IMPERIAL PICTURE THAT SHOWS PERPETUATION OF MEMORY OF HEROIC NURSE CAVELL

At Brussels on the morning of October 18, 1918, by order of German Junkers, Nurse Edith Cavell was shot or, to be more precise, murdered. Up to that time the heroic nurse gave her services unflinchingly to British, French, Belgian and German wounded alike. Nevertheless the slanders of the Lusitania, her to their degenerate breed, condemned her to die without fair trial, and without legal representation.

The Imperial has arranged for the showing of special films picturing the arrival of Dirigible R. 34 from East Fortune, Scotland, to Mineola, N. Y. This great feat, with Major Scott in command, was accomplished in 105 hours and 12 minutes.

AN EXPLANATION

UP TO THE CITY COUNCIL

The municipal council voted down the finance committee's recommendation for the establishment next year of a juvenile court.

It will now be necessary for the committee representing the numerous organizations behind the movement to take up its task once more.

One of the councillors said they did not need the services of any such court in the county parishes. He apparently does not know that two of the very worst cases the Children's Aid Society has ever dealt with were in the county, and that complaints of neglect of children come from Fairville and the parishes as well as from city districts.

Another councillor walked about the east. When he gives the subject real thought, he will put over against his dollars the lives of little children—and make a wiser choice. It is easy to say that parents should care for their children, but the fact is that a large number do not, and the children must be protected; or society will pay a far higher score when the children grow up in ignorance and vice to be a menace to the community.

The assertion that the existing courts provide proper and sufficient machinery is so amazing an evidence of ignorance of conditions that one wonders where those who make it have been living, or why they have not taken the trouble as representative men to find out the facts of the case.

It would be a shame to omit the county in providing a juvenile court, but the city should not neglect its duty on that account. The thing to do now is for the city council, of which a majority favors the establishment of the court, to come in later when it sees the results. The proposal to have voluntary service of a judge of the court should not be considered. If a court is worth having it is worth paying for. It is now up to the city council.

THE TWO EXTREMES

Representatives of the strikers in recent trouble in Winnipeg have visited the eastern provinces and made statements designed to convey the impression that the general strike was justified and that those concerned in it are not receiving fair treatment. It is perhaps well to hear the other side, from a Winnipeg Journal, Canadian Finance, which asserts that labor was really misrepresented by its leaders and was duped by them. We quote from an article in its last issue:

"In the recent general strike which was staged in Winnipeg, the outward show of solidarity maintained by labor was somewhat misleading and in consequence the reputation of the labor movement was considerably damaged in the eyes of many people. Investigation clearly demonstrated that labor was solidly backed by the labor leaders but by clever strategy and questionable tactics convinced the rank and file that a principle was at stake. The loyalty of labor to these false leaders was a form of blind allegiance, and was certainly worthy of a better cause. Notwithstanding this, it was plain that the strikers were divided into two main classes—those who thought they were striking to defend a principle and those who saw in the strike a short cut to Sovietism. The Soviet advocates were in the minority, but like most minorities—particularly those of a radical type—they were plenty of noise and were always in evidence. While the Bolshevik created disorder and misrepresented labor, the decent labor men stayed at home and waited for the strike to end. As a result the general public only saw one type of labor man in action—the revolutionary; and the whole labor fraternity was thereby misrepresented. The labor movement has not been defeated by the result of the Winnipeg strike, but it has received a much needed lesson. The true type of labor man has been plainly shown that he should put his house in order. The reactionaries must be driven out of the labor movement if it is to survive."

"Canadian Finance holds up Mr. Samuel Gompers as a real leader of labor, and points out that he is as bitter against the Bolsheviks as against the profiteers. Mr. Gompers says: 'I am not going to give up voluntarily the labor movement with its achievements of today, to look for a chimerical tomorrow. We prefer to go on in this normal way of trying to make the conditions of life better today than they were yesterday.'"

"Commenting on this statement the Winnipeg Journal says that on May 12th the labor leaders of that city began 'to look for a chimerical tomorrow,' when they ordered a general sympathetic strike to support the metal trade workers. Then it says: 'The immediate and complete paralysis of business resulted and the community was made to realize the tremendous strength of the labor organization. The abuse of this power and the questionable motives of some of the labor leaders were the things which finally defeated the strike. The citizens, by sheer force of circumstances, were compelled to defend their rights against the unwarranted usurpation of authority by the strike committee. Well founded allegations were made that the strike

was merely a pretext to enable the radical labor leaders to establish a Soviet government. In the face of such a danger the citizens immediately organized a gigantic army of volunteers to assist the authorities wherever help was needed. For six weeks these citizens gave the Dominion of Canada a practical illustration of community service in its best form. The Bolshevism of the false leaders of labor was defeated by the Canadianism of the citizens of Winnipeg—and right triumphed once again over might. A little more Gompersism and a little less Bolshevism is sorely needed in the Canadian labor movement."

Canadian Finance is not content, however, to lay all the blame for industrial unrest upon labor. It very frankly says: "But labor is not the only section of the community which needs overhauling. There are extremists in the ranks of capital who need drastic treatment. Men who exploit the people of this country and accumulate enormous profits as a result of the unjustified inflation of the cost of the necessities of life are more dangerous to the existence of the nation than the misguided narrow-minded Bolshevists are. These profiteers not only defraud the people at large, but they also sow the seeds of industrial discontent by their actions and thus contribute towards the propagation of pernicious Bolshevist doctrines. The extremists on both sides must go, and all good citizens should co-operate with this end in view. Further delay in dealing with the profiteers would be lamentable. The Bolshevist is being made to realize that Canada is a truly democratic country—the profiteer must also be made to act like a decent Canadian."

Last night the Trades and Labor Council of Winnipeg voted almost unanimously, it is said, in favor of One Big Union. This is ominous, but we may assume that Canadian Finance is right and that the mass of the workers of Winnipeg will not give active support to the agitators by whom they have been misled, and who apparently still seek to mislead them.

In vetoing the bill to put an end to daylight saving President Wilson said: "I believe that the repeal of the act referred to would be of very great inconvenience to the country, and I think that I am justified in saying that it would constitute something more than an inconvenience. It would involve a serious economic loss." Daylight-saving will therefore be continued in the United States.

Bangor Commercial: "We, in the east, have had little idea of the extent of the activities of the I. W. W. in the west, where, if reports are correct, there was a widespread conspiracy to destroy wheat fields and timber. The loyal residents on many occasions took the law into their own hands and curbed the I. W. W. in a manner vigorous and drastic."

If it be true that Japan is using Prussian methods in Korea, as is charged in the report just published by an American commission of enquiry, and that over eleven thousand Koreans were killed in a little over a month, while in many instances brutality and torture were resorted to, the matter can hardly end there. The other side of the story, however, has not yet been told.

Germany had its full share of profiteers. Failing to loot the world, those in a position to do so set out to bleed their hungry fellow-countrymen. Huge concealed stocks of provisions are now revealed as a result of the lifting of the blockade. We must not, however, say too much about the German profiteer. There are others.

The good feeling manifested by the banquet of the T. S. Simms Company and their male employees last evening was an evidence of cordial relations in a flourishing industry such as makes for success.

The county members of the municipal council would be expected to endorse a housing scheme in which the burden was thrown upon the city. This matter will bear looking into very closely before it goes any further. There is vacant land in the city.

The shipping strike in New York is seriously hampering coastwise trade.

And now Ottawa is threatened with a general strike.

ST. JOHN'S GREATEST MERCANTILE EVENT

Oak Hall's Annual Mid-Summer Sale Starts Today—Great Throngs Prepared For.

The day has finally arrived for the opening of Oak Hall's Annual Mid-Summer Sale, an event, which thousands have been waiting for, and one now conceded to be the greatest mercantile event in this vicinity.

Every possible effort has been made, in the face of adverse market conditions, to make this sale a greater success than any of its predecessors. After months spent in gathering in new merchandise at special prices, and finally, the sweeping reductions made on all merchandise on hand, together with the adopted motto of "Large Volume at Minimum Profit" lead Oak Hall to confidently believe that their prediction that this is going to be the greatest of all sales, will speedily come true.

When people realize that the well known Oak Hall name is behind every piece of merchandise sold during these ten days, whether it be regular stock or lines purchased especially for this occasion, it gives them added confidence in the value and economic opportunities to be had. It is not merely an empty phrase, but is taken seriously by every employee of Oak Hall and is interpreted by them to mean satisfaction to the customer, first, foremost and all the time.

Many new salespeople have been added to the regular efficient sales force, so that the great throngs expected during the opening days may be taken care of with the greatest of ease. Even so, it will be advisable for every customer to range in to do their shopping in the mornings.

Itemized information of this great event can be had from another page of this paper.

DOCTORS FIGHT DUEL WITH GERMS

Cause of Disease Basis of Contest Between Medical Men — Invite Illness

St. Paul, Minn., July 16—To prove his theory that germs do not cause disease, Dr. H. A. Zettel, electrophysicist, of St. Paul, challenged Dr. H. W. Hill, executive officer of the Manitoba Health Association, to a duel to the death with germs. Dr. Hill accepted the challenge and the two will expose themselves to the most virulent of contagious diseases, including typhoid, smallpox and bubonic plague.

Dr. Zettel will use in his defense against germs only sanitation, pure air, and sanitary food and drink. Dr. Hill will expose himself after scientific inoculation and vaccination. The survivor is to be honorary palmer at the funeral of the victim, according to Dr. Zettel's challenge.

The challenge grew out of the acceptance by Dr. Hill of a similar challenge issued by Dr. J. B. Fraser of Toronto in an article, "Do Germs Cause Disease?" published in the Physical Culture Magazine. Dr. Zettel is an exponent of Dr. Fraser's theories and offered to substitute himself in Dr. Fraser's place in the duel. Dr. Hill was a bacteriologist in Boston from 1898 to 1903.

Seeks Wife for Roumanian Prince

King Considering Son's Marriage; Princess is Mentioned

Vienna, July 16—King Ferdinand of Roumania, according to reports received here, is endeavoring to find among the European princesses a wife for Crown Prince Charles. Among those mentioned in this connection is Princess Yolande, oldest daughter of the King of Italy.

Crown Prince Charles married Miss Zyzis Lambino, without the sanction of the king. He was disinherited for hismorganatic marriage, and it was reported at the time that he said he would rather lose his throne than give up his wife. A report received in Paris on June 11, said he had shot himself in an effort to forget his wife, from whom the king forced him to obtain a divorce.

Winnipeg, July 16—The Trades and Labor Council last night voted almost unanimously in favor of one big union, General Strike in Ottawa?

Ottawa, July 16—The Allied Trades and Labor Association of Ottawa last night adopted resolutions in support of the striking street railway men which may lead to a general strike in the capital. The minister of labor is requested to order the board of conciliation to resume its sittings, his constitutional right to order the board suspended being questioned, and the company is asked to take back all the former employees. Otherwise a strike vote of all unions is recommended. Union men are asked to boycott the present service on the electric railway and also the Ottawa Electric Light Company, which is headed by practically the same interests.

New London, Conn., July 16—The strike of the trolley men employed by the Shore Line Electric Railway Company went into effect last midnight. The number of men out is about 600. They want higher wages.

MENNEN'S TALCUM POWDERS

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unperfumed cocoon oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get unperfumed cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

THE LIBERAL LEADERSHIP

Montreal, July 16—A despatch from Ottawa to the Gazette says: "Another name has been added to the already long list of entries in the Liberal leadership race, namely that of W. W. B. McInnes of Vancouver. Mr. McInnes is an ex-member of the House of Commons and of the British Columbia legislature, a former governor of the Yukon, and a former judge of the county court in British Columbia. He is well known as a public speaker. The tendency is to believe that Hon. W. S. Pieling will probably lead in the race with D. McKenzie, the temporary house leader of the opposition, and Premier William Martin, of Saskatchewan, following. The other names so far suggested include Hon. W. L. Mackenzie King, Hon. G. A. Grant, Hon. Sydney Fisher, J. A. Robb, M. P., for Huntington and several others.

Liberal Candidate.
Walkerton, Ont., July 16—Frank Renzie, a retired farmer, was nominated for the provincial legislature by South Bruce Liberals yesterday afternoon. The United Farmers and Conservatives will also have candidates.

PRICES TAKE GREAT TUMBLE IN BERLIN

Berlin, July 15—(By the Associated Press)—Prices on all foodstuffs have fallen with a crash in Berlin as a result of the lifting of the blockade. They began to show weakness when it was rumoured that the embargo would be lifted, but the real drop came only when it became known that the blockade was being lifted. Prices on all foodstuffs brought them down in a virtual panic to unload before competing supplies entered Germany. Tons of provisions are being shipped in from occupied territories, while everywhere in the city great stores of coffee, cocoa, butter, sausages and other supplies have made their appearance.

Wiezel's Great Mid-Summer Sale Under Way

Response was Immediate—and Morning Shopping Much in Favor

As expected, the response to our announcement of the opening of our Great Mid-Summer Sale of Seasonable and Timely Footwear was immediate and unmistakable, proving but once again the fact that hundreds of careful buyers of the families' footwear wait for this great annual event of WIEZEL'S.

Impossible, of course, to mention in this brief space the multitude of extra attractions this sale affords—more in detail later; but there are two things we want to speak about and this is a good time and place.

The first, and one of the most important to YOU, is the advantage of morning shopping. Scores who have been in the habit of waiting for the afternoon to shop came here this morning and were delighted with the advantages of early morning shopping, and made no hesitation in speaking about it. Morning shopping naturally means the early pick of the offerings—to say nothing of the service phase of the arrangement. In the rushed afternoon it is impossible for our sales-staff—as experienced and extensive as it is—to cope with the extra business, and this means that there is much waiting.

The second thing is the extra deep reductions we have made to completely clear out our stock of White Footwear. We were over-confident in our buying of this excellent footwear and bought heavier than was necessary; and this means that you will be the direct winner, because we must dispose of the line this month.

This condition will quickly suggest to you the wisdom of putting in a stock of White Footwear to guard against the advance in price prepared for next year—and at the same time take advantage of this beautiful summer outdoor weather.

VOTES AGAINST JUVENILE COURT

Municipal Council Rejects Recommendation of Finance Committee—To Seek Building Loan of \$300,000—Hospital Grants

The establishment of a juvenile court was voted down at the quarterly meeting of the County Council which was held yesterday afternoon in the court chambers in the Masonic building, Germain street. The decision was reached after much discussion and came as a surprise following the unanimous expression of the finance committee a few days ago urging the institution of such a court and the placing in the estimates for 1919, a sum sufficient to meet the expenses of carrying on the work. There were only four of the councillors to vote in favor of the establishment of the court—Councillors Hayes, Bullock, Fisher and Stephenson. The other councillors all voted against the resolution, arguing that the cost would be too great as present and would call for the appointment of a judge and other officers too high a salary. The county warden took the stand that while the municipality voted the money for the carrying on of such a court they had no voice in making the appointments.

Other matters dealt with by the council yesterday was the placing of \$4,000 voted for in 1918, at the disposal of the hospital board for the completion of balconies on the south side of the East St. John County Hospital. The council also passed a resolution granting a sum not exceeding \$5,000 to be used for the erection of a new chimney at the power house of the county hospital. A resolution of Councillor O'Brien asking that the local government be asked for \$200,000 under the housing scheme was also adopted.

In the matter of the over expenditure of \$1,226.64 in the installing of a refrigerator plant by the General Public Hospital Commission, it was decided to ask the commission why the matter had not been reported at the January meeting, and if the reply was satisfactory.

LIFT OFF CORNS!

Drop Freezezone on a touchy corn, then lift that corn off with fingers

Doesn't hurt a bit! Drop a little Freezezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! No humbug! A tiny bottle of Freezezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezezone is the sensational discovery of a Cincinnati genius. It is wonderful!

that the bill be paid. It was stated by County Secretary Kelly that there was a technical mistake. The warden, the secretary and the chairman of the finance committee were appointed a committee to take up the matter of compensation to be asked by the county for the strip of land taken by the C. G. R. in front of the Municipal Home.

The motion however finally passed. In the matter of expropriation proceedings in the case of Mrs. Davis and the estate of Edward Lantalam, on property needed for the erection of the nurses' home, R. A. Corbett was appointed an appraiser.

Coun. Carson presented a petition, signed by all the ratepayers with the exception of three, from Mispec to Red Head, to have that section made an open district for cattle. There was some questions raised as to the authority of the council to deal with the matter.

Coun. Thornton, chairman of the building committee, moved a resolution that the committee be allowed the sum of \$500 in the matter of securing information as to what would be the best method of dealing with the old court house. This would be a preliminary to getting estimates he said. The motion was adopted after some little discussion. It was made known by the warden that the committee appointed by the municipal council was the only committee that had any authority to deal with the court house building. The council then adjourned to meet in October.

DR. G. G. MELVIN IS RE-ELECTED

Again Heads N. B. Medical Society—Valuable Paper Read and Discussed in Afternoon and Evening

Officers for the ensuing year were elected, and several interesting papers were heard at the afternoon and evening sessions of the thirty-ninth annual meeting of the New Brunswick Medical Society in the Y. M. C. I. hall yesterday.

The election of officers at the afternoon session resulted as follows: President, Dr. G. G. Melvin, Fredericton; Ist Vice, Hon. W. F. Roberts, St. John; 2nd Vice, Dr. L. G. Pinaul, Campbellton; Treasurer, Dr. J. D. Lawson, St. Stephen; Recording Secretary, Dr. C. M. Veniot, Bathurst; Corresponding Secretary, Dr. A. E. Macaulay, St. John; Trustees, Dr. H. L. Dr. Stewart Skinner presented the registrars report saying that Dr. Edgar F. Woolverton had passed the January examinations in medicine and that the mid-summer examinations three candidates appeared. The medical register contained 281 names.

In the medical section with Dr. Bentley presiding four papers were read at the afternoon session and extended discussions followed the reading of each. The first paper was read by Dr. H. A. Parris of the East St. John County Hospital on "The Need of Home Treatment of Pulmonary Tuberculosis."

Dr. Abrahamson then read a paper on serum treatment of horses. The speaker of the need of diagnosis of type by laboratory tests and the methods of administering the serum, stating that its effects as a life-saving discovery were very striking.

Dr. J. Losler read a paper on "Syphilis as an After-War Problem" in which he predicted that the disease would take a great jump in Canada in the immediate future and said that from two and a half to five years were required to establish a clinic in the law, he said, would be a big factor in its control and he understood it was the intention to establish a clinic in connection. He emphasized the need for the average physician to have special study of the diagnosis and treatment of this disease. Drs. Abrahamson and Melvin discussed this paper.

GORGEOUS GOWNS IN OPERA HOUSE ACT

Designer, With Pretty Models, Brings Paris to St. John—Good New Vaudeville Bill

With the aid of yards and yards of silks, satins, a few pins, the assistance of two pretty, shapely models, and certainly some talent, a designer at the Opera House last night created some gorgeous evening gowns that looked like the real thing, and made the feminine portion of the audience sit up straight.

Other good things on the programme were Cecil and Bernice, two dainty girls in a charming singing and dancing act; Clark Williams, tramp comedian, who cut up, told a few yarns and brought the house down with some eccentric dancing; Beattie and Bloom, in one of the best fancy and classic dancing offerings ever staged here; Ward and Murray, in songs, dances and a line of witty repartee that kept the house well entertained; and the serial picture "The Man of Might."

SAYS OUTPUT OF COAL COULD BE MUCH INCREASED

British Miners' Federation President Speaks of Some Phases of the Situation in England

London, July 16.—(Reuter's)—At the annual conference of the Miners' Federation yesterday, President Smillie said action in regard to intervention in Russia would be discussed by the triple alliance in conference at London next week. He hoped it would result in a settlement without further action being necessary.

He declared the miners did not believe it necessary to increase the price of coal by six shillings. The federation was as anxious as anybody to have the fullest possible output of coal and he denied absolutely that the miners were to blame for any decrease in the output.

Other good things on the programme were Cecil and Bernice, two dainty girls in a charming singing and dancing act; Clark Williams, tramp comedian, who cut up, told a few yarns and brought the house down with some eccentric dancing; Beattie and Bloom, in one of the best fancy and classic dancing offerings ever staged here; Ward and Murray, in songs, dances and a line of witty repartee that kept the house well entertained; and the serial picture "The Man of Might."

OAK HALL'S ANNUAL MID-SUMMER SALE

St. John's Greatest Mercantile Event

The values offered in this sale are indeed wonderful, and they are possible only through our great special purchases for cash at rock bottom prices, as well as enormous reductions from our entire regular stock.

The U. S. Dept. of Labor says: "IT IS YOU who regulates production; you, who in the last analysis regulates employment. If you buy, the seller sells, the worker works, and the wheels of production continue to go around. Buy—you people—buy! But buy wisely, judiciously, carefully, intelligently."

BUY INTELLIGENTLY! Never in the history of Canada has there been such need of economical and judicious buying; of conserving one's resources, and making every dollar work to its utmost during these days of reconstruction and readjustment to a peace-time basis.

AND THE LOGICAL PLACE to practice this is at the Oak Hall Mid-summer Sale. Months have been spent preparing for this; our enormous buying power has been used to the limit. Thousands of dollars of new merchandise, at less than market prices, together with substantial reductions on our entire regular stock, will certainly make this St. John's Greatest Mercantile Event.

EVERYBODY KNOWS that this is an actual bona-fide opportunity—a substantial reduction on every piece of merchandise in our store—a reduction on prices already below normal—because our volume of turnover is such that we can do business on a very minimum of profit. We get the volume—YOU get the benefit of better qualities at lower prices. Following is catalogued only a few of the many items to be procured at this event.

WEALTHY RANCH OWNER SAYS LIFE WAS MISERABLE

Had Suffered Two Years — Says Money Could Not Buy Good It Has Done For Him — Stronger Than For Twenty Years.

"By the help of Tanlac I have gotten entirely rid of a case of stomach trouble and rheumatism that made life miserable for me for two years," was the statement made by I. C. Felger, a wealthy Calgary citizen, living at 229 2nd avenue, West, while in the Liggett-Flindley Drug store, recently. Mr. Felger, who is a large ranch owner, also owns considerable city property and is widely known and respected.

"It certainly speaks well," he continued, "for a medicine that will rid a man of my age of his troubles so quickly, for I am now sixty and, although I have just finished my fourth bottle of Tanlac, I am feeling fine already. For the past two years I have suffered from indigestion severely, and was also troubled with rheumatism in my back and hips so that getting about was difficult. My appetite was so poor that I had no relish even for the most tempting food. I would often have attacks of indigestion as gas on my stomach that would almost stop my breath. At night especially I would simply have to fight for breath and as a consequence I couldn't get sufficient sleep and rest. My back ached all the time and when this rheumatic pain struck me in the hip I could hardly walk. I was really discouraged, as the rheumatism was getting a firmer hold all the time and no relief in sight. Nothing I tried during those two years helped me and I had begun to think there was no relief for me.

"I had not the slightest idea what Tanlac was, or what it would do, when it was recommended to me. But I certainly know now and money could not buy the good it has done me. Why, almost before I knew I had an appetite like a bear. I was afraid, at first, to eat as much as I wanted, but I gradually worked up to three rousing meals a day and soon got entirely rid of every sign of indigestion. Before taking Tanlac I hardly got out of the automobile after a trip on account of the rheumatism, but now I can take long drives and enjoy them. Tanlac has not only rid me of the stomach trouble and rheumatism, but it has built me up so that I can stand up and work like I could twenty years ago. My friends often remark about how well I am looking these days and I always tell them that Tanlac is what has made the difference. I am glad to recommend Tanlac because I believe I am telling the people about a medicine that will help them.

Tanlac is sold in St. John by Ross Drug Company and P. W. Munroe, and the personal direction of a special Tanlac representative. (Adv.)

REVISE TREATY OF BELGIANS AND DUTCH

Paris, July 16.—(By the Associated Press)—July 29 has been fixed as the date upon which representatives of Holland and Belgium will meet delegates of the five great powers in Paris and begin work on the revision of the treaty of 1839.

GAS IN THE STOMACH IS DANGEROUS

Recommend Daily Use of Magnesia To Overcome Trouble. Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers, food fermenting and sour, creating the distressing gas which distends the stomach and hampers the normal functioning of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, neutralize the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphate Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

FRANCE GRATEFUL TO HER SOLDIERS

Letter From President Poincare to Premier Clemenceau—Last Monday a Day Unique in History

Paris, July 16.—(French Wireless Service)—President Poincare, at the conclusion of the Victory parade on Monday, sent to Premier Clemenceau a letter expressing the country's gratitude to its soldiers.

"The popular feeling," President Poincare wrote, "has made no distinction between the champions of right; the popular feeling knows no distinction between the co-operation grouped around the government of the republic and the Allied governments was needed to avert the most dreadful danger that ever menaced liberty."

"France may well be forever proud of the part she took in this universal war. Her army from first to last took part in the operations on the most extended and dangerous fronts; they had ever against them the most powerful and best organized armies; they accomplished prodigious deeds; they suffered the most terrible losses; they sacrificed to the future all they could give, it is the present that they have saved."

"By them France has deserved that her national day henceforth shall be a date of glory for humanity. As we in this divine moment the incomparable honor of representing the country, let me ask you to transmit on my behalf to the French armies the passionate expression of the public gratitude and admiration."

During the day President Poincare received messages of congratulation and of good wishes from King Albert of Belgium, King Alexander of Greece and others.

Paris, July 16.—(Havas Agency)—In the chamber of deputies yesterday S. Paul Deschamps, president of the chamber, spoke in glowing terms of Monday as a day unique in history. He glorified the French soldier, dead and living, and praised the Allies.

"The moments we have lived," he said, "beneficial will enlighten our entire life. We to those who would sow seeds of distrust among the nations which have mingled their blood. We to those who do not understand the sacred grandeur of such a lesson."

Premier Clemenceau, in the name of the government, said words could not express the emotion of the French people in viewing the immortal soldiers returning to their homes in their proud fatherland after having saved civilization.

RE-WED YEARS AFTER WOMAN GETS DIVORCE

Worcester, July 16.—Edwin R. Richards, aged fifty-seven, of West Brookfield, and Mrs. Edith (Clark) Richards, aged forty-five, of Irving street, were remarried here last week after being divorced for many years.

While they were living in West Brookfield Mrs. Richards divorced Richards and subsequently married Frank Mann, who died a short time ago. Mrs. Richards remained single and soon after the death of his former wife's second husband he proposed remarriage.

Rev. Charles J. Jones of the Pleasant street Baptist church performed the ceremony, following which Mr. and Mrs. Richards left for West Brookfield to resume married life together in the home in which it was broken off, by divorce.

STRIKE CAUSES A FREIGHT PILE-UP ON NEW YORK PIERS

New York, July 16.—Failure of coastwise steamers to leave port on schedule time owing to the strike of firemen, oilmen and water tenders has resulted in a great accumulation of freight on the piers of the lines affected. It was estimated that 300 vessels engaged in coastwise trade were tied up here by the strike.

Robert Harris, a returned soldier, said he was robbed of \$76 in the Prince Albert Hotel, in Mill street, yesterday. He made a complaint to Policeman Edgewell, who referred the matter to Sergeant-Detective Power and Detective Biddiscombe. This morning the money was returned to Sergeant-Detective Power by the proprietor of the hotel, who said the money was found in the bed in the room occupied by the soldier.

IS HOME FROM WAR

Among the soldiers who arrived in the city on Sunday night after landing at Halifax was Pte. Frederick McNichol of 31 Brooks street. He crossed with a field ambulance in March 1918 and has been through much of the heavy fighting. Since the signing of the armistice McNichol has been on duty in England. His brother, John, of Rothesay, was wounded in the war and returned home a short time ago. The McNichols have been receiving a warm welcome home from many friends who are pleased to see him safely back after his war experiences.

IN HONOR OF SOLDIER.

About forty friends of Private R. Ougner, M. C., gathered at the home of his sister, 6 Sydney street, last evening, and tendered him a surprise party. A handsome ring was presented, after which he made a few appropriate remarks, thanking his friends for their kindness to him. The evening was spent in games, music and dancing, and refreshments were served. Private Ougner went overseas with the 48th Highlanders, in 1918, and at the battle of the Somme was severely wounded, losing one of his legs. It was at this battle that he won the military medal. He returned on the hospital ship Araguay, and arrived in the city at noon Saturday.

NURSES PLAN A MEMORIAL TO ANNA STAMERS

N. B. Convention Also Decides to Increase Minimum Fees to \$21 a Week

At this morning's session of the annual convention of the New Brunswick Association of Registered Nurses in the Natural History Association's rooms, Union street, matters of interest were dealt with. Miss Margaret Murdoch, president, occupied the chair and there was a good attendance. It was decided to erect a memorial to the late Nursing Sister Anna Stammers of St. John, who was drowned in the sinking of the Llanowry Castle.

A resolution was passed for an increase in fees for registered nurses from \$18 so as to make the minimum fee \$21 a week. A resolution of condolence was ordered to be sent to the family of Nursing Sister Jenner, who died in England.

A very interesting address on "Registration" was delivered by Hon. W. F. Roberts, M. D., provincial minister of public health, which was followed with close attention by all present.

The convention will be brought to a close this afternoon when the election of officers will take place. Afterwards the visiting nurses will be entertained to tea at Bond's from 4 to 6 o'clock.

There are about seventy nurses attending the sessions of the convention, of whom quite a number are from outside points, including Sisters Mary E. Barry, Durban Bridge, York, N. B.; Elizabeth Mabel M. McMullen and Matilda Drummond, St. Stephen; Florence E. Coleman, Hampton; Grace E. Myles, Moncton; Mrs. E. Lee, Bloomfield; Frances J. Keith, Walkerville, Ont.; and Belle M. Likely, Duluth, Minn.

Yesterday an address of welcome was given the nurses who had served overseas and was replied to by Miss E. Sampson, R. N., Fredericton. The visitors were entertained to dinner at the Manor House and afterwards to a visit to the Imperial Theatre by the local members.

FORMER ST. JOHN POLICEMAN WAS ON WRECKED SCHOONER

Thomas Harvey, One of Crew of the Herbert Black, Driven Ashore on Coast of England

Thomas Harvey, 84 Brussels street, formerly on the police force in the city, but resigned a year ago to follow the sea, had a thrilling experience when wrecked off St. Anne's, on the English coast. Mr. Harvey sailed on the three-masted schooner Herbert Black, owned by the Atlantic Maritime Company of Boston, which left this port on May 6, last, loaded with coal for Preston, England. The schooner had an uneventful trip until arriving at the mouth of the Ribble river, when a gale swept down upon her and caused one of the anchor chains to break. The other anchor dragged and the vessel drifted on the bank. When the vessel struck the distress signal was sent up and was answered by the St. Anne's life boat crew, who set out to the rescue. The lifeboat was launched amid the cheers of holiday makers, who witnessed the rescue and after battling with the heavy sea for two and a half hours the boat landed the crew of eight safely. The crew were given refreshments and sleeping accommodations.

Mr. Harvey has many friends here who will be pleased to hear of his safe return after such a narrow escape. The Herbert Black is a vessel of 660 tons and left this port May 6, consigned by Nagle & Wigmore, of this city, to Preston, England, with destination to Messrs. Nagle & Wigmore said that the schooner and her cargo was a total loss, although it might be possible that the cargo would be saved.

The police are in the track of some youths who have been stealing things from the Alison playground, and who have done more or less damage there during the past few months. This playground is only for little children and there is a big playground at the foot of Britain street for the larger ones; but this group of youths has persisted in making trouble on the Alison ground. The names of some of them have been taken, and if there is any further trouble they will be summoned to court.
