# ANNOUNCEMENT

Beginning with the issue of November 6th, when the ADVANCE will enter upon its

# Seventeenth Year of Publication!

I propose to make important changes in the terms on which the paper will be furnished to Subscribers. These include

1st. Strict adherence to the system of cash in advance for all subscriptions. 2nd. The reduction of the price

# of the paper to One Dollar a Year!

It is to be particularly understood that all outstanding subscription accounts due after November 6th, 1890, are to be settled on the old terms, viz., \$2 per year, the advertised credit rate.

In order, however, to afford patrons in arrears opportunity to square off their indebtedness before the 6th November, and to save them the trouble which non-settlement on or before that date will involve, as well as to avoid the unpleasant duty of forcing collection of accounts overdue, I will accept payment at the rate of one dollar per year on all overdue subscriptions, provided such payment is made on or before the date named, viz., November 6th, 1890.

The paper will not be sent after November 6th to any save subscribers who pay in advance therefor. The subscription accounts remaining overdue on November 6th will be forthwith made up at the old credit rate of \$2 a year and placed

I have made special arrangements with the

WEEKLY TELEGRAPH OF ST. JOHN The Success OIL STOVE FAMILY HERALD AND WEEKLY STAR

### of Montreal by which I will furnish either of those papers and the "ADVANCE"

TOGETHER AT One Dollar and Sixty Cents a Year!

The Subscriber has removed his works to the premises known as Golden Ball corner, Chatham, where he is prepared to execute orders for two reasons. The first is because many patrons who have been given credit, have abused the privilege to such an extent as to make the business of publishing the paper a non-paying one, and it is necessary, in my own interest and that of those who do pay, that I should no longer continue to furnish the AD JANCE to those non-paying subscribers, arally also, COUNTER and TABLE TOIS for nothing. The second reason is, that I wish to meet the compe tition of other miscelaneous marble and FINE STONE of the city weeklies, which are made up from the type of the dailies EDWARD BARRY. and, therefore, cost little for production in comparison with a local paper like the ADVANCE, the type of which must be set up especially for it.

Having published the ADVANCE for sixteen years, and endeavored to make it a creditable representative of Miramichi and North Shore enterprise—a paper which may be taken into any household without fear that it has catered to sensationalism at the sacrifice of that clean-liness of matter, which is too often neglected by the press of the day—I have reason to hope the foregoing announcement will meet with general approval and be the means of largely increasing the circulation and influence of the paper.
