OTTAWA, 19th March, 1897.

SIR.—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber to open the Session of the Dominion Parliament, on Thursday, the 25th inst., at 3 o'clock.

I have the honour to be, sir,

Your obedient servant,

JOHN SINCLAIR,

Acting Governor General's Secretary.

The Honourable

The Speaker of the Senate.

The House was adjourned during pleasure.

After some time the House was resumed.

His Excellency the Right Honourable Sir John Campbell Hamilton-Gordon, Earl of Aberdeen ; Viscount Formartine, Baron Haddo, Methlic, Tarves and Kellie, in the Peerage of Scotland ; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom ; Baron of Nova Scotia ; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, &c., &c., Governor General of Canada, being seated on the Throne,

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House,—“ It is His Excellency's pleasure they attend him immediately in this House.”

Who being come with their Speaker,

His Excellency the Governor General was then pleased to open the Session by a gracious Speech to both Houses.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

In welcoming you on your attendance at the Second Session of the present Parliament, I desire to express the gratification I feel at the evidence which prevail throughout the Dominion, of the loyalty and affection entertained by the Canadian people for Her Majesty the Queen and of the desire to join with their fellow-subjects in all parts of the Empire in celebrating the Diamond Jubilee in a manner worthy the joyous event. And I am pleased to be able also to announce that in accordance with an invitation from the Imperial Government, arrangements are being made for an effective representation of the Dominion in connection with the commemoration of this historic occasion at the Capital of the Empire.

Immediately after the last Session, the Government of Manitoba was invited to hold a Conference with my Ministers on the subject of the grievances arising out of the Act of that Province relating to Education passed in the year 1890. In response to that

invitation, three members of the Manitoba Government came to Ottawa, and after many and protracted discussions, a settlement was reached between the two Governments, which was the best arrangement obtainable under the existing conditions of this disturbing question. I confidently hope that this settlement will put an end to the agitation which has marred the harmony and impeded the development of our country, and will prove the beginning of a new era to be characterized by generous treatment of one another, mutual concessions and reciprocal good-will.

A measure will be submitted to you for the revision of the tariff, which it is believed will provide the necessary revenue, and, while having due regard to industrial interests, will make our fiscal system more satisfactory to the masses of the people.

You will be asked to give your support to a Bill abolishing the present expensive and unsatisfactory Franchise Act and adopting, for the election of Members of the House of Commons, the Franchises of the several Provinces.

My Government has determined that the advantages to accrue, both to our Western producers and the business interests of the whole Dominion from the completion of the works for the enlargement of the St. Lawrence Canals, should no longer be deferred and has, subject to the approval of Parliament, taken the initial steps for a vigorous prosecution of those works and for the perfecting of the canal system by the close of the year 1898.

I have much satisfaction in informing you that arrangements have been concluded which, if you approve, will enable the Intercolonial Railway system to reach Montreal, and thus share in the large traffic centering in that city. The many advantages which will flow from this extension of that railway are apparent, and I have no doubt you will gladly approve of the proposal.

Appreciating the difficulties encountered by our farmers in placing their perishable food products on the English markets in good condition, my Government has arranged a complete system of cold storage accommodation at creameries, on railways, at ports and on steamers, by which these products can be preserved at the desired temperature during the whole journey from the point of production to Great Britain. The contracts made for this purpose will be laid before you.

It is desirable that the mind of the people of Canada should be clearly ascertained on the subject of prohibition, and a measure enabling the electors to vote upon the question will be submitted for your approval.

The Behring Sea Claims Convention constituted during the past year to adjust the damages payable to the owners of the British Sealing vessels, seized by the cruisers of the United States on the high seas, has completed taking the evidence submitted to it by the respective Governments of Her Majesty and the United States, and has adjourned for a time to hear the arguments thereon on behalf of both Governments. I indulge the hope that a final and satisfactory adjudication of these long delayed claims will now speedily be reached.

The calamity which has befallen our fellow-subjects in India has evoked a widespread sympathy in this country. The generous manner in which the appeal for practical tokens of this feeling has been responded to, has elicited warm assurances of grateful acknowledgment from the Government of India which have also been specially and heartily endorsed by the Imperial authorities.

Gentlemen of the House of Commons :

The accounts of the past year will be laid before you.

The estimates of the coming year will be presented at an early day. They have been framed with every regard for economy consistent with the efficiency of the public service. I regret that the receipts from ordinary sources continue to be inadequate to meet the charges against the Consolidated Revenue. The proposed revision of the Tariff and the application of strict economy in the administration of the Government will, I trust, restore the equilibrium between income and expenditure.

Honourable Gentl men of the Senate :

Gentlemen of the House of Commons :

Among the Bills which have been prepared and will be submitted for your approval, are Bills amending the Superannuation Act and the Civil Service Act.

These and other measures, I commend to your earnest consideration and express the hope that your deliberations under the Divine guidance will tend to increase the happiness and prosperity of every class in the Dominion.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

The Honourable Mr. Scott, Secretary of State, presented to the Senate a Bill intituled : "An Act relating to Railways."

The said Bill was read a first time.

The Honourable the Speaker reported His Excellency's Speech from the Throne, and the same was then read by the Clerk.

CANADA.

[L.S.]

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, &c., &c., &c.

To Our Trusty and Well-Beloved John Lovitt, Esquire, of the Town of Yarmouth, in Our Province of Nova Scotia, in Our Dominion of Canada—

GREETING :

KNOW YE, that as well for the special trust and confidence We have manifested in you, as for the purpose of obtaining your advice and assistance in all weighty and arduous affairs which may the State and Defence of Our Dominion of Canada concern, We have thought fit to summon you to the Senate of Our said Dominion ; and We do command you, that all difficulties and excuses whatsoever laying aside, you be and appear for the purpose aforesaid, in the Senate of Our said Dominion, at all times whensoever and wheresoever Our Parliament may be in Our said Dominion convoked and holden : and this you are in no wise to omit.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. WITNESS, Our Right Trusty and Right Well-Beloved Cousin and Councillor the Right Honourable Sir John Campbell Hamilton-Gordon, Earl of Aberdeen ; Viscount Formartine, Baron Haddo, Methlic, Tarves and Kellie, in the Peerage of Scotland ; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom ; Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, &c., &c., Governor General of Canada.

At Our Government House, in Our City of Ottawa, in Our Dominion of Canada, this Eighteenth day of December, in the Year of Our Lord One Thousand Eight Hundred and Ninety-six, and in the Sixtieth Year of Our Reign.

By Command,

SAML. E. ST. O. CHAPLEAU,
Clerk of the Crown in Chancery, Canada.

Whereupon the Honourable Mr. Lovitt came to the Table and took and subscribed the Oath prescribed by Law, which was administered by Edouard Joseph Langevin, Esquire, one of the Commissioners appointed for that purpose, and took his seat accordingly.

The Honourable the Speaker then acquainted the Senate that the Clerk of the Senate had laid upon the Table the Certificate of one of the Commissioners setting forth that the Honourable Mr. Lovitt, a Member of the Senate, had made and subscribed the Declaration of Qualification required by the British North America Act, 1867.

The Honourable the Speaker presented to the Senate,—The Report of the Joint Librarians of Parliament, which is as follows :—

TO THE HONOURABLE THE SPEAKER OF THE SENATE.

The Joint Librarians of Parliament have the honour to report as follows for the period which has elapsed since the close of the Session, in October last.

In their last report, the Librarians were able to state the acquisition, for the Library, of the *Journals* of the *Legislative Assembly* of Nova Scotia, from 1802 to 1840.

Since last Session they have procured the *Journals* of the *Legislative Council* of *New Brunswick*, from 1786 to 1836, and of the *Legislative Assembly*, from 1810 to 1816.

The *Journals* of the Legislature of British Columbia, not obtainable in print, are in process of being copied for the Library, and we have received type-written copies for the year 1856 to 1860. The series will be continued (and duly indexed) till it is completed to the point at which the admission of British Columbia to the federation of the Dominion of Canada took place.

Now that the Library Committee has finally decided, by its adoption of the Librarians' report of last year, that the estimates voted for the Library shall not be taxed for the purchase of "Exchanges," the Librarians hope to be able, from time to time, to supply or to complete collections, such as those just mentioned, hitherto wanting or imperfect.

The attention of the new members of the two Houses is directed to the following rules which have been passed, after due discussion, by the Committee and approved of by Parliament during the last few years :

1st. That bound volumes of newspapers shall not be removed from the Library room, except when in demand, during a sitting of either House, for the purpose of debate ; and that the volumes, when so sent into the Chambers, shall be returned at the close of the sitting.

2nd. That the following books, viz. :—1. The Debates of the Imperial Parliament. 2. The Law Reports. 3. The Law Reviews. 4. The Debates of the Dominion and of the Colonies. 5. The Parliamentary Papers of Great Britain. 6. The Statutes of Canada and the Provinces. 7. Works on Parliamentary Government and Practice. 8. Statistical Compilations. 9. The Congressional papers of the United States ; and similar works, which are constantly in use among members, should not be permitted to be taken from the Library, except for use in debate, and during a sitting of either House ; and that the Librarians be instructed to procure the return of such books at the conclusion of the sitting of the House.

The strict observance of these rules will result in an increase of general convenience. The Committee of 1893, which passed the rules above quoted, added the following counsel :—"Your Committee, however, consider it desirable that the attention of members should be called to these rules, and that they should exercise their privileges with due regard to the interests of the Library and with reasonable consideration for the convenience of fellow members in respect to the number of books taken out at any one time and the period for which they are retained."

The addition to the Library during recess have had, as usual, some relation to the public questions of the day. Thus, works and pamphlets which relate to Tariff questions, the Temperance question, trade questions, &c., will be found in their places.

The necessity of having, in many cases, a number of copies of many works in sudden and general demand, makes inevitable inroads on space, which is almost exhausted, and on the grant of money, which it may be noted, has remained stationary during many years, though the increase of periodical publications, learned society transactions, statistical compilations, new editions and books of reference, not to speak of literary production in general, has gone on with an embarrassing rapidity.

Several important works have been added to the Canadian section since last session. Among them the *Book of Common Prayer and Administration of the Sacraments and other Rites and Ceremonies of the Church, &c., translated into Mohawk language by Captain Joseph Brant, London, 1787.* This rare book, printed in English and Mohawk

on opposite pages, is of considerable interest to Canadian bibliophiles. It is quoted in London at £18.18, but was purchased for the Library at a very reasonable price.

The *Journal of Captain William Pote, Jr., during his captivity in the French and Indian wars* is an important contribution to the history of the intercolonial wars. Pote was taken prisoner whilst in command of the schooner Montague, engaged in carrying artificers and supplies to Fort Annapolis Royal (1745). The French sent him to Quebec where he remained a prisoner for two years.

During his captivity he kept a journal which after being lost one hundred and fifty years was discovered in Genoa in 1890.

A small pamphlet of the greatest rarity was also obtained during recess. It is named: *All Canada in the hands of the English, or an authentick journal of the proceeding of the army under General Amherst, from Oswego to the reduction of Montreal, 8 September, 1760.* Boston, 1760. Its title explains the subject of this leaflet.

During the year 1834, Organizations, called *Comites constitutionnels*, were formed at Montreal and Quebec for the purpose of promoting political changes in that province. The proceedings of the said committees were procured and placed in the Library. They will contribute to add valuable information to the sources of Canadian history prior to the troubles of 1837.

The list of donations will as usual be presented.

The catalogue of accessions during the year is completed and will be distributed immediately.

All of which is respectfully submitted.

The Honourable Mr. Bernier called the attention of the Government to the following paragraph published in the *Montreal Star*, on the 12th May instant :—

“Honourable Charles Fitzpatrick, Solicitor General, passed through the city this morning *en route* to Ottawa. He expressed himself as more than satisfied with the result of the elections ; there were a few results which he would like to have changed, as for instance, Quebec West and Gaspé, but, on the whole, the Solicitor General was a very happy man. He was extremely sorry to learn of Mr. Charles Marciel's defeat in Gaspé, while full of praise for the gallant fight he made. Mr. Fitzpatrick now considers the School Question as buried for ever. ‘The people of Quebec have once more shown the rest of Canada, and the world, that they are on the side of liberty—liberty of thought and liberty of conscience.’”

And inquired :—

1. Whether the words and the views attributed to the Honourable Solicitor General in the above paragraph are correctly reported ; if not, what did the honourable gentleman say on that occasion ?

2. Whether the above paragraph does represent the views of the Government on the Manitoba School Question? If not, what is the policy the Government of Canada intends to pursue henceforth with regard to that matter?

3. Is it the opinion of the Government that the definite solution of the Manitoba School Question is to be made dependent upon the result of the elections in any of the provinces of the Dominion?

To the Queen's Most Excellent Majesty :

MOST GRACIOUS SOVEREIGN :

We, Your Majesty's loyal and dutiful subjects, the Senate and of Canada in Parliament assembled, beg to offer our sincere congratulations on the happy completion of the sixtieth year of your auspicious reign.

When, on the memorable occasion of Your Majesty's Golden Jubilee, the representatives of your loyal Canadian people joined those of other parts of the Empire in expressing their heartfelt pleasure that by the Grace of God the nation had for half a century enjoyed the inestimable benefit of Your Majesty's constitutional and beneficent rule, they stated their earnest hope that Your Majesty might be spared for many more years to reign over your loyal subjects.

A decade has since passed, and to-day we contemplate with renewed satisfaction the fact that Your Majesty is still the Head of the State. Not only have none of your illustrious predecessors sat on the throne of our country for so extended a period, but in the history of the nations of the world few monarchs have ruled so long, and none have been so universally honoured and revered.

Looking back across the sixty years which have elapsed since Your Majesty ascended the throne, it is impossible not to be impressed with the immense strides which during that period have been made by the civilized world in all that constitutes the moral, intellectual and physical well-being of mankind. The Gospel of Our Divine Teacher has been preached in the remotest corners of the earth ; temperance in all things has become more than at any previous period an accepted rule of human conduct ; more adequate provision has been made for suffering humanity ; the administration of Justice has been placed upon a more humane and otherwise satisfactory basis ; great advances have been made in science and the arts ; and the literature of the Victorian era surpasses that of any former period in breadth of thought and general excellence, as well as in volume and popular appreciation. By the establishment of railway and steamship communication ; the inauguration of improved postal system ; the invention of the electric telegraph and telephone, as well as the general utilization of electric power, and by an infinite number of other agencies, the comfort and convenience of the people have been immensely increased. During the same period the Empire has been enlarged, and its scattered members brought into more intimate fellowship with one another and with the motherland. Your Majesty's colonies in North America have, with but one exception, been gradually consolidated into a united Dominion, the people of which have been, and we believe will continue to be, amongst the most loyal of the races and peoples owing fealty to the British Crown.

We trust that we, and Your Majesty's subjects in other parts of the Empire, may continue for many years to come to enjoy the benefit of your gracious and peaceful rule ; and we earnestly pray that He who is the Supreme King of Kings may endow Your Majesty with every blessing in what remains to you of this life, and with everlasting felicity in the life to come.

Your Committee recommend that the salary of Mr. Charles Young, Third English Clerk, Clerk of Routine and Proceedings, and Clerk of Stationery, be fixed at \$1,600 a year, to include all duties performed by him and allowances made therefor; this not involving any increase of his salary but being merely a consolidation in one sum of the separate amounts of salary received by him.

PRAYERS.

Pursuant to the Order of the Day, the following Petitions were severally read:—

Of the Women's Christian Temperance Union and others, of Teeswater, in the Province of Ontario; praying for the passing of such legislation as will prohibit kinetoscope and kindred devised representations of the Nevada prize-fight, debasing pictures and immoral dances; and

Of the Women's Christian Temperance Union and others, of Brampton, in the Province of Ontario; praying for the passing of the Bill now before Parliament intituled: "An Act to amend the Criminal Code, 1892."

The Honourable Mr. Landry called attention to the following articles copied from the *Temps* of Ottawa, of the 19th of October, 1896, and from the *Star* of Montreal of the same date:—

"The members of the Club Nationale met last night for the purpose of the election of their officers. A speech which very forcibly impressed the meeting was that of Mr. Pierre Rattey, an employee of the Senate. That eloquent speaker addressed a warm appeal to the members of the Club, asking them to continue to work for the good cause according to the expression of Sir Oliver Mowat. He also availed himself of the occasion thus given him to tender an advice to the Ministers. Mr. Rattey has been in the Upper House for more than forty years, and his great political experience gives his utterances a considerable value, so Mr. Belcourt listened with great attention to the eloquent speech of that leader of the Liberal party in Ottawa. Mr. Rattey wants that all the Deputy Ministers have their heads cut off without any further delay, to make room for good Liberals. No doubt Mr. Laurier will have to yield to the pressure brought to bear by Mr. Rattey and the *Globe*. The Deputy Ministers may expect to be dismissed before long.—(*Le Temps*, 19th October, 1896.)"

"Ottawa, 19th October.—(Special to the *Star*.)—The French Liberal Club, Le Club National, held its annual meeting on Friday night. According to *Le Temps*, Mr. Belcourt,

M.P., president of the club, devoted the greater part of his speech to an explanation of why anti-election promises by him had not been kept by him. *Le Temps* says that Mr. Belcourt stated that a number of Conservatives will be dismissed from the buildings to make room for those Liberals to whom he had made promises during the general election campaign. Mr. Pierre Rattey, door-keeper of the Senate, also addressed the meeting, and is reported as expressing the hope that all the Deputy Ministers would be discharged in order to make room for good Liberals."

And inquired whether the attention of the Government has, in the past, been called to them, and, if so, whether such conduct is considered by them as offensive partisanship?

If so, what course do they intend to take in the matter?

If the utterances of Mr. Rattey have not been brought under the notice of the Government in the past, what course do the Government intend to take now that the offensive partisanship of Mr. Rattey, an officer of this House, has been brought under their notice?

"If the views of certain hot-heads were to prevail, the Senate would prevent the Government from putting this railway policy into effect. The Senate is almost totally composed of Conservatives, and it has the power to arrest the progress of the country—

"If it wishes (the Conservative party) to try the resort of opposing the resistance of the Senate to the will of the representatives of the electorate, we wait for it steadfastly.

"The Liberal party has smashed many obstacles within twelve months."

The Standing Committee on Standing Orders have the honour to make their Twenty-first Report.

Your Committee have had under their consideration Bill (118), from the House of Commons, intituled : "An Act to incorporate the Yukon Mining and Transportation Company (Foreign)," and find that no notices have been published as required by the Forty-ninth and Fiftieth Rules, and that no Petition has been presented therefor as required by the Fifty-fourth Rule. It being shown to Your Committee that the territory affected is a distant and much unsettled part of the country, where it is not possible to give the notice required by the Rules, and also being satisfied with the reasons given why no Petition had been presented, they recommend the suspension of the Forty-ninth, Fiftieth, Fifty-third and Fifty-fourth Rules of the Senate, as it will be fully competent for the Committee to whom the Bill shall be referred to provide that no injury to any party shall arise therefrom.

The Honourable Sir Mackenzie Bowell, K.C.M.G., called the attention of the Senate to the statements reported in the *Montreal Witness* of the 15th instant, said to have been made by the Honourable Messieurs Déchéne and Turgeon, members of the present Government of Quebec, in which it is alleged :—

"They foreshadow the abandonment of the two principal features of Mr. Flynn's financial policy, the conversion of the debt and the readjustment of the Federal subsidy, the one as calculated to increase the debt without diminishing the interest charges, and the other as impracticable under present unfavourable circumstances."

And inquired of the Government, whether there has been any communication, verbal or otherwise, between the Government of Quebec, or any member thereof, with the Government of Canada, or any of its members, having reference to a readjustment of the subsidies paid to the different provinces, which led to the announcement that it was "impracticable under present unfavourable circumstances" to ask for the fulfilment of the provisions of the resolutions passed at a conference of Provincial Premiers held in Quebec in the month of October, 1887, of which the present Minister of Justice was a member; and which resolutions were adopted and confirmed by the Legislatures of Ontario and Quebec while the Honourable Sir Oliver Mowat was Premier of the former province. Said resolutions, among other things, declare:—

5. That this conference is of opinion that a basis for a final and unalterable settlement of the amounts to be yearly paid by the Dominion to the several provinces for their local purposes and the support of their Governments and Legislatures, may be found in the proposal following, that is to say:

(A.) Instead of the amounts now paid, the sums hereafter payable yearly by Canada to the several provinces for the support of their Governments and Legislatures, to be according to population and as follows:

- (a.) Where the population is under 150,000, \$100,000.
- (b.) Where the population is 150,000 but does not exceed 200,000, \$150,000.
- (c.) Where the population is 200,000 but does not exceed 400,000, \$180,000.
- (d.) Where the population is 400,000 but does not exceed 800,000, \$190,000.
- (e.) Where the population is 800,000 but does not exceed 1,500,000, \$220,000.
- (f.) Where the population exceeds 1,500,000, \$240,000.

(B.) Instead of an annual grant per head of population now allowed, the annual payment hereafter to be at the same rate of eighty cents per head, but on the population of each province, as ascertained from time to time by the last decennial census, until such population exceeds 2,500,000; and at the rate of sixty cents per head for so much of said population as may exceed 2,500,000.

(C.) The population, as ascertained by the last decennial census, to govern except as to British Columbia and Manitoba; and as to these two provinces, the population to be taken to be that upon which, under the respective Statutes in that behalf, the annual payments now made to them respectively by the Dominion are fixed, until the actual population is by the census ascertained to be greater; and thereafter the actual population, so ascertained to govern.

(D.) The amounts so to be paid and granted yearly by the Dominion to the provinces respectively to be declared by Imperial enactment to be final and absolute, and not within the power of the Federal Parliament to alter, add to or vary.

6. That the following table shows the amounts which, instead of those now payable for Government and Legislation and per capita allowances, would hereafter be annually payable by the Dominion to the several provinces (the same being calculated according to the last decennial census for the Provinces of Ontario, Quebec, Nova Scotia, New Brunswick and Prince Edward Island, and according to the limit of population now fixed by Statute for the Provinces of British Columbia and Manitoba):—

Province.	Population Census 1881.	Allowance for Government and Legislation.	The subsidy per head.		Total allow- ance for Government, etc., and subsidy.	
			\$	cts.	\$	cts.
Ontario	1,923,328	240,000	1,538,662	40	1,778,662	40
Quebec	1,359,027	220,000	1,087,221	60	1,307,221	60

Your Committee have examined the following Petition of the Honourable Trefflé Berthiaume, Legislative Councillor, and others, of the City of Montreal and elsewhere ; praying for the passing of an Act incorporating them as the Southern Counties Railway Company, and find that the notices required have only been given in the *Canada Gazette* and two newspapers published in the City of Montreal, which is not in full accordance with Rule 49*a* of the Senate ; but Your Committee being fully satisfied with the statements made to them that the public in the localities specially affected have been made thoroughly aware of the proposed legislation ; Your Committee recommend the suspension of the Forty-ninth and Fiftieth Rules in so far as the same relates to this Bill, as it will be competent for the Committee to whom the Bill shall be referred to provide that no injury to any party shall arise therefrom.

The Honourable Mr. Landry called the attention of the Government to the following declaration made on 1st September, 1896, to the House of Commons by the Prime Minister, the Hon. Mr. Laurier, and reported in the House of Commons debates, volume 43, column 506 :—

“THE PRIME MINISTER. No Minister would pretend to dismiss any official unless he had an opportunity to defend himself ; but when the case is within the personal knowledge of the Minister himself, under such circumstances there is no case for inquiry. When the Minister is not cognizant of the facts himself, whenever the case is brought to him by extraneous evidence, those statements must be substantiated, and every man must be given an opportunity to defend himself. I do not want, for my part, and I am sure the Government does not desire—and I can speak for the Government on this matter—to act arbitrarily on this or any other subject ; every one must be given a fair opportunity to be heard before he is dealt with ;”

And asked,—1. Are these words really those of the Prime Minister and of the head of the present Government ?

2. Whether the cases of offensive partisanship denounced by Mr. Choquette, M.P., which have brought about the dismissal of all the accused without any inquiry and without the accused having an opportunity of defending themselves, are cases of which the Postmaster General and the Minister of Railways had a personal knowledge ?

3. If the Postmaster General and the Minister of Railways had not a personal knowledge of the facts denounced by Mr. Choquette, why were the accused dismissed without any form of trial, contrary to the doctrine enunciated by the Prime Minister himself ?

4. Is it the intention of the Government to make reparation for the injustice committed ?

St. Boniface, Man., June 5.—In the St. Boniface election petition case, discussed yesterday, it will be remembered that when the case came before the Honourable Mr. Justice Killam on April 29, for trial of the preliminary objection filed by Mr. Lauzon, against the prosecutors of the petition, it was proved that both petitioners, Roy and Berthiaume, had been guilty of corrupt acts. Roy admitted he had been promised money for driving electioneers to the polls by Mr. Prendergast, the present judge. The chairman of Mr. Bertrand's committee stated that he requested Mr. Prendergast on the day following the election to pay him, when Mr. Prendergast gave him an order on Mr. J. A. Richard for the amount, which was paid by Mr. Richard. The other petitioner, Berthiaume, who supported Mr. Lauzon, in the election the year before, admitted that about a week before the election that Bertrand and Mr. Prendergast had promised to endeavour to procure him an office from the Dominion Government and he worked hard to secure Mr. Bertrand's election during the last week before the election. When this startling evidence was given Mr. Howell, counsel for the petitioners, applied for an adjournment to enable him to put Mr. Prendergast and Mr. Richard in the witness box, which was granted. Yesterday morning when the trial was resumed Mr.

Howell stated to the court that in view of the evidence given at the previous hearing, he was unable to ask that the preliminary objections should be over-ruled. Judgment according was given dismissing the petition."

And inquired if the Government intend to take any action regarding the matter?

After which His Excellency the Governor General was pleased to close the SECOND SESSION of the EIGHTH PARLIAMENT of the DOMINION OF CANADA with the following Speech :—

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

In relieving you from further attendance in Parliament, I desire to thank you for the assiduity with which you have discharged the duties of a fatiguing Session, and I congratulate you on the very important legislation which has been the outcome of your deliberations.

The revision of the tariff, which occupied a large part of the Session, has been completed in a manner which, I trust, will prove effective in promoting the trade and commerce of the Dominion. It is gratifying to know that this measure has been recognized as one of Imperial importance, and that it has already had a marked effect in strengthening the bonds which unite Canada to the motherland.

The arrangements for establishing a fast steamship line of the highest class between Great Britain and Canada, with the co-operation and assistance of the Imperial and Canadian Governments, encourage me to hope that at no distant day we shall see the accomplishment of that very important project.

I am pleased to observe that you have made provision for extending substantial aid to various important railway enterprises, which are designed to develop the vast mineral wealth of Canada, and to improve the facilities for transportation and travel.

The Bill to provide an effective system of cold storage on land and sea will promote the interests of our agriculturists by affording means for the transportation of perishable food products and placing them in the best condition in the great markets of the world.

Gentlemen of the House of Commons :

I thank you for the liberal provision which you have made for the public services.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

The Session now closing will be memorable not only on account of the important measures which have been passed, but also because it has been held during the year of Her Majesty's Diamond Jubilee, in which the people of all parts of the Empire united in celebrating the sixtieth anniversary of the reign of Her Majesty Queen Victoria. The splendid demonstrations which have taken place throughout the Queen's Dominions testify at once the loyalty and affection of the people towards their Sovereign and the unity of the British Empire. I know that you rejoice with me that Canada has worthily performed her part in these great events.

In now taking leave of you, I desire to express my best wishes for your personal happiness and my earnest hope that the work of the Session may prove useful in advancing the prosperity of the people whom you represent.

Then the Honourable the SPEAKER of the Senate said :

Honourable Gentlemen of the Senate, and Gentlemen of the House of Commons :

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Wednesday, the eleventh day of August next, to be here holden, and this Parliament is accordingly prorogued until Wednesday, the eleventh day of August next.
