TWELVE PAGES—ONE CENT

RAILWAYS PAID WAY IN AUGUST

Statement by President D. B. Hanna Issued.

Net Earnings Were \$47,281.44—Thinks End of Serious Operating Losses on National Railways Appreciably Nearer.

Toronto, Oct. 11.—President D. B. Hanna, of the Canadian Railway last night announced that during August the gross revenues from the operation of the C. P. R. and P. E. National Transcontinental, G. T. P. and C. N. R. exceeded the expenses by a substantial amount. This is the first monthly period since these railways have been operated by the board, that it has been possible to prevent such a favorable statement.

While he did not wish to appear unduly optimistic, he believed the economic situation, as a result of consolidation, were beginning to be reflected in operation, and that the day was not far distant when the national railways would be an asset in which all Canadians might take pride.

The month of August, is one not specially busy. "The mileage of the railways embraced by the statement is more than 7,000. The figures for August were: Gross earnings \$10,596,451.74; working expenses \$10,499,299.91; net earnings \$47,281.44.

"No one would venture to foretell, he said, the future with trade conditions as unsettled as they are today. It would, however, appear that the end of serious operating losses on the national railways is appreciably near—nearer, in fact, than the most sanguine of us had hoped for. We are beginning to reap the fruits of the great and complicated work of consolidation which was begun when the merging of the Canadian Northern and Canadian Government lines was accomplished in 1918 and continued when the lines of the G. T. P. were turned over to the "National for operation."

Commissioner Thornton returned to the city this morning from Boston, accompanied by Mrs. Thornton, who has been there for medical treatment. As she was in poor health, she accompanied her to Boston on Saturday to accompany her home. He reported a very rough trip from here to Boston, as the rough in Portland on Saturday evening. The trip back, though rough, was eventful.

HOGAN-CUNNINGHAM. A very pretty wedding was solemnized on September 28, 1921, in Holy Cross Church, New York City, when Miss Edith Cunningham, daughter of Mrs. Mary Ann Cunningham, was united in marriage to Thomas Francis Hogan, of New York. The ceremony was performed by the Rev. Father Burke. The bride and groom were attended by Miss Loretta Ryan and Edward Cunningham. They were the recipients of many useful gifts, including cut glass and silver. Both Mr. and Mrs. Hogan will have the best wishes of many friends in St. John.

HYDRO MATTERS. Mayor Schofield announced this morning that he was endeavoring to arrange for a public meeting to discuss the matter of hydro distribution, for Wednesday, October 19, provided that arrangements could be completed by Tuesday. Mr. Smith, chief engineer of the Nova Scotia commission, came here. Mr. Smith is collecting some data on the method of proposed distribution in Nova Scotia, which will be presented to the meeting. The mayor said the meeting would likely be held in the afternoon.

LANCASTER AND THE JITNEYS. J. King Kelly, county secretary, and Councillor J. T. O'Brien called on the mayor this morning in connection with the matter of jitneys with city licenses which operated in the parish, it would be for the parish to take whatever action was deemed necessary regardless of the city license.

POLICE COURT. As no arrests were made during the night, a clean sheet greeted the magistrate this morning. In view of yesterday's case and in view of the fact that he is rapidly approaching the anniversary of an important event in his life's history.

THE DOLLAR TODAY. New York, Oct. 11.—Sterling exchange heavy. Demand: Great Britain, 98 1/2.

Ruth Must Stay Out Of Rest of the Games

Doctors Warn Him that to Play Would Risk Loss of Arm—Harper Against Barnes Likely in Pitching Struggle This Afternoon.

New York, Oct. 11.—Babe Ruth announced this morning that the injury to his arm would keep him out of the game for the rest of the series. His physicians warned him, he said, that to take further chances would risk the loss of his arm.

JOHN MCGRAW.

MILLER HUGGINS.

Manager of the New York Giants, who are playing in the world's baseball series.

New York, Oct. 11.—The weather was clear at 9 a. m. and the forecast predicted favorable conditions for the afternoon game of the world's series between the Yankees and Giants, in which the American Leaguers now have a lead of three victories to two.

Harper, pitcher for the Yankees, and John McGraw, manager of the Giants, seemed undecided this morning. Huggins agreed it might be Harper, but surmised he would also give a thought or two to Shawkey or Jack Quinn. McGraw announced that he would select either Barnes or Toney.

The type of fan who can't keep his mind on office work at all this week because of the engaging business that is being conducted at the Polo Grounds, felt pretty sure it would be Barnes and not Toney who would go forth to meet the Yankees.

Toney was knocked out of the box last Friday, but Barnes, who replaced him, kept the Huggins clan in a state of confusion. The Yankees contemplated the prospect of his men with optimism as he breakfasted with one eye on a sport page and the other watching the tricky grapefruit. The team got back to its fighting spirit while whipping the Giants 3 to 1 yesterday, he remarked, going on to predict that the Giants would never come back strong enough to beat the Yanks out of the championship.

Ruth ordered out. The only gloom on Huggins' horizon was the fact that Babe Ruth's doctor again had ordered him out of the series because of his injured arm and leg. This referee who devotes time to thinking of Barnes generally consider him a relief pitcher. That has been his chief occupation this season, but he will be useful as early as the first inning, without waiting to learn from the mistakes of others.

The commander in chief of the Yankees contemplated the prospect of his men with optimism as he breakfasted with one eye on a sport page and the other watching the tricky grapefruit. The team got back to its fighting spirit while whipping the Giants 3 to 1 yesterday, he remarked, going on to predict that the Giants would never come back strong enough to beat the Yanks out of the championship.

As Hiram Sees It

"Hiram," said the Times reporter, to Mr. Hiram Hornbeam, "I saw a name on all the face windows today. At intervals for some years I have seen that name on that window. It occurred to me today that I had never heard the name in conversation, or seen the man, or heard a particle of knowledge other than that conveyed by the letters on the window. And yet I pass daily. It has happened that this man's path and mine have never crossed. Is he old, or young? Has he a family? Does he go to church? Where was he born? What is his contribution to community welfare? Would I envy his acquaintance or friendship? Are there between him and me any common interests? An endless chain of questions is suggested. Isn't it odd?"

"It seems so to an old critic from the country, like me, that knows every man and woman, boy and girl for twenty miles," said Hiram. "But you town folks so busy about so many foolish things you don't know the other fellow is living—only when they are election on. If I were a family, I might be to leave your messy home—let the thing be. I might be a Good Samaritan that you ought to know—yes, sir."

REAL ESTATE NEWS

The following real estate transfers have been recorded recently: Margaret L. Bishop and husband to Joan L. Bishop, property in King street. (Previously reported but incorrectly.)

Gertrude E. J. Porter to Harriet M. Colwell, property in Lancaster. Mrs. J. M. W. Wynn, property in Musquoddyville. E. A. Blakeney to H. N. Keith, property in Greenfield.

Alice M. Clarke and others to Hattie L. Stephenson, property in Robesay. Alice R. Carter to E. W. Long, property in Robesay. E. A. Blakeney to Gertrude M. Colwell, property in Westfield. Hiram J. James to Gertrude M. Colwell, property in Westfield. Mabel B. Eldin and husband to Edith M. Golding, property in Westfield.

W. W. Huggard to Harriet C. Roosa, property in Springfield. G. C. Haman to G. E. Haman, property in Westfield. G. C. Haman to F. M. Haman, property in Westfield. G. C. Haman and others to A. E. Speight, property in Westfield. George McKean & Company Limited to Jennie E. Price, property in Greenfield. C. A. Price to Jennie E. Price, property in Greenfield.

Chicago Grain Market. Chicago, Oct. 11.—Opening: Wheat, December, \$111.84; May, \$118.28. Corn, December, 82.54; May, 92.14. Oats, December, 58.24; May, 58.

Weather Report. Issued by authority of the Department of Agriculture. Director of meteorological service. Synopsis.—The shallow depression which was in Dakota yesterday morning now covers the lower region and pressure is quite high in the northwest. Rain has fallen in Quebec and over portions of Ontario and the maritime provinces, while from Lake Superior to British Columbia the weather has been fair.

FOR DRY DOCK AT BURRARD INLET. Vancouver, B. C., Oct. 11.—It is understood in Vancouver that the negotiations between J. J. Coughlan, Clarence Wallace and the Dominion government regarding a subsidy for a drydock on Burrard Inlet have been concluded, and the Burrard Drydock Company has been incorporated. Messrs. Coughlan and Wallace, shipbuilders of Vancouver, are the owners of the Dominion government. The drydock is estimated at \$2,500,000.

Believe Tomb of St. John Evangelist Has Been Discovered. Paris, Oct. 11.—Archaeologists at work in the ruins of Ancient Ephesus have discovered a crypt believed to be the tomb of St. John the Evangelist. It is said in a despatch received here.

Three Hour Session Starts Irish Conference

Formal Announcement at One O'Clock Tells of Adjournment Until Four—London Press Views as Cross-table Talk is Begun—Must Not Expect News "for Weeks Yet."

London, Oct. 11.—The conference of representatives of the British government and the Sinn Fein at eleven o'clock until one o'clock today, and adjourned until later in the afternoon.

The Sinn Fein delegates were cheered as they drove away from No. 10 Downing street in motor cars. They refused to answer questions put by newspaper correspondents.

The text of a communique given out after the first session follows: "The first session of the conference on Ireland was held in 10 Downing street at eleven o'clock. Those present were the British representatives, Prime Minister Lloyd George, Lord Birkenhead, Winston Spencer Churchill, Sir Laming Worthington-Evans, Hamer Greenwood and Sir Gordon Hewart, and the Irish representatives, Arthur Griffith, Michael Collins, Robert C. Barton, Eamon J. Duggan and Geo. Gavan Duffy. There also were present two British secretaries. The conference adjourned until four o'clock."

London, Oct. 11.—Sinn Fein delegates and members of the British cabinet met at Prime Minister Lloyd George's official residence, No. 10 Downing street, this morning for a conference which was far stood aloof in the negotiations between the British government and the Sinn Fein. There seemed to be some sentiment today in favor of calling a Northern and Southern Irishmen together in an effort to reach, once and for all, a definite understanding.

It is doubtful if there was ever an opening day of an important conference in London marked by so little newspaper comment as this morning's meeting. Several of the morning's journals refrained altogether from discussing the conference, while others assumed an attitude of restraint, manifestly balancing between hope and fear. A prominent Irishman in Dublin last night by Eamon De Valera, in which he called for unity of action in their own columns. He reviewed editorially, some papers finding room only for a summary of the proclamation in their own columns.

There were no predictions relative to the outcome of the deliberations of the conference, and it was widely expected that the result was as uncertain as at any time since early last July.

The London Times, anxious for good results, said that recent events should have both England and Ireland to learn the blessedness of concord through the bitter experience of strife, and that progress as actually had been made inspire confidence in the ultimate success of the negotiations.

Chronicle to "blend prudent caution with optimism." The newspaper remarked that the negotiations leading up to today's meeting had done nothing material to narrow the wide gulf between the views taken on each side of the question. "Of the many conferences held regarding Ireland," declared the Daily Mail, "there has never been one with such sharply declared possibilities for good or evil."

The Daily Eireann representatives were models of punctuality this morning. They stepped out of their autos in front of the prime minister's official residence at exactly 11 o'clock, the hour arranged for the opening of the conference. Lloyd George and the members of the British cabinet forming the government delegation were in the cabinet room, where they followed closely by Michael Collins, who slipped in quickly to avoid photographers. They were accompanied by Robert C. Barton, Eamon J. Duggan and Gavan Duffy, the other member of the Dublin delegation, while Erskine Childers and James Charless, who although not members of the Irish mission, were expected to play an important part in the negotiations as advisers, followed.

Dublin, Oct. 11.—(Canadian Press)—The Irish Bulletin, organ of the Daily Eireann, says there is neither weakness nor division in the Irish ranks. Equally there is no aggressiveness or desire for war. The Irish nation is convinced that a peace honorable and advantageous to both countries is eminent, if possible as a result of the conference. "The way to peace is through justice; the way from it is through threats of force."

London, Oct. 11.—Viscount Grey, addressing a Liberal meeting at Berkeley on the Tweed last night, discussed the future of Faith Willard, a baby girl found abandoned on the rectory doorstep of the Episcopal church of the Ascension last May when only a few days old. "The tiny waif died of pneumonia, with the secret of her parentage still unswayed."

COAL MINERS' WAGES IN GLACE BAY DISTRICT. Sydney, N. S. S., Oct. 11.—The officers and board members of District 26, United Mine Workers of America, will meet in Glace Bay soon to discuss the wage policy of the miners of the district following expiration of their present agreement in November.

KEEPING PLACES FOR MEN; ORDER ALL WOMEN OFF PAY ROLL. Detroit, Oct. 11.—Highland Park, an adjacent city, has decided to strike from its payroll all women employees. Married women were recently ordered discharged from city positions and last night the council adopted a resolution prohibiting officials from hiring unmarried women in the future. It was said the council was prompted in its action by the large number of men out of employment.

HALT IN SLUMP OF CANADA PRICES

September Showed But Little Change.

Some Business Men Hold the Opinion That Prices May be a Bit Higher Before End of Year—Recent Increases Mostly Seasonable.

Ottawa, Oct. 11.—(Canadian Press)—Prices during September, both wholesale and retail, showed little change as compared with those ruling during August, those noted being largely seasonal, according to the statistical branch of the department of labor. The decrease which was steady and continuous as from July of 1920, has apparently ceased, and there has been a general tendency during the last three months for prices to stabilize at a point about 50 per cent above those governing immediately before the war. In certain business quarters the opinion is held that somewhat higher prices will be obtained before the end of the year.

The chief increase for September last was in potatoes, the price for the new crop being high as compared with old stock at the beginning of August, but about the same as for the new crop a year ago. There were also increases in hard eggs, butter, cheese and in sugar. The department of labor's index number of wholesale prices, based on 100 for the year period, 1890-1899, was again slightly lowered, standing at 232.7 for September, as compared with 236.4 for August. The decrease for the month was largely in livestock and meats, but there were also slight decreases in grains and fodder. In dairy products, butter and cheese were lower.

HOLDING FOR EPISCOPAL ORDINATION

Stand of Some Speakers on Union at Church of England Synod in Hamilton.

Hamilton, Ont., Oct. 11.—A momentous debate which is to decide whether or not Canadian Anglicanism is to accept those proposals looking towards church unity, made by the bishops of Lambert, commenced in the lower house at yesterday afternoon's session of the synod. Discussion centered around a message on church union sent down by the upper house last week. The debate stands adjourned till Tuesday.

Some speakers contended that episcopal ordination is essential to a valid ministry, and, by the same reasoning, absolutely vital to the very existence of a church. They were quite willing to move towards union, but only on that basis.

In the opinion of one speaker of the more liberal school such a union is in reality a vision. With that latter view a very strong element in the synod is in accord. They will be heard from on Tuesday.

NEW BRUNSWICK PERCENTAGE LOW

Had 1,354 Cadets in a School Attendance of 72,968.

Ottawa, Oct. 11.—(Canadian Press)—The province of Manitoba has the winner of the governor's general challenge shield competition for the largest number of cadets between twelve and eighteen years of age enrolled on May 26 last in proportion to school attendance during the previous year. The shield will be held by the cadet corps most proficient in drill and musketry in the province winning it, which in this case has proved to be No. 538, St. John's College Cadet Corps, Winnipeg.

ONLY 200 OUT OF 1500 IN UNION IN STEADY WORK. Montreal, Oct. 11.—Hard times are reported among the cloak, suit and raincoat workers. Out of the 1,500 members of local unions, there are 1,200 men out of work, according to a statement by one official. He said only 200 have steady employment.

TRAIN BARNARDO BOYS FOR LIFE IN AUSTRALIA. London, Oct. 11.—(Canadian Press)—A country mansion in Hart-ford, purchased for £40,000 to be used for industrial training of Barnardo boys with the view of their dispatch to Australia after a six months course. The house will accommodate 300 boys.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

"THE OLD NEST" IS COMING HERE

A Rupert Hughes-Goldwyn Masterpiece Under Contract to Keith Interests—Greatest of Home Stories.

A contract was consummated a fortnight ago, between the Famous Film Service of London, representing the Goldwyn interests in Canada and the St. John Theatre Operating Co., Ltd., for the prior rights to exhibit that famous Rupert Hughes-Goldwyn "Nest" which is creating such a furore in the larger cities of United States at the present time.

"The Old Nest" is the supreme effort of the Goldwyn interests to date and is a challenge to the critics of the screen. It is the same human tenderness, the living of family life, the most intimate of broken households and set young men and women (about 100) in a town which Sunday rolled into one.

It comes to the Imperial with the laurels of a thousand triumphs in the most exciting circles and bathed in the contrite tears of a hundred million people—especially the younger generation.

It can set themselves for a heart-searching and nerve-racking experience and for half a century in Union Square are to be seen to make way for more modern structures.

The Union Square Giving Way to Modern Structure—Home of Famous Plays and Players.

New York, Oct. 10.—Two historic landmarks—the Union Square Theatre and the Morton House—which have stood for half a century in Union Square are to be razed to make way for more modern structures.

The Union Square, built and opened by Sheridan Stock in 1871, began as a theatre. It became a first-class producing house in which many of the famous actors and actresses of the present day made their debut. It winds up its career as a burlesque theatre.

As a variety or vaudeville house it opened with a program including the Martine-Ravel troupe of pantomimists, the team of Harrison and Wheeler, and the famous "Two Orphans," translated from the French and hawked about for \$1,000,000 by the blind and deaf John S. P. Jones, who played it for twenty years. Other famous plays produced here were "The Banker's Daughter," "My Partner," "The Celebrated Dan Patch," "Arkwright's Wife," and "The Stock Exchange."

The history of the theatre and the Morton House, are closely linked, as they are with the city of New York.

The Morton House, built by the late John S. P. Jones, was a famous theatre and was the home of many famous plays and players.

NOTED OLD N. Y. THEATRE GOES

The Union Square Giving Way to Modern Structure—Home of Famous Plays and Players.

New York, Oct. 10.—Two historic landmarks—the Union Square Theatre and the Morton House—which have stood for half a century in Union Square are to be razed to make way for more modern structures.

The Union Square, built and opened by Sheridan Stock in 1871, began as a theatre. It became a first-class producing house in which many of the famous actors and actresses of the present day made their debut. It winds up its career as a burlesque theatre.

As a variety or vaudeville house it opened with a program including the Martine-Ravel troupe of pantomimists, the team of Harrison and Wheeler, and the famous "Two Orphans," translated from the French and hawked about for \$1,000,000 by the blind and deaf John S. P. Jones, who played it for twenty years. Other famous plays produced here were "The Banker's Daughter," "My Partner," "The Celebrated Dan Patch," "Arkwright's Wife," and "The Stock Exchange."

The history of the theatre and the Morton House, are closely linked, as they are with the city of New York.

The Morton House, built by the late John S. P. Jones, was a famous theatre and was the home of many famous plays and players.

SALVAGE CARGO OF THE EXPORTER

Inspiration for a Stevenson Story on Lonely Sandbar Off Coast of Oregon.

Vancouver, Oct. 10.—There is inspiration for a Stevenson yarn on a lonely sandbar off the coast of Oregon, where the wreck of the freighter Janadain Exporter wallows in the sea, settling by inches into a grave of her own digging.

A dozen men, chosen by the salvagers for their record as salaried men, are to be sent to the sandbar to recover as much of her cargo and gear as possible before the sea claims her.

The story of their pluck and perseverance is inspiring.

When she sailed the sea the Canadian Exporter was worth a sum running into six figures. On August 2 last, three days after striking the Williams Spit, eight miles from the Oregon Coast, the Canadian Government Merchant Marine freighter broke clean in half and was abandoned.

The crew of the freighter, which had succeeded in taking off every man aboard in the teeth of heavy seas, the wreck was sold, lock, stock and barrel, for \$2,000 to the Premier Lumber Company, which sent Percy A. Sills from Vancouver with a crew of salvagers under the command of Capt. J. C. Jensen, a seasoned coastwise skipper, five weeks ago to clean what they could from the wreck.

They found the after-part of the ship impossible of salvage. The forward half has been stripped of cargo, a steering engine, anchors, winches, fourteen tons of anchor chains, cargo booms, and two lifeboats, and even a compass has been recovered.

Wreckers have taken \$25,000 to the value of \$25,000 before the legal salvagers arrived. Much of this has been recovered.

One man was caught drawing out a very long wire cable, which he was winding about his deckhouse as it came aboard his tug.

The cable held him fast while the police boat came alongside and served him with a summons for theft.

Next spring the salvage company may attempt to float the forward half of the vessel, unless she settles too far into the hulk.

Lifeboats supplied by the United States stand by day and night on the McAdams foundation in view of the position of the hulk.

M. R. A. LTD., BUYERS RETURN.
Messrs. R. M. Smith, H. A. Northrup and W. G. Tapley, buyers for the M. R. A. Ltd. stores, have just returned from an extensive business trip to European markets. Messrs. J. E. Edgett and Charles E. Love have also arrived home after a visit to leading Canadian and American markets.

DYED HER FADED SKIRT TO MAKE CHILD A DRESS.
Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. "Diamond Dyes" never streak, spot, fade, or run.

AN EXCELLENT PICTURE PROGRAM AT THE UNIQUE.
Alice Calhoun was at her best at the Unique Theatre yesterday when she was seen in her latest picture, "The Matrimonial Web." In the role of Helen Anderson Miss Calhoun is forced to go to extremes. Great emotional work and high contrast in characterization are required. Early in the story she is seen as the daughter of a wealthy, unsophisticated and childish. When she learns that her father's position is in danger, she changes rapidly and is seen in the underworld dives, posing as a tough and later she emerges into a society girl, mixing with the best society of the town. The story deals with the efforts of a chief revenue officer and his assistant to capture a band of smugglers operating in the district. The story has many twists and turns, suspense follows surprise until the final flash. The picture is well worth seeing.

THE LONGEST TOW ON RECORD.
Boston, Oct. 11.—What shipping men said was the longest tow on record came to an end here when the steamer Monroe brought to port the steamer Oskaloosa after a voyage of 1,200 miles, marked by many days of rough weather. Both are United States Shipping Board vessels and have been a month at sea.

On September 19, the Monroe, from Fowey for Boston, came up with the Oskaloosa bound here from Antwerp, after the latter ship had been badly battered by a gale that had wrecked her boats, swept her decks and injured her engines. The Monroe put a line aboard the crippled ship and started for St. John's, Nfld., making that port on September 25, after a hard voyage in the course of which she once parted from her tow.

The steamers later called at Halifax and on Monday left for Boston. Both steamers will tie up at this port after unloading.

PORTLAND MISSION CIRCLE.
The mission circle of the Portland Methodist church met last night at the home of Miss Rose Rowley, in Stanley street, and spent a much enjoyed evening. In spite of the rain there were forty-two members present. The opening devotions were led by Miss Carrie McConnell who gave the study talk on "Work in the Home." A Bible exercise was presented and those who took part in it were Miss Gertrude Harper, Miss Emma Clow, Miss Mary Kirk, Miss Lizzie Lock and Miss Etta Law. The president, Mrs. Fred Smiler, was in the chair for the programme which consisted of the following numbers: Piano solo, Miss L. Lock; reading, Miss Laura Fanjoy; piano duet, Miss Emma Clow and Miss Roberts Craft. Refreshments were served at the close of the evening and plans were made for an active season.

CARMARTHEN STREET SOCIAL.
Continuing the celebration of the fifty-second anniversary of the Carmarthen street Methodist church a well attended social gathering was held in the church basement last night with the pastor, Rev. E. E. Styles, presiding. A short programme of music was well rendered and much applauded and Rev. H. A. Cody gave a very interesting lecture on the Yukon, illustrating his subject with a fine series of slides. Mr. Cody described the rush to the Yukon in quest of gold and told of his personal experience as missionary in that district. He spoke particularly of the splendid work of the mounted police in the Yukon. The hall was filled with an appreciative audience in spite of the unfavorable weather. Walter Brindle moved and Harry McKim seconded the vote of thanks given to Mr. Cody.

LOCAL NEWS

One-quarter of an inch of rain fell yesterday evening between the hours of five and nine o'clock. There was a moderate wind, which rose higher later in the evening. There has been frost in the city yet. A slight earthquake was felt yesterday morning along the Maine and Charlotte county border, but there was no disturbance felt here.

Trainmen report a heavy snowstorm in northern Maine on Sunday. One serious accident occurred, according to word received at Greenville, on the Canadian Pacific railroad. Leslie Robinson, of Dover, a game warden detailed to prevent deer hunting in the night time, was killed by the overturning of his automobile when he became confused in the storm. Lloyd Hoyle, another warden, was injured but not seriously.

The accident occurred thirty miles from the C. P. R. line.

A plan to study carefully the missionary work for the year, "The Church at Work," was worked out at the regular meeting of the Women's Auxiliary of the Mission church yesterday. Rev. J. J. Young addressed the meeting. It was decided that at each meeting several five-minute papers would be read on some subject from the textbook. Plans were also made for the Christmas boxes.

Word has been received in the city that the Governor-General's trophy for general efficiency has been won by the 8th Battery, Canadian Field Artillery, Moncton, commanded by Major A. E. Barton. The work of the battery in all branches was excellent.

At a meeting of the Stone church branch of the Women's Auxiliary was held yesterday afternoon. Mrs. G. F. Smith, Mrs. Alfred Morrissey and Miss Edith Skinner read papers. Rev. A. L. Fleming told of his experiences in the far north. The Dorcas secretary outlined plans for the winter's work. Mrs. Alfred Morrissey will attend the triennial at Montreal on October 25.

Almon Crombie of Crombie Settlement, near Plaster Rock, who, while deformed, killed his son, was the son of a St. John barber. Crombie is forty-two years old and his family moved from this city several years ago. Last night the prisoner seemed to have regained his normal mind and is almost distracted at the thought of the tragedy. He will probably be moved to the provincial hospital for treatment.

The Conservatives of Beauséjour parish held their primary last evening in Kane's hall and elected the following delegates: G. E. Logan, George Maxwell, Frederick W. Henderson, Charles O. Morris, Thomas Mitchell, E. H. Cairns, W. A. Stewart, W. L. Dougherty, Luther B. Smith, Captain MacKellar, George West. The following are substitutes: Daniel Jones, John Maxwell and H. F. Lowman.

At the annual meeting of the Fortnightly Club, held yesterday afternoon officers were elected for the ensuing year as follows:—President, H. MacMillan; Treasurer, J. C. Weyman; Secretary, W. J. S. Miles. The first meeting of the winter programme will be held on October 31.

The young ladies' Bible class of the Charlotte street Baptist church, west end, entertained Rev. J. H. and Mrs. Jenner to a banquet at the Manor House last evening. Mrs. Jenner has been the teacher of the class during the six years of her stay in St. John. After the dinner the party assembled in one of the large rooms and presented to Mrs. Jenner a beautiful string of pearls. The presentation was made by the president of the class, Miss Jessie Hart. The balance of the evening was passed in the enjoyment of music and games.

Miss Agnes Warner, Dr. and Mrs. William Warwick, Dr. S. H. McDonald and Dr. H. A. Farris left last evening for Montreal, where they will attend the University of McGill Centenary Reunion which will be held in that city on Oct. 12, 13, 14 and 15. Several other graduates of the college will leave today for Montreal, including Dr. and Mrs. F.

TURN STREET SNOW INTO BLOCKS OF ICE

New York, Oct. 11.—Engineers interested in snow removal from city streets have considered perfecting a machine built forty years ago by Thomas A. Edison, but left in an experimental stage because the inventor turned his work into other fields.
This machine, drawn by a horse, devoured the flakes and disgorged them in icy blocks which occupied only one-tenth the space of the fallen snow and made removal easy. In a letter from Mr. Edison, recently read at a forum on "snow removal in cities," the inventor expressed belief that a competent engineer could readily figure out an efficient means of improving and modernizing his invention.

MANY MORE WOMEN THAN MEN IN PARIS

Paris, Sept. 22.—Parisian women greatly outnumber the men. There are 65,947 women in one arrondissement alone, where the men number only 47,418. This preponderance is especially manifest among persons between 20 and 39 years of age, where the war has made such gaps in the ranks of the men.

FOCH ITINERARY ANNOUNCED

He Will Visit New York, Chicago, Washington, Detroit, Kansas City, Marquette, Mich., Oct. 11.—The itinerary of Marshal Ferdinand Foch from the date of his arrival in New York, Oct. 29, on his way to the American Legion Convention in Kansas City, until Nov. 11, when he takes part in services at the grave of the unknown American soldier in Arlington Cemetery, was announced today by Alton T. Roberts, chairman of the Legion Arrangements Committee.

The Audit Bureau of Circulation audits the circulation of The Evening Times.

A DECISIVE VERDICT

There can be no further question regarding the sentiments of the great majority of the people of New Brunswick concerning prohibition. They want prohibition, and they want it to prohibit. This is not the verdict of a few intolerant persons who are unhappy unless they can regulate the lives of others, but the reasoned judgment of people who are firmly resolved that they will not legalize a traffic which reduces human efficiency, lessens human happiness and has no excuse for its existence beyond the plea of selfish indulgence. It is charged that they go to extremes, and it is argued that with the saloons closed there is no serious danger of over-indulgence, but that is not the lesson of experience. The bootlegger and illicit trader are pointed out as evidences that complete prohibition cannot be attained; but this is a passing phase, and the violations can be reduced to a minimum. In the matter of any great moral reform affecting the daily life of the people, we must think in decades instead of years. The next generation will not lapse backward, but go forward, and it is of the boys and girls we should think when estimating results.

The Foster government gave the province prohibition in war-time, and the people at the polls confirmed its action. They have now declared they want no more importation of liquor, and they want the law enforced. It is for the government to carry out the popular mandate. The law has not been enforced in St. John. Everybody knows this to be true. It has been suggested that women inspectors be appointed, and the suggestion is worthy of consideration. It is certain that a change is needed and it cannot come too soon. The people of this city must take note of the vote cast in the rest of the province. The people outside do not want St. John to be a centre of illegal traffic and a menace to them. We have discovered that we do not need the saloons. Conviviality is not dependent upon a flow of liquor. City and country are better without it, and if there are those who choose to defy the law they have no more right to immunity than those who are brought into court for violation of other laws. The task of the advocates of prohibition is not completed. Having the law, they must insist upon its enforcement. That is the next logical step and it should not be delayed. Let it be shown that prohibition does not breed disrespect for law in general. It can be done in only one way, and that is to make every citizen respect the prohibitory law.

FIRE PREVENTION

"We regard the man whose building burns down as unfortunate; but in many instances he should be regarded as criminal." In this striking sentence the New York Evening Post refers to carelessness and neglect as factors in the colossal annual fire waste. The Post lays great stress, as Mr. Knowlton did before the Rotary Club yesterday, upon what carelessness with fire costs in increased insurance rates alone. The economic loss by fire is absolute. The insured may be reimbursed for loss, but that does not re-create what has been destroyed. It is utterly lost to the wealth of the country.

Mr. Knowlton presented the case for fire prevention very clearly in his brief address yesterday, and pointed out the great need of doing in regard to private property what the government does for the public domain. The legislation passed early this year will bring this matter pointedly to public attention all over the province, and the Fire Prevention Board should meet with universal support. The New York Evening Post says: "Inasmuch as simple carelessness is the cause of more than one-fourth of all our fires—29 per cent in 1916, according to a careful actuarial investigation, were strictly preventable—education is the most important specific for our fire waste. Education in the proper way to build houses and factories, education in the installation of electric wires, education in roofing materials, education in fire-lighting—all this is necessary, but what is most needed to reach our carelessness is stricter legislation and a more national public sentiment." The per capita fire loss in New Brunswick is enormous by comparison with that in the United States, but far more so in comparison with the countries of Europe. Seventy-five per cent of all fires are preventable. An American authority aptly says: "The difference between a detrap and a beartrap is that sometimes the bears get away. The detrap always catches someone."

SUPPORT THE S. P. C. A.

There are many demands upon the generosity of the people of the city and province, and the response is always generous. An organization that is just now in need of financial support is the S. P. C. A. It does a greatly needed work that is not confined to St. John. Requests for action not only in the interests of animals but of children, come from other parts of the province. This involves expense, and the very limited resources of the association make it impossible to deal adequately with all cases. The Children's Aid Society has on more than one occasion found the agent of the S. P. C. A. an efficient help in districts beyond its own jurisdiction where action in the interests of children was needed, as he is an officer with provincial powers. The citizens do not see or hear much of the work of the association, but it is a constant and most valuable work, and the board should not need for the comparatively small funds required to carry it out throughout the year.

GETTING DOWN TO BUSINESS.

The unemployment problem in the United States is receiving intelligent and apparently well-directed attention, and good results are promised. President Harding called a national conference, composed of men of high standing and ability. This conference divided itself into committees, which at once set about the business assigned to them. The committee on unemployment statistics has reported that no fewer than 3,700,000 and not more than 4,000,000 persons are out of work. Of these the common classes about 2,000,000 as emergency cases. This committee says, however, that there has been steady improvement in conditions in the past two months. Another committee reports that before industrial activity can be resumed, as a result of more active purchasing by the people, price levels must be reduced still more. The basis suggested is that which would conform to the present cost of raw materials, and it is said some manufacturers and retailers have offered to co-operate, while others are waiting for further information. It is said that a measure of industrial revival before winter must be brought about to prevent a serious situation. Secretary Hoover has been working with the general committee in the effort to solve the problem. Governor Sprout of Pennsylvania has submitted some information regarding what is being done in Pennsylvania. He believes price cutting by the industries of the country would change conditions at once, but meanwhile Pennsylvania is doing what it can in other ways. He says: "State and county highway construction, public works under way in our cities, school districts and various municipalities, and other undertakings of a public character in the effort to meet the present time amount in the aggregate to about \$125,000,000. This is doing much for the industrial situation here. Transportation and building trades costs remaining so high delay an extensive industrial programme which would offer general employment, which would offer an affording it could change the situation overnight by resolving to go ahead now and take advantage of easier money conditions and lower costs in most of the reports of the various committees. His findings will be of intense interest throughout the country.

THE LIBERAL VOTERS OF ST. JOHN SHOULD

give attention to the primaries this evening. The ward meetings offer the first opportunity to get together for the work of the campaign. There need be no doubt in any mind regarding the result of the election in St. John-Albert if strong candidates who can command the solid Liberal vote are selected at the party convention. The members of the party should enter upon this campaign with a relish, and show their traditional opponents that they are very much alive to the interests of the city, the province and the Dominion.

MAY HAVE EARNED THEIR FREEDOM

Lyons, France, Sept. 23—(Associated Press by Mail)—Handcuffed in pairs and in charge of four gendarmes, twelve French military prisoners en route for Algeria to serve sentences ranging from five to 15 years, were aboard the Strasbourg-Marseilles express when it jumped the track at Les Echels a few miles from there. Forty passengers were killed and 70 injured. None of the passengers was seriously hurt, but three gendarmes were killed and the other three were wounded. All semblance of authority and order had disappeared. The prisoners were free but, instead of running away, they pulled the wounded gendarme out of the tangled mass of wreckage and iron and laid him on the grass. During the night they rescued 31 injured passengers. They gave themselves up. They have since left for Algeria to serve their sentences but it is understood that the Minister of War is studying the case and the opinion is expressed that, in due course of red tape, they will be pardoned.

THE OLD FARM GATE

The old farm gate hangs sagging down on rusty hinges, bent and brown; its latch is gone, and here and there it shows rusty traces of repair.

The old farm gate has seen each year The biguous bloom and disappear, fair, The bright green leaves of spring and fall, And turn to autumn's red and gold.

The children upon it clung, And in and out with rapture swung, When their young hearts were good and pure— When hope was fair and faith was sure.

Beside that gate have lovers true Told the old story always new; Have made their vows, have dreamed of bliss, And sealed each promise with a kiss.

The old farm gate has opened wide To welcome home the new-made bride, When lilacs bloomed and locusts fair, With their sweet fragrance filled the air.

The gate with rusty weight and chain Has closed upon the lifeless form away Upon a dreary autumn day.

The lichens gray and mosses green Upon its rotting posts are seen; Initials carved with youthful skill Long years ago are on it still.

Yet dear to me above all things, By reason of the thought it brings, Is that old gate, now sagging down, On rusty hinges, bent and brown.

—Eugene J. Hall, in Hoard's Dairyman.

U. S. INDUSTRIES PROVIDE WORK FOR MORE MEN

Employment Service Marks a Definite Upward Swing of Business Pendulum—Conditions are Hopeful.

The report of the United States Employment Service, which was made public last week, indicates a marked improvement in the industrial situation, and the prediction is made that "the industrial pendulum is definitely on the upward trend." The report shows that in the first nine months of the year, the number of men employed in manufacturing and retail business, due principally to the change of season, is given as one of the causes of the more hopeful conditions. The report is based on statistics collected from the monthly reports of 1,628 firms in each of which usually employ more than 500 workers. In the United States these firms had 18,595 more employees on their payrolls than they carried on August 31, an increase of 12 per cent. Increases in Cities. Of sixty-five cities, thirty-eight reported employment increases during the period. Toledo, Ohio, leading with an increase of 24.1 per cent, as compared with August. Twenty-six cities reported decreases in employment. The greatest decrease, 5.4 per cent, was reported by Providence, R. I. New York City reported a decrease of 3.2 per cent. The situation in the city of Columbus, Ohio, was unchanged.

"Industry classifications showing increases in employment," the report continues, "are food and kindred products, textiles and their products, iron and steel and their products, lumber and its manufacture, stone, clay and brick products, metals and metal products other than iron and steel, chemical and allied products, and railroad repair shops. The industries which show a decrease are leather and its finished products; paper and printing; liquors and beverages; tobacco manufacture; vehicle and land transportation, and miscellaneous industries.

ON UPWARD SWING.

"The continued increase in employment clearly confirms the indications observed in August, that the industrial pendulum is definitely on the upward trend. The greatest change reported is in the western and southern sections of the country, obviously due to agricultural and stock raising and the price of cotton. The industrial areas in the east not only held their own, but slightly increased their force in many lines, leading with textiles, and including iron and steel and the railroads. "Building operations proceed with greater activity and show every indication of continuing at least until checked by adverse weather conditions."

WON'T FIGHT TOBACCO.

Mrs. Boole Says W. C. T. U. Plans No Such Campaign.

Rochester, N. Y., Oct. 11.—No plans for a campaign to prohibit the use of tobacco are being conceived by the State Woman's Christian Temperance Union, Mrs. Ella A. Boole, president, declared in her message to the delegates to the forty-eighth annual convention of the state body.

Speaking on motion picture censorship, Mrs. Boole said that the W. C. T. U. favored a "Federal Motion Picture Commission which will establish a standard which all producers will respect."

"The National Board of Review has not been equal to the situation and is being controlled by the producers," she said. "Evil films are due to the fact that the producers have misjudged the taste and demands of the public. These films do more than anything else to injure the public's morals."

MR. MEIGHEN'S VACCINATION

(Moncton Transcript) Premier Meighen tells us that he decided to call a general election because all kinds of business enterprises were being held up by the uncertainty regarding the tariff.

If that was the prime minister's real reason, it may be suggested that he was a bit late in making his great discovery. Why didn't he take steps to get rid of this suspense in regard to the tariff before things became hard and hundreds of thousands were forced into involuntary idleness?

Mr. Meighen was heir presumptive to Sir Robert Borden and a man of influence in the government's councils when in 1919 Sir Thomas White, then finance minister, announced the policy of revision which was long overdue, and promised to initiate the overdue revision in a short time. It was rumored that Mr. Meighen then pointed out that business enterprise would be held up unless the uncertainty regarding the tariff was removed. And when Mr. Meighen took over the leadership of the government ostensibly to carry on the work of reconstruction so ineffectually begun by Sir Robert Borden it is to be presumed that he gave some thought to the reconstruction of business upon a peace basis. At any rate, following the enquiry conducted by the commission headed by Sir Henry Drayton, the Meighen government announced in the speech from the throne that a tariff revision bill would be presented to parliament. But the promised bill was never brought forward. The speech from the throne is nothing more or less than a general statement of the government's plans and programs for a session of parliament. It is generally prepared by the prime minister himself, at any rate he is responsible for it. So when the speech from the throne announced a tariff revision bill, Premier Meighen must have been a genius some of his fellow politicians. Now he admits that his government is not competent to deal with tariff revision—and has therefore decided on a special election.

That Mr. Meighen has discovered that his government is incompetent to deal with what he regards as the great issue before the country is a matter of interest. But it does not necessarily prove that he is a wise and far-seeing statesman, a man gifted above his fellows; people who make no pretension to political genius some of his fellow politicians. The conclusion that Mr. Meighen's government was hopelessly incompetent to deal with the ordinary problems of public life. And as the reconstructed government is not much of an improvement upon the late and unlamented Mr. Meighen's appeal for a new mandate to carry out a tariff policy, the precise nature of which he has failed to reveal will probably fall upon deaf ears.

DRUG ARRESTS IN NEW YORK ARE 2,483 IN A YEAR

A statement issued by Dr. Carleton Simon, Special Deputy Police Commissioner, in New York, summarizing his activities against narcotic evil in the last twelve months, ended Sept. 30, said: "The tremendous growth of the narcotic evil in this city has been established, and the reports given out from time to time have been verified by an unprecedented number of arrests for the three-quarters of a year's work for 1921.

"Among those apprehended by the narcotic division were nine children, from 12 to 15 years of age, who participated in and who were used to sell."

"Many drug peddlers, drug vendors and smugglers were among these arrests, and large quantities of drugs were also seized during this period."

"Since the enactment of the new amendment to the Sanitary Code relative to habit-forming drugs, a little more effect a cure and time those arrested in two months ago, 503 arrests have been made. Of 609 brought to trial, a record of 93 per cent. convictions has been obtained."

"Assuming the fact that many individuals came from all over this country and from Europe, more than 50 per cent were arrested during the last two months for narcotic violations. These comprise: in many instances long criminal histories, and include homicide, burglary, grand larceny, petit larceny and many other crimes."

PLAN FOR A NEW INTERNATIONAL TRAFFIC ROUTE

Lubeck, Germany, Sept. 22—(Associated Press by Mail)—Plans for a new international traffic route, which its promoters claim is destined to become one of the world's great highways, are being worked out in detail by a commission of German and Swedish experts. The proposal is to establish a fast route between Abo, Finland, and the

THE FALL Is The Logical Painting Season

There are several excellent reasons why painting should be done now. Don't let it go until Spring.

The wood is dry now, after the summer season and in much better condition for painting. The paint or varnish penetrates deeper, and consequently the coat is more lasting.

Fall weather is more settled and besides your property is facing the hardest season of the year.

Don't let Mr. Winter Weather lower the value of your property—Paint up NOW! We can supply you with everything to do your painting—right, whether it's to refinish your floors or painting the garage or house.

ONE BIG BUDGET FOR CHARITIES

Toronto Made Success of Experiment in Financial Federation Plan.

The story of how the city of Toronto pooled its resources for charitable and philanthropic purposes with an all-round benefit, was told in Montreal this week by M. C. McLean, secretary of the Federation of Community Service of Toronto, to the Canadian Conference on Public Welfare. This question of financial federation, as was stated by J. S. Brierley, chairman of the Montreal Council of Social Agencies, is at present considerably exercising the minds of Montreal business men. While the Montreal Council has functional federation for the purposes of strengthening and co-ordinating charitable and social efforts, it has so far held aloof from federation of finances. The fact that this speaker was bombarded with questions for half an hour late at night indicated the intense interest in this method of financing social work. Rev. Peter Bryce, chairman of the Toronto Federation, was also present, and his statement was that while two years ago and even one year ago, they were not quite sure as to their success or otherwise, they were today assured that financial federation had the confidence of citizens, and as far as Toronto was concerned, it had come to stay.

In opening up his subject, Mrs. McLean stated that in the United States there were about thirty financial federations for social work purposes, some of them with budgets as low as \$40,000 a year, while there were others that went as high as five and a half millions. After that he passed on to the Toronto experiment. He explained the organization, consisting of a central council with representatives from all sorts of charitable institutions, churches and hospitals, as well as commercial bodies and clubs, and a budget committee which had to allot the money.

The average receipts for the city charities under the old regime had been about \$275,000 yearly from the public. In the first campaign in May, 1919, they only reached \$210,000 and later in the year a supplemental \$38,000 was taken. The 1920 campaign yielded \$230,000 from 8,500 people, and in November of last year the sum of \$392,000 was subscribed by over 30,000 people. That campaign gave evidence of an increased interest in the charities of the city, and the workers were most enthusiastic.

Generally, Mr. McLean showed that the social agencies had benefited in that they gained more for their budgets, that they had no need to worry and spend time over money raising but could devote their energies to the work in hand; that on this account they could employ better class workers and equip their

WANTED AT ONCE.
Orphanage Fair Daily Newsletter.
St. John, N. B., Oct. 11, 21.
To the Protestants of N. B.:

Greetings.—There is one great weakness in our plan of campaign, and, unless it is remedied at once, will result in the loss of thousands of dollars. I refer to the question of leadership. So much depends on having the right persons to lead us in any movement. There are so few people who will take the initiative in anything. All over this province there are thousands of persons who would gladly contribute towards this Orphanage Fair which is to be held here from the 17th to 27th, but who will not act of their own accord. If someone else would only lead or solicit them and arrange to have the goods transported to the boat or train there would be no end to the amount of donations that would be forwarded.

Surely there are men and women in every locality who have this matter enough at heart to get busy. Remember your failure to act will result in just so much less raised for the homeless kiddies. Talk it over with others.

Goods addressed "Orphanage Fair" will be carried free of charge on any river or down shore steamers.

Meeting of Men's General Committee at Orange Hall on Wednesday evening, and volunteer workers at Rink on Friday and Saturday with hatcher and saw. Address anything, James E. Arthur, secretary, P. O. Box 12, city.

"I use St. Charles Milk With the Cream Left in"

Is the milk you buy "all milk" or is there a lot of moisture in it which adds to bulk but not to nourishment or economy? You know it's "all milk" if you use ST. CHARLES, for 60% of the water has been removed by evaporation and the "cream left in."

Borden's ST. CHARLES is fresh country milk, from healthy cows, that graze on Canada's richest pastures. Its purity and quality is guarded unflinchingly from "milk-ing time to using time." That it might be available at all times without annoyance of uncertain deliveries, Borden's put it up in handy immaculately clean, air-tight containers.

It improves cereals and fruits, it makes puddings delightful enough to lure one on to a second helping, while the luxury of creamed vegetables and cream soup is made an every-day economical possibility with this creamy milk.

Insist on ST. CHARLES "with the cream left in." Containing twice as much butter fat, it is surprising much more nourishing it makes all milk dishes. Your Grocer is a Borden Milk-man. Phone your order TO-DAY!

delegates that there had been difficulties experienced in some of the experiments in the United States. Mr. McLean insisted that there were no difficulties that could not be overcome in such a scheme of financing, and he explained the method by which the budget committee allotted money.

Rev. Peter Bryce, chairman of the Toronto Federation, said they had studied the question very carefully for two or three years before they embarked on the experiment. Many fears had been expressed by business men, including a few Orangemen who did not altogether approve of Catholic agencies being included, but the council had decided that, if it was to be a federation of community service, it must take in all the community. Now there was no doubt as to the success of the plan.

RECENT WEDDINGS
McDade-Kinsella.
A quiet wedding was solemnized on Sunday, Oct. 9, 1921, in the Church of the Sacred Heart, Fifty-first street, New York, by Rev. Father Scully, when Miss Frances Kinsella, daughter of P. Kinsella, of this city, became the bride of Terrence Joseph McDade, also of this city. The bride was attended by Miss Mae McPhillips, while Lou Mullally supported the groom. After a short wedding trip Mr. and Mrs. McDade will make their home in this city. Mr. McDade is the proprietor of the Willard Service Station, Duke street, and both

he and his bride have many friends who wish them much happiness in their new life.

Gill-Evans.
A quiet wedding took place recently at London, Ontario, when Miss Winifred E. Evans, daughter of Mrs. Nelson English of London, was united in marriage to William H. Gill of Trenton, Ontario. Dennis Thompson played the wedding march. After the wedding, Mr. and Mrs. Gill left on a trip to eastern points. They will reside in Trenton. The bride is a well-known vocalist in St. John.

The marriage of Miss Yvonne Buckley to Captain Cyril Creighton of Newcastle took place at Montreal last week. Mr. and Mrs. Creighton will reside in Newcastle, where Mr. Creighton is manager of the Derby Lumber Company.

WILLIAM GIFFORD
Celebrated as the first editor of the Quarterly Review, was a shoemaker in his youth. When studying for college, he worked out problems on leather with an awl.

Shoe makers as a class are thinking men, thorough men. They prefer

Blue Nose Oak
The Sole Leather for Soles
Because it has been treated so that it retains its pliability, resists water and has the ruggedness of a truck tire. Go to your shoemaker — he can save you money.

Come in and see them at this new price, \$8.50

F. W. DANIEL & CO., HEAD OF KING ST.

FUNERALS
The funeral of George Y. Dalsell took place at his late residence, North Head, Grand Manan, to the North Head cemetery, the large crowd that attended the funeral testifying to the high esteem in which the late Mr. Dalsell was held. The pallbearers were members of the prospectors' class of the Sunday school, of which he had been a member both in this city and Grand Manan for more than fifty years. Services were conducted at the home and grave by Mr. Mul-lin of the Reformed Baptist church. The floral tributes were numerous and beautiful.

The city of Auburn, Me., gave its new fire whistle a tryout last week and John Keene, the city electrician hasn't heard a sound since. He was standing next to the whistle and the piercing blast caused an injury to his ear drums which is not expected to be permanent, but will require a doctor's care for a while.

HORLICK'S
Malted Milk for Infants
A safe milk diet, better than any milk alone. Contains rich milk and mal ed grain extract.

Watch Your Gums—Bleeding a Sign of Trouble

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhoea, that dread disease which afflicts four out of five people over forty.

If the disease is unchecked, the gum-line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhoea poisons which seep into the system and wreck the health. These poisons often cause rheumatism, nervous disorders, anaemia, and other ills.

To avoid Pyorrhoea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhoea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

**ELEVATOR MEN
SAVE SEVERAL
GIRLS IN FIRE**

Two, One a Cripple, Make Quick Trips to Ninth Floor Through Flames on Broadway—Firemen Give Swift Aid.

(New York Times.)
Fast work by firemen and the courage of two elevator operators, one of them a cripple, checked a panic and got scores of girl employees to safety yesterday when fire swept the fifth floor at 640

**Pétrole
Hahn**

The World Renowned French Hair Tonic ANDRUP is a secret formula for healthy beautiful hair. Continuous falling, brittle hair and premature greyness are cured. It restores the hair follicles and cuts off scalp dandruff. Petrole Hahn destroys that microbe, removes the cause of dandruff, promotes growth, health and beauty of the hair. Satisfactorily used the world over. Try a bottle. At all good dealers. Canadian Agents: Palmers Limited, Montreal.

the Arrow Leather Goods Company, lessee of the entire fifth floor of the nine-story building near Bleecker street. Sending off great clouds of dense smoke, the flames got to the stairways and hurried to the seventh floor, skipping the sixth floor by a freak of draft. The smoke clouds billowing out windows, and swirling through the halls to other offices, gave warning to employees of their danger.

Fire-escapes surrounded the building on three sides—on Broadway, on Crosby street and on Bleecker street. Most of the workers took to the escapes and made their way down to the streets and to the yard in the rear. Many, however, jammed the halls in front of the elevators, clamoring to be taken down. William Braun, whose foot is crippled, and Giuseppe Lorenzi, the operators, stuck to their posts, and making quick trips, got the girls out. The operators first took those who were on the burning floors, then those who waited on the eighth and ninth floors, later making trips for those who waited on the floors below the fire.

Men from Truck 26, the first of the fire-fighting apparatus to reach the flames, scaled an eighty-five-foot extension ladder tilted against the Broadway side of the building. Thousands of on-lookers cheered the nimble ascent of the firemen. Fireman Thomas Laffin and James Boulger were the first of the building by way of the ladder.

They looked into windows on the fifth floor and, finding their entry barred by flames, scaled to the sixth floor and got in. They quickly ascertained that the unimpeded workers were getting to safety by means of the elevators, and turned their attention to the seventh floor. Laffin found an unidentified girl huddled in a faint near one of the windows. He picked her up, but in endeavoring to retrace his steps, was overtaken by the smoke and got into the fifth floor. Donigan and other firemen got Laffin and his burden out.

Thirty minutes' brisk work by the firemen extinguished the blaze, while the reserves from the Mercer street station, in command of Captain James F. Shaw, maintained fire lines in crowded Broadway.

Soon after the building was finished, in 1897, a fire swept it from top to bottom, the flames reaching across the street to the Manhattan Bank Building, which was damaged. Three years ago a fire in the same building resulted in spectacular escapes and heroic rescues by firemen.

CHARLIE CHAPLIN ORDERS AN AERO LIMOUSINE
Paris, Oct. 11.—Before he flew to London Charlie Chaplin placed with an aeroplane concern here an order for an aerolimoousine of the latest type.

It is to be carried upholstered in morocco leather and will bear as his crest and coat of arms a comical derby hat.

The comedian says he will do all his future American traveling among the clouds.

FRANK HOPPE, FATHER OF BALK LINE CHAMPION, DIES
Frank Hoppe, 58, father of Willie Hoppe, balk line billiard champion of the world, died last week at the University hospital, Chicago, of paralysis after an illness lasting several months. Willie was notified by wire immediately and announced that he was leaving New York at once.

"BUILT - IN - CANADA"

Studebaker
BIG-SIX SEDAN \$4095

THE BIG-SIX SEDAN is a completely appointed car. Every detail is expressive of Studebaker thoroughness. It represents a rare coupling of body beauty and chassis dependability. Upholstery of gray mohair velvet plush with curtains to match, cut glass dome light, jeweled 8-day clock; exhaust heater; collapsible steering wheel; massive headlights and novel coach lamps at sides form but a partial list of its appointments.

You are invited to inspect the Studebaker enclosed models now on display in our Show Rooms.

This is a Studebaker Year

Quit for 10 Days
Your old methods of teeth cleaning

See what this new way does. Watch your teeth whiten—note how clean they feel. Millions have learned in this way how much film removal means. It is something that you should know.

You must fight film

Your teeth are coated with a viscous film. It clings to the teeth unless you combat it, gets between the teeth and stays.

It forms a dingy coat which dims the luster of the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film. And, despite the daily brushing, very few escape them. The old brushing methods do not effectively fight film.

New ways to combat it

Dental science has now found ways to combat film. The methods are embodied in a dentifrice called Pepsodent. It has proved so effective that leading dentists everywhere are now advising it. And millions of people have already adopted it.

Made in Canada
Pepsodent
REG. IN CANADA
The New-Day Dentifrice

A scientific film combatant, combined with two other modern requisites. Now advised for daily use by leading dentists everywhere. Supplied by druggists in large tubes.

FREE A 10-Shave Tube of Palmolive Shaving Cream
At the stores listed below

A Soothing Shave
Plus four things more

We wanted to give men the benefits of palm and olive oils in shaving. We knew these softening, soothing oils were the best for the face—for 3,000 years that had been known. But the problem was to apply their balmy blend to a shaving cream.

It was not easy—though we certainly knew soap making well. Our creation of the finest toilet soap known had proved that.

We made up and tested scientifically 130 different kinds of shaving cream. All other known creams also were tested to learn their virtues and their faults. And step by step, and month by month, we improved formulas until perfection was reached in each quality desired.

Formula No. 130 was right

In this formula we found that at last the ideal shaving cream was attained. It proved superior on these tests:

- Multiples itself
- Softens the skin
- Acts quickly
- Maintains itself

It multiplies itself in fact 250 times. Just one-half gram—a bit of cream—proves plenty for a luxurious shave.

The oil coating on the beard is removed almost instantly. Within one minute the beard absorbs 15% of water—enough to soften the stubbornest beard. Such quick efficiency is astonishing.

The latter maintains its rich creamy fullness for ten minutes on the face. Plenty of time to shave.

The palm and olive oils are the supreme lubricant, soft and soothing to the skin. So the need for lotions is ended.

Now test it yourself

Millions have already adopted Palmolive Shaving Cream because of these superiorities.

The coupon will give you a trial tube without cost. You will be delighted with what it will accomplish for you.

TEN HOUSES BURN IN QUEBEC VILLAGE

Three Rivers, Que., 11—(Canadian Press)—Word was received yesterday from St. Severin, a village about 22 miles from Grand Mare, that a fire originating in the telephone central office on Sunday, during high mass, destroyed eight houses in addition to the place of origin before it could be got under control. Yesterday morning a further fire destroyed the house of James St. Arnauld. Ten houses in all were burned to the ground and the total loss is estimated at around \$100,000 with practically no insurance.

USE The Want Ad Way

tremendous demand apparent at the present time for cotton goods of all kinds makes the situation a most uncertain one. Local merchants are somewhat apprehensive, and state that replacement of present stocks will mean an increase of from 45 to 60 per cent. While pointing out that there is no advantage in holding off any necessary buying, the head of the staples department of a large department store stated that, when present stocks were gone, the advance would be too big for any concern to swallow its losses for long. At the present time, the price of purchased stocks are unchanged, but any buying shows the tremendous jump the raw material has taken. In June, spot cotton was down as low as \$10.85, while on October 4 it was \$20.75. The big jump came suddenly, the price of August 11 being \$12.85, while by September 6 it was \$20.10, an advance of about 60 per cent. Merchants who follow the market closely state that raw cotton is practically holding its own, in spite of the fact that the big cotton operators have broken prices, or tried to, in order to squeeze out the small buyers. There have been rumors of quite a carry-over of cotton, but no one seems to be able to find out where it is. Prices are bound to be higher than at present, merchants say, with the heavy demand for cotton goods of all kinds and the much wider field of uses it now covers. More cotton is being worn in practically everything, and automobile concerns are heavy users of cotton. None of the factories is putting out price lists, and merchants have to submit orders before they get a price. Instances of the approximate advances are given as follows:—On two yards of sheeting, the mill price is up from 8c to 10c a yard; on 2 1/4 yard sheeting, the jump has been from 9c to 12c a yard; factory cotton from 8c to a yard higher; and tent ducks up 25 per cent.

GANDHI APPLIES TORCH TO PILE

Spectacular Action by Nationalist Leader in India Against British Gov't.

Bombay, Oct. 11—In the presence of a large gathering in the Mill district here yesterday Mahatma K. Gandhi, Nationalist leader, solemnly set fire to a pile of foreign-made clothing in connection with the boycott against foreign importations. In a speech he referred to the arrest of the All India Congress leaders on a charge of sedition for attempting to cause disaffection among the troops. He said he was sorry he had had to inform the Sepoy that it was wrong to help a government which had forfeited the confidence of the country. If the Sepoy believed his faith, whether he was Hindu or Muslim, he should leave the British Empire, even if he had to leave his living by breaking stones. Gandhi declared that failure to secure home rule by September 30 was the fault of his hearers. Much had been done in this direction, he added, but the minimum required had not been attained.

CHARLES EPPS

Charles Epps of St. George, a well-known granite manufacturer, was killed yesterday when a ladder upon which he was standing gave way and he fell from the roof of his house to the ground, dying a few minutes later. He leaves two sons, Harry, manager of the N. B. Telephone Co. at St. George, and George; two daughters, Mrs. Joy of Boston, and Miss May at home.

FEAR RISE IN COTTONS PRICES

(Toronto Globe)

As the bulk of the world's supply of cotton is secured from the United States, the announcement of a sensational decline in the estimate of the cotton crop is matter of more than passing interest. A loss of 500,000 bales in the last month is shown, the figures on the yield of the crop being 6,857,000 bales, as compared with 7,357,000, which was the estimate a month ago, and this is, approximately, 1,000,000 bales less than was produced last year. As the world's normal consumption is about 12,000,000 bales, the

SEE RETURN OF GREY TO ACTIVE PUBLIC LIFE

(London, Oct. 11—(Canadian Press)—Particular significance has been attached to a speech made by Viscount Grey, ex-minister of foreign affairs, at Bewick yesterday, in consequence of its being his first political address since his retirement in 1916. The speech is regarded as forecasting his return to political life with active participation in the councils of the Independent Labour party.

The Tobacco of Quality

Importation Rejected
By Five To Two Vote

New Brunswick elected to prohibit the bringing of intoxicating liquors into the province at the referendum yesterday by a majority of upwards of 25,000. The ratio of the voting was about five to two. Only Gloucester and Madawaska counties chose to continue importation. Every ward in St. John city voted dry. In the Northumberland county... 3272 2250

NO SHORTAGE
OF POTATOES

Toronto Market Oversupplied from East and West—Quality is Excellent.

(Toronto Globe.) After obtaining information from various sources, the Globe does not anticipate any serious shortage of potatoes for the consumer this fall. The crop in Ontario is turning out better than was expected earlier, while the maritime provinces and the west are in a position to place considerable quantities on the market here.

"The Toronto market for late potatoes has been over-exploited this fall," said T. H. Delenere of the United Farmers to a Globe representative this week. "During the earlier part of the season, buyers, influenced by the short crop, predicted by the government statisticians, began active bidding for the provincial output, particularly in Ontario county. Prices rapidly rose to around three dollars and the west took notice and placed considerable quantities on the market here, resulting in values falling to a dollar and a half, and no recovery from these quotations," added Mr. Delenere.

"Owing to the present freight rates, tubers from the west cannot be laid down in Toronto for much less than \$2.75, but those from the east are being offered for \$1.40 to \$1.50. Fair Crop Expected. "The crop, speaking for the dominion, is turning out very well," commented Mr. Delenere. "I think that opinions regarding the average have been too conservative while it is impossible to ascertain the total yield, as late tubers are only being lifted now. I anticipate a fair average crop."

In reply to a query regarding quality, Mr. Delenere claimed that "fellow in his long experience in handling potatoes had seen such excellent samples as were being offered now. "The stuff from New Brunswick is splendid," he told the Globe. "The tubers are of large size, in excellent condition and well graded. The product from Quebec and the west while not quite so good is better than the average, and the Ontario variety coming in now leaves little to be desired."

M'MASTER ATTACKS
MERCHANT MARINE

Hon. W. L. Mackenzie King spoke at a large gathering last evening in Kensington, P. E. I. He accused the government of ignoring the wishes of the people and of many extravagances. The policy of the Canadian Government Merchant Marine was forcefully attacked by A. R. McMaster, former member for Brome county, Quebec. Among other things he said that records showed that in January and February of this year the steamer Canadian Navigator lay in the port of St. John for forty-three days and the steamer Canadian Otter for fifty-four days. The average length of time of the other vessels for staying in port was thirty-two days. He said that full crews had been maintained while cargoes were not available, while other marine companies were laying their vessels up and discharging their crews and reducing expenses.

NEW GUNPOWDER
WITHOUT FLASH

Makes Only Dull Glow on Being Fired at Night—U. S. Army to Demonstrate Invention.

Washington, Oct. 9.—(By A. P.)—Flashless gunpowder, making possible night firing without illumination, one of the recent developments of the Army Ordnance Corps, will be demonstrated Friday at the third annual meeting of the Aberdeen Proving Ground.

"This has been accomplished by introducing substances into the powder which when the gun is fired are oxidized, diluting and cooling the hot inflammable gases. Ordinarily these gases burst into brilliant flames when they meet the air. Salt and chloride of potassium, it is said, are two substances used to eliminate the flash. It also has been demonstrated that the report is appreciably lessened with flashless charges."

Other features of the Friday programme include the firing of the "heaviest single unit of ordnance in the world," the recently perfected 16-inch, 50-calibre gun, mounted on a disappearing carriage. The gun measures sixty-nine feet in length, weighs 340,000 pounds and requires 800 pounds of smokeless powder to propel its 4,400-pound projectile approximately twenty-two miles. Although the gun and its mount weigh nearly 800 tons, it can be rotated through 360 degrees by one man and elevated or depressed thirty degrees by another, while completely automatic in its operation. Special equipment also permits the manipulations of the piece by a single man.

Another rifle of the same type has been mounted on a barrette carriage, capable of elevating or depressing to 45 degrees, and is expected to have a greater range than any gun now carried by naval vessels.

Harmless Means
of Reducing Fat

Many fat people fear ordinary means for reducing their weight. Extraordinary means, however, perfectly harmless, no dieting or exercise are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. You reduce steadily and easily, with no ill effects. Procure them from your druggist at one dollar for a case or send price direct to the Marmola Company, 412 Woodward Avenue, Detroit, Mich.

POSED AS BRIDE,
FRAUD IS CHARGED

Curious Trick Played on an Aged Peddler by Woman and Two Men.

St. Catharines, Ont., Oct. 11.—A curious case of conspiracy to defraud has been set down for trial before Magistrate Campbell. The parties accused are out on bail. They are Polish fruit-pickers, Bill Saweryn, his wife, Emilia, and a youth Stephen Yankow, aged seventeen. According to the police they worked a unique game on George Danekko, aged thirtynine, a peddler, also a foreigner. The plan, it is charged, was to get the old man to marry the woman for the purpose of getting money and gifts out of him. Saweryn told him that his wife was his sister, and that she was willing to marry Danekko.

The indignation "bridegroom" went at once to the authorities and a conspiracy to defraud was charged. The three alleged conspirators were arrested by the county police and locked up. As the crown was not ready to go on with the case and as there are children belonging to the Saweryn family, bail of \$200 each was allowed.

WHAT CAUSES
HEADACHES?

"Fruit-a-tives" Prevents Auto-Intoxication

Auto-intoxication means self-poisoning. Many people suffer from partial constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headaches, Indigestion, Disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases. "Fruit-a-tives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

St. John, N. B., Oct. 6.—A federal department report on fruit says: Glasgow, 4th British Columbia. Fruit-a-tives Cabotta somewhat green No. 1 \$2.65 to \$3.67, No. 2 \$2.65 to \$3.06. Wide range due to variable color. California Doyenne pears \$3.26 to \$3.46 per 1-2 case. Round sterling quats \$4.08.

QUICURA
Quickly Soothes Itching Scalps

Treatment: Gently rub Quicura on spots of itching. Follow next morning with hot shampoo of Quicura. Soap Repeat in two weeks. Nothing better than these fragrant super-creamy emollients for all skin and scalp troubles.

Just perfected by a French scientist, Professor George Claude. It is many years since he succeeded in achieving the synthesis of ammonia by reacting nitrogen and hydrogen to very high pressures.

DOMESTIC CATS
REVERT TO TYPE

Pets Which Have Gone Wild Cause Damage on Vancouver Island.

Vancouver, Oct. 11.—Domestic cats which have reverted to primitive savagery in the woods of Vancouver Island have been causing such depredation among game and other birds that the B. C. Game Conservative Board has been approached with requests that a bounty be offered for the pet of these feral felines. Because of the difficulty which hunters would necessarily be under in differentiating between tame cats and these which have abandoned the ease and pleasure of civilization, the board is hesitating about encouraging promiscuous killing, though at the same time acknowledging the gravity of the situation.

FRUIT REPORT

Middleton, N. S., Oct. 6.—A federal department report on fruit says: Glasgow, 4th British Columbia. Fruit-a-tives Cabotta somewhat green No. 1 \$2.65 to \$3.67, No. 2 \$2.65 to \$3.06. Wide range due to variable color. California Doyenne pears \$3.26 to \$3.46 per 1-2 case. Round sterling quats \$4.08.

Halifax—Potatoes Nova Scotia and Island \$1.75 a bag. Onions Canadian and Spanish \$4.25 cwt. Gravenstein No. 1 \$5.00, No. 2 and Domestic \$4.25. Other varieties \$3.00 upwards at auction. Business slow.

COUNTY NOMINATIONS

Contests for seats in the municipal council of St. John county will take place next Tuesday in all parishes, with the exception of Masquah, where Councillors J. E. O'Donnell and George Anderson are returned unopposed. Yesterday was nomination day.

In Simonds, Councillor J. M. Donovan retired, and John Whalen will run on a ticket with Councillors J. F. Mather and J. C. Doherty. They will be opposed by Edgar Smith, Alexander Magee and H. A. Shortlife. A joint meeting of the supporters of both tickets has been arranged for Wednesday evening in the Edith avenue hall, at which parish matters will be considered.

FRAUD IS CHARGED

Curious Trick Played on an Aged Peddler by Woman and Two Men.

St. Catharines, Ont., Oct. 11.—A curious case of conspiracy to defraud has been set down for trial before Magistrate Campbell. The parties accused are out on bail. They are Polish fruit-pickers, Bill Saweryn, his wife, Emilia, and a youth Stephen Yankow, aged seventeen. According to the police they worked a unique game on George Danekko, aged thirtynine, a peddler, also a foreigner. The plan, it is charged, was to get the old man to marry the woman for the purpose of getting money and gifts out of him. Saweryn told him that his wife was his sister, and that she was willing to marry Danekko.

The indignation "bridegroom" went at once to the authorities and a conspiracy to defraud was charged. The three alleged conspirators were arrested by the county police and locked up. As the crown was not ready to go on with the case and as there are children belonging to the Saweryn family, bail of \$200 each was allowed.

PILETS

Do not suffer another day with Pilets. Bleeding, Itching, Swelling, No relief from operation.

Dr. Chase's Ointment will relieve all cases of Pilets, hemorrhoids, itching, swelling, and bleeding. It is a sure cure. Write for a sample box free if you mention this paper and enclose 2c. stamp for postage.

IF KIDNEYS ACT
BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid. When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, chameks often get sore, water scalds, and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

AN AID TO WEARING
THIS SEASON'S FASHIONS

(Helps to Beauty) Here is a simple, unflattering way to rid the skin of objectionable hairs: With some powdered deodorant and water make enough paste to cover the hairy surface, apply and in about two minutes rub off, with the skin and every trace of hair has vanished. This is quite harmless, and to avoid disappointment, get the deodorant in an original package.

PROTOVIM

Restores strength and energy. Restores lost weight. The greatest and quickest restorative. Protovim restores the vitality of the body. Weakness is transformed into men of action. Thousands of men of will power. Price, three dollars.

Evidence!

OUR claims for Hall's Wine rest not upon what we say of it, but upon the abundant testimony of medical men. Among these letters of appreciation are many asking for special supplies for urgent cases, others praising its worth, as proved in their daily practice or in their own homes. Countless numbers of other letters come from nurses and patients, but the most convincing evidence of all in favour of Hall's Wine is medical opinion.

HEADACHES GONE

Perhaps you can imagine what this means to one who has suffered terribly with headaches for ten years.

Read about it in this letter. Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes: "I feel that if anyone could recommend Dr. Chase's medicine I certainly would for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have a headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this treatment has done for me, I cannot too highly recommend it to others."

QUICURA

Quickly Soothes Itching Scalps. Treatment: Gently rub Quicura on spots of itching. Follow next morning with hot shampoo of Quicura. Soap Repeat in two weeks. Nothing better than these fragrant super-creamy emollients for all skin and scalp troubles.

SPORT NEWS OF A DAY; HOME AND ABROAD

BASEBALL

Yankees Take Another

Although they secured ten hits of young Waite Hoyt yesterday the Giants were able to get only one run across the rubber and as a result went down to defeat before the Yankees by a score of 8 to 1. Although in danger at many stages of the game Hoyt pitched brilliantly and time after time worked out of some bad holes. He was given stellar support by his team mates. The work of Bob Meusel in right was also good and it was largely due to his sensational throwing that the Giants were cut down in the second inning when they threatened to stage a big rally. In the second inning Burns hunted safely. On the hit and run Bancroft hit into right field and Burns passed second and continued to third. Bancroft started for second and Bob Meusel faked a throw to Ward and as Bancroft turned off his guard Meusel whipped the ball to Pipp on first and Bancroft was caught between the sacks. While he was being run down Burns started for home, but was caught out at the plate. Pecknough to Schang Meusel was given credit for his heady work and received an ovation while en route to the Yankee bench.

The official figures at yesterday's game were 35,784. The gate receipts \$116,754 of which the advisory board share is \$17,513.10, the players share \$39,544.54 and the two club's share \$59,696.86. The players will divide \$292,444.88, the largest amount ever divided between the players, the best previous record being between Chicago and Cincinnati, when they pooled \$260,846.66.

Mrs. Ruth Files Over Game

While Babe Ruth was knocking unoffensive home runs during batting practice, Mrs. "Babe" dropped three baseballs to her husband from a height of 2,000 feet. Mrs. Ruth, who is an aero fan as well from the Aeromarine Airways, Inc., to view the Polo Grounds diamond from the air.

Before taking off from the airport at the foot of Eighty-second street, Hudson River, Mrs. Ruth exhibited three baseballs. One which she had autographed herself, read, "Hello, Babe, I expect you to win today." "May the best team win" was written on the second ball, presented by Mayor Hylan, while the third, the gift of C. F. Reardon, president of the Aeromarine Airways, Inc., said: "Good luck to you, Babe."

The flying boat, piloted by D. G. Richardson, flew down to the Battery and thence to the Polo Grounds by way of the East River. After encircling the grounds several times, Mrs. "Babe" dropped a parachute containing the three baseballs. It landed near the entrance of the ball park.

BOWLING

Games Last Evening

The Commercial league got away last night on Black's alleys when G. E. Hour & Co.'s team took three points on the Post Office quinine. The winners totaled 1225 and the losers 1234. H. R. McMillan opened the season by rolling the first ball. In the Clerical league Waterbury & Rising took all four points from S. Hayward's company's team. The winners totaled 1225 and the losers 1177.

In the Wellington league the Trocadero Club took three points from J. & A. McMillan. The winners totaled 1237 and the losers 1225.

In the Y. M. C. I. House League last evening the Robins took all four points from the Swans. The winners totaled 1422, the highest total pinfall of the season, and the losers 1233.

THE RING

Wills Defeats "Gunboat" Smith

Harry Wills, the great negro heavyweight, knocked out "Gunboat" Smith in the first round of a scheduled twenty-round bout staged in Havana yesterday afternoon. Smith was dazed by a number of blows after one minute of fighting and was rocked to sleep with a righting left uppercut.

THE TURF

Good Racing at Lexington

Edith Worthy and Favianon captured the feature events at the Kentucky Trotting Horse Breeders' Association track in Lexington yesterday. The former won the two-year-old event in straight heats, best time 2:13 1/4, purse \$2,000; the latter won the three-year-old event, two out of three heats, best time 2:07 1/4. The Jack captured the 2:12 pace in straight heats, best time 2:05, purse \$1,000. The 2:16 trot was unfinished.

Cannot Afford Racing

London, Oct. 11.—The Duke of Portland intends to follow the example of the Duke of Devonshire, Lord Falkmouth and other famous racehorse owners, who have given up racing in recent years owing to heavy calls in their estates.

He has decided not to send any of the White Stud yearlings to be trained, but the stud is still a paying proposition and will be continued, the young stock being submitted for sale.

The Duke won the Two Thousand

and Derby with Ayrshire in 1888, and the Derby and St. Leger the following season with Donovan. Semolina (One Thousand), Memoir (St. Leger), Mrs. Batterwick and La Roche (Oaks) were other classical winners to carry famous white jacket and black sleeves and cap.

Cesarewitch Betting.

London, Oct. 11.—(Canadian Press).—Following is the latest London betting on the Cesarewitch stakes to be run on October 12: If to 2 against Harrier and Derivat, 9 to 1 against Frontline; 100 to 3 against Yatsi; 100 to 7 against Money Glass and Chat Tor; 22 to 1 against Greek Scholar; 33 to 1 against Arravale, and 45 to 1 against Charville.

BILLIARDS

Belgian in Lead

New York, Oct. 11.—Edmond Horemans of Belgium, European billiard champion, led Koji Yamada of Japan, 600 to 266, last night, after playing two blocks of their 1,000-point 15.2 ball-line match in Brooklyn. In the opening block, Horemans' average was 37.4-8 to Yamada's 15-7. Horemans' best run of the day was 105, and Yamada's 71.

Leaders Defeated.

Pittsburg, Oct. 11.—The beginning of the second week of the national three-cushion billiard championship yesterday was replete with upsets, both August Kieckhefer of Chicago and John Layton, champion, first and second in the standing, were defeated by their opponents. F. D. Denton also lost his match.

Chas. McCourt of Pittsburg won from Kieckhefer in the day's play, fifty to forty-two in fifty-three innings. Both ran five. Chas. Weston, Pittsburg, won from Chas. Otis of New York, fifty to forty-nine, in eighty-nine innings. Each had a run for five. Layton fell before Pierre Maupome of Mexico, fifty to twenty-six in fifty innings. Maupome's high run was five; Layton's three. Alfredo de Oro of Cuba defeated Denton of Kansas City, fifty to forty, in sixty-three innings. De Oro's high run was six; Denton's five.

FOOTBALL

To Intercollegiate Meeting.

H. H. Trimble, captain of the U. N. B. football team, and Clarence Jewett, passed through the city last evening en route to Truro (N. S.) where today they will attend a meeting of the executive of the maritime intercollegiate football league. The meeting has been called to arrange a schedule for the season.

MORNING NEWS OVER THE WIRES

Francis Kluxen of Madison, New York, charged with the murder of Jeanette Lawrence, aged twelve, was released yesterday on \$5,000 bail. The judge in the case held that arrest on a charge of murder was not justified. Young Kluxen is fourteen years old. The case went before the grand jury today.

Rioting occurred yesterday afternoon in East Belfast. The Unionists reached a track laying locality in the Sinn Fein district and vigorous reprisals were taken. A riot also occurred in Waterford jail when a number of political prisoners undergoing various terms of penal servitude demanded that they be placed on the same footing as prisoners of the jail that their cases were being considered by the British authorities in conjunction with the Sinn Fein.

American Association Record Broken; 1,522,322 Saw Games

Louisville, Ky., Oct. 11.—Clubs in the American Association drew a record-breaking attendance of 1,522,322 for the 1921 season, President Hickey announced. This was an increase of 192,997 over last year. Kansas City, which finished third, led the league with 275,043. Minneapolis was second with 275,199. Toledo was third, with 198,148. Louisville, which won the pennant, was sixth with a total attendance of 170,611.

In addition to service at home, the North American associations are carrying on work in more than twenty countries, while Y. M. C. A. activities under other national auspices bring the total of countries with established associations up to nearly twice that number. There is, in addition, the work still in progress among Allied armies and ex-service men in Europe and the Near East. Although this work is being demobilized and domesticated as rapidly as possible, American secretaries are still directing and financing a work on behalf of more than 2,000,000 of such men. Nineteen clubs and extensive facilities are serving the American forces in Colaba and vicinity. A prominent feature of the last year's activities has been the extension of the service among men of the American merchant marine. This work is now carried on at three home and nine foreign ports. The merchant marine branch in Brooklyn alone obtained free employment last year for 25,547 men.

Together with the Y. W. C. A., the Y. M. C. A. has expanded the service of its immigration department, with Cherbourg, now the largest immigration port in Europe, as the headquarters of this work, which is maintained at six other points on the continent.

The data made public by the international committee covering activities in the United States and Canada include the following items: In gymnasium classes, 845,852, a gain of twenty p. c. over 1920; swimming and life saving taught to 86,428, a gain of twenty-one p. c.; educational stud-

The picture that is going to turn St. John Upside-Down.

Y. M. C. A. GROWTH

World Membership is Now Placed Above 1,500,000—Some of the Activities.

Data compiled by the international committee of the Y. M. C. A. for the associations in the U. S. and Canada for the year ended April 30 last show gains in nearly every line of association activity. Pronounced increases are shown not only as compared with the previous year, but with the last full year, 1917, before the United States entered the war. The increases over 1920 were similar to the record gains made in 1917. As summarized by Dr. John H. Mott, general secretary of the International Committee, "in almost every line of the associations it has been a year of progress."

Membership in the 2,120 association in the U. S. and Canada totaled 938,281 on April 30 last, against 868,892 in 1920 and 720,468 in 1917. Adding to these the latest available figures for countries outside of North America, which are those for 1920, the world total is shown to be well above 1,500,000.

In addition to service at home, the North American associations are carrying on work in more than twenty countries, while Y. M. C. A. activities under other national auspices bring the total of countries with established associations up to nearly twice that number. There is, in addition, the work still in progress among Allied armies and ex-service men in Europe and the Near East. Although this work is being demobilized and domesticated as rapidly as possible, American secretaries are still directing and financing a work on behalf of more than 2,000,000 of such men. ent, not counting duplications, 121,945, a gain of fourteen p. c.; attendance at religious meetings, 8,880,800, a gain of nine p. c.; in Bible classes, 130,808, a gain of thirty-three p. c.; in Y. M. C. A. camps for two weeks or more, 64,029, a gain of fifteen p. c.; in physical leadership clubs, 10,815, a gain of ten p. c.

"There has been an unprecedented increase in the number of students in universities and colleges. The rural and colored associations, as well as the Boys' Work, while showing a year abounding in encouragement, have been retarded somewhat in their growth through insufficient staff. It may be questioned whether in the realm of the physical work there has even been a year of greater practical helpfulness. The educational work has unmistakably entered upon a new era. More young men and boys were enrolled in the educational classes of the association last year than in all of the Protestant Christian colleges of North America. There are signs on every hand of the releasing of larger voluntary lay forces in the service of the associations than was apparent before the war.

BIRTHDAY CELEBRATED.

About thirty young friends of Miss Madeline Jenkins, 274 Millidge avenue, gathered at her home on Monday evening and tendered her a surprise party in honor of her birthday. Miss Jenkins received a large number of beautiful gifts. The evening was spent in games and music and refreshments were served.

ENGAGEMENT.

Mr. and Mrs. Charles Thomas Nevins announce the engagement of their daughter, Nora Kathleen, to Arthur Gordon Scott, formerly of Toronto, youngest son of the late N. C. Scott and Mrs. Scott. The marriage will take place quietly in Trinity church on November 5.

AND STILL THEY COME.

Now it's crab-apple jelly. The garden editor received the "where-withal" this morning when four large, rosy, flawless crab-apples, sample of a tree-full in the orchard of H. F. Kierstead, Belleisle, were laid on the desk. They proved that the blue Belleisle is in the very heart of the fruit belt of New Brunswick.

IN HONOR OF SON.

Mrs. Catherine Harding, of 482 Main street, has received the memorial plaque and also the memorial signed by His Majesty the King, in memory of her son, John Joseph Harding, who while a member of the 8th Canadian Rifles, was killed in the war at Vimy Ridge on April 9, 1917.

CATHEDRAL HIGH TEA.

The Cathedral high tea and fair will be opened in the Y. M. C. I. on November 26, instead of the 19th as previously announced. A meeting of those in charge of the supper tables and booths was held last evening. It was decided to serve a turkey supper on the first night and close with a banquet on Friday and Saturday. Announcements will be given out later.

DELEGATES TO CONVENTION.

The delegates from St. John to the Baptist convention which will open in Fredericton this week include: Germain street, Rev. S. S. Poole, Mr. and Mrs. W. C. Cross, Mr. and Mrs. L. W. Simonds, S. F. Fisher, Main street, Rev. D. D. Hutchinson, L. H. Thorne, W. J. McAlary, W. A. Erb, R. C. Elkin, N. H. White, Charlotte street, D. C. Clark, Mrs. R. J. Weldon, Mrs. N. T. McLeod, Mrs. William McLeod, Central, Rev. F. H. Egan, Mrs. J. H. Bond, W. W. Chase, A. A. Wilson, Mrs. R. D. Christie, Isaac Irwin, Victoria street, Rev. G. Hudson, A. Webb, E. Smith. Delegates will also be present from Ludlow street and Tabernacle churches.

TALK ON SUMMER SCHOOL.

The Young People's Association of the Carleton Methodist church, held an opening meeting for the season on Monday evening with the president, J. L. Robertson in the chair, and a good attendance, considering the unfavorable weather. After the opening exercises L. H. Stubbs gave a talk on his three year summer school. He explained the studies which were taken up each year, also the many ways of recommending it as an excellent way to spend a week of one's vacation. In closing he emphasized the summer school as being noted for its fellowship and fun, training for service and comradeship with Jesus, thus making it a religious, educational and a pickled event. The evening closed with the singing of the Summer School closing hymn, "The Thresh of the Blind" and the benediction by the pastor, Rev. J. Heaney. The pianist for the evening was Miss H. Wright.

Y. M. A. OPENS THE WINTER SEASON.

Programme of Sport Music by Young Men of St. Peter's.

The opening of the winter season of sports and athletics took place in St. Peter's Y. M. A. last evening. One of the features of the programme was a bowling match between the Hawks, of the Y. M. C. I. House League and a picked team of the society. In order to allow as many members as possible to participate in the game the chairman of the bowling team, Harold Cleary, picked out fifteen men and rolled five in each string. The Hawks won out by a grand total of 1144. The individual scores follow:

Hawks.	Total	Avg.			
Hansen	83	91	107	281	93.2
Read	79	86	75	240	80
Powers	90	81	79	250	83.3
Jarvis	72	81	79	232	77.3
Riley	80	81	86	247	82.3
	404	420	426	1250	

St. Peter's.

First string—Wm. O'Connor, 76; Bart McIntyre, 79; Joe O'Connor, 74; Arthur Codre, 78, and James McIntyre, 64—Total 371.

Second string—F. Cosman, 67; Fred Killen, 98; Ed. Creary, 72; L. Butler, 69, and Al. White, 84—Total 300.

Third string—H. Cleary, 79; D. Howard, 81; F. Boyce, 73; J. Russell, 68 and Joe Harrington, 82—Total 383.

Following the bowling match Matthew Cavanaugh gave a demonstration of fancy bag punching, assisted by Christie McKenzie. Pocket billiard matches and cards were also played. When play was called addresses were given by the president, E. R. Hansen, and Rev. George Coffin, C. S. R., spiritual director of the society, who outlined plans for the season. It was announced that a six team league has been organized and the opening game will take place next Monday evening. A beautiful trophy has been donated and will be awarded to the winning team as well as individual prizes to the high men. The league will be composed of six teams—Roses, Thistles, Maples, Shamrocks, Irises and Edelweiss.

A musical programme followed—James Driscoll rendered a number popular selections on the piano, after which Brother Bede, C. S. R., sang "Ave Marie" and "O Salutaris." He has a deep baritone voice rich in quality and tonal purity, which was well suited to the lyric roles in his choice solos. He was given a great ovation. A "sing-song" was then enjoyed after which refreshments were served.

PLAN WELCOME TO LIBERAL LEADER

Hon. Mr. King to be Here on Saturday.

Premier Foster to Meet Him at Moncton—Liberal Primaries Here Tonight and Candidates to be Chosen Next Monday.

Preliminary arrangements for a reception to Hon. W. L. Mackenzie King, on his arrival in St. John on Saturday evening, were made at a meeting held at noon today in the Moose Hall, Furlong Building. A committee was appointed to secure a theatre and make provision for a public meeting to be addressed by the Liberal chieftain.

It is understood that Premier Foster will go to Moncton on Friday and meet Mr. King there. The party will stop at Sussex, leaving there about 4.30 o'clock on the train to escort Mr. King and his family to the Royal. Announcements regarding the time and place of the meeting on Saturday evening were left in the hands of the committee in charge.

It was announced this morning that the delegates chosen at the preliminaries this evening will meet next Monday evening in the Moose Hall to select the candidates for the constituency of St. John-Albert. The number of delegates from each city ward and section of the county was decided upon as follows:

Guy's, 9; Brooks, 6; Sydney, 7; Dukes, 9; Queens, 10; Kings, 8; Wellington, 12; Prince, 15; Victoria, 10; Dufferin, 13; Lansdowne, 12; Lorne, 13; Stanley, 8; St. Martin's, 8; Musquash, 2; Simonds, No. 1, 6; Simonds, No. 2, 1; Simonds, No. 3, 4; Beausfield, 4; Milford, 1; Randolph and Grand Bay, 4; Fairville, 4; and Lorneville, 1. Each section will also choose as many alternates as considered necessary.

The Primaries Tonight.

Interest is running high in Liberal circles these days and the first step towards the organization of a strong fighting machine will be taken tonight in the city when delegations will be chosen by each of the city wards and county parishes to select the candidates for the Liberal banner in the St. John-Albert constituency in the coming federal campaign.

That the election this fall will be one of the most momentous in the history of Canada is generally conceded. Bumper crowds are anticipated at the primaries at 8.15 o'clock this evening.

The meetings will be held as follows: Prince and Wellington—Foresters Hall, 12 Colburn street.

Kings, Queens, Sydney, Dukes, Victoria—Moose Hall, Furlong Building, Charlotte street.

Lorne, Lansdowne, Stanley—Temple of Honor Hall, Main street.

Dufferin—Shop, 122 Mill street.

Guy's and Brooks—Curling Rink, Rodney street, W. E.

Fairville, Milford, Randolph, Grand Bay, South Bay, Lorneville—Temperance Hall, Fairville.

Beausfield—M. Kane's Building, Havelock street, West End.

Simonds—Ben Lomond House.

OTTAWA BREAD IS DOWN CENT

Ten Cents for 24-Ounce Loaf, Wrapped or Unwrapped.

Ottawa, Oct. 11.—The price of bread has been reduced by one cent a loaf to the consumer, commencing today. Announcement was made by the Shaw Baking Company late last night that the two-pound loaf would be reduced today from eleven cents to ten cents. Other local bakeries are also falling into line and are making similar reductions. Last fall the price of bread reached its zenith when fourteen cents a loaf was charged. Since then the cost to the consumer has been steadily dropping, conforming with the reductions in the cost of flour. The same price will be charged for wrapped and unwrapped loaves.

Toronto, Oct. 11.—Men here are not eating as much this fall the bakers say, and they attribute it to the unemployment. This has also had the result of causing a drop in the prices of flour, which, however, is not likely to affect the retail prices to the consumer.

The bakers say the reductions they made in bread prices in July more than counterbalance recent cuts in flour prices. In June a pound and a half loaf sold at 12 cents, now it sells at ten.

HAVE COMPLETED PIPE MANUFACTURE

The Canada Lock Joint Pipe Co., which is carrying out the construction of the new reinforced concrete main to Spruce Lake, has completed the manufacture of pipe and is now dismantling its plant on the Manawagonish road.

About thirty men were knocked off on Saturday and twenty-five are now employed laying pipe and dismantling the plant.

The company on Saturday completed the line into the lake and have now about 4,000 feet to lay between that section and where they left off to put in the lake section. It is expected that five weeks will complete the job.

Motion pictures of the work which were taken recently have arrived in the city and will likely be shown soon. They are said to be excellent specimens and give a comprehensive idea of the method of manufacture and placing of the pipe.

LOCH LOMOND FAIR TOMORROW

Tomorrow the annual fair and agricultural exhibition will be held at Ben Lomond in the agricultural hall there. This is always an event of much interest and those in charge promise that it will be up to the standard again this year.

On account of the federal election campaign now on, a gathering of more than usual interest is expected.

WAS IN 105TH YEAR.

Southboro, Mass., Oct. 11.—Mrs. Nancy Foy, said to be the last of the "Gold Star" mothers of the civil war, died here last night in her 105th year. She was born in Framingham on December 4, 1816. Her son, Horatio, was killed at Gettysburg.

Start Your Fancy Work For Christmas Gifts

It is folly to leave your Fancy work for Christmas until the last minute, because you don't have the variety from which to select, and you have not time to do the work properly.

Now that You're Down to Business You Need a New Eureka!

With Fall here and Winter next door, you have a long siege of housework ahead of you. It needn't be hard though if you're properly equipped.

The EUREKA Vacuum Cleaner, for instance, will do a tremendous service for any home with a minimum of effort and expense and do it most thoroughly.

Many attachments to clean out the out-of-the-way places too—and the most powerful motor in any vacuum cleaner too.

A demonstration for the asking.

A. Ernest Everett

THE HOUSE FURNISHER
91 Charlotte Street

Commencing Oct. 1, store will be open Saturdays until 10 p.m. Closed Friday evenings.

Accuracy

is believed in and adhered to in the broad sense of the words, when furs are manufactured here. To begin right only "prime" or seasonable pelts are used. That's accuracy.

Selection of the better and favorable styles, the cutting of patterns, the furs, the linings; all are placed in the care of skilled and interested workers. This also is expressing accuracy for your benefit. When finished all furs are priced according to worth—they're estimated accurately and priced accordingly.

FOX FURS

Silver
Cross
Red
Taupe
Sable
Black

A pleasing variety of styles in Scarves and at prices appropriate to the quality and kinds of fur you wish.

\$30, \$40, \$50, \$60, \$75, \$125 and more.
