Royal Commission To See For Themselves Just What This Valley Railroad Is Like

AFTER THE BATTLE AT THE ONTARIO POLLS Whiney Factor in Victory For His Party EFFECT ON LIQUOR TRADE People Look to Premier For Further Restrictions—Providence May Go Into The Business—Report That Rowell May Retire

Toronto, June 30.—The government, with its majority of fifty-seven compared with sixty-four in the last legislature, does not come back as strong as before. Ten seats have been lost, and six gained, but the heavy men are retained, and those newcomers who have emerged from the turmoil of electoral contests to represent both old and new constituencies, give promise of becoming important acquisitions to the house. From the new ridings created by redistribution, five new men come into the government.

Four of Mr. Rowell's followers in the last legislature were defeated: Dr. McQueen, North Westwold; Messrs. McCormick, East Lambton; Anderson, North Huron; Sinclair, South Ontario; C. Koster, Hamilton, did not go up for reelection.

Messrs. McLaughlin, North Toronto; Peck, West Peterborough; Norman, Prince Edward; Galus, Perry; and Ebbs, South Lanark, had been defeated by the nominating conventions, and among those rejected at the polls were Hon. J. O. Reame, minister of public works; Messrs. Anderson, South Essex; Westbrook, North Brant; Brewster, South Brant; Champagne and Ellis, Ottawa; and Schofield, South Wellington.

To the end of the two parties in the field do not agree upon the significance of the issue. The opposition submerged all in to the one plank of "abolish the bag," the government looks to the election in Ontario as the one vital matter facing Ontario, and this morning are attributing the victory to that factor.

As to the abolition-of-the-bag plank, the most significant parties in the province look to Sir James Whitney for further restriction of the trade; perhaps a substitution of beer licenses for those of the spirit and beer licenses. In fact Sir James has promised never to leave this question out of sight. It may also mean much stricter legislation regarding the shop sale of spirits, perhaps the province will undertake this branch of the trade.

Another lesson of the campaign is that the license issue hereafter, must be fought outside of political parties, and by means of a special ballot on a special referendum to the people at each election. This may keep it out of the churches.

It is reported that the defeat of the temperance plank will be followed by the early retirement of Mr. Rowell from the leadership. J. E. Atkinson, of the Toronto Star, is prominently mentioned as his successor.

Cardinal's Watch Missing Abbe Casquet's Was First Stop Watch Made London, June 30.—Following a crowded reception at Westminster on last Friday, Cardinal Casquet, minister of the watch that he had worn since 1860. The watch was exhibited at the Hyde Park exhibition of 1881, and was the first stop-watch made.

Union Bank in New Quarters in London London, June 30.—The Union Bank of Canada quitted its former offices in Threadneedle street yesterday to take possession of the premises at six Princess street, formerly occupied by the Canadian Agency. The new premises are much more commodious and require additions to the staff.

Phelis and Pherdinand WEATHER BULLETIN Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis.—The depression which was centered in the Ottawa Valley, yesterday, now covers the New England states. Rain has fallen heavily in Quebec and the maritime provinces, while local showers have occurred in Saskatchewan, Manitoba and Ontario.

Clearing Maritime.—Moderate to fresh winds, cool and showery today, Wednesday, clearing, with higher temperature. New England.—Partly cloudy tonight, cooler in extreme north portion, Wednesday. Fair, moderate west winds but variable.

Sarcastic Remark By T. J. Carter Brings Announcement

MR. CARVELL IS PLEASED Hopes They Will Ride on Flat Car in Front of Engine so as to See Things as They Are—John R. Burr Appears on Scene

(Special to Times.) Fredericton, N. B., June 30.—Wm. J. Scott, contractor for sleepers, posts, etc., on the Valley Railway, was not on the stand before the Royal Commission minutes this morning before Mr. Teed began to object to his evidence. This arose when Mr. Carvell asked if Geo. F. Burr, of Hartland, Carleton County, did not have an interest in his contract.

"Yes, he did," answered Scott, and Mr. Teed objected. Mr. Carvell—How can it help you? Mr. Teed, objecting vigorously to this course, Mr. Carvell added: "You do not want me to say what I think or what I know." He then proceeded to ask: "To what extent was Mr. Burr interested?"

A.—He had a half interest in the profits of the contract. Q.—For how long. How long did this arrangement continue? Mr. Teed objected again and argued that these facts had no bearing on the inquiry, but the chairman said the facts should be stated so as to learn where the money went.

Mr. Carvell—Did you purchase these ties direct or from Anderson Wilson and Hay? Witness—Some direct but most from the railway paid me forty cents. Q.—And the boys who got out the ties got thirty cents each, how much did Burr get out of the contract? Witness—Burr and I were each on salary at so much a month for a time, but I thought the profits were small and offered to buy him off and paid him \$2,000 in addition to what money he had already received.

Mr. Carvell—How much had he received? Witness—I cannot tell without my account book. I had no other partner. He promised to bring this information later, and in answer to questions from the commissioners, said he made his contract on the 15th of June, 1913.

Mr. Brown Resumes D. W. Brown, who was on the stand when the commission adjourned in St. John, resumed his evidence, Mr. Stevens conducting the examination. When questioned as to what it would cost to complete, he said he could not give any satisfactory estimate. It would take a corps of engineers some weeks to arrive at any accurate date. When reminded that he had given \$50,000 as the cost of extra train haul, he said it was an estimate.

Mr. Stevens—Just a guess? Witness—Call it a guess if you like. Mr. Stevens—But we don't want any guess work. The commission wants to find out what it would cost to complete the road.

Witness—It would take a long time to work it out. I have no detailed information. The figures for train haul, \$50,000, might be much out of the way. Mr. Stevens—Then you have no responsibility for your statement? Mr. Carvell—Would it take your resident engineers ten minutes to give you this information? Witness—They could not do so. Chairman McKeown—We will have to get the information in another way. Mr. Stevens then continued the examination upon the several items in the progress of the trial.

Witness—The progress of the trial between Fredericton and Gagetown with force account added up to April 30, 1914, was \$421,015.49. Brown gave some detailed information respecting the cost of tip tapping at different points, amounting to \$5,000, some of which might not be called for by the dominion government engineer. He also testified about the station on June 30 page 5, fifth column.

Hundreds of Children Were Left Fatherless by Hillcrest Disaster Pathos in Figures Sent to Ottawa Department of Labor—Ninety Heads of Families Lost Lives Ottawa, June 30.—The Department of Labor is in receipt of a message from J. D. McNeven, its officer, who has been at Hillcrest, the scene of the recent coal-mining disaster. He reports: "I am in a position to state, on reliable authority, that many families will require assistance for many months. One family lost father

BODIES OF MURDERED ONES NOW ON WARSHIP Will Arrive at Trieste on Thursday Morning

BURIAL AT MIDNIGHT Aged Emperor Will Attend Requiem Mass on Saturday Morning—High Officials' Opinions of Plot Which Resulted in Tragedy

Vienna, June 30.—The bodies of Archduke Francis Ferdinand and his wife, the Duchess of Hohenberg today will be transferred from Merkershof to a warship, which will proceed to Trieste under the escort of a squadron, arriving there on Thursday morning. A special train will carry the bodies to Vienna, arriving at ten o'clock at night.

From eight o'clock on Friday morning until noon they will lie in state in the chapel of the Hofburg and the public will have an opportunity to pass through the interment will take place at midnight on Friday at Arlatretten, Lower Austria. The emperor will not attend the services, but will be represented by Archduke Charles Francis Joseph. A requiem mass will be celebrated in the chapel of the Hofburg on Saturday morning and will be attended by the emperor and the members of the imperial family. Immediately afterward the emperor will return to Ischl, where he was staying when notified of the assassination.

Another highly important piece of information was that, by means of a Besenauer condenser, an average of five gallons of highest grade gasoline has been produced from 1,000 cubic feet of wet gas. It has been estimated there are 2,000,000 cubic feet of wet gas escaping from the mines in the province of West Virginia, which means there is a supply of wet gas producing 10,000 gallons of oil daily. This bottled oil was found to be 90 degrees.

EVIDENCE IN THE RAILWAY MATTER Theell Detective One of the Witnesses in Street Railway Arbitration The first session of the arbitration board to investigate the dismissal of Frederick Ramsay from the employ of the St. John Railway Company, was held this morning. The evidence of eight witnesses was heard by R. T. Hayes, chairman, Judge Forbes and James L. Sugrue. F. R. Taylor was present for the railway company while Sidney Mosher, of Halifax, was present for the interests of the street railway men's union. For the employes Fred Ramsay, former conductor; J. F. Quinn, saloon keeper; J. Dobson and W. Brillian, street railway employes, and Harry Ellis, testified, while the evidence on behalf of the company was given by Haen McLean, inspector for the St. John Railway Company; Victor Thibault, a member of the Theell Detective Agency, and H. M. Hopper, general manager of the company.

The evidence of Ramsay, Quinn, Dobson and Brillian was to the effect that Ramsay did not enter the saloon of Mr. Quinn while on duty on the dates claimed; the detective was the only witness to swear that he did enter the saloon, while Inspector McLean said he saw positively that Ramsay did enter the bar room on the days in question. The enquiry will be continued on Friday morning.

FOUGHT POLICEMAN WHO TRIED TO RESCUE HIM New York, June 30.—Merry-makers at Classroom Point at the entrance to Long Island Sound late yesterday saw an unknown jumper from the sound steamer Middleton, and commit suicide by drowning. A police launch was near and two policemen went into the water after the man but he resisted the attempt to rescue him.

A FEARFUL DEATH Bale, St. Paul, June 30.—Francis Doud 17, while at work in Gaudreau & Bonchards sawmill, was instantly killed yesterday when an attachment broke from the fly wheel and pierced his body. His head and lungs were torn out of his body.

Personality Personality is as much a success building factor with merchandise as it is with a man or a business. Advertising an article or a business gives it a personality. Or rather it makes its personality known to the public—after all advertising is only a mirror held up to the merchandise. A trade-mark becomes valuable only as it is made to individualize the thing for which it stands. People are attracted to advertised goods just as they are drawn towards a magnetic man or woman. Well directed advertising in the daily newspaper is the greatest builder of business confidence ever known.

AWAIT OUTCOME OF INJURIES INFLICTED ON McANDREWS WITH AXE Thomas McAndrews is in the general public hospital suffering from wounds received last night in Harrigan's alley, off Brussels street, when he was struck on the head with an axe by James Fitzgerald, where Dr. Flemming dressed his wounds, and ordered him to the hospital. Fitzgerald was caught by Night Detective Lucas in King street. The charge reads: Wounding, causing actual bodily harm to Thomas McAndrews by striking him on the head with an axe. Fitzgerald was remanded until the result of McAndrews' injuries is known. "You may be charged with an attempt to kill," said the magistrate. McAndrews was reported to be in the hospital in a critical condition, and it is expected that he will be able to be out in a few days.

CALGARY IS EXCITED ANEW OVER OIL WELL

No 1 Becomes Gusher And There is Vision of Wealth

UNCAPPED ON SATURDAY ONLY ONE EXCEPTION

Four Inch Stream Thrown 84 Feet High—Wet Gas, in Abundant Supply, Shown Capable of Producing Highest Grade Gasoline

(Canadian Press.) Calgary, June 30.—News reaching the city, that the Dingman discovery oil well No. 1 has developed into a gusher caused intense excitement here. On Saturday afternoon the well was uncapped in the presence of the managing director, A. W. Dingman, several prominent Calgary and newspaper men from Minnesota. A stream of gasoline oil, four inches in diameter, rushed out of the well and so great was the pressure behind it that the fluid shot up over the top of a derrick which is eighty-four feet in height. The oil was steady and continuous in its flow during the minutes that the capping was opened and did not diminish rapidly until the valve had been screwed down.

The drivers are greatly excited believing that the well is gradually "bringing itself in" by reason of tremendous gas pressure in the oil sands, 2,718 feet below the surface. Another highly important piece of information was that, by means of a Besenauer condenser, an average of five gallons of highest grade gasoline has been produced from 1,000 cubic feet of wet gas. It has been estimated there are 2,000,000 cubic feet of wet gas escaping from the mines in the province of West Virginia, which means there is a supply of wet gas producing 10,000 gallons of oil daily. This bottled oil was found to be 90 degrees.

TEST NEW PLAN OF HOME BUILDING Interesting Work in House Construction Going on at Lancaster Heights An interesting experiment in home building is being tried on Lancaster Heights. It is an experiment as far as the local builders are concerned, although tried elsewhere with success. The object is to build a house in a test building with twelve brick walls with line mortar the wall will be only eight inches in thickness but will be cement sufficiently strong by the use of cement instead of the usual mortar. As this will save the cost of a third of the brick and labor and as cement will cost very little more than the usual building material, a saving will be made in total price of the building.

This method of construction has been used in other cities with entire satisfaction, as a matter of fact in many cities the use of eight inch walls with the ordinary mortar permitted for two story dwellings. This is the first time the eight inch walls have been tried in this city. The records show and if it proves as satisfactory as is expected, it may help to solve the problem of cheaper construction. With the high cost of materials and labor the price of ordinary construction has become so high that it rivals brick construction, and the latter is so high that it has had the effect of discouraging building operations.

AIRSHIP TO CROSS OCEAN STANDS FURTHER TEST Hammondsport, N. Y., June 30.—The American the Hodman Wanamaker trans-Atlantic flyer, rose from the water late night with ten passengers, establishing another weight-carrying record for hydro-planes. While planning along at flying speed the America struck a swell which bounced her into the air for the better part of 100 yards. Lieutenant Forde said he could have flown at any time.

SET SEVERAL FIRES AND GET INTO ASQUITH'S RESIDENCE BUT FAIL TO REACH PREMIER London, June 30.—The militant "furies" again aroused London today by a series of mysterious fires in the south of London, which do damage estimated at more than \$100,000. Several business houses and two tenement houses were burned and sixteen families were made homeless. Two women gained entrance to the official residence of Premier Asquith in Downing street. When it was learned they were suffragettes the servants tried to eject them and a violent scene ensued. One woman attempted to lock herself to the door. She failed and policemen hurried the furies to jail. A dog which was found on one of the women. She admitted that she had intended to lash Premier Asquith. The other woman was identified as "Miss Watson," a militant with a long police record. They were fined \$10.

AWAIT OUTCOME OF INJURIES INFLICTED ON McANDREWS WITH AXE Thomas McAndrews is in the general public hospital suffering from wounds received last night in Harrigan's alley, off Brussels street, when he was struck on the head with an axe by James Fitzgerald, where Dr. Flemming dressed his wounds, and ordered him to the hospital. Fitzgerald was caught by Night Detective Lucas in King street. The charge reads: Wounding, causing actual bodily harm to Thomas McAndrews by striking him on the head with an axe. Fitzgerald was remanded until the result of McAndrews' injuries is known. "You may be charged with an attempt to kill," said the magistrate. McAndrews was reported to be in the hospital in a critical condition, and it is expected that he will be able to be out in a few days.

LIQUOR BARRED FROM THE U. S. NAVY TONIGHT

Secretary Daniel's Famous Order In Effect

ONLY ONE EXCEPTION

Ship's Surgeon May Keep Limited Quantity—Naval Hostess, Too, Must Give up Punch-Bowl—Norway Has Followed

(Canadian Press.) Washington, June 30.—Afloat and ashore today sees the last of the wine in the United States Navy. Secretary Daniel's famous prohibition order goes into effect at midnight, after which any officers found in possession of alcoholic liquor on board ship or at any naval station, is guilty of misconduct. There is only one exception, made in the case of ship's surgeon who may keep a limited supply of spirits on hand for medical use only. But admiral or captain is as guilty as the seaman if he keeps a stock of wines or liquors for his own consumption or the refreshment of his guests.

The naval hostess, too, after tonight must give up the punch-bowl as a magnet for her guests if the scene of the entertainment be within the naval jurisdiction, as the naval Academy, the naval station and the navy yards. This feature appealed strongly to Secretary Daniels, who believed that many young officers could trace their downfall to over indulgence in punch at these social functions.

At midnight tonight the naval regulations which have heretofore allowed warroom officers to form a wine mess or club for the purchase and use of wines will be stricken out, and these stern words will be substituted: "The use or introduction for drinking purposes of alcoholic liquors on board any naval vessel, or within any war room or station, is strictly prohibited, and commanding officers will be directed to see that this regulation is strictly observed."

The only possibility of modification is in respect to the purchase of wine mess or club for the purchase and use of wines will be stricken out, and these stern words will be substituted: "The use or introduction for drinking purposes of alcoholic liquors on board any naval vessel, or within any war room or station, is strictly prohibited, and commanding officers will be directed to see that this regulation is strictly observed."

"FURIES" AGAIN IN SERIES OF OUTBREAKS Set Several Fires and Get Into Asquith's Residence But Fail to Reach Premier London, June 30.—The militant "furies" again aroused London today by a series of mysterious fires in the south of London, which do damage estimated at more than \$100,000. Several business houses and two tenement houses were burned and sixteen families were made homeless. Two women gained entrance to the official residence of Premier Asquith in Downing street. When it was learned they were suffragettes the servants tried to eject them and a violent scene ensued. One woman attempted to lock herself to the door. She failed and policemen hurried the furies to jail. A dog which was found on one of the women. She admitted that she had intended to lash Premier Asquith. The other woman was identified as "Miss Watson," a militant with a long police record. They were fined \$10.

AWAIT OUTCOME OF INJURIES INFLICTED ON McANDREWS WITH AXE Thomas McAndrews is in the general public hospital suffering from wounds received last night in Harrigan's alley, off Brussels street, when he was struck on the head with an axe by James Fitzgerald, where Dr. Flemming dressed his wounds, and ordered him to the hospital. Fitzgerald was caught by Night Detective Lucas in King street. The charge reads: Wounding, causing actual bodily harm to Thomas McAndrews by striking him on the head with an axe. McAndrews was reported to be in the hospital in a critical condition, and it is expected that he will be able to be out in a few days.

MERRY THOUSANDS FREE OF SCHOOL CARES FOR 2 MONTHS

Holiday Time in Public Schools Begins—Mayor, in High School, Hints at Intention To Be Out of City Politics Ere Long

Nice For The Holiday Weather Man Says We Should Have Clearing Weather Tomorrow and Somewhat Warmer Than Today

(For two months the pupils in the city schools will enjoy a vacation beginning today. The attendance today in all the schools where a special programme was given was very large. High School At 10:45 this morning the exercises in the St. John High School were begun with every seat available occupied and many persons being compelled to stand. The programme was particularly meritorious, and gave pleasure to the large gathering. W. J. S. Miles, principal, presided, and gave an interesting address, congratulating the graduating class upon their success in the past year. Although the graduating class was somewhat smaller this year, he said it was most satisfying to note that the number passing with honors was larger. Mr. Miles presented the honor certificates.

Superintendent H. S. Bridges made the presentation of the diplomas to the graduating class. He gave a brief address, dealing with the work accomplished and complimenting the class upon the satisfactory showing its members had made. The programme had shown the skill of the pupils in literature, and the year's results had proven their worth in mathematics, arts and other subjects. But with the present school curriculum the pupils were skilled in other branches in which their parents had not had the same opportunity. The girls had taken manual training help. He was pleased to see such an intelligent, smart, and well-developed class, and his best wishes would follow them through life, his greatest desire in connection with the presentation of the diplomas, was that they would stay in their home city or province and help in its development, rather than be attracted by lure of the west, for they could do so just as well and attain success in their own homes.

His Worship Mayor Prink was in the audience and towards the close of the programme was called upon by Principal Miles and gave a short address. He said he always endeavored to attend the school closing exercises, because it afforded him much pleasure, and he was interested in the welfare of the young people, "not because I am looking for votes," said His Worship humorously, "for I shall be out of politics in a short while."

The address to the graduating class was delivered by Rev. Wm. Dwyer, pastor of Centenary church. He dwelt upon the satisfaction which must be felt by the graduates today in completing his first real steps in education, but warned the students that they were not to rest just beginning their school. The world was the finishing house, and their opportunity was bound to come to them in the form of a great test. They should be ready to avail themselves when it did come, and should strive always to contribute their share to the general advancement of others besides themselves, having heard the aim not only to make the universe one great neighborhood, but a great brotherhood as well.

After the singing of the graduates of twenty-five or thirty years ago with the facilities present today, dwelling upon the wonderful advances in science and invention, and telling the graduates that the opportunity was theirs to get the most from the multiple blessings which God had bestowed upon them in this material world, they were citizens of no mean city, whose people had proven loyal to God and king, and no mean country as well, and he exhorted them to live up to the best traditions and give what was best within them for the good of themselves and the betterment of others.

The programme delighted the audience. Besides the singing, there were musical selections by the High School orchestra, essays and scenes from Tenbyson and Shakespeare, which were most creditably given. These demonstrated the able direction of Miss Beside Wilson, who had charge of this feature of the programme. The valedictory given by Miss Hilda Stevens was a pleasing composition and well delivered. She received a handsome bouquet of roses, presented by Mr. Miles on behalf of the class. The assembly hall was tastefully decorated in the school colors, with potted plants and ferns bedecking the platform.

The Graduates Following is a list of the class in alphabetical order: Evelyn Allingham, Lena Bassen, Dorothy Bayard, Alva Bisset, Maude Blakeley, McLeod Boyer, Florence Beasley, Helen Carter, Marion Crutchen, Dorothy Emerson, Constance Ewing, Madeline Frits, Ronald Dummer, Vivienne Deider, Hilma Gifford, Bernice Russell, Laurens Harding, Alice Hartshorn, Maude Hickson, Beth Hoyt, Edward Jennings, Ray Kirk, Edna Lewis, Goy Lordly, Norman Machum, Frances Murchio, Eleanor McAfee, Dorothy McConnell, Austin McGuire, Marjorie McKim, Della McLean, John Molnath, Stanley Nason, Robert Nugent, Grace Patten, Helen Reed, D. Allan Robinson, T. Alan Robinson, Elsie Ross, Donald Ross, Helen Russell, Gay Sewell, Laura Sims, Hilda Stevens, Jean Todd, Ralph Thorpe, Edith Vincent, Vera Webb, Walter White, Lorne Whitaker, Edie Wilson, Virta Wilson, Madam Worden. There is an unusually large number of pupils in the Grade XII class this year. They will receive their diplomas tomorrow in the following order: Miss A. Muriel Seely, Atwood E. Bridges, G. L. Man Anglin, Miss Mildred E. Wilson, Miss Helen G. Cushing, Miss Faith D. Henderson, Miss Emma H. Colwell, Miss Alice G. Bell and Manfred W. McCutcheon. St. Vincent's. A very interesting programme was carried out at St. Vincent's school. Many friends were present as well as Dr. H. S. Bridges, superintendent of city schools, William M. McLean, inspector of schools for the county; R. B. Emerson, chairman of the school board; Michael Olin and Rev. William Dwyer, chancellor of the diocese; Miles P. Howland, Walter Donahue, of the city; Rev. Charles McCormick, SS. of St. Peter's and Rev. J. O'Neill of Silver Falls. A very young lady constituted the graduating class—Miss Mary Kathleen Stanton led the class with the fine average of 97.2 per cent for the year, and the Misses Nora Elizabeth Walsh, Catherine Ellen Higgins and Agnes Bernadine McLaughlin. The other graduates were Misses Mary Josephine Doherty, Mabel Alice Scully, Mary Catherine Carthy, Kathleen Gertrude Morrissey, Ida Louetta Kennedy, Mary Elizabeth McHugh and Hazel Gertrude McCrossin. The entrance mass was played by Misses M. Chastain and M. Dwyer, followed by the presentation of diplomas to the graduates. Dr. Bridges, in presenting the certificates, spoke a few words of congratulation to the young ladies, as did also Miss Emerson. Miss Kathleen Stanton, the leader of the class, delivered the salutatory to the graduates, a scholarly address which showed a great deal of careful study and which was well delivered. This was followed by a discussion on "The Value of Knowledge," by the members of the graduating class, which proved to be a very enjoyable number.

The whole school was heard in Rosanna's "When Morning Breaks," which was well received. A dialogue was presented by four members of the graduating class, entitled "At the Portals," in which Miss Stanton represented Part Miss Higgins, Presenting Miss McLaughlin, Future; and Miss Walsh, Religion. After the singing of the class song, the presentation of the St. Vincent's Alumnae gold medal and the Ellis gold medal was made to Miss Mona McCrath of the 1913 class. The alumnae medal was presented by Rev. Wm. Duke, in the absence of Very Rev. W. F. Chapman, V. G. and Michael Coll, school trustee, made the presentation of the Ellis trophy. Congratulatory addresses to the graduates by Rev. Fathers Duke, McCormick, O'Neill, Donahue, and Howland, completed a most interesting and enjoyable programme.

This evening in Columbus Hall, Coburg street, the St. Vincent Alumnae will tender a reception to the members of this year's graduating class. It will be a banquet with a programme of toasts and musical numbers. (Continued on page 8, fourth column)

Mellen Among Eighteen Indicted in Connection With Hampden Railroad Cambridge, Mass., June 30.—Eighteen persons, including Charles S. Mellen, ex-president of the New York, New Haven & Hartford and the Boston & Maine railroad companies; Frederick S. Mosley, of F. S. Mosley & Company, Boston brokers; the late Ralph D. Gillett, of Westfield, and the investment committee of two savings banks of this city were indicted late yesterday by the Middlesex county grand jury on various charges in connection with the financing of the Hampden Railroad from Bourneville to Springfield. Mr. Gillett, who was president of the Hampden Railroad Corporation, died about a year ago.

Easy & Practical Home Dress Making Lessons

Prepared Especially For This Newspaper

WHITE TAFFETA FROCK

It is still the most elegant mode of the season to have a white taffeta frock. The model shown here is carried out in pussy willow taffeta, trimmed with its own material. Of course with the ruffles on the neck and the sash one has ample chance to ring in many novel color schemes. The ruffles may be trimmed with black or some other dark color, preference, however, being given to black.

Directions are given for the construction of the waist because it serves acceptably as a separate model. Five yards of 40-inch taffeta will be required to make the dress, and a good quality coat about 2 1/2 per yard. One yard of 36-inch lining will be sufficient for the waist. Two or three yards of ribbon will be needed for the belt, according to the size of the bow and length of the streamers.

SOMBRE GOWNS AND THIN MATERIALS FOR FORMAL OCCASIONS

(By Myrtle Mortimer)

Notwithstanding all the bright colors that have been shown this season, the fashionable woman puts her faith in black. Every third gown you see in the streets of Paris, New York or Chicago is of this sombre color.

A black chiffon gown with black taffeta ruffles is one of the season's most beautiful afternoon costumes. There is an increased fullness about the waist of

TRAM LINE OR MOTOR BUSES TO ROCKWOOD

Mayor Suggests That City Provide Transportation - \$1,000 For Salem - Police Inquiry Next Month - Concrete Sidewalks - Chief Blake's Appointment Made Permanent

At yesterday's meeting of the common council the sum of \$1,000 was ordered to be forwarded by the city to the relief of the sufferers in the Salem, Mass. fire.

Mayor Frink remarked upon the great numbers of people who had visited Rockwood Park on the last few Sundays, and said that steps should be taken by the city to provide motor bus or tram connection from the city. Since the city is now paying \$4,000 a year for the upkeep of the park, it should be made more accessible than it is.

The inquiry to be held by W. B. Chandler, of Moncton, as special commissioner to investigate the charges against Police Chief Clark, will not begin until after July 12. Mayor Frink promised yesterday to submit his findings upon the evidence given at the recent police inquiry, at a special council meeting to be held this week.

Street and sidewalk paving problems cupped much of the time at the meeting of the common council yesterday afternoon. Com. Potts again made an appeal for the privilege of laying permanent sidewalks to be paid for by a bond issue, and when this was refused, submitted a letter voicing his formal protest.

After a long wait, during which time the petition has been mislaid, the council agreed to lay a permanent paving in one block of Orange street.

A communication from residents of Lower street, West End, asking for an estimate of the cost of a concrete sidewalk for seventy-five feet on Lower street was referred to the commissioner of public works.

Com. Potts presented a communication from the dominion department of public works asking the city to contribute half the cost of a concrete sidewalk at \$1.60 a yard in Sherfield street in front of the new armory. He moved that the agreement be entered into.

According to the latest calculations for the approval of the road engineer the specifications was carried.

E. W. Emerson, West St. John, asked for an estimate of the cost of a concrete sidewalk in front of his property on the same terms. The letter was referred to the commissioner of public works.

Com. Potts reported that a retaining wall in Alexander street has been completed at a cost of \$604.90.

The mayor drew attention to the state of Bridge street and said that a property owner had informed him that Com. Potts had refused to do any work on the section west of Main street and asked Com. Potts what he intended to do about it.

Com. Potts—"I cannot spend money on a street which is not incorporated."

The mayor—"Are you going to take steps to have it incorporated?"

Com. Potts said he would secure the recorder's opinion.

A plan for the approaches to the new highway bridge at the reversing falls was submitted by Com. Potts and the provision for a temporary sidewalk was approved.

George Blake, who has been acting as chief engineer of the fire department under temporary appointment, was yesterday made the regular appointee by the common council. At the same session the council was prevented, by one vote, from authorizing the purchase of a motor ambulance for him.

Com. McLellan, in support of his amendment to the fire laws, said that the present law provides for a maximum penalty for ringing false alarms of fire is only \$100 or forty days imprisonment. The council clerk said that he believed the city did not have power to enforce a penalty of more than forty days' imprisonment. The bill was given its final reading and laid over until next week.

Leases Renewed. The commissioners of harbors, ferries and public lands reported, recommending the renewal of the following leases upon the common clerk being satisfied that the several persons are entitled thereto.

There is not only the effect on wrinkles and creases that is so noticeable, but (actual) evidence is remarkably improved, and the face looks much younger.

It is particularly grateful to find faces these warm, depressing days.

Perfect Tea must be used for a perfectly satisfactory infusion.

Try "Salada" on our Recommendation You Will Never Regret It

Black or Mixed - Sealed Packets only 25c. to 60c. per lb. net weight

At yesterday's meeting of the common council the sum of \$1,000 was ordered to be forwarded by the city to the relief of the sufferers in the Salem, Mass. fire.

Mayor Frink remarked upon the great numbers of people who had visited Rockwood Park on the last few Sundays, and said that steps should be taken by the city to provide motor bus or tram connection from the city.

The inquiry to be held by W. B. Chandler, of Moncton, as special commissioner to investigate the charges against Police Chief Clark, will not begin until after July 12.

Street and sidewalk paving problems cupped much of the time at the meeting of the common council yesterday afternoon.

Com. Potts again made an appeal for the privilege of laying permanent sidewalks to be paid for by a bond issue, and when this was refused, submitted a letter voicing his formal protest.

After a long wait, during which time the petition has been mislaid, the council agreed to lay a permanent paving in one block of Orange street.

A communication from residents of Lower street, West End, asking for an estimate of the cost of a concrete sidewalk for seventy-five feet on Lower street was referred to the commissioner of public works.

Com. Potts presented a communication from the dominion department of public works asking the city to contribute half the cost of a concrete sidewalk at \$1.60 a yard in Sherfield street in front of the new armory.

According to the latest calculations for the approval of the road engineer the specifications was carried.

E. W. Emerson, West St. John, asked for an estimate of the cost of a concrete sidewalk in front of his property on the same terms.

Com. Potts reported that a retaining wall in Alexander street has been completed at a cost of \$604.90.

The mayor drew attention to the state of Bridge street and said that a property owner had informed him that Com. Potts had refused to do any work on the section west of Main street.

Com. Potts—"I cannot spend money on a street which is not incorporated."

The mayor—"Are you going to take steps to have it incorporated?"

Com. Potts said he would secure the recorder's opinion.

A plan for the approaches to the new highway bridge at the reversing falls was submitted by Com. Potts and the provision for a temporary sidewalk was approved.

Name P. O. Address in full Number of Patterns Order by number only. Remit in stamps or currency. The Evening Times Pattern Department, St. John, N. B.

Patterns published in this series may be obtained by sending price of pattern in cash or stamps to The Evening Times Pattern Department, 23 Canterbury street, St. John. As a rule it takes about one week to deliver the pattern to the buyer. Those sending money must be careful (1) to write the number of the pattern plainly (2) to write their name and post office address clearly, and (3) to enclose the price.

BAYSWATER NEWS.

The steamer Maggie Miller was crowded nearly every trip on Sunday afternoon and on Sunday with those who spend the week-end at the beautiful summer resort at Bayswater. The steamer, which has been practically rebuilt, is up-to-date in every way and is capable of making her trips in much less time than she did last season. New wharves and light-houses have been built this season at Summersville and Bayswater.

A large number of young people of Bayswater temperance lodge gathered at the Linton cottage on last Thursday evening and held a farewell party for Miss Edith Fullerton, who is about to leave the village. During the evening Miss Fullerton was made the recipient of a handsome gold bracelet. The presentation, with an eloquent address, was made by Rev. Sydney Boyer, Miss Fullerton, who has had charge of the school for the last year, has made many friends in Bayswater.

Rev. J. F. Esty preached his farewell sermon to a large congregation on Sunday afternoon in the Methodist church. Mr. Esty, who will go to Keswick circuit, will be succeeded here by Rev. Mr. Shanahan, who will take charge in the early fall. Meanwhile the services will be held by Rev. Sydney Boyer, assisted by Mr. Whitman, a Mount Allison student.

The Alaine Hotel is now opened and

a large number were there during the week-end. Harold Gibbons, who is proprietor of the hotel, also conducts a confectionery and fruit stand on the grounds.

The Maple Leaf cottage was a centre of attraction on Sunday; meals were served to a large number.

Beware of Ointments for Catarrh that Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is incalculable to the good you can possibly derive from them. Dr. J. C. Chase & Co., manufacturers of F. J. Chase & Co. Toilet Ointment, 60, Ontario street, Toronto, Ontario, Canada. This is the only ointment that is sold by Druggists. Price per bottle, 25c. This is a family size for the household.

At the celebration of high mass at the Church of St. John the Baptist, Sydney, last Sunday, three brothers officiated. Rev. George Oley was the celebrant and Rev. Charles N. Oley was deacon and Rev. Willis Oley was subdeacon.

INDIGESTION AND HEADACHES

Arising From Constipation, Cured and Regular Habits Established by Dr. Chase's Kidney-Liver Pills.

In the western provinces, where so many thousands live far from doctors and drug stores, very many rely on Dr. Chase's medicines to cure disease and maintain health and strength. This letter gives some idea of what perfect control Dr. Chase's Kidney-Liver Pills exert over the most common ills of life.

Mrs. H. K. Hower, farmer's wife, Eastburg, Alta., writes—"For about ten years I suffered from constipation, indigestion, headache and languid feelings. Treatment from two or three doctors afforded only temporary relief, so I turned to Dr. Chase's Kidney-Liver Pills, and with most satisfactory results. Headaches have disappeared, regular habits established and general health very much better. Both my husband and I can speak highly of Dr. Chase's Kidney-Liver Pills, as we have both been greatly benefited by them." One pill a dose, 25c. a box, 5 to \$1.00, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Real Wonder-Worker For Wrinkled Faces

Those who have tried all sorts of so-called "wrinkle-removers" in a vain effort to lose those unwelcome traces of age to those who worry, can scarcely find words to express their delight with the wonderful results of this formula, once they have given it a trial. The formula does not do away with the wrinkles, but it does so in a surprising and commendable manner. Its simplicity and its inexpensiveness are other commendable features. For one needs only dissolve an ounce of powdered formula in a half pint of hot water, and bathe the face in this solution. At once a remarkable transformation is effected. There is not only the effect on wrinkles and creases that is so noticeable, but (actual) evidence is remarkably improved, and the face looks much younger.

It is particularly grateful to find faces these warm, depressing days.

ed the popularity and high esteem in which Mr. and Mrs. Miller are held. Their many friends unite in wishing them every happiness.

Among the out of town guests were Mr. and Mrs. Burnett and Miss Beulah Burnett of Hawkeston, N. B.; Miss Mabelle Miller of Fredericton, N. B.; Mr. and Mrs. Long of St. John, N. B.; Mrs. Beverly R. Summersville, of Kingman, Maine; Miss Ella Lynette Somerville, of Mountpelier, Vermont; Mr. and Mrs. J. B. Corcoran, of the Narrows; Mr. and Mrs. M. Jeffrey of Youngs Cove Road, N. B.; B. R. Cronkrite, of Hawkeston, N. B.; H. P. Chase of Cambridge, N. B.

Sore Corns Dissolved

Removed Without Pain

The best wrinkle of all, no plasters or pads or burning salves—they are all relics of the dark ages. The only sure corn doctor—the one that never fails to lift out a sore corn by the roots is Putnam's Painless Corn Extractor.

Apply it at night and it dissolves away the painful corn while you sleep. Nothing to equal the painless removal of corns by Putnam's Extractor. Get a 25c. bottle from any druggist.

RECENT WEDDINGS

Miller-Somerville. The home of M. T. Somerville, of Colby, N. B., was the scene of a very pretty wedding on Wednesday, when his daughter, Annie Myrtle, was united in marriage to Willard Miller, of Hawkeston, N. B. The ceremony was performed by the Rev. Calvin Curry, pastor of the Baptist church at Colby, N. B., in the presence of a large company of relations and friends.

This was an out of door wedding, the bridal party standing on the piazza under an arch of evergreens and ferns that transformed the place into a bower of beauty and made the spectacle beautiful and one long to be remembered in the minds of those who witnessed it.

The bride, who was given away by her father, looked sweet in a gown of white marquisette and lace and wore a veil trimmed with lilies of the valley. She was attended by her little sister Hazel as flower girl, dressed in white embroidered muslin and carrying pink and white carnations.

After the ceremony an informal reception was held and refreshments were served to seventy-five guests.

Mr. and Mrs. Miller left on Friday for a trip to Boston. On their return they will reside at Aroostook Junction, N. B. The bride's going away gown was of grey gaiterine with hat to match.

Many numerous and costly gifts showed

SUMMER SCHOOL AND CONFERENCE OPENED

Bishop Richardson Inaugurates The Sessions at Rothesay

The summer school and conference for missionary and Sunday school workers of the Church of England was opened last evening in Rothesay in the boys' school. An address was given by His Lordship Bishop Richardson at the opening. Those who took part in the services and study classes held this morning were Rev. L. A. Foyster, Rev. G. A. Kuhring, Rev. A. R. Beverley and R. W. Allen.

The school is held under the auspices of the board of missions, the W. A. and the Sunday School Association of the Diocese of Fredericton. The school is well attended and the satisfactory arrangements reflect much credit on the committee, in charge, of which Rev. G. A. Kuhring is chairman and Rev. E. B. Hooper secretary.

TOELESS SHOE LATEST FOR WOMEN OF LONDON

London, June 30—The toeless shoe for afternoon and evening wear and to be worn with or without stockings is the latest novelty for women to appear in the London shops.

The new design is of sandal form with high French heels, and exposes glimpses of the sides of the foot and toes. They are also made in a wide range of colors with a view to matching the gowns.

So far the new shoe has not yet made its appearance in the street or the fashionable tea rooms.

Health and Beauty Aids
(By Mrs. Mae Marlyn)

MARGUERITE. You should make up and use this harmless eye-tonic and you will have no further trouble with your eyes. In 1 pint clear water dissolve 1 ounce crystals. Put 2 or 3 drops in each eye twice a day for a while and the smart and ache will entirely disappear. The crystals tonic will give almost instant relief to tired, aching eye-muscles and its timely use frequently overcomes the need for glasses.

CITY GIRL. Yes, some soaps have a tendency to rob the scalp of all its oil, and frequently causing a mild form of eczema. Get from your druggist a small, original package of cantrox and dissolve a teaspoonful in a cup of hot water, then pour this mixture on the head slowly and rub well. The thick, cleansing lather will dissolve all dirt, dandruff and excess oil and greatly invigorate the scalp and hair roots. Rinsing leaves the scalp immaculately clean, while the hair dries quickly and is greatly enriched in color and brilliancy. Cantrox shampoo, if used regularly will correct all scalp troubles and induce the hair to grow in thick and beautiful.

PRISCILLA. The old-fashioned kardenone tonic is Nature's best helper, and a course of treatment of this famous blood cleanser and tissue-builder restores strength and vitality to the weak, worn body. It is easily and cheaply made at home—just dissolve 1/2 cupful sugar and 1 ounce kardenone in 1/2 pint alcohol (not whiskey) then add hot water to make a full quart. The dose is a tablespoonful before each meal. This tonic restores lost appetite, builds up and strengthens the body, gives to the skin a clear, healthy glow and guards against bodily ills.

MRS. A. E. M. To retain the velvety smoothness and healthy tint of the complexion, apply daily a spruce lotion, made by dissolving 4 ounces spirum in 1/2 pint witch hazel or hot water to which is added 2 teaspoonfuls glycerine. This protects the perfect complexion and will make a "naughty" oily or blotchy skin clear and pleasingly beautiful.

MARIE L. Electric scalp massages will not do as much for your scalp as will a plain quinson hair-tonic, made by adding 1 ounce quinson (which you can get at your drug store) to 1/2 pint alcohol, in which is then poured 1/2 pint water. Manipulate the scalp thoroughly when you use this tonic and you will be surprised how quickly the dry, scaly condition will disappear. Then, too, this treatment will restore the proper lustre and soft fluffiness to your hair. I unhesitatingly recommend this quinson tonic for dandruff, faded, streaky or grey hair, because of the great good it has done for others.

MRS. del. If you are getting too fat mix together 4 ounces paromils and 1/2 pints hot water. When cool strain and take 1 tablespoonful before meals until weight is where you want it. This is a safe harmless method of fat reduction and does not depend on dieting or unusual exercising. The paromils treatment is gentle in action and restores the symmetrical lines to the figure.

EVE. Wrinkles and premature age marks are quickly erased from the skin by the following treatment: Into 1/2 pint cold water dissolve 1 ounce aluminum and add 2 teaspoonfuls glycerine. Let stand one day, then at night apply generously to skin covering the wrinkles. This protects the surface and stimulates the blood vessels just beneath the skin and so energizes the starved tissues underneath the creases that they gradually assume their proper size—then the wrinkles or lines will have vanished. As a skin-cleanser and rejuvenator of the complexion the aluminum cream-jelly is not equalled. All blemishes, blackheads, skin roughness and sallowness vanish as if by magic.

BIG GATHERING HERE IN FALL

Convention Call of the Trades and Labor Congress of Canada, Which Will Meet in St. John

Office of the Secretary-Treasurer,
112 Florence Street,
Ottawa, Ont., July 2nd, 1914.
To the Officers and Members of Provincial Federations of Labor, Trades and Labor Councils, National Trades Unions, Federal Labor Unions, and International Local Trades Unions in the Dominion of Canada, Greetings—
Fellow Labor Unionists and Brothers—
The thirtieth annual session of the Trades and Labor Congress of Canada will convene in the Armouries building, Barrack Square, roof, of Carleton Place, City of St. John, Province of New Brunswick, beginning at ten o'clock, Monday morning, September 21st, 1914, and will continue in session from day to day until the business of the convention has been completed.

Last year's meeting of the congress, in the city of Montreal, was an unqualified success. The place selected and the work done there contributed to mark it as one of the most important of a long series of conventions. This year the city of St. John, N. B., has been selected as the place of assembly. This brings the congress to the heart of the maritime section of the Dominion and will afford an opportunity for the people on the Atlantic Coast to learn something of the importance of the great labor movement now going on in the interest of the wage earners, and will be marked by the fuller consideration of many momentous questions left uncompleted last year. There will also be fresh and vital issues discussed.

The particular attention of affiliated organizations is called to Article III, section 2, governing the introduction of resolutions, which reads—
"Sec. 2.—That all resolutions for the consideration of the congress shall be received by the secretary-treasurer not later than ten days prior to the opening of the convention, the same to be printed and issued at the opening session of the congress. Resolutions submitted contrary to this section can only be introduced and dealt with by the congress on a two-thirds vote of the

is the friend of the family

The Gurney-Oxford nears perfection this year.

It has many splendid points of which these are the most important—
The Gurney-Oxford Economizer (not to be had on any other stove) is such a convenient method of regulating the fire and saving fuel that it certainly should be on the stove you buy.

The fire is supported on grates that supply lots of air; coal doesn't smoulder, it burns, leaving clean, clear ashes—no clinkers. Clinkers mean waste.

The heat goes directly to the oven where it should—over and under and around the oven, heating it evenly in every corner. It can't get up the chimney; it must do its work.

These, briefly, are the devices that make the Gurney-Oxford the most perfect piece of stove mechanism ever devised.

SUMMER SCHEDULE OF EASTERN LINE

Six Trips a Week—Three of Them Direct.

The steamers of the Eastern Steamship Company will look after their patrons this summer as usual in good shape under the schedule in effect today. The Governor Cobb, Governor Dingley and Calvin Austin will be on the route. A steamer will leave here every Monday, Wednesday and Friday mornings, returning on the alternate days. These boats stop at the usual places.

The steamers on the direct service to Boston will leave St. John on Tuesdays, Fridays and Saturdays at 7 p. m. \$2000 deposit now exacted; and making election day a public holiday.

The case for labor on Old Age Pensions and Pensions for widows with children in Canada, now pending before a special committee of the Dominion Parliament; and many other features.

In last year's convention call it was pointed out that labor was far from having the monopoly of organization and that against its interests there are some of the strongest and best equipped organizations in Canada and abroad. This year the line having been overhauled this spring and put in the best of shape, so that none of them are likely to be inoperative. In fact, it would be highly regrettable if a part of the attention of the

THE NATIONAL HOLIDAY

Tomorrow the people of Canada will make holiday, and perhaps will give more thought to mere enjoyment of the day than to its significance.

Ontario must be a very considerable improvement upon the New Brunswick brand of Toryism. The Standard also quotes the remark of a Liberal newspaper that yesterday's contest would show how the tide is running in Ontario.

HOLIDAY TIME

To a very important and large section of the population of St. John this is a notable day. It marks the closing of the public schools for the summer holidays, and for a number of the students marks the closing of their school life.

Canada has made enormous strides, and the greatness of her future is recognized throughout the world. In her relations with the rest of the British Empire there is only one weak point, and that is her failure to assume her share in naval defence.

ONTARIO ELECTIONS.

Toryism in Ontario received a shock yesterday. The Whitney government's majority has been greatly reduced. If the Conservatives all over the province had been true to their temperance professions that majority would have been wiped out altogether.

Mr. Borden is said to be in some doubt about that western trip. Under the circumstances this is quite natural.

Has the provincial government invited Mr. W. H. Berry, one of its officials, to return and give evidence before the Royal Commission? If not, has it dismissed him from its service?

It is to be regretted that greater harmony does not prevail in the city council. There is much serious business to be transacted, and personal feeling should be subordinated to the public interest.

Mr. Rowell and his friends in this contest were fighting against not only the entrenched forces of provincial Toryism, but they had also to fight the money and the influence of the federal government.

The fact that the British minister to Mexico has advised all British subjects to leave that country shows that in the minds of the representatives of other countries the situation in Mexico is very serious.

The St. John Standard tells its friends that the Liberal policy of abolishing the bar was not effective because there was not sincere and honest force behind it.

Mr. Borden, as well as Sir James Whitney, breathed more freely this morning, but the federal premier cannot be blind to the fact that the tide is setting against his party throughout Canada.

Have You Noticed that the Proprietors of DICKESON'S TEA Are Giving Away "BROWN BETTY" TEAPOTS

To Users of Their Tea? WATCH THIS PAPER! SAVE Your Wrappers!

THE READ SONG SPARROW.

Just a brief half-hour ago He could sing, And an elm-tree's new-leaved bough Was his swing.

Laughing waives, leaves wind-stirred, Thousand tongues, Yet no sweeter sound was heard Than his song.

Now he lies with gasping breath, Torture-bound, Writhing, struggling in his death On the ground.

Just a common tragedy Of the spring, Just a hunter taking aim Practising.

Passing careless on his road Over the hill, Yet a messenger of God Now is still—Dumb, Animal.

LIGHTER VEIN. Neighbourly Kindness.

"This plant belongs to the bongia family." "Ah! And you are taking care of it while they are away."

Without Assistance. Teacher—Did anyone help you with this map, Sam? "Yes, my brother did it all by himself—Life."

"It is said that more than one person has been killed by kissing." "Yes, but isn't it great if you live through it?"

She—How did you get your stolen watch back so quickly? He—The poor idiot of a thief took it to a pawnshop, where they at once recognized it as mine.

Willie's Dilemma. Sister—Willie, if you hang around and listen when Jack calls tonight I shall whip you.

Willie—and my says she'll whip me if I don't keep tabs on you and him.

"So Jones is playing golf for his health?" "Yes."

"Any improvement?" "His health is better, but his language is worse."

Duke, said to be the largest horse in the world and weighing more than 8,000 pounds, was owned and exhibited by Charles Miner of Brattleboro, Vt.

PHONE MAIN 1122 82 GERMAIN STREET

was \$7,747. The total work done to the end of August was \$37,798; to Sept. 30, \$64,488, and Oct. 31, \$96,986. Checks for the previous month's work were issued between the 18th and 28th of the following month.

No work was done during the first three months of 1914 and the firm's last progress estimate (net) up to March 31, 1914 was \$104,228. Up to April 8, the date of the Dugal charges, Kennedy & McDonald received in cash \$400,004.

The witness gave an estimate of the amount necessary to complete the road which agreed very closely with that of Divisional Engineer Hill.

He gave the details of another contract of two and a half miles on the work of the Hibbard Construction Company, but, he said, the contract was direct with the St. John & Quebec Railway Company and was made in June, 1913. It was never signed, however, but they went on with the work at a price ten per cent. lower than the Hibbard company received. Up to March 31, 1914 they had earned (net) upon this contract \$10,456 and since April 8, \$11,712. It would take about 6,000 yards of track, in all, to complete, costing \$1,800 and \$830 for ballasting.

Their third contract was with the Hibbard company and was practically the taking over of a part of their contract, payment being guaranteed by the St. John & Quebec railway. They began this work Oct. 17, 1913, and for track laying received a new price, \$800 per mile, which was \$100 per mile more than the Hibbard contract called for. Upon this contract their net earnings were \$10,024 to April 8, and since that time \$8,249. It was difficult to estimate just what the cost of completion would be, while the track laying was completed, there was some ballasting to be done.

W. J. Scott. William J. Scott was the next witness, and it transpired that while he supplied about \$100,000 worth of material he never received a contract, mainly because he did not put up the necessary deposit.

The sitting was without incident. Mr. Treed was the only lawyer present for the defendants Messrs. Pennington and McLeod and the Valley Railway Company. The attorney general was in court most of the afternoon, an attentive listener to the evidence. Ross Thompson, for the Valley Railway Company and Chief Engineer Wass were also in court as well as a large number of citizens.

Mr. Carrell is gradually getting the most accurate information with regard to the cost of the road from the material, and from the engineers in charge. The contractors know to a cent what money they have received, and the other charges are more or less of a fixed character, so any unusual figures can be detected without much trouble by men who are experienced in railway construction.

ON THE ADVICE OF HIS DOCTOR

He Used Dr. Chase's Ointment for Protruding Piles With Splendid Results. Two often a doctor can only think of an operation when asked for a treatment for piles. Some are sufficiently broad-minded to use the most effective treatment available, which is undoubtedly Dr. Chase's Ointment, as was proven in the case referred to in this letter.

Mr. Simon E. Jones, Railway Street, Inverness, N. S., writes:—I have found Dr. Chase's Ointment the best treatment obtainable for protruding piles. For three years I suffered from piles, and was advised by a local physician to use Dr. Chase's Ointment. I had tried many treatments in vain, and therefore know which is the best. I can highly recommend Dr. Chase's Ointment, and you are at liberty to use this statement.

The record of cases of every form of piles which stands behind Dr. Chase's Ointment is the strongest guarantee you can have that it will promptly relieve and cure this ailment, even in the most aggravated form. 6c a box, all dealers.

Do not suffer another day with itching, bleeding or protruding piles. No surgical operation required.

Dr. Chase's Ointment will relieve you at once and its certainty cures you. 6c a box, all dealers. Sample box free if you mention this paper and enclose 2c. stamps to pay postage.

FAILURE OF THE CANADIAN LOAN Conditions Which Led to 90 Per Cent of Issue Being Left With Underwriters (Times Special Correspondence) London, June 29.—While it was not expected that the Canadian loan would be a complete success, the city was not prepared for the result which left nearly ninety per cent of the issue in the hands of the underwriters. At the same time the receipt given to the Canadian loan cannot be regarded as a fair indication of the feeling here. Unfortunately the subscription to the loan synchronized with two city suspensions which, in spite of all the published assurances to the contrary, introduced a situation that held all the elements of a panic. Fortunately the men handling the affair had strong hands and were successful in heading off the evil. The aftermath of the failures in the shape of the published statements of the companies having financial or corporate association with the firms who have suspended payment proves that the situation was handled with extraordinary skill. Had these statements been published at the same time as the announcements of suspension of payment a condition bristling with difficulties would have been created. So it was that the Canadian loan came into the field at a time when, if there was not a hostile tendency towards Canadian investment, there was certainly a determination to wait until the clouds cleared. There was also a widespread anxiety as to Canadian holdings generally, and small investors even made inquiries as to whether municipalities of Vancouver, Winnipeg, Montreal and the other large Canadian cities were safe; exceedingly foolish of course but only the fear always brought into being in a time of financial stress. The street has got over the trouble and a temporary recovery occurred. Apathy has, however, again stepped in and there is a stoppage of investment business almost unparalleled. The public is hoarding its money as is well shown by the fact that the joint stock banks have no less an increase than fifty million pounds in their deposits as compared with a year ago. This constitutes the most satisfactory feature in the present condition and competent judges of the financial barometer believe that a marked revival in investment activity cannot long be delayed. The public cannot much longer hoard up its capital; the spirit of caution cannot continue indefinitely and, as is well-known, repression is always followed by increased activity. When the present pessimism gives way to a more sane outlook there will be a boom, say the insiders, and a careful survey of the conditions supports that view. Summer School The Summer School of Science will open in Woodstock, N. B., on July 8, for four weeks, with about 100 students in attendance. 37,078,760 barrels of beer were produced in the United Kingdom last year. Of these 631,708 were exported, some of them finding their way to Arabia, Siam and Paraguay.

AMUSEMENTS THRILLING DETECTIVE DRAMA AT THE GEM THEATRE Francis X. Bushman in "The Three Scratches"—General Programme Up to Usual High Standard. Seldom has the picture loving public had the opportunity of witnessing a show equal to that which appeared at the Gem Theatre last evening in the Essany two-part drama: "The Three Scratches." Francis X. Bushman retained the position he has won in the hearts of the Gem patrons. This picture shows to a nicety the craft and cunning of the up-to-date professional crook. The disappearance of the valuable book and its ultimate recovery, with a dash of love and excitement thrown in, makes an excellent subject for a photo play. "In After Years," the second number of the programme, is a Victor drama, and the audience was quick to grasp the theory of the picture and followed it with great interest to the end. The play exacts some strong portrayals on the part of the principals, but it was cleverly enacted throughout. The comedy end of the show was not forgotten and the Selig production of "At Last We Are Alone" kept the people in a roar. How the two lovers managed to get together all by themselves, caused much merriment. The Gem's orchestra played all in a programme of new and appropriate music. Despite the inclement weather the theatre was well filled all evening. The show will be repeated this evening.

IMPERIAL STARTS ANOTHER BIG WEEK Excellent Film Features and Good Singing. The stern reality of facing death in the electric chair and then to be released on the word of a man who had for years withheld a magic secret was the dramatic heights to which Imperial patrons were carried yesterday in a drama entitled "The Death Warrant," played and photographed at the great Lyburn plant in Philadelphia. It took two reels to tell the tense story, a story which carried with it an unmistakable message. The battle in the Palace of the Shogun and the prison scenes lend a strong touch of sensation to an ideal photo play, that to thoroughly appreciate its many fine points, must be seen. The Keystone Company excel themselves in a remarkable comedy, "The Thief Caught." The special feature for next Monday and Tuesday will be the American society drama, "The Turning Point."

JAPANESE PHOTO PLAY O MIMI SAN AT UNIQUE A DECIDED NOVELTY To produce a film play with novelty as its feature is no easy task. It is no means an easy task, so that in the presentation of the Japanese story, "O Mimi San" the unique feature in the picture is made from the ordinary and a decided treat is the result. "O Mimi San" is a strongly developed Japanese subject with Japanese actors playing the leads headed by Miss Tsuru Regularity of the bowels is an absolute necessity for good health. It is a waste matter from the food which collects there is got rid of at least once a day. It decays and poisons the whole body, causing biliousness, indigestion and sick headaches. Salts and other harsh mineral purgatives irritate the delicate lining of the bowels. Dr. Morse's Indian Root Pills—entirely vegetable—regulate the bowels effectively without weakening, sickening or griping. Dr. Morse's Indian Root Pills

SCREAMED WITH THE TERRIBLE PAIN "Fruit-a-tives" Completely Cured Distressing Kidney Trouble St. Thomas, Ont., April 1st, 1913 "In 1911 I was laid up with Kidney Trouble and not able to get out of my chair. Had tried many kidney remedies without satisfactory results. The pain was excruciating and my screams could be heard on the street. One day a friend from Ottawa came to see me, and when he found me in such poor health, said he would send me a sample of "Fruit-a-tives," which he did and I commenced taking them. The results were so apparent with the first few doses that I continued to take "Fruit-a-tives" and was completely restored to my normal state of health. I would strongly advise anyone suffering with Kidney Trouble to take "Fruit-a-tives" and cure themselves. CHARLES CALVERT 80c. a box, 6 for \$2.50, trial size 50c. At all dealers or from Fruit-a-tives, Limited, Ottawa.

Although St. John has seen several exhibitions of the tango of late it is an assured fact that not until yesterday was good tango music presented in St. John. After seeing the performance of Prince and La Polita at the Lyric the other evening the tango craze has again sunk into oblivion. The Lyric can also take upon itself the honor of having introduced the tango music to St. John as both dances are exploited in a truly artistic and remarkable style by the duo sang by excellent numbers. One was Hoffman's, which was sung in duet; the other a solo by Mr. Mellor, The Girl From County Mayo. These fine English vocalists close their engagement here on Saturday to be succeeded next week by that eminent popular couple Holmes & Buchanan. The festival orchestra rendered a delightful concert throughout the programme.

IN PINK TIGHTS, SHE CHASES THIEF IN STREET; CATCHES HIM While on Trapesie Girl Sees Burglar Stealing Jewelry in Theatre New York, June 30.—Miss Henrietta Heno, star trapesie performer at Low's Liberty Avenue Theatre, East New York, was causing thrills to the audience when she suddenly happened to look towards the wings in the direction of her dressing room and there rifling a table of her jewelry she spied a man. Miss Heno was swinging from the rear of the stage far over the heads of the audience. A rope was within reach as she plunged through the air and this she seized and held herself fast to the footlights. Others in the act knew something was amiss, but what they could not guess. To their wonder Miss Heno rushed off the stage. One glance at her dressing table showed the athletic young woman that jewelry valued by her at \$8000 was missing. She ran to the stage door, but no one was there. The thief must have left by the passageway behind the boxes. Clad as she was, Miss Heno rushed to the main entrance of the theatre. In the lobby she saw the man whom she had seen in her dressing room. He was just walking out of the door, but when he saw Miss Heno he broke into a run. With a cry "Stop thief!" the plucky little performer rushed after the stranger. Her attire, her apparent earnestness and her cry caused many to join with her in pursuit, and in a few seconds Liberty Avenue was thronged with people, rushing after a flash of pink tights and a fleeing man. By the time he had run four blocks he was grabbed by Miss Heno. In the chase were two detectives, and soon the fugitive was safely on his way to a cell. He was searched and in his pockets were found not only Miss Heno's bag of gems, but ten watches and other jewelry valued at \$2000. A loaded revolver and a bottle of heroin were also found. The prisoner was sullen but when the heroin was taken from him he became possessed of almost demon-like strength. He cried finally, when overpowered, that he must have the drug, but his appeals were ignored. His name, he said, was Charles Curran. He gave his age at 34 years, and said that he lived at Coney Island. Curran is suspected of many other burglaries in playhouses throughout Manhattan and Brooklyn. He had access to all theatres for in the lapel of his coat he wore a pin with the initials "T. M. U."—abbreviations for the Theatrical Mechanics' Union. He also had a pass of the White Rats Actors' Association, signed by the name of Willis J. Cook. Miss Heno, after seeing that the burglar was locked up and that she would not, after all, lose her jewels, remembered about her attire. It was then she flushed and hurried back to her dressing room. LARGE REAL ESTATE DEAL GOES THROUGH Saskatoon, Sask., June 30.—J. H. Ashdown, head of the firm of J. H. Ashdown & Co., Winnipeg, one of the largest hardware concerns in the dominion, has purchased fifty feet of second avenue property for the sum of \$48,500 cash. The sale for such a large amount of cash is looked upon by local real estate dealers as an indication that Saskatoon business property is highly regarded by keen sighted business men. London has 8,600 motor buses.

USE THE WANT AD WAY

Brightening Summer Business

LAWNS and gardens can be kept green and vigorous in the hottest weather by watering them faithfully. By the exercise of intelligence and utilities at hand, man can offset natural tendencies.

So in the matter of business: When there arises a condition which is a menace to the health and vigor of a business—hot weather months, for example—the corrective is intelligent energy and the use of agencies which are known refreshers.

Every merchant in this community may keep his business vigorous this summer by making preparations in advance, and by

employing the advertising columns of this newspaper. Preparation is the secret of success. Get ready now your programme for July and August, make plans for every week sparkle with some fresh inducement or attraction, and advertise, ADVERTISE.

What is the use of devising and doing extraordinary things, if the public whom you are serving, is left in ignorance of all that you plan and do?

You can obtain helpful advice on advertising free of cost and without obligation by consulting the Advertising Department of The Telegraph and Times.

HONOR FOR NOTED ENGLISH
LAWYER RETIRING AFTER
HALF CENTURY OF PRACTICE
 London, June 30—Sir Edward Clarke, one of England's most distinguished lawyers, who after practicing for just fifty years, announces his retirement, to be celebrated by the bench and bar at Lincoln's Inn Hall on July 17—a distinction that only twice before has fallen to a member of the bar.

LABOR MEN BAR FIGHTING
WOMEN FROM PLATFORMS
 London, June 30—Many branches of the Independent Labor Party, and some of the trade unions have passed resolutions against allowing militant suffragettes to speak from Social or Labor platforms, while the executive committee of the National Union of Railwaymen has decided that women shall not be accepted as members of that organization. The decision against allowing militants to speak from labor platforms was dictated by a desire to please the constitutional suffragists, who are supporting labor candidates for the House of Commons, and to mark the members' disapproval of the action of the militants in interrupting labor meetings, despite the fact that the party supports the movement for votes for women. This "anti-suffragette" executive not only to accept women as members.

BURIED TODAY.
 The funeral of Miss Mary B. Smith was held this afternoon from her late residence, 292 Princess street, to the Methodist burying grounds. Services were conducted by Rev. W. H. Barracough, assisted by Rev. J. C. Berris. The funeral was attended by a large number.

ALMOST NEW SUMMER COTTAGE AT ONONETTE BY AUCTION
 I am instructed to sell by Public Auction at Chubb's Corner on Saturday morning, July 4th, at 12 o'clock noon, that splendid almost new summer cottage (known as Barlow Cottage), containing six large rooms, verandah on two sides, fine trout brook, large lot 225 x 350 feet more or less on C. R. main line 12 miles from city. For further particulars etc., apply to R. F. POTTS, Auctioneer, Office 96 Gormain St. 7-4.

WALL STREET NOTES.
 New York, June 30—U. S. Express transportation business at mid-night. Directors of United Dry Goods and Associated Merchants to meet at 10 o'clock. Floods in Southern China destroyed crops and rendered 2,000,000 homeless. Treasury department may again assist at moving crops. Interstate Commerce Commission to begin investigation of private wires tomorrow. London irregular. Securities are scarce. This statement is made without qualification by well-informed interests. They say it is due to the quiet but steady investment. No Mexican war, is the outlook taken now by important financial interests here and abroad. They say the policy pursued at the present time has assured a peaceful settlement. An active summer stock market is predicted in speculative quarters. This attitude is particularly positive on the part of western interests. They rely up on developments during the next two weeks to bring about such a condition. The copper business is not controlled by a trust, nor is it being conducted in violation of the Sherman law. This point is being made by enthusiastic bulls on the copper stocks. Railroad stocks are expected to lead in any broad improvement. Rate decision may not be announced for at least two weeks or possibly longer, says the American. Journal of Commerce makes cotton condition 78.4 Commercial prices it is. Lever cotton bill likely to become law this summer.

BIRTHS
 BOYD—In this city on the 20th inst. to the wife of Howard H. Boyd, a son.

BLAMED THE AUTO
 The coroner's jury in Moncton found that the death of Bliss Fowler, who was killed in a collision between an automobile and a street car, was due to gross negligence on the part of the driver of the automobile. It recommended that no vehicle be allowed to pass a standing street car, but passengers should enter at the rear of the car from one side only, and that no passengers be allowed to ride on the front platform.

MARRIAGES
 McARDLE-CALLAGHAN—In the Cathedral on June 30, 1914, by Rev. Wm. Duke, Robert James McArdle of Silver Falls to Catherine Elizabeth Callaghan, of Prince Edward Island.
 LOGAN-PARKER—At 83 Dorchester street, St. John, N. B., on June 30th by Rev. G. B. Trifton, Alexander E. Logan and Miss Mary Parker, both of Chesley street, this city.

STILL KILLING THEM.
 The seven dogs which were being held at the city stables by the pound keeper yesterday were augmented by the capture of another yesterday afternoon and seven more this morning. Two of the fifteen were put to death in the lethal chamber this morning. The others will be disposed of by sale on Thursday, if not claimed in the meantime.

POLICE COURT
 Some evidence was heard today in the case of William Foley, charged with breaking and entering Campbell's shoe factory on June 21.

EXCURSION POSTPONED
 The moonlight excursion which was to be held tonight under the auspices of the Canadian Brotherhood of Railroad Employees has been postponed until further notice.

GARDEN PARTY AT THE FERNS
 Garden party on July 1, under the auspices of the Apprentice Boys and Sons of England, will be given at the usual games and dancing; gate price \$5.00.

LOST—Gold watch chain with horse engraved, set with two stones. Finder, please leave at Times office.

BAND CONCERT TONIGHT.
 The concert by the 82nd Band last evening and which was postponed on account of the rain, will be given this evening if the weather continues fairly favorable.

A LIQUOR CASE.
 Stanley Brown was arrested this morning by Police Constable Linton on a warrant charging him with selling liquor illegally. The information was laid by Special Policeman O'Leary. He pleaded not guilty and was remanded.

A RECORD ATTENDANCE
 It is expected that more than 400 persons will attend the summer school of science in Charlottetown in July. P. Bursill of Nelson has awarded a scholarship for competition.

MANY PASSENGERS
 The arrival of the direct steamer of the Eastern Steamship Co. last morning from Boston was accompanied by increasing travel over the L. C. R. to eastern points. It also carried a large number of passengers, of whom 825 went east over the Intercolonial.

POWER BOAT CLUB PLANS
 The St. John Power Boat Club will have an outing at Baywater tomorrow instead of at the Willows as at first planned. It is expected that about fifty boats will be at the regatta.

FOR BUREAU CAMP
 Montreal Transcript.—Rev. W. B. Wiggins and Mrs. Wiggins left this morning for Bureau Camp, N. B., for the summer. They will be accompanied by the Rev. W. B. Wiggins, of the Reformed Baptist church, Mr. and Mrs. W. B. Wiggins will also attend the usual meetings. Several other people from Moncton expect to go on Tuesday.

NEW BANK BRANCH
 The Bank of Nova Scotia will open their second branch in the North End on Thursday. It will be under the management of James Power and will be located in the Harding building, at the corner of Main street and Paradise row.

BUSINESS COLLEGE SOLD
 The Moncton Business College, conducted by Misses Hanning and Johnson will, after the summer holidays, be conducted by F. G. Gorbett, to whom it has been sold. Mr. Gorbett has some six business colleges established on the west and three in the maritime provinces.

RIVER PLEASURES
 More than 100 young people attended the Saturday evening dance at the Landing on the Baywater river. Not only the summer people of the Landing but many people of the surrounding district were present, while others went in motor boats from Carter's Point and Belyes's Point.

A POLICE MATTER
 Harry Appleby, arrested by Police Constable Saunders on a charge of not mowing when told to do so at the corner of Union and Brunswick streets yesterday morning, pleaded not guilty. Saunders said Appleby was with two other men when he was talking at the corner. He asked them to mow on, and said two of them refused. Appleby said he was waiting to see a man about some work but denied that he refused to mow. He asked to have the two men who were with him summoned as witnesses. He was remanded.

POLICE COURT CASES
 A man arrested between ten and eleven o'clock last night pleaded guilty to drunkenness. He said he was on his way home and was just beginning to get his bearings when he was arrested. Asked by the magistrate where he got his liquor, he said he had been in several bar rooms had had not spent more than ten minutes in any one. He was remanded. Another pleaded guilty to being drunk on Union street and was given 18 or 20 days. Sergeant Caples who made the arrest was asked where the man got his liquor. He said he saw him turned out of several bar-rooms.

GARDEN PARTY AT THE FERNS
 Garden party on July 1, under the auspices of the Apprentice Boys and Sons of England Band, will be given at the usual games and dancing; gate price \$5.00.

Building Work; The Month's Permits

During the month ending twenty building permits were issued by Inspector J. G. Carleton. The total value of the work was \$50,000 as compared with \$40,725 for the corresponding period last year. The total value of the permits for the half year ending today was \$294,220 as compared with \$1,201,600 for the same period in 1913, the difference being caused by the fact that several permits for work of exceptional size, including the new grain elevator and other large structures were taken out last year. In addition to the building permits twenty-two permits were issued for minor repairs. Some of the new buildings will be as follows: H. J. Garson, \$5,000, wooden dwelling, Douglas avenue.

Ira D. Perry, \$7,500, wooden tenement 156 Queen street.
 H. C. Green, \$7,500, wooden stable, 156 Queen street.
 J. W. Mott, \$3,500, wooden dwelling, Metcalf street.
 Thomas Snyder, \$3,000, wooden dwelling, Hawthorne avenue.
 Arthur Likely, \$3,000, wooden warehouse, 284 Princess street.
 W. J. Alexander, \$3,000, wooden store and dwelling, Westmorland road.
 Martin Smith, \$2,700, brick dwelling 284 Princess street.
 Wesley Stephens, \$2,500, wooden dwelling Bridge street.
 Orange Lodge, 141, \$2,500, wooden hall, Simonds street.
 Robert Hayes, \$2,000, wooden dwelling, Westmorland road.
 William Vincent, \$2,000, wooden dwelling, Millam avenue.

PERSONALS

James Days and daughter, Miss Hazel, have gone to Boston and New York. It is hoped Miss Hazel's health will be markedly improved by the trip.

Friends of Thomas Rathburn of Rothsey will be pleased to learn that he is likely to expect to make a three weeks' vacation, the guest of her sister, Mrs. H. Plummer.

Friends of William Brennan will regret to learn that he is confined to his home through illness.

Chester Martin, Mrs. Martin and child have arrived from Winnipeg and will spend the summer with Mr. Martin's parents at Acamac.

Miss Madeline Outhouse, of this city, will be in the city for a few days on her way to a two weeks' vacation, the guest of her sister, Mrs. H. Plummer.

D. H. Brown will leave for Montreal tomorrow and will call there on Saturday on the S.S. Megantic for Europe.

Mrs. A. Heenan, of Fairville, accompanied by Miss Clara Wallace, returned from St. John in England last evening. The party stayed here until Sunday morning when they left for St. John.

Frederick Gleason—Mr. and Mrs. Harry Busch, Hubert Crocker and other party motored to Moncton on Friday from St. John in Mr. McAvity's car. The party stayed here until Sunday morning when they left for St. John.

Mr. and Mrs. H. Richardson, general manager of the Bank of Nova Scotia, Toronto, and family, have arrived in Moncton for the summer.

Mrs. McManus, of Moncton, has arrived in St. John to spend some time with her father, Mr. W. Sullivan.

OFF TO ENGLAND

Mr. Cross on Y. M. C. A. Mission—Thirty Years With Hall & Fairweather

W. C. Cross, general manager of Hall & Fairweather, will leave this evening for New York, where he will take passage on the White Star liner "Baltic" for England, as the sole Canadian representative from the Y. M. C. A. to the conference to be held in England next week. He will be away about seven weeks.

It is interesting to note that with the outbreak of the schoology, it is just thirty years since Mr. Cross entered the service of Hall & Fairweather, starting their services from Fredericton. He has remained with them during that period, until today he is general manager. He will be in London in the afternoon of the 1st of July, and will be in Coventry, which he left when but eight years of age, and which he has not since revisited.

Jeff Seems To Have Tough Luck in Getting an Unbreakable Skypiece .: By "Bud" Fisher

Liberals Gain Seven Seats In The Ontario Elections

New House Will Include 83 Conservatives, 25 Liberals and 3 Independents—Results Indicate Turn of Tide Towards Liberalism

Toronto, June 29.—The elections for the legislature held throughout the province today resulted in the return of the Whitney government to power with a comparatively slightly decreased majority. In the last house the opposition mustered eighteen. In the new house the straight Liberals will number twenty-five, with three independents—Labor, Temperance and Independent-Liberal. The composition of the new house will be as follows: Conservatives 83, Liberals 25, Labor 3, Temperance 1, Independent-Liberal 1. Total seats 113. Of the eleven men who ran on the straight temperance ticket only one survived, namely, Sam Carter in South Wellington. Tide is Turning. Ottawa, June 29.—The results of the Ontario elections have apparently brought cheer to both political camps in the capital. On the Liberal side, it is pointed out that Mr. Howell, who had only seventeen supporters at dissolution, comes back with nearly twice as many, in spite of the combined efforts of the federal and provincial Conservative machines, the opposition of the organized liquor interests and lavish expenditures from a huge campaign fund. The popular majority for the Whitney government has been cut down to a much greater extent than the proportion of Liberals elected would indicate, and the rising fortunes of Liberalism in Ontario, which touched low water mark in 1911, are very evident in the decreased Conservative majority. On the Conservative side there is evident relief that Mr. Rowell's gains were no greater. There has been a veritable panic among the Conservative leaders for the past few days lest the threatened revolt against reactionary Toryism, both in provincial and federal politics, should become general. The party machine has been at work night and day and never put up a more strenuous campaign. The general result in the province revivifies the belief among federal politicians here that the government will go to the country next October instead of waiting until next year when things will likely be worse instead of better for the Tory cause. It all depends now on the result in Manitoba. It is also generally believed here that as soon as Sir James Whitney is ready to lay down the reins in Queens Park he will be appointed to the senate and made a member of the Borden cabinet without portfolio. The biggest turnover in the whole province was in Ottawa where a Conservative majority of 2,102 at the last election was turned into a Liberal majority of 104 for C. H. Hurdman. In other words a Conservative majority of 2,277 for the whole city was converted into a Liberal majority of 989, despite the desperate efforts of the Conservative machine.

BODIES OF MURDERED ONES NOW ON WARSHIP

(Continued from page 1.) The funeral has been fixed for an earlier date than is usual in the case of such exalted personages, but the court officials are anxious to make a speedy end to the tragic event, and so permit the aged emperor to renew his interrupted and greatly needed summer holiday with the smallest delay possible. The Plot. According to opinions of high government officials, the plot which resulted in the assassination on Sunday of the emperor was a national propaganda which originated in Serbia. This propaganda took deep root in the population of the Serbian population of Bosnia. The Bosnian government was obliged to proceed with the utmost caution so as not to injure a group of loyal Serbians. Also there were certain considerations of foreign policy. The Bosnian authorities were carefully watching and restraining the fanaticism, apparently were unable to discover the conspiracy in time to prevent Sunday's crime. How deeply this Serbian danger really penetrates Bosnia is impossible to state, but many an expression here that it would be difficult to stem it now. Berlin, June 29.—It was officially announced last night that Emperor Wilhelm would go to Vienna to attend the funeral of Archduke Francis Ferdinand and the Duchess of Hohenberg. Vienna, June 30.—An anti-Serbian demonstration occurred yesterday in Agram, capital of Croatia. The windows of Serbian houses were broken and the offices of Serbian newspapers were wrecked by crowds of Croats who marched through the streets, shouting: "Down with the Serb murderers." Metkovitch Herzegovina, June 29.—The bodies of Archduke Francis Ferdinand and the Duchess of Hohenberg were brought here on a special train at six o'clock this morning from Sarajevo. The coffin was draped in black, while all lamps were covered with crepe and flags on all buildings flew at half staff. The coffins were removed from the cars by bluejackets and after a blessing and been given by a priest. The vessel was preceded down the river by a torpedo boat, and followed by the governor's yacht, on board of which were the members of the households of the archduke and duchess. Every village and hamlet along the river Narenta was draped in mourning. When the Dalmat reached the mouth of the river, it proceeded to the battleship Viribus Unitis, on which the bodies will be conveyed to Trieste. Orphans Hear of It. Vienna, June 30.—The news of the death of Archduke Francis Ferdinand and the Duchess of Hohenberg was broken to their children on Sunday evening. The orphans broke down and their surnames fainted. The Tagblatt says the late archduke's life was insured with Dutch companies for \$12,000,000, while that of his wife was insured for \$5,000,000.

Hair Falling?

Then stop it! Stop it now! You can do it with Ayer's Hair Vigor. Does not color the hair. Ask Your Doctor. J. C. Ayer & Co., Lowell, Mass.

To Put on Flesh and Increase Weight

Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folk eat very lightly and keep gaining all the time. It's all a matter of the nature of the individual. It isn't Nature's way at all. Thin folks stay thin because their powers of assimilation are defective. They just absorb enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare these fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power. For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, patented drug, but is a scientific combination of six of the most effective and powerful flesh-building elements known to chemistry. It is absolutely harmless, yet wonderfully effective and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by good druggists everywhere on a positive guarantee of weight increase or money back.

GRIM RECORD OF SUICIDE BY WOMEN OF GERMANY

Berlin, June 30.—The development of the woman's movement in Germany carries with it a remarkable increase in suicides by women. While the ratio of suicides of men remained constant during the twenty years ended with 1912, the number of women suicides increased from 8.8 to 10.6 per 100,000 of the woman population. While there are doubtless many causes for the increase, the chief cause is attributed to the fact that women have gone into workshop and factory, mercantile employments and professions, many more extensively than twenty years ago. They have shouldered larger responsibilities and have exposed themselves to greater economic and social dangers. That the cause is largely an economic one is evident from the great increase of woman suicides at Berlin where nearly forty-eight women take their own lives in every 100 men.

THE HOLIDAY

If the weather man is kindly disposed tomorrow should be an enjoyable holiday. Many people will go out of the city today to remain until Thursday in some suburban resort, or seeking the elusive trout. Every departing train and boat tomorrow will have its crowd of pleasure seekers. For those who cannot arrange to leave the city for the day, Seaside and Rockwood parks will furnish attractiveness, and special programmes are being arranged for the various theatres. There will also be baseball for the fans. The members of Thorne Lodge, I. O. G. T., will conduct a private excursion to Hampton, and the members of Dominion Lodge, I. O. G. T., another outing to Baywater. The Temple Band will conduct an excursion to Brown's Flats, and there will be many private outings. The big militia encampment at Sussex will doubtless attract many, and there will be added interest in the holding of a picnic on the church grounds there by Rev. Joseph McDermott's congregation. "Members Day" at the R. K. Y. C. quarters at Millville will entertain a large number with an attractive programme while the members of the St. John Power Boat Club will probably have every boat in their large fleet on the river.

Thought Nothing But Death Would End His Misery. WAS TROUBLED WITH Heart Disease.

Mrs. J. D. Talbot, Owen Sound, Ont., writes:—"I have been a great sufferer from heart disease, and leaking valves. I have had recourse to every kind of treatment I could think might help me, including the skill of several doctors. I suffered so for years that at times I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered untold pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am now completely cured, and can eat and sleep as I have not done for years. You are at liberty to use my name at any time as I am convinced they are the best pills on the market for any form of heart disease." Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

British Subjects Must Go

Mexico City, June 29.—In view of the existing conditions in Mexico Sir Lionel Carr, the British minister, today advised all British subjects temporarily to leave the country. He said that the shortage of fuel used in the operation of trains was becoming more acute daily and that the trains probably soon would stop running, which would make difficult the departure of persons in the interior. New Industries for Regina. Regina, June 30.—A broom factory with a capacity of 12,000 brooms a month, will in all probability be erected at Regina by the Western Broom Company. A brick plant with a capacity of 40,000 bricks a day, will be erected here within the near future, if the experiments being carried out by Doctor Andrews are successful. He says he has found a cheap method of converting Regina clay into the very best quality of brick.

MERRY THOUSANDS FREE OF SCHOOL CARES FOR 2 MONTHS

(Continued from page 1.) Victoria School. The following was the programme in the primary section of Victoria school: Chorus, O Canada, by the school; recitation, Tremaine Fudge, Grade III; exercise, sixteen girls of Grade I; recitation, Conrad Spangler, Grade IV; Spring Song, boys of Grade I; recitation, Francis Hart, Grade II; Washing Song, by Grade III; flag exercise, Bill Innes, Stuart Redding, Fenwick Armstrong and Francis Pitts, Grade III; recitation, Ronald Rolston, Grade IV; chorus, by the school; flag drill, nine boys of Grade II; exercise, girls of Grade II and III; exercise, eight girls of Grade IV; chorus, Canada, My Home, salutation of flag and national anthem. SPORT NEWS OF A DAY, HOME AND ABROAD

BASEBALL

Game Tomorrow. The Royals, leaders of the Fairville Baseball League, will play the Victorias, of the South End League, city, on the Freeman's Park, Fairville, tomorrow afternoon, game to start at three o'clock.

East End Benefit Game. The Commercial and Alerts will play a regular league match in the East End League grounds this evening and the collection will be given to the family of the young lad who was drowned in the Marsh creek. The Alerts will have a new pitcher in action.

East End League Standing. Glenwoods Won. Lost. P.C. Alerts 7 7 500 Commercial 4 8 400 National 2 8 272

In Suburban League. The Pandean and Baywater baseball teams will meet again at Baywater on Dominion Day, and a good game is expected. Pandean has already defeated Baywater twice, but they will have to play a hard game on Wednesday if they expect to win again, as Baywater have strengthened their team considerably.

Yesterday in the Majors. National League.

At New York (first game)—Brooklyn 8, New York 7. At New York (second game)—New York 8, Brooklyn 6.

At Chicago—Chicago 10, Cincinnati 7. At St. Louis—Pittsburg 4, St. Louis 1.

At Boston—Boston-Philadelphia, wet grounds.

National League. New York Won. Lost. P.C. Chicago 34 81 .293 Cincinnati 33 81 .285 Pittsburg 30 90 .250 St. Louis 33 84 .282 Philadelphia 27 92 .229 Brooklyn 27 92 .229 Boston 25 84 .232

American League. At Washington—Washington 1, New York 0. At Detroit—Chicago 3, Detroit 2. At Philadelphia (first game)—Boston 7, Philadelphia 1. At Philadelphia (second game)—Philadelphia 7, Boston 2.

American League. Philadelphia Won. Lost. P.C. Detroit 28 25 .528 St. Louis 36 31 .537 Washington 34 30 .531 Boston 34 32 .512 Chicago 34 32 .512 New York 22 38 .366 Cleveland 23 41 .359

International League. At Jersey City—Jersey City 6, Montreal 2. At Baltimore—Baltimore 5, Buffalo 0. At Newark—Rochester 16, Newark 1.

Federal League. At Baltimore—Brooklyn 11, Baltimore 2. Buffalo-Pittsburg, cold weather.

Feds After World's Championship. Chicago, June 29—Some team of the Federal League will claim the world's championship this fall. This announcement, in effect, emanated today from the office of James Gilmore, president of the league. He stated that the winner of the pennant in his organization would challenge the winner of the world's series between the National and American leagues.

The Averages. Baseball averages published in Chicago on Saturday show that C. Walker of St. Louis and Ty Cobb of Detroit still share large batting honors in the American League with an average of .349 apiece. In the first ten batters of the Johnson circuit there follow: V. J. Detroit, .328; Babe Ruth, Philadelphia,

229; Crawford, Detroit, 223; Jackson, Cleveland, 228; E. Walker, St. Louis, 321; Covelick, Detroit, 300; Shotten, St. Louis, 299; Lelivelt, Cleveland, 297; Philadelphia, with 239 and Detroit with 231 lead in club batting.

Major League. Philadelphia and Leonard of Boston rank as three leading pitchers in the American League. Hal has won four and lost one. Plunk seven and two, and Leonard nine and three.

Robertson of New York leads the batters of the National League with .405 in the first ten batters are C. Miller, St. Louis, .384; Hummel, Brooklyn, .382; Stecke, St. Louis, .367; Dalton, Brooklyn, .348; Elbert, Brooklyn, .348; Iverne, Philadelphia, .336; Grant, New York, .327; G. Buss, Duverne, Brooklyn, .318.

Manager Herzog continues to lead in stolen bases with 27. Club batting leadership is held by Philadelphia at .266 and New York is second with .261. Mathewson is the leader among the pitchers with eleven victories and three defeats, and it is noteworthy that in the 115 innings he has pitched he has issued only twelve passes.

Yetter of Brooklyn and Donk of St. Louis have won six and lost two each. In the International League, McAllister of Rochester is ahead in batting with .300 for ten games. With 274, Mattmore leads in club batting, and Toronto is next with 269. Pitchers who have pitched in ten or more games are led by Hughes of Rochester, with nine and three, and Russell of Baltimore, Keefe of Rochester, and Beebe of Buffalo, with eight and three each.

The figures show Charlie Carr, one-time manager of American Association teams, is leading the batteries of the Federal League since he joined the Indianapolis Club of that organization. Carr's average for sixteen games is .439. Next came Lavigne, Buffalo, .428; Knuff, Indianapolis, .409; Campbell, Indianapolis, .386; Evans, Brooklyn, .372; Brown, St. Louis, .370; Bradley, Pittsburg, .368; Choinard, Brooklyn, .357; Lennox, Pittsburg, .350; Easterly, Kansas City, .347.

Ford of Buffalo and Kaiserling of Indianapolis are among the top-notch pitchers, Ford having won nine and lost two, while the Hoosier pitcher has five victories and one defeat.

THE TURF. Dominion Day Races.

Wednesday next, Dominion Day, July 1, promises to be a big day with the race horse lovers at Moosepath track. The Park Matinee Driving Club have a card announced for the day which in-

CANADIAN GLEE SINGERS SCORE HIT IN ENGLAND

Enthusiastic Reception to Members of Victoria College Club of Toronto University in Bristol

(Times Special Correspondence) London, June 16—We are rarely without the presence of some Canadian delegates or organization receiving particular attention to Canadian activity in various fields of endeavor. Just as the Canadian Brotherhood Council and while in Bristol the members of the club are the guests of the Bristol branch of the National Brotherhood.

Appearing in their students' robes the glee-men gave a lengthy and varied program. Their performance demonstrated that they possess good and well trained voices, and have obtained a high measure of efficiency. Their unity, precision, tone-shading and clear enunciation and phrasing are considered remarkable indeed. They will give concerts at Cardiff, Newport, Barry, Aberllyn, London, Edinburgh, Glasgow, Birmingham and other places to be arranged, and will return on July 15 by the "Royal George."

Madame Clara Butt is most interested in the visit of the Toronto singers and is doing a great deal to make their London visit a big success. The famous contralto recently returned after her Canadian tour and speaks with pleasure of Canadian cordiality. Nevertheless she says she had the most literally "icy" reception in Ottawa that she has ever experienced.

"It was this way," she said humorously. "Our manager had taken the biggest hall available in Ottawa—a covered skating rink—and as we arrived late there was not time for our personal manager to arrange anything. The ice had only just been removed from the floor, which was carpeted with cinders. The temperature of the place was barely large enough to hold the grand piano and there were neither dressing nor retiring rooms. So we drove into the rink in our motor cars against the platform and sat in it between our songs, wrapped in furs, and all in full view of the audience. It is far more laughable to recall it but it was far more pleasant at the time."

Madame Butt revisited Canada in the autumn of next year and is looking forward to the tour. "One would be steel against gratitude," she says, "not to appreciate the warmth and sincerity of Canadian appreciation."

PUBLIC LAWYERS (The Canadian Courier) Surely there is a great lesson to be learned from Lord Mersey's method of conducting his investigation. As Canadians we must admit we are lacking in directness and thoroughness. Our law courts are still wound round and round with red tape. As times it would seem as if the courts existed to prevent justice rather than to dispense justice. Our judges and our lawyers still display the same characteristics. It is a class fault, not an individual fault.

Some day, Canada will adopt a system of public lawyers, hired by the state and paid by the state. These will be men who will, like Lord Mersey, brush aside technicalities instead of creating them. They will reduce the cost of legal procedure fifty per cent. Instead of taking one or two years to get a final decision in a big law suit, it will be delivered in a month or two.

A few days ago, the tribunal of Toronto decided to establish a tribunal of their own so as to settle all disputes between themselves cheaply and quickly. They find the Canadian civil courts wholly unsatisfactory. This must be the case as long as a lawyer is paid according to the amount of letters he writes, the length of the brief which he prepares, and the number of hours he appears in court.

They have come to public doctors in England, Canada must soon adopt a system of public doctors and public lawyers, so as to save both the nerves and the money of those who find it necessary to employ the services of these professions.

Denmark holds the first place among European countries with 107,188 telephones for 2,890,000 inhabitants—one for every twenty-four Danes.

ATHLETIC. Dominion Day Race

Much interest is being taken in a one mile road race which is to be held at Baywater on Dominion Day, under the auspices of the Wasagwitic Club. This is the second of a series of races to be held by this club, and is for club members only. A handsome cup has been donated by A. E. MacNutt, and has to be won twice before becoming the property of any of the members. The first race was run on June 8 and was won by R. A. Pattison. A large number have already signified their intention of entering, and the most of them have been training hard for the race.

Sweden Will Represent. Stockholm, June 30—Sweden expects to send the largest foreign delegation of spectators to the Olympic games at Berlin in 1916. The Swedish Olympic committee has bought a whole section of seats next to the winners of the tournament will seat 1,000 people and is next to the seats engaged for the United States.

Increased Interest. Berlin, June 30—The interest that German sporting circles are taking in the Olympic games to be held in Berlin in 1916 is reflected in a remarkable increase in the organizations of the tournament shows that 450 new clubs with a membership of 65,000 joined it in the course of the year. The general organization now consists of 11,000 clubs, having a total membership of 1,600,000.

The turners are trying to induce the military authorities to prescribe a certain minimum degree of physical development to entitle recruits to lighter military exercises. As a great part of the military drill, particularly in the first year, is designed merely to develop physical strength, the turners argue that much of this could be dispensed with in the case of the young men who have already made themselves strong through systematic exercise, and they believe that the exemptions asked for would give a great impetus to their organizations.

ROTHESAY AND WESTFIELD TELEPHONE SERVICE

New Five Cent Rate — Known as TWO NUMBER METHOD

Beginning July 1st, calls can be given by either of two methods, namely: Two Number—Where a subscriber is willing to talk to any person at the telephone called. Long Distance—Where a particular person is wanted. Two Number Method. The subscriber calls the operator in the usual manner. The operator will answer, saying "Number." The subscriber will then give the operator the desired number, followed by his own number, as "Rothsay, 20," "this is Main 3014-21." The calling subscriber will hold the receiver to his ear until connected with the called telephone, or is advised "Line Busy" or "They Don't Answer." If the called telephone answers it constitutes a message. A particular person will not be procured. The Initial Rate for this Service will be 5 cents for three minutes and 1 cent for each additional minute. Messages Cannot be Reversed, but must be charged to the Telephone from which they originate. Important. As the operator cannot tell the telephone number of the person calling, it is necessary that the subscriber, on either a special or party line, should give his own number as well as the number desired. A call from a subscriber in St. John at Main 3914, wishing to get Rothsay, 28, should be given as follows:—"Rothsay, 28, this is Main 3914." Long Distance Method. If a particular person is desired the call should be placed with the Long Distance Operator in the regular way. The initial rate for this service will be 10c. for three minutes and 3c. for each additional minute.

The N. B. Telephone Company Limited F. J. NISBET, Exchange Manager.

Do Away With Chain Gang; Treat Captured Dogs Better

One of two letters to the Times protests very vigorously against the chain-gang and declares that the system is an open disgrace. The writer of the letter says he has been around the globe twice and knows of only two other places where they use the ball and chain. One was on the Mississippi bottoms, where they used the stockade for colored people, and another a notorious prison in the Archipelago.

Another correspondent protests against having five or six dogs confined together in a dark box stall. He says they have committed no crime to warrant them being placed in a dungeon for a few days and then killed. He suggests that whoever proposed such a place for dogs should take a trip to Boston and visit the Animal Rescue Home, which he refuses to name. King Square in looks and comfort as far as dogs are concerned.

ONCE ENOUGH FOR HIM

How a Trip to Millidgeville Impressed a Visitor

Scimus MacManus has written a book on The Road to Donagel. A book might also be written on the road to Millidgeville, but it would not be fit to print. A citizen told an American visitor early Sunday afternoon that he should see the view from the tower of the club house at Millidgeville. The visitor was going out on the Montreal train. There would be ample time to go by car and motor-bus and return before the train departed. The citizen had not seen Millidgeville himself for a few years, but he told of the excellent service and induced the visitor to join him. There was no motor-car in sight, but one soon appeared and was quickly crowded. The visitor observed that he had seen better accommodation provided, and might have said more but for the fact that his thoughts were soon diverted by the nature of the road and the quality of the dust. The one absorbed him and he absorbed the other.

Some attempt had been made to improve a portion of the road, with the result that it is worse than before. Here and there the ribs of the earth exposed themselves in the middle of the road with quite a scandalous disregard for the proprietors. The rocks, ruts, crushed stones, gravel, and other striking features of the roadway impressed themselves so strongly upon the visitor that he expressed regret that he had not worn rubber boots on his pants. However, the sun was shining at Millidgeville, and the view from the club house, with a row in a club boat to Indian Island, and an inspection of the remarkable rock formation on the shore, restored the visitor's cheerfulness. The visitor was well pleased, and said so as the pair went out to sign the name-book for a return to the city.

Even Millidgeville scenery, however, will eventually lose its interest for a gentleman who must catch a train. The ten or more people in the bus walked long and longer, but it did not start. It wobbled till another bus arrived from the city, and even then the passengers had to alight and climb into the other bus, which they crowded beyond the limit of comfort. After some further delay they started, and once more the road rose up to entertain them on their way.

The visitor caught his train, and he said privately that if he were a citizen of St. John he would not coax strangers to go to Millidgeville until an airplane service had been provided, or the road properly advertised as the worst on earth. His views are given for what they may be worth. He has seen some bad roads.

The Royal Kennebecasis Yacht Club have arranged for a good holiday service on the Millidgeville route tomorrow, when hundreds of people will go out to enjoy the pleasures of the annual Members' Day.

In Holiday Attire

The HAT forms the natural finish. For Dominion Day we offer cool, comfortable PANAMAS, STRAWS and LIGHT FELT SWAGGER types in all the favorite models for the summer season.

SAID TO HAVE MADE \$60,000 IN CALGARY OIL STOCK HOLDINGS

That is Report About Fredericton Girl—Thos. Holmes to go to Dorchester

(Special to Times). Fredericton, June 30—It is reported here that Miss Regina Neville, formerly of this city, but now in the west, has made \$60,000 in Calgary oil stocks.

Thomas Holmes, a colored man, who pleaded guilty to criminal assault, was this morning sentenced by Chief Justice Newcomb to three years in Dorchester penitentiary.

The city schools closed at noon today for the summer vacation. Rev. A. F. Newton spoke at 11 o'clock. The graduating class in the Opera House.

THROWN FROM CARRIAGE; DRAGGED ALONG ROAD

Mrs. Sullivan of Marsh Road Severely Injured While Driving

As a result of an accident when their horse took fright at a well boring machine which was proceeding along the road under its own power, Mrs. Sullivan, of 183 Marsh road, is confined to her house suffering from severe bruises and a bad shaking up. Mrs. Sullivan, who was just receiving from a serious illness, was enjoying a drive accompanied by her son when the accident occurred near Brookville station. The noise made by the gasoline motor of the well apparatus alarmed the horse when they were passing it. The carriage was upset, the occupants thrown out and Mrs. Sullivan dragged for some distance.

When she was picked up her condition seemed to be serious and it was feared that her spine was injured. She was carried in to the residence of J. W. V. Lawlor where everything possible was done to make her comfortable until she recovered sufficiently to allow of her removal to her own home.

COOK HANGED

Murderer of Syrian Pedlar Confessed the Crime

(Special to Times). Halifax, N. S., June 30—Edward Cook was hanged a little after four o'clock this morning for the murder of Charles Asaf, a Syrian pedlar. On last Friday he confessed to the murder in a sworn statement which was published today. It tells how he committed the deed, unassisted, and without the knowledge of any other person.

From China he went to Mexico to attempt the very rich silver-mines of El Oro. There he had for the greater part of the last year, at an altitude of nearly 10,000 feet above sea level. Here mining operations were brought to a halt by the outbreak of the civil war in Mexico and he was obliged to leave the country and went to El Oro, getting into the country by automobile and after looking after the interests of the company's property, he returned safely after being closely in touch with the Mexican authorities.

Since he was obliged to leave Mexico, Mr. Raymond has been examining mines in Chili and the Argentine Republic and is now taking a well earned vacation. Mr. Raymond will be remembered by many friends throughout the province. When he was a student at the U. B. among others who attended were Mr. Justice Grimmer and Ven. Archdeacon Majorie Byrd, Harry W. Penneck, Bob Rudd, Reg. V. Hickson, Mrs. John J. Carroll, Miss Mac Heenan Julia Carroll, Miss Marjorie Chapman Ned Graydon, Alex. Bain Mr. James Baskom, Hugh J. McManogue Ching-n-Ling, Chas. W. Uplham Under the direction of H. D. Warren pleasing musical numbers were given, while there were vocal selections by H. W. Black, R. V. Hickson and H. W. Wallace. The presentation of "The Colonel's Maid" was under the direction of J. D. McCormack, and he has been highly complimented upon the success attained, in which all the members share.

HALIFAX DEMANDS WERE TOO GREAT

During the last week the baseball situation has been the same as in the outlook appeared a week or two ago. In Moncton many difficulties have arisen whereby it was found advisable to let the importation go, as not enough baseball was being played to warrant the management in holding players there at high figures.

In Halifax the management has changed hands and the game is now being looked after by Gordon Innes, formerly a well known pitcher. It was the intention of the club to bring the game here for two games on July 1, but a telegram received by the manager of the St. John's today ended the affair, as the Halifax management asked an outrageous sum. This is certainly a very poor way to try to build up the game.

CASSANDRA TAKES MANY TO GLASGOW; REST LAND AT LONDONDERRY, IRELAND

Glasgow, June 30—Donaldson liner Cassandra arrived here today with 695 passengers of the Anchor Line steamer California. The remainder of the California's passengers were landed at Londonderry. The report that during their transfer from the wrecked vessel a Glasgow man named Hood was injured. Reports received from officers of the California do not mention anything about the killing of a man, a woman and a child, as reported in the London Daily Chronicle.

LOCAL NEWS

MACKINNON-CAMERON. At the home of Mr. and Mrs. John Cameron, Chatham, N. B., Wednesday evening, their daughter, Miss Roberta Allan was united in marriage to A. Burnett MacKinnon, son of Mr. and Mrs. Alexander MacKinnon of Chatham.

DEATH OF FATHER BOURQUE. Rev. Andrew T. Bourque, C. S. C., died at Memramcook on Sunday evening after an illness of about six months. He was born at Beaumont, Westmorland, on July 27, 1854. Something more than thirty years ago he was ordained a priest of the Catholic Church. He was a graduate of St. Joseph's University and for many years had been a professor of music in that institution, filling this position until the time of his final illness.

MONCTON DELEGATES HERE. The Moncton delegates to the New Brunswick Federation of Labor, which will meet in Fredericton tomorrow are in St. John today. They are P. D. Ayer and Charles Cameron from the Trades and Labor Council; F. C. Wilson and D. A. Biggar, from the Carpenters; Gordon Wallace, from the Blacksmiths, and David Cochrane and Michael Hourihan, from the Bootmakers. Mr. Hourihan is a former St. John man and has been heartily greeted. W. Fletcher of the Carpenters will join them here and all will go to Fredericton tonight.

A SON OF THIS PROVINCE WHO HAS WON FAME

Robert M. Raymond, Much Traveled, Home on a Visit

EXPERT MINING ENGINEER

Has Been in Places Where No White Man Was Before Him—China, South Africa and Mexico Among His Fields—Cousin of Rev. Dr. Raymond

Robert M. Raymond, a former resident of New Brunswick, now one of the most prominent mining engineers in the United States, is visiting relatives and friends at his former home in Kings County. He arrived in the city on Saturday accompanied by his wife, and after spending a few hours with his cousin, Ven. Archdeacon Majorie Byrd, he went in the afternoon to visit his brothers George and John Raymond and his sister Miss Helen Raymond, all at Central Norton. He will also visit his sister, Mrs. Edwin Peters, at "Elmhurst," Kingston, N. B.

Among the young men who have won distinction, few have had a more eventful career. He stands today in the very front rank of mining engineers. When a boy he was a pupil of the late Dr. G. U. Hay, who like himself, was born in Central Norton. He afterwards attended the Kings county grammar school in Hampton and in 1876 graduated in arts from the U. N. B., taking honors in Greek and Latin. Later he took a course in mining engineering at Columbia University, New York.

His first practical work was with Professor Bartlett in a Maine state assay office. A few years later he was made assistant manager of the Haldimand gold mine in South Carolina. He went from there to Great Falls, Montana, where he entered the employ of a large mining and exploration company of London, England. It was in Montana that he laid the foundation of his reputation.

His next position was as superintendent of a gold mine in Arizona, where he remained for ten years. His next move was to Johannesburg, South Africa. The outbreak of the Boer war in 1899 prevented mining operations in that country and at the request of the exploration company, Mr. Raymond proceeded to investigate silver mines in China under military escort. He penetrated the most remote and wild regions of that place where no white man had ever been.

From China he went to Mexico to attempt the very rich silver-mines of El Oro. There he had for the greater part of the last year, at an altitude of nearly 10,000 feet above sea level. Here mining operations were brought to a halt by the outbreak of the civil war in Mexico and he was obliged to leave the country and went to El Oro, getting into the country by automobile and after looking after the interests of the company's property, he returned safely after being closely in touch with the Mexican authorities.

Since he was obliged to leave Mexico, Mr. Raymond has been examining mines in Chili and the Argentine Republic and is now taking a well earned vacation. Mr. Raymond will be remembered by many friends throughout the province. When he was a student at the U. B. among others who attended were Mr. Justice Grimmer and Ven. Archdeacon Majorie Byrd, Harry W. Penneck, Bob Rudd, Reg. V. Hickson, Mrs. John J. Carroll, Miss Mac Heenan Julia Carroll, Miss Marjorie Chapman Ned Graydon, Alex. Bain Mr. James Baskom, Hugh J. McManogue Ching-n-Ling, Chas. W. Uplham Under the direction of H. D. Warren pleasing musical numbers were given, while there were vocal selections by H. W. Black, R. V. Hickson and H. W. Wallace. The presentation of "The Colonel's Maid" was under the direction of J. D. McCormack, and he has been highly complimented upon the success attained, in which all the members share.

PLEASING ENTERTAINMENT IN SUSSEX OPERA HOUSE

In the Opera House at Sussex last evening a large audience assembled at the presentation of an attractive three act comedy, "The Colonel's Maid," by the members of the Amateur Electrical Club of that town. The production was most successful, and gave pleasure to all present. Each of those taking part was well received and showed cleverness in his or her respective role. The piece abounded in laughter and with orchestral numbers and other features afforded delight to the large gathering. The cast of characters was—Colonel Robert Rudd, Jack A. Dawson Colonel Richard Byrd, Harry W. Penneck Majorie Byrd, Miss Jean B. Penneck Bob Rudd, Reg. V. Hickson, Mrs. John J. Carroll, Miss Mac Heenan Julia Carroll, Miss Marjorie Chapman Ned Graydon, Alex. Bain Mr. James Baskom, Hugh J. McManogue Ching-n-Ling, Chas. W. Uplham Under the direction of H. D. Warren pleasing musical numbers were given, while there were vocal selections by H. W. Black, R. V. Hickson and H. W. Wallace. The presentation of "The Colonel's Maid" was under the direction of J. D. McCormack, and he has been highly complimented upon the success attained, in which all the members share.

HOLIDAY GOLF

The St. John Golf Club is not to have the pleasure of its annual game with Woodstock tomorrow, as Woodstock is playing at St. Stephen. Therefore the local golfers will merely have their usual private matches tomorrow, Dominion Day.

CONGREGATIONAL UNION.

The St. John people to attend the annual meeting of the Congregational Union of Nova Scotia and New Brunswick at Beach Meadow, N. S., include Rev. Ralph J. Haughton, Mr. and Mrs. J. W. Flewelling, Miss Janet Holmes, Mrs. R. A. Johnson, Mr. and Mrs. C. H. Macnichel. The meeting will continue from July 1 to 6. Mr. Macnichel is treasurer and Mr. Flewelling state secretary.

Macaulay Bros. & Co. King Street, St. John, N. B. Our Stores Open 8 a.m., Close 6 p.m. Fridays 10 p.m. Saturdays 1 p.m.

Have You Seen The Very Latest In MATRESSES?

THE "DIXIE NO TUFT"

Stands pre-eminent as the acme of comfort and cleanliness. It has all the good points of the ordinary felt mattress, but has distinctive qualities which place it head and shoulders above anything else on the market.

The above cut illustrates its construction, and a glance at it will convince you of the truth of our statement. It is made up of ten compartments, and each compartment is practically a distinct and perfect miniature mattress. The absence of tufts does away with the hard spots which tufting inevitably produces, and with the depressions at every tuft which are gathering places for dust, dirt and germs. Our space is too limited to describe in detail why the Dixie has twenty-five per cent. more elasticity than the tufted type, why it presents a better appearance at first, and why it keeps that appearance after other mattresses have spread and sagged out of shape.

But if you will write or phone us for circular which fully describes all these points, or, better still, call and let us show you samples, we tell sure that your next mattress-purchase, and all future ones, will bear the "Dixie" trade mark.
