Notes and Suggestions of Practical Utility

FREDERICTON, N. B., SATURDAY, AUGUST 15, 1891.

Lime is an insecticide Tar the sheep's noses. Keep your cistern clear Fertile land is never idle. Get your fruit ladder ready

Put lime where sorrel grows Browse is not fat-producing Use common sense in feeding. Red blood is warmer than blue Be careful in using insecticides. The best always find ready sale. A good planner saves hard work.

A fast is often better than a feast The featility of a bare soil burns up. Use lime liberally around fruit trees. Remember plaster is good for clover. The world grows, it is not reformed. A little fasting often cures many ills. There is nothing gained by overwork. Don't allow weeds to sow their seeds. Keep up your pure-bred Merino flocks, Frequently give your pigs a clean nest.

The more runners, the less strawberries. Save everything that will make manure. If you irrigate at all, irrigate thoroughly Pigs like windfall apples, worms and all. Be merciful to your team in hot weather. Sudden changes of food often produce colic Give the stomach a chance to do its work

The man is fore cutting Plaster and salt

The fruit fro Don't allow the have to load for

If you think the kitchen is a hot place, be much as the fowls will eat at a meal. Because the hens are allowed to roost outside on trees and other places, it does not protect them against lice. We recently inspected the trees and woodpiles of a farmer who called on us because his hens were dying of chulengaback newly seeded clover makes it stool and thicken.

Because the hens are allowed to roost outside on trees and other places, it does not protect them against lice. We recently inspected while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and while in the vehicle he should take the patient should ride out and stool and thicken.

Lime A Valuable Ald. poultry house.

Lime A Valuable Atd.

While it will injure the value of the manure, lime will be found the best and cheapest preventive of lice and disease. A barrel of air-slaked lime that is in a fine condition, kept conveniently near the poultry house or in one corner of it, will, if freely doubt over the floor, roosts, yards, nests, walls, etc., prevent lice, and as lime will denterprise, but the formal properties of the stroy the germs of roup, and also absorb dampness, it will render the fowls less liable to those aliments which prevent them from being profitable. Only a few minutes daily will be required in sprinkling the lime over correct.

Was intoxicated he did not heed this. He stabbed Frank Hyde, and when a cowboy named McCord attempted to reason with him he shot him. No one else was armed and the people were horror stricken. A pretty girl alighted from the 4 p. m. express at Smith's Falls last Friday and looked around in a bewildered fashion for friend who had promised to meet her, a well-dressed young man strolled up, lift-del lish at and said, 'Good morning miss.' Terror then reigned supreme; but Roach saliments which prevent them from being profitable. Only a few minutes daily will be required in sprinkling the lime over lorder.

Lord Penrhyn, the noted owner of race-horses, has just had a novel experience.

being profitable. Only a few minutes daily will be required in sprinkling the lime over the house, and the amount of work that it will save in fighting lice and curing diseases, or preventing them, will be of greater benefit than whatever value the droppings may posses if no lime were used. We commend this simple, cheap and valuable assistant to all who desire to avoid the disagreeable portion of poultry\_keeping.

Lord Penrhyn, the noted owner of race-horses, has just had a novel experience at the West Riding Races, which are held in the cid-fashioned town of Pontsfract. His lordship on arriving at the railway station found a scarcity of cabs, and consequently had to look out for some other who desire to avoid the disagreeable portion of poultry\_keeping.

time to time in the newspapers is exceedingly reprehensible and nauseaus, and it is to be hoped that there will be good sense enough in the appointing power to take no heed of such species of beggary, or rather snobbery.

But after all is it not high time that Sir Leonard Tilley's successor were appointed, unless Sir Leonard is to be his own successor, to which we do not object, and serve for another term? The office became vacant last October, (if we remember correctly,) nearly a year since! Why is it kept unfilled for another five year's term, and thus keep aspirants upon the tenter-hooks of expectation, to result in great disappointment to those who really believe that they are already in possession, because their names have been with out as served as power and the session, and that the members could earn much more by staying at heaven and strangle to say that the pean with out as served as power and the session, and that the members could earn much more by staying at heaven and strangle to say that the pean with out as selected and no containing about Imperial Federation or rather fad-eration, becomes "Who did that?" inquired his Majesty in a passionate tone.

"Who did that?" inquired his Majesty in a passionate tone.

"Idid," said the youth; "that cue is always awry; I put it straight down the middle."

"Why, you scamp, couldn't you do it without pulling so hard?" And there the matter ended.

Eaplat Transit in the Bewels of the Earlish.

The Greathead system of tunnelling places the tunnel so far below the surface of the streets and houses that the land coccupied by it is of no value practically, and but of nominal value theoretically. There is no warehouse in any large city the cellars or foundations of which go 60 feet below the surface of the street.

The very depth at which the work procession and stringth and surface and premises mentioned and described in a didenture of mortgage bearing date, the wind and the pount in the payment, the second of the first passionate tone.

What English Society is like.'

Alison found every moment of her time occupied until the evening of the ball came. To do all honors to her kind hostess, she made a magnificent toilet, one of it is due Alison Trente.'

She soon grew to like her English one after the fervid heat of Italy, its burning skies and scorching sun; the cool shade, the gray mists, the cool winds

what English Society is like.'

Alison found every moment of her time occupied until the evening of the ball came. To do all honors to her kind hostess, she made a magnificent toilet, one that suited her dark, regal loveliness. She wore a superb dress of black velvet, trimmed with point lace; not, perhaps, a very suitable dress for a ball, but Alison home after the fervid heat of Italy, its hundring skies and scorching sun; the cool shade, the gray mists, the cool winds

What English Society is like.'

Alison found every moment of her time occupied until the evening of the ball came. To do all honors to her kind hostess, she made a magnificent toilet, one that suited her dark, regal loveliness, she made a magnificent toilet, one that suited her dark, regal loveliness, she made a magnificent toilet, one that suited her dark, regal loveliness, she made a magnificent toilet, one that suited her dark, regal loveliness, she made a magnificent toilet, one that suited her dark, regal loveliness, she made a magnificent toilet, what a passion of grief, of love, and of my hat a passion of grief, of love, and of my hat a passion of grief, of love, and of my hat a passion of grief, of love, and of my hat a passion of grief, of love, and of my hat a passion of grief, of love, and of my hat a passion of grief, of love, and of my hat a passion of grief, of love, and of my hat a passion of grief, of love, and of my hat a passion of grief, of love, and of the man hat a passion of grief, of love, and of the man hat a passion of grief, of love, and of the man hat a passion of grief, of love, and of the man hat a passion of grief, of love, and of the man hat a pass

seeing in London, and I predict that your first appearance will make a perfect sensation; we have not many among us like you.'

So Alison Trente, by one of those strange turns in the wheel of fortune which seem almost magical, found herself the most honored guest in the princely massion of Sir Wilton Herlan.

As Lady Laura had predicted, her appearance created a decided sensation. As Lady Laura had predicted, her appearance created a decided sensation. People raved about her beauty; her genius took the world by storm. Every contact the sensation of the stand where the said was sold the world by storm. Every contact the sensation of the stand where the substitute of the stand where the said was sold to the world where the said the said. She was English, madame—an contact that your first appearance will make a perfect sensation; who have not many among us like you.'

What else would you think me?' she said, 'have compassion on us. My wife is always longing for Italian society. Will you visit her at times?

Twill with pleasure, she replied. Thank you. I shall always remember your goodness. Lady Cardyne's birth-nesses among people are common enough.'

'You do not yet a very inviting picture of England,' she said.

'You will, I am sure, Madame Ferrari,' what else would you think me?' she said, 'have compassion on us. My wife is always longing for Italian society. Will you wist her at times?

I will you visit her at time

beauties of the season were well known you would but come, the place would "Is she an artist?" asked Alison.

-this was some one quite fresh, quite seem warmer and brighter." 'I will think of it,' replied Alison.

And Lady Cardyne turned to a group room.

with keenest delight. magnificent group of camellias, which should be stood one night on the summit of formed a background; indeed, it was their bost down, Arthur, said Lady Carful.

People raved about her beauty; her genius took the world by storm. Every one knew her by repute, but few had expected to find her so beautiful or so graceful. She made a sensation; the genius took the world by storm. Every one knew her by repute, but few had expected to find her so beautiful or so graceful. She made a sensation; the genius took the world like hers, he was English, madame—an early love of mine; and, strange to say, she had a great desire to see the house of the man who had not thought her even worthy to enter it. With all her good-

Sir Wilton gave a dinner party, to which he invited the leading artists of the day, who were all charmed and delighted with their beautiful comrade. I wonder if you will think so? Arthur, I want to speak to you.'

Twill think of it, replace Alison.

'Dead!' repeated Alison, with a shudder. 'What a very unpleasant word to say on such a brilliant evening. It always seems to me out of place to mention the word death or dead in a ball-to the word dead the word death or dead in a ball-to the word d tion the word death or dead in a ball- 'I hope she has many,' replied Alison

takes. Such a soul as hers could only be enshrined in a beautiful body.

And Lady Laura Herlan found that she was right. She was charmed with Asalita, who in her turn liked the beautiful, frank-hearted, charming woman.

Thave never known a genius before; add Cardyne; this is your first visit. To you know I felt quite indignant when I read that, for your health's sake, the doctors advised you to leave Italy following, Lady Laura, drove over to Richmond to try to persuade her to spend a week with her in her beautiful town house, Alison was perfectly willing, and they returned together. It was then the beginning of May.

You will be just in time, 'said Lady Laura, drove one who is worth.

You will be just in time,' said Lady Laura, drove one who is worth.

You will be just in time,' said Lady Laura, drove one who is worth.

You will be just in time,' said Lady Laura, drove one who is worth.

You will be just in time,' said Lady Laura, drove one who is worth.

You will be just in time,' said Lady Laura, drove one who is worth.

You will be just in time,' said Lady Laura, drove one who is worth.

You will be just in time,' said Lady Laura, drove one who is worth.

You will be just in time,' said Lady Laura, drove one who is worth.

You are, of course, Italian by birth, and the feldes.

Alison looked up inquiringly.

You will be just in time,' said Lady Laura, drove over to gend a week with her in her beautiful town house, Alison was perfectly willing, and they returned together. It was then the beginning of May.

You will be just in time,' said Lady Laura, drove over to gend and the fields.

Alison looked up inquiringly.

You will be just in time,' said Lady Laura, drove over to gend a week with her in her beautiful town house, Alison was perfectly willing, and they returned together. It was then the was deaded. The pound in the leading Shapes and Malison, the leady Cardyne, Transplanted flow-recomile herself to England.

Yei la week of Italy. She cannot reconcile herself to England.

Yei is very happy ones. It was

beginning of May.

'You will be just in time,' said Lady
Laura, 'to see every one who is worth
seeing in London, and I predict that your
first appearance will make a perfect sensation; we have not many among us the

at once as to Hargrave Park.'

Alison looked up inquiringly.

'You are, of course, Italian by birth,
Had forgotten; you do not know where
Hargrave Park is.'

'No.' said Alison 'I'do not.'

She looked at him quite calmly.

'You are, of course, Italian by birth,
Hadame Ferrari?'

She looked at him quite calmly.

'You will I do not.'

'You will I was something dejected about it, he looked like a man who had never found "The Bouquet Paris" and "Bouquet Paris" and "Bouquet Paris" and "Bougival.'

'You are, of course, Italian by birth,
Hadame Ferrari?'

She looked at him quite calmly.

'You will I was something dejected about it, he looked like a man who had never found rest. She could have pitied him, but for her intense conviction that whatever he suffered it served him right.

Fredericton, N. B., April 11th.

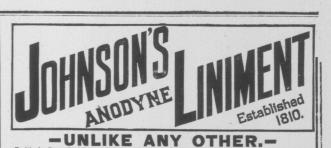

'No,' he replied, slowly; 'she is dead; immense satisfaction in hearing him solicit her friendship for his wife, as the

Her praise was spread from one to are other. The Lady Laura was besieged with requests for an introduction to her honors very meekly; the brilliant and gay life charmed her, captivated her, but it did not overshelm her.

"It is out only resource,' she said,' so may be seed to over a solution."

"It would be the best plan, certainly," her replied, and the ball was agreed upon.

Lady Laura told her beautiful visitor about her.

"It would be the best plan, certainly," her replied, and the ball was agreed upon.

Lady Laura told her beautiful visitor about her.

"It would be the best plan, certainly," her replied, and the ball was agreed upon.

Lady Laura told her beautiful visitor about her.

"It is our only resource,' she said,' so many people desire to know you. The large term ber one."

"It is our only resource,' she said,' so many people desire to know you. The large, thought one way?' She longed to cry out, to say,' I will not be any people desire to know you. The many people desire to know you. The large term ber one."

"It is our only resource,' she said,' so where the said to invitations will comprise most of light between the said,' so where the said of the part of the said of the part of the said of the part of the said and so and into distinct by his presence; but a sense of the said and so and its distinct by his presence; but a sense of the said and served dead of the part of the said Alisson. The content will have a fair opportunity of seeing the said of the part of the said and served the said and served dead to the said as a first, \$10,00 as a clint of the word dead in a ball-room. The beat of the three is an arread to solute of the said and served and said as a first, \$10,00 as a third of the said and served dead to the said and served
