**INFANTRY MEN DEMAND
HIGHER PAY IN CAMP**

Association is Being Formed to
That End—Militia Officers
Make Protest.

NIAGARA-ON-THE-LAKE, June 16.
—(Special)—The question of higher
pay for the militia is causing a great
deal of comment at present. The Cavalry
Association have decided to ask
for an increase of pay while in camp. The
Artillery Association have long advo-
cated a higher scale. Now a Rural In-
fantry Association is being formed with
views to the same end.

The idea, evolved by Lt.-Col. A. G.
Henderson, brigadier of the Third In-
fantry Brigade, met with great ap-
proval among the officers of the regiments
in the first camp. A deputa-
tion, including Col. Henderson, Col.
Allen of the 12th York Rangers and
Capt. F. H. Dunham of the 12th York
will go over to the second camp to
talk over the matter of organization,
and it is expected that a live associa-
tion will be the outcome of the discus-
sion. One of the first steps of the as-
sociation when formed will be to aspi-
rate for a higher scale of payment. A
number of other necessary reforms
will be taken up.

Troopers Fired Mattress.
Four troopers of the Royal Canadian
Dragoons raised considerable sensa-
tion in the town to-day when they set
fire to a mattress in the town jail.
The men, Troopers Watson,
Sayles, Bisset and Loudon, were
drunk and disorderly on the street.
They were arrested and placed in the
town jail. Not content to spend an
evening in a prison cell they set fire to
one of the mattresses and the cell
was soon filled with smoke. The cries
of the prisoners attracted the atten-
tion of Robert Reid, the town constable,
and he ran to their assistance.
On throwing open the door he was
greeted by an almost suffocating vol-
ume of smoke. The prisoners made a
wild dash for liberty, while the plucky
constable was groping his way thru
the smoke to the blazing mattress.
Securing it out, several
burning both hands in the attempt.
A number of passers-by had caught
three of the escaping prisoners, but
Watson started up the street, with
Reid in pursuit. After chasing him
several blocks he caught him and
brought him back to the jail, where
he was safely locked in again. Dr.
Anderson then dressed his burns. The
men will appear before Police Magis-
trate Sheppard in the morning.

Picket Duty Hard.
Maintaining discipline in the camp
is a very grave question. "As long as
I come to Niagara camp I will never
again send a picket down town," de-
clared one officer to The World. "I
will patrol the brigade lines, but I will
not patrol the town streets. It is an
order down town. We get no support
from the officials whatever."

One evening this week a commotion
was raised in a hotel bar at 7:30
p.m. by a man from the R.C.R. The
picket, in command of Lt. Earchman,
entered the bar and ordered the man
out, but he defied them to arrest him.
The picket, composed of boys of 16 or
17, were quite willing to take all
risks, but the man was allowed to re-
turn to the hotel. He appeared before
his lines at 2 o'clock in the morning,
and the next day appeared before his
commanding officer, to whom he swore
that he had been in the bar at 7 o'clock,
and three of his tentmates
corroborated the statement. Notwith-
standing the evidence of Lt. Earchman
and his picket, the man was let
go without even a reprimand. No sup-
port seems to be given to any efforts
made to keep order.

Plaint of Militia Men.
It seems rather peculiar that the
permanent forces should patrol the
streets during the day time when there
is nothing to do, and that at night,
after drilling all day, the militia should
furnish a picket and guards and at-
tempt to keep order with 2000 men to
look after, say the militia officers. If
the purpose is training for the militia,
why not allow them their training
during the day time, and put the paid
"regulars" on duty at night?

To-day was "breaking up" day, and
from 8 o'clock in the morning the
troops have been moving out. Nos.
XV, XVI, and XIX, Field Ambulances
will not leave until tomorrow.
The 20th Halton Rifles were the first
to leave the grounds. At 6 o'clock
two companies of the Turbids for
Burlington, where they will proceed
by special train to the company head-
quarters. The Corona at 8:20 carried
the 24th Regiment and No. XIII, Cav-
alry Field Ambulance. At 10:20 the
Chippewa took the 12th York Rangers
and the Corona took the 2nd Field
Company C. E. at 3:29 p.m. Four spe-
cial trains, leaving at 8 a.m., 9 a.m.,
10 a.m. and 11 a.m., carried the 34th
Grey's Horse, 24th Front Dragoons and
No. XV, Field Ambulance, No. 9 Co.
Canadian Army Service Corps left by
special train at 1 p.m.

New Camp Larger.
Next camp will be much larger than
that just closed. Seven infantry regi-
ments, the 23rd Northern Pioneers, 25th
Simcoe Foresters, 55th Peel, 27th Hal-
dmand Rifles, 4th Welland and Lin-
coln, 7th Wentworth, and 27th Algon-
quin Rifles, and four cavalry regi-
ments, 1st Hussars 2nd Dragoons, 4th
Mississauga Horse and the General
Grenadier's Body Guards, No. 1 general
hospital will be over next camp and
two field ambulances. In all the forces
should total over four thousand men.

EATON'S An Exceptionally Good EATON'S
Value in Men's Suits for Quick Business on Monday

\$15.00 for New York Suit, Usually Sells for Considerably More

40 only Three-piece Suits, every one new style and fashionable materials. Men should hurry here Monday morning, as this lot won't be here long at the price; all we have left after several weeks' big selling. Suits tailored by experts who understand how to build a shoulder to give it a smart appearance, how to shape a coat front to make it hold shape and not crease, and how to fell a collar to fit close and neat. The fabrics are pure wool cassimeres and soft-finished Scotch effect tweeds, are handsome tan shades, also greys, in neat stripes and overplaids. The coats are the new style, plain tailored, three-button, single-breasted models, semi-form fitting, with naturally shaped shoulders and vents in the back; vests single-breasted, plain tailored, without collars, and the trousers are nicely tapered, made with belt loops and side straps at the waist, and have cuffs at the bottom; well-lined and carefully trimmed and finished; sizes 34 to 44. Reduced to 15.00

Navy Blue Suit for \$8.69

This is such a popular suit, both in appearance, quality and price, that our tailoring work-rooms seldom are able to keep up with the demand. This, is however, one occasion when they have given us a sufficient number of these popular suits to warrant our advertising one big day's business. The material is a fine twill navy blue worsted serge, closely woven and colored in permanent dyes. The shoulders, collar and lapels of the coat are naturally formed to fit snugly, and are naturally padded, and the trousers and vest are stylishly cut. The coat lined with twill lining. Sizes 36 to 44. Price 8.69

A Tweed Suit for \$5.00

The coat is the fashionable single-breasted plain tailored style, three-button length, half lined for hot weather wear with lightweight, strong-wearing lining. The shoulders, collar and lapels are naturally moulded and padded to be shape retaining. The fashionable medium width, semi-pegtop trousers have belt loops and cuffs at the bottom. They are mid-grey tweed with faint purple and green stripes, are also ideal summer suits, and in the regular way would cost a couple of dollars more than we ask Monday. All one price and big value 5.00

MONTREAL STRIKE
is Likely to Be Settled by Monday—Men Going Back Daily.

MONTREAL, June 16.—The strike of the men of the Canadian Car and Foundry Company, Limited, at Turcot and Dominion, which commenced at one o'clock last Monday, has not yet been settled, the indications point to the majority of the men being at work on Monday, as more are returning to work each day. The open air meet-ting held this morning was not characterized by any excitement, and only a few hundred men surrounded the speakers.

WANTS LAW ANNULLLED
Power of Quebec Legislature to Enforce Early Closing Disputed.

MONTREAL, June 16.—The power of the provincial parliament to pass a regulation along the lines of the early closing law, and to provide penalties for an infraction of the same has been questioned by Lawrence Wilson, president of the Licensed Victuallers' Association, who appeared in court with the demand that the new law be annulled.

Willie (Knockout) Brennan of Buffalo, who meets Honey Mellody of Boston Monday night before the Olympic Athletic Club, at the Agnes-street Theatre, in a six-round bout, is training at Crystal Beach in order to make the 145 lbs., which is the weight agreed upon. He is very anxious to beat Mellody, as he is booked by the Buffalo Athletic Association to meet Paddy Lavin on Friday, June 23, at Buffalo, if he wins Mellody and Tommy Ryan last night that he would arrive in Toronto on Saturday, June 18, as he is bound to weight and in the pink of condition. The preliminary are the best ever offered to the Toronto public, as follows: Fred Campbell v. Herman Smith, Buffalo; Joe Tronson v. Billy Harrison. Jack Ryan of Chicago, who is one of the best middleweights in the country, and who has been training Brennan and acting as his training partner, will be in Brennan's corner. Ryan is the man who defeated Hugh Ross of Oswego. Acquiescers should reserve their seats early to avoid the rush at the office of Toronto Bowling Club, 11 Temperance Street, phone 3140, 180.

Was Butler Stabbed? Sporting Editor writes that E. Butler, the Argonaut sculler, has been handed a lesion by those whose province is the selection and other arrangements at representation at the annual regatta. It is a question which should be definitely settled to allow the regatta and growing conviction that this sculler, after hard training and a show of winning the Diamond Sculls, has been offered unfair treatment, and that the fault is at home, and not at Henley. It is well known to those in the inner circles of sport that such things have happened before, and the excuse of an accident for neglect put forward has not been accepted generally. A statement of facts of this nature, signed by those who are responsible, is surely in order. An Old Aquatic. Ottawa Eight Sail From Quebec. QUEBEC, June 16.—The famous crew of the federal capital, which will compete at the Henley meet, sailed this afternoon by the steamer Empress of Britain, and were given quite a hearty send-off by the large crowd of Quebec friends who assembled and who wished the Ottawa team every success in the grand challenge cup. The crew arrived this morning and at once went on board the steamer. The soon all appeared to be in the pink of condition and during the morning they were called upon by many Quebec acquaintances. Shortly before lunch Coach Pat Kent assembled his men together and explained to them that a short run would not only create a good appetite, but also help to put them in condition for the regatta. He accordingly led off and the men climbed the hills of Quebec as far as the Citadel. The steamer Modjeska will leave Toronto at 11 a.m., making connection with a special car at Burlington Beach, during Hamilton race week. The Hamilton Steamship Company have arranged for special tickets, to include electric railway fare to and from the track, the rate being 30 cents return.

Leafs' Hoodoo Busted. The Leafs busted their hoodoo at Rochester yesterday, when Dicky Rudolph pitched them to victory, and Kelly is just as confident that they will come home in second place or better as his many customers are that he has the best wines and liquors that are to be had any place. Call at 10 Queen West, or phone Adelaide 45, and try Karo's imported Dunville's Irish whiskey, direct from the celebrated Dunville distillers. He says it is the best to be had in Canada. Saving Lawyers' Fees. A man who has had his fat in his writes this to The New York Herald: "If I had a fortune, which I have not, and was about to die, this might be my last will and testament. Realizing that a will may be broken as easily as a marriage, I decline to strive vainly to dispose of my property, and so simply leave all claimants free to contend for it, whereas any expressed wish of mine might interfere." Bad Character. Commander—What's his character, apart from this leave-breaking? Petty Officer—Well, sir, this man "goes ashore when he likes; he comes off when he likes; he uses "brilliant language when he's spoken to; his fact, from general behavior he might be an officer." Punch. Manager Querrie, when spoken to regarding his objection to Wm. Foran of Ottawa as referee for today's match, said that in his opinion Foran was one of the best officials in the country, but he thought it was not right to have an officer of any club act as referee, where his own club was playing.

TWO GRANITE RINKS LEFT TO PLAY BOWLING FINAL

E. Boisseau Wins From W. Phillips and W. J. A. Carnahan Defeats W. O. McTaggart in Semi-Finals.

Two Granite rinks are left to fight it out for the trophy in the Granite's annual tournament. E. Boisseau's rink continued their good play and defeated W. Phillips of Queen City by 17 to 14. W. J. A. Carnahan was the other Granite skip to win, being four shots up on W. O. McTaggart. One game yet remains to be played in the sixth round of the consolation before the final can be decided. The doubles had a big day's play, with many close games resulting.

Lambton Scores 81 Cleveland's 19 Wins In Tom Morris Golf

Early scores in the Tom Morris memorial golf competition against par, in which many clubs through the Western Golf Association territory, including Lambton, participated to-day, indicated that the Country Club of Cleveland had won the trophy. Its score was 19 down to par, which is 7 strokes. The team of the Exmor Country Club, Chicago, turned in a score of 28 down. The Tom Morris Cup was won last year by the Oakmount Club of Pittsburg. In order to gain permanent possession of the cup it is necessary for a club to win five times. The score of the eight Cleveland Club players follows: N. C. King, 1 down; T. Beckwith, 6 down; J. D. Climo, 1 down; S. K. Moore, 4 down; C. H. Stanley, 1 down; Bascom Little, 3 down; C. Bolton, Jr., even; Louis Williams, 3 down. Total 19 down.

Big Four Bicycle Race Winners Are Morton and Spence

A good evening's sport was spoiled by a Scarborough race last night by the mixed race between Andrews and Loftus. Newark ending in a fizzle. Christie was not allowed to race on account of his troubles with the United States racing authorities and Loftus was substituted. The race was arranged to be at half mile, one mile and a three-mile motor-paced race. Loftus won the half mile and Andrews took the mile, but when it came to the three-mile race there was not a man with experience enough to pace the Newark man. Two different pacers were tried and failed. Then a long wrangle ensued as to what the final race was to be. Loftus finally agreed to race any old kind of a race and a fresh start was made on the three-mile motor-paced race. Loftus and Andrews were the winners. All the other races were contested and every one furnished an exciting finish.

ASK FOR EXTENSION OF TERAULAY TO BLOOR Property Owners and Improvement Committee Suggest This Relief For Yonge-street Congestion. A deputation, consisting of Dr. A. H. Garrett, Dr. Charles O'Reilly, and Messrs. Elmes Henderson and Guine, representing the property owners connected with the works committee yesterday afternoon to urge the advisability of extending Teraulay-street thru to Bloor-street. They stated that not more than four or five houses would be interfered with in carrying out the extension. This matter also came up before the civic improvement committee, John M. Lyle, consulting architect to the commission, recommending in favor of the undertaking. Also suggesting that the street should be widened. "There is not a thru street of any great length between Spadina-avenue and Yonge-street, and it is therefore desirable to find additional thru streets of some length close to Yonge. From Bay to Teraulay-street is about 200 feet; if Teraulay-street is linked up with St. Vincent, Chapel, North, and extended thru to Davenport-road, we would have a thru thoroughfare from Front-street to West Toronto." The architect also proposes that both Teraulay-street and Davenport-road be widened to 86 feet, so as to provide for two lines of street car tracks, a roadway 20 feet wide on each side and sidewalks 12-14 feet wide. Acting-Mayor Spence took up the matter of wider streets, with the works committee yesterday afternoon. "I am of the opinion that 86 feet is not wide enough for streets," he said. "The chances are that in a few years they will be found too narrow. We should anticipate such a possibility." The city engineer will report on the advisability of adopting the acting-mayor's suggestions.

JARDINE EXECUTED Walked to the Scaffold Apparently Without a Tremor. GODERICH, June 16.—The sentence of death was executed upon Edward Jardine at the county jail this morning just before 8 o'clock. Early this morning Rev. Geo. E. Ross, pastor of Knox Church, who has been the condemned man's spiritual adviser throughout, was with him, and the young man showed deep concern for his future welfare. For half an hour he broke down, but he recovered and walked to the scaffold apparently without a tremor. Those present at the execution were Sheriff Reynolds, Jailer Griffin, Dr. Alex. Taylor, jail surgeon; Rev. Mr. Ross, Constables Whitesides and Postlethwaite, Guards Murphy and McMath, and Owen Geiger, warden of the County of Huron. No representatives of the press were allowed to be present. Jardine was never baptized until last evening, when at his earnest solicitation the rite was performed by Rev. Mr. Ross, in a room beside the condemned man's cell, in the presence of the jail officials and guards.

SHELDON GETS FIVE YEARS Get-Rich-Quick Artist Sentenced in Montreal. MONTREAL, June 16.—The culmination in the great Sheldon drama was reached this morning in the court of special sessions, when Mr. Justice Langelier noted out sentence to Chad. D. Sheldon, the man whose financial exploits have dazzled all Montreal, and who fleeced confiding Canadians out of over a million dollars. Five years' hard labor was the sentence given to the absconder, on the charge of having stolen a sum of \$15,000 placed in his hands for investment purposes. GERRARD-STREET EXTENSION. The works committee yesterday afternoon decided to leave over the question of extending Gerrard-street. In his report on this proposition the city engineer stated that the grading of the street with the extension would cost \$10,511, unless the work was carried on at the same time as the construction of the Coxwell-avenue subway, in which case the cost might be reduced to \$13,375. An alternative plan submitted by the city engineer would cost \$28,000 to carry out, or \$17,800 in connection with the subway. Autist Fined. Norman Campbell, a director of the Campbell Milling Co., was fined \$20 for speeding 27 miles an hour in his auto on Parliament-street.

THE TORONTO DAILY STAR, WEDNESDAY, JUNE 14, 1911. COI. The. Three referred to art Dunlop Tires. 'Twas a Rough Ride. When the traveler strolled into the sporting room of The Star office this morning, dropped into a chair, lighted his pipe, and calmly announced that he had just arrived from Vancouver via cycle, he caused a small sensation. But he had the proof. Out of a small leather bag, similar in design to that used by small boys going to Public school here, he pulled out a book, containing the signature of every Mayor of every city, town, and village he has passed through between Vancouver and this city. This same little matchbook contained the rest of his wardrobe, to say nothing of credentials, a camera, a bunch of roll-films, and other small things. Mr. Clark has taken the C.P.R. line as his guide, and has traveled the ties all the way, with the exception of six hundred miles in Alberta and Saskatchewan, where the prairie made a better road. West of Winnipeg he encountered pretty bad weather, but averaged between twenty-five and thirty miles a day. In Ontario he has made between seventy-five and a hundred miles per day. He does not think that he has gone faster than thirty miles out of his path. "I was only out two days," he told the reporter. "Even time he kept his bicycle going, he has his illness with the mill posts. The wandering one was a bicycle, an English make, with 'made in Canada' tires. One pair had lasted him from the trip to Toronto, which makes a distance of about twenty-three hundred miles."

Baker, Intermediate—E. F. Rogers, Primary—William Pratt.

BANK ACCOUNTANT'S SUICIDE Ascribed to the Emotional Nature of the Man. SAULT STE. MARIE, Ont., June 16.—(Special.)—J. A. P. Barth, aged 35, accountant at the Imperial Bank, shot himself in the head this morning at 10 o'clock at Ramsay's boarding house. Barth had attended to his duties at the bank up to last night, and did not appear this morning. He is in a dying condition. Barth came to the Soo from Toronto a year ago. He was a man of steady habits, altho emotional, as evidenced by the fact that when he received a telegram a year ago that his sister had died at Vancouver, it took three men to hold him in bed. The bank's management stated this morning that Barth's affairs there were all right, he had not been ill, and no reason could be given for his act other than the emotional nature of the man. Garrison Creek Sewer. In a report to the works committee the city solicitor states that the matter of making any extension to the Garrison Creek sewer should be submitted to the people as a special by-law. The estimated cost of any such undertaking is \$25,000. Typhoid Increases. Seventeen cases of typhoid fever have been reported to the medical health officer. This is an increase of five on the record of the corresponding period of last month.

VICTORIA-STREET EXTENSION Only Land Enough for Street Purposes to Be Taken. The works committee yesterday decided that the Victoria-street extension should be done under the old act. This means that only enough land will be taken to provide for putting the street thru from Gerrard to Carlton. The alternative plan provided for the expropriation of about 200 feet additional on each side, the idea being to afterwards dispose of it at a rate enhanced by the street improvements. By the plan adopted land valued at \$350,000 will have to be expropriated for the extension of the street. Of this sum the city pays 75 per cent., or about \$270,000, the balance being met by the property owners. Pickering Township Centennial. Pickering Township Centennial Celebration at Brougham, June 22 and 23. Public meetings, speakers representing denominations, Dominion and provincial legislatures, music, sports of all kinds, exhibition of curios. Grand concert Thursday evening. Twenty-five miles from Toronto. Trains met at Locust Hill and Clarendon, C.P.R., and Pickering, G.T.R. Single fare for round trip on both C.P.R. and G.T.R., good from June 21st to 24th. A good outing. Come and enjoy a two days' good time. R. R. Mowbray, Reeve.

GIRLS AFRAID To Appear Against Their Alleged Italian Assailant. MONTREAL, June 16.—Arrested on suspicion of being the man who has for the past three months been assaulting little girls in many parts of the city, Clelio Sabrini, has been remanded eight days for medical examination as to his sanity. Sabrini was arrested Monday by special constables Walsh and Robillard while in the act, they claim, of attacking a 13-year-old girl on the corner of St. Urbain and Milton-streets. Six witnesses were summoned to appear against Sabrini to-day, four of his alleged victims, and two teachers at the schools where little girls were assaulted. All will appear next Saturday. Special Constable Walsh declared that as Sabrini is an Italian many of the witnesses that might have been brought against him, mostly girls, would have positively identified him from their evidence for fear that he or some of his friends may avenge him. Proposed New Park. Park Commissioner Wilson and Ald. Graham, chairman of the park and exhibition committee, paid a visit of inspection to a property in the ravine near Oakwood High School yesterday. The strip of land runs from St. Clair-avenue to Dovercourt-road, and it is proposed to use it for park purposes.

A Dish for a King— That means YOU. The free, independent Canadian citizen who has the means and the intelligence to gratify his taste in a simple, normal way is a KING—nothing is too good for him. The richest, biggest man in the world cannot buy anything more delicious, more wholesome or more nutritious than SHREDDED WHEAT BISCUIT and Strawberries—the most luscious product of the Canadian garden combined with the cleanest, purest, most nutritious cereal food. Nothing so wholesome, nourishing and strengthening in Spring or Summer as Shredded Wheat combined with berries or any other fresh fruit. Heat the Biscuit in the oven to restore its crispness; then cover with strawberries, raspberries or other berries and serve with milk or cream, adding sugar to suit the taste. A dainty, delicious delight for the palate that is tired of heavy meats and soggy pastries. Two Shredded Wheat Biscuits with milk or cream and a little fresh fruit will supply all the energy needed for a half day's work. Try it today. THE ONLY CEREAL BREAKFAST FOOD MADE IN BISCUIT FORM

OBSTACLES—AN AMERICAN VIEW

—From The New York World.

The difference. Another bill showed that 53,700 was charged for, and 22,700, according to the C.P.R., delivered. In another instance there was an overcharge of 5100 pounds.

“No, we supplied them to the city in case of any dispute,” replied Mr. Cox.

Difference in Weights.
 Mr. Drayton called attention to another instance where the C.P.R. weight was 40,000 and the weight charged to the city 61,600. This, said Mr. Cox, was a nominal weight, the Grand Trunk having previously weighed the coke.

“Have you any Grand Trunk certificates?”
 “No, we supplied them to the city in case of any dispute,” replied Mr. Cox.

Charges for Drains.
 During the examination of City Engineer Rust by the Judge at the afternoon session, discussion of private drains seemed to be the all-important subject. Judge Winchester claimed that a flat rate should be charged for the same, based upon the cost of the work, reduced in part by a margin for contingencies. The city engineer stated that the cost of private drains had been reduced in part by a flat rate of about 12 per cent. It was disclosed also that the rental for small areas given for storage and adequate, moreover, his honor pointed out that construction material when found to be short by the contracting concerns, is often bought at an increased price from other firms.

The claims take exception to the term “Ananias Club” as inferring that Mr. Preston is untruthful and not worthy of confidence. Further, it is alleged that “minor branches” seeks to hold him up to ridicule in that he acted dishonorably in the various countries in which he has been in public service, and that the editorial suggests that the government dismiss him from his position. The action is for \$5000 damages.

MAPLE SYRUP STANDARD
 To Be Determined at Government Laboratories.

OTTAWA, June 16.—Many complaints have been made regarding the adulteration of maple syrup.

Samples from time to time are submitted to the Dominion Analytical under the Pure Food Act, for examination.

The department has been helpless, however, because it has no standard of purity for maple syrup. This difficulty is now being remedied.

In the government laboratories at 317 Queen-street are 200 samples of maple syrup from all parts of Canada, but principally from Ontario and Quebec. These are being analyzed, and from the results will be worked out a standard of purity which will stand for all time to come in Canada.

Why the Howards Are Coming.
 That it's an ill wind that blows nobody good is demonstrated by the forthcoming appearance in Toronto of the Sensational Howards, the aerial acrobats, who have been secured as headliners for the Scarborough Beach free vaudeville bill next week.

The Howards had been engaged for the season at Dreamland, the famous Coney Island amusement resort, but the disastrous fire served to break their contract, and leave their services available for parks that had vainly tried to engage them last March. The Scarborough Beach management did not wait for letter writing, but wired immediately an offer to the Howards for one week, which they concluded to accept. So they will be at the Beach on Monday afternoon, and will give two performances daily thruout the week.

The Howards give two distinct acts, one a series of high wire tricks, and the other the famous bicycle act which has made Melvin Howard famous, MacRea and Levering, the cycling comedians, and Dennis Bros, who give a clever turn on a revolving ladder, make up the bill. The famous Sixty-Fifth Band of Buffalo will remain at the park thruout the week. On Wednesday night there will be the usual fireworks display, and on Thursday, Coronation Day, in the afternoon, there will be a special exhibition of Japanese daylight fireworks which ought to be particularly interesting to the children.

 “How easy is making out?” asked one Pullman porter.
 “Well, I used to think I was doing pretty good,” replied the other. “But after seeing a train held-up by a road agent the other day, I feel like throwing this old whistle down away and getting a revolver.”—Washington Star.

W. T. R. PRESTON FILES HIS STATEMENT OF CLAIM

Takes Exception to Term, “Ananias Club”—Action Against Ottawa Journal For \$5000.

OTTAWA, June 16.—The statement of claim in the action of W. T. R. Preston against The Ottawa Journal and its editor, P. D. Ross, for alleged libel, has been filed. It details that as commissioner in the Netherlands, Mr. Preston got Dutch capitalists interested in Canadian securities to incorporate a company to deal in western farm land mortgages. Then news was received by one of the proposed directors discouraging to the operations of the company, and which caused certain men interested to withdraw. Mr. Preston wrote an official letter to the department of trade and commerce regarding it, and on being authorized to investigate, wrote a letter to the effect that these discouraging statements had come from Chas. Fitzpatrick. Mr. Charles wrote an official letter denying it, and Mr. Preston wrote a letter claiming that he believed his information—that it was Mr. Charles—was conclusive. The claimants take exception to the term “Ananias Club” as inferring that Mr. Preston is untruthful and not worthy of confidence. Further, it is alleged that “minor branches” seeks to hold him up to ridicule in that he acted dishonorably in the various countries in which he has been in public service, and that the editorial suggests that the government dismiss him from his position. The action is for \$5000 damages.

WOMEN DEPOSITORS.

The cashier of a bank which has many women depositors, in speaking of these customers, said that the stock stories about overdrawn accounts and ignorance as to bank methods, had become pointless. Whatever may have been the case in former years, women give banks no more trouble now than men. “The woman who insists on drawing money when her balance has been exhausted because there are still blank cheques in her book has disappeared, and in her place we have a woman who wants interest on her money and who knows what ‘call money’ means,” said the cashier. Referring to the ‘old kind,’ he said: “One day we did have a real case. A woman rushed in, said she had just figured up her account and found she was \$500 short. Husband away—no other money—what could she do? She had brought jewels to leave as collateral security till he returned—and then we looked up the matter and found she had over \$500 to her credit.”

Day's WORK COUNCIL

NORTH TORONTO.
NORTH TORONTO, June 16.—(Special.)—Among the members of the town council to-night there is a well founded belief that the visit of the board of control, or at least two members of it, Messrs. Hoeken and Church, and the city council has appreciably strengthened the chances for annexation.

Mayor Brown and Councilors Weston, Reid, Howe, Lawrence, and Patterson, together with Engineer James, were all included in the party, and their enthusiasm for the cause in general and the municipalities was manifestly contagious and undoubtedly had a big influence. Not that any of the party were especially committed, but there was little deep-seated opposition to the scheme shown.

The city men were agreeably surprised at the size and character of the throng, as well as at the air of thrift and refinement everywhere apparent. The urgency of the case in respect to Mount Pleasant Cemetery parallel road was pointed out and the gravity of the situation apparently realized.

Another while all the members of the board of control and the city council did not take advantage of the occasion to see the latest suit for annexation files, the attitude of Mayor Brown and the other members of council to-night is indicative of an early consummation of the project.

MARKHAM VILLAGE.

MARKHAM VILLAGE, June 16.—(Special.)—It looks as if all roads will lead to Markham village on July 12. The meeting of the directors of the Markham Fair a few days ago, is said to have caused a lively breeze and one director quit the meeting after tendering his resignation.

SWANSEA.

Rig Smashed, Horse Killed, But Nobody Injured.
SWANSEA, June 16.—(Special.)—While John W. Clarke of Mimico was driving along Lake Shore-road, last night, his carriage was run into by Frank Burrows of Roncesvalles-ave., who demolished the horse so badly injured that it had to be shot. The fact that an auto, a street car, a heavy wagon and Mr. Clarke's rig all met at once is accountable for the accident. Nobody was seriously hurt.

WYCHWOOD.

WYCHWOOD, June 16.—(Special.)—At a meeting of the members of the local Presbyterian Church, Hugh Ward and John Dunne were elected elders, and the ordination service will in probability take place at the close of the Sunday evening service.

VICTORIA SQUARE.

Looks as Tho Today Will See Big GATHERING Here.
VICTORIA SQUARE, June 16.—(Special.)—Everything is in readiness to-night for the biggest and best garden party ever held in Victoria Square, and if weather conditions are favorable, and it looks as they would be, the village will see the biggest gathering in its history. The party is being given in pursuance of the presence of the Markham L.O.O.F. Band, Maple Leaf Methodist Church Chorus, and the Misses Mifflin and Mabel Gould all constitute an attraction that will be hard to resist and ought to draw a big crowd. There will be refreshments in booths and ladies will provide tea. Victoria Square for Saturday afternoon and evening.

NEWMARKET.

News Notes From Town and Country.
NEWMARKET, June 16.—(Special.)—A meeting of the hook and ladder company will be held at the firehall on Wednesday evening next.

North York is not very far behind the Niagara district when fine large luscious strawberries can be brought to maturity by June 2, and that is what William Tansley of the 15th concession, East Gullibility, has done. Farmers report the fall of the strawberry Sunday School will hold a strawberry festival on the handsome grounds of R. F. Schmidt, on Monday evening, June 20. The Aurora band will furnish the music and the proceeds will go toward raising funds for the new gymnasium in the Methodist Church.

The agricultural excursion to Pennington on Tuesday next promises to be well-attended. District Deputy Sommerville of Toronto will make an official inspection of the local A.O.U.W. during the week. Farmers report the fall of the strawberry Sunday School will hold a strawberry festival on the handsome grounds of R. F. Schmidt, on Monday evening, June 20. The Aurora band will furnish the music and the proceeds will go toward raising funds for the new gymnasium in the Methodist Church.

BANDS CAN PLAY SUNDAY—MAGISTRATE'S RULING

Bandmasters Acquitted in Court—Crown Attorney Took Responsibility for Prosecution.

Bands may play on Sunday at Scarborough Beach and at the island just as the Salvation Army band may play in the streets or orchestras in churches, for the bandmen are not laborers, artificers or any other kind of folk, who may not follow their ordinary callings upon the Sabbath. These men are artists and therefore thousands of people who show that they want to hear Sunday music in the open air because they go and hear it are not to be deprived of this pleasure by those who do not think it is good for them.

This was decided in police court yesterday morning by Magistrate Kingsford, who tried the bandmasters of the organizations playing at the resorts named. He heard the evidence of city bandmasters, who swore they were not laborers or workmen. H. H. Dewar, K.C., for the defence, asked whether he heard the evidence of city bandmasters, who swore they were not laborers or workmen. H. H. Dewar, K.C., for the defence, asked whether he heard the evidence of city bandmasters, who swore they were not laborers or workmen. H. H. Dewar, K.C., for the defence, asked whether he heard the evidence of city bandmasters, who swore they were not laborers or workmen.

NO "CONSCIENCE CLAUSE"

Everyone Must Be Vaccinated, Says Montreal Ordinance.
MONTREAL, June 16.—The Anti-Vaccination Society of Montreal has been awakened into activity by the recent vaccination legislation passed by the city council. The ordinance of the city council, which is the latest in a series of similar measures, has a "conscience clause" which declares the new bylaws. These make vaccination compulsory and provide penalties for non-compliance. There is no "conscience clause" and the only exemption is by a doctor's certificate testifying as to physical inability to undergo the operation.

"RUNNING THE HOUSE"

If 40 in every 100 among American housewives still supply their families with home-made bread, it is one of the most encouraging facts in reach of optimism. It is not less encouraging because this estimate comes from the Missouri Master Bakers, who insist that modern housewives do not know how to bake. They claim that home-made bread is superior to that of the baker, but the public opinion is in dealing with some master bakers.

WHOLESALE FRUIT MARKET.

Receipts of strawberries and other Canadian fruits on the wholesale market at the foot of Scott-street were again heavy on Friday, but the prices changed were few and comparatively unimportant. Delivery was free and the demand was on the whole very satisfactory. The quality of the stock offered was good. Receipts from all the large shipping centres indicate that the season will be a continued one. Next week ought to make a record in strawberry shipments.

New Records Made by Hollinger and Exploration—Dome Extension a Strong Spot—Cobalts Quiet and Unchanged.

World Office, Evening, June 16.

Public interest in the Porcupines is showing signs of broadening as is evidenced by the better demand for the gold stocks in the local market.

Both Hollinger and Northern Ontario Exploration were up to new high records again today, the former issue touching \$18.45, a gain of 25 points from the previous high level.

GETTING DOWN TO ORE AT THE IMPERIAL MINE

Expect to Get the Vein Any Moment—Superintendent Makes Report.

The following report under date of June 9 was received by R. W. Norrington, vice-president of the Imperial Mining Company.

The shaft and station are all complete. The dimensions of the station, 10 x 12, 18 feet deep.

Mr. Norrington states that he has just received a telegram that the north drift is now in 22 feet from the shaft.

Mr. Norrington, the general manager of the Imperial, is now in Toronto figuring on additional machinery.

CORONATION 35c. to \$1.50

Starting our Publicity Campaign on Porcupine Coronation, it is quite necessary to recite briefly just how the stock has acted market-wise in the past.

Less than three months ago (30 days), Porcupine Coronation was organized to take over certain valuable located Properties in the very heart of the operating centre of Porcupine.

The present market for Coronation is bid 37 cents, offered at 38 cents, and possibly a steady rise, and that inside of 10 days it will score a new high level.

We have outlined briefly above the market conditions on Coronation so as to acquaint the reader with the exact facts.

This announcement is just the beginning of a \$10,000.00 Advertising Campaign to acquaint the public with this Porcupine issue.

Others circulate brokers and clients generally. Others use lists. The most common form, however, is the unsigned reading notice which is sometimes deceiving to the public.

Mr. Bush, M.E., returned to town yesterday after a week's trip to the Porcupine. While in camp he went out and looked over the Dome Extension.
