### THIS WEEK'S BIG SHOW

**Mutt & Jeff in College.**  
Mutt & Jeff in College, based on Bud Fisher's inimitable characters, which have been adapted to the musical comedy stage by Gus Hill has proven to be the most successful since its initial performance five years ago. Mutt & Jeff in College offers an entertainment distinctly different in every way from its four predecessors. Comedy is the main essence, with music and girls as a diversion. It is doubtful if so many hearty laughs have ever before been combined in one evening's entertainment. Our heroes are treated to the pleasures and profits of an education, in return for their services as foot

ball players. There are astonishing hilarious results. The show is better described as a riot of fun which begins with the rise of the curtain and continues incessantly for two and one half hours. It is coming to the Nicklet Theatre next Thursday evening, May 18th.  
A limited number of seats are on sale at Clark's Drug Store. Secure yours now.

The W. C. T. U. will meet for work in the Red Cross rooms every second and fourth Monday in the month from 2 to 5 p. m. until further notice. These meetings will take the place of the regular meetings as business will be taken up at 3.30 when required. Members please make note of this.

**U. S. POULTRY FENCE THE ACME OF POULTRY FENCES**

Built on miniature scale farm fence interwoven with parallel wires and straight, even and nice without hinge joints so it stretches to posts buckling, bagging or sagging.

It's so stiff and satisfactory, it does not require top rail and base board or so many posts as old style netting.

Guaranteed 5 to 6 times as strong and at least 100 per cent better in every way. All parallel wires are of even length and all mesh of uniform size. They can't be otherwise the way it's made.

Made in heights from 12 to 72 inches. Galvanized before or after weaving. Put up in 150 foot rolls.

It's the strongest, cheapest, most sightly and best fence for the purpose yet invented.

Do not purchase poultry netting or fencing until you have seen our U. S. Poultry Fencing.

**THE GOVERNOR'S VIEW**

Governor Capper of Kansas says:  
"There are many business men who make their money without advertising, but they are few and far between. You can't now, to yourself, name a live go ahead town that has poor newspapers, a live town that does not have enterprising merchants.  
"A live town is made up of live business men, and a live business man shows his liveliness by going after business. And there is only one way of going after business.  
You can't help yourself and help boost your city in any way more effective than by telling the world, through your local newspaper."

**Grave Events Anticipated**

London.—A despatch to The Morning Post from Saloniki says: Messages from Constantinople state a grand council was held in the Sultan's palace at Dolma, Bagtche to consider terms of peace Preachers in the principal mosques are urging the people to prepare for liberation a secret council is formed and grave events are anticipated.

**Big Profits for Sheep.**

Over \$3,000 was realized from the sale of 100 sheep off the farm of Lloyd Jones, Burford, Ont., recently. Buyers were present from all over the United States and Canada. Prices ran high. The champion ram of Canada was sold to Bailey, of Brantford, for \$105, and C. W. Chandler, of Kellestone, Iowa, paid \$115 for a two-year-old Shropshire ram; Larkin and Company, of Queenston, paid \$1,000 for 31 head.

**Allies in Population.**

The recent military Council held at Paris represented the following populations:  
The British Empire, 425,000,000.  
The Russian Empire 171,000,000.  
France 40,000,000.  
Italy 35,000,000

**FORTNIGHTLY PAY FOR RAILWAY MEN.**

**Liberal-Conservatives in the House Stand Up for the Workingmen. Opposition Advocate Weekly Pay for Miners. Fortnightly Pay for Railway Men, Abolition of Truck System and an Effective Workmen's Compensation Act.**

The Liberal-Conservative Opposition in the Assembly are showing themselves keenly alive to the interests of the workingmen and the importance of intelligent labor legislation. Among the measures promoted this session by Conservative members in the interests of the working men of the Province were resolutions introduced favoring weekly pay for miners, to take effect at once, the abolition of the truck system, and the payment in cash to all employees of corporations and the demand of the immediate enforcement of the Workmen's Compensation Act.

An important Bill, looking to the interests of the railway men of the Province, was introduced by Mr. J. C. Douglas, Conservative member for Cape Breton, and has been passed by the Assembly. It provides for fortnightly pay to all employees of all company railroads operating within the Province of Nova Scotia under Provincial charter. The provisions of the Bill are as follows:

"Be it enacted by the Governor, Council, and Assembly, as follows:  
Chapter 99 of the Acts of the Revised Statutes of Nova Scotia is hereby amended by adding thereto the following clauses:

- 1.—The wages of every person employed on or about a railway shall be paid twice in each month, at intervals as nearly as possible of half a month.
- 2.—At each of such times of payment the wages of such employee shall be paid up to the time of the last preceding time of payment, and any employee who is absent at any such time of payment shall at any time thereafter, on demand be entitled to be paid his wages up to such last preceding time of payment.
- 3.—The owner, agent, superintendent or manager of any railway who contravenes or fails to comply with this section shall each be guilty of an offence against this Chapter.
- 4.—In cases of any proceeding instituted in respect of an offence against this section,—

- (a) Three days' notice of the intention to institute such proceeding shall be given to such owner agent, superintendent or manager;
- (b) Every such proceeding shall be instituted within thirty days from the commission of the offence charged;
- (c) The owner, agent, superintendent or manager accused shall not be permitted to set up by way of defence any agreement of hiring inconsistent with this section, and
- (d)—Any penalty recovered shall be paid to the treasurer of any municipality or town through which the railway runs in respect to which the offence was committed is situated."

This measure is a reform of the most important character and will be welcomed by all railway employees in the Province. Its provisions are broad enough to include not only conductors, brakemen and train-hands, but all persons employed in any capacity on any company owned railroad operating in Nova Scotia under Provincial charter.  
Judging by the deluge of complimentary letters which have poured in upon the member for Cape Breton, who is the sponsor for this measure, the Act is evidently an immensely popular one among railway men throughout the Province.

**MARRIED MEN FIT FOR SERVICE CALLED BACK IN ENGLAND**

All married Englishmen eligible for military service who are living abroad, but who ordinarily are residents of Great Britain, must return to England forthwith and report for military duty.  
This announcement was made in the House of Commons on Tuesday last by Sir George Cave, the solicitor-general.

**A Mammoth Duck Egg.**

A duck's egg which is a veritable giant of its kind in exhibited at Sunnyside, P. E. I. It was laid by a duck owned by Mrs. Alex McCallum, Wheatley River, and weighs 11 1-2 ounces. It is nearly five inches long and nine inches in circumference.

**Meat Famine Faces Berlin, Supply Sufficient for only Few Days.**

London.—A Copenhagen despatch to the Exchange Telegraph Company says that the police of Berlin searched the shops and dwellings of the butchers today for hidden stocks of meat. The result showed that the supply of meat in Berlin is sufficient for only a few days. For this reason the food question overshadows all others.  
All the butcher shops, including Wertheim's large meat market, have been closed. The best quality of meat now costs fourteen marks per kilo (2.20 pounds).  
The strike of the coal miners at Stellarton has been settled and work was resumed yesterday, the disputes over an increase of wages having been amicably adjusted.

### STOMACH COMFORT.

When the Stomach Rebels, Indigestion and Nerve Pain Follows, Mi-o-na Brings Relief.

Just as soon as you are done eating, the healthy stomach commences to churn the food around and mixes it thoroughly with the juices of the stomach.

If the food is not churned, it lays heavily on your stomach, turns sour and causes all kinds of distressing symptoms, such as headache, indigestion, stomach pain and dyspepsia. Mi-o-na helps the stomach to properly mix the food.

John S. May, of Isabella St., Belleville, Ont., says: "For over seven months I was in constant agony with a case of nervous dyspepsia and indigestion that medical skill could not relieve. I was weak and had lost much weight through loss of appetite and suffering. My meals would fill me with gas and a feeling of oppression across the stomach, and all up the left side, left me in a miserable condition. I was restless at night and as tired and unrefreshed in the morning as on going to bed. A choking sensation in my throat was always constant when lying down, and my heart seemed to flutter and pound as though it were coming out through my side. I was benefited from the first two days' use of Mi-o-na. I began to feel like myself again, my appetite returned and the depressive feeling left me. I can enjoy my meals without the least worry of after suffering. I gained in weight and can sleep the night through in comfort.

Go to J. D. Clark the druggist, and get a 50 cent box of Mi-o-na Tablets. Money back if Mi-o-na does not cure.

### Your Window Box.

Begonias are admirable plants for growing in window boxes. The foliage of all begonias is attractive, but especially so are the beautifully marked leaves of the Rex variety. The beefsteak, Gloire de Lorraine and varieties may be expected to grow well and to flower under the conditions that suit the vines already described, says the department of agriculture.

Ferns in variety are available for the window box and may be selected at any florist's to suit the taste of the grower, but dwarf varieties are better suited for the room available. Ferns may be grown with begonias satisfactorily. Both require a temperature lower than the average living room.

Coleus is another group of plants that may be grown in a window box, but they must have sun. The leaves of these plants have a wide range of color and marking as well as of size and shape. They must have a warmer atmosphere than the plants already mentioned, a temperature of 55 degrees to 60 degrees at night being desirable. The mealy bug is often quite troublesome on coleus.

For an upright plant growing a foot or eighteen inches high aspidistra is satisfactory. The leaves of this plant grow in somewhat the same manner as garden flags, but there are varieties with variegated leaves as well as those with green leaves.

### Turkish General More Humane Than Germans.

London, May 10—According to a despatch from an eye witness with the British army in Mesopotamia Khalel Pasha the Turkish general to whom the British forces under General Townshend surrendered at Kut El Amara showed the utmost consideration for the prisoners. Khalel Pasha experienced admiration for the gallant defence of the garrison and showed anxiety that they should be well fed. He especially desired that every comfort and consideration should be shown to General Townshend and expressed regret that his own supplies were not more plentiful.

# Production and Thrift

## CANADA'S CALL FOR SERVICE AT HOME

### Produce More and Save More

The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

### Make Your Labour Efficient

In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count as much as possible.

### Do Not Waste Materials

There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

### Spend Your Money Wisely

Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.

### A TALL YARN

A Yankee entered a big hotel in the Highlands, when he overheard a party of visitors about shooting.

"Gentlemen," he said, "I guess I have seen some good shooting in my time. I have seen a fly killed on the flagpole at three hundred yards.

An Irishman, who was one of the party, said:  
 Begorra, it's pretty good, but I believe I've seen better. When I was in the army the major used to roll an empty beer barrel down the hill, and every time the bung hole turned up we put a bullet in. Any man who could not do it was dismissed. I was in that corps for fifteen years and never saw a man dismissed.

### NOT MUCH

Pa, a man's wife is his better half isn't she?  
 We are told so my son.  
 Then, if a man marries twice, there isn't anything left of him, is there?

### A Chinese Trick

The Chinese are past masters in art of trickery, and some of their tricks are very ingenious. One is a method by which they can make a postage stamp do service almost indefinitely. The sender of the letter passes over the stamp some paste which in appearance is not unlike the gum at the back of a stamp. When the stamp is obliterated it takes the impression, but it is not even "skin deep." The receiver of the letter must be a confederate, and he passes a damp sponge over the stamp. This removes the paste and with it the postal mark, so until the stamp is worn out it can be used over and over again.

### The Next Boat

My ancestors, haughtily little Heloise Aldyne told her nine-year-old playmate Hermione McGuire, came over before yours did. They came over in the first boat, the the Mayflower.

Well, mine came over, Hermione said stoutly, her blue Irish eyes, fishing with spirit "in the very next boat, the Juneflower."

### NOT SAFE

In a certain borough in the north of London one man who had been invited to enlist wrote as follows to the local recruiting committee. "Do not feel I ought to leave my wife while there are any single men left in this district."

A deaf man was being married and the parson asked the usual question, "Do you take this woman for your lawful wife?"

"Eh?" said the deaf man.  
 Do you take this woman for your lawful wife?  
 This time a bit louder.  
 The groom seemed to get angry.

"Oh, I don't know," he said. "She ain't so awful. I've seen wuss than her that didn't have as much money."

Keep Minard's Liniment in the house.

The old soldier was telling his thrilling adventures on the field of battle of young fellows, one or two of whom were very sceptical as to his veracity. "then" he said, "the surgeons took me up and laid me carefully in the ammunition wagon, and—"

"Look here," interrupted one of the doubtful listeners, "you don't mean the ammunition wagon. You mean the ambulance wagon."

But the old man shook his head.

"No," he insisted, "I was so full of bullets that they decided I ought to go in the ammunition wagon."

Out of 230,000 Jews in England it is said that 17,000 are in the army and navy. Is Jewish recruiting in Canada equally creditable to a race that has in the neighborhood of half a million men fighting for the Allies?

A button or badge to fill a long felt want would be one that indicated that the wearer had already "done his bit" to the extent of his resources, and would therefore be exempt from future solicitations.

Germany's reply to the Wilson "ultimatum" is so satisfactory to the German-American press that it can hardly be satisfactory to the American-American people.

**THE ADVERTISER**

Published Tuesday and Fridays  
Kentville, Nova Scotia

KENTVILLE, MAY 16th, 1916.

General Manager Graham Entertains Representatives of Valley Press.

Since the merging of the Nova Scotia Press Association into the larger Canada Press Association, the representatives of the Press of the Province have not assembled to hold mutual conference. The initiative in gathering the publishers and representatives of the newspapers of Western Nova Scotia together was with General Manager George E. Graham of the D.A.R. and his enthusiastic General Passenger Agent, Mr. R. U. Parker.

On the invitation of Mr. Graham the following came to Kentville on Friday last: J. Murray Lawson of the Yarmouth Herald; W. F. Kempton of the Yarmouth Times; Fred E. Bath of the Bridgetown Monitor; F. E. Cox, Middleton Outlook; P. F. Lawson, Berwick Register; George E. Herman, Western Chronicle; H. G. Harris and Cora M. Walsh, Advertiser, Kentville. Autos were provided and the party visited the Experimental Farm and then proceeded via Port Williams to Starr's Point, where the farm and orchard of Mr. A. C. Starr and others were examined, thence to Hillcrest Orchards and the Provincial Sanatorium where the main building and pavilions were visited. They then proceeded to the residence of Mr. Geo. Graham where they were received by Mrs. Graham and Miss Graham and luncheon was served.

At seven o'clock, two Studebakers were again placed in action and Mr. Graham and Mr. Parker took the quill drivers to Wolfville via White Rock, Gaspereau and Grand Pre. At Acadia Villa Hotel Mayor Fitch, J. E. Hales, President of the Board of Trade and Prof. A. E. Coldwell, representing "The Acadian" joined the party and an elaborate supper was provided by Mr. Kockwell. Mr. Graham occupied the head of the table and saw an ocular demonstration of the capacities and capabilities of representatives of the Press in disposing of culinary dainties.

At the close of the supper and the toast to the King had been made, Mr. Graham expressed his pleasure at the gathering together of the publishers of the Valley or their representatives and spoke in part as follows:

For the individual, community, country, or nation, to accomplish real good and attain their highest destiny, their aim, ambition, or ideal, must be of the highest order.

With this idea in mind, the present time and place seemed opportune for a social gathering and conference of the representatives, in the Annapolis Valley, of the greatest influence for the general good the world has ever seen. No power enters so intimately into the very being of the individual, community or nation, as that of the press, and there is no other power whereby the people of the Annapolis Valley can be brought to a clearer and more concise realization of the wonderful possibilities of the country in which they live.

It is a fact, beyond dispute, that we Nova Scotians do not demonstrate our faith in our country as we should. Individually we may have unbounded confidence in the land of our birth or adoption, but collectively we do not sound its praises, or raise our voices as to its manifold advantages, in a manner sufficiently impressive.

By the judicious use of the Press, our Valley, already well and favorably known, can be made in reality the vacation ground of America. Our climate, our geographical location, our historical association, form a

combination beyond comparison. We cannot afford to ignore nature's beneficence in this respect, and permit latent energy to remain undeveloped. If we possessed the right form of faith in our heritage, we would not rest content until we had started, and had the courage to maintain, a steady flow of Nova Scotians and their descendants back to their own land. We need the offspring of the old sturdy stock to assist in the development of our varied natural resources, to take an active part in the building up of our home and foreign trade, and to lend their aid in the conduct of our country's affairs. The press is the only medium through which such a condition of affairs can be brought about.

While individual effort is always to be commended, yet the events of the days bring to our minds, more than ever before the fact, that in order to attain a definite object of any magnitude, united action on the part of every interest is necessary.

As our discussion tonight is to be of a more or less general nature, I will not at this time refer to the many other matters of mutual interest, but conclude by saying that the Dominion Atlantic stands ready to cooperate in the heartiest sense with any interest having for its object the upbuilding of our fair Province.

Other addresses were given by Messrs. Lawson and Kempton of Yarmouth, Lawson of Berwick, Cox, Dunham, Mayor Fitch, President Hales, Parker Herman, Bath and Harris and the gathering dispersed at 12.30.

It was regrettable that representatives of the Tribune and Journal of Windsor and Spectator, Annapolis were not able to attend. The fraternizing of the publishers and exchange of views on the necessity of greater activities in booming our country and giving publicity to our great resources and our capabilities of entertaining tourists will lead, we believe, to a frequent conference of our Valley newspaper representatives in the future.

**LETTER WRITING WEEK**

This is letter writing week in the Valley and Western Nova Scotia. From every school and hamlet, village and town letters will go forward to our friends and relatives residing in the United States calling their attention to the unrivalled scenery and home like attractions of Nova Scotia. For every person who purposes taking a summer vacation no better place could be found in the hot weather than in our Valley or along our shores, where cooling breezes blow.

As an incentive for letter writing we have the prizes offered by Mr. George E. Graham of \$25 to the school teacher and \$25 to the Red Cross Society which causes the most letters to be written and the names of the persons written to sent in to the nearest Board of Trade. The world is one which will bring big results to our Province and the prizes offered are proving an incentive in inducing school teachers and their scholars and friends in organizing for the work.

Every school teacher between Yarmouth and Windsor has received particulars of the contest and this week from Monday morning to Saturday night the mails will be filled with letters from eager scholars, teachers, Red Cross Workers, merchants, farmers and professional men who desire to see our Province benefit from an increase in tourist trade.

Every reader of our paper is asked to co-operate in the movement and write a personal letter to any and all friends in the United States whom they think would be likely to visit us here this year.

All letter writers can send any form of letter they choose but herewith we reproduce a suggested letter which may help scholars in their writing, any changes the person considers

necessary may be made.

My Dear . . . . .  
This is the week that Nova Scotians are writing thousands of friends and relatives in the United States, asking them to visit our Province this summer.

We have a land where everyone is happy—where there is much romance and rare beauty. We have every type of vacation pleasure in seaside and quaint village, fishing hamlet and farmhouse, camp or cottage colony.

Annapolis Basin rivals the Bay of Naples—along its shores for twenty miles, are many resort places, with summer hotels and rustic bungalows. A host of people annually seek the delights of this section.

We have fragrant pine forests and shimmering lakes—with some of the best canoeing in America. Albert Bigelow Paine's famous book "The Ten Dwellers," was written about this feature of our summer life.

There is plenty of sailing, motoring, bathing, tramping through the hills, golf, tennis and similar activities.

Each year ever increasing hosts seek the delights of the garden and orchard lands of the "Evangeline" country.

And there is Halifax with its many water fetes and carnivals, open air band concerts, and water front club life. Halifax, next summer, will have a week of carnival.

Remember we are only one night from Boston, about a day from New York.

Nova Scotia would give you a warm welcome this summer. Won't you let me hear if you will come.

Sincerely yours,

It will be necessary for teachers to maintain a record of letters sent, so as to compete for the prize. The teacher should become acquainted with the sending of every letter, and then he should fill out a form and mail it to the chairman of the tourist committee at Kentville at the end of "letter writing week."

What we need to boost our Province is a long pull, and a strong pull, and a pull altogether. This letter writing week, on which we have just entered gives us an opportunity. Let us each do our share, and boost our Province in every possible way.

**WOUNDED AT THE FRONT.**

LANCE-CORP. C. HILTZ.

Lance-Corporal C. Hiltz is not missing as reported in the casualty list, but was wounded severely in the knee by a bayonet on April 14.

Wishing to do his bit, this young fellow joined the 63rd Rifles a week after war was declared, from which regiment he volunteered for overseas duty with the 25th Nova Scotia Battalion.

In writing from the hospital, he said: "Luck was with me to have gotten out of the tight place I was in. It's hard to beat the Bluenose boys and the Huns have got an awful trimming coming to them."

Lance-Corporal Hiltz is a son of Mr. and Mrs. E. R. Hiltz, Kingsport, and has another brother, Sergeant Harry W. Hiltz, in the same battalion.

**Departure of 112th Battalion to Windsor.**

The Kentville detachment of the 112th Battalion, nearly 200 strong, under Lieuts. Smith, Parsons and Crosby left town yesterday afternoon and were given a royal send off by the citizens. The train arrived from Middleton with two cars filled with the contingent from that town and the 112th marched with the Citizens Band to the depot. Hundreds were there to wave them adieu and the school children marched to the depot with flags flying and banners waving along their long line

and they sang patriotic songs, gave town and Academy yells and three hearty cheers for the 112th.

Since organizing in town the boys of this Battalion have done hard training and are a fine lot of fellows. They will be welcomed when they return from Windsor to Aldershot.

WEDDING BELLS

Baird-Jenks

The Parrsboro Baptist church was the scene of a brilliant military wedding on Monday evening when Helen Faye, only daughter of Mr. H. Corey Jenks, was united in matrimony to Private Murray Bryant Baird, of Kentville. The bride was "just too sweet" in a gown of white embroidered Brussels net over satin, with veil and orange blossoms, the groom being khaki-clad. The bridesmaid, Miss Francis Black, of Amherst, a cousin of the bride, was charming in old rose silk and lace. The groom was supported by Corp. Wasson Turple. Sergeants David Pettis and Harold Pickard were the ushers, and the young ladies of the Philathea Class, of which Miss Jenks was the teacher, dressed in navy blue middie suits, formed a very pretty Guard of honor. The church which was crowded to overflowing, was decorated with flags and bunting and the bridal party stood under an arch of red, white and blue while Rev. Z. L. Fash officiated. After the ceremony, a delightful reception was given at the home of the bride. Miss Jenks was one of our most popular and charming young ladies and she and her soldier lover have the warmest wishes of all for a bright and happy future after the war. They are at present visiting in New Brunswick, but will reside at Kentville.—Parrsboro Leader.

**"Fighting 26th" Has Suffered Nearly 500 Casualties to Date**

Lieut William McFarlane of St. Stephen, who is "Somewhere in Belgium," recently wrote to his father, in part as follows:

"Yesterday, Captain Agnew and I were going to ride to where the men go to have a bath, but as he was out from 2 a m to 7 p m, he did not feel like going, so I took an orderly and I rode off in search of the 26th. I found them, and believe me, I enjoyed the afternoon very much. I saw about all of No. 8 platoon, or at least what is left of them. Cosseboom is looking fine and doing good work in the scouts. Guy Pierce, I understand, is back for a commission. Major McArthur did not turn up until just before I left, but I had quite a chat with him. The colonel, I believe is, going to try and get me back, so he says. I saw both Majors McKenzie, Sandie McMillan, Fairweather, Percy McAvity, Mowatt, Morrison and Geo. Keefe. 'Boozer' Woods was on pass. I also saw Edgar March and Nesbitt. It seemed like old times. They are a great bunch. I did not know Major Belyea and Lieutenant Ferguson were killed, and Lieutenant Lockhart missing. All three are from 'C' company. Mr. Winters is the only original 'C' company officer left now. I also saw young Cox from home. Lieutenant Eason, of Fredericton, and Lt. Messereu are there now. Capt. Elliott is over for a month's instruction. They were in some pretty heavy fighting lately and lost quite a few.

"They told me all that had happened since I left. They have had nearly 500 casualties. The colonel is the same as ever. He claims he is getting white where he was gray. In some, I think, I can see the strain of seven months over here, while others show no sign. Captain May is in St. John. Maj. Brown and Lieut Sherman are at St. Martin's Plain. I wish you could take a peep in my dugout. You would be surprised how comfortable we are. The 26th are in tents for the first time."

**To Mobilize at Aldershot**

An Ottawa despatch says: Colonel A. H. Borden is to be made brigadier-general in charge of the brigade, consisting of the 85th, 185th, 193rd and 219th Battalions. These Battalions will shortly mobilize at Aldershot.

It is not thought the 85th will be kept in Nova Scotia all summer, until the new recruits are brought up to the 85th standard but that they will be sent overseas within a few weeks.

Major Muirhead, 112th, has been appointed commanding officer of the 219th, now under temporary command of Lieut-Col. Parsons.

The 105th and 112th will also mobilize at Aldershot.

**Germans Capture Hill 304 With Awful Slaughter.**

London, The summit of Hill 304, west of the Meuse, is now in German hands. Step by step in the battle that has raged without cessation since Friday they have fought their way from the bottom up a slope, literally purchased with thousands of lives. Tonight, for all the satisfaction there is in it, the Germans are able to look down on the other side of Hill 304 into more French trenches, more French guns waiting to continue the exaction of blood.

**It Pays to be Out of the War.**

In the United States March exports again broke all records at \$410,000,000, with an excess over imports of \$196,000,000. An excess of \$2,000,000,000 for the fiscal year is now practically assured. This is about four times the average annual export excess in five years preceding the war. It is an amazing exhibit.

**WOMEN'S WITS**

Kentville Women Aiding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must 'keep up,' must attend to duties in spite of constantly aching backs or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained.

Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know. Mrs Howard Amburg, of Kentville, N. S. says: 'I am very much pleased to recommend Booth's Kidney Pills for their quick relief and cure of very severe sick headaches and dizziness which made me miserable for days at a time. My back had troubled me greatly and I concluded this was all caused from kidney trouble. I tried numerous remedies and prescriptions but only received temporary relief. I then learned of Booth's Kidney Pills which were recommended to me and procured a box at J. D. Clark Pharmacy, and I am now convinced that they are all that is claimed for them as the terrible headache, with which I had suffered have not returned, the dizzy spells have left me and my back is as well and strong as it ever was.' Sold by Dealers, Price, 50 cents. The R.T. Booth Co Ltd., Fort Erie Ont. Sole Canadian Agents.

**Had Narrow Escape**

Mr. Newton Lee is an Exciting Runaway Monday Morning

Mr. Newton Lee, the veteran liveryman, had a narrow escape Monday morning from a bad accident.

Driving from Walker Street into Queen, and just as he turned into the latter thoroughfare, a wheel broke off one of the axles of the carriage, the gear dropping down and striking the horse on the heels, causing it to run away.

Mr. Lee stuck to the carriage and the reins, and finally drove the animal on to Conductor C. D. Phillips' lawn and up against that gentleman's house, and then there was a sudden stop. Mr. Lee being thrown out, receiving a blow on the nose that drew blood, but no further injury. The carriage was no further damaged nor was the horse injured.—Colchester Sun.

**Kentville Baptist Church and Highbury's Name.**

Dear Editor:

Two things in recent issues of The Advertiser brought to my memory certain facts which may be of interest to some of your readers.

One relates to the Kentville Baptist Church. You refer to the pastorate of Rev. J. D. Spidell. For years the Baptist congregation in Kentville has been large, and has been ministered to by preachers of marked ability. It was not always so. When I was a student at Wolfville I was one of a group of four young men who were engaged to take charge of the Sunday evening services each of us preaching once a month, the morning services being provided for without our assistance. The fee which I received, if my memory serves me, was two dollars, except once when, for a reason I do not remember—perhaps I preached worse than usual that night—I received one dollar and sixty-five cents. I was required to pay my horse-hire out of my fee. I remember a meeting held at a yet earlier date, when the Baptist Church of Kentville was beginning to hope for a separate and enterprising life of its own. The group that gathered that day, though hopeful was very small. The adherents of this church may well rejoice in the great progress made by the Church since those former days of small things. One of the pastors whose services were fruitful in Kentville has won a strong place in the Baptist ministry of Massachusetts. Another, a pastor for a shorter period, has attained eminence in the South. These men are Dr. Charles Day of Watertown, Mass., and Dr. Henry A. Porter of Atlanta, Ga. Because of the strong work done by Mr. Spidell during his pastorate, I am sure that both church and town must greatly regret his departure.

The other thing in the Advertiser which made me reminiscent was a reference to myself. The writer's kindly words were appreciated but when he referred to my birthplace his eyes halted at the glen when they should have travelled to the mountain top. I was not born in Highbury. I claim Canaan as my birthplace.

"Canaan's fair and happy land Where my possessions lie." Consisting now, after all the wear and tear of the years, of twelve acres of field, swamp and bush, just enough to prevent me from singing John Wesley's favorite, "No foot of land do I possess."

This, however, it not what I started out to write. I was about to tell of Highbury's ancient name, and the origin of it, as related to me, in my boyhood, by my grandfather. The glen lying halfway between New Minas and Canaan was for a long time a kind of no-man's-land, so far as a distinctive name was concerned. And in those days a flock of geese strayed into a neighbor's patch, and there did sufficient damage to put the neighbor into a rage. In his wrath he threw many stones at those marauding fowls, scaring them much, and worse than that, breaking the legs of not a few of them. The owner of the geese, as was to be expected, was furiously indignant, and the kindly neighbors of these two ancient men disappeared, and there was war between them many days. And this was the talk, and the cause of it the jest, of the countryside. At this time my grandfather had occasion to write a letter to a neighbor of the men who were enemies because of geese, and he addressed the good man as a resident of "Crippled Goose Valley." This was the name which I used to hear applied to what is now Highbury when I was a small boy. Had I been born in that charming spot, halfway from the Valley to the top of the mountain, my native place would not have been Highbury, but Crippled Goose Valley.

As a matter of fact I was born in Canaan, as was my mother

before me, and, like my mother, I have always loved the Canaan hills.

**How to use the Bible**

- When in sorrow, read St. John 14.
- When men fail you, read Psalm 27.
- When you have sinned, read Psalm 51.
- When you worry, read St. Matthew 6: 19-34.
- Before church service, read Psalm 84.
- When you are in danger, read Psalm 91.
- When you have the blues, read Psalm 139.
- When you are discouraged, read Isaiah 40.
- If you want to be fruitful, read St. John 15.
- When doubts come upon you, try St. John 7: 17.
- When you are lonely or fearful, read Psalm 23.
- When you forget your blessings, read Psalm 103.
- For Jesus' idea of a Christian, read St. Matthew 5.
- For St. James' idea of religion, read St. James 1: 19-27.
- When your faith needs stirring, read Hebrews 11.
- When you feel down and out, read Romans 8: 31-39.
- When you want courage for your task, read Joshua 1.
- When the world seems bigger than God, read Psalm 90.
- When you want rest and peace, read St. Matthew 11: 25-30.
- When you want Christian assurances, read Romans 8: 1-30.
- For St. Paul's secret of happiness, read Colossians 3: 12-17.
- When you leave home for labor or travel, read Psalm 121.
- When you grow bitter or critical, read 1 Corinthians 13.
- When your prayers grow narrow or selfish, read Psalm 67.
- For Paul's rules on how to get along with men, read Romans 12.
- When you think of investments and returns, read St. Mark 10: 17-31.
- For a great invitation and a great opportunity, read Isaiah 55.
- For Jesus' idea of prayer, read St. Luke 11: 1-13; St. Matthew 6: 5-15.
- Why not follow Psalm 119: 11, and hide some of these in your memory?

**Maybe They Need Work**

"My horses are trying to eat the barn," says a farmer. "They gnaw at it and eat big holes in the mangers. I was advised to feed soda in the grain, but it seems to do no good. I feed good clean timothy and oats twice a day and corn at night with carrots and salt once a week."

We don't think there is anything in the soda idea. We have two guesses. One is, that the horses are wormy and the other is that they need exercise. Maybe both guesses are right.

Get a pound of strong smoking tobacco and mix with some bran or other chopped feed as much tobacco as you can get the horse to eat. Let them miss a meal or two before you give them this feed. Afterwards watch for evidence of intestinal worms. Repeat the dose in a week or so.

## OBITUARY

Mrs. A. Cohoon

The death of Mrs. Cohoon, wife of Rev. A. Cohoon, D. D., took place at her home, Wolfville, on Monday, May 8th from a shock of paralysis. She had been in good health until Friday previous when the stroke came and all that medical skill and careful attention could do was of no avail.

Mrs. Cohoon was formerly Miss Lavinia Bent of Paradise and was a widow (Mrs. Phinney) when she married Dr. Cohoon. Since coming to Wolfville she has won the hearts of all by her quiet and beautiful character, and devotion as a wife, mother and worker in every good cause.

The funeral took place on the Wednesday following at 4 p.m. and was largely attended. The service was conducted by Rev. Chute Mr. Harkness and Dr. A. C. Chute. The floral offerings were many.

Mrs. John Carroll of Kentville is a sister of deceased.

Charles W. Strong

Charles W. Strong, for many years a resident and merchant of Wolfville died on Monday, May 8th, after an illness of several months. The funeral services were held on Wednesday conducted by Pastor Harkness assisted by Rev. M. P. Freeman. The large attendance testified to his popularity in this community.

Mr. Strong was a native of Canada and moved to Wolfville from the farm there over twenty years ago. He was engaged in the grocery business and was a man strictly conscientious in his business, a consistent Christian and member of the Baptist Church and a worker for all that was for the good of the community. He was 68 years of age.

Deceased leaves a widow and four children, Mrs. E. F. Betts (Harriet) of Saskatoon; Wilfred L., with Clint & Co., Buffalo, N. Y.; Lillian also in Saskatoon and Alice, wife of J. T. Roach, Dentist, of this Town. The two married daughters were home at the time of their father's death. The family have much sympathy in their bereavement.

The members of the family of the late George L. Webster, Cambridge, wish to thank their friends for kindnesses shown and sympathy expressed at the time of their recent bereavement.
