SAY EATHER MEN
PROVE TO OTTAWA
EMBARGO IS ERROR

Said Federal Authorities Will Not Rescind at Once, But Will Issue Licenses.

Special to The Toronto World.
Ottawa, Aug. 8.—It is understood that the delegation of hide and leather men who descended on Ottawa yesterday were able to convince the government that the embargo announced a few days ago against the export of hides and leather as a means of checking the skyward trend of prices was a most unfortunate move.

The delegation numbered about 40 or 50, and was thoroughly representative of the hide and leather men and the shoe manufacturers of eastern Canada, especially of Ontario and Quebec.

Cause of High Prices.
At the main conference several delegates spoke at length and endeavored to show the ministers that the high prices were due entirely to the world shortage of leather.

Want Shackles Off Trade.
It is understood that at the preliminary meeting some voices were raised in favor of reasonable restrictions on prices, but the sentiment was overwhelmingly in favor of keeping shackles off the trade entirely, that the discontents did not press their views.

The World hears that some inquiries will be made by the Canadian government at Washington as to what steps can be taken by the two governments in co-operation to bring about more normal conditions in the hide and leather market.

Country to Be Divided, Greece Getting Part and Rest to Be Free State.

Paris, Aug. 8.—The peace conference reached a solution of the Thracian problem yesterday, according to the intramural press. Thracian was divided into a number of parts, some going to Greece and others being designated to form the future free state of Constantinople and a new free state under the league of nations.

The solution arrived at, according to the intramural press, provides for dividing Thrace into eastern and western Thrace.

Eastern Thrace will be divided into three parts, Greece getting two of them and a third being designated as part of the future free state of Constantinople.

Western Thrace, a quarter is to be given to Greece, and the other three-quarters are to constitute a free state to be set up under the league of nations.

A commission of technical experts will be sent to Thrace to put the solution into practical form, it was stated.

The peace conference, the paper adds, will adjourn for a vacation period September, the American, British and Italian delegates returning to their homes.

URNS TABLES ON ANTI-HYDRO MAYOR AT GUELPH MEETING

Despite Interruptions and Attempted Gaggling, Hydro Leader Gains Support of Citizens at Much-Disturbed Gathering.

Special to The Toronto World.
Guelph, Aug. 8.—Another record crowd was present at Griffin's Opera House tonight to hear Mayor J. E. Carter make his reply to the argument presented by Sir Adam Beck, chairman of the Hydro-Electric Power Commission, at the big meeting in the same place on Tuesday evening.

While the meeting was supposed to Grand River Railway, which will be abandoned during the war, and celebrate covenant day, Sept. 25, with a speechmaking campaign led by Sir Edward Carson.

Attorney-General Asks Information Pressure for Referendum and Elections to Be Held on Separate Days.

That is the question, remarked Hon. J. B. Lucas, attorney-general, when asked if he could give the date upon which the referendum or the general election, or both, would be held.

Influential Pressure.
It was almost the fixed original intention to make a sweep of the big things on one day, but a good deal of influential pressure is freely stated to have been brought to bear upon the powers that be to have the interest and have two days with a considerable margin between the two days.

Attacks Beck.
Ald. J. B. Hoover was the first speaker and he dealt with the advantages to Guelph in the passing of the Grand River Railway agreement, contending that the Hydro agreement was not operative because it had not been signed by all the municipalities, and that it was not an agreement until it had done so.

ULSTER TO REVIVE POLITICAL CLUBS

Carson Tells Ulster Unionists That She Must Be Prepared to Defend Liberties.

Associated Press Cable.
Belfast, Aug. 8.—After an address in which Sir Edward Carson, leader of the Ulster Unionists, told the Ulster Unionist Council that it was "necessary for Ulster to be prepared to prevent any encroachments on its liberties," he was decided today to revive the Ulster political clubs, which have been abandoned during the war, and celebrate covenant day, Sept. 25, with a speechmaking campaign led by Sir Edward Carson.

ATTORNEY-GENERAL ASKS INFORMATION

Pressure for Referendum and Elections to Be Held on Separate Days.

That is the question, remarked Hon. J. B. Lucas, attorney-general, when asked if he could give the date upon which the referendum or the general election, or both, would be held.

UNDERSTOOD THAT KING WILL CONTEST RIGHTS OF STORMONT

During First Day as Party Leader He Confers With Premier Borden.

Special to The Toronto World.
Ottawa, Aug. 8.—Hon. Mackenzie King, the new Liberal leader, was a busy man today. He was closed this forenoon with the prime minister discussing the coming by-elections and the program of the fall session.

The "two-day" enthusiasts are largely located in Toronto and Hamilton. Their idea is to get the referendum and the election on a sufficiently reasonable time so that the result, whatever it may be, shall be well-nigh forgotten.

The general election is conceded then to be due about November, with the assembling of the new legislature early in the new year.

There is thus ample time for the holding of a Conservative convention with a view to agreeing upon a platform for the coming election.

STREET CAR POWER MAY BE CUT OFF

Electrical Workers at Niagara Threaten Walk-Out Today.

If the employees of the Toronto Electric Power Company of Niagara Falls fulfil their threat to strike today at noon, the city may be without street cars and those persons who depend on the company for electric light may have to sit in the dark tonight.

It seems the men employed at Niagara threatened to strike as far back as last June, but their threat and demands were not heeded.

The Toronto Street Railway derive their power from the Toronto Power Company, and yesterday when E. J. Fleming was asked what arrangements were being made to provide for power should the strikers make good their threat, declared he had nothing to say on the subject.

An enquiry late last night at the power station of the Toronto Electric Power Co. at Niagara Falls, The World was informed there was no information to give out and the night operators of the plant had been given strict orders not to talk.

The three other lines in which air-planes would probably be used, said Col. Biggar, were carrying of mails, forest patrol work, and police inspection. The first department, he stated, was loaned to the St. Maurice Protection Association two hydroplanes which were now being used for forest patrol work.

Whether they had proven satisfactory or not.

WILSON'S PROPOSALS TO CHECK THE HIGH COST OF LIVING

MUST SELL ARTICLES AT PRICE FIXED BY THE BOARD OF TRADE
British Government Bill Provides Penalties For Non-Compliance When Board Has Made Investigation.

London, Aug. 8.—The government bill providing prosecution and penalties for persons guilty of profiteering, the text of which was made public today, empowers the board of trade to investigate prices, costs and profits, and to investigate complaints of unreasonably profits, whether wholesale or retail.

ALL BRITAIN STANDS AGHAST AT RECKLESS EXPENDITURE

Press as a Whole Condemns Wasteful Extravagance—One of the Causes of the Prevailing Labor Unrest.

London, Aug. 8.—Great Britain's financial condition, which Austen Chamberlain, chancellor of the exchequer, told the house last night, shows the country is headed for bankruptcy, was brought forward today by the newspapers as the most vital problem of the hour, even overshadowing labor troubles.

The chancellor's statements recently that British expenses are four and one-half million pounds daily, came as a distinct shock to the country, but was emphasized by the details given by Mr. Chamberlain last night.

It was remarked by some of the newspapers that this constituted a criticism of the cabinet, of which he is a member, but his view was endorsed by Premier Lloyd George.

Virtually every newspaper in London today, in a chorus of condemnation of the national expenditure, and newspapers hostile to the government criticized it for "its rash, wasteful extravagance."

The Daily News declared "even the present house of commons is at last aghast at the government's reckless expenditure, and its total lack of any policy designed to stay the country's heading career toward bankruptcy."

The newspaper fixed on the army and navy as the chief causes of extravagance, condemned the maintenance of the present great military force, and deprecated the proposal of the United States to reduce the cost of an army of a half million, which, it said, "may well be hailed as a set-back to the whole cause of disarmament."

The Daily Mail, which announced that the forthcoming second report of the air ministry will contain amazing revelations of extravagant expenditure, said that the government's extravagance is one of the direct causes of labor unrest.

The newspaper added that if the present government cannot reduce expenses, one must be found that can pay any price rather than hope that the public which has so far seemed unapprehensive of the danger, may be roused to heed the chancellor's warning.

An Ory of Spending.
The country is indulging in an orgy of spending, several of the newspapers remarked, and its contribution thereby to the high cost of living. People who temporarily have relatively great wealth, it was said, are willing to pay any price rather than forego gratification of their desires, so that while necessities of life are higher than ever, there never was so much money spent on luxuries.

All those who deal in jewelry, automobiles, costly apparel and entertainments of all sorts were said to be doing unprecedented business.

The cry against profiteers was said by the newspapers to be voiced by the poor, but actual cases of profiteering are rarely followed up successfully. In this connection it was said that the "free processes of supply and demand" are being watched with much interest.

BRITISH AND AFGHANS SIGN PEACE TREATY

Border War, Which Began in May, is Finally Brought to Conclusion.

London, Aug. 8.—Peace has been made between Great Britain and Afghanistan. A peace agreement was signed at 11 o'clock this morning, it was officially announced this afternoon.

After the assassination of the Amir Habibullah Khan of Afghanistan last February trouble developed between the British India officials and his successor, Early in May Afghan tribesmen began an advance across the border into India. Sharp fighting developed, in which British troops were shortly so successful that in the latter part of that month the Afghans asked for an armistice. This was regarded by the British authorities, however, as a ruse to gain time, and a sharp note was sent to the Afghan commander. The fighting was resumed, and in June the Afghans again asked for a truce, the negotiations then leading to a peace conference at Rawalpindi late in July.

CLARE COUNTY IRISHMEN ATTACK POLICE HUT

Dublin, Aug. 8.—A party of more than 30 men attacked a police hut at Molone, East Clare, with rifle and revolver fire this morning. The police repelled vigorously, the fight lasting more than an hour. None of the police were hit, but it is believed that two of the attackers were wounded.

Returning Soldiers.

Returned soldiers and dependents from the steamer Canada are due to reach the Union Station, Toronto, at nine o'clock this morning.

Lists of the names of the men who came on the Canada and the Orduña will be found on page 3, and of those who arrived at Quebec on the Scandinavian on page 4.

BELOTTI RATIFIES THE PEACE TREATY

Brussels, Aug. 8.—The chamber of deputies today unanimously ratified the peace treaty with Germany.

During the discussion of the treaty, the foreign minister said: "The league of nations falls to offer immediate guarantees, and compels us to look to our own defence. That is why we are seeking at Paris a revision of the treaties of 1839."

"I wish to assure our delegates that the whole nation supports them. Revision of the treaties will provide the required guarantees."

The speech of the foreign minister was loudly applauded.

Yorkshire Miners Still Out, But Settlement of Bread Strike in Sight.

London, Aug. 8.—Notwithstanding the fact that there were further conferences today, the strike of coal miners in Yorkshire remains unsettled, and the social conditions in the country as a result are becoming very serious.

The bread strike in some of the provincial towns has ended, and, although still continues in London, there is good prospect of a settlement tonight, the bakers' union having authorized a resumption of work immediately when employers who are willing to concede the bakers' terms.

The ministry of labor is endeavoring to induce the men to accept arbitration on the wage question and leave the vexed question of night work to be settled afterwards. Further, the ministry, with the sanction of the cabinet, has promised to introduce a bill in parliament providing that night work shall be compulsorily abolished two years hence throughout the country.

The bakers' union is recommending that the men accept the proposed terms.

The strike of the tramways of Liverpool was settled today. Work will be resumed Saturday.

Food Hoards to Be Forced Out, Penalty for Profiteering, Goods Released From Cold Storage to Bear Prices at Which They Went In—Immediate Steps to Be Taken—Some of the Remedies Suggested to Congress.

Washington, Aug. 8.—President Wilson laid several specific proposals before congress today for checking the high cost of living, but at the same time declared permanent results could not be expected until peace time classes were fully restored by ratification of the peace treaty.

High prices, the president told congress, were not justified by shortage of supply either present or prospective, but were created in many cases "artificially and deliberately" by "vicious practices." Retailers, he said, were responsible in large part for extortionate prices.

Strikes, the president warned the labor world, would only make matters worse and those who sought to employ threats or coercion were only preparing their own destruction.

Leaders of organized labor, the president said, he was sure would presently yield to second sober thought.

"Illegal" and "criminal" were the words the president used characterizing the methods by which some present-day prices have been brought about.

Urges Remedies.
Present laws, he said, would be energetically employed to the limit to force out food hoards, and to amend the situation so far as possible, but to supplement the existing statutes he specifically urged the following:

Licensing of all corporations engaged in interstate commerce, with specific regulations designed to secure competitive selling and prevent "unreasonable profits" in the method of marketing.

Extension of the food control act to peace times and the application of its provisions against hoarding, speculation, clothing and other necessities of life so well as food.

A penalty in the food control act for profiteering.

A law regulating cold storage, limiting the time during which goods may be held, and prescribing a method of disposing of them, rather than the present permitted period and requiring that when released goods bear the date of storage.

Laws requiring that goods released from storage for interstate commerce bear the selling prices at which they went into storage, and requiring that all goods destined for interstate commerce bear the price at which they left the hands of the producer.

Enactment of a ratification bill for food control of security issues.

Additional appropriations for government agencies which can supply the public with full information as to prices at which retailers buy.

Early ratification of the peace treaty so that the "free processes of supply and demand" are being watched with much interest.

Immediate steps by executive agencies of the government promised by the president included:

The limiting and controlling of wheat shipments and credits to facilitate the purchase of wheat in such a way as not to raise, but to lower, the price of flour at home.

Sale of surplus stocks of food and clothing in the hands of the government.

The forced withdrawal from cold storage and sale of surplus stocks in private hands.

The recommendations included: Increase of production; careful buying by housewives; fair dealing with the people on the part of producers, middlemen and merchants; that there be no threats and undue insistence upon the interest of a single class; correction of "many thins" in the relation between capital and labor, respect to wages and conditions of labor.

In concluding, the president made a plea for deliberate action, reminding congress that an unbalanced world was looking to the United States.

"We, and we almost alone," he said, "now hold the world steady. Upon our steadfastness and self-possession depend the affairs of nations everywhere. It is in this supreme crisis, this crisis for all mankind, that America must prove her metal."

Get Away From War Basis.
Making an appeal for the ratification of the peace treaty to turn the country from a war basis, the president said:

"There can be no peace so long as our whole financial and economic system is on a war basis."

"A process has set in," the president told congress, "which is likely, unless something is done, to push prices and rents and the whole cost of living higher and yet higher in a vicious cycle to which there is no logical or natural end."

SPECIAL POST STAMPS FOR AERIAL MAIL

Mayor Church, who was on the deputation to the Dominion government regarding the proposed live stock arena, took occasion while in Ottawa to see the department on other matters which require attention. His worship conferred with Hon. P. E. Blondin, postmaster-general, regarding the first international flight between Toronto and New York for J. T. Bowman's prize. The flight will be started at the Exhibition grounds on Aug. 25, when the Prince of Wales will be present. The postmaster-general consented to the issue of special mail bags with letters and suitable stamps. General S. C. Mewburn, minister of militia, and Colonel Biggar, vice-chairman of the air board, were also seen, and sanction was obtained for the airplanes crossing and recrossing the international border. The mayor had a conference with General Mewburn on other matters, including the continued use of Stanley Barracks by the militia, and regarding hospital matters in Toronto and increased accommodation for the militia units in Toronto. His worship also took up with the postmaster-general the question of improving the conditions of the Toronto postoffice employees.

Live Stock Arena Grant Was Favorably Received

The deputation which returned yesterday from Ottawa appeared fairly satisfied with the reception obtained from the government in the request for a substantial grant towards a live stock arena for the Exhibition grounds. The project is estimated at about a million dollars, and it has been thought that the government should contribute half this amount. Premier Borden, Hon. Arthur Gordon and Sir Henry Drayton received the deputation which represented the city of Toronto, the Exhibition and the board of trade.

WANTS DEBT PAID.
At Osgoode Hall yesterday T. S. Gardner issued a writ against Ernest Bingham and Jennie, his wife, claiming that a transfer from husband to wife of thirty shares of stock in Signal Systems, Limited, be set aside and the shares sold to satisfy a debt of \$1,870.86 due to the plaintiff.

FINED THE PICKET.

Joseph Salomy appeared in the police court before Magistrate Cohen yesterday charged with molesting a worker while he was picketing for the striking garment workers, on Wellington street. Counsel for the accused asked his worship if he thought that pickets should do their work by telephone. The magistrate replied that pickets had no right to stop people and fined Salomy \$10 and costs or 30 days. Mr. O'Donohue announced that he would appeal.

PILES

"DANNY" HANDS OUT HIS ANNUAL WARNING

Commissioner Chisholm, discussing the coal scarcity, stated that even the city's supply for the various public buildings is very slow in arriving. "There seems to be a great scarcity in all grades of anthracite coal," said the commissioner, "and in view of that fact the citizens would be well advised to get in as much of their winter's supply as they can at the earliest opportunity." It would be well, he added, for citizens to purchase mixed coal without delay and make use of the larger and smaller sizes which are available.

DISTILLER WAS JAILED.

Hector Liberty appeared in the police court yesterday charged with a breach of the inland revenue act. According to the police they seized a still, which was produced in court, and about seven barrels of homemade whiskey at his home on Parliament street. On the first charge Liberty was fined \$350 and costs or six months plus six months without the option of a fine. The lesser charge of B. O. T. A. was withdrawn.

CITY NOT TO BLAME.

Controller Maguire, acting in the absence of Mayor Church, has been making inquiries regarding the accident at the level crossing in Riverdale Park, and says he has been told that there were two boxes standing at this point, which blocked the view. If that were so the city would not be blame and the responsibility would lie with the Canadian National Railways.

FOOD PRICE INQUIRY.

In compliance with the mayor's instructions, Dr. C. J. Hastings is arranging for an investigation into food prices in the city relative to the high cost of living. The M.O.H. is of opinion that no local action would be of use unless backed up by federal action.

GOT THE USUAL.

Valentine Lang was fined \$200 and costs or three months, in the police court yesterday, on a charge of contravening the Ontario temperature act.

NEW NOTARY PUBLIC.

Robert Everett Laidlaw, Toronto, has been appointed notary public for Ontario.

BOYS' NAVAL BRIGADE ARE TO BE REVIEWED

The Boys' Naval Brigade, who have been in active training for some time past, will be reviewed by the Lieutenant-Governor of Ontario on Thursday, 14th inst., at the Royal Canadian Yacht Club. The boys, who will be in uniform, will give an exhibition of the training methods taught on board the cruising schooner Perita, one of the "mystery" ships loaned to the brigade by the imperial government. The performance of the 14th will be repeated at the Exhibition on Monday, the 25th, when the Prince of Wales will inspect the brigade.

RED CROSS ACTIVITIES DO NOT LET UP

The home service department of the Toronto Red Cross had a busy month's work during July. They paid 1,171 visits and distributed 2,296 articles to individual men, consisting of personal necessities from tooth paste to light socks and from dressing gowns to fancy work. Weekly gifts of cigars, candy and chewing gum were also largely distributed. To the hospitals 5,698 articles were distributed, including gymnasium apparatus and hospital furniture, the value of such supplies amounting for the month to \$8,000. A flower committee has been formed under the direction of Mrs. Dunstan and the College Heights Association for the purpose of supplying fresh flowers to the hospitals every Monday and Thursday. Contributions of flowers will be welcome at 92 West King street.

AMMONIA TANK EXPLODES.

Harry Taylor, 41 Mulberry avenue, and William Walker, 704 St. Clarence avenue, were injured about the eyes in an explosion which occurred at 504 John Kless produce plant at 504 Yonge street, yesterday. The gauge on an ammonia tank exploded.

LIBRARIANS FOR NORMAL SCHOOLS

Appointments Made Under New Plan for Raising Status of Libraries.

Hon. Dr. Cody, minister of education, has completed a scheme for the improvement of the public libraries at the normal schools of the province. The intention is to make the libraries worthy of the name and to convert them into first-class educational institutions. The new librarians whom Dr. Cody has appointed will give expert assistance to the students and the libraries which will be stocked with a good supply of suitable books, will be man- aged as their importance warrants they should be directed. The librarians will also give instruction to students as to the best and most suitable books to be read and studied, and their advice is expected to be of the most valuable character to the teachers of the future.

Toronto Appointment.

Miss Jean Merchant will be the librarian at the Toronto Normal School. She attended the departmental library training school last year and attained a high standard of excellence. Miss Laura Argue will take the position of librarian at the Ottawa Normal School. She possesses the highest qualifications. Miss Louise Gahan, who will fill the post at the London school has been in charge of the education department library school for some time. Miss M. E. Munro, M.A., will take charge of the library at the Peterborough school. She has done exceptionally good work at the departmental school, and is a graduate of Trinity University. Miss Beatrice Allan has been appointed to the library at the Hamilton normal school, and Miss Agnes J. Johnston will assume control at the Stratford educational institution.

MOVIE MEN FINED.

For not submitting their posters to the police to have them inspected before displaying them, three theatre owners, Morris Mantel, Bill Cleokla and Sam Lester, were fined.

SORDID DETAILS OF SOLDIER'S DEATH

Witness at Lavoie Inquest Admits There Was Considerable Drinking.

Further light was shed at the coroner's inquest at the morgue last night on the death of Norman Francis Lavoie, who died following a supposed struggle in Empire avenue.

Charles Wynne, 72 Wardell street, said he was a restaurant when he heard Pete Kennedy say: "I beat him up all by myself." He did not see Lavoie on the Sunday night and knew nothing of the fracas said to have taken place.

Was General Talk. In answer to the coroner, witness said that on the Monday afternoon there was general talk about the club that "a man had been beaten up."

James Clarke, 22 Empire avenue, deposed to seeing a man holding up another man at midnight. They let him go and left him in a vacant lot. The man got up and asked, "Who hit me?" He did not know any of the men.

Mrs. Elizabeth Golding, 7 Empire avenue, deposed to hearing Mrs. Kennedy putting a man named Collison out of the house. That was 4 o'clock in the morning. She heard Kennedy ask his mother for \$10 and that she did not give it him, he would break the house down. She had discussed the row with Mrs. Kennedy, who asked her not to say anything about it.

Question of Jealousy. Mrs. Julia Kennedy, 5 Empire avenue, said one of her daughters had "kept company" with Lavoie two years. She was now in Regina. There was no trouble in the house and she knew of none outside. Lavoie had been home about six weeks. He wanted to know whether her daughter had kept company with anybody while he had been away. Collison had taken her daughter out to slight affairs. She had ordered him out of the house because she did not wish him to associate with her son. She knew he was a married man. She saw Collison strike Lavoie a year ago thru jealousy.

Lavoie, witness said, brought in a bottle of whiskey on the Sunday and another was sent for. That was on the day of the supposed trouble. Her two sons and Lavoie went out at night. She went outside and called her boys back. There was a scuffle on the corner, and she told them not to go. Collison came in with her. She ordered him out and he went with her son. She thought when she was on the boys were trying to get Lavoie home. They were all a little the worse for liquor. A third bottle of whiskey might have been brought in after supper.

No Dishes Broken. Witness admitted having a drink out of each bottle. She denied telling the men "not to be so brutal" when the scuffle was on. She told them not to be so foolish. There were no dishes broken in the house and no bad language used. She did not know Lavoie was dragged into the street. She heard him ask for his hat. She was unable to say where the whiskey came from. It was 4 o'clock in the morning when her son asked her for \$10.

The further hearing was adjourned until Monday night next.

THE CALL OF THE WEST. 15,000 men wanted. Immediate employment in western harvest fields. First excursion date via Canadian National Rys. from Toronto Union Station, Tuesday, August 12th. For particulars from City Ticket Offices, 52 King St. East and Union Station, Toronto.

WAS TREASURER OF ELGIN St. Thomas, Aug. 8.—John McCausland, former treasurer of Elgin County, died at his home in St. Thomas this morning, aged 51 years. Mr. McCausland was born and spent his early days in Malahide township, where he specialized in raising Durham cattle.

SPAIN APPROVES LEAGUE Associated Press Cable. Madrid, Aug. 8.—Parliament approved yesterday the proposal that Spain join the league of nations.

THE CAUSE OF SICKNESS Almost Always Due to Weak, Impoverished Blood.

Apart from accident or illness due to infection, almost all ill-health arises from one or two reasons. The great mistake that people make is in not realizing that both of these have the same cause at the root of them, namely poor and improper blood.

This accounts for the great number of people, once in indifferent health, pale, nervous and dyspeptic, who have been made well and hearty by Dr. Williams' Pink Pills; for no other medicine ever discovered is so valuable for increasing the supply of rich red blood and giving strength to worn out nerves. Men and women alike greatly benefit from a course of the blood builder and nerve tonic.

PLAYS, PICTURES AND MUSIC

"Call the Doctor." All preparations are now made for the gala event of the Robins Players, commencing Monday matinee at the Royal Alexandra Theatre, when they will present for the first time the history of theatricals, the new David Belasco comedy, "Call the Doctor."

This, itself is an event, but a greater honor lies in the fact that the Robins Players will be the first permanent company to produce a play belonging to the master director of the American stage. The permission to produce "Call the Doctor" was gained because it is recognized the productions made by Edward H. Robinson are on a scale equal to and in many cases superior to those made by producing managers in New York or Chicago.

A few months ago if anyone had predicted that "Mickey" would run six weeks in the one house in Toronto would have been looked upon as a medical miracle. Yet this is the record that has been established by this remarkable screen play at the Grand Opera House. The engagement, as well as the patronage has been the talk of the entire show world, for there has been nothing to equal it outside of a few of the largest cities in the United States.

The Bill at Shea's. Shea's Vaudeville Theatre, Victoria street, will reopen for the 1919-20 season with a matinee on Monday afternoon. For opening week the management has secured a bill of high calibre, headed by Ivan Bankoff, the famous Russian dancer. Dolly Kay, "The Daughter of Syncope," is also included in the bill, together with William Friedlander's newest comedy playlet, "Indoor Sports."

"An Innocent Adventure," featuring Vivian Martin at Loew's Theatre and Winter Garden next week, is an amusing story of a young girl who is simple innocent of an unscrupulous little girl results in the regeneration of a young man who had once been a thief and who writes about temptation and pursue the forbidden paths of crime. Harry Brooks, assisted by a clever array of performers, will open at Loew's Theatre, Old Minister Man" as the feature vaudeville attraction. The sketch in its revised form is said to be as funny as ever. A real dark terror will be offered by the Exposition Jubilee. Four vaudeville classes, colored exponents of harmony, Lillian Calvert, the little speaker and specialities in songs especially written for her, and Cowboy Williams and Daisy, feature rope spinning, songs and a rare combination of western wild dances. The Five Avallons, marvels on the double wire, Plunkett and Kates, up-to-the-minute showmen and dancers; Loew's British-Canadian Weekly and the Mutt and Jeff animated cartoons complete the bill.

"The Master Man" the new Pathe production, starring Frank Keenan, will come to Shea's Hippodrome as the headline attraction. It is dramatic story of a fight of right against night. The Dancing Humphreys have a clever dancing act, while Arthur Browning is a well known society entertainer. Kello and Leighton have a merry melange, which they call "Bits of Vaudeville."—A-Harold-King, who have a number of new songs and dances; Evans and Wilson in songs, stories and dances; the De Koca Troupe, novelty acrobats and a Pathe comedy and a Sunshine comedy complete the bill.

Bert Lytell at Regent. Bert Lytell, a handsome young picture star, does not approve of kiasing elephants. He demonstrated this during the filming of "One-Thing-at-a-time O' Day," the feature comedy at the Regent Theatre next week. Just as the camera was about to be snapped an elephant playfully gave Bert a sound kiss, which nearly knocked the surprised actor off his feet. He declares that he is quite willing to forego such pleasure for the future. Aside from many bits of splendid comedy, it is a gripping story of the sawdust ring, a romance of the round tops, "Copies of the Day," "The Regentette," the famous Regent orchestra and other attractions will also be seen.

At the Allen Theatre. Wallace Reid is due to appear at the Allen next week in a new comedy drama, entitled "The Love Burglar." It has been adapted from the stage play, "One of Us," written by Jack Tall, the well-known dramatist. The story contains numerous surprises that are sure to register and is told logically and coherently. Beginning with brisk action and tense situations, it builds steadily and delivers the surprise finish convincingly and effectively. Anna Q. Nilson, one of the most beautiful and talented women on the screen, plays opposite Wallace Reid. "The Simple Life." Semor comedy with a bunch of beautiful girls; Canadian National Weekly, Outing, Chester, hunting alligators by airplane, Pictorial Life, British Weekly and Overture, "The Red Mill," by the comparable Allen orchestra complete next week's line program.

Morey at Madison. Harry P. Morey, the strong Vitagraph production, "The Man Who Won," will be the attraction at the Madison Theatre for first half of next week. The photoplay constitutes one of the best vehicles that this popular star has had for a very long while.

"Choosing a Wife." Does a man's head or heart choose a wife? Are men fair in picking their life mates? What did you think when your head stopped calling regularly? A host of questions like these come up for answer in "Choosing a Wife," the sensational photoplay which the Strand Theatre has secured for presentation all the coming week.

Cleanliness and Health There is neither age limit nor exemption—every man, woman and child has a daily fight to carry on against germs and microbes of disease. Use LIFEBOUY HEALTH SOAP for a victorious and delightful toilet, for a refreshing bath, and for a thorough cleansing of the home.

The carbolic odour in Lifebuoy is the sign of its protective qualities—its germ-destroying power.

Lever Brothers Limited, Toronto, Ont.

The last performances of the double bill of Constance Talmadge in "Mrs. Lettingville, Boots" and Charlie Chaplin in "Shoulder Arms" will be given at the Strand today.

For the closing week of his present season at the Royal Alexandra Theatre, Edward H. Robinson and his Players are going to present one of the greatest laughing events of the year, a sequel to "Nothing But the Truth." The new comedy is William Collier's latest comedy, as played by him all during the present year in New York. "Nothing But Lies." The seat sale will take place next Thursday morning at the theatre box office. Matinees will remain as usual, on Wednesday and Saturday.

"Chu Chin Chow" Coming The brilliant London and New York success, "Chu Chin Chow," a musical extravaganza of the Orient, will be presented by F. Ray Costock and Morris Geat at the Royal Alexandra, week commencing Aug. 25.

STRUCK BY MOTOR. Donald Bowles, age nine, who resides at 105 Ann street, received a fractured right ankle and other injuries to his face yesterday when he was struck by a motor car driven by Alexander Noble, 131 Golfview avenue, at Yonge and Adelaide street. The lad was removed to the Hospital for Sick Children, but Mr. Noble, after an investigation by the police, was not held.

KEEP CHILDREN WELL DURING HOT WEATHER Every mother knows how fatal the hot summer months are to small children. Cholera, infantum, diarrhoea, dysentery, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours' illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevents stomach and bowel troubles, or if trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

AUSTRIA CANNOT CARRY THE BURDENS IMPOSED BY TREATY

Impossible to Deliver Cattle, and Objections Raised to Apportionment of Debt.

Copenhagen, Aug. 8.—A summary of the Austrian note presented to the allied peace mission at St. Germain, France, has been received here from Vienna.

"If German Austria's territorial demands are fulfilled to the minimum extent mentioned in the appendix to the note," says the summary, "German Austria will make efforts to be able to live independently and in peace in this territory."

Dealing with the economic and financial clauses of the peace treaty, the note continues, "The present situation of the next few months to deliver milk cows and cattle, as German Austria's children are perishing for lack of meat and milk."

Unjust Division of Debt. The note urges amendment with a view to investing a commission with plenary powers regarding the financial peace conditions.

Tom Moore, president of the Trades and Labor Congress, which is to meet at Hamilton this year, John Platt, international organizer for the American Federation of Labor, and James Simpson, will address the gathering at Exhibition Park on Labor Day. This is said to be among the most successful of the series of meetings held in the Queen City.

G. A. C. MEN WILL ENTER POLITICAL LISTS

At a meeting last night of the Dominion board of directors of the Grand Army of Canada preliminary arrangements were made with a view to selecting candidates to contest the Toronto and York ridings in both the Dominion and provincial elections.

LABOR NEWS

GENERAL GUNN DENIES CHARGES

He States O'Leary and Hevey Are Innocent of Accusations Against Them.

Brigadier-General Gunn has emphatically denied the charges made on Thursday night at the Labor Temple by James Simpson to the effect that he was the medium through which both W. J. Hevey and Arthur O'Leary, former officials of the Toronto Trades Council, are alleged to have requested a bonus from the Employers' Association of \$5,000 for the purpose of starting a labor paper in the interests of the employers.

W. J. Hevey stated that he desired to emphasize the fact that Arthur O'Leary did not have any connection with any of the charges preferred against him, but also that he had never bought a single share in the paper, and did not own a dollar's worth of interest in it.

James Simpson was asked as to the nature of that mysterious party alleged to have accompanied General Gunn into the meeting of the Employers' Association when the request is alleged to have been made.

"I did not make any proposition to the Employers' Association on behalf of Messrs. O'Leary or Hevey that the Employers' Association was to give any money towards a secret gift, in return for which these gentlemen would in any way betray their comrades."

Opinion at the Labor Temple is that there is no real issue in the whole affair will be the removal of one or all of the three men implicated in the case.

The Labor Leader has been deprived of the services of James T. Gunn, who has withdrawn from the board of directors. The directorate now comprises Charles O'Donnell, R. J. Stevenson, H. McKay, Herbert Wright and James Miller.

LABOR DAY PARADE.

Tom Moore, president of the Trades and Labor Congress, which is to meet at Hamilton this year, John Platt, international organizer for the American Federation of Labor, and James Simpson, will address the gathering at Exhibition Park on Labor Day.

Among the public utilities are the street railwaymen, who will have a representation of only 200, because the remainder will be on duty, the civic employees, telephone girls and others; the builders will include eighteen trades connected with the building industry; the printing trades will include compositors, mappers, bookbinders and printers, while among the miscellaneous group will be the waiters, the rubber workers, the retail clerks, the laundrywomen, the leather workers and other trades only recently organized.

Doctor Said She Could Not Live a Year TUBERCULAR SPOT IN HER SIDE

Bracebridge, April 22nd, 1919

Dear Sir,—I am very pleased to tell you that your Tape Worm Cure was a God's blessing to me, I only wish that I had got it years ago. I have suffered for over nine years with what I thought was inflammation of the bowels, the time it gave me the most trouble would be about three o'clock in the morning, as regular as clock-work, of course worse at times, so I had the doctor come in when it first started.

Well, I will try all I can to persuade people to use your remedy. My brother wouldn't believe I had one until I showed it to him. I am healthy looking but am a bit nervous.

Wishing You Luck MRS. WM. DAVIS, Bracebridge, Ont.

"He That Will Not When He May"

Some good Conservative party men have been heard to say that they have no interest in the choice of Dr. Mackenzie King as leader of the Liberals—no interest at all. They talk in this way, of course, as not business men, as they do not import their successful business methods into their politics. No merchant can afford to ignore the procedure of his rival in the shop across the way. Competition is the life of trade, they say, but it can very easily be the death of trade—the other fellow's trade.

The Liberals are, in the position of making a new start, not perhaps in a new store, but with a thorough renovation of the old one, a new shop front with plate glass windows, and a brand new stock of goods to replace unsaleable old stock, now to be slaughtered at bargain prices. The new manager is accused of being a theorist, a young cub, a high-brow and other lightly accounted things, by those whose theories take a different direction, or whose plans have not brought the success which they expected, an underscoring public to grant them. President Wilson was judged to be an impractical person to be chosen as the executive officer of the United States, but he has managed to achieve as much conquest of circumstances as would satisfy most reasonable men. Dr. Mackenzie King may quite possibly achieve a proportionate success thru the exercise of his natural and acquired talents. It is not necessary to exaggerate his ability to recognize that a man, who at 45 attains the position of leader of the half of a nation of 8,000,000 people, must have some kind of ability. The point we wish to make is that nothing is to be gained by minimizing the ability or assuming that the competition it presents is of no importance.

Very much the same attitude has been assumed by Ontario Conservatives in relation to Mr. Hartley Dewar. We have been told he is a negligible quantity. The situation in Ontario at present so closely parallels that existing in 1904, that we may be pardoned for returning to it once more. Premier Ross at that time would listen to nobody who would not tell him what he wanted to hear. Premier Hearst is in the same position. A man who tells him the truth is regarded as a traitor, and the witch-doctors are put on his trail to smell him out. The consequence is that he hears nothing but what the Hooks, and the Gooderhams, and the Crawford's photograph to him, and the Ferguson's of the inner circle put on the records. So everything is set forth in approved fashion, the campaign is on, the election is called, and after that the rest of the time is spent in explaining why it happened.

It ought to be sufficient to state that there is severe competition in political circles at present. If Premier Hearst could cross his heart and throw his records open to the world all might be well. But he is willing to unveil the whole nickel mystery in all its ramifications? Is he anxious to lift the lid off all the Northern Ontario chronicles? Is he prepared for every revelation that may be forced out by the discontents of the party? And more than this, does he know all that is on record? Has he listened and investigated?

The Liberal party is in power in eight provinces. The Conservative party is holding on to office with the assistance of the war Liberals in the federal house. Ontario is not the united province that Sir James Whitney began to rule in 1905 with the assistance, as he is never ashamed to acknowledge, of the Liberals who were disgusted with the rottenness of the Ross regime. These Liberals are equally disgusted with the Hearst regime, and there is too large a percentage of Conservatives of a like mind to be ignored. Premier Hearst should not forget that a turnover of two and a half per cent. in the voting strength of the people is enough to displace any government under our present electoral system, which in one of the reasons, it may be mentioned, why wise men support proportional representation and foolish ones oppose it.

What the Conservative party in Ontario needs above all things, as the dying man needs oxygen, is a provincial convention, in which a new platform would be adopted and the leader of the party either endorsed or replaced by one in whom the whole party has confidence. This may not be pleasant hearing for those in office. But it is wise advice. There is nothing to be feared from the result of adopting it if all be well. But if all is not well then those who cling to office, as Premier Ross and his clique cling to power, will bring the same fate on their party as Sir George Ross

brought to his. This may not be the opinion of the party hacks and the stalwarts, who never know anything but what they are told, but if Premier Hearst listens to independent opinion he will find that advice is not necessarily bad because it appears in The Toronto World.

Sir Adam Captures Mayor Carter's Meeting

Mayor Carter made it plain last night by his earnest effort for the C. P. R. agreement, which he had called a meeting to support; by the special pleading of his chairman, Mr. C. L. Dunbar, a local lawyer, and by the advocacy of Mr. Hoover, a well-known opponent of public ownership, that the four months which he had spent as he described in arranging the agreement were not to be lost if he could "beat it."

Sir Adam Beck had been allotted half an hour to reply to the three speakers, as the chairman, but when Mr. Dunbar called time the indignation of the audience created a demonstration which was significant of the verdict to be given next Monday. Mayor Carter described this afterwards as an organized opposition, but there was no disorder of any kind until the chairman tried to stop Sir Adam in the middle of his reply to Mayor Carter's question about the Peterboro Hallway. The tumult continued for about 20 minutes until Mayor Carter saw that discretion was the better part of valor, and agreed to allow Sir Adam a few minutes more. When Sir Adam finished the audience began to disperse.

Mayor Carter's criticisms of Sir Adam were mostly of a quibbling character and frequently misrepresented the real situation. He constantly overlooked the fact that Sir Adam is virtually a trustee of the interests of the city of Guelph and not an outside and alien power, as Mayor Carter's remarks would have conveyed the impression. They had had a long and friendly connection with the C. P. R., and now the Hydro Commission was intervening between them to break this amiable association. The C. P. R. had offered a definite agreement. The Hydro Commission had nothing to offer. This falsification of the position was repeated over and over, although Sir Adam had made it quite clear that Guelph could have any road the city council would petition for, and that the Hydro authorities would take over and operate the street railway if requested.

Mayor Carter asserted that the Hydro officials knew nothing about running a railway and could not make a success of it, following Mr. Dunbar's and Mr. Hoover's declarations that no Hydro radial would ever be built in Ontario. Mayor Carter was willing, however, to hand the whole matter over to the Hydro to run if Sir Adam would accept and take over the C.P.R. agreement.

This contradiction Sir Adam pointed out, and in addition, another joker in the agreement which had only been discovered. It appears under the railway act that when any railway under provincial charter is operated, owned or controlled by a Dominion chartered railway the provincial road then becomes under the act, "for the general advantage of Canada" and its affairs are all subject to the Dominion Railway Board. Guelph, her railways and streets, would, should the bylaw be given effect, be under the supervision and jurisdiction of Hon. Frank Carroll, who fought so bitterly to deprive the municipalities of the control of their streets.

Mr. Hoover made the grossest display of bad taste that has been heard for some time past when he declared that Sir Adam Beck and the Hydro Commission should be sent to Amerongen to keep the Kaiser company. The resentment of the audience was deep and loud. The incident brought out the part otherwise abundantly evident that the issue is in some respects the result of the personal opposition to Sir Adam Beck as the successful chairman of the Hydro-Electric Commission and for the rest a determined assault on the principle of public ownership. The bylaw means the sacrifice by Guelph of her streets for fifty years, of her railway, of all the privileges that may belong to a thriving municipality for the next two generations. It would isolate Guelph from all direct railway connection with other lines than the C.P.R. To do this, said Sir Adam, would be to give public ownership such a blow as no municipality has done since the Hydro system came into existence.

If last night's meeting is any criterion Guelph will not be behind Hamilton in reaffirming her loyalty to the principle of public ownership and municipal rights.

RUSSIAN REFUGEES POURING THRU OMSK

Omsk, Aug. 8.—Refugees from the districts retaken by the Bolsheviks have reached Irkutsk. Up to the beginning of July about 100,000 refugees passed thru Omsk going eastward. The Russian Red Cross, co-operating with the ministry of the interior, has organized a chain of settlements where the refugees are fed and given medical aid.

Coal Prices in Brantford Advance to \$12.50 a Ton

IDA HAS "CLOSE UP" OF WAR TROPHIES

By IDA L. WEBSTER.

Thru the kindness of Mr. John G. Kent, manager of the National Exhibition, a few of the press were given the privilege of a "close-up" of the war trophies which are to out such a figure this year. That was yesterday. Today the memory of those trophies is just as strong, but there is a most distinct desire to see them all over again.

For three hours the assembled mob trailed along in the wake of Col. Dr. A. G. Doughty, C.M.G., and listened with wide-open ears and mouths to all that he had to say, and still they were not satisfied, simply because to see such wonderful things one needs more than one afternoon.

In the first place, we saw the posters which have been used in every country, including Germany. With them were the different proclamations and declarations. In the first batch we might tell you there are the originals calling the various countries to war. In the second bunch are ones signed with the signature of Hindenburg. One particularly draws attention to itself, because it was issued in September, 1918, and assures the German people that all is well with the fatherland, and that victory will come.

Then there are flags from every known place worth while, also a camouflage net from Von Hindenburg's headquarters. The pennant from the famous Cloth Hall of Ypres is also on display. And, by the way, speaking of the war, it is interesting to you to know—providing, of course, that you do not know—that some 300 years ago this same town of Ypres had a population of about 200,000, that, no doubt, being the reason and answer to so wonderful a building as the Cloth Hall. In the beginning of the war, or in 1918, the population had decreased to 30,000, while now it boasts of about 400 in all. Cloth Hall was built in the early part of the thirteenth century, and was then, of course, improved from one generation to the other.

The first machine gun which was captured by the British is also on display. This is really not in the general collection of war trophies, because it was presented to Col. Doughty by His Majesty King George V., and strictly speaking, is a personal gift made by request.

A one-man German tank is also of great interest. It is a tank which can be operated as well today as it was when it was the property of the Hun. Flying machines of both British and German make are on display. One of the used by Lieut. Col. Barker, V.C., when he had the free-for-all with the man in Germany, and still later, when he was brought down in London by Lieut. Suresy, is in the show, but it cannot be said that there is very much of it to be seen, as it is only to be seen in the trick made good by it.

Perhaps the most interesting of all is the gas mask and field telephone machine. The latter is a perfect piece of mechanism, not only from an inventive point of view, but also from a mechanical one. It is only to be seen that not only was Germany preparing for war as far back as 1910, but she was preparing to use gas, too.

Little is known of the mysterious Mr. Nickle has made. There must be an election there.

Local Liberals, however, say that if the Union government intends staving off an election until the passing of time compels their appeal to the electorate a Liberal candidate will surely be put up against him.

Brantford's Civic Railway Will Break Even This Year

Special to The Toronto World. Brantford, Aug. 8.—With Mohawk Park recovering its lost prestige as a picnic ground, and with the people giving heavy patronage to the street railway, Chairman J. Calbreck of the Brantford Municipal Railways Commission, announced this morning that it was expected that the civic roads would break even this year despite wages and materials doubling their cost.

Condition of Injured Boy Is Now Reported Critical

Hamilton, Aug. 8.—The condition of Willie Ellis, son of John Ellis, superintendent of the Reliance Zimmerman Company, who was run over by an automobile in a street in Toronto, is reported to be critical at St. Joseph's Hospital. The lad suffered severe internal injuries.

THE WESTERN CROPS.

It is estimated that about 15,000 men will be required to work as farm hands in harvesting the grain crops in Manitoba, Saskatchewan and Alberta. The Canadian Pacific has arranged and is advertising special fares of \$12 to Winnipeg, and will run special trains from Toronto, Tuesday, August 12th, and Thursday, August 14th.

RUMANIAN GENERAL IGNORES ORDERS

Said He Was Not Obligated to Regard Council's Instructions as Authentic

Budapest, Aug. 8.—Gen. Holban, Rumanian commander in charge of the occupation of Budapest, told the allies' representatives who inquired why he did not obey the wireless orders of the peace conference that he was not obligated to consider them as authentic, and that the occupation of Budapest would continue as long as he thought necessary. He stated that any conversation of a diplomatic character must be carried on with the Rumanian government at Bucharest.

The fourth highest member is J. Maddeaux of district 1, who has 260,000 credits. C. E. Walden of Markdale, district 13, has 259,700 credits, and is in the highest place.

Whirlwind Entry. The sensation of yesterday in the Salesmanship Club offices was caused by H. R. Earle, who entered in district 1, any of who started right off with 120,000 credits. Mr. Earle says he is going to give them all a race for the extra prize money offered this period and expects to be right on deck for one of the biggest awards at the close of the campaign.

There is a wonderfully increased activity during the past few days. Everyone seems to realize that the end of the big prize race is nearly here, and that those who expect to get among the big prize winners must get a "move-on" during "Double Em Up" offer, when so many extra credits are given.

POLITICAL NOTES

Parliament is to meet three weeks from Monday and the Liberals would like to get a seat for their new leader, Mackenzie King, and the Unionists a seat for Sir Harry Drayton, the new minister of finance, both soon after the opening. The two parties would like to get a man in charge, and still later, when he was brought down in London by Lieut. Suresy, is in the show, but it cannot be said that there is very much of it to be seen, as it is only to be seen in the trick made good by it.

But all this line of talk leaves out the U.F.O., who have declared that they will contest any and every vacancy. They have said they will contest North Ontario (held by the late Col. Sam Sharpe), and they said they put up a man in Glenora, and still later, when they'd oppose Sir Harry Drayton. And some of the Liberals said at the convention at Ottawa on Thursday night that Mackenzie King's first act would be to get a man to contest any seat in the House of Commons, and that he would offer himself.

And there is also the vacancy at Kingston, that the mysterious Mr. Nickle has made. There must be an election there.

Local Liberals, however, say that if the Union government intends staving off an election until the passing of time compels their appeal to the electorate a Liberal candidate will surely be put up against him.

WILLING FOR INQUIRY AT HAMILTON ASYLUM

Hamilton, Aug. 8.—That he will be glad to conduct an investigation into the conditions at the Hamilton asylum was notified that East Hamilton branch G.W.V.A. received from W.W. Van der Pijl, a list of names of prisoners and public charities, today.

"We are at all times glad to inquire into complaints or investigate any charges that may be made," wrote the inspector. The executive committee of all local branches of the G.W.V.A. will at a meeting to be held on Monday night, decide upon a time and place for a public mass meeting with a view to calling for an official investigation.

TRADITION'S ORIGIN OF COBBLER'S DOZEN

In most countries it is always spoken of as "the baker's dozen," but in Italy it is called "a cobbler's dozen." There is a tradition in that land that formerly there was a law compelling bakers to put 12 round loaves on the edge of a boot heel, and that when nails were cheap a thirteenth nail was driven in the centre for luck.

Surrender of German General Is Demanded by the Allies

London, Aug. 8.—The surrender of Gen. Kruska, the commander of the German prison camp at Kaiser, has been demanded by the allies as the first of the enemy officials to be tried for violations of international law during the war, according to a Copenhagen despatch to the Exchange Telegraph.

Gen. Kruska, according to Berlin cables, is accused of having been responsible for an epidemic of typhus fever at the Kaiser camp, which caused the deaths of 2000 French prisoners.

BROCKVILLE MEMBER RUNS FIRST TODAY

W. B. Caldwell, Wm. Goad, Mrs. Braysher, J. Maddeaux and C. E. Walden Are Five Highest Sales Club Members.

Again there are new leaders in the front-line positions in the published list of standings. Salesmanship Club members, as shown by the list this morning. There was marked activity on the part of many members who are fighting hard to hold positions already gained, and to establish new records before the end of "Double Em Up" offer on Aug. 23.

W. B. Caldwell of Brockville, district 17, is very much in evidence today, occupying first place, according to the published list, with 302,000 credits. A close second in today's list is Wm. Goad of district 8, city of Toronto, having 261,000 credits.

Third in line is Mrs. Margaret Braysher of district 8, city of Toronto, with 260,400 credits. The fourth highest member is J. Maddeaux of district 1, who has 260,000 credits.

C. E. Walden of Markdale, district 13, has 259,700 credits, and is in the highest place.

Whirlwind Entry. The sensation of yesterday in the Salesmanship Club offices was caused by H. R. Earle, who entered in district 1, any of who started right off with 120,000 credits. Mr. Earle says he is going to give them all a race for the extra prize money offered this period and expects to be right on deck for one of the biggest awards at the close of the campaign.

LIST WILL BE REDUCED

Starting with next Wednesday's list, the names of all members who have not more than 30,000 credits will be dropped from the list of standings as published. This is done to conserve space in publishing the daily list, and it seems that anyone who means business can easily pass such a test.

ENTER NOW OR NEVER

All that is necessary to do to enter the campaign is to send in the entry card, which is filled out, and then send right to work securing subscriptions.

All new subscriptions turned in before the regular date, will be given double extra credits.

There are also three extra awards in cash for city members who earn the most credits from August 4 to August 20 inclusive—two hundred dollars first, one hundred dollars second and fifty dollars third.

RUBE PARNHAM BEAT THE LEAFS

Held the Gibson Gallopers to Six Hits and Hit a Home Run With One On.

Baltimore, Aug. 8.—Rube Parnham made the Leaf players fan ten times this afternoon and held Gibson's clan to six scattered hits. So it was no surprise to see the Birds romp off with the second game of the big series by 8 to 3. For a while it was a real battle between the two teams, but in the fifth inning, mainly thru a home run waded by Parnham, the Birds shot to the front and from then on they were never headed, especially as the Oriole cutter Ripper did not permit a Canuck to get beyond second base after that round.

After the first three batters fanned this afternoon, the Leafs suddenly looked dangerous in the second when two runs were put over. Onslow started with a hit to left and after Billy Purcell fanned, he stole second. Schulte walked and Wildfire and Onslow both came home on Spencer's two-base rap to right centre. The Birds came right back in their half. Honig walked and was forced at second by Bentley. Doolan singled to centre, and Boley rapped one up against the right-centre field fence for two bases. Bentley and Doolan scored. Boley was out trying to stretch the hit into three sacks.

Twirls No-Hit Game In Iron-Man Stunt

At Reading (International League)—Buffalo won the second double-header in a row from Reading, scores 9 to 4 and 7 to 0. Pat Ryan did the iron man stunt for the Bisons and in the second game for the Bisons and in the second did not allow a run nor a hit. Three home runs by Strait, Harris and Donelson, featured the stick-work. Score: R. H. E. Buffalo.....0 0 0 0 2 10 6-0-13 0 Reading.....0 1 1 0 0 0 1 1-4 7 1 Batteries—Ryan and Bengough; Brown, Swartz and Konnick.

At Newark—Altho Newark made nine hits yesterday, Miller's home run was its only tally, while Rochester, with eleven hits, scored twice, one run being due to an error. Score: R. H. E. Rochester.....1 0 0 0 0 0 1 0-2 11 0 Newark.....0 0 0 0 0 0 1 0-3 2 Batteries—Acosta and O'Neill, Carris, McCabe and Braggy.

At Jersey City—Jersey City defeated Binghamton twice, winning a hard-fought 11-inning contest, 8 to 7, and a seven-inning game, 4 to 1. Both teams battled hard in the opening game, in which the lead changed six times. Manager Hartman, of Binghamton, was put out of the first game and Shortstop O'Rourke in the seventh. A foul tip broke a finger of Catcher Fischer's right hand. Score: R. H. E. Binghamton.....102 000 202 00-7 16 2 Jersey City.....200 110 030 01-8 15 4 Batteries—Barnes, Donovan, Higgins and Smith; Tecarr, Biemiller and Cobb.

At Hamilton (Mint League)—Saginaw cracked under the strain in the big series which opened yesterday, the Tigers winning both ends of a double-header, 7 to 4 and 2 to 0. The first game was a heart-braker, the Aces tying the score twice, only to have the locals put over three runs in the eighth. It was 2-2 in the second game, Glasier holding the Aces to three hits. HAMILTON WINS TWO FROM SAGINAW ACES

And Battle Creek Two From Kitchener—Brantford and London Score.

At Kitchener—Battle Creek won both games in the double-header, coming from behind in the first after the home team had a lead of four runs, and winning in the tenth by 5 to 4. In the second game, Black, who held the Beavers runless for the last seven innings of the first game, did the iron-man act and held the locals down to no runs and one hit, while the Cubs gathered 11 hits off Cy Pieh. The scores: First game—R. H. E. Battle Creek.....0 0 0 0 1 2 0 0-11 6 Kitchener.....0 2 2 0 0 0 0 0-4 11 6 Batteries—Black and Heving; Rose and Arzus. Second game—R. H. E. At London—Marry held Bay City to four scattered hits and London had no trouble in winning from Bay City by the score of 8 to 0. Laurent was hit hard and his support was wretched. London played a fine game in the field, Pearey and Shay making brilliant plays. Emery's work in the outfield was also a feature. Newman drove the ball under the fence in deep centre field for a home run in the eighth inning. Score: R. H. E. At Brantford—The Red Sox had little difficulty in defeating the Halligans, battling both Carlson and Hagel to all corners of the lot. The final score was 12 to 4. The game was raged and was handled by two players, which did not help matters. The score: R. H. E. GREAT PITCHING IN NATIONAL ON FRIDAY

Cooper Allows Dodgers One Hit—Only Three Off Hendrix.

At Pittsburgh (National)—Cooper held the Brooklyn team to one hit, a triple by Olson in the first inning of yesterday's game, and the Pirates won, 3 to 0. The locals bunched two hits against Jaamaux with an error in the third inning that produced two runs. In the seventh, with two men out, a double and two singles followed, which scored the third run. Smith pitched the eighth inning for Brooklyn. Score: R. H. E. Brooklyn.....0 0 0 0 0 0 0 0-1 1 Pittsburgh.....0 2 0 0 1 0 0-3 7 0 Batteries—Mamaux, Smith and Miller; Cooper and Blackwell.

At St. Louis—Schupp, pitching his first game for St. Louis, got off to a poor start and Boston made almost enough runs in the first inning to win the game. The final score was 9 to 4, and the victory puts Boston into sixth place. After the first inning Schupp gave only four hits, but his wildness saved the way for four more of the Boston runs. Score: R. H. E. Boston.....4 0 2 0 2 0 1 0-3 9 8 St. Louis.....2 0 0 0 0 0 0 0-13 2 Batteries—Denaree and Gowdy; Schupp and Clemons.

WAR WARNING! Buy Your Clothes Before It is Too Late! Prices Are Sure to Advance Shortly, Owing to Cloth Scarcity and High Wages. It looks almost impossible to keep the price of clothes down much longer, so we want to give our numerous customers fair warning to buy their fall and winter Suits and Overcoats at once, as we cannot guarantee the price for any definite length of time. Our aim all the time, but especially since enlarging our tailoring plant, which is now located at 86-88 Richmond St. west, Toronto, is to keep down the cost of clothes as long as we possibly can. At present we certainly have a wonderful range of materials which we can still sell at the old price, \$21.00, but they are going fast, and unless you hurry you will have to pay the advance, whatever it may be. Remember that by giving us your order you are dealing direct with the makers—no middlemen's profit to pay and every garment guaranteed to be perfectly satisfactory or you do not have to take it. Our New Tailoring Shops We at last have managed to get hold of the entire building at 86-88 Richmond Street West, where all Regent Tailors' Clothes are going to be made right on the premises; no more sub-contractors. Every garment will be made and delivered on the date promised. We have also arranged a special showroom in our new home where orders can be left, and where customers can deal direct with the head office if they so desire. We cordially invite the public, and especially our out-of-town customers, to inspect our new shops, without feeling any obligation to leave an order. A word to the wise is sufficient—save money by filling your future clothing needs without delay. The Regent Tailors 159 Yonge Street

Montreal, Aug. 8.—The Canadian itinerary of his royal highness so far as it can be definitely announced is as follows: The prince will arrive in Quebec Aug. 21 and will stay there until the 24th, when he will go direct to Toronto. On Aug. 27 he will proceed to Ottawa, leaving there on Sept. 1, visiting in succession North Bay, Cobalt, Sept. 2 and Timmins, Sept. 3. Returning to North Bay, he will travel over the Soo branch of the Canadian Pacific to the Soo, reaching there Sept. 4, thence northward to Oba and westward from that point to Nipigon, where his royal highness will fish that famous trout stream. Fort Arthur and Fort William will be reached Sept. 6 and Winnipeg Sept. 9. Leaving Winnipeg the following day the royal party will proceed in a northwestern direction to Saskatoon, Sept. 11, and Edmonton, Sept. 12, thence southward to Calgary, arriving Sept. 13. Four days will be spent in Calgary and its vicinity, including a visit to the celebrated horse ranch of George Lane. Leaving Calgary on Sept. 17, stops will be made at Banff, Lake Louise and Field, in the Canadian Pacific Rockies, the program at Field including a visit to the beautiful Yoho valley. Revelstoke will be reached Sept. 20 and Vancouver on Sept. 22.

Five Thousand Cigarettes Taken by Three Small Boys

Cobalt, Aug. 8.—Three small boys who made their headquarters in a vacant building across the street from the town jail, have been discovered as the thieves who broke into the freight office of the T. & N. O. and the local office of the Canadian General Electric Company here. They found, the police state, the door of the safe in each instance closed but not locked and they took over 20 each time as well as 5000 cigarettes from the freight office.

Paris Police Forbid Movies Of Aviator's Daring Flight

Paris, Aug. 8.—Exhibitions of motion pictures showing the flight under the Arc de Triomphe made yesterday by Military Aviator Godfrey were prohibited today on the ground that the flight was made contrary to police regulations and was likely to encourage other dangerous feats. The prefect of police asked the newspapers not to reproduce photographs, but they ignored the request.

Currie to Land in Halifax, Arriving There on Wednesday

Halifax, N.S., Aug. 8.—Lieut.-Gen. Sir Arthur Currie will land in Halifax. This was the information made public at a meeting of the city council last night, when Mayor Parker announced that he was advised by General Thacker, O.C., of this district, that General Currie was expected to arrive here about Aug. 13 or 14. It was decided to refer the matter of ordering him a reception to the same committee that are preparing for the arrival of the Prince of Wales.

Visits Vancouver Island, Arriving There on Wednesday

A Canadian Pacific steamer will carry his royal highness across to Victoria Sept. 23. Visits will be made to a number of points on Vancouver Island, returning to Vancouver Sept. 29. From Vancouver the prince will motor to New Westminster and thence take the Kettle valley route through southern British Columbia, reaching Penticton Sept. 29 and making a steamer trip on the Okanagan Lake. Nelson will be reached Oct. 1 and Lake Kootenay crossed. The route next is thru the Crow's Nest Pass into and across the prairies, stopping at Macleod, Oct. 2; Lethbridge, Oct. 3; Medicine Hat, Oct. 3; Moose Jaw, Oct. 4 and Regina, Oct. 4. A little beyond Regina, three days will be spent in duck shooting. Resuming the journey at Qu'Appelle stops will be made at Brandon, Oct. 10; Postage Bay, Oct. 11; Winnipeg, Oct. 10, and Fort William, Oct. 11. Rounding the north of Lake Superior, a four-day stop will be made at Sisseton, S.D., where the prince will be hunting. The journey being continued Oct. 17, the route will be along the Georgian Bay to Toronto and thence to Hamilton, which will be reached Oct. 18.

BEACHED GERMAN SHIPS ONLY HAVE BEEN SALVED

London, Aug. 8.—Rt.-Hon. Walter Long, replying to a question in the commons, stated that no attempt had been made to salvage the sunken German ships at Scapa Flow, but only the ships beached in shallow water before they had time to sink. The cost of salvage would be large, and it was being met provisionally from the navy funds.

Father and His Two Sons Drown in River in Quebec

Quebec, Aug. 8.—A triple drowning, in which a father and one son perished while attempting to rescue the younger son, happened about 6 o'clock yesterday on the Bastionne River, about two miles from La Tuque. The victims were Mr. Arthur Prerant, one of the chief draftsmen for the Brown Corporation at La Tuque, and his two sons, aged, respectively, 20 and 16.

Greater Winnipeg Water District Will Float Million in Bonds

Winnipeg, Aug. 8.—At the most advantageous moment in the near future the greater Winnipeg water district will put on the market a million-dollar bond issue at 5 1/2 per cent for a period of thirty years. This will bring the issue total up to about \$14,800,000.

MINERS AT COBALT KEEP ON STRIKING

Reject Suggestion of Soldiers That They Return to Work Pending Conciliation.

Cobalt, Aug. 8.—The executive of the miners union has rejected the suggestion of the returned soldiers' committee that a meeting of the men be called for the purpose of voting on the question of returning to work. The proposal, which was to the effect that the employees of the mines and mills be asked to ballot on calling off the strike pending the appointment of a conciliation board, was not regarded favorably by the union executive, whose members took the view that in the absence of guarantees that the managers would agree to be bound by the findings of any such board it would be useless to take the course suggested. They were willing, they stated, to have a board investigate conditions while the strike was in progress. The situation remains a deadlock.
