WEDNESDAY MORNING MARCH 16 1921

41ST YEAR—ISSUE NO. 14,735

TWO CENTS

Proposed Reduction in Wages Definitely Rejected by Railway Men Bitter Onslaughts in Legislature Directed Against Timber Probers

TO CONSIDER SYSTEM OF APPRENTICESHIP IN BUILDING TRADES

Matter Will Be Taken Up With Wage Agreement Negotiations.

FEAR DEARTH OF MEN

A big movement is now under way to inaugurate an adequate apprentice system among the building trades of this city. Although the part apprenticeship in the building trades and their education has practically been ignored by both the unions and the building contractors up to the present time, as far as Toronto is concerned, the question of apprenticeship has now been brought to the fore and is to be taken up in the wage agreement negotiations between the Toronto Builders' Exchange and the various building trades unions.

The question was brought up before the negotiating committees of the Carpenters' Union and the Building Contractors held at the Toronto Builders' Exchange yesterday afternoon in connection with drawing up the 1921 agreement and will be embodied in the agreements to be drawn up this season between the different unions and contractors in the building industry.

Lack of Apprentices.

It now develops that for the past six years there have been no building mechanics in the making in this city. Due to the shortage of labor during that time, men who had an inclination toward any particular trade, also with practically no knowledge or experience in that specific trade, were with little difficulty, and without any trade test, admitted to full membership in the ranks of the trades and labor unions. An example of the lack of apprentices in the building trades here is shown by the bricklayers; there being only one instance among the contractors where an apprentice is being trained. As a consequence (Continued on Page 8, Column 3.)

FEBRUARY TRADE SHOWS DECREASE

Canada's Exports for Month Show Decline of Twenty-One Million Dollars.

Ottawa, March 15.—A considerable decline in Canadian trade is shown for the month of February. In the corresponding month last year the value of goods imported was \$37,496,856 as against \$71,970,507 for February, 1921, a decrease of \$15,526,849. Domestic exports for February, 1921, totaled \$65,287,728, as compared with \$86,655,100 in February, 1920, thus showing a decrease of \$21,417,452. For the period of eleven months ended with February last, Canada's total trade amounted to \$2,385,518,471, or \$178,059,867 more than the corresponding period ended in February, 1920. There was an increase in imports in this period of \$22,549,423 but a decrease in exports of \$25,237,966.

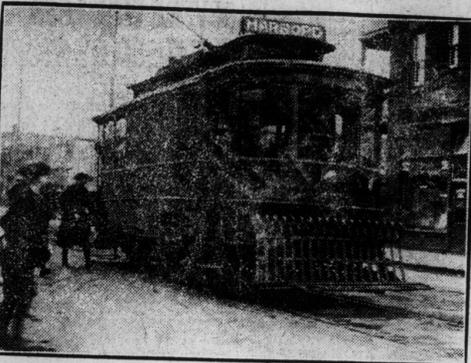

SOVIET TRADE PACT TO BE SIGNED TODAY

Agreement Amended in Manner Acceptable to British Government.

London, March 15.—The Anglo-Russian trade agreement will be signed tomorrow, according to present expectations. The negotiations between Leonid Krassin, the Russian representative, and the board of trade have resulted in the reforming of the clauses in a manner acceptable to the British government. The main principle is said to be that Russia undertakes to cease all propaganda outside of Russia, while Britain undertakes to observe neutrality of the Russian internal affairs.

Arranging for Jailbirds To Cast Votes in Silesia

Breslau, Silesia, March 15.—More than 100,000 of Upper Silesia's native sons and daughters from all sections of Germany have already reached their respective voting precincts in the plebiscite zones. Their presence is infusing the home population with unbounded enthusiasm and has served to give German hopes a mighty impulse. One of the novelties of voting day will be the balloting by inmates of jails and other penal institutions, who are eligible. These also will be given German and one Polish ballot. The valid ballot will be deposited in

A LINK WITH EARLIER DAYS IN TORONTO
The type of cars which the street railway employs on some of its routes is the subject of many jests by patrons, who look for the transportation commission to retire these antiquated vehicles promptly. Before many months such a car as is shown in the picture will doubtless be only a memory. The car is on the Harbour line and the number is 306.

WILL GREATLY REDUCE CIVIC WORKS OUTLAY

Committee Makes Cut of Over Six Million Dollars, But Amount Is Still One Million Ahead of Last Year—Defers Building Two Glen Road Bridges and the Proposed Island Reservoir—No Island Houses for Employees of the City.

The committee on works made a merciless assault on the estimates of the works commissioner yesterday and chopped them from a total of \$12,055,824 to \$5,308,308. Controller Hiltz, who is a member of the committee, was the most active in slaughter and no doubt created the impression in the mind of the commissioner that as a controller he would make a good butcher. The controller explained that the city was confronted with heavy necessary expenditure this year in connection with the purchase of the street railway and if the committee did not reduce the works estimates by about \$6,000,000 the board of control would do it. The commissioner defended his items for maintenance vigorously. He asked for \$2,539,885 in maintenance account and got away with it all but \$293,385. He asked for capital expenditure of \$8,529,542 and this item was cut to \$2,516,367. But even after the pruning the works expenditure for 1921 was left over \$1,000,000 greater than last year's expenditure. The board of control may also do some pruning. Some of the big items that fell by

HURRY ABSORPTION OF GRAND TRUNK

Government Not Inclined to Grant Time Extension Desired by Officials.

Ottawa, March 15.—(Special)—It was learned at the railway department today that the government had resolved to lose no time in proceeding with the co-ordination of the government railways and the absorption of the old Grand Trunk into the Canadian National Railway System. The government is authorized by the statute of 1919 to take possession of the Grand Trunk lines on the coming in of the arbitrators' report, which is due on April 8. No extension of time has been asked by the arbitrators and none is likely to be granted. Informal representations have been made by the Grand Trunk officials to the effect that the company cannot present its case to the arbitrators within the prescribed time, but a remarkably strong case will have to be made if any extension be desired. STATE OF WAR ENDED. Rome, March 15.—A decree published today announces the cessation of the state of war in the annexed territories of Venetia and Fria. General mobilization of the army is declared ended from today.

ANOTHER TEXAS LYNNING.

Swell Hats for Easter Showing at Dineen's.

This cut represents the new soft hat, "The Prince," just received from Christy & Co., London. Extra fine quality. Price \$10.00. Other makes at \$4.95. See the grand Easter display of men's hats at Dineen's, 110 Yonge Street, today.

RAILROAD WORKERS REFUSE TO ACCEPT WAGE REDUCTIONS

Eastern Men Decide to Carry Fight to U. S. Railway Labor Board.

NO STOPPAGE OF WORK

New York, March 15.—Railroad workers in the east have decided to reject all proposals of wage reductions and carry their fight to the railroad labor board if the cuts are put into effect. Representatives of the workers, who have been holding conferences here, it was definitely learned tonight, have decided upon this course, taking the position that the present wage standard must be maintained and economic conditions will not permit any reduction. There is little danger of any cessation of work should the railroads put the reductions in force, union officials said, as the employees will appeal to the railroad labor board at Chicago and abide by its decisions. The railroad managements, it is understood, will also obey the board's edict. The position of the workers was officially made clear today, when representatives of the unskilled men notified the management of the New York Central Railroad that they flatly refused to consider proposed wage cuts of from 17 1/2 to 21 per cent, "as we find that these employees today are not receiving sufficient income to maintain their families properly. Representatives of the skilled workers of the New York Central said: (Continued on Page 8, Column 3.)

TWO MOTORCYCLISTS SHOT IN DUBLIN

Presbyterian Minister Sentenced to Year in Jail is Released.

Dublin, March 15.—There was an attack today on two military motorcyclists in the Dublin's Barn district. One of the riders was shot in the lung, receiving injuries which it is believed, will prove fatal. In an attack on military despatch riders crossing Rialto bridge, Dublin, a soldier was wounded. The Rev. J. A. Irwin, a Presbyterian minister, who had been sentenced to one year in prison for conviction by a court martial of having a revolver and ammunition in his possession, was liberated from Belfast jail today. General Nevill Maccready, military commander in Ireland, remitted the remainder of Irwin's sentence on account of ill-health.

CREW WITH GAS MASKS FINALLY SUBDUED FLAMES

Boston, March 15.—Fire aboard the Bucknell Line freighter Kasembe, which arrived today from Alexandria and Messina, gave her crew a lively time for a week. Fumes overcame the crew and it was found necessary to use gas masks and oxygen tanks and lemons and 500 baies of Egyptian cotton. Chief Officer Baker and Second Officer King, who had been lowered into the burning hold, were lifted out unconscious, and Chief Officer Baker may lose an eye from spark injury. It was only when the crew obtained gas masks at the Azores that the flames could be extinguished.

EARTHQUAKE IN ARGENTINA.

CAPT J. McKEEVER DIES.

Recreate British Army As It Was Before War

London, March 15.—Sir Laming Worthington-Evans, secretary for war, in introducing the army estimates in the house of commons today, said the ultimate aim of the government was to recreate the expeditionary force of six divisions. At present, however, the army was very far from being as complete as before the war, he declared. Regarding the Territorials, the secretary said, it had been decided to provide fourteen divisions as a second line, provision had been made for development of a light tank to co-operate with the infantry, he continued, and

DUNVILLE CITIZENS FLATLY DENY STORY OF RING DOMINATION

F. Lalor, M.P., and Other Witnesses Emphatically Refute Charges.

CONTRADICT RANEY

Cayuga, Ont., March 15.—(By Canadian Press).—The judicial inquiry into law and order conditions in Dunville is rapidly drawing to a close. Today seven witnesses were on the stand making a total of 43 to date by the judicial inquiry. Today's witnesses, prominent citizens and officials of the town, spoke highly of David Hastings, both as a man and a magistrate, and denied the allegations in the statement of a dominating ring in the town. Frank Lalor, M.P., and W. A. Fry, proprietor of the Dunville Chronicle, were the principal witnesses this afternoon. A Denial by Lalor. The former gave a most emphatic denial to the general charges in the statement and also to the charges read out by Hon. W. E. Raney, when the deputation waited on the attorney-general asking for the reinstatement of Hastings or an investigation. He also gave denials to a specific charge in the statement, that he was a member of a ring which exercised an improper influence in the town. He also denied the statement made by Rev. J. H. Green, that he (Lalor) had suggested he (Green) be one of the boys or sports, and also said that Mr. Green's dramatic spurning of the witness was unwarranted. (Continued on Page 4, Column 4.)

C.P.R. CALLS HALT ON NEW PROJECTS

Decision Affects the Western Lines for First Year—No Steps About Pay.

Winnipeg, Man., March 15.—The Canadian Pacific Railway has decided that no new project involving expenditure on capital account will be undertaken in western Canada until business conditions are more settled. A charge of western lines today, Mr. Coleman has just returned from the east, where he has been conferring with the officials. "There is no occasion for gloom or despondency about the future of western Canada, but conditions at the moment certainly demand that business enterprises shall be conducted with prudence and caution," Mr.

showing the Canadian Pacific Railway Company can run the line and make money out of it, but that the people cannot and when you read between the lines, the whole case of The Montreal Gazette comes down to this: not so much that government ownership is a failure, but that it is most anxious that the Canadian Pacific Railway Co. get the National Railways for a song under the pretence of operating it and thereby getting rid of an incubus.

Our answer to The Gazette is that the roads now owned by the government are the greatest railway asset owned by any government in the world, and that the making of the greatest railway system in the world, and that they have cost us millions and millions of dollars; and now, when we have the opportunity of consolidating them and getting substantial results, that is the time The Gazette and its friends are moving heaven and earth to head off the competition that the national roads will give to the Canadian Pacific! The real story is that the Canadian Pacific is in danger of the competition of the Canadian National Railways, and no one knows it so well as The Gazette and its friends. They are not so concerned about losses the national roads have made as they are concerned to get the National Railways for the Canadian Pacific and have the control of all the railways in the hands of Montreal!

Now, if we judge the people of Canada correctly, they are not going to be diverted from their purpose of a national system of railways by any such arguments as used by The Gazette in the above extracts. The people will be strengthened in their views, rather than weakened by any such appeal as that contained in The Gazette.

But we wish to point out at this stage that the Right Honorable Arthur Meighen, as head of the government, who was an active worker in nationalizing the Canadian Northern and the Grand Trunk, and who is now mainly responsible to the people of Canada for the administration of the roads that we have taken over, must not delay another moment in effecting absolute consolidation and co-ordination of the Intercolonial, the National Transcontinental, the Canadian Northern and the Grand Trunk. Every day's delay means increased danger and increased attack, and we think we know the people of Ontario, and the people of the west and the people of the maritime provinces and we do not think that they for a moment would be party to the suggestion of The Gazette of turning over to these roads to the Canadian Pacific crowd of Montreal. We even think the people of Quebec will see that the national railways are as important to them as they are to the rest of the country. And Hon. T. A. Crerar, leader of the Farmers' party, has certainly spoken in no uncertain way that the farmers of the west are in favor of national railways. But, again, we say that Mr. Meighen and his colleagues must begin to take action in consolidating the government roads into one system and doing anything else necessary to give the consolidated system a fair trial. Even this must come before the conference of prime ministers in London. That's a secondary matter.

REPORT INCOMPLETE KING MAKES THREAT

(Continued From Page 1).
humor, and beyond asking an occasional question in French made no effort to embarrass Hon. S. F. Tolmie, the minister in agriculture. Indeed the only trouble given Dr. Toime was in the shape of protest voiced by Ontario Conservatives. Both Donald Sutherland of South Oxford and Dr. Edwards of Frontenac severely criticized the inspection of the animals health branch of the department of agriculture. Upon learning that the electric street car and the bicycle inspection commission, they paid their respects to that tribunal and were especially severe upon Hon. W. J. Roche, chairman of the committee who recently delivered himself in Ottawa against a return to the patronage system.

One interesting fact that dropped up in the discussion would seem to indicate that the faithful horse which survived the steam locomotive, the electric street car and the bicycle inspection before the advance of the tractor and the automobile. The colleges are no longer grinding out veterinary surgeons, and the department of agriculture finds it more difficult every year to secure a suitable number of "vets." According to Dr. Toime only 25 veterinary surgeons were graduated at the Toronto Veterinary College in 1933 as against 260 in 1891.

Criticism by King.
Ottawa, March 15.—(By Canadian Press).—The department of agriculture was under fire in the house today. It was the first occasion this session of the house being in supply. Nor was it the first time the department had been severely criticized without some lively preliminaries.

Last session the leader of the opposition declared that in future he would be unwilling to let interim supply bills pass. Today, he opposed the voting of supply on the ground that the full report of the auditor-general (which contains details of the year's expenditures) was not before the house. "The delay," Mr. King heatedly declared, "is a deliberate device by the government to prevent parliament from getting the information to which it is entitled," and Mr. King charged that cabinet ministers were away last summer in Spain, England and Italy, and were except in Ottawa attending to business.

The prime minister sharply retorted that there was nothing in the situation to warrant a charge of "absenteeism" or "Mr. King's remarks. Nothing had been done by the government to defer presentation of the auditor-general's report. It was merely a question of the physical labor of presentation and three volumes of the report had been tabled. Under the Laurier administration the present delay had been greatly exceeded.

Experimental Farm Under Fire.
On the other hand, Hon. W. S. Fielding (who was minister of finance in the Laurier administration) claimed that when the Liberals were in power, such delays as the present were unknown.

Criticism in supply on the agriculture estimates lay largely against expenditure on the central experimental farm at Ottawa. Donald Sutherland of South Oxford called it a show place for visitors. Would not the money be better spent on demonstration farms distributed throughout the province?

Hon. Dr. Toime, the minister of agriculture, emphasized the value of the work done on the central experimental farm. Necessary experiments could not be conducted without considerable outlay. Were farmers to take advantage of the work done on experimental farms, agriculture throughout the Dominion would benefit immensely. "You can take a horse to water, but you cannot make him drink," exclaimed Dr. Toime. If people would not learn, the department could not assist them.

Knecks For Commission.
In passing, the civil service commission had some sharp knecks. Dr. Edwards of Frontenac thought some of the commission's appointments indicated absolute incompetence. National Progressive thought the minister of agriculture over incongruities in salaries. There was a case of the head clerk of an experimental farm having a maximum of \$2,200 a year. Yet the superintendent of the same farm was paid only \$2,340.

Dr. Toime replied that the superintendent maximum was \$2,000 and he had a house in addition. As to salaries, these were in the hands of the civil commission and perhaps there were a few things—so Dr. Toime admitted—"of which we don't approve, but we can't help it."

Rather curiously, perhaps, the warmest eulogy which Dr. Toime received during the day came from

NAVAL AVIATION BOOMS IN JAPAN

Elaborate Program Is Expected in View of Activity of Government.

Washington, March 15.—Embarkation by Japan on an elaborate program of naval aviation is to be expected in the opinion of officials here by the recent activity of the Japanese government in the purchase of airplanes in Europe and in the endeavor to enlist the expert advice of British naval fliers.

Until quite recently, naval statistics show, Japan had made little or no progress in naval aviation, but advanced reports from official circles declare there has been unusual activity in that branch of national defence on the part of the Japanese government.

Disappointment at the failure of the British naval air mission to send to Japan this year at the request of the Japanese government, and the desire to give expert instruction in naval flying, the Japanese government has obtained instead a private mission of 20 ex-navy flying officers and men from the Vickers Company in Great Britain according to the reports. These experts, the advices declare, are to be in charge of the new Japanese naval air service in the use of airplanes aboard war vessels and in the manufacture of airplanes and motors.

The party, which is expected to arrive in Japan next month, is taking with them for instruction purposes several of the latest model Short and Vickers airplanes.

The Japanese government, according to the same reports, has ordered to serve as a consultant a minister of various types. In addition the government has begun the building of an aircraft carrier as an adjunct to the fleet, capable of carrying 30 or 40 planes. Completion this spring at Kasumigaura of a new airplane factory to equip the Japanese naval air service also is reported.

REPORT INCOMPLETE KING MAKES THREAT

Lucien Cannon, Liberal, of Dorchester, usually the keenest of critics. "Let us hope," he said, "that as long as we have a government in Canada, we shall have as competent a minister as the honorable gentleman who now holds the office."

A. B. McCole (Kent), too, appealed to serve as a consultant a minister, without consideration of party, in his efforts to establish experimental farms.

The house adjourned at 12:33 a.m.

GARFIELDS GO WAYS WITHOUT FAREWELL

Woodstock, Ont., March 15.—(Special).—Norman Garfield and Denton Garfield refused to see each other yesterday. The latter was about to be taken to Kingston to serve a term for manslaughter, while Norman remains here to be executed on June 2nd for the murder of Ben Johnston. The brothers turned King's evidence, and accused his brother of firing the shot that killed Ben Johnston.

TO LIMIT LIABILITY OF THE SHIP OWNERS

Ottawa, March 15.—(Canadian Press).—The imperial shipping committee, which was appointed last year by the British government in consultation with the governments of Canada, Australia, New Zealand and South Africa, has submitted a report on the limitation of ship owners' liability under bills of lading. This report unanimously recommends uniform provisions in regard to exceptions on lines of existing acts, but based more precisely on the Canadian water carriage goods act, 1910, subject to provisions in regard to exceptional cases in which goods may be carried at owners' risk, precise definition of physical limits to shipowners' liability, and fixing of monetary limits of liability.

BRITAIN HAS PURCHASED DIRECT CABLE TO U. S.

London, March 15.—Purchase of a direct cable to the United States was announced by P. E. Pease, assistant postmaster-general, in the house of commons last night during an explanation of postoffice estimates in the budget. He said the British government had acquired the cable for £270,000, including £100,000 worth of cable stock and three cable stations, at Bullishead, Ireland; Harbor Grace, Newfoundland, and Rye Beach, N.H., and Halifax.

The cable that has been bought is intended as a reserve for the existing cable and has been leased for a short time to the Western Union Company for £57,000 per year. Mr. Pease remarked that a new cable would have cost £1,000,000, and that, therefore, he considered the deal as most profitable.

REPORT SEALS IN GULF.

Quebec, March 15.—The presence of a record-sized herd of seal near Bird Rock, Magdalen Islands, in the Gulf of St. Lawrence, was reported by wireless today by the schooner Viking, which also announced it had killed 4000 of them in three hours.

DIES OF BLOOD POISONING.

Kingston, Ont., March 15.—(Special).—The death occurred of Dr. George Charles, aged 80, following an illness of ten days from blood poisoning.

MURINE YOU CANNOT BUY ANYWHERE ELSE

PLEBISCITE OFFICER SHOT IN SILESIA

Berlin, March 15.—Captain Luschn of the German plebiscite police in Upper Silesia was shot while riding with French and British officers, says a dispatch to The Vossische Zeitung. At Michalkowitz, Silesia, a crowd of pedestrians captured him, beat him severely and shot him dead. The murderer, an Armenian student, was arrested.

ARRANGE TAKING OF ENGLISH EVIDENCE

G.T.R. Commission Orders Creation of Overseas Body—Name Personnel.

Montreal, March 15.—(Can. Press).—Orders for the creation of a commission in England to take evidence as to transactions on the London stock exchange with regard to Grand Trunk Railway preference and common stock from 1882 to 1920, were made today by the Grand Trunk arbitration board, sitting to determine the value of the physical properties of the railway prior to its acquisition by the Dominion government. Evidence so ordered shall be sent under seal to the chairman of the board here so as to reach Montreal before the work of the board is ended. F. A. C. Redden, a Canadian advocate practising in London, was named as commissioner to take evidence, while representatives of both sides were also named. Messrs. Paton, Tootill and Scott to be agents of the Grand Trunk, and Messrs. C. Russell and G. T. Bell Testifiers.

It was further provided that the costs of the commission should be borne by the crown and the Grand Trunk Railway.

The matter will be put in hand at once.

Other evidence taken today included the testimony of G. T. Bell, passenger traffic manager of the Grand Trunk, in regard to their running the railway in Ontario, Quebec and the United States.

RECORD NUMBERS AT ORANGE CONVENTION

Ontario East Lodges Show Increased Membership and Sound Finance.

Lindsay, Ont., March 15.—The Royal Black Chapter of Ontario East, as well as the Grand Orange Lodge of Ontario East, are gathering in Lindsay today for their annual convention. The Royal Black Chapter convened in the town hall this afternoon with the largest attendance in its history, and was presided over by Right Worshipful Sir Knight C. H. Wood of Kingston. During the opening session Mayor O'Reilly, in a message, congratulated the members of the two lodges for their success in Toronto and Ottawa to the effect that Hon. Hugh Guthrie, minister of militia, has ordered that the "dry" forces be allowed to hold their meeting in the drill hall, are going ahead with arrangements for the meeting. The committee decided to place a synopsis where plans for the big gathering were discussed.

WINNIPEG FALCONS WIN ABBOTT CUP

Winnipeg, March 15.—Displaying remarkable form again, a team that outweighed them in every position, the Winnipeg Falcons, champions of the world, won the Abbott Cup, emblematic of the junior championship of western Canada, tonight by a five to three score in the first game of a two-game series for possession of the trophy. The Falcons took a 2 to 0 lead in the first period, and gave evidence of their superiority to come back in the last period to regain their two-goal advantage. The Winnipeg Falcons, both teams showing a wonderful turn of speed.

TO PREVENT DUPLICATION IN PENSION REQUESTS

Ottawa, March 15.—(By Can. Press).—The special committee of the house on pensions, insurance and re-establishment, will work this year along the same lines as last, taking up the different phases of the problem in a series of bills as far as possible at the one time. This was decided at this morning's initial meeting of the committee, which was held at the House of Commons. Hume Cronyn (London) is again chairman, and sub-committees were named for the different branches of the committee work similar to those of last year. The committee decided to ask all who wish to give evidence to place a synopsis of their case before it in writing, so that, as far as possible, duplication may be avoided.

HAMILTON SUE RAILWAYS TO TAKE OVER LANDS FOR VIADUCT

Hamilton, March 15.—D. J. Clark of London presided at a conference this afternoon of representatives of the larger Canadian organizations of business men. The chief business was the discussion of the proposal to form a Canadian organization of business clubs. The Hamilton and London ad clubs were behind the movement and arranged the local convening, which was a success in every way.

The delegates from Toronto, London, Montreal and other places almost unanimously agreed that such an association should be formed.

In respect to Controller Thomas O'Heir whose father died on Sunday night, the members of the board of control unanimously agreed to postpone this afternoon's schedule meeting.

Considerable importance is attached to the meeting of the affiliated building trade union executive on Monday, March 23, for those present will discuss wages, and the action of the executive will have an important influence on Hamilton's workers, it is expected.

"We've caught all the thieves and burglars there are in Hamilton," exclaimed the deskman at the central police station tonight, when asked how he accounts for such a prolonged quiet spell.

ARMENIAN IN ROLE OF AVENGING FATE

Talaat Pasha, Instigator of Massacres, Shot in Berlin Street.

Berlin, March 15.—Talaat Pasha, former grand vizier and minister of finance of Turkey, was assassinated in Charlottenburg, a western suburb of Berlin today. He was shot to death. The murderer, an Armenian student, was arrested.

Talaat Pasha was walking with his wife in Hardenbergstrasse when he was accosted by the student, who approached him from behind. As Talaat turned to return the greeting the stranger fired at the former grand vizier, killing him. The assassin then threw away his weapon and attempted to escape, but a crowd of pedestrians captured him, beat him severely and then turned him over to the police. His name is said to be Salomon Terilian.

Talaat Pasha, with Enver Pasha and Djemel Pasha, formed the triumvirate which controlled the Turkish government during the war. In July, 1919, a Turkish court martial investigating the conduct of the government during the war period, condemned the three to death. At the time the sentence was pronounced, however, Talaat had already fled to Germany, in which country Enver Pasha and Djemel also took refuge.

Responsible for Massacres.
Responsibility for the massacres of Armenians was thrown on Talaat Pasha and shortly after his arrival in Berlin during the war. In July, 1919, a Turkish court martial investigating the conduct of the government during the war period, condemned the three to death. At the time the sentence was pronounced, however, Talaat had already fled to Germany, in which country Enver Pasha and Djemel also took refuge.

SEVERE FIRE LOSS CAUSED BY STORM

Lightning at Burlington Does Damage Totalling \$35,000 to Barn and Contents.

Hamilton, March 15.—In a severe electrical storm which swept over Hamilton and district late tonight, a barn owned by W. F. Fisher, on the Guelph road just west of Burlington, was struck by lightning and completely destroyed with a loss of \$35,000.

Soon after the barn was struck the structure burst into flames, and despite heavy rains which followed, the blaze was not extinguished and the whole barn was destroyed. Grain, implements and other contents were severely damaged. Some of the animals were rescued, but only after an heroic fight.

Was Insured.
Insurance was held on the barn and contents, it was learned, but not from an authoritative source. Mr. Fisher is one of the wealthiest farmers in this district.

The storm did other damage throughout the country, several smaller buildings being struck, but the losses were small, with the exception of that of Mr. Fisher's.

Worse at Midnight.
The electrical storm grew worse towards midnight. Catastrophic power was seriously interfered with and the people had to walk. Late in the night rain fell in torrents and there was some damage from flooding, the severest being along the waterfront. The water was so fast that it fell. Street lights and lights used for domestic purposes were cut off when the storm was at its worst.

Old residents stated that the storm was a sure sign of cold weather. It was quite warm when the storm started, and the rain had not cooled the air any, so if the predictions are to come true, it will have to be a decided change in a few hours.

TWO MYSTERIOUS MEN TO APPEAR AT TRIAL

Figure in W. St. Pierre Murder Trial—To Give Evidence in Rebuttal Today.

RECORDS OFFICERS INSPECT BANK'S ARCHIVES BUILDING

A meeting of the Canadian Association of Records Officers was held last evening in the archives building, 100 Queen street west, when the fifty-five who were present made a tour of inspection of the premises after a short address by H. O. Asman, the building's chief architect. The records of the Canadian Bank of Commerce, is a three-story concrete structure and no less than 44,000 square feet are covered by the records. It is the only building of its kind in Canada, with the single exception of a government one. Records dating as far back as 1867 are safely housed in the premises.

WELL-KNOWN EDITOR IS DEAD AT CAPE TOWN

London, March 15.—The London Times announces the death at Cape Town on Monday of Sir Maitland Park, the principal correspondent of The Times in South Africa, and editor of The Cape Times. He had been ill for a long time.

Sir Maitland Park was chief editor of The Cape Times since 1902. He was born in 1862 and at one time was sub-editor of The Glasgow Herald. He also did newspaper work in India.

DR. ALFREDO ZAYAS PRESIDENT OF CUBA?

Havana, March 15.—Incomplete official returns received up to 11 o'clock tonight seemed to indicate that Dr. Alfredo Zayas had been elected president of the republic of Cuba.

ULTIMATUM BY TROTZKY SENT TO KRONSTADT

London, March 15.—The Russian Soviet minister, Leon Trotsky, has twice delivered an ultimatum to Kronstadt and will deliver a final ultimatum Wednesday, according to information received by the Riga correspondent of The London Times from M. Joffe, head of the Russian peace mission in Riga, who has been informed by the Russian foreign minister, M. Tschicherin.

Trotsky's final ultimatum will declare: "If the town remains obstinate it will be stormed and razed."

MONKEY GLANDS SERUM (Vital Glands Serum)

The New European treatment for Nerve Weakness, Exhaustion and General Debility. We specialize in the treatment of all types of SKIN, NERVE AND BLOOD DISEASE. Dr. Frost's Male Clinic 188 Sherbourne Street, Toronto. Office hours: 10 to 4, 6.30 to 8.30, and by appointment.

KINGSTON RELEASES MANUFACTURING PLANT

Kingston, Ont., March 15.—(Special).—In view of the fact that the private bills committee of the Ontario legislature refused to ratify the exemption clauses in the agreement between the city of Kingston and Wetlaufer Bros., Limited, the city council has released that company from the agreement with the city. The ratepayers passed a bylaw agreeing to give the Wetlaufer Company, promoted by Thomas Watson, a site, a stated assessment of \$10,000 for school tax and also ten years' general exemption from taxation, for the establishment of a machinery manufacturing plant.

Figure in W. St. Pierre Murder Trial—To Give Evidence in Rebuttal Today.

RECORDS OFFICERS INSPECT BANK'S ARCHIVES BUILDING

A meeting of the Canadian Association of Records Officers was held last evening in the archives building, 100 Queen street west, when the fifty-five who were present made a tour of inspection of the premises after a short address by H. O. Asman, the building's chief architect. The records of the Canadian Bank of Commerce, is a three-story concrete structure and no less than 44,000 square feet are covered by the records. It is the only building of its kind in Canada, with the single exception of a government one. Records dating as far back as 1867 are safely housed in the premises.

WELL-KNOWN EDITOR IS DEAD AT CAPE TOWN

London, March 15.—The London Times announces the death at Cape Town on Monday of Sir Maitland Park, the principal correspondent of The Times in South Africa, and editor of The Cape Times. He had been ill for a long time.

Sir Maitland Park was chief editor of The Cape Times since 1902. He was born in 1862 and at one time was sub-editor of The Glasgow Herald. He also did newspaper work in India.

DR. ALFREDO ZAYAS PRESIDENT OF CUBA?

Havana, March 15.—Incomplete official returns received up to 11 o'clock tonight seemed to indicate that Dr. Alfredo Zayas had been elected president of the republic of Cuba.

ULTIMATUM BY TROTZKY SENT TO KRONSTADT

London, March 15.—The Russian Soviet minister, Leon Trotsky, has twice delivered an ultimatum to Kronstadt and will deliver a final ultimatum Wednesday, according to information received by the Riga correspondent of The London Times from M. Joffe, head of the Russian peace mission in Riga, who has been informed by the Russian foreign minister, M. Tschicherin.

Trotsky's final ultimatum will declare: "If the town remains obstinate it will be stormed and razed."

MONKEY GLANDS SERUM (Vital Glands Serum)

The Secret Of Its Success

The Salvation Army not only believed that there was hope for the worst, it went after the worst, in the Saloon, in the Slum, in the Prison, on the Street Corner.

It is Still Doing This

The Annual Self-Denial Appeal is now being made.

Will You Help?

Authority was given to raise \$100,000 for the C. N. E. group of food products, and the bill is now being introduced. Two clauses validly given assent to. One clause giving the whole or part of the proceeds for ground purposes. The other clause giving the proceeds for the C. N. E. group of food products, and the bill is now being introduced.

GERMAN PROFITTEERS RECEIVE WARNING

Commander of Occupational Forces Forbids Raising of Prices.

Dusseldorf, March 15.—General Gaucher, commander of the occupational forces, in a new order issued today, warns the merchants of the occupied area not to further raise prices. They are cautioned against creating the impression that the higher prices charged for clothing and foodstuffs are due to the allied occupation. Offenders will be punished severely and their stores will be closed, the order says.

UNITED WORKERS INITIATION

A joint initiation under the auspices of the Order of United Workers, took place last night in the Ontario Hotel. About thirty candidates were present, and delegates were present from the various unions. The initiation was held in the hall of the Ontario Hotel. The candidates were initiated into the Order of United Workers. The initiation was held in the hall of the Ontario Hotel. The candidates were initiated into the Order of United Workers.

WANTS COMMITTEE ON GOVERNMENT RAILWAYS

Ottawa, March 15.—(By Canadian Press).—That there should be a select standing committee of the house of commons to deal with government-controlled railways and shipping, is the belief of Hon. A. M. Maclean, formerly minister without portfolio in the Borden government, who has given notice of a resolution which he will move in the commons.

GOOD USED AUTOMOBILES SELLING AT BARGAIN PRICES

KENNEDY ESTATE STILL UNSETTLED

Private Bills Committee of the Legislature Refuses to Grant Exemption. All things considered, Toronto had a comparatively easy time of it before the private bills committee of the legislature yesterday. The committee killed several proposals, but made up for it later on by extending a more friendly spirit.

KUBELIK DELIGHTS LARGE AUDIENCE

Famous Violinist in Massey Hall Brilliantly Sustains His High Reputation. Following the ever-safe policy of keeping things on the best for the last, the artist closed the evening's series of outstanding musical performances at Massey Hall last night with a flawless recital of the "Concerto, C Major," which he introduced with revealing comments.

UNITED WORKMEN HOLD INITIATION AND CONCERT

A joint initiation and entertainment under the auspices of the American Order of United Workmen was held last night in the Orange Hall, it being the forty-first meeting of Grand Lodge No. 10,000, which has about three hundred members and delegates were present.

LACK OF PROPER CARE PERMITTED FATAL LEAP

That Herman Ericsson, a Finlander who died on March 5 in the Western Hospital from injuries received two days previously when he jumped from a second-storey window while suffering from suicidal mania, should have been more carefully watched when he appeared to be acting strangely, was the substance of the verdict of Coroner G. W. Brand's jury at the inquest held last night.

DELIGHTFUL LENTEN RECITAL

In the Lenten recital given last night in St. Joseph's Convant Chapel under the auspices of the Alumnae Association, outstanding singers from various church choirs took part, giving a sympathetic interpretation to the music of the season.

BALED HAY AND FISH YIELDED LIQUOR STORE

St. Alban's, Vt. March 15.—Two hundred cases of assorted liquors hidden in baled hay, and twenty-nine barrels of gin stowed away in three barrels of fish were seized here today on a route from Montreal to southern New England points. The liquor was valued at \$25,000.

NON-SUPPORT CHARGED

Detective headquarters were notified last night of the arrest in Ford City of Albert E. Rankin, who is wanted on a charge of non-support. He had been in quarters man will leave this morning bringing him back to Toronto to stand trial.

Biliousness

Dr. Chases Liver Pills

MAGUIRE'S GOOD RECORD AS DEPUTY FOR MAYOR

Acting Mayor Maguire, who has been on the job at the city hall constantly since Mayor Church went away for a holiday in February, finished his tenure as chief magistrate yesterday with a very successful record at the legislature. He had succeeded in arranging a special meeting with the government chiefs and the city's whole case was given full attention.

DEFER EXTENSION OF DUNDAS EAST

Other Civic Expenditures Delay Long Promised Improvement, Says Ald. Johnston. The extension of East Dundas street, formerly Whiton avenue, which has, for long been agitated by the residents of the section and which is considered an absolute necessity, will not be gone ahead with this year.

DANFORTH

An enthusiastic meeting of the First Avenue Baptist Church members was held in the church last night when the Rev. W. T. Graham, pastor, in the chair, presided over an address on the referendum, and outlined the progress of the many workers in the cause.

PACKING HOUSE STRIKE UNLIKELY IN TORONTO

Altho there are strikes on or pending among the packing house workers in the United States and a strike already in Montreal, it looks as if trouble is to be averted so far as Toronto is concerned.

WEST TORONTO

Wallace O.Y.B., No. 92, held their regular meeting Monday night in St. James' Hall, West Toronto, three candidates being initiated and several applications received.

TO REVISE VOTERS' LISTS

In order that Judge Coatsworth, who is sitting in the general sessions at the city hall this week, may be able to revise the voters' lists, it has been arranged to have Judge Hewson take his place in the sessions during the remainder of this week.

SEEK TO ENFORCE CLAIM

Robert Stewart Webb and T. Langley Webb and Harry Webb yesterday afternoon at Osgoode Hall issued writ against F. Charles Sutherland, Hugh H. Sutherland and the F. C. Sutherland Company, claiming \$57,518 under a judgment said to have been obtained in the supreme court of Alberta on March 3, 1921.

WANT CAR BUILDING SHOPS

South Toronto G.A.U.V. has unanimously passed a resolution calling upon the transportation commission to organize car building department in Toronto for the three-fold purpose of building, equipping and repairing all cars in the service of the city.

YORK COURT AND SUBURBAN NEWS

EARLSCOURT VETERANS RELIEVE DISTRESS CASES

Earlscourt G.W.V.A. held an executive meeting at Earlscourt Public School last night for the purpose of reporting and means of relief arranged. Arrangements were completed for the holding of a mass meeting on Sunday evening at the Allen St. Clair theatre.

FORM ASSOCIATION OF BUSINESS MEN

From present indications and the activity among the business men in the east end, it is expected that Danforth avenue, from Broadview to the eastern city limits, will be linked up by business men's associations in three sections, Broadview to Pape, Pape to Greenwood, and Greenwood to Main.

TODMORDEN STREETS ARE IN BAD SHAPE

Numerous complaints are being heard in the Todmorden district regarding the disgraceful condition of the roads from the accumulation of mud and water. This is particularly apparent in the side streets, the majority of which are in such a state as to make motor and other vehicular traffic almost impossible.

Long Branch Residents Protest Against School Site

Dissatisfaction still exists among the residents of Long Branch over the decision of the school trustees to purchase a school site at the corner of Horner avenue and Brown's lane, which is possible candidates, viz: Len Wallace, the late Captain Wallace's brother Alex. Anderson, J. Bar Lawton, R. G. Agnew and Ald. Sam Ryding.

Caledonia Ratepayers Urge Viaduct Building

At an executive meeting of the Caledonia Ratepayers' Association, a deputation was appointed to wait upon the city authorities to urge the immediate building of the waterfront viaduct.

NORTH TORONTO

Residents in the vicinity of Stop 9, near the Gibe Manor, are up in arms at the dangerous conditions existing there. At this particular stop there is no sidewalk on the west side of the road, and the passengers from the Metropolitan street cars are obliged to cross the road to jump a ditch and cross the road as best they can.

WEST TORONTO

Wallace O.Y.B., No. 92, held their regular meeting Monday night in St. James' Hall, West Toronto, three candidates being initiated and several applications received.

Oakwood Methodist Women To Hold Rummage Sale

A novel feature of the St. Clair Ave. Methodist ladies' aid social, held yesterday afternoon, was the admission of a rummage sale, which was held in the kitchen; in other words, the rummage sale was held in the kitchen.

Fairbank Presbyterians Hold Special Services

A week of special services is being conducted at Fairbank Presbyterian Church, which was filled to capacity last night.

AGITATE ERECTION OF COMMUNITY HALL

Lack of Accommodation Spurs Military and Residents for Remedy. PORT CREDIT Through the present winter the need for an up-to-date community hall for the village has been keenly felt, and it looks as though the desire of the citizens in this respect will at last be realized.

Clarkson Women's Institute Hear Interesting Addresses

The annual meeting of the Clarkson-Lorne Park Women's Institute was held in the school house last night. Mrs. Groves of the Toronto board of education delivered an interesting address.

West York Conservatives Will Hold Annual Meeting

West York Conservatives will hold their annual meeting at Weston next Saturday, and it is expected that they will arrange for the convention to nominate a candidate for the riding.

TORONTO MAN DIES AT AGE OF NINEY-FIVE

One of the oldest Masons in Canada died yesterday in the person of Hugh T. Kennedy at the home of his daughter, Mrs. E. J. Clark, 70 Dupont street.

CHARGED DOING BODILY HARM

"But why should I be interested in Dr. Chase's Nerve Food?"

BECAUSE it will make a better human being of you mentally, physically—everyway. Are you living a full and successful life? Or are you lacking in energy and vigor? Perhaps you find that you are losing grip on life and beginning to slump physically. Then it is time to give some attention to the nerves. We know that Dr. Chase's Nerve Food possesses exceptional restorative properties. We have seen it tested in many thousands of cases. Many of your friends and neighbors can vouch for its merits from their own personal experience. But how are you going to prove this to your own satisfaction unless you give it a trial? You are the one to be benefited. So it remains for you to make the test. It is well worth your while, for health is your biggest asset, no matter what the size of your bank account may be. Rest and plenty of wholesome, nutritious food will help. But your system has failed to supply to the nerves the nourishment they require. So you must look to Dr. Chase's Nerve Food to establish the rebuilding process which is necessary for your complete restoration to perfect health and vigor. Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D. Refuse substitutes. It is not a mere relief for these symp-

WEDNESDAY MORNING, MARCH 16, 1921

Protection Is Spreading.

From present indications it would appear that the fetter of free trade is gradually losing its hold on the mother country. The war has disrupted many old ideas, and the change in commercial conditions in England is resulting in what is practically a tariff for that country.

For a long time it has been surmised that the British cattle embargo was nothing more than a protective measure for the agricultural interests of England, and others may follow. It is to be noted also that of the five special commissions which were appointed by the British government last year no less than three of them intimated that protection in some measure was the best policy for the government to pursue.

Paper Prices Discussed.

The paper question is assuming quite a prominent position in several countries in the discussion of international trade. The matter was up for discussion in the British parliament recently, and Horatio Bottomley, who is a strong advocate for getting extreme reparations from Germany, brought an answer from Premier Lloyd George, in which the question of paper figured quite prominently.

Remarked in Passing.

A British scientist has discovered a synthetic alcohol. That's nothing, there's lots of home brewing going on over here, too. Trotsky has ordered the execution of a number of officials for inefficiency. Think we could name some people who are glad they don't live in Russia.

Other People's Opinions.

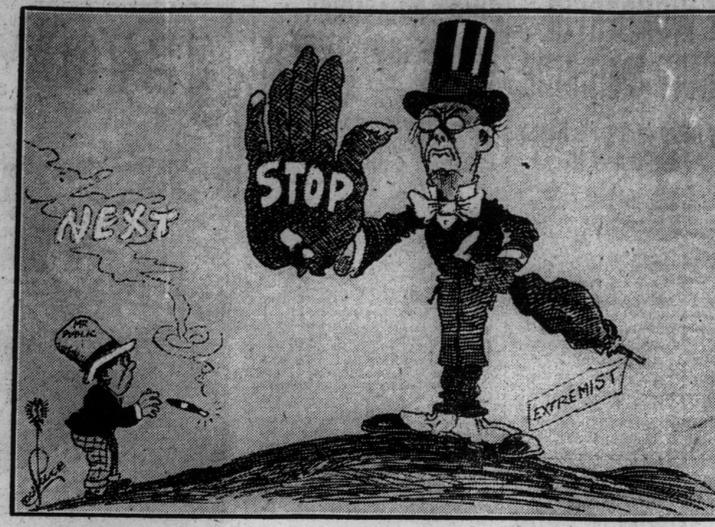

The World will gladly print under this head letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

Christian Science Replies.

Editor World: The World of March 12 reports an article on Christian Science by Rabol Bricker, on Christian Science. He is reported to have said that Christian Science is making deep inroads into the membership of Christian and Jewish churches in every community.

Work on North Yonge Street.

CHAPTER V.

San Ignacio. So for twenty miles they rode each deep in his own thoughts, until they were safe in Mexico. No one pursued them across the open and there was no one at the line to turn them back.

Arizona is a big country and a man is hard catfish they passed over the barbed-wire drift-fence that the cattlemen had built between the mountains and stopped to breathe their horses and close the gap, and still Martin was grim and silent.

"By Joe!" exclaimed Sycamore, striking his knee as if taken by surprise. "I've forgot Jack Haincock. Martin looked at him, just once and then off to Mexico.

"Think he got away?" "Nope," responded Martin. "I know he's gone. The cursed fool was in the solitary for raising a rough-house and I forgot to let him out."

Then had not gone far when they saw a squad of men on the Mexican rural guards are called, and having no desire for closer acquaintance with them, they turned and recrossed the mountains into Arizona. And Lum suddenly remembered that those silver dollars that were blown up in the train robbery belonged to the Mexican government.

Putting them in their jaded horses they turned their faces to the west. Over the granite mountains that loomed before them lay the desert and Panguaria, and if any man followed them there it would show that he wanted them bad. Moreover, they would know he was after them as soon as they saw his dust, for Panguaria is not a white man's country.

Where in the world is there a place where a man can look farther and see every desert-bred Papago and the country too barren for them and move about unobserved from place to place. So a few days later, coming up out of a level plain that was dry as the floor of an oven, they cut a series of pony trails heading north, and came to San Ignacio.

Not once in a month, or a six-months, did a white man come to San Ignacio; and then he was not pressed to stay, for the Papagos do not welcome strangers, as Sycamore knew. Just let me pull this off," suggested Sycamore. "I know how to get around these Papagos—been raised around them."

On the second day after the old captain left, the Spanish-bell let on he can't understand English—but all the time he'll be listening to what he says. He'll be listening to what he says. He'll be listening to what he says.

"No he," answered Sycamore easily, "that's all right," and he asked again in Spanish. "Si!" responded the old chief, and at once he got down off his horse. The pipe of tobacco and the blanket, but a cigar helps take its time, and an Indian never does business in a hurry.

So Sycamore and Lum rolled a cigar apiece and passed the making of it to El Capitán. They smoked it, while the chief yapping at dogs, and staring "boys," and the flat-roofed adobe houses that went to make up the town.

"Where you go?" he asked in Spanish. "Very far," answered Sycamore, waving his hand in a broad gesture towards the west. "Um!" grunted the old man. Then, after a moment, he said: "Where you come from?"

"Very far," answered Sycamore again, pointing towards the east, "Cimarron valley—Gun Slight!" "Si," nodded the chief. "Si," said the white man's friend, "no."

"Good!" cried Sycamore, reaching out his hand, "you be my friend too?" "You be my friend too?" "You be my friend too?" "You be my friend too?"

"You be my friend too?" "You be my friend too?" "You be my friend too?" "You be my friend too?" "You be my friend too?"

"You be my friend too?" "You be my friend too?" "You be my friend too?" "You be my friend too?" "You be my friend too?"

"You be my friend too?" "You be my friend too?" "You be my friend too?" "You be my friend too?" "You be my friend too?"

CONSIDER SYSTEM OF APPRENTICESHIP

(Continued From Page 1) building contractors of this city thru the Toronto Builders' Exchange have decided that matter must be remedied forthwith or in a few years' time this city would be faced with a dearth of competent workers in this industry.

The proposition is for the apprentices to have both practical and technical training, the latter to be provided by the Central Technical School on a part time basis, the apprentice to be paid by his employer for the time spent at the school.

The Toronto Builders' Exchange have taken the matter up with Principal A. C. McKay of the Central Technical School, who, in endorsing the proposal, makes the following statement: "The suggestion concerning part-time attendance at a technical school is not only a wise suggestion, but, in my opinion, is the only constructive suggestion likely to meet with the approval of apprentices, their employers and the public generally."

In Toronto, provision could easily be made for instructing several hundred part-time apprentices, by making use of the present equipment of the Central Technical School, the latter being organized immediately in the following trades: Carpentry, bricklaying, plastering, machine shop practice, forging, foundry work, patternmaking, plumbing, sheet metal work, steamfitting, electrical installation and construction, printing, press work, steam, gas and electrical engineering and mechanical and architectural drawing, in addition to the definite practical work required in the trade, each apprentice could be given instruction in applied arithmetic, book-keeping, reading, and elementary English.

Courses Offered. "Courses concerning the trades mentioned above are now offered, without charge, under the regulations of the advisory industrial committee, namely, "No fees are charged in the case of resident pupils who are engaged in industrial work and who are permitted by their employers to attend day classes.

"Employers and labor unions could easily and readily solve the apprentice difficulty by taking advantage of the opportunities for part-time instruction offered in the Central Technical School."

In bringing the matter before the contractors, the trades unions, which are, if anything, more favorable to the proposed apprentice system for the Toronto building trades than the contractors themselves, point out that the employers will actually save money by allowing the apprentice part of his average 90 cents per hour to be used for technical school training, which is compared with his receiving all the training on the job itself.

It is figured that at least one hour per day is lost by a journeyman showing the apprentice what to do, which could be saved by part time technical school education. This would average 90 cents per hour for the journeyman's lost time which with 50 cents spoiled material, would amount to \$1.40 per day, for four years, most of which would be saved by adopting the proposed new system.

The following clause dealing with the proposed new apprentice system is being proposed for insertion in the 1921 wage agreement between the Toronto contractors and the carpenters' union and will probably be inserted in all the 1921 agreements with the building trades unions of this city.

Members' Trade Test. "It is also agreed that a trade test for all new members entering the carpenters' union is imperative, and notice is hereby given by the party of the first part, and accepted by the party of the second part, that whereas the national joint conference board of the building and construction industry of Canada has agreed on a plan for the carrying out of an apprenticeship system in all building trades, which is now being submitted to the Association of Canadian Building and Construction Industries, with which the party of the first part is affiliated, and to the several unions of the building trades thru their international officers for approval, as soon as both parties shall have approved this plan, steps will be taken to introduce an apprenticeship system as approved, and the board set up for examination of the apprenticeship shall conduct trade tests for all new members entering the Carpenters' Union."

The system of which the Toronto Carpenters' Union is asked to approve is that of part time technical school training which is to be introduced in all the principal cities of the country thru the national joint conference board of the building and construction industry of Canada, and which both the contractors and labor unions have representation, the latter embodying eighteen international building trades unions. The contractors are represented on the national board thru the builders' exchange.

It is understood that both employers and the unions are favorable to the new proposal for the training of apprentices and have decided to work harmoniously for the establishment of a proper apprenticeship system, calling for a legal indenture of the apprentice for a specified number of years, probably four years. By the adoption of this part-time technical school attendance during working hours the training will be both theoretical and practical.

The wage question as regards apprentices is also being taken up in the agreements now being drawn up between the unions and the contractors. It is quite possible that the example set by building contractors in a number of American cities where the new apprenticeship system has been inaugurated will be followed here. This would be the payment of not less than \$12 a week for the first year and \$8 per week additional for each year until the expiration of his term of service, which would probably be four years, when he would then be entitled to the full prevailing union rate of the skilled worker. The apprentice would work the same number of hours per week and observe the same holidays as the journeyman.

ANTIPODEANS DRAW COLOR LINE FIRMLY

Strongly Against Renewing the Anglo-Japanese Treaty, Says Sir John Findlay.

London, Feb. 26.—(By Mail).—New Zealand and Australia, says Sir John Findlay, are strongly opposed to the renewal of the Anglo-Japanese treaty, and he wants the same government to bear that fact in mind when the treaty of the renewal of the treaty comes up for settlement.

Sir John is one of the leading statesmen of New Zealand. With Sir Joseph Ward he represented New Zealand at the imperial conference in 1911. He is now again in London. "The people of Australia and New Zealand have made up their minds that the British Empire should remain a white man's country," he says in the Pall Mall and Globe. "This is not my opinion merely; it is a national conviction."

"The people of Australia and New Zealand have made up their minds that the British Empire should remain a white man's country," he says in the Pall Mall and Globe. "This is not my opinion merely; it is a national conviction."

WALL STREET FEELING RATHER MORE HOPEFUL

Some Speculative Issues Subjected to Pressure, But General List Stands Up Well, and Shorts Cover Freely in Closing Hours of Trading.

New York, March 15.—Apart from a few speculative issues, which were susceptible to pressure because of peculiar and isolated conditions, today's stock market manifested a pronounced disposition to shake off the extreme depression of the last fortnight.

Financial and industrial factors were not materially altered, but encouragement was expressed at the absence of a new flurry, such a development having been accompanied in some quarters because of the day's heavy federal tax payments.

Record of Yesterday's Markets

Record of Yesterday's Markets

Table with columns for TORONTO STOCKS and NEW YORK STOCKS, listing various stocks and their prices.

LACK OF ACTIVITY ON WINNIPEG MART

Day of Quiet Trading With Wheat Prices Slightly Higher.

Winnipeg, March 15.—With an absence of outside news, due to wire trouble, the local grain market was somewhat quiet today, with a very light volume of business taking place.

NOT MUCH CHANGE IN LOCAL MARKET

Small Stuff Keeps Steady to Firm During the Day.

With around 1000 cattle on sale, there was little or no change in prices on the market yesterday from Monday. Trade was anything, a trifle slower, but a lot of the cattle are being held over for today, and this, coupled with a reasonably good run yesterday and last night, will make up a good market.

Six Daily, one Sunday, one word, Semi-weekly, one magazine.

ASK CONFERENCE ON ENTRANCES TO CITY

Board of Control Declines to Accept Plan of Highways Department.

WANT BRIDGE REBUILT

Will Also Confer With Township Authorities on Road Thru Prospect Cemetery.

The board of control declined yesterday to accept the plan of the provincial highways department for a west entrance on the roads system on Bloor street without first having a conference with Deputy Minister McLean. This conference will be arranged.

Commissioner Harris reported that he had asked the department to meet the city and come to an understanding as to the city's total obligations in connection with entrances into the city of provincial highways and the suburban roads and the department had worked in connection with the legislature had prevented the deputy minister from arranging this conference.

Maps submitted to the board by the department indicated that Bloor street was not to be extended westward in a direct line to Dundas road, with a high level bridge over the Humber.

Home Smith Proposal. The highways department has apparently accepted the Home Smith proposal to turn Bloor street northward on the Kingsway a little west of Jane street and cross the Humber on a lower level, continuing westward to Dundas. This route would be about half a mile north of a direct extension of Bloor street.

Commissioner Harris said he would be inclined to accept the Home Smith plan if it was the intention to build the bridge at once, but he could see no object in committing the city to something that would not be provided for some years.

Favor the Commission. A communication was read from the Roden District Ratepayers' Association expressing preference for the present social service commission as a medium for the distribution of charity rather than an organization representative in any way of the charity societies.

The board decided to have a conference with the township authorities on the question of opening a road east and west thru Prospect Cemetery which extends northward a mile and a quarter from St. Clair avenue. Commissioner Harris reported that his report on the proposal to pave the streets between the car rails for the transportation commission was not yet ready.

On recommendation of the medical officer of health, the board approved the appointment of J. S. Sykes as communicable disease inspector.

A complaint from L. L. Jarvis of 30 Somerset avenue against the presence of a planning mill at 15 Somerset avenue in contravention of the residential bylaw was referred to the property commissioner for a report.

W. Drummond of Coleman avenue asked the board not to award a contract for the laying of a bituminous pavement on that street. Many residents he said, signed the petition for the bituminous pavement under the misapprehension that they were signing for an asphalt pavement. The board agreed.

CHARGED WITH SHOPLIFTING. Margaret Smith, 226 Sherbourne street, and Cora Harper, 328 East Queen street, were arrested yesterday afternoon by Detective-Serjts. Taylor and Wickett on charges of shoplifting from the Eaton and Simpson stores.

MEN YOU HEAR OF Seen as Their Friends Know Them No. 136.

MR. HAWLEY WALKER, for many years the head of one of Toronto's prominent tailoring establishments, Mr. Walker was born in Allison, Ont., and educated there. He has been in business in this city 25 years, having been located for the past 10 years on Yonge street, near Adelaide street. He is a member of the Masonic Order, the I. O. F., and Oddfellows, and finds recreation in bowling and motoring.

ASK COMPENSATION FOR LOSS ON DOLLAR

G.W.V.A. Branches Thruout City Plan Campaign for Reimbursement.

G.W.V.A. branches thruout the city will hold meetings during the next three weeks in a campaign for compensation to make up for the loss on the dollar sustained by ex-members of the G.W.V.A. during the war. W. E. Turley, secretary-general of the G.W.V.A. for Ontario, stated yesterday that there was no truth in the report that the Dominion secretary, C. G. McNeill, was opposed to the proposed compensation, since it was the chief resolution passed at the Dominion convention held last year. The whole idea involved was that bonuses had been granted to many other branches of public service and that the soldiers had been no less servants of the state. It is understood that the ex-service men are reaching an agreement with the bank as the best means of presenting the case for re-establishment before the parliamentary committee at Ottawa.

LODGING HOUSES TO BE LICENSED

Standard Hotels Not Included in New Legislative Proposal.

The committee on municipal law yesterday considered the bill to license, regulate and govern lodging houses and the keepers of lodging houses. The amount of the fee was set at one dollar. Standard hotels are not included.

The necessity in Toronto is very great, where there are several hundred houses in Toronto which are kept as boarding houses. The bill provides for the licensing of such houses and the keeping of such houses. The bill also provides for the licensing of such houses and the keeping of such houses.

REGISTRATION OF WORKLESS GROWS

Urge Government to Open Up Public Works to Give Employment.

Need of opening up public works to provide work for the unemployed in Toronto is to be brought before Premier Drury tomorrow. This was decided upon at a special meeting of the citizens' unemployment committee held in the board of trade office yesterday afternoon.

The deputation to present the case of Toronto's unemployed, which is understood to consist of F. D. Tolchard and W. H. Alderson of the Toronto board of trade; T. Hollinrake of the Canadian Manufacturers' Association; John Doggett of the Toronto Building Trades Council; J. B. Conroy of the G.W.V.A. and F. Marsh of the C.A.U.V.

The work which the deputation will urge upon Premier Drury to inaugurate will include the erection of a new government building to take the place of building now occupied at high rentals in various parts of the city, the erection of a new wing for the Royal Ontario Museum, the erection of the anatomy building for the University of Toronto and repairs to public buildings. They will also urge that orders for government supplies be placed forthwith.

OLD THIRD BATTALION WILL PARADE TONIGHT

The old "red patch" of the first division, C.E.F., surmounted by the green triangle, will again be seen on the streets of Toronto. Tonight the 3rd Battalion, Toronto regiment, will parade as a militia unit under Lieut.-Col. Bart Rogers. Leaving the College street armories (near Yonge) at 8 p.m., the regiment will march via Yonge King, Simcoe, University and College streets. The brass band of 35 pieces and the bugle band of 20 will head the parade. The regiment already has an enrolment of 360.

CONSIDER VETERAN'S CASE.

Acting Mayor Maguire, who has taken up the case of Private F. Coward, who alleges that he has been unjustly treated by the government in the matter of pension, has received a letter from the department of militia saying that the case will be very carefully reviewed.

PROPERTY CHANGES HANDS.

The Savoy Estates, Limited, has sold for \$40,000, two thousand feet of frontage at the northeast corner of Eslington avenue and Forest Hill road to a lumber company, which will use the belt line frontage for a lumber yard and will erect houses on the balance.

REAL ESTATE MEN AGAINST RENT LAW

Think Legislation Would Result in Less Than Pre-War Returns.

If the city decides to take advantage of the fair rents legislation now proposed it will be necessary to pass a bylaw, said Assessment Commissioner Forman yesterday. He had not had a chance to study the proposed legislation, but thought beforehand that the intention to fix the standard rent as of Jan. 1, 1919, would not be far out.

The bill provides for a reduction of rents of 100 a month or less in cities of 200,000 or more, and of 80 or less in smaller cities. Rents must not show more than 10 per cent increase in the rent paid on Jan. 1, 1919. The additional 10 per cent increase is allowed on the cost of any structural improvements aside from ordinary repairs. The bill is retroactive to Oct. 3 last, on which date the attorney-general gave warning of prosecution to the city. That is, a landlord who was receiving, say \$40 a month on Jan. 1, 1919, could claim only \$44 a month under the new act, unless he had secured the increase prior to last October 3rd.

Real estate men declare that the legislation would be most unfair and would result in many owners, especially of apartment houses, getting returns on their investment, less than the pre-war returns. They give the following cases to show the effect of the bill:

Apartment, 3 rooms.	Apartment, 5 rooms.	House of 10 rooms.
\$28.00	\$36.00	\$50.00
\$110.00	\$120.00	\$120.00
\$101.00	\$70.00	\$60.00
\$101.00	\$30.00	\$30.00
\$101.00	\$30.00	\$30.00

BAIL IS ALLOWED FOR BANK TELLER

Father of Brown Is One of Three Sureties in Sum of \$14,000.

Edgar M. Brown, teller of the Bank of Montreal, appeared before Judge Coatsworth yesterday afternoon charged with defalcation of \$21,710 on behalf of the bank. Fletcher Kerr, on behalf of Brown, pleaded not guilty and elected trial by jury.

He had been committed for trial in the police court earlier in the day. After hearing an application for bail, Brown was allowed out on sureties of \$14,000, guaranteed by his father, Jas. T. Brown, Elijah Maynes and Clarence Elliott, all of Hungerford township, Hastings county.

CITY OPPOSES TAX ON REAL ESTATE TRANSFERS

The board of control yesterday decided to oppose the government's proposed legislation putting a one mill tax on all real estate transfers. Controller Hiltz pointed out that 30 per cent of all the revenue to be collected under this legislation would be paid by the cities.

Doors Open at 7.45. No Tickets Required.

HOUSE OF INDUSTRY RELIEVES MANY FAMILIES

The regular monthly meeting of the board of the House of Industry was held yesterday. Rev. T. Crawford Brown in the chair.

The report of the outdoor relief was read, showing 24 new families added to those receiving assistance, making a total of 1,893 families being assisted.

The board distributed 562½ tons of coal, 70 lbs. of coke, 1½ cords of wood, 17,122½ large loaves of bread, 48,074 pints of milk, 51,699 lbs. of groceries, 8,368 lbs. of meat, 2,131½ sacks of potatoes and 2,197 lbs. of butter.

The casual poor report showed 217 persons sheltered, 3,088 nights and receiving \$213 meals during the month; 25 of the total number were sheltered from outside municipalities.

The treasurer's statement showed an expenditure for the month of \$23,847.06, and a total overdraft of \$27,342.62.

Upon motion, John H. Ince and Dr. Fred L. Grasett were appointed board managers.

GOVERNMENT WILL NOT QUIT THE JOB

Farmers' Sun Suggestion Not Treated Seriously by the Administration.

Major Toimie in the legislature yesterday read from The Farmers' Sun an article calling on the U.F.O. members of the house to resign their seats. It was generally understood, he added, that the recall was embodied in the U.F.O. platform and he would therefore ask the prime minister to act on the request that his followers should resign their seats.

The premier answered jokingly that what the farmers were asking for was a speech delivered by the government in which that gentleman was reported to have said that the shooting of men was not desired, but it would not take long to decide to show if they did not cease their "naïve" illegal practices. Dr. Godfrey wanted to know what the attorney-general thought regarding the utterances of the minister. Hon. Mr. Raney, however, declined to answer any comment.

EARLY CLOSING BYLAW

Major A. C. Lewis, on behalf of the Retail Merchants' Association, introduced a bill which provides that exemption from the early closing bylaw shall be confined entirely to stores which are open exclusively for the sale of fresh fruit and vegetables.

SERIES OF LECTURES ON SOCIAL SUBJECTS

Under the auspices of the Canadian National Council for combating venereal diseases, a special series of lectures will be given by the department of social services of the University of Toronto, Mondays and Fridays—except Good Friday—at 4.15 p.m., commencing on the 21st inst., when Professor J. A. Dulac will speak. The meetings will be held in the social service building, and will continue up to and including April 18. This is said to be the first series of social hygiene lectures to be delivered in Canada.

WILL CALL ON DRURY.

The citizens' unemployment committee will have a conference tomorrow morning at 11 o'clock with Premier Drury regarding the unemployment situation.

MAY TEST LEGALITY OF OUTSIDE PUPILS

Question of High School Non-Residents Goes to Legislation Committee.

Toronto board of education, it is asserted by some of the school trustees, cannot legally admit outsiders to high schools at less than cost at present.

The board of education will tomorrow night take up the question of the heavy loss now sustained by the taxpayers on account of the tuition of 197 non-resident pupils at the high schools. The payments under the present agreements with a maximum charge of \$120 a year are but a fraction of the cost. The building estimates this year for high school additions will run to half a million.

The property committee will ask for authority to give rush orders to the building department for the preparation of plans and specifications for a new high school on the six-acre site at Malverna Avenue Collegiate Institute.

Permission will be given Queen Alexander School to erect a bronze tablet in the school to the ex-pupils who have fallen in the great war.

REMANDED FOR WEEK ON CHARGE OF MURDER

In the police court yesterday, John Connelly, Roy Holtrum and William McFadden, charged with the murder of L. Rabine, druggist, were remanded "another week." Arthur Connelly, who with these men, is held on charges of robbery, and Walter Hulse, said to be the principal witness in the murder case, were also remanded until the 22nd.

Daniel Danielson, charged with receiving a number of diamonds, rings and other articles, alleged stolen, from the party, was remanded until next Tuesday on bail of \$2,000. Danielson himself stands bail for half the amount, and Adolph Rosenthal for the other half.

SPANISH RIVER COMPANY REQUEST DECLARATION

The Spanish River Pulp and Paper Mills, Limited, yesterday afternoon filed a statement of claim in the suit against Hon. W. B. Ebdell and Hon. F. R. Latchford, commissioners conducting the timber probe.

The Spanish River people say they are always willing to produce documents relevant to the application concerning the right to cut timber in certain areas, but they ask a declaration that the commissioners are public agents of the government in their capacity in demanding the list of documents for which they ask, and that the order-in-council creating the timber commission is ultra vires.
