## SPLendid WELCOME EXTENDED TO LORD AND LADY BYNG

### Great Concurrence of People Crowded At Station Monday to Greet the Hero of Vimy—After Formal Welcome in Town Hall Their Excellencies Visited the Hospitals.

In point of numbers at least, the turnout of citizens who thronged the depot and vicinity here on Monday afternoon to greet their Excellencies Lord and Lady Byng was evidently the finest demonstration of welcome ever extended any visitor to Campbellton. The station grounds and the street for several blocks was literally jammed with cars, while the great concourse of eager people seemed to comprise almost the entire population of the town and hundreds of people from out-lying districts.

The special train arrived here at 2:30 o'clock and as their Excellencies stepped from the Governor General's private coach the local band, on hand for the occasion, rendered a patriotic air. After being personally greeted by His Worship Mayor McKay, their Excellencies were introduced to Mrs. McKay, the Misses McKay and the council board who likewise extended hearty greetings to the distinguished visitors. Lord Byng, accompanied by His Worship and Major A. Troy then greeted and chatted for several minutes with a number of returned men who were lined up along the station platform.

Their Excellencies and the other members of the Vice Royal party with them were conveyed by auto to the Town Hall where an address of welcome, beautifully bound for presentation, was read and presented by Mayor McKay on behalf of the town of Campbellton. Their Excellencies were deeply affected by the sentiments of friendship and cordiality manifested and responded with an address which, though brief, spoke clearly the sincere appreciation of himself and Lady Byng. The address of welcome and Lord Byng's response followed:

Following the address a beautiful young girl presented to her Excellency Lady Byng by little Charlotte Troy who performed the task by which she had been honored in a most proper and pleasing manner. The young girl, before presenting the bouquet and backing from the presence of the distinguished lady as she returned to her chair.

Citizens were then presented to their Excellencies and a large number eagerly took the advantage of shaking the hand of the Hero of Vimy and his gracious Lady who won the hearts of all who met her. The party were then conveyed to the Soldiers Memorial Hospital and Hotel Dieu Hospital and here the distinguished visitors paid glowing compliments to the up-to-dateness and admirable efficiency of these two local institutions. This was followed by a drive about the town, the autos conveying the visiting party and the reception committee driving in procession. Later in the day Lord Byng at his own request was taken on a brief visit to the golf course of the Restigouche Country Club. Before leaving His Excellency declared Wednesday, Sept. 5th a holiday in the schools.

On Tuesday morning their Excellencies visited Matapedia and upon their return by train to Dalhousie, embarked on the Governor General's yacht for New Carlisle and other points along the Gaspé Coast.

#### Address of Welcome

To His Excellency, the Rt. Hon. General Lord Byng of Vimy, G. C. B., G. C. M. G., M. V. O., Governor-General of Canada.

May it Please Your Excellency: On behalf of the citizens of the Town of Campbellton we extend to you, our Governor-General, the representative of our Most Gracious Sovereign, King George V., and to Lady Byng, a most loyal and hearty welcome upon this your first visit to our town.

Apart from your present official position we welcome Your Excellency as leader and friend of our young men overseas who won an enviable reputation for good fighting qualities and general efficiency under your command during some of the most anxious times of the great war. We take this opportunity of expressing to Your Excellency our great esteem for the able leadership which you displayed. We therefore feel that we can offer you a double welcome.

The Town of Campbellton, founded 1825.

## MEETING OF THE TOWN COUNCIL

### Various Matters Taken Up At Meeting Held Tuesday Evening.

A meeting of the Town Council was held Tuesday evening, His Worship Mayor McKay presiding.

The usual departmental reports were presented. The reading of the minutes of the previous meeting was dispensed with. Philip Bujold of the Florence Hotel wrote respecting an old man he had been keeping for the past two months, and who he thought the town should look after. This matter was referred to the Public Charities Committee.

King Kelly wrote thanking the Council and citizens generally on behalf of the Union of N. B. Municipalities for many courtesies shown the delegates. He also suggested that the Council appoint the Clerk a permanent member of the Union.

The letter was placed on file and the Clerk appointed a permanent delegate. The Clerk was also instructed to write Mr. Kelly.

The usual departmental reports were passed. The regular order of business was suspended in order to hear a delegation from the Athletic Association.

On reporting to the regular order of business Council Moore moved that the Council give the Athletic Association permission to use part or all of the L. N. R. lot as an athletic grounds as long as the association existed, also that a committee of three be appointed to work with the Athletic Association to help prepare the grounds.

This was seconded by Coun. Belle-lale and carried unanimously. The following committee were named: Couns. Graham, Moore, Belle-lale.

Coun. Belle-lale asked for the correspondence, re the Governor General's visit.

The clerk produced and read same. Coun. Belle-lale said that he regretted that some one had erred, and that the word of the proposed visit to the Hotel Dieu Hospital had been sent to those in charge, consequently no preparations had been made for the visit and he was afraid His Excellency had noticed the omission and had considered it an insult. The blame should be placed where it belonged, and His Worship should have advised the Mother Superior in the morning of the proposed visit. He felt it was the duty of the Council to make proper explanation to the Mother Superior and His Excellency the Governor General.

Coun. Belle-lale moved that a letter of explanation be sent to the Hotel Dieu Hospital and His Excellency. Coun. St. Onge seconded the motion. His Worship asked Deputy Mayor Graham to take the chair.

His Worship said that the correspondence proved that he had done everything to have His Excellency visit both hospitals. His Excellency had said that he was afraid time would not permit a visit to both hospitals and he had written him pressing him to visit both. He did not know in the morning that the visit would be made, and therefore could not permit a visit to both hospitals and he had written him pressing him to visit both. He did not know in the morning that the visit would be made, and therefore could not permit a visit to both hospitals and he had written him pressing him to visit both.

## CAMPBELLTON ATHLETIC ASSOCIATION SECURED SITE FOR FIELD

### Perseverance of Club Officers Dispenses With Field Problem and Council Board Gives Club Use of "I. N. R. Property"—Council to Assist—Interest Increases And Success Now Assured.

As the result of admirable perseverance on the part of the supporters of the recently organized Amateur Athletic Club the most formidable problem in connection with its successful organization has at last been disposed of and the Club is to have its athletic field a part or all of what is known as the "old I. N. R. property." Moreover the Town Council has become actively interested in the project and will assist in preparing the site.

A meeting of the Executive of the Club will be held tonight at 8 o'clock at the Town Hall and there is no doubt but what success for the new association is now assured.

A delegation from the Campbellton Athletic Association composed of Rev. Mr. McNair, Jas. P. Jardine, Harry McLennan, J. W. Howard and G. T. Harding met the Town Council at its meeting Tuesday evening and set fully before the Council the aims of the Association, and requested that the I. N. R. property or a part of same be set aside for an athletic field. Rev. Mr. McNair was the first speaker. He clearly set forth the needs of the town in the line of athletics. The town had good material but it needed developing. It could never be properly developed without proper play. An athletic field was the first requirement. Together with other members he had visited the I. N. R. lot and found that there was

## NARROW ESCAPE IN AUTO ACCIDENT

### Car Considerably Damaged and Occupants Badly Shaken

Dalhousie, N. B., Sept. 5.—Mr. and Mrs. Lester Allan, their daughter Miss Lena and their son Freddie had a very narrow escape from serious injury this forenoon in an automobile accident.

They left their home on Adelaide St., for Campbellton to cross the ferry on route to New Brunswick, P. Q., to visit friends. After leaving and getting near the bridge now being rebuilt by the government they gave a team coming towards the highway with a load of stone, the two horses being driven by a small boy through a field road.

Young Allan the chauffeur with long experience in care of the horse frequently, but the driver failed to stop and the result was that the horses collided with the side of the car, demolishing the top, smashed glass and gave Mrs. Allan and her daughter a bad shaking up. Miss Allan was slightly injured. The unfortunate incident came in bad for Miss Allan as she fell last winter and broke a limb and it is only since a few days that she has been able to move about with the aid of a cane.

About the year 1798 and settled by Scotch settlers, receiving its name in honor of Lord Campbell, Governor of New Brunswick, situated in the heart of a lumbering district at the head of deep water navigation on the Restigouche River, and through whose port during the summer months is shipped more lumber than through any other port in the Province. It has a population of English, and French united in sentiment and interest. On the 11th day of July, 1910, the town, having at that time a population of about four thousand, was entirely destroyed by fire, with the exception of some ten or twelve houses. However, the people undimmed immediately began to rebuild their homes and places of business, and to-day the town is almost as populous as it was at that time. We cannot point to any great public works of interest but can present from the surrounding hills the natural scenery as is hard to surpass in any country, while our river is known as perhaps the greatest salmon river in the world.

During your tenure of office in Canada we wish your Excellency every success and enjoyment, and trust that in later years the memory of your experience in our Dominion may be full of pleasant recollections. With renewed assurances of our loyalty towards and our love for our revered King, George V., we respectfully request Your Excellency to accept this address as a slight recognition of your worth and express a hope that this may not be the last occasion upon which we may welcome you in our midst.

We have the honor to subscribe our signature and affix the seal of the Town of Campbellton.

Your Obedient Servants,  
N. C. McKay, Mayor,  
JOHN T. REID, Town Clerk.

Lord Byng's Response:  
Mr. Mayor, Ladies and Gentlemen: I thank you sincerely for your welcome of us to-day and for the expression of your sentiments of loyalty and devotion to His Majesty, which I shall be delighted to transmit to him. In King George we have a Sovereign, who by his untiring efforts on behalf of his people has set an example to the whole Empire.

## MOVE TO RESTORE SALMON LICENSES

Union of N. B. Municipalities Pass Resolution at Meeting Held Here.

Some two years ago the Federal Government through the Department of Marine and Fisheries, Ottawa, cancelled all the salmon net fishing licenses above the ferry wharf at Campbellton, thus depriving a number of citizens of vested rights handed down from father to son for many years. So far as we know, no compensation has offered for the injury done the owners.

At the recent meeting of the Union of N. B. Municipalities the following resolution, which evoked much discussion was offered by C. G. Helle-Isle, seconded by C. B. Keith and carried:

Whereas it has been brought to the notice of the New Brunswick Union of Municipalities in convention that the Department of Marine and Fisheries at Ottawa, about two years ago cancelled some twenty salmon net fishing licenses at Campbellton in the County of Restigouche, be it therefore resolved that this body recommend to the Federal Government that a thorough investigation of this matter be conducted, the complainants, and any wrong that may be found be redressed to the satisfaction of all concerned. Also that a copy of this resolution be sent to Mr. P. H. Michael, our representative at Ottawa and to the Honorable Ernest Lapointe, Minister of Marine and Fisheries.

A. C. BELLE-ISLE  
C. B. KEITH.

## LUMBERMEN ARE MAKING PROTESTS

N. B. Lumbermen's Association Protests Against Workmen's Compensation Act.

FREDERICTON, Sept. 4.—Protestants of the New Brunswick Lumbermen's Association against the increase in rates of assessment upon the various branches of that industry under the Workmen's Compensation Act are being voiced at a general meeting of the association to-day at the Board of Trade rooms here, which is taking the form of a conference with Premier Veinot.

A death roll in Tokio and Yokohama alone of more than 200,000, with the number of injured and the lists of out-lying districts inestimable.

Financial disaster so great that Japan loses her place as fourth power of the world and is set back a generation.

The nation's capital reduced to a ruined village, which will require collection of unimportant, scattered, years to restore to the city's former status.

Fires still raging in every part of Tokio, with a shortage of food and tremendous suffering among injured and refugees, who have nowhere to go for shelter or sustenance.

A tidal wave washed away the Itoiki Peninsula, and as far as is known not an inhabitant was saved.

Numerous volcanoes are reported in eruption.

San Francisco, Calif., September 3.—Communication with Japan continues virtually paralyzed. Some matter is coming out by cable from southern Japanese seaports, but most of the available information is emanating from the Iwaka radio station, 155 miles north of Tokio. Internal communication is demoralized.

No news has been received of any of the many Canadians who were in the zone of the disaster.

British and United States naval vessels have been ordered to Japan to give any relief possible. Relief ships have been started from other Japanese ports to Yokohama. All Japanese naval vessels have been ordered to take up relief work.

Tokyo—Eight wards of the city's fifteen virtually wiped out, including business and financial district, much damage elsewhere in city, water supply failed, fires caused explosion in Government arsenal, killed several thousand; estimated 20,000 houses burned or shaken down. Food and water lacking for thousands of refugees.

Yokohama—Foreign sections and many Government vessels, much damage by fire; tens of thousands of guests, including many foreigners, at resorts in mountains nearby. Estimated 1,400 houses burned. Officers of one steamer who landed reports bodies scattered everywhere.

Yokohama—Tidal waves wrecked many Government vessels, much damage in the downtown section; 70,000 population; fire reported broken out; naval station engulfed by tidal wave, naval buildings and ships destroyed.

Sasaka—Six hundred reported perished in collapse of railway tunnel.

Osaka—Railroad for hundred miles north torn up, many trains wrecked with many casualties.

Ito—More than 500 houses washed away by tidal wave.

Hakone—At this famous mountain resort it is said to be easier to count living than dead. Foreigners present, scattered in this district.

Kamakura—An aviator, after flying over the city, reported that he could not see one house remaining upright.

Onosima—"Picture Island" reported submerged.

Osaka—Volcano emitting smoke.

Otawara—Swept by tidal wave.

Nagaaki—Wireless messages received here through the steamer Koru.

## Tremendous Loss of Life In Japanese Earthquake

Intense Suffering In Wake of Disaster -- Food Shortage in Tokio--Volcanoes Still Reported Active.

Latest reports carried by aroplanes, as Maru state that all lighthouses in the Bay of Tokio have been rendered useless and that navigation is consequently dangerous during the hours of darkness.

Terrible Plight.

Saka, Sept. 3.—The terrible plight of the population in Tokio and Yokohama is graphically depicted in various newspaper despatches received here. So acute has the food shortage become in the capital that the hungry people have been trying to catch the carp in the pond in Hibiyu Park.

It is estimated that at least 1,000 tons of rice are needed in Tokio alone. The quantity actually available cannot be determined, as the rice has destroyed a considerable amount.

The authorities are making great efforts to collect supplies to ship to Tokio. Meanwhile, the price of rice is advancing.

So extensive is the damage to Tokio that it is possible the national capital will be transferred temporarily to Kyoto or to this city.

The Prince Regent is taking a leading hand in the relief work, and has refused to rest. He has given orders that the Imperial palaces be thrown open for the refugees.

## IN SUCH SHAPE HE COULDN'T SLEEP

Young St. John's Man saved from premature old age—Dreco repaid bowels and stomach and brought back appetite—now sleeps soundly cannot thank Dreco enough.

You can picture the suffering of Mr. Hiram Darcy, of 340 Duke Street, West Side, St. John, a night worker in a large Pulp and Paper Mill, whose stomach, liver and bowels were in such terrible shape as to keep him practically sleepless for weeks on end. To-day, however, he is a well man, as fit as a fiddle, eats three square meals a day and sleeps like top. Dreco did it.

Says Mr. Darcy: "Since taking Dreco I feel like a new man. I had been a great sufferer from stomach trouble and indigestion. Everything I ate would sour and cause gas to form in my stomach. I also had liver trouble and constipation and had to go to the toilet every night and could hardly sleep at all in the daytime. I was a sick man without much hope of getting better till I tried Dreco. Now I eat anything and enjoy it and sleep like a baby. Dreco has made me happy and healthy and I feel like a two year old."

This is typical of Dreco, the regulating, health building tonic that relieves the most obstinate cases. It is a God-send to those who suffer from indigestion, constipation, rheumatism, liver or kidney trouble with resulting nervousness, biliousness and loss of sleep.

Dreco is being specially introduced in Campbellton by Wran's Drug Store that the Imperial palaces be thrown open for the refugees.

## IS OPTIMISTIC ABOUT MARITIMES

C. N. R. Official Says Steady Improvement In Business Conditions Most Likely.

Evidence of a tendency towards improved business and general conditions in the Maritime Provinces were found by J. E. Dalrymple, vice-president in charge of the Canadian National Railways, who has just returned from a tour of inspection of the Atlantic Region of the system.

"Throughout the Eastern portion of the Dominion there is a sanguine feeling that a definite upward trend in business has been reached and that a steady improvement of conditions generally can be looked for in the Maritimes," said Mr. Dalrymple today.

Mr. Dalrymple visited New Brunswick, Nova Scotia and Prince Edward Island and in all of these provinces he says he found the same feeling of optimism. Crops have been good in most sections of the provinces and much activity is being shown in the lumbering, pulp and manufacturing industries. Labor conditions also appear to have returned to normal and this fact has had much to do with a healthy revival of trade in commercial centers. The infusion of new life into business conditions has been reflected by the Canadian National Railways in the Maritimes, traffic in both freight and passenger departments showing a steady increase.

Mr. Dalrymple says he found the Maritime Provinces and particularly the city of Halifax much pleased with the action of the Canadian National Railways in abolishing the difference which has hitherto existed between the tariff and St. John on the one hand and Halifax on the other in export and import rates on traffic to and from British and foreign countries. "It would certainly be interesting to read the newspapers of this town, the placed on an arbitrary basis of one weight of the loaves manufactured by cent per hundred pounds, on classes and commodities, over the rates in sold here.

## WHO LOOKS AFTER SHORT WEIGHTS

Is Bread Imported to Campbellton of Legal Weight or Do We Suffer?

We frequently have had enquiries as to whose duty it is to see that citizens who buy bakers bread are getting full legal weight.

The following from the St. John Telegraph police court records of a recent date show that some official should look after the matter. It is only natural that if bakers should make a batch of bread which is under weight it would be shipped out to the smaller towns where detection is less liable.

"Joseph Gibbons, pleaded not guilty to the charge of offering bread for sale which was one and a half ounces light. Officer Mathies, told of weighing several loaves of bread, and stating several were light in weight.

The defendant explained the difficulty of getting the bread to the right weight, and said that it changed as it dried out. He was fined \$25.

James Izzard, reported on a similar charge, failed to put in any defence. M. and T. Kelly were reported for offering bread for sale that was three ounces under the weight required by law. The case was set over until Wednesday afternoon for further evidence.

Some citizen sent the above clipping to one of our councillors with the following note:

When are the public in Campbellton, going to be protected. The poor people in your ward have a right to know when they buy a loaf of bread that it weighs 14 lbs. as stated in the newspapers of this town, the chief of police ever weigh the bread sold in the stores of this town. It from British and foreign countries. "It would certainly be interesting to read the newspapers of this town, the placed on an arbitrary basis of one weight of the loaves manufactured by cent per hundred pounds, on classes and commodities, over the rates in sold here.

## OBITUARY

**Thomas Dickson**  
In the passing away of the late Mr. Thomas Dickson at his residence at Broadlands, Que., on Monday morning the 27th August, the community have suffered the loss of a well known and greatly respected citizen. For the past two years he had suffered bravely and patiently from heart trouble. The deceased gentleman was born in Broadlands sixty-five years ago, in which place he resided all his life. He leaves to mourn, besides his widow, four sons and two daughters: Lawrence R., Titchhead; Allen A., Sydney; Alexander B., and Donald D. Also at home Mrs. John H. Calder, Campbellton, and Mrs. H. E. McKinlay, Broadlands.

He also leaves to mourn three brothers and two sisters—George of Vancouver; Andrew of Broadlands; Frew, Isabel, and Mrs. Allen A. Gerard, also of Vancouver.

## Black Capes

Miss Annie Burton has returned to Montreal to resume her studies at the High School there.

Miss Kathleen Willett has gone to Quebec where she will attend the Quebec High School.

Master Robert Fair has gone to Quebec, where he will attend school.

Mrs. Alex. Robertson of Stillwater, Wis., is visiting at her old home here.

Miss Abma Fairbrother is returning to Valcartier, Que., where she will take up her duties as teacher.

Mrs. Catherine Batesman and her son Wilbur, of Montreal, are the guests of Mr. and Mrs. James Campbellton.

Mrs. T. Johnston has returned to her home in Thorburn, N. S., after spending a month with her sister, Mrs. A. MacWhirter.

Miss R. M. Stevenson has returned to Longueil, after spending the summer with Mr. and Mrs. A. N. Campbell.

Miss Nellie MacLellan has gone to Cape Cove, where she will take up her duties as teacher.

Miss Bessie Burton and Rena MacLellan have gone to Matapedia where they will teach this term.

Mrs. T. E. Ellsworth and Mrs. A. Keith, with their families, have returned to their homes in Campbellton, N. B., after spending the summer here.

Miss Ruth and Pearl Burton, Eschew Brake and Margaret Young have gone to resume their studies in the New Richmond Model School.

Miss Rena Fair and Muriel Henderson have returned to New Carlisle where they will attend school.

Miss Gertrude Fairbrother has returned to her home after spending the past year in Montreal.

Miss O'Connor of Campbellton, N.B. is the guest of Miss E. Pritchard.

Dr. Gordon Dewar of Kingston and Mr. Alexander Dewar are visiting their mother, Mrs. J. C. Fair.

## Neighborhood Correspondence

(The Picquet Gazette)

I have before me as I write a letter written to the editor of this paper from a far off town in Saskatchewan. The writer is speaking not only for herself but on behalf of that great number who once made this county their home. They are scattered to the four corners of this continent but they still think of us as the home folk, and the part of the paper which possesses the greatest interest for them is the local news, sent in week by week by our staff of faithful correspondents from the different parts of the county. These patient, untiring, often much abused news gatherers are building better than they know. They are like the ancient prophets "not without honour save in their own neighborhood." It seems so trifling to say that Mrs. A. called on Mrs. B., or Mr. W. is killing hogs or threshing his clover, or that Mr. and Mrs. N. have gone to town.

But now look at it from the viewpoint of the readers of this paper living in different parts of the country. They have gone away for various reasons but they are building for themselves homes as their fathers did, faced with the same conditions, perplexed by the same problems and they are anxious to keep the old-time traditions and transplant the old-time ideals in the new places to which they have gone. The hope of our great new lapid which is opening up in many things—the church, the schools, the class of settlers which they are getting. But not the least among the influences which will make this land an ideal place to live in, is the preservation and transplanting of the home ideals which the boys and girls who have left the older portions have had instilled into them in their youth. Anything then which keeps the spark of the memory of the old home from going out, anything which binds them to the things of the past, is playing a big part in keeping Canada a land of the best ideals.

Now for some years after these people went away the weekly or monthly letter followed them. No one can estimate the inspiration or restraining forces of these letters, but by one of the writers laid aside the pen or their eyes became dim and their fingers cramped with age, and the letters grew less frequent and finally ceased altogether. Hosts of the boys and girls who have been absent from this country for twenty, thirty or forty years have not had a written letter from the place of their birth for years. Is the inspiration of this sacred memory to be allowed to die out?

Here is where the home paper comes in. It comes as a weekly letter freighted with the fragrance of the memories of bygone days. The first bit of news they look for is the news of their old neighborhood. There they see that Mrs. A. is visiting Mrs. B. and they smile and say, "Well, well, she is still on her rounds, is she?" Mr. D. has just cut his clover, and they see again the field where as boys they picked berries from the fence corners, and the hollow rails where they had many a losing fight trying to rob the humble bee. They read that Mr. W. is dead. "Well, well, he seemed an old man when they were still young." They remembered his rugged honest and the homely advice which from his desk as superintendent of the Sunday School he gave them. And so he is dead, but his words and influence which can never die come back to them and they live over again their Sunday School days, but now realizing what they did not as boys and girls, how necessary, how important, the need of a character built up on the ideal of the Holy Word.

So we could go on. The weekly paper with its neighborhood news has brought before the people the doings of the home folks, their work, their play, their social joys, their sorrows, little unimportant happenings to those who live in the neighborhood, but to those absent a link that binds them to the best in the past. A drink of cold water to a thirsty heart, like a drink from the old spring at the foot of the hill at home where as boys we were wont to refresh ourselves. And in the strength of that refreshment they can go on to do continually better work—and so they are thankful for the home paper and the neighborhood correspondents, who, by much sacrifice constitute themselves a link which binds them to all the best in the past.

## Port Daniel West

We are pleased to report that our parish priest, Rev. Father Veilleux has returned from a pleasant trip through Rome and other cities.

Mr. and Mrs. Wm. Phelan paid a short visit to St. Simeon de Bonaventure on Thursday last.

Masters Leon and Allen Dea, left Tuesday for College.

Miss M. E. Bisson left Monday to take up her duties as teacher in Sackville.

Miss Arnes McPherson who has been visiting her brother, Mr. William McPherson, has returned to her duties as nurse in Minneapolis, Minn.

Mrs. Jas. Dea, the sister who has been visiting here for the past month, returned to her home on Tuesday.

Schools have re-opened today in our little village.

## Nash's Creek

Many friends of Miss Greta Hayes will be pleased to learn that she is now home after a very enjoyable trip to New York.

Miss Dora Mackay has gone to Hartfold P. to resume her duties as teacher. Mrs. Mackay has successfully passed her examinations for the First Class Normal Entrance.

The weather here for the past week evening, Rev. A. B. Humphrys officiating. The hymns, favorites of the deceased, "Nearer My God to Thee" and "Oh God our Help in Ages Past," were sung. On Saturday morning the remains were taken to New Carlisle where burial took place. The funeral which was held on Sunday at 11.30 from the home of her daughter, Mrs. Wm. Fraser, was one of the largest witnessed in that place for some time. Rev. A. W. Buckland was the officiating clergyman.

Miss Vesta MacLean is teaching in Archibald Settlement.

## Glen Levit

People of this little vicinity are through haying.

Miss Susie Daley of Maria, has returned to resume her duties as teacher here.

Mr. Henry Dunn, spent Sunday at his home here.

Mrs. John Beebe of Gloucester spent Sunday here the guest of Mrs. Donald Smith.

Miss Amelia Dunn spent a few days in town last week.

The Sunday school picnic was held here today and an enjoyable time was spent by all.

Mrs. David Harris of Flat Lands spent Monday here attending the Sunday School picnic.

Mr. James Gillis of Rannymede spent Sunday here the guest of Mr. Wm. Pollock.

Messrs. Hughie Harris, James and John Anderson motored here on Monday.

Mr. John Nichol who spent the past few weeks in Sackville, has returned to his home here.

A very pleasant evening was spent at the home of Mr. and Mrs. Albert LeTourneau on Friday last. Dancing being the chief amusement of the evening and a very enjoyable time was spent by all.

Mr. Harvey LeTourneau who spent the summer in Rocky Gully, has returned to his home here.

Mrs. George Bain and son Doherty, who spent the summer the guest of another, has returned to her home.

Miss Lily Murray of Campbellton spent Sunday here the guest of relatives and friends.

Mrs. John Mahoney of Campbellton spent a few days here last week the guest of her mother, Mrs. Peter Bond.

Mrs. Joseph P. Boudreau and daughter Linda, accompanied by Mrs. Wm. Dunn, were in Salmon lake recently.

## Tide Head

Miss Dot Wayland, Boston, Mass., who has been visiting in Montreal, is the guest of Miss Blanche Cooling.

Mrs. Hugh Fraser, accompanied by her two sons Vance and Graham and Mrs. John Fraser, motored to Truro and is the guest of Mr. and Mrs. H. C. Gillis.

Mrs. G. O. Miles has left for Vermont, U. S. A., where she intends to spend the winter.

A number of young people of this place and of Matapedia, went gathered at Mr. Moffat's beach on Friday evening and about mid-night a chicken supper was served, all having an enjoyable time.

On Thursday evening last Miss Mrs. Miles very pleasantly entertained a number of her friends at her home. Dancing being the chief amusement.

Miss Blanche Cooling, accompanied by her friend, Miss Wayland, left for Boston, on Monday night's limited, after spending their vacation at the guest of Miss Cooling's parents, Mr. and Mrs. J. E. Cooling.

The many friends of Mr. Harry Gerard are glad to see him about health after his illness.

## Doyleville

Miss Jean Doyle spent the holiday in Dalhousie visiting relatives.

Mrs. W. A. Cook was a visitor to town on Monday.

Mrs. Laura Murchie of Hopetown, Que., is the guest of her nieces, Misses Hazel and Marnie Murchie.

Mrs. James Donette who has been visiting her sister, Mrs. A. C. Hickie, returned to her home in Lawrence, Mass.

Miss Lydia McMillan of Boston, Mass., spent last week visiting friends here.

Miss Charlotte E. Doyle left Monday morning for Fredericton to attend the P. N. S.

Mr. and Mrs. T. A. Murchie and daughter Elizabeth, of Boston, Mass., are spending their vacation here.

Many friends of Mrs. Geo. Harvie are visiting in Campbellton.

Mrs. T. A. Murchie and Miss Hazel Murchie spent the holiday in Jaquet Street.

A number of young people gathered at the home of Mrs. W. A. Cook and spent a very enjoyable evening.

Miss Eva Devoreaux was a visitor to Dalhousie on Monday.

Cous. Murchie left Saturday noon for Montreal with a car load of live stock.

## GREATEST EARTHQUAKE AREA IN WORLD—PRESENT DISASTER MAY PROVE THE WORST

A strip of the Pacific Ocean running southward from the Kurile Islands and almost to Java, is the greatest earthquake area in the world.

An average of two quakes a day are recorded in Japan, but not of more than an average of two a week are noticeable without the aid of the seismograph. These, for the most part, are said to be due to upheavals of the earth's crust in the Pacific Ocean, and Japan itself is supposed to have emerged from the water during such disturbances many centuries ago.

A list of the most destructive earthquake disasters in the Far East recorded in history follows:

Place	Number Killed	Date
Tosa, Japan	.....	654
Mutsumi, Japan	.....	869
Koyu, Japan	.....	1361
Tokaido, Japan	.....	1498
Tokio, Japan	.....	1703
Peking, China	.....	1731
Hesen, Japan	.....	1792
Canton, China	.....	1839
Shinano, China	.....	1844
Tokio, Japan	.....	1855
Yunnan, China	.....	1855
Yunnan, China	.....	1858
North China Hono, Japan	.....	1891
Sauriku, Japan	.....	1896
Kan-Su, China	.....	1920

## New Carlisle

here home in Matapedia where a new window with his son and daughter in Quebec.

The Misses Lyde and Ada Caldwell have returned to their homes in New Carlisle after a two week visit with friends in Gagetown.

Lord and Lady Byng are expected to visit this place sometime between the 5th and 7th of September in the "Lady Grey."

Mr. Anderson Assies is very ill his friends wish him a speedy recovery.

**Summer Pasture For Growing Pigs**

During the busy summer days on the farm, the question of how best to make the best of growing pigs in order to get the maximum results from the minimum outlay in feed and labor is of vital importance. With a half of growing pigs at a time, it is necessary to give good pasture with a little bit of supplementary feed and they will come along all right. While green and water alone are not entirely sufficient for the growing pig, they will go a long way in supplying the feed requirements and consequently reduce the amount of concentrates or grain required.

In order to obtain some information on this problem an experiment was conducted on the Experimental Station at Kilmacshing, Ont., in 1922. While the results of the experiment are not yet published, the following are the results of the experiment as they were thought advisable to include in the test a comparison of self-feeding and full-feeding. Thirty pure-bred York shire pigs, twelve weeks old and very uniform, were selected on August 1st and divided into three groups of ten each.

Lot No. 1 was housed in a clean dry quarters in the main hog pen, while Lots 2 and 3 were turned out on clover pasture, each lot having a portable hog cabin as a shelter.

The three lots were fed rations of similar meal mixtures, as follows:—

From twelve to fourteen weeks of age, a mixture of finely ground oats, two parts; middlings, two parts; and finely ground barley, one part; plus five per cent tankage. From fourteen to twenty weeks the mixture consisted of finely ground oats, finely ground barley and middlings, equal parts, plus five per cent tankage. From twenty weeks to the end of the experiment on November 1st the mixture was: finely ground oats, one part; middlings, one part; and finely ground barley, two parts; plus five per cent tankage. Each lot received the same amount of skim-milk, which varied slightly from day to day.

Fresh drinking water was kept before all three lots at all times and Lot 2 and 3 were fed their grain in the form of a milk and water slop; while Lot 3 consumed the dry grain from the self-feeder and milk from the trough.

The milk was charged at fifty cents per one hundred pounds, and the other feeds at actual market prices as follows:—

Oats ..... \$1.75 per cwt.  
Middlings ..... \$1.95 per cwt.  
Barley ..... \$2.10 per cwt.  
Tankage ..... \$3.75 per cwt.

The results show that it took 605 lb. of feed per one hundred lb. gain with the inside lot; while 383 and 401 lb. of feed produced one hundred pounds gain on Lots 2 and 3 respectively.

The cost of producing one hundred lb. of gain, labour included, was \$22.90 for Lot 1, \$11.86 for Lot 2, and \$10.45 for Lot 3.

From these results it may be concluded that, where a farmer has plenty of clover pasture and is short of labour, he will be well advised to turn his hogs out and supply them by means of the self-feeder.

**Dawsonville**

The weather has been very unsettled for the past week making it very difficult for hay makers.

Misses Madel and Julia Fraser of Campbellton were visiting friends here recently.

Mr. and Mrs. Thomas Dimock were the guests of Mr. and Mrs. John Pollock at Glen Levit on Friday last.

Mrs. Hilda Main has returned home after spending a few months at Two Brooks.

Miss Gladys M. Dimock was the guest of Mrs. George Dawson on Friday.

Miss Margaret Martin has returned home after spending some time here the guest of her cousin, Miss Evelyn Bell, Glen Levit.

Mr. Wesley Main was in Matapedia on Friday last.

Miss Jennie Thompson has returned home after spending a few months at Two Brooks.

Mr. Wm. Connors spent Sunday at his home here.

Mr. and Mrs. Wm. Main were in Campbellton on Tuesday last.

Mrs. Wesley Dobson of New Carlisle is visiting friends here.

Mr. and Mrs. Thomas Demarec drove to Glen Levit on Friday.

Mr. and Mrs. Peter Felix and family were the guests of Mr. Hughie Thompson on Sunday.

The high winds of Wednesday last caused considerable damage in this vicinity and in one instance the heavy roller door on the barn of Mr. Thomas Felix was lifted off the rollers and carried to a considerable distance. The door which was slightly damaged was replaced with some difficulty after the storm.

**Archibald Settlement**

The weekly club dance was held on Saturday night as usual at Mrs. Rhodolph Rosengren's. The crowd was large and a very sociable evening was spent.

Mrs. Martin Smerer spent the week-end in Campbellton the guest of Mrs. William Cautley.

Mr. John Smerer went to Bathurst on Friday of last week.

Miss Druella Hodgins has gone to her home in Bellechasse after spending a short vacation here the guest of Mrs. Robert Archibald.

Mr. Joseph Merrifield is building a new house.

The weather here has been very pleasant for the past week, most of the farmers are through with their hay.

Misses Annie and Lala McMillan of Campbellton, spent their vacation here the guests of Mrs. Herbert Smerer.

Friends are glad to hear that Miss Eva Brunswiecke who has been ill, is much improved.

Mr. Hughie Cook of Nash's Creek, was a visitor here on Sunday.

Mrs. John Sealy and family spent a few days in the settlement before going to their new home at Nash's Creek.

Mr. Robert Miller was a visitor here on Monday of this week.

Mr. Hughie Archibald of Shannonville, is visiting friends here.

Mr. Dave Smerer returned home Monday from the Soldiers' Memorial Hospital, Campbellton, where he has been receiving treatment.

Mr. Fabie Gallant left this morning for St. John, after spending a few days with his parents.

Mr. Jackson Miller of Black Lands, motored here on Monday of this week. Mr. and Mrs. Edmund Murphy were visitors here on Sunday.

**Grand Cascapedia**

Mr. and Mrs. Harry Sullivan and little son Oray of Shigawake East, were the guests of Mr. and Mrs. Albert Cleary of Grand Cascapedia on Friday last.

Miss Ethel M. Cleary of Grand Cascapedia intends returning on Saturday to Shigawake East to resume her duties as teacher.

Mr. Chester Coall of New Carlisle has replaced Mr. Leonard Dea as station agent at Grand Cascapedia for two weeks. Mr. and Mrs. Dea are visiting in New York.

**Belledune**

Miss Gertrude Hodgins of Boston, Mass., is spending her vacation with her sister here.

Mrs. D. Hodgins, who has been spending some time with friends in Jacques River, returned home Friday. Miss Nellie Curry is visiting friends in Bellechasse.

The busy friends of Mrs. Wm. McRae are pleased to hear that she is recovering after a serious operation at the Soldiers' Memorial Hospital, Campbellton.

Miss Hazel Curry of Moncton, is spending a few weeks at her home here.

Mrs. A. Walsh who has been spending the summer here with her mother Mr. Gray left on Friday for Newcastle, where she intends visiting her sister, Mrs. B. Dalgle before returning to her home in Boston.

The school re-opened here on Monday Miss Agusta Hayes of New Mills is in charge of Bellechasse River School.

Belledune school. We wish both young ladies success.

Mr. William Lane of Boston is spending a few weeks the guest of Mr. Walter Killoran.

Mr. Raymond Guitart of Port Arthur Ont., is visiting his parents, Mr. and

**Soiling Crops For Dairy Cattle**

Soiling crops will help maintain the milk flow of the dairy herd every year. It is usually necessary to weed a soiling crop as soon as the first or second pasture of June and July has passed and the soiling crop will drop off in milk production.

Green feed should be supplied fresh and regularly just as soon as available. It is much harder to get a cow back to her form than it is to get a cow to maintain a high yield, by the use of soiling crops. The soiling crop is the only competitor of green feed when cows are set out to pasture. It is the only crop that will be available every day. Green corn, sunflowers or mixed grain are much better, but corn is usually the best soiling crop. Some years if it is too late maturing it is available when it is first required.

Soiling crops have been used successfully by a number of dairymen as a soiling crop. The greatest difficulty experienced was in getting the cows started. To get them to start it is necessary to keep other green feed such as corn and mixed grain away from them. Feed only a small quantity at first. They will probably only eat a few of the leaves the first time or so. Once they get a taste of the center of the stalk they will clean their experience of many men who state that their cows not only maintained their flow on sunflowers as a soiling crop but made good increases in their yields of milk.

Oats, peas and vetches when sown at intervals of about ten days will supply a satisfactory soiling crop throughout the season. This mixture though producing a smaller yield per acre, is a surer crop and is high in dry matter when compared with vetches. It is better to have a yield about half as much more land to furnish the soiling crop for your cows when mixed grain is used. Should the pastures turn out better than was expected, the balance of the sown mixed grain may be allowed to ripen for grain and the later sown can be put in the milk stage to make excellent hay.

Corn needs plenty of hot weather. In the Maritime Provinces it does not grow much until the hot weather commences. May think it better to have seedling in all June so that when it germinates it will keep right on growing. There is also a June frost that may greatly damage it if it is above ground before the tenth of June. This year the last frost occurred June sixteenth at Charlotteville. Sunflowers may be safely sown in May and mixed grain can be sown as early as the ground is cultivated and ready for seeding.

An acre of corn or sunflowers should provide sufficient excellent soiling feed for twenty cows during the period when the pastures are dry in the summer.

**Inspection of Imported Nursery Stock**

On September first the new regulations under the Destructive Insect and Plant Act, issued by the Department of Agriculture go into effect. All importers of nursery stock, which includes all plants for ornamental purposes or propagation, such as trees, shrubs, vines, bulbs, perennials etc., except seeds, will be required to secure a permit before the shipments are brought into Canada. Importations of nursery stock must be inspected before leaving the country of origin and a certificate of inspection must accompany the invoice. Importations from countries other than the United States can enter Canada only through the ports of St. John, N. B., Montreal, Que., Niagara Falls, Ont., and Vancouver, B. C. At these ports the shipments will be re-inspected or in the case of large consignments they may be permitted to proceed to destination for inspection. The importation of certain plants has been prohibited on account of insect pests or plant diseases. Persons intending to bring in nursery stock from the United States or other countries, are advised to write for information to the Secretary, Destructive Insect and Plant Act Advisory Board, Department of Agriculture, Ottawa.

**Gaspé**

Mr. Crabtree and party of the Howland Smith Co., Montreal, are spending a few days in Gaspé.

**Indian Forests**

1916 around Matheson, and in 1911 here. These, like the majority of others, are a result of criminal carelessness. Select slash fires to grow beyond control, to build his camp fire in a mossy gully to extinguish it, a lighted cigarette thrown away carelessly and extinguished, which may soon develop into a holocaust of man.

The railways were, perhaps, responsible for the fires, but not so today. Although the Canadian Pacific Railway right-of-way areas in the east and is flanked by hundreds of miles in both Ontario and Quebec, this railway has long since ceased to be a factor in the destruction of the forests. In the possibility of fires being started by the Canadian Pacific locomotives at the end of each trip and great care was taken to dump live coals or to know the right of way, and should an engine be derailed, by a series of whistles the fire patrol are notified, and the train stops steps to secure whatever additional aid is required.

Indian Pacific maintains a regular and fire which patrol the right of way, in after the passing of trains, and which are organized in the forest, at various points along the line are kept a fire patrol unit, each unit consisting of one engine, 7,000-gallon capacity, equipped with pumps, and approximately one mile of equipment has proved valuable not only in forest fires but in fighting fires which had started in towns.

#### A GOOD SUGGESTION

The letter of President Barbour of the St. John Board of Trade, asking for the co-operation of business men in the Province of New Brunswick to make the meetings of the Maritime Board of Trade at Halifax on Sept. 11th and 12th a notable success, shows the proper spirit. "United we stand, divided we fall" should be the motto of the Maritimes. Their interests are similar and their demands based upon conditions which affect each and every one of them.

The meeting of the Maritime Board of Trade this year should be more important than any in its history. We have had a trying year in many respects; business has not been so backward in the Eastern Province as it has been in some portions of the West, and yet there is so much room for improvement—so much that might be done to better commercial conditions that the best brains in business in the Maritime Provinces may well be called upon to consider the situation. President Barbour speaks truly when he says: "There will probably never be a time when an interest in a maritime co-operative effort of any kind would bring greater value than right now." His suggestion that the City of Halifax is a good place to know and that there are a considerable number of business men of the Maritime Provinces who could become better acquainted with its business problems during the sessions of the Board will appeal to right thinking people who are relying more upon the principle of co-operation as each year goes by. There should be a ready response to the inviting suggestion of the head of the St. John Board of Trade.

#### BASKET SOCIAL AND DANCE.

The members of the Jeanie Gordon Lodge No. 340, of the L. O. B. A., will hold a basket social and dance on Tuesday, Sept. 18th, 1923 in the hall of the new Curling Rink. Everybody welcome.

## Governor General and Lady Byng at Matapedia

### Their Excellencies Warmly Received by Mayor Adams and Family, Council Board and a Host of Citizens—Were Delighted with Beauty of Place—Visited Club House on Invitation of Mr. and Mrs. Baker.

Probably not in any small town or village throughout their entire Maritime tour did their Excellencies Lord and Lady Byng receive a more sincere and hearty welcome than in the little village of Matapedia on Tuesday morning Sept. 4th.

Necessary arrangements for this occasion, which will always mark the date as a red letter day in the history of Matapedia, were carefully attended to by His Worship Mayor S. M. Adams and the council board and when the Vice Regal party arrived at ten o'clock the well-ordered yet pleasantly informal reception ceremony went forward in such a way as to delight and warm the hearts of the distinguished visitors and impress them with that same spirit of friendship which has contributed so much to the unalloyed pleasure of their Excellencies throughout their recent tour.

On the arrival of the Governor General's train His Worship Mayor Adams personally greeted Lord Byng and was immediately presented to her Excellency Lady Byng. Mrs. S. M. Adams, wife of the Mayor, accompanied by her two daughters were next presented and the most gracious and charming manner in which their greetings were received immediately inspired a feeling of profound friendship and respect toward their Excellencies.

The entire council board including John A. Adams, Secretary-Treasurer, Councilors David Gillis, James Delaney, Octave Gallant, Alexander Mann James H. Adams and Frank Scott were next presented to Lord and Lady Byng, after which the distinguished visitors and the members of the Vice Regal party were conducted to the grounds of the Restigouche Salmon Club. From the platform of the Club the addresses of welcome were then read while the host of admiring citizens congregated in front all eager to hear the response of the Governor General. The Club House was suitably decorated for the occasion and presented a most pleasing appearance.

His Worship Mayor Adams opened the reception proper by reading and presenting the address of welcome in English. Mr. E. Chisard then read the address of welcome in French. His Excellency Lord Byng then responded on behalf of Lady Byng and himself in a most gracious and cordial manner and concluded by expressing his appreciation of sincere appreciation in French. The addresses of welcome and the Governor General's response will be found in another column.

Bouquets of beautiful flowers were then presented to Lady Byng by little Jocelyn Dugany and Miss Jean Adams, daughter of the Mayor, and these tokens were most graciously received. The entire body of welcoming citizens were then presented to their Excellencies.

Lord Byng then expressed the desire to meet as many of the returned veterans as possible and for some time time chatted amicably with all the returned veterans present. His Excellency then reviewed the old Strathcona Grounds, one of Matapedia's historical properties of interest to all visitors. Their Excellencies were then conducted up the main highway to a "meeting of the waters of the Restigouche and Matapedia Rivers." Both their Excellencies were delighted with the scenic beauty of Matapedia, nestling in a valley among beautiful wooded hills and offering an almost ineffable view on every side. The bright sunlight flashed and sparkled upon the waters of the river, enhancing the scene with its morning brilliance and evoked valuable praise from every member of the visiting party.

Another feature of the visit to Matapedia, and one which evidently delighted their Excellencies was a short visit at the Club House. Mr. and Mrs. Baker extended a cordial invitation to the Governor General and Lady Byng and their hospitality was deeply appreciated. The distinguished visitors had been delighted in the many beautiful and rare pictures which decorate the walls of the Club House living-room.

May Come Again.

While in Matapedia Lord Byng expressed regret that his duties of office had prevented his acceptance of an invitation extended to him this summer by the Restigouche Salmon Club to come to Matapedia on a fishing trip and declared that if the opportunity presented itself he would be only too pleased to visit Matapedia as the Club's guest next summer.

Spoke of Boy Scouts

While in conversation with Mayor Adams His Excellency spoke in most complimentary terms of the great Boy Scout Movement throughout the Dominion and expressed the hope that His Excellency would be able to visit Matapedia might do everything in their power to encourage and promote these most worthy organizations. He emphatically declared that Boy Scouts make good citizens and good citizens help the Mayor to make and keep the community what it should be.

During his visit Lord Byng also declared Wednesday, September 4th, a holiday in all the schools in the Municipality of Matapedia and just before saying good-bye to her new friends in Matapedia, Lady Byng presented Mrs. S. M. Adams with two beautiful photographs, one of Lord Byng and the other her own likeness, as a token of remembrance.

THE MAYOR'S ADDRESS

To His Excellency, General the Lord Byng of Vimy, Governor General of Canada. May it please your Excellency: We desire to express to you the appreciation of the residents of this section of the Province of Quebec on your selection as the representative of our most gracious sovereign, King George The Fifth in the Dominion and to extend to your Excellency and Lady Byng a very loyal and hearty welcome.

Our village of Matapedia, situated as it is on the junction of the Matapedia and Restigouche Rivers, perhaps the greatest salmon rivers in the world just within the border of that large and thriving province of Quebec, is not able to show you any public works or buildings of public interest but can present such natural surrounding scenery as is hard to surpass in any country.

From this village and surrounding territory many of our boys had the honor to serve under your command in the Great War.

We are glad of the opportunity to express not only our loyal devotion to His Majesty's representative but also great esteem for the honored and trusted leader of our Canadian soldiers on the field of battle.

With renewed assurance of our loyalty towards and our love for our revered King George the Fifth we respectfully request your Excellencies to accept this address as merely a humble recognition of your worth. We have the honor to subscribe our signatures,

Your obedient servants,  
S. M. ADAMS, Mayor,  
JOHN A. ADAMS, Sec-Treas.

The French Address  
A son Excellence  
Lord Byng de Vimy,  
Gouverneur Général du Canada.  
Excellence—  
Quand le bon plaisir de sa majesté le Roi est assigné Votre Excellence au poste qu'elle occupe si dignement aujourd'hui, la considération des provinces canadiennes, par ses dignitaires, s'est empressé de saluer en vous l'autorité du trône dont vous êtes le représentant.  
Chacun de nos coeurs battaient alors à l'unisson du coeur de l'autorité de sa majesté le Roi. Nous sommes fiers de nos coeurs s'illuminent sous les mêmes pensées. Il manquait cependant à notre enthousiasme la satisfaction de pouvoir d'extérieurs pleinement et à notre joie ardente l'émotion de s'empêcher de votre présence. C'est pourquoi nous sommes aujourd'hui fiers et heureux que, malgré les nombreux travaux incombant à votre

charge, votre sollicitude envers tous les loyaux sujets de sa Majesté Britannique ait bien voulu apporter au coeur de nos lointains villages compatriotes un honneur inespéré; fiers aussi de beaux de ce que, placés au seuil de notre frère et grandiose périmètre, nous pourrions être les premiers de la Gaspésie à offrir à Votre Excellence leurs hommages respectueux de loyaux sujets et l'expression sincère d'une profonde gratitude.

Nos coeurs de langue anglaise ont offert à Votre Excellence le tribut de leurs hommages respectueux et le Pont fait en union intime avec tous les habitants de notre village, mais à nous, français d'origine, il reste un devoir très doux à accomplir, celui de saluer en vous le premier représentant de la royauté à arrêter chez nous en sa qualité officielle depuis les jours lointains on les découvre nouvelles et les gouvernements venant de France faisaient escale dans nos baies maritimes avant d'entrer dans leurs capitales.

Nos coeurs de citoyens britanniques ont été très heureux de déposer aux pieds de Votre Excellence leurs hommages à la Couronne et nos coeurs de Canadiens français sont fiers de saluer en votre nom ce vestige de France que Sa Majesté le Roi est y attacher pour perpétuer le souvenir des liens tragiques mais glorieux que votre main fait se ressusciter.

Unis de France et d'Angleterre à ces heures où le maître des destinées écrit avec le sang de nations la page lumineuse l'histoire dont l'héroïque chapitre de la crèche célèbre demeure l'émerveillement des peuples qui s'échinent comme nous devant le sublime vainqueur dont le titre de Byng d'Angleterre s'embellit encore de celui de Héros de Vimy.

Le souvenir du passage chez nous de Votre Excellence restera ineffablement gravé au coeur de la population et désormais, comme nous le sommes d'Acadie comptez leurs étapes nationales à partir du grand dérangement nous comptons nos joies populaires à partir du passage de Son Excellence le Gouverneur Général au Canada et de Lady Byng de Vimy.

Lord Byng's Response  
Mr. Mayor, Ladies and Gentlemen: I thank you very sincerely for your welcome to us to-day and for the expression of your sentiments of loyalty and devotion to His Majesty, which I shall be delighted to transmit to him. In King George we have a Sovereign, who by his untiring efforts on behalf of his people has set an example to the whole Empire.

For myself I can assure you that I deeply appreciate your greeting. It is a real encouragement to be met with such sympathy and helps me to understand the aspirations of the Canadian people, so that I hope that I can be of some use to the Dominion during my term of office.

You have made kind reference to my services during the war, but our successes were only made possible because the Canadian Corps was a splendid body of men working together, as one harmonious whole, for a definite objective. That is why they proved invincible. And that is how I believe we are going to succeed in the present struggle to reconstruct our social and industrial life.

I must also say that the scenic beauty of your little village is most inspiring and can assure you that Matapedia and its beautiful surroundings constitute a memory picture which will long remain among the most pleasant reminiscences of our Maritime tour.

Ladies and gentlemen, on behalf of Lady Byng and myself I thank you once again for your reception of us. We shall never forget this our first visit to your city and its beautiful surroundings and we greatly hope it will be a pleasant memory for you as those which we shall always cherish.

Harry Carey in "The Kick-Back" on Friday (Thursday is going to make a lot of friends.

successes were only made possible because the Canadian Corps was a splendid body of men working together, as one harmonious whole, for a definite objective. That is why they proved invincible. And that is how I believe we are going to succeed in the present struggle to reconstruct our social and industrial life. It must be built upon a sound basis, with steady and healthy development and we must ensure the future by bringing up the children to be good Canadians and good Britainers.

I have listened with great interest to your account of this town and was indeed sorry to hear of the catastrophe of 1910. But the courage and energy, with which you have made good that disaster proves that the citizens of Campbellton possess the qualities which make this nation the admiration of the world to-day.

Ladies and gentlemen, on behalf of Lady Byng and myself I thank you once again for your reception of us. We shall never forget this our first visit to your city and its beautiful surroundings and we greatly hope it will be a pleasant memory for you as those which we shall always cherish.

**MANY DRUNKS.**  
Prohibition matters in the town of Campbellton are a disgrace to the community and the citizens should take the matter in hand if the officers appointed will not do their duty. On Monday liquor was sold openly and there were many drunks, nine arrests being made and by no means were all those under the influence in the lockup.  
Can nothing be done in this regard?

**RHONDDA WELSH MALE CHORUS COMING**  
An announcement of unusual interest has just come from the Opera House management to the effect that the renowned Rhondda Welsh Male Chorus is booked to sing here on Thursday evening, Sept. 27th. Thousands were thrilled by these wonderful singers when they appeared at the Pittsburgh, Pa., Great International Song Festival, where 50 choir of all classes competed. The Rhondda Chorus won first prize with \$1,000 cash in the male chorus contest. Further details of their proposed visit to Campbellton will no doubt be awaited with keen anticipation by those who appreciate good music and singing.

Margery Wilson, charming young lady and screen star appears in person Friday, September 14th. Come and meet her—You'll like her we're sure.

### FAMOUS MOVIE ACTRESS COMING

Margery Wilson, One Of Star-dom's Celebrities to Appear Here in Person.

With the visit of Miss Margery Wilson here on September 14th, the first time in the history of Campbellton a real live movie star of enviable fame will appear in person on our local stage. Arrangements have just been completed whereby the Opera House management has been successful in securing the personal appearance here of Miss Margery Wilson, the noted screen star.

Miss Wilson will be remembered for her work in various pictures. She has played leads with Douglas Fairbanks, Wm. S. Hart, Charles Ray and other screen stars of note and her work in D. W. Griffith's great spectacle "Intolerance" was the stepping stone in her very successful career.

She is now producing her own pictures and in this connection her appearances here will be coupled with the screening of her latest success, a picture entitled "Intolerance" which was written, directed and starred by Miss Wilson.

### FATAL ACCIDENT IN LUMBER WOODS

A telegram from Vancouver yesterday by relatives at Wyers Brook announced the death of Borden Powell.

It is understood that the unfortunate young man, who is a son of David Wyers, met death accidentally on Tuesday and that the accident occurred at the scene of some lumbering operations in the woods about forty miles from Vancouver City.

Definite details of the tragedy are lacking but it appears that young Wyers was fatally injured by a large tree falling upon him. The deceased was only twenty-one years of age. The remains are expected home about Tuesday of next week where interment will be made at Rummymede, Que. The deceased's surviving relatives have the sympathy of all in their bereavement.

**MILLINERY OPENING.**  
We wish to announce that our fall millinery opening will take place on Wednesday, September 12th at M. L. BARKER-BURT, Millinery Parlors, Water Street. Sept. 6-1-wk.

**OPENING NEXT WEEK.**  
We wish to announce that owing to remodeling being done in our Millinery Parlor, our Annual Fall Opening will not be held until Friday and Saturday, Sept. 14th and 15th. We feel sure, however, that you will benefit rather than lose by looking over our new fall showing before purchasing elsewhere.  
HAZEL M. MURRAY.

Recipes for Three New Delicious Salads Suggestions For Fascinating Hand Work

In warm weather we cannot be too careful to eat food attractively. People are fussy with the heat and appetites are apt to reflect the mental state. What we would welcome in cool weather, we often find fault with mentally if not audibly, on a hot day. In the first place, all food should be fresh, well-cooked and served just the right temperature. Garnishes should be crisp and fresh and egg-bellied just right. Food should be placed in the right kind of dishes and above all, served in modest portions. Lavish food display is very apt to repel instead of tempt a jaded appetite. Consider food values and do not combine several delicacies in one menu that may fight instead of blending cheerfully in the stomach. Perhaps salads are the greatest offenders in how may serve as examples of safe combinations.

**Macedoine Vegetable Salad**  
These are two types of macedoine vegetable salads. The first is dressed with French dressing and served with cold cuts of meat such as ham, tongue and roast beef. The second version is dressed with light and rich mayonnaise made with soft mustard. The meats in this case should be lamb, mutton and veal and mayonnaise takes the place of fat in the meats. Use a bottle of prepared macedoine vegetables if you are in a hurry, if not, cook and cool those needed.

**Pineapple Fish Salad**  
Take two cups of cold, boiled whitefish, cod, flounder, lake whitefish, Pacific barracuda or halibut carefully and lightly flaked. Add a small cup of chopped and drained fresh pineapple, a small cup of minced heart of celery, a half cup of finely-cut chives, two tablespoons of French dressing, then mayonnaise enough to moisten. Garnish with sliced sweet pickle and stuffed olives, dust with paprika, and serve in lettuce leaves. This salad should also be served very cold, but not chilled.

**Stuffed Pear Salad**  
Select large, juicy pears, pare and hollow out the cores of each half, add to it a little salt and a half teaspoonful of sugar, a saltspoonful each of cinnamon and nutmeg and enough cream to make a soft paste. Put a spoonful of the paste into each pear and set it on a white lettuce leaf. Top each serving with a teaspoonful of mayonnaise made without mustard or other seasoning and place a cherry in the centre of each pear. This salad should be served very cold and crisp. It makes a nice salad to use with a baked fish dinner.

## Two Seasonable Suggestions For a Vegetarian Dinner

Spring market stalls are always fascinating in appearance and tempt the marketer to foreign meats and try a vegetable diet for change. The early spring vegetables and fruits give a wide choice. If the buyer meets she must have a hearty meat or fish dish, she may fall back on spring chicken or shad, the finest of fish notwithstanding its plentiful supply of bones. The latter difficulty can be overcome if one has the patience to learn how to bone the fish in part or entirely.

The following menus and recipes suggest vegetable combinations that will constitute a balanced ration.

**Menu**  
Escalloped eggplant, Macaroni au gratin, baked sweet potatoes, rolls, spring salad, rhubarb pie.  
Cut up six tomatoes in a saucepan with a sliced onion, a few celery tops, half a bay leaf, half a bud of garlic, and a quart of water. Add saltspoonful of curry powder, a teaspoonful of salt level, a small quarter cupful of sugar and a teaspoonful of Worcestershire sauce. Cover and stew for a half hour, then strain, return to the pan and thicken with a little arrowroot, or cornstarch, dissolve in a little water. Or, if preferred a little sage or fennel may be boiled with the vegetables, then any not dissolved will leave the soup clear and red. A good thickener will combine it. Add a piece of butter just before removing the soup from the fire.

Slice the eggplant in thick slices and let stand in salted water until ready to use, then drain and cut in cubes, place a layer of the cubes in a buttered pudding-dish and then cover with a layer of chopped onion and pepper. Dot with butter, sprinkle with crumbs, dust with pepper, salt and a little sugar, and continue in this way until the eggplant is all used. Pour in half cupful of tomato juice and bake. Make the macaroni as usual. The spring salad is of radishes sliced with spring onions and cucumbers, or watercress, or young lettuce with French

**Menu**  
Cream of lettuce soup.  
Spanish rice, Baked white potatoes.  
Fried tomatoes, Rolls.  
Mint jelly salad, Apple-sauce pie.

Wash and chop three heads of lettuce and put into a pan with a grated onion, pepper, salt, a teaspoonful of sugar and a half-pint of boiling water. Let the mixture simmer for 10 minutes, then add a pint of hot milk and let it simmer for five minutes. Add a little butter and flour rubbed to a creamy paste and serve as soon as it is slightly thickened.

**Hand Work**  
The old-fashioned girl who tutted in season and out, and the perpetual knitter of not so long ago had nothing on the modern woman who is crazy on the subject of hand work. This craze started, perhaps, because of the charms and high prices of hand-made French underwear. Every woman wanted these fascinating "undies" so if she could not afford to buy them, she went at it with a will. When women discovered how slow they were at making the dainty things, they branched out and now the home is being decorated in the most unexpected manner. Attractive spreads long enough to cover pillows and all are made on a course quality of unbleached muslin. Hems are hemstitched all around them. In many instances a bounce of heavy lace finishes the hem. In the centre there is often a wreath of flowers done in appliqued lines. Each flower is embroidered in its natural color and the flowers are colored on with a coarse button-hole-stitch done in leaf-green. Sometimes the centre is embroidered with a large scroll pattern in coarse coral or white linen floss. The so-called "stemstitch" is used for this purpose.

**ESCHIMAUZ PLATS**  
Mrs. Wilson Edwards and family returned to Montreal on Friday after spending the summer with relatives here.

Messrs. Claude Forbes and Matthew Day of New Carlisle, spend the week here.

The W. C. T. U. held their annual picnic and bon fire on the beach here Thursday evening.

Miss Annie Penhance who has been visiting friends in Dalhousie returned home this week.

Mrs. John Day of Nouvelle has returned home after spending a week here the guest of Mrs. Pike.

A new Model School will be opened here Sept. 4th. Miss Bessie Norton of Campbellton will take charge of the Model Dept. and Miss Blard of the Elem. classes have to tell my wife what you say."

### The Importance of Being Pretty

Many a girl's fortune is determined by her face. A skin which is fresh, smooth and glowing with the radiance of health, predicts a happy future, because this is the greatest of all womanly charms. Every girl can have a beautiful, attractive skin if she will only learn to give it proper care. The constant application of cold cream, talcum powder, and rouge tend to make the skin sluggish and inactive. Dirt accumulates and blackheads and other blemishes appear.

Although cleansing once a day is necessary, it is not sufficient and keeps the complexion fresh and smooth. Cold Cream is beneficial when applied to a clean skin and rouge and powder are harmless beautifiers—start fresh every day on a clean foundation. Keep your skin active and it will be clear, fresh, youthful and attractive.

Soap to be thorough, wash with bar soap. The mild Palmolive Soap made in the most thorough of all manners, so you will know after you have tried Palmolive.

### The Family Milk Supply

CARNATION Milk is the only milk supply your family needs. It is really more, because it serves as both cream and milk.

Fresh from the can it has creamy consistency because about 60% of the natural water content has been taken away from it by evaporation, then sealed in the container and sterilized. Use it for tea, coffee, fruits, cereals and desserts.

By adding a little more than an equal part of water to Carnation Milk you have milk of natural consistency. You get "whole" milk—rich, wholesome and pure—for cooking, drinking—for every milk use.

There is no waste to Carnation Milk—it stays sweet in the can indefinitely—and for several days when opened. Order several tall (16 oz.) cans or a case of 48 cans from your grocer—the Carnation Milkman.

Try this recipe—and write for your copy of the Carnation Cook Book. Over 100 tested recipes—FREE.

**CUSTARD PIES**  
Two eggs, 1/4 teaspoonful salt, 3 tablespoonfuls sugar, 1 cup water, 1/2 teaspoonful vanilla, 3/4 cup Carnation Milk, one grain nutmeg. Beat eggs slightly, add sugar, salt and milk mixed with the water. Bake a pie in a pie plate, add the mixture to which the vanilla has been added. Bake the top with nutmeg. Bake in hot oven at least 30 minutes, then reduce the heat as egg and milk in combination should be cooked at a low temperature. This recipe makes one pie.

### COW KILLED BY AUTO.

An automobile going at a high rate of speed ran into and killed a cow on the Richmond Road on Saturday about eight miles from here. The driver didn't stop his machine to make inquiries as to whose property he had destroyed. The cow that killed the cow is believed to belong to Campbellton. —Chatham World.

### HAVE YOU A DOUBLET?

Many frequently make two people who look alike. The resemblance between Lord Aberdeen and Mr. Frank Ross, Labor Member in the British House of Commons for North Aberdeen, would hardly be strong enough to cause the confusion recently alluded to in the British Press if both men were absent instead of being head-to-head.

**WREST PARTY.** A wrestling party will be held in the gymnasium at the Campbellton Hotel on Monday evening at 7:30.

### RUM RUNNERS NEAR SHIPPEGAN

Revenue Officers on Guard to Prevent Landing of Booze Cargo.

Saturday's Chatham World—For three days and nights this week a large and handily equipped rum runner lay off the Gasquet Coast. During that time the boat made attempts to land but was frustrated by the vigilance of the local Island Revenue and N. B. Prohibition Officers who were keeping a close watch in case the boat came within the three mile limit. The boat had a cargo for a well-known bootlegger and rum runner from the northern section of the province who hoped to land his cargo and have it shipped by freight into his own country. During Thursday night there were gathered at Shippegan Captain Miller of the Island Revenue cutter, Officers Duncan, Batters of Gasquet, and Inspector Querequellan and Manderson of New Brunswick. The rum runner evidently thought things were looking too interesting to move off during the night and will have to make another attempt to land somewhere else. A similar ship was captured yesterday at Gasquet, Quebec, by Captain Miller.

**WREST PARTY.** A wrestling party will be held in the gymnasium at the Campbellton Hotel on Monday evening at 7:30.

**NOTICE.** Miss Bertha Bonner will re-open her class in piano on September 12th at 7:30 p.m.

The P. Q. Lumber Co., met with an accident in their mill on Wednesday when the main shaft broke and several smaller shafts were badly twisted. About ten days or a fortnight will elapse before the mill can re-open. A much larger main shaft will be installed.

While the shiretown was prettily decorated generally, special mention should be made of the following places, which drew more than ordinary attention. The skating rink front was very attractive also the Queen Hotel, the A. & R. Loggie store, the residence of Messrs. George Menard, Edgar Shirley, Jerry Letourneau and Joseph Ellier.

**Here and There**

Protection of migratory birds has been added to the duties of the Canadian Pacific Railway's constabulary.

Airplanes attached to the Ontario Forestry Department are now equipped with radio sending apparatus so that they can keep in constant touch with the chief and other rangers.

There was an increase of sixty-three per cent in the number of immigrants to Canada during the last three months as compared with the corresponding period of last year.

Canadian Pacific agents in Britain recruited nearly five thousand men for work in the harvest fields of Western Canada and through lack of steamship accommodation closed their doors on as many more who, attracted by the special harvest rate, sought to enter Canada.

The branch lines program of the Canadian Pacific Railway carried out this year will bring into operation on the prairies a larger mileage than any one year since 1914. Of 431 miles of line under construction, 281 miles will be ready for handling grain in the Fall, and of the balance, 115 miles will be ready for steel by the winter freeze-up.

A building has been acquired by the University of Toronto to be entirely devoted to the manufacture of insulin. This will be the only factory in Canada to manufacture the curative fluid in commercial quantities and although it is manufactured in the United States, Great Britain and Denmark, the Canadian product will be sold throughout the world.

Dawson City recently celebrated the twenty-seventh anniversary of the discovery of the Klondike. In an exhibition of Yukon products cabbages 16 inches in diameter and weighing thirty pounds, potatoes as big as a man's head, pumpkins as big as watermelons, wheat, oats and barley bore witness to the fertility of the Yukon soil. Side by side with these ranged gold nuggets, gold dust and silver bars.

Dr. James Inches, Commissioner of Police, Detroit, and a guest at the Canadian Pacific Bungalow Camp at Nipigon, holds the record for the biggest speckled trout caught in the Nipigon River this season, having captured a fish weighing 7 1/2 pounds. This catch was above the average, but a large number of six pounders have been taken from the Nipigon this season. Several years ago, and from practically the same place, Dr. J. W. Cook, of Fort William, caught the world's record speckled trout, which weighed fourteen and one-half pounds, and was more than two and a half feet long.

A record was established recently when one of the latest type of Canadian Pacific locomotives drew a train of 42 cars of newspaper, weighing more than 1,100 tons, from the plant of the Abitibi Pulp and Paper Company, North Bay, to Toronto, without a hitch. Ordinarily, it would have taken two passenger engines to haul such a load for the 320 miles. After proving its worth by this feat the huge engine, together with an all steel train consisting of the latest model tourist, dining and sleeping cars, and a baggage and mail car, formed part of the Canadian Pacific exhibit at the National Exhibition at Toronto.

ALL THE NEWS DALHOUSIE, N. B., SEPTEMBER 6th, 1923 EVERY WEEK

## DALHOUSIE NINE DEFEATED MONCTON

Shiretown Squad Add Two More Decisive Victories to Season's Winnings.

After adding two more victories to their triumphs of the baseball season on Monday afternoon the Dalhousie Baseball team rightfully deserve the praise and appreciation of Shiretown citizens. The games on Monday with the Moncton boys were stiff struggles but the local players amply demonstrated their ability to defend their honors previously won.

Both games with Moncton were nine inning engagements. The visiting players arrived here in the early morning and one game was played in the afternoon, while the other was staged in the evening. The game in the late afternoon temporarily threatened to side-track the second contest but the rain ceased before the diamond became too wet for playing. The first game, for the first four innings, was the more closely contested. Moncton started off with a single score and did not tally again until after the fourth inning. But although the local boys successfully held their opponents up to this juncture the visiting nine, while in the field were showing a good brand of ball and the local players so far had nothing but three goose eggs to show. Coming to bat in the fourth however the shiretown squad rallied in fine style and worked three runners around the circuit. Excitement ran high and was increased when the visiting nine retaliated by chalking up three more runs in their half of the fifth section. The local boys, however, were now thoroughly aroused and played the game in most admirable style. Although able to bring one man across the plate in their half of the fifth, they staged a real comeback in the sixth inning, chalking up five runs in rapid succession much to the delight of the spectators. The visiting crowd of spectators, the visitors were not discouraged however and contrived to get several heavy wallopers on the pill the next inning, bringing four runners safely home in spite of the carefully directed play of the Dalhousie fielders.

For a few minutes the outcome seemed uncertain but when the locals came to bat in the seventh they virtually clinched the game when three more runners circled the bases. From then on neither squads scored again and the game ended in a hard fought victory for the shiretown squad of 11 Moncton—Elliot and O'Brien.

Although not so closely contested at the start the evening game soon developed as a much speedier affair than the afternoon engagement, and was interesting to the fans. The Moncton players started off with a rush in the first inning but the locals soon showed that they had a wealth of speed and pep in reserve. Although the visitors brought three men home in the first section and the home team fell one short of trying in their half of the inning they seemed to simply go right after the game in the second. Slashing out hot, decisive grounders and long straight drives they gave the visitors more than they could handle for several minutes. And every minute the locals seemed to strengthen their hold on the victory. The inning was not an exceptionally long one but when the last man went down, the locals had scored five times and were leading by a margin of four runs.

The Moncton boys put up a game fight however and then hard work was rewarded by three home runs in the third inning. From then till the sixth the result of the engagement looked uncertain but in their half of that section the locals practically decided the contest by working four runners around the circuit. In the last three innings neither teams scored again, although there was some fine playing executed right up until the close of the game.

The batteries were—Moncton—Tooky and O'Brien. Dalhousie—Deacon and Hutchinson. Rev. Father Hart umpired both games to the satisfaction of all.

Mr. H. A. Trudelle, the popular manager of the shiretown nine was on the alert as ever throughout both the games, cheering and keeping the local players confident and carefully coaching them and there is little doubt but what his tact and ability as a leader of the squad did much to assure the victory. No small credit is due him for the time he has spent and the effort he has put forth for the sake of the boys, for the amusement of baseball lovers and in the interest of good, clean sport. Mr. Trudelle, or anyone else who exhibits a similar spirit should have the steady and hearty support of the whole town.

Much credit is due Mr. W. H. Priest, manager of the Dalhousie Lumber Co., for the interest he took in having the platform built in front of the Court House and for the splendid work he had in the construction of this veritable tourist's paradise.

In addition to the wealth of scenery we have also great views of sea, of forest and of sun, all trapped to some extent but capable of much greater development; and we have too a fine natural harbour that will accommodate vessels of any draft, which with the effort and expense that is being transformed into a port of national and

## Social and Personal News

J. Clive Briand, who spent the past two months here in the employ of the P. Q. Lumber Company, left on Saturday for his home in Douglastown, Que., to spend some time with his parents.

Mr. and Mrs. W. M. Hamilton and Bernie Hamilton, of Chateau, spent Friday with friends in town.

Miss Eva Walker returned home on Friday from a weeks visit with friends in Bathurst.

Miss Gertrude Kelly, of Stanley but formerly a teacher in the Superior School here, is the guest of Mrs. Albert Gallop for few days.

Alexander McKay was removed from his home to the Soldiers' Memorial Hospital last Wednesday for a surgical operation. Last reports indicate that he is doing as well as may be expected.

Miss Martha Ericson left last week for Montreal where she has secured a position.

Miss Mary Farrell, formerly on the teaching staff of the superior school here, but now principal of the school at Athol, spent the week-end in town with friends.

Mrs. Charles H. LeBlanc is spending a few days in St. John at the guest of her daughter, Mrs. T. Lemox.

W. H. Priest, manager of the Dalhousie Lumber Company, left on Monday morning for Fredericton where he will attend a meeting of those interested in the lumber industry.

## Happenings of The Week

The Rev. R. J. Coleman conducted services in Christ Church, Campbellton, last Sunday, exchanging with the Rev. A. B. Humphreys who conducted the services in St. Mary's Church, Dalhousie.

Among the citizens presented to Lord and Lady Byng at Dalhousie was Mr. William Carter, wearing a large medal received from His Majesty King George, as a remembrance of the great loss he had sustained in the death of his son, on April 9th, 1919 at Vimy Ridge. The account of the death of late Private Lawrence Carter was published at the time as follows: "The sad news was received that Private Lawrence Carter had been killed in action on April 9th. This popular young boy of eighteen years enlisted in our North Shore Battalion. He trained at Valcartier and then proceeded overseas with his battalion. He was among the first to volunteer to go to the front and reached the trenches in the autumn of 1918. He went through the hard winter campaign and the heavy actions in the spring at the glorious battle of Vimy Ridge he fell doing his bit for his country. In the same action one of the comrades of Pte. Carter fell, Private Howard Callahan, one of the boys of the 132nd, who enlisted on the coast of the Gulf of St. Lawrence. He also volunteered at once for active service and upheld the traditions of the Canadians" through the hard winter fighting and went down fighting gloriously.

The Vice Regal train arrived at Dalhousie Junction in the early part of the forenoon and at 10:30 o'clock the party were met by Mayor Barberie and Mrs. Barberie, Mr. F. J. Michaud, M. P., Rev. R. J. Coleman, Mr. W. A. R. Craig and other representative citizens and conveyed in automobiles to the court house grounds in the shiretown. The procession of cars came down the Point La Nim road where the distinguished visitors witnessed the comfortable and happy homes of the descendants of noble pioneers, who now fully enjoy the fruits of a fertile soil and a river rich in fish of great value on the great markets of the American continent.

Coming into the town by Victoria St., down George St., to Adelaide St., to Renfrew St. and to William St., thence to the Court House entrance, where a guard of honor composed of ex-veterans, in charge of Captains G. S. Grimmer and Capt. Dr. J. R. Djabrov, was lined up on the North side of the Street. His Excellency inspected the guard and took occasion to inquire as to the war record of each man. After talking with the ex-veterans and Boy Scouts, the latter in charge of Mr. Carl Goodspeed, walked up quietly with Mayor Barberie to the platform in front of the Court House, passing through lined on both sides, hundreds of pupils from the Dalhousie Public Superior School and the Central School.

As Lord Byng approached the band played the Campbellton Band played "God Save the King." Lord Byng passed and the large attendance was deeply impressed at the solemnity of the occasion. When Lord and Lady Byng appeared on the platform the band played "O Canada" followed by hearty cheering by the people.

The official address of welcome from Dalhousie to His Excellency was presented by Mr. Harry McEvoy. In well chosen language the address referred to the exalted position held by

commercial significance. We mention these things in no spirit of boasting but merely to call your Excellency's attention in a humble way to the great natural advantages which the Hand of a Kind and Beneficent Providence has so lavishly bestowed upon us.

We wish in conclusion again to assure Your Excellencies of our deep and lasting appreciation of the great honor that has been conferred upon us to-day and we beg leave to express the hope that modest as is our community Your Excellencies may remain at least a faint but pleasant memory of the Town of Dalhousie and of its people.

**REDUCED FALL PRICES.**  
A big reduction in all lines of furniture furnishings at Bernier's is turning ordinary good values into extraordinary bargains. If you are in need of anything in the Gen'l Furnishing line don't fail to take advantage of these specially reduced prices.

## BYNG WELCOMED IN SHIRETOWN

Governor General and Lady Byng Given Splendid Reception in Dalhousie.

Dalhousie, N. B., Sept. 4.—Their Excellencies Lord and Lady Byng paid their first official visit to Dalhousie on Monday and were warmly received.

Mayor Barberie had proclaimed a holiday and it being Labor Day all the industries, banks and stores were closed and the populace turned out en masse, joined by many people, who came from the centre and lower parts of Bonaparte County and from the upper sections of the County of Bonaventure, P. Q., to pay tribute to Their Excellencies, while the town was gayly decorated in honor of the event.

The Vice Regal train arrived at Dalhousie Junction in the early part of the forenoon and at 10:30 o'clock the party were met by Mayor Barberie and Mrs. Barberie, Mr. F. J. Michaud, M. P., Rev. R. J. Coleman, Mr. W. A. R. Craig and other representative citizens and conveyed in automobiles to the court house grounds in the shiretown. The procession of cars came down the Point La Nim road where the distinguished visitors witnessed the comfortable and happy homes of the descendants of noble pioneers, who now fully enjoy the fruits of a fertile soil and a river rich in fish of great value on the great markets of the American continent.

Coming into the town by Victoria St., down George St., to Adelaide St., to Renfrew St. and to William St., thence to the Court House entrance, where a guard of honor composed of ex-veterans, in charge of Captains G. S. Grimmer and Capt. Dr. J. R. Djabrov, was lined up on the North side of the Street. His Excellency inspected the guard and took occasion to inquire as to the war record of each man. After talking with the ex-veterans and Boy Scouts, the latter in charge of Mr. Carl Goodspeed, walked up quietly with Mayor Barberie to the platform in front of the Court House, passing through lined on both sides, hundreds of pupils from the Dalhousie Public Superior School and the Central School.

As Lord Byng approached the band played the Campbellton Band played "God Save the King." Lord Byng passed and the large attendance was deeply impressed at the solemnity of the occasion. When Lord and Lady Byng appeared on the platform the band played "O Canada" followed by hearty cheering by the people.

The official address of welcome from Dalhousie to His Excellency was presented by Mr. Harry McEvoy. In well chosen language the address referred to the exalted position held by

Lord Byng, as governor general of Canada, one of England's greatest colonies, to his illustrious career as a military man in the British Empire, to the honor bestowed on the people of humble conditions by his visit, etc.

A paragraph in the address referred to the great loss Dalhousie had sustained in the destruction by fire of our large summer hotel, expressing the hope that before long a larger and greater house would be built, to receive hundreds of pleasure seekers from all parts of the American continent, who would enjoy the beautiful scenery surrounding our quiet little town, our cool and healthy climate and our many facilities to enjoy our shore life.

In replying Lord Byng thanked the people for the grand reception accorded him and Lady Byng. He paid a glowing tribute to the sacrifices of the people of Canada in the Great War, in which she gave unstintingly of her natural and industrial products and her human resources.

The bride, who was given away in marriage by her father, was secondarily attended in a gown of duchesse satin, with tulle veil and orange-blossoms. She carried a bridal bouquet of sweet-peas, lily of the valley and maiden-hair fern.

Two pretty little girls, Isabella Hubert, daughter of Mr. and Mrs. Harry Hubert and Therese LeBlanc, daughter of Mr. and Mrs. Louis LeBlanc presented beautiful bouquets to Lady Byng and to Miss Wampole, lady-in-waiting.

A reception was then held and hundreds of our citizens had the pleasure of being presented to Lord and Lady Byng who made everybody feel so at home even to the smallest child.

The Vice Regal party returned to their train at the Junction at 12:30 via William, Renfrew and Victoria Sts., and Point La Nim Highway.

**PROGRESS SET BACK**  
**GENERATION THROUGH TERRIBLE DISASTER**

Pekin, Sept. 3.—"Tens of thousands of dead" is the appalling estimate of casualties in the catastrophe of earthquake, tidal wave and fire that has swept Japan according to an intercepted wireless message sent by the Japanese steamship Korea Maru, now in the harbor of stricken Yokohama, which declares that the city has been "destroyed."

Fire followed swiftly after the earthquake shocks, according to other messages reaching China. Twenty square miles of Tokyo have been burned. The country between Asaka and Tokio is in ruins. Yokohama, shattered by the quake, was swept by a gigantic tidal wave, taking its toll of dead. Wrecked houses burst into a conflagration that later swept districts of the seaport.

A typhoon preceded the first shock. Twenty-five minutes after the first gigantic tremor, a second shock shook the broken houses. The tidal wave followed, spreading havoc along the coast.

## MacCollins—Jenkins

The home of Mr. and Mrs. Harry Jennings, East Bathurst, was the scene of a quiet but pretty wedding on Aug. 14th, when their step-daughter, Miss MacCollins, was united in the holy bonds of matrimony to Mr. Donald F. MacCollins of Campbellton, N. B.

The bride, who was given away in marriage by her father, was secondarily attended in a gown of duchesse satin, with tulle veil and orange-blossoms. She carried a bridal bouquet of sweet-peas, lily of the valley and maiden-hair fern.

Two pretty little girls, Isabella Hubert, daughter of Mr. and Mrs. Harry Hubert and Therese LeBlanc, daughter of Mr. and Mrs. Louis LeBlanc presented beautiful bouquets to Lady Byng and to Miss Wampole, lady-in-waiting.

A reception was then held and hundreds of our citizens had the pleasure of being presented to Lord and Lady Byng who made everybody feel so at home even to the smallest child.

The Vice Regal party returned to their train at the Junction at 12:30 via William, Renfrew and Victoria Sts., and Point La Nim Highway.

**PROGRESS SET BACK**  
**GENERATION THROUGH TERRIBLE DISASTER**

Pekin, Sept. 3.—"Tens of thousands of dead" is the appalling estimate of casualties in the catastrophe of earthquake, tidal wave and fire that has swept Japan according to an intercepted wireless message sent by the Japanese steamship Korea Maru, now in the harbor of stricken Yokohama, which declares that the city has been "destroyed."

Fire followed swiftly after the earthquake shocks, according to other messages reaching China. Twenty square miles of Tokyo have been burned. The country between Asaka and Tokio is in ruins. Yokohama, shattered by the quake, was swept by a gigantic tidal wave, taking its toll of dead. Wrecked houses burst into a conflagration that later swept districts of the seaport.

A typhoon preceded the first shock. Twenty-five minutes after the first gigantic tremor, a second shock shook the broken houses. The tidal wave followed, spreading havoc along the coast.

**FLOOR SCRAPING MACHINE**  
I have purchased a "Universal Floor Scraping Machine" (one of the best on the market) and am now prepared to scrape hardwood floors of every description in a thoroughly first-class manner at most moderate prices.

**Matapedia**  
Mr. and Mrs. Austin MacCollins and family returned from their vacation in New Orleans and St. Petersburg, Fla., on Monday. Miss Lucie MacCollins was the guest of Mrs. J. H. Hilde at her summer bungalow on Saturday.

**It Works Both**

A local merchant who we called recently gave us a talk upon "home." We certainly with him in all the world. The Graphic has preached this doctrine, up to it.

But what of our chanta? A genial wrapping paper, paper had induced him to counter check books "just to make up a freight shipment."

Our local merchant got that our local supply these counter check books at the same sent out of town for.

But its a poor rule work both ways.
