Gift of Two Hundred Thousand Pounds Will Be Devoted to Estab lish a Sanitarium to Accommodate One Hundred Patients -Press Applauds Sovereign's Purpose.

London, Jan. 3 .- Two hundred thousand pounds has been placed at King Edward's disposal for charitable or utilitarian purposes, according to The Daily Mail, by Sir Ernest Cassol, a merchant and financer, who was prominent in Egyptian finance, and who was made a Knight Commander of St. Michael and St. George for his services in that field.

King Edward has decided to devote this gift to a sanitarium, which will accommodate 100 patients. Twelve of the beds are to be reserved for wealthy sufferers, while the remainder will be for those who are only able to afford a small fee.

King Edward has appointed an advisory committee in this matter. Three prizes of £500, £200 and £100 respectively have been offered in connection with this scheme for the best essays on and plans for the construc tion of the sanitarium, and the advisory committee will be guided by the results of this competition in the execution of His Majesty's wishes. The company with which Mr. Keicey and Miss Shannon have surrounded themselves this year is said to equal in strength that of the old Lyceum Stock Company with which they were connected for many years. The cast includes Mr. Morton Sei ten, Mr. Charles Stokes, Mr. Percy Brooke. Mr. Dong'as Fairbanks, Mr. William El-liott, Miss Hattle Russell, Miss Winona Shannon, Mrs. Isabel Waldron and Miss Ida Darling.

Religious Census Was Wrong Editor World: Allow me to correct the poort of the census of the religious denomi-ations as published in to-day's World, in hich it is stated that 20 demations as published in to-day's World, in which it is stated that 20 de nominations now in Toronto had no existence in this city 10 years ago. At least five of them were in existence 20 or more years ago. The Swedenborgians had their church building on Elm-street, the Re-formed Egliscopial on Simcee and Caer How ell-streets and the Catholic Apostolic near victoria and Gould-streets. The Mormons held their meetings near the St: Andrew's Market, and the Plymouth Brethren includ-d a number of the most respected citizens of Toronto 15 or 20 years ago. Several oth-ers of those meniloned in the report were here in the year 1891; but, i appears that there was no provision made in the census papers for recording or reporing them. Henry Montgomery.

ing. Many people got up early and went considerably out of their way to make purchases of the pretty new penny and halfpenny stamps. Quite a number of ardent philatelists waited until midnight on Tues day at the general postoffice, and began asking for the new samps, which were on sele immediately after 12 o'clock struck of new Year's day. In the majori y of cases the stamps were promptly affixed to letters and postcards, which were forther box. There is no doubt whatever from the gossip heard at the postoffices that the new King Edward stamps, especially the penny red ones.
