BIG INCREASE IN POTATO EXPORTS

Progress Being Made With New Warehouse at West St. John

(St. John Telegraph-Journal)
There has been a great increase in the potato export trade from this port, and the efforts of T. W. Caldwell, M.P. representative for Carleton-Victoria, who has spent much time and energy assisting the farmers, are showing excellent results.

The new potato shed, now under construction at Sand Point, is a real necessity, owing to the immense trade that has been worked up between this port and Havana, and if the shipments continue to increase it may be found possible in the future to have still larger facilities.

With a good market in Cuba, the outlook for potato growers in New Brunswick and other parts of Maritime Provinces is reported bright.

The shed being erected at Sand Point, and adjoining the warehouse now being used, will soon be completed, but it will not be finished in time to be of much use this season, which will close in the course of a month. The most difficult part of the work is believed to be, namely, the driving of many piles. Yesterday afternoon carpenters were employed in putting the heavy beams in position so that the floor can be laid. This section of the work will be completed this week or the first of next, and then the frame work of the new warehouse will be started on.

The present warehouse has been taxed to capacity this season. It is heated by steam, but is not large enough for storing the large consignments of potatoes that are daily arriving from different sections of the country. Just as soon as the potatoes are loaded on board a ship the shed is filled up again, while hundreds of carloads await shipment in the C. P. R. and C. N. R. yards. Great care is taken against frost. There is a large heater in every car. There has been a comparatively small loss from damaged potatoes this season, although several hundred bags were frost-bitten after being loaded into the hold of a ship.

The Furness Withy Company, and Nagle & Wilmore are the local agents for all steamships in the potato carrying trade between St. John and Cuba, and each company shows a great increase both in the number of sailings and the consignments.

Messrs. Nagle & Wilmore, in a statement given to the Telegraph-Journal yesterday afternoon, showed that the total shipments made last season on steamers for which they were agents, amounted to 500,000 bushels, while to date for this season 300,000 bushels have been shipped. The potato export season starts on Oct. 1 and finishes about April 1.

The Furness Withy Company have handled to date this season 113,541 bushels of potatoes, against 89,384 bushels for last season. Last season the total number of sailings was 21, while this season there have been 36 steamers and one schooner.

The agents declare that the shipments this season will about double those of last year and look forward to increasing business every season.

PYTHIAN DIAMOND JUBILEE OBSERVED AT BATH

(Delayed in the mails)

Victory Lodge No. 26 celebrated the founding of the order of Knights of Pythias, which was in the city of Washington, February 19, 1864.

Chancellor Commander H. R. Kingston was in the chair. The entertainment committee, consisting Edward R. Marich, M. Vince Giberson and Murdoch MacKenzie (Deputy Grand Chancellor) furnished an excellent program, which was in part as follows: Selection by the orchestra, speech on Pythianism by T. W. Caldwell, M. P., duet by T. R. and Vivian Smith, speech by Rev. C. O. Howlett, selection by the orchestra. At 11:30 p.m. a par excellent lunch was furnished by the Pythian sisters, after which a very enjoyable dance was indulged in until the wee hours of the morning, music being furnished by the Florenceville orchestra.

Too much praise cannot be given to the Pythian Sisters for the appropriate and elaborate decorations supplied for the occasion.

FIXING RATES FOR HARTLAND ELECTRIC

Twelve Cents For Lights and Minimum of Five Cents For Power is Asked by Company—Decision Later

An adjourned hearing of the application of the Hartland Electric Light Company was held before the Board of Public Utilities at St. John on Wednesday of last week. M. L. Hayward, L.L.B., solicitor for the applicants. G. F. Seeley, manager of the Company, called to give evidence talked respecting the manner in which the rate base was made up and the necessity for the company asking for rates of 2c per k.w.h. for lights and 5c for power. Reference was made to some opposition from the Town of Hartland, and a letter from Mayor McFarland was read in which the town dissented from the contention that Mr. Seeley's plant was worth anything like what it was represented and expressed an unwillingness to pay rates high enough to give a return upon a plant which they considered of little value and upon an item of \$2000 goodwill, which was included in the agreement of the Hartland Electric Company when it undertook to pay Mr. Seeley \$2000 for his plant, distribution lines, etc.

Mr. Seeley was cross-examined by Chairman Trueman and the members of the board with respect to many items which they considered large. The Town of Hartland asked for a rate of 10c per k.w.h. for domestic lighting and 6c for street lighting. The new company estimates its plant value at something over \$12,000 and asks for an eight per cent return upon that and for various sinking funds, depreciation, overhead expense, maintenance, etc., making their total requirements per annum in the vicinity of \$7000. The amount of current to be used will average, they think, about 2,300 k.w.h. per month and the returns from this with street lighting and bridge lighting in addition and some return from power will leave them \$2000 behind their requirements.

The board promised consideration and intimated that its expert, Mr. Midram, would be sent to Hartland to investigate the condition of the old plant the character of the new transmission line erected, and to make a report thereon.

HOUSE BURNED IN FLORENCEVILLE

Florenceville, Feb. 23—Florenceville was visited by another fire recently, when the residence belonging to Rex Stephenson and occupied by Sam Jones and family was destroyed. As soon as the fire was noticed Mr. Jones started to a neighboring house with his wife and three small children. When he returned to the house he was only able to rescue a little bedding and a few small articles. There was no insurance on the building or contents.

The Rev. W. F. Haigh will hold services on Sunday as follows: Beaufort at 10:30, Glaserville at 2:30 and Argyll at 7:30.

SENTIMENT FOR GOV'T DEVELOPMENT

Was Strong—A Big Banquet by Grand Falls Board of Trade Monday

A banquet was held at the Curless Hotel, Grand Falls, on Monday, by the Board of Trade. Upwards of seventy-five delegates from points outside of Grand Falls were present. Edmundston sent the largest delegation, sixteen going from this place. The banquet was held in order to confer with the delegates from other boards of trade in regard to the development of the power available at Grand Falls and to show the government that sentiment is behind the movement for the immediate development of the latent energy which has been going to waste for thousands of years.

About 130 sat down to the tables at a little past eleven o'clock. Dr. Kilpatrick acted as toastmaster. After the loyal toasts had been drunk and the national anthem sung the toastmaster called upon Mayor Collins who proposed the toast to the guests of the evening. In his speech of welcome the mayor spoke of the population of Grand Falls and gave particulars regarding the industrial development and educational facilities which were there. Touching on the proposed embargo of pulpwood he said that as a chipper he did not believe that it was to the best interest of the province that pulpwood should be exported until hydro was developed and mill facilities provided for home manufacture. He was strong in favor of the development of Grand Falls by the government, feeling that they, the government, should co-operate with a private corporation. He proposed that in the interest of the province that a provincial board of trade should be established.

President Pirie of the Grand Falls board of trade next spoke, voicing his appreciation of the help which other boards of trade had given to the impetus to having the power at the Falls developed. He was followed by vice-president Rideout who gave a vivid picture of the raw material which was being shipped out of the province on account of lack of hydro-electric energy. W. M. Costigan in an eloquent speech, bristling with humour, gave the history of the undevelopment of Grand Falls, extending over a period of thirty years. He castigated the various governments which had given rights to provincial corporations and then had not completed them to live up to their agreements, but gave extensions of time. He said that the rights of the people had again and again been sold for a mess of pottage. Their attitude to this question savoured of the historical conversation which took place between the pot and the kettle. He called upon the present government to pass legislation at the coming session which would insure the immediate development of the available power.

Professor Theriault of the Edmundston vocational school responded to the toast to the ladies, and in a style which has made him famous in the northern parts of New Brunswick and Maine convulsed the gathering with his humour and brought out again and again in some unexpected place. The younger set gave a dance in the Opera House on Friday night following the basketball.

On Sunday evening the East Florenceville Baptist choir of nine voices took full charge of the music in the Baptist church here, and furnished a musical treat for the congregation.

The well balanced unison and part singing of the choir reflects a great deal of credit on the leader, Mrs. Simonson, and it is very doubtful if anywhere short of the city churches can a better aggregation of voices be found. In the duets and male quartette selections the work was also most admirable. The pastor, Mr. Bell, was warm in his praises of their efforts, and the choir will always be sure of a warm welcome at any time they may favor the congregation with another song-fest.

Rev. H. R. Bell will preach on Sunday at Centreville, 11 a.m.; Good Corner, 3 p.m.; Lakeville, 7:30 p.m.

Mr. and Mrs. Beecher Clark spent the week-end at Mars Hill.

The many friends of the late Del Banks of Mars Hill will learn with regret of his sudden death on Thursday last at his home there. Deceased was a comparatively young man and his genial disposition had won him hosts of friends.

with his grandmother, Mrs. Bart Rogers.

Mrs. N. R. Jensen of Hartland was in town a few days last week on business. While here she was the guest of Mr. and Mrs. H. D. Street.

The young people of Bristol spent Friday evening at Mrs. John Shaw's.

All report a good time.

Mrs. Jack Gregg has moved into the house owned by N. R. Jensen.

James, Boyer spent Sunday at his home here.

Mrs. Elizabeth Street of Bath is spending a few days with her son, H. D. Street.

Ralph Grant and Walter Searle are cutting ice.

John Shaw is home for a few days.

F. J. Sloat sustained a bad fall at the boundary bridge last week resulting in a fractured nose.

Bishop Richardson of Fredericton spent Sunday here and ministered to the members of St. James church on Sunday morning. He also carried out the baptismal service.

Invitations are out for an old time dance on Friday evening of this week. This dance has been promulgated and is being carried to a successful issue by the matrons of the town, and promises to be the affair of the social season.

Inspector Leo Moore of Woodstock spent part of last week in the vicinity making a round of the various school districts near here.

G. M. Caldwell and Mr. Armstrong of Bristol were in town on Business Friday.

Last week was a busy one commercially. Each day saw from three to five travellers in town with new 1924 goods.

Wm. Kennedy of Woodstock was here on Thursday and succeeded in landing several insurance prospects.

Mr. Cains of Fredericton was here part of last week looking over tinsorial prospects.

The picture management put on "The Ragged Edge," a thrilling drama, starring Alfred Lunt and Mimi Palmer on Wednesday evening. In this play a gum shoe man kept our hero on edge all the time, by his diligent shadowing, when in reality the man hunt was for no crime whatever, merely to reformation of his whereabouts.

On Saturday evening "Legally Woad," a strange tale of prison life execution and the restoration of life through the administration of adrenalin, together with startling denouements that took place in the man's existence while legally dead. The story was a most exciting one. Look elsewhere for additional advertising regarding this week's program.

Mr. Hovey spent the week-end in Bristol.

Ruth Boyer entertained a number of her little friends on Wednesday evening.

D. W. Rogers and Fred Grant were to East Florenceville one day this week.

SENTIMENT FOR
GOVERNMENT DEVELOPMENT
(Continued from first page)

points in favor of the government developing the falls.

Dr. Pio LaPorte, president of the Edmundston board of trade gave some features in connection with the proposed development. He paid a tribute to the Grand Falls board of trade for its efforts in the past. He believed that the time had come when the government should act in no uncertain way concerning the project. The work which had been done to get the opinions of corporation and municipalities and private individuals showed the benefits which would accrue to not one portion of the province but to the whole province and the dominion and he reiterated the stand taken by the Edmundston board of trade that the hydro development was one for the government and for the government alone; that Grand Falls should be developed immediately and operated solely for the people of New Brunswick, by the government of New Brunswick.

Hon. L. A. Dugal, ex-member of the hydro commission, dealt with the long delay and the many promises. As a former member of the commission he gave facts regarding storage areas and said he believed that there was no doubt but what the Government would do its last talking regarding development at the session to be held immediately, and that we should see almost at once steps being taken to make hydro electric energy not a thing of the future but a thing of the present, bringing prosperity in its train.

Rev. John Hardwick, of Edmundston, editor of the weekly paper there, followed Mr. Dugal, saying that he was there that night not in the capacity of a minister, but of one who was in part reflecting public opinion. Although he knew nothing about hydro development he did know that people were leaving Canada at the rate of 10,000 a month and that New Brunswick was suffering from the Exodus as testified by abandoned homes and farms. Co-operating with the board of trade of Edmundston his paper sent out telegrams to different parts of the province asking for expression of opinion. He asked for permission to read some of them. They came from Sackville, Campbellton, St. John, Fredericton, Bathurst, Chatham, from corporations and from mayors of towns, from newspapers and from boards of trade. In reading one from the Daily Gleaner, Fredericton, which formed the heart of their editorial of Monday night, he was loudly applauded, and

closing he referred to the fight which Gov. Baxtor of Maine had had during the past year to keep the water resources of that state out of the hands of corporations who would exploit the people's heritage, and he read a personal letter from the government saying that if the people of New Brunswick rightly understood the issues the water powers of the province should be retained for the people of the province for all time.

Dr. Violette of St. Leonards, member of the local house, followed, saying that he had consistently been in favor of the development and had voted his opinion consistently ever since he had had an interest in public affairs. A. C. Belleisle of Campbellton followed sketching difficulties in the Miramichi and showing what a great change would come if the power was developed. He went on record favoring government development and government operation.

A telegram was read during the evening from Frank D. J. Barnum regretting his inability to be present and hoping that the meeting would be successful and endorsing government ownership and immediate development. A telegram was also received later in the evening from the Hon. Peter Veniot, regretting his inability to be present and said that the Grand Falls question would come up shortly before the local house, but that he could say that everything pointed to a favorable decision regarding the development of Grand Falls by the Government.

The complete toast list follows: Grand Falls Board of Trade, responded to by President Fred W. Pirie, Vice-President H. Rideout, W. M. Costigan and W. R. MacLaren.

The Province, responded to by Dr. Violette, M. L. A., D. W. Pickett, M. L. A., and G. W. Warnock, M. L. A.

St. John Board of Trade, responded to by former President W. F. Burditt.

Woodstock Board of Trade responded to by Robert Strain and W. S. Sutton.

Campbellton Board of Trade, responded to by J. A. LeBlanc, George D. MacKenzie and A. C. Belleisle.

The Clergy, responded to by Rev. Thomas Albert, of Grand Falls; Rev. John Hardwick, of Edmundston; Rev. R. J. Miller, of Grand Falls; Rev. A. J. Patstone, of Grand Falls.

Business, responded to by J. L. White, C. F. Gallagher, Bath; Hon. P. Smith and A. McCain, Florenceville.

It was resolved that the Government proceed with the Grand Falls Power immediately.

METHODIST HOLD
DISTRICT MEETING

Profitable Discussion of Woodstock District Held

Woodstock, Feb. 29.—The Woodstock district meeting convened in the Methodist church at Woodstock Thursday. The afternoon session was opened at 2:30 p.m. with Rev. D. R. Chown in the chair. After the usual devotion the pastor of the church was called upon to speak upon the subject dealing with the recent banquet that was tendered to the father and sons of Woodstock Methodism as well as describe the work of the league of societies. After this address a round table conference was conducted by Rev. H. Stanley Young of Jacksonville dealing particularly with the work of the Sunday school department of the district.

Rev. E. E. Fytche of Andover, then spoke on evangelism in the Sunday school. He stated very forcibly the extreme need of training the child in the way of evangelism as that was the plastic age when impressions could be made and the mind was more alert in remembering the teachings of early childhood. After this address a very interesting and helpful discussion took place as to the evangelism of the child.

The evening session was called at 8 p.m. with Rev. D. R. Chown in the chair. Two very instructive addresses were given one by Rev. George Soller of Debec, and the other by Rev. J. K. King of Hartland. The first of the speakers spoke on the thought of the new birth while the latter spoke on the subject of evangelism as related to the whole church. The meeting was then dismissed after which Rev. Mr. Miller gave to the convention his splendidly prepared report of the social service conference that was held in St. John a few weeks ago.

The day was well spent because of these very instructive and helpful addresses that were given by the men of the district. The district was fully represented as every pastor of the entire district was here with a good representation of the laymen from the different circuits.

STAR CARS

A few weeks ago I announced the agency for this

Low Price, Sturdy Built Car

Let us point out a few strong features:

- We are prepared to back what we say
- It has the Red Seal Continental Motor
- The Tilleston Carburetor
- The M. Spicer Universal Joint
- The Timpkin Front and Rear Axle
- Gear-set is the Warner Type
- The A. & L. Generator and Starter
- The A. & L. Ignition

We wish to point out that all these parts are used in a number of high priced cars, such as the Willys-Knight, Chalmers, Durant, Packard, Studebaker Light and Heavy Six, Paige, etc. If you are thinking of buying a really nice car here is the lowest priced car in the world with exception of the Ford. It is the lowest priced 4-shift car. It classes with automobiles costing several hundred dollars more and looks its class. One on exhibition now.

C. W. McQUARRIE

Don't close any deal for Machinery, Range, or a Car until you have seen me.

Here to Stay! Why Not?

It must be surprising to those who have predicted our downfall long ago, to know we, as a Farmers' Store, are still alive. And no doubt they will be more surprised to know that the Farmers', or a store where the public can buy their needs at a moderate price, is here to stay.

Why crush the Farmer, the tiller of the soil? Put them out of business and every business door will be closed.

The good Lord gave the Farmer about the first job. Why then, you little piece of humanity, try to keep them from conducting an honest business to help them on their job? I have yet to hear one say that they have not been benefited by having a Farmers' Store but I have heard many, both those who are, and those who are not our customers, say that they have and are wonderfully benefited, for in trading at other places they get goods cheaper than if there was no Farmers' store, or in other words the Farmers' Store KEEPS PRICES DOWN. This is no dream.

Some ask "What about Dividends?" Many

of our largest shareholders are wise to the fact and have told me that they have gotten their dividends and some of the money invested every year by sticking to their Store and thus save money.

We started in business, not to make a big surplus every year out of the poor, or to crush our fellow business neighbor. Neither are we looking for all the trade. Neither are we jealous if we see goods going from our neighbor's store.

Neither do we combine with other stores in Hartland on prices. We set our own prices, run our own business and every one from a bank manager to the poor despised farmer can and does benefit by our existence.

True, many very large business firms have gone to the wall since we started in business, and while we have had a big battle for life, we are yet quite alive and the more knocks we get the better we are advertised, and we are told "It pays to advertise." We get a lot of it gratis, Thank you.

THE MANAGER.

SEEDS

The Farmers' Store have on order to arrive a Carload of the famous STEEL-BRIGGS TIMOTHY, CLOVERS, FIELD PEAS and FODDER CORN, and GARDEN SEEDS in BULK.

Our SEEDS will be of G. S. Quality and at lowest possible prices. Take the admonition "Farmers be not Deceived" for you will be if you buy Timothy for \$4.50 per bushel, thinking you are getting the best grade No. 1. The best grade Timothy cannot be landed here in car lots for that price.

Farmers, wake up, be alive to your own interests. You know you have told me that you have for years bought No. 1 SEED thinking you were

getting the best, when you were only getting the second or third grade No. 1.

Prices have already advanced. Call, phone or mail your order to us and we will protect you on price and you need not take seeds until needed.

If you need any SPECIAL SEED we can get them for you.

Some have already booked Seeds. Don't delay, order now. SPEED UP.

Even The Least Skin Irritation—

or any rough patch, soreness or eruption, should be regarded as a possible source of eczema or other painful and obstinate skin disease.

Treat every troublesome place with Zam-Buk. This refined herbal balm (unlike fatty pore-clogging ointments), sinks deep into the skin. It soothes and purifies the whole tissue, drawing out all poisonous and offensive matter; clearing the skin and complexion in a wonderful way.

Zam-Buk

AND ZAM-BUK MEDICINAL SOAP

"A severe eczema started on my daughter's face and neck," says Mrs. H. Amey, 42, Lyall Ave., Toronto. "I was about to call in a skin specialist when I heard of this Zam-Buk treatment rescuing other sufferers. So I got a box of Zam-Buk and some Zam-Buk Medicinal Soap. This two-fold treatment had a great soothing and purifying influence. Day by day the sores all gradually healed and within the month my daughter's skin was thoroughly cleared of all impurity."

SAMPLE BOX of this great herbal skin remedy can be had free and post-paid from Zam-Buk Co., Toronto.

The Zam-Buk balm is sold at 50c. the box. Zam-Buk Medicinal Soap 25c. the cake, 70c. box of three. Of druggists everywhere, or Zam-Buk Co., Toronto.

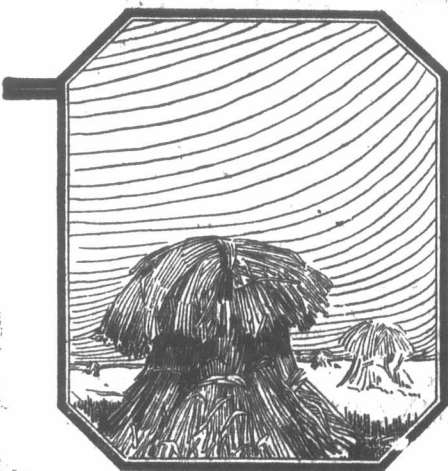

SOOTHES, PURIFIES & HEALS

Worth Its Price

"We have cheaper teas, madam, but I think you'll find 'KING COLE' is worth its price." So said a wise grocer recently to a questioning customer. He was there not merely to serve her, but to serve her well. He might please her purse with the cheaper article but her judgment of his service would be on the quality of the tea supplied. He wanted a satisfied customer.

This was one of the many merchants using "KING COLE TEA" in their own homes, and so he could say with sincerity: "It is worth the price."

"You'll Like the Flavor."

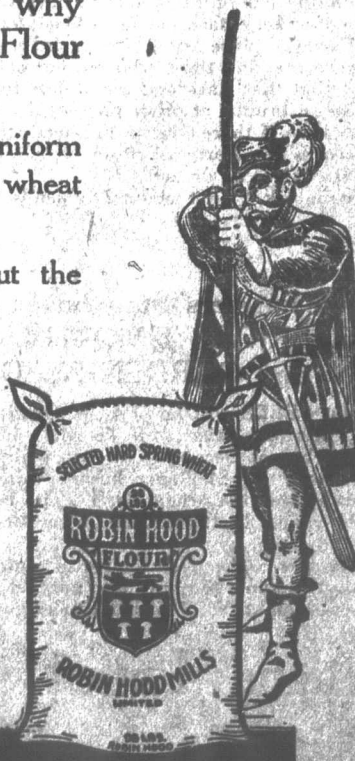

Milled from Selected Western Hard Spring Wheat

Is only One of the Reasons why Robin Hood Flour is the Great Flour of Greater Canada:

Scientific milling produces a flour of fine, uniform granulation in which the true flavor of the wheat is retained;

Exacting care and attention throughout the milling process and frequent test bakings daily ensure those large, nourishing loaves that make possible such a penalty "money-back" as is put into every bag and barrel.

Mrs. E. Guilmont was in Andover on Friday accompanied by her son.

Donald Taylor left here Friday for Vancouver where he expects to locate for a time if it suits him. His uncle, Mr. Jack Taylor will meet him there.

Miss Margaret Taylor went to Houlton last week where she will enter the Hospital to train for a nurse. Those young people will be much missed by their many friends here and all wish them success in their new undertakings.

(From another correspondent)
J. G. Kirkpatrick, of Fredericton spent a couple days in town last week the guest of Mr. and Mrs. Jas. Foster. His mother, Mrs. Mary Kirkpatrick, accompanied him on his return to Fredericton Friday.

Mrs. Stroupe entertained a number of friends Thursday evening last week. Cards have been received by friends of Mr. and Mrs. Harold B. Stanley of Portland, announcing the birth of a daughter, Jeanette, on the eighteenth of February. Mrs. Stanley was formerly Miss Hazel Price of this town.

KEEP CATARRH AWAY WITH VICKS

"Finest Thing I ever Used," Says New Brunswick Lady.

Vicks is good for common colds, sore throat, bronchitis, catarrh, croup, tonsillitis, grippe and all inflammations of the nose, throat or lungs. The ingredients, Camphor, Menthol, Eucalyptus, Turpentine, Thyme, and Juniper Tar, make Vicks equally effective for inflammations of the skin, such as cuts, burns, sores, bruises and skin itching.

Mrs. Thomas Brown of Sandy Point Road, St. John, New Brunswick, says: "Vicks VapoRub is the finest thing I have ever used. I had catarrh of the throat for years and nothing seemed to do me any good. I read about Vicks and bought a jar at the drug store. I was relieved at once, but I kept on using Vicks. I now feel quite well."

Vicks is a salve that acts like a plaster and a vapor lamp at the same time. It is absorbed and inhaled. A valuable family remedy kept on hand in millions of homes Vicks is used constantly for all the daily ills and hurts of all the family.

At all drug stores 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

OLD TIME LOGS CUT IN MADAWASKA

Thirty-Two Feet Long and Fourteen Inches at the Top—Were Taken Off the Randolph & Baker Limits

(Fredericton Mail)

At a time when many bewail the decay of the lumber industry in New Brunswick and the logging of "tooth picks" compared with the forest giants of other days, it will come as a surprise that logs that scale three to the thousand feet are being taken out in Madawaska county this winter. G. F. Burden of the department of the Chief Scales, visited that section this week and saw logs being brought to the mills which would have been a credit to the province at any time in its history.

At Alex. Dunbar's mill on the Siegas logs which ran three to the thousand feet were being delivered. They were thirty and thirty-two feet in length and twelve or fourteen inches at the top. A new church is being erected at St. Andre and the huge logs were wanted for that edifice. This lumber is off the limits which were held for many years by Randolph & Baker and which were sold recently to Fraser Companies Limited.

In another part of the same county Mr. Burden saw some remarkable large loads of logs being hauled. Loads with 121 logs in them were being hauled to the mill of James Burgess on Grand River.

Snow in Madawaska county is much deeper than in this section. The storm this week which produced a few inches here made a foot there.

A successful logging season in the north is expected to be reflected in generally improved business conditions.

WELCH SIDING

Arnold and Charlie Crabb who have been cutting hardwood have finished and are now getting telephone poles.

Mrs. George Hunter and son Gerald spent the afternoon with Mrs. Charlie Crabb on Wednesday.

Misses Addie and Alice Morgan and Mr. Crabb was calling on Mrs. George Hunter and Mrs. William Patrick on Tuesday.

John A. McLean who has been employed in Flemmings and Gibsons mill has left for his home in Chatham.

Harry Campbell from Alberta made a short visit to his brother, Walter Campbell, of this place, last week.

Judson Foster who has been working for Edward White is now working with Charlie Crabb.

Mrs. Charlie Crabb who has been on the sick list for quite awhile, has recovered enough to go for a sleigh drive as far as Juniper, on Sunday last.

A crowd gathered at Charlie Crabb's camp on Saturday night and a very pleasant evening was spent in music and dancing.

Edward White who is doing a good business in logging, has got 20 teams and they are now hustling in the logs.

Edgar Cannon from Prince Edward Island is slowly recovering from the Victoria hospital, Fredericton, from injuries received while employed in the lumber woods for Arnold Crabb.

It is a long ways in the woods but we are having some good times just the same. There was a big crowd

gathered to Ed White's camp two weeks ago where Moody Brooker held a meeting assisted by Mr. Jones.

Jim Wallace who is cooking for the mill crew is kept quite busy as he has over 60 men to cook for. Adlard Chaslin is cooking for him.

Charlie McDonald from P. E. I. has been laid up with a cut foot but he is able to go back to work again.

PERTH NOTES

Mrs. George Clark and two children left on Saturday for Edmonton to join Mr. Clark, who has a position there. It is expected they will remain until some time in April.

Miss Gertrude McPhail is spending a few days in Fredericton.

Miss Bessie Dumas of Houlton was the guest of Mrs. S. Winchester a few days last week.

Mr. and Mrs. Wm. Clark have the sympathy of many friends in the death of their little daughter, last week.

Wm. Johnston returned on Saturday from a trip to Houlton.

Mrs. A. G. Gunter is spending a month with relatives in Boston and New York.

The ladies of the two towns gave an at home in the Specialty theatre on Monday night in the interests of the basket ball team, which was given for both bridge and forty-fives. There was also a musical entertainment. The ladies of the club furnished a delicious lunch at the close.

Mr. and Mrs. Wm. Sadler of Maple View were week-end guests of Mr. and Mrs. F. D. Sadler.

Fred Sadler of Maple View was in town on Monday.

Ten many friends of Mrs. Ida Baird will learn with regret that she was obliged to enter the Fisher Memorial Hospital on Monday for a surgical operation.

PUTS HEALTH AND VIM INTO WOMEN

So Says Mrs. MacPherson of Lydia E. Pinkham's Vegetable Compound

Brantford, Ontario.—"I was always tired and the least exertion would put me out for a day or two. I had a pressing pain on the top of my head, pain in the nape of my neck, and when I stooped over I could not get up without help, because of pain in my back. I did not sleep well and was nervous at the least noise. I kept house, but I was such a wreck that I could not sweep the floor nor wash the dishes without lying down afterwards. A friend living near me told me what Lydia E. Pinkham's Vegetable Compound had done for her so I began to take it. With the first bottle I felt brighter and got so I could wash dishes and sweep without having to lie down. Later I became regular again in my monthly terms. I have taken ten bottles all told and am now all better. I can truly say that your wonderful medicine cannot be beaten for putting health and vim into a woman."—Mrs. James H. MacPherson, 302 Greenwich St., Brantford, Ont.

If you are suffering from a displacement, irregularities, backache, or any other form of female weakness write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for Lydia E. Pinkham's Private Text-Book upon "Abnormalities Peculiar to Women."

NEW LAMP BURNS 94 PER CENT AIR

Beats Electric or Gas

A new oil lamp that gives an amazing brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. M. Johnson, 346 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. 15-22.

72 Years Old But Actively on Job

Railroad Man Attributes Good Health and Strength to Tanlac

Seventy-two years of age, but still in possession of the priceless boon of good health and actively on the job with the Central Vermont Railroad, where he has worked for 40 years, is the remarkable record of H. H. Moore, 24 Messenger St., Albany, Vt., who attributes his present health and strength to the use of TANLAC.

"I have never in my life seen the equal of TANLAC," said Mr. Moore recently. "After spending a lot of

money on things that proved worthless for stomach trouble of the most obstinate kind, TANLAC made me feel like an entirely different man. For nearly two years I had been gradually getting worse, and my strength and vitality had got so low it was hard for me to attend to my duties. Indigestion, constipation, and nervousness made life miserable before I found TANLAC, but now my health is normal and I feel happy as I work. I shall always be grateful to TANLAC.

TANLAC IS FOR SALE BY ALL GOOD DRUGGISTS—ACCEPT NO SUBSTITUTE—OVER 40 MILLION BOTTLES SOLD.

Edmundston Locals

M. Hentle of St. John was in town over the weekend.

Archibald Fraser of Fraser Companies Ltd., was in town this week. The Hon. J. E. Michaud left this week for a complete rest in a Sanatorium in Quebec.

A. McLaw, representative of the Dunlop Rubber Co., was in town over the weekend, coming here from St. John.

The Hillside Bridge Club was entertained this week at the home of Mrs. Sherwood. Mrs. Audrey Rideout made the highest score.

G. McN. Steeves of Fredericton, engineer of the New Brunswick Hydro Commission doing special work in connection with the Grand Falls project, was in town on Tuesday.

Miss D. Miller and Mrs. Seely entertained at the home of the latter in honor of Miss Jean Barnet, last Thursday. Miss Barnet left this week for Fredericton and the party was more or less of a farewell to her. Brides was played and delicious refreshments served to the many guests present and all joined in wishing Miss Barnet good luck and a return sometime to Edmundston.

Mrs. S. E. Burpee entertained at four tables of bridge on Wednesday afternoon, those present being Mrs. Owens, Mrs. Wolcott, Mrs. Bulger, Mrs. Matheson, Mrs. Sergeant, Mrs. Lockhart, Mrs. Hall, Miss Babin, Miss Roberts Hammond, Mrs. Pickard, Mrs. Sherwood, Mrs. Chesley Stevens, Mrs. J. M. Stevens, Mrs. Franchetti, Mrs. Murchie and Mrs. Rideout. Mrs. Franchetti presided over the tea cups and Miss Roberts Hammond, Mrs. Pickard, and Miss Babin served.

The unusually large congregation in Fraser Hall on Sunday evening of St. Paul's church, were delighted to listen to the singing of one of Ontario's noted soloists, Mr. Weir Elliott of Welland. Mr. Elliott has a rich baritone and every word could be heard with a distinctness not always discernable in otherwise good voices. Mr. Elliott, who is staying with his sister, Mrs. (Dr.) Lockhart, for a few weeks, is the regular soloist in the

Presbyterian church in Welland, Ontario. We understand that he will be one of a quart at the evening service in Fraser Hall next Sunday evening.

Great sympathy is felt for Mr. and Mrs. Massie in the loss of their eleven months old baby last Sunday. The little one had had some slight breathing trouble from time to time during the past few months, but it was not considered serious and the parents intended to take it to Woodstock in the summer. It had been steadily gaining in weight however for weeks and was considered an unusually healthy child. On Sunday to the great shock of Mr. and Mrs. Massie it had a choking spell, and passed away in less than four minutes. A doctor was called but could do nothing, although every effort was made to resuscitate. The funeral was held on Monday at the Church of St. John Baptist, the Rev. N. Franchetti officiating.

Mrs. S. E. Burpee entertained at bridge on Wednesday evening. Retired Postmaster Vavasour of Fredericton is visiting his son, Kenneth Vavasour.

We regret to hear that Miss McLean of the Western Union staff is confined to her room with a severe cold.

The Saturday Night Bridge Club was entertained last week by Mrs. Vavasour. Mrs. N. Franchetti was the prize winner.

We regret to hear that Mr. and Mrs. McKay, 21st Ave., are removing from Edmundston. They leave for Buffalo, N. Y., the end of next month.

Mrs. E. A. Moore entertained on Wednesday for Miss Jean Barnet on the occasion of the latter's transfer to Fredericton. During the evening games were played, and refreshments served, and all joined in wishing Miss Barnet the greatest success in her new position.

We have received the program of services to be held during Lent and Easter in St. John Baptist Church, beginning on Ash Wednesday, March 5, and extending until Easter Sunday. We are also in receipt of a monthly magazine, published by the Woodstock Denary and giving all the news of the churches in the Woodstock Diocese. Every Anglican should have a copy, and orders may be given to

the local Minister, the Rev. N. Franchetti.

On the occasion of leaving Edmundston for Fredericton Miss J. A. Barnet was presented by her class of girls in the Sunday School of St. Paul's church last Sunday with a recent work of fiction "The Desert Horizon." Miss Barnet is being transferred to the Fredericton office of Fraser Companies Ltd. During the comparatively short time she has been in Edmundston she has endeared herself to the people of St. Paul's church who regret her transference keenly. She has been active in the work of the church, and presided at the piano at the morning services. Her many friends wish her the best of good luck, and hope that some day she will be back with us again in Edmundston.

Mrs. White and Mrs. Pickard were joint hostesses at a bridge party at the home of the former last Friday. The rooms were beautifully decorated with spring flowers. Mrs. Burpee presided over the coffee cups. Mrs. L. M. Sherwood and Miss Jean Barnet, and Miss Audrey Rideout served the refreshments. There were six tables of bridge. The prize winners were Mrs. McCabe, Mrs. Burpee and Mrs. Hall. Those present included Mrs. McCabe, Mrs. Hall, Mrs. Morton, Mrs. Seely, Miss Roberta Hammond, Mrs. McKenzie, Miss Helen Stevens, Mrs. Keith, Mrs. Sherwood, Mrs. Matheson, Mrs. Murchie, Miss Jean Barnet, Miss Brebner, Mrs. Landers, Miss Babin, Mrs. Franchetti, Mrs. Stevens, Miss Grace Stevens, Mrs. Scott, Mrs. Merritt, Miss Wheeler, Mrs. Burpee and Miss Audrey Rideout.

KILBURN NEWS

Mrs. Alice Kilburn will entertain the Ladies Aid of the Methodist church on Wednesday afternoon.

Mrs. Perry Bishop will entertain the Ladies Aid of the Baptist church on Wednesday afternoon, March 12.

Mrs. F. V. Bishop and son Stewart, drove to Perth on Saturday.

Miss Phillips spent the week-end in Perth, the guest of Rev. H. S. and Mrs. Mullen.

Miss Zeta Grant of Andover, spent the week-end at her home here.

Rev. G. O. Vasson of Bath was entertained at the home of Mr. and Mrs. T. D. Vandine during the week-end.

Mr. and Mrs. Edd Drost and son, also Mr. and Mrs. C. B. Inman and family spent Sunday in Perth and attended the evangelistic meeting being held in the Reformed Baptist church.

Mr. and Mrs. Vandine, Mr. and Mrs. Murray B. Grant, also Mr. and Mrs. P. H. Bishop and Mrs. Isabel Bishop were to the service in the R. Baptist church.

FIRE

Lives Saved by Cats Sagacity

(Edmundston Observer)

Last Saturday morning two lives were saved by the sagacity of a cat, in Edmundston. The dwelling house and store owned by Charles Grady, Victoria street, in some unaccountable manner caught fire. Mr. Grady lives above the store and living with him is E. E. Miller who used to be the proprietor of the jewelry store. Mr. Miller has been living with Mr. Grady ever since he ceased to conduct his own business. Early in the morning the cat came to the bed where Mr. Miller was and in truly feline tones showed its concern for something in the house that was contrary to the usual order of things. Mr. Miller is a heavy sleeper, and it was early in the morning, and at first he contented himself with showing sympathy to the cat's attentions, or what he thought was the cat's affection. Puss however kept on with the good work, and at last aroused the sleeper, and immediately he was thoroughly aroused he smelt smoke. Miller then aroused Grady and told him his suspicions, but this sleeper was with considerable difficulty made to realize that there was indeed smoke proceeding from somewhere, but both men now awake they investigated and found that the whole interior of the house was on fire, and that they would have to use all speed in order to save their lives. Plunging through the acrid, blinding, and choking house they fought their way to freedom and safety, and gave the alarm. The fire brigade responded promptly, but the alarm was given too late to save anything, the contents of the house being so badly damaged that it will have to be razed. The loss is partly covered by insurance. About two hundred dollars worth of books were in the building belonging to Hiram Grady, brother of the owner of the house.

Both Charles Grady and E. Miller have a very strong affection for cats now, and no stray kitty will ever go hungry when they are around.

Melancholy-Gloom-Despondency Tell Of Exhausted Nerves

It is unfortunate that one of the most common symptoms of nervous exhaustion is the tendency to melancholy, gloom and despondency.

You get looking on the dark side of things.

You begin to worry and cannot see that the future holds anything better for you.

The supply of nerve force is running low and you lack the energy necessary to throw off these blighting, depressing feelings.

The depleted nerve cells must have nourishment.

They must be fed back to health and strength.

In Dr. Chase's Nerve Food you find in condensed and easily assimilated form the ideal treatment for an exhausted condition of the nervous system.

You will not be using this treatment long before you find yourself sleeping and resting better.

It will take a little time to build up the system, but you will soon find yourself more

cheerful, more confident and more energetic and will be encouraged to keep up the treatment until fully restored.

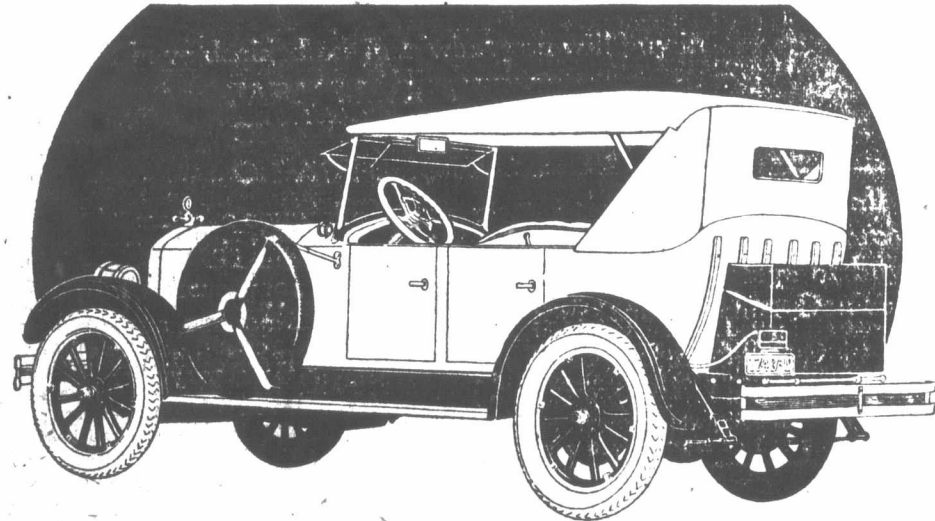

Such symptoms as headaches, irritability and indigestion disappear as the nerves are strengthened and resume their functions in controlling the activities of the vital organs of the body.

No treatment for the nerves has ever met with such unqualified success as Dr. Chase's Nerve Food. This is proven in many hundreds of thousands of cases, many of which are reported in the newspapers from day to day.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c, the box now contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 35c, a box of 35 pills, instead of 25c for 25 pills. Edmondson, Bates & Co., Ltd., Toronto.

JOHN H. NOBLE

The many friends of John Holmes Noble will regret to learn of his death which occurred at the home of his son, Leighton A. Noble, Bristol, Feb. 2. Mr. Noble was born to Elijah and Julia Noble sixty-nine years ago in the village of Rockland, where he spent the greater part of his life as a son of the soil. Early in life he professed Christ and united with the Baptist church of that place. While young he married Ella Smith of Rockland. The issue of the union are Austin, now of Oregon; Ella, now Mrs. Frank Mills also of Oregon; Leighton A. and Carrie H., both of Bristol. After the death of Mrs. Noble, fourteen years ago Mr. Noble moved to Fielding where he resided until a few months ago when he became so ill he was deemed wise to move him to the home of his son Leighton at Bristol, that he might be more easily cared for. Everything that medical skill and loving hands could do to ease the suffering caused by his gaseous affliction was done. Death to him was great deliverance. Religious exer-

cises were conducted at the house and the funeral cortege proceeded by train to Hartland and thence to Rockland, by team, where an address was given in the Baptist church by Rev. K. M. Vallis. Interment was made in the family lot. Beside his children, two sisters survive: Mrs. Oscar Warren of New Hampshire and Mrs. J. M. MacCallum of Hartland. The sympathy of the entire community is tendered the bereaved ones.

HARTLAND UNITED BAPTIST CHURCH

Sunday will mark the close of fifty years of missionary activity by the Baptist Denomination of Canada among the Telugu peoples of India. In honor of this event a grand missionary jubilee will be celebrated by the Baptist Churches of Canada, and the observance of this jubilee will be inaugurated by special missionary services on Sunday next. Consequently the service at the Hartland Baptist church next Sunday will be devoted to missions. The Pastor will speak on the subject "Fifty years with

the Telugu."

Again in the evening the pastor will preach taking for his subject "The Tree and its Fruit."

The public is especially asked to note that a change has been made in the time of the ringing of the morning church bells. Beginning on Sunday there will be but three bells: one at 10, one at 10:30 instead of 10:45 and the last bell at 11 o'clock.

NOTICE OF APPLICATION FOR LEGISLATION

NOTICE IS HEREBY GIVEN that application will be made to the Legislative Assembly of the Province of New Brunswick at the next Session thereof, for an Act to change and define the limits of the water and fire protection system within the Town of Hartland, referred to in Section 2 of the Act of George V. Chapter 105, such limits to be as follows:

"Commencing at the junction of the Beagumic River with the St. John River on the south side of the said Beagumic River, thence running southerly along the eastern bank or shore of the St. John River to the northern line of lands owned by W. Mullin, thence crossing the main highway road leading from Hartland to Lower Brighton, the Canadian Pacific Railway track and the old highway road (now called High Street) or its prolongation southerly, to a point distant two hundred feet east from the easterly side line of said High Street, or its said prolongation, thence in a northerly direction and parallel to the said side line of said High Street to the said Beagumic River and thence following the various courses of the last mentioned river down stream to the place of beginning."

And also for authority to the said Town of Hartland to assess each year the real and personal property situated within the said limits and the income of the persons residing within the said limits in such amount as the Town Council of the said Town may deem sufficient to provide for a fire protection service within the said limits; to provide by by-law or resolution of the said Town Council a schedule of charges on a definite scale for the use of water to be supplied by said Town to persons within the said Town, residing either within, or outside of, the said water and fire protection system limits; to make a further assessment each year on the real and personal property of persons using said water within the said Town and upon the income of such persons, to provide for all further moneys which may be required to operate and maintain the water system within the said Town and to pay interest and provide for a sinking fund or sinking funds with respect to any bonds, debentures or other indebtedness now or at any time hereafter outstanding against the said Town for and in respect to the said water system of the said Town; and for the purpose of authorizing the Town Council of the said Town, or such agent as the said Town Council may appoint, to lay out a public water road over lands contiguous to the Rockland Road, so called, within said Town, or over lands contiguous to any other highway in said Town with power to the said Town Council to make such regulations with respect to land damages and the assessment payment thereon to the owners of the said lands and with respect to the laying out of said water road or roads, the width thereof, and all other matters necessary to

provide passage over said water roads between the first day of December in any year to the first day of April in the following year and also in regard to filing the description of the said road or roads, and to authorize the said Town Council, or any agent appointed by it, to take down at the commencement of, or at any time during the winter, the fences along those portions of any highway within the said Town liable in the judgment of the said Town Council, or of such agent, to snowdrifts during the winter, provided such fences are what are ordinarily known as wdm or rail fences of like moveable description and to replace the same at the commencement of the spring.

Dated the 26th day of February, 1924.
