CRY "VIVE LAURIER!"

Parade Results in Small Riot, But Police Do Not Interfere.

Montreal, May 24.—The atmosphere of this city is becoming surcharged with the movement against conscription, and numerous gatherings are being held nightly, at which protests against the measure and denunciations of the Borden government, as well as demands for a general election, are being made in language that borders on the inflammatory and the seditious.

The emphasis on the growing discontent among a certain class of the younger men to cause trouble because of the pronouncement of Sir Robert Borden in the house of commons for conscription took definite form in conection with a parade of several thousad young men that primarily was meant to be a protest from laboring men against the high cost of food, but which developed into an anti-conscription parade, and which was followed by a fight at Phillips Square between two soldiers and some civilians who had been parading. The parade itself was opderly, Banners bearing these motioes were conspicuous and were supplemented with ories along similar lines: "Down with censcription," "Give us a new government," "We want elections," "Down with the trusts." content among a certain class of the

Shout for Laurier.

Derogatory cries about Sir Robert L. Borden and cries of "Vive Laurier" were heard from the men in the parade as it wended its way from Latontaine Park to Phillips Square and St. Catherine street, where it disbanded.

Armand Neagle, e member of the teamsters' union, and one of the local leaders of labor, spoke in Lafontaine Park before the parade started. He said the workingmen would continue to protest against the high cost of living and against conscription, but they would keep within the law.

The row at Phillips Square was precipitated by a returned military efficer and a private endeavoring to wrest one of the banners from a civilian in the parade. Fisticuffs were indulged in, but as no person engaged in it was seriously hurt the police took no action.

Frank Burns, 14 Linley avenue, who interfered to save the military men, did not escape so easily. He had been standing on the sidewalk, opposite Phillips Square, and when he saw the struggle he rushed into the thick of it. He came out minus three teeth and with a scalp wound/which was stitched up in the Western Hospital, four stitches being required in the discounts on all lines. R. mittee, one-fifth of the membership of the committee to be labor representatives.

Miners Oppose Conscription.

As to conscription, the association decided to leave the matter to the Dominion Trades and Labor Council, which meets in Ottawa the first of June. A. J. Macdonald of Cobalt declared that the miners of that district were entirely opposed to conscription.

Another resolution adopted by the association called for increased pensions for returned soldiers and reorganization of the pensions board. The association went on record as being strongly opposed to military training in the public schools of the country, and called for labor vigilance to prevent the recognition of such. In the matter of war profits, the Dominion Government was charged with evading responsibility for placing taxation where it properly belonged.

The association, at its chosing session tonight, chose Niagara Falls for its meeting place for next year. George L. Myland, of Peterhoro, was chosen president: John Lawton, of London, first vice-president: Dr. H. E. Hett, Kitchener, second vice-presidents are: H. J. OVERSEAS CLUB GIVES HUNDRED AEROPLANES

Caradian Associated Press Cable

London, May 24. - Colonial Secretary Long presented the director of general military aeronautics with three thousand pounds contributed by the Overseas Club, to purchase their ninety-ninth and hundredth aeroplanes, presented by the club. "The empire was going to be the

most united, self-reliant, peace-lovingempire in the world," he said. The empire in the world," he said. The days of lip service to overseas dominions had gone.

Lord Northcliffe, who presided, declared that one of the duties of the Overseas Club would be to gather public opinion thruout the empire and lay it before the governments and press. Thruout the empire the urgent need was the question of land settle-ment for soldiers, the allocation of capital, the re-establishment of broken businesses, provision of capital the establishment of businesses soldiers who had lost months years of opportunity in the most vig-orous period of their career. They were demanding to know what was to be done for them. Our active yours dominions were a lot more interested in the matter than we were, and Can-

ada had set an excellent example by the appointment to vacant public offices suitable to returned soldiers. WEEK-ENDS

BALFOUR THANKS AMERICAN PEOPLE

Believes Full Weight of the United States Will Enter Into Struggle.

Conferences Achieve Remarkable Results in Only
Forty Days.

Washington, May 24.—In a farewell address to the American people today, Foreign Secretary Balfour/warmly expressed thanks for the kindness and sympathy with which the British war mission has been received in this country, declared what the United States has accomplished during the 40 days since it entered the war most remarkable, and said he would carry back to the allies across the water his days since it entered the war most remarkable, and said he would carry back to the allies across the water his belief that with as little delay as hu-man imperfections allow, the full and decisive weight of America would be thrown into the struggle for demo-

feeling.

Of those who say the war preparations of the United States have proceeded slowly. Mr. Balfour said they "know very little of the actual way in which public life is and must be carried on in free countries."

"I think what has been accomplished in those 40 days most remarkable." he said. "It is quite true that the executive government has been delayed by the fact that certain measures placed before congress took time to pass, some of them have not yet passed. But who is it that supposes that representative assemblies are going to make great and new departures in public policy solely at the waving of a wand?"

our mission was not the only one which was important at the present juncture.

Feels Kindness of Reception.

For my own part, I have felt more deeply than I find it easy to express, the kindness of the reception which you have given to the mission in general, and to myself in particular. That kindness has been shown me, lavishly shown me, in Washington, It was shown not less fully and not less lavishly in New York and in Rielmond, and I only mourn that the inevitable exigencies of public business make it impossible for me to visit other parts of the United States, to communicate directly and personally with men, in the middle west, in the far west, and in other portions of this colossal territory, which is already occupied by the most powerful community in the world, and which is, I think, destined in the future to have an abiding influence for all that makes for peaceful civilization and freedom and has certainly shown on the present occasion that a great community can be moved to perform great sacrifices for an ideal which has in it nothing of selfishness, nothing of the petty appetite for power, nothing but a pure and unstained desire to benefit the cause of civilization and of mankind.

Reality Surpasses Hopes.

I came with high hopes to Washington. Those hopes have been far surpassed by the reality. I expected, from what I know of American friends on the other side of the Atlantic, that I should be received with kindness, with courtesy and with sympathy, but the kindness, the courtesy and me sympathy which I have received are far in excess of anything which I dared hope for or anything which I

Grateful for Reception.

In expressing the mission's gratitude for the reception given them the foreign minister spoke with regret of their inability to visit many sections, and voiced the hope that it might be done at a later and happier time. To the correspondents themselves, and to the correspondents themselves, and to the American press generally, he paid a tribute for their accuracy and patricite principles.

"Gentlemen," said Mr. Baifour, "I came to the United States conscious, of course, of the importance of the mission with which I have been entrusted by the government; conscious that the mission, from the very nature of the case, was one of the most important in which either of our countries has ever concerned itself; controlled for the abandonment of the recruiting campaign which has been unsuccessfully carried on for the past six weeks on behalf of the Canadian of the information of all concerned that no more recommendations for appointments of officers to the Canadian Defence Force will be made, and that after publication of this order no more men are to be enlisted in battalions of the Canadian Defence Force except in the oversuas companies thereof."

Since its inesption five city regiments have been carrying on a campaign to obtain men for service at home, but as a result of their activities only 64 men, in addition to officers, have been recruited. The 10th Canadian particular to the conscious that the mission, from the very nature of the case, was one of the most important in which either of our countries has ever concerned itself; con-

Capt. Kenyon-Slaney and Lady Hamilton Married on Victoria Day.

Special to The Toronto World.

Ottawa, May 24.—For the first time in the history of Rideau Hall, a marriage was held from the historic old vice-regal residence, and it was fitting that the auspicious event should take place on Victoria Day.

It was at 2.30 o'clock this afternoon in Christ Church Cathedral that the marriage was solemnized of Lady Mary Cecilia Rhodesia Hamilton, eldest daughter of the Duke and Duchess of Abercorn (cousins of Her Excellency the Duchess of Devonshire), to Capt. Robert Orlando Rodolph Kenyon-Slaney, only son of the late Colonel the Rt. Hon. W. S. Kenyon-Slaney, and Lady Mabel Kenkon-Slaney.

The church ceremony and the reception at Government House later were characterized by an impressive dignity and simplicity, according to the standard of war time economy set by this vice-regal household, which is a worthy example for Canadians to follow. But few flowers were used in decoration, and these were grown at the Government House conservatory. There were no wedding favors nor any orchestra, and at the reception a simple aftenyoon tea was served. The time-honored champagne cup was omitted and there were no toasts and no specches.

The Sowns of the lady attendants

and there were no toasts and no speeches.

The gowns of the lady attendants and the wedding cake were made at Government House.

The wedding was attended by several hundred guests, including Canadian statesmen, New Zealand statesmen, visiting here at present, and other notables high in civil, military and naval circles.

Captain, Kenyon-Slaney, who is an A. D. C. to the governor-general, has been on active service in the great war as an officer in the Grenadier Guards and bears the marks of honor from Neuve Chapelle. He came to Canada with Their Excellencies and owing to present conditions was unable to go to England for his bride.

Lady Mary Hamilton, who is an enthusiastic war worker, having been engaged more recently in munitions activities, arrived in Canada a fortnight

tivities, arrived in Canada a fortnight ago, when immediately arrangements were begun for the wedding ceremony which today was carried out with utmost simplicity.

Long before the appointed hour, although the weather was anything but favorable, the approaches to the cathedral were thronged by hundreds of persons anxious to catch a glimpse of the fair young bride, in whose marriage keenest interest has been taken the she is a comparative stranger to

Lady Mary Hamilton was accompanied from Rideau Hall to the church by Hia Excellency the Duke of Devonshire, who gave her in marriage.

She was attended by five bridesmalds, the Ladies Maud, Dorothy, Rachael and Anne Cavendish, and Miss Peggy Henderson, the latter being a daughter of the military secretary, Col. the Hon Harold Henderson. Mas-

ties only 64 men, in addition to officers, have been recruited. The 10th Royal Grenadiers secured a majority of these men, and the other regiments concerned were the 48th litiginal landers, Queen's Own, 198th Regiment.

How the 64 men will be disposed officers bearing the order of service and the 110th Regiment.

How the 64 men will be disposed officers bearing the order of service is still a matter for decision by the militia authorities. Officials at Exhibition Camp have been in communication with Ottawa, and it is quite probable that the men will be given the option of enhisting in the overseas forces or returning to civil life.

Natural Development of Bush Fighting Practiced Here Years Ago.

The new war film which comprises the pictorial record of the spring offensive western, front, would not be complise western, front, would not be complise western, front, would not be complied to tree of the complied western of trench raiding. Those who want to see what a trench raid is like will have an opportunity of doing so next month when the 'Fall of Bapaume' is shown here under the auspices of The Toronto World.

Trench raiding is one of the most successful methods of attack developed in the Great War. It is a notarial was a contribution to the tench raid was a contribution to the tench raid was a contribution to the world and plains. And the white man copied those methods as most effective for the kind of country he had to fight in a state of the western contribution. The forests of eastern canada and the United States, the Indian raid by night and the forest or tiver ambush by day were the dangers ever hanging over the isolated settlements and the lonely traveling parties venturing on the trails or by the water voutes.

Maturally in a wilderness country white men fought, they to adopted the Indian style of fighting. Scouts and rangers of the Canadians on the one side and the Americans or 'Tong Knives' on the other, were simply bushmen, and plainsmen developed by their environment into Indian fighters superior to the Indian set their own game.

Inactivity on the western front would be the resiless spirit of the western continued to be content with the monotony of life in the muddy trenches with no fighting going on but that supplied by the artifliery. These tactics prevented Fritz from his deep trenches and comfortable in his deep trenches and underground sleeping quarters while he was stationed opposite the Canadians, and they had a great deal to do with wearing him down and breaking his power of resistance. The British and the French were quick to see the merits of trench raiding as introduced by the Canadians and it became the regular method of the "war of attrition" last winter. In the new British official pictures, trench raiding is but one feature of a film which includes every form of modern fighting from airships to "tanks," from submarines to cavalry. It is at once an historic record of the events leading up to 'he German retreat to the Hindenburg line, and an education to the world of the full grown power of Britain.

F. C. BURROUGHES DEAD

AFTER SHORT ILLNESS

Frederick C. Burroughes, one of Toronto's most prominent business men, who was head of the F. C. Burroughes Furniture Co., Queen street, died last night of heart trouble at his home at 140 Spadins road, after an illness of only a few days.

He was born in Attenborough, England, 62 years ago and came to Canada in 1882, first settling in Stratford, Ont., where he opened a furniture store, and later settled in Toronto. Here his business grew steadily until it is now one of the largest in Canada. He was a member of Trinity Méthodist Church, and also of the Mississauga Golf Club. He was a Conservative in politics, but never figured prominently in public life.

Besides his widow, he is survived by two sons, Captain Roy, who is over-

London, May 7.—(Correspondence of the Associated Press.)—The number of women who are acting directly as substitutes for men in field, office and workshop has now passed the million mark, according to figures printed by the board of trade labor gazette. Allowing for displacements from other industries and domestic services, it is estimated that 800,000 women have gone out to work who did not do so before the war.

The women harnessed the animals in the stables, brought them out to the paddock, put them to carts, drove thru two gates without bumping, and then back to stable.

A feature of the demonstration was the milking contest, for which there were more competitors than cows. The cows, and the task of the judge was not an easy one.

ing the Germans, and are traitors, whether in Canada or elsewhere. M. Anatole Vanier, secretary of "La Ligue Patriotique des Interets Canadiens," has issued a circular letter from Montreal in which he asserts that conscription in Canada under present cir-cumstances "would be anti-national and against our liberty and dignity"; and in reinforcing and maintaining the morale also that "Sir Robert Borden's promise of 500,000 men is a despotic act, bearing the marks of German despotism." These ideas are being echoed in a few other places, Toronto having its little group

Those who obstruct the allies are help-

Autocracy is the rule of the many by the few, and this is why it seems so absurd for a noisy minority, fewer by far in number than the men who have crossed the seas, to clamor as they do, and insist that their will should dominate Canada. Perhaps we need a Lincoln to deal with such undigested elements of the nation, but we believe the good sense of the Canadian people in general will ignore such misguided clamor, and support the government in doing what is

necessary and right. The government also should not hesitate to carry out its plans, and promptly. The only mistake about conscription was in failing to have the necessary measures all ready when the announcement was made, and proceeding with them at once. If the government feels unable to cope with the situation, it has the example of Great Britain, France and other countries to direct it. There are sufficient loyal men of all parties to constitute a government that could stand four square to all the political winds that blow.

The one issue before the world today is the winning of the war, and pro-Germans, at home or abroad, must not be allowed to interfere with it.

Demobilization as a War Measure In the report of the Military Hospitals Commission emphasis is laid upon the problem of absorbing the demobilized army into civil life after the war. There should be no difficulty about it. The problem should be treated as a war measure and not as a peace measure, if peace. measures mean the ignoring of responsibility, and the creation of social chaos for lack of courage or organizing ability on the part of the government. At whatever time the war ends, be it one year two years, or three years hence, it has then to be recognized that the war is over for fighting operations only, and a further war term of one year or two years must be recognized for demobiliza-

tion purposes. The expense of demobilization will be considerable, but only a fraction of the cost of active hostilities, and it will be slight as compared with the cost of iramediate demobilization and the resultant porial conditions, Moreover the period

We now have another stream, adjoining Munro Park, polluted with sewage, samples of which have been laid before the board of works and which the medical health officer has found contaminated with sewage. At this point the children attending the Forest School in Victoria Park are exposed to disease, yet they come down here for their health. This is also a bathing spot during the season for adults and children. The most flagrant feature of this The most flagrant feature of this matter is that this pollution goes matter is that this pollution goes thru private property. We intend asking the provincial health authorities to take the matter up since the works commissioner refuses to do anything. After that a last respit will be the courts. For this reason we cordially welcome the deposit of a dollar, knowing that in most instances the incentive of a savings account, and the regular addition of interest, will insure a steady increase in the balance at the depositor's credit. It would almost seem as if, gener It would almost seem as if, generally speaking, the many good qualities which the bread as a whole possesses, increase as the days go by. Quite a number sent in bread which was very fine in quality and attractive in appearance, but which it was quite evident had egg or milk used in the makeup. While these loaves were very much admired their chances of being prize-winners were not increased, because the contest is in normal plain home-made bread. Among the entries was one from Stayner. This, with other outside exhibits, shows that interest in the contest is by no means confined to Toronto.

Editor World: It is a very strange thing that, notwithstanding laws to the contrary, our waterfront is being polluted more and more. For the last dour or five years a most filthy stream of water had been flowing into the lake at the foot of Maclean avenue, next to Scarboro Beach Fark. After several deputations had watted on the board of works and nothing being done, Ald. McBride last year, I understand, moved that the matter be placed in other hands than the works commissioner to deal with. This had the desired effect and the department got busy. We now have another stream, adjoining Munro Park, pollited with sewage and try for one of the handsome prizes of \$25, \$15 or \$10 which The World is giving. The chance of the last comers is just the same as that of those who entered first, so that we expect to be kept busy receiving, tiches and judging the bread until the end of the week. The demonstration in bread-making is still to be seen daily at Leow's Theatre, so that any who are in doubt as to how bread should be baked may receive an object lesson which they can at once put into practice by going home and baking a loaf according to the demonstration and then bringing it in for judgment.

Impressive Ceremony Held in Queen's Park-Colors for Great War Heroes.

Burden of Service is to Be Distributed.

The Canadian militia veterans were joined in their annual memorial service in, Queen's Park yesterday by veterans of the Canadian Expeditionary Force, and despite the inclemency of the weather the ceremony was conducted with the utmost success.

Promptly at 9.30 a.m. the veterans of '66, of the Rebellion of 1885, of the Boer war and the great war, assembled at the armories and lined up for the march to Queen's Park. An interesting ceremony at the armories was the presentation of colors, by Col. A. E. Belcher, on behalf of the Veterans of 1866 Association, to the Great War Veterans' Association. Battalion Sergt.-Major Rowe Whitton, president of the latter association, who received the colors, replied briefly on behalf of his comrades. He expressed appreciation, of the splendid gift and said that the members of the War Veterans' Association would honge the memory of the veterans of former wars and try to follow the example they had set.

set.

Line of March.

The line of march was by way of University avenue and at the head of the column was the band of the 48th Highlanders under the leadership of Lieut. John, Slatter. At the park the men paid tributes to the memory of comrades of other days by placing wreaths upon the soldiers' monuments. The men then gathered around the bandstand where a memorial service was held, led by Capt. John A. Macdonald, president of the Grand Council of Canadian Militia Veterans.

THE ROBINS PLAYERS.

The new melodramatic comedy which Miss Florence Roberts, the eminent New York star, will appear in with the Robins Players next week at the Alexanda, "The Claim," is a clean, wholesome story of the west as it is today. The central figure is a poor, tawdry "Honkee Tonk" singer, who abandons her child because she feels that she is not fitted to battle for its life. How the child is adopted by one of the miners and how later when the mother learns that the miner has struck it rich she determines to blackmail him forms one of the most gripping stories ever dramatized.

"THE CRISIS" IN PICTURE.

No picturized drama has attracted the same attention as "The Crisis," which will be presented for the first time in Toronto at the Grand Opera House next week with a special or-chestra and stage effects. Winston chestra and stage effects. Winston Churchil's famous story has been given an elaborate setting for the various scenes. The titanic figure of Lincoln, the great emancipator, stands out prominently and the pictures from a detailed version of the tures from a detailed version of the story that is intensely interesting, showing the battle of Vicksburg.

Nobody in the army or on the outside will grudge it, but it is a mistake from every point of view to bestow all the compiments on a few of the actors."

The Canadian Press yesterday saw a letter from a Montreal woman to her husband who had been invalided from the front, in which she said it was small wonder that the Canadians had so many casualities, seeing they did so much of all the fighting.

Inspection of the casualty lists of evertivities is a runy casualties, the front, however, reveals correspondingly heavy casualties, which shows that the fighting has been borne equally by all.

Paris, May 24.—Details of a battle between the trawler Ibis and a German submarine, in which the submarine was driven off, have just been made public. The fight took place in the Bay of Biscay on April 22.

The sea was rough and the wind was blowing hard when the Ibis sighted the submarine. The fishing boat was unable to get up any speed but her skipper, without a moment's hestiation, cut away his trawl and joined battle spiritedly. The coolness of the crew and the skill of the cabin boy, who took the helm while his mates stood to the guns, decided the fight. In five minutes the submarine had had enough and submerged.

London, May 24.—The resignation of Count Tisza, the Hungarian premier, has not been officially announced, although the stellar of the calbinet has resigned. Another telegram, however, has reached Amsterdam from Vienna quoting the newspapers there as saying that a solution of the crisis is imminent.

The newspapers add that the crisis

The newspapers add that the crisis concerns Hungarian domestic affairs and does not affect Hungary's foreign policy, or the war.

If the resignation of Count Tisza takes effect it is expected that his successor will be Count Johann Zlohy or Count Bela Serenyl, former minister

of agriculture.

A late Vienns despatch received in Amsterdam says that as a consequence of the emperor and empress going on a visit to the burning Hungarian town of Gycenyces, Count Tisza did not proceed to Vienna, but accompanied the royal counte to Gycenyces. the royal couple to Gyoenyoes.

FOUR FAVORITES WIN ON FIFTH DAY RECORD CROWD AT WOODBINE PARK

Smart Money, Long Shot, and Mausolus and Sea Froth, Second Choices, Were the Other Three Winners on a Raw and Chilly Holiday.

Victoria Day, the third year of the var, saw the biggest crowd that ever attended Woodbine Park out to see the O. J. C.'s seven races decided. The attendance is pretty conservatively well satisfied with the sport, tho the of the afternoon. The McBride stable's Charles Leydecker landed the Victoria Stakes, and J. E. Seagram's candidates the other two, the Coronation and the Maple Leaf.

Maple Leaf.
Four favorites, two second choices, and Smart Money (field), a long shot, were the holiday winners. Masterful, Fountain Fay and May Bloom, the three beaten choices, ran inside the money. Parrington was the winning jockey with two firsts to his credit. Jockey Rice on Damrosch was accounted responsible for the jam in the Connaught Cup, and the stewards set him down for the balance of the mesting.

Anita a Good Racer.

Anita was a good racer yesterday. The form and wise selection was off in a nice position, trailing Astrologer to the straight. The latter stopped up, and Anita took the lead to the finish, but Lady Mexican, that came from behind, forced the issue to the limit and the verdict was a sparse neck. Goldcrest Boy also came from the mile for the show ahead of Hazelmut, that was played strongly in the field, with three others for the third.

Mausolus was too good for Masterful on the flat, and the jumping awkwardly seemed to have the Leamington steeplechase well in hand from assuming the lead after the third jump. Oriental Star threw his rider at the last jump, but was remounted and finished inside the time limit for the show. Reddest fell at the third jump, and Chevron threw his rider at

LES DARCY DEAD; PNEUMONIA CAUSE

Australian Boxer, Who Never Got American Bout, Dies at Memphis.

Memphis, Tenn., May 24.—Les Darcy, the Australian pugilist, died at a hospital New York here yesterday by a score of 4 to 3. The visitors scored the winning run in the ninth, on a base on balls to Mann and Deal's double. Douglas held New York to four hits, but was poorly supported. Manager Mitchell of Chicago was ordered off the field by Umpire Byrron in the sixth innings, and Right-Fielder Robertson of New York met the same fate two innings later. Score:

Chicago 0 2 0 0 0 1 0 0 1—4 7—4 New York ... 0 0 1 0 2 0 0 0 0—3 4 0 Batteries—Douglas and Wilson; Benton, Middleton and McCarty.

Darcy had enlisted in the aviation reserve corps here shortly before he was taken ill. At that time he was pronounced by Captain Christie, officer in charge of the corps, as the most perfect specimen of manhood that had appiled for enlistment in the corps.

DARCY'S AMERICAN CAREER.

New York, May 24.—Les Darcy, the Australian puglist, who died in Memphis today, arrived in this country on the tank steamer Cushing, Dec. 22, last year. He was met by Tex Rickard, the boxing promoter, who was then making arrangements for the Australian middleweight champien to meet Georges Carpentier, the French heavyweight champion, in a tenround bout at the Madison Square Garden. This, as well as several other matches in which Darcy was to have been a principal, had to be abandoned. In the first place, the French champion declined to leave France while the war was in progress. Then there were rumors to the effect that Darcy had left Australia surreptitiously to avoid joining the army, and Governor Whitman issued an edict forbidding the Australian champion to appear in any glove contest in the State of New York. Meanwhile, other bouts were being promoted between Darcy and prominent light-heavyweight, and middleweight American boxers, but none of these matured. In Ohio and Louisiana, the governor Whitman, and declared that Darcy should not be allowed to fight on account of the-way in which he left Australia.

Darcy never appeared in a real contest tralia.

Darcy never appeared in a real contest in this country, and the only opportunity he had to show his ability and cleverness was when he went on a brief theatrical tour, giving boxing exhibitions.

Saturday's double bill at Willowvale Park will be the tidbit of the season. In the opener Hillcrests and St. Francis meet. Dwan will work Jeff Keane or Scott, with Spantion receiving. The Saints will pick from one their good trio, Brash, McKeown, or Lavine, with Babe Sheppard catching. The second game will be a clinker, when those old rivals, Wychwood and Moose, meet. Wychwood will send Myles, who won his last two starts, to the mound, with Garner or Davis behind the bat. Moose will depend upon Beddell or Matthews to pitch them to victory, with Savelle or Kennedy holding them up.

New York, May 24.—All other developments of today's feverishly active market seemed insignificant compared with the fourth rise of United States Steel to the new record of 181½. This represented an overnight gain of 3½ points and surpassed its previous maximum of 1½ points.

The ease and confidence with which Steel changed hands in countless lots of 1,000 to aimost 10,000 shares was regarded as one of the most phenomenal features in the annals of the local exchange. Steel's portion of the day's total of 1,115,000 shares approximated 33 per cent.

Other industrials, notably those included in the wide variety of equipments and munitions, kept pace with the so-called "war brides," while strong, were, for the most part, far below highest quotations recorded in the week.

In the sheep market heavy sheep and brucks sold at from \$10.50 to \$11.50; yearlings from 14½c to 16c, with 3c off for clipped sheep. The outlook for the sheep trade is far lower prices with the approach of summer, unless for the very close grades.

Calves sold well at Wednesday's prices, and the market was characterized as steady. Choice veal calves sold at from \$14c to 14½c; medium calves from 11c to 12½c, and common from \$4½c to 9c. Light handy weight sheep with the wool on brought from 12½c to 13½c.

Hogs—There was no change in the price of hogs over Wednesday's figures, \$17 fed and watered being the prevailing rate. Some of the commission houses were inclined to think that the feeling week.

U. S. STEEL TO ERECT

Big Acreage Near Newark Has Been Secured for Purpose,

New York, May 26.—The United States Steel Corporation has purchased a big acreage near Newark, in the New Jersey meadows, within striking distance of deep water, and will erect immediately one of the largest shipyards in the world, where standard 8000 and 10,000-ton steel ships will be constructed, probably with the co-perations of the government shipping board. It is reported the construction of the new plant was requested by the government.

Elbert H, Gary, chairman of the board, stated that the corporation had recently purchased a large plot near Newark.

It is understood the American Bridge Cempany, one of the corporation's largest subsidiaries, will be given over to the manufacture of standardized units, which will be shipped to the yard and there assembled.

New York, May 23.—Peace with Russia and the hope that this year's crops would be better than those of last year have, during recent weeks, been the sole factors in whatever optimism existed in Austria-Hungary concerning the outcome of the European war. It was thought that the reaching of an understanding with Russia would cause the entente governments also to enter negotiations for peace, or release the central power troops on the east front for operations against the Italians and the allies on the west front. This failing, a crop at least as good or better than last season's appeared to most classes the only cause for seeing anything bright in the future. The government shared this view, and this government shared this view, and this led to several attempts by it to give the Russians to understand that peace with the central powers could be ob-

Mr. Martin said that Premier Borden in the Canadian house Friday last made the statement. Secretary Long replied that Mr. Martin must have been misled, because both allegations contained in his questions were entirely devoid of foundation.

SINN FEINERS UNLIKELY TO ATTEND CONVENTION

Number of Concessions Are Demanded as Result of Conference.

Dublin, May 24.—The Sinn Fein conference today unanimously re-solved to decline to participate in any conference "called by the English Government estensibly to settle the Irish question" until the following conditions are fulfilled: First: That the terms referring the question to the comference leave it free to decree the complete independence of Ireland.

Second: That the English Government publicly piedge itself to the United States and the powers of

London, May 28.—It is understood that an important change in the relations between the government and the trade unions is contemplated, the movement probably being an outgrowth of the many labor difficulties that have arisen during the war. Proposals are being advanced, it is stated, with a view to making better use of the assistance of the trade union leaders in strengthening the ministry of labor and co-ordinating its work with various government departments, such as the admiratry, the war office, the ministry of manificus, and the shipping control department, which all have direct relations with the trade unions and exercise control over labor.

The government is making inquiry,

partments of direct negotiations industrial questions.

Borden Makes Statement In Reply to Joe Martin

Ottawa, May 24.—Sir Robert Bor-den, when asked regarding Joseph Martin's query in the British house,

Mustin's query in the British house, said:

"Mr. Mastin was entirely misinformed if made no such statement as he suggests. The imperial conference was not asked to agree to an imperial parliament, nor was any request made that the United Kingdom should change is discal system in order to give a preference to the dominions, Nothing in my speech of Friday last suggested that any such demand or request was made."

THE CONCRETE HIGHWAY to Hamilton is made doubly attractive to motorists by the fact that at the Hamilton end there is the Royal Con-naught Hotel. This new hotel is one of the finest in Canada.

CELEBRATION CALLED OFF.

Special to The Terente World.

Galt, May 24.—The celebration planned for today by the local branch of the Great War Veterans' Association had to be canceled because of the rainy weather, and the association suffered considerable financial loss. The association will celebrate now on Dominion Day.

18-22 KING STREET EAST, TORONTO.

The holiday spirit pervaded the Union Stock Yards yesterday, and in common with all other good citizens the commission houses closed their doors early following light deliveries and a fairly responsive and active market for all kinds of live stock. Receipts were only light, 27 cars in all, and of this there were 22 cattle, 214 caives, 1612 hogs, and 19 sheep, practically all of which was cleaned up before long before the noon hour.

J. B. Dillane bought 150 cattle during the week. Light steers, weighing from 500 to 700 lbs., at \$8 to \$9 per cwt.; 800 to 1000 lbs. cattle steers at from \$9.50 to \$10.25; light stockers, steers and heifers cost from \$6.75 to \$8. Mr. Dillane shipped out four loads on local orders. One load of choice feeders, ayeraging 950 lbs., was sold by Mr. Dillane to W. G. Knowles of Port Colborne at 10c per lb.
