CONSERVATIVES GET VOTES FARMERS ELECT MEMBERS

Official Returns Show Peculiar Result—Urban Ridings Have More Voters Than Rural Districts.

TORONTO, Nov. 15.—The Conservative candidates in the election a month ago secured more votes than the combined votes of the U. F. O. and Labor candidates. That is one result of the most peculiar election ever held in Ontario.

Official returns from all but six of the 111 ridings, and unofficial returns for the ridings not reporting show the following totals:

No. Candidates	Elected	Votes
Conservatives	102	28,386,796
U. F. O.	73	23,671,574
Laborites	22	11,127,096
Ind.	15	1,608,656
Totals	212	111,153,567

According to these figures the Conservatives throughout the province secured 2,826 more votes than did the Coalition, which with 383,970 votes captured 56 seats. The popular majority of the old parties over the coalition candidates is 339,741.

The explanation of these remarkable facts lies in the fact that a much smaller number of votes will elect in the rural than in the urban ridings; also the Conservatives had candidates in nearly every riding, while the U. F. O. and Liberal alternate, the latter withdrawing their candidates or not naming any in 41 ridings.

SALARIES RAISED

Toronto, Nov. 15.—Ministers, at least Methodist ministers—will not have to strike for higher pay. A general increase in their salaries, in some instances 100 per cent, and the establishment of a minimum salary will provide a living wage, was announced by the centenary conservation committee of the Methodist—Episcopal Church to-day.

In 1917 the average Methodist minister's salary was \$225. The minimum established in most districts now is \$1,200.

Laymen have taken the initiative in raising these salaries.

MANY PROBLEMS BEFORE Y. W. C. A.

Organization Should Identify Itself With All These.

NATIONAL CONVENTION BEING HELD IN HAMILTON Hamilton, Nov. 14.—Addresses, discussions and papers made up this morning's program of the Young Women's Christian Association national convention, the feature being the association as a social factor in boarding homes, cafeterias and lunch rooms, extension work and health education.

The speakers were Miss McDonald, Mrs. Foster and Dr. Young, Toronto; Miss Macdonald, of the Dominion council, spoke on "To-day's Challenge to the Association."

Miss Jamieson said she felt that there were many groups of girls that the association did not reach. The organization should more closely identify itself with all problems of the city affecting girlhood, health, housing conditions, establishment of playgrounds, higher education and suppression of vice; in short, a more extensive and aggressive policy was demanded.

Effects of Paint Places of commercialized entertainment were well known to all girls. They were not ignorant about

TAXES PRETTY WELL IN

Yesterday was the last day for the payment of the second instalment of taxes and the Molsons Bank was the busiest place in town. The total taxes collected for the year is approximately \$12,000,000, and of this amount there still remains \$7,000 outstanding. Yesterday \$18,500 was collected. Last year the total outstanding at the end of the second instalment was \$12,500, so the collection this year is a real encouraging one indeed.

MOVIES. Commercialized vice and aggressive hands knew how to reach out in the city where they knew girls were to be found. Miss E. P. Jones, of Toronto, leading the discussion, deprecated the use of paint and powder so prevalent to-day.

"If they realized that a few years of it means tough, wrinkled skin, I don't think they would do it," she said.

Extravagance in dress was also noted. Miss Lane, of Toronto, stated that the love of romance and excitement, due to monotonous, highly occupations, were the main reasons for the passion of girls for moving picture entertainments.

"You all know how unnatural and untrue to life they are, even the best," said the speaker, who advocated as substitutes pageants, tableaux and other Y. W. C. A. activities.

Other speakers included Mrs. L. A. Hamilton, of Toronto; Miss Sutcliffe, secretary of the western field; Miss McElderman, Winnipeg; Miss Bradshaw, of Edmonton; and Mrs. Rowland of Toronto.

OVER THE TOP. Two more local factories have gone over the top, the latest to achieve the honor being the Pequegnat Clock Co. and the Breitaupt Leather Co.

EARLY ARTERIES OF TRAVEL AND COMMERCE, UPPER CANADA

Mr. W. H. Breitaupt Reviews Same Before County Historical Society.

The original main highways of North America were waterways. The first of these, long before the completion of the Erie canal, was the St. Lawrence, which was the great artery of travel. The west of the Ohio and Mississippi rivers were the great arteries of travel. The canoe route west from Quebec and the Lake Ontario route less than a mile from the northern Indians. Land routes were well defined Indian trails, which eventually became settlers' roads.

Contemporary writers describe the main travelled road from Philadelphia to Black Rock. Lieut. Hall, an English officer who went over in 1814 from Black Rock to Philadelphia, gives it in detail. Through the St. Lawrence, it followed old Indian trails and is to-day a main travelled route. The St. Lawrence was the main artery of travel and commerce, and followed to Wilkes-Barre, whence to Nazareth, the Allegheny Mountains were crossed.

On the Canadian side, the main artery of travel was the Erie canal, which was formally opened in 1825. It continued in use by larger vessels, until 1885, more or less, the traffic being finally entirely superseded by facilities of railway shipment and travel.

WORST STORM IN MANY YEARS

Two Ships and Perhaps Twenty Lives Lost.

SAULT STE MARIE, Ont., Nov. 15.—The worst storm of years is sweeping Lake Superior, and it is believed two ships are lost with possibly 20 dead; the ore carrier John Owen, of Cleveland, and the H. E. Rumsell, which ran ashore on the banks of Grand Marais and broke in two. Her crew was saved by coast guards, who shot a life line to the breaking vessel. The 20 feared lost comprised the crew of the Owen.

Several other vessels are tied up at Grand Marais. The steamer J. J. Neslen grounded on a reef in Georgian Bay while en route to Harbor Springs. Floating life preservers, upturned lifeboats, an open pilot house and other wave-tossed wreckage mark the spot where the Owen, which left this port on Tuesday, is believed to have gone to pieces.

The freighters Wilson and Thomas Barlum are reported having run into floating wreckage, in a terrific gale and driving snow. They were unable to stop to investigate.

The John Owen, a vessel of 2,217 tons, 281 feet in length, and of 41 foot beam, was built in Wyandotte in 1889. Her captain is George Benham. Capt. Wm. Benham was in charge of the Owen, but the names of the crew are not known.

Hero of Marine Men. Keeper John Anderson, of the Chicago life-saving station, is the hero of the marine men on the Great Lakes. When the Rumsell was dashed ashore in a mountainous sea it found the Grand Marais life-saving crew without a leader, due to the illness of Keeper Truesdale. John Anderson was in Grand Marais aboard the E-438. Immediately he took charge of the rescue work.

The Rumsell crew of 17 men was helpless with a sea rolling over the vessel and everything coated with great layers of ice. The ship struck the reefs and began to break up almost immediately. Anderson put the crew of the E-438 on duty with the coast guard men, rigged up the beach apparatus and with a single shot sent a line over the wrecked vessel. A breeches buoy was sent to the ship, but froze solidly to the cable and could not be used.

Giant seas smashed over the piers and the rescuers were freezing, but a 30-foot surf boat was rigged out, and with Anderson in charge and handling the steering oar, made four trips out and back, taking off everyone of the crew.

Anderson was the only man who was not lashed to his seat in the surf boat. He was swept overboard 3 times, but each time managed to crawl back into the tiny craft and continue his work of rescue.

PROF. HOWE ON CANADIAN FORESTS

First Meeting of Woman's Canadian Club This Season.

The first meeting of the Woman's Canadian Club since the summer holidays was held last evening in the Y.W.C.A. rooms. The attendance was large and the following program was rendered:

A solo by Miss Ruth Belcher, accompanied on the piano by her sister; Mrs. Pugsley, followed with the report of the last meeting; Mrs. Mabel Cooke gave the treasurer's report; Mrs. C. S. Kerr then introduced the speaker of the evening, Prof. C. D. Howe, of Toronto University.

Prof. Howe spoke for over an hour and gave an interesting and instructive lecture on the Canadian Forests. The Professor's lecture was well illustrated with lantern slides and showed how remarkably Canada's forest wealth is decreasing.

Prof. Howe claimed that Canada's forest wealth had decreased eighty per cent. in value. This decrease was mainly due to fires and now, whereas it costs the Government twenty or thirty dollars per acre to replant the devastated areas this might all have been saved by sufficient fire protection at the rate of one cent. per acre.

One half Canada's lumber wealth has been destroyed by fire, two thirds of the remainder by careless lumbering. The supposedly great forest wealth of the north proved when investigated to be but a twelfth as rich as previous explorers had reported.

Prof. Howe then closed his address with the statement that Canada's forests are as valuable to us as our Victory Bonds are to-day.

A vote of thanks to Prof. Howe was passed on the motion of Mrs. Mabel Dunham and Mrs. Bilger. They adjourned at nine thirty o'clock.

White and red vines over their difference in color to the fact that, while the former is allowed to ferment without the grape skins, these are allowed to remain in the case of the latter.

VALUABLE PAPERS WERE ENJOYED

Historical Society Held Its Annual Meeting.

The seventh annual meeting of the Waterloo Historical Society was held last evening in the museum at the public library building.

Besides electing the officers for the coming year and reviewing the work of the past twelve months, the members had the benefit of three valuable papers. The president, Mr. W. H. Breitaupt, read a paper on Early Roads and Transportation in Upper Canada; Mr. J. N. McKendrick, B.A., the first settler who came over in the street names, confining his outline to Galt streets; and Rev. J. E. Lynn, who read a paper written by the Rev. Mr. Hamilton on the history of Woolwich Township.

All the papers were enlightening and interesting. That by Mr. McKendrick showed that a real history of Galt can be gotten in a study of its street names. Nearly every street in the city bears a name which has something of historic value.

In regard to the paper on Woolwich Township, the Rev. Mr. Hamilton was settled there as young man, became a Presbyterian minister and for 42 years had charge of the congregation at Waterloo. Among the first settlers named in the history of the town, the names being taken from John Cowan's book were Captain Smith, the Sexton's (uncle and nephew), Elias Hewitt. Captain Smith was the first settler who came over in 1807 from Vermont and fought at Lundy's Lane. He died in 1816.

It should be stated that during his remarks, Mr. McKendrick incidentally said that the editorials of the Galt Reformer, fifty to seventy years ago, as the records show, were gems for literature, style and thought. They excelled many of those of the biggest newspapers of the country to-day.

Officers Re-elected. The officers of the society were all re-elected. The name of Miss L. M. Bruce, the first lady to be on the officers' list, was added to the executive. The complete council for the year is as follows:

President, W. H. Breitaupt; Vice-President, Rev. Theo. Spitz, C.R., D.D.; Local Vice-Presidents: Galt, James E. Kerr; Waterloo, Charles A. Boehm; Elmira, O. H. Vogt; St. Jacobs, E. Richmond; New Hamburg, A. R. G. Smith; Secretary-Treasurer, P. Fisher, Kitchener, Ont.; C. H. Mills, W. J. Motz, B.A.; E. W. B. Snider, Miss L. M. Bruce.

Owing to the laborious amount of research into the history of the Waterloo County Newspapers could not be given at this meeting by Mr. J. P. Jaffray of Galt.

MOTHER OF SIR THOMAS WHITE DIES

Mrs. Elizabeth Nichols, mother of Sir Thomas White, died at Toronto on Wednesday. She was ill for only about a week.

KILLED BY FRACTIOUS COLT

Owen Sound, Nov. 15.—Peter Hodson, farmer in Sarawak township, was killed from this town was dragged to death by a fractious colt.

The animal had broken into a field and when Hodson caught it, he wanted the rope around its waist while he stood talking to a friend. The colt bolted and it was half an hour before it could be caught, and in the meantime Mr. Hodson was dragged around. He was 50 years of age, and leaves a widow and three children.

WILL BE DISFRANCHISED

Ottawa, Nov. 15.—Disfranchisement of defaulters under the M. R. Bill is the subject of a resolution of the new Election Act of Parliament. The new naturalization law will not permit a woman to vote unless she is naturalized as well as her husband.

BETTER CONTROL OF MOVIE FILMS

Toronto, Nov. 15.—The new Government will change the system of censoring moving picture films. Complaints have been made against the present methods which have led the attorney general, Hon. W. E. Ransay, to frame a plan for its improvement. This plan will not be disclosed for the present, but it probably involves the abolition of the appeal board.

The complaint is made that over sixty films which were condemned by the censors were passed by the appeal board and allowed to be shown in the theatres of Ontario.

Rev. Dr. McFarlane has made a public protest against the system under which, he says, unfit films have come into use.

In proportion to its size Belgium has more miles of railway than any other country.

MEMORIAL HAS BEEN COMPLETED

Out of respect to the late Dr. D. J. Minchin, a number of his intimate friends in the city have purchased a memorial tombstone to be erected to his memory and word was received yesterday that the same has been completed and can be seen at the Marble Works of Mr. Casper Braun, corner King and Water Streets, up until Nov. 22nd.

The memorial is a most imposing one and will be a lasting monument to one of the city's prominent men.

THE WORRIES OF PUBLIC LIFE

Premier Drury was barely seated in his new office, when he was asked to be photographed by a newspaper camera man.

"Is this to be the last?" he queried anxiously. "I wasn't photographed so much in the previous forty years as in the past forty hours."

EPIDEMIC MAY COST \$100,000

M. H. O. Will Not Attend Anti-Vaccination Meeting.

TORONTO, Nov. 15.—Yesterday there were 353 known cases of smallpox in the city. It is said that the cost of maintaining one patient a week is \$7, and at this rate the amount now necessary is \$7,077 a week. Should the epidemic continue ten weeks the cost will amount to \$100,000. Dr. Hastings will not attend the public anti-vaccination meeting to be held in Massey Hall on Wednesday, Nov. 19.

Dr. Hastings estimates that 100,000 persons have been vaccinated in Toronto since the outbreak of the epidemic. There is a falling off in the number of new cases reported. There were 28 during the past 24 hours.

None were sent to the hospital. The number reported since the outbreak of the epidemic is 352. The total number of persons quarantined as exposures in homes is 1,191.

THREE DAYS REST FOR THE PRINCE

WASHINGTON, Nov. 15.—Yesterday was the last day for the visit of the Prince of Wales in Washington. In the evening he left for a three days' stay at a southern winter resort. He is travelling strictly incognito, and will make no further public appearance until he arrives in New York next Tuesday. The Prince is staying at White Sulphur Spring, Va.

In the afternoon of that day representatives of thirty races in the United States will assemble on H.M.S. Renown to pay their respects to the Prince. The meeting has been arranged by the International Council.

APPRECIATION OF GOOD WORK

President, Ladies Executive, Red Cross Society, Honored.

Recognition of services faithfully rendered was shown last evening by the members of the Canadian Red Cross Society. The honor came to Miss Agnes D. Jack, on the president of the Ladies' Executive Committee, who was presented with a Red Cross pendant by the ladies working committee and with victory bonds and a silver salver on which were inscribed the words:

The bonds and tray being the gift of the Men's Executive Committee. The honor came to her at the annual meeting which was held last evening. The splendid services by Miss Jackson during the long war period when the Red Cross organization accomplished such noble objects.

The words of appreciation were expressed by Mrs. Charles Ruby on behalf of the Ladies' Executive Committee and by Mr. Robert Smyth, president of the Men's Executive Committee.

Mr. Smyth's address follows: "On this occasion of the Annual Meeting of the Kitchener Branch of the Canadian Red Cross Society, the members of the Executive and Men's Council feel that they cannot let the opportunity pass without expressing to you the hearty appreciation of the splendid services you have rendered to the Red Cross Society and to humanity during the period of the Great War."

Ever since its inception in 1915 you have been the faithful President of the Ladies' Executive of the Kitchener Society and during this period you have been ever at your post in season and also when mere duty would not have called you.

The Provincial Branch of the Canadian Red Cross Society learning of your noble work and self-sacrifice honored not only you, but the Provincial Society as well, by making you a member of its Executive.

One of your latest magnificent efforts was on behalf of the French and Belgian Refugees, when we were called upon for help, our Society supplied eighty-two cases of supplies to the destitute of these countries. This must not be forgotten.

Neither can be your spirit of devotion during the influenza epidemic in making up and sending out supplies and also by your own personal services to many of the sick.

You served in the great cause of humanity almost exclusively day in and day out during all these years. No sacrifice was considered by you too great, and for this we, your fellow workers, and those you helped will ever remember you with grateful hearts.

(Signed) R. Smyth. President Men's Council. (Signed) R. I. Devitt. Secretary Ladies' Executive.

LOCAL RED CROSS SOCIETY TO CONTINUE TO DO GOOD

Decided To Be An Auxiliary of Provincial Organization and Promote Purposes of Health and Charity. Annual Meeting Held Last Evening.

ALL OFFICERS UNANIMOUSLY REELECTED

The local branch of the Canadian Red Cross Society, which did such commendable work during the long war period, those records among the best of the many Red Cross branches in the province, will not bring to an end its efforts of doing good. At the annual meeting held in the hall last evening it was decided to continue as an auxiliary of the Ontario branch of the Canadian Society and to further the work of charitable purposes in co-operation with all other organizations along similar lines, among these for example being the Victorian Order of Nurses.

As to the work during the last year, the first twelfth month of peace, the summary in the report by the secretary, Mrs. A. H. Devitt, speaks for itself. This follows elsewhere in this review of the meeting.

The officers of the society were all re-elected. They are as follows: Women's Executive. Hon. Pres.—Mrs. D. S. Bowly. President—Miss A. D. Jackson. 1st Vice-Pres.—Mrs. S. Brubacher. 2nd Vice-Pres.—Miss B. Penell. 3rd Vice-Pres.—Mrs. H. Stockton. Treasurer—Mrs. A. B. Pollock. Secretary—Mrs. A. H. Devitt. Finance Committee. Chairman—Mr. S. J. Williams. Vice-Chairman—Mr. R. D. Lang and members of Men's Council.

Men's Council. President—Mr. R. Smyth. 1st Vice-Pres.—Mr. J. Hessemauer. 2nd Vice-Pres.—Mr. A. R. Kaufman. Sec.-Treas.—Mr. D. W. Houston. Asst.-Sec.-Treas.—Miss Waldron. And Messrs. J. S. Williams, R. D. Lang, J. Baetz, Jr., W. G. Cleghorn, L. McBride, and J. J. McCallum.

Purchasing Committee. Chairman—Mr. R. D. Lang; Miss Jackson, Mrs. Pollock, Mrs. Devitt, Mr. Smyth and Mr. Hessemauer. Tribute to the ladies' unselfish and untiring efforts was paid by members of the men's executive.

The advisability of the Red Cross branch continuing, as suggested by Miss Jackson, was pointed out by Mr. S. J. Williams who also added that all charitable organizations should be one big unit. More efficiency and still better results would be obtained.

Glimpses From the Year's Review. During the year 12 meetings were held, 9 joint meetings of Women's Executive and Men's Council and 3 of the Purchasing Committee. The work at the Red Cross Rooms

VOTE ON CLOSURE IN U. S. SENATE

WASHINGTON, Nov. 15.—For the first time in its history the Senate voted to-day on the question of limiting debate. The vote will be at 11 o'clock, unless Senator Lodge withdraws his closure motion. Should two-thirds of the Senate support this motion, no member could thereafter speak more than one hour on the peace treaty. Since the Senate began its deliberations with the founding of the government in 1789, it has jealously guarded its freedom of debate.

LADY ASTOR FIRST VOTER PLYMOUTH, Eng. Nov. 15.—Lady Astor who is candidate for member of parliament, was one of the first women to vote after the opening of the polls to-day. There is great activity throughout the division.

\$1200 IN BOOZE FINES. WALKERTON, Nov. 15.—The manufacturers of swamp whisky has been going merrily on in this district. Within the past few days four moonshiners who were performing vitally in a radius of five miles of each other have been rounded up. Some good outfits were confiscated and the sum of \$1,200 in booze fines was collected within a radius of five miles.

OPERATORS AND MINERS MEET Washington, Nov. 15.—Operators and miners again faced each other to-day in an effort to settle the controversy which led to the recent nation-wide strike of soft coal miners. Secretary of Labor Wilson told both sides just what would have to be done for an adjustment of their disputes.

PROTEST AGAINST EXPORT OF COAL Ottawa, Nov. 14.—C. A. Magrath, the Canadian fuel controller, is in Washington to discuss with the United States authorities the question of securing fuel supplies for Central Canada. In the meantime, it is said a new situation has developed in the bituminous fields of Nova Scotia.

From the mines in those fields coal has been shipped in the past for consumption by industries in the United States. England. Members of the United Mine Workers' organization employed in Nova Scotia mines, it is reported, have taken the position that they will not raise coal for New England unless an equal amount is available for Central Canada, which is the coal areas of the United States.

VALUABLE CARLOAD OF GRAIN WINNIPEG, Nov. 15.—A carload of flax sold here to agents of the British Government brought \$8,352, the most valuable car of grain ever sold in Winnipeg. The price per bushel was \$4.26.

WATERLOO NEWS RECORD

Rev. Prof. Little, Dean of the Lutheran Seminary and Waterloo College will occupy the pulpit of St. Johns Lutheran Church to-morrow evening.

Mrs. J. Herb Smith and daughter Alma, Mrs. (Dr.) F. J. Weidenhammer and daughter Nordie, Mrs. E. E. Frey, Mrs. A. E. Sanderson, Mrs. C. Huenergard and Mrs. Carrie Conrad are spending the day in New Hamburg the guests of Mrs. H. Becker.

PRICES STILL REMAIN HIGH

There was an exceptionally large crowd at the regular weekly market held this morning both buyers and sellers held in large numbers and while there was an abundance of produce offered, it was not equal to the demand. As a result prices in all lines remained firm, in fact the tendency was upwards if anything. Eggs, new laid, were scarce and the few offered sold readily at 75 cents per dozen. Butter remained firm at 60 cents per lb. There was a good supply of farm and garden produce on hand, celery, beets, onions, endive, radishes and such like selling at the regular prices of 5 cents per lb. Chickens were plentiful and sold readily at 35 cents per lb., the supply being equal to the demand. The market was a brisk one.

MANY ATTEND PERFORMANCE

Waterloo citizens turned out in full force last evening to the performance of "The Dumbbells" at the Imperial Theatre in Kitchener and pronounced it one of the classic road shows that ever visited the Twin City.

Don't Like Color of Milk.

Housewives are complaining at the peculiar color of some milk being sold in bottles, the top being of a pinkish color instead of a creamy one. It was noticed by many this morning and the women were a little dubious. The reason for this appearance of the milk could not be learned.

The annual meeting of the Waterloo Red Cross Rooms, King street, Wednesday afternoon at three o'clock. Wednesday afternoon at three o'clock. Members are requested to be present to hear the reports. Tea will be served by the President at the close of the meeting.

TORONTO, Nov. 15.—The will of the late George H. Watson, K.C., who died some months ago is being presented for probate. The deceased left an estate, including life insurance, valued at \$548,317.

BIFF, BING, BANG, WONDERFUL REVUE

"THE DUMB BELLS" GIVE WONDERFUL PERFORMANCE

Capt. Plunkett and his company of overseas men in their original overseas revue entitled "Biff, Bing Bang," captivated an audience that packed the Imperial Theatre from pit to roof last night and their offering was undoubtedly the best of its kind that has ever been seen in this city. The Dumbbells have been playing to capacity houses since their tour commenced in Canada and their offering last night was as good as any seen by professional artists. There was music both vocal and instrumental, there was comedy of the clean up to date kind and while we have heard women impersonators before the Dumbbell artists had it all over the former artists like a tent. The Dumbbells are composed of 14 members each being an artist and there was not one who stood out above the others so evenly balanced were they all around. There was not one number but what was pleasing, in fact they were all so well rendered and went with a snap and a bang that the audience were kept on their toes all the time and it was a highly delighted audience that left the theatre at the conclusion of the two hour and a half of fun. The performers were all men but had one not have known this fact before hand he would not have been convinced that the ladies in the cast were not real women so perfect was their make up. They sang in good voice and especially in the ensemble numbers the blending of soprano voices with those of the bass and tenor made a most wonderful effect. While the program predominated with solos, duets, and quartettes there were two extremely funny little skits that were ridiculous in the extreme, but they were good, were well put on and fairly brought down the house. In this one skit representing an entertainment to convalescent soldiers the take off on Padewski was one of the funniest stunts pulled off. Another skit was entitled "Commander" the scene supposed to have taken place in the "Deunewick Hotel" and those taking part in the cast unloaded a lot of local banter that caught the fancy of the large audience. We would like to dwell at some length on the events of the performance but space will not permit and it is not going to say that they were all good in fact so good were they that were a return engagement to be played to-night or in fact any other night the same capacity house would greet them. They could sing, crack a joke, dance or in fact do anything that professional actors are supposed to do and that they did it right was the endorsement of the large crowd present. The Dumbbells came they saw, and they conquered and here's hoping a return engagement can be arranged in the near future.

A number of friends gathered at the home of Mrs. H. Alles and pleasantly surprised Miss Julia Knapp with a miscellaneous shower on the event of her approaching marriage. The evening was spent in music and games after which a dainty lunch was served by the hostess.

Elmo Lincoln, the ape-reared hero of "The Romance of Tarzan," repeats and underscores his successful characterization of the white son of the jungle in the screen production of the concluding chapters of "Tarzan of the Apes," Edgar Rice Burroughs' masterpiece of wild nature which he the attraction at the Star Theatre Mon. Tues. and Wed. next.

A native of San Francisco, Elmo Lincoln in his own life exemplifies many of the striking principles of strength-building through natural living that are brought out so forcefully in the depiction of Tarzan's character on the screen. As a baby Lincoln contracted a severe case of meningitis which left him with a weak physique. Determined to overcome this handicap, however, he took up the study of physical culture early in life, and for many years spent all of his days and nights in the open, eating the simplest and most nutritious foods and rigorously eschewing alcohol and tobacco in all forms.

By the time he was ready to enter high school young Lincoln was the tallest and strongest boy of his age in San Francisco, and on many occasions showed himself the master of grown men in wrestling and boxing contests.

At the age of seventeen he took up wrestling professionally, and for several years toured the country meeting many of the best men in his class, and always giving a good account of himself as the many cups and trophies in his possession today attest. Wrestling opened a way to the stage and from the footlights to the silent drama became a natural transition. His first big part in the pictures was that of the Two-Sword Man in D. W. Griffith's "Intolerance," and on the reputation thereby gained he was later starred in Triangle-Fine Arts productions.

It was not until he had given to the screen his masterly characterization of the hero of "Tarzan of the Apes" that Elmo Lincoln's name became famous to millions of motion picture patrons in all parts of the world, however.

In "The Romance of Tarzan" greater opportunities for spectacular work are fully realized by Lincoln and he is the moving spirit in a number of the most thrilling scenes that have been enacted on the screen since it became the center of focus for amusement seekers throughout the world.

Wonderful Example of the Value of OXO

Interesting letter from Captain Sir J. Alcock, K.B.E., D.S.C.

"You will be interested to learn that OXO was a great help to us during our Trans-Atlantic Flight; it sustained us wonderfully during our 16 hours' journey."

"We had found out what a good thing it is when flying in France, and so decided to carry it with us on this occasion, and we can assure you that hot OXO is most acceptable under such cold and arduous conditions. OXO was the only article of its kind which we carried."

J. ALCOCK, Capt., D.S.C.

OXO steadies the nerves—keeps the brain alert—gives extra warmth to resist cold and exposure—extra strength to fortify against fatigue, and yields an abundance of energy out of all proportion to the amount taken.

WE were among the first to put up tea in sealed packages.

We were the first to use automatic electric weighing machines so as to insure accurate weights.

We were the first to make known the qualities of the now world-famous ASSAM teas.

And we are now the first to adopt a new package for the better protection of these fine quality teas.

The lead package has served its purpose well for generations, but it was easily broken or torn, allowing not only a loss of tea from the package but exposing the tea to the air, odors and dust that it was so necessary to protect the tea against.

Our new package—the waxed board carton—is stronger, more secure and more completely air tight; altogether the best container for tea that has yet been devised.

Have You Six Senses Nearly every person has the five senses of sight, smell, hearing, touch and taste. There is a sixth which it is a real blessing to possess.

It is the sense of humor. It cuts your troubles in two. It doubles your pleasures. You will keep your good looks according to your use of this sixth sense.

It scares away the blues if you watch for the funny things that come your way. Once you laugh at an unpleasant experience, the hurt has pretty well gone from it.

A sense of humor is a wonder in the home. It will lift you over a good many of the hills of domestic trouble.

The Lord help you if you cannot see the funny side of many things. If you were born without a sense of humor, cultivate it. It can be done.

The Women Voted In the recent election, about one million votes were cast. In the previous election, the total vote was only 418,517. It looks as though the women made full use of the franchise which has been given them.

The House of Mourning There are more cheerful places just now than within the Union government. The recent elections in Ontario and the federal by-elections this week show which way the wind is blowing, and not the most optimistic individual in the Unionist party can see nothing but disaster ahead for that moribund aggregation.

Just previous to the election of 1917 it was felt by the political advisers of the government that the support of the farmers was necessary and the plan which suggested itself to the manipulators in charge of the election machinery was a promise that the sons of farmers would be exempted from the Military Service Act. This seemed sincere, as it had been stated and reiterated that greater production was necessary and that men were more necessary on the farm than in the trenches. As further evidence of the sincerity of the government, it was promised that farmers who had previously been conscripted should be brought back.

Then came the elections and the success of the government. Everyone knows what followed soon after. The government repu-

diated its promise and drafted farmers' sons into the army. Ontario became a storm-centre of protest, and then there was initiated the movement which culminated in the success of the Farmers' party at the polls last week in Ontario. (The Canadian Nation.)

IN THE DAY'S NEWS

Ex-King Manuel II, in whose interest a strong monarchist movement is reported to have developed in Portugal, will quietly celebrate his 30th birthday to-day on the estate in England where he has resided since he lost his throne. So far as the public is aware he has expressed no desire to change his present lot, which is that of an English country gentleman and chicken farmer, for the strenuous and uncertain life of a king. Manuel was born the day his relative, Dom Pedro II, was deposed from the throne of Brazil. His own succession to the throne of Portugal was the result of the assassination of his father and elder brother. The revolution in 1910 put an end to the monarchy, and Manuel escaped to England. He belongs to the house of Braganza, which dates from the end of the fourteenth century. His mother, Queen Marie Amalia, who also resides in England, was an Orleans princess, daughter of the Count of Paris.

TO-DAY'S ANNIVERSARIES

1894—Queen Victoria received a deputation from the Queen of Swaziland.

1906—President Roosevelt visited the City of Panama, the first time a President of the United States passed beyond the jurisdiction of his flag.

1917—British forces of Gen. Allenby cut the railway connecting Jaffa with Jerusalem.

ONE YEAR AGO TO-DAY IN THE WAR

American airmen landed in Cologne.

Former German Crown Prince was interned at Lausanne.

German people appealed to President Wilson to save them from starvation and anarchy.

TO-DAY'S BIRTHDAYS

Sir John Aird, one of the eminent financial leaders of Canada, born in Quebec, 64 years ago to-day.

The Fairbanks Twins, Madeline and Marion, well known to the stage and motion pictures, born in New York City, 18 years ago to-day.

Vincent Astor, one of America's richest young men, born in New York City, 28 years ago to-day.

TO-DAY'S EVENTS

The Republic of Brazil celebrates its thirtieth anniversary, to-day.

A notable wedding to-day will be that of Miss Ruth Rea, daughter of Samuel Rea, president of the Pennsylvania Railroad Company, and Lieut. Commander George B. Jenkins, which will take place at the Rea country home at Bryn Mawr, Pa.

"Motor to the country and fill your market baskets" is to be the slogan of "Farm to Table Week," which is to be observed throughout the United States during the week beginning to-day.

Parliamentary elections are to be held Sunday in both France and Italy.

There is nothing in the world more sensational than the plain, unvarnished truth.

TONIC TREATMENT FOR THE NERVES

Neuralgia and Other Severe Nervous Disorders Cured Through the Blood.

In many severe nervous disorders the best remedy is often a tonic. The most active tonic treatment is recommended by the highest medical authority to arrest the progress of such disease. Dr. Williams' Pink Pills are a tonic that act on the nerves through the blood, which carries to the nerves and elements needed to build them up and restore them to a normal condition.

Neuralgia, sciatica, nervous headaches and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely cured in this way. If you are nervous you can help yourself by refusing to worry, by taking proper rest and sleep, by avoiding excesses and by taking out-of-door exercises. For medicine take Dr. Williams' Pink Pills and you will soon notice the beneficial effect of this tonic in every part of the system. Miss Annie L. Johnston, R. R. No. 1, Listowel, Ont., is one of the numerous sufferers from nervous troubles who has found a cure through Dr. Williams' Pink Pills. Miss Johnston says:—"For a long time I was a severe sufferer from nervous troubles, with the result that I grew very pale and weak. Medical treatment did not help me, and various medicines had no beneficial effect, until finally a friend advised me to try Dr. Williams' Pink Pills. I began their use and took the pills regularly for several months with the result that I not only gained health and strength, I cannot praise Dr. Williams' Pink Pills too highly for what they have done for me."

To build up the blood there is one remedy that has been a household word for a generation, Dr. Williams' Pink Pills for Pale People. They tone up the entire system, make the blood rich and red, strengthen the nerves, increase the appetite, put color in the cheeks and lips and drive away that unnatural, tired feeling. Plenty of sunlight, good wholesome food and fresh air will do the rest. You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

DON'T NEGLECT A COLD IN YOUR HEAD

It May Lead to Serious Illness—May

Never neglect a cold in the head. It is a trouble so common that we are apt to treat it as of little consequence. But it is only a step from a cold to Grippe and the possibility of acute trouble in the throat—pleurisy—pneumonia is always there if it is neglected.

This year there is a special danger as flu is about and the first symptoms of this disease are similar to a cold in the head. So don't, under any circumstances, neglect a cold.

In its early stages a cold yields quickly to proper treatment. Grip Fix, a combination of the drugs which relieve the system in such cases, gives remarkable results. It relieves a cold in a night and even Grippe yields to it in 48 hours.

There is nothing in Grip Fix but that would be approved by your family physician, and the ingredients are stated on each box. It comes in capsule form and is a safe preparation for use in the home. It's action keeps the system free from the cold, reduces the feverish conditions and always the pains in the head and muscles. Grip Fix is for sale by all druggists at 35 cents per box or three boxes for \$1.00. Be sure that you get the genuine Reid's Grip Fix as there is no substitute which deals so promptly and effectively with colds, grippe and kindred troubles.

MITCHELL LEWIS AT THE ALLEN

"Children of Banishment" with Mitchell Lewis in the leading role opened at the Allen Theatre yesterday and at both performances large crowds saw this new play. It is undoubtedly one of the biggest and finest pictures of the Northwest that has ever been filmed. In the role of Dick Brecken, foreman of the Hill and Burdard Lumber Co., Mitchell Lewis finds room to give full scope to his ability as an actor of the dramatic type. His spirit of uprightness, courage and thoroughness the entire picture makes him to win a battle over himself that wins favor with the audience. The story, opens in the Sierra Nevada Mountains, Dick Brecken finding himself working for two unscrupulous lumber owners who were not on the square. Allen MacKenzie and his wife Eloise in their course of mysterious wanderings "from somewhere to nowhere—the children of banishment"—enter Dick's life and become his partners in his effort to purchase a vast tract of government-owned virgin forest which "Dick" has discovered and "crusaded" before these great timber hands can be monopolized by Hill and Burdard Company. After an exciting struggle, Dick succeeds only to find the only road out by which shipment can be made is blocked out of revenge. Another thrilling fight ensues but finally Dick wins out. However, he runs up against another and harder proposition. His love for MacKenzie's wife will not down and she reciprocates. His sense of manhood and knowing it is wrong to love another man's wife makes him decide to leave, and he does so. He is called back by MacKenzie who has been sent by his wife to bring Dick back and the scenes that occur from then until the end and how Dick shows her that her husband is the "only" man for her, brings to an end one of the prettiest heart stories ever filmed. A Lyons-Moran Comedy and a Canadian National Pictorial complete a most finished bill and one that is bound to please the most-exacting movie fan. The excellent bill will be given for the last time to-night.

Kilkenny Castle is one of the oldest inhabited houses in the world, many of its rooms being as they were 500 years ago. A peculiar fact about the bananas is that no insect will attack it, and another is that it is immune from the diseases that fruits are subject to. When a man in Denmark is found so drunk as to require medical attention, the doctor's bill must be paid by the proprietor of the tavern where the inebriate obtained his last drink. A favorite mode of suicide among the African tribes who dwell near Lake Nyassa is to wade into the lake and there calmly wait for a man-eating crocodile to come and finish the job.

THE PRIDE OF LLEWELLYN

By Mrs. E. Southworth

"Why, Miss Gladys, de werry greatest favor and honor and kind ness as you could do me would be to set me to work for you in any way in dis world. And soon ebber de sun sets I shall be done my day's task and at your sarbible miss."

"Very well, Lemuel, come to me, then," said Gladys, drawing in her hand and letting down the sash. Lemuel resumed his work. Gladys seated herself at the window to wait until the sunset hour released the boy from his day's work. Blood red and shorn of all his rays, in the dull autumnal mist the sun went down that fatal night. No sooner had that great red globe of fire dropped out of sight below the horizon than Lemuel threw down his rake and presented himself under the window.

Gladys again threw up the sash and looked out.

"Lemuel, are you quite alone out there?" she asked. "Quite, Miss Gladys. No one anywhere nigh."

"Listen, then. This is the message you must take to Mr. Powis. But stop—do you know where to find him?"

"Oh, yes miss, at the Rest Hotel in Standwell."

"Right. Well, then, tell Mr. Powis that I did not get his letter, and tell him why I did not get it—though I suppose he knows all that already from the report of his messenger."

"Yes, miss."

"Tell him also that I am compelled to send you to him because I have no other means of communicating with him."

"Oh, Miss Gladys, that's all right. Marso Arthur, when he left here t'other day, give me commission so he did to watch over you, miss, and bring him news of you whenever I could."

"Mr. Powis did that, Lemuel?"

"Deed, miss, he did, but I haint had no news to go to him with by reason of not seeing you until this evening."

"My poor Arthur!" murmured Gladys to herself. Then speaking aloud—"Tell him, Lemuel, that I would write to him, only that I am a prisoner in my own room and deprived of writing materials."

"A prisoner in your own room?" exclaimed Lemuel, opening his mouth and eyes in consternation.

"Yes, and, Lemuel, do not attempt any rebellion against Mrs. Llewellyn's authority. But go quietly, and without saying a word to any other person, to Mr. Powis, and tell him all that I have told you. And wait to see what he himself proposes. No doubt he will do all that is right. Now, little a good lad, while you have an opportunity."

"I'll go, yes, I'll go. But if Marso Arthur don't find a way of getting you outen dis here place afore t'orrow night, I hopes and trusts as you won't try to 'vent me of doing it, cause if you did, my heart would bust like Gladys," said Lemuel, wiping his eyes with the sleeves of his jacket.

When Arthur received the message he rushed off at once to attempt a rescue. Fortunately, Lemuel had placed a ladder against the window of the room in which Gladys was a prisoner. Up this ladder Arthur went, and came back a moment later carrying his betrothed.

Without thinking greatly of the risk he crossed the Potomac River and was married in the neighboring State of Maryland. After the ceremony at Harpers Ferry, where the Rev. Mr. Jones officiated, and Mrs. Parker, the landlady of the little inn, when the runaway lovers had supplied the congratulations, Arthur Powis and his wife took stage for Washington city. Here they secured rooms at Ceres Cottage with three elderly sisters who bore the name of Crane and settled down to enjoy their new life in this temporary home.

CHAPTER V.

THE SWOOP OF THE VULTURE.

The next morning, immediately after breakfast, Arthur took a gay and loving leave of Gladys, and started to go on board of his ship to report for duty.

Gladys, standing at the rustic gate where she had parted with him, watched him quite out of sight, and then went back to the house, ran up into her own room, threw herself upon a chair and burst into tears.

This was very weak and foolish, as she frankly said to herself, because he was only gone for the day, and he would be back again at night. But then this was the first time he had left her since their marriage, and she felt so lonely in the strange house, that she could not help weeping a little.

When she had wept herself into a state of composure, and while she was quietly wiping her eyes there came a rap at the door.

"Come in," she said expecting to see Harriet, who fulfilled the duties of chambermaid as well as cook.

"If you please, ma'am," said the woman, courtizing at the open door "the young ladies, ma'am, sends their respects to you, and says how they hopes you won't 'main up here a-mopin' by yourself, but will come down to their sittin'-room and look at their fancy quilt, as they've just stretched out in the frame; and they'll be verry glad to see you."

"The young ladies! What young ladies, Harriet?" inquired Gladys, with surprise and interest; for youth loves

COMB SAGE TEA INTO YOUR HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients. A large bottle, at little cost, at drug store, is known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair; taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn stops soreness at once and soon the corn dries up and lifts right out without pain.

He says freezezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the insurmountable high heels.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" is the thumb-print of genuine Aspirin. It positively identifies the only genuine Aspirin, the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monocristalline Salicylic Acid. While it is well known that Aspirin means Bayer Manufacturing, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

Overland 4

With Three-Point Suspension Springs New Overland 4 Seems to "Sail Over the Roads"

THE new Three-Point Suspension Springs of Overland 4 permit the wheels to go up and down but protect car and passengers from ordinary road jolts. Bumping, twisting, swaying and vibrating are wonderfully lessened. The springs of Overland 4, attached at the ends of a 130-inch Springbase, give the riding comfort and road steadiness heretofore possible only with cars of long wheelbase and great weight, yet Overland 4 retains the light weight and economy advantages of 100-inch wheelbase.

Three-Point Suspension Springs protect the car from the hammering and wear of road blows. They lengthen its life and reduce upkeep costs. Equipment of Overland 4 is dependable and complete from Auto-Lite Starting and Lighting to Demountable Rims. 250,000 miles of test have made the strength and endurance of this car a matter of record. See Overland 4 at the first opportunity. Ask for Booklet. Overland 4 Touring, \$1195; Roadster, \$1195; Coupe, \$1845; Sedan, \$1995. Prices f.o.b. Toronto, War Tax included.

pean, the villain of a thousand plays; Nicholas Dunaw, the Russian character actor; Mayme Kelso, an old favorite, and Frederick Palmer. In fact the entire cast, from Clara Kimball Young down, is an unusual assemblage of experienced performers, every one of whom deserves special mention. The direction of "Cheating Cheaters" was in the capable hands of Allan Dwan. It will be shown here on Wednesday at the Allen Theatre.

"THE WESTERNERS" POWERFUL DRAMA OF BLACK HILLS

Production a Vivid Picturization of Stewart Edward White's Famous Novel.

"All the world loves American western pictures," says Benjamin B. Hampton, the well-known producer, who specializes in large feature photoplays. "From the days of Broncho Billy's one-reelers to the time of William S. Hart, more net profits have been made by the manufacture of 'westerns' than have come to any other group of picture makers. American audiences love the stories of our outdoors, and English audiences like them just as well. So do the Scandinavians and the South Americans and all the folks novel, 'The Barrier' photoplay made in between."

Mr. Hampton and Rex Beach produced "The Barrier," from Mr. Beach's picture history the world over. Mr. Hampton's latest special production is "The Westerners," which comes to the Allen Theatre Monday and Tuesday. "The Westerners" is the novel that made the fame of Stewart Edward White, now known everywhere as a novelist, a sportsman and an explorer. "The Westerners," a W. W. Johnston release, is the western picture in a de luxe edition. Its locale, as the thousands of readers of the novel will recall, is the Black Hills, in the days of the gold rush, when the white man broke his treaties and forced his way into Pah-sep-pah, the valhalla of the Sioux. The Custer massacre followed and the white man drove the Sioux from the Dakotas. The picture is historically correct in every detail. It is beautiful in scenic effects, swift as lightning in drama, with a charming romance and abounding in little touches of pathos and comedy. It has been produced without regard to expense, with an all-star cast, among whom are Roy Stewart, Robert McKim, Mildred Manning and Wilfred Lucas. The director, Edward Sloman, has made a great name for himself by his able handling of this picture.

MYSTERY STORY AT IMPERIAL

"Loot," Written by Arthur Somers Roche, is New Universal Feature.

"Loot," a new Universal feature which opens on Monday at the Imperial Theatre last night was adapted from the well known Saturday Evening

Post mystery story, written by Arthur Somers Roche, in which the workings of New York's underworld are cleverly depicted, Director William C. Dowlan has produced six reels of intense and interesting drama. "Loot" is blessed with an extraordinarily absorbing story. The Shadow, portrayed by Joseph W. Girard, is known and feared throughout America as the master criminal of the country and he has surrounded himself with a daring and lawless band. A young Englishman, Hildreth, played by Darrell Foss, is sent to the United States to receive the famous Ambassador in jewels. But The Shadow has planned otherwise, and it is his purpose to blot out Hildreth's life. He almost accomplishes his purpose, but the strange fascination which Morn Light, the little musical comedy actress, holds for Hildreth, guides the young Englishman to safety. As Morn Light, Ora Carey, a former Sennett beauty, justifies her sudden rise to dramatic fame by her capable handling of the role. Darrell Foss, a newcomer in the Universal line, in the role of Hildreth, surpasses, in the opinion of many critics, even his excellent acting in "The Red Lantern" and "The Brat," in which he appeared as leading man in jewels. But The Shadow has planned

NEW ROLE FOR GOLDWYN STAR

In "Bonds of Love" Pauline Frederick Takes Part of Loving Mother.

Pauline Frederick's latest Goldwyn picture, "Bonds of Love," by Louis Sherwin, the eminent dramatic critic is a powerful emotional photodrama worthy of the sterling ability of the versatile star. In none of Miss Frederick's recent pictures, has she been called upon to play the awakening instinct of mother love; but in her new screen vehicle, which comes to the Allen Theatre, on Friday, she assumes the role of a second wife who has sincerely grown to love the child of her husband's first wife and is willing to sacrifice herself for the sake of the child's welfare. This unusual combination of self-sacrifice and mother love for another's child develops into a masterly climax in which Miss Frederick has many opportunities to reveal some of the subtlest touches which have ever been seen in photo-dramas. Her ability to express suppressed emotional struggle has been shown in her recent pictures, "The Fear Woman," and "The Peace of Roaring River." And in "Bonds of Love," fresh opportunities for disclosing her understanding of repressed acting occur in every reel.

Miss Frederick's picture was directed by Reginald Barker; and the photographer was Edward Gheiler, who recently discovered a new way to achieve clearness in long shots by a clever light arrangement. The young boy in the picture gives a remarkable performance of the child, Frankie Lee was called upon to assume the part, and he immediately struck up a delightful friendship with Miss Frederick, which made their many scenes together realistic interpretations of an unusual affection between mother and child. Some of the scenes in "Bonds of Love" were taken at Santa Catalina Island where Miss Frederick in a racing motor boat performed a thrilling

rescue of the child who had jumped into a launch and was heading for the rocks which guard the narrows to the open sea. Besides the rescue, many other scenes on Catalina Island unfold the sunlit beauty of this garden spot in the Pacific.

ALL STAR CAST FOR FINE PICTURE

"Cheating Cheaters" Has Clara Kimball Young and Strong Supporting Company.

Clara Kimball Young's productions, like every Select Picture, are marked by a superlative excellence in every aspect, from the story, the production, the cast, the costuming and all the other many details which enter into the creation of a motion picture drama. "Cheating Cheaters," adapted from Max Marlin's stage success of two years back, and the star's latest Select offering, surpasses even her own high standards in the quality of the cast assembled to work with Miss Young. In this real all-star supporting company the name of Anna Q. Nilsson, as Grace Palmer, shines most brightly, for her great charm has already won the affection of the American public. Miss Nilsson is blessed with an exquisite Scandinavian beauty in her big blue eyes and the mass of golden hair which covers her perfectly poised head. She came to the United States after having already made a record on her native stage and has repeated that success on the screen here. The most signal achievement of her brilliant career was in Select Pictures' special, "Over There," in which she was co-starred with Charles Richman. Miss Young's leading man is Jack Holt, whose capable support of this same star in her earlier Select Pictures, "The Claw," and "The Road Through the Dark," will be recalled vividly. Important also is Tully Marshall, whose screen performances in numerous spectacular productions have made him much sought later. Among the other well known names in this all-star cast are Frank Cam-

Saves Fuel and Food

The continued high cost of food-stuffs and household supplies require the strictest economy.

The most expensive foodstuffs are used in baking, so always be careful to use the right kind of Baking Powder, otherwise great waste may result.

Many thousands of people recommend

EGG-O Baking Powder

because it effects the greatest economy.

Its double action absolutely assures perfect baking at all times.

Egg-O also helps save fuel because it does not require so hot an oven as is required by other powders.

Always follow the directions—one level teaspoonful to one level cup of well sifted flour. You use from a quarter to a half less powder when you use Egg-O.

When buying Egg-O the larger tins are the most economical size for family use.

COMPLETELY GRIPPED

Terrible Experience of Mr. J. Harrop

It is seldom that anyone who has been continually exposed to every weather condition does not contract some form of Kidney or Rheumatic trouble. In many cases, cold, settling in the kidneys, so weakens those important organs that they are unable to filter the waste and poison out of the blood. The latter is carried throughout the body, causing uric acid to accumulate in the joints, with consequent rheumatism, stiff joints, swollen ankles, lumbago, sciatica, neuralgia, constipation, torturing pains in back and side and head. These ills can all be made right. GIN PILLS give quick, certain and sure relief. Read what Mr. J. Harrop writes to us:—

"I have been crippled up so completely that I could not stand. Work was out of the question. A few doses of GIN PILLS put me right. I cannot praise GIN PILLS too much, and every home should have a box."

GIN PILLS can help you. If you suffer from backache, or have that dreadful feeling of lassitude, with floating specks before the eyes, highly-colored urine, stone in the bladder and general debility, get GIN PILLS at once. At all druggists or dealers, 50c. Money refunded if you are not relieved. A sample large enough to demonstrate its value, free on request.

FALL STABLE CLEAN-UP

The Health and Comfort of Live Stock Demand It.

Need of Ventilation, Light and Cleanliness to Avoid Tuberculosis and Other Diseases—Use Whitewash, Whether Sprayed or Brush-handled, and Brighten Interior.

(Contributed by Ontario Department of Agriculture, Toronto.)

THE observance of the laws of health, so vital to the well-being of man, is regarded even in this enlightened age, with considerable indifference in the treatment of animals upon whose good health that of man himself depends to a considerable degree. That animals are not more affected by disease, of some form or another, to a greater extent, is purely providential, for the sanitary conditions under which they are often reared is of the worst. Why this apathy concerning the state of the stables, in which frequently valuable animals are housed, is difficult to understand, since cattle, any more than man, cannot maintain their health and vigor for long in such unfavorable conditions; yet the stockman who keeps cattle for profit must know that to gain maximum returns for his investments and trouble, and to guard against loss from disease and death reasonable care and comfort and sanitary conditions are necessary.

The first considerations to this end are ventilation, light and cleanliness. These essential elements of sanitation should be attended to at least once every year. This may be most conveniently done during the early fall before the cattle are housed for the winter. Effective ventilation is required to carry away the foul air and maintain constant and adequate supply of fresh air. The window space should be ample so that every corner of the interior may be flooded with light and sunshine, the source of health and destroyer of germs. Dirt and filth make productive breeding places for insects and bacteria. Cleanliness gets rid of conditions which produce them and prevents the possibility of infection and contagion, reducing possible loss from disease to a minimum. That much-dreaded disease, tuberculosis, is in a measure the product of dark, dirty, ill-ventilated stables. It is caused by organism or germs gaining entrance into the animal's system with the food. It is not easy to detect, and usually when symptoms become evident it is too late to apply any remedy, hence the necessity of making every effort to secure and maintain sanitary conditions in the stable. Every fall, then, the stable should be systematically cleaned; cowbells swept from wall and ceilings, accumulated dirt and debris cleared from manger, trough, window-sills and all recesses in walls; the fresh air intakes and foul air outlets put in order; fill all cracks and holes in floor and walls with cement; replace all broken glass in windows and clean them; disinfect the whole stable thoroughly with some good disinfectant, such as chloride of lime, crude carbolic acid, or zenoleum, which can be easily applied with a scrap pump or a watering can with a fine nozzle. Give particular attention to pens or stalls which have been occupied by stock suffering from contagious disease or have been used by animals during parturition.

Then prepare your whitewash and don't postpone it because you do not possess a barrel spraying outfit. The whitewash brush is an effective and efficient tool—use it. Small brushes are best and may take you a little longer time to do. There are many good whitewash recipes. President Grant used the following to whitewash the White House in Washington: Take a bushel of unslaked lime, slake with warm water, cover it during the process to retain the steam, strain the liquid through a fine sieve or strainer; add a peck of salt, the same previously well dissolved in warm water, add three pounds of ground rice boiled to a thin paste and stir in boiling hot, add one-half pound of glue which has been previously dissolved over a slow fire and add five gallons of hot water to the mixture; stir well and let it stand for a few days, covering it up to keep out dirt. It should be put on hot. One pint of the mixture, properly applied will cover a square yard. There is nothing can compare with it for outside or inside work and it retains its brilliancy for many years. Disinfectant may be added or coloring matter may be put in and made to any hue desired.—Prof. J. Evans, O. A. College, Guelph.

Live Stock Scarce In Europe.
France has 2,366,000 fewer cattle than in 1914; Italy, 996,000; Denmark, 345,000; Sweden, 599,000; Germany, 2,200,000; and Austria-Hungary, considerable. These figures alone show a decrease of 6,366,000 head of cattle and many countries which have suffered are not named. The sheep decrease in France, Italy, Denmark, and Holland alone is over two and one-half millions, and in pigs there has been a wholesale decrease to the number of 24,952,000 in France, Italy, Denmark, Sweden, Holland and Germany. Denmark, Canada's strongest competitor on the British bacon market is 1,873,000 short of a normal supply of pigs. Germany is 19,396,000 short of her 1914 hog population.

These figures should prove interesting to the Ontario live stock breeder. Reserves of food material in the world are very low. Stock with which to increase these reserves is not up to normal numerically. Indications are that a good demand must continue for the finished product of the farm.

Bill Brennan, the Chicago heavyweight, is after a return match with Champion Jack Dempsey. A broken ankle forced Bill to quit in the seventh round of his previous meeting with Dempsey.

Walter Coffey, who was a popular boxer around New York a few years ago, tried to make a comeback in Australia recently, but he did not meet with any great measure of success in his attempt.

"ORANGE LILY SAVED MY LIFE"

These words or expressions having
the same meaning are contained in
hundreds of the letters I have re-
ceived during the past year. Many
were from women who had suffered
agonies from falling of womb; others
from women who had escaped dan-
gerous surgical operations, as the
tumors and ulcers had been re-
moved by the action of Orange
Lily; and others who had suffered
from suppressed menstruation,
leucorrhoea, painful periods, etc.
For all these and the other troubles
known in general as Women's Dis-
orders, Orange Lily furnishes a positive,
scientific, never-failing cure. It is
applied direct to the suffering organs,
and its operation is certain and ben-
eficial. As a trial actually proves its merit,
I hereby offer to send, absolutely
free, a box worth 45c, sufficient for ten days' treatment,
to every suffering woman who will write for it.

DAY AND EVENING CLASSES

We teach young men and women
to write well, to keep accounts
accurately, to become proficient
in shorthand and typewriting,
and to make practical use of
these accomplishments.

These classes are open to any-
one of sound character and who
desires to improve himself.

For further particulars address:

W. D. Euler, President.
W. H. Nixon, Principal.

LEARN DRESSMAKING
IN TWO WEEKS
We teach a complete course of les-
sons on Dress-making. You cannot
afford to go to a shop, where you hem,
baste, overcast all day, then after serv-
ing there 6 months, you will know no
more about cutting out a dress than
the first day you went there. When in
a couple of weeks we can give you a
knowledge in cutting, fitting and put-
ting together of waist to most elabo-
rate dress. If you do not want to learn
to be a professional dress-maker, then
even if its only for your own home
sewing, it will pay you to learn as the
cost is so small. A few days' trial given
free. No pay in advance.
Next class begins Dec. 1st. Terms
are \$14.00 including charts, to be paid
when through.

larly and good progress is being made.
The advance sale of seats to members
has been so large that the club has de-
cided to give the show three nights,
Dec. 1, 2 and 3, instead of two nights
as originally planned. Without giving
any secrets away about the good things
on the program, the members say it is
going to be a real hummer of a minstrel
show, and will have last year's attend-
ance faded off the map, and it was no slouch
last year either.

St. George District Wants Power

A hydro-electric meeting was held
in St. George to consider the ad-
visability of the Township of South
Dumfries installing a hydro-electric
system in the rural districts. Mr.
Sease of Brantford, and Mr. A.
E. Green of St. George were the
speakers. The farmers appeared deeply
interested and many questions
were asked and satisfactorily an-
swered, as both speakers proved
themselves thoroughly posted on the
subject. They stated the cost to a
farmer would be about \$75 for one
horsepower per annum. This would
light his house and barns and run
light machinery such as wash-
ing machines, cream separators,
toasters and irons. The rural sys-
tem, if established would be an
extension of St. George system east
of the Grand River and from Paris
on the west side.

HEALTH FOR THE BABY

The baby of to-day is the man or
woman of to-morrow. Thus the suc-
cess of the future man or woman de-
pends upon the baby's present well-
fare. If the baby is sickly and ill
nourished it is not to be expected
that he will grow into a strong, ac-
tive man who will hold his own in the
business world a few years hence.

Mothers it is a duty you owe the fu-
ture to keep your little ones well nour-
ished. This can be easily done if Baby's Own
Tablets are kept in the house. The
Tablets are a mild but thorough laxa-
tive which regulate the bowels and
sweeten the stomach and thus make
baby healthy and strong. Concern-
ing them Mrs. W. Orser, Elginburg,
Ont., writes: "I have a fine healthy
boy three years and have used Baby's
Own Tablets for him ever since he

them a splendid medicine." The Tab-

PLEASED WITH SELECT NEW MINISTERS SH

Premier Drury Expresses Satisfaction With His
Good Gymnasium.—Mills Without Portfolio

CARMICHAEL GOES TO HYDRO NI

Toronto, Nov. 15.—"I am beginning to feel pleased at selection of my ministers," stated Premier Drury to-day. "I have always felt that the abilities of the agricultural men were underestimated by the people of the cities. I believe the various departments are headed by able men. I made rigid investigation of their abilities, record and reputation before I invited them into the Cabinet."

"But I am not going to allow them to go to seed in these new positions. I am on the lookout for a good gymnasium where they can spend a little time in exercising that will keep them fit. By so doing I am hoping to relieve some of the strain of office that is bound to be felt by the ministers as they continue their duties."

MR. ROY KAUFMAN IS LAID TO REST

Tribute From Friends Far and Near.

All that was mortal of Mr. Roy Kaufman was laid away Sunday afternoon amidst a large concourse of sorrowing relatives and friends.

Tribute to the deceased came from far and near. It was embodied in many beautiful floral emblems from private individuals as well as a number of organizations with which Mr. Kaufman was connected.

The cortege left the residence on East King Street at 2:30 o'clock and proceeded to the East End Mennonite church where service was held. Interment followed in the adjoining cemetery. The Rev. J. H. McLean of Trinity Methodist Church conducted the services.

Among the attendants were brothers of Phoenix Lodge, Knight of Pythias, who attended in a body. The members of the Nightingale Quartette of which the deceased was a member also were present. Relatives and friends were present from twin city and numerous outside points.

The pallbearers who were members of Phoenix Lodge, K. of P. were Messrs. Chas. J. Seyler, George Hoelscher, Nelson Heipel, Ernie Wall, Art Stuebing and Ed. Fisher.

E. W. CLEMENT TO BECOME VICE-PRE

A feature of reflecting on Kitchener's industrial expansion is the fact that another of its many concerns has found at present quarters too small. As to the future, the News Record has gained the following information from one of the officers of the company.

The new factor greater floor space quarters, an immense made on the main floor and the second floor. The new well-known Screw Workingmer the United Shoe already been given and equip the new put of 1000 pairs, creased production casitate the Compa staff of employees within a very short time will be established. It is also under operations to the 24 acres of land to the rear of the plant and also along Main and Locust streets, which the company has acquired.

The phenomenal growth of this industry dates from the Spring of 1914 when its control and management came into the hands of Messrs. Charles and Arthur C. Greb. Three years afterwards, however, the entire responsibility devolved upon and has since been borne by the latter, who acquired the interest of his father upon his retirement at the end of 1917.

During these years Mr. Erwin C. Greb has surrounded himself with a strong and capable organization to which the latest addition is Mr. E. W. Clement, the well-known local barrister, who, having acquired an interest in the company, will act in the capacity of Vice-President and will immediately retire from the practice of his profession in order time and attention Company.

As to the future, the News Record has gained the following information from one of the officers of the company.

New Hamburg Has Enough Players
For Two Strong O. H. A. Teams.

New Hamburg, Nov. 14.—"Is New Hamburg going to have a hockey team in the O.H.A. this year or not?" is the question of the day in the burg. All other towns are organizing and getting ready to hockey. But nobody seems to take a hold to a team together as Bob Puddicombe and Joe Berger say they retired from hockey and want somebody else to take the job this year. Butch Forster, who so successfully managed last year's team is off to Nashville, Tenn., where he has accepted a position with the Maxwell Motor Co. company for the winter. Butch will be greatly missed as he was without a doubt the best manager the New Hamburg hockey club has had for many a year and everybody in town was expecting to see him manage the team again this winter. To this trio goes the credit for the splendid showing our intermediates made last year. If somebody would only start to boost the thing along there is material enough in town for two good teams this year, both intermediates and junior teams. All of last year's team are available this year with the exception of two and some former O.H.A. players have returned home from overseas. Several players from other towns are at present residing here, so there shouldn't be any trouble in placing two strong teams in the O.H.A. this year.

MINORS WILL WORK IN HARMONY WITH MAJORS

Business relations between the minor and major baseball leagues, which were strained a year ago with the abrogation of the National Agreement, will be resumed as a result of action taken yesterday by the National Association of Professional Baseball Leagues in its annual meeting, at Springfield, Mass.

According to Secretary John H. Farrell's report, following an all-day executive session, the minors have decided it is best to work in harmony with the major leagues. He made no announcement, however, as to the methods to be followed in bringing the subject before the American and National League representatives. Among other things, the new agreement would mean the re-establishment of the drafts and optional agreements.

A general revision of the salary limits in the minor leagues was made. The Class A clubs were given permission to increase their monthly limit to \$3,500, an increase of \$1,000, while other leagues were granted proportional increases.

The request of Class A clubs for one more representative on the National Board of Arbitration was granted by the elevation of President Daniel O'Neil of the Eastern League from Class B to Class A, the rating which the Eastern League now has. The board now consists of three Class A representatives instead of two, three Class A and one Class B members, A. R. Tearney of the Western League being chosen to the latter office.

J. Cal Ewing, of Oakland, Cal., was elected Vice-President of the National Association to succeed A. T. Baum of San Francisco, retired. Mr. Ewing was named as a Class A representative on the Arbitration Board to succeed Mr. Baum.

The only other business of the day consisted of passing resolutions and selection of committee, followed by a banquet yesterday evening. No awards were announced by the Arbitration Board this afternoon or evening.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Woodstock, Ont., Post Office Buildings," will be received until 12 o'clock noon, Friday, November 21, 1919, for Woodstock, Ont., Post Office Buildings.

Plans and Specification can be seen and forms of tender obtained at the offices of the Chief Architect, Department of Public Works, Ottawa, the Clerk, Public Buildings, Woodstock, Ont., and the Superintendent of Dominion Buildings, Postal Station "F," Yonge Street, Toronto, Ont.

Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 p. c. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques if required to make up an odd amount.
