## ANNUAL REPORT.

The Board of Managers present this Annual Report with heart-  
 felt gratitude to God for His sparing mercies, and with thankfulness  
 to their friends and supporters. They are glad to announce the past  
 year to have been one of prosperity, and great success, for which  
 they give God the glory and praise. During the past year, addi-  
 tional laborers have been called out into the field, new ground has  
 been taken up, and the old enlarged and cultivated better, and more  
 firmly secured. The Lord, in mercy, has been with us, and in His  
 goodness poured out His Holy Spirit and revived His work among  
 us. Sinners have been saved, believers quickened, and our church  
 strengthened, enlarged, and made more glorious. We have had a  
 visit from the Day Spring on High, and the Sun of Righteousness  
 has shined upon us, and the result is that over two thousand have  
 been added to our church, such we hope as will be eternally saved.  
 We have now a membership of over fifteen thousand, and a band of  
 ministers of about one hundred and seventy. This will be gratifying  
 to our friends, to see that they have not been giving in vain, neither  
 have their servants for Christ's sake labored for nought. The ex-  
 penditure for the year ending June, 1856, was \$7,444 72c.; and for  
 the year ending June, 1857, the total claim upon the Mission Fund  
 was \$10,077 56c.; and the claims for the present year, ending May,  
 1858, are still an advance on the last. Such a progressive movement  
 is very encouraging, and gives every indication of warm-hearted  
 supporters, faithful laborers, and the present prosperity and future  
 greatness, strength and glory, of the M. E. Church. Our present  
 condition, and past success, should be a stimulant to all our friends  
 to help and aid on such a great and glorious work, for there is every  
 reason to believe that God is with us, and that He will bless our  
 efforts, and we shall see His work revive more and more. Let us,

one and all, go on with renewed vigor, and for the coming year double our diligence and be more persevering than ever. The field is wide, the work is great, and God, yea, even our God, is the captain of our salvation, and if we look unto Him He will lead us forth in the might of His strength, subduing the powers of darkness, and backing our means with power Divine, and souls will be saved, His church built up, believers blessed in their work of labor and love, and all the glory we will give unto God.

There are new fields of labor open, and opening, inviting our attention, and giving us the Macedonian cry, where our labors and laborers would be acceptable, and well appreciated. These we cannot yet occupy,—not because we do not desire, but by reason of our funds being too limited. Could we but meet these calls we should be rejoiced, our hearts would be enlarged, and our success much greater. Oh, that we may all consecrate ourselves afresh to God, denying ourselves more, and devote the best of our energies to such a good cause, remembering that our reward is in heaven. The chief desire of the Apostle Paul was to depart and be with Christ, which he counted far better than staying in this world; nevertheless, we find him willing to forego its realization, so that he might remain with his brethren, because it would be better for them, not for himself. Just such a spirit ought every believer in the Lord Jesus Christ to possess; then would men sacrifice for their fellowmen. Yes, even their highest interests and desires in this world, that the world might be brought to a knowledge of the truth, and the Gospel chariot travel on untrammelled. Brethren, pray that we may all possess more of the apostolic spirit, so that we can willingly offer up our all to, and for, the glory of God, and the salvation of sinners.

The present state of our Missions and Mission Fund calls for increasing efforts from all who are interested therein, and it is hoped that our preachers, members, and friends, will do all they possibly can to help on the glorious work. We believe if our ministers are faithful, pointed, clear, and earnest, in their appeals to the people, that there will be a hearty and unanimous response from our friends. Such an opinion is warranted from the past diligence of our preachers, and the consequent liberality of our friends. Surely, it needs but to be made known unto them that the Mission Treasury is about Five

Thousand Dollars in debt, and they will wipe it off, because they can if they will; and most certainly *will*, if faithfully asked. Then let every preacher strive to send to the Mission Fund this year Thirty Dollars more than the last; and if each do this the debt will be wiped off, and some be left in hand. It should be remembered that the debt has not been incurred through any wasteful expenditure, or illiberality of our friends, but it is the effects of the general pressure which has afflicted the whole of our country of late, and now, as the country is recovering from the panic, we wish also to be restored from its effects. Hence the reason of our urgent appeal to our friends on behalf of our Missions. The work in this department of our church must be carried forward, sustained, and cared for, if we would accomplish the end of our existence, and fulfil the design of our being; and unless we possess a true missionary spirit, we cannot fulfil the high mandates of Heaven, or do justice to the world at large, or to the coming and rising generation, but especially to the unsaved. No; without it we cannot take a just part in the world's moral renovation.

“There are that scatter, and yet increase; and there are that withhold more than is meet, and it tendeth to poverty.” This is true in respect to the church, as well as to any other thing. The church must scatter to increase, and if she withhold, it will tend to poverty. The merchant might sit down, and with this principle enjoy present good, furnishing himself and family with temporal comforts; but what prospect would he have for the future? He would soon learn that in order to maintain, support, and hold his position, and have the future bright and cheering, he must scatter to increase. So with the husbandman. He might eat his seed grain, and it would nourish him for a time, and save present labor; but what would his future anticipations be? Surely, he would soon ascertain by bitter experience that to have increasing comforts and prosperity, he must scatter to increase. And so it is with the church,—she must seek to scatter her life, light, and influence around the world, if she wants to keep her position, and have increasing prosperity. A church without a missionary force, is in its present condition contingent, and in its future prospects dark and gloomy, for that force is not only advantageous in extending the borders of the church, and opening and occupying new fields of labor; but it is in this day really essen-

tial to the life and well-being of a society. If the world is to be saved, the Gospel must be preached; the dark and benighted must be traced out; they who are wandering on the mountains of sin and folly, must have the glad tidings of good news made known unto them.

The following brief sketches of the different fields of labor will give you some idea of the extent of our work:

#### EGANVILLE.

This Mission is situated in the County of Renfrew, embracing a part of the Townships of Gratton, Wilberforce, Alice, Stafford, Bromley, Admaston, Baggott, Brougham, and Darling. The people are poor. A large portion of the population attend upon our ministrations, and are warmly attached to our church. The Lord has graciously blessed the labors of your Missionary in this field. The time is not far distant when this work will be self-supporting. Rev. W. H. Graham, who has had charge, reports one Local Preacher, one Exhorter, 17 appointments, and 115 members.

#### PITTSBURG.

This work is situated on the St. Lawrence, between Kingston and Gananoque. The work is in a healthy condition. The Sunday School and Temperance cause have received attention, and are in active and efficient operation. There has been an increase in the membership during the past year, and altogether the prospects are encouraging.

#### KENEPEC.

This Mission lies about 50 miles north of the city of Kingston. It is a new work, being occupied this year, for the first time, as an independent field of labor. The country is new, the population sparse, yet increasing. Fifty-one members have been gathered during the year, and that indefatigable pioneer missionary, Rev. I. N. D. West, reports a regular Quarterly Board, composed of 1 Exhorter, 3 Leaders, and 5 Stewards. The people possess the requisite qualifications for having the gospel preached unto them—they are poor. God be praised for our prospects on this Mission.

#### ELZIVER.

Embraces part of the Townships of Elziver, Madoc, and Tudor. There are 6 appointments, and 50 members. It is reported in a healthy condition.

**MARMORA.**

This Mission embraces parts of the Townships of Marmora and Seymour. Br. J. C. Pomeroy, who has had charge, reports 3 regular appointments, and 11 members. The congregations are large, and liberal, in proportion to their means and opportunities for extending the work. The people are favorable to our ministrations, and the Macedonian cry, "Come over and help us," is heard in several directions.

**RENFREW MISSION**

Receives its name from the county in which it is situated. It embraces the Townships of Horton, McNab, and Pakenham. There are 10 appointments, and 112 members, with good prospects.

**RICEVILLE.**

This Mission lies in the Townships of North and South Plantagenet, Cambridge, and Caledonia. It has 6 appointments, and 35 members. The people are not able to support a minister, yet are anxious to have one amongst them.

**LA CHUTE.**

This Mission, lying in the County of Argenteuil, in Lower Canada, presents an inviting field of labor, and our success on this Mission affords encouragement for the extension and prosecution of our work in this direction. The membership is poor, yet have succeeded in securing a lot, upon which they are engaged in erecting a parsonage. There are 82 members, and an efficient Quarterly Board.

**TEMPLETON MISSION.**

Templeton Mission lies on the border of Lower Canada, nearly opposite the City of Ottawa, and composes part of the Townships of Templeton and Hull, in the County of Ottawa. This Mission formerly contained 4 appointments, but according to the direction of the Presiding Elder, one of the Hull appointments, containing a class of 18 members, was transferred to the Ottawa City charge; consequently, there are only three remaining,—two classes and fifty members, of whom there are five Stewards, two Exhorters, and two Class Leaders, for a Quarterly Meeting Board. Distance of travel about 15 miles, and no chance of enlarging. This Mission is only two years old, and has cost the Missionary Fund \$65; in which time they have raised and sent to the Annual Conference the amount of \$66 of Missionary money, and met all the financial claims of their P. E. and preacher, with a very small deficiency in the last year. At the same time they have nearly completed a very nice church, 24x36, the value of which is \$500. The amount of debt on the

church is about \$60. Had it not been for the sudden change in the times, they would have sustained a young man the next year, independent of the Missionary fund; but should times change for the better, and God continue to prosper us, in a very few years this will be a self-sustaining station.

#### ESCOTT MISSION.

This Mission is situated in the County of Leeds, embracing the Township of Escott, and a part of the Township of Lansdown. There are six appointments, and seven regular classes. The work is in a prosperous condition.

#### WESTMEATH.

This Mission is situated in the County of Renfrew, 80 miles west of Ottawa City, along the Ottawa river. It embraces the Townships of Westmeath, Ross, and Hocton, with one appointment in Admaston. There are six Sabbath appointments, and three others which are attended to during the week. There are one hundred and thirty-five members, and one Local Preacher. Also there is a very comfortable parsonage, and a quarter of an acre of ground in Beachburgh village, with the promise of another lot, on which to build a church. The prospect is, the people will soon be able to sustain their Preachers, without any assistance.

#### STORMONT.

This Mission is situated on the north shore of the river St. Lawrence, in the county of Stormont, including parts of the Townships of Osnabruck, Cornwall, Roxborough, and Williamsburg. There are 15 appointments, 135 members, more than half of whom have been converted this year. Preparations are being made to build a chapel. God has done great things for us on this Mission. Great has been the returns for the means expended. We soon expect to see this field take rank among our best Circuits.

#### HINCHINBROOK

Lies about 30 miles north of Kingston, embracing portions of the Townships of Portland, Hinchinbrook and Bedford. It has 9 regular appointments, 140 members, and a good Quarterly Board. The prospects are good, and it is to be hoped that it will be self-sustaining in a short time.

#### WOLFE ISLAND.

This Mission is situated between the city of Kingston, on the north, and Cape Vincent, on the south, receiving the refreshing breezes from both branches of the St. Lawrence, which this Island forms. It is 28 miles in length, ranging from 1 to 7 miles in breadth,

and contains about 800 inhabitants, nearly one-half of whom are Roman Catholics, the remainder are Episcopalian, Presbyterian, and Episcopal Methodists. The two former have now their regularly stationed clergy. We have 6 regular appointments, and 50 members in connection with our church. During the past year we have had some prosperity, and we are not only holding our own, but growing stronger. Although we cannot report the increase that some of our brethren can, yet our meetings have been interesting, and the brethren are praying and looking for a refreshing season from the presence of the Lord.

#### L'ORIGINAL.

L'Original Mission is situated a few miles south of the Ottawa river, embracing a part of the Townships of Longueuil, Caledonia, and East and West Hawkesbury. Its location, and its farming facilities will rank among the first in Canada. There are no new settlements embraced within the bounds of this Mission. There is one village in which we have a class, which is well known throughout this province. The village of Vanklee<sup>le</sup> Hill is one of the most pleasant situations in Canada. It may be well characterized for its intelligence and enterprise. Our prospects in this village may not be for great numbers at present, but those that we have got are worthy of their profession. Our number is not large on this Mission, yet there is considerable financial strength. During the past year its financial interest has increased one hundred per cent. The present prospect of this Mission is somewhat flattering, and the opportunity for enlarging its borders is favorable. On the whole, L'Original Mission is a promising field, but requires careful cultivation to ensure success.

#### TORONTO DISTRICT.

##### OAKWOOD CIRCUIT AND MISSION.

Bro. Cook, who is usually sanguine, must have been under a cloud when he penned the following account of this Circuit and Mission. We (the Committee) are very happy to state that the work has been very prosperous of late, and a goodly number have been added to the church. He states that there are thousands of bushels of wheat in that section of the country, and he can hardly get his bread. There are five appointments, with no prospect of getting any more. That section of the country appears to be flooded with preachers. Some members have been taken into the church, and some have been turned out. There was some prospect of building a house in which to worship God, but the hard times had caused a failure.

## ORANGEVILLE MISSION.

This field of labor is composed of parts of the Townships of Mono, Amaranth, Garafraxa, and Caledon. There are seven Sabbath appointments, and one week day appointment, and some occasional ones. There have been eleven taken into society since Conference, yet there is no increase, as some have removed, some have been dropped, and others ought to be turned out. \*I think, from intimations given in Brother Jones' report, that the love of strong drink, or the inebriating bowl, is the prevailing evil, and I fully endorse the sentiments contained in his report in reference to this. That every one who will not abstain from this monster vice, shall be excommunicated, and no longer be allowed a seat among us, or be acknowledged as a member of the M. E. Church. Our Discipline knows no other course. To what shall we look to stay its rapid tide, if not to the Church? Then let the Church individually maintain her sacredness. Brother Jones has just commenced a protracted meeting in Caledon, in a place where we have not a people; the prospects are quite encouraging, and a general interest is manifested, and the spirit of the Lord is operating on the hearts of the people. There is much opposition to contend with, but hitherto the Lord hath helped us, and his great work is progressing, to God be all the glory.

\*W. S. WRIGHT, Sec'y.

## NIAGARA DISTRICT.

## GARAFRAXA MISSION.

First, we have on the plan one Sabbath and six week night appointments, to be filled once in two weeks, besides having spent sixteen weeks in twelve months in protracted meetings. Secondly. We have five classes and an equal number of leaders. We have enrolled on the church book, eighty-eight members and probationers. We are now engaged in revival meetings in the Garafraxa chapel. You will see that we have made advances since my last report, and we are still moving forward, though not with the rapidity that we could wish. Our cause, and I fear the cause of God too, has suffered somewhat by the unprincipled machinations of some parties (who would appropriate to themselves the title of Methodists of Canada), who have brought talent, influence and money to aid them in striving to overthrow our cause and influence on a part of this field of labor. But God has sustained us thus far, and we are persuaded that He will conduct all to His honor and glory. We have a Sabbath School in our chapel; the classes are all doing well, and there is in the minds of the public generally a growing interest in all our means of grace.

## BRANTFORD DISTRICT.

Rev. E. Bristol, P. E., writes as follows: Having seen the resolutions passed at the annual meeting of the Board of Managers, held at Hamilton, May, 1857, and published in the *C. C. Advocate*, I was at a loss to know whether it included appropriation fields of labor or not; and consequently doubted whether they should be introduced into the report. But as I think well of the resolution, and the object at which it aims, they are embraced in this sketch. I would say, that as far as I can judge the work of the Lord is in a prosperous condition on every Circuit in my small District. Br. J. Ormerod is laboring on the Rainham Circuit and Mission acceptably, and quite successfully. One new class has been formed, which is worth, in the scale of estimate, far more than our expenditure on this field of labor. Other useful efforts have been, and are being made on this this charge.

## GRAND RIVER CIRCUIT AND MISSION

Has been and still is being favored with a gracious out pouring of the Spirit of God; scores of sinners have been brought from darkness to light, and to an experimental knowledge of christianity, on the charge this year, under the labors of our zealous and truly devoted brother, H. J. Kilty.

## TUSCARORA OR INDIAN MISSION.

The last time I visited this charge it appeared to be somewhat more encouraging than it had been a short time before. This is not the most prosperous field on our charge, but as many of our friends know how difficult it is to progress religiously among the red men of the forest, situated as we are this year without an interpreter, and without a school teacher, we can hardly expect that progress that the supporters of Missions could wish. The preachers who labor on this charge are faithful, as far as I can hear, in preaching to them, and considerable pains have been taken to counsel and instruct the natives on this charge.

## OXFORD DISTRICT.

## MAITLAND MISSION.

Br. Bradshaw has some good news from Maitland Mission. He says that the prospects are favorable. There are six classes and fifty members, forty of whom have been taken into the church on probation since Conference, though financial matters are rather low. There are three local preachers, one chapel, and a log parsonage, but no title for the ground.

## GODERICH CIRCUIT AND MISSION.

Br. Smith writes that the prospects of this charge are quite encouraging. Some souls have been converted and added to the church at all the appointments save one, and at the time of writing they were about to commence special exercises at that place. There is a good influence at work throughout the charge, which, if kept up, will yield a harvest for the M. E. Church.

## LONDON DISTRICT.

## CARLISLE CIRCUIT AND MISSION.

Br. Woodward, writing from Carlisle Mission, says that at a protracted meeting held in the village of Strathroy, twenty-seven were received on trial, mostly heads of families. This is a new appointment, taken up last fall. The meeting was held in the Town Hall, for the use of which Br. Woodward tenders his sincerest thanks to the Trustees. About a mile and a half from the village the work of the Lord broke out, and meetings were conducted by the brethren, opened by the reading of the Scriptures, singing and prayer, and in answer to their joint supplications the power of God was displayed in a general awakening; while some wept for joy, others cried for mercy, while a few lay as dead men upon the floor. At this place there were twenty-three received on probation, at which time Br. Crawford gave much valuable help. There are on this field of labor, nine appointments, two local preachers, three exhorters, (who bid fair to become men), an active Quarterly Conference, and one chapel,

## ST. CLAIR MISSION

Lies along the banks of the beautiful river St. Clair in the county of Lambton. There are seven appointments and two classes on this charge. Br. Eastman says: As regards the report due from this work, I really do not know how to make it. I have been on the mission about four weeks. It is well-nigh ruined. There are but two class-leaders on this work. There has been but little done for the preacher who preceded me, and the prospect is that they will do less for me. Great havoc has been made among the members of our church, and quite a number have been drawn away; but there seems to be a calm at present, and our spiritual horizon is becoming clear, and we are looking for better times. We intend to labor on in the name of the Lord.

## SANDWICH MISSION.

This Mission comprises parts of the Townships of Mercy, Colchester, Gosfield, and Maidstone. There are eight regular appointments, six classes, eighty-nine members, and three Local Preachers.

God has visited this Mission in mercy; a goodly number have been added to the church since Conference. We have kind friends on every part of the Mission, who have contributed liberally towards the support of the cause among them this year. There are about fifty miles travel every two weeks. One chapel, nearly finished, in the village of Leamington, and a lot for a parsonage. It is a very good fruit country, along the lake shore, and the soil is of a very good quality, and it is the opinion of Br. Dupee that it will be a self-sustaining field at no very distant date.

## DOVER MISSION.

Br. Yokom says that the Lord has been with them on the Dover Mission. There are twelve appointments, a full board of stewards, two local preachers, one exhorter, seven class-leaders, and one hundred and thirty-six members. There have been four protracted meetings, and about fifty taken into society this conference year.

## BROOK MISSION.

There are a number of new appointments on this Mission. The roads are very bad, and the labor heavy. There are six regular appointments. There has been no revival as yet on this Mission this year, but a good influence is being exerted by Br. Wood, who is in charge of the work.

## HURON DISTRICT.

## COLLINGWOOD MISSION.

Bro. Graham writes as follows:—"In sending you a report of this Mission, I would observe that hitherto I have not been able to send in my quarterly report as required by the Missionary Board, on account of family affliction, and other causes which need not now be mentioned. The Lord's work is reviving; our congregations are increasing in number, and the grace of God is manifest in the growth and piety of the membership. Indeed, at no former period since my appointment to this field of labor, have I had such cheering prospects of an extension of the Redeemer's kingdom as there is at the present time. However, we have to lament the loss of ten of our members, who were compelled to leave here from the pressure of the hard times, which has been severely felt in this place; but the good Lord has given us an addition which helps to fill up the place of those who have left us, so that our class in town now numbers twelve members, with pleasing prospects of an increase. The extent of my travel is nine miles. There are three Sabbath and two week-evening appointments, which I attend every week. We have one exhorter and three stewards; our missionary meetings (two in number,) have done well; we raised the handsome sum of ninety-one

dollars in subscription and collection; excellent for Collingwood excelling all other missionary meetings held in this town. In the name of the Lord we commence a special effort here this evening for the conversion of souls. Pray for us, brethren, that the word of the Lord may have free course, and be glorified in the restoration of souls to the kingdom of Christ.

#### ST. VINCENT MISSION.

St. Vincent has shared in the spirit of revival to some extent; and Bro. Dockham says, "if I mistake not, it is two hundred per cent. in advance of what it was two years ago." The brethren on that charge have labored faithfully. May God reward them.

#### OWEN SOUND MISSION.

Bro. Kerr writes as follows:—I cannot report that progress I would like in reference to the work on this field of labor, though this has not prevented me from complying with the resolution passed by the Board of the Missionary Society, at its last meeting, which requires every missionary having the charge of Missions to show the state of the work under his charge. The Owen Sound Mission is a new field of labor, and the brethren must be aware that we have difficulties to contend with here which they know nothing of where the church is established. There has been, and still is, a strong current of opposition to us in this place. The cry of rebel, and that we, as a church, are Methodistically wrong, I have had to meet at every appointment. We have six regular appointments, one in the town of Owen Sound. At this appointment we have a small congregation at present, in consequence of not having a comfortable place to preach in. Last winter I formed a class of seven or eight members but recently a part of them moved away. The Mission is fifteen miles in length. The roads are very bad, but the congregations are generally good. We have one exhorter and ten members. We have the promise of a site for a chapel in Punvin's neighborhood, and we intend building as soon as we can procure a deed. We think that prospects are good.

#### KINCARDINE MISSION.

Bro. Wilson says that God has visited the Kincardine Mission in the upbuilding of believers, reclaiming of backsliders, and the conversion of sinners, and men of influence have been brought into the church. Another protracted means of grace has been commenced with prospects of good being done. The Good Templar's Hall in the town of Kincardine has been purchased for a meeting house, which is a very commodious building. Finances are low. On the whole the mission appears to be in a prosperous condition. To God be all the praise.

## DURHAM MISSION.

Br. Watts says that the Lord has made himself known as a sin-pardoning God on this Mission. He has been engaged in a protracted meeting, in which sinners have been converted, backsliders reclaimed, and believers "built up in the most holy faith." Nine have been taken in on trial. There is a total abstinence society in the same place, which numbers forty-two, and there is another society at Tranoro School House which numbers twenty. The parsonage is now completed, and occupied by the minister. Three lots have been promised, one in Brant, one in Hanover, and one in Orcherdesville. The people in general are quite liberal, and Br. Watts says he has great reason to believe that the time is not far distant when this will be a self-sustaining field of labor.

## ARTHUR MISSION.

Brother Maiden says that there is no necessity of his going back to present the low spiritual state of the mission when he went on to it, but would acknowledge the goodness of God, who has been with him to comfort and sustain him in all the privations and hardships through which he has had to pass; and notwithstanding his labor has not been crowned with such abundant success as he could wish, he has faith in God, and believes that the seed sown will eventually spring up, and that his labor will not be in vain in the Lord. There is much to hinder the cause of God, but notwithstanding there is a better state of feeling, and the Mission is in better working order than it was. The wants of the preacher were attended to and redressed as soon as made known to the people, with the exception of money, and that is out of the question. There are eight appointments, (several of which are new ones), and five stewards, but no class-leaders. There have been seven added to the church this year, and there are at present thirty-seven members. The congregations are generally good.

## ELMA MISSION.

This Mission embraces a part of three townships, viz., Elma, Wallace, and Grey. There are sixty-three members, three class-leaders, seven stewards, one union Sabbath School, two Divisions of the Sons of Temperance, and one Lodge of Good Templars. The people are very kind, and their liberality is evinced in their willingness to sustain the institutions of the Gospel. Br. Campbell says that in future the Mission will furnish the preacher's table supplies, and horse feed.

## MELANCTHON MISSION.

Br. Tindall says that the Melancthon Mission has shared in the revival spirit. The work has been extended, and twenty-four have been added to the church during the last quarter. Appointments have been established in five different Townships, at all of which

there appears to be a growing interest. There are seven leaders seven stewards, one local preacher, and fifteen appointments on the Mission. The travel is very extensive, and it is thought to be advisable to divide the work, which would be advantageous, and meet with the wishes of the people.

TEESWATER MISSION.

Brother Davy writes as follows of this Mission: "I have eight appointments in the Townships of Culross and Kinloss, fifty miles travel, four classes, and six stewards. Our prospects are moderate. We have secured the Deed for a chapel and parsonage premises, and a parsonage is being erected that will soon be completed.
