IF YOU PATRONIZE The Everyday Bargain Store YOU LEARN TO SAVE MONEY.

"The Higher Cost of Paying Less"

There are two costs to every article—Purchase Cost and Service Cost. One gives you ownership; the other gives you RESULTS, and an article is of value only in proportion to its ability to give service. This applies to Boots, Shoes, Clothing, as well as to all other merchandise. Our lines are complete; our Quality is Unexcelled; our Prices are Right. Let us show you what we can do. Stock-taking is now over and we have

**Decided to go out of
the following lines:**

Ladies' Ready-to-Wear Garments (in all lines)

Silks, Dress Goods, Fancy Goods

This fact, together with our determination to reduce stock generally, will create the Biggest Bargain Event pulled off in this vicinity in years. The Low Price Sale of High Price Goods is now in full swing. Direct your way to this store for Unequalled Bargains.

WHAT THE
FARMER
CAN DO WITH
CONCRETE

It contains information that has saved them time and money in making farm improvements. It has taught them the economy of building everything of everlasting concrete.

There's no other building material as durable, as adaptable, as easy to use or as low in final cost as concrete.

Practically everything that can be built of wood, stone or steel can be made better with concrete and this book tells you how to do it. It is fully illustrated with photos and diagrams and contains 52 practical farm plans.

If you haven't a copy, send for one today. Keep it handy. Refer to it often.

It is free and will be mailed to you immediately upon receipt of coupon below.

CARVELL URGED TO GO FORWARD

A great deal that is untrue as well as coarse and vulgar is being said and written these days about a man called F. B. Carvell because of his timely criticisms regarding war contracts, etc. The government has answered these specific charges with a general denial. This will not satisfy the people nor will it do justice to the government. We remember that when the Dugal charges were made at Fredericton a flat denial was given them by the Hon. Mr. Clarke on behalf of the premier. The public today knows which statement was correct. The charges at Ottawa must be met by something better than a general denial. The distinguished and fearless representative for Carleton county need pay no heed to the criticisms that are being levelled against him by a certain element of the government party. The great services that he has rendered his native province and the Dominion generally in exposing political mountebanks and grafters within the last few years should not soon be forgotten.

Mr. Carvell has done more for the government than it has done for itself inasmuch as he has lopped off some of the dead branches of the government tree. Keep right on, Mr. Carvell, with full steam ahead. You have deserved well of your fellow-Canadian citizens for what you have already done. We believe there is yet much for you to do in public life along the lines you have been working and every Canadian whose opinion counts for anything regardless of party affiliations will agree that there is dire need for just such a man as Frank Broadstreet Carvell in our present-day public life.—New Freeman, St. John.

Paris Green to be Scarce

It will give our farmer friends, and especially those interested in potato growing, a sizable jolt to learn that there are not over 500 pounds of Paris green in the country today, and that there is at this time no prospect of more being manufactured, owing to the high prices of blue vitriol and white arsenic. The price of Paris green is ranging from 21c to 50c per pound, and blue vitriol, bought for 3 @ 4c a pound, now commands 16 @ 17c. This protective agent has been used so commonly that we had come to look upon it much as we did water, air and sunshine—as one of the necessary factors in potato production, and just what it will be best for us to do to counteract the loss this lack might entail, will be something for our agricultural experimenters and educators to decide.—Maine Farmer.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong and active.

THE PRESS AND HAY

The Woodstock Press proceeds to analyze, in a manner to suit its defence of B. F. Smith, an article appearing in The Observer showing the position of Mr. Carvell on war hay purchased in 1902 and in 1915. The paper says "Mr. Carvell connived to beat the farmers of this county and Victoria out of a large sum of money" by "grinding them down to the lowest possible price for the hay they had to sell."

One very important point in The Observer article The Press carefully avoided. It is in effect that when Mr. Carvell entered the hay business in 1902 the ruling price of loose hay was \$6. He at once began paying the farmers \$2 a ton more—more than had ever before been the price of hay for shipment.

Where did the "grinding down" process come in?

The Press prints the Carvell contract which shows that \$9.25 was paid the farmers for pressed hay. Hon. Mr. Burrell told Parliament Mr. Carvell sold it to the government for \$17, at a margin of \$7.75.

If, as The Press says, Mr. Smith is paying only \$13, or \$14.25 pressed, and is selling it for \$24, his margin is \$9.75, or \$2, a ton more than Carvell made out of it.

But Smith is paying \$15 for pressed hay, and has been doing so since early December, when Carvell's exposure compelled him to do so. It is true that he bought and stored hay for \$12 and \$13, but not since the late controversy got hot.

The Press also asserts that Mr. Smith is paying the highest price ever paid for hay in this county. The Press knows that in recent years hay has frequently sold at \$13, but it may not recall that in 1907 hay sold for \$18 a ton delivered at the car. Such is the fact.

THE OTTAWA FIRE

There is a difference of opinion in Ottawa as to whether or not the burning of the House of Parliament was accidental or was the work of the enemy. No sooner had the fire been made known than the Providence Journal announced that three weeks ago it notified the Department of Justice at Washington that it had received information, which came from employees of the German Embassy, that the Parliament houses at Ottawa, the residence of the Governor-General, and munition plants in Ontario, were to be made objects of attack by German agents, and that these activities would "give the people of Canada a few things to think about."—Telegraph.

Rev. J. D. Wetmore, pastor of Victoria United Baptist Church, and a former Florenceville pastor, is in St. John receiving treatment for eye trouble which threatened to be serious. A few weeks ago, a violent pain came in one of his eyes, so intense as to cause the loss of sight, but reports are coming from St. John now, that with proper treatment the sight will be all right.

COUNTY COUNCIL

(Continued from last week)

Coun Stevens moved that the Warden appoint a committee of three to take up bills and accounts and report at the opening of the Council tomorrow.

Coun Morgan seconded the motion which carried.

Committee appointed on this were: Couns Stevens, Morgan, Alex. Bell.

Scott Act Inspector John F. McLean, submitted the following report:

No cases entered Police Court	39
Number of convictions	19
Number of dismissals	20
Number sent to gaol	3
Amount received for fines as per itemized statement	\$900.00
Amount expended enforcing Act as per itemized statement	753.41

Surplus	\$146.59
Amount of fines unpaid	\$150.00

Carvell—Does that include your salary?

Inspector—The salary of the Scott Act Inspector is not rightly included in the expense of enforcing the Act.

Melville—Has Jaky Wise paid up his old debt?

Inspector—\$250 of his old account.

Melville—Some \$500 left.

Inspector—You can't squeeze Jake Wise. You are mighty lucky to get anything.

Stevens—How many convictions of those nineteen were paid?

Inspector—Thirteen convictions were paid.

Stevens moved that the Warden name a committee on the Inspector's account and report back tomorrow afternoon. Seconded and carried.

The inspector explained that the Magistrate got a flat rate of \$5 a case. When there was a conviction the party paid the costs, when not, they were charged to the county.

The Warden appointed as a committee on Scott Act Inspector's accounts Couns Carvell, Fleming and Tompkins.

The following standing committees were then named:

Finance—Couns Stevens, Morgan and J. W. Gallagher.

Building Committee—Couns Burt, Fleming and Melville.

Upon motion Council adjourned till two o'clock tomorrow afternoon to allow committees to perform their work and report to the Council.

WEDNESDAY SESSION, 2 p.m.

A delegation from the Patriotic Fund being present were heard on motion of Coun Morgan.

Hon. W. P. Jones said in part: The citizens of Woodstock and vicinity held a meeting at which the question of maintenance of the Patriotic Fund came up and a committee was appointed to appear before the Council and I was made chairman. We are here to ask the Council to make such appropriation as is commensurate with the importance and loyalty of Carleton County.

A young man who enlists will feel safe knowing that the County Council will provide for those he leaves behind. The local committee should give us names of representative men of the county to add to the executive committee, which meets twice a month. There may be complaints of too much generosity, and possibly at the start we erred on this side. The Governor General estimates that it will take \$8,000,000 to meet the demands of the situation during 1916. Recruiting has progressed in New Brunswick and this means that we will have more men to provide for. The question for consideration is this—is the county going to do its share? If so will raise \$25,000. How will this be raised—subscription or assessment? The people of the County have already done a great deal. I take it we want to do our share in this matter. If we do we can give \$25,000 unless you think other places are better able to raise it. People here are comfortable and can pay. Other municipalities have taken the matter and contributed generously. Many families outside the town are receiving aid. We must see that dependants are protected and this will encourage young men to enlist. The Town of Woodstock will pay its share of whatever assessment you may make. This war is not ordinary—people must be made to realize it. A man in this case must pay according to his ability. If we don't go ourselves we ought to put our hands deep into our pockets.

In answer to a question of Coun Morgan, Mr. Jones said only those in need were eligible to draw from the fund.

Hon. J. K. Flemming said: It is a most extraordinary condition to ask a municipality to tax

themselves \$25,000. We never before faced such a condition. It is very serious. We believe in ultimate victory, but there is yet a serious and tremendous fight to be fought. It means they are calling today for such vast armies as we never contemplated. We must take care of the wives and young ones. My idea is if you can get the money the voluntary contribution is the best. Is it fair that you should put the assessment on property? You have the wisdom to decide properly. We who can't go must do our share of the paying.

Col. F. H. J. Dibble—I am a member of the committee and we try to find out who requires aid. The men are enlisting rapidly in our county and more aid will be required. Nearly all of the cadets have enlisted. They were too young at the start but recently have reached the proper age. If this body can see its way clear to make a generous donation it will help us do our mite.

E. W. Jarvis—One point you may want to know is why the committee is composed of almost all Woodstock people. Our branch was asked to act for Carleton county from headquarters. Some branches are acting through us. We make such grants as we consider will keep a family in comfort while the soldier is at the war. All the money is sent to Ottawa and what is needed is taken back. Our payments are large and growing rapidly. It is necessary to make a provision to pay our share. Our duty is simply as citizens.

Mr. Wm. Balmain, treasurer of the fund, gave an interesting summary of the disbursements made in certain months. Families assisted in June 25—16 in town, 6 outside \$425.95

Families assisted in September 31—21 in town, 10 outside \$51.71

Families assisted in October 23—19 in town, 14 outside \$99.00

Families assisted in November 35—21 in town, 14 outside \$350.00

Families assisted in December 41—21 in town, 20 outside \$458.00

The total number of children in families getting assistance is 92.

Outside of town there are 51 in the list. Whole disbursement is about \$4500.

Morgan—I would move as regards the amount this body shall vote for patriotic purposes be taken up tomorrow morning at 10 o'clock. Carried.

Stevens moved that a vote of thanks be tendered Mr. Jones and the delegates for their efforts and also to Mr. Jarvis and Mr. Balmain for their painstaking work. Seconded by Coun Estey and carried unanimously.

Mr. Jarvis and Mr. Balmain responded gracefully.

Before the committee retired Mr. Jones informed the Council that the large amount of work of the committee was done gratuitously by Mr. Jarvis and Mr. Balmain. No salaries are paid.

Stevens moved that the Warden name a committee of five to take into consideration this question and the committee to also include the Secretary-Treasurer. Seconded by Coun Alex. Bell and carried.

Estey, Anderson, Clark, Smith and Secretary-Treasurer.

To the Warden and Members of the Municipality of Carleton—We your Finance and Audit Committee hereby submit our report on Bills and Accounts submitted to us from Bills (1) one to (2) inclusive. We have carefully examined the same and have marked on each bill for your information our recommendations.

Respectfully submitted,
D. STEVENS,
E. C. MORGAN,
ALEXANDER BELL.

Dated Woodstock, N. B., Jan 16, 1916.

Carvell moved we go into committee of the whole on bills and accounts with Stevens in the chair.

Stevens moved an amendment that the council go into committee of the whole with Warden in the chair.

Seconded by Perry. Amendment carried.

Melville objected strongly to bill of \$8 for automobile used by Corober and others to attend inquest of one Mushro who committed suicide.

Perry—It is only right that that the Coroner takes same pay as others.

Stevens—In reference to charge of Chief Kelly—it is an extraordinary case. In cases of this

kind it is right to take quickest means to act. If Kelly put the bill in as team and services it would go through.

Melville—I have no objection to going in an automobile providing he pays for it. It was not necessary for Owen Kelly to go to the inquest. He has no authority there. The coroner is the man.

Perry—Give Kelly his fee as constable—all he is entitled to.

Secretary-Treasurer—When a coroner holds an inquest he brings in a bill covering all the expenses.

Carvell—I can assure you that a dead person on the road in a community causes some excitement. We notified the coroner and he came very quickly by auto but he didn't charge for it.

Anderson—It is the time to decide whether we pay for automobiles or not. The question comes up every session.

Perry—I move that the bill for auto be thrown out. Carried.

On motion of Morgan seconded by Stevens, the bill of Constable Bell of \$8 was paid at \$5

Why will a Ford car take hills on high gear which many cars take on low?

To the best of my knowledge and belief the Ford Automobile has more horse-power per pound weight of car than any auto made.

It is sold as a twenty-horse-power car, and tested by the government standard develops 22 1/2 h. p.

Compare that with some other largely advertised cars.

One advertised as 20 to 25 horse-power develops 15.00.

Another advertised as 25 develops 21.67.

All by government standards.

Several village people claim to have seen an aeroplane on Friday night, when a strange light moved through the western sky. It was also observed by some people across the river. Why an aeroplane should display a conspicuous light is a mystery. It scarce would meet any obstruction on the track, nor could it light up the atmosphere through which it travelled.

Gin Pills

FOR THE KIDNEYS

Why Recommended

"My case was very serious and I was so sick that everybody expected my death any day. No suffering could ever be worse than what I had to endure. I could feel at first the gravel passing through my bladder but now I am as strong as ever. I weigh about 20 lbs. more than when I started to take Gin Pills. I beg you to publish my letter so that people may know what Gin Pills had done for me. The first box relieved me a good deal, eight boxes were sufficient to cure me entirely, and bring me back to perfect health."

Letter From Brighton Boys in England

The editor has received from Bramshott Camp, England, the following for publication:

Just a line about the place we are living in at present and preparing for our trip to France. We are living in huts holding an average of forty men, with one small stove in the centre. We sleep on straw ticks and have four blankets each and sometimes we are not very comfortable during the night. Before we reached here we were told that England was a nice place, but it has rained about all the time since we got here, so we can not very well see the scenery. The fields are green and vegetable gardens are plenty, but really some good Canadian snow would be better than all this mud and far healthier, too. Most of us have coughs and colds and can not get rid of them. When we all start coughing we drown the S. P. Band. There are a number of ten miles but no large towns nearer than London. We have Y. M. C. A. reading rooms and soldiers homes of all kinds and there are plenty of small shops. They sell things cheap to the Canadian soldiers—I don't think! They believe it proper to soak us. But girls! O, My! Ain't they the dear sweet things who love the soldiers! No trouble in getting half a dozen at once if you want them. But hands off!

Nearly every other house is a booze parlor which we would be much better without if we are to do any fighting. We certainly have some platoon commanders, Lieut. B. Smith. He leads the rest by a mile and the men certainly love him as he uses them right. We also have the best platoon in the 55th Batt both in drill and conduct. They must belong to good families.

Our Xmas parcels must be heavy for it certainly takes them a long time to get here. Most of them started first of December and have not got here yet, but we will live in hopes.

Now Mr. Editor, if you want an English wife let us know the specifications and will try and fill them for you. Hoping you have space enough in your valuable paper for this scrawl and thanking you in advance, We remain,

THE CHEVROLET

\$710

You may have heard of the Chevrolet—the car that has taken the public by storm in the United States. Well, that is the car we now offer in Canada—only this is to be a distinctly Canadian Chevrolet—not just Canadian in name, but made by an all-Canadian company—every share one million dollars of good Canadian money—every share holder, without exception, a Canadian—and every feature of its manufacture completed in a Canadian plant by Canadian workmen.

Let's start with the engine—the heart of the car—and, in case of the Chevrolet, a "heart" with a dependable action. Quiet and smooth running to the last degree, its valve-in-head motor drives with a steady stream of power. Up the steep hills the Chevrolet climbs with ease—already they're calling it "The Wizard of the Hills." It has been found that the lever remains in high gear 95 per cent. of the time.

The feeling of ease and security you have in a Chevrolet comes from its low centre of gravity. It "clings to the road," although it has especially high road clearance; so that, on any kind of roads, you have good control of the car, and an upset is not to be feared.

You won't TIRE in a Chevrolet—whether in front seat driving or in the tonneau reclining. First, because it's roomy—seats five people comfortably. Second, because it has cantilever springs on REAR and double-acting patented FRONT springs—no shock-absorbers necessary. Third, because it's comfortably upholstered in fabricoid.

Transmission, selective type, with sliding gears; three speeds forward and reverse. Not necessary to be continuously "pushing the low gear lever" with the foot. On hill work you simply set the hand lever in low, high or intermediate—the motor does the rest.

The price, \$710, includes full equipment and a speedometer. Tires, 30x3 1/2 all round; mohair top and dust hood; clear vision, rain-vision, ventilating wind-shield. And an Electric Lighting and Starting System that is designed and built into the car as an integral part of the car. This is important. The lighting system includes dimming attachment.

This 26 horse-power, 5-passenger Touring Car is ready for you now—and you had better get your order in at once. Agencies have been established in all the principal cities and towns of Canada.

SHE RECOMMENDS "FRUIT-A-TIVES"

Mrs. Corbett Read the
Advertisement and Tried It

Avon, May 14th, 1914.
"I have used 'Fruit-a-tives' for
Indigestion and Constipation with most
excellent results, and they continue to
be my only medicine. I saw 'Fruit-a-
tives' advertised with a letter in which
some one recommended them very
highly, so I tried them. The results were
more than satisfactory, and I have no
hesitation in recommending 'Fruit-a-
tives'."

Report of Red Cross Society of Knoxford Car. Co. Dec. 1914 to 1915

The Belgian Relief Red Cross
Society of Knoxford was organized
December 31, 1914, with 12
members and gradually increased
to 24.

We lost one member by death
in March 1915—Mrs. L. N. Beck-
with.

President, Mrs. Emma Trafford;
Vice Pres. Mrs. Allen Margison;
Sec. Treas. Mrs. Wilmot Margi-
son. The need of immediate help
for the Belgians aroused interest
and contributions of money and
materials enabled the society to
send to the relief committee,
through G. Ernest Barbour, St.
John, 1 box and 2 barrels of goods
including thirteen quilts, much
new clothing and warm service-
able second-hand apparel for both
sexes and all ages.

In April, 1915, all efforts were
given to Red Cross work and
since then 6 boxes have been
shipped containing 125 pairs of socks,
3 quilts, 26 pyjama suits, 22 night
shirts, 8 bed-jackets, all of stout
outfitting and 6 doz. and 10 hks. be-
sides stationery.

Another box is about ready for
shipment.

Twenty pairs of socks were
sent to Woodstock July, and \$15
to Lady Tilley in St. John in
October for the Patriotic Fund.

Sources of Red Cross funds are
as follows:

Amount from dues contribu-
tions and visitors \$65.24; 3 public
suppers \$71.85. Results of collect-
ing trip through Knoxford by Mrs.
David Kilpatrick and Mrs. Edner
Reid which amount included \$1.00
each donated by members of soci-
ety, total \$46.30.

(List of donors is too long to
print but copied in Sec. Treas.
book.)

From quilt made by Mrs.
David Kilpatrick and Mrs.
Byron Lord and sold by
ticket \$8.95

Donated by Clark A. Mc-
Bride from phonograph 5.25
Total amount raised 197.59
Total expenditures 156.07
Bal. on hand Dec. 31 1915 41.52

The Red Cross work was sent
to Miss Clements, 223 Germain
St., St. John.

The society would also like very
much to gratefully acknowledge
donations of socks, yarn and
work. Much knitting has been
done by elderly women, some
young mothers and others who
can not attend the meetings.

Mrs. Edmund Longstaff gave 1
lb. yarn and 1 pr. socks, Mrs.
Lambert Wiggins of Maurice,
Mrs. L. O. Wolverton, Mrs. Eve-
lena Carlisle, Mrs. Robinson
Longstaff, 1 pair socks each.

Of Red Cross yarn there has
been knit by Mrs. John Reid 12
pairs, Mrs. Jack Bowater 9 prs.
Miss Minnie Estey 8 prs, Mrs.
Amos Margison Mrs. Evelena
Carlisle and Burden Allen, each
4 prs, Mrs. George Lockhart 3
prs, Mrs. Eliphaz Lawrence 2
prs, Mrs. J. A. VanDine, Miss
Nettie Longstaff, Mrs. Leonard
Bartley, Mrs. Wellington Jamie-
son (of Vancouver), Miss Vera
Reid, Miss Izra Kilpatrick and
Miss Alice Trafford each 1 pair.

Of socks knit by members in
addition to sewing and very regu-
lar attendance Mrs. Chas. Mar-
gison takes the lead, having knit
25 pairs since April. Mrs. Jas.
Reid has knit over a dozen pairs
and several other some pairs each.

New C. G. R. Time Folder

The last issue of the Canadian
Government Railways time fold-
er appears in a new dress, and an
attractive one at that.
On the frontcover the words

"Canadian Government Rail-
ways" are shown in prominent
and distinctive lettering with pro-
nounced initials. A centre de-
sign shows a combination of the
coat-of-arms of the various prov-
inces, followed by the names of
the Intercolonial Ry., Transcon-
tinental R., Prince Edward I. Ry.,
now merged into Canadian Gov-
ernment Railways.

The back cover has a repetition
of the name of the railways, the
centre design being a striking
monogrammatic arrangement of
the initial letters C. G. R. follow-
ed by the principal terminal
points, Halifax, Sydney, St. John,
Charlottetown, Quebec, Montreal,
Cochrane, Winnipeg.

A striking red has been used
for the cover, heading and rules,
the text being printed in black.

Included in the time folder is a
map showing the railways now
under Government operation.—

SOOR, ACID STOMACHS, GASES OR INDIGESTION

Each "Pape's Diapiesin" digests 3000
grains food, ending all stomach
misery in five minutes.

Time it! In five minutes all stom-
ach distress will go. No indigestion,
heartburn, sourness or belching of
gas, acid, or eruptions of undigested
food, no flatulence, bloating, foul
breath or headache.

Pape's Diapiesin is noted for its
speed in regulating upset stomachs.
It is the surest, quickest stomach re-
medy in the whole world and besides it
is harmless. Put an end to stomach
trouble forever by getting a large
fifty-cent case of Pape's Diapiesin
from any drug store. You realize in
five minutes how needless it is to suf-
fer from indigestion, dyspepsia or any
stomach disorder. It's the quickest,
surest and most harmless stomach
doctor in the world.

YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated,
cleanse little bowels with "Cal-
ifornia Syrup of Figs."

Mothers can rest easy after giving
"California Syrup of Figs," because in
a few hours all the clogged-up waste,
sour bile and fermenting food gently
moves out of the bowels, and you have
a well, playful child again.

Sick children needn't be coaxed to
take this harmless "fruit laxative."
Millions of mothers keep it handy be-
cause they know its action on the
stomach, liver and bowels is prompt
and sure.

Ask your druggist for a 50-cent bot-
tle of "California Syrup of Figs," which
contains directions for babies, children
of all ages and for grown-ups.

Influenza

"Granny" Chamberlain

"No one who has not had Influenza can realize the suffering
it causes or how it defies treatment. I know of nothing that will
give such prompt relief as Chamberlain's Cough Remedy, for
when it is taken the pain in the chest disappears, the fever sub-
sides and the whole body becomes more comfortable.

Then again, the after effects of Influenza are often even more
distressing than the disease itself, but they can be avoided if
you use

Chamberlain's Cough Remedy

Though the greatest danger from this disease is Pneumonia,
I have never known a single case of Influenza to result in it when
Chamberlain's Cough Remedy was freely given. The persistent
cough that frequently follows Influenza can be relieved by
Chamberlain's Cough Remedy, and should not be allowed to
run on until it becomes troublesome."

Yours for Health —Granny Chamberlain

The Internal Nerves

The Nerves Which Drive the Machinery of
the Body—the Heart, the Lungs,
the Digestive Organs.

You prick your finger and know that it is the
nerves which carry the painful sensation to the
brain. You move your hand, and realize that the
idea of movement started in your mind. But did
you ever think that every beat of your heart and
every breath of air taken into your lungs is de-
pendent on a constant supply of nerve force?

It is the internal or sympathetic nerves
which drive the machinery of the body, and from
their derangement or exhausted condition arises
weakness of the stomach, feeble action of the
heart, or inactivity of liver and bowels.

When nerve force fails every organ of the
body becomes more or less deranged. Indiges-
tion, sleeplessness, headaches, irritability and
nervousness are some of the first indications.

You lose energy and ambition, find your work a drudgery, and grow
weak and listless. As time goes on you become more and more helpless,
until nervous prostration or collapse bring you to the sick bed, and long
months are often necessary for the restoration of the exhausted nervous
system.

Even in this extreme condition Dr. Chase's Nerve Food will usually cure if its use is
persisted in, but how much wiser it is to heed the warning in the early stages and keep the
nerve force at high-water mark.

No restorative has ever proven its worth in so many thousands of cases as has Dr.
Chase's Nerve Food. What it has done for others it will do for you under similar con-
ditions. By forming new, rich blood it nourishes the starved and depleted nerves back to
health and vigor, and thereby overcomes the cause of weakness and diseases of the nerves.

WATERBURY FOR LIVER AND BILIOUSNESS

Cure Sick Headache, Constipa-
tion, Biliousness, Sour Stomach, Bad
Breath—Candy Cathartic.

No odds how bad your liver, stom-
ach or bowels; how much your head
aches, how miserable you are from
constipation, indigestion, biliousness
and sluggish bowels—you always get
relief with Waterbury. They imme-
diately cleanse and regulate the stom-
ach, remove the sour, fermenting food
and foul gases; take the excess bile
from the liver and carry off the con-
stipated waste matter and poison
from the intestines and bowels. A
10-cent box from your druggist will
keep your liver and bowels clean;
stomach sweet and head clear for
months. They work while you sleep.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and
beautiful—get a 25-cent bottle
of Danderine.

If you care for heavy hair that glis-
tens with beauty and is radiant with
life; has an incomparable softness and
is fluffy and lustrous, try Danderine.

Just one application doubles the
beauty of your hair, besides it imme-
diately dissolves every particle of
dandruff. You can not have nice
heavy, healthy hair if you have
dandruff. This destructive scour robs
the hair of its lustre, its strength and
its very life, and if not overcome it
produces a feverishness and itching of
the scalp; the hair roots famish,
loosen and die; then the hair falls out
fast. Surely get a 25-cent bottle of
Knowlton's Danderine from any drug
store and just try it.
