WATFORD Court of Revision will be held in the Council Room next Thursday morning at 10 o'clock.
REV. STEPHENSON, of Paisley, will occupy the pulpit of Watford and Zion Congregational churches next Sunday.
SEEK our adv. gingham and muslins.—SWIFT'S.

QUIT a number left Watford on Tuesday to spend Victoria Day at Port Frank and other lake points. They report the fishing poor.
WHEN a widow faces the parson the second time with a man and promises to love, honor and obey, she usually has her fingers crossed.
CHARLIE MCKAY celebrated the 24th in Watford. "Everything is alright," he says, "but I miss my old friends who have gone West."

TRY a pair of Dods's white canvas slippers for the hot weather, 50c. to \$2.00 a pair.

WHERE was the public school flag Victoria Day? Is there not something in the Department regulations about school flags flying on holidays?

MR. A. E. ANDERSON will have a sale of household furniture and tailor shop fixtures on Saturday afternoon. He leaves shortly for Orillia where he has accepted a good position.

A GRENIA, Yankee, on being presented to Leo XIII, exclaimed, as he seized the Pope's hand and shook it heartily: "Sir, I am glad to meet you. I knew your father, the late Pope!"

LACE hose and fancy stripes 25c. to 50c.—SWIFT'S.

AN ice cream social and band concert will be given on the lawn of Mr. A. Andrews, on Tuesday evening, May 30th, by the Methodist choir. The public are cordially invited. Admission fee 50c.

THE July departmental examinations for 1911 will begin on June 29. These include entrance to normal school, entrance to faculties of education, pass and honor matriculation and commercial specialties.

IT may be interesting to some of our readers to know that one teaspoonful of Moserat lime juice put into a glass of drinking water will destroy all typhoid germs. A McGill University Professor testifies to this.

A SPECIAL in grey 2-piece suits at \$7.50, sizes 36 to 40.—SWIFT'S.

IT has been suggested that the Daughters of the Empire take hold of the proposed Coronation Day celebration, or that portion thereof in which the children take part. The idea is a good one. It would give the ladies an excellent opportunity to inculcate patriotism upon the minds of the rising generation.

IT is not likely that the King's birthday, Saturday, June 3rd, will be observed as a holiday throughout Ontario. Coming as it does so soon after Victoria Day, and also on a Saturday, business men are opposed to its observance as a holiday. It will however, be observed as a bank holiday.

FIRE was discovered in Saunders & Son's stove shed, near their saw mill, on Monday afternoon. The Fire Brigade responded promptly to the alarm and soon had the blaze extinguished. Loss about \$100. Had the wind been in the opposite direction a heavy loss might have resulted.

LADIES' RAIN COATS, the newest, open Saturday.—SWIFT'S.

A PASTORAL letter issued by the House of Bishops regarding the "Ne temere decree" was read in the Anglican churches of this parish on Sunday last. While deprecating mixed marriages the letter declares that they are indissoluble by the church of Rome after they have been performed.

THE Georges of Ontario raised only \$208.85 for the George V. coronation fund. The fact that the late it deserved, and those who originated the idea in Canada have by this time learned that the people are not to be moved by every idle dream. The "Georges" are not the only loyal people and they showed their good sense by letting the silly fad alone.

READ THE WANT COLUMN.
NEW WAISTS open Saturday—SWIFT'S.
PARLIAMENT has adjourned until July 18th.
THIS is fine weather for an open air band concert.

THE G. T. R. depot has been brightened up with a coat of paint.
"CAN you beat that? as the lady said to her husband when she hung the carpet on the line.

THE Provincial convention of the K.O. T.M. has chosen Sarnia for their next meeting place.

THE prospective June bride should call and have a look at our invitations, as the goods are of the latest, and prices right.
THE first out door social of the season will be given by the Methodist choir on the lawn of Mr. A. Andrews on Tuesday next.

TWENTY-FOUR of the forty odd mail boxes ordered for the Sutorville R.F.D. arrived this week and are now being distributed and put in position.

THE Methodists in the Strathroy District gave \$3,977.31 for the work of missions during the year. The Sunday schools raised \$229 for the same cause.

8 LADIES' fifty suits, sizes 34, 36, 38, in browns, greys, blacks, to clear at wholesale price.—SWIFT'S.

MR. R. E. PRENTIS has placed a handsome veranda on his house on Erie street, which greatly improves the appearance and value of the building.

MESSES. W. MCLRAY and S. W. Louks were in Petrolia on Tuesday attending a meeting of the census enumerators, called to receive instructions from the commissioner.

NOW that the George's fund has been closed why not start one for Willies, to buy them trousers that don't have to be rolled up several laps to prevent them trailing on the ground.

EDDIE DODDS, son of Mr. and Mrs. Thomas Dodds, is confined to the house for the present, having undergone a surgical operation on Tuesday last. His many friends and companions wish him a speedy recovery.

SEND time is over and fields have put on their brightest apparel. Look around you, all is beauty, the meek little dandelions in countless thousands greet you at every turn. No wonder the poet turns to the country for beauty.

LADIES' white canvas slippers, just the thing for the hot weather, from 50 cents to \$2.00 a pair at P. DODDS & SON'S.

THERE is nothing better to use under carpets than old newspapers, as the motto do not like printers' ink. The progressive business man knows this, and keeps his stock from being moth-eaten by the liberal use of printers' ink.

TO those who may go across the border this summer, do a little shopping, and return with articles, which they intend to "smuggle" we would say as a word of warning that "the Customs Officers will surely get you, if you don't watch out!"

THE examination fees for entrance to Model and Normal schools, Faculty of Education and Jr. Matriculation collected at the Watford High School this week amounted to \$233.00, and were forwarded to the Department by Principal Williams on Tuesday.

THE GUIDE-ADVOCATE wishes to acknowledge receipt of invitation to meet His Excellency Earl Grey, Governor-General, at a reception in Petrolia on Tuesday next. If we can borrow the transportation price and "our valet" get our Sunday suit pressed in time, we will endeavor to be present.

DO you notice how many old couples are celebrating golden weddings and even diamond weddings and how many more are living to 90 years and upwards. Wonder how they ever dodged the germs that infest the common drinking cups in schools, churches, railroad trains and other places?

BROWN BROS., Arkona, had a large quantity of seed corn for sale and instructed the Guide-Advocate to advertise the same for three weeks, hoping by that time to dispose of the stock. After two insertions we received instructions to discontinue the ad, as the seed had all been disposed of. This shows what an ad properly written and placed will do.

THE Ontario Educationists placed themselves on record to the effect that the formation of a good-manners circle in each class in school would be of great advantage. Possibly it would. There is certainly great room for improvement in the department of the public school children of the province, and there are plenty of things in the schools which are less important than deportment.

THE Nelson Co., of Toronto, are installing an ice cream cabinet in Taylor's drug store. When this is completed they will make a daily shipment of their delicious ice cream bricks which will be on sale at Taylors'. These bricks will keep for days in a refrigerator and will last at least 2 hours in any cool place. This is the ice cream brick that supplies nine-tenths of the Toronto trade.

AS will be seen elsewhere Reeve Stapleford has called a meeting of the citizens for to-night (Friday) for the purpose of discussing the proposal to hold a celebration of some kind in Watford on Coronation Day. It is hoped that all loyal and patriotic citizens will attend the meeting and that they will come prepared to state their ideas as to the most becoming manner in which to observe the day set apart for the crowning of the monarch.

SPECIAL price in short ends of muslin, 3 to 8 yards.—SWIFT'S.

A TOLEDO doctor says there is something wrong with this woman, but just at present it cannot be denied that they're stylish.

THE case of John McPherson, referred to in our columns last week, and who was refused admission to the House of Refuge, has been referred to the Provincial Secretary, Hon. W. J. Hanna, who has instructed Dr. Bruce Smith, Inspector of Hospitals and Charities to deal with the matter at once.

MONDAY'S RECORD.
Too hot to walk, too hot to ride,
Too hot for those employed inside;
Too hot to stray, too hot at home;
Too hot the cellar and the dome!
Too hot to eat, too hot to drink,
Too hot to loaf, too hot to think,
Too hot to write, too hot to blot,
Too hot, too hot, too hot, too hot!

VICTORIA DAY was quietly observed in town. Quite a number went by rail to Sarnia for the races and other attractions on the beach and Port Huron, and Alvinston and Forest celebrations drew quite a number from here. Port Frank, Hillsboro and other northern lake points got a fair share of the pleasure seekers, while others spent the day visiting friends or improving their premises.

A QUIET wedding was solemnized at the residence of Mrs. J. D. Eccles, 74 Chestnut street, Wainipeg, formerly of Watford, on Tuesday, May 23rd, when her daughter, Miss Annie L., was united in marriage to Mr. Fred A. Kent, of Killarney. Only a few of the relatives of the contracting parties were present. After a short honeymoon trip the newly wedded pair will take up housekeeping in Killarney. The Guide-Advocate extends congratulations.

ON May 22nd the following members of the 27th regiment left for Quebec, where they will put in one week's drill with the remainder of the Canadian Coronation Contingent, before leaving for England on June 2nd by the S. S. Empress of Britain, where they will attend the Coronation and be entertained until July 2nd.—Orderly Room Sgt. C. Foster, Regimental Staff, Sarnia; Color-Sgt. J. Reid, "A" Co. of Petrolia, and Color-Sgt. James Cownden of "D" Co., Oil Springs.

EMPIRE DAY was celebrated in the Watford schools on Tuesday, May 23rd. A number of excellent original essays were read by some of the scholars as part of the exercises of the day.

EMPIRE Day is an effort throughout the King Emperor's dominions to remind all British subjects of the virtues which make a good citizen, such as loyalty, patriotism, courage, endurance, etc.

THE first Empire Day was observed May 2nd, 1892, in Montreal, when a choir of a thousand children sang patriotic selections, and Queen Victoria replied in a royal message.

WE have had quite a dash of mid-summer weather during the past week. On Thursday last the mercury climbed up to 88, on Friday 91, Saturday 90, Sunday 88, and Monday 93. On Monday evening the wind veered to the north and during the night a heavy shower came to reduce the temperature which has been moderate since then. People were somewhat unprepared for such torrid weather in May and the falling of the thermometer was welcomed. The meteorological department claims that the recent hot spell has not been exceeded in May for 48 years.

THE members of Peabody Lodge, I. O. O. F., had a church parade on Sunday evening to the Presbyterian Church where the pastor of the church, Rev. E. B. Horne, M.A., preached an appropriate sermon. About 25 visitors were present from Forest, Alvinston, Strathroy, Kerwood and Inwood and notwithstanding the intense heat the procession was a large one. On return to the lodge room the following motion was placed on the books: Moved by Bro. J. Brush and seconded by Bro. J. Ferguson, of Royal Oak lodge, Fore that a hearty vote of thanks be tendered to the Rev. E. B. Horne, the choir and the church officials.

THIS is the season of the year when the parlor furniture does its semi-annual acrobatic stunts. The piano is moved from the north-east corner to the south-west bay window 10 feet 7½ inches; the couch is hustled from angle B in alcove D, 6 links; easy chair No. 1 exchanges places with recliner No. 6; the centre table is advanced three paces and the family bible is reversed. Grandma's picture is transferred to the dining room and Uncle John's to the woodshed. The wall motto, "No Place Like Home" is touched up with varnish, the furniture in general receives a few licks with the duster, father again is given his meals off the table instead of an upturned barrel on the back doorstep and housecleaning may be said to be over until the next time-EX.

CAPT. R. G. C. KILLY is getting his men ready for Goderich camp. The pay for the rank and file depends upon a man's shooting ability, the first year being \$1.25 for a first-class shot, and \$1.15 for 2nd class shot, board and uniform furnished. New service uniforms have been issued. The material is what is generally known as khaki, and will be used for drill only, the red uniform being retained for full dress. Mexican straw hats go with the khaki uniform and give ample shade to the men, thus insuring them against freckles. Camp will open June 10th and close June 30th. Col. Towers is endeavoring to make arrangements for his men to go to Goderich by boat from

PUBLIC MEETING.

A public meeting will be held in Taylor's Lyceum on Friday evening, May 26th, for the purpose of taking into consideration the celebration of Coronation Day in the Village of Watford in a loyal and becoming manner.

All citizens are requested to be present. The ladies are specially invited.

S. STAPLEFORD,
Reeve.

Watford, May 24th, 1911.

Sarnia instead of rail but it will be a couple of weeks before he learns if his efforts are successful.

THE Government Inspector of Mutual Insurance Companies made his annual inspection of the books, etc., of the Lambton Insurance Co. on Friday last. This inspection is to confirm the audited reports sent in by the Company, of its business during the preceding year. As usual, he found the books, accounts, etc., correctly and neatly kept, and properly audited. While in the office he drew our attention to a couple of comparative tables, to be found on pages 38 and 39 of the Abstract Report of the Inspector of Insurance for 1910, showing the growth of Mutual Insurance in Ontario during a period of thirty years. The growth was not so much in the number of Companies as in the work done by them. The amount at risk by 47 companies in 1881 was \$44,053,270, while at the close of 1910, 69 companies had insurance of over 232 millions. The average assets of these companies had increased likewise, our own home company being found to have a larger cash balance than ever before in its history.

Ideal Days.

The weather is ideal. From the frost and snow of late April and early May we have plunged right into summer. Overcoats and furs have made way for flannels and straw hats, and last Monday was warmer than many a day in June last year. The countryside is a picture of beauty and there has never been a May so beautiful in the memory of living man. The reason is simple. The frost and snow of April retarded the early blooming plants and trees. The great heat has accelerated the growth of plants not usually in flower a month hence. The result is we have the flowers of April May and early June all opening out at once. The blue skies, the green countryside and the sunny days show us South-western Ontario at its best.

CHOP STUFF.

Petrolia has 370 telephones. Inwood now has an undertaker.

One hundred and four apples have been lodged against the Amherstburg assessment roll.

Three pairs of twins were born in Essex with a week. Getting ready for the census taker down there.

During the month of April the Canadian Immigration Department at Sarnia had 237 admissions and 71 rejections.

The death of Mrs. Kemp, Petrolia, relict of Alexander Kemp, occurred at the residence of her son, Charles, Tuesday of last week, at the age of 72 years.

Glencoe may be classed as a healthy place, as an estimate can be made of over seventy-five residents living at and past the age of 75 years. Two residents are enjoying robust health at the age of 92 and 94 years.

Rodney speaks well of local option, claiming business to be exceptionally good since its adoption on May 1st. Commercial travellers are said to be just as numerous as ever and hotel accommodations are good.

Mr. W. A. Fotherby, of Lobo, formerly of Bosanquet, sold a 2-yr-old steer which weighed 1440 lbs., to Mr. W. Hall of Ilderton, for \$90. The animal made a gain in weight from Nov. 22 last up to May 1st of 365 lbs.

On Wednesday evening, Rev. G. B. Ward officiated at the marriage of Mrs. Jas. Strong, of Essex, to Hilaire Deslippe, of the 5th Con. of Colchester North, the ceremony being performed at the home of the bride. The bride is 56 years of age and the groom 50 years.

The outlook for a prolific crop of apples in Lambton County is not promising. The plum and peach trees are heavily laden with bloom, but it is stated by fruit growers that the recent frosts have destroyed the cherry crop. Strawberries and small fruits promise a good yield.

Mrs. Hubert Wigle, Kingsville, died at her home on Saturday evening. She was one of the best known women in Essex county, having done a vast amount of organizing work in the different branches of the Methodist church, of which she was a life-long member.

During the strong wind Friday afternoon last, a spark from the house chimney set fire to Samuel Woodiwiss' stable, Colchester township, and before neighbors, who noticed the blaze, could get there, the building, together with a buggy, some hay, and other contents, was destroyed. As Mr. Woodiwiss had only \$50 insurance on the place, his loss will be considerable.

PERSONAL.

Mr. E. Lamont was home from Detroit over Sunday.

Mr. John Gault, Inwood, was a Watford visitor Sunday.

Miss Etta Hume, Inwood, visited at her home here Sunday.

Miss LaMura Dodds spent the week end with friends in Sarnia.

Mr. E. J. W. Griffith, London, called on Watford friends on Tuesday.

Mrs. John Wiley is spending a few days with friends in Brigiden.

Mr. Jas. Craig has returned from London and is gradually improving in health.

Mrs. Black, Glencoe, is spending a few days with her brother-in-law, Mr. Alex. Black.

Mr. and Mrs. Alvin Maxworthy, Detroit, spent Sunday at Mrs. Maxworthy's old home here.

Mrs. Thomas Gaffney, Wardner, B.C., was the guest of Mrs. Jordan McGillicuddy for the 24th.

Mrs. Templeton, Sault Ste. Marie, Ont., is visiting her daughter, Mrs. L. J. Williams, Erie street.

Mr. Francis J. Gilley, of Detroit, spent a few days with his sister, Mrs. Hillyard Willoughby, this week.

Mesdames McKenzie, Lawson and T. Howden, Petrolia, were guests of Mrs. N. B. Howden this week.

Mrs. A. G. Shay, Gary, Ind., is spending a few days with her parents, Mr. and Mrs. Alfred Nash, Warwick street.

Mr. I. P. Chambers and family moved to Strathroy to-day where Mr. Chambers has secured an excellent position.

Alex. Elliot, who has been in Wainipeg for some weeks, has taken a position with a hardware firm in Forget, Sask.

Mrs. John E. Wright and family, Chicago, arrived in Watford last week and will in future make their home here.

Miss Ethyl C. Willoughby is spending a few days with her grandparents, Mr. and Mrs. John Gilley, Metcalfe street, Strathroy.

Mr. Seagar's wife and family arrived from Berlin on Wednesday and are now domiciled in D. Alexander's house on Erie street.

Mr. Murray Mitchell was home for a few days this week. He left on Tuesday for Prince Albert, Sask., and will spend the summer in the West.

J. H. Hume, F. Powell and James Sullivan were elected lay delegates to the Methodist conference at the District meeting held in Watford last week.

C. S. Wynne returned from Toronto on the 20th inst., and left next day for Theodore, Sask., where he is engaged to teach during the summer months.

Mr. Thorn, Ravenswood, called on his niece, Miss Agnes Williams and other relatives in Watford on Thursday last. Mr. Thorn leaves shortly for the Old Country on a visit to relatives there.

Mr. and Mrs. John White, Sault Ste. Marie, Ont., formerly of Watford, are the guests of Mr. and Mrs. W. J. Howden. Mr. and Mrs. White will visit different points in the province before returning to the Soo.

Strathroy District Meeting.

The annual district meeting of the Strathroy District was held in the Methodist church, Watford, on Wednesday and Thursday of last week, the 17th and 18th inst. Rev. W. J. Ford, chairman of the district, presided, and Rev. R. J. Currie, of Oil Springs, was elected Journal Secretary. The ministers were all found to be blameless in character and doctrine. R. C. Copeland and Thomas Allen, probationers, who have been laboring on the District during the year, were advanced a year in their standing and were recommended to the Conference to be appointed to college for next year. S. J. Fortner was recommended to be received on probation as a candidate for the ministry. The reports from the various holds showed a gratifying increase both in membership and in the principal funds of the church. An interesting and profitable debate on church union took place on Thursday afternoon, after which a vote was taken which showed 18 for union and 3 against it. It is significant that all the laymen voted for union. Rev. R. J. Gorbust was elected as the colleague of the Chairman on the stationing Committee of the coming Conference. A public meeting was held in the church on Wednesday evening, at which admirable addresses were delivered by Rev. Charles R. Durrant, of Melbourne, and Rev. Chas. F. Clarke, Ph. B. of Kerwood. The choir were also in attendance and contributed much to the pleasure and profit of the meeting.

G. E. McIntosh, editor of the Forest Standard, has purchased a five passenger Elmore automobile.

T. L. Borrowman has been making improvements on his fruit farm near Wyoming. While engaged boring post holes he found at a depth of two or three feet beneath the surface, an interesting Indian relic in the form of a stone pipe, the bowl of which is about an inch in length, is hand carved and still bears evidence of the fire. Mr. Borrowman may make further excavations at his leisure at the place where the pipe was found with a view of discovering other relics of the original inhabitants of this country.

AFTER SUFFERING YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

Fox Creek, N.B.—"I have always had pains in the loins and a weakness there, and often after my meals my food would distress me and cause soreness. Lydia E. Pinkham's Vegetable Compound has done me much good. I am stronger, digestion is better, and I can walk with ambition. I have encouraged many mothers of families to take it, as it is the best remedy in the world. You can publish this in the papers."—Mrs. WILLIAM BOURQUE, Fox Creek, N.B., Canada.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

Character Building.

There is a structure which every graduate from our school is building. It is called "character." Its foundation was laid at school and in the home circle, and every act in our lives is a stone for this structure. If day by day you are careful to build your lives with upright deeds, at the end you will stand a fair temple, honored by God and man. But as one leak will sink a ship, and one flaw break a chain, so one mean dishonorable act or word will forever leave its impress on your character. Then let the several deeds unite to form a day and one by one the days grow into noble years and the years as they slowly pass will raise at least a beautiful edifice, and you will cherish with the utmost tenderness the memories of your school life. The old school house, the familiar walks about the place, the desk upon which you wrote your name, all indelibly stored away in the memory, never to be forgotten.

Hair Grows Thin. Use Parisian Sage in Time and Prevent Baldness.

If your hair is growing thinner and causing you anxiety go to T. B. Taylor & Sons to-day and get a large bottle of Parisian Sage for only 50 cents. It is such a delightful and refreshing dressing that you will like to use it regularly. Parisian Sage is guaranteed to stop falling hair and itching scalp, to eradicate dandruff and make the hair lustrous and radiant, or money back. There is nothing just as good as Parisian Sage. See you get the package which contains the girl with the Auburn Hair.

BRIGNOLI IN A RAGE.

An Unappreciative Audience and a Sympathetic Servant.

Brignoli, the famous Italian tenor, always expected an encore, no matter where or what he sang, and if it was not forthcoming he was off in a rage instantly. In some small town he sang his favorite song, "Com e Gentil," a serenade from Donizetti's "Don Pasquale," with unusual care and walked off the stage perfectly satisfied, pausing at the wings to listen to the applause. To his utter amazement there was not a sound of approbation. He strode into the dressing room muttering that he would not respond to an encore; he would refuse to sing another song. Still through the remotest silent "No," he cried to those about him; "I refuse to sing again. I refuse to respond to the encore."

Barbagelata, who was more clever than the ordinary servant, humbly approached and said: "Signor Brignoli, you sang that like an angel. The people could not appreciate it."

The old fellow nearly wept. "Barbagelata," he exclaimed, "give me your hand. I did not know you were such a musician. Tagliapietra, I must introduce you to Barbagelata, my servant," turning to "Tag," who stood near by. "He is a great musician," went on Brignoli, still in a temper. "He appreciates my singing more than all those fools."

INSTANT DEATH.

It Is Not So Quick but That the Mind Has Time to Act.

It is questionable if such a phenomenon as instant death is known to the scientist and investigator. Physicians and surgeons tell us that death by gunshot wound is the easiest mode of terminating life; yet, rapid as such a mode of taking off must necessarily be, the body has leisure to feel and time to reflect and on rare occasions even to act.

On the first attempt of one of the adherents of the Spanish monarch to assassinate William, prince of Orange, the ball passed through the bones of his face and brought him to the ground. In the instant which preceded stupefaction, however, he was able to frame the notion that the ceiling of a room had fallen in and crushed him.

Another question in this connection is that of probable pain. Although numerous instances could be cited in support of the view that the mind acts in cases of so called instant death, it by no means follows that the infliction of a fatal blow is attended by the least semblance of pain or a single pang of fear or regret. Unless death results immediately, however, the pain may be as varied as the nature of the injuries.

Winning a Fur Coat.

The artist Hans Canon once painted a Russian prince in a magnificent fur mantle which took his fancy so greatly that he endeavored to hit on a plan by which he might retain possession of it. On sending home the portrait he omitted to return the garment, and to the letter requesting him to do so he made no reply. One day when looking out of a window he saw the prince coming toward his house. Hastily slipping into the garb, Canon sat down in an armchair near the fire. The prince, who had come for his coat, started on seeing Canon groaning and trembling at the fireside. "What is the matter with you?" he asked. "Oh," groaned Canon, "I don't know what it is, but I feel so weak and wretched, and I cannot get warm. Two days ago my brother died of smallpox, and I am a bit nervous about myself." The artist kept the coat.

Diedrich Knickerbocker.

It may be that a Dutchman named Knickerbocker did live in the early history of New York, but if he did there are no records extant to prove it. The truth is, the name was created by Washington Irving, who applied it to all residents of New York in his time who happened to be descended from the early Dutch settlers. Irving used this quaint Dutch character in his "Knickerbocker History of New York" to burlesque the early days of the city. The volume purported to have been the work of Diedrich Knickerbocker and gave an amusing and satirical account of the early Dutch settlers. Records of the period tell us that the book bitterly offended their descendants, who never forgave Irving for his fling at them.—New York Times.

Bolled Oysters.

In "Social Life in the Reign of Queen Anne" Swift writes to Stella, "Lord Masham made me go home with him to eat bolled oysters," and then he obligingly adds the recipe: "Take oysters, wash them clean—that is, wash their shells clean; then put your oysters in an earthen pot with their hollow side down; then put this pot, covered, into a great kettle of water and let it boil. Your oysters are then bolled in their own liquor and do not mix with water."

A \$50,000 Bible.

From the New York Post.

The sale of the Gutenberg Bible for the record-breaking sum of \$50,000 is likely to be the best-remembered, if not the most memorable, event of the tercentenary year of the Authorized English translation. How fitting an episode it is is apparent when we reflect that the prime purpose of that translation, as well as of Gutenberg's invention, was to put books before the people. It would have been interesting to be able to watch the faces of Wiclif, Gutenberg and Caxton as they saw this particular copy of a Latin version of the Bible gradually coming within reach of the highest bidder. Their energy in the work of translating and printing could not have but received a great impetus. At the same time, there is for us the comforting assurance that for future generations will form their judgment of us partly from the circumstance that the most highly-prized volume of our day was the Bible. How fortunate this is, and that we are not to go down the ages as frenzied bidders, for say, The Game and Playe of the Chess!

ZAM-BUK HEALED BABY'S SORES.

Mrs. C. Pardy, of 479 Seigneurs St., Montreal, writes:—"I cannot tell you how thankful I am for the cure Zam-Buk has worked in the case of my baby son. He was troubled with scalp disease and I tried everything I could think of, but in vain. Finally I tried Zam-Buk. I could see an improvement after two applications! After persevering with the Zam-Buk treatment he is now completely cured. Zam-Buk is certainly a wonderful balm, and I shall always keep it on hand."

Mothers should use Zam-Buk for all children's skin sores, ringworm, scalp sores, cuts, chafings, bruises, etc., because of its great purity. Also cures piles, eczema, bad leg, varicose sores, etc., 50c. box, all druggists and stores. Zam-Buk Soap 25c. tablet is best for baby's bath and for delicate skins.

Progressive Isle of Man.

The laws of the Isle of Man have long been advanced. Every woman, widow, or spinster, in the Isle of Man, whether she be owner, occupier, or lodger, enjoys the Parliamentary franchise. Every widow enjoys half her husband's personal estate, and she cannot be deprived of this by will. The sale of cigarettes and intoxicants to children was forbidden in Man for years before such a prohibition was enforced in England itself. England has legislated mildly against money lenders. The highest interest that can be charged for a loan in the Isle of Man is six per cent., and that has been the law for over two hundred years. And there are many other instances in which Manx lawmakers have adopted progressive measures with entire success.

IT IS A LIVER PILL.—Many of the ailments that man has to contend with have their origin in a disordered liver, which is a delicate organ, peculiarly susceptible to the disturbances that come from irregular habits or lack of care in eating and drinking. This accounts for the great many liver regulators now pressed on the attention of sufferers. Of these there is none superior to Parmelee's Vegetable Pills. Their operation though gentle is effective, and the most delicate can use them.

"Where am I?" the invalid exclaimed, waking from the long delirium of fever and feeling the comfort that loving hands had supplied. "Where am I—in heaven?" "No, dear," cooed his wife. "I am still with you."

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy." Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c. a box.

Being a Tale of the Restoration
of Charles II.
By F. A. MITCHEL

It was the year that King Charles
came from over the water to take his
rightful place on the throne of Eng-
land.

The day the king entered London,
while his majesty was passing through
the Strand, I was standing on the side-
walk, having intended to view the
pageant, but my eyes were drawn

Her hair was put high on her head,
after the custom of the times, and
bound with ribbons. Her ruff stood
up under her ears, though not so high

I knew not if the lady I had seen
at the window would be of the num-
ber present, but I thought it likely

Such a fortnight as we passed I
have never passed since. There were
riding and hunting and feasting and

My love for Eleanor waxed stronger
day by day, so that now, looking back-
ward to those times, I marvel greatly

When my choler suddenly gave place
to a sinking in the heart as well as
the knees, for I saw what I had done.

And so it was all settled between us,
and there was no happier man in Eng-
land than I. We were to end our re-
joicings at the king's return by the

The day before the masquerade I
was walking through a corridor at
Cragnew lined with sleeping chambers.

In a moment I was a madman.
Whipping my rapier from its scabbard,
I cried at the top of my voice.

"Aha, my Mistress Eleanor! Is it
meet that you should accept a lover
one day and the next receive another

By this time, with my roaring and
sweating, the corridor was filled with
guests, both gentlemen and ladies,

Then came Lord Everest running
along the corridor, and when he reach-
ed me and saw me standing, rapier in

"Why, 'tis the Lady Gwendolyn

Then my choler suddenly gave place

rived from London and who, having
taken her friend the Lady Eleanor into

"There, Sir Ralph," said Eleanor, "is
the Spaniard for whom you would
rob me of my good name before all

With that she burst into a torrent
of weeping and, retreating within her
room, shut the door.

And I stood broken by my folly be-
fore the whole company, who present-
ly, after the retreat of the Lady Elea-
nor, suddenly seeing the absurdity of

"Down with the Spaniard!" cried
the old duke, who had heard the same
words often during his boyhood when

"His like the dons," cried another,
"to hide under the bed before a drawn
rapier!"

"For shame, Sir Ralph, to draw sword
upon a girl!"
But I, full of anguish at having by
my choler induced by jealousy to act

"Do not fret your soul," said Everest.
"This evening's festivities will wear
away the effects of your rashness."

"There are no more festivities for
me," I wailed, "unless mayhap the Lady
Eleanor may find it in her guileless

"And so she will," replied my friend,
"when she comes to consider that your
act was goodly evidence of your love

"She will never forgive the affront I
put upon her."
"Come, come; cease this maudlin
whining! I will engage that you are

With that he poured out a flagon of
sack and bade me get up my courage,

who returns to you penitent."
He left me with my love. And as
I drew the curtains that those passing

HARRIS & CO. PROPRIETORS
WATFORD, MAY 26, 1911.

The Boys in Red.

The 27th Regt. will go into camp at Goderich on June 19th. For the past two years more interest than heretofore has been given in Watford to the local militia. This is as it should be. Every true Canadian should be interested at all times in the maintenance of a force for the defence of their homes and country. It is not only in case of war with another nation that we need soldiers. We have a big country and just now thousands upon thousands from other lands are flocking to our shores. We do not know what this influx of foreign population may mean to us. We all hope for peace and happiness, but at the same time we should not altogether depend upon our hopes. It is well always to have the reserve force to strengthen our hopes. If the need of such a force was felt in the past—and history attests this fact—it seems to us that the need is greater to-day than ever before. The militia officers should receive the cordial support of the residents of the village in their efforts to maintain a good strong company, by encouraging suitable young men to enlist. The military training will build them up physically and help to make them better citizens. Capt. Kelly of the Watford Co. is untiring in his endeavor to bring the local company up to a high standard of efficiency and morality.

Depositors and Shareholders of the Farmers' Bank.

The proposed action of the shareholders of the defunct Farmers Bank in seeking to evade the double liability which attaches to all bank shareholders is one which can hardly hope to meet success in the courts in view of the present position of the depositors of the same bank who have been called upon to bear losses which, in many instances will be felt to an even greater extent than the losses of the shareholders themselves—serious though they may be.

When it is remembered, too, that the depositors' losses resulted not from any desire on their part to share in the speculative profits that attach to bank stocks generally, but from depositing their savings in the bank as a place of security, and for which they could only hope to obtain the niggardly return of three per cent. while the shareholders hoped to reap the larger return of at least double that amount by assuming the speculative risk that attaches to stock in any new concern not excepting a chartered bank itself, and further, had it within their power under the bank's charter to see that the bank's business was wisely administered, one cannot but feel that before the shareholders are relieved of the obligations which they assumed in becoming stockholders of the bank, the depositors' losses must be met in full. That the courts, were they to interfere in the matter would be working out an injustice which would make the Bank Act a greater farce than it already has proved, so far as security to the depositors is concerned, is clear.

One is lead to believe from the organized effort being made to join the shareholders in the proposed action, that some of Toronto's unemployed legal talent view the sympathy that is felt for all who lost in the crash as merely an excuse to bring "good out of evil" in the form of profits for themselves. That the shareholders have the barest chance of winning the relief sought for before the depositors' claims have been met in full, seems incredible.

The Coronation.

As the date for the Coronation approaches, interest in that great event grows in all parts of the Empire and the people of many other nations are also mightily interested and many thousands from scores of foreign countries will be sure to attend and witness this remarkable ceremonial of officially inaugurating the reign of the monarch of the mightiest nation in the world. It is not remarkable that the event should attract such world-wide interest, when one considers the splendor that surrounds the event and the significance of it all. It would be very strange indeed, if we in Canada did not appreciate the occasion and it would be

Allan McLean, aged about 50, and single, was discovered lying insensible in a field on his farm on the townline, 2½ miles east of Wyoming on Saturday afternoon. Failing to appear at the dinner hour, his next door neighbor, Mr. Hugh McLean, drove back with his horse and buggy to ascertain the cause of delay, with the above result. He was driven to his home, and Dr. Reid, of Wyoming, found him evidently suffering from an attack of paralysis, probably hastened by the excessive heat. At present his recovery is considered doubtful.

Two pairs of black or silver foxes, owned by Mr. T. L. Borrowman, the well known fur dealer and fruit grower of Wyoming, has produced this spring an addition of five young foxes, which the owner values at \$2,000.

 Miss Lettie Ott, visited friends in Sarnia and Pt. Huron last week.

Miss Lou Waterman, of Sarnia, spent Sunday at her home here.
 Mr. and Mrs. S. Crosby, of Sarnia, spent Sunday at Showler Waterman's.
 Miss Mary Bitner, who has been visiting friends in Aylmer, arrived home last week.

Mrs. J. F. Dickson spent a few days last week visiting her parents in Wyoming.
 Miss Delia Davidson, who has been teaching school in Capac, Mich., is home on a summer vacation.
 Try Christies' biscuits, always crisp and fresh.—Brown Bros.

Mr. Cecil Edmunds, of Toronto Medical College, arrived home on Saturday to spend his summer vacation in the Ark.

After a short illness of about one week, Mrs. Alex. Bartram passed away Sunday morning. Interment was made in Arkona cemetery on Tuesday.

Arrangements are complete for the fruit demonstration and meeting to be held at Arkona on May 31st under the auspices of the Dominion Government. Philip Austin's orchard and barn will be the scene of operations afternoon and evening. A. McNeil, Chief of the Fruit Department, Ottawa, will be in attendance at the meeting.

The engagement is announced of Miss Gertrude Margaret, daughter of Mr. Robert Campbell, of Arkona, to Mr. Garnet Homer Cutler, B.S.A., of Macdonald College staff, son of Mr. and Mrs. Albert Cutler, of Rouleau, Sask., formerly of Warwick. The wedding will take place early in June.

A very pretty wedding took place in Kerwood on Monday evening, at seven o'clock, when Miss Viola May Langan, daughter of Mr. and Mrs. Thomas Langan, of Arkona, was married to Lottus O. Maxwell, son of Mr. and Mrs. Edwin Maxwell, Adelaide. The ceremony was conducted by Rev. C. F. Clarke, pastor of the Methodist Church. Mr. and Mrs. Maxwell will reside on the 2nd concession of Adelaide.

A dispatch from Toronto says: "Mrs. Burton Keyser, wife of the manager of the Walker House barber shop, this city, and living at 616 Bloor street west, received word this week that her father, Alex. Thoman, of Arkona, has fallen heir to about one-twelfth of \$38,000,000. Mr. Keyser says that the \$38,000,000 is held by the Government of Scotland, and is in the form of six barrels of gold. How his father-in-law came to get a share of it, Mr. Keyser does not yet ascertain, as the information he received is very meagre. Mr. Thoman, the fortunat man, is about sixty years of age, and lives retired in the village of Arkona. He has a family of four children, of whom Mrs. Burton Keyser is one."

What about fire protection?
 Miss Kate Dowling, of Pt. Huron, is visiting at her home here.

When wanting an easy fitting shoe try "The Empress" at Fuller Bros.

The Rock Glen Power Co. have made Rock Glen more attractive and convenient than ever by building a new wharf 35 feet in length and placing electric lights along the landing. Water from a spring has been piped within a short distance of the picnic grounds. With ten boats on the river and all its natural beauty, Rock Glen is an ideal picnic place.

Fuller Bros. are showing some extra good grain sacks at right prices.

NAPIER.

There will be service in Chalmer's church, Brooke, on Sunday, May 28th, at 3 p.m., when Rev. E. F. McL. Smith, pastor of the Presbyterian church, Hensall, will preach. Come and bring your friends.

The special services in St. Andrew's Presbyterian church were begun Sunday evening when the pastor, J. Ure Stewart, delivered an eloquent discourse. Rev.

E. F. McL. Smith has charge of the week-night services this week and will also preach Sunday morning and evening. Vocal solos rendered by the pastor and Mrs. Peter McGregor are an inspiration to the services. Service will be continued next week when Rev. Walter Nichol, pastor of Knox Presbyterian church, St. Mary's, will preach. All are welcome. Service at eight.

INWOOD.

Miss Laura Mathews has returned to Essex, after spending a week with her parents here.

Miss Irene Johnston attended the funeral of her grandmother, Mrs. Johnston, of the Lake road, west of Forest, on Sunday.

The remains of the late Henry Smith were brought to Alvinston last Thursday morning on the 7 a.m. train from St. Thomas, where deceased had been living lately with his daughter. Rev. N. A. Campbell conducted the funeral service, and Messrs. Warren, Cade, White, H. Johnston, A. Silverthorn and H. F. Aylesworth acted as pallbearers.

AN INVALUABLE MEDICINE.

Mrs. W. Arnold, Edmonton, Alta., writes: "Kindly send me a box of Baby's Own Tablets. They have been invaluable to me and I really do not know how I ever would have got along without them. Baby was poorly; his digestion was bad and he was constipated. I gave him the Tablets and they made a fine healthy boy of him. Now, whenever he is cross or troubled with constipation, I always give him the Tablets and they relieve him right away. I tried a lot of other medicine but nothing seemed to agree with him till I got the Tablets. I would not be without them." The testimony of Mrs. Arnold is that of thousands of other mothers. Everyone who ever uses Baby's Own Tablets has words of praise for them. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BROOKE.

The Ladies' Aid, of the Salem Methodist Church, Brooke circuit, are giving a social on the evening of Friday, June 9th, on Mr. Sherman Hare's lawn. Ice cream and other refreshments will be served. An excellent program is being prepared.

In the estate of Cameron Bissett an order was made in the High Court of Justice by Justice Middleton on Friday last, allowing Margaret Bissett maintenance in respect of the children of the late Cameron Bissett. W. E. Fitzgerald appeared for Mrs. Bissett, and F. W. Harcourt, K.C., appeared for said children.

When five feet from the ground, the barn on the farm of Daniel McLean, Sutorville, which was being raised in order to put an eight foot cement foundation under it, began to drop on the left side. Edward Williamson, one of the helpers, received a severe blow in the head from a falling timber, which will render him unfit for work for a few weeks.

In the case of Acton & Parker an appeal was heard before Justice Middleton in the High Court of Justice last Friday at Osgoode Hall, in Toronto, against the order of His Honor D. F. Macwatt changing the place of trial from London to Sarnia and making the costs of such change to the defendants in the cause. The order in question was varied by making the costs in the cause instead of costs to the defendants. W. E. Fitzgerald appeared for the plaintiffs, and F. Aylesworth for the defendants.

The case of Margaret Bissett against the Maccabees respecting \$1,000 insurance on the life of Cameron Bissett, her husband, who left Brooke Township on the seventh day of July, 1897, and has not been heard of since, came up for hearing by way of appeal before the Board of Trustees of said order, in Toronto, Ont., on Thursday afternoon last. After the case was fully gone into judgment was reserved. W. E. Fitzgerald, of Watford, appeared on behalf of Mrs. Bissett, and John A. Paterson, K.C., of Toronto, on behalf of the Maccabees.

Mrs. W. H. Luckham and daughter Amy, 15 sideroad, are spending a few days with London friends.

Mr. and Mrs. R. Spalding and Miss Vera Harper, of Watford, were the guests of Mrs. Colin Hagie last Sunday.

Mr. Ed. Hawkens will (D.V.) preach in St. Mary's church, Warwick, morning and evening next Sunday, May 28th.

Mr. and Mrs. Alex. McGinnis and family of Petrolles, motored to Mrs. W. Vance's and W. H. Luckham's last Sunday.

Dr. W. Thomas of Harper's hospital, Detroit, is spending a few days with his parents, Mr. and Mrs. E. Thomas, 4th line.

The many friends of Mr. John Hillis, 6th line, will regret to hear that he is very poorly at present, and unable to leave the house.

Mr. George Westgate, Jr., of the 4th line, made a social call on an intimate acquaintance in Sarnia this week. It is to be hoped the meeting was full of recollections.

Elsie Fuller, the eldest daughter of Mr. and Mrs. G. T. Fuller, 2nd line, S.E.R., died on Wednesday after a short illness, aged 6 years and 5 months. The funeral will leave the family residence on Friday at 1 o'clock for the Watford cemetery.

Mr. Ed. Hawkens, of Warwick, has just completed a very successful course at the Western University, having received his B.A. degree last Friday. He expects to pursue a further course in Theology and Arts, before taking Holy Orders. The University Gazette speaks of him in the following terms:—"Mr. Hawkens is a man of many accomplishments; he shines as a musician, athlete and student, ever-reliable and always full of pluck and perseverance."

G. W. Smith, of Alpena, Mich., writes: "I left Lambton County several days ago. It was like summer there. We had a beautiful trip. We like it here, but the season is much more backward than with us. The people here are friendly, and to our surprise, many are well acquainted with our town people. Mr. Ed. McDonald is well known in our vicinity. He conducts a select hostelry in Alpena, and is doing well. He intends to visit in Watford and Alvinston soon, renewing old acquaintances. The Hobbs', formerly of Watford are here, engaged in the dairy business. Mr. Hobbs, senior, has lately visited his son Arthur, of Birnam. Mr. Norman Hobbs is engaged in business with his father. The McNeils are here too. Business is good here, and I shall stay till I have finished a little land-staking. Will write again soon. A Watford friend, by a kind friend, looked to me. I shall certainly have it here if I stay, for good old Canadian news is like an oasis of green in a strange land. Good wishes to you and all my friends."

In a little more than six years, January, 1905, to April, 1911, Great Britain has loaned Canada at least \$80,805,526. These figures are the best possible reply to the complaint sometimes heard that Great Britain is not taking sufficient financial interest in Canada. Its entire railroad system for instance, has been financed practically from first to last by the British investors.

In France on Sunday a falling monoplane killed one and injured three; in Russia, an aeroplane met with an accident on the same day, and one hundred were injured, five of whom are dying. The prominence of the French victims and the number of those who were injured at Kurak makes May 21, 1911, a black letter day in aviation.

Strathroy was visited by a severe thunderstorm early Tuesday morning. The lightning was very sharp and one bolt struck Emerson Elliott's house on High Street, tearing a big hole in the side on the house. Beyond the inmates being slightest shocked no further damage was done. The rain fell in torrents and it was very accretable in the vicinity as the vegetation was being burned very badly.

As Mr. and Mrs. Snyder were driving from Moraviantown, where Mr. Snyder is teacher of the public school, Mrs. Snyder dropped dead in the buggy. As they approached the farm of Mrs. John Tuite, Mrs. Snyder expressed the fact that she was very faint, and asked for a drink of water. When Mr. Snyder came back with the water he found her dead. Heart disease was the cause of the sudden death.

The Provincial Board of Health has issued regulations which have been approved by the Lieutenant Governor providing for a supply of pure and wholesome drinking water by hotels, restaurants, railway trains and depots, boats and all other public places. Regulations are also issued respecting sanitary precautions to be taken in health and summer resorts and on vessels plying on the inland waters of the Province providing against the deposit on or in any lakes, rivers, streams or other inland waters of garbage or vegetable or animal matter of filth.

These are the days when SECURITY should weigh heavily with intending investors. All kind of inducements are now offered to draw your savings into speculative investments. Promises of higher rates of interest often result in the loss of all or part of the principal, with worry consequent on the thought that THE SAVINGS OF A LIFETIME HAVE BEEN WASTED IN A FEW MONTHS.

ADVANTAGES OF HOLDING AN INDUSTRIAL MORTGAGE & SAVINGS CO. 4% DEBENTURE.

1. There is no better security offered to you to-day in Canada.
2. Your money is invested in our own Province on farm lands and municipal debentures, with which you are thoroughly familiar.
3. You are saved all worry and unpleasantness consequent on loaning your money either on notes or mortgages.
4. Not a dollar is invested outside the Province of Ontario.
5. Debentures and deposits are the first claim on the entire assets of the Company which now amount to nearly two million dollars.

\$3,600 in Cash Prizes for Farmers

Tell Us How You Did It

You may win a prize by doing so

Suppose your friend Bob Wilson, on the next concession, "pulled up" at your front gate on the way back from market and asked about that silo or barn foundation you built, you would be glad to tell him, wouldn't you? And it wouldn't take you long, either, would it? And, as a matter of fact, you'd find as much pleasure telling him as he would in listening—wouldn't that right?

First you would take him over to view the silo or barn foundation. Then you would start to describe it—its dimensions—the kind of aggregate used—the proportions of cement used—number of men employed—number of hours' working time required—method of mixing—kind of forms used—method of reinforcing, if any—and finally, what the job cost. So that by the time you finished, neighbor Wilson would have a pretty accurate idea of how to go about building the particular piece of work which you described.

Now couldn't you do the same for us, with this difference—that you stand a good chance of getting well paid for your time? In Prize "D" of our contest, open to the farmers of Canada, we offer \$100.00 to the farmer in each Province who will furnish us with the best and most complete description of how any particular piece of concrete work shown by photograph sent in was done. The size of the work described makes no difference. The only important thing to remember is that the work must be done in 1911 and "CANADA" Cement used.

In writing your description, don't be too particular about grammar or spelling or punctuation. Leave that to literary folk. Tell it to us as you would tell it to your neighbor. What we want are the facts, plainly and clearly told.

Sounds simple, doesn't it? And it is simple. And surely it is well worth your while when you think of the reward in view. Now sit right down, take your pen or pencil—fill out the attached coupon—or a post-card if it's handier—and write for the circular which fully describes the conditions of this, the first contest of the kind ever held in Canada.

Every dealer who handles "CANADA" Cement will also be given a supply of these circulars—and you can get one from the dealer in your town, if that seems more convenient than writing for it.

Contest will close on November 15th, 1911—all photos and descriptions must be sent in by that date, to be eligible for one of these prizes. Awards will be made as soon as possible thereafter. The decisions will be made by a disinterested committee, the following gentlemen having consented to act for us, as the jury of award: Prof. Peter Gillespie, Lecturer in Theory of Construction, University of Toronto; Prof. W. H. Day, Professor of Physics, Ontario Agricultural College, Guelph; and Ivan S. Macdonald, Editor of "Construction."

Having decided to compete for one of the prizes, your first step should be to get all the information you can on the subject of Concrete Construction on the Farm. Fortunately, most of the pointers that anyone can possibly need, are contained in our wonderfully complete book, entitled "What the Farmer Can Do With Concrete." A large number of Canadian farmers have already sent for and obtained copies of this free book. Have you got your copy yet? If not, you'd better send for one to-day. Whether you are a contestant for one of our prizes or not, you really ought to have this book in your library. For it contains a vast amount of information and hints that are invaluable to the farmer.

Please send full particulars and book.

HAUNTS THE HORN

The Phantom Ship That Shows Itself Near the Cape.

IT IS REALLY A HUGE ROCK.

But to Vessels Passing Through the Strait of Le Maire It Appears to Be a Bark Running Under Short Sail. Other Rock Ship Formations.

The "phantom ship" seen in the vicinity of Cape Horn is, as has been proved by the investigation of various hydrographic bureaus, nothing more or less than a rock which under certain atmospheric conditions bears a deceptive resemblance to a ship.

Very often vessels coming from Europe to the west by way of Cape Horn have been startled to see what appeared to be a derelict with the water washing over her deck. If the sailors were of an imaginative turn they would invest the unknown ship with ghostly qualities and call her the "Flying Dutchman" or sometimes the "ghost ship" of Le Maire, from the strait of that name, where she was usually seen.

One of the stories which have been longest remembered is that of the ill-fated Crown of Italy, which sighted the supposed derelict and subsequently went ashore. The Crown of Italy was standing close to the jagged black rocks at the entrance to the strait of Le Maire when she sighted what seemed to be a waterlogged bark drifting on the rocks of the strait. Many other ships rounding the Horn have seen a similar apparition, and the various hydrographic offices of the world have received many reports to that effect.

Some years ago the Norwegian bark *Kervia* got into Seattle with the tale of a phantom ship that almost exactly corresponded to that given by the Crown of Italy. The second officer of the Norwegian vessel declared that he had seen a derelict with sails set and decks awash drifting in through the strait. It was this report that led our government officers to make public the declaration that the phantom ship was nothing but a combination of rocks and shadows.

The numerous reports of derelicts or ghost ships always appearing in the same place led even the Argentine government to look into the matter. A tender was sent out from the nearby lighthouse with the object of making an investigation, and it was found that the apparition was due to a strange break of nature. Among the black jagged rocks that line both sides of the strait of Le Maire there is one in particular which, under certain atmospheric conditions, bears a deceptive likeness to a ship. The formation of the rocks and the shadows they cast combine to produce the effect of a bark running under short sail.

The passage through the strait of Le Maire is not often made. Steamers shorten the route by going through the strait of Magellan, while sailing vessels usually prefer to be entirely on the safe side by going still farther south and rounding the Horn itself. Only under the most favorable conditions of weather do they slip through the strait of Le Maire on the outward trip, going toward the southwest, but never when bound for the north. For this reason many old sailors have never met the ghost ship or the rock ship.

Those who have seen it give a minute description of the rock and testify to its striking resemblance to a ship. It seems to be standing head on, pointing to the south and low in the water. The sails are shortened as they would be in what formation is very dark, as if the hull were painted black and the sails weather beaten. It has three masts and is higher on the fore than on the main. Upon coming on the side of the vessel the illusion vanishes and the whole thing resolves itself into a conglomeration of black rocks. The perpetual fog of these regions helps, of course, to befuddle the vision.

The rock looking like a ship is by no means a rare natural formation. Almost every sailor has seen one in some part of the world. In the Clipperton islands there is a great white rock looking like a three masted schooner leaning on the wind with her royals set and the sun shining on her white sails.

About six or seven miles west of Honolulu there is a rock known as French Frigate rock because once upon a time a French frigate went ashore on it. The cliffs looked so much like a ship that the frigate was deceived and thought she was meeting another vessel.

St. Paul Island, in the middle of the Atlantic, is said to look very much like a ship when approached from a certain direction, but it is a place that mariners prefer to give a wide berth.—*Harpur's Weekly*.

SICK FOLKS

The percentage of those between the ages of 20 and 70 who are in the enjoyment of perfect health and nerve force is small. If you will talk confidentially with those afflicted you will find in the vast majority of cases their troubles are due to a lack of early training. To all who have not started right, or have fallen by the wayside in later years, we offer a helping hand.

If You Suffer with RHEUMATISM, PILES, FERTILITY, ULCERS, SORES, SKIN DISEASE, BRUISES, TAPES, WORMS, NERVOUS TROUBLES, or any kind of associated Nerve.

THE NEXT MOVE.

An Evening With the Family That Had the Mania.

"'Twere well, Howard Hammersley," said the beautiful young woman, "that you make good use of what remains of this evening, for this is the last time you will ever enter this house, at least while I am one of its occupants."

Strange words were these to be spoken by a newly engaged girl to her lover. There was a catch in her voice, and her eyes burned with deep emotion, or was it his imagination? Her beautiful figure was clothed in richest silk, and jewels sparkled at her throat. But this merely served to bring out in more startling contrast the barrenness of the room. The floor was uncarpeted, the walls were destitute of pictures, the only article of furniture was an old fashioned davenport, upon which she half reclined among soft pillows. A meager setting this for so rare a gem. She wore the appearance of one used to more luxurious surroundings.

The young man seemed taken aback by her words. He toyed with his watch chain and nervously fingered and turned the one ring he wore. Silently the moments glided by, but no clock was there to mark their flight. Suddenly from the next room came a muffled sound, followed by a blood-curdling oath.

The young man started violently, and the girl half rose, but, restraining herself, sank back to her former position. She seemed waiting for him to break the silence.

At last he rose from the packing case upon which he sat and swiftly crossed the room to a place on the davenport by her side. His arms opened to receive her and, without resistance, she sank into them.

"Ah, yes, Adelaide," he murmured in a deep voice. "You are right. I should make good use of my time. Well do I know that tomorrow you move to a different part of the town. But I shall be at the new place tomorrow evening at half after 8."

"Yes, yes," she answered. "Do so."

But now, if you'll excuse me a moment, I'll see what's wrong with father. He must have hurt his hand pulling tacks."—Walter G. Doty in Puck.

Unconventionalities.

"Great Caesar! Is that you, Glubbins? I haven't thought of you for seventeen years!"

"Some day, Mrs. Peters, I'll return your call. I want to see what kind of furniture you have."

"A front view picture of you, Miss Miriam, looks much better than a profile. It doesn't show the shape of your nose."

"Rivers, you ought to take a vacation; you're doing some awfully punk work on the paper these days."

"Must you go, Mr. Lingerlong? It's only 10 o'clock. I thought it was 12?"

"There's one good thing about your dinners, Mrs. Jipes—the table is always neatly set."

"I was telling Mr. Smidgin the other day, Mrs. Bumpley, that you'd want to borrow this book the first time you called."

"So glad to have met you, Mrs. Burterson—or is your name Bomsor?"

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Deathly Cramps, Stomach was Bloating

A Bad Case That Proves Cramps and Stomach Disorders are Cured Fast by Nerviline.

"The distress I suffered from cramps last summer was so severe I thought it meant death," writes P. R. Emerson, of Guys Hill, P. O. "I was doubled up with pain and in such bad shape I couldn't walk a hundred feet. I remembered having Nerviline on hand and took half a teaspoonful in sweetened water. In five minutes I was well and my stomach derangements disappeared entirely."

NERVILINE AN INSTANT RELIEF

For cramps, flatulence, diarrhoea and disorders of the stomach and bowels, Nerviline knows no equal—one million bottles used every year—fifty years on the market that's proof enough of its merit. Large bottles, 50c., trial size, 25c. All dealers or The Catarhhozone Company, Kingston, Ont.

"Canada."

A verse in praise of Canada our own dear native land. And the wonderful attractions to be found on every hand. It has the finest fields of wheat as well as fruit and flowers. There is not in the universe a fairer land than ours.

Oh tell our young Canadian this is the land of bliss, That millions now are anxious to find a land like this, That the stately homes of England to the English heart so dear, They lack the air and sunshine that Canadian homes have here. No wonder that Canadians do love their native land, Historians can not tell you of another one as grand, We have all the late inventions and everything to please, And we have maple syrup when we tap the maple trees.

We love the little emblem it wears up on our crest, And the Maple Leaf Forever is the one we love the best, Here the Shamrock and the Heather and the Rose trees fairest flowers, Can all grow up together in this Canada of ours.
William W. Revington.

ANIMATED GIMLETS.

Wonderful Boring Insects That Destroy Telegraph Poles.

It has long been known that construction timbers in bridges and like structures, railroad ties, mine props and fenceposts are sometimes seriously injured by wood boring larvae, ants, carpenter bees and powder post beetles, their efficiency being reduced from 10 to 100 per cent, but until now the problem of insect damage to standing poles and posts has never been made the subject of a special investigation. How serious the problem is may be judged from the fact that in a single telegraph line in West Virginia (forty miles long, with thirty-six chestnut poles to the mile) built twelve years ago about 600 poles have been rotted off at the ground, inspection showing that 95 per cent of the damage was due to our animate little gimlet.

It is very small, but amazingly potent for evil and incredibly swift. It is an animated gimlet. Until lately it has not been regarded as an insect of any economic importance and has been flippantly described in entomological literature as living only under the bark, chiefly of the pine, or in the decomposing wood of various species of deciduous and coniferous trees. We know more about it now; we know that the grub or larva of this industrious little angler, mining into the wood near the line of contact with the ground, has been eating away countless thousands of poles, necessitating their resetting or even replacement—Philadelphia Press.

THE METRICAL CARAT.

New System of Weighing Precious Stones in Europe.
An important change was made in the system of weighing precious stones by the agreement of European jewelers and lapidists which is now in effect.

France, Switzerland, Norway, Roumania, Bulgaria and Spain entered into the agreement to establish a metrical carat which would fit into the metrical system, now so generally used abroad. The old carat of 3.167 grains troy weighed 205.3 milligrams, while the new carat will weigh an even 200 milligrams, or 3.086 grains troy, according to the old system.

The change is being considered in every country where precious stones are articles of commerce, and various European states, in addition to those mentioned above, which have already acknowledged the reform, are about to adopt the metrical carat.

Of course if any of the larger and wealthier nations—England, for instance—were to object to any alteration the confusion would tend to hamper trade, but the change is more than welcome on the continent, where the metrical system has been in use for so many years that the old arbitrary weights are almost forgotten and all measurements have been simplified into a decimal system.—Chicago Tribune.

New York's Big Park.

"We expect to have 142 acres of land added to Central park before very long, or just as soon as the Jerome park reservoir is completed, and then it will be up to the landscape architect to make this the finest park in the country," said an officer of the park department. He explained that the 142 acres are used by the two reservoirs that were constructed in the park forty years ago. They will be no longer needed when the Jerome park reservoir, which was begun ten years ago, is finished. Judging from adjoining property, Central park is valued at \$230,000 an acre. The reservoirs are occupying land worth \$38,837,380. The ground there is 115 feet above the sea level and takes in one-sixth of the entire park.—New York Sun.

Sold Bachelors.

Wedlock seems to be in a bad way in the mountains of the Dauphine. The confirmed bachelors of the country have decided to meet every month and toast celibacy. Invitations are sent out with the information, "Good feeding, good drinking, much laughter, much dancing." An added insult to matrimony is that the invitations have been sent to all spinsters who have "put on St. Katherine's cap"—that is to say, who are over twenty-five and are therefore presumed to be on the high-road to old maidenhood. The confirmed bachelors announce their intention of eating, drinking, laughing and dancing with the old maids every month, but their very hardihood may be their undoing.—London Telegraph.

Journalists in Italy.

In Italy, says the London Chronicle, the journalist, with barely one or two exceptions, works for a salary which the pampered ones of England would laugh at. But he has his compensations. He—and not only himself, but his wife and family, too—travels free on all the railways, whether the journey is on business or not. If he wishes to go to the theater and to take his friends he has only to ask and the requisite box or stalls are at his disposal, and that however humble his professional rank may be.

Comforts of Home.

By a new process of photographic calico printing in Berlin it will be possible to have family portraits, landscapes and domestic scenes reproduced on sofa cushions, curtains and tablecloths at a reasonable price. The possibilities of this are depressing, but the innovation does not promise anything so alarming as the wax fruit, plush albums and cartoon crayon portraits of the postbellum period.—Philadelphia Ledger.

The Kind You Have Always Bought

Bears the Signature of *Dr. J. C. Hathorn*

There is a characteristic story of a school mistress chiding a little lassie for her backwardness in geography. My sister Sally never learned jography and she's married. You learned jography and you ain't."

EXTERNALLY OR INTERNALLY, IT IS GOOD.—When applied externally by brisk rubbing, Dr. Thomas' Eclectic OIL opens the pores and penetrates the tissue as few liniments do, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will cure affections of the bronchial tubes and respiratory organs. Try it and be convinced. m

MORE ABOUT STYLE

STYLE is the most important feature of clothing now-a-days. By this we do not mean fancy cuffs, extremely long coats, odd shaped lapels, or loud patterns. We do not mean foppish clothes. Style isn't something that makes a man look odd or calls special attention to his clothes. It is, and should be, the element that contributes an air of culture, refinement, taste. That's the kind of refinement you'll find in 20th Century Brand bench-tailored clothes.]

Census Enumerators Will Ask Some 300 Questions.

How old are you? What is your nationality? What do you work at? How long have you worked at it? What is your religion? What sickness has there been in the family? Were you ever hurt while engaged in your employment? If you were hurt did you receive any compensation? Did this compensation come willingly from your employer, or was it secured under the Workmen's Liability Act? What insurance do you hold?

These and some three hundred other questions will be asked by the census enumerators who start on their work all over Canada on the first day of June. For three weeks these men will go through the districts allotted to them. Then the reports will be sent to Ottawa and it is expected the results of the census will be known by the end of November.

WHAT THE CENSUS WILL TELL.

The results of the census will be much more far-reaching than the majority of people have thought. It will make known the number of people in the Dominion, the number in each of the provinces, the number in every city, town, village and country municipality throughout the country. But that will not be all. The census will tell more about Canada than has ever been told before. It will say how many Europeans are working here; how many have come from the various parts of the empire; and how many have left the States to throw in their lot with those living on the northern part of the continent.

Then the census will show the wealth of the country. It will give accurate figures including how large a percentage of the population is engaged in farming; how many work in manufactures, and how many earn their living in stores. It will number the professional men, and will show even the number of cattle in the Dominion.

It will cost the Dominion government \$217,000.00 to send the Canadian militia to England to attend the coronation ceremonies.

cows, \$2.50 to \$5.35; bulls, \$4 to \$5.50; stock helters, \$4 to \$4.85; fresh cows and springers, active and steady, \$30 to \$70. Veals—Receipts, 2,500 head; active, 25c higher; \$5.25 to \$7.25. Hogs—Receipts, 11,200 head; active; pigs, 5c and 10c higher; others, 5c to 10c lower; heavy, \$6.25 to \$6.40; mixed, \$6.45 to \$6.50; yorkers, \$6.45 to \$6.55; pigs, \$6.50 to \$6.55; roughs, \$5.25 to \$5.40; stags, \$4 to \$4.75; dairies, \$6 to \$6.55. Sheep and lambs—Receipts, 15,000 head; active; heavy lambs, 25c higher; handy lambs, \$5 to \$7.50; heavy lambs, \$5 to \$6.25; yearlings, \$5.25 to \$5.75; wethers, \$4.75 to \$5; ewes, \$2 to \$4.50; sheep, mixed, \$1.50 to \$4.65.

Great Britain.

Liverpool, May 22.—John Rogers & Co., Liverpool, cable to-day that consequently upon the recent reduction of price and the increased supplies the demand for both cattle and sheep in the Birkenhead market improved considerably, the business being brisk at Saturday's quotations, which were: Steers, both States and Canadians, from 12½c to 13c; wethers 11½c to 12c, and lambs, 13½c to 14c per lb., were well maintained.

Crop Reports.

Bradstreet's report May 23rd as follows:—Reports of crop conditions in both Ontario and Western Canada have shown improvement during the past week. So, much-needed rains have fallen, and while there has been by no means too much moisture a very marked betterment in the condition of the growing grain has resulted. Fall wheat did not come through the winter any too well and in some districts in Ontario it was necessary to plow it under. In other districts, however, the crop showed fairly good prospects and has since further improved. In the West seeding was generally carried on under the most favorable conditions. Fine, dry weather permitted the work to be done thoroughly, and since then there has been a fairly good supply of moisture. It is estimated that the area put to seed shows an increase over that of last year of fifteen to twenty per cent.

JUST ONE CURE FOR ANAEMIA

It is Through the Rich Red Blood Dr. Williams' Pink Pills Actually Make.

There is just one cure for anaemia—more rich red blood. Anaemia is simply a bloodless, run down condition. Then the body becomes weak from overwork, worry or illness, an examination of the blood will show it to be weak and watery. The common symptoms are paleness of lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and a loss of appetite. Anaemia itself is a dangerous trouble and may pass into consumption. It can only be cured by making the blood rich and red, thereby enabling it to carry the nourishment to every part of the body.

It is a proved fact that Dr. Williams' Pink Pills have cured thousands and thousands of cases of anaemia. They are really intended to make new, rich blood and are compounded in the most scientific manner with the finest ingredients for the blood known to medical science. These Pills are not a cure-all. They are intended to cure only those diseases that have their origin in poor, watery blood, and starved, weakened nerves, and the record of their success in doing this is their constantly increasing popularity in every part of the world.

It looks as if the day was past when every little hamlet or village could boast of having a local paper. At least four papers in this part of Ontario have gone out of business somewhat recently—The Wroxeter Planet, The Hariston Tribune, The Gorrie Vidette and now The Holstein Leader. These are not all new ventures for the Vidette and the Tribune were long established businesses. Publishing a newspaper involves persistent labor to build up a successful business and necessitates a heavy expense.—Wingham Advance.
