HYDRO ATTACKED BY BUFFALO PAPER

Evening News Claims That Toronto's System is Operated at a Loss of \$500,000 a Year, But P. W. Ellis Refutes the Charge, and Says Report Will Prove Otherwise.

Chairman P. W. Ellis of the Toronto Hydro-Electric Commission, replying vigorously last night to an attack on the Ontario and Toronto commissions, made in The Buffalo Evening News, Sept. 11. In a broadside article the Ontario Commission, the article said: "Toronto is reported to be losing between \$200,000 and \$500,000 a year. Such a deficit in Buffalo would cause a riot. Hamilton is making the fight of its life, we understand, to prevent being brought into the scope of the commission's power."

"They are drawing on their imagination, and their statement is very wide of the mark," said Mr. Ellis. "The very opposite of what they charge is the actual case. The city has constructed a plant which now covers its entire area, and within the reach of every citizen.

"Business increasing. The business is increasing at a very rapid rate, beyond the expectations of the commission, and we hope soon to have secured the minimum amount of business to sustain the enterprise. The first year's operations, as the statement will show, will be eminently satisfactory."

"Great Public Utility. The Toronto Commissioners are carrying on a work of great public utility by the adoption of a sound, enterprising, but honorable administrative policy independent of municipal and political influences. They aim to confer benefits of great magnitude upon the city and all its interests, and to carry out this great public undertaking in a manner that will do justice to all interests concerned with stimulating, as opposed to wasteful, competition."

"This will be demonstrated in the report for the year which will increase the enthusiasm which the citizens have manifested in support of the municipal hydro-electric policy."

ARTHUR DOUGLAS KILLED IN WEST

Well-Known Toronto Man Was Thrown From Motor Car Near Vancouver and Fatally Injured.

VANCOUVER, B.C., Sept. 12.—(Can. Press)—Arthur Douglas, aged 35, son of James Douglas of 83 Walmer road, Toronto, for many years proprietor of the Aquatic Hotel, Yonge street, was killed last night by being thrown from an automobile which skidded at a turn in the Eburne road, four miles out of town.

Arthur Douglas left Toronto for the west just nine years ago, and was recently employed as traveling agent for the Dominion Express Company in British Columbia. He received his railroading experience in the office of the Grand Trunk Railway's passenger department in Toronto, and upon his arrival on the Pacific Coast he secured a position as purser on one of the Canadian Pacific Railway Company's Empresses, which ply between the Orient and Vancouver.

It was while attending Wellesley Public School that he developed athletic inclinations, at which time he won the school championship for the high jump and the half mile.

The dead man is survived by his parents, two brothers, one of whom is Inspector R. Y. Douglas of the mounted police at Regina, and a sister. The body will be brought back for interment in Toronto.

DAY FOR MEN'S HATS.

Saturday is the day in all the week when men go shopping. There are full lines by Henry Head of London, England, and Dunsby of New York and special fashions by Christy of London, and Melton of Philadelphia, and Melton of London. Store open until ten o'clock Saturday night.

Sunday Sliding

In the World appeared a letter from a sea resident on the island of Sunday, who writes of the winning of Sunday, the day in this matter is reawakened. The World questions whether the mayor and aldermen of the City of Toronto realize the strong popular feeling that has arisen against the prohibition of the slides on Sunday. Are they prepared to come out definitely on this matter? Will the members of the council who would forbid the people the use of the slides on the seventh day, boldly state their position before the next municipal election? The World begs to inform them that their stand on this subject will have a great deal to do with their return or rejection by the electors.

CHURCH PEOPLE WANT LAND FOR PARK

Officials of All Downtown Churches are Opposed to Sale of Normal School Grounds, Except to the City, and Will Give Any Assistance They Can to Prevent It.

Ministers and officials of all the downtown churches in Toronto have formed an association which has for its object the preservation as an open space of the normal school grounds. They will do everything in their power to induce the government either to withdraw the property from sale or sell it to the city at a nominal figure for park purposes. Notices had been sent out for a deputation to visit the Hon. Dr. Reame at the parliament buildings on Tuesday afternoon, but this has been cancelled, on account of the visit of the civic deputation yesterday. The ministers, however, are keeping closely in touch with the question, and will render any assistance they can to preserve the block.

Among those who are in the association are: Rev. Byron H. Stauffer of Bond street Congregational Church, Rev. Father Whelan of St. Michael's Cathedral, Rev. W. L. Armstrong of the Metropolitan Church, Rev. Andrew Robertson of St. James' Square Presbyterian Church, Rev. A. Jacobs, rabbi of the Holy Blossom Synagogue and officials of the W. C. T. U., the Creche Oakum House and other downtown institutions.

OPEN VERDICT IN POISONING CASE

Coroner's Jury Unable to Place Responsibility for the Death of Rose Zeipe.

(By Staff Correspondent.) HAMILTON, Saturday, Sept. 14.—That Rose Zeipe died from strychnine poisoning, but by whom the poison was administered could not be determined, was the verdict returned last night by Coroner Renne's jury, who investigated the 19-year-old girl's death.

The evidence of Analyst Rogers, assistant to Provincial Analyst Ellis, to the effect that one and one-tenth grains of strychnine was found in the dead girl's stomach, and its contents was the only material information added to the case.

Excepting for this evidence, the principal features of last night's session of the inquest were the recital of the sordid details of the relations between James Bruce and his wife, and the presence of a crowd of morbidly curious people who packed the court room at the central police station, and stood straining their ears to catch fragments of the evidence, in the corridors after the court room doors had been closed by the police.

YOUNG WOMAN MISSING FROM BURLINGTON HOME CLAIMS TO BE MARRIED

Ethel Greene Disappeared After a Visit to Toronto and Friends Fear That She Has Been Kidnapped—Wrote a Letter Saying She Was Married, But Parents Are Doubtful and Have Asked the Police to Look for Her.

While the Hamilton detectives are diligently searching for her, and relatives and friends are watching the boats and making other enquiries, the whereabouts of Ethel Greene of Burlington Beach baffles all.

After finishing her work at 6 o'clock last Tuesday evening, Miss Greene disappeared. Yesterday morning a letter purporting to have come from her was received by the family.

In it the writer states that she has married "Thomas White." The costume in which she was married is also described. Who "Thomas White" is, where she met him or anything else she doesn't volunteer. Near the end there is a postscript to the effect that they will reside in Buffalo.

Ethel Greene is only 17 years old. She has never kept company with any young man. In addition to this she has never shown any inclination for the society of the male sex.

What is worrying her family most is the fact that she may have fallen into the hands of unscrupulous people and may be in danger. Nothing is known of the man who the letter says is Thomas White. None of the friends or relatives have ever met such a person.

Last Friday Ethel and Mary Greene, two sisters, came to Toronto to see the

Canadian National Exhibition. They stayed with some friends at Humber Bay. While there they never had an opportunity of keeping company with any young man.

On Monday the girls started to return home. They were accompanied to the Hamilton boat by their friends. So far no gentleman friends had been in evidence.

But as they took their position on the deck, they were noticed talking to two young men. The only time that they had spoken of any men was in describing the trip down from Hamilton, when they mentioned "a fine fellow" who had been very attentive.

Arriving home Monday night at their father's house on Burlington Beach, all was as usual. Tuesday morning Mary started off for work. Ethel was late. When she went out she was wearing the blue suit with straw hat that she had worn in Toronto.

She worked all day and that night left, as Mary thought, for home. On Wednesday enquiries were made. A colored hostess in Hamilton had seen her on Wednesday. In the afternoon Miss Greene visited some friends near the Hamilton docks.

Since then no trace of her has been found. Thursday night the detectives

POLICE CAPTAINS WERE BLEED BY POLITICIANS

Asked to Pay \$15,000 Tribute to "Politicians and Others" Before Being Promoted to Inspectorate, Said Police Commissioner Waldo, Who Hotly Refuses Immunity.

NEW YORK, Sept. 12.—(Can. Press.)—The sum of \$15,000 was the price asked of a police captain by "politicians and others" for promotion to the office of inspector, according to testimony given by Police Commissioner Waldo today as a witness before the ad-hoc committee, which is investigating alleged corruption in the police department.

Mr. Waldo swore that he had an affidavit from a captain that he was approached and asked to give such a sum for his promotion.

The commissioner was not asked as to the identity of the police captain or the "politicians and others," but tonight Mr. Buckner, counsel for the aldermen, sent a letter to Mr. Waldo asking him to produce the affidavit.

"Do you," asked Mr. Buckner, "do you waive immunity, Mr. Waldo, in case your testimony?" He did not finish.

"I don't want any immunity and I don't waive it," snapped the commissioner. "Furthermore I do not understand that this committee has any right to grant anybody immunity. I consider the mention of such a matter a gratuitous insult."

"Do you want immunity?" insisted Mr. Buckner. "I consider this an insult," repeated the witness.

"Then I understand that you would refuse immunity," broke in the examiner.

Mr. Waldo's voice was shaking with emotion now. He leaned forward and again exclaimed that he considered such a matter unnecessary.

"Well, then," said Mr. Buckner, pleasantly, "we'll drop it."

Blamed Civil Service. Mr. Buckner plunged into a list of about thirty men who have been appointed to the force during Waldo's administration, after having been rejected in the preceding administration of Commissioner Cropsey for various crimes and other unfitness.

"The demoralization of the entire department is due to the civil service," said Mr. Buckner.

"If I deny that allegation," flared up Mr. Waldo, "there is no finer body of men in the world than the New York police force."

"You didn't think it worth while to investigate personally the character of a man who later might become an inspector," pursued Mr. Buckner.

"Before he could become an inspector," answered the commissioner, "he would have to pass a civil service examination for lieutenant, another for captain, and another for inspector. Unless he passed them, he could not be an inspector. That is the way the new men are promoted in the department now. I have an affidavit from a captain in which he says he was told he would not be made an inspector unless he put up \$15,000. He didn't pay and he was not appointed. The committee can have the affidavit if they want it."

Rain Delays Threshing

WINNIPEG, Sept. 12.—(Special.)—Scattered showers last night and this morning have interfered with threshing at many points in Manitoba and Saskatchewan. Most of the grain is cut and the chief concern now is for the threshing. While the wet weather extends as far west as Moose Jaw, the storm has not been general. At Fortage, in Prairie, Brandon, Regina and Saskatoon, it was heavy enough to interfere with threshing for at least twenty-four hours.

MIKADO'S BODY BORNE TO TOMB

Funeral Car Proceeded Through Streets Brilliantly Illuminated by Torches and Arc Lights on the Journey to Resting Place at Monoyama.

TOKYO, Sept. 14.—(Can. Press.)—The body of Emperor Mutsuhito was conveyed from Tokyo to Aoyama last night on the first stage of the journey to its last resting-place at Monoyama, and early this morning the journey was resumed.

Borne on a two-wheeled cart drawn by oxen, the huge casket containing the body of "The Emperor of the Era of Enlightenment," was taken thru lines of soldiers, back of whom thronged countless thousands of natives and numerous foreigners, over three miles of roads that were brilliantly lighted with torches and arc lights, under the glare of which the black and white funeral poles and sacred trees stood out in bold relief from the background of mourning-draped and beflagged buildings.

Signaled Nogi's End. Following the impressive funeral services of today in the palace here, the single detonation of a gun tonight served as an announcement to the waiting thousands in Tokyo that the cortege was leaving the palace for Aoyama. The firing of this gun, it developed later, also was the signal which Gen. Count Marsuke Nogi, one of Japan's foremost soldiers, and his wife awaited to kill themselves, so that they might be with the departed emperor, whom the general had served well in life.

Within the palace park torches and electric lights illuminated the spectacle of the casket being conveyed from the palace and placed on the funeral car. One hundred thousand persons had been favored with permits to enter the park and they stood silent as a military salute of 101 guns, was fired in honor of the dead ruler. The pall bearers included Gen. Kuroki, Gen. Oku, Admiral Togo, Vice-Admiral Sato and Viscount Ijūin.

At midnight the detonation of guns was heard in every corner of the empire. It was the supreme moment of the ceremony at Aoyama, when the emperor and the empress knelt beside the bier of the departed monarch and prayed while the entire assemblage stood with bowed heads. Thousands of bells in the Buddhist Temple and Christian churches tolled at this hour, and minute guns were heard on land and sea.

The funeral train bearing the body of Emperor Mutsuhito left Aoyama at 2 o'clock this morning for Monoyama. The Japanese fleet in Tokyo Bay saluted as the train passed.

The entire route to Yokohama was electrically lighted. As the train neared Yokohama, the warships in the harbor fired a salute and at the station an enormous crowd had gathered to pay their respects to the dead monarch.

Winnipeg Man Was Revived After Being Declared Dead

WINNIPEG, Sept. 12.—(Can. Press.)—Pronounced dead by a qualified physician, laid out in his home while authority was being sought from the coroner to bury him without an inquest, resuscitated by another physician, after a police inspector had suspected a spark of life and today walking about the streets of Winnipeg, is the strange experience of S. Musik. Had it not been for a series of accidents, Musik would have been buried alive.

Musik was found, apparently dead, in his bed and after an examination Dr. Knight pronounced life extinct. The coroner, however, was not satisfied with the story that reached him

GENERAL NOGI AND CONSORT END LIVES

True to Ancient Tradition Noted Japanese Commander and Wife, After Calm Observance of Rites, Stabbed Themselves, Dying in a Few Minutes—Tokio Deeply Stirred.

TOKIO, Sept. 12.—(Can. Press.)—General Count Marsuke Nogi, supreme military councillor of the empire, and his wife, the Countess Nogi, committed suicide tonight in accordance with the ancient Japanese custom as their final tribute to their departed emperor and friend, Mutsuhito.

The taking off by their own hands of the famous general and his wife was as dramatic as it was sad. The general cut his throat with a short sword and the countess committed harikari.

Following the Samurai custom the couple had carefully prepared their plans for killing themselves and timed them so that they would be coincident with the departure forever from Tokyo of the dead emperor.

Gen. Nogi and the countess had attended the funeral services of Mutsuhito at the palace here today, and it was expected that they would proceed to Aoyama tonight with the cortege. Instead, at the conclusion of the ceremony, they withdrew to their modest home in Akasaka, a suburb of Tokyo, and there began their final preparations for death.

Preparations for Death. First, the general wrote a letter to his new emperor, Yoshihito. There he depicted in mourning a portrait of the late emperor and afterwards he and his wife dressed themselves in full Japanese costumes and drank a farewell cup of sake from cups which had been presented to the general by Mutsuhito.

Darkness had fallen and Gen. Nogi and the countess sat and awaited the signal they had agreed upon to announce their leave-taking. This was the "boom" got a signal gun in the palace grounds at Tokyo, which was to let the people know that the body of the emperor was starting for its last resting place.

As the boom of the signal gun resounded Gen. Nogi arose and grasped lightly in his hand a short sword, plunging it into his throat. Then the countess stabbed herself through the stomach. A student who resided in the Nogi home heard the fall of the bodies and rushed into the room. Lying upon the floor were the hero of Port Arthur and his wife. Both still were breathing, but their spasmodic gasps showed plainly that their lives were fast ebbing. The student went for aid, but when he returned both the general and the countess had passed away.

Created Profound Sensation. The tragedy created a profound sensation and expressions of sorrow were heard on every hand tonight. Especially grief-stricken was Prince Arthur of Connaught, who was to have gone with Gen. Nogi tomorrow to the former capital of the Shogunate, Kinnakura. Those who knew Gen. Nogi well declared that his calmness in killing himself tonight was the kind of calmness he always had displayed, no matter what crisis faced him.

Famous for Exploits. Gen. Nogi's brilliant achievements during the Russo-Japanese war brought him world-wide fame as a military commander. He commanded the Japanese army at the siege of Port Arthur, the giant fortress falling after a siege lasting for six months. As soon as he had scored this triumph he rushed north with an army of a hundred thousand men, and passing thru Chinese territory, in defiance of laws of neutrality, outflanked the right wing of the Russian army, which was engaged upon Kuropatkin and against General Kuroki, in the battle of Mukden, the greatest land conflict of modern days. His sudden onslaught on the Russian army who had been constantly engaged in battle for five days, decided the struggle, and the result was the precipitate defeat of Kuropatkin's army, the capture of 50,000 of his men, the destruction of vast supplies, and the end of the war.

Doctor on Examining S. Musik Pronounced Life Extinct, But Inspector Later Detected Signs of Vitality, and Man Was Saved From Being Buried Alive.

and possibly suspected foul play. He sent Inspector MacDonald with a constable to get evidence. While watching the body, the officer thought he detected a slight movement of the blankets. On this being repeated, Dr. Bercevitich was summoned and made an examination.

All the usual tests showed entire absence of reflex action of muscles and breathing. Suspecting the man might be suffering from cranial pressure, causing what is known as chymaestosis, or suspended breathing, the physician drew off some blood serum from the spinal canal, with the result that reflex action returned and the man was soon on his feet.

## RIOTING AT DULUTH

Troops May Be Called to Suppress Car Strikers.

DULUTH, Minn., Sept. 13.—(Can. Press.)—Business organizations tonight appealed to Gov. Eberhart for troops to help quiet the riotous outbreaks that today compelled the Street Car Company to suspend service after six car men had been injured by strikers and their friends. Five arrests were made, but the police could do little with the crowd that surged around each car sent into the downtown streets. Stone throwers were lost in the mass and there were not enough officers to drive back the attackers.

## S. P. SAUNDERS DEAD

Was West Indian Representative of American Life Insurance Co.

Samuel P. Saunders, the West India representative of the North America Life Insurance Co., died yesterday after a few days' illness at 583 Spadina avenue, where he was staying for the summer. He has spent the past 17 summers in Toronto, going to the West Indies for the other portion of the year. He leaves a son, H. R. Saunders, New York, and two daughters, Mrs. J. R. Saunders, Montreal, and Miss Saunders, Toronto. The funeral will take place this afternoon at Mount Pleasant Cemetery.

## HIGHLANDERS PARADE

Good Turnout of Men and Combined Bands' Concert Greatly Enjoyed.

The 48th Highlanders paraded last night at the armories under the command of Major Currie, M.P., Lieut. Col. Hendrie being absent on leave. The parade state showed the present, which is the best record for the same time of the season in the history of the regiment.

## MILE IN 2:00 1/2

### Three New World's Records on Closing Day of Grand Circuit Races at Syracuse.

SYRACUSE, Sept. 13.—Three world's records were broken to-day by Evelyn W. in winning the free-for-all pace at the Grand Circuit meeting held in conjunction with the New York State Fair.

Her time for the mile, 2:00 1/2, in the second heat, was the fastest ever paced by a mare, the fastest second heat by pacers of either sex and the race constituted the fastest two heats ever paced by a mare. The time by her was 2:00 1/2, 1:59 3/4, 1:59 1/2, 2:00 1/2.

It was the fact that forced the mare to extend herself, the two speeding side by side around the mile circuit. Evelyn W. was the first to the post in each heat by a narrow margin. The speed of the leaders was too great for Independence Boy.

The free-for-all pace was the feature event of the closing day's program. Twenty thousand persons were at the track. Summary:

### Today's Cricket Match at Rosedale

#### Only Fine Weather Needed For Success—Notes Regarding Picked Team.

"I think the team is a strong one and it will take some beating," said Captain Lowndrough of the Toronto club when asked his opinion regarding the "Best of Toronto" eleven. Only fine weather is needed to ensure a huge success as regards the hospital cricket match at Rosedale on Saturday next, Sept. 14. The tickets are selling well and the fixture promises to be the leading cricket and social event of a busy season.

Mayer Geary will bowl the first ball and he will probably be supported by the board of control and the city councillors. Mayor Brown of New Toronto has intimated his intention of being present, and Councilmen Ball and Howe are also expected to renew their acquaintance with the old national game. Arrangements are being made for the supply of refreshments and good accommodation for viewing the match will be provided.

The following notes regarding the eleven players selected to represent the rest of Toronto will be of interest:

H. S. Reid (Rosedale) is a sound bat, a leading cricketer and a capital field. He was a member and a captain of the national team which met All United States at St. Paul, Minn., and he was captain and it is to be hoped that his fatal facility for being "bow" or "run out" will not be his lot on Saturday.

H. G. Wooley (Rosedale) is a good bat and probably the best left-arm bowler in Canada. H. G. does not know much about cricket, but he has the happy knack of playing better the more important the match is.

G. B. Bain (Rosedale) is one of the best bats in the city and a good change bowler. He was invited to represent Canada in last week's international.

E. Heath (Eaton's) is the versatile west Indian; a steady bat, a good change bowler and a clever field.

W. Brooks (St. Barnabas) is one of the best bats in the city, and a capital batsman.

R. Murray (St. Barnabas) is a fine all-round cricketer.

S. H. Williams (Simpson's) is the best batsman of the big score team, is also a capital fielder and has few equals at point.

H. A. Greene (Simpson's) is one of the best all-round men in Toronto.

W. Marsden (Aurs Lee) has made a century in the city season. He is also a good bowler and a capital field.

W. H. Garrett (St. Alban's) heads the batting averages for his club. He is a batsman of the aggressive type.

Seven places have been filled in Toronto's team, which probably will be unusually strong. The casualties are: P. E. St. John, J. L. Davidson, Wright, H. G. Davidson, A. C. Heighington, Norman Seagram and A. D. Cardwell.

The four remaining places in Toronto's team were filled yesterday by the inclusion of J. L. Hynde, L. M. Rathbun, A. A. Beemer, and H. F. Lounsbrough. The last three places will probably be filled by the inclusion of Parkdale and Parts of Grace Church.

H. G. Wooley's untiring efforts to make the match a success have been rewarded by his securing the voluntary services of the Queen's Own Regimental Band by permission of the officer commanding and Bandmaster Timpon. The band will play from 4 to 6 p.m.

## Kuntz's

### ORIGINAL LAGER

**Famous for 60 Years**

for its high quality and matchless flavor. A sparkling, vigorous, spring-water lager that goes right to the dry spot, quenches your thirst and greatly refreshes you. Often imitated, so look for the word "Waterloo" on the label.

## Kuntz's

### FINE SPARKLING ALE

**Brewed from the finest ingredients,**  
including pure, crystal-clear water from the famous Kuntz Springs. The analysis of this water shows that it is equal, if not superior, to the water used in brewing famous English ales. It requires an exceptional water for a high-class ale. That's why Kuntz's Fine Sparkling Ale is superior to ales brewed from ordinary water. That's why it has a brisker, more vigorous flavor and is more refreshing. The next time you drink a glass of ale fill it from a bottle of Kuntz's Fine Sparkling Ale and enjoy the latest brewing triumph of the famous old House of Kuntz.

### Motorcycle Card Today at Ex. Track

Wild Bill Staude arrived yesterday from Reading, Pa., to give some time trying out the track at the Exhibition for today's motorcycle races. Staude was delighted with the course, which is faster than it has ever been, and he is going to give a good account of himself today against Harold Cole and the other Canadian crackers in the five and ten-mile open races. Staude raced on Tuesday at Reading and cleared up the first event today with a bad crack. The first event today will be started at three o'clock, and automobiles and motorcycles will be admitted to the ring enclosure, where the occupants can watch the races. The competitors are:

One-mile novice bicycle race (three heats): Whippet (handicapped) open race; half-mile challenge bicycle race (two heats); five-mile novice motorcycle race; private open one-mile challenge bicycle race (Scheller, Andrews, and McMullen); two-mile bicycle handicap (half-mile heat); whippet race (handicapped); final five-mile motor-cycle race; ten-mile motorcycle race, for trade riders.

Band concert by 4th Highlanders will commence at 2:30 o'clock.

**CURRIE**—In memory of Jim. Just one year ago today since our dear Jim passed away. We don't know just how he fell. He was too sore and weak to tell. When nights are long and friends are few, Oh, dear Jim, how we miss you. He had no time to say good-by. But his chums were there to lift his head.  
 And they all said: Oh, poor Jim is dead!—Mother, Father, Sisters and Brothers.

**FOUND DEAD IN CELLAR.**  
 Joseph Flynn, who lived at 2 Oer Howel street, was found dead in the cellar at noon yesterday and his body was removed to the morgue. It is said that he had been drinking heavily of late and that his death was due to acute alcoholism. An inquest will be opened today.

**FELL FROM STREET CAR.**  
 Joe Snider of 183 York street fell off a street car near the corner of Bay and Queen streets yesterday afternoon. Taken to Drs. Riordan and Rice's office, he was found that he was suffering from concussion of the brain. It was a very light attack. He was taken home and will recover.

**John Scott of 23 Elm St. May Die as Result of Terrible Beating Early Today.**

John Scott, 23 Elm street, was assaulted early this morning by two men opposite the Elm street Methodist Church. They came upon him unawares, threw him to the pavement, and after maltreating him dreadfully, left him. His family missed him after 12 o'clock and went to look for him. They found him in front of the church. They immediately requisitioned a police ambulance and had him taken to St. Michael's Hospital. It was said there early this morning that he had a severe fracture of the skull, and that it was not likely that he would survive.

**Will Attend Launching of H.M.S. Audacious, First Dreadnought Built on Mersey.**

**LONDON, Sept. 14.**—(C.A.P.)—Colonel Sam Hughes, Major Robertson and Col. Landry returned last night, having shortened their visit to France to attend the launching of H.M.S. Audacious from Cammell's and Laird's shipbuilding yard, Birkenhead, this morning. The launching and naming ceremony will be performed by the Countess of Lytton.

The Audacious, which is the first Dreadnought, which has ever been constructed on the Mersey, represents the fourth armored cruiser of the 1910-1911 program now in course of construction. She is 555 feet in length and 89 feet beam, displacing 23,000 tons, while her armament consists of ten 12.5 inch guns and 16 4 inch anti-aircraft guns. The turbines are of 21,000 horsepower and are designed to produce a standard Dreadnought battleship speed of 21 knots an hour. The total cost, exclusive of the cost of guns, is estimated at nearly six million dollars.

**French Manoeuvres Splendid.**  
 Colonel Hughes, referring to his visit to France, said they attended the manoeuvres at the express invitation of the French war office, and were given a cordial reception by the French officers. "Yesterday we traveled right along the fighting line, a distance of some 200 kilometers. The sight was magnificent. Splendid coordination between the moving parts of the forces seemed to be easily secured. Each man knew what to do, and the way to do it," he said.

**Colonel Hughes now finds it impossible to attend the German grand manoeuvres next week. The sight is magnificent. Splendid coordination between the moving parts of the forces seemed to be easily secured. Each man knew what to do, and the way to do it," he said.**

**VIENNA, Sept. 12.**—(Can. Press.)—Altho a heavy rain fell throughout almost the entire day, there was a large attendance upon the various meetings of the Eucharistic Congress today. Dr. Paul Pfeiffer of Vienna, in the course of a discussion of homes for theological students, deplored the scarcity of candidates for the priesthood in Austria and Germany and the inadequate provisions for training candidates as compared with the excellent provisions made for the students in the colleges of the United States. Dr. Pfeiffer declared that the unsatisfactory facilities for boarding students in Vienna were largely responsible for their small number and urged the erection of students' homes on the lines already contemplated by the University of Vienna.

**Sunday World Features**

The magazine section of The Toronto Sunday World contains a large number of special articles and the regular departments are kept up to the usual standard of excellence. The first page is embellished with a magnificent four-color drawing. Mr. Fred Hitchcock Kemp deals with the rejuvenation of the Englishman who comes to Canada past the meridian of life and finds it hard to get along, with illustrations by an 8-year-old girl. Mr. Kenneth Douglas deals with religious and social problems. Mr. Stafford's column will be found unusually attractive. The song feature is the "Honolulu Rag."

We resume this week the publication of embroidery patterns. These patterns may be transferred to material by a simple process, and will be found exceptionally valuable to the ladies.

Are you reading Arnold Bennett's story, "Buried Alive"? The Sunday World is offering prizes for the best condensations of the story, as printed to date. "The Wall" writes a couple of columns of comment on current events which will prove diverting, and his "Harvesters' Hymn" is a neat bit of poetic writing.

The other departments include Kip's column of comment, Nell Brinkley's striking cartoon, a page devoted to events in the musical world, reviews of new books and literary gossip. The news and sporting sections will be found complete and up to the minute.

**PUBLIC HEALTH ASSOCIATION OPENS CONVENTION MONDAY**

**Under Distinguished Patronage and in Accordance With Health Act, Medical Officers of Health Will Attend Second Annual Congress of Newly Formed Canadian Association.**

It is estimated that approximately 2500 of Canada's leading medical practitioners will be in attendance at the Physics Building, Toronto University, for the opening session of the second annual congress of the newly-formed Canadian Public Health Association, the formation of which was consequent on the new provincial health regulations calling for the M. O. H.'s of provinces to meet at least once a year for the purpose of discussing the various systems of inspection, which pertain to the retention and improvement of the public health.

The session opens for general business at 10 a.m., and from that hour until 8.30 p.m., papers of a very high order will be read and limited discussion will follow. The first day's proceedings will be brought to a close by a smoking concert at the York Club at 8.30.

At Convocation Hall in the evening, Dr. W. A. Evans of Chicago, who is considered one of the foremost public health authorities of America, will deliver a public lecture on "The Value of a Public Health Department to a Municipality." The Ontario Public Health Act will be discussed by Dr. John W. S. McCullough, provincial M. O. H., at the afternoon session, while "Tuberculosis Preventatives and Cures" will be the subject brought up by Dr. J. H. Elliott and several well-known specialists in the morning.

The following papers under their different departments will be read and discussed during the three days of the convention:

**Military Hygiene.**  
 J. T. Fotheringham, lieutenant-colonel, P.M.O., A.M.S., chairman. (a) "Sanitation of a Besieged City or Town"—G. Carleton Jones, colonel, A.M.S., D.G.M.S., Canada. (b) "The Sanitation of the Bivouac"—D. B. Bentley, lieutenant-colonel.

**Sanitary Engineers.**  
 T. Aird Murray, C.E., chairman. (a) "Toronto Filtration Plant"—F. F. Longley, C.E., Toronto. (b) "A Complete Sewage Disposal Plant for a Public Institution"—T. L. Jones, C.E., Toronto. **FEW CANDIDATES FOR PRIESTHOOD**

**Lack of Educational Facilities in Austria and Germany Deplored at Eucharistic Conference.**

**VIENNA, Sept. 12.**—(Can. Press.)—Altho a heavy rain fell throughout almost the entire day, there was a large attendance upon the various meetings of the Eucharistic Congress today. Dr. Paul Pfeiffer of Vienna, in the course of a discussion of homes for theological students, deplored the scarcity of candidates for the priesthood in Austria and Germany and the inadequate provisions for training candidates as compared with the excellent provisions made for the students in the colleges of the United States. Dr. Pfeiffer declared that the unsatisfactory facilities for boarding students in Vienna were largely responsible for their small number and urged the erection of students' homes on the lines already contemplated by the University of Vienna.

**Thousands of pilgrims are suffering much discomfort on account of the cold rains.**

**A VEST POCKET CAMERA**  
 Which Makes Postcard-Size Pictures

This camera—the "Ensignette"—is different from any other. With an Ensignette you make clear pictures, postcard size—and yet the camera is so compact that it slips into a vest pocket. The process is just the same as with ordinary cameras, but the Ensignette is a marvel of construction. All built of metal—very compact and complete in every detail. Ask to see some of the work made with an Ensignette. The cameras sell at \$9.00 and upwards. Make a point of seeing the Ensignette.

### The Daily Hint From Paris

### Rich Material Made Up Plainly.

Here simple lines and meagre trimming show to good advantage a heavy gray satin. The front of the waist is draped with a shaggy fall of cream lace, ornamented with smoke pearl drops. The soutache braid is used in closely set lines, exactly matching the satin in color.

A white leghorn hat, trimmed with cream color mallow and roses, is worn.

### FARMERS PROVE CLEVER SLEUTHS

Waterloo Men Trace Three Horses Stolen Two Years Ago and Arrest Follows.

BERLIN, Sept. 13.—(Special).—The efforts of J. S. McNally and Dr. Hoffener, members of the Waterloo County Farmers' Protective Association, have resulted in the recovery of three horses lost by three farmers during the past two years.

After looking for two years, for the county police to do something, they set out themselves on a clue and after a careful search among the farmers around Tavistock, they were successful in locating the missing animals. They quickly returned to Berlin and a further investigation followed, with the result that the three horses were recovered and John Hummel of Stratford had been arrested and brought to Berlin for trial.

### Refusal to Eat May Cost Life

Mary Leigh, Who Threw Hatchet at Redmond, in Serious Condition From Forebri Feeding.

DUBLIN, Sept. 13.—(Can. Press).—Mary Leigh, the suffragette, who recently was sentenced to five years' imprisonment for wounding John E. Redmond, leader of the Irish parliamentary party, with a hatchet, is in a dangerous condition in Mount Joy Prison as a result of being forcibly fed.

### A MUCH-WANTED COUPLE

BERLIN, Ont., Sept. 13.—(Special).—Mr. and Mrs. Connolly, wanted here and in Waterloo on the charge of jumping a ga board bill and obtaining money under false pretences, were arrested in Port Huron and will be brought here for trial. They are also wanted in Niagara Falls, N.Y., and Brantford.

### KICK OF HORSE FATAL

LUCKNOW, Sept. 13.—(Special).—As a result of being kicked in the abdomen by a horse while unloading the animal from a low, Robert Thompson, son of Moses Thompson, who was shot and is one and a half miles east of Holyrod, succumbed after great suffering.

## Ward Seven

The funeral of the late William Burke of 27 Hook avenue, who was killed Wednesday morning by a suburban car, was held yesterday morning from St. Cecilia's R.C. Church to Mount Hope cemetery. Rev. Father Staley, the priest in charge, celebrated the requiem mass and the funeral was one of the largest seen here for some time. The following were the pall-bearers: Messrs. Joseph William, Thomas and Edward Fitzpatrick, and James Burke.

## NEWMARKET

The NeWMARKET Fair will be held on Tuesday, Wednesday and Thursday next, and given fine weather, promises to be a huge success. In addition to the exhibition of all kinds of agricultural produce, implements, and live stock, there will be speeding in the horse ring and a basket ball game between Richmond Hill and NeWMARKET. The Aurora band will be in attendance, and the Grand Trunk and Metropolitan are providing special rail facilities. The funeral of the late Miss Rachel Millard took place at NeWMARKET cemetery on Wednesday and was largely attended. Among those present were a distance were Miss Tatton, Miss Martin, Miss Geraldine Millard, Mrs. Chestnut and Miss McArthur of Toronto, Mr. Jos. Millard, Mr. W. A. Robinson, Stouffville; Mrs. Bannerman, Bradford, and Mr. and Mrs. Wakelield Howard of Aurora.

## STOUFFVILLE

There are many complaints in Stouffville as to the prevalence of what is known as pear blight. It is caused by bacteria which enter the blossom of the pear tree, and cause the leaves and wood to shrivel up as if struck by lightning. The remedy is to spray the trees repeatedly and thoroughly when in bloom with the Bordeaux mixture. A similar twig blight can be seen on apple trees, and the same remedy is effective.

## PICKERING

C. H. C. Wright, professor of architecture in the faculty of applied sciences at the University of Toronto, has been elected a licentiate of the Royal Institute of British Architects. His many Pickering friends have congratulated him upon receiving this honor.

## BRAMPTON

BRAMPTON, Sept. 12.—Charles Burrows, an employe on the road gang laying pavement on Queen street, had his left arm torn open from the elbow to the wrist this morning while operating the cement mixer. In pushing the lever that dumps the mixer his hand slipped and his arm caught in the cog wheels with the above result. Dr. Leeson dressed the wound which required ten stitches to close.

## NORTH TORONTO ANNEXATION

Petitions calling upon the North Toronto Council to carry out the people's vote are now in circulation. Owners of North Toronto property who reside in the city can sign the petition at the office of Ussher & Co., 46 West King street, and McArthur-Richey-Trimble, Limited, 88 Yonge street.

## AURORA

At the annual meeting of the W. C. T. U., held at the Anglican Presbyterian Church, the following officers were elected: First vice-president, Mrs. Woodrow; second vice-president, Mrs. Tully; vice president, Mrs. Western; recording secretary, Mrs. Stewart; corresponding secretary, Mrs. Ferguson; and after a long discussion it was decided that Town Solicitor Gibson should drop the law providing for the regulation of moving picture shows.

## SWANSEA

The third annual exhibition of flowers, fruit and vegetables of the Village of Swansea was held last night on the public school grounds which were continually thronged with hundreds of school children and parents, anxious to view the products of the youthful gardeners. The exhibits were most creditable to the efforts of the children and some very excellent specimens of fruits and vegetables and cut flowers were in evidence.

Officials of the railway say that double and triple that number of men will find employment here, as soon as these shops are running to their full capacity.

## Think of the significance attached to the industrial development in the neighborhood of LOWTHER PARK

Stores, homes and places of amusement, as well as churches and schools, adjoin this property, and owners of land in Lowther Park will reap the benefit.

An early, strong, healthy rise in value in every foot of Lowther Park must take place. Owners of stores, salesmen, clerks and the hundreds of artisans who will be employed in this section will want residences in Lowther Park, away from the smoke and noise of the factories, where they can have a comfortable home with a lawn and garden.

## Look to the North!

Let These Facts be Your Guide

Here is striking testimony to the high investment qualities of North Toronto real estate and an instance or two indicating growth.

2,000 Acres of Northern Toronto Suburban Lands were recently purchased at an immense price by the C. N. R.—a corporation of shrewd buyers.

**NORTH TORONTO IS TO HAVE A NEW DEPOT TO ACCOMMODATE PASSENGERS FROM A RAPIDLY GROWING RESIDENTIAL DISTRICT.**

**North Toronto Will Soon be Annexed.**  
**North Yonge Street is to be Paved.**  
**North Toronto is to Have a New \$100,000 Post Office.**

\$30,000,000 will be spent in the next three years by the railways—1912 building permits will greatly exceed the 1911 figures.

Just to satisfy yourself, secure a list of building permits, commercial and residential; notice, too, the direction of expansion.

You'll have an increased confidence in Toronto real estate—you'll be more interested in suburban property—you'll see that, as a city, we cannot help but grow to the North—and you'll wish to buy—and, if you're a keen buyer, you'll do it now.

## Glen Grove Park Annex THE IDEAL SUBURB

Here is a suburban property within easy reach, with rigid building restrictions, in Toronto's finest residential section.

No "Blind Man's Buff" about it. You look it over and study it carefully before you buy. It's the only safe way to buy real estate.

**GLEN GROVE PARK ANNEX** is beautifully situated (just run out Glen Grove Avenue from Yonge Street) high, dry and healthful. Already some of Toronto's finest homes are in the surrounding properties, better still, it is in the direct path of Toronto's rapid growth. It is a suburban property without a drawback and must pay large dividends.

But there's only one way—see the property—satisfy yourself as to its desirability—follow the "Facts" and you'll purchase your lot.

**HOW TO GET THERE.**

Take a Glen Grove Car on Yonge Street and get off at Glen Grove Avenue. You will find our Branch Office on the corner and our automobiles waiting to take you to the property.

## MONARCH PARK SALE STOPPED

Danforth Avenue Property is Taken Off-Market by Owners. Who Will Wait for Next Year's Development

Tanner & Gates announced yesterday that Monarch Park, their Danforth near Greenwood, subdivision, was to be taken from sale. It will be placed on the market next spring.

After selling to a large number of builders, putting in concrete walks at their own expense, \$12,000, securing permits and getting bonds signed for the water mains, which will be in this fall, the owners decided to take full advantage of the development of the district, which next spring will reach tremendous proportions, and hold over

the unsold portions until next year. Some 250 lots out of an original 1,000 have been sold. Whether investors will have an opportunity to get in at this fall's prices could not be ascertained.

Danforth-Woodbine Park, another of their properties, has met with great success. Mr. Gates yesterday gave figures of sales. The tract was divided into 338 lots and put on the market last 24th May. Now 151 lots only are left, and these run in prices from \$15 to \$30 a foot.

Arrangements have been entered into with the city leading toward the early installation of Danforth-Woodbine Park of water, sewers and other conveniences.

The Bell Telephone Co. were granted a permit for the erection of a new Parkdale exchange on Cowan avenue, near Queen street. It will cost \$23,000 and be two storeys.

**FARMER KILLED BY TRAIN.**

**SHERBROOKE, Que., Sept. 13.**—(Can. Press)—Heland Wright, a well known farmer from Glen Sutton, was found on the track near here, having evidently been run over by a train, as his body was terribly mangled. Wright had been attending Brome fair and evidently fell from the train while on his way home. He leaves a wife and a large family.

## Helliwell Offering Is Well Taken

The Helliwell estate property, on Don Mills road, a quarter mile north of Danforth avenue, is being well received. Almost half the property has been sold to builders at very good prices. It was advertised practically exclusively in 'The World'.

Sewers have been arranged for and all the southern section of the property has water service, and this will result in early activity on the part of householders. Other conveniences resultant of recent annexation to the city have been assured.

The new pavement on Don Mills road, now being laid, will go past the front of the property.

C. N. Chadwick of the Colonial Realty and Securities Co., the owners, asserts the success of this high-class property has been even greater than the most optimistic directors expected.

## College St. Land Sells at \$170 a Foot

Another of the fast diminishing vacant stretches on College street is to be built up. Cohen & Marks have bought the 200 feet 5 inches of frontage on the south side, between Clinton and Grace streets, at \$170 a foot, or \$34,000, and will build stores, with apartments above, on the plot.

The vendor was A. Butler.

## Knox College Costs \$475,000; New Exchange

A permit was taken out yesterday for the new Knox residence and college, on the west side of the University Campus. Chapman & McGiffin are the architects.

The building will be four storeys in height and of brick, stone, steel and concrete.

**GUilty OF THEFT.**

The following were arraigned before Judge Denton on charges of theft yesterday at the criminal sessions and pleaded guilty to the charges: Clinton Shaw and Ernest McKee, charged jointly, Wm. Quirk, J. J. Foley, David Applebaum, Abraham Manham, G. W. Rys and M. Wilson.

All were allowed out on bail and remanded for sentence.

## SCHOOL ACCOMMODATION

Portable Building Will Be Erected at Carlton at Once.

It was decided by the property committee of the board of education yesterday in view of the overcrowding of Carlton School to proceed at once with the erection of a two room portable building. The lumber will be purchased from the I. A. Law Lumber Co., which tendered at \$323.48. It will be erected by day labor.

These tenders were accepted for other schools:

Western School, enlargement; Mason work, 1987; J. A. Wickert; carpenter work, 8810; Corker & Le Drew; plastering, 51448; Geo. White; painting, 8650; F. Palmer & Co.; roofing and sheet metal work, 58825; J. T. Powers; fire proof flooring, 1377; Robt. Benham; iron stairs, 1000; Shipway Co.; Howard School; Painting, 1184; J. R. Seager.

Ogden school; Painting, 112; J. R. Seager.

Winchester School; Painting, 1350; Keith & Co.

Class room accommodation was granted to the trustees of the York County school district No. 15, in Hughes School for \$35 a month.

## INCORPORATED AT OTTAWA.

OTTAWA, Sept. 13.—(Special.)—The Canada Gazette gives notice of the incorporation of the following companies:

Wallace Sandstone Quarries, Ltd., with a capital of one million dollars, divided in 10,000 shares of \$100 each; the Toronto Paper Manufacturing Co., Ltd., capital \$1,000,000, of Toronto; and the Alaska Securities, Ltd., with a capital of \$1,500,000, of Montreal.

## Caught in Rope Leg Was Severed

IROQUOIS, Sept. 13.—While the steamer Alexandria was swinging out after calling at Iroquois wharf this afternoon, Robert Gates, one of the deck hands, who was sitting on the scrubbing post waiting his turn to pull the rope off, got a leg tangled in the line, and the limb was completely cut off. He was hurried to Brockville Hospital for treatment, in charge of Dr. Johnson.

Gates' home is at Eric, P.O., near Kingston, Ont.

## MRS. BAARS DISCHARGED.

Mrs. Mary Baars, the woman who pleaded guilty to stealing a diamond ring from Eaton's, was let go yesterday on suspended sentence by Judge Denton. The woman's father is a clergyman, and she comes from a respectable family.

## BRIAR HILL PARK

### An Excellent Investment Opportunity

To place your money where it is certain to earn a large profit. BRIAR HILL PARK is without a peer in the real estate field, for man and nature have combined to make it one of the most delightful residential sections in the city. It is located within easy reach of the heart of the city, about 30 minutes from King and Yonge Streets. It adjoins the beautiful Alexandra Gardens, that established a sales record in suburban property.

**LOCATION** Just west of Yonge Street—half-mile north of Upper Canada College, and about thirty minutes' ride from King Street.

**TRANSPORTATION** The Metropolitan Yonge Street line is close to the property—Stop 18-19. The Bathurst Street line, when constructed, will be a little to the west of the property. When the TUBE project and the plan to extend the Avenue Road line go through, BRIAR HILL PARK will be one of the most popular districts in Toronto.

**CONVENIENCES** All city conveniences—gas, water, sewer, electricity, granolithic walks, paved streets, schools, churches, and stores will be within the reach of those who are building in Briar Hill Park.

**PRICES** The prices asked for lots to-day are most reasonable, and represent one of, if not the best, investment in Toronto to-day. The prices have increased since the opening of the property, and when the actual work of constructing the proposed car lines is begun, the price will double. The restrictions insure a colony of refined residents. The terms we are giving are reasonable, and the price per foot for choice lots is only

DAIRYMEN NOT IMPORTUNATE

Sitting of Royal Commission at Cornwall Brings Out Few Complaints as to Short Weights.

CORNWALL, Sept. 13.—(Special.)—A meeting of the royal commission appointed to enquire into complaints regarding the methods followed in weighing butter and cheese, etc., was opened at the town hall, with the commissioners all present, namely: R. A. Pringle, K.C., chairman, and Messrs. S. J. McDonnell of Strathmore and A. J. Hodgman of Montreal.

At the afternoon session W. A. Edwards, Aultsville; W. O. Wert, Avonmore; W. Eager, Morrisburg; J. Q. McLeod, Cornwall Township; J. S. Myers, Bonville; P. N. Tait, Millerochs; A. E. Cline, Cornwall, and M. LaPlante, Coshons Glen, addressed the commission. The opinion expressed by all was that the general conditions at Montreal were satisfactory, only a couple complaining in their methods of dealing with short weights.

A suggestion that met with approval was to have an official referee appointed by the government to deal with differences that arise in respect to weight. None of the speakers made any suggestion as to an improvement in the system of payments for cheese, but it was thought the commissioners might devise some means for better protection against loss by the makers.

INQUEST IS ORDERED

To Investigate Death Supposed to Be From Septic Poisoning.

Following her death from supposedly septic poisoning in her home in the north end of the city, an inquest was opened on the body of Ruth Adams, a 17-year-old girl, at the morgue yesterday.

The chief coroner presided, and the enquiry was adjourned until the 19th inst.

A post-mortem will be held to determine the exact cause of death. "What are you crying about, Willie?" "One of th' boys called me 'teacher's pet,' an' I went an' told her, an' she flied me to prove I wasn't."—Cleveland Plain Dealer.

CALL YOU IN SAYS PREMIER

Normal School Grounds Will Not Be Sold Before Civic Officials Are Consulted.

"We will call you people in before we take any final step in the disposition of the normal school property." Such was the statement of Sir James Whitney to the deputation of the city council which interviewed him yesterday. Mayor Geary particularly wished the government to give the city the first opportunity to purchase the valuable square on Gerrard, Church, Gould and Victoria streets. The premier gave the assurance that Toronto would have the preference in this respect.

The deputation consisted of Mayor Geary, Ald. Rawlinson, Anderson, R. H. Graham and Charles Chambers, park commissioner.

Sir James heard them, accompanied by Hon. J. J. Poy and Hon. I. B. Lucas.

Mayor Geary wished it understood that the city be treated in the probable sale similar to the sale of the garrison commons for the pumping house. On this occasion the city purchased the property on fair and equitable terms. No member of the deputation suggested that the government should hand it over gratis.

Sir James Whitney said that the government was by no means obliged to sell. He was told that the city wanted to convert the place into a park.

The deputation went away satisfied.

SENT THREATENING LETTER

Henry Gibbs Committed for Trial at Sessions.

For threatening to extort money from Mrs. W. J. Kincaid a charwoman, who bought a coat from Henry Gibbs, manager of the Metropolitan Manufacturing Company, on the installment plan, who paid for it in full, Gibbs was sent to the sessions for trial yesterday. He sent letters to the woman in which he cited extracts from the criminal law in which judgments had been given against the property men who had bought the goods and not paid for them. Witness fees were paid to Mrs. Kincaid, who lost three days' work thru having to appear in court.

"I think," said the young statesman, "that some of my speeches will be recalled with interest in years to come." "They will," replied Senator Soghara, "unless you are exceptionally lucky."—Washington Star.

Strong People Are Full of Electricity Weak People Are Lacking in Electricity

Doctors all over the world are now talking Electricity, and are using it in one form or another. This is the direct outcome of the announcements of the world's greatest scientists, and is a practical admission on the part of physicians of the power of electricity over drugs as a curative agent.

I have known for twenty years that drugs could not restore strength. My knowledge was obtained from actual contact with thousands of people who have tried drugs in every form and they were worse off than before they started drugging.

Are you a weak man? Are your nerves fretful and gloomy? Is your sleep broken? Have you pains and aches in different parts of your body? Is your back weak and painful? Have you lost the vigor of your youth? Are you rheumatic and gouty? Have you various aches? These are the results of the waste of vital force. The gentle stream of electricity from Dr. McLaughlin's Electric Belt going into the weak nerves for hours every night soon replaces all the lost energy and makes every nerve and muscle perfect. It cures permanently in every case.

Give me a man (or woman, for that matter) who has been sick and suffering for years, and taken medicine until the system is all run down, and debilitated, the stomach unable to digest the food, and the nerves shattered. My Electric Belt will give new life to every organ drive out disease, and restore health.

Now, take a letter like this one, that Mr. A. G. ROFFEY, Washoon, Ont., writes me. "This man, I venture to say, would rather part with \$1,000 than forfeit the good he has received from the use of my Belt. These are his words:—

"Dear Sir:—Your Belt has been a boon to me. The emissions have ceased. My Rheumatism in the shoulder has gone. I must say that I feel life is now worth living for. The most noticeable thing in the blood, it seems to have increased very every morning, at 6 o'clock and I don't feel cold at all. I think your Belt will do all you claim it will and then some more."

Thousands of men have written me in a similar way, which proves that electricity is life. Take the case of Mr. W. J. HONEYFORD, Collingwood, Ont., who says:—

"Dear Sir:—I have found your Belt to be a great help to me, and since using it I have regained my usual weight and can sleep well. I feel that I have had my money's worth. In fact, I must say that your Belt is all you say it is. If there are any men from here who want to talk to a user of your Belt, send them to me, for I am satisfied with your Belt."

My Belt, with special Electrical attachment, will restore your vigor. It will check all loss of vitality and strengthen every organ of the body. It cures Nervous Debility, Varicocele, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease that has not gone as far as Bright's Disease, Stomach Trouble, Constipation.

You Need This—It's Free You ought to read my free 50-page illustrated book regarding the cure of disease without drugs. This book explains many secrets you should know. It tells all about my Belt, and cost of treatment; it is absolutely free, if you'll bring or mail this coupon. Cut out the coupon now.

4 OPPORTUNITIES To Make Profits in North Toronto Residential Properties

NORTHWARD trend of building has been a marked feature of Toronto's expansion during the past year. The early prospect of increased transportation facilities has greatly stimulated home building in the north. Accessible residential property at present prices is a splendid investment. We direct your attention to these four sterling property investments in the north:

LAWRENCE PARK—The city's most desirable landscaped residential park along northern Yonge Street. Partly built up with beautiful homes. Choice homesites \$20 and upward per foot.

KENDAL HILL—An uncommonly good district near St. Clair and Forest Hill Road. Prices start at \$38 per foot up.

GLEBE MANOR—Only a short car trip from the city centre. On north Yonge. \$24 per foot up. Branch office at Glebe Road and Yonge.

HAMPSTEAD PARK—Dufferin and Eglinton vicinity. A really delightful and yet low-priced section for the artisan. \$10 down, \$5 monthly secures a homesite. Only a limited number of lots left.

Values are on the upward flight in North Toronto. Those who invest in one or all of these properties will have their foresight to thank for good profits; but get in while prices are at the lowest notch. Phone or call for a motor car trip to inspect these properties. See the properties, then talk it over with us.

# WOULD NOT EAT SOON DIED

## Wille Mann, an Inmate of the Mimico Industrial School, Refused to Take His Food.

Refusing to take the necessary nourishment to sustain life, Wille Mann, 44, at the Victoria Industrial School, Mimico, Thursday morning.

According to Superintendent Ferrier, the little fellow was mentally defective. When he first was sent to the school by a Hamilton magistrate he was suffering from tuberculosis and was being treated in the Mimico hospital. Gradually, however, he lost his health. Smoking a pipe or cigars was his favorite pastime.

Ever since December, 1904, young Mann has been an inmate of the school. He was transferred to the Mimico industrial school because of his mother's refusal to take care of the boy.

It is stated that his parents were both dead, the mother dying in a foster home but he finally had to be sent to the industrial school. The boy had been hospitalized in his mind that he had been suffering from tuberculosis and would die of it soon. In fact, he frequently expressed the hope that he would pass away soon so that he could join his mother.

Dr. Forbes Godfrey and Dr. Carman Rice did all in their power for the boy.

The father will be communicated with and asked to take charge of the boy. Failing this, the remains will be buried in Humboldt cemetery.

## CAST THEIR SINS AWAY

### Jews Held Annual Ceremony on Their New Year's Day.

To the casual observer who was not aware that yesterday was the year according to the reckoning of the Jews, it was indeed a somewhat singular thing to see thousands of Israelites marching toward the lake front, yesterday afternoon.

It was the beginning of the new year in these people. They were not abashed by the thousands of laughing children who lined the route along which they traveled to the water's edge. For it was the annual "sin casting away" for the Jews. This year, as in the past, they marched to the lake and after one after another signs and other things they carried with them were supposed to contain their sins.

The chief place of meeting was the synagogue on University avenue. Here the great Cantor Vaidosky conducted the service.

After the trip to the lake, the twenty-six hours of fasting was concluded, and the Jews once more talked, ate and slept like normal creatures.

Now they will go to synagogue again for another good start.

## PAID FOR VIOLATION

### Windsor Didn't Follow Regulations in Extending Sewers.

Mayor Sheppard, Solicitor Ellis and the city engineer, forming a deputation from Windsor, approached Hon. W. J. Hanna yesterday afternoon regarding sewerage disposal. Some time ago the Windsor council made a sewerage extension in violation of the health act and in issuing deputation they were found invalid through this neglect.

Hon. Mr. Hanna told the deputation that the towns on the international waterways should ascertain the steps to be taken and plans necessary for the construction of sewerage systems so as to prevent pollution of the water, as the international commission soon be empowered to deal with such cases.

The Right Location of an OIL WELL Insures Success and Profit

Under these circumstances it is not an astounding fact that over 90% of the oil wells drilled over the whole State of California have secured oil. This statement is given on the authority of the State Report on Mineralogy, and may be verified by reference to that official document. In fact, when once the boundaries of any oil field have been determined the results are almost invariably. Out of 152 wells drilled in Coalinga last year every well was profitable. The report, which gives statistics for the month of November, 1911, shows that over the whole State of California there were 5,737 wells either producing, drilling or completed during the month, and out of this total amount there were only 21 abandoned wells. The percentage of wells that prove failures in California is too small to be of much consequence, and they are less now than ever before, because the experience of the past ten years has so determined the conditions under which oil is found that if a person takes advice from experienced men and arranges in advance sufficient money to drill a hole to the required depth, success is almost assured from the start. The Dominion Oil Company own 240 acres of patented and proven oil lands, situated at Coalinga, California, the richest district in what is admitted to be the greatest oil field in the world. Their well is drilled to a depth of nearly 3,000 feet, and the outlook at the well is most encouraging. Oil and gas are increasing at depth, and within 60 days of drilling operations should complete the Company's first well, which, humanly speaking, they cannot fail to bring in, for the formation through which they are drilling is identical with that of the Canadian Coalinga, whose property adjoins that of the Dominion's on the north, and is producing over 7,500 barrels per day, for which they are receiving an income of over \$2,000,000 per annum. The bringing in of such a producer on the Dominion's property means that the Company's shares will be immediately withdrawn from the market, and the fortunate shareholders will not only begin to re-

ceive regular dividends, but the shares that they have purchased will be worth many times the present selling price of \$1.25 per share. The following extracts from a letter received from Mr. Wm. Gray, President of the Company, will show conclusively what a rare opportunity for making big money is offered by the purchase of the Dominion Oil Company's shares: "The Government Engineer spent nearly a day with me, and the party who measured up from the well to the out-cropping had made a mistake. He had it 800 feet, and when I measured it up with the Engineer we made it 969 feet. That means that we will have to go to a depth of from thirty-one to thirty-three hundred feet. He had with him a map of Arnold's, Geologist for the United States Government. The Government have our property registered as a fine oil property, and if you will write Superintendent of Documents, Government Printing Office, Washington, D.C., and ask for Bulletin No. 398 of the Coalinga Oil Fields, you will get this information: 'The green lines that pass through show you the oil lands, and the red, wavy lines are the distances in which the sands go out.' According to the United States Geologist we have sands a mile each side of us, and it is only a question of going to them. "This morning, when I left, the bailer shot everything over the derrick. We have an open hole 175 feet, and we were in hopes of going through to the sands without having to underream, but we have struck a shale that will not stand up. Consequently, we are underreaming to put the pipe down, and I expect no further delay, and the well completed without any further trouble. At the time of writing the well is 2,965 feet. "The greatest interest is being taken by all the large companies, for we are in a light oil field, and with what the Dominion has, and myself and two associates, we control the field. We are sure to bring in a big well. The only thing I feel uncertain of is the time. " (Signed) Wm. Gray."

FOUGHT HARD TO OUST ORGANIZERS

Hottest Discussion in Labor Congress Ended in Defeat of Motion—Blacklist and Boycott. GUELPH, Sept. 12.—(Can. Press.)—The harmony and good will which has prevailed at the sessions of the Dominion Trades and Labor Congress was rudely disturbed shortly before noon today. The resolution of Delegate Rolfe of Hamilton, that the congress confine itself to legislative matters and discontinue spending its members' money on organizers precipitated a discussion which threatened at times to become violent. Magnus Sinclair of Toronto denounced the proposition as the product of a "disgraced imagination." Delegate Arcand of Montreal, on the other hand, vigorously opposed the work of the organizers who had spent their money to help the Amalgamated Carpenters, "the worst enemies the United Brotherhood had."

any action and the congress adopted this course. The usual arguments were used in advocating the extension of the eight-hour day until it became universal. Delegate Moore, secretary of the Carpenters' Union, added strength to the debate when he urged the members to make haste slowly and merely pass the resolution asking for legislation from the Dominion Parliament making an eight-hour day in the building trades. He pointed out that many trades were not ready for the eight-hour day and to try to make a universal law might be to defeat the measure and lose ground instead of making headway. MINISTERS COMING Twenty Young Men From England Will Arrive Early Next Month. Rev. James Allen, Methodist Home Mission Secretary, received word from Winnipeg yesterday, that Rev. Dr. Woodworth had arrived there from England. Dr. Woodworth was not accompanied by the young men he secured for work in the west. They will arrive in Canada in time to go to their various circuits early in October. Attacks on Black List There was a sharp discussion over the proposal to ask for legislation making it illegal for heads of departments on the railways to maintain a blacklist. Delegate Campbell said that legislation covering this very thing had been introduced in the house of commons by Hugh Guthrie, the local member and after a conference with his trades Congress representatives it was withdrawn at their request. "If a blacklist is made illegal will not the boycott also be illegal?" he asked. James Simpson of Toronto did not think the abolition of the blacklist would necessarily react on the work but conceded that perhaps the whole question had better be considered more fully by the executive before taking
