LONDON, July 11.
The authenticity of the Russian note to the Ministers in regard to Ireland is doubted here. Returns show that the amount of specie reserve in the Bank of England is £22,541,000. It is said that an extensive conspiracy against the life of Queen Isabella of Spain has been discovered, and that over two thousand persons have been arrested in consequence of the developments which have been made.

Reports received here from Vienna say that serious disturbances have broken out in the Province of Galicia, and that Austrian troops despatched to put them down have been beaten by the rioters. It is believed that these riots have been incited by Russian emissaries who have worked upon the national prejudices of the Slavonic population and created by their intrigues a feeling of discontent.

The Journal de St. Petersburg alludes to the Russian note in regard to Ireland, which was published last week in the English papers, and pronounces it a sheer fabrication.

Dispatches from Bokhara have been received which report that the Russian troops had stormed the entrenched camp of Khan of Bokhara and gained a great victory.

Mexico.—A special despatch to the New York Herald dated Southwest Pass, July 7, says:

"A private and informal gathering of about forty persons, principally foreigners and ex-confederates, took place last evening to discuss the project of raising a company of volunteers for Mexico, and to join what it is generally anticipated, will be either a regular filibustering expedition, for that country. The company, to be called Maximilian's avengers, will number over one hundred picked men."

No steps were taken towards organization, as it was concluded to wait the action at some other point first; it would be preferred at the North."

A special dispatch from Houston (Texas) gives a detailed account of the execution of Maximilian, Miramon and Mejia. None of the prisoners were bound or blindfolded, nor was any indignity offered them. Maximilian, before being shot, recapitulated the causes that brought him to Mexico. He denied the authority of the court that tried and sentenced him, and hoped that his death would stop the further effusion of blood in Mexico. Just before he was led out for the execution he called out to the sergeant of the guard and gave him a handful of gold, and requested as a favor that the soldiers would aim at his heart. His last

words were, "Poor Carlotta." Five balls entered his breast, but these did not kill him immediately, so two other soldiers were ordered to shoot him in the side, in this manner he was dispatched. Much dissatisfaction and grief was manifested by those who witnessed the sad scene. Miramon read from a paper which he had written that the only regret he felt in dying was that the Liberals should remain in power, and that they should point out his children as the children of a traitor. Mejia made no address, but he met his fate quietly and bravely. The sword of Maximilian was presented to Juarez by Escobedo in the government palace.

In the recent Government appointments, members of the Anti-Confederate Party are not overlooked. A few weeks ago a batch of new Magistrates for Kent County—nearly a score of them—was gazetted, all of whom, with one or two exceptions, are Anti-Confederates. Last week John M. Robinson, Esq., Barrister of this City, and a worthy gentleman, was appointed Queen's Counsel, and Daniel Harrington, Esq., Deputy Treasurer to the Admiralty, an experienced politician, was appointed to the Legislative Council. This week, in the list of Magistrates for York County, we find the name of Alexander Gibson Esq. All of these gentlemen are determined Anti-Confederates. It is to be hoped that, under these circumstances, the political "proscription," which has been raised in certain quarters, will not be heeded again.

THE FAGOT IN YARMOUTH.—The Yarmouth Tribune says:

"Dr. Tupper was burned in effigy here on Monday night last. We are only sorry that it was not in person."

Yarmouth is evidently an enlightened region. Its Press undertakes what is meant by the "punishment" of union men. We do not wonder that they find Yarmouth too hot for them.

On Saturday morning, about 12 o'clock, a man passing along Prince William street, deliberately drew a pistol and fired at the foot of Mr. C. B. Cushing, which was standing in front of his office. Immediately afterwards he drew another pistol, but before he could use it he was caught and taken off to the cells of the Police Station. He there gave his name as Robert Moor, a native of the County of Antrim, Ireland. When asked why he fired the pistol at the horse, he said that he intended to shoot one of those men, indicating a policeman and thought he would try his hand on a horse first. He appears to be suffering under aberration of mind, and will probably be sent to the asylum. The shot took effect on the head of the horse, and two grains striking the horse in the head but not materially injuring him. The animal stood perfectly still after the shot had been fired. The man was examined by Drs. Parry, Berryman and Carlin, who expressed themselves satisfied of his insanity. [Journal.]

The Standard.

ST. ANDREWS, JULY 17, 1867.

The Election.

From the Sheriff's Proclamation in to-day's paper, it will be noticed, that the Hon. John McAdam has vacated his seat, and seeks reelection as Chief Commissioner of Works.

The Election will be held on the days appointed by the Sheriff.

Of Mr. McAdam's fitness for the Office he has been appointed to, there appears to be but one opinion—that he will make a most efficient officer, as he possesses the necessary qualifications, and has had considerable experience. It is not likely there will be any opposition, and it is probable he will, as he should be, elected by a show of hands.

As far as we have heard no action has been taken by the freeholders of this County to nominate a candidate for Ottawa, by caucus; it is true requisitions have been in course of signature to Mr. Hibbard and Mr. Bolton, the former has declined it is said, and the latter is winning his way, with the best prospect of being elected, the hon. Mr. McAdam now Chief Commissioner of Works will not be opposed and will be returned by a show of hands.

There are however two seats vacant in the local Legislature by the appointment of J. G. Stevens and J. W. Chandler as District Judges; and must be filled up this fall, and from what we can learn, B. R. Stevenson and W. S. Robinson, both of whom have been called upon by numerous signed Requisitions to offer as candidates, will be elected. They are both good unionists, and men of respectable attainments.

INTERCOLONIAL RAILWAY.—As the time approaches for the meeting of the General Government, the question of route assumes increased importance. We have never had any fears as to the route which will be chosen, it will either be by the River St. John or the Frontier. The people of Canada, Nova Scotia, and two-thirds of the population of this Province are opposed to the North Shore route. Halifax prefers the Central route from interested motives, but we must cast aside selfishness, and adopt the line which will be the cheapest, shortest and most advantageous route—and surely the Frontier route is that one. St. John and St. Andrews will afford

open winter harbors, and with the large amount of capital and shipping owned in the commercial emporium, it will rise rapidly into one of the largest maritime ports in the Dominion. No true St. John man who has the interest of his city at heart, would desire any better or more advantageous line than the Frontier presents.

During the past week W. M. Buck, Esq., C. E., left town for the purpose of obtaining statistical information with reference to the Counties through which the proposed line on the frontier for the Intercolonial Railway will pass. Mr. Buck's appointment is a most judicious one, as he is well qualified for the duty; and it is believed the information which he will obtain, will be such as to convince the Dominion Cabinet and the British Government of the benefits which will result from the selection of the Frontier route. Disinterested persons are fully impressed with the claims of the frontier line over all others.

J. W. Lawrence, Esq., of St. John, has addressed an able paper to the Hon. Mr. McDougall, Minister of Public Works, in Canada, upon the subject.

In the "Globe" of the 13th inst., another letter from Col. Anderson is published, in reply to the "Reporter's" critique, and a correspondent signed "One of the Public." It is apparent from the Colonel's letter, (which we have not space for this week, but will copy in our next issue) that the "Expenditure" for the militia service, is out of all proportion to the benefits received; and it is evident that an attempt is being made to assimilate our system with that of Nova Scotia, entailing additional expense without any corresponding gain, in efficiency or numbers.

Replying upon Col. Anderson's statements, the Staff of the Militia under him in 1864-5, was \$900, which included his own salary, the Quartermaster General's, and a Clerk who was paid out of the Colonel's salary. Now mark the change, and it is a marked one, there are at present no less than twenty officers to perform the same duties, at the same salary of only \$4,173, 48 1/2 and with a slight alteration in the words of the immortal poet of Nova Scotia, we may add, "what a difference is there?"—just \$3,273, 18 1/2.

It is high time the prudent knife of the Government be applied, and no doubt it will be when the General Government takes charge, which will be in the course of a few weeks at earliest. In the mean time the charges will go on, and one object at least will be attained, but we firmly believe in "a good time coming." The Imperial Parliament reports show that even the expenses of the regular army will be reduced, the Secretary at War, bowing, as his subordinates should, to popular opinion.

Among the distinguished arrivals here this week, was the Hon. S. L. Tilley, C. B., Minister of Customs.

It is rumored that Francis Hibbard, Esq., M. P., will not be a candidate for the General Parliament at Ottawa, and Mr. Bolton is looked to as the coming man. A report is current to-day that he is not to be permitted to walk over the course and win the race, without opposition. Mr. Bolton would, we believe, make a good representative, and as the Cabinet at Ottawa will want the support of good union men, and as many of them as can be sent; we trust that the County of Charlotte will furnish her quota, its proclivities have been largely in favor of Union, and her crowning act in the political drama will be—a triumphant return of one who will support the Cabinet.

THE PARIS REGATTA.—ST. JOHN OARSMEN VICTORIOUS!!

We have great pleasure in copying the following gratifying intelligence, which must be pleasing to every New Brunswicker.

PARIS, July 15.
In the great regatta which took place at St. Cloud on the Seine during the past week and closed on Saturday, the Western Boat Club from St. John, N. B., rowing a four oared boat won two of the International prizes. They had to compete with three Oxford and two London boats of the same class.

The Salaries of Deputy Treasurers are to be increased, from 1st July. This will be good news to those officials. The Postmasters will be the next on the list.

Capt. W. S. Robinson, of Baillie is spoken of as the forthcoming representative of this County in the Legislature.

EVEN SAILING!—The Brig, Edward Everett, Capt. Tooker, and Sch. Sunrise, Capt. Morel, left this port on the 5th June, the former vessel at 11:30, and the latter at 11 a. m. They arrived at Mayaguez, Porto Rico, on the 17th June, the Sunrise forty-five minutes ahead of her competitor. They sailed together the 20th of June for Turks Island, and arrived both at the same time. They left Turks Island on Monday, 24th June, the Sunrise sailing ten minutes before the

Edward Everett, and arrived here on Saturday last, the Edward Everett at 12:10 o'clock, and the Sunrise at 12:45, there being only the difference of one hour's sailing on the round voyage, and completing the same in the short space of 31 days—which in the summer season are remarkable passages. The Edward Everett is owned by Messrs. Ryerson, Moses & Co. and the Sunrise by Messrs. Young, Kinney & Curning, of this place. [Yarmouth Paper.]

We have only space to mention, this week, the portion of the new Cemetery owned by members of the Episcopal Church, on Monday evening last. There was a large number of persons present, to witness the ceremony.

The sale of lots will take place on Saturday next at 3 o'clock. We are informed that no lots will be sold at private sale, except for immediate use.

We learn that requisitions are being numerously signed calling on Capt. W. S. Robinson of Baillie to offer as a candidate for the representation of the county in the local legislature, and we understand that the Hon. James Brown and other influential men of St. David have pledged him their support. [Courier.]

A United States detective recently got into the confidence of some smugglers at Robbinston, and came down upon them with strong arm of the Law, before they suspected him of being anything else than what he seemed—a sportsman looking for trout. [Herald.]

It is presumed that the seizure of the barges at Robbinston for a violation of the U. S. Revenue laws cannot be sustained owing to the difficulty of proving the iron used in their construction is smuggled. [Id.]

The Halifax papers state that His Excellency Gen. Doyle, has made a present of a large bear, 8 years old, to A. Down, Esq.

ALBERT CIRCUIT.—In the case of the Queen vs. Poo, the Jury found a verdict of "Guilty of shooting Freeman Tingley but not responsible on account of insanity." The verdict was rendered on Friday and was doubtless largely influenced by Dr. Waddell's testimony, corroborated from the evidence received by Commission from the United States. The verdict may if conveyed in have the effect of affixing a good deal of feeling against the prisoner.

It is presumed that the seizure of the barges at Robbinston for a violation of the U. S. Revenue laws cannot be sustained owing to the difficulty of proving that the iron used in their construction is smuggled. [Id.]

A few days ago, the Iron Foundry of Mr. J. E. Allen was completely destroyed by fire. On Monday next much to Mr. Allen's regret, perseverance, we learn his establishment, risen from its ashes, will be again in operation and he will be prepared to attend to his customers as before. [Fredericton Reporter.]

LOVE OF NOTORIETY.—The young ladies of Prince Edward Island are inaugurating a new style of marriage notices. In a late Charlotte town paper the following appears:—

At Charlotte town, on Tuesday, 9th July, by P. McQueen, Esq., J. P., under special license of the Lieut. Governor, Daniel Cameron, of Lot 16, to Isabella Bails, of Egmont Bay, Lot 15—Miss Duchette being bridesmaid.

We learn that requisitions are being numerously signed calling on Capt. W. S. Robinson of Baillie to offer as a candidate for the representation of the county in the local legislature, and we understand that the Hon. James Brown and other influential men of St. David have pledged him their support. [Courier.]
