#### COMMUNICATIONS.

##### FOR THE CHRONICLE.

Mr. RYAN.—On taking a retrospective glance at the movements and measures of our Executive, I do not feel at all satisfied, nemmucum, as to my mind, or to his, whether, that every man and his price, or in other words, only use the power and patronage of the Government in a certain measure, and however disastrous the measures of that Government may prove to the best interests of this country, still by giving offices of emoluments of honor to those opposed in the House of Assembly, they escape the punishment so richly deserved. My attention (and I doubt not many others') has been diverted to this particular subject, in consequence of the appointment of Mr. Boyd, of Charlotte county, and Mr. Cutler of Kent, and of course those gentlemen will be expected to vote against the Government in the House of Assembly, if I can, cannot think that Mr. Boyd or Mr. Cutler are thus easily and cheaply to be bought. I would gain their credit for a higher sense of duty, as well as interest, and shall with confidence anticipate their independent action in the Legislature at the coming session. With regard to one of our members, (Mr. Ryan) rumour says, that he will oppose the Government and bring it down; if so I hope it will not be from any disappointment in his party. His tactics will be well watched. But Mr. Editor, is not an important matter when we find the Government of New Brunswick, in the hands of men who have given up the cause of the people. Will not every New Brunswicker look upon such a proceeding as disgraceful and shameful, with all that it implies?
