Tweeddale, Burgess, La-billois and Bentley Also Numbered Among Notable Slain--Dr. O. B. Price Captures Moncton City

HON. J. K. FLEMING.

The Hero of Yesterday's Battle. By a demonstration unprecedented in the political history of the province, the people of New Brunswick decided yesterday to retain for themselves a further term of good government.

It was a great victory, particularly pleasing to the premier and his colleagues, and an especially hard blow to Mr. Pugsley and Mr. Carvell whose prestige as political leaders was shattered at one blow, June 19th has formerly been noted as the anniversary of the great St. John fire but in the future it will serve as the anniversary of another notable event, the removal from the scene of political activity in this province of the last remnant of the old gang which held the province in thrall previous to March, 1906. Of the opposition not one shred remains.

The Opposition Pooh-Bah. It is currently believed that Mr. Duval, one of the successful candidates in Madawaska has no quarrel with the government, and will support them on many matters. Should this happen, the opposition would be robbed of half its voting strength, but it would probably make for harmony in the ranks. Mr. Pelletier as opposition leader, should have no difficulty in convincing himself, as the rest of the opposition party, of the wisdom of any course he might choose to pursue. It was not known last evening whether he would issue a manifesto next election or not, but with Mr. Copp's fate in mind, it is hardly likely.

False Reports. Second only to the general result of the abundant proof again afforded of the utter unreliability of the St. John Telegraph and Times as election prophets or mediums of expression of the popular sentiment. For the last few weeks these journals have been discovering rings of victory in every constituency in the province,

but they must be convinced today that it was some other noise they heard. Fine Victory in the County. An especially gratifying victory yesterday was that of St. John county while the majority in the city was splendid yet there was a majority here in 1908, while to J. B. M. Baxter and T. B. Carson, the candidates elect in the county, goes the credit of capturing the county for the first time since its creation into a separate constituency in 1892. This was done in spite of the personal efforts of Mr. Pugsley, who, while he was not in demand in other sections of the province, went into the county and put up the strongest fight he was capable of. Mr. Lowell also has suffered in prestige. While he stood at Milford all day yesterday, and that the opposition majority there was held down as low as it was, speaks well for the popularity of Messrs. Baxter and Carson, and for the cause they represented.

Westmorland Did Nobly. Another notable fight was fought in Westmorland county where Mr. Copp and all his supporters were buried under an avalanche of votes. In Moncton city Dr. O. B. Price, who put up a game fight, against not only a candidate of the opposition party and popular opponent, but with very indifferent support from a section of his own party, pulled out a winner with a majority of 300 votes. Dr. Price's victory was the first reported since the election of 1908. It furnished a good idea of what was to follow.

Telegraph Politically Dead. In York, Carleton, Charlotte, Kings, Queens, Sunbury, Albert and Kent it was expected that happened. Never in their wildest spells of frenzy

MESSAGE FROM PREMIER FLEMING

To the Electors of the Province of New Brunswick:

I desire to express my sincere thanks and my appreciation of the splendid endorsement you have given the Government at the polls today. The misrepresentations of our opponents are properly answered. It will be the aim of the Government to faithfully serve the best interests of the Province during the coming term. Again expressing my heartfelt thanks to you all, I am,

Yours faithfully, JAMES K. FLEMING.

did the opposition look for anything there but an utter rout and they were not disappointed. The predictions which the Telegraph and Times published from day to day regarding these counties were utterly without warrant and again those journals stand self convicted in attempting to delude the people. As they failed to do this, so did they fail to influence, and whatever influence they may have had once is now departed. They are among the politically dead.

The "Independents." The election of two independents in Northumberland county was due to local differences rather than to any dissatisfaction with the government and Messrs. Stewart and Swin, who were elected there will probably be found supporting the government on most occasions. Seasoned Campaigners Gone. The defeat of both Tweeddale and Burgess in Victoria and LaBillois and Wickham in Westmorland was not the result of a general defection from the government but of a general endorsement of the government.

Burgess in Victoria and LaBillois and Wickham in Westmorland were not the result of a general defection from the government but of a general endorsement of the government.

The Temperance Party. For the first time in New Brunswick the temperance party entered actively into a political campaign and the result of yesterday must show their practical knowledge of political affairs that little can be gained by attempting to go against the will of the whole people. It may perhaps be safely assumed that when this province wants any change in the temperance legislation which has been adopted by the Fleming government they will vote for it without being told they must, but for the present they are well content to leave this and other matters of equal importance in the hands of the gentlemen who have handled them so well since 1908.

The Fight in The City. It was a great but entirely expected victory in the city of St. John. The campaign while short, was rather un-

interesting, and the victory came almost too easily. While the government candidates had a good organization and did considerable canvassing, the majorities accorded them at the polls would hardly have been so great if the opposition had had anything like a constructive policy to offer. Again Mr. Copp's manifesto proved a boomerang and the vote polled for the opposition candidates was smaller than has been the case previously. It was another evidence of the great popularity of the government.

The government candidates led in every polling sub-division in the city. The West Side as usual, did well, but for the first time in years Kings ward delivered a majority for four Conservative. Just what part the defection of Mr. Lantalam and his friends played in this, is not known. It is generally conceded however, that while the government candidates polled a fine vote from among the Conservative ranks, they were also aided materially by hundreds of good Liberals who placed the welfare of their province above their party and voted for good government.

Home, John E. Wilson led the poll for the Government ticket with Mr. Tilley second, Mr. Lockhart third and Mr. Granman fourth. There was very little difference in the votes polled for the latter three gentlemen, while the lowest man on the Government ticket was 2,575 votes ahead of Mr. Foster, who led the opposition ticket.

however confined to the city men. In York and Sunbury counties in the province there were not enough opposition votes to save the opposition candidates in York county and Mr. Smith in Sunbury were companions in misery in this regard.

GREAT VICTORY IN KINGS

Special to The Standard. Apohaqui, June 20--What was undoubtedly the greatest demonstration ever witnessed in Apohaqui was testified to by Hon. E. Jones, the successful government representative from this place, this evening at the residence of Mr. Jones and his colleagues, Hon. J. A. Murray and H. V. Dickson. Over seven hundred people gathered in front of the residence of Mr. Jones after the returns had been received. The neighborhood re-echoed with the cheers of the assembly. A huge bonfire was lighted and the enthusiasm of the crowd knew no bounds. Geo. W. Fowler, Hon. J. A. Murray, Hon. H. V. Dickson, and other successful candidates and by Geo. W. Fowler and others.

All over the country the people are jubilant over the glorious triumph scored by the government candidates. The opposition followers, at least those who still admit their connection with the party, are in the abject of despond, and after hearing of the defeat of the high and mighty A. B. Copp, beat an inglorious retreat.

Interviewed this evening after the demonstration held in their honor, the candidates all expressed their satisfaction with the complete confidence reposed in them by the people of Kings county. They were especially rejoiced over the failure of efforts made by the opposition to defeat them on the temperance canvass.

COPP AND THE TELEGRAPH DID IT

Special to The Standard. St. Stephen, June 20--Mr. Copp's manifesto did it, aided by the Telegraph. The desperate effort to defeat Mr. Pelletier and the opposition ticket proved to be not even of straw, only chaff. The swap that Mr. McAllister was to make in Milltown, landed him five votes behind the Milltown man on the opposition ticket four years ago. Mr. Mann was to sweep Baillie and the surrounding country for his ticket, but finished 100 behind Hon. Mr. Clarke. Mr. Byron, the would-be member for Baillie, has met his third defeat, and was the most disastrous of them all. For the first time in its history, Grand Manan has given a Conservative majority, which places a feather in the cap of Scott D. Gupill, the young island member on the government ticket. The mainland has given the government a majority at every poll except Lettice, and the customary opposition majorities on Deer Island and Campobello have been greatly reduced.

Locomotor Ataxia

When your nervous system becomes so thoroughly exhausted that you cannot control the movements of your legs, you have what is known as locomotor ataxia, a form of paralysis.

Mrs. T. F. Tweedie, Brighton, Ont., writes: "For years I was troubled with the stomach and have always been of a nervous temperament. The death of my husband was a great shock to me, and a few months later I was prostrated by nervous trouble. Locomotor ataxia developed later, and I was in a bad condition. I took treatment from different doctors, but did not gain until I began the use of Dr. Chase's Nerve Food. When I had used five boxes I was so fully restored that I was like a different person. I am sure that the Nerve Food is a good medicine and have told many people about the remarkable way in which it has restored my health."

A RECORD MAJORITY.

Special to The Standard. Sun., June 20.-In all the history of Kings county such a sweeping majority has never been given to successful candidates, as that which was polled here today in favor of J. B. M. Baxter and T. B. Carson.

and C. H. LaBillois and A. E. McKenzie were beaten two to one. The government candidates won the neck and neck for honest government.

The Winner In Moncton

DR. O. B. PRICE WINS IN MONCTON.

Special to The Standard. Moncton, June 20.-This city furnished perhaps the greatest surprise of the provincial election, a majority of 600 for the Robinson government ticket of four years ago being converted into a majority of 200 for Dr. O. B. Price, the Fleming government candidate, who had as his opponent Frank C. Robinson, who is the mayor of the city and a brother of the ex-premier.

He Led the City Poll

Dr. Price carried on a most energetic canvass and was surrounded by an enthusiastic band of supporters. It was known he was rapidly gaining ground as polling day approached and the mayor had taken pains to look for more than half the majority that was rolled up.

CARRIED EVERY POLL.

Special to The Standard. Fredericton, June 20.-By an unparalleled majority the government ticket York county electors today expressed a grand endorsement of the Fleming government and their administration of affairs in the past four years.

There is great rejoicing in Fredericton tonight, and vast crowds have spent the evening in front of the Gleason office watching the bulletins.

These parades were headed by torchlight processions and after marching through the different streets, the crowd halted around the bandstand, where they listened to ringing speeches from the members for this county, and from G. W. Fowler and J. A. Selter. The general good feeling was greatly augmented by reports of the sweeping victory which continued to come in. Up till a late hour the crowd celebrated the glorious victory in a manner that conclusively showed their trust in the progressive and honest administration of the Fleming government.

BIG VICTORY FOR VICTORIA.

Perth, June 20.-This is a great night in Victoria county. The election of Messrs. T. J. Carter and J. L. White over Little Chief, Tweedie and Burgess, who now that Mr. Copp is down and out, might have shared the opposition honors with Mr. Pollock, was cause for abundant rejoicing. It was hardly expected that both the opposition men would have been beaten, although a few days ago it was believed that they would have a narrow squeak.

NORTHUMBERLAND COUNTY.

Special to The Standard. Chatham June 20.-Election today suited the government party in Northumberland county. The victors were Messrs. A. H. Harvey, 2,320; Swin, 2,131; Stewart, 2,096; Doyle, 1,905; McLachlan, 1,577; Bell, 1,577.

POOR OLD CARVELL.

Special to The Standard. Woodstock, June 20.-Poor old Carvell. At a solemn gathering in the little room over the Sentinel newspaper building, the members of the "Down and Out Club," an honor that he won today by leading a party of about 600 voters. It was not simply a victory for the government led by Hon. J. K. Fleming, but a rout for Carvell and his party.

WERENT DISORGANIZED AFTER ALL.

Special to The Standard. Bouchouche, June 20.-The government party in Wellington that, according to the Telegraph was on Saturday completely annihilated by P. F. Veniot, now known to fame as the opposition disorganizer for the North Shore, are tonight celebrating the greatest victory ever won by any political party in the history of Kent county.

QUEEN'S COUNTY REJOICES.

Special to The Standard. Gagetown, Queen's county, June 20.-A glorious victory was registered by the government candidates in Queen's county today when A. R. Slipp and H. W. Woods defeated G. H. King and J. W. Carpenter by large majorities.

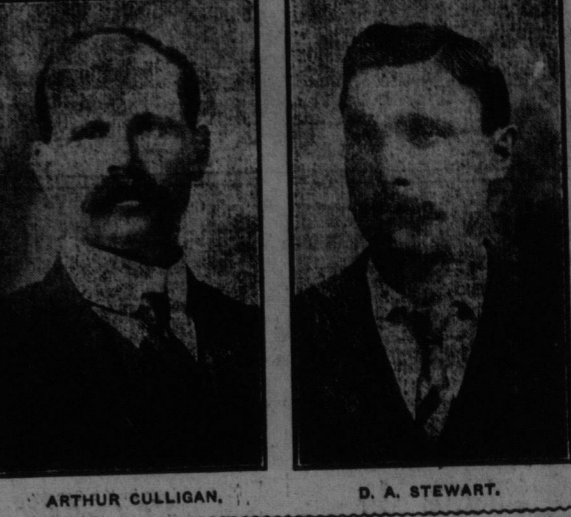

GLOUCESTER WILL BE IN LINE.

Special to The Standard. Bathurst, June 20.-The overwhelming defeat of the opposition in today's election was confidently expected here by the government party and could not have been much of a surprise to the opposition leaders in the county.

GOVERNMENT SUPPORTERS JUST LANT.

Special to The Standard. Albert, N. B., June 20.-The election proceedings at all the polls in Albert county were carried on in a very orderly manner, and the supporters of the Fleming government were jubilant over the return of Messrs. Dickson and Prescott by a very substantial majority.

WOODSTOCK SHUT OUT BY FREDERICTON

Special to "The Standard," Fredericton, June 20.—Fredericton took a full out of Woodstock today, shutting out the colts by 8 to 0.

The second one sided it is true owing to the ability of the bats to wallop the offerings of Wade, a new writer imported by the Woodstock club from the New York state, but nevertheless the nine innings abounded in good play in which Larry Conroy, 25, of the Fredericton team, contributed the star attractions. Brown waded on the firing line for Fredericton and was there with lots of stuff but ball too allowing the Woodstock team only 4 hits.

The box score was as follows:

A fast game in the South End baseball league was played on ball last evening between the St. John's and the Victoria, resulting in a score of 6 to 5 in favor of St. John's. The batteries for the winners were Garnett and Lawson, and for the losers Jones, Alcorn and McDonald. This evening St. John's will play the Rocklands, and an interesting game is expected, as these teams have never met before.

COMMERCIAL LEAGUE.

The Golden Sweets of Balfour and Peters added another victory to their already brilliant record, when they shut out a team representing T. H. Estabrook last evening, 5 to 0. McConnigan and Lawlor officiated for the winners and Povey and Seelye for the losers. The next game in the commercial league will be between Balfour and Peters and McClary's, on Monday next.

FINDS HIS TABLE GROWS WITH COUNTRY

Colorado Springs, Col., June 20.—A new industry—now not only to Colorado but to the world—is growing up in the Pike's Peak region. Growing up is the right term, for the industry is growing tables. Its originator, rather its discoverer, is John Warren, who makes his abode in Colorado City, near Mountain Creek, between sixth and seventh streets, and such a considerable distance from any of the first emporiums for which the "bay roll town" of the Pike's Peak region is locally famous that the bare fact that the story emanates from Colorado City has no significance.

Mr. Warren, it appears, bought a kitchen table at an auction sale last fall. He put it in the back yard under a tree and used it frequently to dine upon. That is, he ate at the table in the fall. But he noticed that from day to day it became necessary to raise his elbows higher, and on investigation found to his astonishment that the Willow legs of the table had sprouted and taken root. This gave him an idea, and now he is wading the table legs daily with fertilizer plans to utilize a large tract, planting small and inexpensive tables, from which he expects to grow large ones and eventually establish a furniture store. He is also preparing to try some Burbank experiments in the hope of producing other articles of furniture. And with everything going up, as the first Colorado table is now doing, Mr. Warren hopes to net a fortune.

ST. JOHN, N. B., FRIDAY, JUNE 21, 1912.

YESTERDAY'S ELECTION.

The Standard said yesterday morning that the best information obtainable the night before indicated a clean sweep of the Province by the candidates favorable to the Fleming Administration.

It is a wonderful victory and shows that the people appreciate honest government and a progressive policy.

The campaign which followed the announcement of the election has been short but strenuous on both sides.

The Opposition had no case on which to go to the people. As a consequence the campaign conducted on their behalf was marked by flagrant misrepresentations.

The majority of people in every constituency in this Province like fair play and early in the campaign recognized that the organs of Mr. Pugsley were neither fair nor truthful.

Unable to make out a truthful case against the Government they descended to misrepresentation of the honest and most meritorious character in order to place in power men whose record did not entitle them to the support of any respectable elector.

The majority of people in every constituency in this Province like fair play and early in the campaign recognized that the organs of Mr. Pugsley were neither fair nor truthful.

When Mr. Copp was selected for the honorable position of Leader of the Opposition The Standard pointed out his unfitness and the serious straits to which the Liberal party was reduced in being compelled to select a man with a questionable record and whose statements were not of a high order.

A SINGULAR OPPOSITION.

If, as now seems probable, Mr. Dugal, one of the chosen in Madawaska, decides to cast in his lot with the Government, it will leave his Liberal colleague, Mr. Pelletier, in a most enviable position.

Mr. Pelletier will not only occupy the position of Leader of the Opposition, but is already marked out as the financial critic of the Government.

The new Leader of Mr. Pugsley's forces will have unique opportunities to make his mark as the most effective debater opposed to the Government.

THE REPUTATION OF MR. PUGSLEY.

The result of the Provincial election yesterday means more to Hon. Wm. Pugsley than to any other man in the Province of New Brunswick.

These matters were discussed during the election of 1908 but the complete facts were not then obtainable, and those responsible were deluded into the belief that they would never become public.

When Mr. Pugsley entered Dominion politics he did so with the full consent of the Liberal party backed by a large number of Conservatives.

Mr. Pugsley is a man of unquestioned ability, but his political record is such that it requires a pair of very broad shoulders to sustain it.

Mr. Pugsley is a man of unquestioned ability, but his political record is such that it requires a pair of very broad shoulders to sustain it.

THE RESULT IN ST. JOHN.

The result in the city of St. John was a genuine surprise to even the oldest politicians who had been engaged in active campaign work for more than a quarter of a century.

There were good reasons why they should do so. The Administrations of both Mr. Hazen and Mr. Fleming had given the Province honest government for four years.

The construction of the Valley Railroad alone will do more to promote the commercial interests of this city and county than any measure that has passed the Legislature since Confederation.

Another prominent factor in the election of yesterday in the two constituencies was the revolt of a large section of the Liberal party against its present leader.

The Liberal machine in St. John had not the wisdom to recognize the strength of this revolt until the campaign opened and an attempt was made to organize for the election.

The combination which defeated the so-called Liberal party in the election of yesterday was the splendid

It will be claimed by the Opposition press today that the result of yesterday's elections was due to the liberal vote of money and rum.

Time was when the Telegraph was a great newspaper respected by its readers and believed in by the people generally.

HOW THE MONEY IS TO BE EXPENDED

Toronto, June 20.—After conference extending over several months, Hon. Martin Burrell and Hon. James Duff have arrived at an agreement regarding the policy to be followed by the provincial department of agriculture in the expenditure of the federal grant.

The erection of a new building at the Ontario Agricultural College, the extension of the work of the district representatives of his great province for the improvement of dairying, and of particular interest in view of the onslaught of enthusiastic northerners upon the department is extending its work this year.

A New Building at Guelph. According to the plans made public yesterday by W. Bert Roadhouse, deputy minister of agriculture, forty thousand dollars of his great province will be expended in erecting a field husbandry building at the Ontario Agricultural College.

Increasing the Egg Output. Far "poultry work" \$10,000 is set aside. To further develop the poultry industry throughout the province it is necessary to erect a model poultry house and to carry on breeding work on a larger scale in order to supply both birds and eggs of the best breed.

Live Stock for the North. The start in establishing an industry for which the north country is admirably suited, but which it has never possessed to any extent, is to be made by means of a grant of \$5,000.

More District Representatives. The federal grant made possible the increase in the number of district representatives announced recently, the sum of \$21,000 set aside will be used to pay the expenses and some of the salaries in connection with the work of the new representatives, and also to extend the work of representatives previously appointed.

For "fruit work" there is available \$9,000, \$3,000 for the Ontario Horticultural exhibition, \$3,000 for orchard competition, and \$3,000 for a market commissioner to develop markets for the sale of Ontario fruit in the west.

By relieving several Opposition candidates of their deposits yesterday the Government has again emphasized their determination to collect every dollar which can be added legitimately to the public treasury.

The deposits of the defeated Opposition candidates will be added to the Territorial Revenue. They have taken to the tall timbers.

Judging by results, that bonnie fund collected at the Laurier banquet to help the party to redeem New Brunswick didn't amount to thirty cents.

Rheumatism and Lumbago
If you have any doubt as to the value of Dr. Chase's Kidney-Liver Pills as a means of regulating the kidneys and thereby curing rheumatism and lumbago, you will find here the proof of what was accomplished in one case.
Mr. John Ballard, carpenter, Hanmer, Ont., writes: "I was entirely cured of kidney disease and rheumatism by the use of Dr. Chase's Kidney-Liver Pills. For about twelve years I was troubled with the kidneys and suffered a great deal with rheumatism and lumbago. I consulted three different doctors, and, as they failed to cure me, I began the use of Dr. Chase's Kidney-Liver Pills, because a friend of mine had been cured by their use. Altogether, I have used ten boxes, and was entirely cured over a year ago. I can recommend Dr. Chase's Kidney-Liver Pills as the best cure for kidney disease, backache and rheumatism."

Will Recover.
Dr. J. Herbert Barton, who lost his hearing on Wednesday evening when the exhaust pipe of his gasoline boat Patricia exploded, will recover his hearing. Yesterday morning an examination was made by physicians and they agreed that his hearing will gradually return.
No Extension.
The work of fixing the tracks on the south side of the depot to allow of the C. P. R. trains to run in there is about completed. On Monday morning the men will begin tearing down the wall on the north side of the same line. This work will be done in sections, the iron trusses of the roof in the meantime being supported on timbers. There is no intention of moving the wall farther to the north than it is now.

Expensive Lurgy.
To slap a policeman across the face and call him "a horrid brute" cost a young girl \$16, for this was the penalty imposed by Magistrate Ritchie in the police court yesterday morning on a fair defendant who he found guilty of this offence. The same fine was imposed upon Edward Murray, the man defendant in the case. In the event of not paying the fine, the magistrate told them they would have to spend two months in jail.

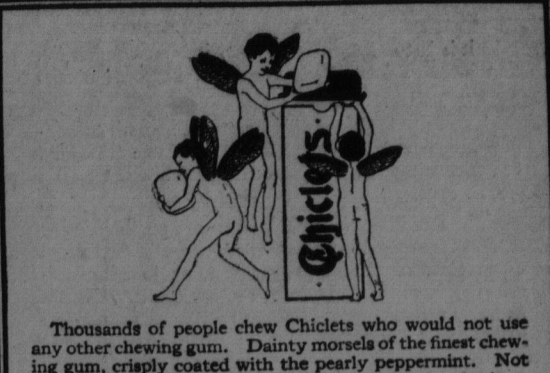

Provincial.
Returns Home.
Newcastle, June 20.—Joseph Doucet, who mysteriously disappeared from his home in Rogersville about the middle of May, has returned from the woods in an exhausted condition. He was a break up to two days before his arrival home. He was so weak from hunger that he crawled home on his hands and knees.
Druggists to Meet.
Fredericton, June 20.—The executive of the New Brunswick Pharmaceutical Society held a meeting at the Barker House last evening. The local members and H. Harry Robb and E. R. W. Ingraham of St. John were in attendance. The report of the recent examinations held at St. John by the society was received and completed for the annual meeting which will be held here next Thursday. The business meeting will take place at the Barker House in the morning and in the afternoon the party, which is expected to number between forty and fifty, will go to Pine Bluff camp, Springfield, and there enjoy dinner in the evening.

GENERAL.
Swinder Sentenced.
New York, June 20.—William T. Wintmate, of Sunarat, N. J., proprietor of the Gold Run Mining and Tunnel Company, of Colorado, was found guilty in the United States District Court yesterday of using the mails to defraud. He was sentenced by Judge Hough to pay a fine of \$500 and to serve one year in prison. Fayette B. Tiffany, a Denver lawyer, who was indicted with Wintmate, was found not guilty. Wintmate was arrested in the summer of 1910. He was believed to have gotten a total of \$1,500,000 from seven hundred persons in this country and England. His contention on trial was that he believed all the claims made by him in circulars of the value of the properties in question to be true. Among Wintmate's English victims was Lady Tankerville and her niece, Miss Louise Elout, and some of the most damaging testimony against Wintmate were the letters and cablegrams sent by him congratulating them on their investments in Gold Run and urging them to buy more.
Rabies Outbreak.
Goderich, Ont., June 20.—Another serious outbreak of rabies has developed in Goderich township, where cats have been infected and died in great agony. Some two weeks ago, a steer of the farm of S. Joseph came home acting most peculiarly as if affected with some form of paralysis. Government veterinarians have pronounced the disease rabies. Some six cattle on the farm have since suffered agonizing deaths. Two rushed to the lake and were killed as they hurled themselves over the bank.

Grand Trunk Suit.
Montreal, June 20.—The liability of a railway for damages incidental to the death of a trespasser on its right of way is involved in a suit entered against the Grand Trunk Railway. The plaintiff, Dame Elizabeth Mathieu, widow of Euclide Linozes, sues for \$10,000 because her husband was run down and killed by one of the company's trains. He was walking along the tracks at the time, and the plaintiff has her claim for damages in the allegation that the engineer of the train did not blow the whistle or ring the bell.

EXTRAVAGANT SCENES OF WILD ENTHUSIASM MARK GREAT TRIUMPH

Another County Heard From! Pelletier Swept to Victory in Madawaska!! — Will Lead United Opposition!!!

Special by the Hot Air Line to the Telegraph. Edmundston, June, the longest day in the year. Never since the Tower of Babel tumbled upon its boastful builders, has this burg witnessed more extravagant scenes of wild enthusiasm than when the joyous news was brought abroad that that brilliant and elegant follower of the Big Noise, Monsieur Pelletier, had won his great and glorious victory. As trees in a tempest so were the hearts of the populace shaken by the glad tidings of great joy.

M. Pelletier was found in a Napoleonic attitude when the wildly excited multitude burst upon him with news of his splendid triumph. When the admiring people stilled their joy and clamor, the mighty warrior of Madawaska, with all his blushing honors thick about him, opened his mouth. Thrice he essayed to speak, and thrice the greatness of his emotion froze the words upon his silver tongue. Then he gathered himself up with a mighty effort, and burst into a paroxysm of triumph, flinging out the winged words like a pulsating stream of light. Quote him: "A man of destiny am I, chosen by the united and unanimous voice of the people to fill the exalted position of leader of His Majesty's loyal opposition. I will be a real leader. The greatest unanimity will pervade the ranks of the opposition. Fleming and all they who sit in the seats of the mighty will hear my voice and tremble and Dugal who will prove recreant to his trust will be there to tremble, too, I am I—His Majesty's loyal opposition. Great honor has been conferred upon me. His, his, hoary for the united opposition—united for the first time in many years. Let us all unite in praise of the Telegraph. "Hoory!" shouted the happy populace.

GOVERNMENT SUPPORTERS CELEBRATE THE VICTORY

Meeting Last Evening Followed by Big Parade Through Streets—Opposition Camp Darkened

Citizens Rejoice at Downfall of Last of Unrepentant Remnant of Gang—Headquarters of Opposition Organs Treated to Serenade—Enthusiastic Speeches and Music at Assembly Rooms.

In the city the elections were conducted in a very orderly manner. The weather was ideal, and the workers of both parties endeavored to make a good showing, but the vote was not as large as usual. The government forces had the best organization and from the start felt confident of the result. The Temperance Federation had a few workers at the polls, who distributed special ballots, but its representatives did not cut much of a figure. Many of the voters brought marked ballots to the polls and there was little delay at any of the booths. A good many liberals were at the polls working for the government candidates, which shows that the attempt to divide the voters on federal party lines had failed. Sheriff DeForest, the returning officer, visited all the polling booths in the city and county during the day, and declared that he had never seen a more quiet and orderly election. He saw no evidences that liquor was being supplied to voters and received no complaints of any kind. The polls closed at four o'clock and very little time was occupied in counting the ballots. Returns were received from some of the polls before five o'clock and all were in before six.

The government candidates and their supporters gathered in the Nichol assembly rooms about five o'clock. Special arrangements had been made to receive the returns there and by the time the city returns were all in, the gathering which soon crowded the assembly rooms to the doors vented its feelings of jubilation in deafening cheers, snatches of song, and jocular remarks. Presently the candidates were called upon for speeches and after a scene of wild enthusiasm, were given a chance to make themselves heard. They briefly expressed their gratification at the splendid victory, stating that they considered it an expression of the people's appreciation of good and honest government rather than a tribute to themselves, and thanked the audience for their support. Hon. Robert Maxwell, who was acting as chairman of the meeting, was then called upon. He expressed his entire satisfaction with the result of the elections all over the province, stating that the sweeping victory was a triumphant vindication of the honest and efficient administration of public affairs under the Hazen and Fleming governments, and that he felt assured that during the next four years Mr. Fleming would conduct affairs with equal efficiency and honesty and resolve on his next appeal to the people another triumphant endorsement. Mr. Maxwell read a message from Premier Fleming, which is printed elsewhere, and this was the signal for a tremendous outburst of enthusiasm. While the gathering was waiting for more detailed returns from outside districts the chairman of the city wards, Dr. T. Walker, Com. Wignmore, Manning, Doherty and others, made brief speeches referring in enthusiastic terms to the triumph for good government. A while before eight o'clock St. Mary's Band appeared on the scene and played a number of triumphant airs, and later with the band at their head the big crowd filed out of the hall and started to parade about the city. Marching down German street, the procession swung up King street, swung round King Square and headed north along Sydney and ended back along Union street, passing the Opera House, where the opposition had gathered early in the evening with the band playing its loudest. But by that time the Opera House was dark, the disappointed oppositionists having desisted from having sadder and less hope-wiser men. In an automobile behind the band, driven by Manning Doherty, were Mr. Tilley, Col. Baxter and Mr. Lockhart, and all along the route they were greeted with joyful cheers. After passing the deserted camp of the enemy the procession came down King street and then in obedience to some whim marched through Canterbury street, serenading the Telegraph and Times, and proceeding to German street, where the opposition had gathered early in the evening. There ex-Alt. Potts, Jack Chesley, Com. William Golding, Walter Golding and others addressed the gathering, and after more jubilation, hearty cheers were given for the premier and the local candidates, and the National Anthem was sung in an outpouring of enthusiasm.
