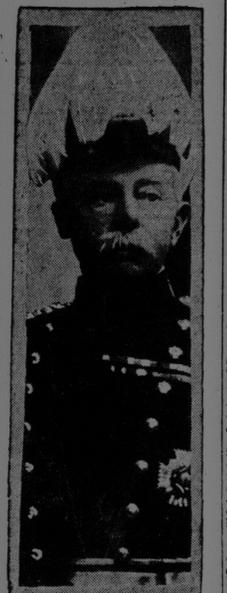

SILVER STRIKE TO RIVAL COBALT?

Reported Rich Find in New Ontario Near Border of Manitoba.

Toronto, Sept. 12—A special to the Globe from Winnipeg says:—A strike of silver has been made at Red Lake, just over the Manitoba boundary in New Ontario, which promises to be second only in importance to Cobalt. Indications are that the field is even bigger than Cobalt, and the samples, although they do not assay quite so much as did the first brought out from Cobalt, run from 500 to 1,500 ounces in silver to the ton, and in the opinion of W. G. Tretthewey, engineer, the best veins are yet to be discovered.

Already the news of the year has leaked out and many prospectors are heading from Winnipeg, Cobalt and other centres from Grand Trunk points just over the boundary on the English River and the Hudson to stake claims.

It is accepted as certain that, should a true bill be brought against Sir Montagu, he will, like D. C. Macarow, take advantage of the option proffered him and elect trial before a judge in the court of special sessions rather than before a jury in the court of king's be-

General Lord Plumer, a noted British officer, who has gone to Constantinople to take charge of the British allied forces there in preparation for any eventualities that may follow the Turk Nationalist victories in Asia Minor.

LOCAL NEWS

N. 6 SIGNAL CO. Company will commence training on Wednesday, Sept. 13, at 8 p. m. at armory. Recruits wanted. A. Leavitt, Major.

Special meeting L. O. B. A., No. 19, Market Building, Wednesday, Aug. 13. Members please.

We are the only authorized Studebaker service station in St. John. United Garage Co., 90 Duke street. 9-19

WHO'S YOUR TAILOR?

The reason we ask you the above question is perhaps you may think that we only sell ready-to-wear clothes. We claim we have the best resigning and cutting of clothes east of Boston. As we pay heavy salaries to get the above we cannot turn out cheap made clothes at second-class prices. Here we are endeavoring to get our custom prices down to where they will begin at \$45. Therefore we are making in our tailoring department English, worsteds and Scotch tweeds from \$45 up. The ordinary tailor's prices for these suits would be from \$10 to \$15 higher. Henderson, The Clothing Man, 104 King street.

GEO. E. MCINTOSH NAMED FRUIT COMMISSIONER OF DOMINION

Geo. E. McIntosh, who has been acting fruit commissioner since the resignation of C. W. Baxter, has been appointed fruit commissioner of the Dominion of Agriculture at Ottawa. Following several years of journalism, Mr. McIntosh has become intimately acquainted with the marketing of fruit, as well as the transportation of fruit both within and beyond the province. He was engaged in this work from 1911 up to 1917, when he was appointed transportation specialist in the federal fruit branch, which position he has been holding up to the taking over of the present position. As transportation specialist, Mr. McIntosh has become intimately acquainted with the marketing problems of the various provinces and districts.

CLIMB WORLD AUTO RECORD.

German Assert They Broke Non-Stop Endurance Record. Berlin, Sept. 12.—The world's non-stop and endurance record was claimed here for two German automobiles, which completed a 900-hour run on the Avrus course in this city. The run was made in two shifts during the twelve and one-half day run. The drivers included a count and the manager of the factory where the machines were built.

ON MOTOR TRIP.

Mrs. Gen. Costello and her daughter, Miss Marguerite Costello, have left for an automobile tour through the New England states. They reached Portland, Me., on the first day of the journey and found the roads exceptionally good after such recent heavy rains. They have proceeded to Boston and New York, and will come back to St. John by way of Montreal, motoring through the Niagara fruit district to enjoy the beautiful harvesting of Ontario's orchard crop.

KILLED THREE

Enraged Man Ran Amuck With Shotgun. York, S. C., Sept. 12.—Three are dead and three more are wounded as a result of the running amuck of William C. Paris, a textile worker at Clover, ten miles north of here. Paris, infuriated over quarrels said to have occurred between his children and the Taylor family, grabbed a shotgun loaded with buckshot and instantly killed Claude Johnson, twenty-one, a cousin of the Taylors, Lela Taylor, sixteen, and Newton Taylor, thirteen, died later in a hospital at Gastonia, N. C., from the wounds received, according to the authorities.

TESTS FOR POLICE DOGS.

A training competition for police dogs will be held at Montreal on October 13 and 14 in conjunction with a bench show under C. K. C. rules, for shepherd dogs only. The following will be the tests: To guard an article and to defend the same against any one attempting to remove it. To remain in the place where his master ordered him to stay, even if shown a cat, chicken, rabbit or food. To find a hidden article, bring same to his master, to follow trail and find a concealed person. Attack and defend by command, to defend his master even without command if the same should be threatened, to go after a fugitive, hold him securely and remain indifferent to revolver shots or a beating with a club. Tests in high jumping and broad jumping. This show and competition will give the public a chance to see the remarkable intelligence, the actual work done by these dogs and their absolute fearlessness.

CHEAPER DUST LAYING.

Calcium Chloride Being Laid on Prince of Wales Highway. Brockville, Sept. 12.—Calcium chloride, a chemical substance, laid in powder form, is being applied to stretches of the Prince of Wales Highway between here and Ottawa to lay the dust. The experiment is being carried out by the Department of Highways with a view to determining the relative values of the chemical and of oil for this purpose, and two stretches of roadway, at Spencerville and Manolick respectively, are being treated. The chemical absorbs and retains moisture and forms a coating over the surface of the road. Its cheapness as opposed to an oil treatment is said to be considerable and as both treatments have to be repeated frequently by the department hopes to effect a material saving.

ILLITERACY IN CUBA

Said To Be Increasing Among Whites and Blacks. Havana, Cuba, Sept. 12.—Illiteracy among white Cubans between the ages of ten and fourteen years has increased 15.5 per cent since 1917 and 1918, and among blacks, 22.3 per cent, according to an analysis by Diario De La Marina, of data contained in the 1919 Cuban census, which has just been made public. The paper points out that this increase in illiteracy occurred while Cuba enjoyed self-government, and declares that it indicates a "fundamental crisis" failure of the Cuban school system. The following figures are quoted by Diario De La Marina to substantiate its

RAT FIGHTS LITTLE GIRL FOR CRACKERS

Rodent Tears Stocking Before Spectator Kills It—Six Others Found Where Children Play.

Emboldened by hunger, a huge rat, one of a number seen recently just outside of Bronx Park, New York, attacked a little girl playing with other children and tore away a piece of one stocking before an onlooker clutched the animal by its tail and dashed it to death on the sidewalk. The little girl was Helen R. Miller, four years old of 2139 Dal avenue. The avenue faces the park. Outside the park's iron railing are benches frequented by mothers and nurses. Children frequently play about there. The little girl left her group and ran to one of the benches for a box of crackers. She dropped the box. Instantly the rat ran toward her from its hiding place at the fence. Her socks had slipped down over her shoe tops and the rat, presumably trying to bite the child, dug its teeth into one of the socks. The child screamed. Albert Selas was leaving his home across the street. He ran over and grabbed the rodent by the tail. Selas swung the rat to the sidewalk, killing it. The screams of the child and of women who had witnessed the occurrence brought several workmen from a building nearby. A rat hunt ensued. Half a dozen, all large and vicious, were killed. Residents of the neighborhood said rats had been more numerous and bolder lately than ever before. Keepers in the Bronx Zoo said the pests often went into the lion and tiger cages in search of scraps of meat. A protest will be sent by residents of the vicinity to the Board of Health on the theory that rats have become a menace to health and safety.

CLAIM WORLD AUTO RECORD.

CURED OF DEAFNESS ON A LOFTY FLIGHT

Chicago, Sept. 12.—(By Canadian Press)—Fifteen thousand feet up in the air A. S. Harris, a former soldier, pronounced hopelessly deaf and nearly blind, regained his hearing. Before the airplane flight he was unable to hear the ticking of a watch held to his ear. When he came down he had regained about seventy per cent of his hearing and was able to converse by telephone with his mother. He also said that when he started up he could not hear the motor, but that at a certain height it was suddenly audible.

WILL DRIVE SPOONERS FROM ARLINGTON CEMETERY

Washington, Sept. 12.—Public spooing has reached the limit when the spooners pick out Arlington Cemetery for their activities, army officers have decided. Upon protest of indignant residents adjacent to the cemetery, raids have been instituted to clear the roads around Arlington of midnight parties.

SAYS WOOD ALCOHOL HAS NO ANTIDOTE

New York, Sept. 12.—Dr. Alexander O. Gettler, pathological chemist and toxicologist of the medical examiner's staff, and professor of chemistry of New York University, gives this warning to the public: "Don't drink wood alcohol. There is no antidote. There is sufficient poison in one drink of wood alcohol to kill many persons. Absorption in the human system is quick and fatal. By the time the doctor has been summoned the deadly poison has been absorbed in the system. The only remedy is, don't drink it."

INVITATION TO A SYDNEY, N. S., RECTOR

Rev. C. R. Cumming, rector of Christ Church, Sydney, C. B., has been invited to consider a call to the rectory of Holy Trinity Parish, Bridgewater. The rectorship will become vacant next November when the present incumbent will go to the United States. Rev. Mr. Cumming was rector of Holy Trinity for five years, before going overseas as chaplain in 1916. He has been rector of Christ Church since 1919.

CHINESE CHILDREN STAGE SCHOOL STRIKE

Victoria, B. C., Sept. 12.—Chinese school children are on strike, refusing to attend classes unless placed on an equal plane with white pupils. In the past Chinese boys and girls mingled with whites in schools here, but white parents protested against such an arrangement, and the school board decided to separate the Orientals. A special school was built for the Chinese, but they refuse to enter it.

SKEPTICAL EXPERT.

Glasgow, Sept. 12.—Doctores often fail to diagnose correctly lung consumption as distinct from other respiratory diseases, according to Professor Erist of Paris, in a recent address before the British Medical Association. The speaker said that in 1916 at Compiegne 192 men were sent into hospital with a diagnosis of tuberculosis. Observations showed the diagnosis to be justified in only fifty-three cases. The 139 other cases, he declared, were undoubtedly non-consumptive. In 1918, Dr. Erist examined 342 men in Paris said to have consumption. Of

Fall Styles in Men's Clothes

Fresh from 20th Century Brand and other leading makers, and just taken from the packages come these new suits for Fall, with more snap and dash than ever. If you like to be well dressed, you should know about these suits. They are made of fine all-wool fabrics, and because of their expert tailoring and fine hand needle work they will last longer and look better even after hard wear.

You are invited to investigate the merits of our clothes, it pays to buy the best.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, SEPTEMBER 12, 1922

**GIVES UP HER LIFE
TO SAVE CHILDREN**

**Mrs Adelaide Mangels Pushes
Them to Safety as Auto
Goes Into Bay from Ferry.**

New York, Sept. 12.—Mrs. Adelaide Mangels, wife of Lieutenant Richard Mangels of the fire department, sacrificed her life to save her two children when a sedan automobile, driven by the lieutenant, and in which also was Fireman Daniel W. Mortimer, plunged over the bow of the ferry boat John English into the bay at St. George, Staten Island. The party was returning from Oakland Beach, Staten Island.

Lieutenant Mangels was endeavoring to make room for other automobiles which were to make the trip on the ferryboat from St. George to Bay Ridge, Brooklyn, when the car made an unexpected chain and carried its owner and the other four occupants through a half-inch chain stretched in front of it and a frail gate.

Fireman Mortimer was seated beside Lieutenant Mangels as he endeavored to move the car into the centre of the bow of the boat so that three cars could be drawn aboard, and he and the owner of the car dived through the windshield as the sedan dangled over the edge of the bow for about a minute before it plunged into the water.

Mrs. Mangels was seated in the rear of the sedan with her daughter, Dorothy, 11 years old, and her son, Richard, Jr., 14 years old, both of whom, during the summer at Oakland Beach, had learned to be good swimmers. The lives of her two children were saved owing to the door on the right side of the car having been opened by Lieutenant Mangels a few minutes before the accident.

Pushes Children From Car.
When Mrs. Mangels saw that the car could not be prevented from plunging into the bay she pushed her son and daughter through the door into the water and then turned to follow them, but there was not time. An hour later when the sedan was dragged up thirty feet from the bottom of the bay her body was found hanging over the door on the left side.

The accident was witnessed by thirty passengers who had walked to the bow of the boat and were viewing the bay preparatory for the start to Brooklyn. Their cries drew the attention of deck hands, Lieutenant Mangels and Fireman Mortimer had gone to the aid of the boy and the girl, who were bravely shouting to the passengers on the ferryboat "Save my mamma."

There was a strong tide running at the time, and the two children, although good swimmers, were rapidly becoming exhausted when Lieutenant Mangels reached his daughter and the boy was grabbed by Fireman Mortimer. After a battle against the tide the two firemen managed to get their burdens to the bow of the ferryboat.

There they tied ropes around the two children, who were drawn on board. Both firemen were about to sink from exhaustion, however, when two passengers saved their lives by making loops in other ropes, dropping them over their heads to their armpits and then dragging them to safety.

**TRAGIC LIFE OF
BEAUTIFUL SPY**

**Mati Hari Met Death Facing
Firing Party—Her Last
Lover Passes Life in Prayer
and Fasting.**

Paris, Sept. 12.—That the last of the long series of lovers of Mata Hari, a beautiful dancer and spy for the Germans, who met her death facing a firing party at Vincennes, near Paris, is now expiating his love intrigue under the guise of a Carthusian monk in a monastery in Cartuja de Miraflores, in Spain, is the statement made with considerable corroborative details in the well-known political *Mercur* de France.

The paper gives a remarkable new version of the romantic and tragic life of the beautiful spy from the age of fourteen to her meeting with her last lover, who, before the death of Mata Hari, was a well-known man in Parisian society and whose name is given.

Mata Hari, whose real name was Marguerite Gertrude Zell, was a daughter of a rich Dutch planter in Java and of a Japanese woman. Her father died when she was a child, and her mother, knowing the unfortunate fate of so many Eurasian girls, placed her, at the age of fourteen, as a sacred dancer in a Buddhist temple.

She was only fifteen years old when a Scottish officer, visiting the island and falling desperately in love with the beautiful sacred dancer, carried her off to India and married her. Mata Hari had two children in India. The eldest, a boy, fell suddenly ill and died. Mata Hari was convinced that he had been poisoned by a native servant, and, taking the law into her own hands, shot the supposed murderer while he lay asleep.

Then, fearful of the consequences of her crime, she fled the country and came to Europe, where she settled down in Paris. Her husband, after many months of painful searching, located her there. He came to Paris, bringing with him his surviving child, and found his wife living in a sumptuous flat under the protection of a German officer of high rank who, under civilian guise, was really working for the German secret service.

Mata Hari refused to return to her husband, who finally returned, brokenhearted, to Scotland a little while before the war.

In the course of her intrusion into society and political circles the beautiful dancer made the acquaintance of her last lover, M—, then at the height of his social brilliance. When her intrigues were revealed and she was sentenced to death her lover did everything possible to save her from execution.

A week later, after her death, her lover disappeared, and it is only now that he has been traced to the monastery. Efforts have been made to get in touch with him at the monastery, but the superior scoffs at the idea that such a man is a member of his order and says he has never heard of Mata Hari or of her lover.

Once a man joins the Carthusian order, however, and makes sincere vows of repentance and of a desire to expiate his sins, he is lost to the world. His name is neither asked nor revealed and he passes his life in prayer and fasting, never again to look back on the past.

RECENT WEDDINGS

Mantle-Gallant.

A wedding was solemnized on Saturday evening in Trinity church when the Rev. Albert E. Gabriel united in marriage Miss Corinne Gallant, of St. Anne's, Kent County, and Thomas E. Mantle of this city. The bride was given away by Miss Alice Phillips, the groom being supported by his brother, L. C. Mantle. Mr. Mantle is a native of Kent, England, and served in the world war. The happy couple will make their home at 147 King Street East.

Divorce Custom Defied.

The first Japanese woman to bring divorce proceedings against her husband is Mme. Aki-ko Ito, a cousin of the emperor and a well-known authoress. Hitherto only men have been permitted to sue for divorce in the "Land of the Rising Sun," but Mme. Aki-ko Ito has revolted against an age-old custom, and her darling has caused considerable discussion. She was married at a very early age to a wealthy coal merchant whom she did not love. The majority of Japanese men and women are shocked at her bold step, and women of the town of Fukuoka, where Mme. Ito lived, have expressed their thankfulness that she has left the town, "as her action corrupts the good manners of other women there." It is generally accepted view in Japan that if women are allowed to bring actions for divorce, the social life of the country will go to pieces.

RECENT DEATHS

Gordon Barr.

Gordon Barr died recently in Weymouth at the age of twenty-three years. He was a veteran of the world war, having enlisted with the 112th Battalion, Mrs. Strayhorn of this city is a sister.

Patrick Fitzpatrick.

The death of Patrick Fitzpatrick occurred in Fredericton, on Tuesday night,

The Autumn Exposition

Wednesday and Following Days

Autumn Turns a Revealing Spotlight on New Style Influences.

EVERYWHERE women are asking "What is to be worn this fall?" It is a momentous question that interests the world of women just now. Here at this store we are prepared to answer that question with all the newest and most attractive of authentic modes for fall.

WE extend to women everywhere a cordial invitation to come in and view these newest Autumn arrivals. As a special attraction we have arranged for a High Class Orchestral Program between the hours of 10 to 12 a.m. and 3 to 5 p.m., on Wednesday.

**Fall Frocks
Are Charmingly
Styled**

There's plenty of variety among the new fall frocks—new colors, new materials and new styles.

Beads, embroideries and metallic glints shine forth on lovely creations of elaborate mode. Overdraperies of soft lace are also an important detail and with longer skirts and uneven panels, a brand new silhouette is cleverly introduced.

Women who prefer frocks of plainer lines will find in our assortment ample latitude for choice.

**A Few Fall
Costume Notes**

Street Suits rather emphasize the heavy tweeds. These are fashioned in strictly tailored styles with convertible collars and big pockets. Dressier models reveal soft broadcloths and duvetyns, made with the new side fastening. Some of the handsomest are fur collared and beautifully embroidered in self tones.

**Luxurious Coats for
Early Autumn**

Top Coats of heavy plaid cloths with large collars, roomy pockets and belted or free hanging backs are sharing a popular and well earned demand. Luxurious fur collared models in heavy velours and duvetyns are in modes of the moment and tailored to the finest point of perfection. You will heartily approve these practical and dressy garments.

**Accessories
For Every Costume**

Fashion authorities have launched forth many new ideas for fall in dress accessories of all sorts. Here you will find what is newest and best in the minor details that go to make the success of the entire costume scheme.

Fur Neck Pieces,
Beautiful Costume Blouses,
Strap Handled Umbrellas,
Colored Jewelry,
Neckwear, Millinery,
Hosiery and Gloves,
Dainty Lingerie, etc., etc.

**Musical
Program**

10 to 12 a.m. and
3 to 5 p.m.
On Wednesday.

Color
Dominates modes for 1922—ranging from the softest wood brown to intense enamel shades. Here are just a few of the season's best: Nubian—dark brown. Wood Browns—a range of colors from light to dark browns. Copper Rose—a bright brown. Muffin—biege tones. King's blue—intense bright blue. Brick Dust—rusty red. Aluminum—soft grey.

Fabrics
You've heard about all these new materials and perhaps do not know just the nature of them. Wool Canton—a wool version of silk Canton crepe. Metacel—any fabric quilted in design to give a thick padded appearance. Eponge—naine-like fabric. Olopy—resembling the old fashioned crepons. Duvet De Laine—adapted from velvet. Velour Delain—wool velour.

day in the Toronto General Hospital in his sixty-sixth year.

WOMAN BUYS FIRST AERIAL COMMUTATION TICKET.

New York, Sept. 12.—The unique distinction of being the first woman to purchase an aerial flight commutation ticket has fallen to Miss S. W. Winter, sales manager of the Motor List Company of Cleveland.

Miss Winter's main office is in Detroit and she has occasion to go over to the Michigan city two or three times a week. Several days ago friends persuaded her to try the aerial route, and she flew over in the "Wolverine," eleven passenger flying boat; one of a fleet now being operated by the Aeromarine Airways on a daily schedule between this city and Detroit. Upon the completion of her first voyage, Miss Winter asked the passenger agent of the company if she could purchase a commutation ticket at a special rate. The regular fare for the round trip is \$75. The passenger agent recently issued her a ticket at the Aeromarine booking office in the main lobby of the Hollenden Hotel. This ticket calls for fourteen round trip flights at the special rate of \$50 a round trip.

When asked why she had chosen the air route, Miss Winter said: "Time is a great element in my business. It did not take me long to realize that I could save practically one day and

two nights by flying over to Detroit and returning the same day. And there is another angle to it too—I tell my prospect that I just flew in to get his order and I generally get it."

The double daily flying boat service between Cleveland and Detroit is being well patronized by the citizens of both lake cities.

**DISCUSS VICTORY
OF LAFOLLETTE**

**Discloses Contest Between
Modernists of Republican
Party and the Old Guard.**

Washington, Sept. 12.—(By Canadian Press)—The fact that Senator Robert M. La Follette has been renominated for the senatorship in Washington by a record-breaking majority for primary contests in his state is commanding more than passing notice in Washington.

As interpreted here, the great victory of Senator La Follette, though there were a number of factors in it, is due primarily to the same causes which have resulted in a number of states in the defeat of the republican Old Guard. The La Follette victory is not at all the liking of the Harding administration, though it does not appear there was any strict drawing of administration and anti-administration lines in the voting.

Some effort is made to interpret the La Follette victory as due to the fact the wets supported him. Some attribute it to the fact he was not friendly to the war policy and had the support of German-Americans in the state to a large extent. Neither of these things, however, affords the real explanation of the triumph of La Follette and the fact his whole ticket in the state was victorious.

Senator La Follette in season and out has fought against high railroad rates under the existing Cummins-Esch transportation act. He has fought the high rates of the new tariff measure, now about to be enacted. He has fought ship subsidy, which the farmers of the U. S. do not want to be compelled to pay for. He has fought against extravagance of campaign expenditures, which is now described by the term Newberyism.

In other words, Senator La Follette has taken a position which is squarely opposed to the position of the Old Guard republican leaders in Congress, in the executive departments, and elsewhere. He has taken substantially the same position as Colonel Brookhart, who some weeks ago won a big victory in getting the sensational nomination in Iowa.

about the same position as R. B. Howell, who won the nomination for senator on the republican ticket in Nebraska; much the same position, too, as Beveridge of Indiana who defeated Senator Harry S. New for the senatorial nomination.

What has really happened, in other words, is that another enormous vote has been rolled up by the progressive elements in the republican party as against the Old Guard elements. In La Follette's case, the large progressive vote was reinforced by other elements, but the lesson of the Wisconsin result does not greatly differ from the lesson of Iowa, Nebraska, Indiana, North Dakota and other states. It is not to be overlooked that in these states the agricultural vote is trending profoundly away from the Old Guard republicans, as well as away from the conservatives democratic cause, to progressive republicanism, and, to a less degree, to the progressive democratic view of things.

Woman Candidate's Platform.

Madison, Wis., Sept. 12.—(By Canadian Press)—Wisconsin's woman candidate for Congress, Miss Martha Riley, has issued her platform in brief form. Here is it: "I am opposed to tax revision for the buccaners and to Senate seats for the auctioneers." "I favor a people's bloc in Congress instead of a millionaire's bloc."

SCENES OF HORROR AS SHIP GOES DOWN

Death Total in Hammonia Disaster Unknown

Rescue Vessel Finds Ocean Dotted by Life Rafts and Overturned Boats With Men, Women and Children Clinging to Them in Desperation.

(Canadian Press Cable) Southampton, Eng., Sept. 12.—The loss of life in the foundering of the German steamer Hammonia off Vigo, Spain on last Saturday, will probably never be definitely known. The passenger list was not saved, and the total of those on board can only be approximated.

Captain Alfred Hecker, commander of the Hammonia, asserts that only fifteen persons are missing out of 537. The crew, he believes, numbered 192, and the passengers 345.

Captain Day, commander of the steamer Kinfauns Castle, which brought 385 survivors here, says he saw possibly eighty drownings, while others place the death list as high as 150. One reason why the number lost will probably never be known is that most of the passengers were Spanish or Cuban workmen, whom it will be impossible to trace.

Fearful Scenes. During his fifty years at sea, in which he has saved four ships and their crews, Captain Day told the Associated Press he never witnessed scenes of horror equal to those on Saturday.

"When we received the S. O. S. on Saturday," he said, "we hurried to the

Cuticura Talcum Is Soothing For Baby's Skin After a bath with warm water and Cuticura Soap there is nothing more cooling and refreshing for baby's tender skin than Cuticura Talcum.

scene and stood by for several hours until told that we were not needed. Then, when resetting our course late in the afternoon, we got a second call and hurried back in a heavy sea. We saw the Hammonia on her side, sinking, with the ocean full of life rafts and overturned boats, to which drowning men, women and children were clinging. We got out eight boats, and there was a great rush among the sailors to be the first to the rescue.

"They brought on board 385 persons. One of our boats delivered seven to the City of Valencia; eighty-eight were rescued by the Euclid and possibly sixty by the Tudor Prince. If there were any more they were lost."

Captain Hecker, who formerly commanded the liner Imperator, said he had been going to sea for sixteen years, in which time he had never suffered an accident. Then, with lips quivering, "I lost my ship, and cannot even say why. It will remain one of the mysteries of the sea."

"When we left Vigo," he continued, "strong cross winds began to blow and we slowed down. Then I found the ship leaning and put her head to the storm, but the water kept creeping upward. I sounded vainly to ascertain the whereabouts of the leak, and set the pumps working at 3,000 tons to the hour. "I did not dream that such a stout ship could be in danger, but the water kept climbing, and when the ship was listing I sent out the S. O. S. Then, hoping against hope, I refused aid until the very last. I quieted the passengers and assured them they would be saved. When some Spaniards became unruly, I permitted them to put off in two boats, which quickly overturned.

"It was then that the rest of the boats began putting off. They were met by those from the Kinfauns Castle and picked up.

"I refused to leave the ship and nineteen of my engineers and officers declared they would remain. Even Fritz, the ship's cook, and Johann, twelve year old cadet, stayed when the waters were sweeping the lower decks. We finally showed off, but the waves were so powerful that, with two men on each oar, it was difficult to go more than a few yards, and we were almost caught by the sinking vessel. As she went by, the stern there was a big explosion, shooting the green seas a hundred feet into the air."

CONTINENT ON DRIFT WESTWARD?

London, Sept. 12.—Is the American continent drifting westward and slowly leaving Europe behind? It is, if a theory propounded at Hull yesterday by Wegener, a German geologist, is correct. He declares that the various continents originally were joined at the poles, but that now they are slowly drifting away from the poles from east to west. America is moving westward faster than Europe, he said, and Greenland still fast-er than America. He added that this movement had been proven by experiments at observatories in Europe and at Washington.

Prof. Turner of Oxford said there was no astronomical observation worthy of serious consideration in support of Wegener's theory. Greenland, he admitted, had an apparent drift, showing a change of three quarters of a mile in position between 1823 and 1907. All other evidence, however, was against the existence of changes in latitude and longitude.

TORONTO GIRL STUDENT DROWNS

Toronto, Sept. 12.—While trying to swim across the Wasago River near its outlet in Georgian Bay, Miss Lena Pugsley of Toronto, a student at McMaster University, lost her life yesterday. There was a heavy surf. A younger sister, Helen, who was also bathing in the river, made an attempt to rescue her by going out in a canoe, but failed. The body was recovered.

TWO MORE FAIRS OPENING TODAY

St. Stephen and Woodstock Exhibitions Look for Big Success—Accident Yesterday.

Both the Woodstock and St. Stephen exhibitions opened today and both bid fair to be unqualified successes. Woodstock Wednesday will be the big day from a racing standpoint and it is expected that the attendance will approximate 30,000 people. Business places in Foulton, Maine, will close on Wednesday at noon to permit all who wish to attend the fair across the border. Every seat in the grandstand was filled before the first of the week.

MONTE CRISTO A SCREEN TRIUMPH

Alexander Dumas' Masterpiece at the Opera House—Excellent Cast in Difficult Roles.

Those who witnessed the premier showing in Canada of the William Fox super production Monte Cristo, based on Alexandre Dumas' immortal novel last night at the Opera House, declare without hesitation that it is the greatest piece of adventure and fiction that has yet come to the screen.

The cast is of surprising excellence, containing such names as John Gilbert, Bert McKim, Spottiswoode Aitken, George Stegmann, Virginia Faire, Francis MacDonald and Gaston Glass, the photography and camera work the work of all those who beheld it, the costumeing gorgeous and serving to stimulate the fancy.

It seemed to all that Dumas' characters had stepped from the book and recalled pleasant evenings spent in the reading.

Dantes starts from the arms of his bride in the very midst of the marriage feast, and is thrown into the darkest dungeon of the Chateau d'If. His tunnelling to freedom, his escape in a hurried boat, his substitution by a clever ruse for the dead abbe's body, how he finds great treasure, his return to the world as the Count of Monte Cristo, how he finds his former enemies and how he avenges himself are thrills that are not soon forgotten.

Monte Cristo is now playing in New York at the 44th Street Theatre at \$1.65, and the Opera House management is fortunate in having obtained this masterpiece for the first showing anywhere in Canada, and especially at such low prices.

Monte Cristo will remain at the Opera House to and including Thursday. A complete new change of programme will be offered on Friday at regular prices, and will include an old-time amateur contest.

SCHOOL MATTERS BEFORE BOARD

At the regular meeting of the school board last evening it was decided to call for tenders for the sale of the Newman street school building. A report on the leaky condition of the roof of the Alexandra school was referred to the building committee. Applications for the position of janitor were received from William O'Donnell and C. H. Smith and were ordered filed. A letter from J. S. Gibbon & Co. offering to supply the schools with several hundred tons of fuel if the order was placed at once was referred to the building committee. A. G. Gunter, manual training teacher, wrote commending the work of several of the boys who had exhibited their work. A vote of thanks was passed. George E. Day brought up the matter of the Lorne school playground. A motion was passed that a report be submitted on the cost of grading the grounds.

HEMORRHOIDS

Do not suffer another day with itching, bleeding, or protruding Piles or Hemorrhoids. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 50c a box; 10c a box of Edman's ointment. Dr. Chase's Ointment, Toronto. Sample box free.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

STIRRING STORY AT THE UNIQUE

"Winning with Wits" Proves Human Interest Tale, with Prominent Fox Players.

The personality which was a place in the galaxy of Fox stars for pretty Barbara Bedford was again reflected on the screen to great advantage last night at the Unique Theatre, where she opened an engagement in her new picture "Winning with Wits."

The story carries an acute human interest and deals with all kinds of situations from business methods to Hindoo magic. It is an exceedingly clever tale, an adaptation of a story by H. Van Loan, a noted fictionist, relating the experiences of a courageous young girl who puts into execution a scheme to fight for her father's freedom—and who wins.

One of the ways in which she secures a confession from her father's employer and false accuser is by means of a clever fortune telling stunt, in which she dresses herself as a famous seeress and conjures up before the eyes of the terrified employer an apparition of her father. This scene is especially well acted and is beautifully designed and costumed.

No Trouble to Keep Skin Free From Hairs

(The Modern Beauty.) There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delatone with water it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken to see that you get real delatone. Mix fresh as wanted.

WORLD DRY CONFERENCE

Forty Countries to Be Represented at Toronto Meeting.

Toronto, Sept. 12.—Forty countries are expected to be represented at the International student conference of the International Prohibition Association to be held here November 24 to 29.

Among the delegates more than 500 from colleges in the United States and Canada have announced they will attend. The conference will be held in co-operation with the convention of the World League Against Alcoholism.

WORKMEN'S COMPENSATION BOARDS IN COUNCIL

Edmonton, Sept. 12.—A council of the workmen's compensation board of Canada, opened here yesterday. The sessions are private. P. J. Patton, chairman, Nova Scotia board; J. A. Sinclair, chairman, New Brunswick board; Eugene, commissioner, New Brunswick board; S. Price, chairman, Ontario board and T. N. Dean, statistician, Ontario board.

The object of the conferences, which are held annually, is to discuss various phases of the acts in their relationship to each other with the general idea of uniformity. The conference took place last year in St. John.

SAVED MAN'S LIFE BY PUNCH IN JAW

Wideawake Policeman Tells Rescuer to Apply "Fist Aid."

New York, Sept. 12.—After a fight of fifteen minutes in the North River, Harry Whitman, twenty-five years old, of number 618 Monastery street, Hoboken, N. J., rescued Patrick Kennedy, 40 years old, of number 613 Third avenue, who had jumped into the water to die.

Kennedy did not want to be saved, and he fought off his rescuer. "Go away; I want to drown," he said, as Whitman struggled with him.

Patrolman Joseph O'Connell who had been told that a man was overboard, ran to the end of the pier and saw Kennedy swing his right fist at Whitman.

"Punch him on the jaw," shouted the policeman, Whitman did so and Kennedy was knocked out. A few minutes later he was lifted to the pier and revived by the policeman and Whitman.

SMUGGLES LIQUOR IN SKIRT.

Woman With Hidden Pockets Nearly Betrayed by "Nerves."

Atlantic City, N. J., Sept. 12.—Pockets in the skirts is the latest whim of fashion for women who want to smuggle liquor into the country, according to Mrs. Burr McIntosh, wife of the actor-newspaperman, who has just returned to the United States after a two years' residence in Paris.

"I was highly amused at an incident which I saw in the customs house," she said, "a well-known woman had made an adaptation of a story by H. Van Loan, a noted fictionist, relating the experiences of a courageous young girl who puts into execution a scheme to fight for her father's freedom—and who wins.

One of the ways in which she secures a confession from her father's employer and false accuser is by means of a clever fortune telling stunt, in which she dresses herself as a famous seeress and conjures up before the eyes of the terrified employer an apparition of her father. Don't Forget Those Repairs

Phone your carpenter and have the mouldings fixed on doors; the window caps and cornices.

Renail the clapboards and shingles.

Some of the outside steps need renewing.

Do it now while the weather is good.

For moulding, steps, etc. PHONE MAIN 1893.

THE CHRISTIE WOODWORKING CO. LTD. 65 Erin Street.

The Front Door Makes a Difference

The entrance door, of all others, should be especially attractive, expressing welcome alike to stranger, visitor and members of the household.

BEAUTIFUL FRONT DOORS

shown in our Exhibition, both last week attracted much favorable comment, some having been purchased by enthusiastic admirers.

We will be glad to show you these doors; or sketches of them if you are unable to call at our factories.

Phone Main 3000.

Murray & Gregory, LIMITED Cutting Mill—Aladdin Company.

Death in Winnipeg Fire.

Winnipeg, Mon., Sept. 12.—James Taylor, 255 Roseberry street, St. James, lost his life in a fire which practically destroyed the Kennedy building in Portage avenue yesterday. The body was found,

COTTON CONSUMPTION.
Purchases by Importing Countries 31 Per Cent. Less in 1921 than 1913.
Washington, Sept. 12.—The cotton trade of the world has decreased one-third, or approximately 2,000,000,000 pounds from the figure which it had reached before the war, according to a survey issued by the U. S. Commerce Department.

The combined importation of raw cotton by the twelve principal cotton importing countries of the world in 1921, the survey stated, was 4,412,000,000 pounds as compared with a total of 6,451,000,000 pounds in 1913, while the combined exports of the six principal cotton-producing countries in 1921 aggregated 4,697,000,000 pounds, as against 6,748,000,000 pounds in 1913.
Decreases in the importation of raw cotton were noted for Belgium, England, France, Germany, Italy, Mexico, Holland and Spain, the decreases ranging from thirty-three per cent. for Belgium to sixty-eight per cent. for Germany, with Mexico falling off nearly 100 per cent.
Increases in importations were shown for Canada, China, Japan and the United States, there being only a slight increase for Canada and the United States.

INDEPENDENCE
THE DOMINION GOVERNMENT ANNUITIES SYSTEM
affords an unequalled opportunity for the investment of small or large amounts for the purchase of an annuity of from \$50 to \$5,000 a year for life, to begin immediately or at any future age desired, and to be paid in monthly or quarterly instalments.

Annuitants may be purchased on a single life, or on the lives of two persons jointly.
After contract issues, no restriction as to residence.
Employers may purchase for their employees—School Boards for their teachers—Congregations for their Ministers.
Can be seized or levied upon.
No medical examination required.
Free from Dominion Income Tax.

SECURITY—THE DOMINION OF CANADA
Descriptive booklet may be obtained by applying to the Postmaster or by writing, postage free, to S. T. Bastard, Superintendent Dominion Government Annuities, Ottawa. When writing, kindly state sex, and age or ages last birthday.

Only Criticism of Film Stock
The only cause of hesitation found on the part of purchasers of shares in the N. B. Films Ltd. is the extraordinary profits feature.

As a matter of fact the generous dividend idea is not extraordinary at all as films go. Witness one fourth of the moneyed wealth of the United States being held in Los Angeles.

If there were any room for criticism, the capitalization would not have back of it such prominent directors nor would the shares be offered by Eastern Securities Co., Ltd. J. M. Robinson & Sons, Ltd.

Use the Want Ad. Way

**MEAT PRICES
STIR MONTREAL
HEBREW WOMEN**

Mass Meeting Over Koshers
Cost is Held—To be Settled
by Arbitration.

Montreal, Sept. 12.—A mass meeting of Jewish citizens, mostly women, was held on Sunday afternoon. It all started over the price of kosher meat. Hebrew butchers boosted the price of kosher meat from eight to ten cents a pound to eighteen and twenty cents. Unlike the Gentile consumer, the Hebrew housewife is restricted by her faith, and has not so large a market in which to buy. When the women learned that the prices had been boosted there were lively scenes around some of the kosher butcher stores; pickets paraded and the scenes resembled strike incidents. In the afternoon a mass meeting was held, and the speeches exhorted a boycott of the butchers charging high prices, as well as a continuance of the "strike" against buying.

The meat dealers known as "schochet" men, qualified by ecclesiastical as well as trade knowledge, defended their action by declaring that there has been a rate war and that an agreement was finally reached whereby it was decided to fix what they regarded as a fair scale of prices.

The speeches at the meeting were vehement, and the majority of the speakers were women. While the women were speaking they were surrounded on the platform by a crowd of their sex who supplied by prompting anything the speakers forgot to say about the butchers. But before the meeting came to business a private conference had been held between some of the leaders in the movement and the meat dealers, at which the latter proposed that the matter be submitted to a board of arbitration composed of six members from each side, with an impartial chairman. Such take place within three days, and in the meantime the shops should be closed.

The meeting accepted the proposal in principle, but wanted nine representatives and they decided that while other matters might be left to the adjudication of mere men, this was a case where the woman had something to say, and she intended to say it. Largely signed petitions circulated during the meeting pledged the signatories to deal only with those stores that were recommended by the consumers' league, it being intimated that while the present protest is directed

against the meat dealers, the league intends to keep a vigilant eye on other vendors.

**NO RAILWAY CAN
LONG WITHSTAND
LOSS OF FORESTS**

Careless Canadians are Destroying
Timber Assets Vital
to National Lines, Says
Chief Commissioner.

Ottawa, Sept. 12.—"Every forest fire that broke out within fifty miles of the Canadian National lines this summer stole away some of the immediate or potential traffic and delayed to that degree the financial buoyancy of the public owned system," said C. Price Green, chief commissioner of industries and resources of the Canadian National Railways in an interview here.

"A large mileage of the Canadian National runs through natural timber growing lands which can never produce any other marketable crop than timber. At the same time, these wooded regions are generators of tourist traffic and account for the rapidly expanding number of visitors from the United States traveling on our lines, as well as for the great volume of recreational travel on the part of Canadians. The security of the forests, therefore, is absolutely vital to the solvency of any railway system in this dominion.

"The destruction of forests by fire this year was not the work of the railways, as government reports will prove, but of fishermen, campers, settlers and woods travelers generally. It is the careless citizen, himself a shareholder in the Canadian National, who can wreck or maintain these forest resources so essential to our national prosperity and the successful operation of the public-owned railway system."

**MAJESTIC RECORD LIST 833
FIRST-CLASS PASSENGERS**

The White Star liner Majestic sailed for New York on Wednesday carrying 2,200 passengers. Of this number 833 were first-class passengers, and this is said to be the largest number of such passengers ever carried by any Atlantic steamship on either a westbound or an eastbound trip. The large number was due to the homeward rush of summer tourists.

**GRAMOPHONE AS
AID TO SURGERY**

London, Sept. 12.—Gramophone music is claiming admittance to the operating theatre on the grounds that it diverts the patient's thoughts from what is about to happen, and when the anaesthetic is being administered, pleasantly lulls him to sleep.

A Times correspondent stated that satisfactory results have followed the experiment in America, and suggests that music, before and after the operation, tends to lessen the evil effects of a severe operation.

"I cannot conceive music being useful in diverting the mind of the patient from the imaginary terrors of the operation," said a surgeon at the Middlesex hospital.

"I suppose one would have to find the kind of music best suited to the patient's moments of nervous stress. This would be rather a business."

"As it is designed with the gramophone should be played as the patient recovers consciousness, the machine would have to follow him to the ward and stand beside his bed."

"I do not think the average patient would want any music at such a time. It might annoy him. I can imagine a patient occasionally contributing to lessen the after-effects of a severe operation by immediate use when the patient is very ill."

It seems as if the musical programme for an operation would have to be in two parts—one the "before-and-after" principle. Thus, the patient who might like a little "jazz" while the anaesthetist took him in hand, would not care for that kind of music when he wakened and found himself the sickest man in the world and minus his appendix.

On the other hand, though he might like at such a time to hear his favorite ballad, "The Sailor's Grave" or "The Lost who does not know one note from another. The gramophone might tell funny stories before the operation, but what would it do for him—and the stitches—afterwards?"

**SAYS CANADA
HAS DONE BEST**

U. S. Senator Scores U. S. for
Declared Poor Treatment
of Returned Men.

Washington, Sept. 11.—(By Canadian Press).—In the recent discussion of the soldiers' bonus bill in the Senate, there were references to the treatment of the Canadian great war veterans by the Canadian government, and it was added that the government of the dominion had been more generous than the government of the U. S.

Senator Ransdell of Louisiana declared that the course of the U. S. government "shameful" and pointed out that Canada, Australia and Great Britain, as well as France and Belgium, had done more for their veterans than had the U. S. He put Canada at the head of the list in libel on the former service men. Senator Ransdell said:

"The shameful conduct of this government towards its soldiers since the end of the war stands out in bold contrast when compared with the treatment of other soldiers at the hands of their countries."

"Other smaller nations with much less wealth have long since adjusted the compensation of their ex-service men. Canada, with a national wealth estimated at \$11,119,953,000 and an indebtedness of twenty per cent, thereof, has paid adjusted compensation to her soldiers since the war averaging \$340 each. France, with a wealth of \$58,398,000,000 and an indebtedness of more than ninety-four per cent, thereof, has paid an average of \$392.25 each. Great Britain, with a national wealth of \$70,564,250,000 and an indebtedness of more than fifty-two per cent, of her wealth, has paid an adjusted compensation which averages \$102.50 each. Belgium, with a wealth of \$14,307,510,000, and an indebtedness of twenty-six per cent, of her wealth, has paid an average of \$287 each; and Australia, with a wealth of \$7,445,745,000 and an indebtedness of twenty-five per cent, thereof, has paid an average of \$409.50 as adjusted compensation to its ex-service men. Yet this great nation, with an estimated wealth of \$394,280,000,000 and an indebtedness of only 11.7 per cent, has thus far paid a bonus of only \$60 each.

"Under the terms of the pending bill the compensation to a soldier could not exceed \$928 in the case of overseas service, and \$500 in the case of home service. I am unable to ascertain what the average compensation would be, but a fair assumption is that it would be not to exceed \$400 each, or less than the amount paid either by Australia or Canada. In other words, our mighty republic, with a national wealth nearly twenty times as great as Canada, and a debt of only 11.7 per cent, as compared with Canada's debt of twenty per cent, would, in the event this bill passed, pay to the men a sum smaller by at least \$140 per capita than Canada paid to its soldiers in the way of adjusted compensation. Is not that a humiliating position for the United States to occupy?"

**MIDGET, 22 INCHES TALL, TO BE
U. S. CITIZEN; SEEKS A WIFE**

New York, Sept. 12.—Pepino Magro, twenty-two inches tall and weighing only forty-five pounds, appeared at the federal naturalization bureau, Brooklyn, to apply for his final naturalization papers. They were granted, and in ninety days he will become an American citizen.

The midget is 29 years years old and was born in Messina, Italy. He has been in this country since 1913, and gave his occupation as "exhibiting myself," saying that at present he was at Coney Island. When asked if he was married, he replied, "No, but I'm looking for a wife."

When the papers were ready Magro was lifted to the counter to sign them.

Thirty members of the Jessie Chipman mission circle of Portland Methodist church met yesterday at the home of Miss Mary Kirk, Millidgeville. Supper was served on the lawn, after which the company adjourned to the house, where the monthly meeting was held with Mrs. Frederick Smiler, the president, in the chair. Miss Carrie McConnell had charge of the devotional exercises. Miss Anna Alley and F. W. Merrill gave interesting reports on the missionary conference held in Wolfville (N. S.) in July. At the close of the meeting the members of the circle expressed their thanks to Mr. and Mrs. Kirk for entertaining the members so satisfactorily.

**WILL PRESIDE
AT METHODIST
CONFERENCE**

Toronto, Sept. 12.—Rev. Dr. Samuel Dwight Chown of Toronto, general superintendent of the Methodist Church in Canada, who will preside at the opening of the Methodist General Conference in this city on September 27, has been general superintendent of the Church for twelve years, being associated with the late Dr. Carman for four years of that time, and being the sole occupant of the position for the last eight years.

Dr. Chown has been an outstanding figure in Canadian Methodism for many years. His activities in religious, social and moral reform movements have extended out far beyond the borders of the dominion, and he has an international reputation. The general conference of the Methodist Church is one of the great religious organizations of this country and this parliament of delegates is representative of every section of Canada,

Newfoundland and Bermuda, and the great mission work in China and Japan. During its coming two weeks' session in this city it will plan for the general progress of the church.

Dr. Chown received his education at the Kingston Grammar School, and at Victoria University, Coburg. The honorary degree of doctor of divinity was conferred upon him by Victoria University in 1898, and he holds the same degree from Knox Church; also the LL. D. degree from Mount Allison and Ohio Wesleyan Universities. He was ordained a minister in 1879, and for twenty years was in the active pastorate, during which he held important charges in the Toronto and Montreal conferences.

Among the official positions Dr. Chown has held in the Methodist denomination are the following:—Chairman of the Toronto West District, 1897-9; chairman of the Toronto Central District, 1900-2; president of the Toronto Conference in 1900, and secretary of the Social Service Department of 1902-10.

Dr. Chown has been a member of the joint committee on the question of church union since the beginning of negotiations. He has been an ardent advocate of the union of Methodist, Presbyterian and Congregational churches of this country, and has frequently spoken in public in support of that proposal.

joint committee on the question of church union since the beginning of negotiations. He has been an ardent advocate of the union of Methodist, Presbyterian and Congregational churches of this country, and has frequently spoken in public in support of that proposal.

**CANADA'S DEBT CUT
DOWN FIVE MILLIONS
DURING LAST MONTH**

Ottawa, Sept. 11.—A further decrease in the net debt of Canada amounting to almost \$5,000,000, is shown in the statement for August issued today by the financial department. The net debt on Aug. 31 was \$2,387,676,265, as compared with \$2,392,542,628, at the end of July, a decrease of \$4,866,363 during the month. The debt on Aug. 31, this year, was approximately \$43,000,000 greater than on the same date a year ago, when it amounted to \$2,344,949,065.

So genuinely good is its reputation in our Home Provinces here in the East, folks who like good Tea are wont to say: "We use RED ROSE TEA."

**RED ROSE
TEA** "is good tea"

The fine quality of RED ROSE COFFEE will please particular people.

The Joy

Of watching film-coats disappear from teeth

If you don't know these facts as yet, send now for this free test.

All the world over careful people are brushing teeth in a new way. Millions of them in America alone. You see the results in prettier teeth wherever you look today. Now let your own teeth show them.

Combat the film

Your teeth are coated with a viscous film. You can feel it now. It clings to teeth, enters crevices and stays. No ordinary tooth paste can effectively combat it.

Film absorbs stains, making the teeth look dingy. It then forms cloudy coats. Tartar is based on film. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. All of these troubles were constantly increasing under old brushing methods.

Then this came

Dental science then began a search for film combatants. Eventually two were found. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective. Then dentists everywhere began to advise their use.

A new-type tooth paste was created, based

No Cost

A ten-day test is free. Simply send the coupon.

The Joy

Of watching film-coats disappear from teeth

on modern research. The name is Pepsodent. In that modern tooth paste are embodied those two great film combatants.

Two other effects

Pepsodent brings two other effects which research proves essential. It multiplies the alkalinity of the saliva. That is there to constantly neutralize the acids which cause decay. It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids. Thus Pepsodent, twice daily, gives manifold power to Nature's great tooth-protecting agents in the mouth.

What it means to a child

Pepsodent brings a new era in teeth cleaning. It means that children need not suffer what you may have suffered from your teeth. It means that boys and girls, as they grow up, need not have dingy teeth.

Do this

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

One week will bring to you and yours a new idea of what clean teeth mean. Cut out coupon now.

Designed by Simmons
A Bed in the Finest
Colonial Traditions

RIGHT in line with the vogue of the antique four-poster is this new Simmons creation, a masterpiece of designing in the early Colonial manner.

It is finished in rich Mahogany and Walnut—with the "hand rubbed" character which distinguishes the fine furniture of the early British Period.

One can readily picture how exquisitely this new "Madison" Bed will fit in with the taste of the furnished bedroom. Whether in company with cherished heirlooms of the Colonial bedroom or in the pleasantly "homey" furnishing of many of the most pleasing rooms of today.

The Simmons "Madison" Bed sells at a notably low price—materially less than usual for beds of such character and distinction.

Furthermore, the "Madison" is a Simmons Bed. It is built for sleep.

A bed always four-square, always firm, always noiseless, always restful. Built for sleep.

Simmons Beds—Built for Sleep \$8.00 to \$75.00

Simmons Springs—Built for Sleep \$5.50 to \$50.00

Simmons Mattresses—Built for Sleep \$10.00 to \$60.00

The "Fronton" Spring
The first bed-spring to embody the science of balanced compressing construction and traction. Note the little helical springs connecting not only the top but also the center of the springs.

Be sure to see the Simmons Label on Bed, Spring and Mattress before you buy.
The Simmons Label is your assurance of sleeping equipment built for sleep. It gives you Simmons Beds, Springs and Mattresses made in No other way.

BASEBALL
Cobb Has Made 3,000 Hits.
Ty Cobb, manager of the Tigers and the greatest ball player of all time, has added another great accomplishment to his remarkable record. When he connected for a single off Urban Shocker of the Browns on Sept. 1 he ran the total number of hits made during his major league career up to 3,037, surpassing by one hit the record of Napoleon Lajoie, former star of the Cleveland Indians. Lajoie took twenty-one years to make more than 3,000 hits while Cobb has reached that total in only eighteen seasons. Only four players in the forty-seven years of major league baseball history have succeeded in making 3,000 hits during their respective careers. They are Hans Wagner, who leads with 3,490; Cobb, Lajoie and Cap Anson.

Their lifetime batting records follow:
Player Yrs. Gs. Hits P.C.
Wagner 21 2,794 3,490 .329
Cobb 18 2,957 3,240 .372
Lajoie 21 2,469 3,286 .388
Anson 22 2,283 3,081 .329

Roush Suspended.
Cincinnati, Sept. 12.—Ed Roush, star outfielder of the Reds, has been indefinitely suspended for bad language to the umpire Moran in a game between the Cincinnati and St. Louis teams, according to a message from President John Heydler to the Cincinnati club management. Roush and Moran had an argument following a decision at third base when Roush was called out as he slid into the bag on a hit into the outfield.

Olding to Manage Richmond Club.
Richmond, Va., Sept. 12.—Rube Olding, former American League player, has signed a contract to manage the Richmond club of the Virginia League next season, owner James Crass has announced.

National League—Monday
New York 7, Boston 6.
New York 7, Boston 6.
These were the only games scheduled.

American League—Monday.
St. Louis 5, Detroit 4.
New York 9, Philadelphia 4.
Washington 12, Boston 8.

In the New York-Philadelphia game Babe Ruth hit two home runs and a pair of doubles.

International League—Monday
Toronto 6, Syracuse 5.
Baltimore 9, Newark 2.
Reading 7, Jersey City 4.

Giants May Sign Scott.
San Francisco, Sept. 11.—"Death Valley" Jim Scott, who was released from the Chicago White Sox several years ago because it was thought he was through as a hurler, has staged such a successful comeback that he has been recommended to the New York Giants by Bill Leung, John McGraw's western scout, who once was a major league star himself.

Pitching for the San Francisco club of the Pacific Coast League, Scott this year has had one of his most successful seasons, having won twenty-one and lost six games to date. Lange feels that with a strong club like the Giants behind him Scott would do as well in the majors as he is doing in the minors.

A Shut-Out.
The Montreal Royals defeated Sherbrooke Eastern Townships team in Montreal in an exhibition game yesterday, score 8-0.

RING
Tender Defeats Hammer
Lew Tender, Philadelphia lightweight, defeated Ever Hammer, of Chicago, in an eight round bout staged in the National baseball park in Philadelphia yesterday. Hammer was badly outclassed.

TURF
Grand Circuit Meet
The grand circuit meet started in Syracuse yesterday. Dottie Day won the 2:09 class trot in straight heats, best time 2:05 1/2. Plain Mac won the 2:15 class trot in straight heats, best time 2:08 1/2. The 2:08 class pace went to D. W. Maloney, two out of three heats, best time 2:07 1/2, made by Margaret Spangler in the first heat.

AQUATIC
Canadian Aquatic Association.
Montreal, Sept. 12.—W. H. Gatherville was elected president of the Canadian Aquatic Amateur Association at the annual meeting of the organization held here last night. Other officers elected were: Wm. Aird, first vice president; C. Cameron, second vice president, and A. W. Ross, honorary secretary treasurer.

RING
Knock-Out in Third.
New York, Sept. 12.—Sammy Sieger, New York featherweight, was knocked out in the third round of a scheduled twelve-round contest here last night by Kid Sullivan of Brooklyn, hard-hitting brawler.

Lynch vs. Wolfe.
New York, Sept. 12.—Joe Lynch, bantamweight champion, has been matched for fifteen rounds with Jack Wolfe of Cleveland at Madison Square Garden, Sept. 22.

TURF
A large crowd witnessed good sport at the Exhibition track, Halifax, on Saturday, and some fast time was made by the horses in the 223 class. The winners were:
Free-for-All
Alfred Todd 1 1 1
Fred Leonard 2 2 2
Best Time—2:25
223 Class
Tony Hall 1 1 1
Crown J. 2 2 2
Wilfrid Hal 2 3 3
Time—2:18, 2:17 1/2, 2:17 1/2.
Napoleon C., Wilton Boy and Frank Ambulator also started.
230 Class
Bingen Souls 1 1 1
Lady Marshall 4 2 2
Lord Kitchener 2 4 4
My Colonel 3 5 2
Best Time—2:23
Mikado won the running race, with Dan Hawthorne second.
On next Saturday there will be a special race with Tony Hall, Alfred Todd and Crown J. contesting.

LEONARD AND WHITE
TO MEET ON OCT. 6
Lightweight Champion and
Chicagoan are Matched for
12-Round Bout in Jersey
City.

Benny Leonard, world's lightweight boxing champion, will defend his crown against the assaults of Charlie White of Chicago in a twelve-round bout at Boyle's Thirty Acres, Jersey City, on the night of Friday, Oct. 6, according to an announcement by Promoter Tex Rickard. In accordance with the condition of the championship battle the two boxers will weigh in at 135 pounds on the afternoon of the day set for the bout.

The coming bout will be the second meeting between the lightweight champion and one of the foremost contenders for his title. In their first engagement held at Benton Harbor, Mich., two years ago last July, the champion scored a knockout over his Chicago rival in the ninth round of a scheduled ten-round battle. Up to that time White had given Leonard quite a battle and in the fifth round knocked the champion through the ropes. Leonard then staged a strong rally and finally stopped his opponent in the ninth round.

The bout with White on Oct. 6 will mark the first appearance in competition of Leonard since he easily out-pointed Ever Hammer of Chicago in a ten-round battle at Michigan City on Aug. 5, and it will also mark his first important engagement since he successfully defended his title against Lew Tender of Philadelphia at Boyle's Thirty Acres several months ago.

Leonard's mouth is still in bad shape as the result of injuries received in his bout with Tender and Hammer, but the champion expects to be in good condition for his battle with White. Leonard at present is resting at Long Beach.

LOCAL NEWS

John O'Neill, deskman at the police station, is back on duty after spending a pleasant two weeks' vacation at Boston and Fredericton.

The building committee of the church at Renforth held a concert and picnic at the club house last evening. After a short programme there was an auction of the baskets of pie. A substantial sum was realized which will be used towards the new church hall.

The St. John students of Mount Allison Ladies' College have returned to take up their studies after the summer vacation. Among those who left yesterday and on Saturday were the Misses Jean Paterson, Myrtle Paterson, Marjorie Bullock, Dorothy Nice, Muriel Curten and Olive Rankine.

The women of the parish of St. John the Baptist church, Broad street, met last night and made preliminary plans for the entertainment which is to be given to raise funds for the new school. Mrs. H. O'Connor, the convenor for the entertainment, presided, and there was general enthusiasm in undertaking the plans. Another meeting is to be held later this week, when all details will be completed.

Mrs. Herbert Wetmore, the regent, presided at a meeting of Brunswick Chapter, I. O. O. E., which was held yesterday afternoon at the home of Mrs. Elliott, DeMott street, west end. Reports of the summer work of the chapter were read, and the sum of \$25 was voted to the St. John Anti-Tuberculosis Society. The hostesses at the tea hour were Miss Jennie Clark, Mrs. Champlover and Mrs. Elliott.

Mrs. Thomas Foster of Boston passed through the city a few days ago on a motor tour of the maritime provinces. While here she saw her father, William J. Wilson, who lives near Moncton, for the first time in thirty-three years. Mrs. Foster also found that she had several other relatives living in New Brunswick. Mr. Wilson had passed completely out of his daughter's life since her mother's death, when she was taken care of by her grandmother living in Prince Edward Island.

Plans for a rummage sale to be held early in October were made at the September meeting of the King's Daughters held in the guild with Mrs. H. W. Robertson, the president, in the chair. Crafty reports were received from all departments of the work of the order. The meeting expressed much pleasure concerning the latest number of "The Silver Cross" which is devoted to Canadian branches and has illustrations of

the Farlane Home, the St. John Guild and photographs of Miss Ella Thorne, the provincial president, and Mrs. H. W. Robertson, the St. John Union president.

John McDonald pleaded guilty to a charge of having liquor in his beer shop in Prince Edward street and the case was set over for investigation.

The executive of the 26th Old Comrades Association met last evening and went over the re-union accounts. While they were incomplete, still they showed that there would be a small surplus for the next re-union. It is planned to make these re-unions annual affairs.

The members of St. Marys band returned to the city yesterday from Moncton where they played for the Odafelous Decoration Day service. They were greatly pleased with their visit and spoke highly of the hospitality of the Moncton people.

A meeting of the local G. W. V. A. was held last night in the association hall with the president, S. C. Flippert, in the chair. Several matters of routine business were taken up and it was decided to hold a pool and billiard tournament for members. Twelve applications for membership were accepted. The meeting adjourned to meet later this week for the purpose of finishing routine business.

Six store proprietors were notified to appear before the magistrate yesterday to answer to charges of having fruit and candy exposed for sale without having it properly covered. David Arano, George Chagaris and Daniel Kasatsky were represented by Daniel Mullin, K. C., and their cases were set over until Monday next. The case of John Evans, who did not appear, will also be taken up Monday. Claude Richardson pleaded guilty and his case was set over until Monday. Alexander McBeath pleaded not guilty and Mrs. Jessie S. Flewelling, food inspector, gave evidence. The case was also put over until next Monday.

Chief Justice H. A. McKeown presided at a meeting held in the Board of Health rooms yesterday, at which all preliminary matters in connection with the taking over of the new health centre at Sydney street were taken up. Trustees were appointed as follows: Judge McKeown, A. C. Skelton, E. L. Rising and Hon. Dr. W. F. Roberts. The committee to draw up a constitution and by-laws was as follows: Judge McKeown, Judge H. O. McInerney and Dr. William Warwick. Another committee to appportion the accommodation in the building and to put it in shape was elected as follows: Dr. H. A. Forrie, Dr. W. F. Roberts, Mr. H. T. Meldrum, Miss D. Costes, Dr. William Warwick and Dr. J. A. McCarthy.

CHURCHES TO
PRODUCE MOVIES

"Christian Herald" Publisher Says They Have Unlimited Backing—Will Hays Assailed.
(New York Herald)

The Christian Herald announces the formation of a motion picture organization to produce and distribute pictures for Protestant congregations. Graham Patterson, publisher, says the organization has unlimited financial backing. He asserts that the industry headed by Will Hays has failed to cooperate with churches and that the regular producers have been warned against releasing pictures to churches and schools.

The new organization is called the Christian Herald Motion Picture Bureau. Its slogan is "To provide clean pictures for clean people." "We will make our productions at the World Studio, Fort Lee, where we already have a big staff of workers," said Mr. Patterson. "The bureau will have offices at 180 West Forty-sixth street, where we have associated ourselves with the National Non-Theatrical Motion Pictures, Inc. This organization has been supplying pictures to churches and schools in a small way."

Italian Features First.
The Christian Herald has taken over the entire religious field and will give the people something worth while. In fact we have the finest picture that has ever produced anywhere to start with next month. Nothing like it has ever been shown in this country. It was made in Palestine and Egypt five years ago and runs for fifty-three reels. Italian in origin, it is produced to the extent of \$3,000,000. It would have cost \$5,000,000 to have produced it here. There are 10,000 people in some of the scenes. Of course, it is a religious picture, but it will interest everybody.

"Besides this remarkable picture we have 1,800 other subjects. Not a single reel will go out that has not been passed by the Christian Herald Bureau and stamped with its mark of high standard and good taste. We have also arranged for the Burton Holmes travel pictures, United States Naval Academy athletic instruction pictures, Robertson-Cole dramas, Swedish biographical educational and comedies. Park popular science series, Field and Stream hunting and fishing subjects, the Lewy biological films and the famous world dramas. We have obtained the preview of non-theatrical films of Germany, Italy, France, Belgium and the Scandinavian countries."

Church Machines Idle.
There are from 150,000 to 200,000 Protestant churches in this country, 10,000 of which are equipped with motion picture machines. Most of these are lying idle because of lack of films, said Mr. Patterson.

"I believe in the next five years you will see 100,000 churches equipped with motion picture machines, and the congregations will have the same regard for the machine as they have for the organ, it will be welcome such a part of the church and church life," said Mr. Patterson.

"We have unlimited backing. Since we announced the organization of our bureau through our magazines we have had thousands of letters, many from persons who have offered to help finance somebody had to come along and provide the churches with films, so we are going to do it."

The great president of the Non-Theatrical Motion Pictures, Inc., will be in charge of the distribution and all details. Arthur James, formerly editor of the Motion Picture World and Don Carlos Ellis are interested in the new enterprise.

TIME CHANGES
ON C. N. R. LINES

In Effect on September 10, Affecting Trains in and Out of St. John Station—Some Suburban Trains Discontinued.

Time changes on C. N. R. lines effective September 10th affect the schedules of some of the trains in and out of St. John Station and travellers are requested to note the following:

No. 19 local train to Truro, will depart at 7:05 a. m. instead of 7:10 a. m.
No. 14 train for Halifax will leave at 1:40 p. m. instead of 1:00 p. m.
No. 20 train for Moncton (Maritime Express connection), will leave at 6:16 p. m. instead of 6:10 p. m.
No. 10, the night train for Halifax, will leave at 10:46 p. m. instead of 11:03 p. m.
Suburban No. 192 will leave for Hampton at 12:12 noon, and No. 24, the Sussex train, will leave at 1:16 p. m.
No. 9 train from Halifax will arrive at 7:40 a. m.
No. 19 from Moncton (Maritime Express connection), will arrive at 1:53 p. m.
No. 18 will arrive at 5:35 p. m. as usual.

No. 17 local train from Truro will arrive at 9:00 p. m., instead of 8:30 p. m.
No. 138 suburban from Hampton will arrive at 2:40 p. m.
The Sussex train, No. 23, will arrive at 8:55 a. m.
No. 9 train will make all suburban stops between Hampton and St. John, and No. 10 will do the suburban work between St. John and Hampton. All suburban other than those above mentioned will be discontinued. The Sunday trains, No. 49 and 50, will make the last trip of the season on Sunday, Sept. 10th.

On the Valley Railway train No. 51 all leave as usual at 4:40 p. m. (Atlantic time), arriving at Fredericton at 8:00 p. m. Through service to Quebec will be on Monday, Wednesday and Friday, as usual, leaving Fredericton at 8:35 p. m. No. 52 train will arrive at 12:35 (Atlantic time).

Service to Prince Edward Island will be by No. 15 train, leaving at 7:05 a. m. and by No. 14 train, leaving at 1:40 p. m. The double daily service to the island will continue until the fall change of time, October 1st.

FIRE MARSHALS' CONFERENCE.

Hugh H. McLellan, fire marshal of New Brunswick, left for Portland, Me., to attend a conference of the fire marshals of North America. It will begin today and continue until next Saturday. E. P. Heston of Toronto, president of the Canadian Fire Marshals' Association, will be among those in attendance.

BY-LAW MATTERS.

Michael Joseph was charged this morning with desecrating the Lord's Day by hauling wood through the public streets on last Sunday. Thomas Stephen appeared to answer to the charge and pleaded guilty. A fine of \$10 was imposed.

George Burton was fined \$10 this morning for speeding in Douglas avenue. He pleaded guilty.

ST. PETERS VS. ST. STEPHEN.

The members of St. Peter's baseball team will leave for St. Stephen on Thursday morning and will play two games with the champions of the border town league, one game on Thursday afternoon and the other on Friday. They will return home on Friday night, and on Saturday the two teams will play the third and deciding game of their series on St. Peter's ground. The teams will get by train, and it is expected that some local fans will accompany them. Honors between these two teams for the season are divided, each having a win to its credit.

SPORT MATTERS.

A. W. Covey, president of the Maritime Branch of the A. A. U. of C., announced this morning that the annual meeting will be held in Amherst on October 20. He suggested that any clubs desiring changes in the rules would do well to form resolutions now and have them submitted in time to be dealt with at this meeting.

There is a rumor current about the city that a movement will be made to have baseball taken out of amateur sport and put on the same basis as bowling. This, they say, would enable athletes to compete in baseball during the summer and so long as they did not accept any remuneration, be eligible to play in amateur ranks during the remainder of the year.

ST. JOHN GROOMS

IN TWO WEDDINGS

Thos. J. Durick Married in Newcastle and H. E. Magnusson in St. Andrews Today.

(Special to Times.)

Newcastle, N. B., Sept. 12.—A wedding of much interest was solemnized in St. Mary's church, Newcastle, this morning at 9 o'clock when Rev. P. Dixon, who was celebrant at nuptial mass, united in marriage Miss Mary Helena Buckley, daughter of Mr. and Mrs. William Buckley, of Newcastle, and Thomas J. Durick of St. John. Father Dixon was assisted by Rev. William Bredau, Rev. (Captain) B. J. Murdock, and Rev. William Hogan, C.S.S.R., rector of St. Peter's church, St. John. The bride was becomingly attired in a travelling suit of navy blue, with a moleskin scarf and blue hat and carried a bouquet of Ophelia roses. She was attended by her sister, Miss Josephine Buckley, who wore a brown suit with beaver scarf, blue hat and carried a bouquet of roses. The groomsmen were Leo A. Durick, brother of the groom.

Following the ceremony a dainty wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Durick left on the Ocean Limited on a honeymoon trip to Montreal and New York. On their return they will visit St. John and then proceed to Campbellton where they will reside. They were the recipients of a large number of magnificent presents. The groom has been in the drug business in St. John for many years and a lot of friends will unite in wishing him and his bride every happiness. Mrs. Durick was formerly on the nursing staff of the East St. John Hospital.

Magnusson-Rankine.

(Special to Times.)

St. Andrews, N. B., Sept. 12.—In the picturesque little Anglican church at Chatham on Tuesday morning at eight o'clock, a pretty wedding was solemnized by Rev. Canon E. B. Hooper, when Emmeline Dorothy, youngest daughter of Mr. and Mrs. Henry Rankine, became the bride of Harry Everett Magnusson, son of Mr. and Mrs. Charles Magnusson of St. John, in the presence of relatives and interested friends. The double ring service was used. The wedding was a charming one, and the little church was most artistically decorated for the occasion with greenery, hydrangeas, asters, gladioli and fox, while the windows were banked with flowers of autumn tints.

The young bride looked very sweet and winsome as she entered the church with her father to the strains of the bridal chorus from Lohengrin, played by Miss Helena Magnusson of St. John, sister of the groom. The bride was becomingly costumed in a travelling suit of navy blue cloth with feather hat of henna and carried a bridal bouquet of sweetheart roses and maidenhair fern.

Immediately following the ceremony Mr. and Mrs. Magnusson left by automobile for St. John, from where they will leave on a honeymoon trip to the Great Lakes and Niagara Falls, at the conclusion of which they will reside in St. John, where the groom is associated in business with his father.

Many beautiful wedding gifts were received, testifying to their popularity. They included a chest of silver from the bride's family and a substantial check from the groom's parents. The groom's gift to the bride was a handsome Hudson seal coat, with collar and cuffs of Alaska sable. The bride, following her graduation from Charlotte county Grammar school, class '19, took a commercial course at Mount Allison Ladies' College and has since been employed as stenographer in the Royal Bank of Canada, St. John. A host of friends will unite in wishing Mr. and Mrs. Magnusson much future happiness in their new life. Out of town guests attending the wedding were Mr. and Mrs. Charles Magnusson and the Misses Helena and Ina Magnusson of St. John, parents and sisters of the groom.

HYDRO MATTERS

UP NEXT WEEK

Provincial Commission Will Meet With City Representatives to Discuss Proposed Contract.

C. O. Foss, chief engineer of the New Brunswick Electric Power Commission, announced this afternoon that he had received a letter today from Mayor McLellan, asking the commission to arrange for a meeting with the city representatives to discuss the proposed contract for energy from the Musquash development. Mr. Foss said that the meeting would probably be arranged for the middle of next week, likely after a meeting of the government which is scheduled to open in Fredericton on Tuesday evening.

The mayor in his letter explained that Commissioner Bullock would be absent from the city until next Tuesday and suggested the afternoon of that date for the meeting.

HALIFAX WEDDING

OF INTEREST HERE

Halifax, N. S., Sept. 12.—Dr. Michael James Carney, local practitioner and professor at Dalhousie University, and Miss Ellen Evelyn Lewis, daughter of Mrs. Robert O'Mullin, of this city, were married in St. Thomas Aquinas church this morning. The bride was given in marriage by her uncle, D. E. Lynch of St. John. Dr. Carney is a son of the late M. Carney, who for many years was one of the representatives of Halifax in the dominion parliament.

The bride's mother was formerly Miss Evelyn Lynch of Paradise row, St. John.

GETTING READY FOR HYDRO.

It is reported that several residents in Westfield are having their homes wired with a view to securing the hydro current from Musquash. It is expected that the distribution arrangements will be completed in two months.

HYDRO BLASTING GETS INTO COURT

Complaint and Testimony and Settlement of the Matter.

Hydro matters got into the police court this morning when Howard Fraser was charged with conducting blasting operations in the Sandy Point road and allowing dynamite charges to be set off without covering. He pleaded not guilty.

Albert Phillips said he was a resident of the Sandy Point road and that blasting had been done near his house by people who were running the hydro line through there. Last Friday afternoon he had told the men working there that he thought it was dangerous. Stones had gone over his barn and around his house. No damage had been done but he said they did not cover their charges with the blast. There had been about 200 feet from where they were blasting to his house and stones had fallen 95 feet from his house. To Mr. Fraser he said that the dynamite had been done his property by the dynamite box had been left unlocked over night.

Sergeant Rankine said in consequence of Phillips' complaint he had gone to his property on Saturday. He had met Fraser there and the latter had told him that he was in charge of the blasting. The men had told him that they had no protection for their blasts. He said he had picked up stones said to have come from the blast. There had been an unlocked box of dynamite nearby.

Howard Fraser said he worked on the St. John-Moncton transmission line and that Phillips had had a house close by where they were working. Some excavating had been necessary to remove a stump and two plugs of dynamite had been used. The weight of the boulder would keep things from flying about. He knew nothing about the rocks produced in court and said to have come from the blast. He was always careful when blasting. To Sergeant Rankine he said work had been held up by the dispute. The blast had not been covered.

Walter I. Snook said he was the contractor for clearing about thirty miles of the right of way to Moncton. Phillips had asked him for a job about ten days ago and he had told him that so soon as there was an opening he would be given one. Phillips had given him permission to go in his driveway to get to the right of way and had asked for a job as late as last Friday again. He had instructed the men of whom Fraser was the foreman, to put two sticks under the rock, and had been at Phillips' place possibly as large as his finger landed in the back yard. He characterized one of the rocks produced in court as a surface which was no part of the rock excavated and said the other might have come out of an excavation somewhere. The matter was settled by agreement among the parties concerned.

THE NEW HOSIERY FOR FALL

Has Arrived

No doubt you have noticed that it isn't always a woman's suit or frock or hat that accounts for her attractive appearance. No! Frequently it is in the lesser costume details that she expresses her smart individuality, her feeling for perfect grooming. This is particularly true of hosiery for no matter how fashionable a woman's frock may be it loses much of its style distinction unless her ankle is trimly clad in stylish hosiery. That is why we have arranged this special hosiery event which presents values of extraordinary importance.

ALL WOOL HEATHER HOSE AT \$1.00 A PAIR is the big feature during this sale. These are to be had in a great variety of colorings. But opportunities are equally great in all other lines of all wool and silk and wool mixtures in plain or ribbed at prices ranging from \$1.25 to \$2.35 Pair.

Mail Orders Receive Prompt and Careful Attention.

QUALITY Macaulay Bros. & Co. SERVICE LIMITED

Children's Barber Shop, 4th Floor. Sept. 12, 1922

Good Clothes Justify their Price

No man ever got service out of a Suit of flimsy cloth. And no man who bought his suit with a certain low price in mind got what he believed to be the best.

Good clothes cannot be produced to meet an unusually low price. High grade woollens, good style and superior workmanship demand a fair price.

We sell clothes—value—not price.

The new Fall Suits and Topcoats are priced \$20 to \$50. Exceptionally fine values are here at

\$35

Men's Shop, 2nd Floor.

Bed Value Extraordinary

We have just purchased the entire stock of a manufacturer who is discontinuing the manufacture of these wooden beds, and so are offering them at practically half the usual price. In single and double sizes, in solid quartered oak, mahogany or walnut finish, equipped with metal rails.

You can buy them while they last at \$19.80. The complete assortment will not last long, so come early.

Our immense stock is always at your disposal for information or price comparisons.
